The comical part of it all is they got so steamed up over there that they went over.... They sold 62 new Ford 63 Passenger Cars during the 30 days in April...
Doubtless there are more New

cars per capita in Earth, Texas than any other place on Earth... However, after many sleepless nights I think I've finally figured it out, considerating the population in Ear-th, he's not only selling one car per family, he's selling two per family. "His and Hers"

"NOSIN"

Finally, we who bought new cars can get to eat off Balko. And for that matter anyone wishing to take advantage of his good nature.

Seems, Saturday has been set aside for appreciation day at Balko Ford Sales, and they plan to spend the day relaxing and serving refreshments to everyone in the area who will stop in for a chat. This is to show their sincere appreciation for the interest shown in the New Ford 631.

"NOSIN"

Poseys to all those fine hardworking fellows who willingly worked Saturday cleaning up the town like they were count-ing \$10 bills on the halves... They did a bang-up job...and a tremendous service to the town and its people...One can't help but marvel at the

Super Duper improvement one day has made in the looks of our fair city...
Fellows I speak not only for myself, but for the T & C Study Club and many many individuals who have expressed their appreciation for the splendid job you fine cooperative Boosters of Earth have done to provide Earthites with a cle-aner place to live and do business...I'm sure everyone is proud of YOUR WORK Thanks. Good Citizens

"NOSIN"

LADIES, Anyone for a hat. . If so, play it smart. . have one on Paul Poynor. . While, of course that is, you enjoy a new Catalina Washer or Dryer.... The deal is SIMPLE..if you need a New Hat, cook an especially nice dinner for hubby, and just casually mention every five minutes on the min-ute while, of course he's enjoying his dinner that your pretty lilly white hands, that were used to prepare his fav-orite foods, is fast becoming rough because the winds.... plays heck with your hands while you hang out clothes, or either the washer is broken down and you just can't possibly find a rubboard. Then the minute you see signs of his getting ready to push back his plate . grab his hand and make a dash for Whites Store...pick out your Catalina Washer or Dryer... Then Paul will fork out and buy you a brand new hat, valued up to \$15.00...But, Hurry, this only lasts till Mo-thers Day....

"NOSIN"

Alene Griffin has always dashed around in a hurry, her natural walking pace is faster than most folks can run.... However, I hear shes'speeded up even more so lately..... That's cause she's a grandmo-ther, at last... and she's stuck-up. (It's a Girl!)

Terry Lane Hurt While Playing

Mrs. Leonard Lane received painful injuries Monday at 5 p. m., while playing in the yard with a playmate, Guy Lynn Davis, son of Mr. and Mrs. Claud Holder.

The accident occurred in a neighboring back yard, where the lads were playing in their favorite hide-out, an old wrecked car. As Terry at-tempted to crawl through the car, his shoe heel became caught in somethins, causing him to pull the car over on its side, pinning him under-neath the frame, and cutting a large gash behind his left ear, and hurting his left arm, along with several painful scratches and bruises on his

Frightened little Guy Lynn finally raised the car up, freeing his playmate,
Terry was taken to Dr. Holt's office for treatment,

WINNING JUDGING TEAMS in the contests at Texas Tech, April 27. Shown left to right are: Bill Chaney, Tony Haberer, Bob Coker, Don Johnson, Raul Cortez, Gary Cowley, Ray Packard, Ken Dawson, Don Layman and Jimmy Smith.

FFA Boys Place In Tech Contest, **Crop Team Takes 1st For District**

The Springlake FFA Crop judging Team carried off First Place honors for the district, when they competed with area and District teams at the Texas Tech judging contests, April 27 in Lubbock.

Along with First place for the district, the local team also placed 5th in the area, with 20 competing teams and 8th in the entire contest, with

30 teams competing. Memb-

ers of the crop team are Bob Coker, Raul Cortez and Ken In Dairy Cattle contest, the team composed of Don Lay-man, Gary Cowley, Bill Chaney and Ray Packard were chosen as 3rd place winners for District competition, tenth in the Area, with 59 teams competing, and 13th place in the entire contest out of the 104 teams.

Jimmy Smith, Tony Haberer, and Don Johnson carried off

fourth in the District Livestock Contest, and rated 6th for the area, with 67 teams competing, and 8th place over all in the entire contest at Tech, out of the 144 teams

they competed with.

E.G. Gaston, local FFA Instructor, said the Livestock and Dairy Cattle teams are qualified for State competition, Saturday, May 4 at Texas A & M College.

Livestock teams scheduled to compete in the A&M contest are Don Johnson, Tony and limmy Dairy cattle teams also to compete in the forthcoming contests are Don Layman, Gary Cowley, Ray Packard

and Bill Chaney.
Mr. Gaston said he was truly proud of his teams and their excellent showing in the Lub-bock contest, and felt they would do equally well in the A & M College contests.

