A nationwide poll conducted by Opinion Research Corporation shows that the great majority of citizens desire U.S. Military superiority over the Soviet Union and are willing to pay for it, according to the American Security Council.

The survey however, clearly demonstrates that the American people have different views on national security issues than believed by official Washington.

The nationwide Opinion Research poll found that 76% believe the United States should have greater military strength than the Soviet Union, as against 21% who would settle for something less and 3% who are undecided on this question.

More than two-thirds, 67%, said they would favor spending an extra \$20 billion a year for the U.S. to regain superiority if they could assume Russia had gained the edge. Only 29% were opposed to this expenditure and 4% were undecided.

Also, 74% of the people surveyed said that they did not trust the Soviets to keep the Strategic Arms Limitation (SALT) agreement negotiated by our national leaders.

An even greater majority, 86%, said that instead of the SALT ban against missile defense for civilians, they would "prefer that the U.S. develop the capability to destroy most missiles before they can strike our citizens."

The highest affirmative response in the Opinion Research

poll came on the question of whether "the American people have the right to be fully informed about the goals and activities of the organizations which are dedicated to the overthrow of the U.S. Government by force and violence." No less than 92% replied "Yes" to this question, 7% replied "No" and a scant 1% were undecided.

The Opinion survey shows that Washington is out of step with the people on these most critical national defense issues. For example, while the Congress wrangles over how much should be cut from the Defense Department's research and development budget, no less than 85% of the people polled say the U.S. should have a military R&D program at least as large as that of the Soviet Union.

The Soviets are reported to be spending up to three times as much as the U.S. on weapons research. Evidence of this is seen in the five new missiles they have tested while the United States has virtually frozen its missile development.

The Opinion Research findings were based on 1,022 telephone interviews with a national probability sample of the general public 18 years of age and over. The interview was conducted during the period from May 22 through May 28 of this year.

Seems funny that our government keeps forgetting, that the government is to be a servant of the people, instead of the people being servants to the government.

Pam Eagle Is Local Rodeo Queen

Pam Eagle, was named Queen of the 31st Annual Earth Amateur Rodeo in coronation services Thursday night during the opening performance of the three-night event.

Miss Eagle, a sophomore of Springlake-Earth High School was one of five girls throughout the county who were competing for the title. She is the daughter of Mr. and Mrs. J. B. Eagle of Springlake and was sponsored by the Citizen State Bank of Earth.

Wendy Branscum, was named first runner-up. Wendy is also a sophomore at S-E and daughter of Mr. and Mrs. Lexie Branscum. She was sponsored by Earth Dry Goods.

Sherril Winders, daughter of Mr. and Mrs. J. Winders was second runner-up. She was sponsored by the Bee Hive Mall. She is a junior at S-E.

Other contestants were Teresa Lively, daughter of Mr. and Mrs. Tom Lively of Earth, sponsored by Howell's 216 Floral and Debbie Spencer, daughter of Mr. and Mrs. Barton Spencer of

Littlefield. She was sponsored by Gebos of Littlefield.

RA's Meet At 6p.m. Sunday At Baptist Church

Boys in the area are invited to attend Royal Ambassador's meeting each Sunday evening at 6 p.m. in the First Baptist Church. Mr. and Mrs. Gary Dale Hawkins will be working with the group.

Plans are being worked out for an interesting, educational and enjoyable hour, each Sunday evening and it is hoped that a large group will come out and join the R. A.'s.

Last Sunday evening the boys had a recreational program and were served refreshments of ice cream.

Mr. and Mrs. Hawkins are eager to work with the R. A.'s and are looking forward to a good attendance.

Cloud Seeding May End July 20, For Lack Of Funds

A spokesman for Better Weather, Inc., said early Tuesday morning, following the Monday night meeting, that the group had voted to try to carry on the Hall Suppression program until the end of October, as was first planned.

To continue the six months program throughout the month of October means, there is a need for an approximate \$50,000 to finish out the six month contract.

As the situation now stands, there is just enough money to carry the program on through July 20. Another \$12,000 is needed to carry it on through July 31.

Brian Hamilton, a member of Better Weather, Inc., said if the needed funds did not come in by the deadline July 20, that the program will end on the date they run out of money. It is a simple business proposition, if necessary funds are not paid in, the program will end on the date Better Weather, Inc., runs out of money.

However, many members of the Better Weather, Inc. agreed that if the \$12,000 needed for July is paid in and the program can be carried through July, it would mean that 70% of the entire six months protection had been paid for. The remaining three months would cost only

around \$35,000 to \$38,000. This they said would be only a drop in the bucket, as compared to the cost of the first three months, and it would seem foolish to drop it.

Secretary Dale Stanley indicated it was about time a bunch of people realized that this kind of a program cannot operate without their money. "A few men cannot stand the total cost of the entire program,"

"With as much moisture as we've got in the air, and with clouds almost every day in July so far, this could be a year when nearly every day could be a day for seeding. Then we always get quite a bit of hail the last two weeks in September and the first two weeks in October," he declared.

Les Watson of Springlake said that if no more money comes in, all that was left to do would

be to call on the men that had paid the first time and ask for another 50 cents an acre. These checks he explained would not be cashed until they had enough cash on hand to carry the program on for the entire six-month period. If they failed to get enough, they would hand the checks back.

The situation is this, we must fact the facts and decide to get on with the program or shut it off on the fund deadline July 20.

School Board Hires Two New Teachers

Kenneth and Janet Jones from Paris, Texas were employed by the local board of trustees when they met Monday night in a regular monthly session. The two taught last year at Paris. Kenneth was employed as math teacher in high school and Mrs. Jones taught math in junior high. The twosome are natives of Honey Grove, Texas and graduates of East Texas University.

The board discussed various items that would affect the budget for the 1975-'76 school year. They also heard a report on the summer repair and maintenance of the school.

The group also looked at the budget progress report.

A decision was made to sell three school buses. The buses for sale include a 1962 Dodge, 1961 Chevrolet and a 1964 Dodge. The buses will be sold through bids. These sealed bids will be opened at the regular board meeting August 11.

Before adjourning the minutes of the previous meeting were read and approved and payment of current bills approved for payment.

All members of the board were present, and including Superintendent Bill Mann.

The first Athletic Booster Club has been arranged for 8:30 p.m. Tuesday, July 22 in the school cafeteria.

All coaches will be present for the business organizational meeting to get things rolling for the coming new school year.

Everyone interested in the athletic program at S-E is urged to attend the kick-off meeting of the season.

Approximately 2500 Persons Attend Annual Rodeo

Approximately 2500 persons attended the annual Earth Rodeo last week-end.

Among a few of the highlights was the crowning of the Rodeo Queen, Pam Eagle. Pam is the daughter of Mr. and Mrs. J. B. Eagle.

Another highlight of the Rodeo was the dedication to Price Hamilton. Price was one of the charter members of the Earth Roping Club and was president of the club longer than any other member.

Cowboys winning and placing in the different rodeo events were:

- Bareback Bronc Riding**
- 1st Alan Hennigh, Clovis, 64 points
- 2nd J. T. Henry, Happy, 56 points
- 3rd J. W. Meyer, Dalhart, 53 points
- 4th Ronnie Lynch, Claredon, 47 points
- Saddle Bronc Riding**
- 1st David Brown, Calgary, 32 points
- Bull Riding**
- 1st J. W. Meyer, Dalhart, 58 points
- 2nd Rex Black, Muleshoe, 54 points
- 3rd John Jarvis, Stinnett, 53 points
- 4th Ricky Black, Muleshoe, 49 points
- 5th Monte Spann, Plainview, 47 points
- 6th Al Larman, Killeen, 44 points
- Ross McKillip, Muleshoe, 44 points
- Calf Roping**
- 1st Tutt Garnett, Portales, 9.8 seconds
- 2nd Paul Howard, Farwell, 10.0 seconds
- 3rd Jim Brazil, Gruver, 10.3 seconds
- 4th Ron Mitchell, Andrews, 11.3 seconds

(Continued on page 2)

A BANK ROBBERY IN EARTH?—The Citizen State Bank float took first place in the parade Thursday.

