

Homecoming King And Queen

DeANNE CLAYTON

Farwell Nips Slew Crew

The Homecoming crowd really got their money's worth as the Wolverines played what was perhaps their best defensive effort of the season, stopping a very good Farwell team. Farwell nipped the SLEW CREW 7-0 in the Homecoming tilt.

The CREW kicked off and on the 6th play of the game Steve Monreal jarred the ball loose. Ronnie James pounced on the loose ball at the Farwell 42 yard line. Farwell's defense proved worthy opponents and the Wolverines had to punt the ball away. Helew's punt carried all the way inside the 5 yard line giving the Steers very bad field position. Farwell's offense was not to be denied and on 3rd and Goal from the 4. Paul Garza rammed in for the score. The PAT was good and Farwell had a 7-0 lead.

The Wolverines took the kickoff and marched 91 yards

What Is A Good School Worth

Editors Note: This article was turned in and we are aware of where it originated. We feel it has a lot to say on current issues and is well done.)

We all cherish the value of a good school above many other possessions our children may acquire. It is a part of us everyday, and lives on through our grandchildren. But a good school can be destroyed if harmony doesn't exist between school board, superintendent, principals, teachers, parents, and taxpayers.

SEE SCHOOL WORTH PAGE 7

White Wins First

With the cancellation of the Amherst-Smyer game on Friday, the Earth News-Sun is giving that game correct to everyone.

Winning 1st place this week was David White, with 10 games correct.

SEE WHITE WINS PAGE 2

Time Changes

Before you go to bed Saturday night, be sure to set your clocks back one hour and get back that hour of sleep that was lost last April.

Notices

During the game Friday night, the Band Boosters will be selling barbecue sandwiches at the concession stand. Sandwiches donated by The Other Place. Everyone is encouraged to come and eat. Proceeds will go to the band.

There will be a Cub Scout-Parent meeting, Monday, October 30 at 8:00 p.m. in the City Hall Community Building.

Parents are urged to attend and bring their sons.

The Band Boosters will sponsor a game booth, Tuesday, October 31 at the Halloween Carnival held at the Ag Barn.

Everyone come out and join in the fun.

Senior Citizens will meet Wednesday, November 1st at 12:00 noon at the Community Building. This month the meeting is to honor all veterans. If you are a veteran of any war, you have a special invitation to be there as it will be directed as tribute to all veterans. A special program will be presented also.

KENT HANCE visits with K.B. Parish at the Citizens State Bank in Earth during the final stages of his Congressional campaign.

Hance Charges Bush Trying To "Buy" Election

Democrat Kent Hance levelled a barrage of charges at his Republican opponent in the November 7 race for U.S. Congress, 19th District, during a face-to-face confrontation here recently.

Sitting only inches away from George Bush during a joint appearance before the Greater Lubbock Press Club, Hance claimed:

-That Bush was "trying to buy the election";
-That he was deceiving voters in television advertising;

-And, that he was not making it clear which George Bush is running for office.

Hance's blast on the campaign expenses followed a report published in The Lubbock Avalanche-Journal indicating that Bush is running a well-financed campaign backed by a list of supporters resembling a national "Who's Who" roster.

Noting that most of the contributions came from out of the district, Hance said, "There's no doubt...it would seem he's trying to buy the election."

Campaign contribution and expense statements filed by both candidates were used to make comparisons between the two candidates.

During the period from July 1 to September 30, the reports indicated that Bush raised approximately \$207,650 while spending \$180,000. Hance, on the other hand, raised \$74,822 and spent \$36,100.

Bush's thick report listed 2,060 contributors, including such notables as Mrs. Douglas McArthur, \$100; former CBS president, Frank Shakespeare, \$50; former U.S. ambassador to England, Anne Armstrong, \$100; former Secretary of Defense, Donald Rumsfeld, \$100; baseball commissioner, Bowie Kuhn, \$250; and Peter O'Malley, owner of the Los Angeles Dodgers, \$250. Many oil interests also were listed.

Hance particularly blasted Bush for compiling such a bloc of support from out of the district. He said it now "is an issue and I think the people of the district need to be made aware of it."

Hance also claimed that Bush's "Television ads have been somewhat misleading in that they portray George as having lived in West Texas forever."

"He has lived here part of his life but also he has lived in other parts of the country and I think that's definitely an issue," the native West Texan added.

SEE HANCE PAGE 2

Fennell Steps Up Campaign

Dolan Fennell, long-time resident of Lamb County is seeking the County Commissioner post for this precinct. He grew up in Earth and attended 12 years at the Springlake-Earth School system. He spent four years in the U.S. Navy and returned to this area to farm. Fennell is married with two children and now owns land in Lamb County and continues to farm.

Fennell is running on a write-in campaign after several months of urging by a group of citizens, concerned about the conditions of the roads in the precinct and the lack of support and representation they were getting at the county level.

SEE FENNEL PAGE 2

Flores To Play

In Shrine Game

William Flores, 1978 graduate of Springlake-Earth High School, will play Thursday night in the 12th Annual Khiva Shrine Football game at Jones Stadium in Lubbock, matching the West Texas State JV against the Texas Tech JV. Kickoff for the event is 7:30 p.m.

Williams, a freshman physical education major at West Texas State University, is a member of the JV team playing the position of Tailback.

Flores assisted in the defeat of Ranger Junior College, the No. 1 Junior college team in the nation, by a score of 13-12, and played in the game against New Mexico Military Institute, who came back late in the 4th quarter to defeat the "Baby Buffs" by a score of 14-12.

The game Thursday night will be the first encounter between these two teams and promises to be a very defensive game.

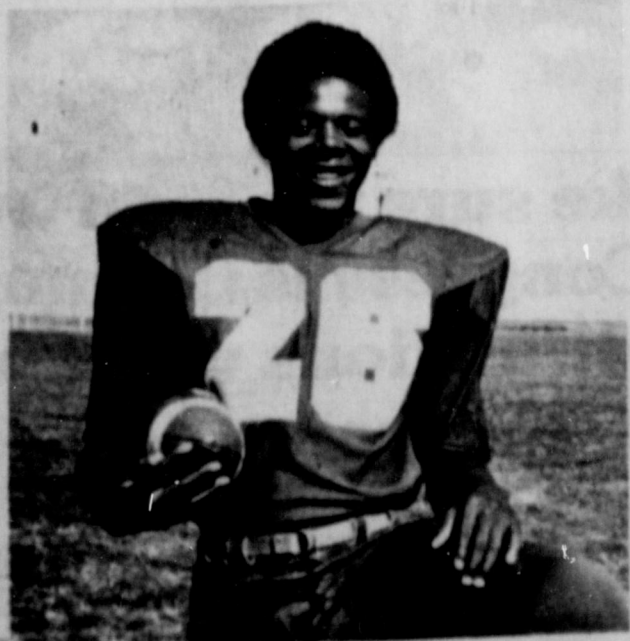

EMT Course

If you were in a crowd and someone fell to the floor unconscious and not breathing, would you know what to check for and then would you know what to do? If you had taken the Emergency Medical Technician (EMT) course at Springlake-Earth School this summer, you would know to check for a possible heart attack and then start cardio pulmonary resitation (CPR) as soon as possible knowing one can do without circulating oxygenated blood for only 4-6 minutes.

The EMT course was taught by T.T. Medical Student, Mike Wainscott and Bridgett Heinan from Lubbock

Hance Charges

(Cont. from page 1)

The Texas senator also charged that "There's somewhat of a tendency in George's campaign to ride the coattails. I think, of his father (George), because you do not see a distinction in the ads between George Bush and George Bush, although I realize it's not a junior and senior situation."

Bush held fund-raisers in Washington, D.C., Houston, Dallas, and Midland and his father, a former CIA director and Republican National Committee chairman, attended all of them. The senior Bush also is being mentioned as a possible presidential candidate in 1980.

Bush claimed that most of the contributors were "friends of mine and friends of the family, as well as a lot of people who are concerned about the future of the country."

He also noted that his television advertising was "intendant upon letting people know I was raised in West Texas....I'm not trying to hide my educational background, but I'm bringing the facts out," by mentioning his degrees from Harvard and Yale.

Bush, a New Haven, Conn., native who attended elementary and junior high schools in Midland before moving to Houston with his family, returned to Midland four years ago to start an oil producing business.

Of the 299 contributors who donated more than \$100 to the Bush campaign, 192, or 64 percent, live outside the 19th District. Midland residents account for 32 percent, while only 4 percent of the larger donations came from the rest of the district, including Lubbock. The 299 large donations accounted for \$130,000 of the overall Bush total.

Hance, meanwhile, collected 11 out-of-district contributions totaling only \$4,650. Most of Hance's support came from the Lubbock area.

Bush listed 55 persons who gave \$1,000 or more and Hance had only six.

White Wins

(Cont. from page 1)

In a 5-way tie, with 9 games correct, the tie-breaker score gave 2nd place to Vickie Kelley, and 3rd place to James Hanson.

Others with 9 games correct were Doug Jones, Larry Cole and William P. Holland, Jr.

Having 8 games correct were Jodie Riley, Richard E. Moore, Jo Eddy Riley, Rocky Lunsford, Kevin Riley, Rodney Geissler, Lonnie Neinst and Larry Price.

Those with 7 games correct were Lupe Flores, LaVerne Fennell, Glenn Branscum, Allen Moore, Sonny Duckworth, John Messer and Mike West.

With 6 games correct were Ronnie Dent, Jason Hinchliffe, Rudy Monreal, and Lexie Fennell.

Having 5 games correct were Jeff Hamilton, Cliff James, Dusty Stovall and Mary Fulfer.

The overall standing has changed this week. In the lead with 54 games is Larry Cole. Close behind is Vickie Kelley with 53, Richard E. Moore, and Glenn Branscum with 52, James Hanson, Doug Jones and Lexie Fennell with 51 and with 48 games are Rocky Lunsford, Allen Moore and Lonnie Neinst.

EMT Courses

(Cont. from page 1)

sponsored by the Department of Human Resources through Lubbock Christian College. People of your community who were interested in spending over 100 hours of classroom and practical instruction and 40 hours of hospital rotations enrolled in this class. Toward the later part of instruction, an extrication instruction class from automobiles and buildings with stairways was held in Lubbock at LCC and the Lubbock Fire Training Station.

All of the training was utilized as students were grouped to remove injured people, EMT instructors, from cars with simulated injuries doing all the emergency treatments such as triage, bandaging and splinting, and proper removal from the wrecked autos to the ambulance.

The class reviewed training in using the giant can opener to pull the top off of an auto whose doors were jammed. The metal cutting saw was used to cut the door safety latch so the victims could be properly removed. Stretchers were used to carry victims up and down stairs and the lightest student was carried and lifted frequently.

The knowledge these people have was acquired at considerable expense and time and is available to the community. Three of the EMT's have gone or are planning to further their medical schooling. Several EMT's are interested in a paramedic program but driving to Lubbock for the training would be difficult.

The EMT's of your area are Diana Freedman, Mickey Price, Chris Elkins, Flossie Jones, Larry Hausemann, Verna Sadler, Cindy Sadler, Lonnie Wilson, Beverly Taylor, Beedie Welch, Jena V. Kellar, Susan Sadler, Ricky Byers, Jo Eddy Riley, and Malcolm Martin. Carl Burnett and Ronnie Gilbert of Sudan. Others taking part of the course were Laurinda Bulls, Hershell Huley, Gary Bulls.

