

FISHER DISCUSSES CRIMEA COMPACT, WOOL PROBLEMS

By Congressman O. C. Fisher
Those who favor soft peace terms for Hitlerite Germany got a jolt from the action taken when Roosevelt, Churchill and Stalin signed the Crimea Compact.

In the Cloak Rooms and on the floor of Congress the action of the Big Three has been acclaimed. The compact is an answer to Hitler's dream that a wedge could be driven between the Allied Nations, which, if it had happened, might have given him hope for a negotiated peace. Many believe the action of Russia indicates her willingness to eventually join the United States and Britain in the war against Japan.

The Allies have now agreed to fight a united war against Nazi Germany to the finish. They have resolved to disband all German armed forces and have spelled out the doom of the German General Staff. With a grim and bitter struggle yet ahead, perhaps lives will be saved and the day of victory hastened by the objectives agreed upon and this showing of a solid front.

More Wool Trouble

The WPB has just issued Order M-388 and OPA says it will follow suit with a companion order a little later. The purpose of these orders is to roll back the cost of woolen goods, force the making of cheaper garments and appease labor's demand for higher wages. I have joined with a number of Congressmen from other wool states in protesting this action.

We are afraid the orders will serve to force mills to use more shoddy wools and inferior substitutes and less Virgin wool in order to meet the new requirements. They are to use the last half of 1942 and the first half of 1943 as base period to roll prices back.

It will be recalled that during that period wool uses were drastically restricted and much cheap and shoddy materials were put out. Much of that proved unsalable. UNRRA in December bought 13,000,000 yards of that cheap material from the stores that couldn't get rid of it.

While there are instances where woolen goods are out of line in price, that condition can certainly be handled without resorting to this action. The orders may enable people to buy more of cheaper woolen goods, yet the wearing quality will be far inferior. In the long run I fear it will be a loss to the consumer.

County Quota Set At \$4,000.00 This Year;
Workers Named

Mrs. Chester Wheeler has been appointed Red Cross Drive Chairman, for the annual drive for this county which officially opens next Thursday morning, March 1. Mrs. Wheeler replaces Mrs. Lillian Page recently announced as chairman, has since left to reside at Center.

Quota for Schleicher County has been set at \$4,000.00 and Mrs. Wheeler stated this week that she hoped to close the drive by March 15, despite the fact that the quota assessed nationally, is 15 percent greater this year than last, as need is far greater to care for prisoners and wounded.

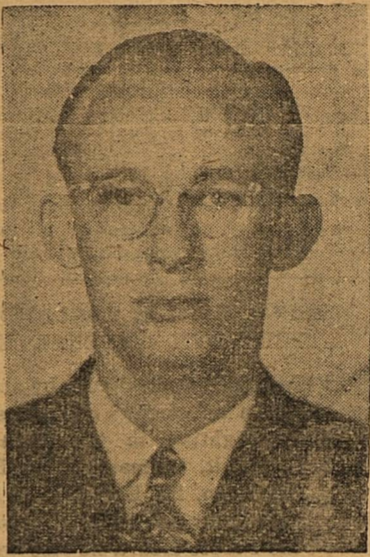

Mrs. Wheeler is seeking the cooperation of all clubs and citizens with her and her workers in this drive, that is not to be misconstrued as the old \$1 membership drive of pre-war days.

Mrs. John Williams has been named as town section worker.

The Schleicher County Victory Council has announced they will cooperate in the drive and community leaders named are as follows in their respective community: Mr. and Mrs. E. W. LOCKER PLANT IS RECEIVING LARGE NUMBER RENTALS

Despite the fact that the War Production Board has issued a new ruling requiring the number of producers for a frozen foods locker plant to be 60 percent instead of 50 percent, it was announced this week that Eldorado is pretty well assured of a plant, since some 220 lockers have already been rented in advance for a proposed plant to be built here.

The exact number of producers have not been determined among secured rentals, but Jerry Pennington, chairman of rentals committee, states he believes there are near 60 percent producers of the present secured number.

