A VACATION AT HOME

For those who have been unable to take a vacation during the summer, the Baltimore Sun suggests that it is not yet too late to have all the thrills of a summer resort right at home. Here is how it may be done:

Move into the smallest bedroom in your house; if possible one immediately over the kitchen.

If your bed is soft and downy, put a couple of bricks in it.

Dig a hole in the garden, get into it and cover yourself up to the neck. When you get tired of this diversion wash yourself off with the garden hose.

Don't have any clothes washed for two weeks.

If you wish to take a quick nap in the afternoon, put a radio next to your bed and turn it on full blast.

In the evening, remove the screens from the bedroom windows so that the mosquitoes can get in to you.

Go up to the roof and expose yourself to the sun until you are nicely burned. Then take whatever exercises will make you stiff and sore.

When you have wearied of all this and wish to return to a normal life, send yourself a bill for \$20 to \$25 a week and don't forget to give a nice fat tip to the cook.

YEA TEAM FIGHT!

Soon the rousing cheers for the football team will be heard, not just in Eldorado, but over all of the United States. Many teams will match their ability on the gridiron—the battle ground of athletics.

These cheers will mean a lot to those players. In many instances it's the enthusiasm of the crowd that determines whether or not a certain team wins the victory.

And so it will be with the Eldorado High School team this year. We don't mean that cheers and cheers alone, will win a football game—it's not just the cheers that mean so much to an individual player, but the knowledge that the students, teachers, business men and parents are behind him.

Coach Bynum tell us that Eldorado's chances for a winning team are very good. With some 40 players out for regular workouts, we have plenty of good material, and the boys are going about their work with more than usual earnestness.

So it behooves us to get behind these boys. Let's send them into the games with boosts, not with knocks; with encouragement, not with criticism. When we do this, we'll find that the boys are just a little more anxious to get in there and do their best for Eldorado.

COOPER DRILLING 4,050

John Mr. Cooper's No. 2 Bert Page, Schleicher County wildcat in the southeast quarter of section 40-L-GH&SA, had drilled Monday to 4,050 feet in blue shale. Tex-Tor No. 1 Judkins & Spencer, in the center of the southwest quarter of section 33-A-A&B, was underreaming 8 1/4 inch casing, bottomed at 2,640 feet in lime.

Conner Attends Liquor Board Meet Held At Angelo

CHIEF SUPERVISOR GIVES AIMS OF BOARD FOR LIQUOR CONTROL

Sheriff O. E. Conner of Schleicher county was among the 20 law enforcement officers who attended the meeting last Friday of officers and liquor inspectors in San Angelo. The purpose of this meeting was to discuss means of control in this area.

The conference was capped with a chicken dinner on Friday night, with the liquor board serving as host and Mayor Dorsey B. Hardeman as toastmaster.

The Texas Liquor Control Board is intent upon taking bawdy houses and other places obnoxious to public morality out of the beer and liquor business, C. A. Paxton, chief supervisor of enforcement said.

Paxton emphasized opportunities given the board and its inspectors to proceed against such places under the amended law which goes into effect Sept. 1. Inspectors stationed in 100 cities are being instructed to work hand in hand with local officers in the gathering of evidence to support suspension and cancellation of licenses.

The new law strikes at misconduct in beer vats by empowering the board to suspend the permit of any place for a month where a breach of the peace has occurred. No appeal to the courts is to be allowed in such cases, according to the act, Paxton said.

Progress Made On Lamb Auction Sale

Members of the Schleicher County Sheep Sales Service report that splendid progress is being made toward the first annual lamb auction sale. This sale will be held on Wednesday, Sept. 22, beginning at ten o'clock.

Those in charge of receiving consignments state that approximately 17 carloads of lambs have been consigned for this sale. Arrangements are being made to take buyers to various ranches, should they desire to purchase lambs in smaller quantities.

Reports coming to the county agent's office are that several hundred lambs will be purchased for 4-H Club purposes over the state.

A large crowd is expected in this county for this first annual sale, and this is expected to be a means of advertising Schleicher county lambs throughout the entire state.

ISAACS TO COACH TEAM AT MENARD

Conn Isaacs, son of Mr. and Mrs. Ben Isaacs, and a former Eldorado High School football player, has been appointed principal of the Menard High School, where he will also coach athletics. Isaacs succeeds Dave Williamson, who has been elected superintendent of the Eldorado High School.

Mr. Isaacs has served as athletic coach at Paint Rock for the past two years.

Speaks To Judges

Everett Looney, above, of Austin, former assistant attorney general, was the principal speaker at a meeting of West Texas county judges and commissioners at Abilene last week. He spoke on the abolition of state ad valorem taxes, saying that the abolition of state property tax is the greatest tax reform need in Texas today.

School To Hold Opening Exercises Monday Morning

Opening exercises for the 1937-38 term of the Eldorado Public Schools will be held next Monday morning, beginning at nine o'clock, it has been announced by Dave Williamson, superintendent.

The program for these exercises has not been completed, but Mr. Williamson stated it will consist of several musical numbers, talks by the pastors of Eldorado and introduction of the teachers.

