

ELDORADO SUCCESS

"A Weekly Publication Serving Schleicher County"

VOL. XXXVII

Eldorado, Schleicher County, Texas, Friday, December, 31, 1937.

NI. 53

On The DIVIDE

THIRTY-SEVEN YEARS

With this issue of the paper, the last issue in 1937, The Success rounds out its thirty-seventh year of continuous publication. According to the custom of this paper since its inception, we begin on our 38th year of publication with the first issue in January.

The Eldorado Success was established in 1900 under the name of The Eldorado Paper, and was published under this name until July, 1906 when it was purchased by A. T. Wright, who changed the name to The Eldorado Success. Mr. Wright decided that 30 years was entirely too long for any one man to stay in the newspaper business in the same town, so he sold the paper to C. S. McKinney after being at its helm for 29 years.

Upon entering the office of county judge, McKinney leased the paper to its present editor in January of this year. The Success is older than its present editor or any of its employees, and, needless to say, older than many of its readers and subscribers. Yet there are some who have been subscribers of the paper since its first issue.

We appreciate each and every one of our subscribers, and we pledge our efforts toward giving you the very best paper possible in 1938. As we set up our "Vol. XXXVIII" and enter into our new year, we extend our best wishes to you and yours for a happy and prosperous New Year.

CHRISTMAS—AND HOME

Home is a wonderful place to go at any time of the year, but seems more appropriate to go home at Christmas time than at any other time. There you gather around the home fireside, and as the kiddies enjoy their Christmas toys you envision the days when you, too, played with the things Santa had brought.

We went home this Christmas, as did all other members of the family, and one more enjoyable day was spent with Mother, Dad, brothers and sisters.

At noon, we sat down to a heavily laden table of "home cooking," the type of cooking that nourished us as we grew up. And to say that we enjoyed a big hunk of backbone, those home made sausages, home canned string beans, baked chicken and everything is putting it but mildly.

We used to think our mother was the best cook on earth, and still think she's pretty good. You doubtless think the same thing about your mother's cooking. There's something about the type of cooking one grows up on that makes it taste better every time you sit down to it.

There's many folks who enjoyed the home fireside at Christmas, and who will agree that home is a mighty fine place to go—especially during the Christmas holidays.

FORWARD!

It should be with few regrets that we see 1937 steal away into oblivion. When first he arrived, he was a husky, rosy-cheeked youngster with prospects galore

See No. 2 Last Page

Post Office Will Be Closed Saturday

Postmaster E. W. Brooks informs us that the post office in Eldorado will be closed on Saturday—New Year's day.

He asks all Eldorado people desiring to mail statements or letters on that date to secure their stamps before that date.

Mail Scheduled Changed

A recent change has been made in the mail schedule, effecting local patrons on holidays and Sundays. P. W. Askew, mail carrier, will not wait at Sonora for the 3 o'clock mail.

On ordinary week days he leaves Sonora at three o'clock, arriving at Eldorado about 3:30. On Sundays and holidays hereafter he will leave Sonora at 11:30 and will be in Eldorado at 12 o'clock on his return to San Angelo.

Mr. Brooks stated that Christmas business this year was better than at any other period since he has been in the local post office. Postal receipts for the entire year have shown a marked increase, he stated.

MISS GARRETT SUCCEEDS MISS JOHNSON AS HOME ECONOMICS TEACHER

Miss Helen Johnson, teacher of Home Economics in the Eldorado school, resigned her position just before the holidays. She will go to Paducah, where she has accepted a position as home demonstration agent of Cottle County.

Miss Bettie Garrett of Rockdale, Texas, will succeed Miss Johnson as teacher of home economics here. Miss Garrett will arrive in Eldorado the first of next week, and will begin her duties on Tuesday. She comes highly recommended for the position she is to hold in the Eldorado Public Schools.

TODAY'S TAXOGRAM

If you gave your family an automobile last Christmas it is one year old this week and, although you probably didn't know, it has cost you about \$38 during the year for taxes—indirect taxes hidden here and there in purchases you have made in connection with the vehicle. For example, if you have purchased 450 gallons of gasoline during the year, you've paid about \$22.50 in taxes there. You probably purchased about 75 quarts of oil, which was another 75c, and your license tags cost you \$14.50 (the national average.)

NOTICE

Please notice the change in library hours for next week. Will be open from Friday, Dec. 31, to Friday, Jan. 7 from 9 a. m. to 12 and from 4 p. m. to 5 p. m.

The library will be closed on Friday afternoon, January 7th, and Saturday, Jan. 8th, in the morning. Will be open from 1 to 5 p. m. Saturday, Jan. 8th.

See next week's issue of The Success for library hours for the following week.

Mr. and Mrs. Hal Ramsey and children of El Paso were here for Christmas. They visited with Mrs. J. D. Ramsey and Mr. and Mrs. Seth Ramsey.

Mr. and Mrs. D. E. DeLong Celebrate 39th Anniversary With House Warming

BELOVED PIONEER COUPLE RECEIVE MANY GIFTS FROM FRIENDS

Many Schleicher county friends of Mr. and Mrs. D. E. DeLong gathered at their beautiful rock home on Wednesday night of last week in celebration of the 39th anniversary of this beloved pioneer couple. The event was in the form of a "house warming" was also a very pleasant surprise to them.

Present for this event were: Mrs. C. C. West, Mrs. J. D. Ramsey, Mrs. Bert Page, Mrs. O. E. Conner, Mrs. Jess Koy, Mrs. L. Wheeler, Mrs. J. W. Leggett, Mrs. V. H. Humphrey, Mrs. R.

S. Williams, Mrs. Edith Meador, Mrs. W. R. Bearce, Mrs. Cora Millar, Mrs. Ruth K. Johnson, Mrs. Ed DeLong, Mrs. S. D. Harper, Mrs. Palmer West, Dick Beace, Mrs. Eldred Roach, Mrs. Lawrence Steen, Eldred Roach, S. D. Harper, Palmer West, Rev. J. W. Leggett, C. E. Conner, W. E. DeLong, Jess Koy, C. L. Meador, Jr., R. S. Williams, Miss Jetty DeLong, D. E. DeLong, Jr. Bert Page and V. H. Humphrey.

Children who attended are: Dorothy Jean DeLong, Emily Ann Harper, Myrta Bob Harper, Eddie Lou Meador, Orval Taylor Conner, Eddie Gail Roach and Mary Nell Roach.

Former Rancher Of County Buried At Ballinger

Funeral services for F. J. Reynolds, 72, former rancher of this county, were held last Sunday afternoon at 2:30 at Ballinger. Rev. Clarence Morton, pastor of the Ballinger Baptist Church, officiated.

Mr. Reynolds was a ranchman of Schleicher County until about six years ago, when he moved to Ballinger. He died Saturday morning at the home of a sister, Mrs. S. A. McCray.

