A CONSOLIDATION OF THE EARTH NEWS and EARTH SUN, OCTOBER 12, 1962

VOLUME 8 10 CENTS EARTH, LAMB COUNTY, TEXAS, THURSDAY, JANUARY 4, 1962 12 PAGES NUMBER 22

Hi Folks, Happy 1962. Has everyone had THEIR CUP OF KINDNESS YET FOR AULD LANG SINE, or maybe perhaps you prefer the new version, Let's Sip A Cup of Wine For Auld Lang Sine.

Any way you go about it 1961 is gone, slipped away into the past only memories remain to keep it alive. It can never be relived. The neglect, shortcomings and mistakes we made in '61 cannot be reclaimed or the golden opportunities that slipped quickly through our fingers are forever gone. Whatever '61 held for us is over, 1962 is her. The bright New Year is before us.

As is the custom of many people this is the time for making New Year's resolutions which are usually broken within the first few days, or at the very most the first few weeks. Which proves the time spent making these resolutions to be wasted.

About the only resolution I can come up with is to determine anew to live each day as it comes, LIVE FOR THIS DAY ONLY, giving "TODAY" top priority of my thoughts, actions and efforts. By doing this I can avoid wasting my energies in anxiety over my future tomorrows, or allowing moments to slip heedlessly by, sadly pining over the yesterdays.

If I can accomplish this I will then be free to use my mind, energy and efforts on the PRESENT which I can improve. Our TODAY slips away all too soon and fades into yesterday, when it becomes yesterday it cannot be improved, it is gone.

As for me, this is my New Years hope, to be able to live my "TODAYS" happily, seeking to improve each.

May I add I'm thankful for the many blessings that was mine to enjoy in '61, I'm sorry for my shortcomings and neglect. I hope to do a better job in '62.

With God's help I hope to live my "Today" making each one important and improved. If I can accomplish this then I'll be a better mother, wife, newspaper gal, nursemaid, housewife, chief cook and bottle washer and all those ten million little things that have in the past years always seemed to leave me tired and much to confused to live my todays the way I'd like to live them, and kept me insisting on waiting UNTIL TOMORROW to enjoy life rather than improving and enjoying my TODAYS.

Sister of Local Resident Dies At Haskell

Funeral services for Mrs. A. C. Roberts, 72, of Haskell were conducted at 2:30 p.m. Thursday, December 28 at the First Baptist Church in Haskell, with Rev. Jesse Jones, pastor officiating. He was assisted by two other ministers.

Burial was in the Haskell Cemetery under direction of Holdon Funeral Home.

Mrs. Roberts died in her sleep December 25.

She was a sister of Sam Cearley of Earth. Survivors include her husband, four children, two brothers, one sister, several grandchildren and great-grand children. Mr. and Mrs. Sam Cearley attended funeral services. They were accompanied by Mrs. Don Davis, Lubbock and Mervin Cearley of Lovington, N. M.

A LONG AWAITED DREAM CAME TRUE FOR EARTH CITIZENS — Last week when the new streamlined fire truck above, arrived in Earth. The new fire truck equipped with all the latest fire fighting equipment is a major accomplishment on behalf of the City Commission and members of the Earth Volunteer Fire Department in their efforts to make Earth a better city in which to live. Twenty four men are in Earth's Volunteer Fire Department and stand ready to do their best in any fire disaster that may arise and now with two fire trucks equipped

with up to date equipment will be able to better serve the community and the surrounding area. Shown with the beautiful new white fire truck are Marcus Messer, mayor; and nine members of the Volunteer Fire Department. Standing left to right are V. L. Smith, Jr., fire chief; Eldon Parish, James Wages, assistant fire chief; Pat McCord and Wendell Clayton. Kneeling left to right are James Grey, Harold Britton, Charlie Dunn and W. F. Williamson, fire marshal.

Annual Election Of Officials For Water Conservation District January 9

The annual elections of officials for the High Plains Underground Water Conservation District is again at hand.

The elections this year will be held throughout the District on January 9th.

Polling places in the county are as follows: The Earth Community Building in Earth, City Hall in Oilton, City Hall, Sudan, The County Courthouse in Littlefield and the Farmers Coop Gin in Spade.

The terms of office of two Directors on the District's Board expire this year. Directors are elected for two years.