MRS. LEONARD LANE

Mrs. Lane, Former Missionary, Speaks At Baptist Church

Mrs. Leonard Lane was guest speaker at the Baptist Church, Monday night, as local ladies and guests from surrounding towns gathered for prayer of missionaries whose birthdays were on that day.

Mrs. Lane, attired in the native dress of Nigeria, Africa and golden earrings, told the group about the native life in Africa, and showed slides pertaining to Southern Baptist Missionary work in Nigeria. Mr. and Mrs. Lane served 10 years as missionaries in Nigeria. Their two sons, Terry 9, and Lynn, were born there.

Following the interesting talk, cake and punch were served to approximately forty-

ATTEND CHURCH SUNDAY

Whoopee... Earth Got All Shined Up.

The City of Earth had taken on a much cleaner appearance by twilight time Saturday, as volunteer workers had spent the entire day cleaning up the town.

Local Boy Scouts had slaved around the clock, as well as captains, who had been assigned certain localities. However, the town was not completed, because of the

shortage of man power.

Jarvis Angeley, general clean-up captain for the entire city, said he quit at 6:30, and that everything possible had been done that could possibly be accomplished with the number of fellows who turned out to help. "However Angeley said, "several parts of town were still untouched". He said, "to do a thorough job in Earth, more than one day is needed, or more man-

power is necessary."
Mr. Angeley resides in the rural area, and although it is generally not considered his place to clean up the town, he voluntarily quit his farm work, and came in to town and worked hard.

Other rural men were reported to have spent the day helping to clean up the town, al-

However, the number of townspeople was alarmingly small. Energetic families all over town were seen cleaning up their premises, and did a splendid job making their premises shine to add to the beauty of Earth. However, some parts of the residential areas, as well as the business section, were neglected.

Trash haulers were kept busy, all the daylight hours, hauling of trash and debris, and numerous loads of un sightly trash were hauled to the city dump ground. In one part of town, Richard

Stockstill, Norman Hinchliffe Tommy Wheatley and M. B. Baldwin were observed cutting

and trimming trees, raking and cleaning. Each was working hard, and did a splendid

However, it was the general opinion among most of the workers that, although they did all they could in one day, they needed more time or more man - power to thor-

oughly clean up the town. Members of the Town and Country Study Club expressed their thanks to workers for helping clean up Earth, and said they were thrilled over the vast improvement seen. However, they said they were not sure whether or not the Lions Club, Boy Scouts or Chamber of Commerce would decided to declare another work day to finish the job ... This remains to be seen.

Junior High **Athletic Banquet** To Be Saturday

The Annual Junior High Athletic Banquet will be at the Springlake Cafeteria, Satur-day, May 4 at 8 p. m.

All 7th and 8th grade boys and girls are urged to bring their family and a basket lunch.

An interesting program is planned, and trophies will be presented from the students to the school, Team Captains and Co-Captains' parents are hosts for the occasion.

Baptist To Have Planning Meet

A planning meeting for Va-cation Bible School workers is scheduled for 7 p. m. Friday, May 3, in the Baptist Church, The meeting is for the pur-pose of discussing a study course for the workers, and to discuss plans and ideas for the annual Bible School, which is slated for June 3 - 12.

Rhode Island would fit into

DIANA GLASSCOCK Jack Rylant, Jr. **Receives Eagle**

Award Sunday In a very impressive cere-

mony Sunday afternoon, at the Baptist Church, Lubbock, Jack Rylant, Jr. of Muleshoe, the son of Mr. and Mrs. Jack Rylant of Earth, received the Eagle Award, Scouting's highest honor.

Jack, a for mer scout of Troop 614, Earth, is serving as assistant scoutmaster of Troop 634 in Muleshoe. Members of Alpha Phi Om-

ega were in charge of the Eagle Court of Honor. A solo, "On My Honor", was presented by Rex Webster.

Ken Flagg presented the Eagle candidates to the large crowd attending the ceremonies. Scoutmasters pinned the Eagle badges on the uniform of their scouts and fathers presented their sons with the Eagle certificate, Each scout then pinned a red rose on his mother, and presented her with a Mother's Eagle pin. Mrs. Rylant is now proudly wearing two miniature Eagle pins, as another son, Arboth, received his Eagle Award last November.

Mr. Rylant, in the absence of Jack's scoutmaster, pinned the Eagle Award on son Jack, as he is assistant scoutmaster of Troop 614.

Attending the ceremonies were Mrs. Jack Rylant, Jr., Mr.

and Mrs. Rylant, Arboth, Becky, Dennis, Mr. and Mrs. Raymond Rudd, Donna Kay,

Haberer All-Round Cowboy, **Chaney Is Top Bull Rider**

Two local youths, Tony Hab-erer and Gene Chaney, carried off top honors in the Annual Quitaque High School Boys Rodeo, April 26 and 27.