Other relatives surviving include three other sisters, Mrs. M. J. Whitley of Eldorado, Mrs. Maude Burrows of Ballinger, and Mrs. W. C. Beach of Brownwood.

DRILLING OPERATIONS

Drilling operations on the two Schleicher county oil tests the first of this week were reported as follows:

John M. Cooper's No. 2 Bert Page had drilled to 4,860 feet in gray lime.

Tex-Tor Oil Corp. No. 1 Judkins & Spencer shut off salt water topped at 5,161 feet by running 5 3-16 inch casing to 5,214 feet and had drilled to 5,229 feet in gray lime.

Miss Margaret Combest spent Christmas day with home folks at Paducah, Texas.

Political Calendar Will Hold Center Of Interest For 1938

Autsin, Dec. 28.—The year 1938 is studded with many important political dates.

The subjoined calendar, compiled by Vann-M. Kennedy, Secretary of the State Democratic Executive Committee, lists the most important dates and events.

The time for holding the next state democratic convention is uncertain because of conflicting election laws, Kennedy explained.

The Calendar:

Jan. 31st—Last day for obtaining poll tax receipts.

June 6th—Last day upon which state office candidates and district office candidates (in districts containing more than one county) may file applications to have their names listed on the Democratic Primary ballot.

June 13th—State Democratic Executive Committee meets to make up ballot for Primary Elec-

Honors Again Come To Eldorado's Football Players

San Antonio Paper Names Eagles As Strongest Team In S. Texas

Eldorado's high school Eagles and their coach are enjoying honors which they have rightfully won as champions of Region 11. Although they're not getting "high hat" about the matter, they're proud of the honors they have won for the team and for Eldorado.

Coach Bynum was recently informed that the San Antonio Evening News has picked Eldorado as the strongest class B team in all South Texas. "Jiggs" Williams was named as the section's most valuable back, and captain of the mythical all-South Texas first team.

Bynum, who coached the Eagles through their most successful season in local football history, was rated as the most outstanding coach in the section.

Sharing just lesser honors than their teammate were A. J. Friess and Edward Meador, according to San Antonio paper's estimate. Friess, Eagle end, and Meador, back, were placed on the all-South Texas second team.

Mr. and Mrs. N. R. Kennedy spent Sunday in San Angelo and Bronte, with relatives.

Two Inches Of Rain Received In County

Another boost to ranchmen and farmers of Schleicher County came the first of this week. A general wet appearance is very much in evidence in this county, and the recent rains are looked upon as a boost to winter weeds and grains that will aid in wintering livestock.

The rains which were general over all of this section, brought two inches to Eldorado and vicinity. The heavy rain early Tuesday morning was more in the form of a summer rain, being accompanied by lightning and thunder.

The ground became soaked, and draws ran for the first time in several months. Old timers predict that rains in December and January are evidence that we'll have a good crop year. So everything takes on a brighter aspect in old Schleicher County.

Tailor Shop In Eldorado Is Leased To H. E. Sharp, Jr.

Announcement has been made that H. E. Sharp, Jr., has leased the tailor shop which has been operated by F. H. Ellington in connection with Ellington's Men's Store. Mr. Sharp will take charge of the shop on January 1st.

Mr. Ellington stated that he had sold his fixtures to J. H. White of Cherokee, who owns the building, and Mr. Sharp has leased the building and fixtures from Mr. White.

Mr. Ellington retained all merchandise in the store and stated that he will close out this stock just as soon as possible.

Mr. Sharp invites the continued patronage of all customers of the tailor shop.

STUDENT PROGRAM A GREAT SUCCESS

The program presented by students at the Baptist Church last Sunday night was very effective. A large crowd attended.

Those taking part on the program are: Misses Nell Campbell, T. S. C. W., Denton; Helen Stanford, Draughon's Business College, San Antonio; Bell and R. L. Sample, University of Texas, Austin; Gene Lewis, Cecil Moore and Kenneth Green, Howard Payne College, Brownwood; Harmon Bodine, A. & M. College Station; and Charles Ratliff, Hardin-Simmons University, Abilene.

The program was led by T. D. Riddle, high school principal. Special music was furnished by Misses Betty Jo Whitten and Ellie McKinney. The choir was composed of high school students and faculty members.

Many who attended the service said it was a great success, and much appreciation was expressed for the service.

OLD TIMER HERE

Elton Silliman of El Paso, Texas, and his brother, Taylor Silliman of San Angelo, were visitors in Eldorado on Wednesday. The Silliman's are pioneer residents of this county.

Mr. and Mrs. W. W. Jackson with Mrs. Jackson's mother at Bertram over the week-end.

Jack Jones Is Given Berth On All-State Eleven

ALL-STATE TEAMS TO BE HONOR BANQUET GUESTS AT WACO HOTEL

Coach Weldon Bynum received word by wire Monday that Jack Jones, star center for the Eldorado Eagles, had won a place on the all-state Class B football eleven, adding another honor to the laurels already laid up by the Eagles.

The Coca Cola Bottling Co. sponsored the selection of this team, as well as the selection of an all southwestern conference team and an all-state Class A team. Jack was selected as center on the Class B team.

A banquet will be given the three teams and their coaches by the Coca Cola Company on the night of Friday, January 7th. The banquet will be given in the Rawleigh Hotel in Waco.

Coach Bynum and Jack Jones will attend this banquet, at which time Jack will receive a gold watch, a gift from the Coca Cola Co.

Baptist Revival Begins January 26

Members of the Baptist Church voted Sunday to begin their revival meeting on Wednesday night, January 26th. Rev. Lawrence Hayes, pastor of the Park Heights Baptist Church, San Angelo, will do the preaching.

Plans are being made to have good music and gospel preaching.

"It is hoped that the public will attend these services", Rev. Aly said. "Make your plans to be with us."

MRS. SAMPLE LEAVES WEDNESDAY FOR BEDSIDE OF MOTHER AT HOUSTON

Mrs. R. L. Sample, accompanied by her sons, R. L. Jr., and Bell, left early Wednesday morning for Houston to attend the bedside of Mrs. Sample's mother, Mrs. W. E. Edgar. They left upon receipt of a message that Mrs. Edgar was seriously ill.

They expect to return by way of Austin, where Bell and R. L. will remain to attend Texas University.

NEW YEAR'S PARTY

Plans are being made for a good time for all who come to the Baptist Church on Friday night, December 31. The New Year's party will start at 8 p. m. with your favorite songs and special songs.

People who do not prefer to stay for the entire service may come at 8 and go home at 10. Others will want to remain for the party which follows the music. After the games and refreshments, we will all return to the main auditorium for the special New Year's message by the pastor.

All are welcome. Don't miss this.

