NUMBER 34

Help Wanted...

Everyone in the Earth-Springlake area is needed one hundred percent strong in an all-out effort to get behind a move to aid in economical development of this area.

This action is being prodded by Governor Smith, who sees the end of rural Texas unless something is done quickly.

Which will it be?

Vicky Gregory To Participate In North-South All-Star Game

The 1970 session of the annual girls basketball coaching school is to be held in Brownwood on July 16, 17 and 18.

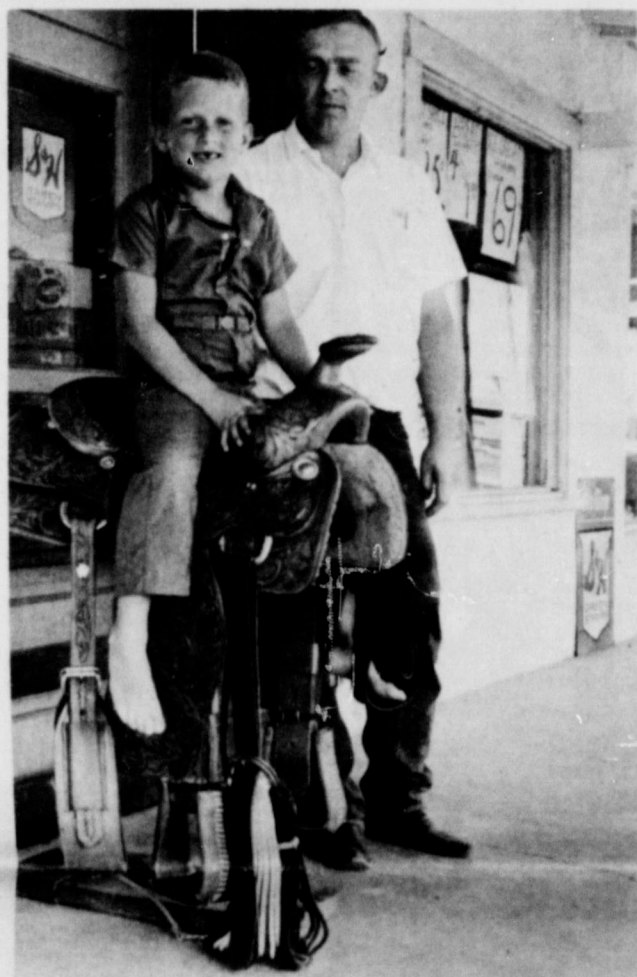

ma, Tuloso-Midway in Corpus Christi; Sarah Fletcher, Comanche; Cindy Howe, Robinson in Waco.

Earth Lions To Sponsor Supper

The Earth Lions Club will host a pancake supper on Friday and Saturday nights, July 10 and 11.

Rodeo Festivities Begin Today With Parade - Barbeque

Rodeo Queen To Be Announced Tonight

GIDDY UP... Allen Clayton smiles as he perches atop the lovely saddle to be given away free at the Earth Rodeo.

Judging was completed Tuesday afternoon between the 12 lovely young ladies vying for Earth Rodeo Queen.

Janis is co-captain for the Springlake-Earth Wolverette basketball team.

LAURA DUDLEY is the 17 year old daughter of Mr. and Mrs. Norlan Dudley.

LAURA DUDLEY, a sophomore at Springlake-Earth High School, is the 15 year old daughter of Mr. and Mrs. Norlan Dudley.

CONNIE KELLEY, 17 year old daughter of Mr. and Mrs. Donald Kelley, is a senior student at Springlake-Earth High School.

LA HONDA LAYMAN, daughter of Mr. and Mrs. L.G. Layman, is 18 years old and a senior student at Springlake-Earth High School.

JENNIFER MYERS, age 17, is the daughter of Mr. and Mrs. Emmett Myers.

BRENDA ROBERSON is the daughter of Mr. and Mrs. Britt Roberson.

LA DONNA SIGMAN, age 16, is the daughter of Mr. and Mrs. V. J. Sigman.

(Continued On Page 31)

C of C Reviews Parade

Directors of the Earth Chamber of Commerce met in a regular monthly meeting Friday, July 3.

The Chamber decided to pay the same cash prizes for the best three floats.

First, second and third place trophies are to be awarded by the Chamber to the adult riding posse with a first place trophy for junior riders.

Members also discussed the tour group advertising the rodeo which was scheduled to leave Earth Monday morning.

Two letters were read before the assembled Chamber.

The census tally reveals that Earth shows a loss of 10 persons within the 10-year period.

The county seat, Littlefield, has a preliminary count of 6,677, down 559 from the 1960 total of 7,236.

Amherst's preliminary census total has been tabbed at 822, compared to 883 in 1960.

Otton's population has decreased 187 persons within the 10-year period, a 9.5 per cent drop.

the City of Earth's population. It was stated that preliminary figures indicated a loss of ten persons from Earth since the 1960 census.

Industry for Earth was discussed along with plans for obtaining a doctor for the city.

Present were Chamber president Perry Martin, W.B. McMillan, Neil Pounds, M. H. "Dutch" Been, Leon "Tuffy" Dent and Bob Harber.

FIRST CASE IN COUNTY...

Gene Spies Has Encephalitis

Gene Spies, Littlefield, was dismissed from the Methodist Hospital in Lubbock recently.

Spies' illness is the only case of encephalitis thus far reported in Lamb County.

Spies was hospitalized in Lubbock on June 24 after suffering from a blinding headache.

He is currently at home recuperating in bed and will return for a checkup July 17 when a neurosurgeon, Dr. Evans, will make a spinal tap to determine his progress.

Spies is a former resident of Earth.

Rodeo festivities will get under full swing Thursday afternoon at 5:00 p. m. when downtown Earth will be the scene of the colorful rodeo parade.

Riding clubs from surrounding towns will participate in the parade. Some of the clubs to appear in the parade are the Muleshoe, Lamb County, YL and Bovina Riding Clubs.

To add 'sugar and spice and everything nice' to the parade, the 12 charming Rodeo Queen contestants will be participating in the parade.

The ice cream concession stands will be set up at the La Casa Motel, Citizens State Bank, Earth Super Save and Dent Farm Supply.

Trophies will be awarded to the first and second place junior and senior riding clubs entered in the parade.

The first place winner in each event will be awarded a trophy buckle donated by Earth merchants.

Adding to the excitement of each night's rodeo performance will be the Pony Express tournament.

Tickets may be purchased from members of the Earth Roping Club for a chance at the \$350 saddle made by Labeys in Lubbock.

The tax take of \$12,898 for the year would indicate sales on local taxable items amounting to \$1.2 million for a year's period.

The first check (for April-May-June) in '69 was for \$3,303.84 and the second return from the state was \$3,110.95 (for July-August-September) and the third return was for \$3,471.69 (for October-November-December.)

Mr. and Mrs. Earl Walker have moved back to Earth from the Bethel Community where they have been residing the past year.

WELDA BARTON, 16 year old daughter of Mr. and Mrs. Weldon Barton, is a senior student at Springlake-Earth High School.

Those competing for the coveted title are Welda Barton, Janis Bridge, Joan Dudley, Laura Dudley, Benay Janey, Connie Kelley, La Honda Layman, Jennifer Myers, Brenda Roberson, La Donna Sigman, Denise Temple and Suzy Temple.

Now, mailmen are checking these addresses to determine if anyone has been missed in the count.

Many cities are hoping their "lost" may be found and added to the final "official" census records.

\$1.25 for adults and 75¢ for children under twelve.

The first place winner in each event will be awarded a trophy buckle donated by Earth merchants.

Adding to the excitement of each night's rodeo performance will be the Pony Express tournament.

Tickets may be purchased from members of the Earth Roping Club for a chance at the \$350 saddle made by Labeys in Lubbock.

The tax take of \$12,898 for the year would indicate sales on local taxable items amounting to \$1.2 million for a year's period.

IN 10 YEAR SPAN

Earth Loses Only 10 People In Population Estimate

Earth lost less population than any other town in Lamb County, so says the preliminary 1970 Census population estimate.

Sudan suffered a 24.1 per cent decrease, with a loss of 298 persons from the 1,235 census figure for 1960.

The census tally reveals that Earth shows a loss of 10 persons within the 10-year period.

The county seat, Littlefield, has a preliminary count of 6,677, down 559 from the 1960 total of 7,236.

1970 CENSUS ESTIMATES

CITIES	1960	1970	% DOWN
Amherst	883	822	6.8
Earth	1,104	1,094	0.9
Littlefield	7,236	6,677	7.7
Otton	1,917	1,730	9.5

WELCOME RODEO FANS ATTEND CHURCH SUNDAY

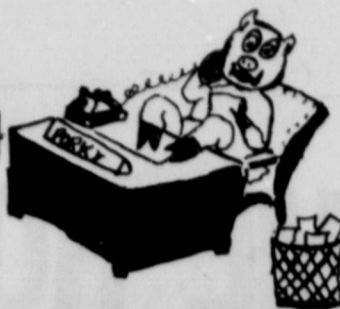

A man without self-control is like a city broken into and left without walls.—(Prov. 25:28).

When we are disturbed by events or conditions around us, we should be patient and poised. We should hold our emotions in check, and take a positive constructive attitude. With this self control we can think through any situation, and with divine assistance come upon the right and just solution.

FORAGE TEST CHANGES--- Effective July 1, the Texas A & M University Forage Testing Service is making changes in the forage testing procedures in order to give a more accurate analysis of a forage's nutritive value, reports A. C. Novosad, Extension pasture specialist. Local county agents have the details.

Hello World

POPULATION EXPLOSION SEEN IN EARTH

The pig population of Earth increased rapidly this week as was proudly announced by the Earth Swine Breeders, Inc., the proud owners of the first two litters born July 6. The first litter totaled six and consisted of four female and two male pigs. The second litter outnumbered the first by four, seven female and three male piggies made up the second litter. The female pigs in the first litter were named Bessy Lou, Matilda Mae, Flossy and Lulu. The male pigs were named Rollo and Porky D. The second litter was blessed with a set of twins, male and female, Maurice and Clarice. The other female pigs were named Gerty, Sasaphras, Petunia, Bessy, Buttons and Liza. The remaining male pigs were

named Percival, Pierre, Bushmo and Little Papa. Darryl Mote is the working manager of the pig farm which is located 1 1/2 miles northwest of Earth. Helping to increase the pig population are 130 commercial sows and 30 registered Hampshires and Yorkshires. The two new litters are commercial or crossbreeds. Mote stated that later in July a lab would be held on the pig farm and the farm will do work for the public. The purpose of the lab will be to run conventional sows through to get SPF (Specific Pathogen Free) pigs. At the time of the interview, Wednesday afternoon, additional pigs of another litter were making their arrival into a new world.