Doug Byers and Davey Haberer took the course last winter and received their certification then are Senior EMT's.

All EMT's passed a state written test and tests given in CPR, bandaging and splinting, mechanical aids including airways, oxygen, oropharyngeal airway and Haire traction given by state examiners.

The Earth ambulance has a need for Haire traction set and a scoop stretcher. The Earth Springlake 4-H Club would be willing to split the cost of these two items with another organization or two. The cost of both items is about \$600 which is expensive but ask someone who has needed either item how much they are worth.

Farwell Nips

(Cont. from page 1)

to the Farwell 5 but could not punch it over for the score. The Steers took possession at the 5. The CRFW completely shut down the Farwell team from that point on.

In the second quarter, Springlake-Farwh had possession of the ball for 22 plays while Farwell managed 17. The Wolverines moved the ball very well on all their possessions, but could not make it into the end zone. Late in the quarter, a S-F field goal attempt from the 33 was no good. This particular play resulted in quite a bit of controversy as the attempt was short. The CRFW tried to cover the ball but the Farwell runner picked it up, fumbled, and after many CRFW members tried to recover the loose ball, James Herriage fell on it in the end zone, however the play was ruled dead and Farwell took possession on the 33.

The Steers could not move the ball, and as the SEFW took over, the first half ended. On the last play of the half, Kevin Riley connected with James Herriage on a 38 yard pass.

In third period action, the Farwell unit tried a 28-yard field goal, but could not come up with any more points. At the end of the quarter the score still stood 7-0.

The SEFW mounted a strong drive late in the game, but lost control of the ball on a fumble with 1:47 remaining.

Several members of the Wolverine team played extremely well. Biff Belew helped tremendously by keeping Farwell in deep territory with his punting. Ronnie James had 111 yards on 23 tries. Quarterbacks Kevin Riley and Bicky Smith played excellent games. Melvin James played what had to be his best game. The secondary has come along well and they kept the Farwell passing attack in check.

The Wolverines next outing will be against Vega who brings a strong offense and an excellent defense. Rodriguez and Gabrieth make up a lot of the offensive punch, while the defense is made up of veterans from last year's District Champs.

This game is a special one indeed as it will be dedicated to the parents. Everyone is invited to the field house at 6:30 when all the parents will be introduced to the fan. The Springlake-Earth and Vega rivalry goes back many years and this year's contest should prove to be a very exciting matchup.

The Players of the Week were Mike Ramirez, Offense; Melvin James and Ronnie James, Defense and Melvin Jones, Big Hit.

Fennell Steps

(Cont. from page 1)

Fennell said "I agreed to do this with the understanding that I would not hold myself obligated to any special group. I have no special axes to grind, nor any pre-conceived prejudices concerning county politics. I think the views and needs of all this precinct's citizens should be carried to the county level with vocal support, and I intend to do just that."

One of the primary concerns of precinct citizens is the condition of the rural roads. Fennell intends to step up the maintenance of roads giving special attention to the control of water drainage.

When asked about several other concerns of the precinct, Fennell said that he intended to represent the precinct in a manner that was approved by the majority of the voters, and that he would have to wait and see just what steps needed to be taken on behalf of the precinct. He intends to keep in close contact with the precinct after election, and pattern his responsibilities to the will of the voters.

Harvest Day Dinner

It is once again time for the Harvest Day Dinner and Bazaar to be held at the United Methodist Church.

This year it will be on Wednesday, November 8. The bazaar will open at 1:30 and serving hours for dinner will begin at 5:00 until 8:00. Plates are \$3.00 for adults and \$1.50 for 12 and under.

IT'S THE MOST!

The largest gold nugget in the world was found in Australia in 1869 during that country's great gold rush. Rather appropriately named the "Welcome Stranger," it measured two feet long and weighed 200 pounds.

More than forty large mines in South Africa produce about three-quarters of the Western World's annual new gold supply, or approximately 700 metric tons. Russia does not disclose its gold production figures, but is estimated to produce over 400 tons annually. Some South African mines are so large, they produce individually more gold than the entire gold mining industry of the United States.

For those who want to bring items for the bazaar, they will be someone on duty all day.

A special work day will be held November 6, November 6.

Candy for the bazaar will be made November 2. Breads will be baked on November 6. If you can help, it will be appreciated.

Methodists Observe Laymans Day

The United Methodist Church congregation had special treat last Sunday as they observed Laymans Day.

Guests were members of a medical team from Midland who visited recently in Port Au Prince, Haiti. Mrs. Frank Ellis gave a preview of the geography, make up of the land and people. Dr. and Mrs. J. Hamblin spoke on their personal contact with Haiti and also on the dental problems. Dr. and Mrs. Gregory also worked with the children and dealt with tremendous medical problems such as Malaria, Polio, Malnutrition, just to mention a few.

Some interesting points they made were that 40 percent of babies born there will not live the full year. Also, there is such a scarcity of money, it takes a long time to change for a \$20.00 bill. It seems so hard for people in a land such as the United States to imagine this, but it is a medical team, they were very real.

Following the service, the guests were served a meal in the Fellowship Hall by members of the Adult Sunday School Class.

Kent Hance.

When Kent Hance began work in the Texas Senate, he did not sit on the sidelines like most freshman Senators. He sponsored legislation to remove a State Supreme Court Judge from office following his indictment for perjury. He led the fight in the Senate trial to impeach a District Judge from Duval County for misconduct in office. This was the first such trial in more than 30 years, and was the first major effort to clean up corruption in Duval County. He sponsored measures to remove the Senate's top employee for questionable conduct.

Wherever Kent Hance found waste in government, he acted. He sponsored and passed into law "sunset legislation" that abolishes state agencies on a periodic basis unless they are re-established by the Legislature. This helps to keep agencies from getting out of hand, and to eliminate those that are no longer needed. He made welfare fraud or food stamp fraud a felony in Texas.

In his four-year term, Kent Hance never missed a day in the Senate's five sessions, regular and special. In four of those five sessions he didn't miss a vote. In the fifth, he had a 98% voting record.

In Congress, Kent Hance will continue this kind of representation where it is needed most... at the Federal level. Kent Hance has proved that when he sees evidence of corruption, waste or inefficiency in government he does not look the other way... HE ACTS. West Texas needs Kent Hance in Congress.

Let's make sure the man we send to Congress is the man with qualifications we can measure—and count on...!

Authorized by the Kent Hance for Congress Committee. Mike Higgins, Treasurer. 1203 Metro Tower, 1220 Broadway, Lubbock, Texas 79401. A copy of our report is filed with the Federal Election Commission.

LURINDA BULLS performs with fire baton at S-E Homecoming

Amanda Cleavinger Honored Shower Honors Mrs. Taylor

Two week old Miss Amanda Nell Cleavinger was the center of attention Saturday morning at a gift shower given in her honor in the home of Mrs. Ed Jones. The occasion was to enlarge her wardrobe and also to accumulate other items that a young lady must have. She arrived bright eyed at the Jones home at 10:30 to make her debut and also to see all the lovely gifts which she was to receive. She was fully awake and met so many nice people.

The serving table was laid with a dainty pale yellow double knit cloth centered with an arrangement of pastel colored silk flowers. A tiny rabbit holding an array of colored balloons completed the centerpiece. Delicious refreshments of

snowballs, German chocolate pound cake and appetent bread was served from crystal appointments and coffee from a silver coffee service.

Out of town guests who came to meet Mandy were Maisie McDonald of Littlefield and Jean Jones of Lubbock. Approximately 60 guests registered.

Hostesses for the occasion were Clara Jones, Vernie Bearden, Gayle Jones, Maisie McDonald, Charlotte Cain, Marthel Hinson, Mary Busby, Carolyn Coker, Hugh Watson, Lola Sanderson, Evelyn Verden, Yvonne Jones, Juanice Glasscock, Pat Jordan, Cecelia Goodwin, Lucy Brock, Ann Kelley, Myrtle Clayton, Judith Jones and Fern Bock.

Shower Honors Mrs. Taylor

A miscellaneous bridal shower Saturday in the Methodist Church parlor was a courtesy to Sharon Taylor, bride of Bryan Taylor of Earth.

A bridal motif was incorporated of daisies and candles centerpiece atop of a white lace line cloth. Chocolate colored napkins were encribed with the names of the couple.

Mrs. Pat Warden served punch with individually sliced breads. Guests signed a bridal guest register at a table where gifts were arranged. Special guests were mothers of the honoree, Mrs. Martha Ratliff of Olton and her mother-in-law, Mrs. Beverly Taylor of Earth. They were presented corsages of yellow daisies.

The hostesses presented individual gifts to the bride.

Mr. and Mrs. Taylor reside in Earth.

Hostesses for the event were: Pat Warden, Kay Kelly, Leona Parish, Evelyn Bridges, Pat Lewis, Agnes Lawis, Joan Branscum, Mrs. Larry Price, LaJuana Kelly O'Hair, Gelda Belew, Beth Phifer and Dene Wendborn.

Also Myra Dell Metcalf, Joanie Branscum, Pat Barlow, Helen Templeton, Mary Busby, Clara Mae Jones, Elsie McMillan, Elaine Been, Phyllis Geissler, Beulah Newton, Jerri Wheatley and Mary (Carl) Jones.

Others were Ann Kelley, Evanel Winders, Maisie McDonald, Mary (Jerry) Jones, Judith Jones, Lillian Holland, Rowena Cleavinger, Debbie Lively, Sandy Daniel, LaMoyné Matlock, Bettie Sulser and Helen Hulcy.

Party Lines

Mrs. Grace Hooley moved to Amarillo Sunday to be near relatives. Mrs. Hooley has been a long time resident of our community and it is hoped that she will be happy in her new home.

Tracy Lee of Amarillo and Kathy and Amanda O'Hair of Lubbock were weekend visitors in Earth. Tracy attended Homecoming festivities Friday night also.

yellow ribbon

An invitation is extended to you to come share our new Boutique with us. We are very excited about our new venture and want to share it with you.

Yellow Ribbon has both junior and misses sizes in a multitude of styles - and many different looks to offer the most imaginative woman. This is a new and very different dress shop for the Clovis area.

Please come by for a visit and meet Suzanne Thrasher and Linda Richards, who will, along with the two of us, be available to assist you. We are located at 1512 N. Pince and our store hours are from 9 a.m. to 5 p.m. Monday thru Saturday. Our phone number is 762-3070.

Marietta Kelt
Mildred Blankenship

Evelyn Verden Honored

A neighborhood welcome coffee was held in honor of Evelyn Verden Monday afternoon at 4:30 in the home of Mr. and Mrs. Ed Jones. Mr. and Mrs. Verden moved to their new home in Hite Park just recently.

The serving table was covered with an antique gold crushed velvet cloth. The centerpiece was various colored grapes held in a footed antique white bowl which was trimmed in gold. Franciscan apple pottery and a silver coffee service completed the serving

table. Delicious refreshments of various fruit bread and cake squares, cheese, green grape and pineapple hors d'ouvres were served in an informal serve yourself manner.

Neighbors attending the welcome coffee were Mrs. Lillian Hamilton, Mrs. Ruby Jones, Mrs. Nokes Lee, Mrs. Barta Been, Mrs. Beverly Taylor, Mrs. Mary Butter, Mrs. Beatrice Shirey, Mrs. Beula Coker and the hostesses Mrs. Ed Jones, Mrs. F.W. Bearden and Mrs. W.O. Jones, Jr.

