

# Menard To Play Here Tomorrow

One of the most decisive games of the season for the Eagles will be played here tomorrow night, when the Eagles meet Menard, last year's bi-district champions. Game time is 8:00.

Menard has not lost a game so far this season, having defeated Melvin, Robert Lee and Eden. Last week they did not play, and a large delegation of players, and fans came to Eldorado to scout the Eldorado-Bronte game. Officials here expect a record-breaking crowd from Menard and this county for tomorrow night's game.

Menard won the district and the bi-district championships last year, and was defeated by Iraan for the regional championship.

Tomorrow night Sonora and Junction will play in Sonora, and Big Lake and Robert Lee will play in Robert Lee.

The refreshment stand at the game will be sponsored by the band and the pep squad, to make funds for the football banquet.

## Eagles Defeat Bronte By Score of 31-7

The Eldorado Eagles defeated the Bronte team in a non-conference game last Friday night 31-7. All of Eldorado's substitutes played in either this game or the junior game with Ozona the night before.

Alexander made three of the touchdowns, one on an off-tackle play and two on passes from Nixon. Chester Biggs made a touchdown on a pass from Nixon and Dean Clark made one on an off-tackle play. Alexander kicked the one extra point.

## Presbyterian Women Have District Meeting At Local Church

Women from Eldorado, San Angelo, Sterling City, Roscoe, and Sweetwater met at the local First Presbyterian Church Friday for a meeting of women from District 1 of the Mid Texas Presbytery.

"Strengthening the Grass Roots" was the theme of the day's program. During the day the group had a worship period, and studied the projects and various causes of the church. The Eldorado group served luncheon at noon. Mrs. A. A. Clark of Sterling City, district chairman, presided.

There were about fifty present for the day, including 37 from out of town. Mrs. T. H. Willis, Presbyterian president, was a guest.

## Surveying Continues On East-West Road

Surveyors started plans Monday on the 14 mile stretch of proposed highway to the Crockett county line.

The surveyors have already completed plans for the first eight miles of this highway, leading west from the Lum Davis property, to the Bailey Ranch intersection.

The county will start moving fences soon on the first eight-mile stretch, which follows the old Ozona road route. From there it is assumed that much of the 14-mile stretch to the Crockett line will follow a new route.

## Cubs To Organize At Meeting Monday

All Cub Scouts, prospective Cubs, and parents are urged to attend the organizational meeting of the Cubs Monday evening at 7:30 at the memorial building. All 8, 9, and 10 year old boys are eligible to join.

This is the first meeting of the new year, and all interested are urged to be present.

## JONESES HAVE SON

Mr. and Mrs. C. F. Jones are the parents of a son, born last Friday in San Angelo. The boy weighed seven pounds and is named Steven Lynn. The couple have two daughters, Kathy and Shirley.

Grandparents are Mr. and Mrs. Ray Jones of Eldorado and Mrs. E. L. Noland of Topeka, Kansas. Great-grandparents are Mr. and Mrs. A. M. Nixon and Mrs. B. F. Jones, all of Eldorado. Mrs. Noland plans to fly here the last of next week for a visit with her daughter and family.

## SCOUT TROOP TO MEET

A new troop of intermediate Girl Scouts will meet Saturday at 4:00 in the recreation building for their first meeting. The troop is open to girls who are in the fifth grade.

## PLEDGES SORORITY

Ebba Ann Finley, SMU freshman and daughter of the H. T. Finleys, has been pledged in Delta Gamma.

### Wagley Defers Pasture

Deferment of his North Blaylock pasture for about two months during the fall growing season, coupled with moderate stocking over the entire ranch, are among practices being used by Mr. Wagley this year. This short period of deferment delays the grazing for a part of the growing season to permit sufficient top growth to maintain the vigor of pasture plants, leaves cured feed on the ground for the winter, and allows the better grasses to produce an abundant crop of seed.

A co-operator in the Eldorado-Divide Soil Conservation District, Mr. Wagley has found that good results are received from these seasonal deferments.

### McMillan Range Deferred

C. L. McMillan of Christoval, Texas stated last week that he had purchased his lambs and that they would be delivered around October first.

McMillan almost completely deferred his entire ranch during the summer months in order to get desired range improvement. Range Conservationist assisting the Eldorado-Divide Soil Conservation District looked at the range land with McMillan during the past week and noted improved soil condition, and a vigorous growth of highly palatable grass which had built up a good feed reserve for the winter. It is expected that the lambs will winter well on the improved range and his feed bill will be negligible.

### Farmers Plant Hubam

Farmers of the Eldorado-Divide Soil Conservation District are taking advantage of the recent rains by planting Hubam Clover for soil and water conservation. Approximately 200 acres has been planted by co-operators of the District. Approximately 300 acres remain to be planted.

Most of the co-operators are planting approximately 2 pounds per acre to a depth of 1 inch. The two clover planters belonging to the district are being used to plant the clover.

Some of the clover was planted with enough moisture to bring it up and some has been dry planted. With the recent rain most of the clover is coming up to a good stand.

Hubam clover is an annual, white sweet clover which produces seed each year and grows to a height of three to five feet. Fall planting should be made from early September till not later than October 15th so plants will make a good growth to prevent them from being winter killed. A smooth firm seedbed is necessary. The seed should be inoculated with a good grade of inoculant, and planted 1/2 to 1 inch deep.

The value of a good crop of clover has long been recognized. Both the growing of Hubam clover and its residue are effective in reducing soil and water losses. It mellowes the soil and lets it drink in more water. The residue of a good crop of clover not only holds the water on the land where it falls but cuts down less of moisture by evaporation. A good crop of clover will add to the soil approximately 200 lbs. of nitrogen per acre by extracting it from the air and storing it in the roots of the plants.

