Nosin... With Polly

Funny how a grandbaby can turn a somewhat quiet gal, just overnight, into a proud grandmother with the wit and gab of a full fledged politician.

Alene Griffin is one of those lovely talkative grandmothers, she came rushing by the office Monday to say her lovely, brilliant granddaughters had a tooth. (She is only four months and nine days old). She went on to tell us how cuddly and smart she is, and ended up by saying "She's almost as smart as her daddy, he had his first tooth at four months and five days."

I couldn't say for sure, but it seems these gals are taking advantage of me these days, I don't have a grandbaby and I've never had an operation, so what is there left for me to talk about??? That is, IF I could get a word in....

NOSIN
Frankie Faver was hostess Monday morning to a group of ladies, doubtless with jittery, fragile nerves, who proclaimed the celebration as a "Back To School Coffee." Frankie declared, she just didn't know if the coffee tasted better that morning, or if the group just needed it worse, following the mad rush and hair raising experiences of getting the kids off to school, the first day.....

NOSIN
Our news gal, Dardie Williamson, who is always as neat as a pin, came to work Tuesday morning actually shining, but minus the brand new dress she had planned to wear... her reason for not wearing the new dress was great, the story goes, she had rushed to the car with daughter Glenda, for their drive to Earth, and work. Suddenly, she dashed backward toward the garage to dash in the kitchen door for her watch... Glenda remained in the car and waited. After waiting and noticing their devoted pooch hound frantically barking in the garage, she finally noticed her mother's head, which she was barely able to detect above the car parked outside the garage door. She went dashing back... there sat Dardie drenched in soapy water, from head to toe, with scrub brushes all around her on the floor... She looked down at her laughing mother, who couldn't get up, where she had fallen in her mad dash into the house, turning over the soapy car wash water and brushes her son had used the day before. Glenda looked down, and seeing Dardie unharmed, but her new dress soiled and wet, said, "Mother, I thought you said you forgot your watch... instead of your bath... and don't you think a bath is much more comfortable in the bath room without your new dress on???"

NOSIN
DEFINITION OF A FARMER

A farmer is a paradox. He is an overall executive with his home as his office; a scientist using fertilizer attachments; a purchasing agent in an old straw hat; a personnel director with grease under his fingernails; a dietitian with a passion for alfalfa, amines and antibiotics; a production expert with a surplus; and a business manager caught in a price-cost squeeze. He manages more capital than most businessmen in town. He likes sunshine, good food, State Fairs, dinner at noon, auctions, his neighbors, his shirt collar unbuttoned, and above all good soaking rains at certain times of the year. A farmer is usually found in his fields. His wife often helps him there, little boys follow him, the USDA confuses him, city relatives visit him, salesmen detain him, weather can delay him—but it takes Heaven to stop him. You can reduce his acreage, but you can't restrain his ambition. Might as well put up with him. He's your friend, your competitor, your customer, your source of food, fiber and self-reliant young citizens to help replenish our cities. He is your countryman—a denim-dressed, business-wise, fast-growing statesman of stature. And he comes in at noon, having spent the energy of his hopes and dreams he can be recharged anew with the magic words, "The market's up!"

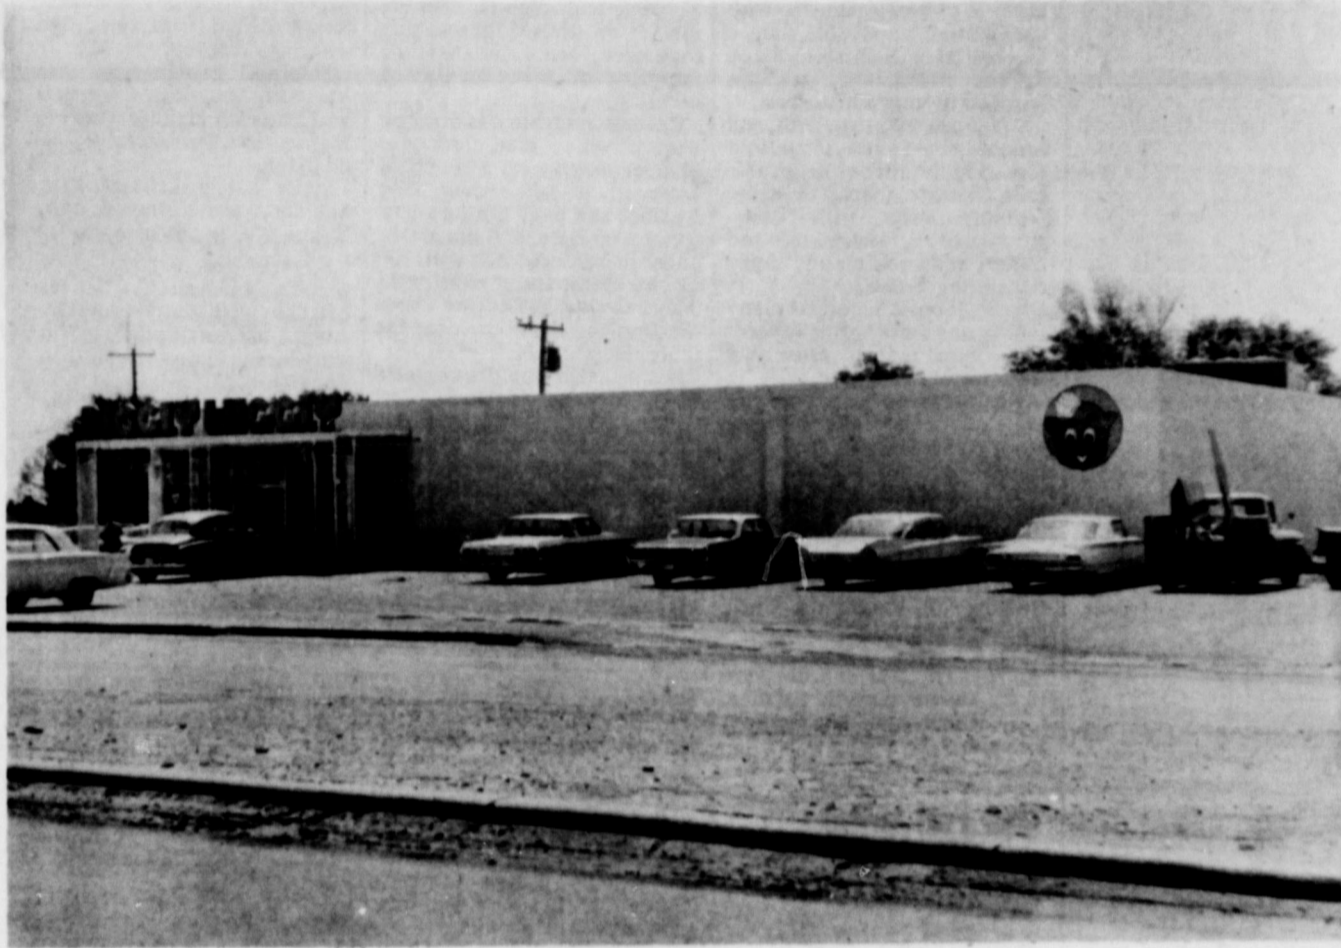

Pvt. Williamson To Complete Basic Course in October

Army Private Alfred G. Williamson, son of Mr. and Mrs. Guy Williamson, Route 1, Springlake, is scheduled to complete an eight-week supply clerk course at Fort Polk, Louisiana, October 11. Williamson entered the Army in May, 1963, and completed basic training at Fort Polk. The 17-year-old soldier attended Springlake High.

Piggly Wiggly Stages Formal Opening

The formal opening celebration of the new Piggly Wiggly began Tuesday with bargains galore in grocery specialties throughout the store for area shoppers. Highlighting the opening celebration will be the giving away of 30 free baskets of groceries during the next three weeks, with 10 baskets to be given each Saturday night. The first drawing will be Saturday. To be eligible for the free baskets of groceries, customers, when checked out at the check stand, are given a card to fill out. All cards are then placed in a box and ten names will be drawn each Saturday night. You do not have to be present to win. Also for an added attraction the next eight weeks, the store will feature a Spin and Win board. All customers will be given a card with a black dot on it, by dampening the dot, it will reveal one of our letters, those being S-P-I-N. When anyone obtains four cards, spelling out SPIN, they will be eligible to spin the wheel and win cash prizes from two dollars to one hundred dollars. Customers in the area will find this an exciting game. The exterior of this beautiful new building is built of tile painted beige, with white brick trim, and double swinging glass doors, with plenty of parking space for the customers' convenience.

The interior is finished in pastel shades of blue, sandal wood, white and orchid, with acoustical suspended ceiling and lovely tan and gold vinyl tile covering the floor. The spacious 60'x100' building features new fixtures throughout, with refrigerated air conditioning and central heat combined, for the customer's shopping comfort. One of the main attractions in the new store will be soft soothing stereo-phonos music for the shopper's enjoyment. The 6000 feet of selling space is stocked with numerous new items, including a new dietetic food case and a gallon merchandise center for big social affairs. Five grocery stands line the aisles. These are stocked with famous brand

NEW PIGGLY WIGGLY STORE

name foods. Gold lettering on the walls mark each department. The meat department features fresh barbecued chicken and beef each day. They will also be able to give the customer the choicest cuts of beef and pork daily. Lloyd Kiser has been named manager of the firm, replacing Archie Tomlinson, who resigned the first of the week. Kiser formerly held the position of assistant manager of the firm, moving here from Crane about two months ago. The Kisers have one child, Belinda, 16 months old, and attend the Church of Christ. They reside in the Minnie Pate house on Second Street. Travis McPherson from Sudan will head the meat department,

as butcher, McPherson has had seven years experience in butchering, and worked for Clicks Packing Company in Morton prior to accepting this position. McPherson and his wife, Joan have two children, Debbie Dianne, two and one half years old, and Kevin Dean, 5 weeks old. They attend the Baptist Church, and will move to Earth as soon as they can find space for their trailer home. McPherson will be assisted by Ingrid Curtis of Earth. Manning the checking stands will be two local girls, Mrs. Quinton Truelock and Jane Carter, Henry San Miguel and Jesse Cole will do the sacking and stocking. Mr. Kiser and all the personnel invite everyone to attend the big formal opening of this lovely new super market.

LYOYD KISER - Piggly Wiggly Manager

E. E. Winn Math Teacher At Springlake

E. E. Winn of Trent has joined the Springlake School teaching staff, and will teach High school mathematics, algebra and geometry. Winn is a graduate of Trent High School, received his BS degree, majoring in Vocational Agriculture, from Sam Houston College, and did advanced work at Hardin-Simmons University, Howard Payne College and Southern Methodist University. Winn taught biology, chemistry and physics at Trent High School for five years, prior to coming to Springlake. The Winn's are residing on the school campus and are members of the Church of Christ. They have three sons, Robert, nine years old, in the fourth grade, Johnny, age six, a first grader and Bryan, five years old.

EDWIN WINN

Two Spanish Men Arrested

Two Spanish men, Marcelo B. Sanchez, 22 years old and Arturo Barrea, 19, were arrested August 15 by Beeville law officials and held in connection with the \$3000 theft at the Orbie Armstrong residence near Earth, in February. According to Castro County Sheriff, Jack Cartwright, most of the household items that were taken in the theft have been recovered. The arrest was made following an inquiry to the Littlefield sheriff's office after the discovery by Beeville officers of items stashed in the house occupied by the two men. The

Littlefield office notified deputy sheriff V. L. Smith, Jr. who in turn alerted the Castro County sheriff's department, who had Beeville authorities picked the two men up. Dimmitt sheriff, Jack Cartwright, went to Beeville to return the two men to Dimmitt jail. Barrea is out on a \$1500 bond and Sanchez is in the Dimmitt jail, in lieu of bond. Sanchez father was employed by Armstrong at the time of the robbery. The two men's trial will come before grand jury in Dimmitt on October 7.

Springlake Farm Chemical Adds Grain Storage

Two upright grain storage tanks with an average capacity of 125 railroad cars have recently been completed by the Farm Chemical Company in Springlake and are ready for the busy grain season ahead. Sandy Sanderson, owner and manager of the Springlake Farm Chemical, will manage the firm, and both the grain business and chemical company will go under the name of Farm Chemical and Grain Co. Sanderson has resided in Springlake for the past eleven years, and has managed the Springlake Farm Chemical during that time. The Earth Farm Chemical Company has started a grain storage facility, but it will not be completed in time for the harvest this year. Farmers in both Earth and Springlake are invited to bring their grain to the Farm Chemical and Grain Company in Springlake, as business is always appreciated.

August Building Permits Total 54,500

The growth of Earth continues to boom, at a rapid pace, \$54,500 in building permits were issued for new homes during the month of August at City Hall. Included in the permits were V. L. Smith, Jr., \$10,000 for a new home, Sammy Garner, \$18,500 residence; \$8,700 to O.B. Valentine for a new house and Highlight Homes \$17,300 for a new residence. Proof of the record concrete growth in the City of Earth is shown with a total of \$256,500 in building permits issued so far this year, including August.

Dodd Farmer Delivers First Castro Grain

Dimmitt's first load of grain sorghum arrived at Bruegel and Sons Elevator in Dimmitt last Wednesday, at 10 a. m. brought in by Buddy Adrian, who farms in the Dodd Community. The load weighed 17,600 pounds and tested out 15.8 percent moisture and was AM&K R-10 variety of milo and was irrigated grain sorghum. According to J.R. Brown, elevator manager, the crop is yielding more than 5,000 pounds per acre. The first load of grain sorghum received in Castro County was recorded Tuesday about 4:30 p.m. at the Dodd Elevator. Adrian also brought in this first load of milo. This load weighed in over 17,000 pounds. Moisture test yielded 18%.

A to Z Grain Receiving Tanks Complete

Bill Beasley, manager of A to Z Grain and Fertilizer Co. reports the completion of two 10,000 bushel receiving grain storage tanks at the firm's location west on Highway 70, in order to handle the customers' needs faster. The firm is in the position to handle 120 million pounds of grain at their Springlake storage and will be able to government store grain or buy and sell, any way that the customer cares to do. Beasley states that the firm is ready, willing and able to handle the customers' grain, and solicits the farmers' business in the big season ahead.

Sgt. Willie Trotty Arrives in Germany For Assignment

Technical Sergeant Willie A. Trotty of Lufkin, Texas has arrived in Sembach AB, Germany for assignment with the 38th Tactical Hospital. Sergeant Trotty, a United States Air Force medical supply supervisor, is the son of Mr. and Mrs. Green Trotty, Sr., of 1617 Wood St., Lufkin. He previously was stationed at Phalsbourg AB, France. The sergeant is a graduate of Dunbar High School in Lufkin. His wife, Doris, is the daughter of Mr. and Mrs. Ira Powell of 314 Thomas Street, Clovis, New Mexico.

Wolverines Score Twice In Scrimmage With Friona

The Springlake Wolverines clashed with Friona on the home field in a scrimmage, Friday night at 7:30, with the Wolverines racking up 2 points to Friona's 0. The Wolverine squad shows promise of a good team this year, with the boys completing some good plays, both in the air and on the ground, at the scrimmage game. Football fans will be in for plenty of excitement Friday night when they journey to

Bovina for the Wolverines' first game of the season, at 8 o'clock. This makes the third week that coaches Jodie Mahan, Danny Smith and Alvin Lynn, and the team members have been in practice, and the boys should be in fine shape for their first game. So, let's go, football fans and back the Wolverines all the way, by attending all football games this season.