Second Swine Study Underway

The second swine feeding study got underway last week at the High Plains Research Foundation. Past swine studies at the Foundation tested the economics of raising swine in portable pens. Another feeding study, released in the High Plains Research Foundation's annual report in March compared feeding sorghum and Triticale as a base of feeding rations. This study will compare wet

and dry feeding rations utilizing sorghum based feeds. The test will be in portable, raised started floor pens. Used in the study will be 100 head of swine from the Fred Bruegel SPF swine operation in Dim-

mitt. Special equipment necessary to meter and mix the wet feed or "gruel" has been installed for the study. According to Dr. Tom Longnecker, Foundation director, all water received by the 50 pigs on gruel feed will come from the feed and water mixture. The regular watering systems have been removed. Ground milo is being used as the base grain in both the liquid and dry rations along with the necessary protein supplement, minerals, vitamins, etc.

TALENT CLUB EXPANDS AGAIN--- For the 28th straight year, additions are being made to the membership of the exclusive Talent Club. This year 22 outstanding 4-H Club members are being added to bring the membership to near 900. Inductees have shown excellence in 4-H project

work, leadership, citizenship and all-round development. Producers Grain Corporation, Amarillo, sponsors the program and will again sponsor a Texas tour for the new members.

Foam Absorbs Ocean Oil Spills

A new method for cleaning up ocean oil spills has been developed. Rapid oil recovery is possible in the open sea with severe wave action, as well as in protected waters.

Donald Hall, president of

Ocean Design Engineering Corporation, said that the method of recovering oil from the sea is to spray from a vessel large quantities of urethane foam chips onto the surface of the water in a free-floating state.

"The foam chips absorb the oil but not the water," Hall explained. "As the recovery vessel moves through the slick, the foam is contained by booms and is collected on a conveyor belt which lifts them to a compression unit; here the oil is squeezed out of the chips and they are then sprayed back onto the oil slick."

Local TOPS Hold Auction Sale

Members of the Happy Losers TOPS Club met Thursday, July 2, at the Goodwill Centre for their regular weekly meeting and an auction sale. A large selection of various items was auctioned off by Mrs. Faye Hay. The money used for purchasing items had previously been awarded to TOPS members. For the past 18 weeks, \$2.00 in play money was presented to each individual member who was present at TOPS meetings and had shown a loss in weight.

Mrs. Helen Templeton was named TOPS Queen of the Week with a 2 1/2 pound loss. Runnerup with a loss of 2 pounds was Mrs. Anna Mae

Johnson. A total loss of 9 3/4 pounds was recorded by the fifteen members present.

It was decided by the group to set the meeting time up to 4:00 p.m. Thursday, July 9, only due to the rodeo activities which are scheduled to begin at 5:00 p.m.

Attending the meeting were Mrs. Elaine Bean, Mrs. Lucille Barnes, Mrs. Odeal Bills, Mrs. Emily Clayton, Mrs. Faye Hay, Mrs. Jo Houchin, Mrs. Florence Gover, Mrs. Anna Mae Johnson, Mrs. Pat Lewis, Mrs. Mearle Morgan, Mrs. Kate Patterson, Mrs. Lois Rudd, Mrs. Billy Speck, Mrs. Helen Templeton and Mrs. Dorothy Washington.

Shining Light Officers Meet

An officers meeting of the district Shining Light Club was held Sunday, July 5, in the L. A. Littleton, Jr. home. The purpose of the meeting was the making of preparations for the district meeting to be held Sunday, July 19, in Hale Center.

A discussion was held and plans were made for the local group's worship portion of the district program. Theme of the meeting will be "God's Relationship to Man."

Present for the meeting from Earth were Jan Cleavinger, vice president; Roberta Gaston, secretary-treasurer; Becky Littleton, publicity; Marian Dawson, council mem-

ber and local leaders, Mr. and Mrs. Shooter Book, Muleshoe and Spade were also represented at the meeting.

Archie Mitchell Feted With Birthday Party

Archie Mitchell was feted with a surprise birthday party on Monday, July 1, in honor of his 81st birthday. The party was held at the home of Mitchell's sister, Mrs. J. J. Barlow.

Guests present for the occasion were Mrs. Lois Lemmons, Hereford; Mr. and Mrs. J. D. Barlow, Littlefield; Mr. and Mrs. Shorty Barlow, Dimmitt; Bob Wingo, Kim and Robby, Levelland; Marion Barlow, Lubbock; Jimmy Smith, Houston; and Mr. and Mrs. Edd Williams and Mr. and Mrs. L. H. Galloway, Leah and Donny, all of Earth.

Homemade ice cream and cake were served to all attending.

Party Line

Andy and Denise Hartman are spending the week with their grandparents in Lockney.

Rodeo Queen

(Continued From Page 1)

participate in riding and rodeo activities. La Donna has lived in Earth all her life. She is a twirler in the Springlake-Earth High School band and she is a member of FHA. For relaxation and enjoyment, Miss Sigman twirls, sews, plays piano and rides.

DENISE TEMPLE is the 14 year old daughter of Mrs. Peggy Temple and is a freshman at Springlake-Earth High School. This will be Denise's first time to participate in the Earth Rodeo Queen Contest. Miss Temple has lived in the Earth area for five years. She is very active in Rainbows, band and basketball. While in junior high school, Denise served as head cheerleader her eighth grade year, secretary-treasurer of the student council, and was a member of the National Junior Honor Society. Her hobbies include piano playing, making collages, horseback riding, cooking, drawing and soap operas.

SUZY TEMPLE, 16 year old daughter of Mrs. Peggy Temple, is a junior student at Springlake-Earth High School. Last year she participated in the Earth Rodeo Queen Contest. Suzy has participated in riding and rodeo activities for two years. Miss Temple is a cheerleader, vice president of FTA and is also active in band, FHA, Rainbows and basketball. For five years Suzy has lived in the Earth community and her hobbies are reading, swimming, sports and cheerleading.

RENAY JAMES, 15 year old daughter of Mr. and Mrs. J. B. James, is a sophomore student at Springlake-Earth High School. This is Miss James' second year to participate in the Earth Rodeo Queen Contest. Renay has been very active in riding and rodeo activities for several years. The Earth community has been Renay's home for her entire life. Renay's hobby is riding.

The twelve contestants are being sponsored by local merchants.

Bryant's DEPARTMENT STORE EARTH

UMY Meets Sunday For Study

The Earth UMY met Sunday night in the Earth Methodist Church M/F room for a regular weekly study. The program was based on literature concerning the Christian Crusaders from Texas Tech University. The mag-

azine from which this information was taken is entitled "Action" and is published through Texas Tech. Present for the meeting were Ricky Cearley, Pat Cleavin-ger, Marianne Messer and Mr. and Mrs. Bud Matlock.

Fortune - Robnett United

In Marriage

Carla Sue Fortune and Buddie Mack Robnett were united in marriage on July 3 in the home of the bride's parents. Carla is the daughter of Mr. and Mrs. John Cherry of 3217 38th in Lubbock. The parents of the groom are Mr. and Mrs. Zeph Robnett of Earth. The bride wore a street length dress of white trimmed in blue with a short bridal veil. She carried a miniature bouquet of white mums and blue carnations atop a white Bible. The attendants were the parents of the couple. The double ring ceremony was performed by Rev. J. Wade Griffin, assistant minister of the First Methodist Church of Lubbock. The bride is a 1970 graduate of Coronado High School of Lubbock. The bridegroom graduated from Springlake-Earth High School in 1966, attended South Plains College

MRS. BUDDIE MACK ROBNETT (nee Carla Sue Fortune)

in Levelland and is presently attending Texas Tech University. He is employed by the Lubbock National Bank. The couple will be at home at 2317 Auburn in Lubbock.

Springlake GA's Attend Junior Girls Camp

Six members of the Girls' Auxillary of the First Baptist Church of Springlake returned Wednesday, July 1, from Jun-

ior Girls Camp. The camp was held at Plains Baptist Assembly near Floydada on June 29 through July 1.

While attending camp, the girls swam twice daily and afternoons were spent sharing various activities and programs.

On Monday afternoon a "Missionary Tea" was enjoyed by the girls. Mrs. W. A. Solesbee, missionary from the Philippines, gave an informative presentation of the work in which she is engaged. She displayed various souvenirs she had collected while in the Philippines.

Following the evening meal, camp pastor, Palmer McCowan of Levelland, directed the evening worship services. He used as his theme "To Know Him." During the first evening's worship, Bro. McCowan's theme presentation was entitled "I dare you to know Him, to love Him, to serve Him."

Following Tuesday's swimming session the girls enjoyed a program presented by Mrs. Charles Craig of Floydada. "Social Growth," Mrs. Craig's topic, dealt with the instruction of proper posture, appearance, etiquette and various other social graces.

The missionary message was again presented by Mrs. Solesbee. The assembled group viewed films on the Philippine Islands. They were shown scenery, churches, people at work, etc.

Tuesday evening the girls gathered around an open campfire and sang a variety of songs. Wednesday began with a 6:45 a. m. devotional in the camp's Prayer Garden prior to a swimming expedition.

Following worship services and a delightful lunch the girls returned home. During the camp session each girl worked on a single leather craft project.

Members of the camp staff included Rev. Palmer McCowan of Levelland, camp pastor; and associate pastors, Harold Harrison of Whiteface and Johnny Timms of Lazbuddie. Mack Moore of Muleshoe served as music director with camp directors, Mrs. R. H. Layton of the Llano Alto Association and Mrs. Gene Barton of the South Plains Association.

A total enrollment of 367 girls was recorded. There were 52 re-dedications during the session and 22 accepted Christ.

Attending from the Springlake Girls' Auxillary were Bobbie and Robbie Mastey, Tammy Davis, Ranae Winder, Susan Clayton and Sandy Stephenson. Mrs. Delvin Walden, GA leader, and Mrs. Harlon Watson took the girls to the camp site. Mrs. Watson remained Monday night and returned home Tuesday. The group was joined on Tuesday by Mrs. Jim Winder who stayed until Wednesday and helped transport the girls home.

I wish to express my thanks for the prayers, cards, visits, food and flowers during my recent illness. There is no way to repay these kindnesses and a simple thank you seems so small. Nell and I and our children feel that the people of this community have the warmest hearts of any place we've ever lived. I do wish to thank you again.

Carol Pounds

MISS PAM SWINT

Engagement Told

Mr. and Mrs. Frank Swint of Muleshoe announce the engagement and approaching marriage of their daughter, Pam, to Gil Vining of Earth.

Gil is the son of Mr. and Mrs. Glenn Vining of Rt. 2, Earth.

The couple plan to marry August 21. Complete details as to time and place of wedding were not available.

Pam is a 1970 graduate of Muleshoe High School and is currently employed at Western Drug in Muleshoe.

Gil is a 1970 graduate of Springlake-Earth High School and has plans to attend TSTI in Amarillo.

Hello World

Mr. and Mrs. Alvin Pittman are the proud parents of a son born at 11 p. m. Monday, June 29, in the Medical Arts Hospital in Littlefield.

The little lad, named Michael Ray, tipped the scales at 7 pounds and 13 ounces. He measured 21 inches tall.