Soil Conservation service technicians assisting the Eldorado Divide Soil Conservation District are assisting in planting the clover.

## Student Council Sponsors Recreation For School Students

The student council of the Eldorado high school sponsored an evening of recreation and entertainment Saturday night at the memorial building. The group played games and danced, and were served refreshments of sandwiches and cold drinks.

Students plan to have recreation each Saturday night in the memorial building, with different classes and clubs as hosts for the evening.

Earl Dean Clark is president of the council. Other officers are: vice president, Joe Ed Spencer; secretary-treasurer, Mary Sproul; senior representatives, Lewis Wilson and June Craig; junior representatives, Peggy McAngus and Gordon Hamm; sophomore representatives, David Powell and E. H. Nixon; and freshmen representatives, McDale Farrington and Lola Beth Ballaw.

The group meets twice each week with their sponsors, C. A. Reynolds and Gordon Griggs.

### NEW FORDS SOLD

Charlie Trigg has sold a new Ford truck and new Ford pickup to Lea Allison of Sonora, a pickup to R. L. James of Christoval and a pickup to Dick McAlpine, Sonora.

## Mexican Consul Checks on the Welfare of Braceros, as County Ginning Totals Approach 2000

Texas Employment Service representative Keeler and Mexican Consul Riche of San Angelo were visitors Wednesday at Moore's Gin and elsewhere in the Reynolds community, making a routine tour of inspection of the bracero camps.

At noon they were dinner guests of the L. Moores, who brought in 75 braceros about three weeks ago.

The visitors commended the growers for the set-ups they are maintaining, mentioning good accommodations provided the men and the wages they are paid. They expressed satisfaction with the way the plan is working out here.

Three Reynolds cotton growers now have bracero laborers (natives of Mexico brought in by joint arrangement between Mexico and Texas): L. Moore has 75, Nick Jurcek has 69, and Leonard Lloyd 40.

Cotton is coming in steadily, though most growers have not yet finished their first picking. Both of the Schleicher county gins are running on 24 hour schedule, and will continue to do so for some time.

At 3:00 Wednesday afternoon, Moore's gin reported a total of 850 bales ginned and Mikeska gin 1070.

Fire which might have been disastrous was discovered about 1:00 Wednesday afternoon in the Mikeska gin. The fire evidently caught in the dropper. The fire boys answered the call and extinguished the blaze before it could spread, and immediately afterward the crew emptied the stands and cleaned the equipment affected. The Mikeska gin also lost some time during the week end on a breakdown.

Many growers have pickers in their fields, and in spite of shortage of hands it is expected that the crop will eventually be picked. Some itinerant white and Mexican pickers are here, in addition to the 190 braceros who are picking for three of the largest cotton-growers of the county.

All growers report that pickers are getting a late start each morning because of heavy dews.

### SCHOOL BUYS CYMBALS FOR LOCAL BAND

The school has bought a new pair of cymbals to add to the band percussion section, according to C. F. Jones, band director.

New uniforms have been issued to Charles Blair, who plays flute, and Douglas Baker, who plays French horn.

The Mrs. Joe Tisdale wildcat had reached a depth of 5712 feet Wednesday morning, in shale.

### DANCE FOR HIGH SCHOOLS AFTER FRIDAY'S GAME

High school students of the Menard and Eldorado schools, and their dates, are invited to a free dance in the memorial building Friday night, after the football game. Hostesses will be members of the Junior Womens Club. Refreshments will be served.

J. H. Wagley reports a total of .45 rain for this week, .3 of which fell Wednesday night.

## Red Cross Recreation Program Helps Hospitalized Servicemen

Providing recreation and entertainment for hospitalized and convalescent servicemen is an important Red Cross job at military hospitals. These Red Cross hospital recreation workers take a group of patients for a tour of Mammoth Cave, Ky., during an outing sponsored by a community service organization.

Any woman will tell you she'd rather nurse five sick children than one sick man. Doctors and nurses are inclined to agree with her. A man resents being helpless and is often beset by fears for himself and his family.

The sick soldier is little different from the civilian, except that treating the sick serviceman presents additional problems.

Unlike the patient in the civilian hospital, who undergoes his convalescence at home, the soldier remains in the hospital until he is completely fit for duty. After the acute phase of the serviceman's illness is past, he is sent to a "reconditioning ward," where he remains until he is able to take up his regular military job. Sometimes he remains there for weeks. An usually he is far from home.

For recreation and simple, pleasurable activities to fill those long hours of convalescence, military physicians in post hospitals look to the American Red Cross and its corps of specially trained recreation workers.

Recreational programs are adapted to the needs of both the man confined to his ward and the convalescent. They range from teaching a bedridden man to play solitaire to dances and bingo games for the man on the road to recovery.

There are motion pictures for both ward patients and the convalescent, and for the ambulatory patients there are tickets and transportation to nearby ball parks and theaters.

There are also the special services provided by volunteer workers. Gray Ladies run errands and write letters. Motor Service provides transportation. Volunteer Services, working with other community agencies, help bring into the hospitals boys and girls of the same age group as the hospitalized serviceman.

Red Cross provides the "home touch" which, added to medical and nursing care, helps restore the sick man to good health.

## Mrs. Fred Speck, 78, Buried In Menard

Mrs. Fred Speck, 78, mother of Henry Speck of Eldorado, died at her home near Menard last Friday after an illness of three days. A number of Schleicher county residents attended the funeral, which was held Sunday afternoon at 3:30 at the Menard Calvary Episcopal Church.

