## On The DIVIDE

REAL AMERICAN MUSIC

What is real American music? Is it Gershwin or Grofe? Tin Pan Alley or Torch. A recent survey among artists and orchestra leaders brought forth some surprising and conflicting answers, of which we quote only a few:

Ted Weems, who leads the band for Fibber McGee and Molly's broadcasts, thinks swing music typifies the American spirit more than any other kind, naming tunes like "Stompin' at the Savoy" and "The Merry Go Round Breaks Down."

That's just Ted's opinion, with which many heartily disagree, including Eric Sagerquist, musical director for the First Nighter program, who says: "Real American music is sweet music, like Grofe's 'Grand Canyon Suite' or Gershwin's 'Porgy and Bess' score. Swing music may be all right, but you won't hear much of it on our program. If we stomp at the Savoy, we'll do it in rubber sneakers, and if the merry go round breaks down, it'll break gently. In my opinion real American music has lots of rhythm but no razz-ma-tazz; it's melodic but not mournful; it's sweet but not hot!"

But Captain Baker, star of the Hollywood in Person program, disagrees with both, and votes for mountain music, which he calls sidelights on life, whose songs are fact, not fiction—folk music, pure and simple.

Bruce Kamman, former cornet player for John Wanamaker's Boys' band now playing the role of Professor Kaltenmeyer the Kaltenmeyer Kindergarten program, perhaps has the right answer.

"It's band music," he said, "The Stars and Stripes Forever."

## GOES TO STUDENTS

Quite a number of parents have come in since the opening of school and had the Success sent to their sons or daughters who are away in college. Students who are away from home for nine months out of the year nearly always appreciate the "little old paper from back home."

Others who are regular subscribers are renewing, too. Those who have paid their subscriptions recently are: Harmon Bodine, Mrs. Ora Davis, Hensel Matthews, W. F. Wilson, Felix Susen, Felix Susen, Jr., J. O. Willoughby, Jetty Grace DeLong, Dee DeLong, Dave Williamson, Miss Juanita DeSord and J. S. Hudson.

Tex-Tor Oil Corp. No. 1 Judkins & Spencer test in this county had drilled to 3,300 feet in shale early this week. Six and five-eighths-inch casing underreamed to 3,179 shut off a hole full of water.

## TO DISTRICT MEET

Mrs. J. W. Leggett, Mrs. Weldon Bynum, Mrs. Betty Tubb, Mrs. W. E. Cloud and Mrs. Reuben Dickens went to Bronte last Tuesday where they attended a zone meeting of the missionary Society.

## Eagles To Entertain Menard Here Saturday

Coach Weldon Bynum's Eldorado Eagles will be hosts to the Menard team, coached by Conn Isaacs, next Saturday. This will be the second conference game for the Eagles.

The Yellow Jackets will also be playing their second game of the conference schedule, having been defeated by the Sonora Broncs earlier in the season.

Being rated as good contenders for the district crown this year, the Eagles are decidedly favored in Saturday's tilt. Coach Bynum, however, pays but little attention to how the dopesters rate his team, but keeps them continually in condition and prepared for emergencies. The Eagles will be in fighting condition when the opening signal is given.

## New Councilmen Enthusiastic About New Water Works

Members of the City Council of Eldorado held their regular meeting last Tuesday night, at which time W. D. Gregory and R. O. Smith, newly elected members of the council, were installed.

Both new members of the council expressed their enthusiasm regarding possibilities of Eldorado's prospective water system. It is believed that plans for constructing the municipally owned water and sewer system will materialize within the near future.

At present the city is waiting on the engineer who has been employed to draw up plans for the new plant. It is expected that he will have these plans ready to present to the council within the next few days.

## County's Bills Are Approved At Meeting Monday

The regular meeting of the Commissioners Court was held last Monday, with all members of the court present. Judge C. S. McKinney, who had been under quarantine, was released Monday and presided at the meeting.

Among bills against the county which were approved for payment were the following:

Road & Bridge Fund	
N. G. Hodges, rd. wk.	\$75.50
E. H. Kent, road work	10.00
Arch Posey, road work	36.80

## Women's Club Of County To Observe Achievement Day

The various Home Demonstration Clubs of this county are observing their annual Achievement Day, which begins on October 19 with the Riverside club and will continue through October 28th when the Cliff club will hold its achievement day.

During this week, visits will be made to the various club demonstrators to view the improvements which have been made this year as a result of their work as club demonstrators.

The following itinerary for achievement day in the various clubs has been announced:

- Oct. 22—Eldorado club, meet at Mrs. Jim Williams.
- Oct. 19—Riverside Club.
- Oct. 20—Country Women's Club, meeting with Mrs. Ray Alexander.
- Oct. 26—Adams Club, meeting with Mrs. W. M. Reynolds.
- Oct. 27—Reynolds Club, meeting with Mrs. W. E. Bruton.
- Oct. 28—Cliff Club.

## Joe M. Christian Visiting Parents

Joe Muller Christian of Hogansville, Ga., came in last Sunday for a ten-day visit with his parents, Mr. and Mrs. J. B. Christian of Eldorado.

Joe Muller, who is employed with the engineering department of the U. S. Rubber Co., has just recently been transferred to Hogansville from Shelbyville, Tenn. He is now with the headquarters mill, and is assigned to the department.

