FIRST BAPTIST YOUTH REVIVAL OPENS ON EASTER

The First Baptist Church will open an 8-day Youth Revival starting April 17, and continuing through April 24.

Rev. Jim Hays states that both services on Easter day will be devoted to the youth revival.

Two young men from out-of-town will be engaged to take charge of the revival, and other plans are being made by the pastor and his congregation to assure success of the revival. All youth are urged and invited to attend.

Church of Christ Youth Rally Set for Sunday

Brother Blake, minister of the Fairgrounds Church of Christ in San Angelo, will bring a special message on the duties of young people in connection with the church at a Youth Rally sponsored by the Rock Church of Christ at 2:30 p. m. Sunday, April 10. Special music will include numbers by the young people of the Santa Rita and Fairgrounds Churches of Christ in San Angelo, and by the Sunshine Quartet of San Angelo.

The public and especially the young people of the town are cordially invited to attend the service.

GRADES PRESENT THEIR OPERETTA ON APRIL 28

The operetta Snow White will be presented in the auditorium April 28, by the first six grades of the school, with Miss Lucille Farmer in general charge, and Miss Pauline Jones as dance director, Prin. Wyndell Hall assisting them throughout the practices.

The home room teachers are in charge of costumes and will also assist elsewhere as needed.

Baptists To Show New Sound Film Wednesday Night

Using what are probably the first time-compressed colored movies of the photosynthesis of a leaf, preacher-scientist Dr. Irwin A. Moon reveals new secrets of nature in his sound film, "The God of Creation" to be shown at 7:30 p. m. next Wednesday, April 13 at the First Baptist Church, Eldorado.

The film, produced in the Los Angeles branch of Moody Bible Institute, has already been shown to more than two million people. It will be projected here by Percy A. Bagge, film representative.

In the first sequence, space and its galaxies of stars are explored through the telescopes of Mt. Wilson Observatory. Then, in sharp contrast to the immensities of the universe, the wonders of the everyday world are colorfully portrayed.

For the third part of his film, Dr. Moon permits the audience to examine the minute perfection of the microscopic world. God has created this complex world, says Dr. Moon at the climax of the film, but, he declares, "the miracle of all miracles is that this God loves us." He then explains God's plan of redemption for the world.

OES TO MEET

The Eldorado Chapter OES will hold its regular meeting Monday, April 11 at 8:00 p. m. Mrs. Jessie Wheeler will be in charge of the memorial service. All members are urged to come.

TAYLORS MOVE

Mr. and Mrs. A. G. Taylor have taken over a farm near Morton Cochran Co., in the Texas Panhandle, and have moved there this week. O. B. Singleton, who has been on the Ewing Ranch, has moved to the Hollis McCormick house vacated by the Taylors.

The Taylors have been residents of Schleicher Co. for several years.

SCOUT TRIP POSTPONED

The Boy Scouts have postponed their camping trip to next Saturday or a week later. Bad weather prevented them from going on the trip last week end as planned.

NEW TOURIST CAMP

A. J. Halbert has built a new tourist camp on three lots, between Earl Parker's garage and the Halbert lots. A small house, which is nearly completed, provides a bedroom, a wash house and rest rooms, and there is room for 8 trailers.

ATTEND FUNERAL SERVICES

E. C. Peters and Fred Riley attended re-burial services in Coleman Sunday for S-Sgt. Webster Buie, who was killed on Okinawa during the war. Before Buie went overseas, he was stationed for awhile in this county at the same time Peters and Riley were, and was known by a number of residents here. Durwood Vaughn of Fulton, Mo., who had been stationed here at the same time, was one of the pall bearers at the funeral.

Eldorado Divide Soil Conservation District News

Two varieties of clover, Hubam and Madrid, have been planted this spring by several cooperators of the Eldorado-Divide Soil Conservation District.

J. W. Davis was the first to make use of the small seed planter in planting 35 acres of Madrid clover on his farmland 22 miles west of Eldorado. Davis used the planter furnished by the district which is equipped with small seed boxes for planting small grass seed and clovers. The clover seed was inoculated and planted in a firm seed bed 1/2 to 1 inch deep in 40 inch rows. Approximately 2 pounds to 2 1/2 pounds of seed was planted per acre.