Immediately after the program, resignation of students will begin. Grade school students will go to their home rooms for registration, while the high school students will report according to the following schedule:

Seniors at 10 a. m.; juniors at 11:00, sophomores at 1:00 p. m.; and freshmen at 2:00 o'clock.

All parents and patrons are cordially invited to attend the opening exercises, and start the year off by pledging their support for the advancement of the local school.

Lions To Sponsor Eye Examination Of School Children

Plans are now under way to have eye specialists come to Eldorado to examine the eyes of all school children. This movement is being sponsored by members of the Lions Club.

A committee composed of J. Carlton Smith, N. P. Wilkinson and C. S. McKinney has been working on plans to sponsor these examinations. As soon as plans are completed, further announcements will be made.

DR. MOORE TO RETURN ON SEPTEMBER FIFTH

In a recent letter from Dr. L. J. Moore, who is in Dallas, he stated that he will return to Eldorado on Sept. 5th to finish up his work here.

"Dr. Ramsey will take over my office for the coming month," Dr. Moore said, "and will have charge until I can get away from here."

NEGRO PLEADS GUILTY TO CHARGE OF OPERATING PUBLIC NUISANCE

Dick Fay, negro whose place was raided some two weeks ago, pleaded guilty to a charge of "operating a public nuisance" in County Court last Monday.

The only testimony introduced in the case was that of Mr. Mercer, inspector from the State Liquor Control Board. No evidence was produced.

County Judge C. S. McKinney fined the negro \$1.00 and costs, a total of approximately \$20, it was stated.

"Neolctress" New Name To Take Place Of "Housewife"

Abilene, Tex., Sept. 1. What is believed to be the first concerted effort in the nation to eliminate from popular usage a name the majority of women resent, "housewife," today had resulted in the substitute word, "Neolctress."

It was defined as meaning "a modern home maker alert to this new electric age" and had the approval of Dr. Charles E. Funk, noted lexicographer of New York, who selected it from more than a thousand substitute names submitted in a campaign conducted by the West Texas Utilities Company over its 40,000 square-mile territory.

Mrs. Ben D. Parker, Abilene woman and a dog fancier, submitted the word. N-e-o, she pointed out, means "new." L-e-c-t-r-e-s-s, she said, suggests feminine usage of electricity.

The campaign was based on the theory that the word "housewife" has become obsolete due to the improved status of women.

"It is true," Dr. Funk said in announcing his selection of neolctress, "that the facilities for the effective management of the home have, within the past few years, become so notable as to remove—let us hope, forever—much of the ceaseless drudgery formerly a concomitant of that necessary field."

Leslie Jones Fails To "Clear" Fence And Plane Is Damaged

H. Leslie Jones, Well known airplane enthusiast of this county, came to Eldorado by air last Saturday, piloting his own plane. Mr. Jones was unable to locate Eldorado's airport, mainly because Eldorado doesn't have one, so he "set her down" on Clyde Keeney's place.

Presently he decided to take off again but while in the act of "getting her in the air" the plane failed to clear a fence and the flight was abruptly ended. Jones was none the worse for his experience, but the plane was damaged to the extent of about \$200 it was stated.

Jones got in touch with a party in San Angelo who came to Eldorado, patched the plane up and piloted it back to San Angelo for repairs.

For Governor?

Increasing discussion is being heard throughout Texas of the possibility that Karl Crowley, above, of Fort Worth may enter the race for Governor of Texas in the 1938 Democratic Primaries.

One of the original Roosevelt men in Texas, Mr. Crowley was active in swinging the Texas delegation for the President at Chicago in 1932.

Epworth League Organized Sunday At M. E. Church

Young people of the Methodist church met last Sunday evening and completed the organization of the Epworth League. The League has not been meeting during the summer months, but there's lots of enthusiasm among present members and regular meetings will be held each Sunday evening at seven o'clock.

Attendance is expected to increase materially upon the opening of school. Interesting programs will be rendered, and all young people are cordially invited to attend. League work is under the direction of Mrs. J. W. Leggett.

Officers elected last Sunday are as follows:

President, Beatrice Wright; Vice-President, Genevieve Ramsey; secretary and treasurer, Ernestine Finnigan; program committee, Mary Cloud, Jack Rounds and Ora Davis; recreation committee, Earl Bryant, Doll Weatherly and J. W. Leggett, Jr.

NEW BOOKS ARE RECEIVED HERE FOR COUNTY SCHOOLS

A large number of new and up-to-date text books were received here the first of this week, to be used in the rural schools of Schleicher county.

C. S. McKinney, county superintendent, stated that all old, out of adoption books had been returned to the state department, and these are being supplemented by new ones. The books ordered are those that are required in the Eldorado grade school, and these same text books will be used throughout the county.

"It is our intention to always keep these books up to date," McKinney said, so that a more uniform course of study will be taught throughout the county."

Mr. and Mrs. J. Carlton Smith moved their household goods to Abilene last Wednesday. The Smiths also left this week for Abilene to make their home.

Margaret Stewart Succeeds Miss Bowen As H. D. Agent

Miss Margaret Stewart of Henrietta, Clay County, Texas, is succeeding Miss Frances Bowen as home demonstration agent of Schleicher county, according to a wire received from Miss Kate Adele Hill, district agent, last Friday.