Burial was in the Pioneer Cemetery at Menard, Rev. William Sherwood, pastor, officiated for the services.

Pallbearers were Fred L. and Henry Speck Jr. of Eldorado, Denney Ray Speck, Buddy Speck, Charles Speck Jr., J. W. Longnette, George Stengel and Fred Hall.

Survivors include the widow; seven sons, Charlie of Alpine, John, Edward, Fritz and Pete of Menard, Bill of Hunt, and Henry of Eldorado; one daughter, Mrs. Earl Haley of Menard; 18 grandchildren; two brothers, Frank Wilhelm of Brady and Fritz Wilhelm of Menard; and three sisters, Mrs. D. F. Volkman of Menard, Mrs. Emil Haby Sr. of Calf Creek, and Mrs. Frank Wilkerson of Menard.

Among those attending the funeral from here were the Henry Speck family, Mr. and Mrs. L. T. Dannheim, Rance McDonald, Mr. and Mrs. Albert Thigpen and Albert Ray, Mr. and Mrs. Vernal Sudduth, Mr. and Mrs. Tom Jones, Mr. and Mrs. Sam Jones, Mr. and Mrs. Edwin Jackson, Mrs. R. A. King, Rev. and Mrs. F. E. King, Mr. and Mrs. John Williams, Mrs. Elizabeth Powell and John Ray and David, Bob Whitley, Mr. and Mrs. Bert Page, Mr. and Mrs. Sam Jones, Mrs. Joe Tisdale, Mrs. Robert Baker, and Mrs. Willie Tisdale.

## School Of Instruction For Eldorado PTA Held Here Tuesday

Members of the Eldorado PTA met at the memorial building Tuesday for a general school of instruction. Mrs. Philip Thompson of San Angelo, president of the sixth PTA district, and Mrs. W. A. Kay of Ft. Stockton, vice president of the sixth district, were in charge of the instruction period.

Mrs. Edwin Jackson, member of the Eldorado unit and vice president of Schleicher and Sutton counties, opened the meeting with prayer and the reading of the PTA objects.

Mrs. Thompson and Mrs. Kay led the period of instruction on the general work of the PTA. They stressed the importance of sending delegates to the state convention in Waco November 16, 17 and 18. They also stressed the importance of good recreation and good health for each school child.

At noon the group were served luncheon in the banquet room. Carrol Ratliff, mayor of Eldorado, C. A. Reynolds, school superintendent, and Gordon Griggs, high school principal, spoke briefly at this time.

Those present included Mrs. Philip Thompson of San Angelo, Mrs. W. A. Kay of Fort Stockton, Mrs. John Williams, Mrs. Kennethi Cheek, Mrs. Carl Stevens, Mrs. Truett Stanford, Mrs. Gus Love, Mrs. Lum Burk, Mrs. Edwin Jackson, Mr. and Mrs. Carrol Ratliff, Mrs. James Williams, Mrs. Frank Prochaska, Mr. and Mrs. C. A. Reynolds, and Gordon Griggs, all of Eldorado; and Mrs. Frank Pomesil of Sonora.

## Juniors Beat Ozona 19-0 First Game

In their first game of the season the Eldorado junior football team defeated Ozona 19-0 last Thursday night at the Ozona field. Local fans pronounced the game as exciting as any played by high school teams.

The Eldorado team made all of their scores on spectacular runs. In the middle of the first quarter, McDale Farrington scored on a 60-yard run with good blocking. An attempted running play for the extra point failed, leaving the score at the half 6-0.

Farrington scored again in the third quarter on another long run, and again the extra point failed. Early in the fourth quarter hard-running James Kidwell ran 56 yards for the final touchdown. A pass for Bill Bearce was completed for the extra point, making the score 19-0 when the final whistle blew.

Eldorado made nine first downs and Ozona made four, according to Bud Hopkins, coach.

Several outstanding performances were noted: the running of Farrington and Kidwell; the passing of James Conner; the ball handling of Bill Bearce; the blocking by Bill Cheek, Mickey McCown, Wilson Humphrey and Jerry Donaldson; and the defensive play of Jimmy Doyle and Billy Gene Edmiston.

Those who played during the game were Wilson Humphrey, Jerry Donaldson, Jimmy Doyle, Truett Stanford, Billy Gene Edmiston, Billy McCown, Billy Cheek, Bill Bearce, McDale Farrington, Elton Harris, Jimmy Conner, Lynn Griffin, Jack Stanford, Robert Townsend, Jerry Perry, James Kidwell, Ramero Minor, Billy Jack Etheridge, Harry Rutland, Kenneth Love, Tommy Griffin, Jerry Pennington, Jimmy Perry, and Vernon Phillips.

Game at Menard Tonight

The junior team goes to Menard tonight for their second game which will start at 8:00 p. m.

Probable starting lineup will be: LE Ramero Minor, LT Jerry Donaldson, LG Jimmy Doyle, C Jerry Pennington, RG Billy Gene Edmiston, RG Mickey McCown, RE Lynn Griffin, FB Jack Stanford, RH Jerry Perry, LH James Kidwell, QB Billy Jack Etheridge.

## JURY-OF-VIEW SELECTS ROUTE FOR ADAMS ROAD

**Washington News Letter**

By Congressman O. C. Fisher

With nobody, even the House and Senate leaders, seeming to have much idea when adjournment will take place, the two bodies ground away last week and passed a good many bills and advanced others. Finally disposed of by both Houses was a military pay adjustment measure and a military assistance bill for Atlantic Pact Nations, both of which were sent down to the White House for the President's approval.

