"A Weekly Publication Serving Schleicher County"

VOL. XXXVII

Eldorado, Schleicher County, Texas, Friday, October 8, 1937.

NO. 41

## On The DIVIDE

THE TRUE SPORTSMAN

Some of the characteristics of the good sportsman are enumerated by Tom Ford, secretary of the Alabama Wildlife Federation, in a recent statement, in which he tells what the conscientious hunter does and does not do:

He obeys the hunting laws and insists that his fellow hunter does likewise. Respects the rights of the landowner and complies with the law by obtaining a permit to hunt on his lands. Curs no fences, shoots near no barns, homes or other buildings; tramples no crops, and endangers no livestock by wild or careless gunfire.

He takes only a lawful amount of game, as his license does not permit him to shoot for another. Stamps out all campfires, including those left by careless hunters, and throws no lighted matches on the ground.

He does not shoot the last two pairs in a quail covey, or a doe, fawn or turkey hen but leaves them to replenish the game crop. For the same reason he feeds the birds and other game in winter. Finally, he gives all game the sporting chance to escape that he would like if he were being shot at.

If all hunters would observe the rules of conduct outlined by Mr. Ford, the cause of true game and forest conservation would be no excuse for not observing them.

## STORED IMPRESSIONS

The following paragraphs from a recent trade magazine article may not display great originality of thought, but they contain some wholesome truths:

Did you ever stop to think that our minds are much like cameras? Day in and day out from the time we can first see until we pass out on the great adventure we are taking mental pictures and storing them up in our minds.

We may store up impressions of beautiful symphonies, the fragrance of roses, the song of a bird, the laughing of little children.

"I am what I am because of the pictures I have taken with my mental camera. If I am little and petty and dull and prosaic and narrow and selfish and bigoted, it is because these are the impressions I've trained my mind to receive."

If you are kind and loving and thoughtful. If you think great thoughts and entertain great aspirations. If you appreciate good music, inspiring books, sunsets and beautiful paintings. If you like people and people like you. If you enjoy a position of leadership in the crowd—all this is an indication that you have been opening your mind to the highest and best.

Those attending the associational B. T. U. meeting at San Angelo last Sunday were: Betty Jo Whitten, Dorothy Garrett, Maude Brown, Mrs. Claude Alexander, and Pastor C. T. Aly. All reported a good service.

## Eagles To Open Conference Schedule At Sonora Saturday

LOCALS ARE IN EXCELLENT CONDITION TO BEGIN CONFERENCE TILTS

Following a decisive victory over the Iraan Braves last Saturday, the Eldorado Eagles are going through stiff workouts this week in preparation for the opening of their conference schedule. They will begin the conference games next Saturday when they go to Sonora.

The Eagles have shown splendid development since the opening of the 1937 grid season. The boys have exhibited wonderful teamwork in the past few games and have developed into a team that is dreaded by their conference opponents. A hard holding line, a smooth working backfield, and good improvement upon the part of each individual player, have played a part in the forming of an Eagle team that is expected to be strong contenders for the district title.

Notwithstanding these facts, the Eagles realize that their competition is strong through the remainder of the schedule. Their practice this week is pointed toward the making of a stronger team, and when they meet Sonora next Saturday they will be ready to do battle.

An unusually large number of fans are expected to make the trip to Sonora for the first conference game. More interest is being shown in the team, and they are expected to receive splendid backing from local fans through the remainder of this season.

## Jury Of View Named To Designate Road In County

Due to the necessity of establishing a public road through the lands belonging to J. Forrest Runge and Mrs. Frances Thompson, the Schleicher County Commissioners met in special session last Friday to work out plans for establishing this road. This necessity arose because of the fact that the present road had been closed without the consent of the court.

Commissioner Pat Martin acted as presiding commissioner in the absence of Judge C. S. McKinney.

The Court appointed B. E. Moore, M. W. Jones, Doc Kerr Ed Finnigan and H. M. Freund as a Jury of View to describe this road. The Jury of View, together with a surveyor, are to lay out survey and describe such road to the greatest advantage to the public, and will assess damages if any are claimed.

The Jury of View is to make a report at the next regular meeting of the Court.

## MARRIAGE LICENSES NUMBER ONLY ONE FOR MONTH OF SEPTEMBER

Only one marriage license was issued in Schleicher County during the month of September, according to the records of Johnnie Isaacs, county and district clerk.

The license was issued on September 18th to Howard M. Jones and Miss Louise Holbert.

## 1937 COTTON PRICE ADJUSTMENT PAYMENT PLAN IS ANNOUNCED

PLAN IS SIMILAR TO PAYMENT PLAN FOR YEAR OF 1935

A bulletin issued recently by the United States Department of Agriculture and received Monday by County Agent W. G. Godwin, explains the deficiency appropriation act which provides for a cotton price adjustment payment to farmers.

The recent act passed by the 74th Congress provides for a cotton price adjustment payment plan somewhat similar to the 1935 plan, the object of which was to assure to the producers of cotton an average return of 12 cents per pound for their 1935 crop. The proposed payment plan for the 1937 crop embraces six principal features, as follows:

First, \$130,000,000 is made available for payments, being \$65,000,000 for each of the fiscal years 1938 and 1939, out of the funds heretofore made available under section 32 of said Public Law No. 320, as amended. The first \$65,000,000 is now available and the second July 1, 1938. Under the 1935 plan \$50,000,000 was allocated and \$39,756,248.81 was paid to producers up to July 31, 1937, on approximately 3 3/4 billion pounds of cotton at an average price of 1.059 cents per pound.

Second, the adjustment payment will be made, upon application therefor, only to producers who submit proof of compliance with a 1938 agricultural adjustment program which is to be formulated under legislation to be enacted as contemplated by

## SHEEP MOVED TO WHEAT FIELDS; CATTLE GO TO FEED LOTS

A J. Burk reported Tuesday that his trucks recently moved two loads of lambs to Plainview for Cleve Jones and Bert Johnson. The lambs were taken to Plainview, where they were placed on the wheat fields for winter grazing. Wheat is reported to be very good in that section.

On Monday and Tuesday, two loads of bulls were taken to Brady for Jones and Johnson, to be placed on feed at the oil mill there.

## 35 Attend Lions' Feed At Roadside Park Tuesday

The annual feed and entertainment for teachers in the Eldorado school, which is sponsored by members of the Lions Club was held last Tuesday night at the Roadside Park. Thirty-five people were in attendance.

Upon arriving at the park, the guests were entertained with several games which were furnished by N. P. Wilkinson. Soon they were invited to "dig in" on a supper of barbecued beef, goat and sausage, together with other items which were supplied to make the meal complete.

After the supper, the guests visited for a while, returning to their homes at about nine o'clock. All reported a very enjoyable time.

The committee in charge of this entertainment was composed of Aaron Edgar, chairman; C. C. McLaughlin and N. P. Wilkinson.