Miss Bowen who has been away on her vacation, has tendered her resignation, and this change is expected to take place in the near future.

Miss Stewart comes to Schleicher county with several years of experience in home demonstration work. She is highly recommended both by Miss Hill and by the Extension Department.

"Miss Stewart has a degree in home economics from the Southwest State Teachers College at San Marcos," Miss Hill writes, has taught in rural schools, and has been home demonstration agent in Clay County successfully for more than two years. She was brought up on a small ranch in Blanco County and under- (See No. 3, Last Page)

NORMA LYNN HODGES WINS THIRD PLACE IN DISTRICT CONTEST

Miss Norma Lynn Hodges, local 4-H Club girl who won first place in the county bedroom contest, was awarded third place in this district, according to an announcement made recently.

Winners in the district contest were to have been announced at the annual A. & M. Short Course had it not been postponed. Norma Lynn is very active in club work, and she is to be congratulated upon winning this distinct honor.

STREET LIGHTS ARE BURNING; MOVEMENT IS SPONSORED BY LIONS

A committee from the Lions Club has been working on getting the street lights of Eldorado turned on at night for some time. Last Saturday night, they were turned on and folks could "find themselves" in Eldorado once more.

Many citizens have expressed the hope that these lights will be used, especially during the fall months. Members of the committee, of which H. B. Rees and W. O. Alexander are members, will get in touch with the City Council and Commissioners Court to see if they will assist financially with this expense.

MEETING TO BE HELD AT PRIMITIVE BAPTIST CHURCH

Announcement of a 3-day meeting at the Primitive Baptist Church has been made this week by members of the church.

The meeting will begin on Friday, Sept. 17, and will continue through the following Sunday. Bro. Charlie Richards, pastor, and Bro. Clyde Woods, both of Santa Anna, will be in charge of the services. The public is cordially invited to attend.

Mrs. Fred Watson and children, Gloria and Elaine, are visiting relatives in Luling this week. They will return home Saturday or Sunday.

TEN COMMANDMENTS FOR CAR DRIVERS

1. Thou shalt keep "safety first" ever before thee.
2. Thou shalt not make of thyself a dangerous nuisance, nor the likeness of anyone that grabbeth the road beside the road ahead and cutteth in and out of the line.
3. Thou shalt not take the laws of the state in vain for the

cop and the judge will not hold him guiltless that taketh the laws in vain.

4. Remember thy breaks and tires and take curves slowly.
5. Honor the red lights and the green lights that thy days may be long in the land which the Lord thy God hath given thee.
6. Thou shalt not kill.
7. Thou shalt not stop abruptly.
8. Thou shalt not steal—past a street car loading and unloading.
9. Thou shalt not flash big lights against thy neighbor.
10. Thou shalt not shove it, thy neighbor's car, nor his fenders, nor his bumpers, nor his glass, nor anything that is thy neighbor's.

LIFE AFTER FORTY

Life may begin at forty, but for some people with neglected teeth it is an age of disease and poor health, says a current bulletin by the Dental Institute of America, which reminds us that youthful bodies have great resistance to physical ailments, but by forty there is frequently little reserve to draw upon against long established infection.

Much of the ill health of middle age may be traced to poor dental care in early life, a leading medical scientist recently declared.

Saving the teeth means both

retaining good looks and repelling disease. Rheumatism, stomach trouble, kidney disturbances and heart disease are often directly traceable to infected teeth that could have been preserved by regular dental supervision in early life.

Dental infections are acute, sub-acute and chronic in character, the same authority explains. The acute, while probably most painful, is the least dangerous because it is seldom overlooked.

The sub-acute, and more often the chronic forms, are considered most dangerous. Their symptoms are often hidden deeply beneath the surface and disclosed only by the X-ray.

A clean mouth, with sound teeth, is a bulwark against disease. Proper care of the teeth from babyhood is essential to preservation of good health for the years after forty.

EXERCISE OVERDONE

Improper exercising is a very common cause of impaired health during the hot weather months, according to Dr. Robert A. Fraser, chief medical director of a leading life insurance company, who recently said:

"The best time to stop exercising is before you have had enough. Leave the golf course,

tennis court or swimming pool with the feeling that you would like to stay longer, and you can be sure that you have not overdone. This rule applies to all forms of recreation or exercise, and should be followed by people who are on their vacation as well as those who are taking their exercise after working hours."

The important thing to avoid, in the doctor's opinion, is the tendency to turn the play period into an endurance contest. The grim-faced individual intent on another eighteen holes of golf; the perspiration soaked, half exhausted tennis player determined to finish an extra set; performances like these destroy the very purpose of exercise, which is to build and tone the muscles and which cannot be accomplished by over-doing.

"Those who go on vacation," Dr. Fraser stated, "should shift gradually from a sedentary routine to one of active exercise. The heart and muscles are not prepared for the sudden strain of stepping from a quiet, inactive existence into one that calls for thirty-six holes of golf or five sets of tennis. Such a change is foolish and dangerous."

Humble To Sponsor Football Broadcasts

It was announced today that the Humble Oil & Refining Company, sponsors of broadcasts of Southwest Conference football for the past two years, will again sponsor these broadcasts during the 1937 season.