The military assistance measure is another of those "calculated risks"—an aid program designed to bolster the friendly western powers and enable them to protect themselves against communist coups at home and to resist invasion from outside. The program will include about one-half billion dollars worth of surplus war materials which we have on hand.

As originally passed by the House the aid bill would have amounted to \$580 million, for a one-year period. The Senate, however, reduced this amount to \$500 million and authorized contracting of a similar amount for a second year. This, coupled with ear-marked funds for military aid to Greece, Turkey, Iran, Korea, and the Philippines, made up a total of \$1,314,000,000. The House finally agreed to this figure.

While I preferred and voted for the House version of the military aid, which would have put the assistance program on a year-to-year basis rather than on a two-year basis, I supported the final passage of the conference report. It seemed wise to me to wait a year and see what is being accomplished in the way of cooperation and success in the re-arming plan before committing ourselves for the following year.

New Yorkers like lamb and mutton better than Texans do, if per capita consumption is a good yardstick to judge by. Frank Roddie, of Brady, reminded us of that fact the other day when he stopped over briefly en route from New York to Chicago on a Swift and Co.-sponsored inspection tour.

The average New Yorker eats 28 pounds of lamb per year, while Texans, who seem to prefer beefsteaks, consume only 5.6 pounds of lamb, he said. But mutton remains rather high in cost to the housewife in the Big City. Lamb chops now sell there at \$1.25 a pound, leg of lamb at \$1.05, lamb shoulder at 69c, with ribs and flanks going at 38c.

Mrs. Ina Hudgens of San Angelo visited Wednesday night and Thursday with Mr. and Mrs. D. E. DeLong.

Cpl. Billy Carson of Ft. Sill, Okla., visited his mother, Mrs. Russell Donaldson, during the week end. On Sunday they took him to San Angelo to catch a bus, and visited the Douglas Nall family there.

**Newlyweds Honored At Gift Tea Saturday**

Mr. and Mrs. Billy Frank Meador were honored at a gift tea Saturday afternoon in the parlor of the First Presbyterian church. Hostesses were women of the Presbyterian and Methodist churches.

The room was decorated with baskets and bouquets of white and bronze chrysanthemums and other fall flowers. Punch, cake, nuts and mints, and open faced sandwiches in the shape of wedding bells were served from the refreshment table which was centered with an arrangement of yellow and white chrysanthemums and silver bells. The wedding cake was decorated with yellow flowers and green leaves.

Those serving cake and punch were Mrs. Luke Thompson, Mrs. Marvin McAngus, Miss Danell Baker and Mrs. C. L. Meador Jr.

Mrs. Lionel Ballew registered the guests. Miss Helen Marie Brown of San Angelo and Miss Katherine Davis of Sonora sang during the afternoon, and Mrs. James Page and Miss Mary Lee Gunstead played piano music.

Over one hundred guests registered during the afternoon. Among those present from out of town were Mrs. C. T. Womack, Miss Fan Chamberlain, Mr. and Mrs. D. L. Estes, Mrs. Preston Hair, Wiley Green, Mrs. J. T. Ratliff, and Miss Helen Marie Brown, all of San Angelo; and Mrs. Bertha Shugart of Irving.

**LOOPHOLES in the Law**

By WILL WILSON

Past President, Texas District and County Attorneys Association

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated criminal code and code of criminal procedure in order to eliminate these loopholes.)

Mr. Homeowner went out for a short while, neglecting to close the front door of his private residence. The entrance was completely open, the door not having a screen, and during Mr. Homeowner's absence Lightfingered Harry came in and started picking up articles that suited his fancy.

Just as Harry had his arms pretty well loaded, he heard a noise behind him. He whirled around to see Mr. Homeowner standing in front of him. Harry dodged past

the owner of the house, ran out the front door, which was still open, and disappeared with a number of Mr. Homeowner's valuables still in his possession.

Harry was captured and prosecuted for burglary. Mr. Homeowner testified convincingly against him and he was convicted.

The verdict was reversed by the appellate court. This court held the defendant could not be guilty of burglary because he had walked right into the house through the open door without any use of force and had left the same way, again without using force. The court ruling held that force must be used either in entering or leaving premises before the crime of burglary can be committed.

The State Bar of Texas is endeavoring to close such legal loopholes as this. This statewide organization of attorneys is working to bring this about through a revision of Texas' outmoded criminal statutes.

### Farm-to-Market Roads Being Built At Rapid Rate

Texas now has in all 88,443 miles of passable roads of all types.

Most rapid progress has been made in farm-to-market roads, 14,500 miles of which have been financed by the state highway department in conjunction with federal aid, since V-J day.

The figures are from a survey taken by the Bureau of Public Roads at the direction of the U. S. Senate. Texas statistics were compiled by the highway department in cooperation with county road officials.

Farm-to-market roads are located upon the recommendations of district engineers after conferences with county commissioners. Location is determined by the highway commission on the basis of need, as these figures show:

72% of farm-to-market roads carry school buses; 74 per cent carry mail routes; 24 per cent carry milk routes; and 87 per cent carry one or more of these services. Other roads built under the farm-to-market program service oil fields and forest-lumber operations.

When the present program of farm-to-market road construction is completed, the vast majority of farm dwellings will be within one mile of a paved road.

### Mrs. Hight Honored At Shower Wednesday

Mrs. Wiley Hight was honored at a layette shower Wednesday afternoon in the reception room of the Methodist church. Members of the Dorcas circle of the WSCS were hostesses.

