Eagle Defeat Ozona Lions By Penetrations

EAGLES WIN HARD BATTLE AGAINST OZONA

The hard-fighting small Eldorado Eagle team now go into the district finals on Thanksgiving Day here after a win by a small margin over the Ozona Lions on their home grounds. A large crowd of Eldorado people made the trip and saw their team scored upon in the first half and again in the beginning of the second half. Only one of the tries for extra point was made. In the last part of the game the Eagles came back when it seemed that it was impossible to even the score. Joe Hext began the scoring for the eagles when he ran thru the Ozona line for about 40 yards but was downed only a short distance from the goal line. After three unsuccessful attempts to plunge the Ozona line, Hext carried the ball over for the first Eldorado marker. Captain Isaacs kicked goal for the extra point. Score, Eldorado 7, Ozona 13.

In the fourth quarter the Eagles again scored on a pass. Hext to Billie Kerr, who raced about 30 yards across the goal line. The try for extra point failed. Score 13 to 13.

With only a few minutes both teams fought hard for the decision. A pass by Ozona was intercepted by W. B. Gibson, who was playing defensive half for Eldorado and this almost resulted in another score but Gibson was downed a few yards from the line. This penetration of the Ozona 20 yard line decided the game, however, for up to that time the team had two penetrations each. This gave Eldorado 3 penetrations and thus the decision.

The number of first downs were—Eldorado 9 and Ozona 11.

The game was hard fought throughout and was marked by the best of sportsmanship both on the field and on the sidelines. The Ozona people treated the Eldorado visitors with the greatest courtesy and took their heart-breaking defeat in the best of spirit.

The players were:

The Eldorado Eagles went to Ozona Saturday to play off the tie with the Ozona Lions, and defeated the Lions by a small margin, the score being 13 and 13, but Eldorado was awarded the game by her penetrating the Lions' twenty-yard line one more time than the Lions penetrated the Eagles' twenty-yard line. The decision was close and was real interesting to the bystanders. The Lions had the best of the game by far at the close of the half, but the Eagles were determined to win and went into the last half to win and made a desperate effort to overcome their opponents and held them to virtually nothing in the last half and made their two coveted touchdowns and the needed first downs and penetrations to be awarded the game by the referee.

The Junction Eagles on the same date and at the same time defeated the Fredericksburg team at Junction by the score of 7 to 0, which leaves the district championship between Eldorado Eagles and the Junction Eagles, and a sure thing that the championship of District 14 will come to the western end of the district. The play-off game will be this week some time probably Thanksgiving day here.

Christmas Seals are penny health insurance.

THE SUCCESS PUTS OUT EXTRA TUESDAY NIGHT

The Success put out a Football Special Tuesday night, advertising the Eldorado-Junction Football game for Thursday Nov. 30. This entailed quite a bit of extra work on us this week, but the boys appreciated it and were entitled to it. This game could not be settled in time last week to make announcement and was too early for this week's regular edition, so with the help of our generous businessmen we put out a special advertising the game. The results of the game will be found in this week's Success, as we kept the forms open until after the game, and give you the results.

LAWRENCE NEILL AND W. T. WHITTEN BAG TWO BUCKS AND A BEAR

Lawrence Neill and W. T. Whitten, two Eldorado sportsmen, went into Old Mexico last week and returned Friday morning with two large bucks and a large bear. Sheriff Conner was immediately put in touch of the situation, with a report from the Border that the two had paid the duty on bringing in the game to this country, but had not paid the Mexican enough for killing the game. It looked to us like the Sheriff was looking for a hand-out.

NOTICE TO SCHLEICHER COUNTY STOCKMEN

County Agent C. Snell has received notice that Schleicher County has been allotted 51 head of Cutter Cows, to be furnished from The San Angelo Packing House through Mr. Snell for the purpose of meeting the demands of the Government in feeding the needy.

Mr. Snell has called a meeting at the Schleicher County Court-house Monday at 1:00 o'clock for all ranchmen that might have cows that they might want to dispose of thru this means.