Tony was selected as Best All Round Cowboy for the en-tire rodeo. He also won First place in bronc riding, and 2nd place in the bull riding event. Gene, showing that Earth had more than one real cowboy, won First place in bull riding. He received a silver belt buckle for this honor. This was Gene's first attempt at

Tony's winnings consist of an engraved saddle, bearing a silver plate with the inscrip-tion, "Quitaque, Texas, Senior Class '63, Outstanding All Round Cowboy", along with two silver belt buckles, for bronc riding and bull riding.

The two local cowboys have won many honors throughout the area, in various rodeos.

Tony is the son of Mr. and Mrs. Johnie Haberer and Gene is the son of Mr. and Mrs. F. H.

City Dog Tags Now Available At City Office

City dog tags have been re-ceived at the City Hall. City Secretary, Mrs. Ervin Anderson, stated that every dog in the city is required to wear on his collar a city tag as well as the Vacination tag.

Several local residents, she said, purchased these on Vacination day in Earth. These she said are ready for folks to pick up, and those not making the purchase at that time are required to come in and buy

Mr. and Mrs. Al sanders spent last week with Mr. Sander's brother, Don Sanders and fam-ily, of Sayre, Oklahoma.

Reach \$30,500

Building permits in the City of Earth reached the total of \$30,500 for the month of

April,
The following permits were issued to Highlight Homes,
\$15,000 for a house to be constructed in the Hite Park Addtion.A \$500 permit was issued to Homer Starkey, for an addition to the Starkey residence. Weldon Barton was issued a permit for \$15,000 to be used for an addition to his home, and for new brick and shingles.

Spring Band Concert Tuesday In Auditorium

The annual Spring Band Concert will be held Tuesday May 7 at 8 p.m. in the school

All Springlake Band Students will participate in this ninety minute program, which will be under the direction of Band Instructor, Dean Foshee. Everyone is invited to attend this final concert of the season,

and observe the improvement in each of the three school No admission will be charged.

Mrs. Neil Webb and Mrs. T. V. Murrell had dinner and at-tended a show in Littlefield,

TWO LOCAL PRIZE WINNING COWBOYS... Tony Haberer and Gene Chaney, are pictured, with their recent winnings. Tony is pictured holding two belt buckles, 1st in bronc riding, and 2nd place in bull riding. Tony's paramount achievement was being selected as Best-All-Round Cowboy. Gene is pictured wearing his belt buckle, which he won for 1st place

Altrui Study Clubs Has Program, News Of Interest To Women On Violence On TV And In Movies

A program entitled "What an We Do About Violence on Television and in the Movies" was presented to members of the Altrui Junior Study Club, when they met Thurs-day, April 25 in the Earth

Mrs. Lynn Glasscock spoke to the group, on "The Good TV Can Do." Mrs. Bud Elmore presented "Violence in the Movies", followed by Mrs. Charlie Dunn, who ended the program with "Violence on TV".

Hostesses Mrs. Carrol Mc Donald and Mrs. Cecil Maddox served open-faced sandwiches; cookies and lime sherbet punch, from a table laid with white lace over pink, and centered with an open pink umbrella, with pink nut cups filled with mints and nuts nestled beneath, signifying spring.

Those present for the meeting were the Mins. Bob Belew, Charles Dunn, Bud Elmore, Gary Bulls, Clinton Green, obby D. Green, Roney Smith, Parrell Sawyer, V. J. Sigman, Richard Moore, Gene Tunnell, Lynn Glasscock and a new member, Mrs. Charles Parish. The next club meeting will

be the Mothers Day Salad Supper, scheduled to be held Mrs. V. J. Sigman will bring the program on making hats. Hostesses for the event will be Mrs. Clinton Green, Mrs. Roney Smith and Mrs. Dare 11

Mrs. Rylant is **Hostess At Stanley Party Friday Night**

Mrs. Jack Rylant entertained at a Stanley party in her home Friday morning.

Mrs. C. W. Armstrong was honored as Lucky Lady. Games were played, fol-lowed by refreshments of cookies, coffee and Cokes. Mrs. Ashley Davis of Muleshoe was demonstrator.

Those present were the Mms. Jack Rylant, Jr., Muleshoe, C. W. Armstrong, B. B. Glasscock, James Lackey, C. L. Berry, Raemon Cole, Raymond Rudd, the hostess and Mrs. Davis.