Lamb County voters will elect one Committeeman-at-Large:

1. Candidates are Troy Moss, Rt. 1 Littlefield.
2. Doyle Tapley Rt. 1 Amberst.

Residents of Precinct No. 2 will elect one of the two candidates:

1. Roger Haberer, Earth
2. Clarence Kelley Earth.

Cochran, Hockley and Lamb county residents will elect one representative to the Board of Directors. Floyd county residents will also elect one man to the Board.

The terms of two Committeemen in each of the thirteen Water District counties also expire this

year. Committeemen are elected for three years.

Qualified voters who reside within the areas affected by the election will be eligible to cast a ballot. The 1960 poll-tax receipt will be the one used for voting. That is, the receipt used during 1961.

It is not necessary to be a farmer, an irrigator, or involved in any other specified occupation to be eligible to vote in this election—this has been a point of misunderstanding in the past. Any qualified voter is eligible to vote in any race that affects him.

Voters must cast their ballots in their home county; they may vote at any one of the polling places in that county.

January 31, Deadline For Paying Your Poll Taxes, Don't Be Late!

Mrs. Rubye Anderson, city secretary, states that Poll Tax receipts are running at a normal pace and that sales are expected to increase as the January 31, deadline nears.

Poll Tax receipts can be purchased at the City Hall from 9 a.m. to 5 p.m. Monday through

Cub Scouts To Sell First Aid Kits In "Be Prepared For Accidents Campaign"

Starting January 8, the Cub Scouts will conduct a house-to-house "Be Prepared for Accidents" campaign in the Earth-Springlake area.

Members of the group will visit every home in the community. They will present the homeowner with a first aid chart showing approved procedures for dealing with various types of accidents, and will offer to assist the homeowner in checking his first aid supplies to determine whether his home is adequately stocked for accident emergencies.

Where in-adequacies are revealed, the members of the group will be able to offer a selection of first-aid kits so that the homeowner may choose the kit that best meets his needs. Kits designed for use inside or outside the home will be available. Auto kits,

travel kits and kits suitable for the hunter and fisherman will be included in the selection.

The first-aid kits are supplied by Johnson & Johnson, the world's largest manufacturer of surgical dressings. Profits realized on the sale of the kits will be used to meet the costs of a variety of activities.

Persons not contacted in the campaign and wishing to purchase a first-aid kit may contact any Den mother or Mrs. Wilson Lewis.

The Cub Scouts are hoping the campaign will alert the entire community to the importance of being prepared to give accident injuries prompt first aid.

Art Work Of Dick Evans To Be Displayed

Dick Evans will have an Art Show beginning January 5, at Garnett's Ice Cream Parlor, 1211 College Avenue in Lubbock.

School Census Blanks Must Be Turned In Before February 1

School census blanks are being passed out this week to all school age children in the Springlake School District. Mrs. Orlena Sanders, census officer, states that all blanks should be filled in and returned to the school by February 1, 1962.

All children who will be six years old or before September 1, 1962 but will not be 18 or older on or before that date should be counted even though they may not be in school and even though he or she may be married.

If you as a parent have not received and filled out a school census blank, you are asked to telephone Superintendent Bill Mann, at 257-4321 for a census blank, or you may call in person at the school tax office and get a census blank and fill it out.

The six year olds who start to school next September are the ones most often overlooked in the census.

Please read the census blank carefully, fill it out completely, and return it by your child, or bring it to the school superintendent's office no later than, Thursday, February 1.

Southwestern Public Service Plans Expansion Program For Plant X

Methodist Revival Begins Sunday, January 28th

The annual Revival at the Earth Methodist Church will begin Sunday, January 28 through February 4.

Rev. Frank Perry, pastor of the First Methodist Church in Muleshoe will be the evangelist. Rev. Woodrow Williams, pastor of St. John's Methodist Church in Plainview will lead the singing.

A men's breakfast will be held Monday through Friday during the week of the revival.

The public is invited to attend.

Southwestern Public Service Company will invest approximately \$20,000,000 in its service area in 1962. A. R. Watson, president of the electric light and power company, has announced.

1962 will be the second year of a five year expansion program, announced at the start of 1961, which anticipates the investment of \$117,000,000 of new money in the region by the end of 1965. At that time the company's investment in plant and equipment will be nearly \$400,000,000, or ten times greater than it was in 1942, when the company took its present form.