Mr. and Mrs. Bill Davis and family spent Christmas with relatives in Ballinger.

WORSHIP DEAD ACTOR

According to a London film critic, no man in history ever inspired such adoration from women as did Rudolph Valentino, the famed Italian-born film star who died in 1926 at the age of 31.

Five years ago his admirers among English women formed the Valentino Association, which now has branches in many countries. By these women, few of whom ever saw him except on the screen, he has been elevated to something like sainthood since his death and his memory is kept alive among them by making gifts in his name, distributing his photographs, through correspondence and in other ways.

Valentino received a good education in his native Italy and came to the United States in 1913, first appearing as a dancer, then in musical comedy, and after being stranded in San Francisco he entered motion pictures at Hollywood, taking minor parts. He scored his first great success in "The Four Horsemen" after which his career until his death was a succession of triumphs. He was twice married and twice divorced. He died from peritonitis following operations for gastric ulcer and appendicitis.

Conceding his great ability as an actor and the charm of his personality, the fact that he is still literally worshipped by thousands of women throughout the world is somewhat difficult to understand.

Perhaps the reason we don't

ONLY HOT AIR

Those credulous and unsophisticated souls who take the speeches of their Senators and Congressmen seriously may have been rudely jarred if they read a statement once made by Senator Glass of Virginia, who said:

"In all my experience of 30 years in Congress, I have never known a speech to change a vote."

While this is a rather broad assertion, it is practically true. A large percentage of the speeches printed in the Congressional Record are just as much hot air. Many of them are never delivered at all, but are written out and printed for distribution "back home" for the purpose of impressing the voters with the great statesmanship of their authors.

Aside from a few notable exceptions, the sole aim in life of Senators and Congressmen is to get reelected. Every utterance and every vote is directed to that end.

Therefore, oratory of colleagues does not influence them very much. They are thinking always about what their own constituents will say, and vote accordingly, regardless of anybody's speech.

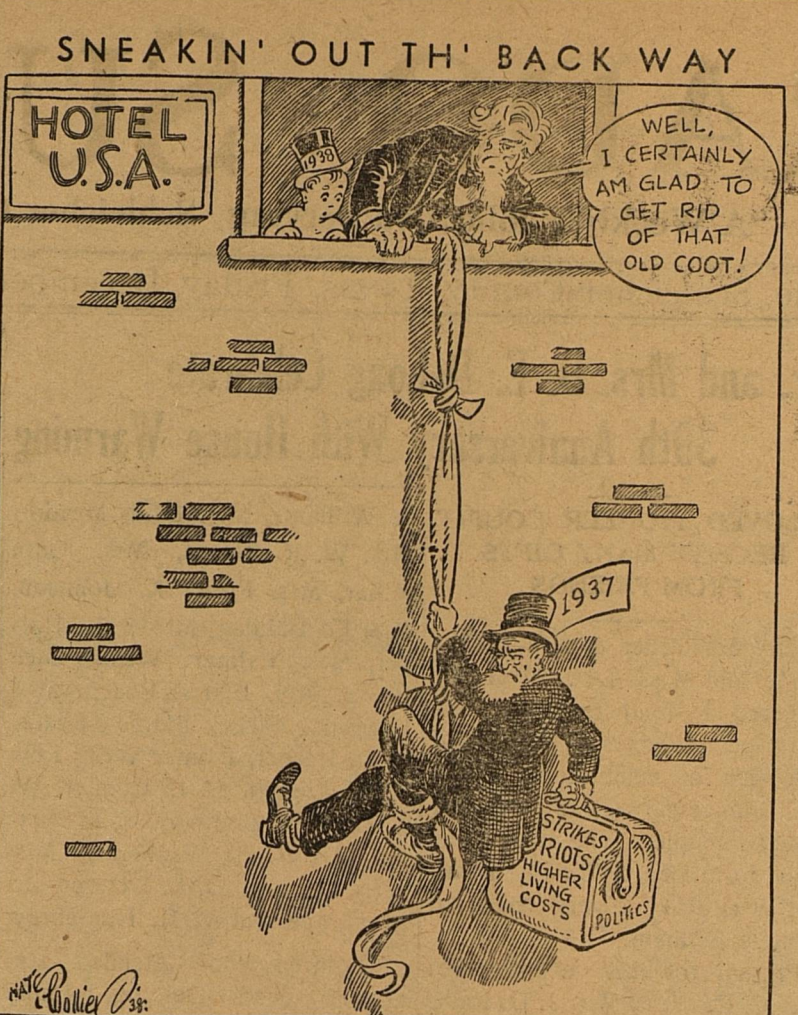

Small Town Factories

No community and no state ever became fully prosperous through agriculture alone, declares T. R. Preston, former president of the American Bankers Association, who is a strong advocate of combining industry with agriculture by locating factories in the smaller communities.

Mr. Preston cites particularly the small cities and towns of North Carolina, Pennsylvania and Ohio as affording excellent examples of such combination. He points out that industry and agriculture are well balanced with the result that the farm problem is less acute in those states.

The idea of locating new factories in towns and villages, instead of further concentrating them in congested centers of population, is spreading throughout the country, and some of the largest factories are now so located. An example is Kingsport, Tenn., with only a few thousand population, yet boasting the largest book printing plant in the world, besides other important industries.

The benefits derived from this decentralization of industry is seen in an increased market for local farm products, employment of surplus labor, elevation of living standards for both farmer and factory employe, in-

creases in taxable wealth, better schools and other public facilities.

"THE REST OF THE RECORD"
BY JAMES V. ALLRED
Governor of Texas

AUSTIN.—It should be good news to Tom, Dick and Harry that unemployment insurance starts in Texas next Saturday, January 1st. It means these workers that in the event they lose their jobs in 1938, they will have a windfall to help out until they can secure employment.

Who doesn't remember those depressing days of 1933 when men walked the streets searching for employment, knowing that their cash reserve, if any, was rapidly dwindling? These men had no hope of help then from the government, only a blind faith that somehow we would "muddle through." To prevent the recurrence of those cruel days, something has been done about it!

1938 marks a new era as the state and federal governments jointly enter upon the humanitarian program of the president by assisting out-of-work employes in finding new employment and in providing him with funds during unemployment. Already in the field are sixty employes of the Texas Unemployment Commission stationed at twelve district offices ready to serve the 12,600 employors and 875,000 employes who are enrolled under the Texas Unemployment

Compensation act.

In almost every town in Texas, the Texas State Employment Service has an office where the unemployed Service has an office where the unemployed may register for work. Every effort will be made by the service office to place the applicants. During the past few months scores of thousands have secured jobs in private employment arranged through the Employment Service.