Terry Lively Winner Of Businessmen's Roping

Terry Lively, representing Tom Lively and Son White Auto Store was winner of the businessmen's calf roping over the week-end at the annual Earth Rodeo.

Taking second place was Gary Bulls, representing Gary's TV Lab.

Earl Jordan, representing Wood-Jordan received the hard luck trophy.

Others in the event were Bill Scott, Southwestern Public Service; Wilton McDonald, Honeer Natural Gas Co; Bob Belew, Earth Gin Co.; David Burum,

First Baptist Church; Tuffy Dent, Dent Farm Supply; Billy Moore, Citizen State Bank.

Harold Britton, Britton's 66 Service Station; Raiford Daniel, Pay and Save, Tom Lively, Tom Lively and Son White Store; and Doug Parish, KMP Pump Co.

Mr. and Mrs. Frank Butter, Mrs. Shanks Ivy and Mrs. Johnny Haberer were in Oklahoma City last week for Mr. Butter to see an eye doctor there. Mr. Butter was not required to have surgery at the present time.

PARADE THROUGH RAIN Earth Rodeo Parade Winners Wet To The Bone

There were more than just "dampened spirits," Thursday at 5 o'clock when the Earth Rodeo parade began. There was wringing wet hair, clothing, wet to the bone, wet horses, soggy crepe paper, etc. The floats were correctly named, as the fury of the rain almost tried their ability to FLOAT away.

In the float division, Citizen State Bank took first place. The Earth Roping Club placed second and the Rainbow Girls float took third place. Winners were presented \$30 for first, \$20 for second place and \$10 third place.

The Lubbock Saddle Club took first place in the Senior Division of the riding clubs. The Lamb County Sheriff's Pose took second place. The two winners received beautiful trophies.

The Earth Roping Club took first place in the Junior Division. They were presented a

trophy. Kyle Kelley took first place in the over 9 years category of the bicycle division. Russell Wheatley won second place in that same division. They received checks for \$5 and \$2 respectively.

Tim Baucum won first in the bicycle division for those under nine years of age. He received a \$5 check from the Earth Chamber of Commerce, who provided prizes for parade winners.

All those who participated in the parade were real winners, for they held their positions in the parade and did their thing, unflinchingly until it was over.

The rain ceased immediately as the parade ended. The Rodeo grounds were wet, but many hundreds of people ate bar-b-que at the F. F. A. Show Barn and attended the rodeo that night.

Lamb County Cancer Fund Drive Reaches All-Time High

Citizens of Lamb County have aided the Lamb County Unit of the American Cancer Society in reaching an all-time high in contributions to cancer research, according to the unit president, Joella Lovvorn.

A total of \$9,569 has been turned in from all cities in the county.

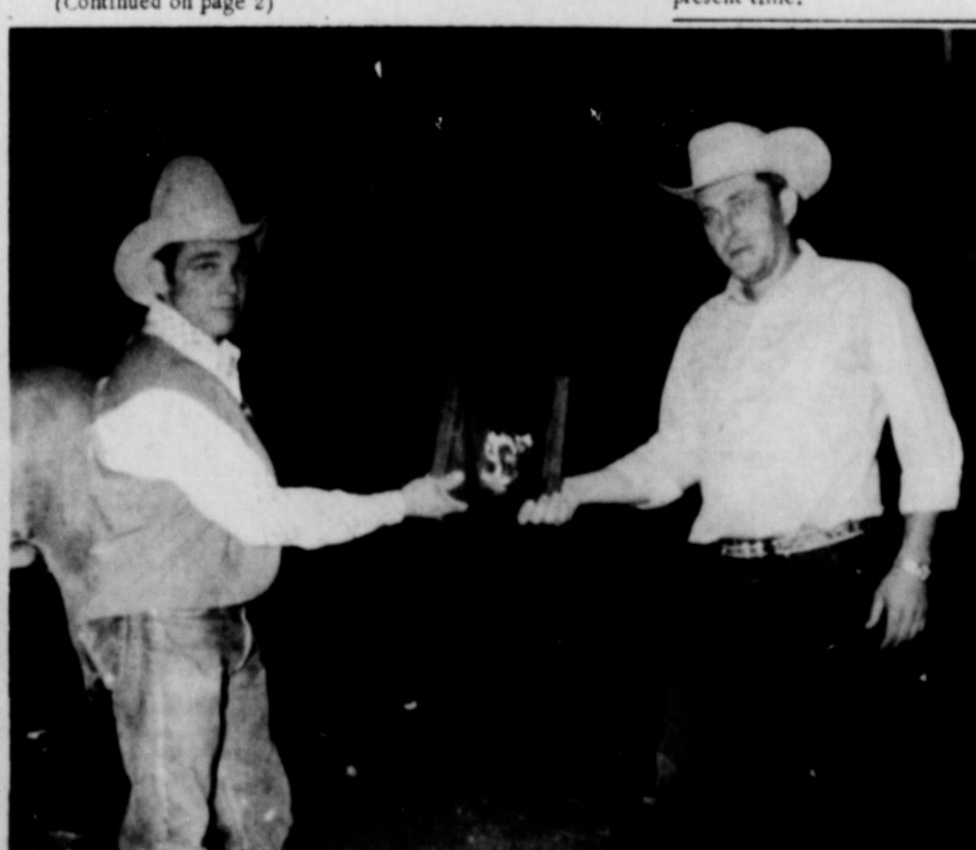

Included in the amount is \$1,289 in memorials in honor of deceased loved ones and

friends of county residents. Mrs. Harold Phillips was crusade chairman again this year, and total crusade funds from all cities totaled \$8,281. Goal was \$8,080.

Last year's all-time high of \$9,540 qualified Lamb County for the Golden Achievement Award, and this year's all-time high of \$9,569 qualifies the county for another Golden Achievement Award.

PAM EAGLE—Daughter of Mr. and Mrs. J. B. Eagle was crowned 1975 Rodeo Queen at the Thursday night rodeo performance. Pictured with Miss Eagle is the 1974 Queen, Miss Dawn Branscum.

TOM LIVELY—accepts the trophy for first place for his son Terry winner of the Businessmen's calf roping from Earl Kellar, secretary of the Earth Roping Club.

- (Continued from page 1) 5th Alan Hennigh, Clovis, 11.4 seconds 6th Bobby Lewis, Clovis, 11.8 seconds Barrel Race 1st Jackie Barton, Christoval, 16.5 seconds 2nd Chris Helker, Melrose, 16.7 seconds 3rd Lynn Schmidt, Lamesa, 16.9 seconds Paula Smith, Clovis, 16.9 seconds 5th LaDawn Primrose, Tucumcari, 17.0 seconds 6th Barda Radcliffe, Portales, 17.1 seconds Linda Sultemeir, Melrose, 17.1 seconds Junior Calf Roping 1st Dennis Hardesty, Clovis, 18.1 seconds 2nd Brett Johnson, Clovis, 28.6 seconds

Buckner Children's Home Administrator To Speak Here

Weldon W. McElreath, Administrator, for Buckner Baptist Children's Home in Lubbock will speak Sunday evening at 7 o'clock in the First Baptist Church in Earth. The Buckner Children's Home 3rd Sterling Price, Tatum, 30.5 seconds Team Calf Roping 1st Cowboy Johnson, Richard Jones, 7.1 seconds 2nd Thorton Monroe, Doug Pettigrew, 7.3 seconds 3rd Bobby Lewis, Pete Wishert 7.4 seconds 4th Mike Jones, Fred Lucero, 7.6 seconds 5th Sid Price, Sterling Price, 8.1 seconds 6th Kenny Smith, Jim Espy, 8.4 seconds David Hill, Sparky Stevans 8.4 seconds.

WELDON W. MCELREATH

is supported by all the churches in the Texas convention. The local church supports it through a cooperative program and through donations. The Home is currently in the process of building a Children's Center with storm facilities beneath. McElreath will give a report on the Home, its present facilities and future plans. McElreath has been administrator for Buckners West Texas Center in Lubbock since June 1972.