Agape Workers Meet

Agape Workers Evening Circle met in the church parlor Monday evening at 5:00. Ann Hamilton taught chapter 5 of the study book which touched on chapters 7, 8 and 11 of Revelations. She also used some thoughts from Hal Lindsay's book, "There's a New World Coming" and Bible commentaries. LaMoyné Matlock led the opening prayer, a discussion of the charter to be voted on at District

meeting was held. Members present were Beulah Newton, Beedie Welch, Gladys Parish, Ann Hamilton, Lucille Campbell, Adria Welch, LaMoyné Matlock and Ruby Jones.

The group decided to extend the study to November 6 for the last unit. A general meeting of all circles will be held at 7:00, October 30 which will be a pledge service and business meeting.

Birthdays And Anniversaries

Local people celebrating their birthday anniversary from October 26 through November 1 are as follows:	October 29 Robert Crofford
	October 30 Chester Kelley Joyce Ann Hood Fran McCarty
BIRTHDAY	October 31 Laurinda Bulls
October 26 Betha Wilson Bob Ussery Cal Ray Hood David Hanson	November 1 Marvin Been, Jr. W.O. Wood
October 27 Francis Park	ANNIVERSARY
October 28 Chris Cornett Jimmy Randolph W.B. Hucks	October 27 Mr. & Mrs. Joe B. Garcia
	November 1 Tom & Edna Sanders K.B. & Dot Parish

Study Club Meets

The Town and Country Study Club's regular meeting was held Thursday, October 19th in the Citizens State Bank Club Room. Mrs. Lillian Hamilton, president, presided over the meeting. Mrs. Hamilton introduced the guest speaker, Mrs. Donna Muldrew of Lubbock, a teacher of art for the past six years at Texas Tech. Mrs. Muldrew spoke on "Women Who Want To Be Women." She has done much research and work on the American womanhood and the ERA Amendment. The program was very informative. Members were encouraged to become more involved in the problems

women face today. Mrs. Jessie Sanders and Mrs. Carra Morgan, hostesses served refreshments of sandwiches, relishes, cookies and tea to the following guest and members: Mrs. Donna Muldrew, Mrs. Polly Middleton, Mrs. Gayle Jones, Mrs. Beverly Taylor, Mrs. Edna Sanders, Mrs. Elsie McMillan, Mrs. Velma Dean Jacquess, Mrs. Vernie Bearden, Mrs. Lucille Campbell, Mrs. Ola Fanning, Mrs. Lillian Hamilton, Mrs. Marie Ross, Mrs. Zella Mae Rutherford, Mrs. Beatrice Shirey and Mrs. Adria Welch. Meeting dismissed with Club Collect led by Mrs. Shirey.

Ladies Meet

A group of ladies met in the home of Mrs. Lena Grace Griffin to learn to make silk roses.

Present were Gladys Parish, Mary McInroe, Lillian Holland, Lovelle Morris, Ted Hulcy and Lenoa Sacaeffer.

Notice

There will be a wedding shower honoring Hoyt and Truda Glasscock Saturday, October 28th from 3:00 to 5:00 p.m. in the home of Mrs. Doug Parish.

Selections have been made at the Beehive Mall, Earth Dry Goods and Whites.

Anyone wishing to be a hostess may contact Cecelia Goodwin, 257-3811 or June Parish, 257-3740.

Young Homemakers

The Young Homemakers honored their mothers and mothers-in-law with a lovely luncheon Tuesday, October 17 at the Community Room. This was a way of the organization showing their appreciation for the babysitting service that the mothers have done for them.

A short program consisting of readings to suit the occasion were given by Jenna Parish and Pansy Byers.

The members each brought a covered dish of a salad or casserole and the 40 persons present enjoyed the festive occasion very much.

The Young Homemakers will have a Bingo Booth at the Halloween Carnival on October 31. Each game will be held at a cost of 25 cents with prizes to be baked goods baked by the members. Proceeds will go to the St. Jude Research which will be one of their projects for this year.

Walkers Return Home

Mr. and Mrs. Earl Walker have returned home from a 2 weeks vacation.

They traveled to Kernes, Dallas and Kenefic, Oklahoma.

They visited their daughter, Mr. and Mrs. Eugene Brewer and children, sons, J.B. and Virgil and Mr. and Mrs. Billy Griffis, Mrs. Earlene Thomas and Jennifer Ann

and Mr. and Mrs. L.C. Walker and Robert.

They attended church homecoming with the Gene Brewer's and enjoyed good preaching, gospel singing and a delicious dinner served outside under the shades of the trees.

The Walkers enjoyed their trip and visiting with their children.

Tony Jones Honored

Tony Jones was honored recently on his "Almost 13th Birthday" with an all night gab fest after the football game Friday night and a skating party Saturday in Plainview.

Helping Tony celebrate were Steven Washington, Jon Bailey, Tamara, Lezlee and Lara Jones, Julie Ferguson, Jeff Velvet and Stan Gover, Mrs. Joe Chester and Mrs. Dean Jones.

After a fun afternoon of skating, Tony was

honored at a party in the home of his aunt, Mrs. Bill Gover. The party table was laid with a gold linen cloth, centered with a cake featuring a barefoot boy on his way to "Tony's Fishin' Hole No. 13". Cake and spring green fruit punch were served from accessories depicting the "Goin' Fishin'" theme.

A thoroughly exhausted but happy group returned home with fond memories of an "Almost 13 Party."

Rainbows Meet

The members of the Earth Rainbow Assembly met Wednesday, October 18 at 6:00 p.m. in the Earth Masonic Lodge. The meeting opened in regular form with Sheila Jordan as Worthy Advisor and Mrs. Pat Jordan as Mother Advisor.

The girls voted to have the jail house at the Halloween Carnival. It was decided to charge 25 cents to have a person arrested and that person will have to pay 50 cents to get out after 3 minutes. If that person is not able or not willing to pay, he must stay an additional 7 minutes, a total of 10 minutes.

Kelly Jo Wheatley,

Grand Recorder, and Kanetha Hysinger, Grand Representative from Pennsylvania to Texas, Grand Assembly of Texas, Order of the Rainbow for Girls were presented behind the bow and to the East for introduction. They were hailed with Grand Honors and a hearty cheer.

Carmen Kelley, Cindy Parish and Joy Parish were issued petitions for potential Rainbow Girls.

Refreshments were served to Sheila Jordan, Pat Jordan, Stephanie Parish, Joy Parish, Cindy Parish, Roan Nix, Carmen Kelley, Dyan Jones, Kanetha Hysinger and Kelly Jo Wheatley.

Fedilis Circle

The Fideles Circle of the United Methodist Church met Tuesday morning in the home of Norma Dawson for the continuation of their study.

The district meeting in Hale Center to be held Saturday was discussed. Those who plan to go should bring a sack lunch and be at the church and leave at 8:30 a.m.

Present for the meeting were Gayle Littleton, Mattie Axtell, Beula Coker, Velma Jones, Lillian Holland, Otilie Wisian, Lena Grace Griffin and the hostess Norma Dawson.

The next meeting will be October 31 at 9:30 in the Junior Littleton home for the conclusion of the study of Revelations.

Party Lines

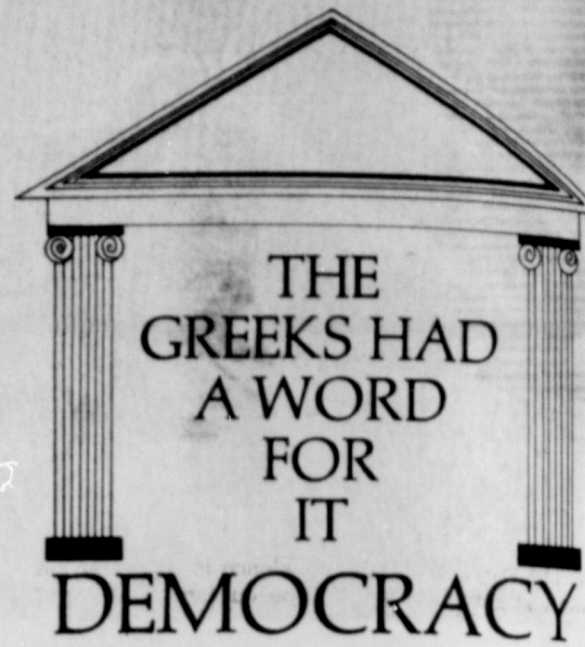

Marie Ross went to Friday. She visited with Roswell and returned friend, Evan Casenave.

Power by, for and of the people—control by majority.

It works for businesses as well as government. Some 40,000 cooperatives across the U.S.—with more than 50 million members—are democracy in action... people making use of a 2000-year-old concept to operate enterprises for their common benefit.

Efficiently and economically cooperatives meet a staggering variety of needs—legal aid, health care, electric and telephone service, credit unions, marketing and purchasing farm products and supplies, insurance, food, housing, furniture, nursery schools, funeral societies, TV, and auto repair shops, and more.

Little cooperatives and big cooperatives, in cities, small towns, rural communities and places in between, all prove daily that democracy is more than a beautiful Greek word; it's a system that WORKS.

A TAXPAYER'S BILL OF RIGHTS IS PAST DUE

Bill Clements believes we still have a chance to preserve our future by establishing constitutional protection against excessive taxation and runaway government spending.

Bill Clements believes the people of Texas should have the power necessary to ratify or reject tax policies made by legislators.

To establish this power (of the people), Bill Clements will introduce an amendment to the Texas Constitution that would give the people of Texas this right.

Bill Clements' "Taxpayers' Bill of Rights" would:

- Give Texans the right of initiative and referendum, a phrase that means we, the people, have a right to vote on the taxes to be levied on us.
- Place a ban on corporate or personal income tax in Texas.
- Require a two-thirds record vote of both houses of the legislature to pass a tax bill.
- Allow local taxpayers to call an election to ratify or reject a tax increase created by a local governmental unit.

Bill Clements believes in Texas and the people of Texas.

Bill Clements thinks that elected officials must work for the people and represent them properly.

As governor of Texas, Bill Clements will work for and with the people of Texas.

It's about time someone recalled that our form of government was conceived to be a servant of the

people and provide the means to insure that principle endures.

BILL CLEMENTS, A GREAT GOVERNOR FOR TEXAS.

WILSON LAYMAN residence is ready for the corn and gobblins that will be out and about next Tuesday evening.

Last year the average production was 120 bushels per acre, while this year the average rose to 140 bushels, County Extension Agent Charles Hottel said.

At \$4.10 per hundred weight, the market price of corn is near the government loan level of \$2.06 per bushel, a bushel weighs 56 pounds. Last year the loan level was below the market price of \$3.60 per avt.

The higher price this year, when the corn yield is up nationally, is due to farmers holding their grain instead of selling it on a lower market. Fred Bruegel Jr., longtime elevator operator here, explained.

"In this area, my personal opinion is that we're on the bottom side of grain now, and although prices may dip around the first of the year when there will be some selling to pay taxes, etc., I expect prices to be up again next spring," Bruegel said.

Funeral services for Mrs. Nannie Thomas, 87, of Floydada, grandmother of Shirley Peggram of Dimmitt, were held Sunday afternoon October 15 in the First Baptist Church of Floydada by Rev. Mike Pennington, Baptist minister from Fort Worth. Burial followed in the Lakeview Cemetery.