These cattle are being bought with Federal Emergency Relief Administration funds. If you are interested in selling some stock to this project see Mr. Snell at once.

Mrs. A. K. Bailey has been very ill for the past seventeen days. Her friends wish for her a speedy recovery.

Eldorado Eagles were victorious in their Final District game with Junction at Eldorado on Turkey day. The Eagles from Junction were clean sports and had two men that did the hard driving for their team, but did not make the scores necessary to win. Only once did they really threaten to score.

This game gives the Eldorado Eagles the District 14B Championship. At this time it is not known who they will play next.

BAPTIST LADIES TO OBSERVE WEEK OF PRAYER

Beginning next Monday the Ladies of the Baptist Church will begin a program for the week of prayer, to end Wednesday. You will find their program elsewhere in this issue of The Success.

Mrs. John Roach who has been under medical treatment in Dallas for the past several weeks has returned to her home in Abilene much improved but is still under treatment.

Mr. and Mrs. Rex McCormick visited their son Hollis, who is attending business college in San Angelo, last Saturday. They were accompanied by Mrs. W. R. Nicks and Mrs. Ed Ratliff.

FURS WANTED—Will pay market prices.

Ed Ratliff.

CECIL MOORE GETS CHECK

County Agent C. Snell has received a check for \$62.00 and a pass to Chicago for Cecil Moore who leaves Friday (today) for Fort Worth and Chicago on the 4-H Club winnings. Instruction received by Snell is to the effect that Cecil must leave bare-headed and will receive a hat, which will be presented to him which is a part of his award for the honors he has won in the Schleicher County Sheep exhibit.

Things Being Lined Up For Work.

OUR 1933 EAGLES

Jr. Isaacs (Captain) came out for football in 1930, his first year in high school, but failed to make his letter although playing in several games. He only weighed 110 pounds then and didn't look so good as a future Eagle star. His sophomore year he played regular at a half-back position, but it was not until the year of 1932 when he began his good kicking, blocking, and receiving of passes. This year, which is his last, has been by far his best, with his reliable kicking, hard running, good blocking, and especially his fine defensive work in which he has never failed to lead his team as a captain should. The all-district tuckback, easy.

This is W. B. Gibson's second and last year at center. He was only a sub in 1932, but a good one at that, so won his letter. This year he has played center on offense and defensive half-back where he has been consistent on breaking up passes. He has proven to be the most consistent center Eldorado has ever had, with lots of fight and last Saturday intercepted a pass to run it back inside of their 20 yard line to supply our margin of victory.

John I. Jones, although one of the smallest linemen in the district, is thus far a standout for all district. He met the other all district guard last Saturday at Ozona and didn't come out second best, altho there was little to choose between them. John I. rated all district last year and will certainly be missed. This is his second year to play much altho he played some his freshman year.

Aris Carr, another Senior, is playing his second and last year. He was a sub end last year, but has been very consistent on both defense and offense this year. Altho not fast, he is one of the best pass catchers in the district.

Dee DeLong has probably the greatest possibilities of any boy on the squad when he really tries. He is big, and fast and when he sets himself to go thru, he goes thru. He was a sub last year and the year before. This is his last year.

Jack Meador has come along faster than any boy on the squad. Starting out this year, having seen only one game, much less played in one. He has developed into one of our best guards. Unfortunately this is his last year in high school. He has great possibilities.

The Juniors, who will be eligible next year are Billie Kerr, the best end in the district, so far as Eldorado is concerned and I think Ozona will also agree after the way he sited thru them with a pass for a touch down last Saturday. Joe Turner, Hext, who provided the offense, to beat Ozona and called a good game in the last half. He rated as a quarterback and the best broken field runner in the district. R. J. Alexander, a year man who has improved steadily in punting, blocking and tackling to become a backfield mate for Jr. and Joe Scott Butler, who has surprised everyone by making a fine guard and proving what these subs finally work up to. Richard Jones who has been a valuable sub at end this year and is a prospective regular for next year.