The refreshment table was laid with a lace cloth and centered with pink candles and a bouquet of multicolored flowers. Mrs. Delbert Taylor, Mrs. Clovis Taylor, Mrs. M. G. Holcomb and Mrs. Ferrin Holcomb served cake and punch. Mrs. Sandy Donaldson registered the guests, and Mrs. Keno Ogden and Mrs. John Stigler played piano music during the afternoon.

### University Acreage Deferred Two Years

The University of Texas has retired 20,861 acres of its West Texas lands from grazing for two years in the initial phase of an experimental range building plan.

Four lessees are co-operating in the program recommended to the Board of Regents Land Committee by the Texas State Conservation Board.

The McElroy Ranch Company has retired 7,680 acres in Crane county; Louis Brooks has set aside 3,500 acres in Crockett county; J. T. Baker, J. F. Baker and Mrs. Mary Walker have deferred grazing on 3,061 acres in Pecos county; and Nip D. Blackstone has closed 6,400 acres in Terrell county.

In each case, the acreage involved has been retired completely from grazing from July 1, 1949 to June 30, 1951. This is the first phase of a plan to give range grasses a chance to reassert themselves in the hope that, eventually, the livestock carrying capacity of the land will be increased.

"A long period will be needed to determine the ultimate benefits of the range retirement, but we hope to demonstrate that the program will pay," said C. D. Simmons, University vice president and comptroller.

### Calls For Teachers In Special Fields

Denton.—Calls for teachers are exceeding the supply in many specialized fields, four of which are newly created under the Gilmer Aiken program, according to E. H. Farrington, director of the placement service at North Texas State College.

The greatest problem today for administrators, the public, and training institutions is the serious shortage of properly trained teachers for certain fields, says Farrington.

These, he said, include elementary education, art, secretarial teaching, English, home economics, journalism, library, music, mathematics, physical education, elementary administration, sciences, special education, speech therapy, supervision, and guidance and counseling. The last four were created by the Gilmer-Aiken program.

Those fishing at Devil's River over the week end were Mr. and Mrs. Walter Taylor, Mrs. Roy Andrews, and Messrs. P. W. Laymon and Vernon Hazelwood.

**TEMPT FAMILY APPETITES WITH VARIATIONS OF TRADITIONAL DISHES**

The approach of fall weather gives Schleicher county housewives a chance to switch over from cool summer salads and fruits to hearty, traditional fall dishes — and perk up the family's appetites. Many variations for simple dishes can be prepared quickly, to add variety to the menu.

Pork chops are plentiful and can be prepared in several delicious ways. In the basic method of cooking pork chops to develop their true full flavor, they are placed in a frying-pan and slowly browned on both sides in their own fat, or in a small amount of added fat. The meat is seasoned, the pan tightly covered and the chops allowed to cook until done.

Following this procedure, chops are easily prepared Spanish-style. The browned chops are spread with a mixture of catsup and dry mustard. Added to the frying-pan is a combination of vinegar, water and sugar, the pan is covered and the meat allowed to cook slowly for about 45 minutes.

For more variation, pork chops may be browned, then smothered with sliced onion and green pepper.

A little liquid is added and the combination covered and cooked until the meat is tender. Still another way is breading the chops by first dipping them in beaten egg, then in fine bread crumbs, and cooking in the usual manner.

For simple oven cooking, pork chops are arranged over casseroles. One popular fall combination is pork chops and noodles. Browned chops are placed over cooked noodles and cooked, covered, for about an hour. Also, the rich pork drippings enhance the flavor of scalloped potatoes, baked beans, or tart apple dressing.

Soup always tastes good in the cooler months of the year. With meat cubes added, many soups are appropriate for serving as the main course of a meal. For example, plentiful cubes of left-over beef may be added to mixed vegetable soup for a satisfying dish. Rich bean soup is delightful when combined with bits of cooked ham. Ready-to-serve frankfurters cut into bite-size slices turn split pea soup into a real treat; and another good combination is corn chowder seasoned with savory smoked pork.

**W-Texas Water Needs To Be Discussed At WTCC Meeting**

The need of water in West Texas now has top billing in the Bureau of Reclamation of the Department of Interior, and will be the theme of the program when the West Texas Chamber of Commerce holds its annual banquet in Fort Worth, Tuesday, Nov. 22.

J. A. Krug, secretary of the Department of Interior, has accepted an invitation to speak at the banquet, and the WTCC has promised a thousand water-thirsty West Texans there to hear him, along with Reclamation Commissioner Nathan Strauss and Senator Lyndon Johnson.

This, the annual meeting of the WTCC board of directors, will be the climax of the year's work of the organization in defining water needs of the area, and establishing economic loss through lack of water companion to flood loss.

Already the Bureau of Reclamation has authorized three West Texas surveys under the direction of Harry P. Burleigh, state planning engineer. One will provide for all the area on the Brazos river shed above Possum Kingdom and below the Caprock; another is on the Colorado above the mouth of Pecan Bayou, while the other under authorization is a survey of the Prairie Dog creek area and tributaries of the Red river in the Memphis-Childress area.

These are in addition to the \$85 million Canadian project already approved by the Bureau, to supply water to a dozen West Texas towns between Borger and Lamesa.

—Eldorado Success, \$2 per year.

**Oct. 15 Deadline For Overseas Xmas Mail**

Schleicher county residents who will be mailing Christmas packages to members of the armed forces overseas, are reminded that these packages should be mailed between Oct. 15 and Nov. 15, if delivery is to be assured.