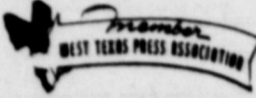

HOG CHOLERA CAUSES Portions Of Castro And Deaf Smith Under Federal Quarantine

A federal quarantine was placed July 10 on portions of Deaf Smith and Castro Counties in the Texas Panhandle to help contain an outbreak of hog cholera diagnosed July 4 near Hereford. Officials of the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS) said the federal action supplements a state quarantine placed on the same 100-square-mile area by the Texas Animal Health Commission (TAHC). The federal quarantine halts interstate movement of feeder and breeder swine and requires prior inspection and permit to move swine to slaughter; the state quarantine puts similar restrictions on swine movements within the state. A state-federal task force is in the area working to eliminate the disease and investigate the source of the outbreak and any possible spread. DR. R. E. Omohundro, director of APHIS Veterinary Services' Emergency Programs, asks all farmers in the quarantined area, and elsewhere, to watch their herds carefully and to report

sick animals immediately to local authorities. He also urged farmers to not feed uncooked garbage to swine. Hog cholera is a highly infectious, often fatal virus disease, but it does not affect other farm animals, and it is not transmitted to humans. Man can, however, carry the virus from affected farms to other areas on shoes, clothing and vehicles. Hog cholera was a very costly disease to American hog producers until a cooperative state-federal eradication program drastically reduced the industry losses. The Hereford case is the first hog cholera outbreak in over 16 months.

The 100-square-miles under state and federal quarantine is described as follows: From the intersection of Road 908 and U. S. Highway 60 in Deaf Smith, 10 miles southwesterly to Road 2397 in Castro County, then 10 miles west to Road 1057, then 10 miles northerly to junction of Road 1062 and U. S. 385 in Deaf Smith County, then 10 miles easterly on roads 1062 and 809 to the Junction with U. S. 60.

Bi-Laws For Use Of New Civic Center Discussed

Various rules, fees and usage of the, soon to be completed county Ag and Community building, were discussed by the

Advisory Committee when they met in the county courtroom Friday morning to formulate by-laws for using the new facility.

Present were County Judge Bill Angel, commissioner Jack Peel, Littlefield Mayor J. E. Chisholm, Bill Adams, Littlefield C-C manager; and two area mayors, Larry Tunnell of Earth, K. Y. Clevens of Olton; Harold May of Sudan; and county extension agents Dorothy Powell and Buddy Logsdon.

After discussing rules, fees and usage the group drew up a list of regulations and contracts to be distributed among the committee.

Chinese Styles Influence Fashions

Chinese influence is the biggest fashion story for fall '75 from top American and European designers, Beverly Rhoades, clothing specialist, reported this week.

"Karate, coolie or workers' jackets, inspired by Chinese origin, are worn over skirts, dresses or pants.

"Side wraps with frogs or woodentoggle closings are popular for dresses, coats or jackets," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

In traditional Chinese style,

the silhouette is slim. Look for jump suits as well as tunic tops over pants.

Other Chinese influences include mandarin collars, contrast piping and body-shaped, side-slit dresses, the specialist said.

"Shiny quilted fabrics and Chinese mohair create the oriental look. Colors are strong and deep, lacquer red, jade green and shiny black patterns.

"Jade and coral jewelry complete the look. Other accessories include finely carved ivory pendants and silk scarfs around the neck."

Another suggestion for creating an oriental appearance is the "Chinese face," porcelain white make-up, dark slanted eyes and small rounded lips. This pale look is topped off with a blunt, square hairstyle," Miss Rhoades said.

Local Lady Attends State Delta Kappa Gamma Convention

Monarae Cummings of Springlake-Earth School and Mary B. Oberhaus of Sudan represented the Epsilon Delta Chapter of The Delta Kappa Gamma Society at the 46th annual Texas Convention, held in Dallas June 19-22. More than 1,000 delegates registered for the

convention, which was headquartered at the Sheraton Dallas Hotel in downtown Dallas. Theme of the convention this year was "A Man's Actions are But a Picture Book of His Creed," words from the writings of Ralph Waldo Emerson.

Mrs. Bettye Mischen of Plano coordinated the work of some 30 committees preparing for the convention. Mrs. Frances Lowrance, President of the state organization, presided over business sessions. Mrs. Esther Strickland of Columbus, Ohio, International

SECOND PLACE SENIOR RIDING CLUB-In the parade Thursday was the Lamb County Sheriff's Posse. The posse's Queen received the trophy for the club.

President of Delta Kappa Gamma, addressed the convention at the Birthday Luncheon June 20, where recipients of State Scholarships and State Achievement Awards were announced. Presidents of the 234 Texas Chapters of Delta Kappa Gamma were honored at a dinner Saturday night, June 21. Monarae Cummings was one of these honored as president of Epsilon Delta Chapter. A reception followed, honoring new and retiring state officers.

The new state officers are: Mrs. Lunelle Anderson, San Marcos, President; Mrs. Ruth Livingston, Marfa, First Vice-President;

Mrs. Dorothy Stallings, Waco, Second Vice-President; Miss Mae Dell Schiller, Kingsville, Recording Secretary; and Miss Laginia Hale, San Antonio, Corresponding Secretary. Social events included an informal reception Thursday, June 19; a shopping trip to North Park; and an evening at the Dallas Summer Musicals.

HOW'S The Electric Company DOING?

Let's ask Don Webber, transmission line foreman . . .

"What's going on here, Don?"

"We're putting in a new 115,000 volt line . . . gives us another feed to back up our dependability . . ."

1973 COST \$14,000 A MILE
1975 COST \$30,000 A MILE
"Cost us about \$14,000 a mile just two years ago, now it's running \$30,000 a mile."

Higher costs to keep your electric service dependable . . . part of the reason your electric bill may be higher these days. But without dependability, electricity wouldn't be worth much . . . would it?

S.S. Class Has Salad Supper In Foster Home

Members of the Bykota Sunday School Class of the First Baptist Church in Earth, met for a monthly salad supper and social in the home of Mr. and Mrs. Leon Foster.

Mrs. Howard Cummings, teacher for the class opened with prayer.

A delicious salad supper, with

hot rolls, pie, tea and coffee was served on tables placed in the back lawn. The tables were covered with gay colored tablecloths and centered with vases filled with white daisies.

Mrs. Modean Clayton of Lubbock, formerly of Earth, was present to present a program and to show slides of her recent

trip to Germany where she was the guest of Rev. and Mrs. David Hartman, Andy and Denise. Rev. Hartman was former pastor of First Baptist Church here. The program was interesting and news of the Hartman family was great, as souls were being saved there almost every week.

The group spent a short session in singing spiritual hymns.

Those present were Mrs. Marvin Sanders, Mrs. Clarence Kelley, Mrs. Cummings, Mrs. Clayton, Mrs. Paul Wood, Mrs. Bennie Prather, Mrs. Lillian Hamilton, Mrs. Everett Patterson, Mrs. Jo Jones, Mrs. L. H. Galloway, Mrs. G. Kellar, Mrs. Elton Schaefer, Mrs. Ross Middleton, all of Earth and Mrs. Sandy Sanders of Katy, Mrs. Beverly Larkin of Hereford and hostess, Mrs. Foster.

READ YOUR BIBLE, IT HAS ALL THE ANSWERS

BAPTIST S. S. CLASS LIKES TO EAT... The Bykota Sunday School Class enjoyed a delicious Salad Supper Monday night on the back lawn at the Leon Foster Home. Pictured are Modean Clayton, Mrs. Howard Cummings, Mrs. Beverly Larkin of Hereford, Mrs. Sandy Sanderson of Katy, Mrs. Paul Wood, Mrs. L. H. Galloway, Mrs. G. Kellar, Mrs. Elton Schaefer, Mrs. Jo Jones, Lillian Hamilton and Polly Middleton.

Mrs. Watson To Head Cystic Fibrosis Campaign

Mrs. Harlon Watson of Springlake has been named head of the annual Breath of Life Campaign, according to Chuck Laurent, president of the Lone Star Chapter of the Cystic Fibrosis Foundation.

