## Capacity of City Gas Line To Be Tripled

An increase of 10 cents per 1000 cu. ft. for gas at the gate has been authorized by the city, as payment to Cooper Gas Co. for laying of new lines to the gas field — thus solving the problem of the city's gas supply before cold weather.

Some of the pipe is already on location and other pipe will be received soon. Half of the present two-inch line will be taken up, and from a point half way between the field and Eldorado there will be two two-inch lines, and from that point to town there will be a new 4-inch line.

It is understood that enlarging of the supply line will be completed before winter.

It is estimated that the new line will furnish three times the gas conveyed by the old lines. With the larger supply line and recent addition of a great deal of new line in town in loops and to new areas, a much more effective supply is assured for this winter.

The old lines were adequate when they were laid, but could no longer serve the growing community.

The new higher gate rate for gas will be in effect until 34 million cubic feet has been used, then the rate goes back into effect.

## Crowd Present For Kick-Off Party

A large crowd was present last Thursday night for the kick-off party at the ball park, honoring the Eldorado Eagles and their new coach, Ted Kirby.

The Eldorado football team was introduced and David Allen, co-captain, spoke on behalf of the team and expressed his confidence that the 1948-49 season would be a good one. Coach Bud Hopkins pointed out that the team is light and inexperienced, but said he had never seen a team with more fighting spirit.

Two complete football films were shown to the crowd, the first the SMU-Texas U. game, and the second a color film of the SMU-Penn State game. Wilson Page, who is acquainted with the SMU football players and has seen all their games, gave a commentary throughout the movies as to identification of players, special football plays, and other facts of interest to the audience.

"Cokes" were served to the crowd at the conclusion of the films.

## AT THE 1948 STATE FAIR OF TEXAS

Jimmy Durante and Harry James as seen by Texas caricaturist Robert Pierce. The man with the nose and the Texan with the horn will headline an elaborate all-star revue at the State Fair Auditorium during the 1948 State Fair of Texas, Oct. 9-24. A full complement of Broadway and Hollywood stars will support the inimitable comedian and popular band maestro.

## TWIN BABIES BURIED HERE

Twin baby sons, Donald and Ronald, whose still born birth to Mr. and Mrs. Roy Adams occurred Tuesday at Clinic Hospital, San Angelo, were buried Wednesday afternoon in the Eldorado Cemetery. Rev. Jim Hays officiating at the graveside services.

Mr. Adams is a Petty Geophysical employee.

## BUILDING CONTINUES

Work on the foundation of a new six-room house for Arthur Mund started Wednesday on his lot in Glendale, adjoining Jack Hext's property. The house will have living room, dining room, kitchen, 2 bedrooms, bath, and attached garage. The exterior finish will be asbestos shingles and the interior sheet rock.

James Williams is remodeling his residence by adding two rooms and refinishing the interior. His place is also located in Glendale.

Mrs. D. L. Rutland had as her guests Sunday Mr. and Mrs. A. D. Walker, and her daughter accompanied them home.

## Cotton Forecast

The largest cash returns for cotton in the history of this country is indicated, with heavy production and high price promising a prospective total cash value of nearly three billion dollars. This estimate is based on indicated price, which would place the total over the 1919 all-time high of \$2,348,526,000.

The forecast published today places indicated production at 15,219,000 bales — which is 50,000 more than forecast a month ago. Yield per acre will set a new record.

## THREE CREWS TEST DIALS IN SCHLEICHER

Three telephone crews are here this week, testing all of the dials, and a fourth is working on long distance, in a final checking of the dial equipment before the switch-over, which will be soon.

The testing is required because of the delay since installation of the phones, a few of which have been discontinued or damaged in some way since they were installed.

New directories with a folder explaining the system are being distributed to customers preceding the final switch-over.

When completed the dial system will be county-wide.

## Eldorado Residents Attend Homecoming

A large group of former residents joined Calf Creek citizens in celebrating the annual Homecoming of that community last Sunday. The day's program included addresses by outstanding speakers, group singing, and special numbers by singers from various parts of the State, and the usual barbecue dinner.

Among Eldoradoans attending were Mr. and Mrs. Sam Jones, Mrs. John Williams and Martha Dell, Mrs. H. T. Finley, Tom Jones, Mr. and Mrs. Fred Furr, Mr. and Mrs. Savola Bolt and Nelva June, Mrs. O. B. Bradshaw and Monetta, Mr. and Mrs. Jim Simpson, Mr. and Mrs. Tom Alexander and Lynn, Mr. and Mrs. Nolan McDonald, and Mrs. Edwin Childers and family.