Michael Ray has four sisters, Sherry, Becky, Debbie and Christie.

Maternal grandfather is T. E. Beason of Rochester, Mt. and Mrs. D. A. Pittman, also of Rochester, are the lad's paternal grandparents. Maternal great-grandmother is Mrs. Ethel Williams of Gorman.

Mrs. Frances Davis, Rodney and Gary were weekend guests in the Clifford Bills home in Denver City.

WSG Enjoys Fun-Filled Evening

Members of the Earth Wesleyan Service Guild and the Women's Society of Christian Service had a combined meeting Monday night at the United Methodist Church. The group enjoyed a fun-filled night of games, followed

by a delicious salad supper. Mrs. Dub Martens was in charge of the program. During a short business session, the group voted to purchase a new refrigerator for the church kitchen. Sixteen members were present for the meeting.

The Senior High MYF met Sunday at the Fellowship Hall of the First United Methodist Church of Earth for a regular meeting.

The group discussed plans for "Summer Seminar" which is to be held during the final week of July. Members will meet nightly to view films, have discussions, share experiences and inspiration and to have fun during the annual event.

Tentative plans were discussed for a skiing expedition to be held at Buffalo Springs Lake.

Approximately 20 MYF members were present for the meeting along with directors, Mr. and Mrs. Ross Brock.

Party Line

The Robert and Ed O'Hairs and Mr. and Mrs. W.C. Stout will have Sam and James Clinton of Portland, Oregon, visiting in their homes this weekend. Sam Clinton is a brother-in-law of Robert and Ed and Mrs. Stout.

Mrs. Alvin Pittman was dismissed Saturday from the Littlefield Medical Arts Hospital.

MR. and MRS. RICKY RUSSELL

Graves - Russell Wed In Jacksonville

Miss Becky Graves and Ricky Dale Russell pledged wedding vows Saturday, June 20, in the Enterprise Baptist Church in Jacksonville.

Rev. W. E. Nunn directed the exchange of vows before an archway entwined with greenery and adorned with satin bows. White candles completed the nuptial decor.

Parents of the couple are Mr. and Mrs. Billy Russell of Springlake and Mr. and Mrs. Buddy Graves of Jacksonville.

Mrs. Bert Jimerson of Jacksonville, pianist, accompanied Dianna Claiborne, also of Jacksonville, as she sang "True Love."

The bride, given in marriage by her father, wore a formal length dress of white satin with lace accents on the empire bodice. Her train was attached at the shoulders and her illusion veil fell from a satin Dior bow.

Debbie Belk of Jacksonville was matron of honor and Ramona Russell, sister of the groom, was bridesmaid. They

wore street length empire dresses of blue and white and carried long stemmed white carnations.

Billy Russell was his son's best man, Richard Meador of Jacksonville, uncle of the groom, was groomsman. Reggie Russell, brother of the groom, was ring bearer and Tina Meador, cousin of the groom, was flower girl. Guests were seated by Oscar Graves and William Wiggins, both of Jacksonville, Teresa Bass registered guests.

Candles were lighted by J. D. Graves, brother of the bride, and Robert Russell, brother of the groom.

A reception was held in the hospitality room of Building and Loan. The bride's table was laid with a white lace cloth. The traditional three tiered wedding cake, topped by a miniature bride and groom, and punch were served from silver and crystal appointments by Faye Daniel and Valerie Daniel.

The groom's table was laid with a white satin cloth. Chocolate cake and coffee were served by Karen Jimerson and Mrs. S. N. Meador.

The couple are at home in Springlake after a wedding trip to Tyler and Six Flags Over Texas. The groom is employed with Springlake Welding.

The bride attended Jacksonville High School, Russell attended Springlake-Earth High School.

Methodist Youth Hold "Sharing Time" Meeting

On Friday, July 3, approximately 25 Methodist Youth met in the O. M. Cleavinger home for a "Sharing Time" meeting.

Several youth volunteers participated in "Conversational Prayer." During this time, the youth repeated aloud prayers for others and for themselves.

Several members of the group shared their individual Christian experiences and others read and discussed various Bible scriptures.

The Methodist Youth sang two selections prior to listening to the recording "Bridge Over Troubled Waters." The group then applied the verses as to how God may be talking to Christians and others.

"Sharing Time" meetings are informal get togethers during which the youth are given an opportunity to relate their individual feelings toward God and tell of the work they have done for God.

Refreshments of cookies and punch were served by hostesses Jan and Pat Cleavinger to those attending.

Party Line

Mrs. Alice Martin returned home Thursday from South Plains Hospital in Amherst.

Earth WMS Hears Home Missions Program

The WMS of the First Baptist Church of Earth met for a regular meeting at 10 a.m. Tuesday, July 7.

The meeting was opened by Mrs. R. S. Cole reading the scripture, Luke 6:37-42, and the Prayer Calendar.

The group participated in the presentation of "Home Missions in Mexico." First Baptist work started in Monterey, Mexico, in 1862. Both American Baptists and Southern Baptists support missionary activity in Mexico. American Baptists have worked largely in the eastern part of the country while the Southern Baptists have worked mostly in the western part.

In 1965 the two groups of Baptists worked together to unite their various churches into a single convention known as the National Baptist Convention of Mexico.

The convention sponsors active home mission programs

supporting numerous missionaries who work mainly among the Indian tribes of Mexico.

Mrs. Lillie Wuerflein gave the background information on the Indians of Mexico and their religious activities.

The group participated in a general discussion of "Student Homes." These are Christian homes opened to students who are attending various schools and colleges. It was reported that more than 75 percent of non-Christian students who reside in these homes are converted. Examples of work done by these students were given by the remainder of those attending. They were Mrs. Alice Martin, Mrs. Price Hamilton, Mrs. David Hartman and Mrs. R. S. Cole.

The group discussed the "Crusade of the Americas" follow-through. The crusade was held two years ago when American churches went to Old Mexico and presented the

Couple Attends Class Reunion

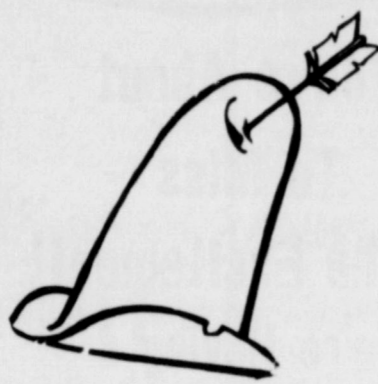

Mr. and Mrs. Dean Jones of Earth attended a class reunion in Olton Sunday for the 1960 graduating class of Olton High School.

A banquet luncheon was served at the Coachman Restaurant in Olton during the noon hour. Following the banquet the class members and their guests gathered at the Olton Recreation Center for a continuation of the event. A group from Slaton provided the entertainment for the reunion.

Approximately 50 graduates and their spouses attended the tenth year reunion. Mrs. Jones was a member of the 1960 graduating class of Olton.

The various ways in which Baptists can minister to the Mexican-American families of our own community, especially to the migrant workers who are in the area during the summer months.

Kitchen Shower Honors

Judy Jaquess

Miss Judy Jaquess, bride-elect of Dustin Thomas, was honored with a Kitchen Shower Thursday, July 3, from 5 to 7 p.m. in the home of Brenda Roberson.

The bride-elect's chosen colors of pink and white were used throughout in the decorations.

Guests were registered by Connie Kelley from a registry table centered by the bride's

book. The long white registry pan was topped by a beautiful feather.

The serving table was laid with a pink cloth overlaid with white lace. The lovely centerpiece was composed of a Hallmark accordian Bridal Doll resting on a circular white crocheted doily enhanced by pink roses along the outer edge. The lovely doll was holding a bridal bouquet of white accented by

pink ribbon. White sheet cake, pink punch, mints and nuts were served from crystal appointments by Joan Dudley and Jennifer Myers.

The honoree was presented with a corsage composed of a dish cloth decorated with various miniature kitchen utensils.

The hostesses' gift was a white electric mixer and a set of mixing bowls of various shades of green.

Hostesses for the occasion were Joan Dudley, Jennifer Myers, Vicky Gregory, Lauren Earnest, Gloria Stephens, Bobbie Jan Blackburn, Janis Bridge, Connie Kelley and Brenda Roberson.

RENAY JAMES

WMU Discuss Mission Groups

The Springlake WMU met Monday morning at 9 o'clock in the Springlake Baptist Church.

Mrs. Herbert Miller was in charge of the program. She used as her topic "Prophetic Voices." During the program, the group discussed current mission groups.

Mrs. Lowell Walden was in charge of the business session. There was a short discussion on changing the WMU meetings from Monday mornings to Tuesday afternoons.

Those attending the meeting were Mrs. Lowell Walden, Mrs. Herbert Miller, Mrs. Don Holmes and Mrs. Ernest Baker.

Earth Rainbows Host Joint Meeting

Approximately 75 Rainbow girls from Earth, Hale Center, Mulshoe and Plainview met at 5:00 p.m. Monday in the Earth Masonic Hall for a patriotic program followed by a party at the local swimming pool.

Becky Littleton, Worthy Advisor, presented a program on patriotism. Mrs. Doug Lewis gave the life history of W. Mark Saxon, the founder of Rainbows. This joint meeting was in honor of his birthday.

The following Grand Officers were present: Connie Kelley, junior member of the Grand Finance Committee; Mrs. Donald Kelley, Grand Visitor; Miss Joy Riddlehuber of Plain-

view, Grand Representative from Arizona to Texas; and Miss Robin Gretchel of Montana, Grand Faith in the Montana Grand Assembly.

Connie and Mrs. Kelley were presented Grand Officer pens from the Earth Assembly. Mrs. Phillip Haberer, Mother Advisor, presented color bars and merit badges. Receiving merit badges were Vickie West and Vicki Wisian. Receiving two color bars was Kieta Haberer.

Karen Hinchliffe gave a report on the Grand Assembly. Two past members, Anita and Donita Kelley were introduced at the meeting. Refreshments of sandwiches,

My Neighbors

"Oh, come off it!"

dips, homemade ice cream and lemonade were served to the Mother Advisors, guests and Earth Rainbow members at the local swimming pool.

Seventeen Earth Rainbow girls were hosts to the meeting.

MH/MR Center Open House Slated

Open House for the Central Plains General Hospital and the Central Plains Comprehensive Community MH/MR Center will be August 1 and August 2 from 2 to 5 p. m. in Plainview. The hospital is located on the corner of Yonkers Street and the Dimmitt Highway in Plainview.

The Central Plains General Hospital will replace the Plainview Hospital and the Medical Center Hospital in Plainview. There are 23 active doctors on the hospital staff. Sixteen of these doctors are board certified. There are 3 courtesy doctors on the staff in addition and 4 dentists.

There are 151 beds in the hospital to accommodate patients. Of these there are 6 V.I.P. rooms for those who want special luxury accommodations.

