NUMBER 29

## Continuation of New Highway to the West Is Assured

### Donations Needed To Complete Fund For Mohair Research

Only a few days remain in which to complete the \$10,000 mohair market research fund raising campaign, Sayers Farmer, president of the Texas Sheep and Goat Raisers' Association, informed his fundraising committee in a letter this week.

"Our contract with the Marketing Research Branch of the USDA's Production and Marketing Administration requires that our part of the \$30,000 fund be deposited with the government by July 29. That means we will have to mail our check by July 27," Farmer mentioned in his letter.

A visit among most of the warehousemen and others charged with raising the \$10,000 was made by Ernest Williams, Association Secretary, last week and in general the campaign was progressing nicely. Mohair producers who have not been contacted by their committee should get in touch with him immediately and contribute their part, Farmer said.

"This market research project is too important for us to lose. It's up to the mohair producer to insure that we fulfill our part of the contract," he added.

### Sonora Post Office To New Location

Sonora will have a new post office site for the first time in more than twenty years when equipment now housed in the Elliott Brothers building is moved a block east to the Vander Stueken building. The transfer has been authorized for some time in August.

A more than 200 per cent increase in business necessitates the change. The new quarters contain 1,950 square feet of space as compared to 1,150 square feet in the present location. Some 235 additional boxes will be obtained, bringing the city's total to 736.

### Who Will Be Next?

Schleicherites may wonder how long it will take to water the county, a ranch or two at a time!

Two weeks ago, J. H. Wagley was the fortunate rancher who received a good rain. Last Thursday Albert Tisdale and Carrol White were favored with what is almost a gully-washer—three inches of rain!

They report that the rain covered only a small area, but that draws were up, and water was running everywhere!

### Magnolia Field Crew To Move To Ozona

The Magnolia Seismic field crew is moving to Ozona but the office will remain here for the time. The field crew recently returned to this city after working for three months in another county.

Only two men will move with their wives to Ozona, Walter Bohot and Floyd McGinnis.

### NEW WILLIAMS GRANDCHILD BORN AT SAN ANTONIO

Mrs. George Williams returned Monday from San Antonio, where she has been visiting her son George and his wife, and their new daughter, Gayle Karen, who was born June 28 in a San Antonio hospital. The baby weighed 9 pounds at birth. Grandparents are Mrs. Williams of Eldorado and Mrs. John Lee of San Antonio.

George, who moved to San Antonio to teach in one of the schools, is now supervisor of the recreational activities of the city's parks and playgrounds.

### RANCHERS COMPLETE DRENCHING OF SHEEP

Ranchers are completing tagging and drenching of sheep for ticks, lice, horn and blow flies, stomach worms and other seasonal ailments in sheep and cattle.

### Soil Conservationists Okey Plans For Area Totalling 8000 Acres

The District Supervisors of the Eldorado-Divide Soil Conservation District met July 8 in their regular monthly meeting and approved two conservation plans and two amendments for a total of 8,290 acres.

The conservation plans were worked out with the owners and operators by members of the Soil Conservation Service, who are furnishing technical assistance to the district. Each plan represents a complete soil and water conservation program on both cultivated and pasture land, and is based on the owners' desires which are coordinated with the physical conditions on the place.

The two plans approved were of the Martin and Martin Estate and Raymond A. Shrank places. The 2 amendments were made to conservation plans already worked up on the Jess Thompson and C. M. Reynolds places.

### COKE CO. VOTERS OKAY HOSPITAL BOND ELECTION

The Coke county hospital controversy, which has been underway over a year, was settled Saturday, when voters okayed a Coke county bond election, 728 for and 404 against.

In general Bronte opposed the hospital while Robert Lee favored it. Robert Lee has been without hospital facilities while Bronte has an 8-bed private hospital staffed by two doctors.

Saturday's election was ordered when 10 per cent of the qualified voters signed a petition for a second bond election after the first election had carried fifteen months ago.

Cost of the hospital and equipment will be \$75,000, with the federal government granting about \$30,000.

### Surveying Under Way On Humble Pipe Line Crossing Schleicher

Surveyors are working here, in preparation for laying of a new 18-inch pipe line for Humble. The line will start at Kemper, near Rankin, and will cross Schleicher on its way to Satsuma, near Houston.

As the route will parallel Shell, and will be laid near the Shell line, surveying is simplified. It is understood that clearing of right-of-way has already started near Big Lake.

It is predicted here, but not authenticated, that the new line will probably not require a pumping station in this county, as stations are farther apart on the larger lines.

### Two Firemen Return From Short Course

The latest in fire fighting technique and fire equipment provided the study courses which Bob McWhorter and W. F. Edmiston attended at the week's short course last week at A & M.

The two Eldorado volunteers returned home Sunday and gave their reports to the local group at a meeting Tuesday night. Both agreed that they learned many things which were practical for a department serving a town the size of Eldorado.

About 650 attended the state meeting. The City of Eldorado paid the tuition and the local fire department paid the other expenses of the delegates.

### ROY BOYER ILL

Roy (Slim) Boyer is in a San Angelo hospital this week taking tests to determine the nature of his illness. Boyer became ill at his home during the week end and was taken to the hospital Sunday.

Jones Motor company has sold recently: ½ T pickup to Gordon McDonald, ¾ T pickup to Edwin Jackson, 1½ T truck to W. O. Faull, 88 Olds to Western Drilling.

### ROAD IMPROVED

County road work begun last week includes the improving of the highway from Eldorado to Mertzon. This road is receiving caliche along the entire length.

### Butane Dealers Meet For Supper, Program

Members of the Texas Butane Gas Association of this region met in Eldorado Saturday night for a supper and business meeting. E. H. Topliffe, butane dealer for Schleicher county, was in general charge of arrangements for the evening.

The butane dealers and their wives met in the basement room of the memorial building for a fried chicken dinner, with dealers from Big Lake, San Angelo, Sonora, Eden, Ozona, Ballinger, Eola and Eldorado present. During the business session the group discussed changes which the Railroad Commission plans to make in the regulation of butane.

Gordon Edgar of the Wendland Manufacturing company of San Angelo and E. H. Topliffe, local dealer, spoke to the group. Misses Meckel and Lomax of Sonora furnished piano and flute music.

There were 38 present for the meeting.

### Band Concert Friday At Memorial Building

The southeast porch of the recreation hall will be the stage, and cars will provide seating facilities, when the summer band appears in concert at 8:30 Friday evening.

Director C. F. Jones, who has been teaching summer classes, announces that the high school band, a junior high school ensemble, and a few from a newly-organized string band will present a varied program of music.

The audience will park their cars in the driveway facing the platform and thus provide seats for the families who attend.

After the program, band students and parents will remain for a social hour during which refreshments will be served. Band Parents' President Charlie McLaughlin will be in charge of a brief business meeting.

### Roy Andrews On Job As Trash Collector

The city wide trash collection service, to be financed with a 25 cent monthly residential and \$1 or less monthly business fee, is now in operation, with Roy Andrews in charge.