TEXAS COTTON GROWERS REPORT:

Entire Season Control of Thrips, Aphids and Mites... **Ui-Syston** Untreated plant Di-Syston treated

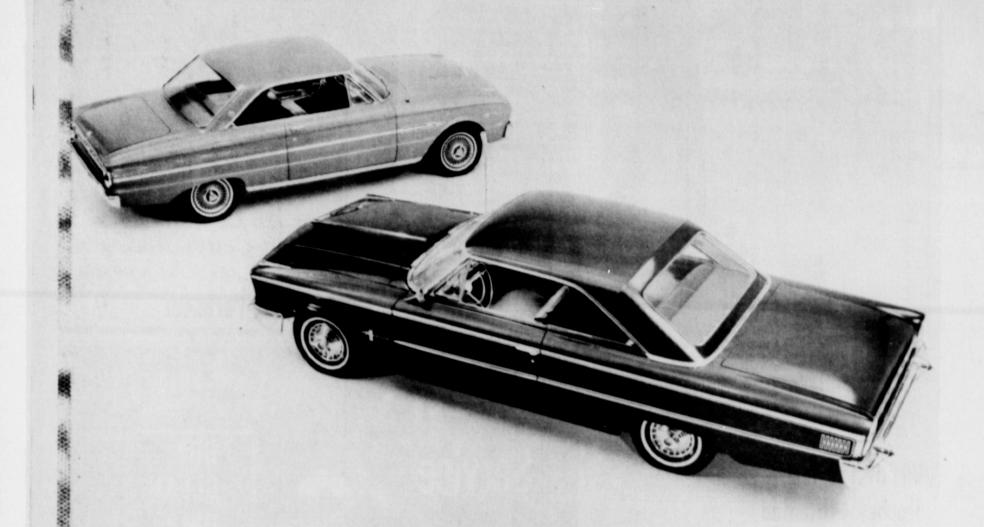

Di-Syston Treated Plants Are Stronger, Straighter... Produce More Squares Earlier

West Texas and New Mexico cotton growers now have a new way to control thrip damage and earlyseason stunting . . . with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream-as soon as the plant emerges. No part of the plant is unprotected-even tender new growth as it is formed.

The result? With Di-Syston, your early cotton grows faster, has stronger, straighter stems, more vigorous foliage. Squares form earlier and the plant produces more of them. Many growers in the Lubbock area have reported full season control of thrip with just the one application. You get higher yields because of the good Di-Syston start. This year, get your crop off to a good start with Di-Syston. Complete instructions for use are printed on the label on every package. Use Di-Syston.

AFTER REMOVING OLD, UNUSED SHED and rubbish, this

don't know how I ever did without it."

When you come up with one tool that does the job of two or three, frees at least two tractors for other jobs, and pays for itself as it goes, you can understand why more than one farmer would make such a statement.

This is exactly what has happened in the case of the amazing Rolling Cultivator, an implement that has brought unprecedented acclaim from farmers, dealers, county agents and other agricultural specialists from one end of the country to the other.

Here is a high-speed cultivator-working up to 10 miles per hour-that will break crust,

mulch soil and weed crops cleanly in one operation. It will even form beds if you want it to-at the same time. With the Rolling Cultivator, it's once-over, allover, perfectly, swiftly, and you can save enough time, labor and money to pay for it in one season (one farmer said "one week").

It would take all the pages of this paper to give you the complete story of how the patented and only true ROLLING CULTIVATOR has saved crops and made money for farmers from coast to coast. All we can do is give you an idea of its worth and ask you to

Mrs. Parish Attends **Hair Styling Study** In Amarillo

Mrs. Cecil Parish attended he two-day District I Great Plains Beauty Show at the Hering Hotel in Amarillo, Sunday and Monday. Beauticians from over the area were pre-

Tom Mosby of Chicago, an outstanding hair stylist, de-signed all the latest hair styles and demonstrated how to cut the hair for each style. Classes were given all day Monday for those attending.

Mrs. Parish, though she works only part time in the Earth Beauty Salon, says she is anxious to keep up to date with all the latest styles and colors. She attended a coloring meeting Tuesday, April 25 at the Hilton Hotel, Plainview. Mr. Kim of Dallas showed the latest methods and timing for the professional coloring

The English crown Jewels can be seen in the Jewel House at the Tower of London.

First bathtub in the U. S. was installed in 1842 by Thompson in Cincinnati,

Among those attending the Drag Races in Amarillo, Sun-

The Earth News-Sun, Thursday, May 2,1963-Pg.5 day, were Beverly Kelley, Peggy Kelley, Lonnie Adrian

Lonnie Narrmor of Sudan, Bob Borum and Clayborn Stewart.

Funeral Services For J.D. Cox At Sunnyside Church

Services for Joseph David Cox, 88, a retired farmer, were held at 2:30 p.m. at the Sunnyside Baptist Church, with the Rev. George Brittain, Grants, New Mexico, officia-

ting.
The Rev. M. D. Durham, pastor, assisted. Burial was in Springlake Cemetery, under direction of Hammons Funeral Home, Littlefield.