The Central Plains Comprehensive Community Mental Health/Mental Retardation Center adjoins the hospital on the west. This center is chartered to serve nine counties: Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Motley, Parker, and Swisher. The Center will have a full time psychiatrist, Dr. Mary Bublitz. In addition there will be psychologists, social workers, recreational and occupational therapists, mental health workers and mental health aides. There will be 25 inpatient beds for acute cases. This is a short term care facility for problems of mental health. The Mental Health Center will have an outpatient clinic, partial hospitalization facilities. The Center will be the hub for education and consultation for professional and lay people of the nine counties. Mental Retardation problems will still be handled through the High Plains Children's Training Center, Plainview, which is one of the units of the Mental Health Center.

Elizabeth Woodley, Coordinator for the Mental Health Center, can be reached by calling 296-5289 or writing her at P. O. Box 578, Plainview 79072.

Area Navigation Permits Greater Airport Traffic

A new navigational system has been developed to permit general aviation to utilize the 9,800 or so airports when weather conditions call for instrument flying. This is in addition to the 200 airports that are equipped with Instrument Landing Systems (ILS).

The flight system known as Area Navigation has airborne computer equipment developed by Butler National Corporation of Mission, Kansas, and according to the company "is a giant step forward toward reducing the strain and workload on the over-burdened air traffic controller."

A FAA simulated project for the greater New York area indicated an hourly departure operation rate increase of 140 per cent, and arrival rate increase of 97 per cent.

Sportsmen Fight Pollution

A new group, the Rebel Packrat Society, is being organized nationally, for sportsmen interested in fighting pollution.

They are pledged in the fight to *unlitter America* and to clean up any littered area that they encounter regardless of who might be responsible for it.

The "society" has been initiated by Rebel Lures, division of Plastics Research and Development Corporation, 3601 Jenny Lind Road, Fort Smith, Arkansas 72901.

CONNIE KELLEY

Methodist VCS Ends With "Sharing Time"

The 1970 session of the Methodist Church School ended Sunday, July 5, with "Sharing Time." A total enrollment of 86 was recorded for the school with an average daily attendance of 82.

"Sharing Time", held during the regular Sunday evening worship services, was presented by VCS students. The program was opened by the entire school enrollment joining together to sing several selections. Presentation of musical selections were then rendered by the individual classes prior to the sharing of the week's activities by students.

Classes for the VCS were held from 9-11:30 a.m. daily June 29 to July 3. Mrs. Richard Bills served as school principal with Mrs. Doug Parish as director.

Workers included Mrs. Ed

Dawson and Mrs. Jimmy Nix, nursery II; and Mrs. Phil Neilson and Mrs. Marvin Deen, Jr., kindergarten. Mrs. Rayburn Ott and Mrs. Jimmy Shirley instructed elementary 1 and 2 with Mrs. Jerry Jones and Mrs. Don Curtis in charge of elementary 3 and 4.

The Day Camp group, ages 11 and 12 which met daily from 9 a.m. until after lunch, was supervised by Mrs. Earl Jordan and Mrs. Norman Sulser.

Mrs. Johnny Corbet was in charge of the infant nursery for mothers who worked in the Vacation Church School.

Serving as chairman of the Kitchen Committee was Mrs. Don Randolph. Refreshments were provided by mothers of VCS students.

a three week tour through American history with Wayland College and the Plains American Heritage Program. Approximately fifteen students will be traveling by bus to various points of historical interest with tour information and instruction provided by Given Morris, professor of history at Wayland College.

The students can earn three hours' credit in one of several history courses during the three week tour or they may take the tour non-credit.

The group will leave Plainview at 7:30 Monday morning making their first overnight stop in Memphis, Tennessee. From there their next destination will be Bristol, Virginia, via Nashville and a stop at the Hermitage, Andrew Jackson's famous home. After Nashville, a ride through the Smoky Mountains of East Tennessee will take the group to Bristol. The next day a journey between the Blue Ridge and Appalachian Mountains will end at Charlottesville, Virginia, where they will visit Monticello (Jefferson's home) and Ash Lawn (James Monroe's home.)

Other stops made and historical areas enjoyed will include Maryland and an afternoon at Gettysburg; Philadelphia, the "City of Brotherly Love"; Valley Forge and a visit to Independence National Historical Park; Albany, New York, via Morristown National Historical Park; Saratoga Battlefield; Boston, Lexington and Concord; Old North Church, Paul Revere's home, Salem, Plymouth, New Bedford, Providence, New Haven, Connecticut; New York City and visits to the United Nations and the Statue of Liberty; Fort McHenry in Baltimore, Maryland; Annapolis, Washington, D.C. and a special guided tour through the White House; Arlington Cemetery; Curtis-Lee Mansion, Mount Vernon and Gunston Hall (George Mason's home); Fredericksburg Battlefield; George Washington's birthplace and Stratford Hall; the Confederate War Museum; John Marshall's home in Richmond; Jamestown, Williamsburg, Greensboro, North Carolina; Montgomery, Alabama; via Atlanta; to New Orleans and a visit to Andrew Jackson's famous battlefield plus a look at Bourbon Street at night. From New Orleans the group will travel to Fort Worth and return to Plainview on August 2.

WELDA BARTON

Ellaine Hanson Enrolled In WT Music Camp July 12-24

Mrs. Smith Services Tuesday

Mrs. Fannie Smith, 77, a longtime resident of Lamb County, died at approximately 2:30 a. m. Monday in Littlefield's Hospitality House, where she had been a resident four years.

Services were held at 3 p. m. Tuesday in the Amherst First Baptist Church with the pastor, Glenn Wilson, and David Hartman of Earth officiating. Burial was in the Amherst Cemetery under the direction of Payne Funeral Home of Amherst.

Mrs. Smith moved to the area from Sweetwater, Oklahoma, in 1928 and moved to Amherst in 1944.

She is survived by a daughter, Mrs. Oleta Sawyer of Earth; three sons, Ray of Onyx, California, Otha of Littlefield and Richard of Ely, Ne-

vada; six sisters, Mrs. Mattie Retser, Mrs. Fred Crawley and Mrs. Catherine Hamilton, all of Hollis, Oklahoma, Mrs. J. B. Downs of Vinson, Oklahoma, Mrs. Jack Hunter of Clinton, Oklahoma, and Mrs. Nadine Minyard of Faithful, Arkansas; four brothers, Winston Trench of Apple Valley, California, Everett and Daniel Trench, both of Vinson, Oklahoma; 10 grandchildren and 10 great-grandchildren.

Pallbearers were grandsons Ronnie Smith, Jerry Smith, Howard Smith, Troy Dutton, Darrell Sawyer and Gayle Sawyer.

Mrs. Smith's father, D. M. Trench, came to this country from England in the late 1880's. Trench was born in Jamaica, where his father served as gov-

ernor. Mrs. Smith was also a relative of Queen Victoria who served as queen of Great Britain and Ireland from 1837 to 1901, and her son Edward, who served as king from 1901 to 1910.

Since Queen Victoria was the grandmother of Emperor William II of Germany (better known as Kaiser Bill), he and Mrs. Smith were distant cousins, as she was to Czar Nicholas II of Russia.

Due to the extreme modesty of the family the secret was not revealed until the death of Trench in 1964.

Party Line

Weekend visitor in the home of Mrs. Alice Martin was Ralph Martin of Amarillo.

CANYON--Ellaine Hanson, 17, of Earth, is enrolled in the 18th annual West Texas State Music Camp, July 12-24.

The camp, on the campus of West Texas State University, has enrolled a record 1,070 teen-aged musicians from six states and eighty-six Texas towns.

Miss Hanson, daughter of Kenneth Hanson, plays clarinet and is a senior at Springlake-Earth High School.

Pearl May Woods Rites Held Sunday

Funeral services for Mrs. Pearl May Woods, 79, of Lamar, Colorado, were held Sunday, July 5, at 2 p. m. in the First Christian Church of Lamar. Rev. Sherman Nichols officiated. Burial was in the Lamar Cemetery.

Mrs. Woods died July 2 in the Prowers Medical Center at Lamar following five weeks of illness.

She was born in Ohio on September 8, 1890. She and her husband homesteaded at Running Water near Edmonson from 1916 until 1921.

Survivors include her husband of 59 years, Arthur of Lamar, Colorado; a son, Ralph R. Woods of Springfield, Colorado; two daughters, Mrs. May Mountain and Mrs. Opal Williams, both of Lamar, Colorado; six grandchildren and 13 great-grandchildren.

Mrs. Woods was the grandmother of Mrs. Robert Higgins of Earth.

FHA Girls To Sell Ice Cream

Members of the Springlake-Earth Chapter of Future Homemakers of America will sponsor ice cream concession stands during the rodeo parade Thursday starting at 4:00 p. m. The girls will be selling homemade ice cream at four locations in Earth: La Casa Motel, Citizens State Bank, Earth Super Save and Dent Farm Supply.

Dishes of homemade ice cream may be purchased at 25¢ each. The money will be used for FHA projects during the forthcoming year.

Five Earth Boys Named To Babe Ruth All Stars

The Babe Ruth All-Stars have been selected from the local area. Boys in this group are from age 13 to 15.

Head coach for the Babe Ruth All-Stars will be R. V. All-Corn. Assistant coaches will be J. R. Banks and J. L. Snider.

The district tournament will be held in Dumas July 13-17. The teams to meet in this competition are Spearman, Muleshoe, Plainview, Olton, Dumas and Canyon. Our local team will play Plainview in their first district game in Olton Monday night. From there they will go to Dumas.

The state tournament has been set for July 26-31 in Brownfield.

Local boys from Earth named to the All-Star team are Bobby Jack Angeley, Larry Thomas, Guy Lynn Davis, Brian Sanderson and Carl Sul-

ser. Selected to play from Parsons Funeral Home are Dale Parsons, Tim Givens, Keith Workman and Carson. Pablo Longoria was selected to play from Halfway. Boys selected from Jack Straw Gin are Monty Chitwood, Vic Allcorn, Bryan Allcorn, Jack Richards, Marlos May and Jimmy McCurry.

Alternates named were John Suddath and Kenneth Burgess of Jack Straw Gin.

Cliff Daniels of Earth was awarded the Sportsmanship Award Friday night at the Olton game. Entered for the award were David Leathers of Parsons Funeral Home, Jim Gresham of Halfway and Charles Garrett of Jack Straw Gin.

The local Babe Ruth team will be practicing daily this week in preparation for the forthcoming district tournament.

Mighty Mets Finish In First Place

The mighty Mets scored 11 runs Tuesday night to defeat the Red Sox in their final game of the season, 11-0.

Pitching for the Mets were Johnny Cleavinger and Randy Latham. Holding the mound for the Red Sox were Brad Barden and Lee Brown.

Scoring for the Mets were Johnny Cleavinger and Randy Latham, with 3 runs each; Armando de Leon scored twice; and Brent Washington, Cliff Wood and Brad Bridges each scored one run.

Making runs for the Red Sox were Lee Brown and Royce Earl Jordan with 2 runs each; Ronnie Thomas, Terry Hood, Brad Barden, Keavin Kelley, Brent Been and Ray Van Banks each scoring 1 run.