Parcels destined for delivery in Japan, Korea, and the islands in the Pacific should be mailed even earlier, by Nov. 1 if possible, due to the longer distances involved. Packages going to Marine and Navy personnel serving in remote areas should be mailed not later than Oct. 15.

Packages may not weigh over 70 pounds, or measure more than 100 inches in length and girth combined. No tobacco products can be sent to members of units in Austria, England, France, Germany, Italy and Trieste.

The Methodist junior choir met at the church Wednesday with fifteen present. Mrs. Ken Ogden and Mrs. M. G. Holcomb are co-directors for the group. Mrs. Clovis Taylor served refreshments.

Mr. and Mrs. Eugene Otis of Kilgore, who were on their vacation, visited from Tuesday to Saturday with Mr. and Mrs. Fred Watson. The women are sisters. The Watsons' daughters, Mrs. Travis Perry and sons and Mrs. Lloyd Spurgers, both of San Angelo, spent the week end here.

Mr. and Mrs. Bill Davis have moved to Big Spring where he is employed as mechanic. Mr. and Mrs. Frank Casey, formerly of Barksdale, have moved to the Roach house vacated by the Davises.

**RED CROSS HAS RECORD NUMBER SERVING U. S. MILITARY FORCES**

With U. S. military forces at five times their prewar strength, a record number of American Red Cross workers are serving them throughout the world.

More than 2,000 Red Cross representatives today are stationed at 1,800 military installations and 123 hospitals here and overseas. About 1,400 staff workers are serving troops in this country. The others are working at occupation and defense posts abroad. Only during the peak years of World War II were a larger number on duty.

The duties of these Red Cross workers are as varied as the locale in which they work, involving a wide range of welfare services that contribute to military morale. They may include tiding over a soldier's wife with grocery and rent money until her family allowance check comes through, or getting a welfare report on an Eskimo serviceman's mother via weather bureau radio. Sometimes it means getting word of a family emergency to a sailor with the fleet in the Mediterranean.

Service of the Red Cross worker in a military hospital may be helping a man through the difficult hour when he learns that he will never be well again or removing the worry that often stands in the way of his recovery.

Under federal statute and regulations of the Army, the Navy, and the Air Force, the American Red Cross furnishes volunteer aid to the sick and wounded of the armed forces and acts in matters of voluntary relief and as a medium of communication between the people of the United States and their armed forces.

In the last year Red Cross staff members handled more than 102,000 welfare cases in military hospitals. More than 500 professional Red Cross workers are stationed at 40 army hospitals, 26 navy hospitals, and 14 air force hospitals.

For the able-bodied, too, whatever the problem or wherever the serviceman is stationed, the chances

The Red Cross man at Hickam Air Force base, Hawaii, lead a helping hand to a young marine, enroute from Kwajalein to his Maine home on emergency leave.

are that the Red Cross has a field worker on the spot or nearby who can help try to solve it.

In this country 361 field directors and their assistants cover 148 base stations, 31 substations, and 923 itinerant stations. During the last year field directors at camps handled more than 672,000 cases. Health and welfare reports requested by servicemen or their families were the most common type of help asked for. More than 179,000 such cases were recorded. The next most frequent type of request was that involving leave or extension of leave. The Red Cross cannot grant leave, but military authorities depend upon the organization for reports of conditions underlying leave requests. These cases run into many thousands each year.

Abroad, Red Cross coverage is almost as complete as in this country. In Japan alone, 159 men and women are serving occupation troops at 31 military installations and 14 hospitals. Other parts of the Far East are equally well staffed.

In Europe, 248 Red Cross workers serve military personnel and their dependents at 51 military installations and 15 hospitals, most of them in occupied Germany. Coverage is also given in England and to miscellaneous units still in France.

## ..News From Our Neighbors..

### Braceros Approved in Pecos Co.

Apparently final hurdles have been cleared in efforts to obtain labor for harvesting Pecos County's bumper multi-million dollar cotton crop, with announcement Tuesday that the Mexican government had approved a contract for Pecos County to obtain braceros for the cotton picking season.

A charter was issued Wednesday in Austin by the Texas Secretary of State to the "Fort Stockton Cotton Growers Committee" for incorporation under the marketing act. Garland Casebier represented the group in obtaining immediate action on the charter application.

The Mexican government last week had notified the local committee that its contract was being held up until restrictions on use of Comanche Springs swimming pool here were rescinded. Two meetings of farm owners, business men, and county officials here last week resulted in action by the directors of Pecos County Water Improvement District 1 to rescind a resolution restricting use of the pool. The Mexican government was notified of this action and approval of the contract followed. —Ft. Stockton Pioneer.

### Old Grist Mill Found

Workers unearthed an old grist mill, used approximately 70 years ago, while digging a water well for the City of Menard. The mill was found about 12 feet under the ground, near the present location of the city water works.

Frank Tipton has told us that he carried corn to the mill for grinding when he was about ten years old, and that the mill was in use for some time before that time. The mill was put in about 1879 or 1880, by Otto Kordzick, who owned and operated it. Will Tipton, father of Frank Tipton, worked on a small dam that was used to raise water to the mill. The water was brought from the old Spanish dam for use in running the mill.

The mill wheel and heavy timbers were found to be sound and solid and in good condition, despite their age.

The mill was only in operation for about two years, according to the oldtimers of Menard, being discontinued because it was not a paying proposition.

Mr. Kordzick, who owned and operated the mill, was an uncle of Henry VanderStucken, of Menard. —Menard News.