The broadcast will be over an extensive network of Texas stations, so that followers of Conference football in all parts of the State will be able to follow their gridiron favorites without difficulty.

Due to the 10-game schedule adopted by the Conference this

FAMOUS COMPOSERS APPEAR IN FIESTA FREE ATTRACTION

Fort Worth, Aug. 18.—Melody Lane, starring the composers of the greatest song-hits of yesterday, is now offered as a free attraction at the Fort Worth Frontier Fiesta.

Think of hearing "Sweet Adeline" sung by a quartet consisting of Harry Armstrong, who wrote the immortal song; Joe Howard, composer of "I Wonder Who's Kissing Her Now"; Phil Baxter, "Piccolo Pete," and J. Russel Robinson, "Margie." This is just one of the highlights in Billy Rose's sentimental show with its circle of eight grand pianos and a white piano in the center where the composers, one by one, play their great songs. Some of the composers sing and the other melodies are sung by Bess Coughlin, "songbird of the Southwest," and Charles King, star of the great motion picture, "Broadway Melody."

Melody Lane has been one of the most popular shows on the grounds and, now that admission is free, even larger crowds are expected to enter the huge circular red building, with a seating capacity of 3,500. There will be three performances nightly. Melody Lane succeeds Flirting with Death as a free attraction.

Composers—besides Armstrong, Howard, Baxter and Robinson—are Vincent Roe, who wrote "Av-alon"; Ernie Burnee, "Melancholy Baby"; David Guion, "Home on the Range," and Euday Bowman, "Twelfth Street Rag."

AN OUNCE OF PREVENTION

The easiest and surest way to enjoy the distinction of living to a ripe old age is to properly care for that God-given mechanism—your body. There are no spare parts for sale at bargain counters. When one of your vital organs fails prematurely, through neglect or hard use, you're finished. With the blessings of modern medical science that now exist, there is little excuse for this happening.

Recently a company, in its advertising, stressed the importance of taking the tuberculin test. This little test adequately proves the soundness of the old adage that "an ounce of preven-

tion is worth a pound of cure." You should make it your business to investigate the tuberculin test and protect yourself and your children with it.

VISIT IN ARKANSAS

D. C. Hill and daughter, Miss Militia, are spending a week or ten days in Hot Springs, Ark. From there they expect to visit points in East Texas, returning to Eldorado about September 8.

Mrs. R. D. Holt and daughter of Sanderson visited friends in Eldorado during the first of this week.

Elsie Mae Susan, daughter of Mr. and Mrs. Felix Susan, is visiting her grandmother, Mrs. R. A. Lindemann, and other relatives in San Angelo this week.

Mrs. R. A. Lindemann, Mr. and Mrs. J. B. McManus and Miss Marie McKinsie of San Angelo visited in the home of Mr. and Mrs. Felix Susan last week-end.

Mr. and Mrs. J. W. Walker and son, J. Werring, Jr., of Plainview were guests in the home of Mrs. Walker's parents, Mr. and Mrs. D. C. Hill, over the week-end. They were returning from a vacation in New Orleans, Houston and other points.

Mrs. W. H. Day and children of Bay City are spending the week with Mr. and Mrs. R. J. Page.

Mr. and Mrs. J. Carlton Smith were business visitors in Abilene the latter part of last week.

Fred Esposito, jailed in a New York prison, claims he is the first man ever to be grateful for a toothache. Because of it he leaves the prison twice weekly to visit a dentist.

Don't grieve because others are not like you.

Announcement of Organization of Texas Scouring and Wool Manufacturing Corp.

TO THE WOOL AND MOHAR GROWERS:

Within the experience of many of us, the matter of the erection of a wool scouring plant in our midst to scour the refuse from wool, instead of paying freight on such refuse to a scouring plant in the East, has been agitated.

Actions is what counts, so there has been incorporated the above corporation for the purpose of building a scouring plant at Del Rio. The incorporators are former wool growers and know from experience our troubles.

We have investigated and find the following, as a basis for our action:

1. Scoured wool will bring sufficient increased price to absorb the refuse weight, and give from three to five cents per pound more as an average to the grower. This, by reason of the use that will be made of the refuse, and the fact a ready market exists for all the wool we can scour. This market, we are reliably informed will be local at a better price, than to the spinners in the East.

2. It is an economic waste to pay freight on this refuse, or wool in the grease, to the East and pay for operations resulting in finally dumping the dirt, when if we scour at Del Rio, the dirt will be dumped without a heavy

freight and other charge attached, that has to be loaded on the scoured product, which is taken into consideration when the wool in the grease is bought from the growers.

3. The charter of this corporation will permit the operation of a plant to convert the grease into products that have a ready market at a good profit; and also a plant to spin the yarns from the scoured wools, but first we are determined to build the scouring plant with your co-operation.

The office of the Company has been fixed as in the office of Mr. John Long, Del Rio, Texas. We want you to write us a letter and say if we can expect your co-operation if it can be shown to your advantage as a grower. One of the undersigned will try and see you in person, but in the mean time write us a letter and tell growers of your section who we may not be able to send a copy of this announcement.