Senate Joint Resolution No. 207, Seventy-fifth Congress, which was approved August 24, 1937 (Public Resolution No. 69).

Such proof could not, of course, be furnished earlier than late in the spring of 1938 in any region

Third, payment to an individual producer will be made with respect to his 1937 cotton production sold prior to July 1, 1938, on 65 percent of his base cotton production which was or could have been established under the 1937 Agricultural Conservation Program or such higher percentage of such base production which, in the light of estimated participation in the 1938 Agricultural Adjustment - Program, sales from the 1937 cotton crop, average prices in the ten designated spot markets, and other pertinent data, will result in cotton price adjustment payments aggregating approximately \$130,000,000.

Fourth, the adjustment payment per pound will be the amount per pound by which the official average price of 7-8-inch middling spot cotton on the ten designated spot cotton markets (Norfolk, Augusta, Savannah, Montgomery, Memphis, New Orleans, Little Rock, Houston, Dallas and Galveston) is below 12 cents per pound on the date of sale of the producer's cotton, but in no case shall the payment per pound exceed 3 cents. The payment respecting sales on any date will apply to all cotton sold on that date, irrespective of the selling price received by any producer for his cotton or its

(See No. 1 Last Page)

## 3,664 Bales Cotton Ginned In County

Large Portion Of Cotton Believed Ginned; May Set Ginning Days

Check of the four gins in Schleicher county early Thursday morning revealed that 3,664 bales of cotton had been ginned in the county up to that time.

All of the late cotton has been coming in rapidly during the past few weeks, and all gins have run steadily during practically all of the time. Many farmers whose cotton was not hauled out last spring are practically through ginning.

It is estimated that the county will gin close to 5,000 bales this year, which means that there remains some 1,300 bales to be ginned if this estimate should be correct.

Cotton is about all gathered around Eldorado, and there is some talk of the two Eldorado gins running only on designated days after about two weeks more of steady ginning. No definite announcement has been made to this effect, however.

## BAPTISTS MEET IN SAN ANGELO

The annual meeting of the Concho Valley Baptist Association was held with the Park Heights Baptist Church in San Angelo on Tuesday and Wednesday of this week.

Both the Eldorado and Bailey Ranch churches of this county were well represented at the sessions, and all reported a very inspirational meeting.

## Gregory And Smith Are Elected Members Of City Council

ONLY 37 VOTES CAST IN CITY ELECTION HELD ON TUESDAY

Leading the ticket by one vote, R. O. Smith was elected as a member of the City Council of Eldorado last Tuesday. The other leading candidate, who also becomes a new member of the council, was W. D. Gregory, who received 21 votes.

Very little interest was shown in the election, the election judges reporting that only 37 votes were cast. The two newly elected aldermen will take the places of J. L. Ratliff and Geo. R. Long who resigned.

Other two names on the ticket were J. L. Ratliff and F. H. Watson. They received 17 and 11 votes, respectively. Geo. R. Long, whose name was written on the ticket, received 3 votes.

The newly elected council members will probably be installed at the regular meeting of the council next Tuesday night.

## Demonstrations Of Club Women Will Be Judged Oct. 28, 29

In the meeting of the County Council of Home Demonstration Clubs last Saturday, the Texas Home Demonstration Association delegates gave a most interesting and varied report of the San Antonio meeting. These delegates were Miss Lottie Reynolds, and Mrs. Palmer West. Mrs. Morris of Lamesa was elected president and Mrs. Thorp of Lamesa, district vice president of the association. Each club of the county will hear one of the delegates at the first meeting of the month.

Business included the appointment of a nominating committee composed of Mrs. Jarvis Benton, Mrs. Silas Burk and Mrs. W. E. Bruton. This committee is to nominate officers for the incoming year.

Judging of the demonstrations in this county, kitchen, See No. 2 Last Page

## Cicero Smith Manager Of Cameron Lumber Yard

Succeeds Clarence Alfrey, Who Is Transferred To Sonora

Cicero Smith, formerly of Ballinger, came to Eldorado this week to assume his duties as manager of the Wm. Cameron & Co. lumber yard here. Mr. Smith succeeds Clarence Alfrey, who has been transferred to Sonora.

Mr. Smith has been connected with the Cameron yard at Ballinger for the past four years, prior to that time being manager of the H. H. Hardin yard at Breckenridge. He has a wife and daughter, who will move to Eldorado within the near future.

Mr. Alfrey has served as manager of the local yard for the past three years. He succeeds W. C. Warren as manager at Sonora, Mr. Warren having resigned. Mr. Alfrey and family have many friends in Eldorado who regret that they are leaving, but who wish them success and happiness in their new home. They will move to Sonora sometime next week, it was stated.

## Dorothy Bruton Scores Highest In Clothing Contest

SCORES 280 POINTS OUT OF POSSIBLE 300 TO WIN DISTRICT CONTEST

Dorothy Bruton, local 4-H Club Girl, scored highest in the District Canning Contest held in Midland on Tuesday, October 5. Out of the possible 300 points Dorothy's score was 280. The score was based on the appearance of the contestant's product—100 points, and the girls' ability to recognize and score canned products, 200 points. Black-eyed peas was entered by the contestant.

As Dorothy's score is only 20 points from the top, she has a good chance of placing in the state. If she does she will be awarded a prize.

A clothing contest was also held with Lou V. Hawkins, Nolan County, placing first, Christine Holland of Ward County, placing second and Geneva George of Fisher County placing third.

Miss Margaret Stewart, Home Demonstration Agent, and Dorothy were accompanied to Midland by Gene Sproul, Pauline McLaughlin, Anice Green, Elouise Luckett, Ruby Butler, Ouita Cheatham, and Nell Edmiston who all went along that they might learn more of the clothing demonstration. This is the new demonstration which the girls of the county are to begin.

## Revival Begins At Presbyterian Church Friday, October 22

Rev. B. D. D. Greer, D. D., pastor of the Highland Park Presbyterian Church of San Antonio, will begin a revival meeting in the local Presbyterian Church on Friday night, October 22nd. According to Mr. Wilkinson, the local pastor, Dr. Greer held such a successful meeting in Eldorado last year that the people want him to come again, and he has been secured for the period Oct. 22 to 31. Mr. Wilkinson says that he will come prepared again with things of interest for the children.

Plans are under way to have a good song leader to assist in the services. Also preparations are being made to have the building comfortable in case of early cold weather.

Rev. Greer has had his present pastorate for nine years. Previous to that he was pastor in Temple and San Saba. Each summer he is the head of the children in Western Texas Presbytery at the Kerrville Encampment. Under his direction this conference has grown greatly in the last three years, so Mr. Wilkinson informs us; and last summer more than three hundred children attended it.

Further announcements about the meeting will be made later.

Mrs. W. L. Smith returned to her home in Sabinal last Sunday after a month's visit here with her daughter, Mrs. R. C. Spurgers.

Subscription \$1.50 per year, in advance. Subscription will be discontinued promptly on expiration.