### Suttonites Swindled

Two men, representing themselves as being from Waco and Kerrville and as being State Health Department officials, and as being private businessmen engaged in cleaning out septic tanks, are making the rounds of Sutton county ranches, with disastrous results—for the ranchmen.

According to one ranchman, who

got \$410 worth of experience out of the deal, the men said they would clean out his septic tanks for 4 cents per pound of what was taken out. He agreed, and later the men told him they had hauled away three 3500-pound loads in a tank truck and were starting on a fourth. The ranchman said there was no way to tell how much had been hauled away. Another ranchman paid \$150 to the two men, but he had only been charged 3 cents a pound. —Devil's River News.

### Coke Valuations Upped

Coke county property valuations jumped nearly 2 1/2 million dollars this year, according to records in the office of Paul Good, tax collector. The increase is entirely due to oil properties.

Total value of taxable property for 1949 is \$9,059,300, compared with \$6,630,270 a year ago. The county valuation has more than doubled from 1946 when the figure was only \$4,126,385. —Robert Lee Observer.

### Road Celebration

The new low-water bridge on the new paved highway from Voca to Brady will be the scene this evening of a gala celebration, with a big barbecue, ribbon-cutting ceremonies and speaking. The celebration is centered around the completion of paving which now connects Brady to Llano by a route that is many miles shorter than the old one, thus affecting a saving in travel time between Brady and Austin, and intervening cities. The route is expected to become the most-used by people in this area to Llano and beyond. —Eden Ech.

### Group Visits Eldorado

A committee from the Crockett County Community Council visited Eldorado last week for the purpose of viewing the new community center now nearing completion in that city. The Eldorado center was built by funds from a county park bond issue and has been designated as a memorial to Schleicher county's war dead.

The local Council group is studying plans with a view to presenting a plan at a called session of the Council later this week for the proposed Community Center to be erected on water works hill adjoining the proposed new swimming pool, plans for which have already been approved by the Council.

### Appropriation For Junction

The Kimble County adjunct was included in the \$9,000,000 building and improvement program for the A & M college system which has been given preliminary approval by the board of directors.

Friday in San Antonio, the board asked for working plans for construction of the first phase of the program.

The board appropriated \$202,500 for the construction of the adjunct here. A delegation headed by J. S. Farmer told the board that they were ready to turn over the deed to the 411-acre site being donated by Kimble County. —Junction Eagle.

### Doctor For 50 Years

Dr. E. O. Deal left this week for Memphis, Tennessee, where he will attend alumni celebration at the University of Tennessee Monday. There will be doctors there from all over the United States.

Dr. Deal has followed the medical profession for 50 years. He came to Irion County when it was necessary to answer his calls by mule back, horse back or buggy. He has reached the age of 83, active and in fairly good health. He has delivered so many babies that he lost count of them years ago. —Mertzon Weekly Star.

Lilburn Hazelwood, Eldorado Divide Soil Conservation clerk, attended a clerk trainee meeting Tuesday at Sonora.

The Conservation office personnel met with the Sonora SCS personnel in a joint meeting recently of the two work units at Sonora. Elected Supervisor

Ford Boulware of Christoval was elected soil conservation supervisor of Zone 1, of the Eldorado Divide Soil Conservation district, in an election Tuesday. He succeeds W. C. Weddell, who has moved to Water Valley and whose son is now on the Weddell place. Zone 1 includes part of Schleicher county and a part of Tom Green east of the river.

### Builds Dams

To check flow of water and to keep soil from washing, Forrest Runge has built seven new rock dams across draws on his place. Two are on fence lines and are used instead of a water gap. As the draws are sharp, washing has been heavy after rains.

Mr. and Mrs. Tom Jones returned Friday night from a 2 1/2-weeks trip to Borger, Roswell, Van Horn and McCamey, where they visited their daughters and their families. Mr. and Mrs. James Lucas have recently bought a new five-room house in a new addition in Borger. Lucas is coach and Mrs. Lucas is teaching physical education in the schools there.

### Baseball Champions

Snipe Conley's Big Lake Baseball Club became the champion of the Trans-Pecos League last Sunday when the playoff game with the Goodfellow Field team ended 9 to 6. Bud Jordan was the winning pitcher, rendering four bases on balls and striking out seven. Also highlighting the game was Shook's single and double and McKinney's two-bagger. —Big Lake Wildcat.

**Local DAR Chapter Meets At Sonora**

The Eldorado chapter DAR met Tuesday afternoon at the women's club room in Sonora, with Mrs. A. E. Prugel of Sonora as hostess. Miss John Alexander, regent, presided.

The meeting opened with a devotional and scripture by Mrs. Mae Tisdale, regent. The group gave the salute to the flag and sang the national anthem.

Mrs. Elizabeth Powell was leader for the program on "Americanism." She gave a paper on "Naturalization of Aliens" and Mrs. John Lueddecke presented "Highlights on Affairs of American Indians." Roll call was answered with correct uses of the flag.

During the social hour which followed, Mrs. V. G. Tisdale served cake and Mrs. Mae Tisdale poured coffee from the lace covered table which was centered with a bouquet of purple dahlias.

Members present were Mrs. Ed Hill, Mrs. A. E. Prugel, Mrs. Luke Thompson, Mrs. L. M. Hoover, Mrs. John Lueddecke, Mrs. Elizabeth Powell, Mrs. Carl McWhorter, Miss John Alexander, Mrs. W. O. Alexander, Mrs. V. G. Tisdale, Mrs. Joe B. Edens, Mrs. Joab Campbell, and Mrs. Mae Tisdale. Guests were Mrs. Bennie Doty of Eldorado, Mrs. Gene Horton of Fort Worth, Mrs. Herman Smith, Mrs. S. M. Loeffler, Mrs. M. E. Genrich, Mrs. Wallace Dameron and Mrs. W. H. Marshall, all of Sonora.

