METHODIST HOMES OPEN FOR COTTAGE PRAYER

Mrs. Bud Matlock, Earth First Methodist Church committee chairman for cottage prayer meetings for the Billy Graham West Texas Crusade reported that the homes of Mr. and Mrs. Elroy Wisian of Springlake, Mr. and Mrs. R. W. Fanning, Mr. and Mrs. Gene Gaston, Mr. and Mrs. Bud Matlock and Mr. and Mrs. Hershel Belew will be open for cottage prayer at various times.

Anyone interested in the prayer times are urged to call any of the above to find out the time and dates.

Baptist Brotherhood Breakfast Saturday

A Baptist Brotherhood Breakfast is set for 7 o'clock Saturday, August 9 in the Fellowship Hall of the First Baptist Church.

All men and boys in the area are invited to attend. Elroy Wisian will bring the devotion for the event.

Ted Borum, president of the Brotherhood asked that all fellows in the area make an effort to attend.

"Our private enterprise system, unencumbered by government tinkering, is still the best means to meet the American people's need for decent housing."

—Carla A. Hills
 Secretary of Housing and Urban Development

Clayton assumes the chairmanship after having served as vice-chairman last year and a member of the executive committee from 1972-74.

Over 1000 legislators, including 25 from Texas, met at this year's conference which lasted from July 29 through August 1.

States participating in the conference were: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia and West Virginia.

Legal Defense Okayed By Commissioners' Court

County Attorney Curtis Wilkinson was instructed by the Lamb County Commissioners' Court to file answer and make legal defense in the lawsuit brought against the court regarding the abolishment of the Justice of Peace precinct at Amherst.

In the regular end-of-month meeting of the commissioners and county judge July 31, the Court requested Wilkinson to

take care of the legal details and with their consent and approval to employ counsel to assist the defense of the suit if necessary.

The suit is brought by some Amherst residents seeking to reinstate Jack Yarbrough as justice of peace and redraw the JP precinct lines as they were before they were changed in February.

At 11 a.m. Thursday, a representative from King Builders in Lubbock met with the court for final acceptance and payment of the newly completed County Ag and Community Building.

The Court authorized the county agents to present specifications and accept sealed bids on a new pickup for the extension department.

"Us" is a service organization big enough to care for a big machine. One that's designed to last you 15-20 years, or more. Valley Electrics are built to such high industry standards, that they invite a critical inspection.

Measurement by measurement, and specification by specification, a close look at a Valley Center Pivot will point out one thing more than any other—heavy duty construction. Season after season a Valley Electric proves that the extra effort was well worth it. A wide wheel base, extra broad double trussing, a full three-directional coupling, structurally superior gearboxes and sturdy construction throughout make this tough irrigation equipment, the kind that value-minded farmers demand. Food Drying Demonstration In Littlefield The Carnival Is In Town

Have you wondered what to do with your fresh fruits and vegetables since canning lids are in short supply? You have two alternatives, freezing or drying. Drying is one of the oldest methods of food preservation known to man. It is also one of the simplest methods. Dried foods have about 75% of the water and weight removed from them; therefore, they are easy to store. Home drying, if done properly, can work well for many fruits and vegetables. Would you like to know more about drying foods? If so, you are invited to attend a demonstration which is being presented by Mrs. Connie Jacques who is

with Nutrition Unlimited of Lubbock. She will present her demonstration Friday, August 8 at 2:00 p.m. in the Lamb County Agricultural and Community Building, Littlefield. The program is free and the public is invited. Mrs. Jacques will demonstrate a dehydrator or food drier. The dehydrator is just one method of drying food. You will be given information on sun-drying methods and oven drying methods which you may want to try. We hope this program will answer your questions about drying. We have received many calls to the Extension Office about drying methods.

The Earth Lions Club sponsored Great Southwest carnival is in town, and will be opened each evening through Sunday, August 10. They have five rides, merry-go-round, chair swing, pony cart, small ferris wheel and moon walk. They also have five booths for games and refreshments. Bring the family out for an evening of fun together. The carnival is located on the Earth Gin lot.

