

Nosin...
With Polly

Posies to Sandy Sanderson of the Farm Chemical Company who has volunteered, since purchasing his new spray plane, to spray the entire area around Springlake School every Friday night before each home game, to eliminate those dreaded mosquitoes... Thanks a lot, Sandy, I'm sure everyone in the area will appreciate your thoughtfulness... and believe you me, if I had a field of cotton to spray, you'd sure get my business...

Don't know how ole Harold Britton will do in his venture into the service station business but can't help but think if half those kids he'sumped for all these 11 years, as well as those he's worked with in basketball and volleyball, bought one gallon of gas for every time he helped them out, he ought to do extremely well... Good luck, Harold.

NOSIN'
Heard friends of Mrs. Alma Stockstill had recently tagged her as the "Snake Charmer".

Seems the name came about quite by accident, following an unusual ordeal with a wee snake who had crawled into her apartment, hoping to share the living quarters with Mrs. Stockstill and her son, Jimmy. The discovery of this tiny 6 or 7 inch pencil size snake came as Alma had just emerged dripping wet, from the shower, to discover a small neighbor girl, after calling her but being unable to make herself heard, had waited patiently in her living room, to borrow a spool of thread, but in the meantime, had discovered the snake, but thought it a rubber snake. However, Alma spied the snake, immediately and devoted her entire attention to the snake... She yelled wildly at her little gnat to run fast and bring a hoe... this scampering around doubtless scared the small pencil-like snake clear out of his wits, Alma dashed to grab a housecoat while the snake dashed like mad for the record player, and cover... In her hysterical flight at matching wits with the snake... the speaker broke and fell off the record player... This didn't phase Alma, she had a job to do and all through the ordeal she kept muttering, "I can't stand this, I just can't spiders and bugs I can live with... but when it comes to snakes, that's just too MUCH."

According to a neighbor, these words kept coming forth like a broken record, as Alma kept on in pursuit of the snake. The story ends well... Alma won... the snake lost... the record player's broke... and Alma the "snake charmer" will never be able to again enact the performance with more pure stardom than was demonstrated in her home performance last week.

We were delighted this week end at the ad meet to be named second place winner in the state ad campaign contest and at the same time to have the delightful opportunity to brag on Earth, Texas... It was indeed a supreme delight... ad men and women all over the state, flat decided Earth was doubtless an unusual town when a Ford dealer in a 62 new Ford passenger cars in a month... the Balco Ford series is the campaign we received our honor on...
We will all have to admit Earth is unusual, it's superb, nothing like Earth any other place on Earth. Its people are great, far above the average small town folks... I like Earth, you like Earth... we all like Earth... So let's never miss the lovely opportunity to BOOST Earth, wherever we go...

EARTH SPRINGLAKE

VOLUME 9 10 CENTS EARTH, LAMB COUNTY, TEXAS, THURSDAY, SEPTEMBER 12, 1963 14 PAGES NUMBER 6

WHY??????

Reports of malicious destruction of private property in the same nature that was reported last week continues as area farmers report the discovery of damaged irrigation motors, mail boxes, cattle, etc.
The vandals struck at the Bob Waide farm three miles west and 3 1/2 miles north of Earth last Wednesday night, leaving their mail box literally demolished from bullets. They also sprayed Waide's 5 year old champion quarter horse, valued at \$500, with bullets, causing much irritation to the animal's hind-quarters.
As if this were not enough, they also shot the air breather off an irrigation well belonging to Waide, leaving minor damage to the motor.
On the James Herriage farm, nearby, the insulation caps on Herriage's electric fence were shot off, causing all his fenced cattle to stray, and leaving behind them several calves sprayed with bullets.
It is generally believed the same group struck again Sunday night in Springlake, when a hog belonging to Roy Byers Jr. was shot and killed with a .22 rifle at Byers' hog pen located on his farm. A truck belonging to the Clayton Brothers parked on the Springlake Elevator lot also was hit by a .22 calibre bullet the same night.

Richard Moore Reports Open Cotton Bolls

The first area open cotton bolls were reported Monday morning by Richard Moore, who farms in the Pleasant Valley community.
Moore found the open bolls on a 3 acre plot on his farm located 1 1/2 miles north and one mile east of Pleasant Valley Gin.
Moore planted the cotton seed, DeKalb 302 Stormproof on April 30, watered it once, cultivated it three times and hoed it four times.
Moore stated that he was sure several of the bolls were open Saturday, but he didn't notice them until Monday.
Cotton crops over the area are really shaping up, as harvest time nears, and farmers are looking forward to a good cotton crop, although the crops were hampered by the spring storms that occurred.
Several farmers were hailed out too late in the season to replant cotton but planted other crops, instead.

Claytons Bring In Springlake's First Grain

Springlake's first load of grain was delivered Friday September 6, at Springlake Elevator, brought in by Clayton Brothers of Springlake.
The load was DeKalb F-63, and weighed 17,660 pounds and had a moisture content of 14.45 percent. The grain was planted April 25.
The Clayton Brothers, Bill and Don received \$2,00 per hundred, plus a \$100.00 cash bonus from the elevator for bringing in the first load.
Last year's first load was brought in by Oran Parish to Springlake Elevator and was DeKalb E-56, planted in late April, weighed 13,180 lbs, and 16.10 percent moisture content.
The Claytons also delivered first grain in 1961, bringing it in on August 24. It was also DeKalb E-56, and weighed 5,980 pounds and was planted on May 1 on dry land.
This makes three years in succession that DeKalb variety has been the first grain for Springlake.

Springlake Farm Chemical Receives First Grain

Springlake Farm Chemical and Grain Co. received their first load of Milo Monday afternoon, brought in by Kenneth Hinson, who farms 2 miles north and one mile west of Springlake.
The grain which was early variety DeKalb F-63 was planted the last of April, weighed 18,000 lbs, and had a moisture content of 13%.
Hinson watered the feed two times.
Hinson was paid \$1.70 a hundred plus a bonus for the load by Springlake Farm Chemical and Grain Company.
Farmers are looking forward to an abundant crop this fall, despite the unusual weather that prevailed last spring.
Several farmers in the area began combining grain Monday morning, and the grain harvest should be in full swing within the next two weeks.