In the business district, which receives daily service, trash is to be boxed or sacked in containers which can be handled by one man, and placed along the alley.

One half of the residential sections will be serviced each Saturday. Next Saturday, collections will be at all residences north and west of the highway. Remaining residences will be serviced the following Saturday.

### EXAMINATIONS ANNOUNCED

The Civil Service Commission announces examination for the position of Fireman, Stationary Boiler, salaries ranging from \$1.00 to \$1.22 per hour. Employment will be with Goodfellow Air Force Base, San Angelo, Texas. Detailed information and application forms may be secured from the Post Office; from the Executive Secretary, Board of U. S. Civil Service Examiners, Goodfellow Air Force Base, San Angelo, Texas.

Mr. and Mrs. John C. Bureson of Odessa visited here during the week end with her mother, Mrs. Emma Parker, and other relatives. Mrs. Bureson is working on her master's degree at Sul Ross this summer.

Mr. and Mrs. Raymond Schrank and son spent the week end in Pridley with relatives.

Earl Yates, Halliburton employee, is working three or four days in Snyder.

An East-West road through Schleicher County will soon become a reality, with the recent designation of a route by the Highway Department. In letters to the Eldorado Success and to County Judge C. L. Meador, Jr., announcement was made of the approval of the route to Crockett County.

The letter to the Eldorado Success reads as follows:

"Enclosed you will find a copy of designation of Farm-to-Market construction just passed by the Texas Highway Commission. This work is to be built under the provisions of Senate Bill 287, passed by the 51st Legislature.

"As this construction is within the county in which your newspaper is located, I have been directed to notify you at once.

"Funds for the roads to be built under Senate Bill 287 will become available in September of this year, but the Commission has taken immediate action to program roads in order to insure quick work as construction funds accrue.

"Hoping this information may be of value to you, I remain, Yours truly, John Davenport, Administrative Aide."

The official designation of the road, as set forth by the Highway Commission, is as follows:

"In SCHLEICHER COUNTY a FARM-TO-MARKET ROAD from end of F. M. 865, 8 miles West of Eldorado, to Crockett County line, a distance of approximately 14.0 miles, is hereby designated subject to the availability of funds under the terms of Senate Bill No. 287 and subject to the condition that Schleicher County will furnish all required right-of-way free of cost to the State.

"Upon acceptance of the provisions of this Order by the proper officials of Schleicher County the State Highway Engineer is directed to proceed with the preparation of plans for construction at an estimated cost of \$110,000 and when right-of-way and funds are available to proceed with construction and to assume the road for maintenance upon completion of construction."

The State Highway Department has long had a policy of cooperating with the Commissioners' Courts of the counties of Texas with reference to the selection of roads in their respective counties. The Schleicher County Commissioners' Court met in September and decided to select and submit to the State Highway Commission a route beginning at the junction of the Ozona road and Highway No. 277, and extending west on the same road for eight miles. By its minute No. 25622 passed by the State Highway Commission last October 29, the above route was designated and \$55,000 appropriated for the construction.

The new designation will begin at the end of the first designation and extend west 14 miles to the Crockett County line. The two designations will carry a total appropriation of \$165,000 for this county. This new road actually means an extension of Highway No. 151 from the Menard County line across this county to its final destination at Big Lake.

The route from Big Lake on Highway 67 will extend east through the Midway oil field to a point on Highway 183, that is 14 miles north of Ozona in Crockett County, will assure this county of a connection west and furnish motorists of that section of the state a direct route through Eldorado to the State Capitol at Austin.

The designation of this road has long been a pet project of the Commissioners' Court of this county, and the members are jubilant over its termination. This will enable them to direct more effort toward securing a much needed farm road from Eldorado to Mertzon.

The local gin has been completely rebuilt, and new stands, drier and blower have been installed. Modernizing of the gin enables the management to gin out a better grade of cotton.

Mr. and Mrs. Weldon Martin and daughter Connie, and Norma Jean Sayles are spending the latter part of this week in Ireland with Mr. Martin's parents, Mr. and Mrs. E. C. Martin.

### Teen-Agers Set Mon. & Thurs. Nights For Varied Group Games and Dancing In Their Room In New Memorial Bldg.

Meeting nights of Monday and Thursday were set when the teen agers of Schleicher county met for the first time Monday night in their room in the new memorial building. There were between 30 and 40 teen agers present.

The group voted to meet Monday nights for games, and Thursday nights for dancing, from 8:00 to 11:00. There will be chaperones present at all times.

Playing ping pong, working puzzles, and playing various table games constituted the entertainment for the first evening. W. M. Patterson has donated a ping pong table, and Suzy Linthicum has donated a record player, for the room.

Anyone in the county who has suitable equipment for the teen-ager room is asked to donate it to

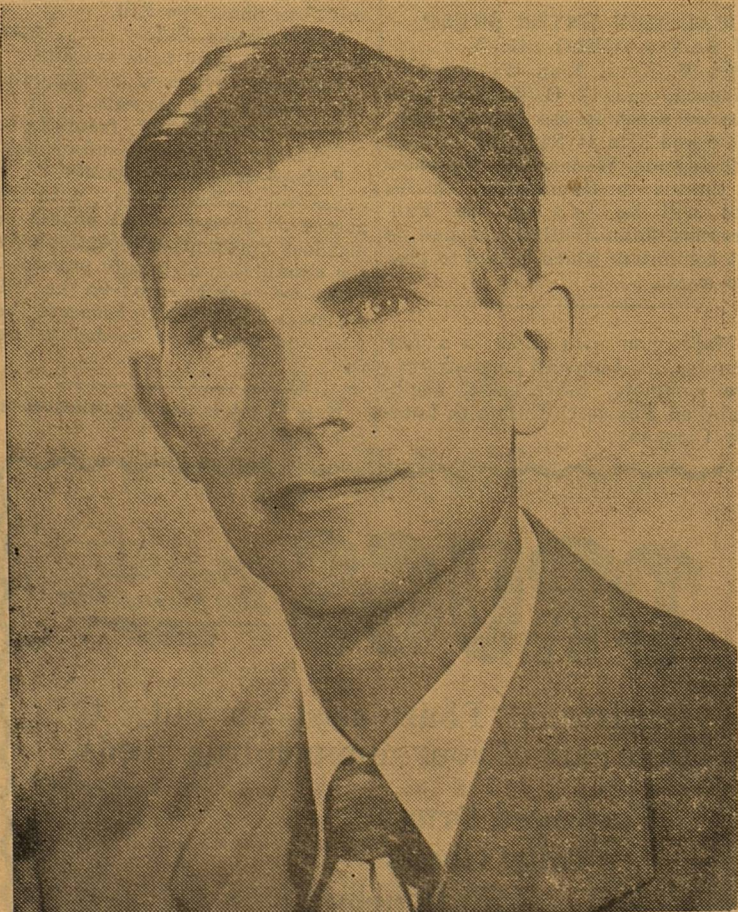

the group. The young people need table games, dance records, tables, ping pong tables, and puzzles, and other recreation equipment interesting to those in the 12 to 20 age group. The equipment will be well taken care of and will be much appreciated by the young people.