Stephenson - Lewis Wedding Solemnized Friday

In a beautiful and impressive double ring ceremony performed by candlelight, Miss Connie Raye Stephenson of Levelland, became the bride of Kent Mann Lewis of Earth. Vows were exchanged at 7:30 p. m. Friday, August 1 in the First Baptist Church of Levelland, Rev. Fred Blake, pastor of the Trinity Baptist officiated.

Parents of the bride are Mr. and Mrs. R. D. Blackledge and the late C. E. Stephenson of

Levelland. The grooms parents are Mr. and Mrs. Thurman Lewis of Earth.

Cathedral tapers of dusty pink, in two arched candelabra entwined with greenery formed the background. Off-white pedestal baskets containing lovely arrangements of pink roses, gladiolas and spider daisies, all in varying shades of pink enhanced with baby's breath were placed on either side. Two candle trees containing pink pole tapers completed the background. The lovely pedestal holder containing the gorgeous unity candle was entwined with greenery and sweetheart roses.

Pianist Patti Pirtle and organist Mrs. Jane Stroud accompanied Kristi Brock, vocalist. The songs presented were "The Wedding Song," "The Wedding Prayer" and "Theme from the Young and the Restless."

Presented in marriage by her brother, Eddie Stephenson, the bride was adorned in a stunning gown of candlelight ivory silk organza trimmed in candlelight ivory lace embroidered with

MRS. KENT MANN LEWIS

seed pearls. The bodice was designed with a scoop neckline and long sleeves with wide lace ruffled cuffs. The lovely skirt was fashioned with a wide ruffle which flowed back and fell into a bush train. She wore a veil of silk illusion bordered with pearls incressed in lace flowerlets. Matching flowerlets graced with tiny seed pearls dotted the lovely veil.

The bride carried a lovely bouquet of white gardenias, intermingled with baby's breath and baby pink rose buds.

Mrs. Gary Atchison, of Levelland, served as matron of honor. She was attired in a dusty mauve pink halter gown designed with a smooth princess line skirt. The hooded battle jacket completed the ensemble. The hood was secured by chiffon carded loops and shell pink baby rose

buds. Her nosegay was designed of baby rose buds, mauve pink mums and delicate baby's breath enhanced by ribbon streamers tied in love knots.

David Templeton, Earth, served as best man. Danny Martin, Floydada and Jackie Arnwing, Levelland, served as ushers for the wedding.

Immediately following the ceremony, a reception was held in the fellowship hall of the church.

Serving at the brides table was Mrs. Coy Blackledge, Tatum, N. M., sister-in-law of the bride and Miss Sheila Lewis, Earth, sister of the groom. Assisting with hospitalities at the grooms table were Miss Petra Lewis, Earth, sister of the groom and Miss Rosie Lewis, Earth, cousin of the groom. Others assisting included Mrs. Doug Waller and Mrs. Troy Mounce, Ruidosa, New Mexico.

For a wedding trip the bride traveled in a beige colored pant suit with a hooded jacket featuring a pink floral lined hood. The bride is a graduate of Levelland High School and attended South Plains College. She plans to resume her education at Texas Tech.

The groom is a graduate of Springlake-Earth High School and of South Plains College. He plans to resume his education this fall at Texas Tech.

The couple are presently at home in Earth.

Local Lady Vacations In 20 States

Raymond Teel and daughter Rachel of Los Angeles, California were accompanied recently on a vacation trip by Teel's two sisters, Mrs. Leta Kelley of Earth and Mrs. Winnie Huff.

The group left Friday, July 18 and returned a week later, having traveled in 20 states during their 4,000 mile trip.

The group visited in Tulsa, Oklahoma with one of their sisters and her husband, Mr. and Mrs. Herman Vahldick. They also saw the Oral Roberts University.

