## Springlake G. A. Coronation Held Sunday

A very impressive G. A. Coronation Service was presented at 7:30 p.m. Sunday night at the Springlake Baptist Church.

The stage was decorated with an archway of greenery and gold candles, carrying out the colors of the Girl's Auxiliary Organization. In front of the archway was a large Bible and in front of the Bible steps with dolls, dressed in the different forward steps, were standing. The following girls made the following steps with Mrs. Alice Huckabee asking each girl what she liked best in that step: Ann Bearden, Jamie Washington, Alynn Jones, Donita and Anita Kelley made the Maiden Step; Rebecca Parish and Dalpa Banks made the Princess Step; Mary Hicks, Cynthia Busby and Nancy Alair were crowned Queens by Mrs. Frances Watson.

Each girl's brother carried the crowns on white pillows. They were Eddie Alair, Ronnie Hicks, and Steve Busby. Flower girls for the queens were Jenna and Jemma Banks and Vicki McClure, who presented them with bouquets. Mrs. Vernie Bearden pinned the green emblem on the Maidens. Mrs. Watson pinned the Princesses. The entire coronation was by candlelight. Each Queen knelt in front of a beautiful table to be crowned.

Mrs. Mary Lee Clayton sang as a prayer at the close, "The Lord's Prayer." Mrs. Betty Parish provided the music during the coronation.

Refreshments of gold colored punch and cookies were served from a white satin and net cloth afterwards in Fellowship hall. Candles and the queen's bouquets completed the table decorations.

### Local Women Attend Kennedy - Johnson Campaign Coffee

The Kennedy-Johnson Democratic Campaign lighted the fuse to what is hoped to be one of the most effective campaign weapons—a four day Texas tour by the ticket's women workers.

During the flying tour Mrs. Lyndon Johnson (Lady Bird) wife of the Democratic Vice-Presidential nominee is introducing Texas women to the presidential nominee's sister, Mrs. R. Sargent Schriver Jr. and sister-in-law, Mrs. Robert F. Kennedy. Stops to be made in Houston, Dallas, Wichita Falls, Amarillo, El Paso and at the Midland-Odessa Airport.

Accompanying the principal campaigners are Mrs. Price Daniel, wife of Texas Governor, Mrs. Margaret Price, director of women's activities for the National Democratic Party, six Texas congressmen's wives and Miss Pat Twohig, director of ladies activities for Kennedy's office.

An effective move similar to this was made in 1948 when Lyndon Johnson was elected Senator.

Stops in Houston, Dallas, Wichita Falls, and Amarillo have been an overwhelming success and last stops will be made in El Paso and Midland-Odessa Airport today.

Those attending the campaign coffee at the Federated Women's Club Building in Wofflin Village in Amarillo Wednesday morning at 10:30 a.m. from Earth included Mrs. A. K. Shelby, J. A. Littleton Sr., Melton Welch, Bruce Higgins and also Mrs. Vic Reynolds from Amherst.

### Mrs. L. Foster Heads P. T. A. Magazine Sale

The Publicity Committee of the Springlake P.T.A., with Mrs. Leon Foster as chairman, would like to place the P. T. A. magazine in the home of every parent and teacher in the Springlake School District. The subscription rate for the magazine is 75 cents for 1 year (10 issues) or \$1.50 for 2 years. If you would like to have this informative and helpful magazine in your home contact Mrs. Foster, phone 257-4052 and she will be happy to come to your home and take your subscription.

"The P.T.A. Magazine" is the official publication of the National Congress of Parents and Teachers. As such it interprets to its members and to the general public the ongoing program of study and action that characterizes the parent-teacher organization. The magazine also provides sound, helpful information on the growth and guidance of children for those who are interested in learning to be better parents and teachers.

Each year the magazine publishes three programs on parent and family life education: a pre-school course, a school-age course, and adolescent course. Because the materials are so well prepared, leaders—both nonspecialist and the qualified expert in parent education—have been enthusiastic about using them. The publication of the magazine began in 1906 and is now serving a large membership that grows by the hundreds each year. Each year its area of service widens as parents and teachers in distant places learn of its value and inspiration.

A young Boys Rancher admonishes "Peanuts" to be sure his boots are shined for both performances of the 16th Annual Boys Ranch Rodeo to be held at the Ranch, September 4th and 5th. All 261 Ranchers will have some part in the production of the nationally famous rodeo.

## Boys Ranch Rodeo Set For Sunday - Monday

The title of "Best All Around Cowboy" of Boys Ranch, now held by 16-year-old Richard Dale of Newark, N. J., will be on the line when the 261 Ranchers hold their 16th Annual Rodeo over the Labor Day weekend, September 4th and 5th.

Richard won his title the hard way in the 1959 Boys Ranch Rodeo with an unprecedented 195 points out of a possible 200. Impressive as this total was, Richard was only three points up on the second place winner, indicating the fierce and close competition.

The competition in the 1960 rodeo is expected to be as strong, if not stronger when the young Ranchers ride for points and prizes in calf, steer, bull and bronco busting events.

All seats will be in the shade for this year's show and 1000 extra seats have been added to accommodate the expected record-breaking crowds. Two reserved advance tickets are now available sections have been set aside and at the Boys Ranch office in Amarillo.

The boys will handle every phase of the rodeo themselves: from riding the salty professional rodeo stock to handling and rigging the animals to operating the concessions to directing traffic. Every boy will have some part in the production and it is a Boys Ranch show, 100 percent.

Featured in the 16th Annual Rodeo will be the Amarillo Air Force Base band, representatives of riding clubs all over the Panhandle and six specialty acts staged by the Boys Ranchers.

There will be two performances of this nationally famous rodeo, one each afternoon at 2:30, September 4th and 5th. General admission is \$1.50 for adults, 75¢ for children; reserved section tickets are \$2.00.

Proceeds from the 16th Annual Boys Ranch Rodeo will be used in the Ranch expansion program.

## Officials Predict 29 Persons To Die On Texas Highways Over Holidays

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, today announced the official prediction that 29 persons will be killed this weekend in Labor Day holiday traffic in Texas.

Garrison said some 125 extra patrolmen from the department's other uniformed services will join the regular Highway Patrol force in attempting to halt traffic law violations—which figure in most fatal accidents.

"We hope the driving public will help this Labor Day weekend to prove that we have over-estimated the number of traffic fatalities that will occur in the three-day period," he said.

"Department patrolmen and all other law enforcement officers in our state will do everything possible to make the streets and highways safer by removing lawless drivers—but the statistics prove the main job is up to the individual behind the wheel."

"It is significant to note that in each of the 14 fatal accidents which occurred outside city limits last Labor Day weekend, at least one law violation was involved."

N. K. Woerner, manager of the department's statistical services, reported that excessive speed over the posted limits was involved in 10 of the 14 rural fatal accidents during the holiday last year and that drinking was involved in seven of the 14.

In recent years, the highest statewide traffic toll for the three-day Labor Day holiday was 43 killed in 32 accidents in 1955. Thirty died in 1958, and 27 motor-cides occurred during the Labor Day holiday of 1959.

"Labor Day is a yearly turning point in our lives—a time of year when activities, dress and behavior of Texans make a definite change. It is time for many of us to take that last big outing before settling down to the routine of fall and the school season," Garrison said.

"Therefore, we can expect Texans to be on the move on our streets and highways—and we should be alert for the extra hazards presented by unusually crowded conditions."