Cox, who had been living at a rest home in Littlefield, the last eight months, died at the Medical Arts Hospital, in Littlefield.

Survivors are his wife, Martha Jane; four sons, N. E., Las Cruces, N. M.; Fred, Edmonton, Canada; P. V., Coleman; and L. D., Brownfield; four daughters, Mrs. Gladys Hopper, Coleman; Mrs. Eunice Turner, Wink; Mrs. Rachel Elsea, Springlake and Mrs. Gracie Ogletree, Bangs; 25 grandchildren and 44 great-grand-

Baptist SS Officers And Teachers Have Study-Luncheon

Sunday School officers and teachers of the First Baptist Church will met Thursday at 7:30 p.m. for a regular monthly meeting and covered dish luncheon in the Fellowship Hall of the church.

Following the luncheon, the the group will assemble for a general session, presided over by Sunday School Superinten-dent, Marshall Kelley.

Preceding the general session the superintendent and teachers of each group will gather in separate rooms for planning and study for the monthly work ahead.

Book Fair Nets \$17360

The National Junior Honor Society Book Fair, held April 24, 25, 26 resulted in sales totaling \$860.00

Cecil Slover stated that the local Honor Society would re-ceive \$173.00, which is their 20% of the total sales. This present Junior High Library.

The books ranged in price from \$1 to \$10, and were purchased, not only by students. but by adults as well.

Mr. Slover expressed his appreciation for everyone who participated in the Book Fair. -

Marvin Brown, who is hospitalized in the Littlefield Hospital and Clinic, was reported much improved. Tuesday night. He is expected to be dismissed the latter part of the

Methodist Men **Attends Meeting** At Cotton Center

Seven men from the local Methodist Church attended a Sub-Division meeting Monday night at Cotton Center.

Gil Lamb of Muleshoe was guest speaker for the evening. He spoke on alcoholism.

Local Men Research Farms

Bob Bell, assistant manager for Earth Elevator returned Wednesday from a four day trip to the Purina Research Farms, located at Gray Summitt, Mo. He was accompanied by Bobby Murrell, of Earth, Jerrell Haberer and Ollie Davis of Littlefield.

The group emplaned at Amarillo Saturday at 10:57 A. M. and arrived in St. Louis at 4: 45 P.M.

They spent Sunday touring St. Louis Monday and Tuesday were spent at the Research Farm which covers 778 acres, which is devoted entirely to developing more meat, milk and eggs through research in feed and feed addatives. Here they continue to run projects to make more profits from less feed. The projects cover all types of Poultry-Gamebirds-fish (Trout, Bass and Channel Catfish Rabbits -Hogs-Dogs Sheep-Horses-Cattle (Beef &

The staff of the Texas Tech speech department will conduct a high school speech

1

workshop July 21 through August 3 on the Tech campus,
The workshop includes dramatics, declamation, debate, discussion, extemporaneous speaking, poetry reading, ra-dio and television experiences. Open to interested sopho-

mores and juniors of the 1963-64 school year, the program will include study and practice in effective speech.

Voice, diction, personality
development, role-playing,

bodily action and development of good speech habits in general are some of the aspects of the program. Special assistance in the

Speech Clinic will be available to students with particular speech problems. Participation in as wide a variety of speech activities as possible will be open to each student, depending on his interests.

Students interested in Dramatics will produce as many plays as can be cast from the group. The theory and practice of make up, costuming and lighting, as well as acting, will be included. Selected debate and discus-

sion problems will be the basis for study and practice of prin-ciples involved in democratic forensic speaking. Each stu-dent will participate in several practice sessions, culminating in a public demonstration at

the conclusion of the session. Housing in the Tech dormi-tories will be available to all workshop participants who do not live in Lubbock, Such students must provide their own bed linens. General fee for the workshop is \$10, and \$39,50 for room and board at dormitories for those staying on

Registration will be limited to 25 each in dramatics and forensics. Freshmen of 1963-64 will be accepted in the order applications are received, if the maximum limit is not reached through sophomore and junior enrollment by

Scholarships covering the general fee will be awarded

eligible students who have won first place in any regional or state Interscholastic League speech contest in 1962 or 1963. Persons interested in participating in the workshop may contact the Tech speech department. Reservations must include a \$5 deposit.

Mr. and Mrs. Henry Miller of Olton spent Sunday visiting Mr. and Mrs. R L. Drake.

Mr, and Mrs. John Welch were in Lubbock, Tuesday, where John received a checkup at Methodist Hospital. They were accompanied by Mrs. Cecil

garet Womble over the weekend were Mrs. David Reid and sons, Randy and Rex of Morse. Margaret Womble was in Amarillo, Sunday afternoon,

on business.