Mrs. Watson is interested in finding others eager to help with this campaign, and invites your calls of acceptance to aid in making the campaign a success.

Research and care programs for the millions of children affected by lung-damaging diseases such as Cystic Fibrosis, severe asthma, chronic bronchitis, bronchiectasis, and a condition called "Childhood Emphysema."

Cystic Fibrosis, a genetic disease for which there is presently no known cure, is inherited when both parents carry the recessive gene for C/F. It is believed that one in 20 persons or 10 million Americans may carry the C/F gene, usually without knowing it.

Current research funded by the Cystic Fibrosis Foundation is

seeking a practical test to identify carriers.

Because of improved therapy and constant research, many C/F patients are living beyond infancy, childhood, and into young adulthood. Children with other lung diseases whose symptoms are similar to C/F respond very favorably to much the same treatment. Their suffering is alleviated, and many times cures are affected.

Though there is still no cure for Cystic Fibrosis, today there is real hope, based on the realities of more public understanding, more public support, more advanced research and better care. But with this progress, the need of six million children who struggle to breathe grows larger, and with it, the need for more volunteers and more funds.

Everyone can help. The job cannot be left solely to dedicated parents of C/F and lung-damaged children. The cause is great enough to engage the attention and support of men and women everywhere.

Bids are to be Submitted To The School Office before 5:00pm August 11, 1975.

Bids will be opened at the Regular Board Meeting Monday August 11, 1975.

The Board Reserves the Right To Refuse ANY and ALL bids.

How to Harvest, Cure and Decorate Gourds

Colorful gourds add an imaginative touch to fall decorating--but they must be carefully harvested and cured to prevent decay and discoloration, one landscape horticulturist noted.

He's Everett Janne, with the Texas Agricultural Extension Service, The Texas A&M University System.

"They should be picked when fully mature, but before frost, to reduce danger of spoiling during the curing process. The stem will shrivel and turn brown as they ripen."

The specialist suggested cutting the fruit from the vine with pruning shears to retain a short

portion of the stem. Bruising and scratching the gourds during harvesting causes rot and unsightly spots.

To prepare the gourds for curing, wipe each fruit with a cloth dampened in rubbing alcohol. This removes dirt and decay organisms. If the gourds are extremely dirty, you can wash them in warm water with a mild soap or detergent. Use a household disinfectant in the rinse water. Then dry each fruit with a soft cloth.

"Place the clean gourds on a shallow slatted tray or open shelf in a well-ventilated porch, garage or shed, taking care that the fruit do not touch each other. Turn them daily and discard any that shrivel or develop soft spots.

"After the first week of curing, the skin will become hard and tough. The gourds can then be stored in shallow wood or cardboard trays in a well-ventilated room or attic for a minimum of three weeks to complete the curing process," Mr. Janne said. The specialist advised continuing to inspect them every few days to remove any fruit which shrivel or show signs of decay. Do not store in a damp basement or in tight, unventilated containers, he cautioned.

"You can look for the colors of properly-cured gourds to last three to four months. They will retain their color an additional month or two if you apply a protective coat of white shellac, floor wax or furniture wax to the dry, completely cured fruit," he noted.

Local Woman Found Lying Beside Road Thursday

Yolanda Ballesteros was rushed by ambulance to the Littlefield Hospital Thursday about 11 p. m. after having been found lying beside the road on Highway 70 near the Springlake-Earth School Road.

Mrs. Ballesteros was discovered to be bruised and skinned up and was given first aid at the hospital and dismissed.

Mrs. Ballesteros was seen lying by the road by Wayne Henderson and Bill Gover as they were driving along the Highway. Not knowing whether she was dead or alive, the twosome drove immediately to the rodeo grounds and by loudspeaker got the ambulance and Deputy Sheriff Wayne Cooper who rushed to her aid.

Mrs. Ballesteros said she was at a party in Springlake and that when she got ready to come to her home in Earth, no one was ready to leave. She said she started out highway her way home. According to law officers, she said she caught a ride with a white male about 35 years old in a white and black pickup. She said as they rode along he started getting smart with her and she jumped from the pickup. She was reported to be found on the south side of the road.

PARTY LINE

Mr. and Mrs. Elroy Wislan Sr. and Gina of Springlake, and Mr. and Mrs. Marty Crossland of Lubbock will spend a few days in Wilmore, Kentucky visiting their son and wife, Mr. and Mrs. Elroy Wislan Jr. Elroy Jr. is attending Asbury Theological Seminary there.

Henry Jackson, of Fort Worth, has been in Earth the last few days visiting Mr. and Mrs. Hershel Hulcy and family. Jackson is a nephew of Mrs. Hulcy.

German Festival July 20 In Nazareth

The 3rd Annual Nazareth German Festival will be held July 20, at Nazareth.

There will be a baseball game beginning at 1:30 p.m. at the Nazareth Community Center.

Beginning at 2:00 p.m. there will be pick-up foods such as sausage on a stick, home-made bread, cheese on a stick, Wurst Kabobs, etc. available at the Community Hall.

The German Festival Arts and Craft show will be a new attraction this year and will be held in the Home Economics Room in the High School. Anyone living in Castro County or a member of an art club in Castro County may enter this arts and crafts show. The judging will be done by popular

vote, everyone 12 years and older who attends the show may vote once. Three ribbons will be given in each division. The show will open at 2:00 p.m. and close at 8:00 p.m. Division winners will be determined by 6:00 p.m.

At 3:00 p.m., square-dancing will begin in the school cafeteria. The caller for the event will be Bill Campbell from Amarillo and Les Grumpy from Amarillo will call the round dances. Square-dancing will continue until 9:30 p.m. There will be a \$1 admission charge.

The Wurst Supper will be served at 4:00 p.m. with the menu consisting of sausage, beef stroganoff, hot potato salad, sauerkraut, fresh vegetable

relishes, sauerkraut salad, home-made bread, German Chocolate cake and apple-strudel. Price per plate will be

\$2.25. The meal will be served until 7:30 p.m.

The Havlak Polka Band from Rowena, will be playing for the dance from 9:00 p.m. until 1:00 a.m. They are known for their oom-pah music which makes for good ole German dancing. Admission is \$2.00 per person. This is the same band that has played at previous festivals held here.

T/3C MIGUEL GARCIA JR.

July-Navy Aviation Fire Control Technician Third Class Miguel Garcia Jr., of Muleshoe, has returned to the Naval Air Station, Whidbey Island, Wash., after a seven month deployment with Attack Squadron 95.

His unit was embarked aboard the attack aircraft carrier USS Coral Sea in the Western Pacific.

The squadron helped provide air support during the evacuation of U.S. citizens and foreign nationals from Saigon, South

Americans Urged To Stop Wasting Gas

Natural gas companies are being urged by the Federal Energy Administration to voluntarily stop promotion of the energy-wasting gas lamps used to decorate lawns across the nation.

"A decorative gas lamp burns 18,000 cubic feet of natural gas a year, or as much energy as is needed to provide an average family with hot water for six months," notes Delbert M. Fowler of Dallas, FEA regional administrator.

Fowler said generating and delivering electricity for a 60-watt electric bulb for 24 hours requires less than 17,000 BTU's of fuel energy. The equivalent gas light uses three times that much.

Two other factors pointed out by Fowler are that the electric light can easily be switched off when not needed, while most gas lamps burn 24 hours per day. Thus, if a light is used five hours an evening, the net energy saving is almost 14 to 1 in favor of the bulb.

Replacing gas lamps with electric bulbs could save an estimated 32,000 barrels of oil daily, enough to heat 600,000 homes for a year.

"This doesn't seem like a tremendous amount of saving, but

A 1974 graduate of Hart High School, he joined the Marine Corps in October, 1974.

EARTH COWBOY PREACHER-David Burum, pastor of the First Baptist Church didn't appreciate the sprinkling he received during the parade Thursday afternoon.

PARTY LINE

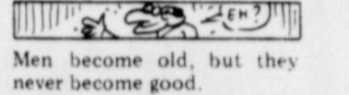

Mr. and Mrs. Sandy Sanders and children Jeff and DeLynn, of Katy, are here visiting their parents, Mrs. Bennie Prather and Mr. and Mrs. Marvin Sanders all of Earth.