**JOB FOR THE UNDERTAKER**

Four out of every five auto mobile accidents occur on dry roads in clear weather. Four out of every five involve cars driving straight ahead.

Here is the statistical proof of the disregard for every rule of courtesy and safety that characterizes the reckless or incompetent motorist. He constantly overestimates the "safety factors" of good roads and modern cars. A straight highway and a clear day act as bait to make him "open her up"—with the result that the undertaker gets about 37,000 new accounts each year.

A National Safety Council survey lists the seven most important causes of fatal accidents, in order, as follows: Exceeding speed limit or driving too fast for road or weather conditions; driving on the wrong side of the road; disregarding stop signs and signals; usurping right of way; cutting in; passing on hills and curves; failure to signal for stopping and turning.

These driving errors cause the great bulk of all serious accidents and the first is by far the worst. Every one of them is a human error—and every accident they

**At Your Best!**

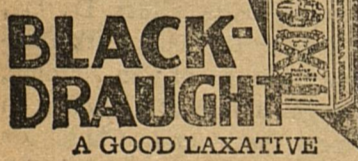

**Free From Constipation**

Nothing beats a clean system for health!

At the first sign of constipation, take Black-Draught for prompt relief.

Many men and women have said Black-Draught brings such refreshing relief. By its cleansing action, poisonous effects of constipation are driven out; you soon feel better, more efficient.

Black-Draught costs less than most other laxatives.

produce could be prevented if individual drivers would observe the most elementary rules of caution and proper driving.

In conclusion, here is one more fact you might think over next time you feel the urge to step on it: At 20 miles per hour, one accident in 61 is fatal, while at 50 or more miles per hour, one accident in every 11 produces a corpse.

**FIRE PREVENTION WEEK**

Fire Prevention Week is here. What are you going to do about it?

If you are short-sighted, you will do nothing. If you have any interest in protecting your property and your family's lives, you will use Fire Prevention Week as an occasion for taking the simple, essential measures that usually suffice to make homes and places of business safe from the most common and dangerous fire hazards.

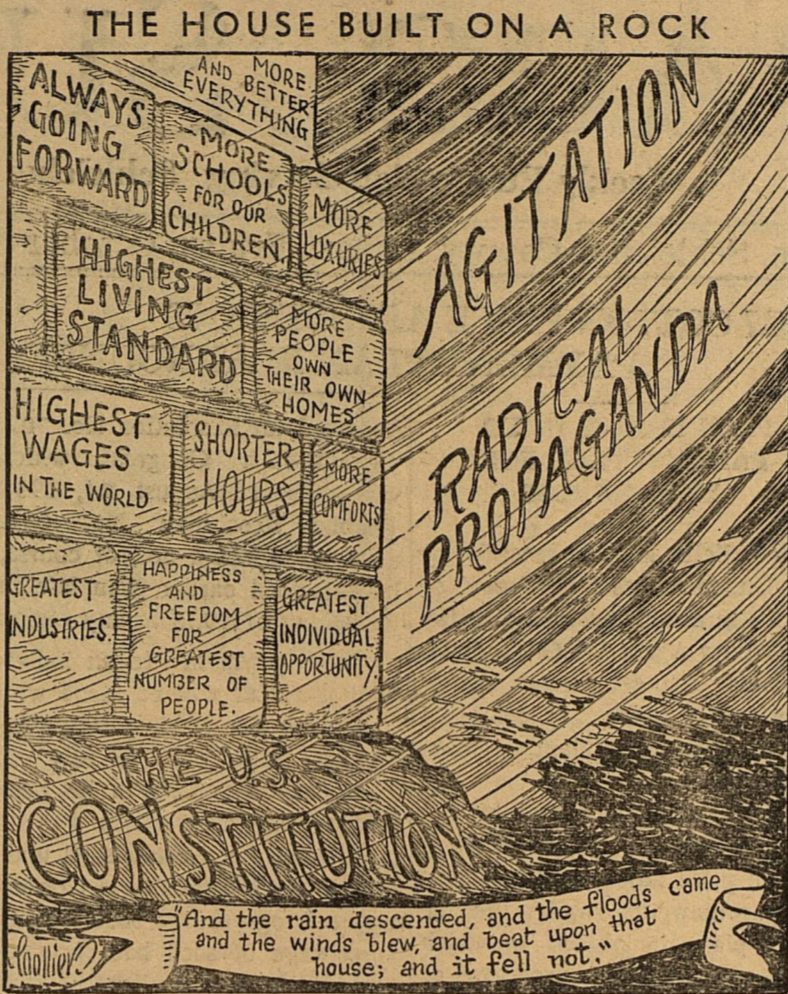

In the average home grave hazards exist of which the owner knows nothing. Ignorance, as well as carelessness, is a prolific source of destructive fire.

The simplest and most easily corrected causes are responsible for the great bulk of fires in dwellings. A slight fault in a heating plant may devastate a home. Accumulations of papers, clothes, furniture and other odds and ends require only a spark to burst into flame. Improperly stored fluids such as gasoline, benzine and kerosene are a constant menace. Amateur repairs of electric appliances and light cords cause millions of dollars' loss annually. Paint or oil-soaked rags are often the cause of spontaneous combustion. An improperly protected hot electric iron, or cigarette ashes invite fires.

It costs you nothing to eliminate these hazards, and takes little time. That small effort may save you thousands of dollars—and infinitely more important, save a life. Fire Prevention Week was inaugurated to serve you. Make the most of it.

Mr. and Mrs. Fritz Sagester of Harper, Texas, spent last weekend here, visiting in the home of Mr. and Mrs. Ed Hazelwood.

**PRIDE OF ANCESTRY**

Honoring of parents or other worthy forbears is most commendable, but the extremes to which some people carry their pride of ancestry is somewhat amusing.

We see many worthless offspring from high-class parentage while on the other hand many persons born in obscurity have made notable successes in life.

The divine right of kings was founded with some political or military upstart. The American "40d" was founded on the wealth of shrewd, uncouth traders and schemers of the early days.

While the fetish of ancestry is still worshipped by many, it is becoming out of date and nowadays a man must amount to something in his own right if he would be held in high esteem.

As a recent writer has well said: "Humanity's sense of justice would be outraged if descendants of a criminal justly hanged, say, three hundred years ago, should still lie under the infamy of that ancestor. Why, then, should glory attach to the worthless descendant of a hero?"

It is certainly more creditable to have overcome the handicap of early disadvantages than to try to "travel" solely on the prestige of worthy family con-

**Timely Topics**

Pride of distinguished ancestry is natural and proper, but its display is frequently overdone.

**Earrings to Spare**

Texas beauties could deck themselves very sumptuously with precious gemms even if all imports of jewelry into the state were suddenly discontinued. Although only about 20 per cent of the known metals in Texas are commercially exploited, jewels and ornamental stones which are available include agate, amethyst, onyx, jasper, opal, serpentine, topaz and turquoise. Pearls have also been discovered in the San Saba river. These raw materials, combined with the 376 jewelry factories now operating in Texas and valued at nearly twelve million dollars, could be turned into a considerable supply all on their own.