In Missouri they saw steamboats on the Mississippi River. They also had the trying experience of traffic in St. Louis. In Illinois they enjoyed scenery similar to good West Texas, for they enjoyed the beautiful corn fields and other crops.

In Indiana they remembered the "Back Home Again in Indiana" song as they saw the Wabash River. They saw the Blue Grass horse farms in Kentucky and traveling further they viewed the beautiful Ohio Valley.

They viewed coal mines in West Virginia and saw Amish farms, where horse and buggy's are still a prominent mode of transportation in Pennsylvania. In Philadelphia a big celebration was underway in connection with the Bicentennial.

New Jersey was so little in comparison to Texas, the Texans hardly knew when they drove through.

The group spent the fourth night of their vacation in New York City. This Mrs. Kelley discovered was a far cry from Earth in every way. First thing they went through the Holland Tunnel under the Hudson River, during the rush hour (and in New York there is indeed no hour, that isn't a rush hour) they were

stranded in the tunnel for 30 minutes due to a stalled automobile. Their first night there was spent in the 70 story Americana Hotel. The next day they walked down Fifth Avenue and shopped. They were in Saks, Tiffins, Berghoff Goodman, Macy's and also saw Central Park. Other things of interest they saw while there included St. Patrick's Cathedral, Rockefeller Plaza, Sidewalk Cafe's and Radio City. They had breakfast one morning at the Waldorf Astoria, toured the United Nations Building, Empire State Building that reaches upward 1/4 mile and is 102 stories high. They saw the Chrysler Building, Grand Central Station, Madison Square Garden. They took a tour of Harlem, and stated that the sights they saw there were unbelievable. The group took a trip down Broadway at night to see the Great White Way. The lights are indescribable.

They went through a portion of the beautiful state of Delaware and enjoyed its unique beauty. In Washington, D. C. they toured the Nations Capital and grounds and saw the White House. They also saw the Lincoln Memorial, Washington Memorial, Kennedy Center, Watergate Hotel and Arlington Cemetery. In Virginia they took a tour of

George Washington Home in Mt. Vernon and saw the bed where he died.

They drove through a part of North Carolina and South Carolina and observed the tobacco fields. In Georgia they enjoyed a stay in Atlanta. They saw Stone Mountain with three Confederate Generals carved in the stone.

In Alabama they toured the State Capitol in Montgomery and drove on to Mississippi where they spent their last night of their vacation at Jackson. They toured the great battlefields of the Civil War at Vicksburg. In Louisiana they saw the Bayous and the hanging mass on the huge trees that was so picturesque. From there they headed to Dallas and Ft. Worth and back to Home Sweet Home.

Notice

Mrs. Kent (Connie) Lewis will be honored with a bridal shower in the Church of Christ Fellowship Hall in Earth on Friday, August 15. Hours will be from 3 to 4 p. m.

Her selections have been made at Howell's 216 Floral. See Hive Mall, Earth Dry Goods and White's Auto Store.

Anyone wishing to be hostess may call Mrs. John Bridges at 257-3815 or 257-3313.

Miss Zurich, Alfred Lopez Exchange Wedding Vows

Miss Katherine Marie Zurich, Clovis, New Mexico and Alfred Lopez of Earth were united in marriage at 1:30 p. m. Friday, August 1.

The single ring ceremony was performed by the Honorable Judge Massey in Clovis.

The bride given in marriage by her mother, Mrs. Freddie Zurich wore a floor length blue floral dress with a white background, short ruffled see-through sleeves and a blue satin sash which ended trailing in the back complimented the waist. Her headpiece consisted of three blue flowers, and three flowers hanging at the back.

Her corsage was blue roses, entwined with greenery and blue ribbons tied in love knots.

For the traditional something new the bride wore a cross attached to a chain, something old was a ring that belonged to

her grandmother, her shoes were something blue and her dress was something borrowed.

The bride's mother served her daughter as matron of honor. She was attired in a blue pant suit.

Michael Zurich, brother of the bride served the groom as best man.