## NEW TEACHER

A new teacher in the school system is McKnight McMurray of Big Spring, former teacher at Knott, and a graduate of Daniel Baker. He has a room at Jack Halbert's. He is a member of the Presbyterian Church.

## Grandfather Sucks Rattlesnake Venom, Rushes Boy to Town

The story of a rattlesnake bite from which venom was sucked — then a fast ride over 35 miles of Schleicher County roads — reads like a saga of early days in the open Southwest.

Jerry Nolen, young son of Mr. and Mrs. Slick Nolen, and grandson of Mr. and Mrs. O. L. Woodward, accompanied his grandparents out to their ranch, on University land 35 miles from Eldorado Saturday. Expecting to spend Sunday on the ranch the couple took the boy along for a week's outing. Mr. Woodward and Jerry left the ranchhouse Sunday morning at daybreak, and went out to the edge of the ranch to look after ranching activities. Shortly after their arrival there a large rattler, of which there are many in that vicinity, bit Jerry on the foot.

Woodward cut the wound open with his knife, and sucked out the venom, then rushed the boy to the house and back to Eldorado for treatment. He is reported to be doing fine.

## POKY STAR WINS IN TWO RACES AT MENARD

Poky Star, Don Severns' race horse, won high money in races at Menard Saturday and Monday.

Poky Star won by a neck over Dudderstadt's Texas Star in a 320, Monday, for a matched purse of \$800, and by several lengths over Lady Buff Saturday for a \$600 purse. Mr. and Mrs. Severns attended the races Saturday, Sunday and Monday.

## First Norther Brings Rain

Rains which fell slowly during Wednesday night will be of great benefit to the county's main crop — grass.

The rains fell so slowly that all precipitation was absorbed. All ranchers and farmers are hoping that the drought will be definitely broken by this and more follow-up rains in the near future.

Some feed on the ground may be damaged by the moisture. Of the county's cultivated crops only very late feed, and very late cotton will be benefitted — also a little small grain, dry-planted. The rain will help to prepare fields for later planting also.

The first norther of the season came in with the rain, and a few light weight coats appeared on the streets this morning.

Co. Agent Godwin has had to postpone the Bangs tests scheduled for today because of the rain, but states that the tests will probably be given one day next week.

## COUNTY AGENT GIVES POINTERS ON SMALL GRAINS

It's about time to begin planting winter grain crops again. Should the rain come these two big things should be taken into consideration by the farmer.

One is to be sure that all the weed seed has been cleaned out of your planting seed. Weeds won't do your grain crop any good, so the time to get the weeds is before planting. Weeds take up moisture and plant food that could otherwise be used by small grains.

The second big thing that farmers should remember is that chemically treated seed should be planted. If you plant a small grain crop plant the best seed so you will get the best crop.

Chemical treatments will protect your seed from grain smuts, seed rots and seedling blights. If there be any smut spores on the wheat kernels, they will germinate about the same time the wheat will, and will grow up with the plants. Then just about the time you think you have a good wheat crop, most of it will be smut spores where the kernels should be.

About the only way to tell whether or not smut is present in your wheat crop is by the foul smell and the slightly darker green color in the heads. During combining operations the smut balls break open and scatter millions of spores over the healthy seed.

Oats and barley are often attacked by these two diseases—loose smut and stinking smut. It's easier to spot these two diseases because you can see the black, barren stalks in the field. For every bushel of seed, treat with one-half ounce of the new improved cerasan or the new cerasan M.

Either of these cerasan treatments will stop what the scientists call helminthosporium blight. Victoria oat crosses include Futlex Ranger, Rustler and Victor grain varieties are especially hard hit by this disease.

Treating seed grain is good insurance against losses from reduced yields by smuts and other diseases, and a further lowering of profits from dockage on the market.

—W. G. Godwin, Co. Agent.

Louis Yaseen and Mr. and Mrs. Ernie Bauer have returned from Dallas where they bought heavily for their jewelry store, at the Gift Show.

## W. T. WILLIAMS PASSES AWAY IN SAN ANGELO

W. H. (Uncle Billie) Williams, 88, well-known West Texas ranchman and a director in the Eldorado First National Bank, passed away Tuesday afternoon in a San Angelo hospital, after an illness of several months.