We have 10 sophomores on the squad with our two tackles, Felix Susan and Alton Page, heading the list, as a couple of the best 170 to 180 pound tackle prospects we have ever had. Toodle Spurgers, a regular back who is a consistent player altho too small to buck the big boys in ball carrying, will be one of the shiniest we have ever had. Jack Shugart the great example of what hard work will do. He looks fragile and people think he

The Committee that went to Austin last week have gotten things lined up for the beginning of some real work this week end.

The local committee appointed L. T. Barber, the County Administrator and J. F. Isaacs as Field Manager, and assistant office. The State sent a field representative here Saturday and he got the boys lined up giving Miss Annice Putman work as a stenographer in the office. Mr. Barber and Isaacs accompanied by Miss Putman went to Austin Sunday afternoon to get further information a bond for the handling of the funds, and get it approved while there so he can function as paymaster here. They also carried some new applications for further projects to Austin to get them approved.

The line of work is different from all other aids we have had. This is real work and a man must be able to do a days work to get on the job and is subject to be discharged if the work rendered is not satisfactory. No one can quit a job where he is now employed and come and work on this work. If you have employment stay with it. Eldorado is some two weeks behind by not being properly organized for the change, but there will probably be plenty of work until February 15, if the appropriations do not run out before that time. Most of Schleicher County work will probably be road work.

will break, but he's a fighter; other Sophs who will be passing for Eldorado in the years to come are: Harold Susan, a center, Sam Cloud, a back; L. E. Frazier, a guard; Cecil Moore, a promising red-headed end, and Marshall Davis a tackle.

The only two freshmen we have left out of about six who started the season are Jack Hext who was our good luck piece last Saturday and a future quarterback as well as a good blocker, and Paul Davis, a sub back who has great possibilities as a passer, punter and ball carrier providing he can learn to block and tackle as well.

Weights and years to letter previous to this year, also positions.

DECEMBER 1, 1933

Will Rodgers in "Dr. Bull", shown at the Lone Star Theatre last week drew a full house. In fact Mr. Morgan has been having a good attendance since he has opened up his Theatre, but Will Rodgers always entertains his crowds.

Now Al Smith has come out for Wall Street instead of the Roosevelt money system. The division is widening but Roosevelt is still sawing wood and not looking back. He says the depression is bound to go and times must get better. There has been lots of improvement in times and many have been furnished with labor and it is said the Roosevelt plan must work. Then why should Al Smith try to throw a monkey wrench in the cog wheels.

We have reached the last month in 1933. A great many could not see how they would ever get through this year but the end is near. So let's make 1933 year end with a joyful Christmas. Send some nice greeting to a friend, without mentioning hard times, let the past be gone.

We have December left to take advantage of our reduction on subscription. 13 months for one dollar to new subscribers or from now until January 1st, 1934 for one dollar. We are in keeping with the rest of the times. The Success is first with the local news and covers Schleicher County with its readers. This offer is to Subscribers in the County.

What we need in Schleicher County is a few more good farms. We have several good farmers that cannot find places to rent.

Tuberculosis costs the people of the United States more than a billion dollars a year. That's about \$3 each for every man, woman and child. How much do you pay for your Christmas Seals to fight tuberculosis?

ON TEXAS FARMS

By W. H. Darrow,
 Extension Service Editor

"We used to eat dry stuff all winter and were sick a lot. I weighed 116 pounds and was taking medicine all the time. Now I weigh 136 and haven't taken medicine in months. I think it's all due to the better diet we have now," declares Mrs. W. O. Fish, 4-H pantry demonstrator of the Vivian Home Demonstration Club in Foard county. She has canned 1,250 quarts of food for her family of five.

State certified cotton seed made 5.1 bale of cotton on 7 acres for Richard Weischwill of Garfield, DeWitt County, reports the county agent. He stored the seed separately until after ginning season and then ginned it clean for next year's seed.

Canned products and eggs butter and fresh vegetables are paying the board of Edith Simmons, Huffman 4-H club girl in Harris county, while going to school this winter in Humble. Her schooling is due to her 4-H demonstrations, she says.