Dr. H. F. Brandt, a University of Iowa psychologist, has made tests which show that pictures of near-nude females are not effective in advertisements designed to attract the attention of male customers. The men look at the pictures, all right, but don't read the sales message, he says.

An Illinois father's note to his son's teacher: "In request of the behalf of my son George if he don't learn his lessons talk fresh back to him, correct him any old way, take a stick and let him have it, I give the Permit solongue you don't overdoing it."

A good many readers of an Arkansas paper thought a typographical error had been made when they first glanced at the headline, "Local Boy Makes Goo." The article concerned a young man who had obtained a job in a mucilage factory.

Federal officials recently made public a list showing that 32 farmers in the country received benefit payments of more than \$10,000 each for participating in last year's soil conservation program. These were mere pikers, however, compared with several big shots who received around a million dollars each for not raising crops in 1935.

Recently an 18-year-old candy cashier and a 45-year-old candy man, working in concessions with a circus, became very close friends. When the circus reached Cleveland the girl introduced the man to her mother, who recognized him as a former husband. He was the girl's father.

One of America's most noted anthropologists is a full-blooded Seneca Indian, Dr. Aruthur C. Parker, director of the municipal museum of Rochester, N. Y., a position he has held since 1925. He is an author, editor and member of several learned societies, also a 33rd degree Mason. He was born on the Cattaraugus Indian Reservation in Erie county, N. Y., in 1881, his tribal name being Ga-Wa-So-Wa-Neh.

One of the hardships people had to undergo in the old days is recalled by an item in the Hagerstown (Md.) Globe, published in 1824: "A part of the larger scholars under the tuition of Mr. Watson will recite between 15 and 20 speeches on Saturday evening next at early candlelight. The ladies and gentlemen are cordially invited to attend."

**STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC.,**

Required By The Act of Congress of August 24, 1912,

Of the Eldorado Success published weekly at Eldorado, Texas, for October 1, 1937.

State of Texas,  
County of Schleicher

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Aaron Edgar, who, having been duly sworn according to law, deposes and says that he is the editor of the Eldorado Success and that the following is, to the best of his knowledge and belief, a

true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, and business managers are:

Editor Aaron Edgar, Eldorado, Texas.

That the owner is: C. S. McKinney, Eldorado, Texas.

That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total bonds, mortgages, or other securities are: A. T. Wright, Eldorado, Texas. Sworn to and subscribed before me this 28th day of Sept. 1937.

Elizabeth Ballew, Notary Public.  
(My commission expires June 1, 1939.)

## Gene Koy Began As 4-H Club Boy Ranchman Now

**HIS SHEEP PLACE IN SEVEN SHOWS; STILL FEEDING 'EM**

One Schleicher County 4-H Club member who has continued right on with his work since growing out of clubmembership age is Gene Koy, 22-year-old son of Jess Koy, sheep rancher with leases some 20 miles south and east of Eldorado.

Gene started 4-H club work in the fall of 1929, at the age of 14, the year the boys' club of Schleicher County was organized. And evidently he started right. That same year he won first place in the Schleicher County show and a group of five fat lambs, second place for a pen of three fine wool wether lambs seventh place for fine wether lambs, and carried off the bank cup for the best all-round showing.

Between then and 1936, when he made his last showing of lambs, Gene had animals to place in nine shows, held at San Angelo and Fort Worth. He won two trips to the A. & M. short course, where he was a Gold Star boy both years. In 1934 he won a trip to Chicago on lamb demonstration in 4-H Club, a trip offered by the Santa Fe Railroad Co. to consistent feeders in the club. While there, he received a Thomas E. Wilson medal.

During the six years he was a 4-H Club boy, he fed out 101 lambs, all of which came from his father's flock. Today, Gene stays at home and cares for the feeding of the lambs as faithfully

as he did when an enthusiastic club member.

Last year he fed out 1,400 lambs for market out of his father's flock. This year he has fed out 1,800. Three hundred mutton lambs were sold through the Schleicher Sheep Sales Service, Sept. 22. The county agent of Mason bought 42 lambs for his club boys to put on feed, the county agent of Tom Green County, 105, and the vocational agriculture teacher at Melvin bought 40.

Gene and his father now have 480 spring lambs in the feed lots at the home ranch and 1,000 on feed in the pasture, feeding principally kaffir corn, hegari, and bundle and cut feed. Together, they have bred up over a period of years a neat, low-set, stocky type of Rambouillet that shears especially well.

### PRESBYTERIAN CHURCH

Sunday School at 10:00  
Morning Worship at 11:00  
Evening Worship at 7:30  
Pioneers at 7:00

There is renewed interest and increased attendance at our Sunday School. You will find a class for every age and a friendly welcome for every pupil and visitor. Come!

At 11:00 the sermon subject will be "Accomplishment for Christians", from the text: "He that converteth a sinner from the error of his way shall save a soul from death, and shall hide a multitude of sins." James 5:20.

The pastor will preach again at 7:30.

The "Pioneer" Society will meet at 7:00 with Betty Jo Bryant as leader of the program.

Our revival meeting will begin on Oct. 22nd. See elsewhere in this paper for announcement.  
N. P. Wilkinson

## Eldorado Or Sonora?

**Past Record Gives Eldorado Advantage, But It'll Be Anybody's Football Game**

The Eldorado Eagles record for non-conference games is not unusually impressive, but it does show no losses to two class C teams and two class B teams of other districts. The record shows Eldorado 12 Bronte 2 Eldorado 0 Coleman 0 (tie) Eldorado 46 Lakeview 0 Eldorado 19 Iraan 0

This weekend finds Eldorado going into conference strife against her oldest foe, Sonora, in a game that looks to be a natural as neither team has lost a game this season.

For the last eight years Eldorado has held the upper hand over Sonora in most of the games as the following records show:

1929: Eldorado 0, Sonora, 46
Eldorado 0, Sonora 34
1930: Eldorado 6, Sonora, 13
Eldorado 7, Sonora, 0
1931: Eldorado 7, Sonora 0; Eldorado 20; Sonora, 6.
1932: Eldorado 26, Sonora 0
Eldorado 12, Sonora 12
1933: Eldorado 38; Sonora 0
1934: Eldorado 40, Sonora 0
Eldorado 19, Sonora 6
1935: Eldorado 25, Sonora 6
Eldorado 40, Sonora 0
1936: Eldorado 12, Sonora 0
Totals 258 121

The teams stock up as being evenly matched with Eldorado having a weight edge of five or six pounds, but lacking the speed and experience in the backfield that Sonora has. In Francis Archer, Sonora, has a boy who has made all-district halfback two years. Archer is well supported in the backfield by Taylor, a heady field general, and Morris, a speedy halfback. In the line, Adams has shifted his all-district center, Simmons to tackle where he is showing up just as well as his old position. Awalt, a 200 pound tackle gives the Brones a pair of the best tackles in the district.