All teen agers in the county are invited to come to the memorial building for an evening of recreation — Monday nights for games and Thursday night for dancing.

**Younger Group to Meet**

Tuesday night has been set aside for the younger age group, 8 to 12, to meet in the memorial hall for recreation. The organizational meeting will be held this coming Tuesday night and children of the said ages, and parents interested in helping out, are asked to attend.

## Church of Christ Revival Features Young Speaker

Brother Ralph Guage

Brother Ralph Guage of Ft. Smith, Ark., will start a revival at the West Side Church of Christ beginning on Sunday, July 24, and closing Wednesday night, August 3, with all night services opening at 8:15.

Members of the church who are making plans for the revival state

that there will be evangelistic singing and preaching, and the public is cordially invited to any of the services. Brother Guage is a popular young minister who has previously conducted singing schools here, and church members consider the church fortunate in securing his services for this meet-

**State Health Officer Urges Clean-up To Combat Polio**  
With the alarming total of 922 Texans having been attacked by the dread disease poliomyelitis, 1949 bids fair to be the worst polio year the State has ever experienced, and health officials in every section of the state are exerting every effort to bring the disease under control.

Dr. Geo. W. Cox, State Health Officer, has re-iterated his appeal for every citizen to cooperate in a continuous clean-up program, ridding their premises of all rubbish and trash piles, and any such filth as will afford breeding places for flies and other disease-spreading insects.

"This polio situation will never be controlled without the observance of stringent basic sanitation measures," the State Health Officer declared. "The filth on your premises may cause the disease to attack your neighbor; and the same condition on his premises may cause polio in your home. This problem of controlling polio demands the closest possible co-operation, and until a program of continuous cleaning up is instituted and stringently enforced, we shall continue to face the menace of polio from all sections of the State."

Dr. Cox emphasized to parents whose children are suffering from poliomyelitis, the comforting knowledge that about 60% of all cases of recognized polio recover completely, and at least 25 to 30% of recognized cases recover with only minor disabling paralysis.

"Only about 8% of polio victims develop the deadly bulbar type, which affects the nerves at the base, or 'bulb' of the brain," Dr. Cox said. "Most patients suffering from bulbar polio die within a very short time. But it is a comforting thought that 92% of polio patients never develop bulbar polio, and make a partial, or in many cases, complete recovery and are restored to health."

**LOCAL MEN ENTER SHEEP IN SAN ANGELO SHOW**

A. W. Keys, John Williams, O. Sudduth, and C. O. Bruton have entered sheep in the annual sheep show and sale at San Angelo next Tuesday and Wednesday. The show is limited to Rambouillet entries and will be held at the Fair Grounds. John Williams is also on the committee which helped to plan the event.

Make your own signs in a few minutes. Nu-Lume all purpose signs are complete, inexpensive, easily installed. Foxworth Galbraith Lumber Company.

**Revival Closes Sunday At Rock Church**

The closing services for the summer revival of the Rock Church of Christ will be held Sunday, according to Bro. Marshall Davis, pastor of the church, who is doing the preaching for the meeting. Bro. W. A. Turner of San Angelo has been song leader.

Services will be held each night the rest of this week at 8:15, and Sunday morning services will be at 11:00. Also scheduled for Sunday are a congregational dinner to be held at noon in the memorial building, and a singing session at 3:00 at the church with Bro. W. A. Turner in charge.

Good attendance and much interest has been shown during the two-weeks series of services, and visitors are invited to attend any of the remaining events.

**Farm Safety Week Proclaimed Nationally By President Truman**

The sixth annual National Farm Safety week has been proclaimed by the President of the United States, its observance being set for the week of July 24-30.

The following facts have been compiled by the personnel of the Eldorado-Divide Soil Conservation office, since the special week is of interest to farmers and ranchers in this county.

National Farm Safety week was conceived by the National Safety Council in 1944, and is sponsored by the council and the United States Department of Agriculture in cooperation with the National Fire Protection association, the Farm Equipment institute, the American Farm Bureau Federation, the Farmers' Union, the National Grange and many other organizations interested in agriculture and farm life.

Every one in the United States is affected directly or indirectly by accidents to farm residents. Organizations having an interest in farm life can be greatly affected because of the economic upsets caused by accidents on the farm. The greatest grief and loss as the result of farm accidents, of course, is to the farmers themselves.

Farm accidents cost farm people more than \$36,000,000 in 1948 for medical and hospital care alone. Accidents resulted in the loss of more than 17,000,000 man days apart from the many thousands of fatal accidents and the many hundreds of farm people who are totally disabled or who sustained permanent or partial disabilities, which injuries will result in a far greater loss of work days to those farmers throughout the rest of their lives.

Fifty-four percent of injuries were sustained while the victim was engaged in farm work, 17 per cent in recreational activity and 6 per cent in housework. The remaining 23 per cent included injuries resulting from Motor Vehicle and home accidents.

Special phases of farm safety may be stressed each day of the week, according to the following nationally-approved schedule:

- Sunday—Church day, with accent on "Thou Shalt Not Kill."
  - Monday—Home Safety Day, with emphasis on good housekeeping.
  - Tuesday—Livestock Safety; the safe handling of animals.
  - Wednesday—Safety from falls.
  - Thursday—Highway safety day.
  - Friday—Machinery safety.
  - Saturday—Review Day, with the accent on review of all phases of accident prevention, particularly the elimination of unsafe practices.
- As we work to conserve the soil, we must also work to conserve the men and machinery needed to use it.

Billy Cheek is visiting relatives in San Antonio.

**42 Group Meets With Mrs. Griffin**

Mrs. J. A. Griffin was hostess when the Merry Makers 42 Club met last week in her home. The group played eight games of 42 during the afternoon and were served ice cream and cake.

Eight members and four guests, Mes. Ben Biggs, Claude Meador, Sam Jones and Edwin Jackson, were present.

**METHODIST ANNOUNCEMENT**

Roy Shilling Jr. will preach Sunday at the Methodist church at the 11:00 hour, and the young people will be in charge of the evening service at 8:00 p. m. The pastor, Rev. Roy Shilling, is conducting a revival this week at Hilda, and will return Monday.

The monthly men's brotherhood meeting is scheduled for Wednesday night, July 27 at the church at 7:30. Barbecue will be served on the lawn, and a member of the Alcoholics Anonymous of San Angelo will be the guest speaker.

Mr. and Mrs. Jim Hal DeLong of Christoval were Sunday guests in the D. E. DeLong home. Other guests recently were Mr. and Mrs. Ed DeLong of San Angelo. Mrs. Robert Campbell and baby of San Angelo, who visited several weeks with the DeLongs, have returned home.

Katherine Davis, who completed work at NTSC this week for her bachelor's degree, arrived home Sunday from Denton and will spend the rest of the summer here. She will be awarded her degree in commencement exercises at the college in August.

Mr. and Mrs. Winfred Davis of Ferris are visiting Mr. and Mrs. Weldon Davis this week. The men are brothers.

