It's time you saved some money.

That's what fall application of Ammo-Phos® Fertilizer is all about: time and money. Apply it now, save time (which is valuable) next spring. Fall application and plowdown provide better weed and insect control, crop residue decomposition is more complete and planting will move along faster next spring.

Don't delay. Apply Ammo-Phos Fertilizer today. We have plenty of the popular grades in stock right now.

Just give us a call and we will give you just as much service as you can use. That's

round the school campus this week and the spirit is much higher as the report is the Wol-erines will be back at full strength for the first time in three weeks. Reports have it that Hoyt Glasscock the Wolverine first string quarterback, will be back at his position, calling signals and doing his best to get a strong ground attack moving once more. This is indeed good news for local fans who have not had much to holler about in re-

cent games. From the opening whistle, the Wolverines elected to receive and Donnie Wheat took the ball on his own 10 yard line and ran it back to the 27. From there Terry Bridge went up the middle for 6 yards and repeated with 8 more and the first down. Then, trouble started in the backfield when inexperienced quarteroacs missing the timing, fumbled and Tony Barton recovered the ball for a minus 5. Steve Busby on a keeper rolled out around end, picked up 2, then the next play produced a fumble and again the Wolverines recovered on the yard line. With fourth down and 15 staring them in the face Tony Barton dropped back and punted to the 31 yard line of Amherst,

A very anxious Bulldog team started off with an off sides penalty, this however did not seem to bother the Bulldogs as they came back with quarterback Royce McAdams rolling out for three yards and then with second trying down the side lines on a beautiful pass that carried him all the way to the Wolverine 27 moved to the 10 yard line.