This final game of the season put the Mets in first place and the Red Sox in third place.

SUZY TEMPLE

His being selected to receive this award was based on his participation in the Texas Interscholastic League's academic events, high school scholastic and extra-curricular activities, and upon his high school principal's recommendations.

Mike will enroll at Texas Tech this fall where he will be majoring in physics. He has tentative plans to minor in electrical engineering.

Mike is currently employed at the Earth Super Save.

Party Line

Calvin Martin of Floydada spent Sunday night in the home of his mother, Mrs. Alice Martin.

Overnight guest Monday in the home of Marian Dawson was Regina Cole.

Red Sox Fall To Giants 6-2

The Giants and Red Sox of the local Little League clashed Thursday, July 2, at the local ball park when the Red Sox fell to the Giants 6-2.

Giants pitchers, Roger Howell and Larry Dear, were able to hold their opponents to six hits and two runs. Lee Brown and Brad Barden, pitching for the Red Sox gave up six hits and six runs to go down as the losing pitchers. One error was committed by each team.

A total of 2 base on balls was recorded by the Red Sox while the Giants recorded 4.

Runs for the Giants were racked up by Mark Barton and Cokey Hopping, each with two; while Rodney Geissler and Larry Dear scored one each.

Brent Been and Lee Brown crossed home plate for the Red Sox scores.

With one game each to be played in the 1970 baseball season, the two teams held their respective standings. Second place holders for the season are the Giants with the Red Sox close behind in third.

Mets Slaughter Yankees 22-4

A grand slam home run was hit during the third inning of competition between the Mets and Yankees of the local Little League Friday, July 3. The home run was hit by Randy Latham to bring in the only 4 runs scored by the Yankees as they collapsed before the Mets 22-4.

Serving as pitchers were Randy Latham of the Mets and Eric Freeman of the Yankees.

Scoring on Bills' homer for

the Yankees were Joe Fulfer, Eric Freeman, Rene Guanz and Bills.

Mets scorers were Cliff Wood with 4; and Johnny Cleavinger, Carlton Gregory, Jeff Washington and James Hanson, 3 runs each. Armando de Leon and Randy Latham scored 2 each and Brent Washington and Brad Bridges each crossed the plate for one run.

ATTEND CHURCH SUNDAY

Three Local Boys Pass Physical Examination

Three local boys passed their physical examinations for the armed forces at the induction office in Amarillo Tuesday. The three passing the examination were Bryan Hulcey, James Thomas and Lonnie Adrian.

Bryan Hulcey, son of Mr. and Mrs. Hershel Hulcey, is a 1970 graduate of Sudan High School. He will be inducted into the Air Force the first week in August.

James Thomas, son of Mr. and Mrs. J. B. Thomas, will be inducted into the Navy some time in October. James is a 1967 graduate of Springlake-Earth High School and is currently employed in Hous-

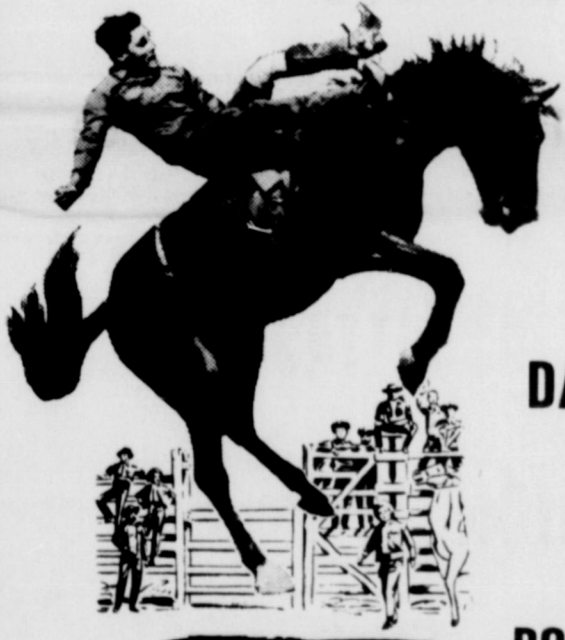

ton at the Houston Pipe Bending Company.

Lonnie Adrian, son of Mr. and Mrs. G. L. Adrian, is currently attending college at West Texas State University in Canyon. No further information concerning his time of induction was available at press time Wednesday a.m. Lonnie is a 1966 graduate of Springlake-Earth High School.

Local Student Awarded Scholarship

Mike Wages, son of Mr. and Mrs. James Wages, has been awarded a Clark Foundation scholarship in the amount of \$750 for the academic year 1970-71.

Consumer Buying Census Taken

Questions on consumer buying and home improvement expectations will be asked by representatives of the Bureau of the Census in this area during July, according to Walter A. Freeman, Jr., Director of the Bureau's regional office in Denver.

The questions are asked four times yearly as part of a nationwide effort to collect information as a guide to Federal agencies and other groups in developing programs based on consumer spending patterns. A sample of residents in this area will be asked if they expect to buy a house, car, or major appliance during the next year and if they have made recent purchases of these items. Homeowners will be asked about home improvements and repairs during the last three months and any planned for the future. For the first quarter of 1970, the survey showed an increase in the number of households expecting to buy a used car compared to April 1969; there was no corresponding upswing in new car expectations. Expectations to buy houses remained depressed. Expectations to buy furniture, floor

coverings, and home improvements were not significantly different than in April 1969. Information supplied by individuals participating in the

survey is kept confidential by law, and will be published only in the form of statistical totals.

The Census Bureau representative in this area is Mrs. Rosemary McNeese of Amherst.

garding any of the books offered for adoption. A copy of procedures, approved by the State Board of Education, governing appeals is available at the ESC in Lubbock and will be explained to any citizen making inquiry about it.

The State Textbook Committee will make its recommendations from the list on September 16. The responsibility for giving approval to the committee's recommendations rests first with Dr. J. W. Edgar, commissioner of education, and finally with the State Board of Education.

Textbooks adopted from the list will be available for distribution to Texas school pupils for the school year beginning September 1, 1971. Local school officials may choose one or more of the several textbooks adopted for each subject, which means that the selection of specific texts from the state approved list for each school system will be made by local school district selection committees and local school boards.

LET THE CATTLE DO IT--- Beef and dairy cattle, including lactating cows, can treat themselves with safe, approved insecticides to control horn flies. All that is needed, advises Waldon Newton, Extension entomologist, is a self-applier bag or bags properly stocked with dust containing either 3 percent Clodrin or a 1 percent coumaphos (Co-Fal) and located so the cattle will contact the bags as they go about their daily routine. Local county agents can supply details on the device, Newton says.

Pre-Built Housing Planned in Virginia

Factory-finished modules for town houses and garden-type apartments will roll off the assembly lines of the Urban Systems Development Corporation plant in Fredericksburg, Va., by the end of the year.

The plant is expected to produce 700 dwelling units next year, with the maximum output of 1,400 at the 68,000-square-foot facility by 1973.

USDC's goal, according to President Rex Garrett, "will be to produce housing as good as or better than conventionally built homes and at lower cost. In appearance, the modular home will look exactly like a conventionally built unit."

FINANCIAL FACTS

By: Norlan Dudley

Do you know how to buy furniture so you get your money's worth?

When buying an upholstered piece of furniture there is not too much you can tell by visually inspecting the piece because everything is covered up. Here are a few things that might determine the value of the article.

If the cushions don't fit tightly, it indicates poor workmanship and sloppy construction. Are the buttons tight? Are there any untrimmed threads on the cushions? If the furniture doesn't pass these inspections don't buy it. It is poorly constructed.

If it passes the visual tests, try it for comfort. Sit in it as you would if you were at home. Needless to say, if it

doesn't feel right, shop around some more.

Watch Next Week For Money Management

This is a good area. Let's use our energies in a unified effort to make good better.

Learn To Swim Safely

Summer swimming can be fun for all--if the chances of water hazards are decreased by the correct knowledge of swimming techniques. Beginning at 9 a. m. Monday, July 13, intermediate swimming classes are scheduled to begin at the local pool. These classes are for persons who can swim but would like to learn various strokes to increase their swimming ability.

Pool manager, David Jaquess, and Criss Dent will instruct those participating in the American crawl, side stroke, breast stroke and elementary back stroke.

Anyone interested in joining the classes is urged to be present Monday, July 13, at the City Pool.

Intermediate swimming classes were held earlier this summer and due to the excellent response to those classes and the many requests for further intermediate instruction, this second session was scheduled.

Jaquess reported that the 10 persons presently enrolled in the life saving classes are doing extremely well. The two week course, which began July 6, is open to persons ages twelve and up. Daily classes begin at 10 a. m.

Phases of life saving procedures being instructed include a review of the American crawl, breast stroke, side stroke and elementary back stroke in addition to all skills of life saving both in and out of the water. Demonstrations of artificial respiration and the various ways of releasing a panic stricken drowning victim's hold safely are also being given. Safety instructions for swimming in lakes and other woody areas are explained by class instructors, David Jaquess and Criss Dent.

The classes are given in compliance with the National Red Cross Life Saving rules and procedures. Any person holding a certificate in senior life saving is eligible to serve as a life guard at any pool.

Elementary life saving techniques are explained in every swimming class given at the local pool.

City To Buy New Pickup

The Earth City Council met Monday night and made plans to take bids on a new city pickup. Also decided at the meeting was to change the signs "Yield Right of Way" from Elm Street to 3rd Street. The minutes were read and approved and bills were reviewed.

Presiding over the meeting in the absence of Mayor E. C. "Shorty" Kelley was Mayor pro tem Bill Bryant. Present for the stated meeting were aldermen Neil Pounds, Doug Parish, Bob Belew and H. S. Hickman. Also attending the meeting were water superintendent, Johnny Enloe, city attorney, Andy Stroebel and city secretary Mrs. Betty McAlpine.

My Neighbors

Seashore Saver

A new concept has been successfully tested to provide a permanent solution to preventing erosion and the rebuilding of eroded areas. Gray Tech Industries, Inc., in cooperation with the Coastal Engineering Laboratory of the University of Florida, in Gainesville, uses a natural bal-

ancing of hydraulic forces to obtain a resultant deposit of sand and to stabilize in-place shore currents, backwash, and permanent solution to the undertow. This Conquik method problem.

The sea erodes huge areas of the coastline by tidal and long-breakthrough needed for a shore currents, backwash, and permanent solution to the undertow. This Conquik method problem.

Services Held Monday For Local Resident

Services were held Monday for Joseph Cullen Randolph, 60, at 10:30 a. m. in the Earth First Baptist Church with the pastor, David Hartman, officiating. Interment was in the Earth Cemetery under the direction of Parsons-Ellis-Singleton Funeral Home of Earth.

Randolph, a longtime resident of Earth, died Saturday in Amherst's South Plains Hospital.

Born at Waxahachie, Randolph was inducted into the service January 21, 1941, and served in Co. K, 141st Inf. Reg. T/5. He was discharged

on June 20, 1945. He later moved to Earth where he was married on January 18, 1950.