Yours truly,
W. K. Shipman, President
L. D. Murray, Vice-Pres.

Missionary Ladies Hold Fifth Monday Federated Meet

The Eldorado Federated Missionary Society met in regular fifth Monday session last Monday at the Methodist church. Methodist ladies were hostesses, and the program was rendered by the Presbyterian ladies.

Mrs. W. E. Eaton, president, was in charge of the meeting. "Faith of Our Fathers" was sung by the congregation as the opening hymn, which was followed by a prayer led by Mrs. J. A. Whitten. Minutes of the previous meeting were read and approved.

Mrs. Eaton was in charge of the devotional, using the 20th chapter of Exodus. Mrs. N. P. Wilkinson gave a very interesting talk on "Putting the Bible in School." This was followed by a discussion on teaching Bible in the local school, and a motion was made and adopted to appoint a committee to look after this.

The closing hymn was "Open Mine Eyes That I May See," and Mrs. Eaton closed the meeting with a prayer. After adjournment, refreshments of cake and punch were served to the following members and guests:

Mesdames O. E. Conner, S. P. Murchison, W. N. Ramsay, R. O. Smith, J. S. Hudson, W. T. Whitten, T. W. Johnson, Cora Putman, D. E. DeLong, G. A. Neill, John Williams, Truett Stanford, J. E. Jury's Verdict Favors Jackson In Suit Monday

A County Court jury brought in a verdict in favor of Edwin Jackson in the suit, A. D. Richey vs. Edwin Jackson, last Monday. The plaintiff was suing for a grocery debt said to have been made by Jess Washington, negro, in 1935, the negro at that time being employed on the Jackson place.

When the case went to the jury, it received the following charge: "Do you find from preponderance of the evidence that the groceries in controversy were delivered on an agreement of Edwin Jackson to see they were paid for?" The jury's answer to this charge was "no."

Members of the jury were: Perry Johnson, foreman; A. J. Burk, Chas. Mund, Pete Whitley, R. C. Edmiston and Jim Griffin. Plaintiff has entered a plea for a new trial, it was stated.

COUNTRY WOMEN'S HOME DEMONSTRATION CLUB MET WEDNESDAY

Points of Good Grooming were given by Mrs. Claud Alexander, cooperator, to the country Women's Home Demonstration Club in her home on Wednesday Sept. 1.

JAMBOREE TOAD DIES OF A BROKEN HEART

A Scout from the Concho Valley Council sold a New Yorker a Horned Toad at the National Jamboree. The Yonkers Scoutmaster prized the representative of West Texas highly and showed

it to all of his friends. He became quite attached to his Jamboree Souvenir, which was a constant reminder of the great southwest.

In a careless moment, he left the prized pet on a window with a southern exposure. There the toad died, apparently of the intense heat.

The Scouts of the West Texas are quiet sure that it was not the intense heat but the longing for the sunshine and mesquites of West Texas that caused his untimely demise.

The New York Scoutmaster was so attached to his pet that he has requested the Scouts in the Concho Valley Council to send him a more sturdy-hearted toad.

SELF CULTURE CLUB HOLDS SPECIAL MEET TUESDAY AFTERNOON

Responding to a call from the president, thirteen members of the Self Culture Club assembled at the home of Mrs. C. C. West on Tuesday afternoon. Year books for the ensuing club year were distributed.

The subject of the course is "Miscellaneous Topics" and this promises to be a very interesting study. Days were assigned for work in the library.

A salad course was served to the following: Mrs. Reuben Dickens, Mrs. Edgar Spencer, Mrs. W. M. Davis, Mrs. Jim West, Mrs. O. E. Conner, Mrs. Bill McSwane, Mrs. Joab Campbell, Mrs. Palmer West, Miss John Alexander, Mrs. John Williams, Mrs. Richard Cheatham, Mrs. Gordie Alexander and the hostess, Miss Pauline West.

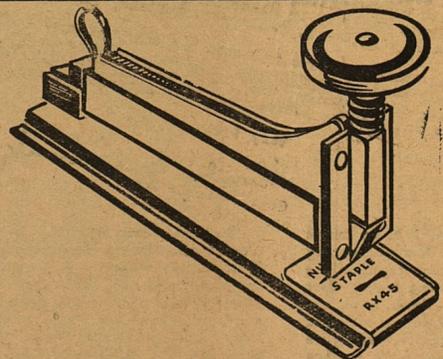

Present also were Mrs. W. L. Teague, a guest, and Mrs. C. C. West, honorary member.

A Snaky Story

Down in the Valley it located probably the largest snake ranch in the world. "Snakeville" is operated by W. S. "Snake" King, one of the foremost collectors of reptiles in the United States. He supplies large museums and parks both here and in foreign countries with rare specimens. Most of his pets come from Mexico. He sells them by the pound, the price varying according to rarity and condition. In his lifetime he has handled nearly three hundred thousand snakes.

Jack Hext left last Friday for San Antonio, where he entered football practice at St. Mary's University.

Lum Burk and family have returned to Eldorado from Brady to make their home here.

NOBODY'S BUSINESS
BY JULIAN CAPERS, JR.