Mr. and Mrs. Hilbert Wislan of Springlake spent the weekend in Abilene visiting their daughter and husband, Mr. and Mrs. Edd Hawkins.

Mr. and Mrs. Hershel Hulcy and children Karen and Greg returned Sunday from a week's vacation at St. Isabel in Colorado.

with the shortage of natural gas every little bit of saving is important," Fowler said.

It is estimated there are four million decorative gas lamps in the United States.

Lawn Tips For Mid-Summer

Drouth, leaf spot diseases, chinch bugs and white grubs present major turf problems for home lawns in Texas for the next several months.

"High temperatures, high winds and limited rainfall create drouth problems for all turfgrass species," points out Dr. Richard Duble, turfgrass specialist for the Texas Agricultural Extension Service. "Raising the mowing height one-half inch will increase the depth of the turfgrass cover and provide more insulation against extremes in high soil temperature. This practice also encourages more extensive rooting of turfgrasses

so they can more effectively use soil moisture."

Along with higher mowing, the Texas A&M University System specialist suggests watering to moisten the soil to a depth of four to six inches after each application. Light, frequent irrigation produces shallow-rooted turf that is more susceptible to drouth stress.

The specialist advises against using soluble nitrogen fertilizers to stimulate grass growth during mid-summer stress periods since they increase the water requirements of turf.

"Leaf spot diseases are generally a problem when lawns are under stress and increase with high temperatures, drouth, heavy shade and close mowing," points out Duble. "Proper mowing and watering will reduce these problems, but fungicides may be required to prevent serious damage. Those containing PCNB, Maneb, Dyrene or

Daconil are effective for control of leaf spot diseases."

Chinch bugs and white grubs feed heavily on lawns during mid-summer and their damage resembles drouth injury, notes the specialist. If the turf does not respond to applications of water, insects should be suspected. Both insects damage St. Augustinegrass, but only the white grub damages bermudagrass lawns.

Chinch bugs can be effectively controlled with applications of Aspon, diazinon, trithion or Ethion. Water the lawn thoroughly prior to applying the insecticide for chinch bug control. A light watering after the insecticide application also increases its effectiveness.

White grubs can be controlled with chlordane or diazinon, Duble advises drenching the lawn after the insecticide is applied since the grubs feed on grass roots. White grubs have developed resistance to chlordane in some areas of the state.

Duble suggests sprigging Floratam St. Augustinegrass into

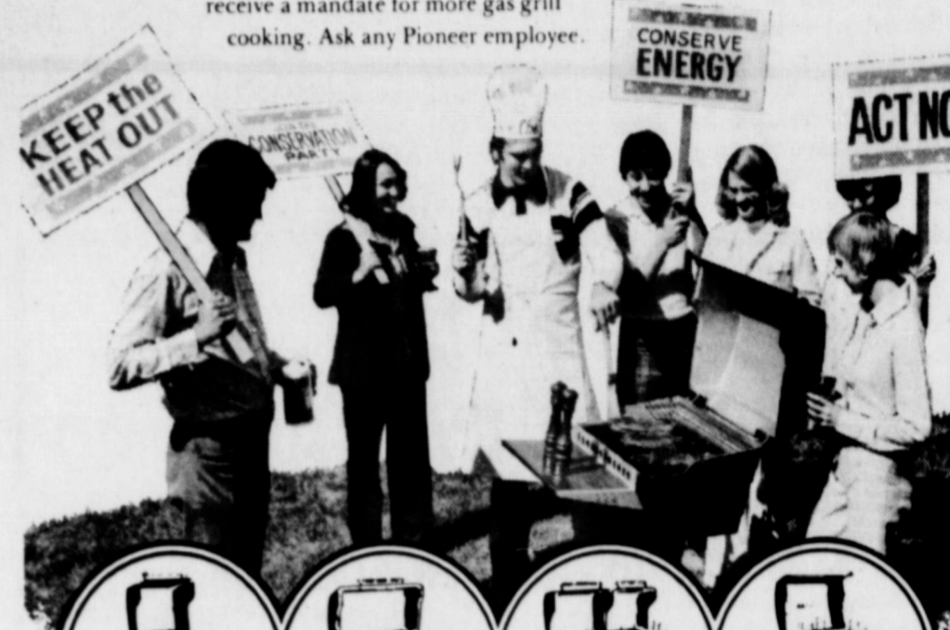

damaged areas as an alternative control for chinch bugs. Floratam is resistant to chinch bugs and will fill in where common St. Augustine has been damaged.

The hangar airplanes are put in comes from the French word for farm shed, where early French aviation pioneers put their craft.

The Conservation Party. Join In.

Do your bit for conservation while you do your thing. A gas grill lets you cook outside and take the heat with you. You don't put an added tax on your air conditioner with cooking heat. A gas grill is so convenient (no charcoal mess or bother) eating "out" will become an everyday affair. And, it will add a charisma to your outdoor living that will last all year long. Get the voters "out" and that wonderful charcoal taste will earn you a vote of confidence from family and friends. You'll receive a mandate for more gas grill cooking. Ask any Pioneer employee.

Perk Up Meals With Pasta:

Historians report that pasta is one of the oldest and most revered foods, eaten as early as 5,000 B.C.

Just as popular today, pasta adds interest, variety and economy to meals, Marilyn Haggard, foods and nutrition specialist, said this week.

"The term 'pasta' includes macaroni, spaghetti and noodles in a wide variety of shapes, sizes and even color," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

Pasta is made from semolina, farina or wheat flour and water. Noodles are made with the addition of eggs. More than 100 shapes are characteristic of pasta, and some are colored green by adding spinach, she said.

"Many popular convenience foods contain pasta combined with sauce mixes or canned sauces. Most pasta products are enriched with thiamine, riboflavin, niacin and iron."

The specialist noted that well-cooked pasta is tender, but firm and not sticky.

"To cook, add pasta to rapidly-boiling salted water and cook until just tender.

"Cooking time should be shortened slightly if pasta is to be used in a combination dish that needs further cooking.

"If pasta is to be cooked ahead of time, sticking will be reduced if the pasta is kept in a strainer over hot water," she explained.

HIGHER COST furnishings and limited fabric selections will likely result from the Consumer Product Safety Commission's proposed standards for making household items impervious to carelessly handled cigarettes.