Pecans grown on cultivated land produce from 10 per cent to 15 per cent more than trees in pasture, J. M. Blackburn of Navarro county tells the county agent. Twenty-five acres of pecans in a cotton field plowed up during the plow-up campaign are bearing a much heavier crop than trees on uncultivated land, he states.

Minerals fed sows by 4-H club boys in Wheeler county are proving wonders to the dads according to the county agent who reports 179 farm boys raising club pigs.

Because she made and sold 250 cakes this year in the Home Demonstration Club Market in Sulphur Springs, Mrs. Roy Matthews has been able to purchase a new oil range.

Christmas Seals are the ammunition in the war against tuberculosis. The enemy is on the run, but is not vanquished. Tuberculosis is still the leading cause of death in the first decade of maturity.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well."
 "After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."
 Cardui is sold by druggists here.

Mr. and Mrs. V. G. FARM INCOME AND PAYROLLS GO HAND IN HAND SAYS WALLACE

"It is becoming more and more apparent that farmers cannot climb out of their trap unless laboring men at the same time climb out of theirs," declared Secretary of Agriculture Wallace in his Des Moines speech recently. "The job of agriculture is to increase its gross income from 5 billion dollars to 11 billion dollars within the next two years. And strange to say, the problem before the workers in the factories is exactly the same thing; namely to increase their total payrolls from 5 billion dollars to 11 billion dollars in the next two years."

"Since 1924, the income per year of these two groups have been almost exactly the same in dollars. As I studied this extraordinary relationship between payrolls and agriculture, I have reached the conclusion that the prices of grain and cotton tend to influence the payrolls, which in turn influence the consumption of livestock dairy and poultry products. In other words, agriculture is to some extent a cause and to some extent a result of the total payroll situation. They both act, interact, and react on each other, and I think it is foolish for either laboring men or farmers to claim that they are the all-important class. The really important thing to remember is that both of them have been hit a terrible wallop and that neither one can go very far in recovery without the other."

"Under the Agricultural Adjustment Act the Secretary of Agriculture is directed to restore farm products prices to fair exchange value at the earliest feasible moment. This is to be done by adjusting production to market requirements, and by paying benefits to farmers who cooperate in such adjustment. Farmers' income will be increased by the combination of benefit payments and the higher prices to result from a properly adjusted supply."

That Old Crazy Boy Says:

Your sole contribution to the sum of things is yourself.

The man who foolishly does me wrong, I will return to him the protection of my most ungrudging love; and the more evil comes from him, the more good shall go from me.

Success lies, not in achieving what you aim at, but in aiming at what you ought to achieve, and pressing forward, sure of achievement here, or if not here, hereafter.

What we can do for another is the test of powers; what we can suffer for is the test of love. How much do you love?

Some people are so painfully good that they would rather be right than be pleasant.

When love and skill work together expect a masterpiece—When the Devil and sin expect Hell.

Brutality to an animal is cruelty to mankind—it is only the difference in the victim.

The longer I live, the more deeply I am convinced that that which makes the difference between one man and another—between the weak and the powerful, the great and the insignificant—is energy, invincible determination, a purpose once formed and then death or victory.

GUESSES WRONG
 Local followers believe that Eldorado has little chance to take the Ozona Lions on the latter's field.—Sonora News.

Of course the above was a continued story, and the end can be written this week. We all sometimes guess wrong.

Eldorado had no idea of losing the Ozona game, not even at the half when the game stood 13 to 0. If you think so, ask Luke Thompson who went to Ozona to back the Eagles until the game was finished.

Mr. and Mrs. L. A. Crooks went to Eola Saturday with Mr. and Mrs. Perry Johnson, visiting, returning Sunday.

ASSEMBLY ON FRIDAY MORNING NOV. 24TH

"The Trial of Jimmy Slang" was put on Friday morning, Nov. 24, by the Freshmen and Sophomores of High School. This play was directed by Miss Allen and as you would imagine, was a good English play. It was a play representing the misuse of the eight parts of speech. The witnesses were the parts of speech themselves, telling about their mistreatment. Jimmy Slang was found guilty so help your grammar! This play was to promote the use of good English, and was put on in a very interesting manner.