Austin.—On the eve of two or more special sessions of the 45th legislature, called primarily to raise more tax money, there is accumulating evidence thruout Texas that with the passing of the depression emergency, the people of Texas are inclining strongly toward a return to sanity in government. Legislators have been home and talked with the home folks. They have been reading the home newspapers. An able senate committee, with Holbrook of Galveston, Collie of Eastland, and Stone of Brenham, has been doing a yeoman service in digging into governmental waste and extravagance, and will have some pertinent recommendations to make to the legislature. Several special groups, including the All-South Development council, have been urging a taxation "breathing spell" so that business may resume activity, and new industrial enterprises be attracted to Texas.

Col Ernest O. Thompson, a leading candidate for governor next year, has sounded a bold note by declaring that no new taxes are needed, and claiming that a little encouragement to new industry will develop business, and thus yield more revenue from existing imposts, than the strangling process of hiking existing taxes or thinking up new ones to drive business away.

Committee Is Convinced

The senate investigating committee has found some surprising things about appropriations for the departments, in a hurried inquiry. Apparently, many members of the legislature, voting for the biennial appropriation bills during the final rush of the regular session, did not even know what was in the bills. Departmental expenditures were hiked as much as 200 and 300 per cent over previous years. Some departments even got more money than they asked for. Salary adjustments were highly inequitable, ranging from 5 to 60 per cent in some cases. The committee will recommend some revision of these extravagant appropriations, but is not altogether hopeful of getting favorable action.

"I have found out enough to know that I am not going to vote for any new taxes. We can largely wipe out by diligent effort in collecting delinquent taxes," said Sen. Stone. He cited one department whose expense jumped from \$5000 to \$70,000 since 1930, without any additional duties imposed on it by statute. The committee found that another department's expense had upped from \$250,000 to a million and that costs of collection special taxes ranges all the way from 2 per cent to 17 per cent.

"There isn't any doubt that the cost of government can and should be reduced. It may never be possible to reduce the present cost, but we certainly don't want it to grow," remarked Holbrook.

In this connection, there is a strong movement under way to

postpone passage of enabling acts to put into effect the constitutional amendments adopted last week for state aid for dependent children and needy blind persons until the next regular session. The intervening time should be used, some legislators say, to study carefully existing law on these subjects in other states. They point out that with hastily drafted legislation, rushed thru a special session, the cost of either project might skyrocket to totals exceeding the old age pension costs, which under a hurriedly enacted law now cost the state about \$10,000,000 a year.

What They Say

Here are some typical expressions from influential members of the legislature:

Sen. Clint Small, Amarillo—Schools, highways, departments and pensioners are getting plenty, and as to the deficit, why destroy such a valuable checkrein on spending? We have no serious complaints now, but new tax burdens would bring a flock of them.

Rep. Dallas Blankenship, Dal-

las—"There's no occasion to levy additional taxes before the regular session of 1939. We ought to give John Taxpayer a two-year berating spell."

Railroad Commissioner E. O. Thompson—"Encourage industry instead of scaring it off with steadily mounting taxes, and the resulting expansion will take care of revenue needs."

Rep. Augustin Celava, Brownsville—"Reduction of governmental cost is the only answer."

Rep. B. T. Johnson Fort Worth—"Revenues are increasing rapidly due to improved conditions. . . This prosperity should not be hindered by punitive taxes. New taxes are entirely unnecessary."

Rep. Alfred Petsch, Fredericksburg—"Being some 10 millions in the red was a life-saver to taxpayers. Otherwise the last legislature would have appropriated 50 millions more than it did, and even then it exceeded the speed limit. Let the deficit stand as a safety valve."

Similar expressions from Sen. Collie, of Eastland, Reps. Vernon Lemens, Rainbow, Rawlins

Coiquitt, Dallas, Merrit Gibson, of Longview and others indicate the widespread sentiment. Even Rep. Herman Jones, of Decatur, author of the franchise tax bill last session, which was defeated, now says "We don't need as much money as we thought at first."

Against this sentiment might be named Reps. G. C. Morris of Greenville, Edgar Keefe, of Palestine and Marvin London of Montague, constituting a committee studying rural school aid, who favor a 4 per cent oil tax and increased natural resource levies. Then there are members of the pension liberalization bloc, who are committed to raising some additional pension revenue.

Stone Suggestion

Sen Albert Stone has conceived a clever scheme to divert the "heat" from the pension partisans from the state to their local county officials. He advocates legislation to turn over the state's share of all delinquent taxes collected during the biennium to the old age pension fund. If that were done, the folks who want

some pensions, or more pensioners might build a fire under some county tax collectors to go after the folks who don't pay their tax bills. They're all up for re-election next year, and very sensitive to the demands of the voters right now.

FIRST PRIZE
Super-Duty Frigidaire
Mrs. Ben D. Parker
of Abilene
(See Photo Right)

Happy but almost speechless was Mrs. Ben D. Parker, 2126 Grape Street, Abilene, when shown the super-duty Frigidaire her entry in the "name-a-housewife" contest had won. "I need it, too," she told Harold D. Austin, who made the presentation. Thoughtful of Mr. Austin, who sells the refrigerator, she obligingly added: "Every woman needs a Frigidaire!"

Advertising Manager
West Texas Utilities Co.,
Abilene, Texas.