Junior High Cheerleaders Elected Friday

Cheerleaders for Junior High School were elected Friday in preparation for the forthcoming junior high football games with the first game Tuesday September 24 at 6 p.m. in Lubbock Stadium.

She is on the annual staff this year, has been on the basketball team two years, and is serving as co-captain this year.
Miss Upchurch was chosen Earth Lions Club Queen, and represented the local club at the District 272 convention in Lubbock.
She was a football queen candidate her sophomore year and was Miss Flame candidate, her freshman year. Peggy was elected the most beautiful girl of Springlake High School last year.

Mr. and Mrs. Lewis Faver and children were Sunday dinner guests in the Bob Day home.
Mr. and Mrs. L. S. Griffin visited in Abernathy last Wednesday afternoon with their son, Mr. and Mrs. Larry Griffin and Shirla Kay.
Among those attending the LCC Barbeque Saturday night were Mr. and Mrs. Carlis Bills, Mr. and Mrs. Mike Dent and Mr. and Mrs. F. F. Bozeman.

KAREN BARTON FFA Plow Girl

Karen Barton Chosen FFA Plow Girl

Sixteen year old Karen Barton, the lovely daughter of Mr. and Mrs. Weldon Barton, was chosen FFA Plow Girl by members of the club Monday at Springlake School.
Karen, who is a junior, has received many awards during her high school years, receiving awards in Homemaking I, algebra I, typing I and Spanish I during her freshman year. In her sophomore year she was presented a sweater from the National Honor Society for having the highest grade average of the class.
Karen has been a pep club member 3 years, an FFA member 3 years, was class favorite her sophomore year and was the sophomore Miss Flame candidate last year. She is a member of the annual staff this year and is student council alternate.

Several Attend Cotton Meeting C. Of C. Breakfast

A very important meeting to be held in Littlefield, September 16 at 2 p.m. in the District Court Room to show how you can produce better quality cotton with a high micronaire and better spinning quality.
Bill Gunter, Area Agronomist will discuss the effect defoliation has on cotton and when cotton is ready to defoliate. Fred Elliott, cotton specialist, A&M College, will discuss quality ginning and drying. John Seibert, area farm management specialist, will discuss the economics of producing quality cotton.
Clifford Hopping manager of the Springlake Elevator was admitted to Medical Arts Hospital in Littlefield Monday, suffering from thrombosis phlebitis in his right arm. He is reported to be resting well.

News-Sun Named Second Place Winner In State Ad Campaign Contest

The Earth News-Sun was named second place winner in the Best Ad Campaign contest Saturday afternoon, during a session of the State Press Association Advertising meet, at the Cowhouse in Killeen.
The 13th annual State Ad meet was represented by advertisement salesmen from various of the 63 papers printed within the State of Texas. The contest had no bounds or divisions. All ads submitted in the contest were judged against all other entries, from dailies and weeklies alike, population of the towns or cities represented by papers was of no concern.
The News-Sun received its honor as second place winner for the Balco Ford Sales ad campaign appearing weekly, during April, when the Ford firm set a goal to sell 60 new passenger cars during the month of April. The ad carried such tremendous impact on the area, especially since 60 new autos were so unaccounted to be sold in one month in Earth, or any other town the size of Earth in the State of Texas. Inquiries from all over the county resulted from these ads, and the Balco Ford Sales, being on their toes, not only reached their goal, but went over, by selling 82 new Fords during the month of April.
Winning the first place plaque in the best "ad campaign" was the Hereford Brand third place also went to the Brand. Fourth went to Hamilton Herald News and San Marcos Record came in fifth. Best "Adv. Idea" plaque went to Pleasanton Express, with San Marcos Record Second, Arlington Journal, third, Fourth place went to McGregor Mirror and Kress News was named fifth place.
Friday night a reception and dinner for the press was staged in the officers club at Fort Hood. On the program were W. L. Sewell, of the Mexia Daily News, Everett Bushell, and Allen Oxford, both of the Austin American-Statesman, Mrs. Jan McComb, Houston Chronicle, Lance D. Minn, Jr. of Dallas; Bill Martin, Houston and Wayne Henry of the Lubbock Avalanche-Journal. Each of the speakers touched on the many phases of newspapering.
Mr. and Mrs. Ross Middleton and Eldon Trotter attended the state meet to represent the News-Sun.

Band Boosters Meet at Band Hall Thursday

A called meeting of the Band Boosters organization was held Thursday at 7:30 p.m. in the Band hall with Mrs. Robert O'Hair, president, presiding.
Approximately 30 persons were present for the organization's first meeting of the year.
Mrs. O'Hair appointed chairman and committee to work in the concession stand at all home football games this year.
The group voted to pay \$250. toward the purchase price of needed equipment to be used by the band members.
A new concession stand is being built adjacent to the present one, and it is hoped to be completed and ready for use at Friday's home game with Hart.
The Band Boosters will operate the concession stand at all home games, and will serve hot dogs, hot chocolate, coffee, brownies, candy and popcorn.
The next meeting of the organization will be Thursday, October 24 at 7:30 p.m. in the band hall. Everyone interested in the progress of the band is urged to attend.

Rueben Johnson Speaks to FU Group Tuesday

A large crowd attended the annual Lamb County Farmers Union meeting at the Springlake School cafeteria Tuesday night.
Clarence Hamilton, master of ceremonies, introduced Rueben Johnson, legislative director of National Farmers Union, Washington, D. C., who was the featured speaker. Topic of his speech was the bill passing procedure in Congress and Congress voting.
Johnson also spoke on the wheat referendum defeat and the effects farmers in the area were feeling already, by credit slow-down and that wheat prices were lower on future delivery of wheat.
The cotton referendum was also discussed by Johnson. He spoke on the domestic use of cotton over a 35 year period, and that more cotton was consumed when prices were the highest.
Johnson also quoted on the various synthetics and their difference in price to cotton and that higher priced synthetics are used more than the cheaper synthetics.
The election of officers was postponed until the next meeting. A covered dish supper was enjoyed by the Farmers Union members and their families.