Born in Alabama, Nannie Day married Harve Thomas in 1907 at

Memphis, Texas. He preceded her in death in 1958.

Survivors in addition to Mrs. Peggram are a grandson, Howard Bishop of Floydada; one sister, Mattie Boone of Springlake; one brother, Luther Day of Hooker, Oklahoma and four great-grandchildren.

What's going on here Monday-Schools out for students all day in service day for teachers, noon-Kiwanis Club at Colonial Inn Restaurant; 6:30 p.m. Tops Club at Library; 7:30 p.m. Nazareth Art Club, Holy Family Church basement.

Tuesday-noon-Ladies Golf Association at home of Polly Holland; noon-Dimmitt Lions Club at the Colonial Inn Restaurant; 7:30 p.m. Senior Citizens game night at the Senior Citizens Center; 7:30 p.m. TOOF at Lodge Hall; 8:00 p.m. Dimmitt Booster Club, high school cafeteria; 8:30 p.m., Dimmitt Promenaders, Expo building.

Wednesday-6:30 a.m., Chamber of Commerce Breakfast, Methodist Church; 6:30 a.m., Toastmaster Club, Colonial Inn Restaurant.

Dimmitt police are searching for a suspect in a reported rape that occurred in the predawn hours Saturday.

Police said a 17 year old black woman claimed that a black man wearing a pillowcase over his head had broken into her mobile home Saturday

about 3 a.m. and sexually assaulted her.

She told police her two children were in the home at the time, but they were asleep at the time of the assault.

Police Chief Alan Newman reported that one man had been taken into custody for questioning, but had been released on bond.

"We are continuing the investigation and checking other possible suspects," Newman said.

City police also handled complaints ranging from gasoline thefts to burglary during the week.

Rex Hamilton, who lives in Ye Ole Inn, Saturday reported that she had discovered a burglar in her apartment, she told police she had left the apartment at approximately 1 a.m. and upon her return she discovered a man in her apartment.

Dimmitt Locals

By Maxine Short

Jack W. Flynt of Dimmitt has been named a recipient of the prestigious National Sales Achievement Award by the National Association of Life Underwriters.

Flynt Agency Manager of Castro County Farm Bureau, representing the Texas Farm Bureau Insurance Companies, has qualified for this award for two years.

The NSAA Award was established in 1966 and is presented annually.

This honor recognizes successful life insurance underwriter. Members who provide insurance protection for their clientele.

Flynt services the farming community of this county with insurance oriented toward their needs.

Officials of the Dimmitt TV Cable Company announced plans at Monday night's city commission meeting to take at least two more channels available to local customers via satellite.

With the additional stations would come a \$3-a-month increase in the cable television rate, they said.

TV Cable Company president, Ronnie Howard appeared before the commission, along with co-owner Jack Miller. Howard explained that the company is negotiating for an earth satellite receiving station, which would allow it to offer two to three additional channels to its customers.

"Channel 17, a 24 hour independent station out of Atlanta, and the Christian Broadcast network, also a 24-hour station, are already on the satellite hook-up, and we expect

one or two others to be added soon." Howard said. "We feel that adding these quality stations should more than make up for the increase in the cost of service."

Another service that may be made available to Dimmitt customers in the near future is the "Home Box Office" station, which cable customers may subscribe to for an additional \$8 monthly. HBO includes full length movies and special sports events.

"The rates will not go up until the new services is installed," Howard said, "and that depends on when the government will approve our ap-

plication for the earth station."

Howard told the commission he realized that the cable company's franchise from the city does not require it to notify the city of any rate changes, but added that the company just "likes to keep the city informed."

The company, which started here in 1963, had its last rate increase four years ago.

The \$1 charge for extra hook-up will not increase, Howard said.

With corn prices up to \$4.10 per hundred weight this week and the Castro County yield per acre well above last year's, growers have reason for optimism as the 1978 harvest winds down.

All grain prices are encouraging now and farmers see a chance to come out ahead on their crops despite inflation and still-rising production costs.

Corn growers will realize substantially more per acre for their crop, and even with less acreage, the county as a whole will benefit financially from the good yields and good market, elevator operators say.

Total production this year will be about 170,000 bushels, compared to 141,409 bushels last year, a drop of 20 percent.

The crop was grown on 124,759 acres this year, and on 167,037 acres last year, a difference of 42,278 acres according to figures from the Castro County ASCS office.

Dimmitt Locals

(Cont. from page 5)

She ran out of the room, she reported, and upon her return to the room she found clothes removed from hangers and rolled under her bed. She told police she could find nothing missing from her apartment.

David Wood of 307 N.W. Eighth Street reported on October 13 a burglary that took place October 10. It was reported that \$133 in cash had been taken from a bedroom closet in his home. The money taken belonged to the Amstar Rowling League, he said.

Vandalism was reported Sunday by Clarence Bush, 204 W. Halsell. He said a rock was thrown into a window on the west side of his mobile home.

Another incident was reported by George Sandoval, who said an unknown object was thrown onto his car Friday causing damage to the roof panel. Warrants have been issued for two Hereford men in connection with that incident.

Police investigated two traffic accidents Friday.

The first occurred at 8:15 a.m. when a 1977 Chevrolet pickup driven by Matt Gilbreath, 16, collided with a 1969 Chevrolet pickup driven by LeLand Smith, 77, at Jones and Front Streets.

Smith was cited for failure to yield right-of-way.

Mrs. Flora Stanford, 75, and Eddie Maurice, Sherman, 20, were involved in an accident Friday at 2:45 p.m. at the intersection of West Bedford and Northwest Third.

Police said Mrs. Stanford was east bound on Bedford when Sherman entered the intersection and struck her car on the left side. Sherman was cited for failure to yield right-of-way.

Allsup's Convenience Store reported Saturday night that someone in a black pickup had stolen \$6 worth of gas at 10:15 p.m.

Steady rains during the past eight days have continued to hamper the down town street construction here in Dimmitt and has halted all harvest activities. The U.S. Weather Service gauge at the KDHN Radio Station north of town has recorded 2.96 inches of rain during the eight-day spell, bringing the September moisture total to 3.37 inches. The moisture has been good on the wheat land, but is posing a threat to the corn crops, that haven't yet been harvested. Farmers and the road construction crews were keeping their fingers crossed at mid-week as the forecast called for clearing skies and warmer temperatures.

Farmers from Castro County and nearby counties were in Washington, D.C. last week to urge Congressmen and USDA officials to support programs for corn and sugarbeet growers.

Carl King, president of the Texas Corn Growers Association, and Bill Clark, Dimmitt Agri Industries manager, spent two days in the nation's capitol last week lobbying in behalf of favorable freight rates on corn moved to storage.

King also testified in August before the Senate Finance Committee on problems in the domestic sweetener industry relating to beet, corn and sugar cane producers, and was one of a delegation last week that also included Bill Cleavinger, president of the Texas-New Mexico Sugar Beet Growers Association; James Witherspoon, executive secretary; and Jay Boston, board member.

They talked to members of Congress from Texas, urging passage of the House Agriculture

Committee's recommendation for stabilization of sugar prices at 18 cents a pound, rather than President Carter's request for 14 cents sugar.

Clark and King felt that they finally got their message about corn across to the USDA officials last week after initial difficulty.

"We had a hard time explaining the emergency that we face here, but they finally agreed to call for another survey to see if there is need to move corn from here to another area where there is ample storage space, so growers can receive loans on it," Clark said.

"They have asked for a report from the ASC Office and we are waiting for them to evaluate it and make a decision. We hope we hear from them this week on it."

He explained that the Dimmitt men were simply asking that corn be given the same treatment that has been given to wheat and grain sorghum for several years, permitting repayment to producers for transporting grain to areas where it can be held in storage and qualify for government loans.

"The previous years the market price of corn has been high enough that corn moved into the market instead of into storage," Clark said, "but that isn't true this year. If the producer has to pay freight costs, he loses the little he would gain from the loan program. The freight payment would give him an orderly marketing plan so he doesn't have to sell at present depressed prices."

King said the USDA issued an order in May providing the freight payment "in an emergency situation" but he said, "it was written just to pacify us but doesn't guarantee us anything. They've found out now that we're not going to pacify that easily."

"We had to talk to a bunch of career people in the Agriculture Department who didn't even know what we were talking about," King said of the trip last week.

"We finally were able to talk to Grant Buntrock (deputy USDA administrator) who has the power to initiate the freight rate."

"The first session was a mean one. We got mad and chewed on them, they had been dragging their feet on the freight-rate provision, and are afraid they'll set a precedent," he added.

Concerning the sugar legislation King said the proposed bill now before the House calls for stabilization of the international price of sugar and the producer's price.

"What they're debating is whether to accept the Ways and Means Committee's report in favor of the administration's lower price for producers, or the House Ag Committee's recommendation for the higher rate for producers. Of course, we want the higher rate," King said.

"Fifty percent of the sugar used in our country is foreign sugar," he said. "All we want to do is put an embargo on it so we can get a better price for our domestic producers."

In his testimony last month, King challenged the head lobbyist for the Coca-Cola Bottling Company, who he said "had testified that we didn't even need the American farmer."

The Dimmitt Police Department arrested a Hereford man Saturday as a burglary suspect at the request of the Hereford Police Department. The man was held until the Hereford Police Department could obtain a warrant and come to Dimmitt to take custody.

He was charged with burglarizing a residence in Hereford and is now

awaiting trial in Hereford.

A harvest worker helped break up a burglary at Henderson TV, Furniture and Appliance Store on South Highway 385 Tuesday morning before daylight, when he notified Dimmitt police of the suspicious actions of a man at the building.

When a police officer arrived after the dispatcher had been notified that a man was inside the building, he saw the man run from the store toward Paxton Tire and Service Supply, but was unable to locate the man.

After daylight, police department personnel traced tracks three blocks, still looking for suspect whom they couldn't find.

Police discovered that the burglar had carried several Microwave ovens, TV's and radio's and placed them in weeds outside the building, where they could be loaded out of view of the highway. However, no vehicle was found at the scene.

The motorist who notified police was George Quiroz of Mercedes, who had stopped at the parking lot of a cafe across the highway to meet his grain-hauling crew.

The burglar entered the building by removing a window air conditioner then replacing it after he had crawled inside. He was carrying the mer-

chandise out the front door when Quiroz saw him.

"Mr. Quiroz said he didn't think anything about the man going in and out of the building at first until he saw him crawl out once. He had thought it was just someone working there," Police Chief Alan Newman said.

Bob Brummett, division manager for Southwestern Public Service Company in Lubbock, has announced that after considering all alternatives, Southwestern Public Service Company has decided to accept the \$15.9 million dollar rate increase granted by the Public Utilities Commission of Texas.

"We feel that to pursue the matter further would be an unnecessary added expense to the cities, our customers and the company," Brummett said. "However, the \$15.9 million is not enough to cover our expenses as they were presented to the regulatory bodies."

"In order to continue to build coal-fired plants and to meet our customer's needs and comply with Texas Docket 600, I am sure it will be necessary to request another adjustment in our rates in the near future."

Docket 600 mandates that SPS curtail its use of gas a boiler fuel by 10 percent by 1981 and 25 percent by 1985.

"Of course we are

making every effort, as we have in the past, to hold the line on expenses and continue to provide the highest quality service to our customers," Brummett concluded.

Who's New?