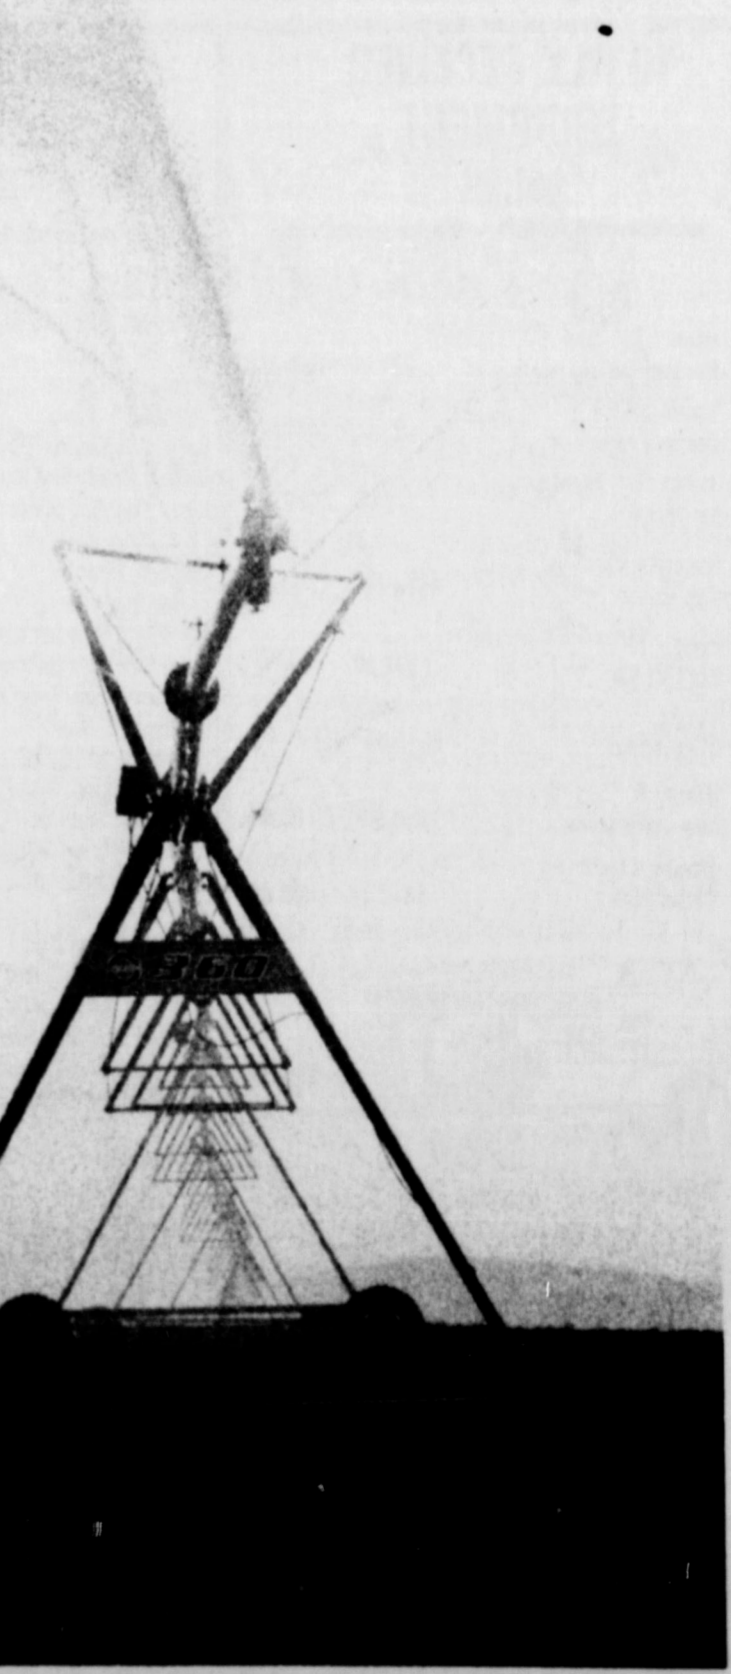

How to get the most from the lease.

Why bother looking at other systems when you can lease the best system available? Gifford-Hill's 360.

You don't have to tie up money buying a system. Instead, you can sign up for one of the most competitive lease programs in the irrigation equipment market. That frees your capital to put into land, equipment or whatever you need.

The 360 is the most reliable system on the market. And it's backed by one of the most reputable service networks in the industry.

So check with us about the options available to you with Gifford-Hill's leasing program. And let us show you why the 360 is the most for the lease.

Sunflower Field Day At Halfway Today

HALFWAY-A sunflower field day at the Texas Agricultural Experiment Station at Halfway 14 miles west of Plainview has been set for Thursday afternoon, July 17.

Announcement of the event was made by Dr. George McBee, resident director of TAES at Lubbock, with co-chairmen Dr. Raymond Brigham, associate professor, oilseed crops at Lubbock, and Dr. Douglas Owen, research scientist at Halfway.

New developments in sunflower research will be spotlighted. Until now, little has been known about disease and insect problems associated with sunflower production on the High Plains, said Brigham. Scientists also have had few answers for farmers wanting to know about planting rates, irrigation, and fertilization of the new crop.

Sunflowers were grown on 5,000 acres in this area last year. This season the acreage is estimated at 300,000.

Activities for the afternoon event are from 2:00 until 5:00. A series of tours plus a farm

machinery display are featured attractions.

Brigham said the tours of research plots will include stops at test sites ranging from hybrid trials, fertilization and irrigation studies to insect and weed control tests.

Lubbock-based TAES scientists will join the Halfway research staff in interpreting the studies for guests.

Dr. Douglas Owen will explain crop rotation programs at Halfway, and Jim Schrib, weed control scientist, will talk about herbicide studies.

Of the Lubbock staff, Dr. Art Onken who heads up soil chemistry research will discuss fertilization of sunflowers. Dr. George Teetes, entomologist, is slated to report the results of planting date tests associated with insect control.

Brigham will be explaining data on hybrid trials, and Dr. Charles Wendt, soil physicist, is to discuss irrigation studies.

Anyone interested in sunflower production is encouraged to attend, said Brigham. The Halfway Station is on Highway 70, 14 miles west of Plainview.

1975-76 SPRINGLAKE-EARTH HIGH SCHOOL CHEERLEADERS-Kim Dent, Elaine Bills, Donna Smith, L'Anna Sulser, Kelly Haydon and Cindy Dent were enjoying the little shower during the parade Thursday.

TWO LOCAL GIRLS WIN RIBBONS

South Plains 4-H'ers Earn Dress Revue Honors

LUBBOCK-Four young ladies modeling their own creations earned a trip to the State 4-H Dress Revue in Dallas by winning top honors in the District 2 4-H Dress Revue Monday (July 14) held at South Park Inn here.

The winners are Kayla Gaskins of Howard Co.; Annette Weil, Hale Co.; Becky Hand, Lubbock

County; and Genna Lee Ellyson, Gaines Co.

All 19 contestants, who represented a 20-county area of the South Plains, made and modeled their own outfits. Special honors went to Miss Ellyson for showing the best all-cotton outfit.

Also awarded during the show was a \$500 Aubrey W. Russell Scholarship. Deana Finck of Swisher County was presented the award by Mrs. Lucille Whitten, district 2 director of the Texas Home Demonstration Association. The scholarship is offered each year based on best record book and other criteria to a 4-H girl majoring in home economics at Texas Tech.

In addition to senior level competition, 19 juniors vied for honors. They'll not compete beyond the district level.

There are no 1-2-3 placings in the annual dress revue. Contestants are judged on their sewing and construction skills, overall appearance, modeling abilities and their 4-H record books.

A luncheon for contestants, parents, Extension agents and special guests kicked off the awards phase of the event. Presenting the awards was John Herzer, manager of the Plains Cooperative Oil Mill which sponsored the luncheon.

Theme of this year's revue was "Mirror of American Customs-1776-1976," Sandy Stuart,

IF YOUR COMPANY ISN'T PROVIDING FOR YOUR RETIREMENT,

New Pension Act Enables Millions of Working Americans Currently Not Covered By Any Retirement Plan to Set Up Their Own Tax-Favored Retirement Account.

WHO IS?

the \$1,500 tax break

If you're employed and not participating in a private or governmental retirement plan (Social Security doesn't count) you are eligible to start one of your own. This new plan is known as the Individual Retirement Savings Account. You are entitled to contribute up to 15 percent of your annual salary, or \$1,500 (whichever is less).

the \$7,500 tax break

If you are self-employed and do not have a retirement plan, then you can start a tax-sheltered plan of your own. This new plan is known as Keogh HR 10. You may contribute up to 15 percent of your earned income or \$7,500 (whichever is less).

BOTH PLANS ARE TAX SHELTERED!

You can claim your contribution to either plan as deduction on your federal and state income tax returns. In the meantime, the money in your account will grow tax sheltered. No income tax will be due until the funds are paid out to you, and FIRST FEDERAL pays the highest rate for which the amount qualifies. FIRST FEDERAL offers both these plans without charging fees or commissions. Call or come in and talk it over with the Savings Counselor at the FIRST FEDERAL office nearest you... or send in the coupon below.

PLAN TODAY FOR YOUR RETIREMENT TOMORROW!

tax break

Yes, I'm interested. Please send me, without obligation, full details on FIRST FEDERAL'S tax break plans.

Group Offers Tire Selection Tips

Washington, D. C. --More tires are being replaced these days because more cars are seeing longer service.