Under the Compensation Act, if Tom, Dick and Harry lose their jobs, these men must go to the Employment service office in their town and register for work. During a two weeks period in which time the applicants must report once a week to the office, every effort will be made to find them jobs. If the search is fruitless, these men will be entitled to receive cash benefits payable weekly. The maximum payment is \$15 per week, minimum \$2, but they will be eligible for benefit payments not more than sixteen weeks in one year, provided that their earnings have been sufficient to allow it.

In the applicants are receiving Workmen's Compensation or Old Age Assistance, unless the assistance is a less amount than the individual would be entitled to under the law, they will not be eligible for benefits.

An employee to be eligible under the law must have been employed by an employer of 8 or more persons and his wages must have been reported to the Unemployment Compensation Commission by that employer under the employee's name and social security account number.

Every employer is being furnished with detailed instructions concerning the proper form of reports and the method for filing of claims for benefits. Employees should acquaint themselves with this information either through their employer or by writing directly to the the Unemployment Compensation Commission at Austin.

Shortly after the enactment of the Federal Social Security Act, I commissioned two attorneys to study unemployment insurance systems in other states and countries in order to determine the system most suitable to Texas. Such a system has been worked out with proper regard for two important features; first that the system would not cause a tendency to lower wages; secondly, that no great hardship would be created for business and industrial employors.

Already a reserve fund amounting to approximately eighteen million dollars has been built up resulting from taxes collected during 1937. Such taxes were

levied by the Federal government and would have been collected whether the state joined in the program or not. In submitting the subject at the called session in September, 1936, where it was passed and signed by me, Texas was insured of participation in this humanitarian program.

Thus, Texas enters a new era where a helping hand is being extended by the state to the unemployed. The New Year should bring a feeling of security to Tom, Dick and Harry!

In a petition for a divorce, D. O. Swenson of Salina, Kan., alleged that his wife "fraudulently wooed" him by taking him to theaters to see "torrid love scenes" and then produced a marriage license.

Extension Work In Schleicher County During The Year 1937

The furthering of livestock in Schleicher County was one of the main aims of Extension work in Schleicher County. To prove to other County Agents and Commercial feed lot feeders that Schleicher County produces the highest quality of sheep possible. A complete history of 4-H Club activities was written, a Lamb Auction Show planned, the results were as follows:

The winning of many places by 4-H Club Boys in major shows, a complete history of 4-H Club work in Schleicher County was written, ninety demonstrations by 4-H Club Boys were given and a Lamb Auction Show was held. A total of \$20,643.33, the average price being 8.25 per cwt.

Seven trench silos were put down in Schleicher County in 1937. Trench silos will increase in value in Schleicher County because of the value of lambing out on silage has been demonstrated and has proved satisfactory.

The total number of acres terraced in 1937 was 1,040, 750 acres were contourd, gully control was put into practice because of the level to rolling country and drainage practices were carried out on 995 acres of cultivated land. Land clearing practices were used on 100 acres. There has been much interest shown toward the practices of terracing, strip-cropping and contouring, as the land is composed of light valera soil, well areoiated and under ground drainage is excellent, the idea being to hold every drop of moisture possible on this land as it will not bake or become tight after heavy rains.

Poultry, in Schleicher County, as a rule, has a very poor quality but it has a place in the County. Improved methods in culling, rations and housing were studied by farm families of Schelicher County. Blood testing for PWD has been encouraged and the majority of eggs that are set will come from blood tested stock.

A total of 2,839 goats were dipped in Schleicher County with wetttable sulphur, using ten pounds of sulphur to every one hundred gallons of water. These goats were placed in a vat, allowed to stay two minutes, ducked at least four times. At eleven day intervals they were gathered again, dipped the same way as the first demonstration. The results were as follows:

Killing of all lice and ticks on the goats, a more vigorous, fatter and growing goat could be noticed in a few days. The mohair seemed to be a more tensil strength and a more vigorous growth was shown, free from being matted.

Seventy-five days were spent in administration of the program in Schleicher County, twelve educational meetings were held, thirty two news stories published and twenty three circular letters issued, 1,557 office calls, one hundred and twenty homes were assisted in carrying out the Programs, 13,936 acres were under the Agricultural Conservation Program with 335,926 acres under the Range Program.

CIVIL SERVICE EXAMS ANNOUNCED

The United States Civil Service Commission has announced open competitive examinations as follows:

Junior tabulating machine operator, \$1,440 a year; alphabetic accounting machine operator, \$1,440 a year.

Inspector of railway signaling and train control, \$3,800 a year, Interstate Commerce Commission.

Mathematical statistical analyst, and senior, associate, and assistant mathematical statistical analysts, \$2,600 to \$4,600 a year, Soil Conservation Service.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

J. W. Leggett

SALE'S BOOKS FOR SALE at the Success Office.

Rev. Leggett And Wife Thank Friends For Many Gifts

Mrs. Leggett and myself wish to use this means of expressing to our friends and members our sincere appreciation for the beautiful and valuable gifts we received from you during the Christmas season.

Mrs. Leggett received beautiful gifts from the women of the Missionary Society and others. I make special mention of the beautiful gold watch and chain, gifts to me from the men of the church, and the gold belt buckle and tie clasp from two of the stewards.

We also thank all who had a part in the generous pounding we received. We appreciate all the gifts for what they represent in dollars and cents; but more so for what is in your hearts in thinking of us in this way.

The following poem (author unknown) is expressive of our feelings, except "the gifts are of value and beautifully tied."

IT JUST AIN'T

It ain't the gifts a feller gits,
 It ain't the shape ner size,
 That sets the heart to beatin'
 an'

Puts sunshine in the eyes.
 It ain't the value of the thing,
 Ner how it's wrapped ner tied;
 It's something else, from this
 That makes you glad inside.

It's knowing that it represents
 A love both deep an' true
 That someone carried in the heart
 An' wants to slip to you.

It's knowing that it represents
 you,
 An' tell you in this way;
 Just sort o'actin' out the things
 They really long to say.

So 'tain't the gifts a fellow gits,
 Er how it's wrapped ner tied;
 It's knowin' that yer folks love
 you,
 That makes you glad inside.
 May the Good Father bless

FORMER ELDORADO GIRL MARRIED TO EDDIE BLUETT DECEMBER 21

Mrs. Eddie Bluett of Port Arthur, Texas, spent the Christmas holidays with her parents, Mr. and Mrs. J. V. Fowler and sister, Mrs. Afton Tisdale in Eden.

Mrs. Bluett was formerly Miss Violet Fowler of Eden, and she also lived in Eldorado for a while prior to her marriage to Mr. Bluett in Beaumont on December 21st.

Violet is a graduate of Eden high school and has been employed by the Texas Co. refinery since August of this year. Mr. Bluett is employed by the Texas Co. in their main office at Port Arthur, where the couple are making their home.