He completed a course in textile engineering at Texas Technological College, receiving his degree there before accepting his present position.

## Tisdale Home Is Damaged By Fire

The ranch home of Mr. and Mrs. V. G. Tisdale was damaged considerably by fire on Tuesday night of last week. The fire, which was confined mostly to the kitchen, is believed to have originated from a kerosene burning refrigerator.

The floor of the kitchen, all draperies and a portion of the walls were badly damaged. The damage has been estimated at \$300.

The fire had been burning quite a while before discovered by the family, and Mr. Tisdale received burns about the hands and arms in extinguishing the blaze.

## MISS AGNES WRIGHT ACCEPTS POSITION WITH UTILITIES COMPANY

Miss Agnes Wright has accepted a position with the West Texas Utilities Company, being employed by the local office as cashier and bookkeeper. She began her duties last Wednesday.

She has had considerable training and experience in work of this nature, having been employed as bookkeeper at the Eldorado Gin Co. for several ginning seasons.

The addition of this help relieves N. R. Kennedy, manager, of much detail work so that he can devote more of his time to other duties.

## Show Appreciation

Mr. and Mrs. Jack Halbert Treat Commissioners' To Chicken Dinner

Mr. and Mrs. Jack Halbert believe in showing their appreciation in a big way. They plodded the mud out their way for a long long time. And many's the time they stayed at home when they needed to go somewhere—just because their road could not be traveled.

"If you boys ever get that road passable in wet weather, it's a chicken dinner for all of the Commissioners Court," Jack said one day.

The road has been fixed—and it's passable. But when it was being fixed little thought was being given to that feed—folks up in that part of the county just naturally needed a road so they could get to town.

But Jack didn't forget his promise, neither did Mrs. Halbert. When Commissioners Court met last Monday they received that invitation to the chicken dinner. The commissioners drove out to the Halbert home at noon, where they enjoyed one of the most sumptuous dinners possible.

It's just Mr. and Mrs. Halbert's way of showing their appreciation.

## School In Drive For Library Books

LIBRARY BOOK WEEK GETS UNDER WAY WEDNESDAY; PHONE PRESS CLUB

The drive for library books, which are to supplement the present school library, is under way in earnest as Wednesday opened the "Library Book Week" for Eldorado high school.

Members of the high school press club are sponsoring this drive. Realizing the need for more books, these boys and girls decided that a number of books would be donated the library if school patrons only knew that they were needed. Books of fiction, history, or biographies, as well as others are especially needed. Classics and books on agriculture are also needed.

Members of the Lions Club were reminded Wednesday to bring books either to the hotel or to the high school. Library book week was so designated by the Lions as their means of backing the press club in their drive.

Anyone having books which are no longer used and which would be of value to the school library is requested to phone the school and some member of the press club will call for the books.

Frank Rhea of Forney, Texas, is here this week, visiting his uncle and aunt, Mr. and Mrs. D. C. Hill.

Mrs. D. E. Kinnamon and children of Dallas are visiting Mrs. Kinnamon's parents, Mr. and Mrs. Bert Page.

Mrs. E. H. Sweatt returned home Wednesday from Santa Anna, where she underwent an operation some two weeks ago.

## V. A. And 4-H Boys To Feed 360 Show Lambs

Locals Sweep Up 34-0 Score Against Sonora Saturday

Eagles Show Powerful Running Attack To Win Their First Conference Tilt

The Eldorado Eagles opened their first conference game at Sonora Saturday with a powerful running attack and an effective passing combination that brought home a win of 34 to 0. Each member of the team showed up as all-district timber, with not one outshining another.

Eldorado won the toss and Sonora kicked off to the Eagles 30 yard mark. After failing to pick up yardage, Meador kicked to the Broncs's 45-yard line. The Broncs tried 2 plays which were not successful, and then a pass which was incomplete. Archer kicked to the 25 yard line and Bob Williams returned to the 30. The Eagles opened up with their running attack, with Meador, Williams, and Underwood lugging the pill. The ball was carried to the 1-yard line, where Underwood carried it over for the first touchdown. Williams' try from placement was good. The quarter ended with the Eagles punching back against the wind to Sonora's 22 yard line.

Meador, Nicks, and Williams on line plays and cutbacks took the ball to the 3-yard line, where Williams went through the line to pay dirt. His try for placement was short. Before Sonora could get under way the half ended with the score 13 to 0.

Beginning the second half the Sonora club kicked to the Eagles 28 yard line. Again the Eagles showed their power and carried the mail to the 4-yard stripe, where Williams took the ball through the line for the third score then proceeded to kick the ball out of bounds and it was put in play on Sonora's 35 yard line. From here the Broncs' (See No. 1 Last Page)

## APPROVE TAX ROLLS OF COUNTY AT SPECIAL MEETING

A special meeting of the Commissioners Court was held on Wednesday, October 6th, for the purpose of approving the 1937 tax rolls of Schleicher county. The rolls were approved in every respect.

Henry Speck was elected presiding commissioner and presided at the meeting in the absence of Judge C. S. McKinney.

## DAUGHTER BORN TO MR. AND MRS. ROBERT FROST

Mr. and Mrs. F. M. Bradley received word last week of the birth of a granddaughter. A daughter was born to Mr. and Mrs. Robert Frost of Ft. Sam Houston, Texas, on October 7th. She has been christened Carol, and both mother and daughter are reported doing nicely.