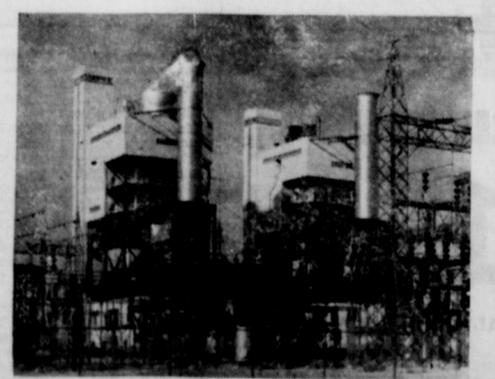

Two major generating station projects call for a large portion of the 1962 construction budget. The second unit at the company's Nichols Station, located northwest of Amarillo, will go into service in early Summer, while, AT PLANT X, NEAR EARTH, TEXAS, construction will start this Spring on the fourth unit at that station.

The number two unit at Nichols,

a 112,500 kilowatt generator, will double the capability of that plant. Also, when it goes into service, the generating capability of the twelve plants in Southwestern's system, will pass the 1,000,000 kilowatt mark.

"There is no more accurate evidence of the growth of a region than the increase in the amount of generating capability necessary to meet its electric service needs. You can readily see the ten year growth in this area when you realize that our generating capability in 1951 was 244,000 kilowatts, or just a little more than one-third of what it will be when this second unit goes into service at Nichols", Watson pointed out in highlighting the significance of going over the 1,000,000 kilowatt capability figure.

The evidence is equally conclusive that the electric company does not anticipate a growth stoppage in the future. The generating unit for which ground will be broken at Plant X this spring, will have a generating capability of 210,000 kilowatts, the largest

Major addition to Southwestern Public Service Company's facilities in 1962 will be the second 112,500 kilowatt generator at Nichols Station, northeast of Amarillo. The new unit is pictured at right. The electric light and power company will invest approximately \$20,000,000 in this area in 1962 to meet expanding needs for electric power.

single generator in Southwestern's system.

"Nothing is as perishable as electric service. It is needed and used the instant that it is created. But, we must plan from three to five years ahead to have the power available at the instant the customer requires it. This requires a faith in the future of our region and we have it," Watson said.

Transmission lines construction and planning will call for a 1962 investment of nearly \$7,500,000. The majority of the projects are designed to provide additional transmission circuits for the region, and to have the facilities available for anticipated increasing loads in industrial, agricultural and commercial fields.

A transmission line investment in 1962 with a long-range view is the engineering and survey work and right-of-way purchase for additional lines capable of transmitting 230,000 volts. The company is in the process of increasing its major transmission voltage from 115,000 to 230,000 volts. Doubling the voltage of a line increases

the amount of power that the line can carry by four times. At the present time, construction has been completed on line segments capable of carrying 230,000 volts from the Riverview Plant at Borger, to Plant X and from Cunningham Station to Artesia, New Mexico. When the section from Plant X to Cunningham is completed and necessary substations are installed, the entire main transmission line extending from Borger, to Artesia, New Mexico, can be operated at the 230,000 volt capacity.

"We shall continue as we have in the past to make the investment necessary to provide electric service for this growing area in advance of the actual need, and we shall make every effort to keep electric service the best value in our customer's life. I think the fact that the cost of our service has decreased more than 20 percent in the last decade while the cost-of-living has risen 23 percent is proof of our efforts to accomplish this goal," Watson said in conclusion.

NOTICE! TO PARENTS Of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1962, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in this census. The child should be counted even though he may be in school and even though he or she may be married.

If you as a parent, have not received and filled out a school census blank on or before January 22:

1. Phone Superintendent at No. 257-4321 and ask for a census blank.
2. Call in person at the school Tax office and get a census blank and fill it out.

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six year olds who start next September to school are the ones most often overlooked in the census.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

**Be Sure And Turn In Your Census Blanks
Before February 1st**

MRS. WILLIAM WRIGHT (BILL) WICKS, JR.

**Wicks-Neal Vows
Exchange in Lubbock**

Miss Von Sue Neal and William Wright (Bill) Wicks, Jr., exchanged wedding vows in an impressive double ring ceremony Saturday evening at 5:30 p.m. in St. Luke's Methodist Church in Lubbock. The candlelight ceremony was performed by Rev. Eugene Matthews of Amarillo.

Parents of the bride are Mr. and Mrs. Roy W. Neal of Earth and Mr. and Mrs. W. W. Wicks of El Paso are parents of the groom.