Immediately following the ceremony, a reception was held in the home of the bride's parents in Clovis.

The bride is a graduate of Clovis High School and was employed as a secretary at the Marine Corp Recruiting station in Clovis. She has joined the Wac's and will leave for basic training in three months.

The groom is the son of Mr. and Mrs. Adam Galan of Earth and is a graduate of Littlefield High School and was employed with his father. He left Wed-

Lamb In Top 10 Cotton Producing Counties Of Texas

With a total of 80,300 bales, Lamb County cotton farmers ranked in the top ten counties in the production of upland cotton in Texas for 1974, Agriculture Commissioner John C. White reported.

County farmers harvested some 134,500 acres, compared with 165,700 in 1973. Yield per harvested acre reached only 287 pounds, a reduction of 157 pounds from the previous year.

Statistics for the past year have been compiled by the Texas Crop and Livestock Reporting Service, which show Texas slipping to Number Two in the nation in cotton production with a total of 2,462,000 bales. California led the nation with 2,595,000 bales.

Short moisture conditions, which reached drought proportions by April and May, delayed planting in many areas of the

Texas High and Low Plains, according to White. Numerous farmers dry planted, but mid-June rains came too late for most of the crop. Planting on the Texas Plains was substantially below normal, and many stands were eventually abandoned.

Growth and development of the late maturing crop were delayed by cool weather and rains, and harvest ran behind schedule through October and November. In addition, cool, wet weather in January delayed completion of harvest until February.

Texas farmers averaged 35 cents per pound, bringing the total value of the 1974 crop to \$413,688,000. More than one million tons of cottonseed were also produced, adding another \$123 million to that total, White reported.

Price Named Trust Officer At PB & T

Wix Price, Jr., a 19-year veteran of local banking, has been named a vice president and trust officer of Panhandle Bank and Trust Co., it was announced. The appointment took effect August 4.

Price is a former resident of Earth, having moved here with his family in 1930. He graduated from Springlake-Earth school in 1940. Leaving here he went to aircraft school in California, before joining the U. S. Navy. Following his discharge from the Navy he entered college.

Price has been with the First National Bank of Borger for 19 years. Before that, he worked with banks in New Mexico for six years.

"We were authorized by our board of directors several months ago to start looking for a trust officer," PBT president David M. Warren said. "We have had many requests to enlarge our trust department and we are most pleased that Mr. Price is going to feel this position."

Price is a graduate of West Texas State University in Canyon. He is active in the college's alumni association. Price also has attended the Southern Methodist University School of Banking.

His wife, Mollie, is a teacher at Central Elementary School. The couple has one son, Guy, who is a junior at WTSU.

Price will attend several trust schools and will work with trust departments in larger banks "to gain an extensive knowledge of the operation," Warren said.

Memorial Gifts Program Set Up

James F. Moore of the American Lung Association of Texas, West Texas Area announces its new Memorial Gifts Program.

A memorial gift to the American Lung Association is a thoughtful tribute to a deceased relative or friend, a lasting tribute that benefits everyone through medical research and health education. Your Lung Association is working to find new and more effective ways to treat asthma, emphysema, tuberculosis, all respiratory diseases. They are also active in working against specific health hazards, such as cigarette smoking, and general air and environmental pollution.

A memorial of this nature is a good way to let relatives and friends of the deceased know that you really care. These gifts are promptly acknowledged, and are tax deductible.

Rainbow Girls Entertain Guests With Swim Party

The Earth Rainbow Girls met Monday at 4:30 p. m. for their regular meeting.

There were nine Muleshoe Rainbow Girls and their Grand Officer and Mother Advisor present as guests.

The meeting was opened by Christy Barlow, Worthy Advisor, and Mrs. Donald Kelley, Mother

Advisor.

A beautiful opening march with the Muleshoe girls also participating opened the meeting. Each of the girls carried a nosegay of knit ribbon and flowers.