**Sutton-Kirby Vows Repeated In Ceremony Here**

In a double-ring ceremony performed at 9:00 Saturday morning at the Rock Church of Christ, Miss Jola Sutton, daughter of Mr. and Mrs. Jim W. Sutton of Menard, became the bride of Joe S. (Ted) Kirby, son of Mr. and Mrs. Gus Kirby of Goldthwaite. Bro. Marshall Davis, pastor of the church, read the vows.

The church was decorated with baskets of summer flowers and candles burned in tall holders before the altar.

The bride entered on the arm of her father. She wore a street-length dress of blue crepe, fashioned with fitted bodice and gored skirt. A bertha made of four rows of tucks outlined the off-the-shoulder neckline and formed the sleeves, and there were eight rows of tucks around the hem of the skirt. She wore a white sailor hat decorated with white flowers and veiling, and her other accessories were white. She carried a white Bible topped with pink rosebuds and tuberoses. For something old she wore a cameo ring belonging to her mother, and for something borrowed she wore a string of pearls belonging to her sister.

Miss Berta Marie Sawyers of LaPryor, maid of honor, wore a deep rose street dress. Her corsage was of white carnations.

Clip Clendaniels of Brownwood was best man, and ushers were Sam Hollis of Dallas, Fred L. Sutton and Carl Menzie of Menard, and Pinkney Craig.

Mrs. Jim Hays and Mrs. Eddie Peel sang "I Love You Truly" before the ceremony, and Mrs. Hays played the traditional wedding music.

Immediately after the ceremony, a reception was held at the home of Mr. and Mrs. Roy Davidson. Misses Mary Sproul and Myrta Bob Harper registered the guests.

The house was decorated with basket of flowers. Punch and wedding cake were served from a lace-covered table centered with an arrangement of pink and blue asters on a reflector, flanked by white tapers. Mrs. J. W. Sutton of Menard, sister-in-law of the bride, poured punch, and Mrs. F. H. Hollis of Dallas served the decorated cake.

Members of the house party were Mrs. W. C. Doyle, Miss Betty May Doyle, and Miss Mary Ann Craig.

After a wedding trip to Riodosa, N. M., the couple will be at home here in one of the school apartments. Mr. Kirby is coach, and Mrs. Kirby is home economics teacher, in the local school system. The bride is a graduate of Southwest State College at San Marcos, and the bridegroom is a graduate of Howard Payne.

Among the out-of-town guests present for the wedding and reception were Mr. and Mrs. Jim W. Sutton, Madlyn and Willie Ann Sutton, Mr. and Mrs. J. W. Sutton, Mr. and Mrs. Alex Menzie and Carl, Jimmie and Sonnie, and Mr. and Mrs. Talbot Slaughter, all of Menard; Fred L. Sutton and Norman Parrish of Pecos; Mr. and Mrs. Samuel Hollis and Sammie and Mrs. F. H. Hollis of Dallas; Mr. and Mrs. Clip Clendaniels of Brownwood; and Mrs. Rance Sawyers, Miss Berta Marie Sawyers, and Mrs. Ola Williams, of LaPryor.

**Mrs. J. M. Christian Gives Coke Party**

Mrs. Joe Muller Christian entertained Friday morning with a Coke party in her home, honoring Mrs. Joseph Phillips of Greenville. Mrs. Phillips was a guest last week in the home of Mr. and Mrs. Carroll Ratliff.

Mrs. H. T. Finley and Mrs. Leslie Baker met the guests at the door, and the hostess and Mrs. Ratliff announced the guests to the honoree. Members of the house party included Mrs. Kenneth Cheek, Mrs. Billie Crosby, Mrs. John Williams, Mrs. Carrol White, Mrs. C. C. McLaughlin, Mrs. Finley and Mrs. Baker.

The refreshment table was laid with a lace cloth and centered with an arrangement of cornflowers and asters tinted blue, yellow and pink. Open-faced sandwiches, cookies and nuts were served. The Cokes were covered with pastel-colored ice cubes and placed in a container outlined with flowers. Bouquets of summer flowers were used as decorations throughout the house.

**Baptist Groups Meet**

Circle 1 of the First Baptist WMU met in the home of Mrs. Roy Davidson, president of the WMU, for mission study. Mrs. Sallie Murchison read the scripture and Mrs. J. B. Montgomery gave the devotional. Mrs. John Stigler was leader for the program, assisted by Mrs. J. H. Wagley and Miss John Alexander. Cake and punch were served to eight members, one visitor, Mrs. Ray Tisdale, and four children.

Mrs. Ben Biggs was hostess to circle 3 which met in her home. Mrs. E. W. Perry was program leader. Watermelon was served to six members.

Circle 4 met with Mrs. Rex McCormick for a program on evangelism. Mrs. F. B. Calcote was program leader, assisted by Mrs. Hudson, Mrs. L. T. Wilson, and Mrs. Ed Finnigan. The hostess served ice cream and cake to six.

Circle 5 met in the home of Mrs. J. A. Whitten. Mrs. Bud Davidson led the program, assisted by Mrs. C. F. Jones, Mrs. Jack Montgomery, Mrs. Roy Martin and Mrs. Jim Hays. There were ten members and nine children present.

Mr. and Mrs. Charlie Welch and Mr. Tubbs of Goldthwaite were guests in the Dick Jones home during the week end.

Dick Lawhon of Marfa visited here several days recently.

**Evening 42 Party At Williams Home**

Mrs. Marvin McAgus, Mrs. H. T. Finley and Mrs. John Williams entertained with a picnic supper and 42 party Monday evening at the Williams home. Supper was served in the yard, and some of the group went swimming. There were five tables of 42.

Present were Mr. and Mrs. H. T. Finley, Mrs. Sam Jones, Mr. and Mrs. Ray Hudgens, Mr. and Mrs. Marvin McAngus and children, Mr. and Mrs. Edwin Jackson and son, Mr. and Mrs. Will Whitten, Mr. and Mrs. Leslie Baker, Cynthia Reynolds, Martha Dell Williams, Robert Williams of Ft. Bragg, N. C. and son Bobbie of San Antonio, Mr. and Mrs. Sam Oglesby and guests, Mr. and Mrs. Everett Lovelace, of Brownwood, Mr. and Mrs. Joe Edens and guest, Betty Miller of Dallas, and Mr. and Mrs. Brooks.

H. M. Alagood of Miles spent the week end here with his daughter, Mrs. Ray Tisdale and family.

George Graf has bought a new Chevrolet.

**Mrs. Earl Yates Is Shower Honoree**

Mrs. Earl Yates was honored at a layette shower Saturday afternoon in the home of Mrs. C. C. McLaughlin.

The house was beautifully decorated with cut flowers. Guests were greeted by the hostess, the honoree, Mrs. H. W. Scott and Mrs. Allie Sweatt, and Mrs. Max Henry of Alpine was at the register.