Organist, George Prigmore played traditional wedding music and also accompanied Mrs. Bob Lamont, vocalist who sang "Thine Alone", "One Hand, One Heart," and "Ava Maria."

The altar was decorated with baskets of huge white mums and double candelabra.

The bride, given in marriage by her father, wore a white ballerina length gown of pea de soie, with re-embroidered lace at the round neckline, waistline and sleeves. She wore short white gloves and a queen's crown of lace enhanced with tear drop pearls.

She carried white butterfly roses atop a white Bible.

Mrs. Mary Lou Watson of Lubbock served as Matron of honor.

She wore a romance blue gown of tulle over taffeta styled with a simple bodice and dome skirt. She also wore a petal headpiece, blue accessories and carried a bouquet of yellow roses.

Marshall Camp of Lubbock served as best man.

Leonard Stephens lighted candles. Max Neal was usher.

The bride's mother wore black with white accessories and a gardenia corsage.

A reception was held in the Church Fellowship Hall following the ceremony.

The table was laid with white ruffled net over white satin with crystal and silver appointments. Lighted tapers adorned the serving table.

The white wedding cake topped with a wedding bell, and punch were served the guests by Mrs. Max Neal and Mrs. Leonard Stephens, both sisters-in-law of the bride, both of Lubbock. Mrs. B. Bryant of Muleshoe registered the guests.

For a wedding trip to El Paso the bride wore a dress of white wool with red accessories.

The bride is a graduate of Sprinklake High School and at-

tended Southern Methodist University. She is a member of Delta Gamma Sorority. She is employed by Key, Carr Carr & Clark, attorneys, of Lubbock.

The groom is a graduate of Ralls High School and attended Texas Tech. He is a commercial artist employed in Lubbock.

The couple will be at home in Lubbock.

NOTICE

A come and go Bridal Shower honoring Mrs. Bill Wicks (formerly Sue Neal) will be held from 6 p.m. to 7:30 p.m. Saturday, January 6, in the home of Mrs. L. Z. Anglin.

Everyone is invited to attend.

The regular monthly meeting of the Red Cross Board will be held Friday, January 5th at 4 p.m. in the new location of the Red Cross office (down stairs in the court house).

Several things need to be brought to our attention at this time, a fund chairman for the March drive, also some one to replace Mrs. Joplin as chairman of our volunteers.

The regular monthly Scout Roundtable will be held in Littlefield at the First Methodist Church Monday night, January 8, at 7:30 p.m. All Scout Leaders and Cub Scout Leaders are invited and urged to attend this meeting.

**Who Must File
Federal Income Tax
Return For 1961?**

All citizens or residents of the United States, including minor children, who had gross incomes of \$600 or more in 1961, must file a federal income tax return, John J. Sloan, Administrative Officer, Internal Revenue Service, Lubbock, Texas announced today.

If the taxpayer is 65 or over as of December 31, 1961, he or she is not required to file unless his or her gross income for 1961 was at least \$1,200.

The IRS representative added that even though a taxpayer is not required to file under these rules, he or she must file to obtain a refund, if any income tax was withheld from his or her pay.

He said there is one exception to the general rule. Self-employed persons such as sole proprietors, partners, and independent contractors must file an income tax return and pay a self-employment tax, if net earnings from self-employment were \$400 or more.

Many questions about federal income tax returns can be answered by telephoning the IRS office.

Oh, yes, the filing deadline this year is Monday, April 16!

Water Lawsuit In Progress At Lubbock

The High Plains Water Conservation District made final preparations for the trial of a lawsuit brought by Marvin Shurbet, a Floyd County farmer, against the U. S. Internal Revenue Service and the trial began January 3, in the U. S. District Court at Lubbock; Judge Joseph B. Dooley is presiding.

Shurbet's suit is sponsored by the High Plains Water District and is being treated as a test case by the Internal Revenue Service.

Testimony by witnesses for the plaintiff Marvin Shurbet, will attempt to show that ground water in the southern High Plains or Texas is a natural deposit and that it is being exhausted by pump extraction.

Plaintiff will further contend that landowners who can establish an actual initial cost in the ground water beneath their land, as distinguished from the cost of the land itself and who are using that water to produce income, are entitled to deduct this cost of water on their federal income tax returns as the water is exhausted.