NEW YEAR BRINGS ADDED SECURITY TO TEXAS' UNEMPLOYED

The turn of the new year brings added security to a third th employees phases of the Texas, according to a report made today to the Unemployment Compensation Commission by Patrick D. Moreland, labor's representative on the Commission, following a state-wide survey of the employess phases of the Texas Unemployment Compensation Act.

"Unemployment Compensation", said Mr. Moreland, "embraces two major functions—the payment of benefits and the finding of jobs for the unemployed worker. While only one-third of the employed people in this State will ever be eligible for benefits, the services of the Employment Service are available to everyone in the State.

"Offices located in 112 cities offer service both to the man out of a job and the employer seeking help. Manned by a trained personnel, the Employment Service devotes itself to shortening slack periods of unemployment, thereby reducing the time lost by an individual in looking for

work. Thirty-five thousand jobs a month are now being found for unemployed Texans."

Mr. Moreland estimates that of the 2,323,460 people employed in the State, only 700,000 people working in industries which are taxed to provide such compensation, are eligible now for cash benefits. Workers in industries which are not taxed are not eligible for compensation.

Mr. Moreland reviewed briefly the course of action to be taken by any worker who should become unemployed. He must report to an office of the Employment Service and make application for work. Once a week until a job is found, he is required to renew this application. The Employment Service investigates his record and hunts a suitable job for him. After January 1, when compensation benefits begin, the unemployed man eligible for cash benefits will serve a "waiting period", and if no job is found, weekly benefits will be paid to him not to exceed \$15 a week nor less than \$2.

Inauguration of benefit payments will be another test in Texas for an act which has so far functioned with excellent results. It will aid all workers in the State by helping them find work. To one-third of them it will go a step further and pay deserved benefits in case work cannot be found.

"Serving West Texas"

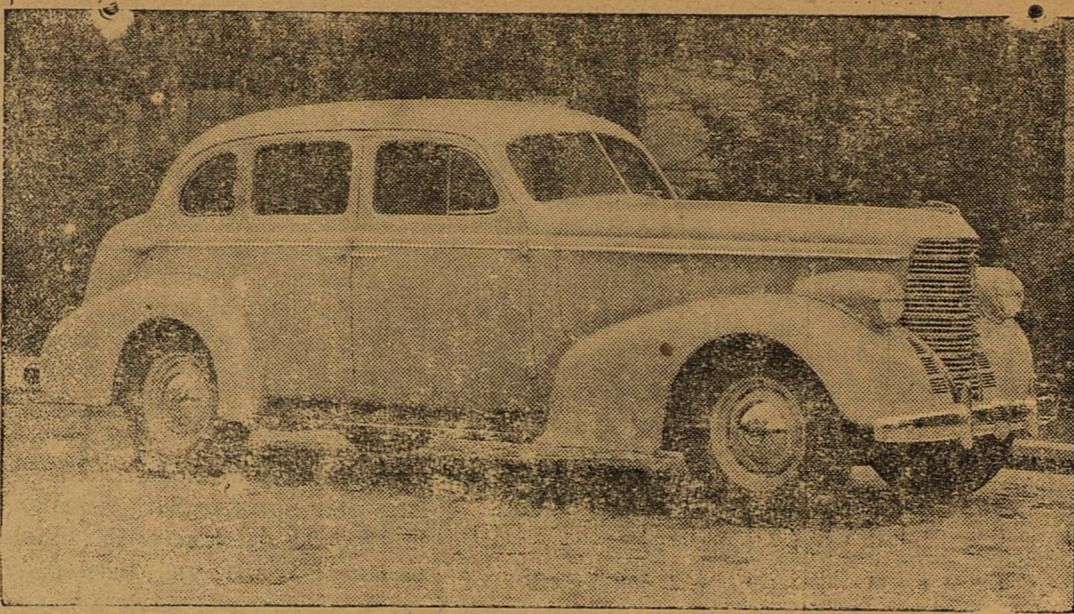

Home Demonstration Agent Gives Review Of Year's Work

The following review of work among the home demonstration clubs and 4-H girl's club in this county for 1937 has been outlined by Miss Margaret Stewart, home demonstration agent:

Eighty-seven women enrolled in six home demonstration clubs aided by the home demonstration agent and families, carrying wardrobe work, 3rd year, home food supply, and first year kitchen demonstrations have improved self, home and community living, by the following:

First, those having production of: gardens, 27; orchards, 12; dairy cows, 35; poultry flocks, 32; meat animals, 28; field crops, 15; built hot beds or cold frames, 11; installing irrigation systems, 4; preservation of 4,847 quarts of vegetables, fruit juices, fruit, meats, jams, jellies, preserves, pickles and relishes valued at \$1,827, and vegetables dried, cured and stored, 6,035 pounds valued at \$575.98.

Thirteen storage spaces for food have been improved, 14 have arranged and organized and labeled the pantries; 52 planned and kept daily meal planning charts, 38 prepared yeast breads

• 1933 Oldsmobile Eight Four-Door Touring Sedan •

according to approved methods, and 43 presented yeast breads for scoring with 40 of these having quality bread—that is bread that scored above 90.

Nine have kept clothing expenditures for the family which show a total expenditure of \$1,417.46, an average of \$159.75 per family. 439 garments have been made, 23 clothes closets built and remodeled and 2 new ironing boards added.

With 55 members improving kitchens, the following has been done: windows added, 11; kitchens screened, 9; floors improved, 15; walls and woodwork improved, 40; water systems installed, 4; waste systems installed, 5; cook stoves replaced or added, 8; work tables added, 3; stools added, 3; kitchens with food storage added, 5; kitchens with work surfaced adjusted to a comfortable height, 6; at a total cost of \$2,059.31.

The women have sponsored sending one delegate to the re-

creational school and three delegates to the Texas Home Demonstration Association. They have also sponsored a county-wide Christmas party, giving prizes to the three first place winners of the three demonstrations carried, and have sponsored club socials at regular intervals in each club.

A total of 28 girls were enrolled in two girls' 4-H Clubs, carrying third year bedroom demonstration and the demonstration of other vegetables than leafy, green and yellow. The total number of bedrooms improved were nine, at a total cost of \$14,777. 250 quarts of vegetables were canned by the girls.

A 12-year-old girl scored third in the state on the scoring of vegetables other than green, leafy and yellow.

Straining to make an ugly face at his little sister to frighten her, young Cutris Terrell of California threw his neck out of joint.

A unique radio broadcast from a moving passenger train is planned by the L. & S. railroad, with a studio fitted up in a specially equipped dining car from which an orchestra, singers and other artists will be heard. This experimental broadcast will be picked up at intervals by six southern radio stations as the train speeds from Cincinnati to New Orleans, and will be the first of its kind ever attempted.

What was no doubt a happy anniversary was, recently reported by a Missouri newspaper, the item ending with this sentence: "At the last table sat grandpa and the birthday cake, beautifully lit up."