Dear Sir:

The purpose of the contest that your Company arranged is one that should appeal to every American woman, for it is true that the facilities for the effective management of the home have, within the past few years, become so notable as to remove -- let us hope, forever -- much of the ceaseless drudgery formerly a concomitant of that necessary field. Science and invention, I am sure, will shortly find ways to eliminate the few remaining onerous duties. It is, therefore, indeed high time that the term formerly synonymous with household drudgery be relegated to the limbo of forgotten things.

Accordingly, I have examined with the greatest interest all the entries that you sent me by airmail. I can not be certain, naturally, that any of them would become the one term that will be received by American women as a permanent and acceptable substitute for the outmoded term housewife. I think, therefore, that your plan to offer a selected list of prize-winning terms is the wise procedure, thereby suggesting possible lines which may lead to a term -- perhaps altogether new -- that may be generally accepted.

I regret that a great many of the entries seemed to me altogether too flamboyant and fanciful for even brief consideration. Others, tho the contestants may not have realized it, were terms already employed in our language with far different meanings. Others were altogether dependent upon the correct pronunciation for their significance.

My search for the winner of the contest led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity. This word I found in **Neoelectress**, coined by Mrs. Ben D. Parker, of Abilene, Texas.

For second choice, I have selected the entry of Mrs. F. B. Probandt, of San Angelo, whose word is **Domestician**. My third choice is the entry of Mrs. W. B. Bourland, of Oklaunion, whose word is **Homeologist**. The remaining selections, in the order of my preferences, are attached hereto.

Very truly yours,

Charles Earle Funk
Charles Earle Funk.

Do you like "Neoelectress"? N-e-o means new. L-e-c-t-r-e-e-s has the feminine ending and suggests electricity. Taken together, the word suggests a modern home maker alert to this new electric age. Dr. Funk, in his letter, says "the chief agency in the relief of household drudgery is electricity." Thus, we define "neoelectress" as meaning "a modern woman freed of kitchen drudgery by Electric Servants." The name is being copyrighted with that definition.

The contest was successful because it attracted attention to the improved status of West Texas women. A thousand women specifically said they dislike the name "housewife." However, it is more difficult than we at first thought to find a suitable substitute. But we like "Neoelectress" better the more we think about it. We hope you will. To all entrants we express sincere gratitude for their help. We only wish there could have been prizes enough to go all the way round!

"THE REST OF THE RECORD"

BY JAMES V. ALLRED
Governor of Texas

Several months ago, when the industrial North and East were paralyzed with sit-down strikes, I issued a statement that we were not going to have any confiscation of property in that fashion down here in Texas. I said I was convinced that the sit-down strike method did not represent the desires of an overwhelming majority of organized labor in our State; and that while I was and had always been friendly to organized labor, it was "un-American and unlawful to sit down on somebody's property and try to remain there." If a man wants to quit a job, or strike, he has a

perfect right peaceably to do so; but after quitting he has no more right to sit down on property or premises without permission than he would have to sit down in a private home uninvited.

The people of Texas approved of my statement because it represented the sentiments of an overwhelming majority of them. We haven't had any sit-down strikes in Texas and have had very little labor troubles as compared to other states.

Now another unfortunate situation has developed. Recently in Dallas a man who was trying to show a pro-labor picture in a public park was kidnapped and taken out into the country by a bunch of hoodlums who tarred and feathered him. Another labor organizer was kidnapped and beaten so brutally that he was laid up in the hospital for over a week. Other outrages of a lesser nature were perpetrated and threats were freely being made as to what was going to be done with labor organizers.

Everyone concedes that labor has a right to organize and to select organizers and leaders of their own choosing. The freedom of speech and the right to assemble peaceably are guaranteed by both State and Federal Constitutions. The brutal treatment accorded these men in Dallas is indefensible. I recall a few years ago when the unfortunate Ku Klux epidemic broke out and many men were taken from their homes at night and flogged because they had violated the laws. The people of Texas rose up in their might and took the position that even if a man had violated the law he was entitled to trial in a courthouse and not in a creek bottom. Today it isn't even claimed that the men who were kidnapped or tarred and feathered were violating any law. All that was said by those who perpetrated the outrages was that the men belonged to the CIO. It isn't a violation of the laws of our country for these men to belong to the CIO, regardless of what we may think of that organization.

In my opinion, it is just as important to protect people from outrages of this kind as to prevent the taking of property from the rightful owners by the sit-down strike or other unlawful method. Because I didn't want to see the thing get started again in Texas I immediately sent twenty-five members of the State police to Dallas with instructions to protect men in their right to speak freely and to assemble lawfully. These officers are instructed not to take sides in any controversy but simply to prevent violence on either side.

I was surprised to get a bunch of inspired telegrams apparently approving the treatment given these organizers because, the

telegrams said, they were members of the CIO. I don't care to what organization they belong. If they violate any law they ought to be prosecuted for it; but no set of men has the right to take the law into their own hands and kidnap, or beat, or tar and feather, these men. I think the people of Texas are backing me up in this stand.

Since the State police went to Dallas these troubles have practically ceased. I am very hopeful that the situation will adjust itself without any further trouble.