Mr. Holt told us what happened that caused us to get a chance at Ozona again, and that was: Fredericksburg was drawn into the race making it a four-way race instead of three-way race. This caused us to draw Ozona to play there, and for Junction to play Fredericksburg at Junction.

Mr. Williamson, our worthy and noted Coach, gave us some points on how we can win the game Saturday. He said that if the town and school would be right there backing the team they would get in there and fight, and to be on their toes to get every break. He said that the team that knew what to do with the breaks when they got them, would get more than otherwise.

The Pep squad leaders then took charge starting off with 2, 4, 6, 8! Who do we appreciate, then giving "Yea Bo" and the "Victory Yell" ending with the "School Song." Everyone certainly made that old school

house ring, when they brought that "Yea Bo" out.

This is the second chapel program and Pep meeting that we have had this week in the auditorium.

END OF SECOND SIX WEEKS

By Inez Cobb

The report cards were issued Tuesday, November, 28.

The failing list was longer than it ever has been the fifth week, but the beginning of the sixth week it was shorter.

This six weeks has not been so successful as the first. Probably because school was new to us after three months holidays caused us to work harder, but we should try to do better each time.

These six weeks have passed very rapidly. We should try to improve the weeks before the Christmas holidays and make a better record than ever before.

THE ASSEMBLY PROGRAM WED. MORNING

By Slayton Skinner

The second grade class put on a very good assembly program last Wednesday morning.

It was about Thanksgiving. They danced many folk dances and sang folk songs.

In one of the dances the boys all came out dressed as farmers and sang a song while dancing. Taken all together it was a very good play.

JOKES

By Bill Smith

Mr. Holt: "But I couldn't give you enough work to keep you occupied."

Miss Ford: "You'd be surprised to know what it takes to keep me occupied."

John Alexander: "Waiter, have you forgotten me?"
Billie Williams: "Oh, no, sir, you are the stuffed calf's head."

Alton Page: "Well, all right, what shall I play?"
Imogene Evans: "Any thing you like. It is only to annoy the neighbors."

Jr. Isaacs: "Why do you play golf so much?"

Aris Carr: "It keeps me fit."

Jr. "What for?"

Aris: "Golf."

CAPTAIN ISAACS IS PRESENTED WITH FOOTBALL

It has been a custom for Junction to give a football to the team that wins when they play; so when Eldorado went down and beat Junction, Coach Bowers presented a new football to Captain, Isaacs. Our Captain of the Eagles was much pleased, and proceeded to write every player's name on it.

This ball is now on display in the trophy case in the high school study hall. The names on the ball are as follows: Junior Isaacs, Joe Turner Hext, R. J. Alexander, Gaylon Casey, W. B. Gibson, Jack Meador, Edward Butler, Billie Kerr, Aris Carr, Dee DeLong, Alton Page, Jack Shugart, Felix Susan, and John I. Jones.

THAT BI-DISTRICT GAME

The winner of Thursday's game between Eldorado and Junction will play the winner of district number 23. This schedule is arranged by the state office of the Interscholastic League at Austin. District Number 23 includes Gonzales, Lockhart, Zuling, New Braunfels, Prarie Lea, San Marcos, Seguin, and Yoakum. Information as to which of these schools in District 23 is leading has not been received here.

Mrs. Ben Hext and Mrs. Roy Howland made a business trip to San Angelo Friday.

A MAN'S THANKSGIVING

God of commonsense, I give Thee thanks for the heavy blows of pain that drives me back from perilous ways into harmony with the laws of my being; for stinging whips of hunger and cold that urge to bitter strivings and glorious achievements; for steepness and roughness of the way and staunch virtues gained by climbing over jagged rocks of hardship and stumbling through dark and pathless sloughs of discouragement; for the acid blight of failure that has burned out of me all thought of easy victory and toughened my sinews for fiercer battles and greater triumphs.

THIS FOR ME IS THANKSGIVING DAY.

For mistakes I have made and the priceless lessons I have learned from them; for disillusion and disappointment that have cleared my vision and spurred my desire.