Earth 66 Station Under New Management

Harold Britton announced this week that he has leased the Earth 66 Station, on East Highway 70, and took over management of the station Monday morning.
Britton, who has been a resident of Earth 11 years was employed at Dent Farm Supply for the past 11 years as parts manager, prior to taking over the Earth 66 Station.
Mr. Britton invites all his friends and neighbors to stop by for all their gasoline and oil needs and automobile accessories. Britton is equipped to do an expert job of lubricating autos, and will also fix flats. He stated that any and all business would certainly be appreciated.
The Brittons have four children, Susan, 13 years old, in the 8th grade, Beverly, age 12 in the 7th, Janet, 10 years old and in the 4th grade and Brian age 7, in the 2nd grade.
Mrs. Britton has been an employee of the Earth News-Sun for the past one and one half years as IBM operator.

Visiting Mr. and Mrs. G. S. Armstrong Sunday morning were Mrs. Doris Baker and children of Lubbock.
Mr. and Mrs. Ralph Usery and children, Whitharral, visited Sunday in the Fred Usery and Bob Usery homes.

FIRST LOAD OF GRAIN was brought in Friday to the Springlake Elevator by the Clayton Brothers, pictured looking over the DeKalb F 63 A grain are Sport Byers, Don and Bill Clayton, and Mrs. Clifford Hopping.

MONSTROUS MOSQUITO, definitely Texas size, or even perhaps, maybe, Alaskan size was caught redhanded Monday night in the Lewis Faver home. According to their calculations the giant stood 1 inch tall, and the (funnel) beak was 1/2 inch long. He looked mighty hungry when they captured it.

FHA Members Hold First Meeting Of Year Monday

The Future Homemakers of America members met Monday at 6:30 p. m. in Springlake School Auditorium with 70 members present for the meeting. Janice Blackburn, president, presided.

The group elected Ray Tom Packard, FHA Dream Boy, and Floyd Bennett, FHA Buddy for the 63-64 school term.

All the FHA members will have at least one entry in the Panhandle South Plains Fair in Lubbock, which starts September 23.

The group also discussed the salad supper which is sponsored annually by the FHA, to be held at a later date. A discussion on the State Fair in Dallas was also presented.

Following the meeting, the group enjoyed refreshments of punch and cookies.

Others present for the meeting were Mrs. Marie Slover, FHA instructor, Mrs. Troy Blackburn and Mrs. Marvin Sanders.

XIT Study Club Members Meet In Plainview

The XIT Study Club met for its initial meeting of the year Tuesday, September 3, at 7:30 p. m. in the Old Mexican Village restaurant in Plainview, with the group enjoying a delicious Mexican dinner.

The yearbook committee presented the yearbook for the

coming year, and outlined a most interesting series of programs using the theme, "A Woman's World". Mrs. Pauline Hucis was in charge of the arrangements.

Mrs. Velma Baker, president, challenged the members to work together for a successful club year.

Two new members, Mrs. Kate Stewart and Mrs. Delma Clayton were elected to membership in the club.

Two Sisters Die In Dallas Blaze
DALLAS (AP)—Two young sisters burned to death early Thursday when their home filled with flame and smoke. Two other children and their mother suffered burns.
Dead were Cindy Lee, 9, and Marti Mae, 12, daughters of Dr. and Mrs. Thomas Folkerts.
Burned in critical condition were Tobl Ann, 6, and Thomas, 23 months. Their mother suffered burns and cuts as she tried to rescue her children.
Dr. Folkerts, a field veterinarian for the Elanco Products Co., was in Gonzales on business. She said she believes the fire started in a floor furnace.

Five Perish In Indiana Blaze
ROCKVILLE, Ind. (AP)—Five children died and five were badly burned in a fire that destroyed a private home for retarded children Friday night.
Coroner Tom Mack said the fire apparently was caused by an explosion in a clothes dryer.
Four of the injured were reported in critical condition in Vermillion County Hospital in neighboring Clinton, and the fifth was in fair condition.
The coroner said only one of the 11 children in the home escaped injury, along with the operators, Mr. and Mrs. William Johnson. The children ranged in age from 2 to 7.

NEW BUSINESS, NEW PLANE, and a prompt and efficient spraying-dusting service promised the area farmers by the new business called the Earth-Springlake Spraying Service. The new business went into operation following the purchase of the new Pawnee 235 plane by Sandy Sanderson. Pictured are Clyde Woodward, Sandy Sanderson and Norman Hinchliffe.

Springlake Farm Chemical Purchases Defoliating Plane

Sandy Sanderson, owner of Springlake Farm Chemical &

Grain Co. has purchased a brand new 235 Pawnee airplane for defoliating service. The new plane is equipped with a spraying and dusting unit, and will carry double the amount of most dusting planes to insure more prompt service to the farmer.

The plane will be piloted by Clyde Woodward, who recently moved to Springlake from Priona where he was associated with Benter Air Park for 6 years.

This is the first time for the area that a plane has been purchased for defoliating purposes and will enable the farmers in this area to receive faster and more efficient local service.

The firm will be known as Earth-Springlake Flying Service. Farmers desiring defoliation service are urged to contact Springlake Farm Chemical, phone 986-2161, or Earth Farm Chemical, phone 257-2301.

Defoliating hastens the opening of bolls, permits earlier harvesting, reduces boll rot, retards deterioration of fiber and seed. It also provides better lint grades of machine picked cotton, by reducing trash and leaf stain.

Sanderson has long wanted to have a plane here, always ready to do the job. So, at long last, he has realized a dream come true, by purchasing his own plane, as an added service to area farmers.

Brenda Thornburg, Amarillo, returned home Monday after spending the past week with her grandparents, Mr. and Mrs. Guy Kelley. Brenda will attend Amarillo Junior College this fall.

Mrs. Ted Herring returned home last Wednesday, after several days visit in Stillwater Oklahoma, with relatives while her husband was in reserve training at Ft. Polk, La.

Mrs. Clara Purdy, Stillwater, Oklahoma, arrived last week to visit her daughter, Mr. and Mrs. Ray Stansell.

Fire Alarm Built By Fred Austin Go On Sale Here

Fred Austin has assembled a fire alarm system in his spare time at home, and is placing it on the market for distribution to the public. Austin stated he would be happy to demonstrate the alarm by calling him at his residence in Springlake. Elsewhere in this issue a picture and an ad appear describing the alarm more fully.

The fire alarm system is electrically operated with a battery stand by in case of a power failure. The system is thermostatically controlled at all strategic points within the home. It is set at 170 degree temperature in the attic and 135 degrees in the remainder of the house. The alarm control panel may be mounted in the master bedroom with a large alarm bell installed under the house eaves.