Guests were shown the gifts, which were on display. The refreshment table was centered with bouquets of flowers in baby vases. Mrs. W. H. Graves poured punch, and Miss Pat Humphrey served the decorated cake. Mrs. W. C. Doyle, Mrs. E. H. Sweatt, and Mrs. Sonnie May of San Angelo assisted in serving.

One hundred guests called during the afternoon.

**THIGPENS ENTERTAIN AT REYNOLDS SCHOOL**

Mr. and Mrs. Albert Thigpen entertained with a party at the Reynolds school Saturday night, honoring Bobby Thigpen. The entire neighborhood attended, and spent the evening square dancing, playing games and visiting.

Present from out of town were Donald and J. D. Young of San Angelo and Allie Fay Thigpen of Brownfield.

Cake and iced tea was served.

Major Pat Hoffman of Randolph Field, San Antonio, visited during the week end with his sister, Mrs. Kenneth Cheek and other relatives. He is being transferred soon to the Panama Canal Zone. He also reported that his brother, Sgt. Jack Hoffman, a former Eldorado resident, is being sent to Japan and has probably arrived there by now.

Mr. and Mrs. John Bledsoe visited relatives at Richland Springs from Tuesday to Friday.

Mrs. H. L. Hazelwood, who had a major operation in a San Angelo hospital last week, is doing nicely, according to reports from relatives. On Sunday Mr. and Mrs. L. D. Hazelwood, Mr. and Mrs. P. W. Wallace and Mrs. J. C. Whiteley visited her and had a picnic lunch in the park.

Mr. and Mrs. Billy Frank Blaylock and children visited relatives in Robert Lee recently.

Wanda Jean Lackey and Gwendolyn Copple of Robert Lee are spending this week with their grandmother, Mrs. Hattie Blaylock.

Mrs. Mabel Parker and Howard spent the week end in Robert Lee with their mother and grandmother.

Mr. and Mrs. Bill Rountree visited his parents at Weimer, near Houston during the week end.

Mrs. T. R. Spence of College Station is visiting her mother, Mrs. George Baugh.

Mrs. Carl Ellington and two daughters and Jonnie Lee Dickens went to Austin last Thursday. The Ellingtons visited in Austin and at points near Houston, and planned to return this coming week end. Jonnie Lee visited relatives in Austin and is returning home today on the bus.

Ray Doyle broke his right wrist while working on an oil rig for Western Drilling company. He will not be able to work for several weeks since the wrist is in a cast.

Mrs. B. O. Bridgeman has returned after a visit with her father, J. A. Hamilton, who has been ill at his home in Kress.

Mrs. R. L. Bridgeman and daughter Jeddy Nanette of Andrews are here for a two-weeks visit with relatives.

Mr. and Mrs. Tom Kent and Spencer and Dan of Alpine are visiting Mrs. Frank Spencer and Mrs. L. Kent and other relatives.

Mr. and Mrs. Martin MacHorse were in Menard Saturday visiting her parents, Mr. and Mrs. Joe Nixon. On Sunday Mr. and Mrs. Johnny Hodges of Menard spent the day in the MacHorse home.

Mr. and Mrs. J. E. McWhorter and two children of Miami, Fla., and Mrs. Bill McRae of Sierra Blanco are here for a visit with the women's parents, Mr. and Mrs. Lum Burk.

Mrs. C. C. Burk of El Paso visited last week in the Lum Burk home.

Mrs. C. W. Millican of San Angelo spent last week with Mr. and Mrs. F. I. Brodnax and children. Mrs. Millican and Mrs. Brodnax and children visited Friday in the J. Tom Williams home. On Sunday, the Williams family attended church in San Angelo and took Mrs. Millican home. Mr. and Mrs. James Brodnax of Junction visited Sunday afternoon in the Brodnax home.

Mr. and Mrs. C. A. Pope and sons and Mr. and Mrs. McKnight and daughter of Andrews fished during the week end near Ft. McKavett and visited Mr. and Mrs. L. G. Edmiston.

Mr. and Mrs. Clifford Schooley and Mrs. F. D. Schooley attended funeral services Saturday at Voca for John Schooley of Winters, Clifford's uncle. They returned home Sunday.

Mr. and Mrs. Thomas Baker spent Sunday in San Angelo visiting with friends and relatives.

Frank Chapple III of San Angelo is spending several days with his uncle and aunt, Mr. and Mrs. William Jarrett.

Mr. and Mrs. M. W. Jones took their niece, Mary Ann Selman, back to her home in Eden after a visit here.

Mr. and Mrs. Noel Jones were in San Angelo Sunday and visited with two Eldorado residents who are in hospitals there. Mrs. Frank Vallis is in St. John's for treatment, and Gordon Hamm is in the Clinic with a broken leg. Hamm broke his leg recently when he fell from a horse. Both patients are doing nicely, according to reports.

T. L. Jones of Mertzon has been visiting his mother, Mrs. B. F. Jones, and other relatives here.

Mr. and Mrs. R. B. Anderson attended the ball game in San Angelo Monday night.

Mr. and Mrs. Jack Etheredge and Billy Jack have gone to Yellowstone Park on a two-weeks vacation trip.

Mr. and Mrs. Perry Mittel killed a large rattlesnake recently near their back door, and from various marks in the soft dirt around their house they believe another is in the vicinity.

Joe Bailey Montgomery of San Antonio and Joe Allen Perry of Junction visited during the week end with Mrs. J. B. Montgomery.

Betty Sue McCoy, daughter of the J. C. McCoy's, has been quite ill with a sore throat but is improved.

Kyle Neill and family of Odessa visited here with relatives during the week end.

Melvin Neill of Ozona was a week end guest in the J. A. Neill home.

The Ray Alexander family and Bubba Alexander spent Saturday night with the W. E. Brutons.

Mrs. Felix Susen telephoned friends here Saturday that her daughter-in-law, Mrs. Harold Susen of San Angelo, who is ill in a hospital there with polio, was worse. She was running a high fever that day and her dismissal from the hospital has been delayed indefinitely. Mrs. Felix Susen, who is taking care of the Harold Susens' two-year-old daughter, will remain in San Angelo until she is well.

### Engineers Give Answer to Problem of Texas Weather

Faced with the ups and downs of Texas weather, engineers have produced a new motor oil that stays thin for easy flowing in cold weather, yet stays full-bodied and tough on hot days. The new product, Humble Esso Extra Motor Oil, has the highest resistance to temperature changes of any motor oil in Texas, or any-

where else, according to Humble Company technicians. The technical name for this quality is high viscosity index; Humble scientists add that high viscosity index is a good guide to high motor oil quality. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with new Esso Extra Motor Oil for extra protection. Adv.

### House Passes Bill For Rural Phones

By Congressman O. C. Fisher  
A measure designed to go a long way toward meeting the need for more adequate rural telephone service passed the House last week.

The bill authorizes the Rural Electrification Administration to make loans for the extension and improvement of rural telephone service under the same terms and conditions which REA has employed for many years in making loans for rural electrification. It is not a bill for government ownership or operation of telephone facilities. On the contrary, it provides that funds shall be made available on identical terms to private corporations, public agencies, and cooperatives, gives persons now operating telephone facilities a clear preference over all other types of applicants, and reserves to the utmost the authority of State regulatory bodies over rates, service, and service areas.