Following the opening ceremony, a new member was welcomed into the Order and two petitions for membership were read.

Also during the business meeting, plans were discussed for the family night Monday, August 18 at 7:30 p. m. with the DeMolay boys from Muleshoe presenting the program.

The Earth Rainbow Girls will also present a skit.

The girls are inviting all Eastern Star, Masons and the girls families as special guests.

Other business performed was the presentation of a merit badge and color bar to Jason Scheller and an officer's pin presented to Miss Gayle Jones.

They also planned a trip to Girl's Town to take gifts this week.

Following the business meeting the girls and their guests adjourned to the Earth swim-

ming pool for a swim party and refreshments of sandwiches, drinks, chips and homemade ice cream.

Adults present for the meeting were Mrs. C. C. Goodwin, Mrs. Forrest Simmons and R. W. Fanning.

Relieves the stress in your system.

You're looking at Lindsay's patented Uni-Knuckle. It works on the same principle as a universal joint. Allows overhead pipe in a Lindsay Zimmatic center pivot to move up, down, back or forward with no stress on the system.

Inside the Uni-Knuckle is a split sleeve coupler and rubber boot. This keeps the joint water-tight, even when the system is running over extremely rough ground. The boot is a special compound, selected for long life.

Of course, as time goes by, you may have to replace a boot or two. That happens with any coupler. But with a Zimmatic you don't need 10 men and a boy to do the job. There's no internal joint to worry about. No need to prop up and disconnect the line. The Uni-Knuckle stays in place, supporting the line. You just reach in, remove the split metal coupler and old boot. Slip in a new one, put the coupler back in place you're in business again. When it comes to making repairs, the Uni-Knuckle relieves the stress on your system, too.

In case you're wondering how the Uni-Knuckle handles twisting action in the line caused when one tower is going downhill and the next is going uphill — it doesn't. Lindsay takes care of that with a separate flex feature. It's patented, too. We'll be glad to show you how it works, tell you about all the other features that make Lindsay Zimmatic the new leader in center pivot irrigation systems.

2.50 inch of rain was recorded for the community Friday night. J. C. Holbrooks in the northwest part of the community had 3.10 inch and there was over an inch south of the draw. .25 inch was received Sunday morning. Crops look very good. They would look better if you could see them over the Johnson grass in the bar ditches. Most farmers take pride in their year's hard work. Some of them have shredded the bar ditches along their fields and it made the crops look so much prettier than they did. It would be nice if the Highway Department would cooperate with the farmers not just for looks, but because the bind weeds, Johnson grass and other noxious weeds neglected in the bar ditches this year by the Highway Department are another problem for the farmers in their fields next year.

Gale Sadler and L. B. Bowden attended the hail suppression meeting in Earth Monday night. It was lady's night at the Lion's Club meeting Monday night. The group was entertained by the Crusaders from Muleshoe. The quartet was made up of W. T. Watson, Jack Young, Wayland Ethridge, Marvin Lewis and David Lewis. Harold Lewis, son of Marvin Lewis also brought a special number.

Mrs. Lillie King came home Monday from a visit in Amarillo with the Francis Kings, the Sweeneys and other relatives. Wednesday afternoon her mother, Mrs. F. M. Sweeney and her brother Bill Sweeney surprised her with a visit. They

spent Wednesday night and Thursday with her and enjoyed seeing the crops again. Mrs. Embree Roy Sadler and Mrs. Lloyd Blanton visited with them. Mrs. Sweeney will celebrate her 100th birthday August 20th.

Mr. and Mrs. Hershel Wilson received word Wednesday afternoon that Mrs. M. D. Durham had broken her leg early Wednesday morning. She was admitted to University Hospital where she underwent major surgery Friday for the placement of a steel rod to take the stress off the degenerated bone. Mr. and Mrs. Roy Phelan were with Rev. Durham during the surgery. Mr. and Mrs. Wilson visited with them Saturday afternoon. She was in intensive care until Saturday afternoon.