Mr. and Mrs. W. T. Whitten and Miss Chris Enochs were San Angelo visitors on Thursday of last week.

## WILL COMPETE IN MANY FAT STOCK SHOWS OVER STATE

Thirty-four boys of Schleicher county who are active in either vocational agriculture or 4-H Club work have started feeding lambs for the various livestock shows next spring. About 360 lambs are being placed on feed.

County Agent W. G. Godwin and O. E. Nevills, vocational agriculture instructor, have been busy for the past several weeks in helping the boys to select their lambs. These lambs will be shown in a Schleicher county show before entered in the San Angelo Fat Stock Show, Fort Worth Fat Stock Show and the Houston Fat Stock Show.

As has been the case for a number of years, these boys are expected to show winning lambs in spite of the fact that competition will possibly be keener than ever. The boys are showing more than usual interest in feeding activities this year.

The boys, number of lambs to be fed and the breeders are as follows:

Willie Bridgeman, 6 muttons, Jess Koy; Richard Bruton, 2 registered Rambouillets, C. O. Bruton; Ray Bruton, 13 muttons W. E. Bruton; A. J. Freiss, 6 muttons, Joe Tisdale; Delbert Edmiston, 5 muttons, Bill Edmiston; John Ballew, 6 muttons, R. K. McIntosh.

Gerald Nicks, 10 muttons, Jess Koy; Jack Rounds, 6 muttons, Henry Speck; Joe Reynolds, 10 muttons, Bill Baugh; John D. McWhorter, 10 muttons, Bill Baugh; Gardner McCormick 2 muttons, Ben Hex; A. J. Burk (See No. 3, Last Page)

## LOCAL BOYS TO GO TO FFA CONVENTION AT KANSAS CITY

John D. McWhorter and Joe Reynolds, members of the newly organized chapter of Future Farmers of America, will attend the national FFA convention in Kansas City, Mo., next week. They are delegates from the local chapter to the convention which is being held in connection with the American Royal Livestock Show.

These boys will leave Saturday and will board the special train at Fort Worth on Sunday morning, returning on Thursday. They will likely have some interesting and informative data for local vocational agriculture students when they return home.

## HEALTH OFFICER TO BE AT MEETING OF ELDORADO P. T. A.

Mrs. Brown, Tom Green county health nurse, will be present for the regular meeting of the Eldorado P. T. A. on next Tuesday. She will speak at the meeting on "Health and its Relation to School Work. All members are urged to be present.

The benefit 42 party which was scheduled for Friday night of this week has been postponed due to weather conditions. Announcements regarding another date for this party will be made later.

**AMERICA'S LEGION**

This community, like every other, has its contingent of American Legionnaires. Nearly a score of years ago they returned triumphant from the Great War and became citizens to whom we point with pride. Today we can look upon them doubly proud because the American Legion has demonstrated itself as typifying the true spirit of Americanism upon which this nation was founded.

In New York City recently some 300,000 Legionnaires paraded that spirit up fabulous Fifth avenue for 18 hours in the most amazing demonstration ever witnessed by that blase metropolis. Up that fashionable thoroughfare—scene of May Day parades when the red flag of Communism is flaunted and where the flag and soap box champions of other "isms" beg attention and followers—the American Legion paraded the American flag and demonstrated to the millions who lined the avenue that there is still a deep patriotic reverence for that flag and the Constitutional rights of every one of this nation's 130 million citizens.

In convention the legion delegates did not ponder political and partisan issues but voted on matters of far greater national import. They voted to ask Congress for an investigation and deportation of those alien "isms" groups and they reaffirmed their faith in the Bill of Rights as a living document designed for the protection of the humblest citizen.

This community is fortunate

to have among its citizens a number of these true Americans the Legionnaires. However, it is regrettable that the legion's gigantic parade up Fifth avenue could not have been made the entire length of the Lincoln Highway. Had this been possible, there would not be a man, woman or growing youth in America today who would not feel reassured that there is a strong patriotic fever for defense of individual liberty.

**SPYING ON HOUSEWIVES**

Several newspapers have commented recently on the so-called Green River anti-peddling ordinance, which illustrates the extremes to which some authorities will go in the matter of regulating our daily lives. A provision of this ordinance, which has been proposed in a number of municipalities, is that no salesman may call at the home of a prospective customer without an invitation.

At first glance, this might appear to be a reasonable measure designed to keep objectionable prisms from annoying housewives. But its terms are so broad as to affect everyone without exception.

It would make lawbreakers of a little girl selling her fudge, a boy with his magazines, a farmer with his produce, a subscription solicitor for a home town newspaper, a local widow taking orders for hosiery and the like, and many other persons engaged in a worthy pursuit.

In vetoing such an ordinance an Ohio mayor recently declared it would give any vengeful neighbor a pretext to spy on the housewives in the vicinity, and that its provisions could not be enforced with justice. He therefore properly refused to permit the city's statute books to be cluttered up with such rubbish.

**A WATER LOTTERY**

Recently a writer for the Nashville Banner, digging into old records, found some interesting bits of history, including a copy of an act of the Tennessee legislature authorizing a lottery to provide funds for Nashville's first water system.