FOR THIS I WILL GIVE THANKS.

For strong appetites and passions and the power they give when under pressure and control; for my imperfections that give me the keen delight of striving toward perfection.

HERE I MAKE MY DISCOVERY OF MANHOOD.

God of common good and human brotherhood, I give Thee thanks for siren songs of temptation that lure and entangle and the understanding of other men they reveal, for the weaknesses and failings of my neighbors and the joy of lending a helping hand; for my own shortcomings, sorrows and loneliness, that give me a deeper sympathy for others.

HERE I FIND LIFE WORTH LIVING.

For ingratitude and understanding and the gladness of service without other reward than self-expression.

THIS IS THANKSGIVING.

ECONOMIC HIGHLIGHTS

Happenings That Affect the Diner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

A not wholly unjustified tradition has grown up both here and abroad, that European diplomats are pretty smooth stuff and that American public men are so many babes in the woods when it comes to dealing with them. It's possible that that thought was in the mind of Russia's shrewd, experienced Litvinoff when he climbed the steps of the White House to confer with President Roosevelt over American-Russian recognition.

If so, Mr. Litvinoff soon became sadder and wiser. He found himself confronted by an excellent horse-trader—a suave polite horse-trader with a Harvard accent to be sure, but a horse-trader nevertheless. Where Mr. Litvinoff had announced that so far as he was concerned, the negotiations could be concluded in half an hour, he found them extending on thru the days.

Upshot was that the 16-year breach between two of the major powers was ended, with the United States on the long end of the deal so far as most of its demands were concerned. Points of the treaty include; Waiver by the Soviet of all claims growing out of the famous Siberian expedition of 1918; a guarantee against official Soviet propaganda in this country; another guarantee against the formation of any group designed to change the government of the United States; fair and prompt trials for Americans erring against Soviet law; guarantee of the free exercise of religious beliefs of Americans resident in Russia. Little mention is made of trade relations and details concerning them remain to be worked out.

First American Ambassador to present himself to steel-jawed, steel-eyed, steel-mannered Number 1 dictator of the world, Stalin, whose adopted name means Steel, will be William C. Bullitt, wealthy young Socialite, who has written a sophisticated novel satirizing Park Avenueites, a popular song or two, and has been the State Department's Russian expert. One of Mr. Roosevelt's bright young men, he was instrumental in bringing about recognition and is considered an excellent choice.

Colorful, dramatic, important bizarre—all these adjectives fit the November municipal elections. They demonstrated that the American people are still in a belligerent mood—as they demanded, and received, a change in National Administration a year ago, they demanded and received many changes in municipal administration. Main counts on which old machines were thrown out, were inefficiency, high taxes, graft.

Most important was the election in New York where fire-eater LaGuardie, who has earned a reputation as an erratic political genius, decisively defeated Tammany's O'Brien and the Recovery ticket's McKee. For the first time in 20 years the Philadelphia Republican machine was overthrown. Republicans won in Cleveland and Pittsburgh. Nowhere did partisan spirit seem strong; the demand was for a new municipal deal, and the cards were shuffled tirelessly.

Also important were proposals for communities to go into the power business. Public ownership advocates believed that government power development at Muscle Shoals would assure them sweeping victories. But when the votes were counted, results were mixed, and the expected landslide did not materialize—apparently the tax burdens involved caused the voters to turn away from increased municipal debts. Camden, New Jersey, which is already \$30,000,000 in debt, gave the city government permission to spend \$10,000,000 for a power plant, but this election was fought principally on the theme of unemployment relief, rather than government ownership. In a number of smaller towns public ownership mayors were elected; city light plants authorized.

On the other hand, Salt Lake City voted 2 to 1 against a light plant. San Francisco followed suit, as did Burlington, New Jersey, Cincinnati and Youngstown, Ohio, and various smaller towns.

When it comes to selling most commodities, woman is the deciding factor. She manages the best of all markets, the American home. The Administration, in its drive for higher prices, is faced with definite housewife protest against advancing costs.