John B. Stribling, representing his firm as proposed builders, stated this week in a telephone conversation that the rental applications would be held open until March 3 in order to give ample time for all who need these lockers to post rentals, as no rentals are to be permitted to be accepted after the project is begun.

PRISONER OF WAR FROM ELDORADO HEARS OF BIRTH OF BABY NOW 10 MONTHS OLD

For the first time since he went down in Germany Dec. 20, 1943, T/Sgt. Delbert Edmiston, son of Mr. and Mrs. Bill Edmiston, knows of the birth of his baby, now 10 months old.

Although Mrs. Edmiston, who resides in Mertzon, has heard from her husband, she was unable to get a message through to him until a few days ago. The first message, a cablegram announced the birth and the next day he received a letter from his wife.

Sergeant Edmiston went down in Germany, but has been reported as now interned at a prison war camp in Austria, near the City of Tienna.

God Said "Bail Out"

When Flight Lieut. Arthur S. Ross, Jr., was downed over German-land territory during the Normandy invasion, and a voice he believes to be that of God told him to bail out, his chances of survival were so infinitesimal that the happy reunion with his wife and child, shown above, must be considered miraculous. In one of the most dramatic documents of the war, Ross describes in the February issue of Cosmopolitan magazine German atrocities which he witnessed, and urges that a stern peace be imposed on a defeated Germany.

RECOVERING IN ENGLAND THE 117TH GENERAL HOSPITAL, England—Struck by shrapnel from an enemy mortar shell during fighting in the town of Schlettstadt, Germany, Pfc. Billy R. Matteson, 20, Eldorado, is now recovering at this hospital. Awarded the Purple Heart, he also wears the Combat Infantry's Badge.

"Our combat patrol was just passing back through the town for new orders after we had completed a mission," recalled Matteson. "A mortar barrage landed in the street

near us, exploding the rifle grenade but an aid man from another infantry company came right to us and gave us first aid treatment under fire. When he finished he called me by name and I recognized him: I had gone to college with him back in Texas! I was operated on at an evacuation hospital in France."

"Pfc. Matteson is progressing well under our care," said First Lt. Joseph Gendel of Dallas, his ward surgeon. "After further treatment he will recover completely." Before entering the Army in Dec., 1942, Pfc. Matteson was attending Sul Ross State Teachers' College. His parents, Mr. and Mrs. E. H. Coulter, live at Eldorado.—San Angelo Standard-Times.

The DOLLAR that just burnt a hole in your pocket

You just spent that dollar. You spent it on something you didn't really need.

If you keep spending your dollars carelessly like that, some day your dollars won't buy as much as they used to. Wasted dollars force prices higher . . . and higher.

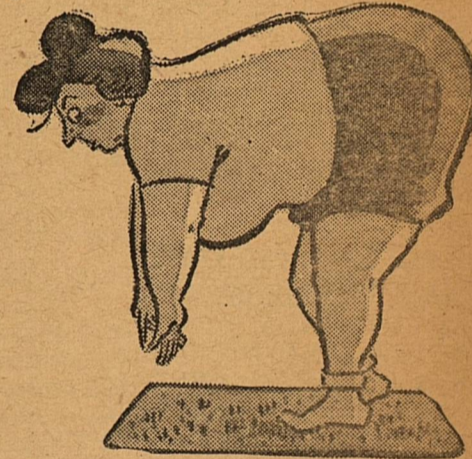

Plan your spending, plan your saving. Be realistic. Work out your program in black and white. Watch Your Waste
Line

No doubt, we have been too wasteful with our food supplies the last few months. We had been told by a host of bureaucrats that an abundance of food was available and most of us "pitched in" and were almost back to prewar eating—now that we know the planned food program has resulted in limited supplies on the fighting line—even rationing of food being in effect on some fronts—the American people will not only accept fair play rationing, but will make it work so that the service men will get additional food.