Purchasing Of School Insurance Deadline Is September 13

Parents will be able to purchase insurance coverage for their children again this year through Springlake Schools, which is strictly an insurance coverage, and not a money making project of the school, as no bonus is benefited by the school from parents' purchasing the policy. There will be two policy coverages, each at different cost. One policy may be purchased for \$6 per child, which covers the school student, to and from school, or for one and one-half hours after school is dismissed for the day. This policy covers all school sponsored activities, and is good for the nine month school term.

The other coverage is a 24 hour policy which covers the student at school or any place any time, and may be purchased for the entire year from date of policy and is not restricted to school activities. These policies both have riders on football players, which are paid by the school before they are in effect, but the player must purchase the basic policy themselves, which is a requirement of the school, before students can play football. Claim forms may be picked up at the school secretary's office in the Superintendent's office. Deadline for filing the insurance forms is Friday, September 13.

Wreck Occurs Sunday Morning

No injuries resulted from an automobile pick-up accident Sunday morning around eleven o'clock at Elm & First Streets. Drivers of the vehicles were Dewitt Kelley of Earth and Wix Price of Borger. The accident occurred when Price, traveling west in a '62 Ford, and Kelley, going north, on Elm, in a '61 Ford pickup, belonging to W. H. (Bud) Jones collided in the center of the intersection. The Kelley pick up hit the Price car on the left side. Neither driver saw the other as they entered the intersection. An estimated damage of \$300 was done to the car and damages were estimated at \$150 on the pickup. No tickets were issued. Deputy Sheriff V. L. Smith, Jr. investigated the mishap. Traveling with Price in the car was his nine year old son, Guy. Kelley was alone in the pickup.

City Dads Hold Regular Meeting Monday Night

The Earth City officials met at the City Hall Monday evening for their regular monthly meeting, with Mayor Marcus Messer presiding over the meeting. The group discussed the drainage problem at the Kimbell Gin area and the new speed limit requirements made by the State Highway Department. The officials voted to pay the monthly bills, and the minutes of the previous meeting were approved. Present for the meeting, besides the mayor, were Thurman Lewis, Wendell Clayton, Richard Stockstill, Eldon Parish, Secretary Ruby Anderson, Water Supt. John Fuzerich, Marshal Clarence Hazlett and Ross Middleton, publisher of the Earth News-Sun.

Mrs. Jean Beasley Employee At SWPS Co.

Mrs. Bill Beasley will begin her duties at Southwestern Public Service Company as Cashier-bookkeeper, Friday replacing Mrs. Neil Webb, who resigned recently. Mrs. Beasley was in Plainview Tuesday, Wednesday and today (Thursday) where she is being taught the operations of public service, and the general ideas of the company. Prior to accepting this position, Mrs. Beasley was employed as bookkeeper for two years at the Citizens State Bank, and served one year as teller. The Beasleys moved to Earth in 1951, after purchasing the Earth Oil and Gas Co., managing the company for three years, before selling it. Mrs. Beasley was bookkeeper for the firm during that time. They have two daughters, Mrs. Dick Evans, a student at the University of Utah in Salt Lake City, and Pam, a junior student at Springlake High School. Mr. Beasley manages the A to Z Grain and Fertilizer Co. in Earth and Springlake. Mrs. Webb has been with the company as cashier-bookkeeper for the past seven years. Prior to this position, she was bookkeeper for Culligan Soft Water Service Company in Littlefield, where the Webbs lived, before moving to Earth in 1956. The Webbs have two daughters, Mrs. Ben Porcher of Odessa and Mrs. Bobby Murrell of Earth, and two grandchildren. Mrs. Webb's immediate plans are to rest for a while before making any future plans. Mr. Webb is self-employed.

MRS. JEAN BEASLEY

MRS. NINA WEBB

Springlake School Enrollment Totals 887

School teachers and students all over the area bade vacation time farewell for another year, when school doors opened for the 63-64 term. The most of area schools opened Monday morning. The halls in the three buildings at Springlake Schools buzzed with excitement Monday, as students hurried to classes for the first time, meeting new teachers and reminiscing with old ones. The total enrollment for

Springlake Schools is lower this year than at this time last year, with 887 students enrolled for the 63-64 school term. At this time last year the enrollment was 925 students. School officials expect the

enrollment to increase as harvest time nears and workers will be moving into the area for the harvest season. The high school enrollment includes 178 students with 24 seniors, 34 juniors, 55 sophomores and 65 freshmen.

Junior high records 132 students in the 7th and 8th grades. The elementary school enrolled 533 students in the first through the sixth with 117 first graders entering school. Forty four students enrolled in the colored school.

News Of Interest To Women

MR. and MRS. KENNETH ODEN
Formerly Brenda Thomas

Miss Brenda Thomas, Kenneth Oden Wedding Solemnized Friday

In a soft candlelight ceremony, Miss Brenda Kay Thomas became the bride of Kenneth Don Oden, Friday, August 30, at 7 p. m. in the First Methodist Church Chapel in Littlefield. Rev. Jack Ellzey performed the double ring ceremony. Miss Linda Kaye Hodge of Littlefield played traditional organ music.

Candelabra holding white candles and a bouquet of large blue mums and baby mums enhanced the altar for the ceremony.

Tim Marsh of Littlefield served as candlelighter.

Parents of the bride are Mrs. Dewey Kilby of Littlefield, and Edward Thomas of Henderson, Tennessee. The groom's parents are Mr. and Mrs. Houston Oden of Earth.

Escorted to the altar and given in marriage by her stepfather, the bride wore a gown fashioned from bouquet taffeta designed with a princess silhouette, featuring a bodice of

chantilly lace with long sleeves tapering to petal points over the hands, and a portrait neckline. The softly draped skirt was adorned with sprays of hand clipped chantilly lace and highlighted with wide bands of lace placed vertically beginning at the waistline and ending in the sweep train. Her fingertip veil of illusion was attached to a crown of seed pearls. She carried a bouquet of white gardenias with blue streamers tied in love knots, atop a white Bible.

Mrs. Almo Taylor of Cactus served her sister of matron of honor, and Miss Lavetta Wilson was bridesmaid.

The bride's attendants were attired in identical dresses of pastel blue lace with long tapering sleeves and head pieces to match. They each carried an arrangement of mums of blue, matching their dresses.

Jimmy Roberson was best man, and Gale Sawyer was

best man, Almo Taylor of Cactus and Sawnee Branscum of Earth served as ushers.

The mother of the bride chose a sheath dress of knit in a dark shade of blue with black accessories. The groom's mother chose a floral dress of linen in a shade of orchid, with accessories of white. They each wore a corsage of white carnations.

Miss Kathie Armistead of Littlefield registered the guests at the reception following the ceremony, in the parlor of the church.

For traveling to Carlsbad, New Mexico and other parts of the state, the bride chose a soft combed wool suit of willow green with matching accessories and the corsage from her bridal bouquet.

The bride attended Littlefield High School, and the groom attended Springlake Schools.

The couple will be at home in Earth, where the groom will be employed by his father as a mechanic.

Bridal Shower Honors Miss Brenda Thomas

Miss Brenda Thomas of Littlefield, bride-elect of Kenneth Oden of Earth was honored with a lovely come and go bridal shower, in the Chester Elmore home, Thursday evening from 7 until 9.

The serving table was covered with a lovely ecru crocheted cloth over blue, centered with a miniature bridal doll, standing underneath an archway on a blue styrofoam base, surrounded by tiny white roses.

Mrs. Linda Johnson, Earth, and Mrs. Marsha Taylor, Littlefield served individual cake squares iced in white, topped by white wedding bells, with blue streamers, punch, nuts and mints to approximately thirty registering guests.

Miss Thomas received many lovely and useful gifts. Several gifts were sent by those who were unable to attend.

The hostesses presented the bride-elect and her mother, Mrs. Dewey Kilby and the prospective groom's mother, Mrs. H. G. Oden, with kitchen gadget corsages.

Hostesses for the affair were the Mrs. George Taylor, Gerald Inglis, Dick Kimbell, Carl Gregory, E. C. Hudson, Britt Roberson, Frank Roberson, Zeph Robnett, Ervin Anderson, Lonnie Nelms, Gayland Stephens, H. C. Martin, Donald Layman, L. G. Henderson, Ray Hooley, Kenneth Sawyer and Elmore.

Mrs. Earl Jordan, New Daughter Honored Recently

Mrs. Earl Jordan was honored with a gift coffee for her new daughter, Sheila Pat, in her home last Wednesday at 8 p. m.

Spudnuts, coffee and candy mints were served to the Mrs. Roy Neal, Gene Brown, Marcus Messer, Darrell Sawyer, Charles Parish, Billy Robnett, Charlie Dunn, Bud Elmore, Roney Smith and the honoree, Sheila Pat was the recipient of many lovely gifts. Several sent gifts, unable to attend.

Hostesses for the occasion were Mrs. Gary Bulls, Mrs. Bud Elmore, Mrs. Charlie Dunn, and Mrs. Roney Smith.

Pop Club Members Meet Friday Night

Members of the Springlake Pop Club met Friday evening at the football stadium at 6:30 prior to the Wolverine's and Friona scrimmage game, and held a short business meeting.

Linda Pat Usery was voted to replace Peggy Upchurch as vice president. Peggy replaces Julia (Jones) Latham as president.

The group wore their new uniforms and yelled at the game at 7:30 p. m. between the Wolverines and Friona.

Mrs. Marie Slover and Miss Margaret Womble are sponsors of the group. Approximately 25 were present Friday night.

The next meeting will be a pep rally, Friday afternoon at the school. Everyone is invited to attend.

GET ACQUAINTED SUPPER ENJOYED BY FACULTY

Members of the Springlake School faculty and their families enjoyed a get acquainted party and basket supper Saturday night at 7:30 in the school cafeteria.

Games of "42" were enjoyed by those attending.

Card of Thanks

We would like to express our deep appreciation to our many friends who surprised us recently with a housewarming in our new home. For all the many lovely and useful gifts that we received, we say "Thank You".

Mr. and Mrs. Troy Syers
Linda, Sharon, Larry
and Steve.

ma City spent Tuesday night his grandmother, Mrs. Ann Hodge, enroute to Phoenix, Arizona, where he will attend Arizona State University.

Mrs. Joe Sneed, Amarillo, is spending the week with her parents, Mr. and Mrs. R. C. Hyde.

Pink and Blue Shower Honors Mrs. James Landis

Mrs. James Landis, formerly Nancy Kelley, was honored with a lovely come and go pink and blue shower Tuesday evening, from 7 until 9 p. m. in the Johnny Murrell home.

Refreshments of cake, iced in white, decorated with tiny pink rosebuds and a stork, carrying a baby, and pink punch were served to several guests that registered. Mrs. Landis was the recipient of many lovely and useful gifts.

The serving table was covered with a white lace cloth over blue, centered with a beautiful arrangement of a tiny baby bassinet and baby doll, set in a styrofoam base, flanked by angel hair, decorated with tiny pink rosebuds and blue bows. Tiny baby angels floating above the arrangement completed the table decorations.

Hostesses for the shower were Mrs. Gayland Stephens, Carl Gregory, Johnny Murrell, Leon Foster, Buddy Adrian, Truman Lowe and Houston Stephens.

MRS. L. T. SMITH SURPRISED WITH BIRTHDAY COFFEE

Mrs. L. T. Smith was pleasantly surprised with a birthday coffee, Thursday, August 29, at 2:30 p. m. by her daughter Mrs. Clyde R. Davis, Dimmitt, and her daughter-in-law, Mrs. Roney Smith.

The lovely birthday cake was iced in white, decorated with red roses, inscribed with "Happy Birthday, Bama" in red. Coffee, iced tea, cake and nuts were served to Mrs. A. E. Wheatley, Mrs. Bill Lee, Mrs. Arlon Hollingsworth, Mrs. Forrest Simmons, Mrs. Roney Smith and Terri Carol, Mrs. Clyde R. Davis and Andrea and the honoree, Mrs. Smith received many lovely gifts.

Mrs. Gene Brown and Kathie, Judy Gover and Mrs. Lovelle Morris shopped in Clovis, New Mexico, Friday.

Mr. and Mrs. Weldon Barton, Welda and Craig were in Ruidoso, New Mexico over the weekend.

They attend the Church of Christ.

HELLO WORLD!

Mr. and Mrs. Denny Barnett of Springlake proudly announce the arrival of a daughter born August 25 at 1:52 a. m. in Methodist Hospital, Lubbock. She weighed 7 lbs. 10 oz. She was named Stacy.

Maternal grandparents are Mr. and Mrs. John Campbell and paternal grandparents are Mr. and Mrs. D. A. Barnett, all of Olton.

Stacy has two sisters, Kim and Lori, and a brother, Bart.

Mr. and Mrs. Bobby Dupler proudly announce the arrival of a baby girl, born Wednesday August 28, at 11:02 a. m. in the South Plains Hospital in Levelland.

The little miss tipped the scales at 6 lb. 3 3/4 oz. and has been named Laura Dianne. This is the couple's first child.

Grandparents are Mr. and Mrs. A. E. Glass, Levelland and Mrs. L. M. Dupler, Maple.

The father is employed at Earth Oil and Gas Company.

Mrs. Bud Elmore Employed At Neal Bookkeeping Serv.

Mrs. Bud Elmore has been employed by Neal Bookkeeping and Tax Service and began duties last week, where she will do accounting work.

Mrs. Elmore has resided in the community all her life, is a '59 graduate of Springlake High School, and is the former Zelma Sloan, daughter of Mr. and Mrs. L. E. Sloan.

The Elmore's reside five miles north and 3 1/2 miles west of Earth, and have two daughters, Debbie, three years old, and Donna, age two. Mr. Elmore is self-employed in a trucking service.

They attend the Church of Christ.

Several College Students Honored With Party

A farewell party for the college students that attend the Earth First Baptist Church was held Tuesday night in the M. B. Baldwin home.

Special guests present were Jane McCord, daughter of Mr. and Mrs. Pat McCord, who will attend Baylor University at Waco; Deanne Adrian, who will enroll at WTSU, daughter of Mr. and Mrs. Buddy Adrian; Susann Davis, daughter of Mr. and Mrs. Eldon Davis, who will be a senior at WTSU at Canyon; and Mr. and Mrs. Sandy Sanders, Sandy will be a junior student at Eastern New Mexico University and is the son of Mr. and Mrs. Marvin Sanders.

Delicious refreshments of hot dogs and homemade ice cream was enjoyed by approximately 30 young people. The group also enjoyed playing games of badminton, ping pong and other games.

Hosting the affair were the Rex Claytons, Marvin Sanders, Pat McCords, Mrs. Clarence Kelby and the Baldwins.

The group reported a very enjoyable time.

Rueben Johnson To Speak At F U Meeting

Rueben Johnson, Legislative Director of National Farmers Union, Washington, D. C. will be the featured speaker at the annual meeting of the Lamb County Farmers Union, next Tuesday evening, September 10 at 7:30 in the Springlake School Cafeteria.

Farm families throughout the county and surrounding area are invited to share a covered dish supper at 7:30, following which Mr. Johnson will discuss national farm legislation.

New officers for the county organization will also be elected at this meeting.

Senior Class Elect Officers Tuesday

Members of the senior class met Tuesday and elected officers for the coming school year.

Phil Bearden was elected to fill the office of president, Lonnie English, vice-president, Janice Blackburn, treasurer-reporter, and Betty Cody, secretary.

The group also organized committeemen for the senior play. Serving on that committee will be Jan Hay, Noble Miller, Lonnie English and Cheryl Foster.