Randolph is survived by his wife, Leola; two children, Sandra Jo Koontz and Steve, both of Earth; three brothers, Henry Randolph of Abilene and Ralph Randolph of Pharr; three sisters, Mrs. Anson Spears of Waxahachie, Mrs. Lester Marchbanks of Dallas and Mrs. Opie Crowell of Odessa.

Pallbearers were Ronnie Hedges, Bobby Hedges, Eddie Hedges, Gene Jones, Don Randolph and Cecil Marchbanks.

Freddy Kelley Returns To Base Following Leave

Freddy Kelley, son of Mr. and Mrs. Clarence Kelley, left Tuesday afternoon to return to the Naval Air Station in Alameda, California, where he is currently stationed. Kelley serves as an aviation electronics mate, involving electrical maintenance on aircraft.

After being stationed in Jacksonville, Florida, for six months, Kelley was transferred to Alameda, California, in November of 1969, where he has been stationed for 1 1/2 years. Kelley expects to be stationed elsewhere in November.

The local Navy man has been home on leave, visiting his family and friends for the past

A/3C FREDDY KELLEY

three weeks. Kelley is a 1966 graduate of Springlake-Earth High School and attended Wayland Baptist College in Plainview. He enlisted in the Navy in February of 1968.

LETTERS TO THE EDITOR

Earth News-Sun
c/o City Editor
Earth, Texas 79031

Dear Sir:

I cordially invite you to attend an Action Meeting of Texas Communities Tomorrow—a program whose goal is to revitalize our small communities.

The meeting will be held at Texas Tech University, Student Union Ballroom, Lubbock, Texas, on Thursday, July 9, with registration beginning at 8:30 a. m. An advance registration card is enclosed for your convenience.

Texas Communities Tomorrow is a new program that brings the knowledge and resources of state agencies and those of appropriate federal agencies to bear on the problems of small communities. Representatives from state and federal agencies, as listed in the enclosed program, will explain resources and services available to assist local individual problems during the afternoon session.

I look forward to seeing you at this meeting.

Sincerely,

Preston Smith
Governor of Texas

Littlefield Man Named Bush County Chairman

Congressman George Bush of Houston has announced the appointment of Jim Davidson of Littlefield as his Lamb County chairman for the Bush for U. S. Senate campaign.

"Everything since the primary has been encouraging," Bush said, "and the enthusiasm of people like Jim Davidson definitely will be a major factor in the months ahead. I'm happy to have him join my campaign team and help in Lamb County."

Bush was elected to Congress in 1966 and in 1968 was the first Texas Republican to be re-elected to the Congress without opposition. He is presently a member of the Ways and Means Committee, the most important committee in the House. He is chairman of the Republican Task Force on Earth Resources and Population. He has actively sponsored legislation concerning urban affairs, bilingual education, setting priorities in federal spending, conservation, and Congressional ethics.

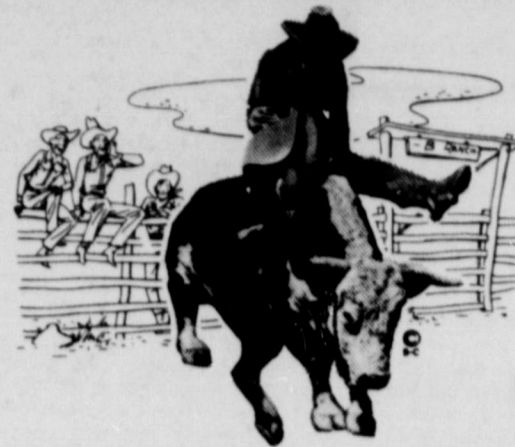

Davidson, a feedlot operator and cattle feeder, received his bachelor of science degree from Oklahoma State University.

He served in the U. S. Army during the Korean War and obtained the rank of first lieutenant.

Davidson is a member of the

First Presbyterian Church, and manager for Congressman

He and his wife, Jane, reside at 605 E. 12th Street in Littlefield. They have six children: Sally, 18; Mary, 16; Ben, 9; Jim, 7; Bill, 6; and John, 20 months.

Success For UFWOC May Be Near

According to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, California's union-fomented labor strife in recent years may well be the harbinger of things to come for all U. S. agriculture.

Johnson points to Cesar Chavez' California-based United Farm Workers Organizing Committee as the driving force behind unionization of agricultural labor and says "There are any number of strong indications that success for UFWOC

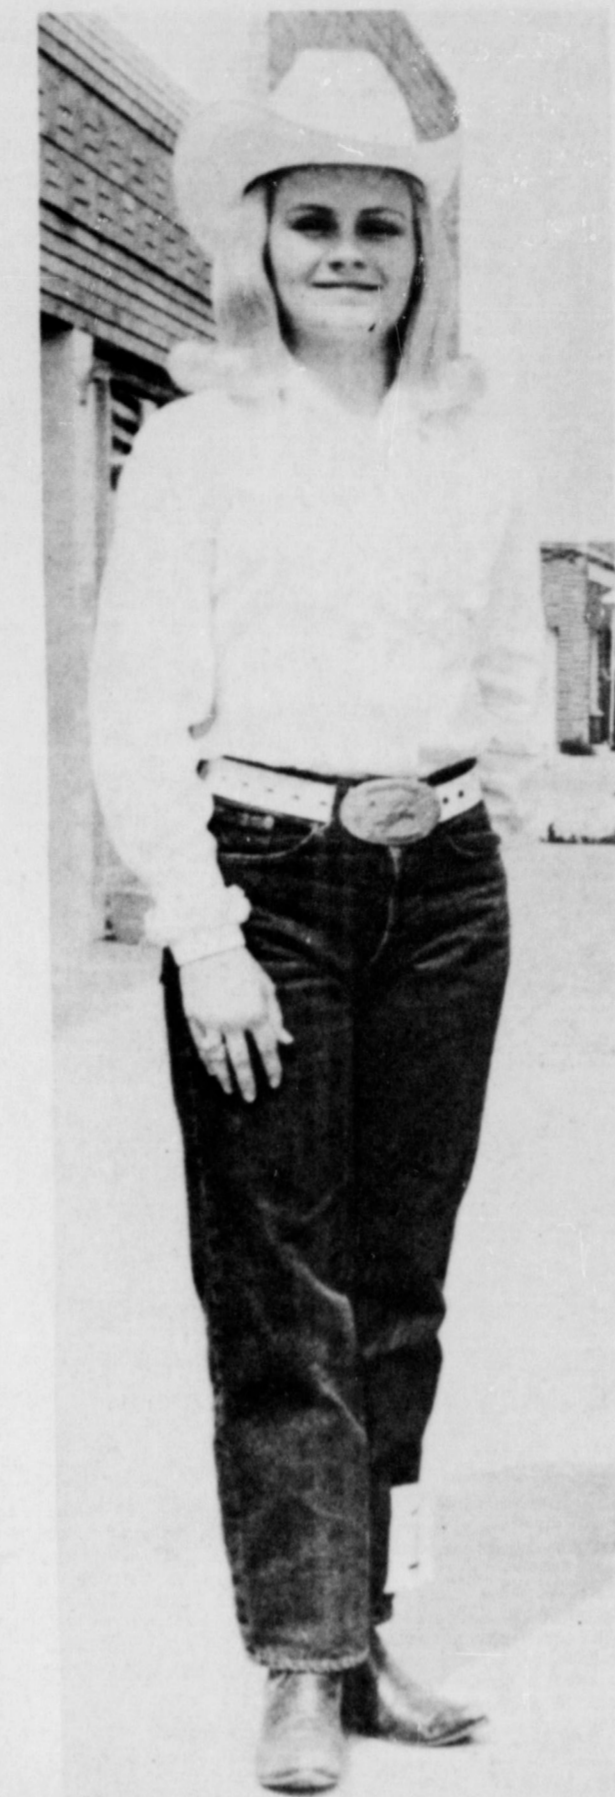

may be just around the corner." He predicts the following developments which seem to be turning the tide in favor of UFWOC:

(1) While only about 20 percent of California's agricultural labor force is unionized, an ever-increasing number of non-union farm workers are refusing to cross a UFWOC picket line.

(2) As a result of the must UFWOC has signed contracts with some 19 grape growers and negotiations are in progress with several other firms.

(3) UFWOC recently announced a worldwide boycott against Tenneco, a multi-billion dollar conglomerate of chemicals, natural gas, oil, manufacturing and construction, with a land division that farms around 125,000 acres in diversified crops.

(4) Picket lines were set up last month around cantaloupe fields in the Imperial Valley of California and the largest melon grower in the area, Ben Abatti, has agreed to recognize the union because he

LA HONDA LAYMAN

couldn't get enough non-union workers to harvest his crop.

(5) The UFWOC took years to gain its first few contracts, but within the past two months a total of 22 growers have recognized the union and all but one have signed contracts.

"UFWOC's success story goes on and on," Johnson states, "and the organization's financial structure is reportedly getting stronger every year. The threat of unionization of farm workers cannot be taken lightly."

Johnson also calls attention to Fair Labor Standards Act amendments under considera-

This Is My Country

by Kim Kelley

Americans are much indebted to Columbus for the founding of this country. His courage and persistence to find the New World were the first steps in making America what it is today.

America is truly a land of beauty. Nature provided our land with many natural resources. Oil, coal, and other products are constantly being discovered beneath the land surface. Rivers provide our country with electrical power. After trees have been cleared out of an area, the land is used for farming. The wood is used to make paper products and many other useful items. As a result of man's hard work, many acres of cotton and wheat are harvested each year. National parks, provided for the enjoyment of people, are wonderful sites. In these parks, people can see geysers, rock foundations, and huge trees. We can also observe the wildlife.

America has an abundance of food. In many homes, food is wasted, while in poverty-stricken areas, food is scarce. But the people in these areas often do not work. Many ships carry our food products to needy countries which are not as fortunate as America. Sometimes, we trade our food products for goods of another country.

Many citizens in America have established various organizations for the benefit of the needy people. In these organizations, people take food to the sick and needy. They sometimes give clothing. Some of these organizations teach people how to raise their own food and learn better health habits.

In America, many men and boys are sacrificing their lives for their country. They want America to be free forever. To help the wounded men, other adults are specializing in the medical profession. Every child in America must have an education. Schools are providing children with free education, preparing them for the world we are now living in. After graduating from school, a person may enter college. Upon completion of his college work, he is better qualified for a job.

As stated by the Declaration of Independence, "All men are created equal." However, some people have riots, claiming that they aren't being treated fairly. Most races are permitted to come into America. Most schools are integrated.

America has a Democratic form of government in which the people run the government. The people elect the senators, representatives, and even the President of the United States. These men then make our laws.

In America, everyone is free. There are no slaves. People may choose their own jobs and are paid fair wages for their work.

Everyone has the freedom of religion. He may worship in any church, or if he chooses, he does not have to worship at all.