The moisture condition at the time of planting was good and within seven days after planting there was a good stand of clover.

Other cooperators of the district who have planted Madrid clover spring are: T. C. Stanford, John Bledsoe, Johnny Webster, Bill McWhorter, L. E. Lloyd and Ovid Wade.

W. A. Schuller is the only cooperator who has planted Hubam clover this spring.

The soil building properties of the different clovers have long been recognized. A good crop of clover will add approximately 200 pounds of nitrogen per acre by extracting it from the air and storing it in the roots of the plant. It is also an excellent medium for adding humus to the soil since it makes a good growth and decays rapidly. This humus improves the mulchy condition of the soil and increases the rate and amount of water intake.

PRESBYTERIANS OBSERVE FAMILY NIGHT WED.

At a family night supper Wednesday night at the Presbyterian church, it was decided to have the social on the first Wednesday in each month. The supper was served on the new tables in the renovated and remodeled kitchen and dining room.

FIRE EXTINGUISHED

The fire department was called out to put out a fire in a pile of cedar posts at the rear of Cameron's Lumber Yard Wednesday night at about 8:00. The posts were the property of the telephone company. The fire presented a serious fire threat to the lumber yard, but it was extinguished before any damage was done.

BIRTHDAY PARTY

Donna Beth McCormick entertained the Pine Tree Patrol on her twelfth birthday at her home Wed. April 6. A salad plate, punch and cake was served. Those present were: Ila Jean Boyer, Martha Dell Williams, Cynthia Sue Reynolds, Beth Shilling, Wilma Jean Kuykendall, and the leader, Louise Kuykendall. Guests present were Mrs. Howard Belcher and Judy and Jimmie, and the hostess, Mrs. Don McCormick.

SQUARE DANCERS TO MEET

The Pioneer Square Dance Club meets tonight (April 7) at 7:30 in the new community building. All members are to wear costumes.

—Mrs. C. White, Secretary.

Mr. and Mrs. Vester Hughes of Merton spent Sunday afternoon with Mrs. J. E. Tisdale.

Churches Make Plans for Easter Observance

Several of the churches of Eldorado are planning Easter and Palm Sunday services, according to announcement made by the pastors. Most of the churches will be decorated with spring flowers, and the pastors will deliver Easter messages.

Presbyterian Church

On Palm Sunday, the vested choir will sing an anthem at the morning service "He Is Mine", with L. M. McMurry as accompanist, and Rev. F. E. King will present an appropriate sermon.

"Victory Through Christ" is the subject of the message to be presented by Rev. King at the morning service on Easter Sunday. The vested choir will sing an anthem, "Awake Ye That Sleepeth" with L. M. McMurry as pianist. Mrs. James Page will assist at the piano and in the choir at both morning and evening services. The chancel rail will be decorated with Easter flowers and all of the new furniture is expected to be installed by that time.

First Baptist

The First Baptist Church will set aside both services Easter Sunday

to launch their 8-day youth revival. Two out-of-town evangelists will be present to assist the pastor. Announcement of this revival is made elsewhere on this page, and more details will be published next week.

Methodist

There will be special music at the Methodist Church on Palm Sunday morning, and a group of children will join the church, after a series of lessons on church membership, taught by Rev. Roy Shilling and Clovis Taylor.

On Easter Sunday morning there will be two special musical numbers, baptism of infants, and a sermon on the place of Easter in the church's Advance for Christ. On Easter night the young people will present a pageant and there will be special musical numbers.

Every night next week there will be Lenten services at the Methodist Church, in preparation for Easter. All are invited to attend.

Catholic

The Catholic Church has been having Lenten services regularly. Easter being the concluding services of the 40-day period of fasting and prayer.

High School Students Hear Army Band

The high school band and high school chorus made a trip to San Angelo Wednesday afternoon to hear the famous Army Air Force Band from Washington, D. C. and the choral group, The Singing Sergeants, which accompanied the band.