The fire alarm is equipped with three circuits and a member of the household may readily determine which area of the house the fire is in by observing the light indicator on the control panel.

Mr. Austin plans to assemble a burglar alarm system in the future. It will be different to the fire alarm, but is on the same principle. In case of a break-in, a bell will sound the

alarm. The alarm will be built to meet all insurance specifications on burglaries only.

Piggly Wiggly Grocery Winners Announced

The first ten free baskets of groceries were given away at Piggly Wiggly Saturday night in observance of their formal opening that began in their new building last week.

Winners of the groceries were Mrs. Houston Oden, Agnes Williams, Gladys Goodwin, Ada Radd, Mable Wages, Mrs. A. M. Sanders, Carra Morgan, Roy Poge, Mrs. Wayland Scheller and Rosendo Reyes.

Ten more free baskets of groceries will be given away Saturday night at 7 p. m. at the store.

To be eligible for the free baskets of groceries, customers, when checked out at the stand, are given a card to fill out. All cards are then placed in a box and ten names will be drawn each Saturday night. You do not have to be present to win.

Louis Herrera was the first person to bring in four cards spelling out SPIN, making him

eligible to play the spin and win wheel. Herrera was the happy winner of a ten dollar bill.

For the next seven weeks, the store will feature this spin and win board. All customers will be given a card with a black dot on it, by dampening the dot, it will reveal one of

these letters, those being SPIN. When anyone obtains four cards spelling out SPIN, he will be eligible to spin the wheel and win cash prizes from two dollars to one hundred dollars.

Mr. and Mrs. Norman Clayton and Cindy returned to their

home in Abilene Sunday where Norman will enroll in Abilene Christian College for the fall term.

Mrs. Ray Stansell visited in Lubbock last week with her daughter, Mrs. Ronnie Dent, while Mr. Dent was in Earth, working for his father.

Wolverines Open With 25-8 Win Over Bovina

By Eldon Trotter

The high spirited Wolverines of Springlake let it be known Friday night, that they were going to good old wide-open football this year, downing Bovina 25 to 8.

The Wolverines didn't waste too much time in making their first touchdown to put them out in front, and once there, they let it be known they were not going to be overtaken by the stubborn Bovina Mustangs.

The first touchdown was a pass play from quarterback Jerry Been to halfback Thomas Gregory for a 23 yard TD.

In the second quarter, Been mixed up the plays well with the club moving both in the air and on the ground. The second touchdown came on an end run by Been that netted 12 yards and pay dirt. A few minutes later, Been scored on a run to the opposite side for a 28 yard touchdown. Also in the second quarter, the Wolverines put on a brilliant display of downfield blocking, & punning by Jerry Been. It was a play that will long be remembered by the fans who saw it. Been followed his blockers who were laying his way, and with nice fakes, out-maneuvered the Mustangs all over the field. It was indeed a nice play, but the 88-yard run was called back on a clipping penalty.

In the third quarter, Jerry Been connected with Jerry Don Sanders on a 10-yard pass over center. Been kicked the extra point that put Springlake way out front 25-0.

Late in the game Bovina scored its lone touchdown on a plunge of 9 yards by Dennis Johnston, who also scored the extra points on another run to the right side to end the game 25-8.

Most fans came away from the game saying it was Jerry Been's night to howl, and howl he did. This is where his experience really showed up. Jerry moved the club well and did all the things the coaches had taught him through the years he has played for SL. As coach Mahan stated, "We played the game with six sophomores, and they played a real game they can be proud of. But with veterans like Been leading and teaching the less experienced squad just what the coaches want out of them well, all I can say is, "opponents, look out," when these younger boys get to be veterans, they are going to be rough. There were a lot of

mistakes, made throughout the game, both by the veterans, and younger players, but studying the film and observing their own mistakes, I'm sure you will see a smarter and stronger team this week as they meet Hart.

Hart is bringing nine seniors that are veteran players, and with that much experience, they can't help but be tough to beat.

So, let's all turn out to the first home game Friday night, and back the Wolverines all the way.

BULLETIN

Just received information that quarterback Jerry Been broke his thumb in practice Tuesday evening. What effect this will have on the club, or the information as to who will take his place was not available at press time. The bone was cracked below the knuckle, on his right hand, and of all things, he is right handed.

Booster Club Meeting Is Well Attended

Twenty seven members were present at the Wolverine Booster Club meeting in the new field house, Monday night at eight o'clock, with a very interesting program presented.

Coach Danny Smith headed a question and answer period on the lineman's duties. Ed Haley presented a talk on the duties of the referee official and play position each one is in charge of. Mr. Haley will display signal cards at next Monday night's Booster meeting, to better familiarize those present with penalties of the game.

Coach Mahan presented a short talk on team expectations at the Hart game and the defensive action of the Wolverine squad. Mahan reported that the boys showed excellent sportsmanship on the Bovina field Friday night and that six sophomore team members saw action on the field, with each player showing tremendous playing ability. The group also enjoyed a film of the Bovina-Springlake game before adjourning.

REFEREE ED HALEY presented the various jobs of the officials on the football field to those attending the Wolverine Booster Club Monday night. Haley will display signal cards at next week's meeting of the club to better familiarize football fans with team penalties.

Large Group Attends WAC Meet Tuesday

The Women's Athletic Club met Tuesday evening in the Springlake High School Library, for their regular weekly meeting.

Following a business session coach Lynn discussed the 7th and 8th grade football program and announced the September 24 game, first of the season, for the junior high boys, to be played in the Wolverine Stadium, at 6 p. m. against Muleshoe.

Ed Haley gave a brief talk on new rules and explained hand signals used by officials during the games.

Coach Mahan reported on the present injuries among the team members, which are not considered serious.

Dean Foshee, girls basketball coach, briefly discussed the basketball agenda.

The meeting adjourned following a film, showing the

STARS OF THE WEEK

Jerry Been
BACKFIELD

It was JERRY BEEN night all the way Friday night against the Mustangs of Bovina. Jerry scored two touchdowns, passed for two others, and had one on an 88 yard run called back on a clipping penalty. Jerry is a senior at Springlake, and should see a lot of action this season for the Wolverines. Good work Jerry, and hope you have a good season this year.