The act, passed on November 8, 1809, read as follows:

"Be it enacted by the General Assembly of the State of Tennessee that the Mayor and Aldermen of the town of Nashville, and

**BOY! WHAT A LINE TO BUCK!**

they are hereby vested with full power and authority to make and provided for the drawing and conclusion of a lottery for the purpose of bringing water into said town, under such rules and restrictions and regulations as they may deem proper.

"Provided they do not by said lottery, gain more than the net sum of \$8,000, which said moneys, or so much thereof as they may raise by virtue of said lottery, shall form a fund, to be then expended in bringing water into said town, and through the different streets thereof, for the general benefit of the inhabitants."

The lottery, held according to the act, raised \$7,822.45, and the funds were used for the specified purpose.

**Texas Middletowns**

Although Texas has not worked out a sociological Middletown it has several geographical ones. Fort Worth is located almost exactly midway between the Atlantic and Pacific oceans. The actual center of Texas is slightly northeast of Brady, and the center of gravity of population is about four counties east of there near McGregor.

One's size is measured by the stature of his soul.

**MRS. ROBINSON  
PRESENTS ASSEMBLY  
OCTOBER 15**

Mrs. Corinne Robinson and the third grade will present the assembly program this Friday, October 15.

The first number on the program will be a playlet called "Story Book Pals". A story "The Stupid Wolf" told by Alva Rogers will follow. Mrs. Gregory will give some numbers on the piano. Jo Ann Bearce will give a reading. Another play will be given at the close of the program, "Giving Aunt Jane a Shock."

All parents are cordially invited to attend the assembly programs held each Friday afternoon from 2:15 until 3:05.

**ELDORADO HOME DEMONSTRATION CLUB MEETS WITH MRS. HODGES**

The Eldorado Home Demonstration Club met on Friday, October 8th, with Mrs. Norman Hodges as hostess. This meeting was for the purpose of completing plans for achievement day and to elect officers for the ensuing year.

Mrs. Jarvis Benton and Mrs. Palmer West were re-elected president and vice-president. Mrs. E. E. Menges was elected secretary-treasurer, Mrs. R. C. Edmiston, parliamentarian, Miss Ruth Baker, reporter and Mrs. Elton Ellis, recreational leader.

Mrs. Palmer West, who represented the club and county at a recent meeting of the Texas Home Demonstration Association at San Antonio, gave a very interesting and complete report of her trip.

Refreshments were served to Mesdames W. N. Ramsay, T. W. Johnson, Palmer West, Jess Thompson, W. H. McClatchey, Wiley Ratliff, R. C. Edmiston, Elton Ellis, Gilbert Ballew, John Williams, W. M. Davis, Joe

Quail meat on the dinner table might well become a delicacy of the golden past were it not for the constant efforts of state game officials to keep such birds evenly distributed over the state.

Last year over 4,375 quail were raised on the game preserves and distributed, 315 wild turkeys and 123 deer. There are 97 state game preserves where this work is carried on, encompassing over 2,699,293

acres. However, on the other side of the fence there were 20,565 hunters on the 1370 shooting preserves last year, and they killed over 7500 deer, 16,500 ducks and geese, 5,250 doves and quail and 1,590 turkeys.

Miss Grace Ratliff, who is teaching in Bronte, spent the week-end here with her parents Mr. and Mrs. J. L. Ratliff.

**NOBODY'S BUSINESS**  
BY JULIAN CAPERS, JR.

Austin.—Taking the economy bull by the horns, the Texas senate this week defied Gov. Allred in his refusal to permit it to consider reduction of appropriations, and took up consideration of Grady Woodruff's economy bill which would slice \$4,000,000 off departmental appropriations for the next two fiscal years. Much of the reduction would come from reduction of salaries of state employes drawing over \$1500 a year, and from abolition of the jobs of the departmental press agents, who have sprung up all over Austin like a crop of broomweeds. There is no authority in law for the employment of press agents to "sell" the departments and the political-minded department heads to the legislature and the newspaper readers of the state but they are carried on the payrolls by subterfuge, as "educational directors," "information directors," and "statistical experts." The senate by a decisive vote of 20 to 6 overruled Lt. Gov. Walter Woodul, who held that the reduction bill did not come within the governor's call, and permitted introduction of the measure. The vote would indicate the senate will vote decisively to cut the expenditures. Then if Gov. Allred, whose forces dominate the house, should block it there, or if he should veto it, the senate apparently has

the governor in a "spot" where they can place the onus for failure to enact new tax bills squarely upon Allred.

**Brain Trusters Run Wild**

Over on the house side, speculators were treated to a strange sight. Dominated by Allred's ring of youthful brain-trusters—the majority of them kids just of their teens, some still studying law—a subcommittee of the taxation and revenue committee met for a continuous 13-hour hearing. They bandied figures running into the millions of dollars about like pennies, defied a large delegation of solid citizens who came to protect higher taxes by granting them a scant 45 minutes in the wee hours of Thursday morning to voice their protest, and came out with a \$10,000,000 omnibus tax bill that will hike taxes on the oil industry, sulphur, public utilities, cement, and amusements, including movie admissions—from 30 to 50 per cent and more. The bright young minds on the taxation committee—to some of whom the \$10 a day they get as legislators represents the maximum earning capacity to date—baited witnesses representing billions of dollars of capital investment in Texas business, and many years of accumulated business wisdom and experience, with obvious delight.