For more than 50 years he had lived in this area, owning and operating a ranch in Schleicher County between Eldorado and Mertzon. Since his retirement several years ago he had been living in Mertzon.

He was born in Rome, Ga., July 12, 1860, the family moving to Texas after the Civil War, which had destroyed their farm and most of their possessions. In 1891 they moved to Christoval; Mr. Williams made his home on ranches in Irion and Schleicher County since that time.

Funeral services were held this morning (Thursday) at the Robert Massie chapel in San Angelo, with Rev. Roy Shilling, pastor of the First Methodist Church here, officiating.

Survivors include the widow, Mrs. Fannie Williams, one son, Stoke Williams of Mertzon; three daughters, Misses May, Lucy Lee and Myrtle Williams of San Angelo; and a brother, Dr. S. M. Williams of Del Rio.

## House Is Completed

Mr. and Mrs. J. H. Faulx expect to move this week end into their new six-room house, located a block behind the Wiedenmann Clinic.

The house, which was partly built from a reconverted army barracks, has asbestos siding on the outside. It contains living room, dining room, kitchen, bath, 2 bedrooms and sleeping porch; and among the outbuildings is a new wash house. It has hardwood floors throughout except for kitchen and bath, which are covered with linoleum.

Mr. and Mrs. Joe Wagley, who bought the house which the Faulxs are vacating, expect to move into it in the near future. Rance McDonald has bought the Wagley house.

## FORMER RESIDENT DIES

Funeral services were held at Grand Prairie Wednesday for Mrs. G. J. Harpalas, the former Mrs. Thelma Mercer, who died in a Dallas hospital Monday night, following a long illness. She was a former Eldorado resident.

Mrs. Ola Mae Harris, who had visited several times previously with Mrs. Harpalas during her illness, was with her at the time of her death. She returned from Dallas Tuesday.

## "Thank You!" Says Fire Chief West

"My hearty thanks to all of you citizens of Eldorado who have cleaned up your alleys and vacant lots, and have thus helped to prevent fires and stop the spread of disease."

Fire Chief Palmer West thus expresses his thanks to Eldoradoans who heeded a recent appeal he made through the columns of the Success for a general clean-up campaign.

"Recently when I read gas meters all over Eldorado, I was very, very pleased to notice the great improvement in many alleys and vacant lots. Our fire trucks can now travel over most of the alleys in safety, and we will thus be able to give you prompt service if you ever need the fire department.

Of course, there are still some alleys and lots which are fire hazards and health hazards, and they look even worse in contrast with clean areas," he pointed out. "I sincerely hope that everyone who has not already done so will clear his alley of rubbish, high weeds and other obstructions, so that cars and trucks can get thru.

"To all of you who have been so cooperative and helpful in this matter — again I say thanks!" he concluded.

## September Lamb Sale Committees At Work

### School Opening

An auditorium filled to capacity with parents, friends, students and faculty witnessed the opening exercises of the Eldorado school Monday morning with C. A. Reynolds in charge for his seventh consecutive year as superintendent and his tenth as a member of the faculty.

The morning program opened with a song "America" by the congregation, led by Wyndell Hall, followed by the invocation by the Rev. F. E. King, Presbyterian pastor. Miss Lucille Farmer, public school music teacher, presented a vocal selection, accompanied by Miss Frankie Thompson.

The Rev. Roy B. Shilling, Methodist pastor, gave a short inspirational address, opening his talk with the reading of Psalms 1 Using Paul's words as an example, he urged the students to concentrate on the task before them, forgetting the things behind."

Preceding the introduction of new faculty members, Supt. Reynolds spoke of the still acute shortage of teachers, and stressed the need for parents and teachers to encourage more students to enter the teaching profession. He also urged that parents visit with the teachers more, invite them to their homes, and in other ways cooperate with them as much as possible.

Following the introduction of new teachers, announcements were made, including the annual PTA-Lions Club Lamb Sale on Sept. 18 and the Get-Acquainted meeting of the PTA on Tuesday evening, Sept. 21 at 8:00 o'clock.

Registration of students followed the program, with regular school session opening on Tuesday morning.

### School Crowded

Enrollment in the Eldorado school by Tuesday night showed a little increase over last year's figures, with grade-by-grade enrollment listed as follows:

First grade, 35; second, 46; third, 41; fourth, 36; fifth, 32; sixth, 28; seventh, 43; eighth, 34; freshmen, 29; sophomores, 23; juniors, 23; seniors, 20.