The High Plains Water District has worked for seven years in an effort to establish ground water in the southern High Plains as a depletable natural resource under the federal tax laws. If the court finds that the plaintiff's contentions are valid and justified under the area with a like set of circumstances should be eligible to deduct, on their income tax returns the cost of the ground water as it is used.

The trial will be open to the public. The court is located on the third floor of the Post Office Building in Lubbock.

Mr. and Mrs. V. D. Coker, Mr. and Mrs. Sam Cearley attended funeral services in Clovis, N. M., Monday for Dr. H. H. Allen, who was pastor of Earth Methodist Church from 1932 to 1935.

KNIGHTS OF YORE THEME
OF MONTH FOR CUBS

Members of Den 6 heard the story of "The Knights of Yore" at their regular meeting Tuesday afternoon read by Mrs. Edwin O'Hair. The boys were shown a helmet made out of a half-gallon ice cream carton which they are to make at next week's meeting. Danny O'Hair served refreshments. Six members and the Den Chief, Rickey West were present. Steve Sanderson and Jimmy Littleton told stories to their fellow den members and new Den mothers Mrs. Bill Perkins & Mrs. J. J. Coker at the Tuesday afternoon meeting. The boys started making shields as part of their project of the "Knights of Yore" theme for the month of January. Kent Coker served refreshments to 7 members of Den 2 & the Den Chief Arboth Rylant. Mrs. Perkins and Mrs. Coker replace Mrs. Donald Street and Mrs. Wilson Lewis who have served as Den mothers for the past 8 months. A story about Knights was read to the group by Mrs. Coker.

Webelos met Tuesday night at the community building with their leader Jim Glascock and the den chief. The boys have completed their leather work and no new project has been picked as yet. The Webelos discussed selling first-aid kits and will begin this project next week.

Games were played the rest of the meeting time.

Charles Jones Is Candidate For Reelection As Lamb County Clerk

CHARLES JONES, candidate for re-election as County Clerk of Lamb County, this week issued a formal statement to the citizens of Lamb County:
"I am placing my candidacy before the citizens of Lamb County for your consideration for re-election to the office of County Clerk. I wish to express my appreciation to the people of this County for the excellent vote you gave me when I was elected to this office, and for the encouragement you have given me since then.

I have always tried to merit your confidence in me by giving you courteous and efficient service. I have not and I shall not break faith with the people who elected me to serve them.
I will appreciate your vote and influence in the May 5 primary election and I pledge to continue to put forth my best efforts for the good of Lamb County and its people."

Humble Oil Company To Share In Education Grants

Houston—Six Texas universities and colleges will share in Esso Education Foundation grants totaling almost \$1,500,000 which were announced for the 1961-62 academic year.
The institutions, all privately controlled, are Baylor University, Hardin-Simmons University, Rice University, Southern Methodist University, Texas Christian University and Howard Payne College. All six will receive unrestricted grants.

M. J. Rathbone, chairman of the Esso Education Foundation, announced the nationwide grants from New York.
The foundation, established in 1955 by Standard Oil Company (New Jersey), of which Mr. Rathbone is president, is also supported by five domestic affiliates of Jersey Standard: Humble Oil & Refining Company, Esso International Inc., Esso Research and Engineering Company, Humble Pipe Line Company and Jersey Production Research Company.
Unrestricted grants continue to make up the largest single category in the Esso Education Foundation program this year, with 266 institutions receiving \$763,000; the National Fund for Medical Education, \$85,000; and the United Negro College Fund, \$50,000. This brings the unrestricted grant category to almost \$900,000.
In addition to the unrestricted grants, there are major development grants, which this year amount to \$447,000, and foundation grants for fellowships, scientific research and miscellaneous projects, totaling \$551,000.
Including this year's program, the Esso Education Foundation will have granted \$11,334,000 in aid to education since 1955.

Farm Facts

The U. S. Department of Agriculture points out that farm real estate taxes were three times higher in 1960 than they were in 1942. In fact, the rise in these taxes in the United States (not including Alaska and Hawaii) has been uninterrupted in the past 18 years.
Because the acreage of farmland in private ownership has changed little since 1942, taxes per acre have increased in the same proportion as total farm real estate taxes.
Farm real estate taxes in the 48 states totaled \$1,284 million in 1960. This was 8% more than the total for 1959. They increased in every state except Delaware, where they remained the same as in 1959.
Since 1945, increases in farm real estate taxes have averaged 7% a year. The USDA attributes this rise to the sharply increased cost of local government, largely financed in rural areas by the property tax. Local government costs jumped fourfold from 1946 to 1959.
The depression and war years left local governments with a backlog of capital requirements and faced with higher prices for things to meet these needs. Population growth and demands for more services added to the problem.
Farm real estate taxes have tripled since 1942.