**What's The Answer?**

With the session half gone, it

is becoming increasingly obvious that the Allred program of \$15,000,000 of new taxes is sunk without a trace. Whether increased levies amounting to \$3,000,000 or \$4,000,000 will get through depends largely upon the governor's co-operation with the senate. If Allred clings stubbornly to his determination not to permit reduction of governmental expense, it seems a good bet that the senate will not levy a dime of new taxes. If Allred surrenders, the senate may give him some tax increase.

**Slap At Loan Sharks**

Lieut. Gov. Walter Woodul broke one of the rare tie votes in the senate this week to vote in favor of state employes who are being victimized by Austin loan sharks. Sen. Joe Hill offered a resolution asking state department heads to cooperate with their workers in escaping from the clutches of the sharks, who, the resolution said, charged 100 to 300 per cent interest, and terrorized employes by threats to report them to their chiefs, when they get behind on payments. The tie vote came on a motion to send the resolution to committee (where it probably would have died.) Woodul voiced "no," and the senate promptly passed the resolution. The Austin Times, a weekly newspaper, has been exposing and campaigning against the loan sharks of whom about a dozen have been fattening off low-salaried state employes for months.

**Names And News**

Curtis Hill, formerly a district attorney in East Texas, and one of the ablest assistants attorney general, has resigned to enter private law practice with a Dallas law firm. Hill, holding down the transportation desk, has won high regard the past three years for his able handling of the state truck and bus legal problems. . . Gov. Allred, whose close friends Speaker Bob Calvert, Judge Ralph Yarborough, and General Mann are all rumored candidates against Lieut. Gov. Walter Woodul for attorney general, issued a formal statement of a "hands-off" policy in this race. Calvert's friends are reported to have been putting considerable pressure on the governor to aid the speaker, but with Woodul presiding in the recalcitrant senate, and for out in the lead in the political race, it was no time for Allred to endorse any of his prospective rivals. . . Emmett Morse's bill to permit local option on sale by the drink in the 42 "wettest" counties in Texas was sent back to the liquor control committee for a hearing, and again came out with a favorable report. Morse claims it will yield about \$2,000,000 new revenue and simplify enforcement problems. . . One of the queer features of the pending bill to increase franchise taxes is the fact that it would heavily penalize folks who are trying to accumulate by buying life insurance, so they won't be on the old age pension rolls later on, by taxing them to pay pensions to those who didn't save anything. . . The senate at the weekend was ready

to pass a resolution asking the attorney general to transfer venue in suits filed by vacancy hunters against 250 Polk county farmers from Austin to Polk county district courts. Gordon Burns, Tom Holbrook and Clint Small led the floor fight for the resolution and Burns announced the attorney general had agreed to shift the suits to the home county of the land-owners, if the resolution passed. The vacancy hunters have been one of the bitterest controversial elements in Texas for 20 years—ever since oil development began—and Small has led the fight to curb them for years. The Polk county farmers and their ancestors, are said to have lived on the land to which title is now disputed, for over 100 years, in some cases.

**Methodist Class Is Entertained At Williamson Home**

Members of the young married people's class of the Methodist church enjoyed their first of a series of socials on Thursday night of last week. Mrs. Dave Williamson and Mrs. Weldon Bynum entertained the class in the home of Mr. and Mrs. Dave Williamson.

This is a newly organized class in the Methodist Sunday school. Mr. Williamson is the teacher, and Mr. Bynum is class president. Plans are under way to make this a Wesley Bible Class.

Mr. Bynum was in charge of the business session, in which the following committees were named: social, Mrs. Ed DeLong, Mrs. Dave Williamson and Mrs. L. T. Barber; devotional, Mrs. Mabel Parker; committee to select class name, L. T. Barber, Dave Williamson and Ed DeLong; membership, Mrs. Reuben Dickens, Mrs. Orville Berry and Mrs. Ben Hext.

Contests and a spelling bee furnished entertainment during the social hour, and the idea of spelling the words backwards furnished confusion and enjoyment.

The first Monday night in each month was selected for the monthly social. Mrs. Parker and Mrs. Barber will be hostesses at the Parker home on Monday night, November 1.

Refreshments of punch and cake were served to Rev. and Mrs. J. W. Leggett, Mr. and Mrs. Dave Williamson, Mr. and Mrs. Weldon Bynum, Mr. and Mrs. Ed DeLong, Mr. and Mrs. L. T. Barber, Mrs. Mabel Parker, Mrs.

Reuben Dickens and Mrs. Orville Berry.

Mr. and Mrs. Jack Ratliff of Brady spent the week-end in Eldorado, visiting with relatives.

**ADAMS CLUB MEETS ON OCTOBER 6 AND ELECTS OFFICERS**

## New 1938 Oldsmobiles Have Added Features

Oldsmobile, America's oldest manufacturer of automobiles, today announced its 41st series of cars, the Oldsmobile Six and the Oldsmobile Eight for 1938.

Distinctively different in appearance and styling, the two cars are now on display at local Oldsmobile dealers.

Both the Six and Eight present much that is new in performance and mechanical design and both now offer as an extra cost option the new automatic safety transmission, developed and introduced by Oldsmobile. This new development, regarded as one of the major automotive advancements of modern motoring, was first offered as optional equipment on the Oldsmobile

Eight of last year.