Mr. and Mrs. Noah Spencer were in Dallas for tests Wednesday through Friday.

Robert Duke was admitted to Plains Memorial Hospital in Dimmitt Friday afternoon with serious gasoline burns to both hands after a farm accident.

Rev. Ellis Jim Parsons of Kansas City, Missouri brought the Sunday morning message. He is a ministerial student at Midwestern Baptist Theological Seminary. He and his family have visited this week in Melrose with her family and spent Saturday night and Sunday and will spend all of next week with his parents. Mr. and Mrs. Thomas Parsons. His grandparents, Mr. and Mrs. Wilson of Fort Worth arrived Sunday morning to hear him preach.

Larry Odom of Dimmitt brought the Sunday evening message. He surrendered for the ministry during the Larry Jones Crusade in Dimmitt. He is the son-in-law of Leslie Louder and the brother of Mrs. Lynn Cox.

Gale Sadler and Steve Fowlkes visited with Mrs. Mit Fowlkes in a Littlefield nursing home last Friday.

Robert Duke and Mr. and Mrs. R. E. Duke took Mrs. Bob Gunderson to the plane in Amarillo Monday. They visited with Mr. and Mrs. Dave Gilley and Mrs. A. M. Duke before her flight back to Roseburg, Oregon.

Mrs. Robert Duke attended an Institute for Educational Diagnostics in Amarillo Wednesday through Friday. This was the last of six such institutes over the state to prepare people who will be working with children with learning disabilities during the school term.

Mrs. Arden Fields and baby Kimberley Dawn were honored with a baby shower Monday in the home of Mrs. Mac McGill of Springlake.

Dr. and Mrs. Myles Sadler, Gregory and Amy of Lubbock, Mr. and Mrs. Gale Sadler, Cindy and Susan, and Steve Fowlkes had dinner with Mr. and Mrs. Embree Roy Sadler last Sunday. Mr. and Mrs. C. J. Fowlkes of Rockport and their daughter, Mrs. Lavonda Norman and children arrived last Sunday afternoon and stayed through Monday with Mr. and Mrs. Embree Roy Sadler. Tim Norman stayed to spend a week with the Gale Sadler family. Mrs. Hazel Waggoner visited with them Sunday evening.

Paula Sue and Karen Ivey of Canyon spent last Sunday and Monday with their grandparents. Mr. and Mrs. Floyd Ivey.

Mr. and Mrs. Gene Ross and girls attended the Merle Haggard show in Lubbock Thursday. Merle Haggard cancelled at the last minute, but the rest of the show went on. Robert Duke also attended.

Mr. and Mrs. Ezell Sadler, Mr. and Mrs. Embree Roy Sadler, Mr. and Mrs. Gale Sadler and girls and Tim Norman, Mr. and Mrs. Larry Sadler and girls and Mr. and Mrs. David Sadler and girls attended the Henslee reunion at Lake Breckenridge over the week-end.

TEXAS TALK
By CALVIN WOOD EARL JORDAN

Newcomer to the crowd is the Zapper. The "crowd" is the continuing deluge of technological innovations being utilized by the American farmer. Among the observable effects of this wave of modernity are the following: the new commercial cotton flour processing plant at Lubbock, soybean cheese experiments at Iowa State University, new hybrid wheat developments, new farm equipment... and the Zapper. Testing is continuing, but the initial results are interesting if not down right exciting for the most unique system of weed control since the hoe. Emitting a high energy microwave transmission directly into the soil... or Zapping it... has proven in a variety of tests to be an effective control device for weeds. All the side effects seem to be beneficial. First there are no harmful environmental factors and those involved in testing the zapper report a definite improvement in crop performance in the zapped soil. Welcome to the crowd, Zapper.

I shall appreciate your sending me a one year subscription to your paper and billing KMCC-TV for same.

We are eager to know the happenings in your community and frankly I have found the best source of information is the local paper.

If I can be of any service to you please let me know.

Very truly yours,
"Mac"