Mr. and Mrs. Charles Wesson McLean are parents of a girl Summer Lynn, born October 5 and weighed 7 pounds, 6 ounces.

It a boy for Mr. and Mrs. John G. Nino. Luis M. was born October 9 weighing in at 7 pounds, 2 ounces.

Mr. and Mrs. Juan Fidel Reyes are the parents of a girl, Veronica. She was born October 9 and weighed 6 pounds, 7 1/2 ounces.

Mr. and Mrs. Rojelio Correa are parents of a boy, Charles Adam, born October 9 and weighed 6 pounds, 11 ounces.

Mr. and Mrs. Jerry Wesley Ethridge are the parents of a boy, Anthony Joe, born October 11 weighing 6 pounds, 13 ounces.

Tommie Loraine Casey was born October 12 to the late Thomas Lavern Casey and Susie Casey. She weighed 8 pounds, 7 ounces.

A twenty-fifth anniversary party was held for Art and Jean Kasher at their home 503, 7 S.W. 4th, Thursday night, October 19.

The reception was hosted by Anthony Michael and Kathy, children of Art and Jean, also sisters of Jean, Virgie and Fred Moulton and Mary and Ott Bryan.

They were presented several lovely gifts one of which was a silver money tree.

In the hospital are Penetha Armstrong, Nellie Brady, Francisco Garcia, Rafasla Garcia, Choc Lay, Viola Love, Balerio Ochoa, Mary Pina, Carl Simmons, Jennie Staton, Waldine Webb.

Patients dismissed: Felis Nino, Gladys Justice, Jill McLean, Carolyn McDonald, Lorena Alvarez, Dora Alvarez, Arlene Holbrooks, Connie Futrell, Mary Correa, Mary Reyes, Ed Trilbeck, Linda Reyna, Debra Ethridge, Clotee Minchew, Laura Broadstreet, Yolanda Tovar, Simon Tovar, Mamie McLain, Atelia Lopez, Alma Lopez, Loreta Reyna, James Fuller, Susie Casey, Mary Pina, Filomena Garcia, Esmeralda Rodriguez, Lola Torres, Marthella Summers.

Early entry of 1978 corn into grain program is authorized, interested producers according to Charley Hill, executive director of the Castro County ASC office.

Producers who are interested are invited to come by the ASCS office for an explanation of the program, Hill said.

He also announced that the 1978 interest rate on all 1978 upland cotton loans is seven percent.

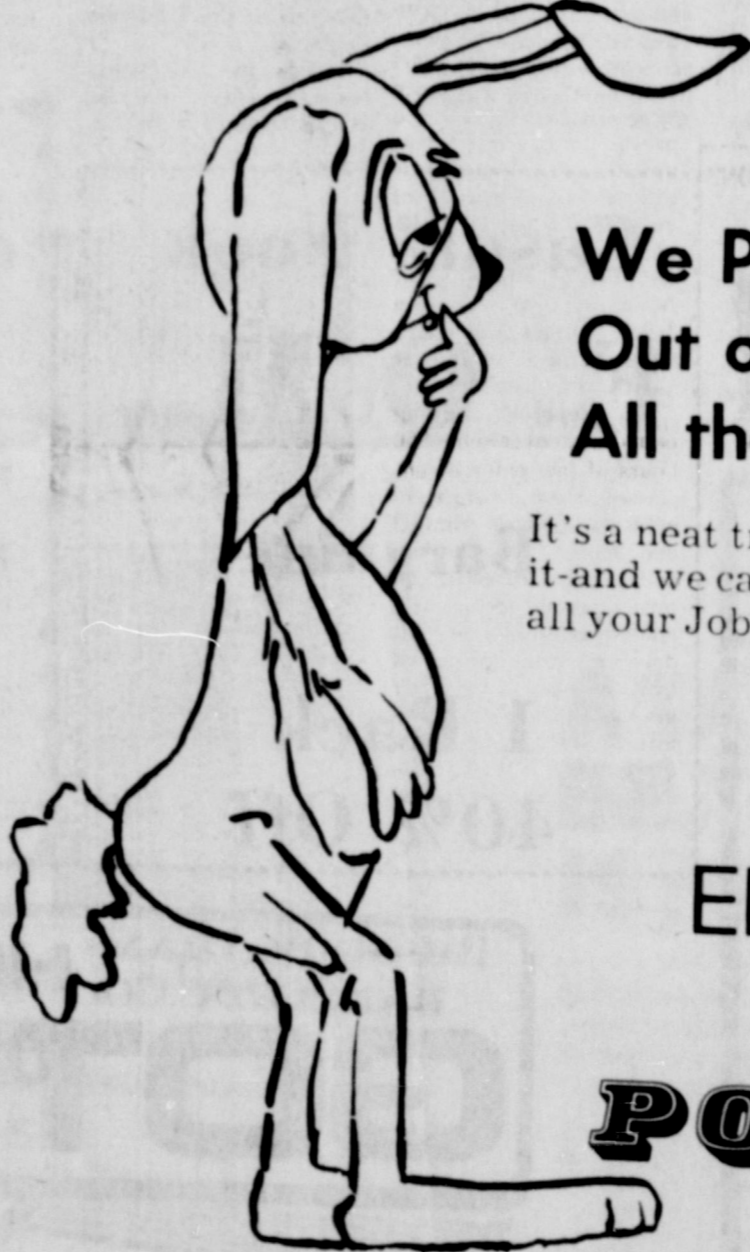

Carl King and Bill Clark of Dimmitt representing the Texas Corn Growers Association, took part in a special meeting of grain industry representatives at Amarillo last Wednesday, where the subject was a quarantine on panhandle counties to check the European exporter.

Castro County is one of the 15 included in the proposed quarantine, but Deaf Smith and Randall counties just to the north are among them. The insect pest was found in 15 of 30 counties when the IDA conducted a survey last month.

First appeared in Moore County last August and has been found in corn growing states to the north for several years.

The conference was at the Texas A&M Research and Extension Center and David Tive of the Texas Department of

What Is

(Cont. from page 1)

In the world today many people play fast and loose with the good intentions of others. There seems to be, even in the small local levels, those who care nothing about clear, honest communications between school and community.

For us, as ordinary people, mastering the art of public relations is not our aim. But it may prove to be a stumbling block if citizens can't reach conclusions about school policies, discuss them openly and fairly, without being called trouble makers.

It seems our school officials could respond to WHAT IS and not attack WHAT ISN'T.

There was painstaking care applied in the preparation of showing the communities point of view. But communication lines were broken long before any of these messages were presented. As long as this situation exists, it is simply impossible for any length of time.

We will always try, plan and work for better schools. We urge people to take part in the planning, and be concerned about whose running our school, not looking for someone to devour, but be in the business of openness, honesty, fairness, communication without hostility.

WHAT IS A GOOD SCHOOL WORTH? To some it is not worth getting involved. To others, it is worth an effort for the betterment of our schools.

Letters To The Editor

Dear Editor, This year is almost gone. Will your Lions Club die with it? At one time a lot of good men worked so hard to get the club started. Two that I can remember very well but they are gone. They spent a lot of hours and money to build a club that is going down the drain. Jarvis Angeley even planted extra watermelons to sell for the club. Marshal Kelley gave vegetables, worked every day while some were out fishing, yet he had time to gather and bring vegetables to cook. I know, I was the cook. Would those two be a little sad if they knew, yes I think so, and I know my mother would be. She was always so proud of the little package of fruit and candy at Xmas time. Oh yes, she had the money to buy her own but it was the thought and someone cared. Do you care enough to get to work and help your Lions Club by supporting the leaders and discarding the bad apples if you have them?

I Remain Mrs. Beulah Danforth

Dear Editor, I have been a resident of Lamb County since 1942. I have something to say to the people of this county. My daughter Ann Brantley, passed away August 28, 1978 leaving five children, four of whom are grown and married. The youngest Misty 7 1/2 years old.

Misty has lived with me most of her life and all the time for the past 4 1/2 years while her mother worked. Three of the older children took a copy of my daughters will to County Judge Don Joyner the next day after my daughter was buried. Judge Joyner looked it over said it was no good and he gave them temporary custody of Misty without me, my attorney or the other granddaughter knowing anything about it. He didn't even bother to find out who the child was staying with or any of the details.

When I asked him about it, his only reply was "it wasn't necessary for anyone else to be there" but I am a just judge, I'm asking you is this justice?

Misty had never been away from me or her mother. She was already enrolled in school here and I had shopped for her for the school term.

Misty is ill and in need of serious surgery. It is too late to help me or my Misty, but it could save some one else the deep grief and emotional upset we have. This same thing could happen to any of you. I say we need a new County Judge.

I ask you again, is this Justice?

Thank you Mrs. L.L. Harlan

Dimmitt Locals

(Cont. from page 6)

Agriculture was present to represent Agriculture Commissioner Reagan Brown.

King, president of the TCGA and Clark stressed this concern over cost to growers of a quarantine which would require screening on fumigating of corn produced in the area before it is shipped. They urged that Texas adopt stronger enforcement of regulation in shipment of corn from infested states into Texas.

Clark said many elevators are equipped to do the screening, but it would cost farmers a fee of about 10 cents per hundred weight at a time when their profit margin is already minimal.

If the quarantine is put in effect it will not be for about three months, as a public hearing and legal notices would be required first. Tvie said.

Dimmitt's Rotarians heard a program on the role of co-operatives at their Friday noon meeting at the Colonial Inn Restaurant.

Gary Moore, assistant to the manager of Dimmitt Agri Industries, Inc., presented the program on cooperatives. October is National Cooperative Month.

Moore said there are 10 cooperatives in Castro County alone, and that they exist to satisfy the needs of their members. A cooperative belongs to only its owner-members who need its services. Moore explains. Coops were brought about to provide necessary goods and services and to control prices, he said.

Major C.W. Bell, Regional Commander of the Texas Department of Public Safety announced the DPS is accepting applications for the position of State Trooper. Applications may be picked up at any DPS office.

The entrance examination will be given in the Lubbock, Amarillo and Wichita Falls DPS offices on Tuesdays and Thursdays for this area of the state and continue through early December for the Recruit School beginning in January, according to Bell.

The test will begin at 9 a.m. and continue through most of the day. Applicants are advised to wear comfortable running footwear and be prepared to give their best mental and physical effort.

Major Bell said general qualifications for DPS Troopers are: Applicants must be 20 years through 35 years of age, good moral character; excellent physical condition; weight not less than 200 pounds nor more than three and one-half pounds per inch of height; visual acuity no worse than 20/20; correctable to 20/20; and a citizen of the United States.

Educational qualifications are now a minimum of 60 semester hours of college. Qualified female applicants are also being accepted for the uniformed services for the DPS. The Department has been increasingly successful in recruiting persons from minority groups and the DPS is an equal Opportunity employer.

Upon successful completion of the entrance examinations and a personal background data investigation, the recruit will enter 19-weeks of intensive police training. Classes will begin at the DPS Law Enforcement Academy in Austin January 9. Starting salary for recruits is \$876 per month.

The 18-week training period will cover some 850 hours of law enforcement classes on a wide variety of subjects such as criminal and traffic law, human and community relations, investigative techniques, marksmanship, pursuit driving and physical training. After graduation, as a commissioned law enforcement officer, the monthly salary increased to \$1,000 and at the end of six months active duty, the officer gets a salary increase to \$1068. State Troopers receive

WINNERS of the PTA Membership drive is Mrs. Mitchell's Kindergarten class, as their prize they will receive a Coke party.

longevity pay for each year of service up to 25 years.