### LEVELLAND RODEO

The country's top steer ropers will be in Levelland on Sunday, Sept. 26, to compete in the third annual steer roping and branding event sponsored by the Levelland Rodeo Association, according to Bert Eads, prominent Hockley Co. rancher-stockman and president of the association.

### BAND PARENTS TO MEET

There will be a meeting of the Band Parents Club on Thursday (tonight) at 8:00 p. m. in the band room. All members and band students are urged to attend.

### BACK FROM MILWAULKEE

Miltia Hill arrived in Eldorado Tuesday from Milwaukee, Wis., where, as state president of Delta Kappa Gamma, she attended their national convention. While in Wisconsin she also visited her brother Jim Dan Hill at Superior.

## Iraan Game There Friday

A team which is in high spirits and eager to play will go out to meet a heavier and more experienced team, when the Eldorado Eagles try out their wings on Iraan, there, Friday.

Practice has resulted in such steady improvement that Coach Ted Kirby and his boys are attacking their first opponents of the '48 season with high hopes.

The odds seem to favor Iraan. Eldorado has many new men, and Iraan is reported to have a more experienced squad, heavier men, and more reserves.

The game will be staged at Iraan, under lights. The band and cheer leaders will make the trip, also a number of cars of rooters.

The annual Parent-Teacher Association - Lions Club Lamb Sale will be held in the business district Saturday, Sept. 18, at 4:00 p. m. it was announced at yesterday's meeting of the Lions club in the Eldo hotel. The PTA will be in charge of bingo, cake walk, and pop stand concessions in the evening of the same day.

A committee composed of W. M. Patterson, Dick Bearce, Lum Davis and Eddie Brown will receive and care for the lambs from now until time for the sale. Ranchers who wish to donate lambs should bring them to Dick Bearce's Magnolia office, where a pen has been built to receive them. All ranchers are urged to save a lamb to donate for the sale.

The PTA will notify local ranchers and San Angelo merchants of the sale by mail later this week.

Other Lions club committees working on the sale include one for building pens and speaker's stand, of which J. H. Mace is chairman, and one for handling lambs the day of the sale, Jimmie West, chairman.

The PTA will set up its usual food stand north of the Red and White, where sandwiches and pop will be sold during the day. In the evening, the PTA is planning its annual cake walk in the street between the Red and White and the bank. The traditional bingo stand will be located in the business district, easily accessible to all Lamb Sale visitors. Mrs. C. C. McLaughlin is PTA finance chairman.

## Crop Residue To Hold Soil and Water

With the harvest of grain sorghums almost completed many farmers of the Eldorado-Divide Soil Conservation District will soon be preparing the land for another crop. Farmers should fully realize the importance of crop residue and its place in maintaining soil fertility and in aiding soil and moisture conservation.

Crop residue (grain stubble and straw) should not be turned completely under, but should be mixed in with the top soil in such a manner that most of it remains exposed. This method of soil preparation aids in a number of ways.

The crop residue serves to break down the force of the raindrops and prevents the packing of the surface layer of soil. By eliminating a packed layer, the rate of infiltration of water into the soil is greatly increased, and runoff is reduced. The litter also forms many small air pockets in the surface soil and thus increases the water storing capacity of the soil.

The litter on the surface of the soil helps to slow down the water during heavy rains. Each straw serves as a tiny dam, holding the water and permitting much of it to soak into the soil. Evaporation caused by wind and sun action is also greatly reduced.

Land with a good cover of crop residue is less susceptible to water and wind erosion. Even though there may be some runoff, the water runs so slowly that it does not pick up or move the soil as it does on land not covered with residue.

Wind erosion is much less on soil covered with crop residue than on bare soil. Such residue greatly reduces the velocity of the wind at the ground surface. Furthermore, the residue prevents the wind from striking the ground directly, and therefore keeps it from picking up much soil.

In addition, the decaying plant litter improves the physical condition of the soil. The soil is kept more porous and develops a mellow condition that lessens running together and cracking.

The one-way plow and the lister are probably the implements best adapted to this area at the present time to do a good job of crop residue management. If sufficient litter is left on the ground these implements will do a good job of leaving part of it on the surface and mixing part with the topsoil.

## EHS Grads On Jobs Or Off To College, Other Students Return To College for New Year's Work

Eldorado will be well represented when colleges in various parts of the state open their doors next week, because a number of 1948 Eldorado High School graduates are leaving for the first time, while other students are reentering college at their chosen school.