John Patterson
LINEMAN

Lineman of the week honor goes to Junior Guard, JOHN PATTERSON. Not only was John a thorn in the side of the Bovina Backfield, but he did a terrific job at calling defensive play, and offensive blocking was outstanding throughout the entire game. We can truthfully say we have never seen more desire and hustle in a player than John displayed in his first game of the season. If this continues, it is bound to be an inspiration to the team.

County Approves Running Water Draw Project

Lamb County Commissioners have approved an expenditure of \$4,167 as the County's share in planning for the Running Water Draw watershed project. The Lamb County Soil Conservation District board of supervisors had requested that the county set aside that amount in the 1964 budget. Other counties involved have already paid their share of cost with exception of Castro. Castro County last week allocated \$6,000, after being asked for a commitment of \$8,333. Running Water Draw crosses the northeast corner of Lamb County.

Hale County Judge C. L. Abernathy said, in speaking of the \$2,333 still lacking, "I feel that the commissioners court (Plainview) will go along with one-half the amount of money necessary to complete the total of \$70,000." The City of Plainview was planning to pick up the tab on the remaining costs. Hale County was the chief

instigator of getting a planning party because of the almost yearly flooding of Plainview.

Hale County commissioners had said in an earlier letter to the concerned counties:

"Should the money for planning not be made available, it would probably be several years before either a Federal or state financed party would be available if ever."

It was being hoped in Hale County by SCD personnel that the SCD board will give a priority to the draw project and authorize the planning party now working on the Spur project to move to the Running Water project.

The Spur project will possibly be completed within the next six months.

The share of each of the five counties in the \$70,000 project included Curry County in New Mexico and Farmer County, \$12,500 each; Castro, \$8,333; and Hale County, \$12,500.

The City of Plainview has allocated \$20,000.

Mrs. Gertie Patterson, who is a patient in the Littlefield Hospital and Clinic is improving nicely.

Mrs. B. H. Hahn was released from the Methodist Hospital in Lubbock Saturday, where she received several days treatment.

WCS ENJOYS COVERED DISH LUNCH TUESDAY

Members of the Methodist WSCS met at 1 p. m. Tuesday for their general monthly meeting and covered dish luncheon at the church with approximately twenty ladies present.

Mrs. Bette Sulser president of the society presided over the meeting.

Mrs. Jack Hinson presented the program "What it Means to Belong to Women's Society of Christian Service," assisted by Mrs. June Parish, Mrs. Lucy Brock and Mrs. V. D. Coker.

The Women's Society of Christian Service members meet the second Tuesday of each month at 1 p. m. for a covered dish luncheon and program.

Father of Local Resident Dies Tuesday

Funeral services for Elsie Arthur Brown, 77, a resident of Dickens County since 1941, will be held today (Thursday) at 10 a. m. in the First Baptist Church in Spur with burial in the Spur Cemetery under the direction of Campbell Funeral Home.

Brown died early Tuesday morning in Methodist Hospital at Lubbock. He became ill last Wednesday night while visiting in the home of his daughter, Mrs. John Fruedenrich, and was rushed to Methodist Hospital Thursday morning by a Faron ambulance of Olton.

Survivors include five daughters, Mrs. Fruedenrich, Earth, Mrs. B. T. Sullinger and Mrs. Norman Arnold, both of Aransas Pass, Mrs. Walter Nueman, Marlin and Mrs. Wayman Hill of Ingleside; three sons, John W. Brown and W. P. Brown, both of Ingleside and Ray of New Braunfels; two sisters, Mrs. Gena Garrett, Rosebud and Mrs. Maggie Addey, Richmond, California and two brothers, Bob Brown, Rosebud and Clay Brown of Giddings and several grandchildren.

cident Prevention Conference in the Chase Park Plaza Hotel in St. Louis, Missouri.

The awards are given to companies making substantial reductions in the number of accidents involving company motor vehicles.

San Diego Gas & Electrical Co., San Diego, Calif. was first, and Kansas-Nebraska Natural Gas Co., Inc., Phillipsburg, Kansas was second in the category.

Nephew of Mrs. Mildred Free Dies in Big Spring

Funeral services for seven year old Dwane Allred, nephew of Mrs. Mildred Free, were held Wednesday, September 4 at 2 p. m. in 14th and Main Church of Christ in Big Spring with Church of Christ minister Howard Sweeney officiating. Burial was in the Big Spring cemetery. Young Allred died Monday September 2 at 12:30 p. m. in

Big Spring Hospital following a short illness. He was a second grade student in Knott Elementary School.

Survivors include his parents, Mr. and Mrs. Donald Allred, one sister, Don Nelle, his grand parents, Mr. and Mrs. John Allred, all of Big Spring and several aunts and uncles. Mrs. Free attended the funeral services.

A recent hayride festival was enjoyed by the group of FHA girls. The girls started at the school, and ended at the Gammon Ranch. The social got underway as some of the officers gave accounts of interesting events that happened during the summer. The group sang songs, and enjoyed cake and ice cream. Even though a lizard intruded and broke up the meeting and a flat tire made the journey a little tiresome, the girls say they had a very enjoyable festival.

On Monday, September 9, the FHA girls met at the school at 5:30 then went to five different houses in the community to study a progressive meal which contained five courses. They returned to the school at 7:30 for a regular meeting.

The Freshman FHA girls are getting acquainted with Home Ec by learning what they will be studying this year. They have started work on home experiences and their junior dresses. The sophomores are studying clothing and material suitable for social wear and children's clothing. They are learning how to choose patterns and have started wardrobe planning. In Home Ec, III the girls have been studying on their chapter degrees and home experiences. They are also studying synthetic fibers and man made fibers.

Birthday greetings to Gerald Foster, Sammy Harlin, Maria Ramon, Lynn Ashford, Louise Routon, Sandy Peterson, Junia Ketchum, Stanley Burrison, Larry Davis, Bobby Gleason, Silbea Dominguez, Mack Holt Tommie Wilson, Romero Dominguez, Georgia Flores and Sharon Harris.