Serving on the motto committee will be Jerry Bean, Janice Blackburn, Betty Cody and Raul Munoz, Wiley Kimbell, Diana Glasscock, Floydell Crawford and Gary Cowley will serve on the song committee.

The seniors also ordered their senior rings, which will be cut stone in green, with no crest and a solid back. The class colors will be green and white. The group decided on green caps and gowns with white and green tassels for graduation.

There are 24 students in the senior class this year. Mrs. Gladys McCaskill and Coach Jodie Mahan are the sponsors.

Mrs. Hinchliffe Is New Employee At Earth Bank

Mrs. Norman Hinchliffe is a new employee at Citizens State Bank, beginning her duties Tuesday morning. Mrs. Hinchliffe will be employed in the bookkeeping department replacing Mrs. Lynn Glasscock, who moved up to the teller window, vacated by the recent resignation of Mrs. Bill Beasley.

Mrs. Hinchliffe was bookkeeper during the last two harvest seasons at the Springlake Gin Company.

The Hinchliffes have resided in Earth for two and one-half years, moving here from Plainview. Mr. Hinchliffe is manager of Earth Farm Chemical and Grain Company.

They have three children, Karen, 9 years old, in the 4th grade, David 8, and in the 3rd grade and Camille, age 5.

Among Those Who Are Ill

Mrs. O. B. Whitford underwent major surgery at Littlefield Hospital-Clinic Monday morning, and is resting as well as could be expected.

Melvin Barton became ill Friday, and was admitted to Castro County Hospital in Dimmitt. He was released Tuesday morning, and is recuperating at his home.

Joe Bozeman, of Amherst, formerly of Earth, has been dismissed from the West Texas Hospital in Lubbock and is resting at his home.

H. B. Weaver, former resident is in the Geriatric Hospital for the aged in San Angelo. Any of his friends who would care to write him or send him a card may do so by sending it in care of C. B. Bland, Box 182 San Angelo, Texas.

Back To School Coffee in Faver Home Monday

Mrs. Lewis Faver was hostess for a "Back to School" coffee, in her home Monday morning for several ladies.

Those attending were the Mrs. Bob Bell, James Herriage, Wendell Clayton, Rex Clayton, Mike Dent, Wesley Clark, Ronald Cleavinger, Carlis Bills, Norman Ellis, Tommy Wheatley and Wayland Scheller.

Francis Implement Co., Your Ford Tractor Dealer Muleshoe, Texas Pd. Adv.

ALBERT JONES CONTRACTOR

900 E. 21st Street Clovis, New Mexico

Tractors, Irrigation Well Motors, Other Property Damaged by Unknown Persons

Malicious destruction of private property occurred some time Friday night and again late Saturday afternoon, in the Dodd and Flagg communities when several tractors and irrigation motors, belonging to farmers in these areas and a Castro County Precinct 2 maintainer, was discovered riddled with bullets from a 16 gauge single barrel shot gun. Friday night, in the Flagg community, the cab windows on two tractors, belonging to Carl Easterwood, were shot out, along with all the windows on a Castro County Precinct 2 maintainer, parked at

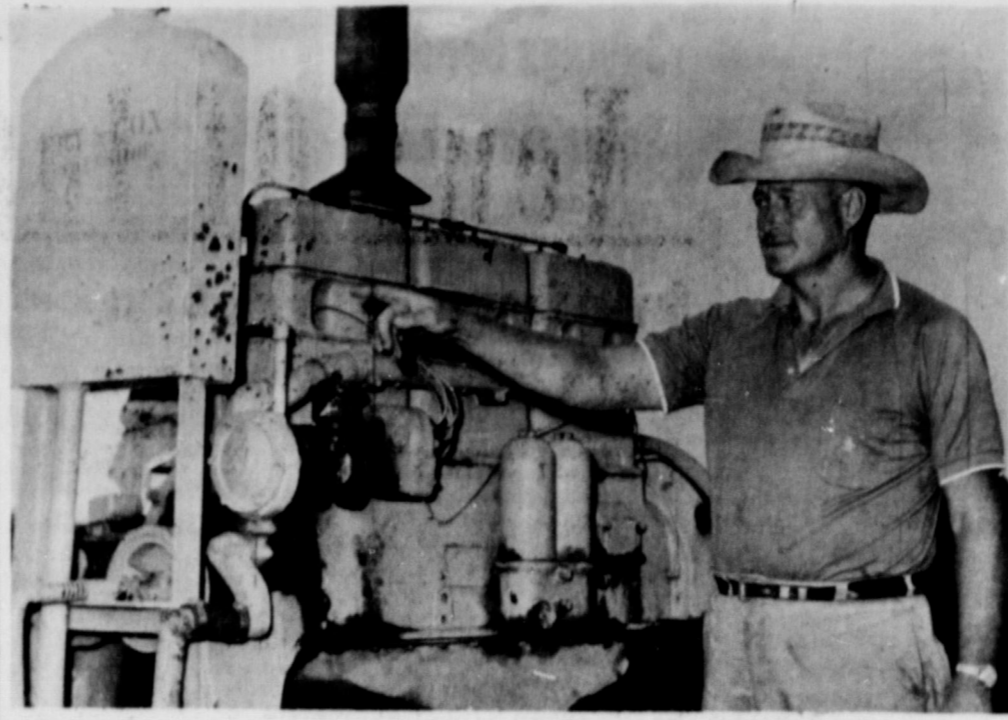

the side of the road in the same vicinity.

Late Saturday afternoon, the spree started again in the Dodd area, when Floyd Copeland who farms in the Big Square community, discovered the air cleaner and water hose shot of his irrigation motor. Luckily, Copeland discovered the damage soon after it happened, as the motor was still running.

On a farm south of Copeland, farmed by Jarvis Angeley, a tractor, belonging to Angeley, was damaged extensively by a rash of bullets. A front tire

on the tractor was literally blown off the tractor by the shot. It appeared that the gun had been placed close to the rear tire of the tractor and discharged, but the shot hit a lug and ricocheted, failing to puncture the tire.

Castro County Sheriff Jack Cartwright, of Dimmitt who investigated, made a plea for anyone who may have been involved in this destruction to please contact him or Deputy Sheriff V. L. Smith, Jr. in Earth as it is thought the shells could have been purchased in Earth or Muleshoe.

WHO DID IT, AND WHY??.. Jarvis Angeley, who farms in the Dodd Community, is pictured as he looks over the damages to his irrigation motor. The destructive act was committed Saturday afternoon, by a person or persons, who apparently could find nothing better to do than to shoot up irrigation motors and tractors with a 16 gauge single barrel shotgun. The answer to WHO and WHY is unanswered as yet, but law officials are investigating.

New Farmall Tractors Arrive At Brownd-White

The all new Farmall tractors have arrived at Brownd-White Equipment Company, and are on display in the company's show room.

The new 806 Farmall has 110 horse power and the 706 Farmall has 89 gross engine horse power. Maximum pulling power at higher plowing speeds, proves the new tractors' ability in the field, in extra work done at the end of every day.

The hydrostatic power steering with fingertip ease, plus safe, sure control, reduces road shock to the minimum, because there is no mechanical linkage between steering and front wheels.

It's amazing how easy it is to apply the brakes on these big tractors. The hydraulic power brakes are self adjusting, self equalizing for highway travel and work when the engine is off.

The power shift IPTO, with power shift control, is easy to achieve new production highs with the all PTO driven implements, and will engage or disengage on the go without slowing down.

The power shift TA gets the job done faster because you shift on the go to 45% more pulling power. There is no need to throttle down or de-clutch and there is automatic braking with engine power, too. The big multi-range power engine is fully governed from 900 through 2300 RPM to deliver maximum fuel economy even at part throttle. The new

two stage dry type air cleaner scrubs engine air really clean, and clean air assures longer engine life. The big axle carriers are rugged, built to take punishment of high speed and hard pull work. They're typical of the heavy duty construction of every part of the new 806 and 706.

Everyone is invited to come by Brownd-White and view these new Farmall tractors with greater power quality than ever before.

Hurt To Speak At PCG Meet

Jack Hurt, manager of California Planting Cotton Seed Distributors in California's San Joaquin Valley, will relate that organization's "success story" to members of Plains Cotton Growers, Inc. at the annual meeting September 12. The meeting is to be held in the Lubbock Municipal Auditorium, beginning at 10 a. m.

"Through a steady improvement in the quality and uniformity of their cotton, growers in the San Joaquin Valley have come from the producers of an unwanted fiber to producers of cotton now consistently sold at a premium," says PCG Executive Vice President George W. Pfeifferberger, and I just want High Plains Cotton growers to hear that story as an example of what can be done."

Hurt is a native of California and has been with the non-profit planting seed corporation since 1955. He is married

and has three sons.

The annual meeting this year is being dedicated to the man who has been PCG's president since its inception in 1956, W. O. "Mr. Bill" Fortenberry, Fortenberry, retiring as president, will become chairman of the board of directors and is being honored with a silver and bronze plaque in appreciation of his years of service.

"Mr. Bill's contribution to the organization of Plains Cotton Growers and to its subsequent success has been such," said Pfeifferberger, "we think it appropriate that he be honored on this occasion."

The meeting will include the election and installation of officers, a financial report, a report to the membership on the year's activities. Featured speaker for the event is the Under Secretary of Agriculture Charles S. Murphy who will be introduced by Congressman George Mahon. A free barbeque lunch will be served and Under Secretary Murphy will speak immediately afterwards.

In addition to all-cotton door prizes to be given throughout the day, two couples will be awarded all-expense trips either to the Ginner's convention in Dallas or on the tour of textile mills sponsored each year by PCG.

"A husband can easily become his wife's favorite author-by writing checks."

'64 Stickers For Autos Available Now Through April 16

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, announced this week that the new 1964 vehicle inspection sticker becomes available September 1 at all Official Inspection Stations in Texas.

"During the summer months the department has conducted intensive re-training schools for all owners and mechanics of inspection stations," Garrison said, "These men are now qualified and they are ready to serve the motoring public in their vehicle inspection needs."

More than five million vehicles registered in the state are required by law to be in-

spected at one of the 5,000 official stations between now and April 16, 1963. Operators of vehicles not displaying the new sticker by that date will be in violation of the law.

Garrison urged motorists to get their vehicles inspected at the earliest possible time and pointed out:

"Since the vehicle inspection program began in Texas, vehicle defects as a causative factor in motor vehicle accidents has been reduced from 13 per cent in 1951 to five per cent in 1962. We have every reason to hope that with continued voluntary compliance with this law, accidents can be further reduced."

PARTY LINE

Mrs. Dora Terry returned today (Thursday) from several weeks stay in South Gate, California with relatives.

Rummage Sale Sponsored By Beta Sigma Psi

The Psi Nu Chapter, Beta Sigma Phi, held a rummage sale in Olton all day last Saturday with the money derived from the sale applied toward the purchase of the audiometer that the club is sponsoring.

The audiometer will be used by Mrs. Dorothy Wood, school nurse at Springlake Schools.

The club members report that one half of the purchase price of the audiometer has been collected by the club through sponsored activities.

Members in Olton for the sale Saturday were Beth Cook, Carolyn Sanderson, Jackie Green, and Doris Newberry.

The club members will meet Monday, September 9 at 7:30 p.m. in the home of Beth Cook, in Olton.

Do You Know Your Economic ABC's

Most Americans do not study economics yet the economic fluctuations taking place all around us daily have a direct affect on each of us. A new booklet titled "Do You Know Your Economic ABC's?" which may be obtained for twenty cents, a little less than the cost of a package of cigarettes, from the Commerce Department's Dallas Field Office, may be useful in opening the way to an exciting subject.

The booklet first explains "free enterprise". Business and industry have long recognized the need for people to understand how the American economy operates if they are to make informed judgments with respect to national policies and issues, and now educational authorities throughout the country are putting more emphasis on economics at the high school - level, and even at the grade school - level.

Commerce Secretary Luther H. Hodges stated, "In a world where every day brings new challenges and problems, no American can function intelligently as a citizen without some understanding of economics. So many of our problems seem to stem from economics matters that we all need to know at least a little about them."

Wherever we look, some of the most important events are economic. All of us are affected by recessions, by unemployment, by inflation. As voting citizens we are nagged by economic questions: What should we do about tariffs and trade and aid to developing countries? How can we assure jobs for the millions of young Americans who will reach working age in this decade? Should we vote more money for schools?

Individuals have to answer these questions for themselves in a democracy; we don't want dictatorial men to make decisions for us. But how can we choose a course so the United States can grow and prosper if most of our people are, to put it bluntly, apathetic where

economics are concerned. The booklet is written in language which can be understood by nearly everyone and it can be read with profit by any person who wishes to be better informed on economic matters. It explains in simple terms what is meant by the Gross National Product and how it reflects the basic forces which the daily decisions of our people help set in motion.

New Market Found For Cypress Cuttings

The results of a cypress fence post study after five year's study duration has been released by the Forest Products Department of the Texas Forest Service.

The study was initiated in 1957 to determine the feasibility of pressure treating bald cypress fence posts with a high percentage of sap wood and the serviceability of the posts after treatment. The chemical used in the treating process was pentachlorophenol (penta). The study was prompted by the lack of a market for trees removed in thinnings from young cypress stands.

About 105 posts were secured from the W. S. Edwards ranch near Anahuac, Texas. The posts were debarked, air-dried and pressure treated with penta. Penetration and retention of the penta chemical was analyzed on 10 posts. The results proved favorable, although more preservative was retained in the posts than was considered desirable.