Among last year's graduates who are entering colleges are: Emily Ann Harper, Bill Lewis Humphrey (on basketball team), and Marion Wade, North Texas State College, at Denton; Teena McMullen, Charles Jackson and Billy Dan McAngus, San Angelo Junior College; Delma Logan and Pauline Nixon, San Angelo Business College.

Jo Ann Bearce and Marselaine Patterson are returning to the University of Texas after spending the summer there.

Jane Mund will enter Baylor University; those enrolling at Sul Ross are Gerald Harris, Carroll Sproul and Billy Whitley. Bonni Biggs expects to enter there a mid-term.

Henry Speck, Jr. and Jackie Hodges will enroll at John Tarleton, Joe Chan Whitten is entering TCU, and Albert (Sonny) Stanford will go to Texas Tech.

Arthur Mund, Jr., and Henry Mittel, Jr. have enrolled at A&M College, where they have rooms at Bryan Air Field, which was taken over by the college, and Dorothy Valis is taking nurse's training at Seton Hospital in Austin.

Students holding down jobs a present include Lela Brooks, Geo. Graf, Charles Mund, Floyd Isaacs, Walter Jones, Donald West and Floyce Turner. Albert Thigpen is farming in the Reynolds Community and others who will remain at home for awhile are L. G. Edmiston, Tinsy Spurgers and Billie Parent.

Three of the graduates are married, including Mrs. Eldon McAngus (Bertie Ballew), Mrs. Billy Jack Reynolds (Irene Sauer) and Mrs. George Duran (Grace Butler). Miss Louise Burk is the bride-elect of Bill McRae of San Antonio.

Other Schleicher County young people who are returning to colleges include: Texas U.: Patsy Ballew, Mary Lillian Ellington, Bill Matteson, Anita Runge, and Ford Oglesby, Jr.

SMU: Edda Lou Meador, Doris Calcote, Patsy Martin, George Finley and Paul Page.

Texas Tech: William Sauer Luke Thompson Jr., Tom Bradley, Bob Bradley, Wenonah Sudduth, Marshall Bailey, Wallis Cozzens Lyndon Isaacs.

### BROTHERHOOD PROGRAM AT BAILEY RANCH CHURCH

A program under the sponsorship of the Brotherhood of the Concho Valley Association was conducted at the Bailey Ranch Baptist Church last Sunday afternoon by Dr. B. R. La Mance and Brother McDale of San Angelo on the World for Christ movement. The men explained the program and showed posters of the movement which was originated at the National Baptist Convention in Tennessee.

### BOX SEATS ON SALE

Box seats for both the Race Meet and Water Follies at the San Angelo Fair, Sept. 21-26, are now on sale at the San Angelo Chamber of Commerce office according to fair officials.

### OES NOTICE

The regular meeting of the Eldorado chapter, Order of the Eastern Star will be held Monday, Sept. 13 at 8:00 p. m. Subject for the program is Friendship Night with Miss John Alexander in charge. All members are urged to attend.

### ELDORADO - DIVIDE SOIL CONSERVATION NEWS

Three new farm and ranch conservation plans, and applications from three additional farmers and ranchers in the Eldorado Zone of the Eldorado-Divide Soil Conservation District, were approved by the board of supervisors in their regular monthly meeting last week.

New co-operators in the district program are C. L. McMillan, W. R. Nicks, and William W. Jarrett with farm and range land totaling 6,304 acres.

Requests for assistance in soil and water conservation planning were approved for Farris Nixon, E. H. Nixon, and Henry Mittel, for a total of 3,534 acres.

J. H. Wagley, a co-operator with the Eldorado-Divide Soil Conservation District, is planning to defer his South Blaylock pasture this fall as a part of his program for continued range improvement.

Mr. Wagley is giving this pasture a deferment during the fall growing season in order to give the better grasses an opportunity to increase, to produce a seed crop, and produce reserve feed for winter use.

## Named to Head March of Dimes

E. S. Stewart

E. S. Stewart, prominent Abilene business and civic leader, has been appointed Texas State Chairman of the 1949 March of Dimes. Basil O'Connor, president of the National Foundation for Infantile Paralysis, announced.

The March of Dimes, conducted nationally each January, is the sole support of the National Foundation and its 2,800 local county chapters. Funds contributed to the annual drive pay costs of medical care and treatment for polio victims and finance the scientific research and professional education programs sponsored by the National Foundation. The 1949 appeal will be held January 14-31.