The Eldorado line looks good with all-district Bruton at one tackle, McGinnes a green hand at the other tackle, two good guards in Edmiston and Bradley; a fine center in Jack Jones, and two good ends in Bryant and Friess. Bruton, so far this season, has shown very little of his '36 form, but is expected to start doing better for these conference games.

The Eagle backs haven't shown the offensive punch necessary to carry the team far, except for about one quarter in the Iraan game, when Meador, Williams, and Nicks broke loose for some good gains. Meador's punting

has been very erratic until the Iraan game, but his punts that day suddenly blossomed into something that brings football teams out of the deepest holes, when his first two kicks traveled over the Iraan safety's head for 72 and 61 yards. It is impossible to say which team holds the favorite position in this battle between a fast and experienced backfield against a heavier but slower secondary, with good lines on each side thrown in to make the going tough for either side.

Sonora and Menard opened the conference schedule last Friday Oct. 4, with Sonora winning 26 to 12. The remainder of the District 44-B schedule is:

October 9:  
Eldorado at Sonora  
Ozona at Junction  
October 16:  
Menard at Eldorado  
Sonora at Junction  
Rocksprings at Ozona  
October 23:  
Rocksprings at Sonora  
Ozona at Menard  
October 30:  
Eldorado at Junction  
Menard at Rocksprings  
November 11:  
Rocksprings at Eldorado  
Junction at Menard  
Sonora at Ozona  
November 20:  
Ozona at Eldorado  
Junction at Rocksprings

### FFA OFFICERS MEET IN SESSION LAST MONDAY

At a meeting of the FFA officers last Monday, the time and place of the next meeting was decided. The next regular night meeting will be Tuesday, the 12 of October. Day meetings are to be called on first and third Mondays.

Executive and program committees were also selected by the officers. Members of the executive committee are A. J. Friess chairman, Hobson Ashmore, and Jim Danford. Members of the program committee are Jack Rounds, chairman, J. W. Yates, and Patton Enochs.

It has been announced by the president of the chapter that any member violating any rules passed by the executive committee will be assessed a fine of fifty cents, to be paid into the FFA fund.

Judge and Mrs. J. A. Whitten were visitors in San Angelo last Tuesday.

### ALVIN LUEDECKE AND WIFE ARE VISITING WITH PARENTS HERE

Mr. and Mrs. Alvin Luedecke came in the first of this week for a visit with Alvin's parents Mr. and Mrs. John Luedecke. Alvin, who is in the aviation service, is on a vacation which extends until October 20th.

Accompanied by Mr. and Mrs. John Luedecke, they went to Marfa on Tuesday, where they are visiting Mr. and Mrs. Tommy Redford, who have a sick baby.

Alvin has been transferred to the Panama Canal zone, and will begin his duties there at the close of his vacation.

### THERE'S NO SUBSTITUTE

For quality in bread. That is one reason why so many women serve our bread. Put variety in to your meals by serving several kinds of bread—for instance, white bread, raisin bread, and rye bread with tonight's dinner. Sold at your favorite store.

### Mrs. Norman's Bakery

27 E. Concho, San Angelo, Texas

Mr. and Mrs. V. G. Tisdale returned home Friday from a month's vacation which they spent in Virginia, Ohio and other points. They reported a very enjoyable and interesting trip.

### TO BAY CITY

Mrs. R. J. Page left Wednesday morning for Bay City, where she is visiting with Mrs. W. H. Day and children. She will also visit in Houston and Galveston before returning home.

If you don't try to be something, you are not likely to be much.

"Prescriptions A Specialty"

**"THE REST OF THE RECORD"**  
BY JAMES V. ALLRED  
Governor of Texas

One of the ablest groups of newspapermen in America is reporting the present legislative session from the capitol press rooms. Keen and intelligent they do a good job of covering and reporting the daily happenings of the Legislature.

It is no criticism of their fine work to say that often the average newspaper reader loses sight of the real issues in the mass of conflicting statements and reports which must be carried by the press. An example occurred this week when a good farmer friend wrote me that the farmers of his section "strongly oppose any increase in taxes, especially on farm real estate and taxes that affect farmers as a whole."

Now I have never had any desire for the legislature to pass that kind of a tax program nor have I ever sponsored such a plan. The record shows that I cast my vote with the state comptroller to lower the state ad valorem tax to 7c which is the lowest in over twenty years.

As I told my farmer friend, I am urging a tax program to raise money from only a small, undertaxed and over-privileged group—interests able to pay the cost of financing old age assistance, aid to needy blind, dependent children, and teachers' retirement. An example of such a group is that of five major pipeline companies who in one year reported a total net profit of forty-one million dollars but paid altogether to the state the "tremendous" sum of \$5,647.99 in franchise taxes.

These are the kind of folks I want to see taxed—not to penalize them, but so that they will bear their portion of our state government cost.

The only group that "affect agriculture as a whole" are the "salestaxers." A sales tax would fall squarely on the shoulders of the farmers and the working people.

Lobbyists for all the big pipeline companies and other special interests watching the Legisla-

ture favor a general sales tax. Spokesmen for this group are saying no new taxes are needed. Such statements are simply a smokescreen to defeat the people's program. Everyone of that group would vote tomorrow for a general sales tax if I would agree to it.

Their strategy is to stave off any taxes as long as possible until our state is in such a terrible shape that some future government or out of desperation may turn to a general sales tax. To carry out their plan, this group has organized a campaign of propaganda to frighten the farmers and little business men into thinking that my tax program is going to hurt them.

They raise the hollow charge that I want to levy more tax burdens on the people. The taxes I propose would fall on the shoulders of the over-privileged groups which are able to pay.

A certain senator and his associates in the "sit-down" strike against adequate revenues for the needy charge that I have increased the cost of state government. They point to increased appropriations during the past ten years as though I were responsible for all of them.

I wonder why they are not fair enough to let the people know that represented in their figures is the money that is collected for unemployment insurance and for relief bonds which the people voted. Practically everything I have had anything to do with was voted by the people. The increased appropriations for ordinary purposes of government were voted by the Legislature against my recommendations.

Texas cannot have progressive government by launching destructive economies and institution-wrecking politics in order to save from just taxation.

The people do not want to economize by cutting out unemployment insurance. The votes in every senatorial district registered for aid to the blind, dependent and overwhelmed approval children and the needy.

I believe that the majority of the legislators have the political courage and the patriotic purpose to provide for the state's unfortunates and to balance the budget.

**When a Hearth-Fire's a Friend**

**OUT** from the apartment-crowded center of cities where space begins and houses become homes, the open fire on the hearth plays an important role in family life. But even in districts where wood and coal are plentiful, the fire-tender has an unpleasant job. To lug fuel from the basement and tote out the ashes is arduous, to say the least. That's why so many people are resorting to the radiant gas fire that is always ready at a moment's desire. And believe it or not, this fire will pop corn and toast marshmallows in the good old way.