The trip was sponsored by the Band Parents Club, which arranged transportation. The students made the trip in the activity bus and in cars belonging to Kenneth Cheek, Claude Alexander, S. D. Harper, Odie Harris, and Henry Speck.

Adults who made the trip beside those driving cars were C. F. Jones, band instructor, and Miss Lucille Farmer, director of the chorus.

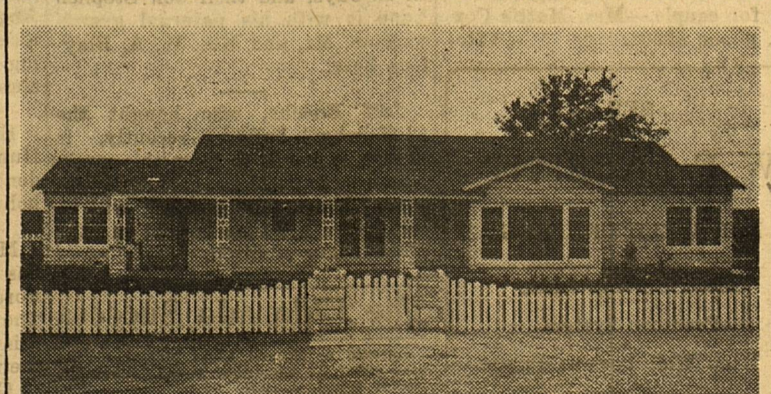

WELFARE BOARD REPORTS

A total of \$317.84 has been collected for relief work by the Schleicher County Welfare Association, according to Mrs. Arthur Mund, treasurer of the association. The drive, however, is not yet complete, as business houses have not been contacted, and a more detailed report will be available soon.

Mrs. Cora Millar of Corpus Christi sustained an operation in a Temple hospital to remove a growth from her neck last week, and is getting along nicely. She is a former Eldorado resident and is related to the Tisdale families here.

Mrs. Fannie Fury and Mrs. B. K. Cheek visited in Menard Friday with friends.

LINTHICUM BUYS JACK RATLIFF'S RANCHHOUSE, MOVES IN; RATLIFF STARTS ON RESIDENCE IN ELDORADO

In a transaction closed recently the above modern ranchhouse changed hands and the new owner has moved in.

Jack Ratliff sold the place, including the modern house (overall dimensions 85 x 40 feet), out-buildings and 80 acres of land, to Horace Linthicum, and has moved from his ranch house to this new residence. The house was completed

in late 1947. Ratliff has rented the Clarence Davis house while he starts work on a new residence.

The new house will be a modern 6-room structure located in Glendale on lots bought from Cooper Gas and Mrs. Mary Coupe. It will require sixty days to complete.

Linthicum also bought 28 head of Suffolk sheep from Ratliff.

LIONS CLUB MEETS

Plans were made and committees appointed for the annual Easter Egg Hunt at the regular meeting of the Lions Club Wednesday.

It was decided to sponsor a program by a Stamps Quartet, and the following were appointed to investigate the matter: W. M. Patterson, W. R. Bearce, Lum Davis, Palmer West, R. J. Page and Nolen McDonald.

It was announced that the local club will take a program to the Lions Club at Junction next week, and plans are being made for the Eldorado Quartet to present the program.

A good attendance was reported at the meeting.

Lions To Sponsor Easter Egg Hunts Easter Afternoon

There will be three Easter egg hunts in Eldorado on Easter afternoon, at 2:30 p. m.

The Lions Club members, who sponsor the hunts each year, announce that the three hunts will be carried on at the same time, on the court house lawn, in the Latin American Community, and in the negro settlement.

Only children who are ten years old or younger will participate.

The Lions Club committee will be Jim Hays, chairman, Palmer West, Frank Prochaska, Clovis Taylor, E. H. Topliffe and Ray Hudgens.

Wheat and Cotton Control Foreseen, Says Brown of AAA

Within the next 90 days, says PMA executive officer Edward L. Brown, the county committees of the local PMA office will be making preparations for controls on wheat and cotton for the 1950 crop.