The Midway H. D. Club met Tuesday afternoon September 2 in the home of Louella White. Louella opened the program by reading a poem, "Blue Bells" from the McGuffey's 5th grade reader. New officers elected are President, Paulene Houston; Vice president, Nell Runnels; Secretary, Elsie Williams; Treasurer, Dorothy Mason; Representative, Elzada Gulley; Parliamentarian, Dorothy Brown; Council Delegate, Nina Redwine.

Mr. and Mrs. Cary Latham of Springlake were honored with a wedding shower in the home of Davis Gulley Sunday evening, after church services. About 50 were present, including

individual gifts were given. The event was held in the spacious back yard of the Gulley home. Cake and ice cream were the refreshments served.

E. A. Parham was with his parents near Merkel last week. His father, W. M. Parham underwent surgery the first of the week.

Mr. and Mrs. Billy Hardage, Abilene, spent last week with his parents, Mr. and Mrs. L. N. Hardage.

Mr. and Mrs. L. R. Hall visited in Ft. Worth last week with their son and family, the James Halls.

Mrs. C. C. Grief and Edith Welch attended the Farmers Union organization in Lubbock last week.

Wyle Bullock attended a meeting in Crosbyton Thursday evening of last week. Elic Dickie, Washington, D.C. was guest speaker.

Mrs. J. M. Wilbanks and Mrs. Beula Newton from Marshall, Arkansas, visited Mr. and Mrs. Fred Wilbanks and son Paul from Thursday through Sunday of last week. Mrs. J. M. Wilbanks is Fred's mother and Mrs. Newton is his aunt. They left from Amarillo for a visit in California.

Mr. and Mrs. Theron Vaughn celebrated their wedding anniversary Monday, Sept. 2.

Jackie Smith took the 30th District paintings to the state exhibit in Alvarado last week. Mrs. Smith went by Denton to see the Jim Sybert family. Mrs. Sybert is her daughter. Her grandson, Mark, returned with her for a week's visit.

O. W. Tooley of Haskell visited in the home of Rev. and Mrs. Donald Davidson on Tuesday and Wednesday of last week. Mr. Tooley is Mrs. Davidson's brother.

Rev. Davidson of the First Methodist Church is holding a revival this week at the church in the Y. L. community. Services will be held only at night, beginning at 8 p. m.

The Lazbuddie Longhorns lost their game with Wilson 34 to 6 Friday night. The Longhorns did a good job considering the odds which were the Wilson boys outweighed the Homs considerably. They are preparing to meet New Deal here Friday evening, at 8 o'clock.

The Lazbuddie PTA members will have a rummage sale at the Chevrolet lot Saturday

afternoon, beginning at 2. Anyone having rummage, please notify one of the officers.

Some 390 students had enrolled at Lazbuddie School the second week of school. Normally the enrollment increases during the month of September, so there may be an enrollment of 400 by the end of this month, according to Supt. Fuller. The enrollment then will remain about the same Fuller added, as there are few transient students in the school. This year's figures is an increase of 8.3 percent over last year's opening enrollment.

Tyler Rose Festival Set For October 18-19-20

"Everything's coming up roses" -- at Tyler that is.

The East Texas city is some times referred to as the Rose Capital of America. Tyler's annual Festival of Roses staged each October at rosebush harvest time, transforms the city into a fairland of floral beauty.

Here in the heart of the nation's rose land, in a city of enduring charm and beauty, a three-day festive tribute is paid the queen of flowers -- the rose.

The 1963 Rose Festival will be held October 18, 19 and 20.

Tyler is famous as the site of the nation's finest municipal rose gardens, with 26,000 bushes and 375 varieties, and is noted also for the springtime beauty of its camellias, azaleas, redbuds and dogwoods. Upwards of 50,000 visitors register each year at the Garden Center Building to see the Rose Garden which is in gorgeous bloom from May until November may be seen free.

Mr. and Mrs. Max Neal and Allen Bruce of Lubbock spent Wednesday and Thursday with the Fred Usserys and Roy Neals. The Neal's 19 month old daughter, Pamela Kay, returned home with them, after spending the past week in her grandparents' homes while her parents were on vacation.

Francis Implement Co., Your Ford Tractor Dealer Muleshoe, Texas Pd. Adv.

32nd Annual Texas Prison Rodeo in Oct.

There'll be entertainment and thrills galore at the 32nd Annual Texas Prison Rodeo at Huntsville during each of the four Sunday performances in October.

In addition to exciting rodeo contests featuring the prison system's toughest inmate riders, this year's special guest stars will include four of the nation's foremost celebrities.

For the opening event on October 6, the stellar attractions will be Minnie Pearl of Grand Ole Opry fame, and Eddie Anderson, Jack Benny's popular "Rochester". Minnie Pearl will return to the rodeo arena on October 20, as the star attraction.

Terry Wilson, who portrays Bill Hawk in the weekly Wagon Train television series, has been booked for a personal appearance for the second Sunday, October 13.

Winding up the 1963 Prison Rodeo series will be Dizzy Dean, former baseball pitching ace, and currently a prominent television sportscaster.

As an added highlight, Linda Loftis of Fort Worth, Miss Texas for 1961-62, a singing sensation, will appear on the program each Sunday in October.

Inmate cowboys will contest the wildest prison-produced rodeo stock ever assembled in any rodeo arena, said Albert Moore, veteran director of these annual events. The inmate contests include a mad scramble, bareback and saddle bronc riding, wild horse racing, Brahman bull riding, and the prison's famous chariot race.

The Prison Rodeo is held in the prison's \$1 million stadium which has a 30,000 seating capacity. The show begins at 2 p. m. and moves at a fast pace for two hours.

Net proceeds from ticket sales go into a special fund for the benefit of more than 12,000 inmates of the Texas Department of Corrections.

The money is used to furnish religious, educational, recreational and health services not supplied by legislative appropriations.

Reserved seat tickets at \$2, 40, \$3.75, and \$4.40, tax included may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

FIRST WINNER on the Spin and Win wheel at Piggly Wiggly was Louis Herrera of Earth, who is employed at Plant X. Herrera brought in four slips spelling out SPIN, and was eligible to spin the wheel and win from \$2 to \$100 in cash. The wheel stopped on \$10. Shown presenting Herrera the ten dollar bill is Lloyd Kiser, Piggly Wiggly manager.

While there they went to Big Bend National Park and Alpine. Then they went on to Ft. Davis and up to Cloudcroft and back down through Ruidoso.