Everyone has the freedom of speech. A person is free to say what he thinks. Meetings may be held in which there is a speaker. At trials, a person may say what he heard or saw.

Also, everyone has the right to trial by jury. The prisoner has a lawyer and is assured that he will get a fair trial. The jury decides his sentence. Everyone has the freedom of the press. Newspapers can publish the people's true feelings, without incriminating someone.

In America, all adults twenty-one or over are free to vote. A person may vote for anyone or anything.

There are many ways of communicating with people in America. In the early days, the Pony Express was used to deliver letters to people in different places. Now, air mail and modern postal facilities deliver mail more rapidly and more efficiently. Newspapers, televisions, and radios tell us what is happening in our world. By means of telephone, someone may talk to another person anywhere in the world. The Morse code is commonly used in the telegraph system.

JENNIFER MYERS

pendence Hall in Philadelphia are two very important buildings. Mount Rushmore shows four of the United States' most important leaders. The American Eagle, Liberty Bell, and Shield of the United States are symbols of our country. The United States is also proud of its beautiful Capitol Building in Washington, D. C. When we hear our National Anthem, it makes us realize how much our country means to us. I am very proud of America and to our pilgrim fathers who made this country free. I would rather live in America more than any other place in the world. This is my country.

Party Line

Mr. and Mrs. Don Houchin and children of Dallas are visiting in the home of his parents, Mr. and Mrs. C. L. Houchin.

Three out of four people killed in highway accidents in 1969 were on dry roads in clear weather.

FULFER GULF

EARTH

My Home

by Becky Pittman

America is a land of equal opportunity and freedom for everyone, rich and poor alike

A land where all people regardless of race or nationality can find peace and happiness through unity.

Many years ago America was not free and independent like it is now. No one was considered as good as the king. A person's future depended on which class he was born into—the nobles, the merchants, or the peasants. No one had the

right to worship as he pleased. The reason the Pilgrims came to America was to gain religious freedom.

After a small period of years enough people came to America to make up the first states, known as the thirteen original colonies. These colonies were ruled by England until the colonists rebelled against the Stamp Act, the Tea Act, and

rates, and the Vietnamese War. These problems would be solved sooner if we Americans would unite together. However, we are having trouble with the hippies and other people who are rebelling against everything the government is trying to use as a solution to our problems. They may talk about having peace all the time, but they are doing very little, if anything at

all, to help achieve it, or anything else all Americans would like to have.

My main beliefs about the United States of America are that it is a great and wonderful nation where anyone can find peace and happiness through unity. But without unity, this is hardly possible. All Americans must work together if we wish to solve our problems. In this way, we can

The Earth News-Sun, Thursday, July 9, 1970-Page 15
continue to keep America a great and powerful nation for everyone.

other acts, and too many taxes. They gained their independence in this war, called the Revolutionary War. It lasted from 1775 to 1783. The Declaration of Independence was signed on July 4, 1776. Other wars had to be fought to maintain our independence and gain respect from other nations. The War of 1812 and The Spanish-American War were two that had to be fought. I believe the worst war ever fought in America was the Civil War, because our nation was divided. I do not think we should have started a war between the states, because we had problems which could have been solved easier if we had remained united together. Even though all the wars were not necessary, I believe all Americans should show their appreciation to our forefathers for gaining freedom for us. We have monuments, memorials, and statues that symbolize our appreciation. We also have symbols to show our love and respect for our country. The Statue of Liberty, given to us by the French government, symbolizes equal opportunity. The Gateway Arch in St. Louis is known as the Opening to the West. Although we have managed to solve our problems before, we are presently faced with new problems and we have a different generation to solve them. Problems of population explosion, smog, pollution, racial differences, rising crime

An American Is

by Ruth Street

An American is a very lucky person. He has something to be proud of. He lives in a free and peaceful nation, America. America is beautiful and it's our duty as Americans to keep it beautiful. It's our duty to keep highways and public parks from being littered. It won't hurt us to put our trash in a litter barrel. They are

all along the side of the road. They are there to be used. An American is free. He can worship whenever he wants to, wherever he wants to. He can do and say what he wants to just as long as he doesn't hurt anyone.

America is involved in a war in Vietnam right now. We should try to get along with each other now more than ever, because unless we can get along with other Americans we don't stand a chance

against Vietnam. Americans have problems just as all people do. One problem is drugs. Some people say it makes you creative or it makes you feel good. These people just want to sell it so they'll have money to buy some more. Who needs it? With all of the wonderful things we have to enjoy all we need is each other. We should be able to enjoy it together.

The American dream is peace. Let's all try just a little harder. Maybe someday our dream will come true. Maybe someday America will have complete peace.

BRENDA ROBERSON

Drivers under 25 were involved in much more than their share of auto accidents in 1969. One-fifth of all drivers are under 25. But, the under-25 group was involved in one-third of last year's fatal accidents.

State Surplus Property To Be Auctioned Off July 25

AUSTIN--For the second time in the state's history, a new approach to disposing of surplus property from state agencies--the public auction--will be used at 10 a.m. Saturday, July 25, in Austin's City Coliseum. It was announced today by Homer A. Foerster, Executive Director of the State Board of Control.

Austin April 25, all surplus property has been sold on a sealed bid basis. "The success of that experimental project has prompted us to again try this method of selling property to the public", he said. "Included in the upcoming sale on July 25 will be automobiles, outboard motors, boats, trailers, pickups, office equipment and two-way radios."

He added that the equipment will be available for inspection beginning at 8 a.m. on that date, with the auction scheduled to start at 10:00 a.m. The auction will be conducted by the Nelson Auction Service International of Dallas.

Polio Strikes Texas Again

The crippling, contagious disease of polio has struck the State of Texas once again. Following an epidemic of the disease in South Texas, state, local, and federal health officials have mounted a state-wide immunization campaign to protect all young children against this disease. By the end of June, the Texas State Department of Health had received reports of fourteen possible cases of the disease. Of these, only three have been confirmed as polio. One case was diagnosed as ECHO virus, and then others remain under observation. One death has been attributed to polio, and the disease is suspect in one other fatality.

Dr. M. S. Dickerson, chief of the Communicable Disease Services section of the State Health Department, reports the paralytic polio outbreak in Texas has become an epidemic under the definition of the Advisory Committee on Immunization Practices of the U.

S. Public Health Service. Their guidelines say an outbreak will be considered an epidemic when there are two or more confirmed cases of the disease caused by the same type of virus during a four week period in a specific area. The three confirmed cases are of Type I polio virus, and all three were diagnosed in Hidalgo County.

The virus is attacking primarily children under one year of age, with the oldest reported case only three years old. These reported cases are coming out of families who have failed to take their children to a doctor or their local health department for immunization against the crippling disease. None of the children under observation by health officials had received any polio vaccine. All cases have some degree of paralysis.

Dr. Dickerson says health officials have mounted a massive polio immunization campaign. Some 40,000 doses of the Tri-

valent Oral Polio Vaccine were distributed in the last weekend of June to residents in the epidemic locality. But Dr. Dickerson stresses the need for a state-wide vigilance, and urges all parents to get their children immunized as soon as possible.

Polio immunization is carried out in five steps. The first dose of the Trivalent vaccine is recommended for the child of two months of age, when the protective antibodies the child received from his parents are beginning to diminish. A second dose is required at the age of four months. A third dose follows at six months of age, a fourth dose at eighteen months of age, and the fifth and final dose is recommended just prior to the child's admission to school. All five doses are necessary for full immunization.

Excessive speed was the major factor in 1969's tragic highway record, according to an annual survey. More than 56,000 persons were killed last year, and more than 4,700,000 injured.

LAURA DUDLEY

ghum stated that in past years, county price-support rates for grain sorghum were established by subtracting from the applicable terminal rate the domestic interstate rail freight or export freight rate and truck receiving and loading out charges listed under the Uniform Grain Storage Agreement (USGA). Changing conditions in marketing, transportation and international trade have made the terminal-based rate obsolete.

Under the new system, grain sorghum moved by rail to warehouse storage will be subject to the freight paid-in plus USGA truck-receiving and rail loading-out charges which

The Earth News-Sun, Thursday, July 9, 1970-Page 17 rates from the 1969 level were made to more nearly reflect historical price relationships, to minimize sharp price breaks between counties, and because of various freight rate changes. For the most part, the 1970 county loan rates are unchanged from the 1969 rates in the major producing areas of Nebraska and Texas, while some county rates are decreased one to two cents in Oklahoma and Kansas, and increased one to six cents in California.

Mr. and Mrs. Jessy Cole and Rick Nogle, all of Lubbock, visited over the weekend in the R. S. Cole home.

Grain Loan Structure Described

COLLEGE STATION—No longer is there a terminal loan rate system for "terminal price oriented" grains. The old system has been replaced by a more efficient, more economical county loan rate structure. John J. Seibert, Extension grain marketing specialist, said.

The new system eliminates terminal loan rates and establishes county rates that consider terminal market price relationships, cash prices received by farmers, export marketing patterns and other factors which involve grain marketing.

The system will be in effect for the 1970 crop of grain sorghum, wheat, barley, rye,

and flaxseed.

Such a system will have the concept of "county plus" with respect to determining loan and settlement values for grain. This is in contrast to the "terminal minus" previously used, the specialist said. County loan rates are available through the county ASCS and county agents.

Milk And Dairy Products Concerns Health Dept.

It's often been called the "near-perfect food", and rightly so, because milk contains more life-giving properties than almost any other food. But this very fact makes the control of the sanitation and quality of milk and dairy products a constant concern of the Texas State Department of Health.

In Texas, the Legislature has given the Commissioner of Health, Dr. J. E. Peavy, the authority to set up specifications and requirements for the control of sanitation of milk and dairy products. In passing the Texas Milk Law, they also gave city health departments the authority to adopt regulations in conformance with those released by the Commissioner.