### BROTHERHOOD MEETS

A routine program was carried out at the regular meeting of the Baptist Brotherhood Tuesday evening at the First Baptist Church. In the business session, it was recommended that a nominating committee be appointed to elect new officers for the coming year. There were 14 members present.

Mr. and Mrs. O. Wilson, Mr. and Mrs. R. L. Wilson, Mr. and Mrs. Vaughn McDuff and Patsy Smith have moved to Rocksprings to make their home.

Dr. George B. Moore of San Antonio visited from Wednesday until Saturday of last week with relatives including Mr. and Mrs. E. W. Brooks and Mr. and Mrs. J. B. Christian. He was accompanied home by his sister, Miss Selby Moore, who spent the past three weeks with relatives.

## Citizens' Opinions Recorded By Gilmer Aiken Committee

The opinions of citizens throughout the state on various phases of public schooling has been tabulated by the Gilmer Aiken Committee, which has been given the job of surveying the Texas school system and recommended improvements needed most.

What do the citizens of Texas think about the school plant — school taxes — organization of their school district — subjects taught in their school? The following are highlights of the collected opinions of Texas citizens:

97% said the public school should regard training in democracy as one of its chief duties.

90% consider the teaching of character, good citizenship and health more important than teaching reading, writing and arithmetic.

98% said the additional opportunities provided for children in the least wealthy communities should be approximately equal to those provided for children in the more wealthy communities.

99% said rural youth should have equal educational opportunities with city youth.

Nine out of ten persons believe the State should set a minimum program that must be provided in each school community.

97% believe transportation should be provided for rural children who live two miles or more from school.

97% believe safe, sanitary and adequate school buildings should be provided.

Only 15% believe Texas schools are as good as they could be.

83% think all property in a county should bear approximately the same rate and ratio of assessment for school purposes.

65% believe that the present school district organization in their county denies equal educational opportunity to the children. 66% consider the vocational program in the schools inadequate at present.

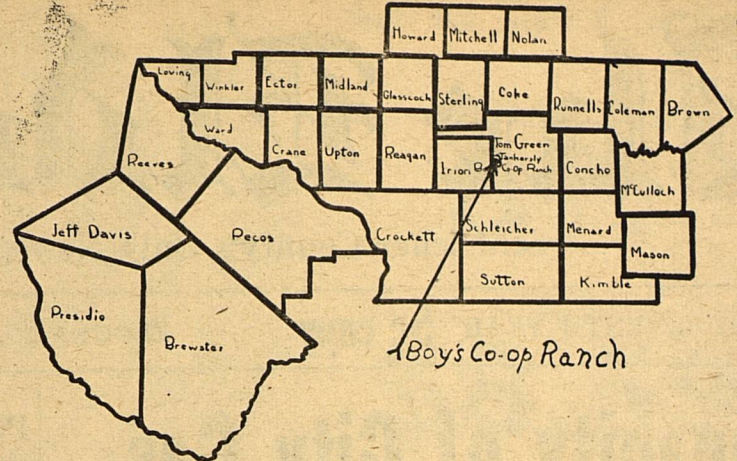

Eight out of ten persons believe enlarged high school units would be practical in their county.

Mr. and Mrs. Ted Swigart of Houston will arrive here soon to visit Mr. and Mrs. Thad A. Thomson. Mr. Swigart is president of Shell Pipe Line.

Mr. and Mrs. Gene Richey of Eden visited Wednesday with the former's brother, A. D. Richey Coach Ted Kirby, who was ill last week, was able to assume his teaching duties when school opened Monday.

Mrs. Dave Williamson, who was hospitalized in Amarillo following a car accident, has been taken to her home at La Marque and is improving, according to word received by friends recently.

Mr. and Mrs. H. W. Maxey have moved from the N. G. Hodges house to the house recently vacated by the O. Wilsons in the Orient addition.

THE 32-COUNTY AREA which Boys' Co-op Ranch of West Texas is to serve is shown above. The ranch, located near Tankersly, will be at about the population center of the area. Homeless, neglected or dependent boys upon recommendation of juvenile authorities will be admitted to the ranch, which will be largely self-sustaining in point of income, with the boys themselves operating the ranch.