The Committee hearings disclosed that only 42% of American farms now have telephones. In Texas the percentage is only 17.6% as of 1945, according to the U. S. Census of Agriculture.

Under this proposal, sponsored by Rep. Bob Poage of Waco, the money for loans would be handled exactly as REA loans are now made. The money is borrowed by the Government at a low rate of interest and then re-loaned to the rural telephone applicants. The program will, therefore not cost the taxpayers anything, and will be administered by the recent REA set-up.

### Locals Win Roping At Eldorado Arena Sunday Afternoon

The first in a series of calf ropings took place at the local arena Sunday afternoon. The Eldorado team won over the Christoval team by 30.4 seconds.

The four ropers representing Eldorado were Tucker Clark, John Ray Powell, Jack Jones and Billie McCravy. The Christoval team consisted of Houston Arott, Bing Crosby of Christoval, and a tie between Tucker Clark and Gene Newman of San Angelo.

In the first jackpot contest, McCravy's time was 15 seconds; Tucker Clark's was 15.1; and Tony Cummings of Rocksprings placed third with 17.9.

Bing Crosby of Christoval won the second jackpot in 15 seconds. Pat Cummings of Rocksprings placed second with 15.2, and Bill McCravy was third with 17.

Gene Newman of San Angelo and Tucker Clark tied for first place in the third jackpot, with a score of 14.7 seconds each. John Ray Powell was third with 18 seconds.

Gene Newman of San Angelo won over Bill McCravy in a matched roping contest. Each man roped four calves. The time, measured in seconds, for the four pairs of calves was: first calf, Newman 16.5, McCravy 15.3 plus 10 for breaking barrier; second calf, Newman 14.4, McCravy 18.5; third calf, Newman 16.8, McCravy 15.9; fourth calf,

Newman 14.6, McCravy 19.1.

The Eldorado and Christoval teams plan to have a roping contest each Sunday afternoon during the rest of the summer. The ropings will be held alternately in the two towns; the roping for this Sunday will be held at the Christoval arena and the one following that, for July 31, will be held in Eldorado.

### MRS. JONES ENTERTAINS SLAM BRIDGE CLUB

Mrs. Jack Jones entertained the Slam Bridge Club in her home this week. Mrs. Patton Enochs won high club, Mrs. Richard Jones won high guest, and Mrs. Ray Hudgens won the bingo. A salad plate was served to eight members and the following guests: Mrs. Richard Jones, Mrs. James Page, Mrs. Morris Whitten, and Mrs. Bud Davidson.

### METHODIST GROUP MEETS

Circle 1 of the Methodist WSCS met at the church Monday afternoon. Several members presented a play on the Advance program. Mrs. A. J. Atkins served punch and cake to ten members.

Tony Kerr killed a rattlesnake Tuesday at the Bob Anderson place. The snake was over five feet long.

Thad Ziegler and Bob Grieder visited George Stanley Finley overnight on their way back from a vacation trip to Colorado. The boys are classmates at SMU.

### Vacation Bible School For Presb. Church To Begin Monday

The Presbyterian vacation Bible school will open Monday morning, according to Rev. F. E. King, pastor of the church. The school is scheduled to continue for one week and sessions will be held from 8:00 to 11:00 each morning.

Mrs. John Williams and Mrs. Edwin Jackson are in general charge of the school, and will be assisted by various members of the church.

Announcements concerning details of the school will be made Sunday morning, stated Rev. King. All children in the community are invited to attend the daily sessions next week.

Mr. and Mrs. Earl Parker and sons and Mr. and Mrs. Walter Taylor attended the golden wedding anniversary celebration of Rev. and Mrs. Lewis Pearl near London Sunday.

Pete Parker and James Williams joined a fisherman from Monahans, and the group fished this week in Mexico.

Mr. and Mrs. E. W. Perry and children have returned from a ten-day vacation trip to Austin, Buchanan Dam and the Longhorn cave.

Mrs. Herman Dacy and Mrs. L. M. Sayles were in Sonora Tuesday afternoon.

*Practical and Pretty*

Mary: I'm going to love that kitchen!

John: I'm jealous...but it's almost as pretty as you!

Mary: And almost as practical as you—because it's all-electric!

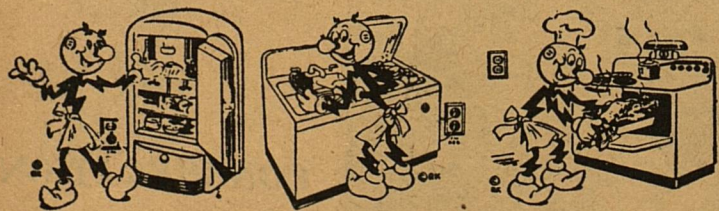

John: Love that kitchen!

Mary: Me, too!

John: But...NATCH!

This happy young couple had good kitchen-planning advice—the kind you, too, can get from our Home Service Department. We will be glad to help plan your new kitchen.

A MODERN KITCHEN INCLUDES

Refrigeration Center, built around your electric refrigerator.

Dishwashing Center, featuring electric sink with automatic dishwasher and garbage disposal unit.

Cooking Center, with electric range as central unit. The Electric Range provides safety, better meals.

ADEQUATE WIRING: This simply means: 1. Large enough electric wires. 2. Enough circuits. 3. Plenty of outlets and switches.

**OIL NEWS**

L. H. Morris and L. E. Scherck of San Angelo No. 1 Tom R. Henderson was drilling Wednesday in shale, below 5200 feet. Mr. Morris is here this week watching operations.

Southern Minerals No. 1 Webster will probably reach contract depth in a few days. Gas was encountered when two drill stem tests were run, also gas-cut mud; upon completion of tests, operators drilled deeper. Test is in Sec. 2, block 8, TW & NG survey, twenty-five miles northeast of this city.

Standard Fryer of Dallas was down to 900 feet at 9:30 Wednesday morning, on Lone Star Producing Co. No. 1 Clint Pinson, a wildcat 660 feet SE corner Sec. 69-M-GH & SA survey.

Carroll of Iraan is making surface hole and with favorable conditions will be ready to cement casing soon in Honolulu No. 1 Mrs. Willie Tisdale, George P. Livermore brought in the first load of rotary equipment for the test during the week end. This wildcat is 7 miles northeast of Eldorado. The test is in section 74, block LL, 1980 feet from W and 1980 feet from S, CC & SF survey.

**WORK ON NEW JUNO R.E.A. LINE STARTS MONDAY**  
The S. W. Texas Electric Co-op has been granted approval to start work on the Sonora-Juno line by force account (with their own crew) beginning next week. Bids will probably be taken later and lines furnished by the contractors. There will be about 21 miles of construction, announces Manager Don McCormick.

Several families from Eldorado were among those who attended the funeral this week of George Holland at Christoval.