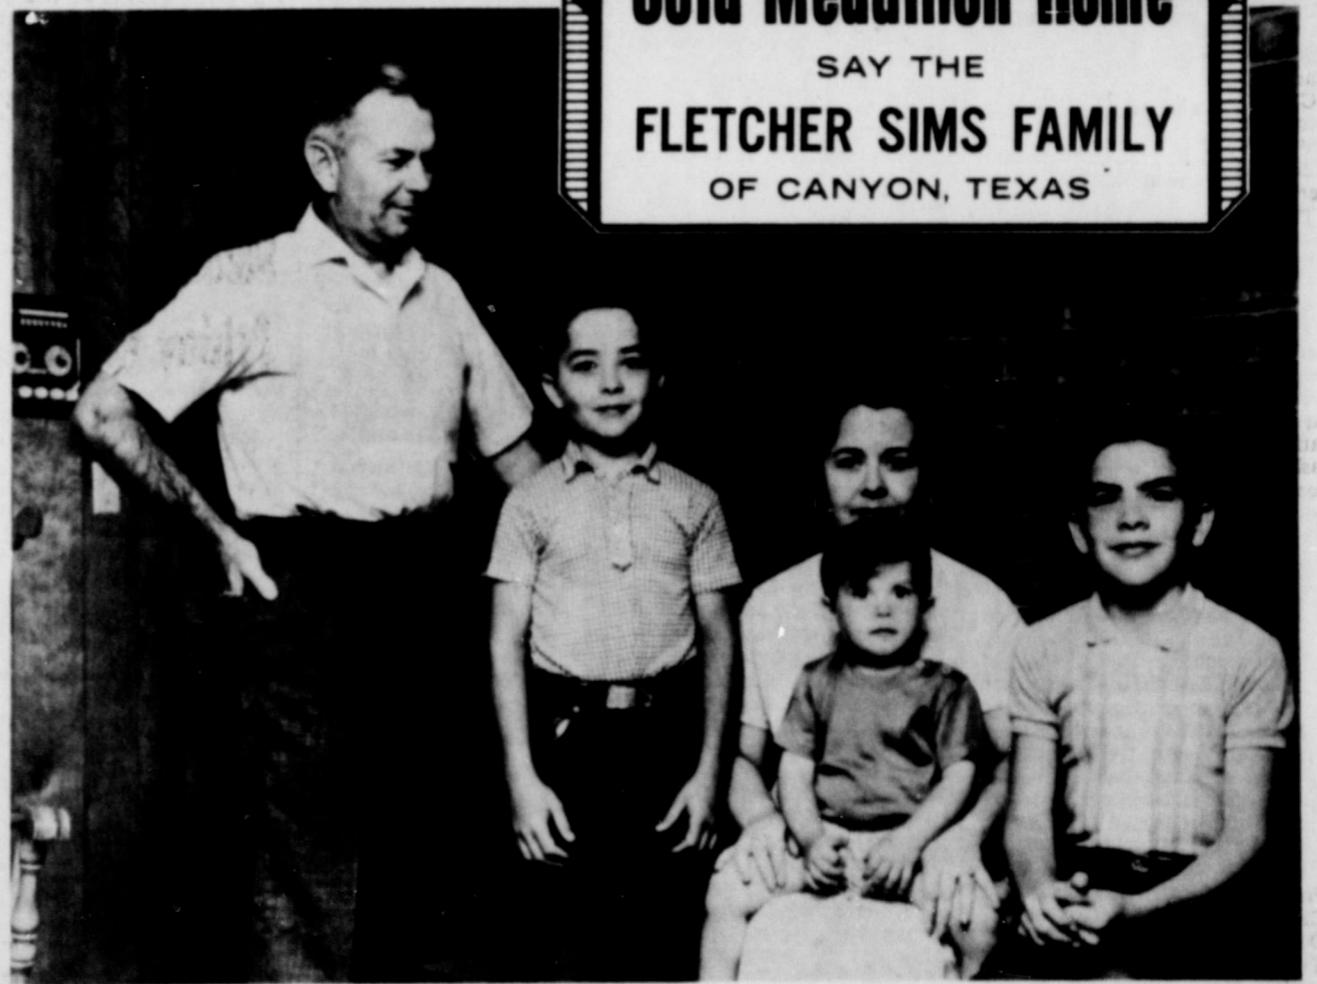

Late in 1957, 88 of the treated posts were placed in service on the W. S. Edwards ranch at Winnie, Texas. Periodic inspections were planned to determine the service life of the posts.

The first inspection of the posts was made in December, 1959.

"We feel good...living in our Total Electric Gold Medallion Home"

SAY THE FLETCHER SIMS FAMILY OF CANYON, TEXAS

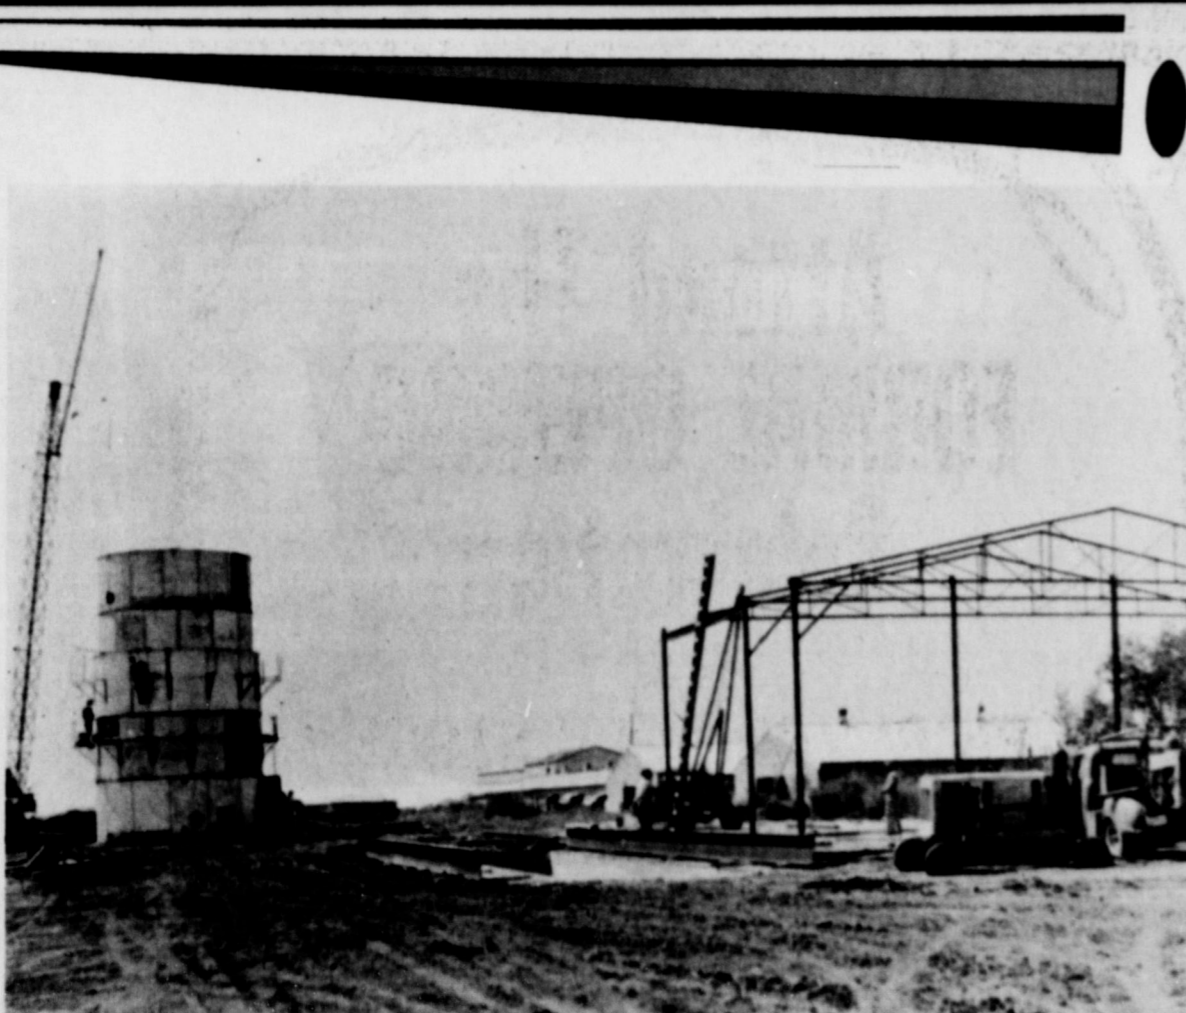

Mr. Sims points out the simple control on the electric air purifier which automatically rejects pollen, dust and other irritants, giving the Sims family clean, fresh air throughout the home.

"Allergy had been a problem with our family before we had our all-electric home, but we've noticed a marked improvement in the three years we've lived here," says Mr. Sims. "We've taken full advantage of our electric heat pump and the electric air purifier to maintain dust-free air inside our home," continues Mr. Sims.

Mrs. Sims finds her electric kitchen to be the favorite part of her home because of the ease with which she can prepare the family meals.

THERE COMES A TIME, in one's life when you have to venture out into the world, away from mama and papa, but, little Maria Elizando doesn't care if she is six years old and it is Monday, September 2, the first day of school, she had much rather be at home, enjoying familiar surroundings, than learning reading, writing and arithmetic. Shown with Maria is her father, Bunisia Elizando, Jr. who works for Clayton Brothers farms.

Savings Bonds Sales Over Half Way For '63

July E and H Savings Bonds sales in Lamb County totaled \$6975 according to C. O. Stone chairman of the Lamb County Savings Bonds Committee. This figure represents 55.8% of the 1963 sales goal.

Savings Bonds sales in Texas for the first 7 months of 1963 totaled \$87,895,038 which represents 58.4% of the state goal of \$150,600,000.

"The achievement of the Freedom Bond Drive goal in Texas demonstrates to the nation that Texans stand ready to do their part in our fight for freedom. These bond dollars will help our Nation to maintain a strong military posture and at the same time will keep our country economically stable," chairman Stone concluded.

By Betty Matlock

Mr. and Mrs. James Leonard and children of Del Rio visited Tuesday with Mr. and Mrs. R. L. Byers, Jr. and boys.

Mrs. Eva Hopping visited with Mrs. Sid Hopping in a hospital in Lubbock, Tuesday. Mr. and Mrs. Buck Turner and family of Lamar, Colorado visited Monday afternoon with his sister, Mrs. Dorothy Washington.

Mr. and Mrs. Wayne Davis, Del and Tammy were in Littlefield, Friday. They came home by way of Muleshoe and visited with Mr. and Mrs. Ashley Davis.

Mr. and Mrs. Bud Matlock Dabbie and Sammy visited Saturday night in Littlefield with Mr. and Mrs. Don Hatley and family.

Mr. and Mrs. Chick Adams of Lake Whitney, visited with Mr. and Mrs. R. L. Byers, Jr. and boys.

Mr. and Mrs. K. B. Parash and family were in Lubbock Tuesday.

Mr. and Mrs. J. B. James left Thursday for Ruidoso, N. M., to stay for a few days.

Billy Lattimer, Paducah, who is the brother of Mrs. Vernie Bearden, was moved from a hospital in Paducah to Methodist Hospital, Lubbock, Saturday. Mrs. Bearden visited him Saturday.

Mr. and Mrs. Charles Martin and family of Winterhaven, California visited several days last week with his cousin, Mr. and Mrs. Robert Bridge and family, and other relatives in Olton.

Mr. and Mrs. Lowell Walden Mr. and Mrs. Marvin Swanner, of Floydada, and Mr. and Mrs. Darrell Kennemer and children of Muleshoe spent Wednesday at Buffalo Lake near Umbarger. Mrs. Alice Huckabee and Mrs. Jo Huckabee of Olton shopped in Lubbock Tuesday.

Tommy Clayton has been ill with the flu, and was unable to start to school Monday.

Mr. and Mrs. Clifford Hopping and boys and F. L. Byers, Jr. went to Crosbyton, Sunday.

Mr. and Mrs. Wayne Davis Del and Tammy spent Saturday night and Sunday with Mr. and Mrs. Lloyd Payne, Lubbock.

Mr. and Mrs. James Washington went to Quitaque Monday to visit her parents, Mr. and Mrs. Edgar Morrison.

Sonny James of Paducah is visiting in the home of his uncle and family, Mr. and Mrs. J. B. James. He visited in the home of Mr. and Mrs. Bud Matlock Tuesday morning.

Mrs. Mace Washington of Tulla came Sunday to visit a few days with the Arnold and James Washington families.

Guests in the home of Mr. and Mrs. Billy Joe Nunn last week and this week, were his mother and sister and three children, from California.

Ronnie Miller arrived last Sunday night after serving 2 1/2 years in service in Bamberg, Germany. He is out of the service, and is glad to be home with his parents, Mr. and Mrs. Herbert Miller.

Mr. and Mrs. Gary Miller and children of Amarillo spent Monday with his parents, Mr. and Mrs. Herbert Miller.

Mrs. Velma Baker presided to the monthly Homecoming Sunday school class, in her home, Tuesday at 9:30 a. m. Mrs. Louise Alair presided

over the business meeting and Mrs. Baker read a passage of scripture. After the business, Mrs. Alair presented Mrs. Baker with a gift of appreciation from the class, for being their teacher.

Coffee, Cokes and sweet rolls were served to Mrs. Dot Parish, Delma Clayton, Betty Matlock, Dimples Sanders, Doris Winder, Hugh Watson, Kate Stewart, Alair, and the hostess.

Mr. and Mrs. Hershel Sanders and Jerry attended a family reunion in Oklahoma, over the weekend.

Mrs. Dorothy Matlock and Hoby and Mrs. Thelma McClanahan visited with Mr. and Mrs. Doug Avery, near Muleshoe, Tuesday.

Mr. and Mrs. Ernest Green were vacationing last week.

Mr. and Mrs. Orlan Bibby and Kathy left Friday to spend a few days in Ruidoso, N. M. They returned Monday night. Jimmy Banks and John Bridges left Friday and returned home Tuesday morning from Ruidoso.

Corn Belt First In Fed Cattle

Although the Corn Belt still ranks first in the production of fed cattle, this region is rapidly losing its monopoly in the cattle feeding business, says Ed Uvacek, livestock marketing specialist, Texas Agricultural Extension Service.

In the early 1930's the Corn Belt accounted for 83% of all cattle on feed, but in 1963 only 7.9 million head, or 67% of the fed cattle were from these states. The western states now report over five times as many cattle and calves on feed as they did 30 years ago, says Uvacek.

Texas is not the least of the competitors for a part of this cattle feeding business, says Uvacek. The state will feed three times as many cattle and calves in 1963 as it did in 1958. This means that more than 850 thousand head should be marketed from Texas feedlots this year, he says.

The increased production of feed grain, a stronger demand for fed beef, and good supplies of feeder calves have stimulated cattle feeding in Texas, says the specialist.

In 1958 Texas ranked as the 13th most important cattle feeding state in the U.S., while in 1963 the state was the 6th most important cattle feeding state. This increase came mainly because of the added number of large feedlots, says Uvacek. About 88% of the cattle and calves on feed were in these lots, which have capacities of 1,000 head and more. In 1956 there were only 63 such lots in the state and now 203 are operating.

Uvacek points out that last year Texas produced 463 million head of fed beef and committed 20 million pounds, making the state a surplus beef producer.

WE DOOD IT!!!

YES, IN FACT, WE WENT OVER OUR 20,000 GALLON GOAL....WE SOLD 20,400 GALLONS OF GAS DURING THE MONTH OF AUGUST....

WHO HAS THESE TICKETS???

Weekend guests in the W. D. Lackey home were Mrs. Lackey's brothers and their families Mr. and Mrs. Carl Reeder and Mrs. Robert Reeder and Mrs. Lackey's mother, Mrs. E. E. Frost, all of Lawton, Oklahoma. Other visitors were Mr. and Mrs. H. E. Reeder, Jr. and children, Mrs. Perry Bowers, Perry, Paula, Iwana, and Brent; and Mr. and Mrs. Marvin Doss and children, all of Muleshoe, also visiting were Mrs. H. E. Reeder, Sr. and her father, Mr. Lucy, of Maud, Oklahoma. Mr. and Mrs. Russell Haberer and daughters returned home Saturday, after a week's stay in Ainsworth, Nebraska. There, they visited the Ted Haberer family. Mr. and Mrs. Elmo Stevens and Rick, Mr. and Mrs. Gene Winningham and Don, Muleshoe spent Sunday at Palo Duro Canyon. Mrs. B. H. Porter is in the Green Hospital for medical attention. Recent visitors in the Gerald Allison home were her mother,

Mrs. W. L. Donaho, Her aunt, Mrs. Sam Merchant, both of Chouteau, Oklahoma; her sister and family, Mr. and Mrs. R. W. Shaw, and their three children from Almagordo, New Mexico. Mr. and Mrs. Roy Bryant visited in the home of their daughter, Mr. and Mrs. Don Fudge of Plainview, Sunday. Mr. and Mrs. Wylie Grizzle, Ft. Sumner, N. M., visited with the Gerald, Harold and Oscar Allison families Friday night. Mr. and Mrs. E. K. Angeley left Thursday for a visit in the Valley. Mr. and Mrs. S. K. Flatt, Ilene and Collin, returned home Friday from a vacation in the mountains in N. M. They stayed at Tres Ritos, Ruidoso and Cowles. Recent visitors in the John West home were Mr. and Mrs. Dwight Cornwell and daughter, Janette of Luray, Kansas; Mr. West's brother and family, Mr. and Mrs. C. T. West of Spearman and their daughter, Mrs. Sherrill Wilson and Christi of Sunray.