Anne McManigal, Linda Hill and Lynell Lovett enjoyed Sunday dinner and an afternoon visit in the home of Lynell's parents, Mr. and Mrs. Troy Lovett of Pleasant Hill,

BOOK FAIR PROVES INTERESTING to many students as they look through the many books on display and make their selections.

The Book Fair proved to be most successful as students and adults alike bought books for

weevils were kept away from

cotton squares, bolls and seedlings, for 5 to 12 hours

even when they had no other food to eat. When other food

was available, the weevils left the treated plant parts

Other possible uses for the attractant include the luring

of weevils to a trap or simply to an area away from the cot-ton plants. The feeding stim-

lant does not attract weevils

from a distance, but offers the possibility of forcing them to starve on the wrong kind of

diet. Research is continuing

on the substances and cotton strains are being checked for

their content of them.

untouched for 36 hours.

"Where did You get that Hat?"

Scientists of the US Department of Agriculture have extracted from the cotton plant a substance that repels boll weevils. It is the third substance extracted from the cotton plant with potential value for controlling the most destructive of all cotton insects, the boll weevil.

The first substances were an Laboratory, State College,

The repellant was discovered in connection with work with the attractant. When the attractant was warmed to room temperature, part of it vaporized or degraded. The part remaining proved repel-lant to boll weevils. A procedure was then developed for extracting the repellant from the cotton squares (flower buds) and seedlings, the same parts of the plant containing the attractant.

The scientists listed these possibilities for the substances. Plant breeders could conceivably develop cotton varieties either with a high content of the repellant so plants would repel weevils or with such a low content of the attractant that the plants would not at-

Babies Under One Year Old Most Frequently Killed In 1962

Babies under the age of one vear were killed more frequently last year in automobile accidents than almost any other age of passengers, it was revealed by an analysis of 1962 statistics by the Department of Public Safety.

The DPS reported that the only age to exceed the infants in number of deaths resulting from automobile accidents were 19-year-old passengers. In 1962, the Department said, a total of 44 babies under

the age of one year were killed in car crashes, as compared to 48 19-year-old non-driving passengers. These two categories make up over 10% of the total number of persons killed as passengers, with the infants accounting for almost 5% of the overall total.

The study also revealed that 109 or 121/2 per cent of the total number of passengers killed during 1962 were of pre-

school age. Col. Homer Garrison, Jr., DPS director said: "These statistics should be brought to the attention of every mother and father, since they point up a most tragic aspect of the frightening toll of human life on our streets and highways which has not heretofore been noticed. The need for extra precautions to protect little children in automobiles is obvious.

The analysis of the 1962 traffic situation by DPS Statistical Services brought to light these additional facts:

The 2, 241 motorcides were 107 or five per cent more than

Motor vehicles traveled 94. 907 miles each minute during the year, for a total of almost 50 billion miles.

The death rate increased from 4. 8 deaths per hundred million miles in 1961 - the lowest in history -- to 4.9 in

June was the deadliest month since November 1956. There were 258 motorcides in each of those months. Friday, June

OLD AND YOUNG alike join in the big clean up day campaign in Earth Saturday. This young lass who claims she had never been photographed prior to clean up day was snapped as she wangled a rake in the Clean Up Earth Pro-

1, took the greatest toll of any single day in the year with 22

fatalities. Tuesday, October 16, was the only day during the year in which there were no fatal

accidents. During 1962 there were five accidents that killed seven persons each and three accidents that killed six each. In these eight accidents, there were 53 deaths.

On an average in Texas traf-fic during 1962, a person was killed every three hours and 37 minutes, a person was injured every three and one-half minutes and an accident occurred every 87 seconds.

The economic loss from traffic accidents in Texas is estimated to be \$738 per minute.

Garrison pointed out that it is significant that in every single fatal accident in which more than one vehicle was involved there were one or more violations of Texas traffic laws. In the one-car accidents there were only 10% of the total accidents in which no traffic violation occured.

Driving too fast for condi-tions led the list of violations contributing to accidents, being listed as a causative factor in 51% of the fatal accidents. Driving while drinking figured in 37% of the fatal crashes, while being on the wrong side of the road was present in 17%.

CHARRED TREE STUMPS being loaded by Lamb County Employees, as Clean-up Day in Earth got underway last Satur-

Three Out Of **Five Students Drop School**

During the next five years, approximately 325,000 young Texans will walk out of school

between the ninth grade and high school graduation, a state school official estimates. In dollars and cents, this step represents a loss of close to \$75 million in lifetime in-

Some startling facts about the dropout pr blem are re-ported in the Aprilissue of the "Texas Outlook", the Texas Teachers Association magOut of every five pupils of the first grade in 1949-50, only two were graduated from Texas high schools in 1960-61. There were 208, 452 in that first grade, and only 85,102 of them received high school

diplomas. The graduating class of 1965 was in the eighth grade in 1960-61, and there was 176,988 of them. Education officials already are predict-ing that 70,000 of these boys and girls won't be at graduation ceremonies in 1965.