Hal Hudson Named To Dream Team Steve Holt Gets Honorable Mention

Hal Hudson has been named to the All-South Plains Football Dream Team's first team selections which was released recently.

Hudson, 185 pound senior in Springlake High School, quarterbacked the Wolverines to a nine win, one loss record and to a second place in the District 3-A race.

He completed 68 of 134 passes for 720 yards and 10 touchdowns. He ran 177 times for 1341 yards, an average of 7.6 yard per carry. In addition, he punted for a 39.2 yards average. He scored 75 points. He was named to the offensive team.

Hudson is the son of Mr. and Mrs. E. C. Hudson of Earth.

Steve Holt received honorable mention to the "Dream Team" as tackle. He is a junior in Springlake High School and is the son of Dr. and Mrs. W. D. Holt.

Coach Jodie Mahan took the Springlake Wolverine team in 1961 and with a lot of hard work on his part and a big hand from several members of the squad rolled to a 9-1 record, losing only to the Kress Kangaroos. The team had posted a 2-8 mark the year before.

Band Students Receive Sweaters At Assembly

Three Springlake high school senior band students were presented with sweaters Wednesday when the high school met in general assembly in the auditorium, at 10:30 a.m.

Sweaters were presented by the Springlake Band Booster's organization to senior students who had been in band two previous years and enrolled for the band for the third year.

Mrs. Oletha Sanders, president of the Band Boosters, made the presentation of the sweaters to the following students, Patti Mann, Charles Axtell and Shelby Bozeman.

Patti has been a band student for nine years and plays the tenor saxophone.

Charles is in his eighth year of band and plays clarinet baritone.

Shelby plays the cornet and has been a band student for seven years.

Rev. M. B. Baldwin pastor of the First Baptist Church at Springlake concluded his showing of films of his recent European tour at the general assembly Wednesday.

Wolverine Drive-In In Being Enlarged

The Wolverine Drive-In owned and operated by Mr. and Mrs. Glen McGeath will be completely remodeled in order to better serve customers in the area. Construction on the additional new dining room and living quarters began last week by Jimmy Grey, contractor.

The new 18'x50' dining room will be equipped with tables and booths and will seat approximately 40 people.

The kitchen will be enlarged and moved into the present dining area and will be equipped with new equipment to speed up service and better serve the customers.

The dining room area will have a corner entrance on the west, also a north entrance. Booths and tables will be installed to seat the customers in the nice clean new dining area of the drive-in.

The McGeaths will have a three bedroom living quarters at the rear of the drive-in.

Mr. and Mrs. McGeath took over management of the drive-in, formerly Glenn's Drive-In in April, 1960, and later on they purchased the Drive-In property from Mr. and Mrs. Troy Davis of San Angelo who operated the Drive-In until they moved to San Angelo several years ago.

The new Wolverine Drive-In dining area will be available for clubs and private parties. It will be completed around the last of March.

Earth's New Fire Truck Arrives Over Holidays

Citizens of Earth spent part of last week admiring the new fire truck recently purchased by the City of Earth which arrived the first of the week. The new truck will be used only within the city limits, thus releasing the old truck for rural calls.

The new truck which is mounted on a Ford chassis is a Broadman built Fire Fighter. The Broadman Pumper is equipped to pump 500 gallons per minute with 200 pounds pressure.

It is also equipped with two reel hose, 1,000 feet of 2 1/2 inch hose and 200 feet of 1 1/2 inch hose, which will reach any fire plug in the town.

The Broadman Pumper, built to meet all State Fire Insurance Board specifications will also be equipped with oxygen.

The new truck has all the latest improvements and is built to meet all the needs of a modern city.

The old truck which was inadequate to meet the rigid insurance boards specifications to qualify the city for lower insurance rates will now be used for out of town calls and will be equipped to handle all types of fires. It will also serve as a standby for the new truck.

NEW CITY HALL

At the regular monthly meeting of the city officials Tuesday night they decided to convert the city office into a fire station to house the new fire truck, and voted to build a new city hall.

Mayor Marcus Messer, Pat McCord and Dutch Been were appointed to serve as building committee members for the new project.