To do this, every kitchen must be placed on wartime basis—this covers not only watchful purchasing and preparation of food, but also the extremely important saving of fats.

When everything is going along fine, many people easily forget their wartime programs, but in the production and delivery of electricity a permanent fight against waste is a necessity—with taxes mounting as in other businesses, and sometimes more in ours—continued maintenance of low electric rates necessitates the watchfulness of everyone in our organization for economy possibilities—we are holding our lines—and our customers in the ample use of electrical energy are fully cognizant that our war effort will not suffer as the result.

Eldorado Relatives Attend Wedding of Miss Jane Womack

Miss Martha Jane Womack, daughter of Dr. and Mrs. C. T. Womack of San Angelo, became the bride of Capt. Charles E. Simpson, son of Mr. and Mrs. Edward Simpson of Big Spring, in a ceremony performed at 8:30 o'clock last Friday evening in the First Christian Church of San Angelo. The Rev. E. D. Henson, pastor, officiated at the double-ring ceremony.

Given in marriage by her father, the bride wore a wedding gown of white slipper satin with sweetheart neckline and long pointed sleeves. Bands of princess lace outlined the neck and matching lace edged her bridal veil of illusion

and small cap which was trimmed with orange blossoms used by her grandmother, Mrs. C. C. West at her wedding. The orange blossoms were tied with the small white tie worn by her grandfather, the late Mr. West, at his wedding.

Mrs. West attended her granddaughter as matron of honor and wore a purple dinner dress and an orchid corsage.

Miss Jeanne Dement of Meridian, Miss., was maid of honor and bridesmaids were Misses Ethel Claire Rainey of Lubbock and June Covington, San Angelo. Junior bridesmaids were Barbara Ann West and Reidale West, cousins of the bride. They wore lime green and yellow net dresses, respectively, and carried the rings of the bridal couple.

Major James Hayes of Good-

fellow Field was best man and ushers were Capt. William Bales and Lt. James Parker, and Jimmy and Bill Womack, brothers of the bride, and Donald Simpson, the bridegroom's brother.

Following the wedding, a reception was held at the Massie Clubhouse, and the couple were assisted in receiving by its parents and the bridal party.

Mrs. Simpson is a graduate of San Angelo High School, Junior College, and a graduate of the University of Texas.

Captain Simpson is a graduate of Ackerly High School and San Angelo College and entered the Air Corps in 1942. He served overseas for 16 months, and is now stationed at Goodfellow Field as an instructor. He holds the Silver Star, the Air Medal, with 11 clus-

It is harder to fly a plane from east to west than from west to east. The earth turning on its axis from west to east, drags along an envelope of atmosphere, which when added to the prevailing winds that also move in the same direction make it necessary for west-bound fliers to buck headwinds all the way along the westward route.

Triphibious War Principles

Seen Aid to Lasting Peace

Out of the laboratory of World War II has come something new—triphibious warfare—which may prove to be the basis for an effective world organization to preserve peace.

With the principles of triphibious warfare applied to the purpose of preserving the peace of the world, a World Police Force of 1,000,000 men, backed by a 2,000,000-man reserve force, might well discourage initial aggressions which would have world-wide repercussions, such as the Italian invasion of Ethiopia or the Japanese venture into Manchuria.

In an ingenious discussion of a World Police Force in the February issue of Cosmopolitan magazine, Paul Schubert, noted student of world affairs, suggests that, for global police purposes, the world be divided into four areas: (1) the Americas; (2) Europe and Africa; (3) Asia; (4) the Far East.

The police contingent assigned to each area would be sub-divided into two equal groups, one group furnished by the area's major power, the remainder by the lesser states.

Under such a plan, the United States, instead of maintaining a huge peacetime army, would have only 125,000 members in the active pool and would have some 250,000 trained men in reserve. In the Americas, Canada, Central and South America, between them, would provide an equal number of men.

On a similar proportionate basis the United States, England, Russia and China as the four great powers, and their satellites would provide 20,000 aircraft and a reserve force double that on active duty, and also a comprehensive Navy and Merchant Marine.