The transition from the ninth to the tenth grade is considered the first really critical point. Most boys and girls be-come 16 years of age that year, and the compulsory attendance law no longer applies to them and their parents, Moreover, they are moving from junior to senior high school, with a stiffer curricu-

Dropouts face a dead end in a world where education and its skills in the employment field are becoming a necessity, the "Outlook" article states.

"Automation is eliminating the menial kinds of jobs which these kids can do," says Victor Sumner of the Texas Education Agency research division, who made the dropout estimate.

"People in the employment field tell me that the hard core of unemployment now is composed of dropouts from 20 to 30 years ago. '

The bafflement of the dropout story is finding the causes early enough, the "Outlook"

Texans Among Returning IFYE'S

Two Texans, James Hollings-worth, Rt. 1, Barry, and Pete Plank, Rt. 1, Hereford, were among the 33 young grassroots ambassadors who returned to the United States on April 4 after their six months assign-ments under the International Farm Youth Exchange program

Hollingsworth was assigned to Costa Rica while Plank spent his six months living and working with rural families in Uruguay. Both have already reported most enjoyable experiences.

The ee are the last returning delegates in the 1962 phase of the IFYE program. IFYE, begun in 1948, is conducted by the National 4-H Club Foundation in behalf of the Cooperative Extension Service. It is privately supported by 4-H Club members, individuals, business and industrial firms and foundations.

The returning delegates will have a week-long consultation program at the National 4-H Center before going on to their home states. In addition to sharing their experiences with other delegates and project leaders, the young people will confer with officials of the U.S. Department of State and the embassies of their host countries.

Hollingsworth and Plank will be available to speak at 4-H Club meetings, to civic groups, and organizations interested in hearing of their experiences. Both made many colored slides and will use them to illustrate their talks.

Since 1948, some 3,000 two way exchanges have been made between the U.S. and 63 cooperating countries. In 1962, a total of 122 U.S. delegates were exchanged for 126 foreign exchangees from 41 countries.

APRIL 22, 1963

Continental Cin Company Lubbock, Texas

Dear Sire: Since we wrote you in December about the successful beginning of our ginning operation we have completed our first season. We ginned over 6500 beles on our new 3-119 May Continents outfit this year and are now even more pleased with it then we stated in our first letter.

RODUCERS CO-OP. GIN

AMHERST. TEXAS

Operationally we have had a season that was highly successful. Every piece of your gin machinery performed dependebly and efficiently. Even under the unusually difficult conditions under which this crop was made we were able to keep our capacity between 13 and 17 belies as hour. Considering the season, which produced a crop which was rough even for West Tonne, we still believe that we have the best gin that can be bought in our Continental Conet System.

The unique overhead arrangement using multiple "Little Bavid stick machines has amused everyone in its shility to handle our fauch puripper cotton. We have tourned to expect allow our fauch puripper cotton. They have headed at the from our lib gins. They have headed at the from maintained capacity. Their capacity operation We have learned to expect almost the impossible from our 119 gins. They have handled all types of cotton and maintained capacity. Their capacity operation on even the heaviest of green cotton, which some of our

competitive outfits had turned down, has made us mighty

Report From Bill Clayton

last month of the session of the Legislature, if the session lasts the full 140 days. There are indications that this leg-islature may finish short of the full time, something that has not been done in recent years. Both Houses have passed their appropriations bills, and a conference committee, made up of members of the two Houses, has begun work on the final draft of the money bill that will pay for es and box springs; nylon, the operation of the State for the next two years. It appears that the tax bill passed by the

House, and which exempt farm machinery as is presently done, will be passed by the Senate also, and it will provide the additional money that will be required for the next two years. When both of these pieces of legislation, appropriations and money to cover the appropriations have been taken care of, then the major remaining work of the session will be finished.