Green Thumb Tips

An easy way to prolong the season of fresh vegetables is to plant the seeds now in a cold-frame. There the seedlings and older plants may be protected by covering the sash when the nights turn cold. Lettuce and radishes, sown where such protection is available, may be on your dinner table for Thanksgiving.

Everyone knows that birds of many kinds love sunflower seeds, but it is different when it comes to seeds of cosmos and tithonia. Yet birds do not eat these seeds too. For this reason, do not pull up plants of these flowers; leave them in place and the birds will strip the seeds from the plants.

Southern gardeners should shear the annuals like sweet alyssum that are amenable to such treatment; should cut back other annuals, at least by removing overage flowers. Such treatment results in another crop of bloom.

The dahlias grown from seeds sown early last spring are in full bloom now. But, when killing frost comes, the leaves and flowers will be blackened. Wait until the first warm, sunny day after this occurs and, using a spading fork, carefully lift the plants. Chances are that three or four tubers will have formed at the lower end of each stem.

These may be "cured" by allowing them to lay in the sun for a day, turning them from side to side once or twice during that time. Then they may be stored like dahlias grown from tubers, to be planted another spring and furnish flowers another year.

Lawns head the planting list for September. This is the very best month of the year to prepare a seedbed and sow seeds for a new lawn, or to repair the bare spots in an old one. Be sure to keep both ground and seeds moist for a week or ten days after planting, or until the seeds sprout. After that, water less often, but do not allow the

seedlings to wilt. Long before cold weather you'll have a good stand of grass.

Mr. and Mrs. Leon Foster were in Lubbock Tuesday, and visited her sister, Mrs. Hobart Howard who is a patient in the Osteopathic Hospital.

SCHOOL DAYS ARE HERE AGAIN!... And mothers arose early, Monday morning, preparing their Totus and Marys for school. For many, it would be their first day of school. Some were happy about the occasion, and some were not so happy... and little Juan Campean just happened to be one of those not so happy ones as the picture indicates. Juan's father, Jesus Campean, seems to be having quite a time talking Juan into staying for school.

Facts Presented On Preservation Of Water Supply

Did you know that in the High Plains region of Texas underground water is a depletable resource?

For most of you who read this article, this is an elementary question. Nearly every adult who is capable of reading and who has lived in this area for any appreciable length of time knows that, for practical purposes, when underground water is pumped from the reservoir it is "mined" in much the same manner as coal, gold, or oil is mined from its subterranean hiding place. Nature does not replace the water nearly so rapidly as it is pumped.

Knowing full well that these are the facts concerning the underground water supply with which we've been endowed, some irrigators still do not recognize a need for personal responsibility in the field of water conservation.

An official with the High Plains Undergrnd Water Conservation District has been contacted and asked about the end results that wasteful practices will bring out.

Tom McFarland, Manager of the Water District, was asked, "Why do some irrigators allow water to run off their cropland into the road bar-ditches and dry lake beds?"

His answer was enlightening, "In working with problems of waste, we're attempting to change a habit-- we think a

very bad habit--that has been formed during years of irrigating and allowing water to escape the land. In many cases the fellow has been doing it that way so long that it's become second-nature to him. He may not even realize that he is actually wasting water. He may feel that losing water is just part of irrigating.

"Of course, this is where our job enters the picture in convincing him that the water he wastes is water that brings absolutely no benefits to anyone and actually costs him money to pump."

We then asked McFarland about the power that the Water District has to enforce their rules against waste.

He said, "Under the provisions of the law, we have the right to initiate legal proceedings against those who waste water. If we can prove to the court that waste is occurring, then an order will be issued by the court ordering that it be stopped."

"Of course, this process is not only expensive but it is also unpleasant. As a result, before we resort to legal action we attempt to convince the irrigator that too much is at stake for him to continue the practice of wasting water."

"We talk to him about declining water levels, about the economics involved in continued waste, and about the moral and political aspect concerned."

"Most people don't want to waste water for the pure pleasure of wasting it. They simply are taking the path of least resistance."

McFarland was then asked about progress that the Water

District is making in alleviating waste.

"Definite progress is being made," he said, "at least a third of our staff is devoting practically full time to waste problems. When a waste situation is called to our attention, we visit the locale and talk to the one who has the problem. Many times we can tell him about a similar problem that another irrigator has been confronted with and show him the steps that were taken in solving that problem. In most instances, this is all we have to do. With less conscientious farmers, it won't work so well."

"Of course, all this consumes time, and with a limited staff we cannot stop all the waste over night. However, progress is being made. Year by year the waste is less prevalent than it was the year before."

"With the continued cooperation of irrigators throughout the Water District, we will be able to continue progress toward the day when all water pumped from the underground reservoir is utilized in some beneficial endeavor."

Balmohea State Park, southwest of Balmohea, Texas, has the world's largest walled swimming pool--fed by natural springs at the rate of 26,000,000 gallons per day.

Thomas Edison was fired from a job as a young man for sleeping while on duty.

Mr. and Mrs. Frank Bozeman of Lazbuddie visited Sunday in Amherst, in the Joe Bozeman home.

to Our Many Friends:

The 7th day of September marks the end of our fifth year of service to you in the Earth area. We would like to take this means of expressing to you our appreciation for the confidence you have shown us by using your local funeral home and ambulance service.

The utmost perfection in every detail of a funeral service is of the greatest concern to the family. This perfection is our constant aim. We have strived to overlook no detail that will contribute to the beauty and dignity of a funeral service that will be a worthy tribute to the memory of your loved one.

Our staff stands ready to serve you at any hour of the day or night, no matter where you might be. One phone call from you commands our immediate attention and experience in handling all of your arrangements, whether it be for funeral arrangements or for our prompt ambulance service.

To serve you better is our constant aim, and for your convenience and service we accept all funeral home burial policies and maintain completely air conditioned and oxygen equipped ambulance service. We would like to stress that we are always happy to accept a collect call any time our ambulance services are needed for any emergency.

Again for your confidence and the manner in which you have received us, we would like to say thank you.

Sincerely yours,

Lucy Parsons

TURN ME LOOSE... As shown above, a large hole was opened up for the ball carrier to run through. The action was against Friona, Friday night at the Wolverine Stadium. The play proved to be a good ground gainer for the Wolverines, and we will probably see a lot of it during the season.

WHO HAS THE BALL??... That is a good question, but it turned out to be a pass play from quarter back, Jerry Been for the second touchdown. The Wolverines scored two points, leaving Friona scoreless in their scrimmage Friday night, in preparation, getting in condition for the season.

Federal Crop Insurance Protection Highest in History

With the 1963 crop year well under way, a record total of more than \$470 million of farm crop production investments is protected by Federal Crop Insurance, the U. S. Department of Agriculture announced recently.

"Although the sales period for citrus in Florida and oranges and raisins in California has not yet ended, this \$470 million of protection is already the highest in the 25 year history of Federal Crop Insurance," reported Manager John N. Luft of the Federal Crop Insurance Corporation.

Acres and number of crops protected by Federal Crop Insurance has risen sharply this year. Over 420,000 crops on 13 million acres are now insured against production cost losses from natural hazards.

Luft said, "This is 57,000 crops and nearly 3.5 million acres above the 1962 crop year."

The \$470 million of protection represents a 30 percent increase over the 1962 figure of \$358 million. This is the second straight year of better than 30 percent increase in farm production expense protection, a total of \$200 million increase in the two years since the Crop Insurance service changed from an experimental to an action program of the U. S. Department of Agriculture.

As Crop Insurance expands by its legislative limit of 100 counties and three new crops a year," Mr. Luft said, "and as improved management, program training, and information practices begin to take effect, we expect to increase this basic protection to a billion dollars within the next five years."

Federal Crop Insurance, now protecting farmers in 1,096

counties in 38 states, will make its service available in 100 more counties for the 1964 crop year. Names of these counties and the crop programs offered are now being announced. In counties where winter wheat is grown, Crop Insurance salesmen are now taking applications, Mr. Luft stated.

Federal Crop Insurance is a voluntary, self-help service offering the farmer protection of his crop investment against loss from all natural hazards to most of the 20 crops on which the insurance is available. Some specialty crops—such as citrus, raisins, cherries and peaches—are insured only against loss from particular causes such as freeze and wind damage. The service operates like any other insurance plan, with farmers paying yearly premiums based on local crop production and loss history and with payments for loss being paid from this premium fund.

"This means," explained Mr. Luft, "that the premium payment of a Kansas wheat farmer who had a good crop went to help pay for the crop investment lost by a Florida citrus grower whose grove was damaged by freeze. In other years, the procedure may be reversed, with money from this premium fund."

"This is a cooperative program," Mr. Luft said, "which helps growers take a business-like approach to the problem of protecting their capital investments, their credit and their community economic strength. When crop damage hits an area, it hurts everyone for miles around—merchants, equipment dealers, bankers—every business and profession feels the loss. There are ghost

towns in this country caused by area-wide crop losses from drought and other natural hazards.

"Federal Crop Insurance is meant to put money back into a community when weather, insects or disease have wiped out the area's major source of income. Thus, the higher the percentage of insured farmers in each county, the greater the protection of the economic stability of the area, the state and the nation."

Not Too Slow Not Too Fast

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said this week the new speed law that went into effect August 23, specifically made it a violation to drive a vehicle so slow as to impede traffic.

He said that before enactment of the new law it was necessary for a police officer to warn a driver impeding traffic to speed up or get off the road before filing a charge.

"Under the new statute, as we interpret it, whenever a driver is driving slower than the normal and reasonable movement of traffic and there by impeding that traffic, he will be committing a violation for which he may be charged in court," Garrison said.

The DPS Director also pointed out that under the new law official bodies having jurisdiction over various kinds of highways are authorized to zone roads for minimum speeds whenever they determine that slower speeds consistently impede traffic. Failure to comply with such minimum speed limits will be regarded as a violation, he added.

"It will be the policy of the Texas Department of Public Safety to stop and take enforcement action against any driver observed to be committing clear-cut and substantial violations of these two provisions of the law," he said.

"Substantial compliance with these provisions should relieve congestion on highways and reduce considerably the differential between top speeds and lower speeds, thus reducing potential conflicts and increasing traffic safety."

Garrison reminded again in connection with the new maximum speed limits of 70 MPH in daytime and 65 MPH at night for passenger cars that these are dependent upon conditions existing on the roadway at the time. The Texas law requires a driver to operate his vehicle "reasonably and prudently" at all times, regardless of the posted limits, he said.

"We repeat that serious problems may develop with the new speed law unless the driving-public accepts and applies them to a high degree of responsibility to themselves, their families and others."

Lamb County Grain Growers To Organize Party Line

A meeting for all Lamb County grain sorghum producers has been called for Tuesday, September 10, in the County Courtroom in Littlefield at 2:30 p.m. by G. S. P. A. chairman, J. H. Angeley, Directors will be elected to represent Lamb County in the Area Grain Sorghum Producers Association, as well as county officers.

The Area G. S. P. A. has carried on a program of research, market development and service projects for grain sorghum since 1966. The appearance of the sorghum midge throughout the high plains for the past two years has made it necessary to initiate research projects, to combat this and other threats to the sorghum industry. G. S. P. A. has led the way in starting the midge research project now underway and has been joined by other segments of the sorghum industry to expand these studies. All activities are financed by dues from producers at a rate of 2 pounds per 1,000 pounds production.

Wes Anthony, President of the Castro County G. S. P. A. will speak along with Nolan Chandler, agricultural assistant of the Area Association.

Francis Implement Co. Your Ford Tractor Dealer Muleshoe, Texas Pd. Adv.

Party Line

Mr. and Mrs. Gene Stephens and Shawn of Amarillo visited over the weekend with their parents, Mr. and Mrs. Houston Stephens and Mr. and Mrs. Babe Prather and Beverly.

Mrs. R. L. Richards, Plainview, visited last Wednesday with her niece, Mrs. Matt Patterson.

Mr. and Mrs. J. Y. Kisinger, and son of Dallas, left for their home last Wednesday afternoon, after several days' visit with his sister, Mr. and Mrs. Everett Patterson and John.

Mr. and Mrs. Ronnie Dent, of Lubbock, are visiting their parents, the Ray Stansells and Chubby Dent's and other relatives, this week.

Mr. and Mrs. Norman Ellis and children spent the weekend in Lubbock with his parents, Mr. and Mrs. Claud Ellis.

Mr. and Mrs. Sam Cearley spent Tuesday through Thursday in Lubbock with their daughter, the Don Davis family, and their son the David Cearley's. They were accompanied by Janice Cowley.

Stiff Hot Check Law Passed Recently

One of the most convenient methods of payment is sometimes one of the most expensive especially for area businessmen. Area merchants have been hit hard in recent weeks with checks which make the round trip to the bank, returning with those dreaded words, "Insufficient Funds."

A check returned because of insufficient funds is embarrassing, to say the least, to the person who wrote the check. It is worse than embarrassing to the merchants. It's expensive, especially if those checks are not made good.

Provisions of the amendment declare it is unlawful for any person to write a check if the check-writer's bank account does not have sufficient funds to cover all other outstanding checks.

Intent to defraud and knowledge of insufficient funds is spelled out in another provision. If the check-writer does not pay the holder of a check refused for payment within 10 days after receiving the notice, the worthless check is then prima facie evidence that the person intended to defraud and knowledge of the insufficient funds.

Notice of the check being returned for insufficient funds must be certified by registered mail or telegram. Punishment for first conviction of writing a worthless check

to defraud is imprisonment in county jail for not more than two years and a maximum fine of \$1000. Second offense convictions carry a punishment of 30 days to two years in county jail and a fine of not more than \$2000. Third convictions carry a penitentiary sentence of from 2 to 10 years.

This means worthless check trials will no longer be handled in justice of the peace courts. Trials on checks written for \$5 or less are now handled by JP court, but the county court will have jurisdiction starting August 22, on all worthless check charges when the amount is \$50 or more.

Trials involving worthless checks for more than \$50 will be handled in district court.

A new Texas Penal Code amendment went into effect recently, designed to put new

strength into present worthless check laws.

Colds Major Cause Of Absences

The common cold continues to be the largest single factor contributing to the 19.1 days per school year the average Texas student is absent from school, according to a study by Schering Corporation, a leading pharmaceutical company.

Using statistics from the National Education Association, the study reveals that Texas ranks 29th in days attended per pupil. The best attendance for the 1962-63 school year was set by the state of Washington with an average of 10.5 days missed, Utah was second with 11.2. The national average of school absences was 18.9.

Medical surveys indicate that children of elementary school age have five times as many colds as do adults. According to a 1963 U.S. Public Health Service report, respiratory illnesses were responsible for about two-thirds of school days lost because of

acute illnesses or injuries during the 1961-62 school year. The first onslaught of colds strikes the schools almost as soon as children reassemble for the new year. One contributing factor to this, according to research scientists, is that spread of colds like other virus-caused infections is accelerated by the mixing of populations. In fixed stable groups which are not exposed to strangers, cold-like infections tend to die out, and do not reappear until there is contact outside the group.

The best defense against the common cold is prevention. Warm clothing should be worn and good diets planned. When ever possible, avoid contact with a person suffering from a cold.

Medicines, of course, are important. A recent survey by drug industry publication revealed that only one out of eight home medicine cabinets is fully equipped with products needed in common types of health situations arising in the home, such as the cold. The list of 11 "basic" supplies recommended includes: gargle, antihistamine-aspirin (such as Coricidin), Cotton Swabs, stomach settler, laxative, cough syrup, eye drops, decongestant, fever thermometer bandages and an analgesic.