The Tire Industry Safety Council offers these guidelines for replacement tire selection and use:

- * Check the owner's manual or the tire instructions affixed to the car first before you consider any tire replacement.
- * If you pick a larger size than the original equipment tires, stick to the safe options recommended by the car manufacturer. He has taken into consideration load ratings, tire dimensions, fender clearances and rim size in making these recommendations.
- * Never select a replacement tire smaller than the original equipment tires on the car. A smaller size may affect the suspension system of the car, ground clearance and instrument accuracy, and is not designed to carry the vehicle load.
- * Stick to the same size and construction on all four wheels, if possible, for better car handling.
- * If you select a single replacement tire, make sure it is the same construction as the other tire on the same axle. If it isn't, erratic steering and irregular wear patterns can result.
- * If you buy two radial tires to pair with other constructions

A. T. JORDAN-Earl Jordan's father is shown receiving the hard luck trophy from Earl Kellar Saturday night. Earl received the trophy for his part in competing in the Businessmen's calf roping event during the rodeo.

the radial pair must always be placed on the rear axle.

* Unless mixed with radial pairs, new tires should go on the rear wheels for better car handling and safety.

* If you need new tires before you think you should, have an expert check the old ones to see why. If they did wear out prematurely without material de-

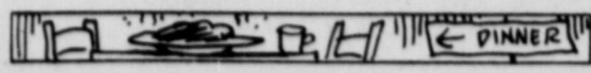

feat, improper inflation or other bad vehicle maintenance habits may be the problem.

* More information on selection and other tire care, safety and mileage tips is available in the Tire Industry Safety Council's Consumer Tire Guide. For a free copy write to "Tire Safety," Box 726, New York, N. Y. 10010. Enclose a stamped, self-address-

ed, business-size envelope.

PARENT-CHILD interaction is affected by the knowledge, expectations, attitudes and behaviors of the parents.

SMALLER SIZE YARNS account for many of today's lightweight, drapable knitted and woven fabrics.

Goulash originally meant shepherd, now it means the kind of food that Hungarian shepherds used to eat.

SUNNYSIDE NEWS

BY TEENY BOWDEN

Mrs. Emma Moore, a sister of R. V. Bills, passed away in Wichita Falls last Sunday night. Mr. and Mrs. Bills went down Monday morning for the funeral Tuesday morning. They came home Tuesday evening. They had visited with her about two weeks ago. She was quite ill at that time.

Greg George attended the funeral services of his uncle, Danny George, with his father Saturday afternoon. Others attending the funeral from the community included Mr. and Mrs. Lee Bradley, Mr. and Mrs. Carl Bradley, Mr. and Mrs. Carl Dean Carson, Mrs. Lillian Carson and Mr. and Mrs. Larry Don Bills. Carl Dean Carson was a pallbearer.

Mrs. Nora Loudder underwent minor surgery in the emergency room of Plains Memorial Hospital Thursday morning. She was not admitted.

The July 4th activities instilled in some the desire to renew the community meetings with the idea of making plans now for next years bicentennial activities. Since the first Friday night in each month was the last scheduled dates set we

will meet the first Friday night in August, elect new officers and begin plans. "42" or "84" will also be on the schedule.

Mrs. Josephine Willars flew from Lubbock to her home in Marlin, Texas Tuesday after a two week visit here with her daughter and family. Mr. and Mrs. Gabriel Montiel and children, Robbie Cunningham, a nephew of Mrs. Montiel flew in last week from Shreveport, La. for a few weeks visit with the Montiel family.

Mr. and Mrs. Tom Messer, Bart and Shelley of Houston arrived the 4th for a visit here with her parents. Mr. and Mrs. Alton Loudder and other members of the family and with his parents, Mr. and Mrs. Marcus Messer of Earth and other family members. They left for Houston Friday morning. Mr. and Mrs. Dwayne Loudder, Lance and Lane of Flag hosted a family get together Thursday night. Those present were Mr. and Mrs. Lowell Westmoreland, Lori, Gena and Zane of Littlefield, Mr. and Mrs. Doug Loudder, Lyle and Dara and her niece Joanna Jacques, Mr. and Mrs. Tom Messer and children and Mr. and Mrs. Alton Loudder.

All but Gena and Lori were together in the Alton Loudder home last Sunday.

Mr. and Mrs. Dennis Heizer and Clint and his grandmother, Mrs. L. L. Rinehart all of Fort Worth visited several days recently with his brother, Mr. and Mrs. Richard Heizer, Mrs. Rinehart stayed with them until Thursday, July 3rd. They took her home and attended Mrs. Heizer's class reunion.

Mr. and Mrs. Fred Hartgraves of Hamilton, Texas spent a recent week-end with their daughter, Mr. and Mrs. Richard Heizer.

Mrs. Embree Roy Sadler and Mrs. L. B. Bowden worked with auxiliary duties at Plains Memorial Hospital in Dimmitt Monday afternoon.

Rev. and Mrs. Raymond Jones met his sister, Mrs. Jesse Sager, at the bus in Clovis Monday. They took her to see "Texas" Tuesday night and she left Amarillo by bus Wednesday morning for her home in Springfield, Missouri.

Mr. and Mrs. J. L. Barrett and girls of Sweetwater spent the July 4th week-end with her sister, Mr. and Mrs. Ronnie Miller, Chris and Todd.

Mr. and Mrs. Roy Phelan and a nephew vacationed in Rudosa Thursday through Sunday.

Several from the community attended the Earth Rodeo Thurs-

day, Friday and Saturday nights.

David and Angie Bills spent Saturday afternoon with their grandparents. Angie also spent the night with them.

Sharon, Jack, Joel and Justin Bradley spent Saturday afternoon in Dimmitt with Mrs. Weldon Bradley.

Mr. and Mrs. Loy Stewart of Cotton Center visited Sunday afternoon with Rev. and Mrs. Raymond Jones.

Mr. and Mrs. David Sadler, Melody and Karla returned home Friday night from a working trip in South Texas.

The Baptist Women met Thursday afternoon and repaired old hymnals and put new plastic covers on them to be sent to a church in Minnesota. The VBS text books and kits used this year will also be sent for use there.

Baptist Women met for Bible study Wednesday night with Mrs. L. B. Bowden, group leader in charge.

Mr. and Mrs. Thomas Parson and children spent the July 4th week-end at Christoval Lake with Mr. and Mrs. T. E. Parson III and family. Tommy Parson came home with his grandparents, Phillip and Laura went home with their parents.

Mrs. Gale Sadler and Susan took the Girls in Action to Day Camp at Plains Baptist Assembly near Floydada Saturday. Those attending were Lisa Wil-

Small Ads... Big Results! CLASSIFIED ADS!

son, Debra Fitzgerald, Stacy Sadler and Dara Loudder.

Rev. and Mrs. Raymond Jones, Lee and Lynn Brown, Cindy and Susan Sadler, Chris Elkins and Lavern Lee attended the Billy Graham Crusade Youth Music Festival in Lubbock Thursday night.

Lynn Brown, Kevin Riley, Jodie Riley, Michael Graham, Tommy Graham, Duke Henry and Tommy Hampton, Dina Jo Hampton and Belinda Hampton, Mrs. Ray Joe Riley, Mrs. Gerald Graham and Jerry Ray Hampton attended the Lamb County 4-H Rally Day in Littlefield Monday.

Mrs. Ray Joe Riley, Kevin and Jodie visited in Hereford Sunday in the home of her parents, Mr. and Mrs. Ira Scott with her grandfather, John Wallen of

Siloam Springs, Arkansas. Her nephew, Coby Kriegerhauser of Hereford came home with them for a few days visit.

Mr. and Mrs. Thomas Parson and children met in Plainview Wednesday night with her aunt, Mr. and Mrs. Earl Patrick of Lubbock and their granddaughter to let Wendy Wilson visit with them for a few days. She attended the "Texas" production with them Wednesday night and will visit in Lubbock with them this next week.

Mr. and Mrs. Thomas Parson and children attended the 15th anniversary celebration of Calvary Baptist Church in Friona Sunday. They are charter members of the church. Patricia Parson of Bovina came home with them for a few days visit.

GARY BULLS-said he didn't need help like Earl Kellar was giving Saturday night during the businessmen's calf roping.