## This is Our Policy... on

- ✓ DELIVERIES, ✓ TRADE-INS
- ✓ FINANCING, ✓ ACCESSORIES

When an automobile manufacturer produces a car so obviously ahead of the times as the Futuramic Oldsmobile, it's only natural that demand for that product should reach record-breaking proportions. Add to this today's pent-up need for automotive transportation—plus continuing shortages of steel and other critical materials—and you'll see why we, as Oldsmobile dealers, have a real problem on our hands. We value the good will of all our customers. We would like to provide

all our customers with new Oldsmobile cars. But unfortunately, *this can't be done overnight.* That is why we are taking this opportunity to reaffirm publicly our POLICIES ON NEW CAR DELIVERIES, as listed in the box at right. We believe that under present circumstances these policies constitute a sound basis for "fair play" to everybody. And we hope that, on this basis, we may continue to serve you and merit your patronage for Oldsmobile and for ourselves.

OLDSMOBILE FUTURAMIC 4-DOOR SEDAN

### OUR PLEDGE TO THE PUBLIC

✓ **DELIVERIES**—We will deliver all new Oldsmobiles at the earliest possible date consistent with production.

✓ **TRADE-INS**—We will take your order and deliver your car without requiring a trade-in. However, we have many valued used car customers we would like to supply, and we will give you a fair and reasonable allowance on your present car.

✓ **FINANCING**—You may pay cash for your new Oldsmobile or finance it wherever you wish. We will be glad to furnish low cost finance and insurance terms if you so desire.

✓ **ACCESSORIES**—All cars are delivered with accessories as ordered, and prices are figured to cover these. We pledge ourselves to add no "extras" except those each customer orders.

## YOUR OLDSMOBILE DEALER

Place your order now. The sooner you place it, the sooner you will get delivery of your new Oldsmobile.

Jerry Harlow of Denison visited several days here with his grandfather, G. H. Davis, his aunt, Mrs. W. C. Doyle and other relatives.

Max Henry, son-in-law of Mr. and Mrs. C. C. McLaughlin has accepted a position to teach social studies in the Lakeview Elementary school, and left Monday to begin his new duties. Mrs. Henry and their son, Charlie expect to join him in a few days.

Albert (Sonny) Stanford, 1948 graduate, will leave Saturday for Lubbock where he will enroll at Texas Tech.

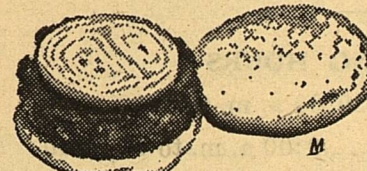

Mrs. C. C. McLaughlin returned home Monday morning from a San Angelo hospital where she received treatment for bruises received when she fell Friday afternoon from her kitchen cabinet while cleaning out shelves. Although not seriously injured, she will probably remain in bed for several days longer.

Mr. and Mrs. Ford Edwards and Mr. and Mrs. A. L. Edwards of San Angelo visited in the home of Mr. and Mrs. Ray Hudgeons on Sunday.

Mr. and Mrs. Jack Ratliff and boys spent the week end visiting with the Glenn Ratliffs at Menard.

Mr. and Mrs. Leslie Galbreath visited relatives and friends at Brady the past week end.

Mr. and Mrs. Van O'Harrow and Mr. and Mrs. A. J. Halbert went on a fishing trip Saturday and Sunday at Ft. McKavett. They were joined Sunday by the Clyde Bauguess family.

From where I sit... by Joe Marsh

**One Great American Trait**

I always think it does a newspaper editor good to get out from behind his desk and see how folks in other parts of America look, and think, and act.

And that's what I've been doing these past weeks, touring the country from Michigan to Texas, California to Maine. It's a mighty encouraging experience. Not only because of the different points of view you run into—but because of the tolerance which reconciles those different points of view.

I mean the tolerance of a Penn-

sylvania farmer for the habits of his city cousin; the tolerance of folks who vote one way towards those who vote another; the tolerance of those who prefer spring water towards those who enjoy a moderate beverage like beer.

From where I sit, it's that great American trait of tolerance—respect for individual tastes and liberties—that makes this country strong. Let's never lose it!

### D.A.R. Opens New Club Year

The Eldorado chapter. Daughters of the American Revolution, met on Sept. 7 for the first meeting of the year, with Mrs. W. O. Alexander as hostess.

Mrs. Ed Hill, regent, presided. Mrs. Joab Campbell read from the 16th chapter of Proverbs, and also gave a poem entitled "How to Measure a Man" in lieu of a prayer.

Mrs. John Alexander reported for the yearbook committee, and thanked Mrs. L. M. Hoover for her kindness in typing the programs.