ELEMENTARY SCHOOL DADDY... J. I. Davis is helping one of his many, many school children he has each year in the elementary building. Davis is shown as he helps a little Spanish boy Fernando Langoria, find his classroom. Mr. Davis is always there to lend a helping hand, regardless of the situation. Fernando's father works on the Donald Kelley farm.

Annual Field Day At Halfway September 13

Visitors to the seventh Annual Field Day, September 13, at the High Plains Research Foundation will be shown through the new gin, the new seed processing laboratory, shops, offices and implement storage buildings. These buildings are now under construction at the Foundation. Contractors are working hard to complete most of the structures in time for the occasion.

The 20-saw gin, damaged by fire, has been rebuilt by the Murray Co. and Mitchell Co. of Dallas, and the Moss-Gordon Co. of Lubbock. The gins will be seen in the building but will not be ready for operation. Hosts will be present to explain how the gin will operate. These hosts represent the cotton industry and members of the Board of Trustees of the Foundation. The gin is in a building separate from the other structure.

Hosts will also guide visitors through the main building to show the Seed Processing Laboratory, the shops, offices and the new machinery and storage

facilities. Both of these buildings replace the structure destroyed by fire early this year. The machinery will be installed in time to process the 1963 research harvest for all crops.

Guests at the Field Day will be greeted upon arrival by representatives of the Chambers of Commerce in the area, and by members of civic clubs, Chambers of Commerce represented among the greeters will be from Dimmitt, Tulia, Littlefield, Ralls, Olton, Hale Center, Floydada, Plainview, and the West Texas Chamber of Commerce. Civic clubs include the Kiwanis, A. B. C., Optometrist, Rotary and the Junior Chamber of Commerce. Charles Young, Executive Vice president of the Plainview C of C is chairman of the greeting committee. He has directed this activity for all seven Field Days at Halfway.

Frank Moore, president of the Foundation, has secured Congressman George Mahon as the principle speaker at the conclusion of the day's activities.

Members of the Board of Trustees will be introduced by Harold Hinn, Chairman of the Board of Trustees.

There will be six stops on the mobile field tours which will start at 1:30 p. m. and continue until the barbecue at 5:15 p. m. Trucks and trailers with bench seats will transport the visitors over the 310 acre farm. Guides on each truck or trailer will describe the research underway, between stops. Members of the Foundation staff will explain major research projects at each of the six stops.

Guides on each truck will be members of Young Farmers chapters, Soil Conservation personnel, County Agents and Vocational Agricultural instructors, Ollie Limer, County Agent for Hale County, Lee Dent, Manager of the Hale Center Chamber of Commerce, and Merwyn Igo, Halfway Farm Machinery Co., have for many years dispatched the tours for the Field Days, and will again function in this capacity. The last stop on the field

tour will be at the farm and ranchequipment display. This will be around the Halfway Community Building. This feature has grown in size and participation each year.

The Lions Clubs in the area will again direct the visitors for the barbecue which will also include fish. The barbecue is the gift of the Hale County State Bank and the Goodpasture Grain and Milling Co., Inc., again this year. Representatives of the following Lions Clubs will assist again this year: from District 2T2- Springlake, Olton, Cotton Center, Hale Center, Aberrnathy, Petersburg, Lockney, and the noon and evening clubs from Plainview; from District 2T1-- Dimmitt, Hart and Tulia.

With the annual large Field Day being combined with the Flame Cultivation Field Day, a large crowd is expected. Frank Moore, President of the Foundation, stated in releasing the Field Day plans,

PIGGLY WIGGLY CHECKERS... Mrs. Quinton Truelock on the left, and Jane Carter on the right, will be at the twocheck stands, ready to check out the customers and to offer their assistance to the grocery shoppers. Mrs. Truelock has just recently joined the personnel and Jane has been employed by the firm for several weeks.

ASSISTANT BUTCHER, Ingrid Curtis, straightens up the self-service meat counter at the new Piggly Wiggly which is completely stocked with fresh cuts of assorted sandwich meats, hams and other items, too numerous to mention.

THE PRODUCE COUNTER, is stocked with only the choicest of vegetables and fruits for the customer. The new self service produce center enables the store to handle a more assorted line of fresh produce that they did in their former store. Standing by the counter is Henry San Miguel.

Car Driven By J. Glasscock Strikes Calf

A 1963 Chevrolet automobile driven by Jim Glasscock collided with a calf Friday night, killing the calf and causing an estimated \$400 damage to the Glasscock car.

The mishap occurred three miles south of Plant X on FM Road 1055, Glasscock, accompanied by his family, and Mrs. Gladys Roberson was enroute home from Littlefield, when his car was meeting another, and the car lights made it impossible for Glasscock to see the calf, belonging to Halsell Cattle Company, in time to avoid hitting it.

Highway Patrolman Bill Angel from Littlefield investigated the accident.

Clarence Hazletts Honored With Housewarming

Several friends of Mr. and Mrs. Clarence Hazlett pleasantly surprised them with a housewarming in their new two bedroom home on N.E. 2nd Street, Tuesday night at 7:30 o'clock.

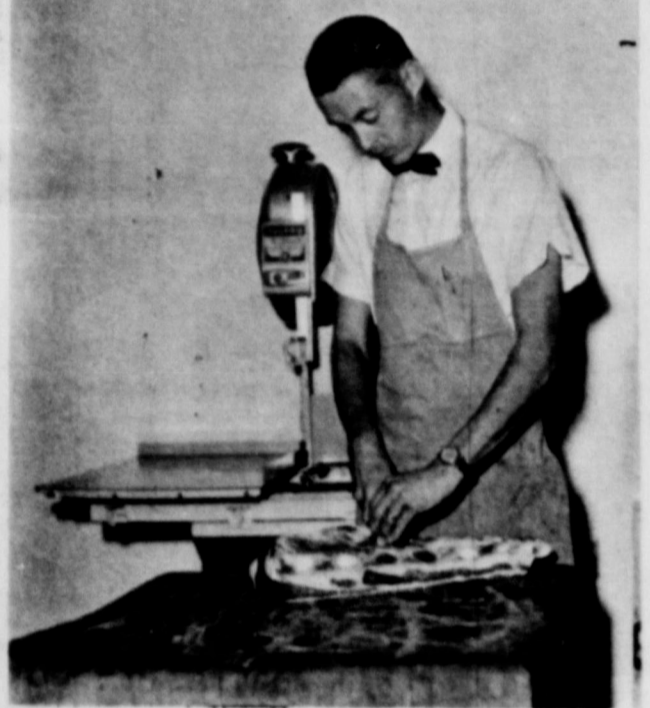

Meeting in a group at the Perk Lee residence, prior to going to the Hazlett home, were the Jack Rylants, Barney Schellers, Homer Starkeys, Ervin Andersons, Perk Lees and V. L. Smiths. Also present for the occasion was the Hazlett's daughter, Mr. and Mrs. Sherman Davis of Olton and Mrs. Hazlett's sister, Mrs. Opal Crosby of Baytown, who is visiting in the Hazlett home.

Those attending enjoyed playing games of 42 and refreshments of cookies, punch and coffee.

The Hazletts received many lovely and useful gifts, with several who were unable to attend sending gifts.

No Winners At Earth Gulf This Week

Earth Gulf Station Manager, Wayne Jackson reports that he went over his set goal of 20,000 gallons of gasoline to sell during the month of August, with 20,400 gallons of gas pouring through the pumps for the entire month, breaking the record in gasoline sales for any one month since the station was built.

Jackson stated without the assistance from his wife Pauline and son, Mike and all his fine customers, the goal could not have been reached. Jackson expresses his deep appreciation to all who helped to reach this goal at the station.

Winners of last week's 50 gallons of gasoline had not appeared, at press time, to match their tickets. Jackson stated that beginning Saturday morning, when the station opens, if there have been no winners appear on past ticket drawings, each person coming by the station will be given a ticket, making them eligible for a drawing Saturday night at 10 o'clock, when Jackson will give away 90 gallons of gasoline to three lucky ticket holders. This only includes the free gas that has been drawn for on the past Saturday nights and no one appeared holding the lucky tickets.

Jackson will have a separate

Springlake News

By Betty Matlock

The Intermediate and Junior GA's and their sponsors enjoyed a "Christmas in August" party, Tuesday night at 7 p.m. in Fellowship Hall. The Intermediates decorated the hall, and served the refreshments. The Juniors were in charge of the program.

The hall was beautifully decorated carrying out the Christmas theme. A Christmas tree stood in the corner with gifts displayed under it. Christmas records were played, and Christmas sandwiches, punch and cookies were served from a table covered with a red Christmas cloth and a lovely centerpiece of holly and candles. Crystal appointments were used. Three angel dolls standing amid Christmas decorations formed the background for the table.

After a very interesting program, the Intermediates Nancy Alair, Dalpha Banks, Jacqueline and Becky Parish,

drawing on the free 50 gallons of gas to be given away this week and every week thereafter, on each Saturday night throughout the month of September. This is called appreciation month, and any customer who holds a license to operate a motor vehicle, making a \$1.00 purchase at the station during the month of September, will be given a ticket, making them eligible for the drawing.

served the following: Brenda Clayton, Jenna and Jimma Banks, Susan Parish, Paula Nunn, Kathy Bibby, Cresta Washington and Deborah Stewart. Also Mrs. Les Watson, Harlon Watson, Orlan Bibby A.R. Stewart, Thelma McCladahan, Bill Clayton, Bud Matlock, Arnold Washington, Herbert Miller, and Lowell Ward, and a guest, Sandy Ward.

The GA's brought gifts which will later be sent to missionaries or other places and distributed at Christmas.

WOMEN'S ATHLETIC CLUB MET TUESDAY NIGHT

Members of the Women's Athletic Club met Tuesday night at 7:30 in the school lunch room for their regular monthly meeting with eighteen present.

Short talks on phases of foot ball were presented by coaches Mahan, Lynn and Watkins. Dean Foshee discussed the girls basketball program.

Vice president, Dimples Sanders presided over the meeting, in the absence of president, Gayle Jones.

Following the meeting, coffee was enjoyed by those attending.

West Texas Buffs Practice Session At Amarillo

West Texas State University head football coach, Joe Kerbel, announced this week that his Buffalo squad will hold an unprecedented football practice at the Amarillo Air Force Base.

The Buffs will travel out to the base and hold a regular practice session on Thursday night, September 12, from 7:30 to 9:00 p. m.

Details have been worked out between Kerbel and Major General Dwight O. Monteith, base commander. It is believed that this practice session will be the first of its kind to be held at any Air Force installation.

All base personnel, military and civilian, are invited to view the workout free of charge. Roster sheets will be handed out and Coach Kerbel will introduce many of the Buff players, Kerbel will describe some of the offensive and defensive formations the Buffaloes use and discuss some of the drills which help put the players in shape and make them into an

organized unit.

A fifteen minute get acquainted and autograph session for the children will be held following the practice session.

A time change for one of the West Texas State football games this fall has been announced by Athletic Director Frank Kimbrough.

The Memphis State game, scheduled for Saturday, October 19 at 2:00 p. m. in Canyon, has been changed to 2:30 p. m.

Kimrough said this is the day West Texas State formally becomes West Texas State University. The college was voted university status last spring by the Texas Legislature and October 19 is the date officials will appear at an awards luncheon on campus to present the credentials to the school.

It is hoped that a duplicate award ceremony will take place on the field at halftime of the football game.

Jean Sawyer, Janette Ray and Camilla Wheatley were in Amarillo, Tuesday, on business.

Party Line

Kent Foster of Lubbock is visiting this week with his great-grandparents, Mr. and Mrs. B. J. Brochette.

Mrs. S. C. Beavers spent two days last week in Amarillo, visiting her son, Billy Beavers and family and friends.

Mr. and Mrs. Edgar Britt, Tatum, New Mexico, Mr. and Mrs. Wix Price, Jr. and son of Borger, Mr. and Mrs. Bill Price, Olton, and Mrs. Lucille Price were Sunday dinner guests of Mrs. Minnie Price.

Jean Sawyer and Janette Ray were Friday night guests of Glenda Williamson, in Olton.

Janette Ray returned home Thursday, from several weeks' stay in Millington, Tennessee visiting her brother, Mr. and Mrs. Thurl Ray and children.

ERECTING ADDITIONAL BLEACHERS... workmen have been busy the past week on the football grounds, building additional bleachers on the home side. Bleachers on the home side are always filled to capacity at all the home games, and spectators line the fence, besides. These additional bleachers should be able to handle the large crowds that are always at the games to root their favorite team, "The Wolverines" on to victory.

Mr. and Mrs. Rodney Balko spent the weekend in Ruidoso. Francis Implement Co. Your Ford Tractor Dealer Muleshoe, Texas Pd. Adv.

Higher Grade Cotton By Multiple Stage Lint Cleaning

Multiple stage lint cleaning at cotton gins usually produces cotton of a higher grade that will bring a better price per pound. However, the process also causes a substantial loss in weight, states a report by the U. S. Department of Agriculture.

The report, Marketing Report No. 601, "Multiple Lint Cleaning at Cotton Gins", may be obtained from the Office of Information, U. S. Department of Agriculture, Washington, 25, D. C. says B. C. Reeves, cotton ginning and mechanization specialist with the Texas Agricultural Extension Service. It describes a study conducted to determine the effect of one, two and three lint cleanings on cotton grown in the Mississippi Delta, the High Plains of Texas and California.

Reeves points out that with the narrow grade price differentials prevailing when the study was made in 1961, bale values of cotton grading Middling White before lint cleaning remained about constant

or tended downward with each additional lint cleaning.

Generally, bale values of Strict Low Middling or lower White grades were increased with the use of the first lint cleaner, but were little changed by the use of additional cleaners. Middling or lower Spotted or Light Spotted bales generally were increased by the use of two, says Reeves.

Each successive stage of cleaning reduced the trash content of the lint, but the uniformity of fiber length, percentage of short fibers, neps in the card web, appearance of yarns and spinning performance were adversely affected. Reeves stresses that these effects on cotton quality can be minimized by efficient harvesting and careful use of modern gin machinery while maintaining fibers at the proper moisture level.

Judy Kay Dempsey of Lubbock is spending this week with her aunt, the Gerald Ingalls' and her grandparents, the Nat Bearden's.

Cattle Feeding On Increase In Texas

COLLEGE STATION -- Although the Corn Belt still ranks first in the production of fed cattle, this region is rapidly losing its monopoly in the cattle feeding business, says Ed Uvacek, livestock marketing specialist, Texas Agricultural Extension Service.

In the early 1930's the Corn Belt accounted for 83 percent of all cattle on feed, but in 1963 only 7.9 million head, or 67 percent of the fed cattle were from these states. The western states now report over five times as many cattle and calves on feed as they did 30 years ago, says Uvacek.

Texas is not the least of the competitors for a part of this cattle feeding business, says Uvacek. The state will feed three times as many cattle and calves in 1963 as it did in 1933. This means that more than 850 thousand head should be marketed from Texas feedlots this year, he says.

The increased production of feed grain, a stronger demand for fed beef, and good supplies of feeder calves have stimulated cattle feeding in Texas says the specialist.

In 1958 Texas ranked as the 13th most important cattle feeding state in the U.S. while in 1963 the state was the 6th most

important feeding state. This increase came mainly because of the added number of large feedlots, says Uvacek. About 88 percent of the cattle and calves on feed were in these lots, which have capacities of 1,000 head and more. In 1956 there were only 63 such lots in the state and now 203 are operating. Uvacek points out that last year Texas produced 463 million pounds of fed beef and consumed 329 million pounds, making the state a surplus beef producer.