The housewife speaks thru the figures. Department store sales, based on dollar value and not volume, have fallen steadily. Mrs. American had become accustomed to bargains; when they disappeared she stopped buying. To offset this, the government is intensifying its campaign to get more money into the hands of the public.

As for business in general, the picture is so mixed as to be impossible to depict accurately. Some businesses are up, some are down, and some are pursuing a sedate middle course. On the whole, industry is substantially better off than it was when the year opened, and heartening gains have been made in employment, wages, working hours, and in profits of many large corporations. The dark spot in the picture still is the farm situation.—Industrial News Review.

Almost twice as many girls as boys die of tuberculosis between the ages of 15 and 25. Tuberculosis associations are devoting special attention to this age group. Christmas Seals support their work.

The double-barred cross on the Christmas Seal is double-barrelled, too. One barrel shoots a message of cheer for the friend who gets the letter or package. The other shoots definite aid toward somebody who is in danger from tuberculosis.

THREE SCHOOL DISTRICTS

November 27th, 1933.
 To The Eldorado Success,
 Eldorado, Texas.

Dear Readers:

About a year ago a good friend of mine in the Rudd school district said to me, "Jones, what is this I hear about you trying to have some of our school district put into yours?" It just so happened that Jones had not had anything whatever to do with such an idea, and had heard about it only a few days before he was asked. I do not know just what had been done up to that time or how far anyone had gone in trying to arrange it. But anyway something had been tried and when it did not work it in some way got out that "Jones" had been trying to undermine the adjoining district! From some sources knocks are just plain bores,--so without tracing the origin of this rumor, we will say that it was not hard to show that "Jones" had not even known about it long enough to know what the idea was.

Later, some time last March or April, I believe, a community meeting was held at Mayer No. 2 school-house for the purpose, so I understand, of discussing the question of getting some more territory for our school district. I was told that there would be such a meeting, about two or three days before, but I explained that I would be unable to attend on account of a business engagement in San Angelo. I am very sorry that I was not able to be there, for I am sure that the discussions would have been most helpful to me and would have given me a better understanding of the local conditions. However I must have been there in spirit for when it was decided to appoint a committee to go before the County School Board, I am told that my name was suggested,--and that almost started a stampede. After quiet was restored a chairman was selected and he was to choose his committee.

At a meeting of the County School Board the Chairman selected was present to present the case. Others were present but I do not know who was on the committee. I was one of the guests and was there to see what it was all about. The president of the board was good enough to ask me if I had anything to say,--and for once I didn't, except that I was not on the committee and understood that the Chairman was familiar with the conditions.

As I understand the case, our school district is smaller than any of the others and the Chairman asked that the school board give us some territory from the Rudd school district and some from Mayer No. 1 district. Now if all three districts were on an equal basis except for the amount of territory I do not believe that this request would be unreasonable,--but we are not on an equal basis in other ways.

After some discussion the lady member of the county school board explained the matter in an excellent way by asking the Chairman something like this, "Now wouldn't it be right and fair for Mayer No. 2 school district to vote a twenty-five cent school tax first, the same as Rudd and Mayer No. 1? Then if that will not give you enough money for your school you could come before this board again and bring up this question of territory."

The reply from the Chairman of the committee from Mayer No. 2 school district was to this effect, "Well, you give us the territory we ought to have and then if we can not run our school on a ten cent tax we will vote a twenty-five cent tax." The board did not take action except to put the matter off until a later meeting, so that citizens from Mayer No. 1 and Rudd districts might be present.

Soon after the first hearing a friend of mine living in the Mayer No. 1 District said to me "Jones, I understand that you have been before the county school board trying to get some of our school district away from us." Bingo! Jones at it again! However I was present at the meeting and it was not so bad for this report to get out, even if I was not guilty of taking any part.