Those present for the meeting were Pat McCord, M. E. Kelley, E. C. Kelley, Dutch Been and Mrs. Ruby Anderson, city secretary.

Civil Defense Program Set For January 22nd

A Civil Defense program will be held January 22 at 7:30 p.m. in the school auditorium.

Films will be shown on Civil Defense in schools and rural defense. A brief talk will be made on the progress that has been made in the Civil Defense program since it started.

An outline will also be given on how Civil Defense is connected with the state.

The local Civil Defense until has already been approved by the state.

IN THIS WORLD

IN LOOKING OVER OUR EVER-GROWING HERITAGE... THE NORTHEASTERN STATES, THE CRADLE OF OUR COUNTRY, AND THE LUMBER INDUSTRY GREW UP TOGETHER. 337 YEARS AGO, IN 1625, THE FIRST COMMERCIAL SAWMILL WAS BUILT AT THE FOOT OF A WATERFALL IN SOUTH BERWICK, MAINE.

THE JOHN WHIPPLE HOUSE, BUILT IN 1640 AT IPSWICH, MASS., STANDS TODAY AS PROOF OF THE STABILITY OF BOTH THE BUILDERS AND THE WHITE PINE THEY USED FOR EXTERIORS OF THEIR HOMES.

WITH SOUND FOREST MANAGEMENT, MORE THAN A BILLION BOARD FEET OF WHITE PINE LUMBER IS NOW PRODUCED EACH YEAR IN THESE NORTHEASTERN STATES, (NEW YORK, PENNSYLVANIA AND NEW ENGLAND).

CONSERVATION AND SELECTIVE CUTTING ARE STANDARD PRACTICES OF LUMBER COMPANIES IN THESE STATES.

SOFT WOODS, SUCH AS WHITE PINE, ARE MOSTLY CONIFERS (EVERGREENS). HARD WOODS, SUCH AS MAPLE ARE DECIDUOUS TREES (SHED THEIR LEAVES).

ONE GOOD REASON WHY THE NORTHEAST IS FAMOUS FOR PRODUCING EARLY AMERICAN FURNITURE IS THAT 25% OF U.S. HARDWOODS COMES FROM THE AREA.

Carryover Fertilizer Tests Conducted At Halfway Station

Tests to determine the carryover of fertilizer from year to year are being conducted at the High Plains Research Foundation at Halfway. Delbert Langford, Associate Agronomist is in charge of the tests directed by Dr. Thomas C. Longmeyer, Director of the Foundation.

In 1961 nitrogen was applied at the rate of 0, 50, 100, 150 pounds per acre on cotton land and 0, 50, 100, 150, 200 pounds per acre on grain sorghum land with half of the plots having 100 pounds of phosphate applied. These two crops will be grown on the same plots continuously until the original fertilizer application ceases to increase the yield.

These tests are being conducted to give answers to questions frequently raised by farmers and fertilizer dealers in planning their

Research On Sunflowers

Several strains of sunflowers from foreign countries were included in an observation test at the High Plains Research Foundation in 1961. Several strains, some from foreign countries, that seemed to be better adapted to the soil and climate will be evaluated to determine their potential as a cash crop for the area.

Springlake Wins Two Out Of Three Games From Olton High

The Springlake High School basketball teams won two games and lost one to Olton Tuesday night at Olton.

The Springlake boys "B" team won over Olton's B team 48-22.

The girls A team lost to the Olton girls, the score being Olton 78 and Springlake 33.

Springlake's A team won over Olton's A team, the scoring 63-42.

Springlake's Wolverines got off to a leading start in the first quarter of the game and managed to stay in the lead all the way through to the end of the game.

When the first quarter ended the scores were 16 to 7 in favor of the Wolverines. At halftime the scores were 32-19, and at the end of the third quarter they were 44-32 with Springlake leading by 12 points.

About two minutes before the end of the last quarter, Coach Danny Smith pulled his first string players out of the game and let the second string play. This brought a loud cheer of approval from the Wolverine boosters.

The game ended 63 to 42 in Springlake's favor giving the Springlake Wolverines their second win from Olton this season.

High point man for Springlake was Hal Hudson with 23 points. Ronnie Dent and Bobby Sloan tied with 10 points each. Bill Shirley and Dale Dent also tied with 7 points each. Ross Morris made the remaining two points.

The Wolverines are scheduled to play this week in the Amherst Tournament which will be held there.