A variety of styles and sizes makes it possible to select a wood or coal type of gas fire suitable to the individualized hearth (be it period or modern)—and complete with andirons or designed to be utilized with andirons already in use. A high fire-back will conceal a smoke-scared back-wall when a fireplace has been used for a long time. Clean, odorless, and heat-controlled by a thermostat, these scientifically designed new gas fires consume a minimum of fuel and substitute for the healthful rays of the sun with a cheery radiance.

**Eleven Eagle Stars Beat Iraan Braves To Tune Of 18 To 0**

With the entire team playing as one, Coach Weldon Bunum's Eagles, playing at Iraan, soared high over the Braves to take an 18-0 win last Saturday in their last non-conference game of the season. The Eagles with perfect team work, Meador's punting, Williams' passing, blocking from the line, and a run by B. Bradley from his own 20-yard line to Iraan's one-foot line on an intercepted pass, made the game worthwhile.

The Eagles kicked off to the Braves' 10-yard line, and the ball was returned to the 45. The Braves were unable to pick up a first down and punted to the Eagles' 30-yard stripe. Here the Eagles tried three plays which failed. Meador then dropped back and booted a punt which traveled 71 yards. The Braves in their own territory had to punt. In the last minute of play in the first quarter, George Williams dropped back and tossed a pass to Bob Williams which netted 40 yards and carried the oval to the Eagles' 11-yard line.

The third play in the second quarter put the Eagles in pay dirt, George Williams carrying the mail. His try for conversion was short. No long gains were made in the remainder of the second quarter.

Starting the second half, the

Braves picked up three first downs before they were forced to kick. The Eagles failed to make a first down and kicked to the Braves' 40-yard line. On an exchange of punts and two first downs the Braves worked the ball down to the 10-yard line. On the second play, C. Holcomb dropped back and tried a pass, which was blocked by Bryant, Bruton, and Fries. The ball going back over his head, Bob Bradley intercepted it and made a run of 79 yards. This was the longest run of the game. On the next play George Williams hit a seven man line for the second score of the game. His try for placement was short.

The Braves then resorted to passing which failed to click because of the Eagles defense.

In the last quarter the Eagles opened up and played harder than in the previous quarters. In the middle of the fourth quarter, Williams made a first down on the 40-yard line. Ed Meador on the next play made another first down. On the next two plays G. Nicks netted almost 25 yards. This brought the ball into scoring position. Williams made the touchdown but Meadors try for the point was short. The game ended with the Eagles threatening to score again.

The first downs were 9 to 8 for the Eagles. Iraan tried 12 passes completing 2 and had 2 intercepted. The Eagles tried 8 passes, completing 2 and had 2 intercepted.

The Eagles have a tough game next Saturday with Sonora.

**E. T. TURNBOW AND MISS FRANCES POOL MARRY SATURDAY**

Announcement has been made of the marriage of E. T. (Red) Turnbow of Eldorado and Miss Frances Pool of Gervin, Texas. The wedding ceremony was performed last Saturday night.

Turnbow has resided in Eldorado for some time, where he is well known. The bride is a popular member of the younger set at Gervin.

Following a short honeymoon the couple came to Eldorado this week, where they are making their home.

**ADAMS H. D. CLUB MEETS RECENTLY WITH MRS. MONTGOMERY**

"Cooling yeast bread in a draft causes the crust to break", said Miss Margaret Stewart, Schleicher county home demonstrator, at the regular meeting of the Adams Home Demonstration Club. The club met in the home of Mrs. Will Montgomery on Friday, Oct. 1st.

The following scores in yeast bread making were made: Mrs. Montgomery, 95 on plain rolls; Miss Lottie Reynolds, 97 on cinnamon buns; Mrs. Silas Burk, 100 on cinnamon rolls, 100 on doughnuts and 97 on everlasting yeast loaf.

Refreshments were served to seven members and three visitors.

**ELOISE WHITTEN NAMED PRESIDENT, CHORAL CLUB**

The choral club is under the direction of Mrs. Luzelle Hicks. Officers were elected in the meeting Tuesday afternoon. Eloise Whitten was elected President; Rosalyn Jones, secretary; and Mable Whitley, reporter.

There are sixty girls in the choral club this year and they hope to be able to give several concerts. New songs have been ordered and work will be started on them soon.

**A. K. BAILEY ILL**

A. K. Bailey, well known pioneer of this county, is quite ill at his home in Eldorado. Latest reports from his bedside are that very little change in his condition was seen.

**NOBODY'S BUSINESS  
BY JULIAN CAPERS, JR.**

Austin.—Accompanied by a fanfare of oratory and belligerent press statements, emanating from Gov. Allred and Sen. Tom Holbrook of Galveston, leaders of the more tax and anti-tax factions, the legislature laid the groundwork for a memorable tax battle. The house revenue and taxation committee, receiving some 30 tax proposals, sent them to subcommittees. The general plan adopted was to lump most of the revenue proposals into an omnibus bill, which would raise tax rates on natural resources, theater admissions, public utilities, carbon black and cement by about 45 per cent—sufficient to yield three-fourths of the \$15,000,000 demanded by Allred. In addition, the committee likely will bring out several "single shot" measures including an amended franchise tax bill and some method of increasing taxes on oil pipelines.

**Battle Yet To Come**

As public hearings on this general skeleton plan got under way, it appeared that at least another week will be necessary before a definite line on the real tax battle can be obtained. Stiff opposition is certain to be encountered from many sources that will be penalized under the omnibus bill. The new rate on crude oil would be 4 per cent, and marginal well owners claim many of them will be forced out of business by such a tax. Residents of rural areas and small towns already are registering bitter opposition to proposed increases on gas and power and light companies which serve

them. Rates in these rural areas have always been higher than in cities, because of low volume and limited buying power of most of the customers. The legislature has recognized this by exempting gross receipts in town of 2500 and under from the gross receipts tax, and graduating the tax scale in towns up to 10,000. Under the new bill, this graduation is wiped out. Small town consumers claim their rates will be unjustly increased, and the power companies declare they cannot continue building rural lines to extend service to farmers, if the tax is raised.