This endeavor is in line with recent announcements by Secretary of Agriculture Brannan that the question be put up to growers whether they favor rigid marketing quotas to bring supplies back in line with market demands.

Before such questions can be put to the growers, the acreage allotment must be available. In order to establish acreage allotments, historical data relative to plantings of cotton and wheat for 1941, 1945, 1946, 1947, 1948, and 1949 will be compiled. No production data is needed.

Controls will be in the form of planting allotments and marketing quotas for individual growers. Anyone exceeding his allotments and marketing allotments and quotas will be subject to heavy penalties in the form of marketing assessments and loss of government price support.

In order that each grower in Schleicher County may secure his fair and correct historical allotment, it is to his interest to see that this acreage history is available to the committees. Since the acreages desired cover the war period with its many disruptions, growers should begin at once to think about their acreage data so it will be at hand when requested.

Full details of the local program will be released as soon as they are known.

Rev. and Mrs. Roy Shilling have received a letter from their son, Roy Jr., who is attending McMurry College, in which he stated that he had seen a number of McMurry band students since their return from a week's tour on which they played here as well as many other towns. A number of students went out of their way to hunt him up, wrote Roy Jr., and to tell him that they had enjoyed their concert and over-night stay here more than any other place they had been, and that they had been more hospitably received here than anywhere else. Roy Jr. stated that the group returned to McMurry with a very high opinion of Eldorado. GET YOUR groceries and lunch meats at Doc's Place. Open Sundays.

Mr. and Mrs. H. L. Turnbow returned early this week from New Mexico, where they visited for two weeks with Mr. and Mrs. W. A. Mitchell.

COMMENCEMENT FOR 8TH GRADE IS PLANNED

As soon as the district meeting is over, the students of the eighth grade will start work on their Commencement program. The students will be under the direction of their home room teacher, Miss Nowla Stewart, and their grade principal, Wyndell Hall.

BOARD MEETING SET FOR MONDAY, PUBLIC INVITED

An open school board meeting is set for next Monday afternoon at 3:00 in the court house, according to announcement made by school officials, who invite the public to attend this regular meeting. Routine business scheduled for the spring session will be conducted, including teacher election.

An open meeting was held last Tuesday afternoon, to acquaint parents with school problems and to acquaint faculty heads and board members with parents' viewpoints on various questions.

It is hoped by the entire community that a better understanding may be reached as a result of these meetings.

Sheep Breeders Visit Experiment Station

County Agent W. G. Godwin and three registered Rambouillet breeders visited last week at the ranch experiment station near Sonora in the interest of improving Rambouillet herds in this locality.

Accompanying Mr. Godwin were John Williams, C. O. Bruton and Joe Edens, all of Schleicher Co.

The men made the trip to the experiment station to observe the monthly checking and weighing of selected registered Rambouillets.

The experiments are comparatively new, and will probably be carried on next year on a large scale.

The rams are kept at the station for a designated period—they are received there as lambs, the breeder paying for the feed and the station doing the work. In the present herd there are about 80 rams representing about 12 breeders. All are fed under the same conditions, and monthly weight gains are recorded. The data will be made public; any breeder can visit the station at any time and receive the benefit of the information thus compiled.

One more weighing is scheduled, when wool will be sheared and cleaned and tests turned over to the breeders.

It is expected that Schleicher breeders will participate in the tests another season.

IT'S SPRING, TRA LA... BUT TOO EARLY FOR A SWIM!

One Schleicher County animal believes that it is too early in the spring to take a swim!

In one of the oddest near-drownings occurring in this county, a horse belonging to Capt. Thad Thomson of the Thomson Ranch was rescued from a watery grave Wednesday afternoon.

The horse, fully saddled and bridled, had been left to graze near the swimming pool. Since the pool has no raised curb, the horse may have mistaken it for a shallow stock tank when he stepped in.

The heroine of this story is the little daughter of Ab Turner, ranch employee, who saw the horse floundering in the pool and gave the alarm.