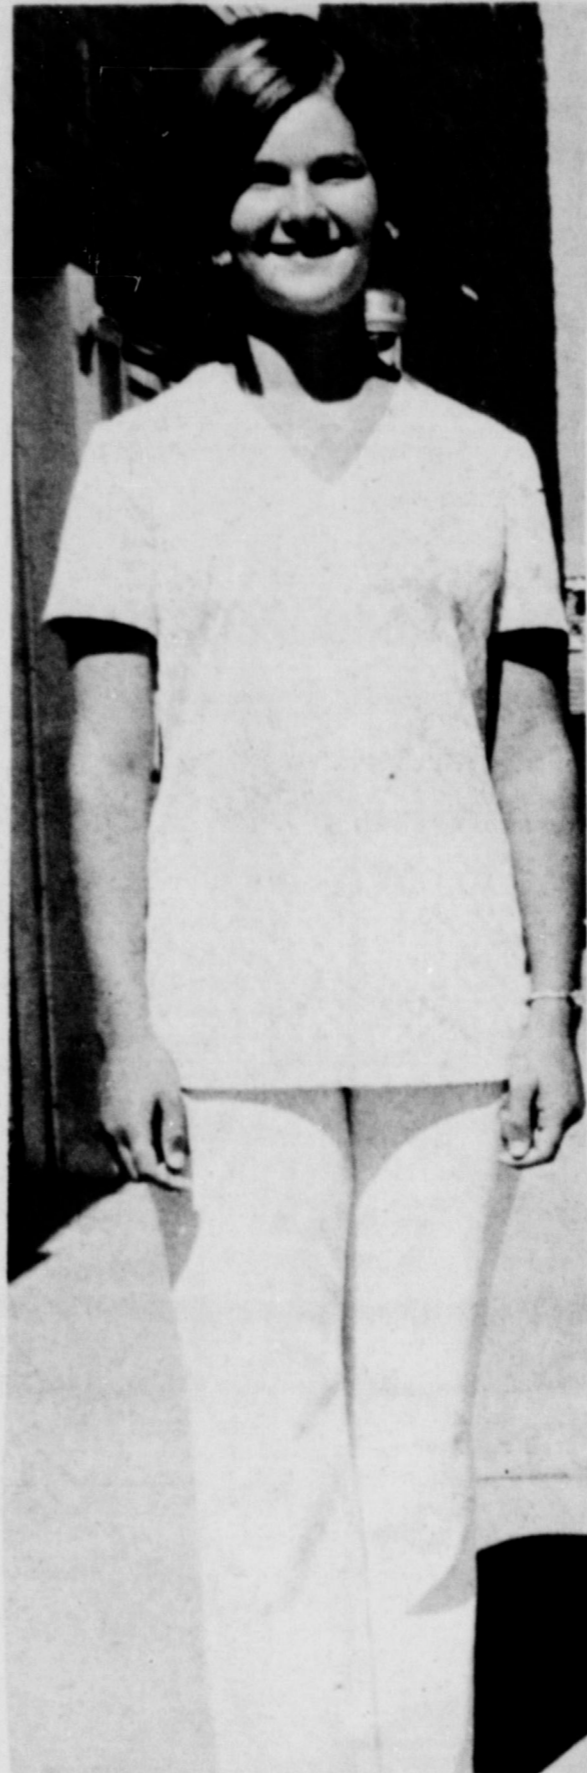

"Proper handling" as interpreted by these health departments means the production of

clean milk from cows which are tested and proven to be in good health. As a continuing safeguard, the milk must be handled under rigidly enforced sanitary conditions to prevent its being contaminated from the time of its production until it reaches the processing plant. It is likewise maintained at temperatures which inhibit bacterial growth. After the milk arrives at the plant, its sanitation continues to be rigidly maintained through proper pasteurization and final packaging in sanitary containers. With all of the safeguards which are routinely and continuously applied, the possibility of milk becoming a carrier of pathogenic disease is virtually eliminated.

The Milk and Dairy Products Division of the State Health Department is responsible for

JANIS BRIDGE

DENISE TEMPLE

public health protection by regulating milk and dairy products, including butter, ice

cream, cheese, and the like, produced, processed, and consumed in Texas. The division also has the responsibility of inspecting Grade A producer dairies, milk processing plants, receiving stations, and other by-products plants that ship milk and dairy products into the state of Texas. Approximately 3,867 inspections in seven states other than Texas have been made by Health Department personnel during the first five months of this year. Permits have been issued to about 200 over-the-road tankers.

Here in Texas, local health

departments join with the state agency in maintaining frequent inspections of the 4,178 producer dairies, 77 processing plants, 13 receiving stations, 79 transfer stations, 68 manufacturing plants, 10 single service plants, and 197 trucks and vans in operation within the state. Frequent samples are taken and checked at several regional health laboratories, as well as the state lab, for sanitation, bacteria count, and butterfat content.

Mr. and Mrs. R. S. Cole, Regina, Mo. and Mrs. Jessy

Cole, Rick Nogle, Ralph and Mrs. Alice Martin enjoyed a backyard cook-out Saturday evening at the Cole home.

Greens See Final Victory Over Reds

Thursday night in Pee Wee baseball action, the Greens were victorious over the Reds with the final score of the season 23-15.

one run. Pitching for the Reds were Lexie Fennell and Corey Hopping.

Holding the mound for the victorious Greens were Bobby Gover and Greg Geisler. Scoring with 4 runs each for the Greens were Lonnie Neinst, Rodney Davis and Steve Byers. Ball players scoring 3 runs each were Greg Geisler and Michael Gover, Bobby Gover and Teddy Zambrano each scored 2 runs and Mike Smith had

Scoring for the Reds were Corey Hopping, Andy Ellis and Robert Russell with 3 runs; Rex and Lexie Fennell, each scoring twice; and Biff Belew and Nathan Ingram each scoring 1 run.

This final game of the season put the Greens in 2nd place and the Reds in 3rd place.

Sunnyside News...

By Tenny Bowden.

Mike McMillen and his girl friend, Debbie Ciancio, and Gary McMillen, all of Denver spent last Saturday night with Mr. and Mrs. Garner Ball, Randy and Debra. The Balls and Gary spent last Sunday in Olton with relatives. Gary stayed with the Balls until Thursday.
 Mr. and Mrs. J. Paul Waggoner took Mr. and Mrs. Mickey Waggoner to the plane at Lubbock last Sunday morning.
 Mrs. Delmer McMillen of Denver visited Monday through Thursday with the Garners and Mr. and Mrs. J. Paul Waggoner.
 Mr. and Mrs. Jimmy Waggoner returned home Monday from their wedding trip. They will make their home in Dimmitt. He will continue his summer job at the post office.
 Janice Bridge and the 12 other contestants for the Earth Rodeo Queen contest were entertained Tuesday afternoon by the Young Homemakers.
 Last Monday the Giants won over the Red Sox 18-5. Lee Brown pitched some for the Red

Sox. Clint Dawson made one score. Last Friday the Mets won over the Red Sox 6-1. Lee pitched some again in this game. He was one of the alternates chosen for the All Star team.
 The Springlake-Earth Yankees beat the Mets 22-3 last Tuesday. Joe Fulfer made one score for the Yankees. The same day the Greens won over the Reds 10-6. Pat Fulfer made one run for the Reds.
 Last Thursday the Yankees lost to the Giants 16-4. Joe Fulfer made one run for the Yankees. Clint Dawson won for the Giants.
 The Mets won over the Giants Tuesday 11-3. Clint plays for the Giants. The same afternoon the Blues won over the Greens 6-1, making them first in the Pee Wee League. Kevin Riley made one run. Lynn Brown made one run.

The WMU Council met at the church Monday afternoon for their last quarterly meeting for this year and to set up the schedule for the auxiliaries under the new system. Mrs.

E. R. Sadler, director, presided.
 Mrs. M. I. Burn Haydon and Mrs. Gale Sadler took Cindy and Susan Sadler, Sue Bradley, Theresa Elliott and Resa Carson to junior girls' camp at Plains Baptist Assembly Monday through Wednesday.
 Mr. and Mrs. Hershel Wilson and family returned from Lake Brownwood Monday.
 .30 to .50 inch of rain was received Monday morning and about .10 Tuesday morning.
 The Sunbeams met on Monday afternoon last week and this week instead of Tuesday and will continue to do so throughout the summer months.
 Mr. and Mrs. Roy Phelan spent the day Tuesday with Mr. and Mrs. Earl Phelan in the Littlefield hospital. She underwent major surgery Tuesday morning.
 Mrs. Dubby George was admitted to Plains Memorial Hospital in Dimmitt Tuesday.

Mrs. Ezell Sadler was admitted to Nichols Hospital in Plainview Wednesday afternoon and underwent major surgery for the removal of a tumor in her neck under her ear. She was dismissed at noon Saturday. They went to Hale Center before coming home to visit Mr. and Mrs. Eccell Keeler.
 Mr. and Mrs. Bill Morgan and family left the last part of the week for a two week vacation in Norman, Oklahoma, with relatives and at a lake near Norman.
 Marian Dawson was one of the Springlake-Earth FHA members attending a two day workshop at Tech recently.
 The WMS met for the General WMS program Wednesday with Mrs. Roy Phelan study chairman in charge.
 Mr. and Mrs. Scott Lilley from Baird arrived Thursday to visit with Mr. and Mrs. Hubert Lilley, Mr. and Mrs. El-

don Lilley, Mr. and Mrs. Donnie Lilley and friends Thursday through Sunday and attend the homecoming at the community Saturday. They visited Saturday afternoon with Mr. and Mrs. W. E. Louder, Mr. and Mrs. L. B. Bowden, Alton Louder, Mrs. Ezell Sadler and Mrs. David Sadler and in Dimmitt with Mr. and Mrs. Roy Lilley.
 Mr. and Mrs. Winston Waggoner and children attended the wedding of her brother, Jerry Herrington, in the home of his parents of Farwell Friday night.
 The work day went off on schedule Friday but there was no community meeting Friday night. Many were unable to help because of illness or pressing business matters but though unorganized some work was done.
 Arthur Baggett of Sundown and Clarence Baggett of Hereford visited Friday afternoon

with Mr. and Mrs. W. E. Louder, Mr. and Mrs. Alton Louder and Mr. and Mrs. L. B. Bowden at the W. E. Louder residence. They are Mrs. Louder's brothers.
 Mr. and Mrs. David Sadler and Melody of Lubbock arrived Friday evening to spend the weekend with the Sadlers here and the Jake Kings in Hereford.
 Many flags were seen flying in the community July 4th.
 Mr. and Mrs. Grady Herrington of Farwell and her mother, Mrs. R. G. Hammonds of Clovis, New Mexico, were supper guests of Mr. and Mrs. Winston Waggoner and children.
 Mr. and Mrs. Larry Odum of Hereford spent Saturday night and Sunday with Leslie Louder.
 Mr. and Mrs. Fred Waller of Sunray spent the weekend with her sister, Mr. and Mrs. Edd Duke, and visited also with the Robert Duke family.
 Mrs. Robert Duke and her sister, Mrs. Joe Sanders of Arlington, visited in Clovis, New Mexico, Thursday with a friend, Mrs. Bud Posey.
 Mr. and Mrs. Roy Phelan went to Littlefield Sunday to visit with Mr. and Mrs. Earl

Historical Display Center Open

SAN ANTONIO---A summer schedule for vacation travelers has been set up by the state's historical display center.

The Institute of Texan Cultures, a member of the University of Texas System, will be open from 1 p. m. to 6 p. m. daily except Monday.
 The Institute is located on the southeast border of HemisFair Plaza in downtown San Antonio.
 There is no admission charge. Texas history is displayed dramatically at the Institute through films, slides, music, exhibits and easy-to-read text panels.
 The exhibit floor is the approximate size of a football field.

STRENGTH FOR THESE DAYS
 The Bible
 Stand firm... in the Lord
 (Phil. 4:1).

There are times when our world seems shaken by the urn of events. Conditions we have accepted as unchanging, change. Values we thought unshakable, topple. Then it's time to turn to our Lord for no circumstance is greater than the overcoming power of Jesus Christ.