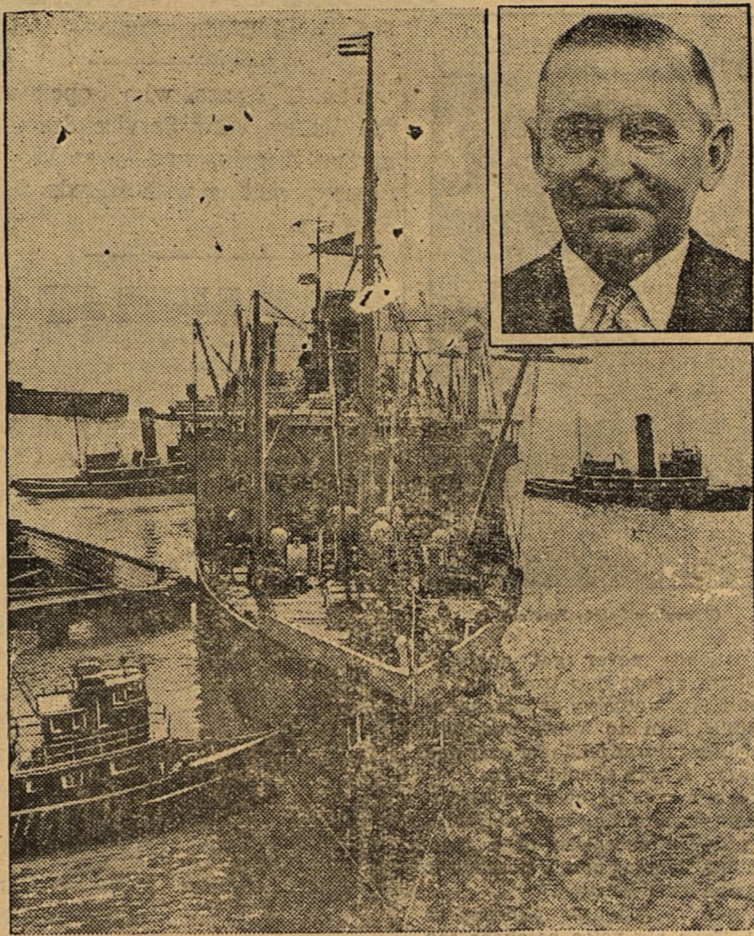

**Sale By Drink Proposed**

The house liquor committee favorably reported Rep. Emmett Morse's bill, proposing to legalize sale of mixed alcoholic drinks in establishments whose main business is sale of food. Morse estimates the 10 per cent sales tax provided on such drinks, together with license fees, will yield \$2,000,000 a year additional revenue. Sentiment for the measure seems stronger than at any previous time, and several members who have discussed it with Gov. Allred declared they believed he would sign the bill if passed. It would apply only in the 44 counties which now legalize sale of hard liquor. The governor has been publicly silent about the measure.

**Senate May Balk**

Regardless of the house's action on the tax problem, there is sure to be a bitter battle in the senate. The senate investigating committee, headed by Holbrook, put itself in position to force Allred to permit action on reducing appropriations, when it

**AT HOME, NEW YORK**

DOCKING a ship is one of the most exciting events along a seaport's waterfront. Her journey over the "Santa Elena" is guided into her North River slip by pushing, pulling tugs, while the sea-wise port captain watches and directs operations. Inset, Captain Thomas Blau, Grace Line port captain in New York.

reduced the appropriation bill to pay for the special session from \$100,000 to \$50,000. This may necessitate a supplemental per diem bill later and the plan is to attach to it amendments to reduce departmental appropriations, thus getting around Allred's refusal to submit economy to the session. The senate bitter-enders will fight to prevent any additional taxes whatever and there is such a close division of strength in the upper house that the last week of the session will doubtless be the earliest date anybody actually knows how the battle is going.

**Oil In Limelight**

Federal control and federal taxation of the oil industry, always of paramount interest to Texas, with half the country's oil reserves within her borders, flared into the limelight again this week. At Kansas City, Col. Ernest C. Thompson, member of the Texas railroad commission and chairman of the interstate compact commission, told members of the American Bar association that the compact method has proved its efficacy in regulating the industry, and conserving the oil resources. Congress recently extended the life of the oil states compact two years, on Thompson's urging.

The compact, operating as it does thru representatives of sovereign states who are responsive to the people of the states, is responsive to public opinion. It is the antithesis of federal control acknowledging no dictatorship and insuring against decree government and fiat-directed economy. It represents the choice between arbitration and conciliation, on one side, and the harsh decrees from a centralized dictatorship on the other.

Meanwhile, several members of the legislature voiced fear that the federal government may soon seek to tax crude oil for federal revenue. Both Gov. Allred and Sen. Joe Hill expressed

uneasiness, while Sen. Claude Westerfeld of Dallas, wrote President Roosevelt, urging him to recommend a federal tax, because he thought the state tax is not high enough.

**Liquor Board In Balance**

Public discussion of the desirability of abolishing the state liquor control board, turning the tax collecting function over to the comptroller, and leaving enforcement to local officers, has brought on a storm of argument. Opponents of the board point to the \$1,000,000 a year it costs to operate it, and claim the money should go into the treasury. Drys however, contend the liquor industry should pay for enforcement thru taxes, and these taxes are not intended as general revenue. They assert tax collections would drop substantially under any other system, encouraging bootlegging, tax evasion and other evils, while liquor law enforcement would be a joke, with 250 different kinds of enforcement being carried out by as many county officials. As a dry, Gov. Allred would be expected to veto any measure to repeal the act creating the commission, which was set up under his administration and furnishes one of the richest sources of patronage for the governor's office.

**MRS. BEN HEXT GIVES

 (From Page One)  
 grade and staple.

With the adjustment payment will be made only with respect to the portion of the 1937 cotton crop which is actually sold prior to July 1, 1938. Under the 1935 plan, provision was made whereby cotton under the 10-cent Government loan on July 31, 1936 the last day for sales if the cotton was to be eligible for the adjustment payment, was to be treated as if sold on that date. This provision, however, was inoperative because the official average base price was above 12 cents on such date. The sales of cotton contemplated by the 1937 plan must be bona fide sales made in the usual course of business.

Sixth, the adjustment payment will be made to each producer upon the facts established in an approved application executed by him with respect to his individual cotton. Individual Government checks for the amount of the payment approved will be issued to each applicant.

Cotton producers who desire to take advantage of the cotton price adjustment payment plan outlined herein will be required to support their applications with the original cotton sale certificates or sales receipts are obtained from the purchaser, these receipts must show the date of sale, name and address of the producer, number and gross weight of the bales, and the signature of the buyer and address of the buyer. If the cotton is sold in the seed, the receipt must show the number of pounds of seed cotton and the number of pounds expressed in terms of lint cotton, rather than the number of bales and gross weight. Lint cotton sold but not baled must show the pounds of lint, rather than the number of bales and gross weight.

All cotton producers will be required to obtain sales receipts for sales and mail them to, or file them personally with, the secretary of the County Agricultural Conservation Association. For sales made up to and including September 15, 1937, sale receipts must be filed not later than September 30, 1937. Cotton sale certificates or sales receipts for cotton sold after September 15, 1937, must be filed not later than 15 days after the date of sale.

**2**

(From Page One)

home food supply and wardrobe will be held on the 28th and 29th of October, with the agent selecting judges to serve.

Ruth Baker and Mrs. Wade are to serve on a committee to select prizes for the county winners. Each club is to give a prize for the contest. A committee to select judges for the Ball Brothers contest included Mrs. Ray Alexander and Mrs. Palmer West.