Mr. and Mrs. John St. Clair recently attended the Dyer family reunion at the Mackenzie Park in Lubbock. There were 61 relatives and 3 visitors present.

New Abstract Owner Named

Alton Garner, formerly of Perryton, has announced the purchase of Rowe Abstract Co. from Bryon Douglas.

The change of ownership was effective Aug. 15. The abstract firm was established here in 1925.

Garner was manager of the Ochiltree County Abstract Co. for 5 years prior to moving to Littlefield. A native of Terry County, Garner was manager of McGowan Abstract in Brownfield for about 5 years also.

He was born in Terry County and graduated from the Union School there. Garner also attended Draughon's Business College. His wife, Thalia, and daughter, Jennifer, 8, plan to move here over the weekend.

Garner was a member of the First Baptist Church and the Rotary Club in Perryton, and was also a director in the chamber of commerce. He served in the Marines in 1952-54 and saw duty in Korea.

Party Line

Mr. and Mrs. Doug Lewis and Rosie left Thursday for a vacation trip to Colorado.

Mr. and Mrs. Cecil Eads and girls from San Diego, California, spent the weekend, visiting Mr. and Mrs. Ray Glasscock and Rocky. Mrs. Eads is Mrs. Glasscock's sister.

We Congratulate

COTTON GROWERS

For their work to expand Markets and Profits through Sound Business Methods.

THE COTTON PRODUCERS INSTITUTE

Research

The Institute funds are actively at work in key research projects aimed at:

1. Easing the cost-price squeeze on cotton growers by reducing costs and improving raw fiber quality and
2. Producing new or improved cotton products.

Outstanding research organizations are working on Institute projects. In many cases, the projects are attracting funds from other sources, thereby boosting cotton's total research effort.

Promotion

The Institute is operating a hard-hitting advertising campaign to sell products made from cotton. It is aimed mainly at the U. S. housewife who buys most of the textile items used by the family. In addition, the Institute is telling garment manufacturers, retailers and others how advertising by cotton growers is helping them stimulate sales of cotton products.

We Heartily Endorse this Concept of a Self-Help Program

By voluntary participation in the Institute, cotton growers are demonstrating their ability to build for themselves a lasting and promising future in cotton. Every dollar goes for operating research and promotion programs — there is no overhead. The Institute deserves the wholehearted support not only of all cotton growers but all people in cotton communities. Organized research and promotion can increase markets and profits for cotton — the key to the economic health of this area.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Now in effect is a new com-
pulsory school attendance law
which requires school children,
ages seven to 16 to go to school
165 days out of each 175-day
school year.
Before the 58th Legislature
passed this law, the minimum
attendance requirement was
120 days. This left a wide
margin for truancy--especially
by children of migrant farm
workers who are on the move
two to four months out of the
year.

Laxity of compulsory attend-
ance laws has been cited as
one reason for the high rate
of illiteracy among Latin Am-
ericans. Texas' rate of illiter-
acy is high for all races. It
has been estimated that almost
10 percent of the state's popu-
lation is functionally illiterate.

A recent U. S. census survey
showed that the average school
child in Texas, with a Spanish
surname, did not go past the
fourth grade. Average Anglo
finished the 10th grade and the
average Negro completed the
eighth.

It will be up to individual
school districts to see that
children attend school 165 days
a year, according to Leon
Graham, deputy commissioner
of the Texas Education Agency.
However, the main responsi-
bility lies with the parents. If
a school officer warns the par-
ents of a truant child, they
are subject to a fine of \$5 for
the next day he fails to attend
school; \$10 for the second of-
fense, after a warning, and
\$25 for each subsequent offense.

Graham said it is no problem
for a migrant parent to enroll
his child in any school. No
formal transfer is required.
"Our schools are here to serve
the children of Texas," he said.
"All they have to do is say
'Here I am'."

**SCREW WORM PROGRAM
PRAISED--**Dr. E. F. Knippling--
known as the "father of the
screw worm eradication pro-
gram"--addressed Southwest
Animal Health Research Founda-
tion trustees at their annual
meeting in Austin, and praised
the progress of their eradication
campaign. But he cautioned
them against complacency.

Knippling reported that in
August, only 81 screw worm
cases were reported in Texas
compared to 5,088 in August,
1962. But a large percentage
of the 81 were in the Trans-
Pecos area.

Animal health officials feel
the Trans-Pecos problem is a
direct result of screw worm flies
migrating from Mexico. Mex-
ico's northern border has been
the target of sterile fly drips
for several months now. But
newly-gained knowledge that
the fly can travel about 180
miles on his own volition is
worrying the officials.

Knippling said, "We must in-
tensify our survey efforts to
find where fly drops will be
most effective; then widen the
barrier to prevent infestation."

Dallas, president of the South-
west Animal Health Research
Foundation, said his group is
beginning to worry about a
growing rate of screw worm in-
festations when fall rains come.
Cool weather and dampness,
usually associated with early
fall, may couple with shearing
and calving wounds to foster
screw worm if livestock pro-
ducers don't take precautions.
Scruggs said an "information
campaign" will be launched
soon.

EDUCATORS MEETING SET--
Texas Association of School
Administrators and Texas Asso-
ciation of School Boards will
hold a joint meeting in Austin
on September 22 and 23 to hear
talks on education in the Space
Age. They will hold seminars on:
School dropouts, the migrant
pupil, religion and the schools,
teaching Americanism and
the textbook selection in Tex-
as.

POLL TAX REPEAL--Campa-
ign for repeal of the poll
tax as a requirement for voting
was launched by the Texas
League of Women Voters, with
Gov. John Connally and Vice
President Lyndon Johnson giv-
ing their support to the move-
ment.

On November 9 Texans will
vote on a constitutional am-
endment to remove the 60-
year-old requirement that you
pay a poll tax to vote. Texas
voting will be under the shadow
of a proposed U. S. constitu-
tional amendment outlawing
taxes on the right to vote in
elections of Federal officials.
Legislatures of 36 states
already have ratified this am-
endment, and when two more
approve, it will go into effect.
Texas Legislature provided
Texans a "do it yourself" route,
by submitting the proposed
amendment to the Texas con-
stitution at the November 9
election. There is no chance
for the U. S. amendment to go
into effect until after that date.