In case of aggressions that might lead to war, the Active Po-

lice Force would be available immediately while the Reserve Police Force would be called to duty if a state of world emergency were declared. If the situation went beyond the powers of the active and reserve police to curb it, then a state of world war would be declared, followed by the full mobilization of all national resources. The global police force would be at the disposal of a Council of Nations.

"An Active World Police Force of 1,000,000, backed by a Reserve Police Force of 2,000,000, would provide something that never before existed," Schubert states. "It would create a powerful, competent, impersonal force to use in meeting the 'incidents' which proved so baffling during the thirties, like the Japanese invasion of Manchuria and the Italian invasion of Abyssinia."

"No World Police Force can be a specific cure for the world malady called war. It won't 'end' war any more than our domestic police forces have 'ended' crime. But if a World Police Force were backed by adequate reserves and by willingness to go to war if the Police Force failed, it might curb war."

Do You Want A Locker In The Frozen Food Locker Plant In Eldorado?

We recently bought Frozen Foods Company locker plant in San Angelo. We are expanding facilities there and are prepared to build frozen foods locker plants in surrounding towns.

Eldorado is one of the first towns on our list. It is up to you, the citizens of the town and surrounding territory, to decide whether or not you want a frozen foods locker plant and complete service — killing, chilling, aging, cutting, aging, wrapping processing, pork curing (including making lard and sausage), and lockers for storage of frozen foods.

Governmental Restrictions

The preservation of local supplies of meats, fruits and vegetables as fresh frozen foods is considered essential to our war effort. Therefore, wartime restrictions permit the use of critical materials and labor for construction of frozen foods locker storage plants and expansion of existing facilities—UNDER CERTAIN PRESCRIBED CONDITIONS! Among other requirements is one which provides that the need must be shown by renting the lockers in advance!

WILL THE PLANT BE BUILT?

Yes— IF 300 LOCKERS ARE RENTED IN ADVANCE!

If 300 lockers are rented in advance before February 28, we will build the plant and install 300 lockers.

WHEN WILL THE NEW PLANT BE READY?

Just as soon as we can obtain necessary permits and priorities, secure necessary materials, and get it built. We believe we can have the new plant in operation within six (6) months after 300 lockers have been rented—possibly sooner.

Sponsored By Eldorado Lions' Club

Our proposal has been submitted to the Eldorado Lions Club and it has received their endorsement. This service club has named a committee, all members of which are authorized to accept advance rentals and sign receipts. There are: H. E. Finnegan, Truett Stanford, Fred Watson, Jerry Pennington, W. T. Whitten, Jack Welch (county agent), Joe B. Edens, Carroll White, and W. Irl Breedlove of Eldorado Success.

How Is Rental Money To Be Handled?

It is to be deposited in an escrow account with The First National Bank of Eldorado and is to be turned over to us when, and only when, the plant is in operation. Locker rentals begin when the plant is complete and the lockers are ready for use.

ALL CHECKS SHOULD BE MADE PAYABLE TO FIRST NATIONAL BANK OF ELDORADO.

ANNUAL LOCKER RENTAL	Large Drawer - Type	\$17.50
	Door - Type only	\$12.50
PAYABLE IN ADVANCE		

CAN YOU RENT A LOCKER AFTER THE PLANT IS IN OPERATION?

No. Lockers will be provided only for those who post rentals in advance. We have no choice in this matter. THE NUMBER OF LOCKERS WE CAN INSTALL ARE LIMITED TO THE NUMBER RENTED IN ADVANCE.

What's The Hurry?

There isn't any. But we are like the girl whose bashful beau became tongue-tied when he tried to propose. She told him: "I'm willin' and ready when you are."

It's Up To You!

We are ready to build a frozen foods locker plant in Eldorado when and if 300 lockers have been rented. The sooner this is done, the sooner we can put the plant in operation—IT'S UP TO YOU. If you want a locker plant we urge you to sign up without delay.

great-grand children. Ten brothers and sisters have preceded him in death.