Joe Edens was in Big Spring from Sunday to Tuesday attending the homecoming and reunion there.

**1st BAPTIST GROUPS MEET**

Circle 1 of the First Baptist W. M. U. met at the home of Mrs. W. R. Davidson Jr., Monday, with Mrs. Roy Martin, chairman, in charge of the business session. The group organized for the new year and drew names for secret pals. There were nine women and five children present.

Circle 3 met with Mrs. Roy Davidson and began the new book on Japan, "Ring in the New" with Mrs. Edgar Spencer as leader. Mrs. Jack Montgomery is chairman of the group. The hostess served pecan pie and coffee to seven.

Mrs. J. D. Ashmore entertained circle 4 in her home. Mrs. Ervin Mund is new chairman of the group and Mrs. Carrol Ratliff reviewed the book. Apple pie with ice cream, and coffee was served to eight members and one child.

Circle 2 met in the home of Mrs. John Stigler with the chairman, Mrs. Stigler, in charge of the business session. Officers for the new year were appointed and suggestions for projects were discussed. Mrs. J. B. Montgomery, mission study chairman, gave one chapter in the book. There were six present.

Circle 5 met with Mrs. George Williams. Mrs. Richard Cheatham gave the devotional and Mrs. W. N. Ramsey led the study. Cake, whipped cream and coffee were served to ten members. Mrs. Williams is chairman of the circle.

Mr. and Mrs. W. T. Huber are leaving Saturday on a month's vacation, which they will spend visiting friends and relatives in Missouri and Illinois. Huber is a Shell employee.

**Sunday School Class Installs New Officers**

The Gleaners Sunday school class of the First Baptist church met in the home of Mrs. Perry Mittel last Friday afternoon for the installation of new officers, business session, and social. The house was decorated with arrangements of dahlias and roses.

The group sang get-acquainted songs and Mrs. Odie Harris directed games. Mrs. G. J. King, retiring president, introduced Mrs. J. E. Spencer who installed the new officers. Each officer as she was installed placed a rung on a paper ladder, representing different phases of the Sunday school work. Each officer was presented a corsage made of ribbon roses and laceron.

Coffee and cookies was served to fourteen members and two guests, Mrs. C. C. Henderson of Eldorado and Mrs. E. D. Odie of Kilgore.

**ST. LUKE'S CHURCH**

Services were carried out Sunday as usual at the St. Luke's Baptist church Sunday, with a large attendance, including some from out of town. At 8:30 Mrs. Dorothy Spears opened the mission and Mrs. Leola Spears brought the lesson. The mission has a drive for \$5 each from the brotherhoods and \$3 each from the ladies; everyone is asked to do his best.

The rally closes the 4th Sunday in October. St. Luke's is raising funds for fixing the church.

Ola Mae Hastings and L. J. King were married on Monday night, Oct. 3 in the parsonage of Rev. Roy Shilling, Methodist pastor. L. J. King came here in August from Phoenix, Ariz.

The sewing circle met Monday night in the home of Mrs. Willie Faye Jr. Prayer service was held Wednesday night.

The church is expecting Rev. A. Todd Saturday from Sweetwater. The group thanks the friends of the church for their nice useful gifts.

**PRESBYTERIAN WOMEN MEET**

Women of the Presbyterian church met Monday afternoon at the church for a business meeting, with Mrs. Edwin Jackson giving the devotional. During the business session, the group discussed the sending of fall clothing for an orphan at the Southwestern Presbyterian School at Itasca, and will send a box soon.

The group recently completed another project for the church—new curtains for the basement windows.

**BAILEY WMU**

The WMU of the Bailey Ranch Baptist Church observed the World Week of Prayer at a meeting at the church Thursday. A skit on rural churches was presented by Mmes. Carl Stevens, Laymon Hazelwood and Edgar Spencer. Six adults were present.

**METHODIST SERVICES**

Rev. John Deschner of Corpus Christi will be guest speaker Sunday night at 7:30 at the Methodist church. He and his wife have recently returned from a European tour, and he will tell of the work done by Christian churches in the countries he visited. The public is cordially invited to attend.

All circles met at the church Monday with Mrs. Delbert Taylor as leader of the yearbook program. Others on the program were Mrs. Sandy Donaldson, Mrs. Leonard Bailey, Mrs. Floyd McGinnes, and Mrs. Howard McDaniel. Mrs. E. C. Peters and Mrs. Luke Thompson served cake and coffee to 25.

*My dear, don't tell me you SAVE garbage!*

**"I wouldn't have garbage in my home!"**

**EASILY INSTALLED**  
The Disposall unit is installed easily and quickly in any modern sink with a 3/2- to 4-inch drain outlet. Most present-day sinks have this size drain. Yes! You can use the Disposall if you have municipal sewage service or an adequate septic tank!

**SAFE**  
The Disposall cannot operate unless a sufficient cold-water flow is present, and then only if the Twistop Safety control is locked. Hands and fingers cannot get into the machinery.

**WHAT OTHER WOMEN SAY:**  
"Saves 32 minutes a day." "No more garbage odor!" "Perfect!" These comments are the results of a survey made among women who use the Disposall daily.

**THIS IS HOW IT WORKS**

1. You scrape food waste off your dishes, into the Disposall.
2. You lock the cover, a single twist to the left.
3. You turn on the cold water, which automatically starts the motor. That's all you have to do!