TOURISTS--Texas' first for-
mal effort to attract tourists
will get under way now that
Governor Connally has ap-
pointed the seven men to lead
the new Texas Tourist Develop-
ment Agency.

Interestingly enough, most
of the seven are natives of
other states, indicating that
Connally felt they would know
best how to bring other Amer-
icans into Texas.

Frank Hildebrand, Jr., former
Louisiana, Baytown, Houston,
and Dallas news writer, will
be executive director. For the
last year, he has been chief
of the travel promotion section,
of the Texas Highway Depart-
ment.

On the advisory board which
will help Connally direct Hilde-
brand are Bill Berger of the
Hondo Anvil Herald and presi-
dent of the Texas Press Associa-
tion; Chris Fox, El Paso
banker; James M. Gaines, San
Antonio radio-TV executive
and president of the Texas
Tourist Council; John McCarty
of Dallas, vice president of
advertising for Frito-Lay, Inc.,
G. A. (Pop) Mabry, Houston,
public relations director for
Humble Oil and Refining Co.,
and John Powell, Austin hotel-
man.

AGING--State Senator Walter
H. Richter of Gonzalez was
named by Governor Connally
to head the Governor's Com-
mittee on Aging.

Secretary of State Crawford
Martin headed this committee
while he was in the Texas
Senate. Many of its recom-
mendations have become law.

but Connally said much re-
mains to be done.
On his list of assignments
the governor suggested work
to remove from state mental
hospitals about 2,100 persons
who are senile, but not really
mentally ill. Many feel they
have been sent to the mental
hospitals simply because there
was no other place for them to
go. Effort will be made to
transfer them to nursing homes.
Because people are living
longer, the number of Texans
over 65 increased 45 percent
between 1950 and 1960. Popu-
lation increased 24 percent.

TALKING BOOKS--A new
record was set in August on
circulation of "talking books".
These are the albums of pho-
nograph records distributed by
the State Library under a fed-
eral-state program to aid the
blind. Current magazines and
popular books are read onto
records and distributed free to
the blind persons.
During August a total of 6,374
albums of records were distrib-
uted.

NEW FORD 6000 5-PLOW POWER

Owners of the new 6000 praise the comfortable seat, roomy platform, power steering, power brakes and other convenience features that seem to shorten the hours in a day. But what puts the 6000 so far out in front, they say, are the work-easing, acreage-boosting advantages of the Select-O-Speed transmission. This is the Ford first, now service-proved by millions of owner hours, that ends forever the physical strain of foot clutching and stick shifting, that gives them effortless, non-stop, power shifting to any gear.

Discover for yourself how the Ford 6000 can take the big ache out of your acreage. Ask Francis Implement about this eye-opening R. F. D. special.

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

About this time each year, thousands of Texas mothers suddenly realize that only a few more days remain until school begins.

For those mothers who have six year olds beginning school for the first time this September the excitement is beginning to rise--and for mothers with no older children, a little bewilderment accompanies the excitement.

Smart mothers have already had their child fully examined by a physician, as well as a dentist. Also the beginning-school child should have his hearing and eyes checked for any abnormality so that correction or glasses can be accomplished well in advance of school time.

Also, for children just starting school, there is the problem of clothes, adjusting to new friends, discipline and surroundings. A thousand and one details crowd in on the parents.

One detail often overlooked until the last minute is the need for a birth certificate for first-time students. Most school districts require proof of age for beginning students.

Smart mothers send for their certificate copies early to avoid the rush of late August requests which pour into county clerks' offices as well as the State Health Department's Records and Statistics Section.

Certified copies may usually be obtained from local county clerks and local registrar for

a slight fee.

If unable to obtain a copy locally, a request should be made to the State Health Department as early as possible. The State fee, established by law, is one dollar and fifty cents (\$1.50).

Most important aid for speedy service--aside from getting requests in early--is complete and correct information.

Parents should include the child's name, his place of birth, date of birth and the parents' name--including the mother's maiden name.

A special corps of summer "searchers" who seek out the proper birth certificate from a special "school" index permits quick service even during the burden of late August requests. However, a week to ten days should be allowed for mailing time and servicing.

When mother gets the certified copy of Johnny's birth record she will have nothing to do but get his clothes ready, have his teeth checked, see about his vaccination record,

arrange car pools,.....

Texas' number two killer--cancer--continues deep in second place behind the nation's front runner--heart disease.

Statistics make dull reading. However, some interesting facts concerning Texas' cancer picture come to light with a close look at the final 1962 figures compiled on cancer-death sites and ages.

A grand total of 12,282 Texans suffered death from cancer last year--or as the statisticians call it--malignant neoplasms.

Ages 55 to 79 are the dangerous ages for cancer, claiming well over half of all victims--7,604.

Sad fact of the matter is that many of the cancer deaths which occur during these years may have really had their beginnings in earlier years--perhaps as young as 40 years of age.

For this reason public health authorities have been urging people to start a program of definitive physical examina-

tions each year once they have passed their 40th birthday. Somehow, the admonitions still go unheeded by too many persons.

Deaths from cancer continue to mount. Each year the statistic is a little bit higher and a little bit sadder.

Cancer involving the digestive system, for instance, reaps the largest toll among cancer causes, claiming 3,686 lives last year.

Early diagnoses, before the malignancy has a chance to spread throughout the digestive tract, followed with modern treatment could cut this figure in half.

Breast cancer took 947 lives last year--often women in the prime of their lives. For a long while now, regular medical examinations, supplemented with self-examination have saved hundreds of lives each year. More could still be saved--if they were found early enough.

Perhaps the most tragic statistic points out the hundreds of Texas women who die each

year from the effects of uterine cancer.

Examination by laboratory specialists of a smear sample, which is obtained quickly, easily and painlessly by a physician, can determine the presence of malignant organisms long before the disease reaches the deadly stage in its victims.

Follow up medical procedures are nearly always successful--provided the diagnosis is made early enough.

Texas cancer statistics could be a lot lower, but meanwhile, the yearly compilations of the latest death figures continues to rise. This is due to improved diagnosis and reporting coupled with methods of case finding.

Mr. Kenneth Sawyer, Jean and Charlotte, Mrs. Nina Webb and Brenda Henderson were in Plainview Sunday afternoon and dined at the Congress Inn.