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUL, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardul, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

Wilford McLeod And Marguerite Davis Are Married At Laredo

A quiet wedding ceremony which was performed at Laredo, Texas, on Friday, December 24, at 8:20 p. m., united Wilford McLeod and Miss Marguerite Davis, both of Eldorado. The wedding was performed in the First Methodist Church of Laredo, with Rev. Geo. C. Baker, Jr., officiating.

The bride is the daughter of Mr. and Mrs. Tom Davis, of Amarillo and Plainview. She has been employed in the county agent's office in Eldorado since June of this year, coming here from Amarillo, where she had resided for the past five years. She was attractively dressed for the ceremony in a navy blue gaberdeen suit, with white blouse and blue accessories.

Mr. McLeod is a son of Mr. and Mrs. John McLeod of Pontotoc, Texas, and is an employee of the Humble Pipeline Co., having been employed at Station A this county for some time.

Following a short honeymoon trip, the couple returned to Eldorado the first of this week to make their home.

Club Women Plan Demonstration Work For New Year

With yearbooks ready and plans made the Schleicher County Home Demonstration Club women are ready to begin their 1938 work. The demonstrations to be carried are kitchen, second year, and home food supply, emphasizing the preparation of quick breads.

The Goals in Home food supply are Make and follow daily meal plan for one week using winter season's menus and one week using summer season's menus-making a total of two weeks, prepare quick breads according to approved methods of preparation from the time the demonstration is given throughout the year, and submit to the home demonstration agent one of the following for judging: six biscuits, a six inch square of cornbread, a six inch square of gingerbread, six whole wheat muffins, loaf of orange bread or a loaf of Boston Brown bread,

bake at least three times during the year orange bread and Boston brown bread, and prepare cereals according to approved methods of preparation from the time the demonstration is given throughout the year. The goals in the kitchen demonstration are to arrange centers conveniently, add at least one storage unit as needed and add at least 2 utensils as needed.

The club goals as each club have programs as outlined in the yearbook, each club must have a demonstrator in each demonstration, each club must have three accredited delegates to the County Home Demonstration Council each month, Council Delegates must make a report of work accomplished, each member must assist in Achievement Day and Exhibits, and each club have at least three socials during the year.

The girls are beginning two new demonstrations that of wardrobe and poultry. The Goals in wardrobe work are equip sewing box, Check D-105 "Good Looks for Girls" every week, learn to use the thimble, make a shoerack, provide 12 coat hangers, make a cup towel or hand towel or hand towel or some other simple article, make a slip and dress, and exhibit articles and garments made. Goals for the poultry demonstrations are plan poultry flock as to variety and provide 10 hens per member of the family, grow 25 baby chicks of standard breed, provide brooder or necessary equipment as hopper or water fountain, at least two cooperators provide green feed the year around, provide wire basket for

gathering eggs three times per day during summer months, and prepare and serve eggs according to demonstrations at least three times.

The home demonstration agent will meet the women's clubs once a month and the girls twice a month. Women's clubs are Eldorado, Country Women, Reynolds, Cliff, Adams, and Riverside.

Mrs. Ruby Harris and her mother spent the Christmas holidays with relatives in Menard.

RUPTURE

SHIELD EXPERT HERE

H. M. SHEVNAV, widely known expert of Chicago, will personally be at the St. Angelus Hotel, San Angelo, Wednesday, only, January 5, from 9 a. m. to 6 p. m.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthens the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments. Mr. Shevnan will be glad to demonstrate without charge.

Add. 6441 N. Richmond St., Chicago

For 15 years assistant to F. H. Seeley, famous rupture expert of Chicago.

Why Do

- Ocean liners carry life boats?
- Autos carry spare tires?
- Cities maintain fire departments?
- Californians install heating stoves?
- Nations build battleships?
- Railroads have air brakes?
- Elevators have safety stops?
- Suspenders have two straps?
- Cars have safety glass?
- Pilots carry parachutes?
- Mankind need insurance?

Health Happiness

Our wish is that you will enjoy the most prosperous year you've ever had during all of 1938.

May health and happiness be your portion throughout all of the New Year.

When Hungry or Thirsty, Remember

HAMURGER BILL

"We Enjoy Pleasing You."

Thanks

As we close the pages of the old year—1937, we begin new to turn the pages of the New Year—1938.

We have enjoyed serving you during the past year. We truly appreciate your patronage and good will, and trust to be able to serve you better during the coming year.

Begin the New Year by planning things to be, and especially that early spring garden. Our new 1938 famous American Garden Seeds are already here. We have handled these seeds for 16 years and they have always been good.

Share with us your patronage and we will try and make it profitable to both you and I.

Wright's CASH Store

1921—1937

NOBODY'S BUSINESS
BY JULIAN CAPERS, JR.

AUSTIN.—Few Texans who have not seen the project with their own eyes have any conception of the possible social and economic consequences of a

great piece of public work that is nearing completion in the heart of the State.

Reference is made to the extensive system of flood control and hydro-electric generation that is being developed along the Colorado River, near Austin. As a guest of the directors of the Colorado River Authority—the State agency which is directing the work that was financed through cooperation of the Federal Government—this writer, together with half a hundred other Texas newsmen, was recently privileged to inspect the project.

Four Units Involved

For many years, the Colorado River, one of the most beautiful and attractive in Texas at low water, and one of the wildest and most destructive during flood times, has taken annual toll of the farm-lands and cities and towns lying in its basin. The average annual flood damage

has been compiled at \$4,000,000. To control this situation, the Colorado River Authority has planned a series of four dams—Buchanan, 45 miles above Austin, with a two-mile concrete dam, impounding a lake holding a million acre feet of water, and with a perimeter of 250 miles; Inks Dam, immediately below Buchanan dam, creating a lake about 20 miles around; Marshall Ford Dam, about 15 miles above Austin, impounding a lake 190 miles around; and Austin Dam, adjacent to the city, which was built many years ago, destroyed by flood, and is now to be rebuilt and operated under lease to the CRA, impounding a lake 100 miles around. Hydro-electric equipment will generate power at each of the four dams, and the project is so financed that the directors believe power can be furnished Texas consumers at rates approximately equal to those established by the TVA, in Southern states.

Two Dams Completed

The first two dams mentioned above have already been completed, and machinery for generating electricity is now being installed. The others will follow immediately, in addition to ending forever the flood menace on the Colorado, the turbid stream, brought under control, will furnish water to irrigate about 50,000 acres of rice fields in Colorado, Wharton and Matagorda. Normal flow of the stream is to be maintained at all times, and additional water required to irrigate the rice crops will be sold by the CRA at a low rate.