Efforts of several men failing to get the animal out, because of lack of "hoof-hold" on the pool's slippery and perpendicular sides, a delay of 30 to 45 minutes ensued while someone came to town for a wrecker.

The animal was skinned in a number of places, and had a severe chill because of his long enforced stay in the cold water, but a large dose of penicillin brought him out of it, and he seems to be fully recovered.

Mr. and Mrs. Delbert Taylor and sons spent the week end in Coleman with her parents.

DO YOU WANT... BIGGER EGGS

WHEN PRICES ARE HIGHEST?

Good, BIG eggs in the fall and early winter are worth TWICE AS MUCH as eggs in late winter and spring. Purina Research tests show that Purina Growena raised birds 1 pound heavier at laying time than pullets on a poor growing feed. And the BIG pullets laid lots more big eggs!

Mrs. Tomlinson Honored At Tea

Honoring Mrs. Lawrence Tomlinson, who was Miss Doris Baker before her recent marriage, a gift tea was given Saturday afternoon in the home of Mrs. L. D. Christian. Co-hostesses were Mrs. O. B. Bradshaw, Mrs. Roy Davidson, Mrs. Gene McCalla and Mrs. J. H. Mace.

The honoree, her mother, Mrs. Thomas Baker, and her aunt, Miss Ruth Baker received the guests. Mrs. John Stigler presented this group with corsages which she had made of bridal wreath and pink roses. Mrs. Kenneth Cheek registered the guests.

The pink and white color scheme was carried out in decorations of bridal wreath and salt cedar.

Guests were served cake by Mrs. Davidson and punch by Mrs. W. C. Parks from a lace covered table decorated with white candles and bridal wreath. The cake was decorated with pastel colored roses.

A reading, "How Do I Love Thee", was given by Mrs. G. J. King. Mrs. John Stigler played an accordion and sang "April Showers".

A number of guests called during the tea hour and about 150 gifts were displayed.

School Students Prepare For League Events

High school and grade school students are preparing this month for the Interscholastic League events, which are to be held in Ozona on April 12.

In the athletic contest, Coach Ted Kirby is in charge of all track events. Coach Bud Hopkins has charge of one boys' grade school team and one boys' high school junior-age-group team. Miss Pauline Jones, coach for the girls, has two girls' teams of the same age as the boys.

Miss Jewel Shelton is coaching essay writing, and will choose one person next week to enter the event. She is also coaching high school spelling, and has six students trying out. Two will be chosen the first of next week to represent the school in the League.

Miss Nowla Stewart, who coaches declamation, has seven junior-age students entering this event, from which one boy and one girl will be chosen.

In high school declamation, four students are trying out with one boy and one girl to be chosen by Miss Gloria Henshaw, coach. Miss Henshaw announces that all of these students will perform before an audience sometime the last of next week, when the school representatives will be chosen. At this same time, the one-act play which she is coaching will be given for the local audience, in order to give the cast experience before entering League competition.

Frances Williams, Harlan McAlpine, Lewis Wilson and Patricia Humphrey are contestants in the slide rule contest, coached by math teacher H. C. Dupont. Two of these students will be the official delegates and the other two will be alternates. The students are learning the use of the slide rule in their course in Algebra II.

Mrs. H. C. Dupont, commercial teacher, announces that Ebba Ann Finley, Patricia Humphrey, and Mary Thompson will enter the typing contest with Verna Dell Owens, Joyce Ann Van Horn, and Patricia Elder as alternates.

Pump Handle Pete sez:

Ecnomics Is Easy!

Ain't sayin' I understand these here price spirals, and leveling offs, and things that the ecnomists are always talking about. But when it comes to savin' money and making every dollar count, I could tell them a thing or two. Take my Jensen Pump Jack as a fer-instance.

My Jensen don't even know inflation's going on. Low initial cost... easy, inexpensive installation -- and efficient use of fuel, have made it real, down-to-earth, practical economy. The kind ranchers understand.