In August, 1928 he was married to Mrs. Ethel Tiller of Ardmore, Okla., who survives. Mrs. Dona Baldwin of Dallas, sister-in-law of Mrs. Gunn, is here with her.

Deceased came to Schleicher county in 1920. Prior to coming here, he had been employed by the Prairie Pipeline company for some 20 years in the capacity of right-of-way contractor and claim agent, relinquishing his duties with that company soon after he came to Schleicher County to engage exclusively in farming and ranching.

Mr. Gunn joined the Presbyterian Church in early childhood and has been active in its work through the years. He held the position of deacon and clerk of the session, one of the highest offices in the church, at the time of his death. He was also treasurer of the newly formed Southwest Texas Rural Electrification Cooperative, Inc., and a member of the Eldorado Lions Club, having been active in its work much of the time.

According to his friends and associates, he was an excellent church member, and a good friend. His life was his home, his church and his community. He was often called upon to represent his church at Presbyteries and Synods, and was this year made alternate of the delegate to attend General Assembly to be held in Montreux, N. C.

Active pallbearers named are to be deacons and elders of the First Presbyterian Church consisting of John Williams, L. L. Baker, Jack Ratliff, Richard Jones, W. M. Patterson, Joe B. Edens, Tom Jones, Sam Jones, Edwin Jackson, and H. T. Finley.

Honorary pallbearers are Bert Page, E. C. Hill, D. E. DeLong, A. T. Wright, J. B. Christian, P. K. McIntosh, Ed Willoughby, John I. Jones, F. M. Bradley, Tom Johnson, W. R. Bearce, Tom Wilton, D. C. Hill, J. E. Hill, V. G. Tisdale, Euel Ferguson, and E. M. Reynolds.

Flower girls are Danelle Baker, Dorothy Neill, Barbara Mund, Clara Lloyd Ochsner, Jean Meador and Betty Jo Sproul.

Interment will be in the Eldorado cemetery under the direction of the Ratliff Funeral Home.

Mrs. Raymond Dickens is in San Antonio this week where she was called to the bedside of her mother, Mrs. Lee Stacy, who is seriously ill following complications resulting from a major operation.

Army, Navy Leaders, Others Endorse Red Cross War Fund

WASHINGTON, D. C.—In answer to President Roosevelt's appeal to the nation on behalf of the American Red Cross to fulfill the \$200,000,000 Red Cross War Fund goal for 1945, America's foremost military and naval leaders, the press,

Stimson Gen. Marshall Forrestal Adm. King

and educational, religious, fraternal, industrial and labor groups pledged unstinting support.

Secretary of War Stimson expressed his gratitude to the Red Cross for discharging its responsibility to the Army "with efficiency and humanity" throughout the war.

Chief of Staff General George C. Marshall added: "The Red Cross has kept pace with the growth of the Army by enlarging its services to meet soldier needs both in this country and overseas."

Secretary of the Navy James V. Forrestal, citing Red Cross war contributions of blood plasma, prisoner of war food packages and civilian war aid, said, "In the blackness of war, the Red Cross stands as a beacon of mercy of which we can all be proud. Never has money been put to better use."

Admiral Ernest J. King, commander-in-chief of the United States fleet, pointed out that "every time the Red Cross assists a man in the armed forces in any way. There can be no doubt that the humanitarian activities of the American Red Cross have a direct bearing on the outcome of the war."

Both the American Newspaper Publishers Association and the National Editorial Association's presidents promised complete cooperation from the American press.

Among groups endorsing the War Fund are:

AMERICAN LEGION: "The Red Cross has exemplified the fine, traditional spirit of American helpfulness. The approach of the postwar reconstruction period will not lessen the calls for Red Cross services."

AMERICAN FEDERATION OF LABOR: "We are determined that

the war shall be won. Let us be equally determined that the Red Cross shall be enabled and permitted to measure up to the needs of the situation and the high standard which we have set for it."