Financing involved a total of \$25,000,000 of which \$10,500,000 is a loan secured by bonds of the CRA to be repaid over a

30-year period from earnings of the project. The remainder was a grant from emergency relief funds. The authority directors have used no State funds, neither asked nor received any tax remission, have no power to tax, and may not mortgage or sell its properties.

Recreational Use

More than 65,000 persons have visited the project during the year of construction, and, located centrally as it is, the series of lakes will provide one of the finest recreational areas in the nation, for hunting, fishing, boating, bathing, camping and similar sports, on completion. Doubtless it will prove one of the finest and most popular recreational centers of the Southwest.

Power Sale

Plans for disposition of the power produced by the system are as yet incomplete, except for the fact that the city of Austin will take power for serving the capital city, now served by a municipally operated steam plant. Private power companies already have a rather extensive network of distribution lines accessible to the lake area, and they could easily be connected, if plans are perfected for selling the power at low rates in this manner. If a cooperative distribution plan with the private companies cannot be worked out the Authority may establish its own distribution system to strategically located large centers of population within economical distributing distance, which is said to be a circle with a diameter of 600 miles from the generating plants. The Authority has been hampered somewhat by litigation, still pending, instituted by a group of private power producing and distributing concerns. The time and extent of the power benefits to Texans may hinge on the outcome of this litigation, or a compromise settlement of the case.

CRA Makes No Profit

The CRA is a state-chartered non-profit organization, created by Act of the Texas Legislature. Chairman of its board is Roy Fry and directors are Fritz Engelhard; vice chairman; A. J. Reinhard, C. R. Pennington, J.

F. Hutchins, Carl White, T. H. Davis, W. B. Arnold and S. Raymond Brooks, Secretary. Brooks is an Austin newspaper reporter, widely popular and recognized as an authority on the reporting of State capital news throughout Texas. Officers of the authority are C. McDonough, general manager; A. J. Wirz, former State Senator, general counsel; L. C. Clark, treasurer; and C. B. Sheffield, auditor.

TAKE INVOICE OF YOUR HEALTH, SAYS HEALTH OFFICER

Stock taking or inventory time will be here in just a few days and Dr. Geo. W. Cox, State Health Officer, urges everyone to visit their family physician and have a thorough physical examination.

Each year merchants take an inventory of their assets to determine the condition of their business. Personal health is a big business for everybody, and they should take stock of their physical condition at least once a year.

Perhaps it is lack of persistent warning, but it seems to be downright carelessness that permits one of the greatest lifesavers yet devolved by science to be majority. For, in spite of repeated statements concerning the advantages of early discovery and treatment of conditions which are only possible by way of a physical examination at a time when one feels and looks well, the antiquated idea of snubbing the doctor until pain and illness overtakes one still rules.

Cancer, tuberculosis, nephritis, diabetes and heart ailments are blow the belt hitters. Being master criminals they attack silently, and frequently have their victims in their power before they are aware of their presence.

It is urgently recommended that those who wish to live throughout the year and other years to come, as healthily and happily as possible, should have a complete physical examination. The correction of any defects in their early stages will save much time, suffering and money.

Negro Education

Educational facilities for Texas negroes are improving rapidly, according to a bulletin recently issued by the State Department of Education. The bulletin shows a total of 244,480 negro students enrolled, an increase of 1,679 over the previous year. An addition of 56 principals brings the number to 290, while the classroom teachers increased by 79.

Mr. and Mrs. Ray Jones and son, C. F. spent the week end with relatives in San Angelo.

LOCALS

Jim Pruitt spent last week-end visiting with relatives in Reid, Oklahoma.

Mr. and Mrs. W. G. Godwin and daughter, Martha Anne, visited with relatives in Dallas during the holidays.

Aaron Edgar spent Christmas in Wellington, visiting his parents, Mr. and Mrs. E. M. Edgar, and with other relatives.

Mr. and Mrs. A. T. Wright and daughter, Beatrice, visited Mr. Wright's brother and wife, Mrs. and Mrs. A. D. Wright, in Brady last Saturday and Sunday.

Mr. and Mrs. L. T. Barber and son, Bobby, visited relatives in Brady, San Saba and Cherokee over the week-end.

Miss Margaret Stewart spent the Christmas holidays visiting with her parents in Blanco county.

Rev. and Mrs. J. W. Leggett and sons, J. W. Jr., and Billy, returned home Monday night after spending the Christmas holidays with relatives in Hico.

Mr. and Mrs. A. D. Richey spent Christmas in Talpa, visiting with Mr. Richey's mother.

Mr. and Mrs. T. E. Parson and family of Cross Roads, N. M., visited Mrs. A. H. Green and family over the week-end.

Mr. and Mrs. J. W. Hoover spent Sunday and Monday with relatives in Cherokee and Fredonia.

Clyde Alexander of Imperial, Texas, was here during the Christmas holidays visiting his sister, Mrs. B. J. Montgomery and family.

Mr. and Mrs. Gordon Bird and children of Midland spent the Christmas holidays with Mrs. J. N. Davis and Mrs. Mary Adrain.

NOTICE TO BIDDERS

The Commissioners Court of Schleicher County, Texas, will receive competitive bids to ten o'clock a. m. on the 10 day of January, 1938, at the Court house in Eldorado, Texas, on the following described road machinery: One or more Heavy duty crawler type tractors and 12 feet road graders, hydraulic four yard scraper and heavy duty roofer. Contract will proceed to let a contract if any bid be accepted. Certified check in five per cent of amount of bid required, and the court reserves the right to reject any or all bids.

If any contract is made the Court intends to issue interest bearing time warrants for all or part payment thereof, in an amount not to exceed \$10,000 said warrants to bear interest at the rate of 4½ % per annum, and the full amount of said warrants to mature at a date not later than April 1, 1947.

C. S. McKinney, County Judge, Schleicher County.

Happy New Year!

Our wish for you is that you will enjoy health happiness and prosperity in abundance throughout all of the New Year.

ahead of him. But instead of encouraging his normal, steady growth into stalwart manhood and then comfortable old age, we decided to experiment.

We gave him shots in the arm to stimulate his growth so that he was middle-aged long before he was six months old. We hobbled him with strikes. We trained him on fear and uncertainty and name calling. So naturally he soon became a weak, querulous, quibbling old wreck long before his time.