Mr. and Mrs. Ray Hudgens left early Wednesday morning for Taber, Canada, to visit Mrs. Hudgens' parents. Mrs. Hudgens' father has a dry goods store at Taber.

**Clover Is Good For Grazing, Hay, Say Local Men**

Madrid Clover planted this spring by Co-operators of the Eldorado-Divide Soil Conservation District is proving to be a good grazing and hay crop.

Some of the plantings got off to a slow start because of wood and grass competition. Since most of the wood and grass have been plowed out the clover is doing much better.

The 35 acres planted by T. C. Stanford on his place 10 miles southwest of Eldorado is being grazed moderately with sheep and a few cows. The clover is holding up under grazing and is staying green despite the fact that it had very little rain since the first of June.

Stanford is well pleased with the amount of grazing he is getting from the Madrid clover this year. He expects to get more grazing or hay from the clover next year than this year, with anything like favorable conditions. Madrid Clover being a biennial Stanford expects the clover planted this year to be making good growth next year when it is time to plant clover.

Ovid Wade baled his Madrid clover this month. Wade planted the clover this spring and had not grazed it. The clover yielded 20 bales per acre and the bales weighed approximately 65 pounds each. Wade is well pleased with his Madrid clover and plans to plant more next spring.

Madrid Seedclover is a hardy biennial yellow blossom clover. It has early seedling vigor that makes it more drought resistant. Planting time is Feb. 15 to March 15 to get clover off to an early start for spring and summer grazing. Two pounds per acre in 36 to 42 inch rows has given a satisfactory stand in the District.

The primary purpose of planting clover is for a soil building crop. The need for a legume crop has long been recognized by farmers of the Eldorado-Divide Soil Conservation District. From the results obtained so far this year on clover that was spring planted it appears that Madrid Clover will be suitable for this purpose.

The soil building properties of the different clovers have long been recognized. A good crop of clover will add to the soil approximately 200 pounds of nitrogen per acre by extracting it from the air and storing it in the roots of the plant. It is also an excellent Medium for adding humus to the soil since it makes a good growth and decays rapidly. The humus improves the mulchy condition of the soil and increases the rate and amount of water intake.

**News from Neighbors Reported This Week In Their Newspapers**

**FEED BOX DERBY CLIMAXES MENARD RECREATIONAL PROGRAM**

The Summer Recreation Program has closed one phase of its program for the summer which includes such activities as table tennis, skating, badminton, marbles, jacks, horse shoes, etc. Swimming has not been discontinued but will continue the rest of the month of July.

The last phase of the summer program is now in progress—"The Feed Box Derby." Twenty-five of the men of our town, who are interested in young people, are each sponsoring a boy in this race which is to take place the last week in August. Each boy receives a set of official wheels and axles and must construct his feed box car which he drives in the derby. These cars must be completed by August 15, at which time the car will be inspected by a committee of mechanics to see if they are safely constructed. On the same date the cars will be given trial runs. This same week the cars will go on display at the place of business which is sponsoring its entry.

The purpose of the feed box derby is to promote craftsmanship and sportsmanship through competition in building and driving feed box racing cars. —Menard News.

**BUSINESS CENSUS PLANNED FOR CROCKETT COUNTY**

Ben H. Davidson, district supervisor, District 12, U. S. Department of Commerce, Bureau of the Census, was in Ozona this week making arrangements for enumerators to begin the work of taking the federal business census in Crockett county at an early date.

Mr. Davidson, whose headquarters is in Odessa, is supervisor for the Census Bureau in ten West Texas counties, including Loving, Winkler, Midland, Ector, Glasscock, Ward, Crane, Upton, Reagan and Crockett.

This year's census will be the most extensive ever taken by the United States government or any other government. Mr. Davidson said. Business enumerations were made in 1929 and 1939 and under a law passed by Congress last year enumerations hereafter will be made every five years.

The census of transportation, drilling, and manufacturing concerns has already been made by mail and the present census will include only retail, wholesale and service businesses. —Ozona Stockman.

**OIL ACTIVITIES INCREASE IN IRION COUNTY**

More activity has been taking place in the Jimmie Nutt field during the past two weeks than at any time within the past few years.

C. M. Page, using cable tools moved in recently and has been making some progress. The location of this well is in the northwest quarter; northwest one-fourth of northwest corner of section 5, Gonzales school land. The actual depths of these wells are around 1,450. The oil recovered is sweet and of a high grade quality.

**NO NEW POLIO CASES THIS WEEK IN BRONTE**

According to information released this week by the Karen-Gay Hospital, no new cases of polio have developed in the Bronte area this week.

However, Belya Rippetoe, small daughter of Mr. and Mrs. J. M. Rippetoe, suffered a recurrence of the disease. She is in a San Angelo hospital. According to Rippetoe, she has been "a very sick girl" and this has been the hardest of the four attacks she has had. —Bronte Enterprise.

**STERLING CITY SPRAYED AS COMMUNITY PROJECT**

The town was sprayed with chlor-dane Tuesday as a community project. The Commissioners Court paid for the insecticide and volunteer labor performed the task.

This is the third spraying of the summer for Sterling, and is part of the fly control, mosquito control, and polio prevention campaigns that have been sponsored jointly by the Commissioners court and the Lions club.

Both fogging and cattle spraying sprayers were used Tuesday. The town is being tried to be kept free of the polio scourge and also keep down insects for general health standards. Spot spraying by individual property owners is urged by the authorities to keep down the menace. Where stock is kept, spraying should be done every few days, it is pointed out. —Sterling City News Record.

**ROBERT LEE MEN CHARGED IN FISH POISONING CASE**

Thousands of fish in the Colorado River below Robert Lee were killed last week, due to drugs being placed in the water.

Charges have been placed against Jack Looney, Robert Lee hardware store owner, and H. R. Cooper, who has been employed here several months on construction of the gas plant at Silver.

The men have posted \$300 bonds and are due to come up for trial in county court here in September. The alleged offense was committed during the night of July 5. First report of the dead fish was made by Sam Sproul of Bronte, who notified Sheriff Paul Good. State Game Warden Jim White of San Angelo was immediately summoned and began an investigation.

White told The Observer that dead fish were found for a distance of 4 miles below Big Rock. Analysis of the water showed that rotenone powder had been used. White said the drug affects the fins causing the fish to drown.

The Colorado River was full of fish this summer due to the big rises earlier in the year. A number of large catfish were taken from the water by hand. Charlie Bessent brought in a big yellow cat that weighed 32 pounds, while J. F. McCabe, Jr., said he pulled out one larger than that. The game warden advised people to take the fish which have been affected by the drug.

Literally thousands of small fish were killed. White stated that all fish within a distance of 1 1/2 miles were dead. —Robert Lee Observer.

**SANDERSON HIGHWAY FUND ADVERTISES BENEFITS OF PROPOSED ROUTE**

Funds were solicited this week by officers of the local Highway 90 Association for the purpose of advertising the benefits of this route of traffic from San Antonio to El Paso.

A mimeographed letter was mailed to the citizens of Terrell County explaining the purpose of the drive so that any contributions might be handed in to the committee without having to make a complete canvass of the county.