Denny Parish spent Thursday night in Olton with Ronnie Williamson.

Mr. and Mrs. L. S. Griffin, Mrs. Dene Woodring, Herb Wendborn and Mr. and Mrs. W. F. Williamson spent Thursday through Saturday in Ruidoso, New Mexico.

Mr. and Mrs. Don Kelley and boys, Slaton, spent the week end with her parents, Mr. and Mrs. L. K. Anderson.

Eldon Trotter visited Sunday in Littlefield with his parents, Mr. and Mrs. C. D. Trotter.

THESE LUNCHROOM LADIES will be busy five days a week, throughout the nine month school term, planning, preparing and serving meals to the Springlake School students. Shown left-right, Elizabeth Packard, Lola Sloan, Faye Waide, Eva Nance, Mary Fruedenrich, Lena Grace Griffin, Frances Britt, Mrs. C. F. Wages and Elvira Upchurch.

Party Line

Mrs. R. S. Cole and Regina, Thomas Martin and Carolyn of Houston, spent last Tuesday in Denver City, visiting the Clifford Bills. They also visited in

Seagraves with Mr. and Mrs. Albert Joplin. Mrs. Bills and girls returned home with them and stayed until Friday, when Mr. Bills came to return them home.

Mr. and Mrs. Fred Clayton, Mr. and Mrs. Norman Clayton and Cindy of Abilene, returned

home Saturday, from vacation in Colorado.

Mr. and Mrs. Leland Henderson accompanied by Mr. and Mrs. Cletis Clayton of Dalhart, left Monday morning for a vacation in Colorado.

Mr. and Mrs. Pat McCord, Jane

The Earth News-Sun, Thursday, September 5, 1963 Pg. 12, -

and Jill visited in Olton Sunday with Mr. and Mrs. Tom Witten and Tommy. Jane and Tommy will be roommates at Baylor University. They will leave Thursday.

Mr. and Mrs. W. J. Rylant, Ar-

both, Becky and Dennis attended a swimming party at Crescent Park in Littlefield last Wednesday night, sponsored by General Telephone Company for the employees and their families.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Texas' new Parks-Wildlife Commission has reclassified its personnel in keeping with the \$3,500,000 budget set by the Legislature. Reclassification will result in an additional \$10,000 in salary expenses.

Commissioners voted to keep all personnel from the old Parks Board and the Game and Fish Commission on payroll.

Howard Dodgen, former executive secretary of the Game and Fish Commission, will be retained as a consultant to the Board until January.

Commission also approved Executive Director Weldon Watson's recommendation that the state parks system be managed through the five regional offices used by game officials. Regional headquarters are located in La Porte, Rockport, San Angelo, Tyler and Waco.

NEW TRENDS?—There seems to be a new trend toward refusing federal aid: The Irving School Board spurned an offer of an \$11,000 grant because "of the growing danger of federal control of the school curriculum."

But most school systems still accept educational assistance from the U. S. government. Texas Education Agency, looking at preliminary figures for the 1962-1963 school year, found \$33,700,000 was paid to Texas schools by federal programs.

In some cases, however, acceptance is selective: Both Houston and Dallas, which have local programs geared to prevent student drop-outs, refused cash grants for a similar federal program.

Houston and Dallas also are among the Texas towns which reject federal funds for school lunch programs. Others include Odessa, Goose Creek, Wichita Falls, Fort Worth, Henderson, Longview, Borger and Alvin.

U. S. AID?—Abilene turned down a \$446,730 offer of aid for a \$3,000,000 sewer treatment plant from the U. S. Department of Health, Education and Welfare.

Federal grants for \$3,000,000 worth of sewer treatment improvements in Texas are recommended and administered by State Health Department officials.

Funds refused by Abilene were distributed among the following towns: Fritch, Gonzales, Graford, Hidalgo, Mar-kum, Mineral Wells, Richland Hills, Smiley, West Columbia and Windom.

TEXAS TAX TAKE?—Although the Lone Star State accepted less federal money than many other states during the fiscal year that ended on June 30, it received slightly more than it paid out, according to a survey

by Congressional Quarterly. Texans paid about 4.26 per cent of all taxes received by the federal government. It reaped 4.81 per cent of the \$10,000,000-plus federal grant total, or \$500,295,000.

National average of federal aid received was \$56 per capita. In Texas, the assistance averaged \$49 per citizen. Alaskans were high with a per capita average of \$228. Low was New Jersey with \$34 per capita.

Schools and sewage systems were just a few targets of federal aid. In fiscal 1962, this state received \$128,734,600 for highway construction; \$31,120,182 for unemployment insurance; \$62,832,854 for agricultural conservation; \$139,252,153 for welfare assistance, and \$13,350,583 for the national guard, as well as aid in other fields.

VENISON POPULAR FOOD?—State Parks and Wildlife Department has a booklet available for free distribution, which should be of interest to ranchers, hunters and just about everyone.

Its title is "Texas Deer Herd Management--Problems and Principles." Booklet was written by James G. Teer, wildlife biologist formerly employed by the state. In his research, Teer found that deer herds of Texas provided more than 6,000 tons of meat for family consumption last year.

Another bulletin, newly revised, also can be secured without cost. It's called "Poisonous Snakes of Texas and the First Aid Treatment of Their Bites."

SALES TAX RECEIPTS SOAR—State Comptroller Robert S. Calvert announced that sales tax revenues for the fiscal year which ended on August 31 will exceed his expectations.

Earlier, Calvert predicted sales tax income for the state would total \$177,975,013. Now he says it will be \$2,141,429 more, or a total of \$180,116,442.

CONSTRUCTION INCREASE—Residential construction accounted for \$81,600,000 of the \$142,000,000 worth of construction authorized in the state in July. It was the highest monthly level in 17 years.

So reports the UT Bureau of Business Research.

GAS BILLS VARY?—A study of records, which the Texas Railroad Commission keeps on municipal gas rate structures, reveals a wide variance in gas rates across the state.

Lowest average year's bill paid by individual consumers in 1962, among the 22 cities on the commission list was \$41.50. It was paid by citizens of a Corpus Christi suburb.

Highest average annual gas bill was paid by residents of

Dallas. One of the lowest average bills was that paid by Amarillo residents. Their average bill for the year was \$53.43.

LAWMAKERS' RETIREMENT PAY?—Members of the House of Representatives who have served four two-year terms and state senators who have served two four-year terms now are eligible for retirement pay under a new law, effective, September 1.

When a legislator has completed eight years of service he receives a \$100 a month retirement check. It increases \$10 a year as long as he remains in the Legislature.

SHRIMP NAMED COMMISSIONER?—Gov. John Connally has appointed Virgil Versaggi of Brownsville to the Gulf States Marine Fisheries Commission. He succeeds Weldon Cabaniss of Rockport.

Versaggi has been in the Shrimpbusiness in Brownsville since 1949. He also operates shrimping fleets out of Tampa Florida, and British Guiana, in partnership with his four brothers.

He was first president of the Texas Shrimp Association. Also first president of the Shrimp Association of the Americas.

LAND OFFICE RETURNS MONEY?—Land Commissioner Jerry Sadler has turned back to the State's General Revenue Fund \$221,275 left over by the General Land Office from its fiscal 1962 appropriation.

"Reasonable economy of operation," Sadler said, "made this refund possible."

AGRICULTURALISTS IN EUROPE?—Agriculture Commissioner John C. White, Senator Culp Kreuger of El Campo, Dr. Tyrus Timm of Texas A&M and Dr. Wayland Bennett of Texas Tech are in Brussels, Belgium, to attend a conference on agriculture.

Senator Krueger is vice-chairman of the State Senate's agricultural committee.

EDUCATION GROUP TO MEET?—Leaders in the field of development of higher education in Texas will meet in Austin on September 9.

Calling the group together is the Committee of the governing Boards of State Colleges and Universities. Sen. Walter Richter of Gonzales is executive secretary of the privately financed Committee.

On the program will be Gov. Connally, Dr. A. B. Martin, executive director of the Governor's Committee on Education Beyond the High School and Dr. Lester Harrell, director of the Texas Commission on Higher Education.

Purpose of the meeting is to spell out the Committee's goals for the immediate future and determine a means of attaining them. Committee represents the common interests of all the state-supported senior colleges. It is interested in supporting programs and activities aimed at improving the quality of and support for higher education in Texas.

Comprising the Committee are representatives of each board of regents serving the 20 state-supported senior colleges and universities.

Be thy Brother's Keeper as a Texas Highway Patrolman.

'63 FORD GALAXIE

America's liveliest most care-free cars!

LUXURY FAR BEYOND ITS PRICE! FORD GALAXIE 500

Here's fine-car elegance you'd expect only in cars costing hundreds more. You can feel the quality in Galaxie's silent, velvet-smooth ride and commanding Thunderbird power. You can feel the richness in its deep-pleated upholstery and thickly carpeted floors. Galaxie 500 literally surrounds you with fine-car comfort and conveniences... electric clock, illuminated ash tray, glove and luggage compartments... to name a few. And of course, Galaxie was among the first to give you so much freedom from routine maintenance -- 6,000 miles or 6 months between oil changes and routine maintenance... 36,000 miles between major chassis lubes. Come in today and see how little it takes to own the elegant Ford Galaxie 500... you'll see what we mean when we say it gives you luxury far beyond its price.

Area Leaders Air Cotton Problems

Intensified promotion of cotton and research to improve its quality and reduce its cost were emphasized as the big needs in the cotton industry yesterday when more than 80 people from all segments of the High Plains economy got together Thursday in Lubbock to discuss the future of cotton.

The area-wide meeting was sponsored by Plains Cotton Growers, Inc. and included farmers and businessmen from all over the 23 county High Plains area.

Troy Arnes, Littlefield Chamber of Commerce president; Gene Garrison, C of C manager; Kenneth Reast, ag committee chairman; and Jack Wicker and John D. Smith, local directors of PCC were among those in attendance.

Dean Cerald Thomas of Texas Tech's Department of Agriculture acted as chairman of the meeting and told the group that every single resident of the High Plains, regardless of occupation or business, has a vital stake in the cotton industry.

This fact was borne out later in the meeting when Sterling Emens, Lubbock banker, stated that cotton produces around 350 million dollars in new wealth on the High Plains each year and estimated that the average dollar turnover in the area is six or seven times. Emens warned, however, that unrealistic government policies have created a serious threat to this principal source of income.

George Pfeiffenberger, executive vice president of Plains Cotton Growers, set the stage for discussion by reporting that reduced domestic consumption, declining exports and various other factors have combined to bring the carryover of U. S. cotton to the alarming total of 11.1 million bales. Noting that this figure is 3.3 million above a year earlier, he said it is obvious that cotton is in "real trouble."

Chamber of Commerce officials from towns over the area expressed their willingness to work with Plains Cotton Growers on local levels in behalf of the cotton industry in any way possible. Suggestions for immediate action included educational programs concerning cotton quality, urging merchants to place more emphasis on cotton goods and the use of speakers at civic club meetings to increase awareness of cotton's problems and its extreme importance.

Near the end of the meeting the group passed a resolution in support of the Cooley cotton

HUNTERS' PARADISE!! From the number of ducks shown on the lake in this picture, duck hunters shouldn't have to go far to get their daily limit this year, when duck season opens. The picture was made near the Flagg Community on the Dimmitt Highway.

bill now pending in Washington and voted to send this resolution to Congressman George Mahon. The resolution, as sent to Congressman Mahon, follows: "Whereas cotton is by far the chief source of income on the Plains, and cotton is facing a real crisis in loss of markets and increasing surplus, a cross-section of farmers and businessmen met in Lubbock, August 29 to discuss pending cotton legislation. We urge your support and active work towards passage of the Cooley bill, H.R. 6196. We believe this bill has the best opportunity to regain and expand cotton markets by providing a competitive price to mills and protection to farm income."

It was the general opinion of the group, however, that legislation alone is not enough to assure a future for cotton. "Regardless of whether or not Washington passes this bill," said Gene Garrison, manager of the Littlefield Chamber of Commerce, "the problem still will be that of growing a quality product and selling that product to the consuming public."

Crop Stubble Holds Land

As the harvest of grain sorghum approaches, conservation farmers are planning ways and means to get the greatest benefits possible from crop residues that remain in the field.

Benefits derived from crop residue utilization range from reduced damage from blowing, better till and soil conditions, more efficient use of irrigation

water and improved fertility. One of the most important of these benefits is the reduced damage from wind and water erosion. In the critical winter months, there is little else to protect the soil from high wind velocities. Grain sorghum stubble will greatly reduce the force the wind exerts on the soil particles. The stubble decrea-

ses the wind velocity near the surface of the soil, thereby reducing wind erosion.

Several methods of using residue to protect the soil surface are widely used in Lamb County.

The usual methods are to leave the stalk standing until time to prepare the seed beds for the next crop in the spring, or to incorporate the stubble into

the surface of the soil by discing. This method tends to anchor the stubble and keep it from blowing away.

Mr. and Mrs. L.S. Griffin, Mrs. Dene Woodring and Herb Wendborn attended Bobbie Brooks market at the Plainsman Hotel in Lubbock Sunday.

Jean Sawyer and Glenda Williamson of Olton were in Ruidoso, New Mexico Thursday and Thursday night. They returned home Friday morning.

Cotton Moisture Provides Good Quality Indicator

At present the only reliable method of checking the quality of cotton on the farm or at the ginning point is grade and staple length. But according to Beverly G. Reeves, cotton ginning and mechanization specialist, Texas A&M University, the cotton moisture meter can be used as a good indicator of quality on seed cotton.

This device makes it possible to determine the proper time for harvesting and the way to conduct the ginning operation to preserve cotton quality, the specialist adds. The moisture content of the cotton fiber when harvested, while in storage prior to ginning, and during ginning is definitely correlated with spinning quality.

The fiber strength, the length uniformity of the fibers, and the amount of tangled fibers or neps in the cotton affect its spinning quality, and the fiber moisture level in turn affects these. Research has shown that cotton harvested at moisture levels above 8 percent is difficult to dry for proper ginning and that cotton with excess moisture tends to deteriorate in storage

prior to ginning, says Reeves.

Cotton moisture level is also affected by the amount of trash in the harvested fiber. When trashy cotton is stored for long periods, moisture moves from the trash into the cotton, explains the specialist. Therefore, dry, careful harvesting is needed to produce quality cotton and a moisture meter can help achieve this, he adds.

Reeves recommends that you buy a moisture meter if your operation justifies it or have the cotton moisture content checked at the gin, but take advantage of this aid to quality cotton production.

Sunnyside News...

By Teeny Bowden

Mr. and Mrs. Clyde Akers of Lubbock spent last weekend with Mr. and Mrs. John Spencer, Kepy was at Youth Retreat.

Mr. and Mrs. Kenny Allison and family from Wewoka, Oklahoma visited Thursday through Saturday of last week with Mr. and Mrs. John Spencer, Molly Bradley and Carolyn

Holcomb started band practice daily last week in preparation for the Bobcat Band performance in Colorado Springs on September 21st.

Mr. and Mrs. J. Paul Waggoner and Jimmy, Mr. and Mrs. Tex Conard and Juanelle, and Mr. and Mrs. Roy Lilley of Dimmitt vacationed at Red

River, New Mexico Monday afternoon through Tuesday.

Mr. and Mrs. Charlie Hall Jones and baby moved into the community in preparation for farming in the community for another year.