Now young, husky 1938 arrives! His coming couldn't be better timed. He finds us sorry for our sins and anxious to help him be the kind of a year he should be. He won't be any guinea pig. We've done our experimenting. And now we're ready to raise him in sane and

**STATES HAVE OPPORTUNITY TO SHOW WARES
IN HUGE BUILDING AT NEW YORK FAIR**

NEW YORK, (Special).—Included in the limited edition book of unusual size and beauty which the New York World's Fair 1939 Incorporated has sent to state governors and, through diplomatic channels, to foreign governments, is the following text devoted to:

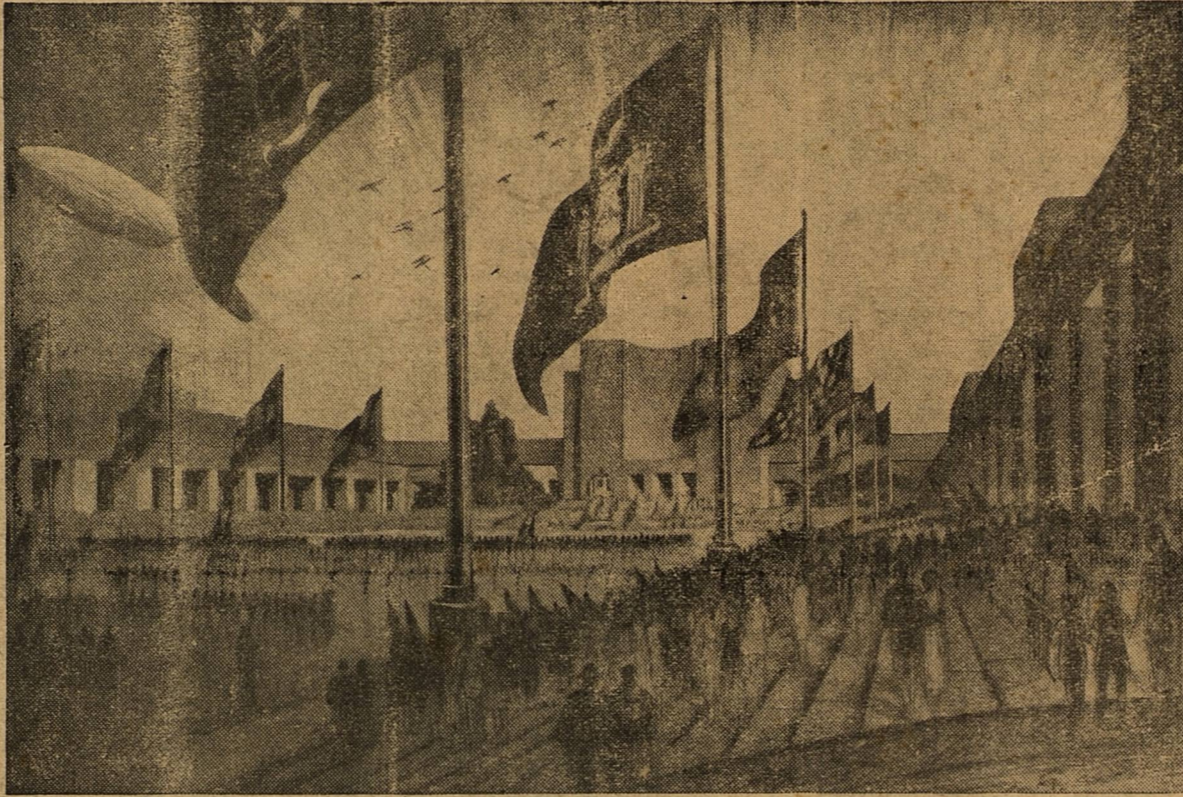

The Sovereign States of the Federal Union

George Washington, in declaring that the public felicity and prosperity of America depend upon the firm union and the unceasing cooperation of the sovereign American States, divined the future. The prosperity and the greatness of these United States have arisen from the free and unimpeded circulation of ideas and products in the world's greatest consumer market.

The Fair gives to each State the appropriate setting and opportunity to announce to the world its unique and indispensable contribution to America's rich and colorful civilization. The Fair contemplates a Hall of States, in the imposing Government group and flanking the structure which the Fair looks to the United States to build, to house the exhibits of the forty-eight States, and the Territories. Those wishing to participate more extensively will, in addition to their exhibits in the Hall of States, either erect their own buildings or obtain space to display their products and attractions in one or more of the exhibit zones.

The State of New York has naturally taken the leadership in the participation of the sovereign States of the Federal Union. Its total appropriations for Fair purposes may exceed \$5,600,000, and the New York State World's Fair Commission, appointed by the Governor, has been active for some time. Other States already are beginning to express enthusiastic interest in participating more extensively than at previous world's fairs.

The many visitors will find a fresh cause for pride and enthusiasm in the revealing exhibits of their respective States. But beyond this, the exhibits will enable the States to make a persuasive presentation to all visitors of what they have to offer to the consumer and the tourist.

Before the Hall of States, at the New York Fair, a Brigade Might Pass in Review

sensible fashion.

So long, 1937; we're not too sorry to see you leave! Hi, 1938! Come on, let's march ahead!

**POSTMASTER THANKS
PATRONS IN ELDORADO**

I wish to express to the patrons of the post office my sincere thanks for their cooperation and patience with us during the Christmas season.

I regret that, during the rush of business at the office, we were not able, at all times, to give the kind of service that we felt the patrons deserved. But we did our best under the circumstances. We surely appreciate the splendid spirit shown by all of you.

I wish for all a happy and prosperous New Year.

E. W. Brooks,
Postmaster.

PRESBYTERIAN CHURCH

Sunday School at 10:00
Morning Worship at 11:00
Evening Worship at 7:15
Pioneer Society at 6:45

The first Sunday of the New Year! We hope you will attend services at your church on that day, and make it a habit throughout the New Year. The pastor of this church will preach at the morning and evening hours stated above.

Morning subject: "The High Calling of a Deacon." Following this sermon the deacons who were recently elected, will be installed in their office.

Communion of the Lord's Supper will be observed. All members of the church are urged to be present.

Evening Subject: "Keep the Windows Open". This sermon will be preached with the best interests of the New Year in mind.

All Sunday School pupils are urged to be present Sunday.

The "Pioneers" will have a social in the basement of the church on Friday night.

A Happy New Year to all, and a cordial welcome to every service of this church.

N. P. Wilkinson

HE GOT RESULTS

W. B. Tyler, who is connected with the Miles Messenger, was in Eldorado Thursday morning. Mr. Tyler recently ran a classified ad in the Success regarding ranch sales.

Tyler stated that he got several listings as a result of the ad, and one good sale was made. People watch the classified ads. You, too, will find they bring results.

N. P. and Mrs. Wilkinson visited in Brownwood and Comanche during the first of the week. On Monday morning a relative of Mrs. Wilkinson, Mr. Lee Hamilton, died suddenly while out hunting. The funeral service was conducted by Mr. Wilkinson on Tuesday afternoon in Comanche. Mr. Hamilton was an auditor for the state and worked out of the State comptroller's office in Austin.

Mr. and Mrs. Fritz Rau of Balmorhea visited their daughter and son-in-law, Mr. and Mrs. Dan Collier, and their grandson, Donald Collier in Eldorado during the holidays. Mr. Rau is manager of the Sol Mayer irrigated farms near Balmorhea.