Other benefits include 5.85 percent paid social security uniforms, weapons, ammunition and vehicles are furnished by the State of Texas. Life insurance and hospitalization are paid for the employee. Paid vacations, state holidays and sick leave are provided to all employees.

Upon graduation, the trooper will be qualified to enter the following DPS field services: (1) License and weight, (2) Drivers License, (3) Motor Vehicles Inspection, (4) Highway Patrol, Experienced uniformed troopers may apply for appointment to positions in Narcotics, Intelligence, Texas Rangers and Motor Vehicle Theft services when openings occur.

In 1870 the U.S. population was 38,558,371. Today it is over 215 million.

The city with the highest population is Shanghai, China with nearly 11 million inhabitants.

Thanksgiving Festival At Pep

Plans are underway for Pep's 33rd Annual Thanksgiving Festival to be held on Thanksgiving Day, Thursday, November 23rd, at St. Philip's Parish Hall in Pep.

Turkey, dressing and all the trimmings, as well as the Famous Pep Sausage will be served from 11:00 a.m. to 2:00 p.m. and from 5:00 p.m. to 7:00 p.m. Adult plates will be \$1.00, and for children under 12, \$3.00 per plate.

Carnival attractions will be set up all day for family entertainment, and an Auction will be conducted at 6:00 p.m.

A Western Band will play for a dance that will begin at 9:00 p.m. to conclude the day's festivities.

Everyone is welcome and invited. Make your plans now to come to Pep Thursday, November 23, 1978.

His phone is ringing. Unfortunately it's ringing in the living room.

If he had an extension in his work room, he wouldn't have to work so hard to get to it.

General Telephone offers extensions in a wide range of styles and colors. And each and every phone is backed by all our years of experience.

Extension phones are a convenience you deserve and they're not expensive. Just a few dollars per month and think of all the legwork they'll save you.

You can't be in two places at once. But your phone can.

WHAT'S YOUR OPINION?

Some people say...

So many Americans are busily paying homage to sports heroes and entertainment - world celebrities, that only a very few realize - or care - that many of our schools are turning out graduates unable to read, write, or spell.

The above viewpoint does not necessarily represent the opinion of this newspaper or its staff. It does represent one side of a current topic of American conversation. The editor invites your comments.

John Hill calls for state tax freeze

"Our state taxes in Texas are among the lowest in the nation, and I want to keep them there. As I've said many times, I'll veto a tax increase before the ink dries on the bill."

As Attorney General, John Hill proved he could increase the efficiency of his office without any unnecessary budget increases. He absorbed a three-fold increase in his office caseload by hiring top legal talent capable of higher productivity. The result: his staff lawyers doubled their average workload, and the increased court judgments and enforcement of civil penalty laws returned \$25 for every \$1 of state funds spent on his office.

As Governor, John Hill will insist on this same type of increased productivity for all state agencies. He will institute new controls over federal funds, demand that we follow our "pay-as-you-go" budget policy, and use zero-base budgeting to eliminate unneeded programs before any new programs are added. And he'll block any state tax increase - there won't be any new taxes under John Hill.

Dimmitt Locals

(Cont. from page 5)

She ran out of the room, she reported, and upon her return to the room she found clothes removed from hangers and rolled up under her bed. She told police she could find nothing missing from her apartment.

David Wood of 307 N.W. Eighth Street reported on October 13 a burglary that took place October 10. It was reported that \$133 in cash had been taken from a bedroom closet in his home. The money taken belonged to the Amstar Bowling League, he said.

Vandalism was reported Sunday by Clarence Bush, 204 W. Halseil. He said a rock was thrown into a window on the west side of his mobile home.

Another incident was reported by George Sandoval, who said an unknown object was thrown onto his car Friday causing damage to the roof panel. Warrants have been issued for two Hereford men in connection with that incident.

Police investigated two traffic accidents Friday. The first occurred at 8:15 a.m. when a 1977 Chevrolet pickup driven by Matt Gilbreath, 16, collided with a 1969 Chevrolet pickup driven by LeLand Smith, 77, at Jones and Front Streets.

Smith was cited for failure to yield right-of-way.

Mrs. Flora Stanford, 75, and Eddie Maurice, Sherman, 20, were involved in an accident Friday at 2:45 p.m. at the intersection of West Bedford and Northwest Third.

Police said Mrs. Stanford was east bound on Bedford when Sherman entered the intersection and struck her car on the left side. Sherman was cited for failure to yield right-of-way.

Allsups Convenience Store reported Saturday night that someone in a black pickup had stolen \$6 worth of gas at 10:15 p.m.

Steady rains during the past eight days have continued to hamper the down town street construction here in Dimmitt and has halted all harvest activities. The U.S. Weather Service gauge at the KDHN Radio Station north of town has recorded 2.96 inches of rain during the eight-day spell, bringing the September moisture total to 3.37 inches. The moisture has been good on the wheat land, but is posing a threat to the corn crops, that haven't yet been harvested. Farmers and the road construction crews were keeping their fingers crossed at mid-week as the forecast called for clearing skies and warmer temperatures.

Farmers from Castro County and nearby counties were in Washington, D.C. last week to urge Congressmen and USDA officials to support programs for corn and sugarbeet growers.

Carl King, president of the Texas Corn Growers Association, and Bill Clark, Dimmitt Agri Industries manager, spent two days in the nation's capitol last week lobbying in behalf of favorable freight rates on corn moved to storage.

King also testified in August before the Senate Finance Committee on problems in the domestic sweetener industry relating to beet, corn and sugar cane producers, and was one of a delegation last week that also included Bill Cleavinger, president of the Texas-New Mexico Sugar Beet Growers Association; James Witherspoon, executive secretary; and Jay Beeton, board member.

They talked to members of Congress from Texas, urging passage of the House Agriculture

Committee's recommendation for stabilization of sugar prices at 18 cents a pound, rather than President Carter's request for 14 cents sugar.

Clark and King felt that they finally got their message about corn across to the USDA officials last week after initial difficulty.

"We had a hard time explaining the emergency that we face here, but they finally agreed to call for another survey to see if there is need to move corn from here to another area where there is ample storage space, so growers can receive loans on it," Clark said.

"They have asked for a report from the ASC Office and we are waiting for them to evaluate it and make a decision. We hope we hear from them this week on it."

He explained that the Dimmitt men were simply asking that corn be given the same treatment that has been given to wheat and grain sorghum for several years, permitting repayment to producers for transporting grain to areas where it can be held in storage and qualify for government loans.

"The previous years the market price of corn has been high enough that corn moved into the market instead of into storage," Clark said, "but that isn't true this year. If the producer has to pay freight costs, he loses the little he would gain from the loan program. The freight payment would give him an orderly marketing plan so he doesn't have to sell at present depressed prices."

King said the USDA issued an order in May providing the freight payment "in an emergency situation" but he said, "it was written just to pacify us but doesn't guarantee us anything. They've found out now that we're not going to pacify that easily."

"We had to talk to a bunch of career people in the Agriculture Department who didn't even know what we were talking about" King said of the trip last week.

"We finally were able to talk to Grant Buntrock (deputy USDA administrator) who has the power to initiate the freight rate."

"The first session was a mean one. We got mad and chewed on them, they had been dragging their feet on the freight-rate provision, and are afraid they'll set a precedent," he added.

Concerning the sugar legislation King said the proposed bill now before the House calls for stabilization of the international price of sugar and the producer's price.

"What they're debating is whether to accept the Ways and Means Committee's report in favor of the administration's lower price for producers, or the House Ag Committee's recommendation for the higher rate for producers. Of course, we want the higher rate," King said.

"Fifty percent of the sugar used in our country is foreign sugar," he said. "All we want to do is put an embargo on it so we can get a better price for our domestic producers."

In his testimony last month, King challenged the head lobbyist for the Coca-Cola Bottling Company, who he said "had testified that we didn't even need the American farmer."

The Dimmitt Police Department arrested a Hereford man Saturday as a burglary suspect at the request of the Hereford Police Department. The man was held until the Hereford Police Department could obtain a warrant and come to Dimmitt to take custody.

He was charged with burglarizing a residence in Hereford and is now

awaiting trial in Hereford.

A harvest worker helped break up a burglary at Henderson TV, Furniture and Appliance Store on South Highway 385 Tuesday morning before daylight, when he notified Dimmitt police of the suspicious actions of a man at the building.

When a police officer arrived after the dispatcher had been notified that a man was inside the building, he saw the man run from the store toward Paxton Tire and Service Supply, but was unable to locate the man.

After daylight, police department personnel traced tracks three blocks, still looking for suspect whom they couldn't find.

Police discovered that the burglar had carried several Microwave ovens, TV's and radio's and placed them in weeds outside the building, where they could be loaded out of view of the highway. However, no vehicle was found at the scene.

The motorist who notified police was George Quiroz of Mercedes, who had stopped at the parking lot of a cafe across the highway to meet his grain-hauling crew.

The burglar entered the building by removing a window air conditioner then replacing it after he had crawled inside. He was carrying the mer-

chandise out the front door when Quiroz saw him.

"Mr. Quiroz said he didn't think anything about the man going in and out of the building at first until he saw him crawl out once. He had thought it was just someone working there," Police Chief Alan Newman said.

Bob Brummel, division manager for Southwestern Public Service Company in Lubbock, has announced that after considering all alternatives, Southwestern Public Service Company has decided to accept the \$15.9 million dollar rate increase granted by the Public Utilities Commission of Texas.

"We feel that to pursue the matter further would be an unnecessary added expense to the cities, our customers and the company," Brummel said. "However, the \$15.9 million is not enough to cover our expenses as they were presented to the regulatory bodies."

"In order to continue to build coal-fired plants and to meet our customer's needs and comply with Texas Docket 600, I am sure it will be necessary to request another adjustment in our rates in the near future."

Docket 600 mandates that SPS curtail its use of gas a boiler fuel by 10 percent by 1981 and 25 percent by 1985.

"Of course we are

making every effort, as we have in the past, to hold the line on expenses and continue to provide the highest quality service to our customers," Brummel concluded.

Who's New?

Mr. and Mrs. Charles Wesson McLean are parents of a girl Summer Lynn, born October 5 and weighed 7 pounds, 6 ounces.

It a boy for Mr. and Mrs. John G. Nino. Luis M. was born October 9 weighing in at 7 pounds, 2 ounces.

Mr. and Mrs. Juan Fidel Reyes are the parents of a girl, Veronica. She was born October 9 and weighed 6 pounds, 7 1/2 ounces.

Mr. and Mrs. Rojelio Correa are parents of a boy, Charles Adam, born October 9 and weighed 6 pounds, 11 ounces.

Mr. and Mrs. Jerry Wesley Ethridge are the parents of a boy, Anthony Joe, born October 11 weighing 6 pounds, 13 ounces.

Tommye Loraine Casey was born October 12 to the late Thomas Lavern Casey and Susie Casey. She weighed 8 pounds, 7 ounces.

October 20-Alvin and Francis Frazier, Bobby and Wanda Murdock

October 23-Jack and Elaine Flynt

October 24-Bay and

Bobby Baldrige

October 25-Dan and Ethel Schmucker

A twenty-fifth anniversary party was held for Art and Jean Kasher at their home 503, 7 S.W. 4th, Thursday night, October 19.