It's worth a heap more than the price of a Jensen to have plenty of dependable water for house and stock. It's good ecnomics fer any rancher with a well 100 feet or deeper to find out about Jensen from his Eldorado dealer. — Do it today.

These are

These are
the people

THESE are the people who own your electric light and power company. Chances are you are one of this group, too.

They represent a cross-section of America—housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen. Yes, people from all walks of life have put their savings into companies like ours. They're *direct* owners.

But there are countless *indirect* owners, too—many who don't know they have a stake in the electric industry. They're people with life insurance policies and savings accounts. When banks and insurance companies accept your money, they must invest it wisely and productively. And because *business-managed* electric companies have a long record of successful service, much of that money is invested in utility securities.

So, you see, the electric industry is owned by the people it serves.

CHESSER - WIGGINS VOWS REPEATED IN ROSWELL

In a ceremony held at the South Church of Christ in Roswell, N. M., Miss Barbara Jo Chesser, daughter of Mr. and Mrs. Walter Chesser, became the bride of Walton Wiggins, son of Mr. and Mrs. M. B. Wiggins. Both families live in Roswell.

The bride's father is a brother of Mrs. Mary Ann Johnston of Eldorado, and the bride is well known here having visited here a number of times. For the ceremony she wore a gray suit with white accessories. A reception was held at the home of the bride's parents immediately after the ceremony. The couple then left on a brief wedding trip to El Paso, after which they started on a six-weeks tour of the state while Mr. Wiggins completed a photograph assignment for an advertising agency in Albuquerque. They will be at home at the Arrowhead Ranch, north of Roswell.

The bride is a graduate of Roswell High School and attended TSOW. The groom is a graduate of the Roswell High School and served three years in the army where he was a public relation and news-reel cameraman. Since 1946 he has been associated with his father and brother in the ranching business on the Wiggins ranch, and has done photographic and journalistic work for national magazines.

Mrs. Hughes Weds Andy Taylor

Mrs. Alta Hughes of Salinas, Calif., daughter of Mr. and Mrs. S. H. Cheatham of Eldorado, became the bride of Andy Taylor, also of Salinas, Calif., on Monday, March 21 at 8:00 p. m. The Rev. Joe Kegans, pastor of the Eldorado Fundamental Baptist Church, officiated at the ceremony in the home of the bride's parents.

The couple left Tuesday morning for Salinas, Calif. where both are employed, Mrs. Taylor having worked as assistant manager of a Dubarry chain store in Salinas for the past eight years. They were accompanied home by Mrs. Taylor's son, Kenneth Hughes, who has been spending the winter here with his grandparents.

Mr. and Mrs. Dick Bearce and son Bill attended reburial services at Mertzson Sunday afternoon for Cpl. Sidney W. Cox, a nephew of Mrs. Bearce. Cpl. Cox was killed on Okinawa.

Gene Harvey has been employed by Bill Blaylock and the family are now living on the former Chick place in the Kaffir community.

Mr. and Mrs. W. T. Floyd of Hedley are visiting this week with their daughter, Mrs. J. H. Mace and family. Mace and Hedley spent Tuesday and Wednesday fishing at Buchanan Dam.

Wilma Lee, small daughter of the H. L. Kidwells, has been undergoing treatment at Sonora for an infected eye.

BRIDGE CLUBS MEET

Mrs. C. A. Reynolds entertained the Wednesday Bridge Club with a luncheon-party last week in her home. High score was won by Mrs. Leslie Baker, bingo by Mrs. J. M. Christian, and Mrs. John Williams was awarded the cut prize. Present for the luncheon and bridge games were seven members and one guest, Mrs. Archie Mittel, and other luncheon guests were Mrs. Joe Ed Hill, Mrs. H. T. Finley, Misses Danell Baker and Helen McGill.

The Slam Bridge Club was entertained Tuesday afternoon in the home of Mrs. Billie McCravey with Mrs. Jack Hext winning high score and Mrs. Sidney Rogge low. A salad plate was served to 8 members and Mrs. Rogge, a guest.