TEXAS TALK
By CALVIN WOOD
EARL JORDAN

Movie stampedes not being what they were, and the price of feed being what it is, the Longhorn may be moving back to the pasture. The Longhorn has retained all the characteristics which made them the bedrock of the western beef industry. Number one on their list of appealing traits is their foraging ability. With pasture land being depleted by grass guzzling steers in near record numbers, producers are renewing their appreciation of any animal that excels on the least possible pasture. That's the Longhorn. An ability to not only survive but to gain on rations consisting of cactus or mesquite and whatever kind of grass is available made the Longhorn a Texas trademark in the days of the trail drive. That same quality obviously was on the minds of cattlemen early this year for the first annual Texas Longhorn Breeders Association of America sale. While exotic breeds were drawing little attention the Longhorn sale was described as standing-room-only.

Local Men Elected On Board Of Trustees At HPRF

The Board of Trustees of the High Plains Research Foundation, Halfway, Texas elected Don Marble, prominent farmer from South Plains, Texas, President of the Foundation and its Executive Committee, at a recent annual meeting held at the Headquarters at Halfway, 14 miles west of Plainview. Mr. Marble is a past President of Plains Cotton Growers, Inc., and has been very active in many farm and crop organizations for the past several years. In accepting this position, Mr. Marble said, "We have a responsibility to the economy of West Texas, to do the best job of agricultural research possible, and the High Plains Research Foundation can be very instrumental in helping achieve these goals, especially since the recent affiliation with the Texas Agricultural Experiment Station. We will be working closely with Texas Tech Uni-

versity and West Texas State University in an attempt to accelerate the total agricultural research program in West Texas."

Other officers elected at the meeting included J. B. Wheeler, Plainview, Chairman, Ray Joe Riley, Hart, Vice-Chairman, J. D. Smith, Sudan, Vice-President, Sam Thomas, Amarillo, Secretary-Treasurer, and Jack Cloude, Plainview, Executive Director. Trustees named to the Executive Committee, in addition to those mentioned were Don Anderson, Lubbock, Elbert Harp, Lubbock, Virgil Patterson, Amarillo, C. I. Wall, Amarillo, W. B. Tison, Plainview, Graddy Tunnell, Plainview, Ralph Wheeler, Edmondson, and Leo Witkowski, Hereford.

Trustees are elected to three-year terms, and the following persons were named to serve: Harry Igo, Mervyn Igo, Donald

Hog Cholera Found In Texas Panhandle

Johnson, Delwin L. Jones, Pete Lancy, Jack Little, Jim Lindsey, Aubrey Lockett, Barry Love, Macky McCarty, Ken McEachern, Gene McLaughlin, Edd McLeRoy, Troy McNeill, John McQueen, Ralph Mabry, James Man, Don Marble, Wayne Martin, Fred Mercer, W. E. Miller, T. E. Mitchell, Bill Nelson, Pat Northcutt, Bruce Parr, Virgil Patterson, Virgil Payne, R. G. Peeler, "Doc" Potts, J. Ray Pritchett, Ewald Quebe, Dean Rea, Ray Joe Riley, B. A. Robertson, Lyle Robinson and James Roger.

Dr. Jarvis Miller, Director of the Texas Agricultural Experiment Station, in explaining the future plans for the Lubbock-Halfway location, stated that funds will not be immediately available to do the amount of research which had been hoped, unless other sources of funds can be developed. However, Dr. Miller was very optimistic that within a short period of time, more personnel and advanced programs can be expected.

Dr. George McBee summarized the research being carried on at the Halfway location. A large sunflower project is underway, some potato research has been started this year, a total water-use efficiency research program is being expanded, fertilizer and herbicide research has been increased, and the new greenbug resistant varieties of grain sorghum are being tested. Dr. McBee said, "The experiment station belongs to the people, and the Lubbock-Halfway station will be operated as one unit."

Graddy Tunnell, Plainview attorney, said that it was en-

An outbreak of hog cholera, the first in the United States in more than a year, has been confirmed in the Texas panhandle, the U. S. Department of Agriculture (USDA) reported July 4.

USDA Animal health officials warned hog farmers throughout the nation, but particularly in the southwest, to remain alert for signs of this costly and often fatal virus disease, which has the potential for rapid spread. Hog cholera is a disease of swine only; it does not affect other animals or humans.

Hog cholera has been the object of a highly successful state-federal eradication campaign that began in late 1962. The last previous cases of the disease were reported in Puerto Rico on May 4, 1974, and in Mississippi on February 7, 1974. Prior to the start of the eradication program, the disease affected an estimated 5,000 to 6,000 swine herds annually and cost hog producers around \$50 million a year.

The current outbreak was found in a herd of about 170 hogs owned by Louis Woodford and located near Hereford, Texas, in Deaf Smith County, according to officials of USDA's Animal and Plant Health Inspection Service (APHIS).

The diagnosis was confirmed at the APHIS Veterinary Services. It is entirely conceivable that the Lubbock-Halfway station could become the leading off-campus agricultural research station in the State of Texas.

Laboratories in Ames, Ia., from tests on specimens which had been flown by courier from both the hog farm and from the Texas A&M University veterinary diagnostic laboratory, where earlier tests had indicated the presence of hog cholera.

"Of course we are deeply disappointed at finding hog cholera when we are this close to eradication," said Dr. F. J. Mulhern, APHIS administrator. "But this does illustrate the difficulty in eliminating the last trace of a disease and the importance of remaining alert until the task of eradication is complete."

The affected swine herd had been placed under quarantine by the Texas Animal Health Commission. Additional state and federal quarantines will be placed as necessary to control the disease. Contact with infected or exposed swine is one of the primary ways hog cholera is spread to healthy hogs.

"Athlete's Foot" Is A Misnomer

The term "athlete's foot" was coined by an advertising man in the early 1930s to promote a patent remedy for fungus infections of the feet.

The popular term is a misnomer, says the Texas Medical Association. You don't have to be an athlete to have a fungus infection of the feet. Anyone can have it.

Some people are more susceptible than others. A man may have the ailment for years and his wife will remain free of it. Doctors know that most of the efforts to prevent athlete's foot, chlorine foot baths at the swimming pool, disposable slippers, boiling of socks and treatment of shoes, are not helpful. Athlete's foot is almost never "picked up."

The most common form of athlete's foot is that which causes redness, cracks in the skin, itching and burning of the feet, particularly between the toes. The same fungus can cause blister eruptions of the soles of the feet.

Prevention requires that the skin of the feet, and most particularly between the toes, be kept cool and dry. When successfully done, this is more effective than the use of medicated powders, lotions, creams or ointments. Relief may be obtained by simple and bland substances, but a specific approach to treatment will often require the attention of a specialist with laboratory facilities for confirmation. Treatment should be aimed at the type of fungus causing the infection. Self medication may encourage complications and prolong discomfort and disability.

Warm, moist skin encourages the growth of all types of fungi. It is difficult to eliminate the fungi entirely, but their ill effects can be kept under control by keeping the feet cool and dry.

A state-federal task force has been established in the area to eliminate the disease and investigate the source of the outbreak and any possible spread. The infected herd has been destroyed and the owner will be indemnified for the loss of his hogs. Signs of hog cholera include loss of appetite, fever and hogs that are just "sick all over." Other signs include abortions and abnormal death losses among young pigs. Hog farmers are urged to contact their local veterinarian or state or federal animal health officials immediately if they suspect hog cholera.

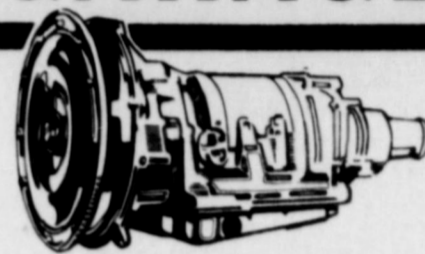

Red tape is so called for the practice of tying official documents with tape of that color in 17th century England.

SAMESIZE READY-TO-WEAR garments may vary as much as one and one-half inches per body measurement. Sizes vary according to different manufacturers, price-ranges and garment types.

SUPPLIES OF HOME canning lids are being allocated only to those retail outlets that have normally carried home canning supplies in the past. Lids are being distributed to areas as crops come in.