Among other features of particular interest is the new Oldsmobile safety instrument unit and safety dash, a departure in the modern manner from the conventional type of instrument panel. The safety panel, free of projecting knobs, is but one of many details which contribute toward passenger security in the redesigned safety interiors of the new Oldsmobiles. Safety glass, of course, is standard throughout. A choice of new upholstery fabrics is available, tailored to the deep cushions in an effective pleated treatment.

As was the case in the 1937 Oldsmobiles, the designers have preserved complete individuality in styling the new Six and Eight. Body lines are lower and cleaner than before. Fenders are unusually wide, deeply valanced and of heavier gauge metal than in previous models. Bullet-type headlamps are mounted low on the crowns of the front fenders. While the headlamps appear to the eye as part of the fenders themselves, actually the headlamps are demountable for economy's sake in case of fender damage.

Interior detail has been redesigned in all body models. Most interesting among the changes is the new safety dash with a raised safety instrument panel which centres all gauges in direct line with the vision of the driver and at a height which minimizes dis-

traction from the road. Made from a single composition casting, the instrument unit carries a dial-type speedometer flanked on either side by the gauges for water temperature, charging rate, oil pressure and fuel supply.

A large dial at the extreme left of the instrument unit controls a light switch that indicates which of the driving beams is in use. When the upper or highway driving beam is on, a pin point of light glows at the top of the speedometer as a reminder to the driver to "dip" the lights when traffic approaches. Incidentally, larger headlamps and new type reflectors effect a definite improvement in road illumination. The change from driving beam to passing beam is controlled by a toe button on the floor board. Provision is made at the right side of the instrument unit for installation of radio controls which correspond in design to the light control at the other end of the unit.

In the center of the instrument panel is a roll top smoking compartment with ash tray, space for a package of cigarettes and provision for installation of a cigar lighter. On the right side of the panel is a spacious package compartment with tumbler lock. The instrument panel is curved smoothly downward and inward, eliminating projections which might cause injury in event of a sudden stop. For the same reason, cord robe rails have been adopted in the rear compartment and the top edge of the front seat is covered by thick roll-type padding.

Although both the Six and

Eight are unusually fast and responsive when equipped with conventional transmissions, they attain even higher peaks of performance when equipped with the Oldsmobile automatic safety transmission. This transmission also contributes importantly to both driving ease and operating economy, the latter resulting from a fourth gear direct drive which reduces the number of motor revolutions and improves fuel economy by 18 to 20 per cent.

Operation is extremely simple. Control is by a short lever on the steering column. There are four positions for the control lever: Neutral; First forward (first and second gears); Second forward (first, third and fourth gears); and Reverse, which can be entered only by pressing a safety button on the end of the control arm.

With the automatic safety transmission, the foot clutch is released, the car starts forward in first gear, automatically changing to second at a road speed of about 10 miles per hour. Without declutching or releasing the accelerator, the driver then may flick the control lever to second forward position which permits a shift to third, an extremely fast acceleration gear. At about 23 miles per hour, the transmission automatically shifts on to fourth gear or direct drive, which is the economy or cruising gear.

If the driver wishes to remain in the third or pickup gear, he may do so merely by holding the accelerator all the way down. The car then will continue to pick-up in that gear to a road

speed of 65 m. p. h., at which speed there is an automatic change to fourth. If it is desired to move back from fourth to the third gear for hill climbing or quick pick-up in traffic, the driver, at any road speed below 55 m. p. h., may go into that gear instantly by fully depressing the accelerator pedal. On down grades, the driver may flick the control from second to first forward position, thus employing second gear as a decelerating force.

"This automatic safety transmission, which was offered only after five years of development and testing, represents one of the most important contributions that Oldsmobile has made to modern motoring," asserts C. L. McCuen, general manager.

Mr. and Mrs. Junior Isaacs, Miss Evelyn Strickland and Miss Fay Bell Enochs went to Menard last Friday night, where they attended the Menard-Paint Rock football game.

### INTERMEDIATE CLASS OF BAPTIST CHURCH HAS WEINER ROAST

Two intermediate classes of the Baptist Sunday school enjoyed a weiner roast on Thursday evening of last week, when the boys' class entertained the girls.

This enjoyable outing was held at the Roadside Park, north of Eldorado. Various games were played, and everyone had a nice time and plenty to eat.

Those present were: Norma Lynn Hodges, Billie B. Stewart, Helen Williams, Anna Belle Maxwell, Betty Jo Whitten, Charlene Mund, Erma Lee Bodine, Thelma Luedecke, Kyle Neill, Bob Williams, Bob McWhorter, Billy Green, Abe Miller, Billy Galbreath and the teachers, Mrs. J. A. Neill and Judge J. A. Whitten.

Mr. and Mrs. Chester Wheeler were visitors in San Angelo last Sunday.

**"THE REST OF THE RECORD"**

BY JAMES V. ALLRED  
Governor of Texas

I regret that the first ten days of the special session wound up in a bitter personal attack upon me. I have been called so many mean things that I just decided I couldn't possibly be as bad as I was painted.

Anyway the people are not interested in personalities. They are interested in what the legislature does. The revenue-raising situation is more acute than even I had suspected.

This week the entire membership of the Board of Control issued a written statement that unless additional money was raised by the legislature at once for old age assistance, the board will

have to suspend payments for two or three months after November 1st. They pointed out to the legislature, as I had done, that the old age assistance fund owes \$1,627,000 to Dallas banks on past due warrants. This money has been due nearly a year and the banks have demanded payment.