Those present were: Mesdames Palmer West, Jarvis Benton, W. E. McCluchey, M. Wade, Ray and Claude Alexander, Luke Robinson, S. S. Burt, W. E. Bruton, Corde Jones and Misses Lottie Moon, Pat Talbot, Ruth Baker and Margaret Stewart.

An average of twenty NYA youths working on a land beautification project of the Division Headquarters of the State Highway Department at Santa, Texas are clearing and landscaping the area, excavating and hauling rock for a fish pond, and constructing rubble masonry. H. Ray Roberts, district supervisor, has reported to J. C. Keenan, State Youth Director.

**Three Circles of Baptist Women in Meeting Monday**

The ladies of the First Baptist Church met last Monday afternoon at two-thirty in the homes of Mrs. B. L. Isaacs, Jr., Mrs. Joab rampbell and Mrs. Geo. Williams.

**Lena Lair Circle**

The Lena Lair circle met in the home of Mrs. Isaacs. They voted to send a letter of condolence to Miss Lena Lair, missionary in Africa, who recently lost her mother by death. The circle chairmen were named as follows: missions, Mrs. Roy Davidson; mission study, Mrs. Truett Stanford; benevolence, Mrs. Claude Alexander; personal service, Mrs. Gordie Alexander; stewardship, Mrs. Norman Link; periodicals, Mrs. W. D. Gregory; education, Mrs. Ray Jones.

The circle will meet with Mrs. W. D. Gregory on Monday, October 18. Those present were Mesdames C. T. Aly, Truett Stanford, Roy Davidson, Ray Jones, Gordie Alexander, Fred Watson, Claude Alexander, Frank Newman, Jack Wade, E. Finnigan.

**Dorcus Circle**

The Dorcus Circle met in the home of Mrs. Joab Campbell, with twelve members present. The chairmen who were named are: Mission study, Mrs. L. M. Hoover, missions, Mrs. R. O. Smith; benevolence, Mrs. J. S. Hudson; personal service, Mrs. J. A. Whitten; stewardship, Mrs. R. A. Evans; education, Mrs. Jess Thompson; periodicals, Mrs. T. W. Johnson; young people, Mrs. Joab Campbell.

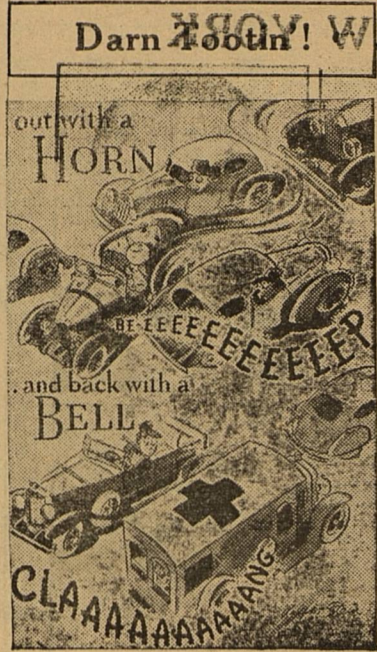

Delegates were appointed to meet with the association in San Angelo on Tuesday. Those present were Mesdames R. O. Smith, J. S. Hudson, T. W. Johnson, R. A. Evans, Cora Millar, Tom Jacoby, W. T. Whitten, L. M. Hoover, J. A. Whitten, R. C. Spurgers, Joab Campbell and Miss John Alexander.

**Lottie Moon Circle**

The Lottie Moon circle met in the home of Mrs. Geo. Williams, with ten members present. Chairmen were named as follows: stewardship; personal service; mission study; missions; benevolences; Mrs. A. E. Kent, education, Mrs. R. L. Bricker.

The society voted to join the \$100,000 club for the purpose of having a part in the Southern debt paying campaign.

A brief study of "Things we Should Know" was led by Mrs. Williams. The circle adjourned to meet with Mrs. Bailey Montgomery on Oct. 18 at 2:30 p. m. Present were: Mesdames L. T.

(Travelers Safety Service)  
 Impatience never got anybody anywhere except into trouble. Too many motorists expect an automobile horn to work miracles. They forget it was made for only one purpose: A horn should warn. There is nothing quite so irritating as a horn-toting motorist, with the possible exception of a mosquito in a sleeping porch. Both merit the same consideration. An ancient Chinese philosopher said: "The big voice betokens the small mind." Five thousand years have not altered this truth, although it is expressed on our highways today with less grace and more profanity. Impatient motorists should remember that a devil is recognized by his horns. So, button, button, lay off the button!

Wilson, Will Lewis, A. E. Kent, Romie Brown, T. D. Riddle, C. Galbreath, R. L. Bricker, Bailey Montgomery, W. N. Ramsay and Geo. Williams.

**High School Is Making Drive For Library Books**

**LIONS CLUB VOTES TO AID IN SECURING BOOKS FOR LIBRARY**

A move, sponsored in the main by the high school press club, is now under way for securing more needed books for the high school library. The school is soliciting donations of old books, many of which are unused in the private libraries in Eldorado.

"We especially wish biographies, fiction, history books, or any books which you do not need in your own library," it was stated. "We are attempting to build up the school library, and you can help us greatly by letting us have any surplus books that might be in your home."

Designating the week of October 12 to 20 as "Library Book Week," members of the Lions Club voted to aid the school in securing these books. Books may either be left at the hotel or school.

If those wishing to donate

books will call the school, we will send them to the press club after them," Supt. Williamson stated Wednesday.

Ben L. Isaacs, who operates the Valley View Service Station at San Angelo, was here Wednesday, visiting with friends and relatives.

**OFFICERS ELECTED FOR COUNTRY WOMENS CLUB**

Election of officers was the program for the Country Woman's Home Demonstration Club in the home of Mrs. Tom Alexander on Wednesday Oct. 6.

Officers for the coming year are as follows: Mrs. Richard Cheatham, president; Mrs. Claud Alexander vice-president; Mrs. Ray Alexander, secretary; Mrs. Bill McSwain, reporter; Mrs. Gordie Alexander, parliamentarian, Mrs. Marion Wade, recreational leader, and Mrs. Ray Alexander was elected to serve as president for the remainder of this year in Mrs. Herman Glenn's place who has resigned.

Mrs. Palmer West, delegate to the Texas Home Demonstration Association held in San Antonio, gave a report on her trip.

The next meeting will be the Achievement Program to be in the home of Mrs. Ray Alexander on Wednesday October 20th.

Refreshments were served to Mrs. Gordie Alexander, Mrs. Richard Cheatham, Mrs. Palmer West, Mrs. Bill McSwain, Mrs. Grace Sherrod, Mrs. Claude Alexander, Mrs. Ray Alexander, and Mrs. Marion Wade, Mrs. Jack Wade, Mrs. Ray Alexander, and Mrs. Gey Williams of Dallas.

Two wrong sides and one right side make the triangular boundary of every fuss.