I really wish the general public could know in detail the many fine things that have been accomplished by the Public Safety Department. I am proud of the intelligence branch. In this division we have fingerprint, handwriting and ballistic experts. This has been a great help to local officers everywhere and, of course, has materially assisted the State in dealing with the more hardened type of criminal.

Just as illustrative of what has been done in the one field of ballistic work: As perhaps most of you know men from this department can take a bullet that has been fired and trace it to the gun that fired it by markings on the bullet. They have done this in many instances and solved cases that might otherwise have gone down as "perfect" crimes.

For instance, recently in one Texas town a man was murdered at night as he slept. He was not robbed, and officers were at a loss for a motive. They did, however, find shotgun shells of a certain type. They picked up every gun of this caliber in the little town and fired some test shells together with the ones found on the ground in to Austin. The fired shells from each gun had been numbered and the experts in the Public Safety Department shortly advised that the shell with a certain number on it was from the same gun as that which fired the shells found at the scene of the crime. It was no trouble to trace the ownership of this shotgun and its use to a negro in the community who promptly confessed the crime. This is just one in a number of similar cases that illustrate how quickly the department can assist your local officers.

Some time ago I had occasion to use the handwriting experts. The State of Illinois had asked for extradition papers on a prominent citizen of this State on a charge of forgery alleged to have been committed in Illinois. The notary public who took the acknowledgement in Illinois identified this citizen and in an affidavit asserted that he had seen him sign the instrument in question. While I was hearing the case I had the handwriting expert from the Public Safety Department to go over the alleged forged deed and compare it with samples of the defendant's handwriting; and

before I could close the hearing these experts reported to me that without any question the defendant had not forged the deed. You can imagine how grateful these people were to our Department of Public Safety for the service, which cleared the name of a good citizen of Texas.

From time to time I shall try to tell you more of the work of this department and other departments of the State Government in which I think you may be interested.

**Connally Continues
Fight For Aid For
Cotton Growers**

Washington, D. C. — "Not only is it important to the farmers of the South that a just price is paid for the cotton, but it is equally important to Northern business and industry that the South has money to purchase the former's manufactured products, Senator Tom Connally of Texas said last week.

"The price of cotton is fixed in a world market where cotton from other sections of the world compete, thus a protective tariff for the American cotton farmer is ineffective tariff on articles he consumes, it is only fair that he should receive some benefit payment to offset the tariff burdens which have been placed upon him.

"It was with the above situation in mind that Congressman Marvin Jones, Chairman of the House Committee on Agriculture, and myself sponsored an amendment to the Agricultural Adjustment Act, which was adopted and is now law, providing that thirty per cent of all revenues from tariff duties should be set aside by the Secretary of the Treasury each year in a special fund, and that such funds should be available to the Secretary of Agriculture to pay farm benefits in the form of price adjustments on agricultural commodities. The primary motive behind the amendment was to aid cotton growers.

"For the year 1936 thirty per cent of the customs duties amounted to \$125,000,000 a portion of which has already been allocated for benefit payments to other agricultural crops. There is now in the fund approximately \$105,000,000.

"During the session of Congress just ended, I introduced and strongly urged the passage of a resolution which would have paid each cotton producer in 1937 a benefit payment of 2 1-2 cents per pound from the above fund. The resolution was not passed because President Roosevelt and the Secretary of Agri-

culture in the meantime agreed to put into effect a similar plan allocating money for cotton-growers from the above-mentioned fund of \$105,000,000. Such action, substantially the same that aided the cotton farmer in 1935, is a matter of simple justice to the cotton producer who pays high prices due to protective tariffs.

"President Roosevelt has demonstrated that he is a friend of the farmer, and I am most happy to be one of the authors of the provision making possible the benefit payments to the cotton farmers."

Senator Connally discussed the situation with President Roosevelt personally immediately following the adjustment of Congress.

er of peace officers under the new statute, removing the necessity of their having to call the sheriff or police to make arrests when they spot violations.

S. B. Carruth, attorney with the board, accompanied Paxton on his trip. Bert Ford, administrator, was detained in Austin by the press of official duties.

Several innervations in the act were pointed out by the chief enforcement officer. Most important is the provision in the law giving cities the power to prescribe closing hours of beer places and to limit their location by zoning. Another is the provision making convictions possible on the uncorroborated testimony of an accomplice, a sharp departure from established rules of evidence.

Even though cities do not exercise the prerogative of regulation under the new law, beer dealers must close at midnight unless their sale of beer is secondary to their sale of food for human consumption, Paxton explained. In such cases the dispensers must submit proof to the county judge and receive supplementary permits to remain open after 12.

**State Property
Tax Abolition Texas'
Great Need, Looney**

ABILENE, Sept. 1.—The abolition of the State property tax is the greatest tax reform need in Texas today, Everett Looney of Austin, former assistant attorney general, told the West Texas County Judges and Commissioners Association convention here last week.

"You all know of the many demands for aid that are made on your county courts today. To meet these demands—to take care of the needs of your citizens—you must have additional revenue. There is but one logical, sensible way to get this revenue—that is for the state to abolish the ad valorem tax, and leave property taxes entirely for local purposes," Looney told the officials.