When the second meeting was held I was in the court-house

But I did not go to the hearing. This time I did not even want to make it appear that I was in sympathy with the system being used to attempt to take territory from adjoining districts. Trustees from Mayer No. 1 and Rudd districts were there but none of the trustees from Mayer No. 2 attended. The majority of the members of our local school board (at the time) did not take part in the proceedings. I hope that the residents of the adjoining districts will give Mr. Otto Ruff and the writer credit for that. If we were paying the same local school tax I do not think such a request would be unreasonable. (Although even in that case there are other things to be tried first.) But I believe that such a request was most unreasonable under the circumstances. (The county school board did not grant the request, of course.)

And here's our conclusion. This year I understand that Rudd and Mayer No. 1 are each paying their teacher \$75.00 per month. Mayer No. 2 has apparently agreed to pay \$90.00 per month for eight months. Our district is so poor that we go on record as having asked for territory out of adjoining districts. Two trustees were present at a community meeting where a Chairman was appointed to go before the county board and ask for said territory. Then these same two trustees (illegally, I believe) contracted with a teacher for \$90.00 per month,--while the districts that would have to give up the territory are able to pay only \$75.00 per month to their teachers!!!

Folks, I have taken the trouble to go over this because I do not believe that the majority of the residents of this (Mayer No. 2) school district would approve of the way the matter was presented, under the circumstances. I hope that the good people in our adjoining districts will understand that most of us want to play fair with them, and that we do not believe that it was exactly fair to ask them to give us territory while we

are paying a much smaller tax. Thanks for listening!
 Sincerely,
 H. Leslie Jones.

THE PARENT-TEACHERS ASSOCIATION MEETS

The Parent-Teacher Association met Tuesday, November 21, at 4:00 o'clock in the School Auditorium with Mrs. J. L. Neill, President, presiding. A program by the Third Grade consisted of readings, an operetta, and a song of thanks to the P. T. A. for the prize which had been awarded the room having the largest percentage of parents in attendance. Mr. Hollis accompanied by Mrs. E. C. Hill at the piano, gave a clarinet solo and a vocal solo. Mr. J. C. Smith discussed the subject, "Helping the Boy or Girl to Choose a Vocation," and Mrs. J. E. Tisdale spoke on "Helping the Boy or Girl to Prepare for a Vocation." The program was both entertaining and inspirational.

The Third Grade again had the highest percentage of parents in attendance. The prizes awarded this grade for winning in the two preceding meetings were two chairs to be used as the reading table. The same committee will choose the prize for this month.

The Association voted to purchase a few more yards of the cloth used in the stage drapes. This material is necessary to furnish the required fullness in the drapes.
 The next meeting will be on December 19. You are invited to attend.

LITTLE MISS HARPER CELEBRATES BIRTHDAY

(Reported too late for last week's issue.)

Little Miss Emily Ann Harper celebrated her third birthday Friday November 17, with a party at the home of her grandparents, Mr. and Mrs. D. E. DeLong. Fall leaves were used in decorating and candy turkeys and tiny tot handkerchiefs were favors.

Hot chocolate and cake were served to the following little guests: Mary Rebecca Muller, Worth Lawton, Joan Beare, Fatsy Ballew, Fbba Ann Finley, Neill and Johnnie Lee Dickens, Roy Davis and Nancy Lou Holt, David Williams, Howard Parker, Donna May Mullett, Melba Jean Meador, Helen and Beatrice Craig, Kathleen Crosby.

COUNTRY WOMEN'S CLUB

The Country Women's Club met Wednesday afternoon Nov. 22nd at the home of Mrs. F. B. Gunn, being yard demonstrator, each member carried cuttings and placed them in the cutting bed. Over 100 cuttings were planted. 7 species of plants and several different kinds of roses. Most of these cuttings came from Mrs. E. C. Hill's yard and the club appreciated getting them very much.

Several members were not present and the place of the next meeting was not decided. The hostess served nice refreshments and the meeting adjourned.

Reporter.

We regret to learn of the serious illness of our friend the Rev. L. Allen Holley, who has been in a San Angelo Hospital for the past two weeks. He is suffering from a tumor on the brain and is in a serious condition. We learn from friends who visited him Tuesday that he was being sent to his home in Louisiana. The Success regrets to hear of his serious illness and only hope that he may yet recover fully.