PRESBYTERIAN NEWS

The new choir seats for the church have been installed on the rostrum in the main auditorium, the fourteen seats forming two rows. The seats are of upholstered plush, and have a spring mechanism which lifts the seat when the occupant stands. Carpenter work is finished on the renovating project, and sidewalks are being run and painting completed this week.

Installation of a chime signal system, laying of carpeting, and adding of new window panes were completed. A new chime, installed in the hall of the Sunday School addition, is the gift of Bill Oglesby; it will be used to call to worship for Sunday School and a shade of burgandy has been laid.

Mr. and Mrs. J. L. McElroy of San Angelo, former Eldoradoans, visited Wednesday with the Tom Johnsons and other friends here.

Mrs. Arch Crosby and daughter, Grace of Sonora spent the week end with Mr. and Mrs. A. L. Jones.

Sid Espy and son Jim and Mrs. Ellen Strickland of Brady visited one day last week with Mr. and Mrs. Sam E. Jones.

David Griffin, Pat McAlpine and Charlie Wade spent the week end fishing on the Rio Grande and Devil's Rivers.

Mr. and Mrs. Clyde Low and children of Junction visited Saturday night in the Albert McGinnes home, and on Sunday the group had dinner with the Sam McGinnes family.

Mr. and Mrs. G. J. King and daughter Dianne made a business trip to San Angelo Sunday and Monday.

Charles, son of the Jimmie Wests, has been quite ill with measles this week.

Mr. and Mrs. Seth Ramsey have returned from a visit in Ft. Stockton with friends. They also visited their daughter in San Angelo and brought their grandson, Karl Koschak, home with them for a few days.

Washington News Letter

By Cong. O. C. Fisher
If it were left up to the folks who live in the 21st Congressional district, many of President Truman's "Fair Deal" measures would be scuttled.

The Taft-Hartley Act would not be repealed, the "civil rights" proposals would be snowed under, there would be no tax increase, socialized medicine would be doomed, and the proposed federalized housing would be defeated by a narrow margin.

At least, that's the way the vast majority of 10,000 people in the 21st district feel about it. Some of the verdicts are very decisive while a few are rather close.

According to this poll, three out of every four people who have an opinion on the subject would be against scrapping the Taft-Hartley law. About 80% want Uncle Sam to keep his hands off civil rights legislation. Nearly 90% think Texas should retain its tidelands. Ninety-five out of every hundred want a strong preparedness program and 78% wouldn't go for the \$4 billion tax increase.

Closer margins are shown on public housing and European aid. 38% think the federal government should pay part of the cost of houses for low-income groups and for slum clearance, while 51% think otherwise. The European aid program is supported by 63% of those with opinions, while 23% think it should be stopped.

Here is a summary of tabulations percentage-wise:

1. For repeal of the Taft-Hartley Act, 19.8%; against repeal, 66.5%; no answers and no opinions, 13.7%.
2. For a Federal anti-poll tax law, 27.7%; against 69.5%; others 2.8%.
3. For an FEPC, 12.8%; against, 81.9%; others, 5.4%.
4. For a Federal law controlling segregation problems; 5.9% against 90.4%; others, 3.7%.
5. For compulsory health insurance, 20.8%; against, 72.5%; others 6.7%.
6. For giving the President power to impose price control and rationing, 14.5%; against, 80%; others, 5.5%.
7. For 4-billion-dollar tax increase, 13.4%; against, 77.8%; others 8.8%.
8. For strong preparedness program, 95.5%; against, 2.2%; others 2.3%.
9. For Federal payment on low-income housing and slum clearance 37.9%; against, 51.6%; others, 10.5%.
10. For Federal ownership of tidelands, 7.4%; against, 89.1%; others 3.5%.
11. Is European aid justified—yes, 62.9%; no, 23.5%; others, 13.6%.

It is well to point out that in answers to number 11, relating to European aid, quite a large number qualified their affirmative answers. Many hundreds answered "Yes", but added "For a limited time", "but it should be reduced", "if properly administered", "provided those people will do more to help themselves", "we can't buy friendship", etc.