The Board stated they, as I do—that more money should be paid to the old folks so as to increase the amount of payments and add more people to the old age assistance rolls through the coming winter months. They said the present grants average \$14.00 a month, but unless the legislature provides more money the board will have to reduce the payments.

That puts it squarely up to the legislature! I have called them in special session and have made my recommendations. As yet no bill has been passed, but I hope by the time you read this column

that the lower house will have sent a tax bill to the Senate. You see, under the Constitution, tax bills must originate in the House; and the Senate has been marking time while some members were talking about the vast sums of money they could save by economies if appropriations were submitted. Last week a majority of the Senate ruled that I did submit appropriations and economies. It is up to them now to demonstrate to the taxpayers how the Senate can save all these millions they talk about by cutting down the very appropriations voted by them in the regular session against my recommendations. We shall see.

One fact remains: if they make any economies it will only help the general fund, which is more than fifteen million dollars overdrawn. We still must have more money for old age assistance and we can't economize there. We must have some money for aid to the blind and to dependent children; we have got to carry out our contract with the teachers.

Remember—unless some money is raised for these purposes by this legislature the old folks

are going to suffer even more and we will have failed to carry out the President's program for the blind and for under-privileged children which was voted by the people. Those of you who are interested should let your senators and representatives know how you feel about the matter.

I was very happy last week when Senator Clay Cotten of Palestine made a speech on the Senate floor in defense of the President and his program. He said in part:

"In reply to a statement by the Governor of Texas that the issue now drawn before this Senate is one of human rights against property rights, the Senator from Galveston is quoted as having said: 'Every tyrant from Nero to Franklin D. Roosevelt has used that argument!'

"I am indeed sorry for him or any other man who becomes so wrapped up and warped in his own opinions that he would reach the point where he would brand not only the governor of this state, but our beloved President, as a tyrant comparable to Nero.

"I want and I think this Sen-

ate wants the people of the country to know that in his vicious assaults upon President Roosevelt the Senator from Galveston does not speak for the great masses of the people. . . . He does not voice even the sentiments of the people of his own district.

" . . . Franklin D. Roosevelt has not only brought back prosperity to the captains of industry but through his social security program he has ministered to the aged needy and has provided funds which, if Texas will but do its part, will feed the hungry and clothe the naked throughout our borders.

"It is not going to be any pleasure to me to have to vote for taxes. . . . but we have no option. The people have spoken at the ballot box. They told this legislature to provide for the needy old people. . . . for the aid to the blind. . . . to help unfortunate children.

"This state is rich in resources. We can provide these funds without substantial injury to anyone by taking only a small portion of the vast profits being made in this state. . . . I would respect the wishes of my people by voting for adequate tax revenues at this special session."

**RIVERSIDE CLUB  
MEETS OCTOBER 5TH  
WITH MRS. ROGERS**

Members of the Riverside Home Demonstration Club met with Mrs. Merlin Rogers on Tuesday, Oct. 5th. Miss Pat Talbot gave a report on the San Antonio meeting which she attended recently.

New officers were also elected for the coming year, as follows: Miss Pat Talbot, president; Mrs. Geo. Rogers, vice-president; Mrs. Hubert Swift, secretary and treasurer; Mrs. Marvin Baker, council representative, Mrs. Herman Margan, reporter, and Mrs. L. L. Tisdale, parliamentarian.

Refreshments were served to Mrs. Jim Stockton, Mrs. Curtis Stockton, Mrs. Geo. Rogers, Mrs. Marvin Baker, Ms. C. J. Murr, Miss Pat Talbot, Mrs. Frank Pullen, Mrs. Herman Margan, Miss Pauline Clark, Mrs. Griffin, Mrs. L. L. Tisdale and the hostess.

The next meeting Oct. 19th, will be achievement day. Everyone come and bring someone with you.

**BIOLOGY CLASS PLANS  
PROJECT TO MOUNT -  
BIOLOGY SPECIMENS**

Mr. Riddle has started a project in biology class mounting insects, birds, and animals. Mr. Riddle says in this group he wants all types of birds in this vicinity such as the jays, catbirds, sparrows, mockers, scissor tails, red birds and others.

In the insect group he wants the grasshopper, butterfly and all types of insects large enough to be mounted.

In the animal group he wants jack rabbits, foxes, ground squirrels, ringtails, horned toads, and squirrels. This is a very interesting project and it will also do much to help the appearance of our high school.

Richard and Robert Bruton will mount the animals for the cost and it will not be much. Mr. Riddle and the school as a whole will appreciate any assistance with this project.

**PEP SQUAD TO  
WEAR BLACK AND  
WHITE UNIFORMS**

The pep-squad girls will wear their black skirts and white blouses just as they have at previous games. Due to the fact that there was an unavoidable delay in the sweaters ordered by the pep squad, the change in uniforms was made. The girls voted unanimously to make the change in order to appear in the same colors as the football boys. The boys' suits were changed to black and white several years ago since Junction also had black and gold for school colors.

**MERTZON TO BUILD CABIN**

Plans are under way this week to build a cabin for Boy Scout Troop No. 16 of Mertzton according to John L. Bishop, Superintendent of the school who is Chairman of the Scouts committee. J. R. Scott, Manse Hoggitt, O. H. Barton, and Thurman Sexon are members of the committee. Scoutmaster is J. T. Davis. N. A. Goodall and Jack Douthit are assistants. The cabin will be built on rock, 22 by 30, and will have a fireplace and three patrol dens.