The reception was hosted by Anthony Michael and Kathy, children of Art and Jean, also sisters of Jean, Virgie and Fred Moulton and Mary and Ott Bryan.

They were presented several lovely gifts one of which was a silver money tree.

In the hospital are Penetha Armstrong, Nellie Brady, Francisco Garcia, Rafasla Garcia, Choc Lay, Viola Love, Balerio Ochoa, Mary Pina, Carl Simmons, Jennie Staton, Waldine Webb.

Patients dismissed: Felis Nino, Gladys Justice, Jill McLean, Carolyn McDonald, Lorena Alvarez, Dora Alvarez, Arlene Holbrooks, Connie Futrell, Mary Correa, Mary Reyes, Ed Tribeck, Linda Reyna, Debra Ethridge, Clotee Minchew, Laura Broadstreet, Yolanda Tovar, Simon Tovar, Mammie McLain, Felia Lopez, Alma Lopez, Loretta Reyna, James Fulfer, Susie Casey, Mary Pina, Filomena Garcia, Esmeralda Rodriguez, Lola Torres, Marthella Summers.

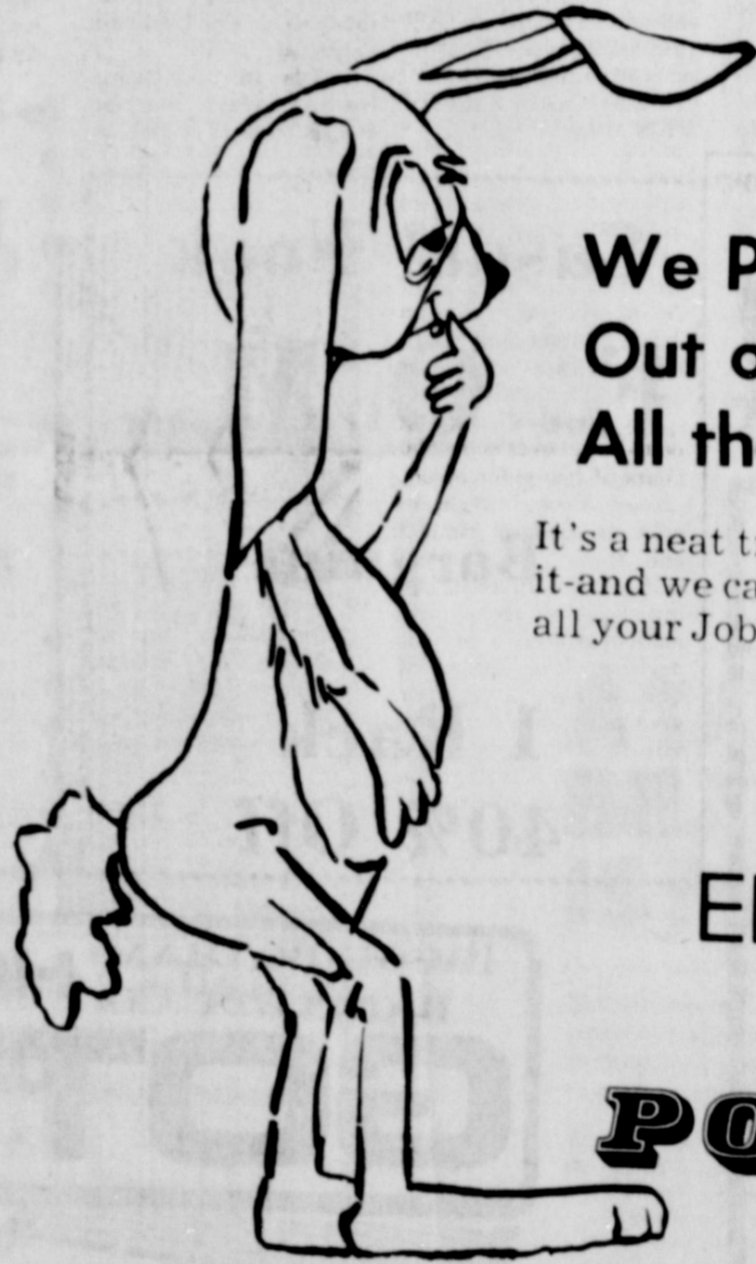

Early entry of 1978 corn into grain market program is authorized, interested producers according to Charley Hill, executive director of the Castro County AS office.

Producers who are interested are invited come by the ASCS office for an explanation of the program, Hill said. He also announced that the 1978 interest rate all 1978 upland cotton loans is seven percent.

Carl King and Bill Clark of Dimmitt representing the Texas Corn Growers Association, took part in a special meeting of grain industry representatives at Amarillo last Wednesday, where the subject was a quarantine on panhandle counties to check the European market.

Castro County is one of the 15 included in the proposed quarantine but Deaf Smith and Randall counties just to the north are among them. The insect pest was found in 15 of 30 counties when the IDA conducted a survey last month. It first appeared in Moore County last August and has been found in neighboring states to the north for several years.

The conference was at the Texas A&M Research and Extension Center and David Tyne of the Texas Department of

What Is

(Cont. from page 1)
 In the world today many people play fast and loose with the good intentions of others. There seems to be, in the small local levels, those who care nothing for clear, honest communications between school and community.

For us, as ordinary people, mastering the art of politicians is not our aim. But it may prove to be a stumbling block if citizens can't reach conclusions about school policies, discuss them openly and fairly, without being called trouble makers.

It seems our school officials could respond to WHAT IS and not attack WHAT ISN'T.

There was painstaking care applied in the preparation of showing the communities point of view. But communication lines were broken long before any of these issues were presented. As long as this situation exists, any successful relations between community and school are simply impossible for any length of time.

We will always try, plan and work for better schools. We urge people to take part in the planning, and be concerned about those running our school, not looking for someone to devour, but be in the business of openness, honesty, fairness, communication without animosity.

WHAT IS A GOOD SCHOOL WORTH?
 To some it is not worth getting involved. To others, it is worth an effort for the betterment of our schools.

Letters To The Editor

Dear Editor,
 This year is almost gone. Will your Lions Club die with it? At one time a lot of good men worked so hard to get the club started. Two that I can remember very well but they are gone. They spent a lot of hours and money to build a club that is going down the drain. Jarvis Angeley even planted extra watermelons to sell for the club. Marshal Keiley gave vegetables, worked every day while some were out fishing, yet he had time to gather and bring vegetables to cook. I know, I was the cook. Would those two be a little sad if they knew, yes I think so, and I know my mother would be. She was always so proud of the little package of fruit and candy at Xmas time. Oh yes, she had the money to buy her own but it was the thought and someone cared. Do you care enough to get to work and help your Lions Club by supporting the leaders and discarding the bad apples if you have them?

I Remain
 Mrs. Beulah Danforth

Dear Editor
 I have been a resident of Lamb County since 1942. I have something to say to the people of this county.
 My daughter Ann Brantley, passed away August 28, 1978 leaving five children, four of whom are grown and married. The youngest Misty 7 1/2 years old.
 Misty has lived with me most of her life and all the time for the past 4 1/2 years while her mother worked.
 Three of the older children took a copy of my daughters will to County Judge Don Joyner the next day after my daughter was buried. Judge Joyner looked it over said it was no good and he gave them temporary custody of Misty without me, my attorney or the other granddaughter knowing anything about it. He didn't even bother to find out who the child was staying with or any of the details.
 When I asked him about it, his only reply was "it wasn't necessary for anyone else to be there" but I am a just judge. I'm asking you is this justice?
 Misty had never been away from me or her mother. She was already enrolled in school here and I had shopped for her for the school term.
 Misty is ill and in need of serious surgery. It is too late to help me or my Misty, but it could save some one else the deep grief and emotional upset we have. This same thing could happen to any of you. I say we need a new County Judge.
 I ask you again, is this Justice?

Thank you
 Mrs. L.L. Harlan

Dimmitt Locals

(Cont. from page 6)
 Agriculture was present to represent Agriculture Commissioner Reagan Brown.

King, president of the TCGA and Clark stressed this concern over cost to growers of a quarantine which would require screening on fumigating of corn produced in the area before it is shipped. They urged that Texas adopt stronger enforcement of regulation in shipment of corn from infested states into Texas.

Clark said many elevators are equipped to do the screening, but it would cost farmers a fee of about 10 cents per hundred weight at a time when their profit margin is already minimal.

If the quarantine is put in effect it will not be for about three months, as a public hearing and legal notices would be required first. Tvie said.

Dimmitt's Rotarians heard a program on the role of co-operatives at their Friday noon meeting in the Colonial Inn Restaurant.

Gary Moore, assistant to the manager of Dimmitt Agri Industries, Inc., presented the program on cooperatives. October is National Cooperative Month.

Moore said there are 10 cooperatives in Castro County alone, and that they exist to satisfy the needs of their members. A cooperative belongs to only its owner-members who need its services. Moore explains. Coops were brought about to provide necessary goods and services and to control prices, he said.

Major C.W. Bell, Regional Commander of the Texas Department of Public Safety announced the DPS is accepting applications for the position of State Trooper. Applications may be picked up at any DPS office.

The entrance examination will be given in the Lubbock, Amarillo and Wichita Falls DPS offices on Tuesdays and Thursdays for this area of the state and continue through early December for the Recruit School beginning in January, according to Bell.

The test will begin at 9 a.m. and continue through most of the day. Applicants are advised to wear comfortable running footwear and be prepared to give their best mental and physical effort.

Major Bell said general qualifications for DPS Troopers are: Applicants must be 20 years through 35 years of age, good moral character; excellent physical condition; weight not less than 200 pounds nor more than three and one-half pounds per inch of height; visual acuity no worse than 20/40 correctable to 20/20; and a citizen of the United States.

Educational qualifications are now a minimum of 60 semester hours of college. Qualified female applicants are also being accepted for the uniformed services for the DPS. The Department has been increasingly successful in recruiting persons from minority groups and the DPS is an equal Opportunity employer.

Upon successful completion of the entrance examinations and a personal background data investigation, the recruit will enter 19-weeks of intensive police training. Classes will begin at the DPS Law Enforcement Academy in Austin January 9. Starting salary for recruits is \$876 per month.

The 18-week training period will cover some 850 hours of law enforcement classes on a wide variety of subjects such as criminal and traffic law, human and community relations, investigative techniques, marksmanship, pursuit driving and physical training. READ

JUNIOR HIGH Librarian, Mrs. Gauden and her assistant, Kelly Gover

Junior High Librarian

Mrs. Gauden is the Junior High Librarian. Her assistant is Kelly Gover. In a recent interview she said, there were 3,600 books in the library, 11 sets of encyclopedias, and they subscribe to 23 magazines.

Mrs. Gauden said that the library is set up by the Dewey Decimal classification system. This is a system which classifies books according to subject matter.

The library benefits the students by offering recreational reading, special assignments, to learn new words and for fun reading.

Students can check out a book every day if they turn in what they had the day before. They may check out 2 books at a time but not on the same subjects.

There are many records, film strips, cassettes, and reel tapes. There are too many to name.

The Audio-Visual the library has is an Opoquo machine, 2 dukano, 3 movie projectors, 8 film strips, previewers, 4 overhead projectors, 1 reel machine, 2 record players, 2 cassette players, 1 tape recorder and 1 radio.

There are new windows in the library and they hope to get new blinds. The Honor Society hopes to carpet the library.

The students can use the library from 8 to 8:30 in the morning as well as Study Hall and in between classes.