Contributions have been coming in slowly, according to Walter G. Downie, secretary-treasurer of the group.

In the letter, Mr. Downie urged all who could do so to attend a hearing in Austin on July 21. The Border Trails Association has obtained a hearing with the State Highway Commission at 10:00 a. m. on that date. The caravan of cars to attend will assemble in

Castroville at 7:30 Wednesday evening, July 20, for a meeting of the directors before going on to the Austin hearing. —Sanderson Times.

**NARCOTICS STOLEN FROM BRADY HOSPITAL**

An undetermined amount of narcotics was stolen from Brady hospital between 9 a. m. and 9:30 p. m. Wednesday. City and county officers were investigating the theft Thursday but had no statement to make at that time.

The burglary occurred on the second floor of the hospital where the narcotic case was discovered with the lock forced open. —Brady Herald.

**HOUSING SHORTAGE ACUTE AS GAS PROCESSING PLANT IS BUILT IN PECOS COUNTY**

The Pecos County Chamber of Commerce has been asked for help in lining up housing for an estimated peak of 300 men expected to be employed in construction of a new gasoline and gas processing plant to be operated by Slick-Urschell Oil Corp. in the new Santa Rosa distillate-gas pool 25 miles north of Fort Stockton and 8 miles south of Grandfalls.

J. M. O'Connor, a superintendent for J. F. Pritchard & Co., told the Chamber of Commerce that places for 156 men would be needed in the adjacent towns of Ft. Stockton, Grandfalls and Monahans, with apartments, bedrooms, hotel and tourist court space, and trailer court accommodations in demand.

Other construction representatives have been in town looking for places to live and have placed at 300 men the number expected to be employed on the plant at the peak period of construction.

The plant is being built by the oil firm to process its distillate-gas production, and contract has been signed with El Paso Natural Gas Co. for purchase of the natural gas processed in the plant. It will be sent through a ten-inch line recently built by El Paso Natural to the transmission system which takes gas from the West Texas-New Mexico fields to the Pacific Coast. —Ft. Stockton Pioneer.

**CONSTRUCTION UNDERWAY OF BIG LAKE GAS SYSTEM**

The initial phase of construction of Big Lake's natural gas system has been completed. This includes all planned construction north of the Santa Fe tracks. Gas is flowing through the distribution system and about 70 customers have been connected and are using the service.

Work completed at this time includes the laying of the transmission line from the Witco Hydrocarbon plant to the Big Lake regulator station, and the construction of the distribution system north of the railroad.

The transmission line is 38,594 feet long. Five miles of this line is four-inch pipe, the balance three-inch pipe. The distribution system contains a total of 31,195 feet of two-inch steel tubing and 15,921 feet of four-inch steel tubing.

Gas pressure on the transmission line is 250 pounds. This is cut down to 10 pounds at the regulator station. In other words, the pressure on the distribution line is ten pounds.

Each meter on the line may be individually regulated. The average pressure required by commercial and residential users is six ounces.

The cost of construction was approximately \$165,000. The second and final phase of construction, which entails the laying of 16,000 feet of two-inch tubing south of the Santa Fe tracks, is expected to begin shortly after July 18. The cost is estimated to be \$15,000.

The city council will issue interest-bearing time warrants in the amount of \$15,000 on July 18, according to notices published in this newspaper on July 1 and July 8. The warrants will be known as the City of Big Lake gas system warrants. —Big Lake Wildcat.

**STATE CHAMPS TO PERFORM IN RODEO AT POST**

The Southwestern Championship Junior Rodeo was assured this week of having the State Championship Junior Cutting Horse Contest when "Red" Sims offered the use of 25 heifer yearlings for the event, to be staged here Aug. 11, 12 and 13.

For the first time in the history of Post rodeos the local enthusiasts will have a chance to see professional trick riders and trick ropers in action at the Junior show. Misses Ted and Betty Lamb, junior girl trick riders of Dallas, will provide specialty acts for the local performances. The girls are 16 and 17 years old and have performed in shows in several states. They recently closed a show in Temple, Okla., where they worked with Nat Fleming, who will announce at the local show. —Post Dispatch.

**NEW STRETCH OF HIGHWAY READY SOON NEAR SONORA**

Indications are that the new eight miles of Highway 290, entering Sonora from San Antonio, will be in use within the next four weeks. Blasting and filling has been completed, and the road is being graded preparatory to pouring the topping.

Asphalting equipment is expected into town Sunday, and work is expected to begin Monday, July 17. C. Hunter Strain, general contractor for the stretch of highway, will be in charge of the asphalt topping as well.

Approximately 1,600 feet of steel plate guard rail is to be installed on curves in the stretch, and work on this is expected to start within two weeks. Kenneth Mason of Dallas is the contractor.

The new bridge is completed, except for lining up the steel railings and painting them, and setting concrete poles at each end of the structure. Approaches to the bridge are being graded this week, and a new topping will be laid to care for the heavy traffic which is expected.

The new highway leaves the old 290 eight miles from Sonora, and will take an entirely new route into the city. Portions of the old highway will be maintained as a county road.

Next item on the highway department agenda is the surveying for the new strip of pavement which is to run from Juno to High-

way 277. Paving will begin at the county line, and continue to the highway, although it will not follow the present road. —Devil's River News, Sonora.

**JACKSONS ENTERTAIN**

About 60 guests were present when Mr. and Mrs. Edwin Jackson entertained with a barbecue at their ranch home Tuesday night. Barbecue and all the trimmings was served, and games of 42 followed. The Eldorado quartet sang several numbers during the evening.

Mrs. W. J. Humphrey and son, Bill, are in Brady, attending funeral services for Mrs. Humphrey's uncle.

Mrs. Gerald Nicks and two children of Marfa are visiting her mother, Mrs. Ruth Danford. Another guest during the week end was Mrs. Emma Wisdom of San Angelo.

**Coconut Icebox Pie**  
Broadcast: July 23, 1949

16 large graham crackers  
1/4 cup soft butter or margarine  
1/4 cup sugar plus 2 tablespoons cornstarch  
1/4 teaspoon salt  
1 cup Pet Milk  
1 cup boiling water  
3 eggs, separated  
1 teaspoon vanilla  
1/2 cup shredded coconut

Grease deep 9-in. pie pan. Roll crackers into crumbs. Mix butter into crumbs and 1/4 cup sugar. Press mixture firmly on bottom and sides of pan. Bake in moderately hot oven (400° F.), 10 min.; cool. Reduce oven to slow (325° F.). While crust bakes, mix 1/4 cup sugar with cornstarch and salt. Stir in mixture of milk and boiling water. Cook and stir over boiling water until thick and smooth; cook 10 min.; stir into slightly beaten egg yolks. Cook and stir over boiling water 2 min. longer. Cool; add vanilla. Pour into crust. Beat egg whites until stiff, but not dry. Beat in remaining 6 tablesp. sugar. Put on pie, spreading to very edge of crust. Sprinkle with shredded coconut. Bake 15 min., or until light brown. Chill.