The House has had two sessions, and another one scheduled for next week, at which they passed numbers of local and uncontested legislation. These sessions take care of, in a short time, much needed legislation that is either local or corrective in nature, and shorten the hours that would have been used to have passed

rapidly. House Bill 159, having to do with the regulation of obscene motion pictures and obscene literature, passed the House, and I am hopeful that it will result in more careful select. ion of motion pictures that are shown in public theaters.

then they can be processed

The House passed House Bill 164, Representative Bill Dungan's bill concerning the teaching of Americanism vs. Communism in the public schools. The bill was amended in the House, and as it passed, it provided that senior high schools should teach, either in American history or Economics, a study which would compare the economic and political systems of the United States with those of

the Communist countries. The House also passed two bills having to do with the equal rights for women. One of these bills provides that the married woman can have separate control over her own personal property, and the other does away with separate acknowledgment in transfer

The House passed Thursday loan shark bill. This was a similar bill to the Senate Bill inasmuch as it was a committee substitute for the Senate Bill. It took many hours of debate and discussion on this

The hours per day are getting longer as far as house work and committee work is concerned. The reason, of course for the heavy work the last few weeks is that it looks like time for getting bills passed through both the House and Senate is growing late. This being the case more contested and controversial legislation will be up for discussion and many of them will die with the session.

One bill that will be coming up in the next few days that would be a benefit to our area, is the establishment of a hospital for the mentally retarded and handicapped children, west of the 100th meridian. I still appreciate hearing from you, and anytime that I can be of help to you, please

let me know YOUR VOICE IN STATE GOV T. BILL CLAYTON

High lights and **Sidelights**

election code is due. Senate already had passed a bill cortecting scores of errors in the old law, which was over-hauled in haste in 1951

House members amended the bill to eliminate the "agent form" of paying poll taxes. Instead, prospective voters would have to go to the court house or get a deputy tax collector to certify qualification

House also refused to require county tax assessors to name civic workers as deputies. Pr gress is slow on the pro-posals to abolish the poll tax

as a prerequisite to voting Senators passed a proposed nstitutional amendment to let the people say whether they want to keep the poll tax. But after some delay, a House committee put it in subcommittee.

Meanwhile, the national constitutional amendment to outlaw the poll tax in elec-tion of President, Vice President, Senators and Congressmen has been ratified by 30 states. When eight more ratify, use of the poll tax in Texas would be out the window. Sen. Abraham Kazen Jr. of

Laredo envisions the possibility that the 1964 election could be held with state offic ers elected by poll tax holders, federal officials by everybody SHORTEST SESSION? -- A

modern-day record for short sessions may be set if Lt. Gov Preston Smith and Speaker Byron Tunnell can get legis-lators to wind up their business by May 7.

A May 7 Adjournment has been filed. But the Constitution would allow them to work until May 27 if they can't finish by the 7th. Both houses have been ma-

king fast progress on "local and uncontested bill" days.

BIG BILLS PENDING

--Length of the legislative session hinges on the three biggest issues yet unsettled. One is the House-passed bill to provide \$32,000,000 to finance Gov John B Connally's higher education, tourist and industry-catching programs.

Then there's the appropria-tions bill, which is being worked out in conference committee headed by Senat-or Grady Hazlewood of Amarillo and Rep. Bill Heatly of Paducah. It allocates the funds to each agency for spending during the next two

And there is the loan regu lation bill, which Speaker Tunnell and Governor Connally consider a "must". It

Senate bill, which mustered a bare majority, was changed considerably by a House com-

RURAL DEVELOPMENT ACT -- Rep. Joe Cannon of Mexia told the House State Affairs Committee that Texas rural counties are in "tremendous trouble" and need help from the state. Cannon appeared on behalf

of his bill, co-sponsored by Rep. H. G. Wells of Tulia, which would apply to ninetenths of the counties in Texas Specifically those with less than 45,000 popul-Bill would require State

Comptroller to compile a list of the low-population counties and setup a rural develop-ment fund. It would be built up through a refund of two per cent of all taxes collected by these counties. Rural development fund

would provide about \$2,000, 000 annually that could be spent to lure industries to counties that lack money to advertise their attractions. Reps. J. Collier Adams of Lubbock, Ben Jarvis of Tyler and Donald K. Shipley of Houston are on the subcommittee studying the bill.

CODE OF ETHICS -- Tighter rules over the private business activities of state officials has been the talk of the Capitol since William J. Murray Jr. resigned from the Railroad Commission. Murray said he made more than \$1,000,000 in oil deals while regulating

Reps. Bob Eckhardt of Houston, James Nugent of Kerrville and Travis Peeler of Corpus Christi introduced a bill to outlaw investments by state officials in the fields which they regulate. Old Code of Ethics law -- passed in 1957 -- merely called on them to disclose any such interests.

Rep. John Allen of Longview, chairman of the House State Affairs Committee, named a subcommittee to go over the bill...to tighten up the tight-ening up. He indicated that he will try to bring the bill out for House action quickly. Bill would prohibit legislators from appearing for pay before state boards and commissions while they are considering appropriations which are the lifeblood of state agencies.

Mrs. Max Neal and children, Alan and Pamela of Lubbock, visited with her parents, Mr. and Mrs. Fred Ussery, Wed-nesday. Alan and Pamela emained for a visit with their grandparents until Sun-