Sharon Adams of Circle and Debbie Matlock of Springlake spent Monday, Monday night and Tuesday with Mr. and Mrs. Carl Bradley.

Mrs. O. K. Paschal of Winters and Mr. and Mrs. Adolph Chupik and Stanley of Dallas visited Monday through Thursday with Mr. and Mrs. Robert Paschal, Janie and Keith. They all enjoyed an outing in Palo Duro Canyon Wednesday. They are Mr. Paschal's mother and sister.

Rev. and Mrs. M. D. Durham went to Glorietta, N. M., Tuesday morning for Marvalyane. They visited also with Rev. John Cole, pastor of the Calvary Baptist Church in Santa Fe. They returned Thursday.

Mr. and Mrs. L. B. Bowden vacationed in Colorado Tuesday through Sunday.

Mrs. Phillip Jones entertained in her home Wednesday afternoon with a Tupperware party.

Lance Louder of Flagg visited Tuesday through Thursday with his grandparents, Mr. and Mrs. Alton Louder.

Mr. and Mrs. A. L. Shirey and Virginia of Levelland and Mrs. Leroy Lindsey and children of Englewood, Colorado visited with Mr. and Mrs. J. E. Shirey and Jimmy Monday. They are Mr. Shirey's brother and niece.

Mrs. J. E. Shirey and Jimmy visited with Mr. W. E. Herrin, in the Knight Nursing Home in Littlefield Wednesday.

Mr. and Mrs. Ezell Sadler visited in Hale Center with Mr. and Mrs. Ercell Keeler, Wednesday.

Cheryl Powell, infant daughter of Mr. and Mrs. James Powell, was admitted to the Littlefield Hospital Wednesday afternoon for observation. She was dismissed Saturday morning with her case diagnosed as colic spasms.

Mrs. Earl Phelan had charge of the Wednesday night Prayer meeting in the absence of the pastor.

Howard Bridges and S. C. Gunn returned to Weatherford Monday. Mr. and Mrs. Bridges came home from Weatherford Sunday evening.

Mr. and Mrs. Floyd Ivey and Mokey vacationed in Colorado Thursday through Saturday.

Roy West of Las Cruces, N.

CASTRO COUNTY'S FIRST GRAIN was brought in by Buddy Adrian, who farms in the Dodd Community. Adrian delivered the county's first load Tuesday, at 4:30 p. m. at the Dodd Elevator. The load weighed over 17,000 pounds, and had a moisture test yield of 15%. Shown in the picture are Ronnie Haberer, manager of the Dodd Elevator, and Adrian.

Mexico spent Thursday night with Mr. and Mrs. J. C. Holbrook and Betty Sue. He is Mrs. Holbrook's brother.

Mr. and Mrs. J. E. Shirey and Jimmy visited with Mrs. Joe Edd Wheat and Bill Ernest in Springlake Thursday afternoon, after a shopping trip to Plainview. Mr. Shirey and Jimmy shopped in Plainview again Friday.

Mr. and Mrs. Carl Bradley visited in Springlake Thursday night with Mr. and Mrs. Jess Matlock.

Mr. and Mrs. Alfred Gibbs and family of Dimmitt and Mr. and Mrs. Elmer Dixie visited Thursday night with Mr. and Mrs. Weldon Bradley and family.

W. E. Louder and Andrew Billman of Breckenridge, who is visiting with the Louders, attended the funeral of his brother-in-law in Breckenridge Friday.

Edd Townsend and Eddie left Friday for a fishing trip to Oklahoma with relatives there. Mrs. Townsend, Brenda and Jerry visited in Lubbock over the weekend with relatives.

Mrs. Jackie Green of Earth and Mrs. Joe Edd Wheat and

baby of Springlake visited Friday afternoon with Mrs. I. E. Shirey. Bill Ernest stayed with them over the weekend.

Rain in the amount of .85 inch was recorded for the week in three different rains.

Mr. and Mrs. J. T. Holcomb and children vacationed in Missouri this week.

Mr. and Mrs. Lowell Westmoreland and children of Lit-

tlefield visited Saturday with Mr. and Mrs. Alton Louder.

Mr. and Mrs. Charles Hedrick and boys left Saturday on a week's vacation. They spent the weekend in Quaaah, with his parents and planned to visit Six Flags at Fort Worth.

Mr. and Mrs. E. R. Sadler and Myles visited in Southard, Oklahoma Saturday night through Monday with Mr. and Mrs. Gale

Sadler and girls.

Ann Spencer returned home from Comanche by train Sunday morning.

W. E. Louder and Leslie Louder took Andrew Billman of Breckenridge to Canyon and visited with Mr. and Mrs. Ben Louder and Lucy Jo, Sunday.

Mr. and Mrs. Raymond Lewis and children of Olton spent the day, Sunday, with Mr. and Mrs. Raymond Lilley, + Donnie.

Mr. and Mrs. J. C. Holbrook and Betty Sue visited in Clovis Sunday with Mr. and Mrs. R. L. Childress.

Mr. and Mrs. Howard Cummings returned Sunday night from a week's vacation at Brownwood Lake and with relatives in Abilene.

Mr. and Mrs. Tom Messer and children of Lubbock spent Sunday night and Labor Day with Mr. and Mrs. Alton Louder.

STRIKE UP THE BAND... The Wolverine Band students started practice last week, preparing marching performances for the busy football season ahead. The band, directed by Dean Foshee, has 75 members, from grade 8 through 12. Lynn Hamilton, son of Mr. and Mrs. Byrl Hamilton, will head the band as drum major. Majorettes are Gwen Smith, Alicia Galloway, Marilyn Coker and Cynthia Busby.

**Seeding Turnrows Bar Ditches
Protects From Soil Blowing**

Unprotected turnrows and
bar-ditches can cause trouble
stated Edward Mitchell, chair-
man of the Lamb County Soil
Conservation District. Mr.
Mitchell lives in the Spade
community, where it is be-
coming a common practice
to seed turnrows and bar-
ditches to rye or some other
small grain to prevent soil
blowing and washing.

The board of supervisors feel
that there are many advan-
tages to protecting these areas.
It makes a more solid and
better turn row for harvesting
crops, helps control weeds
and provides cover for the
protected area during the
spring blow season. These
areas are more often than not
"hot spots" which start blow-
ing and fan out and cause
large areas to blow.

It is also recommended that
crop residues be left on the
surface of the soil and bare
areas that can be seeded to
cover crops. Unprotected
fields during a dry winter and

spring can become a hazard
to the entire farm, especially
on dry land. If moisture is not
available, plowing will only
add to the wind erosion prob-
lem by pulverizing the soil.

Teresa, Deryll and James
Alexander returned to their
home in Dallas last week, after
spending the summer with
their grandparents, Mr. and
Mrs. Dan Hulcy.

Mr. and Mrs. Charlie Mitchell
of Portales, New Mexico vis-
ited Sunday with Mr. and Mrs.
Sandy Sanders and De Lynn
and the Marvin Sanders.

Mr. and Mrs. Jearl James at-
tended the Walthall-Pickrell
wedding in Littlefield Friday
night.
Mr. and Mrs. Doug Jones and
De Vonne, and Mrs. Phelps

Guide me in thy truth, and
teach me. —(Psalms 25:5).
God is with us in every de-
cision we make; His wisdom
is there to guide and direct
us if we but seek it through
prayer.

Party Line

Mr. and Mrs. James Martin,
Hereford, spent Sunday night
with his mother, Mrs. Alice
Martin. They returned home
Monday morning, accompan-
ied by Mrs. Martin, who spent
the day.

Mr. and Mrs. A. D. Cowley
and children spent last week
in Mangum and Willow, Okla.
visiting their parents.

Mr. and Mrs. O. T. Loftis, of
Kress were Friday dinner guests
of her parents, Mr. and Mrs. R.

The EARTH NEWS - SUN

Lazbuddie News.

by Mrs. C. A. WATSON

(Too Late for Last Week)

Mr. and Mrs. C. C. Graef, Mr. and Mrs. James Welch and Mrs. Gene Phillips and children attended the church meet held at Cloudcroft last week.

Steven Phillips, Clovis spent last week with his aunt and uncle, Mr. and Mrs. Clayton Ray Graef.

Mr. and Mrs. Charlie Watson, Don, Benny and Leon attended the West Texas Primitive Baptist Association held at Lubbock Thursday through Sunday of last week.

The Lazbuddie H. D. Club members and their families enjoyed an ice cream supper and social at the Clovis Park. They did not have a meeting in August. The next meeting will be the afternoon of the second Thursday in September. The meeting will be in the home of Mrs. Dean Powell. The program will be the election of new officers.

Birthday greetings this week to Vickie Robinson, Christie Ford, Sonya Brown, Susana Pendergrass, Wanda Johnson, David Paul, Bonnie Kay Kirby and Freddie Vanlandingham.

Sunday visitors in the Orelle Burnett home was her parents the Bill Shorts, Hale Center and his parents, the W. E. Burdett, Plainview, and their grandmother, Mrs. S. M. Jones of Hale Center.

The members of the Methodist Church in Lazbuddie is sponsoring a social in Fellowship Hall Sunday evening, honoring all the Lazbuddie school teachers, especially the new ones. All who would like to attend have a cordial invitation, according to members of the church. The social will begin about 8:15.

Mrs. C. D. Gustin is at home recuperating from surgery received last week at the Green Hospital in Muleshoe.

Raymond Treider, Sr. is reported to be some improved after having brain surgery the first of last week, in the Methodist Hospital in Lubbock.

Three hundred forty students registered at the opening of Lazbuddie school Monday, August 26. A full report of students registering in the grade school will be given at a later date, as well as the names.

Mr. and Mrs. Charlie Nealey returned to their home in Wichita Kansas, Monday, after several days visiting their daughter and family, the Raymond Treider, Jr. They have also been here to visit in Lubbock with Raymond Treider, Sr. a patient in the Methodist Hospital there.

Lilly Kaiser from Santa Barbara returned to her home Sunday, after spending several days with relatives here and with her parents, the Treiders in the Lubbock hospital.

Paul Wilbanks is in Marshall Arkansas visiting friends and relatives. Paul attended summer school at West Texas in Canyon and will enter the fall term at the college there.

Mrs. Buddie Latcher and son Cris, from Tucuman spent Sunday with her parents, the Tommy Byrds.

Mrs. F. L. Oliver, Jr. and son, Mike visited the weekend with friends and relatives here also Mr. and Mrs. Dan Winner Jr., Slaton, Mr. and Mrs. Jimmy Oliver and children from Las Cruces, N. M., visited Sunday in the home of Alford Steinbock.

Birthday greetings to Gary Eubanks, Karen Johnson, E. C. Ketchum, Jessie Flores, Bill Jones, Terry Darling, Joe Ketchum.

The Lazbuddie Longhorns won their scrimmage game with Nazareth 18-9. The Horns are preparing for the home opening game to be played September 8. Coach Charlie Walton begins his second season as head coach. Bobby Robbins from May, Texas is the new assistant coach. He is a former Howard-Payne football player. Robbins coached the entire athletic program at May. We have many boys out for play that did not letter last year. Those out for the team to date are: Timmy Foster, David Nelson, Ricardo Flores, Leon Watson, D. H. Foster, Richard Gorden. The above mentioned will play end position. Tackles are Charles Ramage, Theron Vaughn, Lewis Seaton, Buddie Embry. Guards are H. W. Moore, Danny Miller, Royce Barnes, Johnny Mitchell and Darrell Mason. Centers are Sammy Harlin, Billy Jones and Gary Eubanks. Backs are Gary Brown, Greg Schumann, James Koelzer Hoppy Jennings, Alfred Steinbock, David Wimberley, Johnny Mabery, Kenneth McGehee, Gary Coker and Lloyd Bradshaw.

Lazbuddie will play Wilson here, at 8 Friday evening.

After the game with Nazareth Saturday night the players and their families enjoyed cake and ice cream in the lunch room.

The stage of the First Baptist Church was lovely decorated Sunday night for the coronation held for the G.A.'s. The drapes and carpet at the church are red

which made a beautiful setting for the white castle placed in front of the baptistry. The garden, enclosed with white picket fence was assorted colors of flowers.

Mrs. L. B. Hambright interviewed each girl who presented their answer in story form of the work they did the past year. After the work was accepted, Lucille Barnes acted as gate keeper and after giving the charge, let the girls in. The theme for the program was "The Majestic Moment"

The Majestic Moment Councelors for the girls were Mrs. D. Johnson, Mrs. Raymond Houston, Marie Redwine and Billy Mitchell. The girls receiving the honors were Menella Precure, Marsha Johnson, Carolyn Morris, Sharon Johnson, Marsha Addudell, Jan Mitchell and Jeannie Beach.

Regina Treider was to have been in the coronation, but due to the illness of her grand father, was unable to attend. Guests in the home of the Raunmond Houstons Sunday were Mr. and Mrs. David Lynch of Slaton and Mrs. David Bostic and Rosa Lee, Pagosa Springs, Colorado.

Mr. and Mrs. George Haskins carried their son, Edwin, of Lubbock, to Houston last week for observation in a clinic there. Edwin has been in poor health for several weeks.

Mr. and Mrs. James Harvey and children visited his parents the H.A. Harvey's in Plainview, Sunday.

Mr. and Mrs. Darrell Jennings of Lubbock visited friends and relatives in this area over the weekend.

A reunion was held in the John Agee home Sunday. Present were her father, A. T. Henderson, Oklahoma, a brother, Clarence Henderson of Oklahoma City, a brother, Dr. Ernest Henderson of Phoenix Mr. and Mrs. Jimmy Black and son, Mr. and Mrs. Ronnie Briggs

and children and an uncle, Clarence Henderson of Oklahoma Lane, and Mr. and Mrs. John Neil Agee and daughter of Lubbock. Mr. and Mrs. John Agee went to Amarillo Monday to carry Dr. Henderson to catch a plant to return to his home.

Party Line...

Twila Whitford spent last week in Lubbock with Linda Elmore.

Mr. and Mrs. Mike Dent and children of Springlake visited in Lubbock Sunday, in the Byrl Brockman home.

Mr. and Mrs. Jack Hinson returned last Thursday from several week's stay at Tres Ritos.

Wirt Caldwell from Decatur was in Earth Saturday and visited W. A. McCool, Lora Belle Hickman and Almer Barton, all children of the

Deadline For Federal Gas Tax Refund Is September 30

Farmers and ranchmen are reminded that claims for the Federal Gas Tax refund must be submitted before September 30, says C. H. Bates, farm management specialist, Texas Agricultural Extension Service. This refund is on the four cents per gallon excise tax paid on gasoline and diesel fuel used by operators on their farms during the period July 1, 1962 to June 30, 1963, says Bates. He explains that this refund has no connection with the claim for refund sent to the State Comptroller's office. The gasoline used on an operator's farm by custom contractors is also eligible for the refund, points out Bates, but fuel used in highway travel is not.

The special postcard form, 2240, is the proper one to use to submit fuel claims, says Bates, and they have been mailed to operators who reported in 1962. New farmers and those who have not received the Form 2240, may obtain them from the office of the county extension agent or the area offices of Internal Revenue Service, he says.

Bates reminds that claims are subject to audit, just as other reports submitted to the Internal Revenue Service, and records should be kept to support refund claims. The specialist emphasizes that the deadline for reporting claims is September 30.

late Annie McCool, The Caldwell and McCools were neighbors in Wise County. It had been more than 40 years

since Mrs. Barton and Mr. Caldwell had met. Following his visit here, Caldwell went to Muleshoe to visit E. R. McCool,