Thousands of comments on various questions submitted, as well as others, were made. These are very revealing and very interesting to me. I am personally reading every one of them, and am examining each questionnaire.

The predominant theme of all these expressions is: "Let the States handle their own civil rights

problems and let Uncle Sam keep his nose out of our affairs that are local in nature."

Many, many hundreds express grave concern over the tendency toward big, centralized Government and the threat that this tendency may eventually lead to state socialism.

And they are big-debt conscious. They want this public debt cut down, the Federal payroll reduced, fewer bureaus, and non-essential governmental activities whacked. I am pleased that so many are following the Hoover Commission recommendations and praise them.

These questionnaires went to the people on the poll lists. Answers have come from all walks of life, from every town and hamlet in the 21st district, and they undoubtedly reflect a fairly accurate cross-section of the thinking of the people living there.

Hundreds have requested that this poll idea be repeated. It will be, early next year when the new poll list is made up.

Oleomargarine and cherry blossoms combined to make food and fragrance top news on the Potomac last week.

Oleo was stripped of all Federal taxes by a thumping vote of 287-to-89 in the House.

It's good news for consumers who, since 1886 when President Cleveland signed the first anti-margarine measure, have paid dearly for the privilege of buying and serving this derivative of cottonseed and soybean. Twenty percent of margarine is milk.

The oleo taxes are punitive—deliberately imposed for the avowed purpose of discouraging its use. What are these taxes? To begin with, there is a 1/4-cent tax on the uncolored oleo. There is the tax upon the manufacturer of \$600 per year. There is a tax on the wholesaler of \$480 if he handles colored oleo. There is a tax of \$200 on the wholesaler if he handles only the uncolored. The retailer pays a tax of \$48 if he handles colored oleo or \$6 if he handles only the uncolored product. In addition, there is a wide variety of State taxes.

If you operate a hospital, there is no way that you can serve colored oleo without putting yourself in the class of a manufacturer and paying a \$600 tax.

Under the bill authored by Rep. Poage of Waco, all these federal taxes are repealed, but where oleo is served in restaurants it must be in triangles so as to distinguish it

from butter.

Actually, oleo is naturally yellow because of the natural color of the ingredients. To reduce the tax burden, manufacturers have been obliged to go to the extra expense of bleaching it into a white color. But if the Poage bill becomes law that won't be necessary any more.

The American consumers and our hard-pressed cotton growers will be winners in this long and hard-fought battle if the Poage bill becomes law. It's up to the Senate now.

Cherry Blossom Time

Every year at about this time the Japanese cherry trees which form a ring around the reflecting Tidal Basin, adjacent to the Potomac explode into a myriad of blossoms almost overnight.

Due to the early spring, it happened a week early this year—that is, a week earlier than planned by those who plan the annual Cherry Blossom festival.

This caused no little concern to the planners who ballyhooed the festival into a nation-wide attraction, what with charming princesses from every state in the unifying for that coveted honor of being the queen of the cherry blossoms. Texas was well represented by Miss Marian Sue Wilson, daughter of Congressman and Mrs. Frank Wilson, of Dallas. But a spin of a huge wheel picked the Queen, and in this game of chance Montana's Judy Queen was the lucky girl.

The festival was held on April 1, 2 and 3. Nature played a perverse trick in bringing on the blossoms ahead of man-made schedule. But they stay in bloom for less than a week; hence the concern of the planners.

Not to be outdone by Nature, the planners called in the scientists, and sure enough, out came two long-haired chemists with a spray called naphthaleneacetic acid. The expected result of this application was a blossom life of five days beyond the normal six or seven. And they claim the experiment helped. Anyhow, an estimated half a million people viewed the short-lived glory of the cherry blooms. They were really something to behold.

Mrs. Henry Mittel, who returned to a San Angelo hospital last week for further treatment, is reported to be doing well, and expects to be released this week end.

The J. F. Kinsers spent Tuesday night with Mrs. Henry Mund.

Mr. and Mrs. Duward Awalt have moved to Mrs. Frank Spencers' apartment.