Mr. and Mrs. Ben Hext visited Jack and Joe Turner Hext in Brownwood last Thursday.

*PROTECTS YOUR  
FOOD AND PAYS FOR ITSELF!*

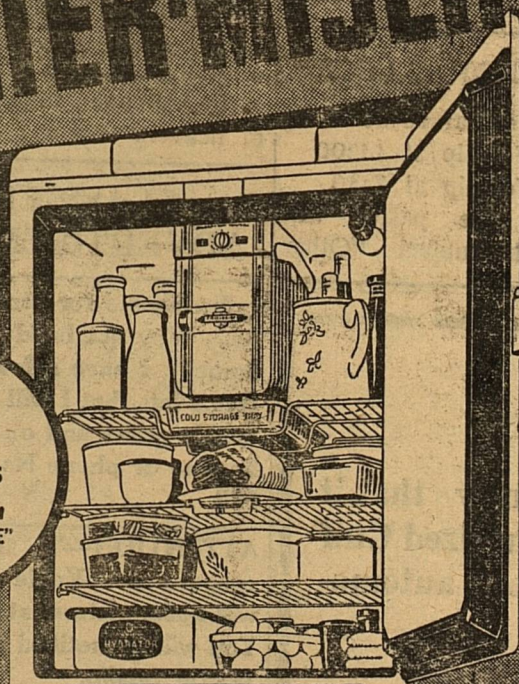

It is a mistake to believe that cool weather guards food against spoilage. Temperatures *too cool* for your comfort may be *too warm* to protect your food.

All year 'round, food must be protected at safety-zone temperatures between 32 and 50 degrees Fahrenheit. Above this mark, spoilage is rapid. Below, foods freeze.

Nature seldom maintains safety-zone temperatures. So don't depend on makeshift or old-fashioned, unreliable refrigeration methods. Health can be endangered. . . . money can be wasted . . . when refrigeration is inadequate.

There is really no need to be without proper protection. Frigidaire with the Meter-Miser safeguards food day and night, and *proves it!* Does this while paying for itself and paying a profit besides!

made their only threatening drive, when they carried the ball to the Eagles 34-yard line on a series of off-tackle plunges, cut-backs and passes by Archer. He was smashing the Eagles line as though he weighed 180, but Eldorado stiffened in the danger zone, and prevented a 20-yard penetration. The quarter ended with the Eagles taking the ball.

With the wind in their favor the Eagles opened up on a disconcerting combination of passes and plunges that provided for two more touchdowns in the last frame. The first score of this period came when Williams faded back to give Friess time to get almost to the goal line when he threw a beautiful pass that Friess caught just as he was tackled over the goal line. Williams' try for the point was good, making the score 27 to 0. The Eagles were not long in getting the ball back in scoring territory, but lost it on the 3-yard line by a fumble. Archer kicked out to the 34 yard stripe. The Eagles made one try at the line for ten yards, then George tossed a nice pass to Edward, who caught it on the run and had little trouble getting across for the last score. Williams' kick for the point was good, making the score 34 to 0, where it stood as the game ended.

Eldorado made 19 first downs to 5 for Sonora.

Eldorado tried 6 passes, completing three.

Sonora passed 6 times, completed three, and had one intercepted.

The entire Eagle team showed up well, but their blocking and tackling was not up to their good work in these two important fundamentals, in the Iraan game.

Our next game is with Menard here next Saturday.

**COLUMBUS DAY OBSERVED BY MEMBERS OF WOMAN'S CLUB**

Columbus Day was observed and "Lord Byron, a Nineteenth Century Traveler" studied when the Woman's Club met at the home of Mrs. W. E. Eaton, Tuesday afternoon, October 12th.

The ways modern biographies differ from the older ones was discussed by the leader, Mrs. Ernest C. Hill.

Miss Norine Ellington told in an interesting manner of Byron's life in England and on the continent, and highlights of a recent trip through the Southern States were given by Mrs. V. G. Tisdale.

Assignment for the study of Parliamentary Law was made by Mrs. W. N. Ramsay, and the Dictio Lesson was led by Mrs. D. C. Hill.

A salad course with coffee was served to Mrs. D. E. DeLong, Mrs. Joe B. Edens, Miss Norine Ellington, Mrs. F. B. Gunn, Mrs. D. C. Hill, Mrs. Ernest C. Hill, Mrs. Cora Millar, Mrs. C. M. McWhorter, Mrs. W. N.

The Epworth League had their first Fellowship hour at the church last Sunday evening. Refreshments were served and a social hour was enjoyed by a large group of the Leaguers. Mrs. Leggett was in charge of the meeting. The work was discussed and program made for the next month.

Sunday will be the last Sunday in this conference year, the pastor goes to the Annual Conference in San Antonio next Wednesday, Oct. 20 through 24th.

Hope you are among those present Sunday.

J. W. Leggett.

One group of National Youth Administration youths employed on a work project sponsored by the Texas Highway Department in Harris County laid 1100 feet of four foot concrete sidewalks and prepared 200 yards sub-grade for sidewalks during the last fifteen-day period. W. O. Alexander, district supervisor, has reported to J. C. Kellam, State Youth Director.

Seeing the beauties of the earth will not minimize those of heaven.