Cotton Prices Higher

Prices High Plains cotton growers received were around \$2.50 per bale higher the week ending October 20, according to Paul R. Dickson, Area Director at USDA's Marketing Services Office in Lubbock.

High Plains Marketing Services Offices graded 24,300 samples this week, bringing the season's total to 31,800. This compares with 395,000

grades by October 20 last year, according to USDA's Agricultural Marketing Service.

Predominant High Plains grades this week were grade 41 at 15 percent, grade 32 was 8 percent, grade 42 accounted for 43 percent, and grade 52 was 15 percent. Three percent were reduced one grade because of bark.

Staple lengths were mostly staple 29 at 14 percent, staple 30 was 37 percent, staple 31 accounted for 27 percent and staple 32 amounted to 12 percent.

Micronaire was mostly in the desirable 3.5-4.9 range at 88 percent of the total. Two percent was higher and 10 percent was lower.

Gins paid grows \$100 to \$110 dollars per ton for cottonseed.

History Of FTA

By: David White-Feature writer Earth News-Sun

Joy Elmer Morgan, editor of the NEA Journal in 1929 had the dreams of an organization to be known as Future Teachers of America. Not until 1937 did the NEA Representative assembly at Detroit vote to sponsor the FTA Movement. Dr. Morgan was the developer of ideas behind the Future Teachers of America program until his retirement in 1954. During this period FTA grew from one high school club with 72 members to 2,441 high school clubs with 62,134 members and 562 college chapters with 29,504 members.

Early in 1955, the NEA Executive Committee, reorganizing the structure of NEA, placed NAFTA under the administration of the National Commission on Teachers Education and Professional Standards. The commission immediately assembled an FTA Advisory committee at its Dekalb Conference to evaluate the FTA program and draw up policy recommendations which were adopted in August, 1955.

After careful investigation and wide discussion extending over a 15-month period, the commission created the Student National Education Association to replace NAFTA in June, 1957, as the national professional organization for college students. This change was recommended by the NAFTA Delegate Assembly in Portland, Oregon, in July, 1956. At this point the program of the high schools clubs at the national level was separated from that of the college chapters to facilitate the implementation of a two-level professional program and the respective purposes of the two groups. NEA has recently disaffiliated from the FTA program. TSTA (Texas State Teachers Association) is now sponsoring TFTA (Texas Future Teachers of America) since there is no longer a national FTA. The high school organization retains the name Future Teachers of America.

TFTA continues to grow both in numbers and in an attractive program for students who are taking a good look at "teaching as a profession."

The TSTA Districts are from 1 to 20. The regions are from 1 to 8 in the state of Texas.

District 17 has 22 chapters in it, Abernathy, Crosbyton, Denver City, Springlake-Earth, Floydada, Idalou, Levelland, Littlefield, Lockney, Lorenzo, Lubbock Monterey, Lubbock Roosevelt, Muleshoe, Petersburg, Plainview, Ralls, Ropesville, Slaton, Sudan and Frenship.

The District XVII officers 78-79 are President, Dave Poyner, Muleshoe; Vice President, David White, Springlake-Earth; Corresponding Secretary, Chana Eubanks, Muleshoe; Recording Secretary, Lisa Goble, Idalou; Financial Secretary, Belinda Lawson, Idalou; Parliamentarian, Brene Burrows, Muleshoe; Historian, Tim Collins, Frenship; Chaplin, Meredith Moore, Crosbyton and State Consultant, Ms. Virginia Chandler, 1978-79 calendar

American Education Week, November 12-18, 1978; TFTA state convention, February 23-24, 1979 at Fort Worth, Texas; Texas Public School Week, March 5-9, 1979; TSTA State convention, March 22-24, 1979, Houston, Texas.

Springlake-Earth high school FTA Officers are President, Christie Pittman; Vice President, Kim Haydon; Recording Secretary, Kim Denham; Financial Secretary, Kim Denham; Parliamentarian, DeAnne Calyton; Historian, Kelly Moore, Chaplin, Jeanne Haydon, Mr. E.G. Gaston is the FTA Sponsor at Springlake-Earth.

Visit A Nursing Home

Have you visited a nursing home lately? Today's nursing homes are a vital part of our community, meeting the social, spiritual and physical needs of the retired person, the convalescent and the chronically ill. Too many of us fail to realize that much of the social and physical nourishment of nursing home residents must come from the outside. Visitors are welcome in nursing homes. Volunteers are needed. Involvement of you, your group, club, or association is urged.

Volunteers are needed to help the people in nursing homes by taking them for rides, writing letters, reading aloud, even giving a manicure. Sometimes the volunteer work is done by just sitting and visiting.

You have a special invitation to visit a nursing home this week. You might find some old friends, or make some new ones.

by January first, 75% of our seed supply will be spoken for.

Order Your Share NOW

Most good farmers don't wait until planting time to buy Pioneer brand seed... not anymore.

The best farmers seem to think that having the seed with the greatest potential is too important to leave to chance. So ordering next year's seed as soon as they've seen this year's results is becoming a habit... practically a tradition.

Why? Because, when you compare Pioneer performance to brands that are always available and compare the advantages of ordering early to the disadvantages, you've got to pick up the phone and call this Pioneer dealer.

Football Contest

Vega Here 7:30

Mark out the team you expect to lose

3 PRIZES

GIVEN AWAY EACH WEEK NOTHING TO BUY - NO OBLIGATION

FIRST PRIZE-\$5

SIMPLY FILL OUT AND DEPOSIT ENTRY BLANK

SECOND PRIZE-\$3

CONTEST RULES

THIRD PRIZE-\$2

The teams that are playing this week are listed side by side in the official entry blank on this page.

Use the entry blank and mark out the teams you predict to lose. Print the scores you predict in the tie-breaker game in the space provided.

Each week's entry must be turned in or mailed to the Sudan Beacon News office. Contestants are given a week to prepare and turn in their entries.

Entries must be in by 4:30 p.m. Friday or postmarked on that date. All late entries will be discarded.

In case of tie, the winner will be determined by a toss of a coin.

Each week the number of games correctly predicted will count toward each contestant's season total. The person predicting the most games correctly for the entire season will receive the grand prize. In the event of a tie on the season total, the winner will again be determined by a toss of the coin.

The weekly prizes will be given to the persons picking the most number of games correct for that week.

Only one entry per person will be accepted.

EARLY IN THE FIRST quarter referee signals as Farwell scored the only Touchdown of the game.

WIF JAMES. Number 26 gains substantial yardage on this running play midway in the 2nd half.

Soil Sampling

By: JOHN FARRIS

TIME FOR SOIL SAMPLING—Any farming operation requires planning, and this is particularly true when it comes to applying fertilizer. Fertilizer applications should be based on a soil test, and fall is a good time to take soil samples for testing.

Containers and instructions for submitting soil samples are available at the county Extension office. Based on a soil test, a sound fertilization program can be developed for the coming crop year.

Such a program will be increasingly important in the months ahead. Under present economic conditions, low yields are not profitable, and fertilization, at least with nitrogen, is generally necessary for profitable yields. The need for each plant nutrient and its potential availability should be closely evaluated.

With current high production costs, uncertainty about crop prices, and other risks in crop production, farmers must study their fertilizer needs more closely than ever to make sound management decisions.

WINDBREAKS CONSERVE ENERGY—Rising energy costs have made windbreak plantings real assets for suburban homeowners as well as rural farm families. Fringe-benefits of windbreaks can be protection for cattle and a refuge for birds and other wildlife.

A well-designed windbreak will reduce wind speed, prevent drifting snow and lower heating bills. Even a small windbreak can make outdoor living and working conditions more enjoyable during the winter. Plantings also help reduce noise pollution from busy thoroughfares.

The location of the windbreak is the key to their effectiveness. Evergreen windbarriers on the north and west sides of the house can cut 10 to 40 percent off winter heating bills. Junipers and pines provide the most protection.

Windbreaks should be planted four to six times the height of the windbreak away from the house. Growing trees that will mature to about one to one-and-a-half times the height of the house and roads to prevent snow drifts.

For maximum protection, three to six rows of trees are needed on farmsteads and one to two rows in suburban areas. Six to eight-foot spacings are appropriate for most evergreen plants used for windbreaks.

Trees for windbreaks are available from the Texas Forest Service and should be planted in late winter or early spring.

For information on ordering tree seedlings and on transplanting and fertilizing woody plants, contact the county Extension office.

Do You Have These First Aid Supplies?

A trip to the drugstore today may save you from a trip to the hospital in the future (and from a lot of suffering) if you make it a point to pick up whatever first-aid supplies you really should have, yet don't.

Many good brands are available, and your pharmacist will be glad to help you choose the ones that will serve you best.

KEEP YOUR FAMILY SAFE AT HOME with a well-stocked medicine chest.

No matter what other products you decide on, the following are at the minimum—belong in every home. Check the boxes of these products to see if you have them. The blanks will tell you what you need.

[] Adhesive bandages, including large ones.

[] A first-aid cream or ointment for abrasions.

[] One pair of tweezers for removing splinters.

[] A universal antidote, in case of poisoning.

[] Adult and children's thermometers.

[] A stomach upset remedy.

[] Sterilized cotton and antiseptic swabs.

[] Sterile dressing—to cover up wounds.

[] Ointment or baking soda—for burns.

[] Olive oil or mineral oil—a single drop to take insects out of the eye.

West Texas To Celebrate

Music Festival

October marks the 75th anniversary of the completion of the first successful farm demonstration in the nation.

It was the success of this venture on the Walter C. Porter farm near Terrell, east of Dallas, that led to the creation of the Cooperative Extension Service nationally and the Texas Agricultural Extension Service in this state.

Farmers, ranchers and homemakers in West Texas will join in recognizing this milestone in agricultural history by holding a special observance here Tuesday, October 30.

The South Plains observance will be held in the board room of the Plains Cooperative Oil Mill, 2901 Avenue A. It will begin at 9:30 a.m. with a coffee and includes a ceremony recognizing outstanding farm demonstrators and home economics cooperators from each of the 20 counties in Extension District 2.

The recipients are representing the more than 375 producers and homemakers in the district who conducted demonstrations this year in cooperation with their county Extension agents, said Billy C. Gunter and Mrs. Catherine Crawford, district Extension agents.

A documentary film on the Porter Farm, "I Am Thinking of the Harvest," will receive its premiere showing in the area.

A similar program for the 20 Panhandle counties which comprise Extension District 1 also will be held at 9:30 a.m. Tuesday, October 31. It will be at the Texas A&M University Agricultural Research and Extension Center, 6500 Amarillo Blvd. West, Amarillo.

Many other observances of Farm Demonstration Month are being held throughout the state. A special statewide salute was held October 12 in Dallas and at the Porter Farm.

Dr. Seaman A. Knapp, a former president of Iowa State College and a

special agent for the U.S. Department of Agriculture, went to Terrell in 1903 at the request of area citizens to set up a demonstration to "improve farming methods."

Knapp asked them to find a demonstration site and a farmer who would farm precisely as he recommended. Local citizens selected Walter Porter from several volunteers and also quickly raised \$1,000 to cover any losses that might arise from farming in "the new methods." But the money was not needed.

The farm demonstration was a financial success, and the technique spread rapidly to other areas. Soon, farm demonstrations were evident in many counties. And they are still popular! There were 4,300 established in Texas last year, including every county in District 2.