The program for this first meeting of the year was on Our National Government. Mrs. Bailey Montgomery discussed the Taft-Hartley law and brought out many interesting facts pertaining to the labor unions. Mrs. L. M. Hoover discussed our constitution and what the D.A.R. chapter can do to guard against complacency. She stressed the point that America must be alert to the dangers confronting this democracy, which is the heritage left us by our forefathers.

Miss John Alexander gave the highlights of the August issue of the Historical magazine.

Mrs. Alexander, the hostess, served ice cream and cake to the following members: Mrs. Ed Hill, Mrs. C. M. McWhorter, Mrs. L. M. Hoover, Mrs. John Lueddecke, Mrs. Bailey Montgomery, Mrs. Jim Hays, Mrs. Joab Campbell, Mrs. Joe B. Edens, Miss John Alexander, and Mrs. V. G. Tisdale.

### BIG INCREASE IN TEXAS SCHOOL ENROLLMENT

Texas must adequately prepare for 150,000 more children in its schools in the next decade or lower its educational standards.

Charles H. Tennyson, director of public relations for the Texas Teachers Association, sounded that warning this week. The huge increase in the birth rate during the last few years will add to the enrollment in Texas schools by nearly 82,000 pupils four years from now and by 152,000 in 1957, he said.

"The vastly accelerated birth rate throughout the U. S. since 1941 has cheered business men, but is causing great concern among educators.

"Texas is no exception. From figures on the annual birth rate provided by the U. S. Bureau of Vital Statistics, we know that birth increased 1,549,601 throughout the U. S.—from 2,360,399 in 1940 to 3,910,000 in 1947.

"Enrollment started increasing throughout the country last year. In Texas it was up more than 7,000 pupils. The State Department of Education this week estimated an additional 8,000 students would enroll this fall.

"That is just the beginning. Enrollment will snowball from then on. The situation will become acute in 1953. An accurate estimate places the hike in enrollment in Texas that year at 81,568 pupils. Nine years from now we will have 152,004 additional students in our schools, or a total of 1,660,004."

Federal and state bureau and insurance company statistics show that nearly 80 per cent of the children born each year reach school age. These experience figures make accurate estimates of future enrollment possible.

"An increase of 80,000 pupils in the short time of four years and 150,000 in nine years does not seem so tremendous until it is realized that we will need 2,719 more teachers by '52 and 5,066 more by 1957," Tennyson said.

"It stands to reason we will have to have that many more classrooms. Leaders in school districts and state government should take careful note. The situation calls for planning along practical lines in order that adequate provisions be made for education of these children.

"That is particularly necessary in more than half of the Texas schools in which children are already over-crowded.

"It will call for expenditures of large sums of money. If each of the 5,066 additional teachers was paid only the present minimum salary of \$2,000 annually, that would increase expenditures by \$10,132,000.

"No one can hazard a guess as to how much additional money must be spent on classrooms and equipment."

A recent survey disclosed that about 50 percent of students in Texas schools are in over-crowded classes. Educators agree that pupils cannot be given adequate instruction when there are more than 30 or 32 pupils in a class.

Thad Thomson III left last week for Long Island for a two weeks' visit with his grandfather before returning to Princeton where he enrolls as a junior. He spent the summer here on his parents' Schleicher County ranch.

### Fisher Letter Reports Record Pecan Crop

The dilemma of our pecan growers this year was discussed last week when 28 growers and grower representatives from 8 pecan-growing states came to Washington to meet with Department of Agriculture officials.

The growers requested a price of 16c per pound for native pecans. It was pointed out that the prospective crop for this year is the highest in history, with an estimate of 152,000,000 pounds, and that unless something is done to stabilize the price, the return may be very low to producers. The crop last year amounted to 118 million pounds.

The Department expressed sympathy for the growers, but gave no indication of what action may be taken. It was emphasized that it is most important for the growers to do more in the way of promotion of their product, which is highly nutritious. Assurance was given that, in any event, the Department of Agriculture will make available for the growers the facilities of its marketing branch.

During the two days of hearings, every angle of the industry was fully explored, including the shelling, which was also represented. A further study is presently being made of the problem, and the Department is due to make an announcement of its plans within the next few days.

**Grass**

The 1948 issue of the Agricultural Yearbook, entitled "Grass" has just been published. It will be of particular interest to our area. Already we have received 100 pre-publication requests from the district. We have 400 allotted for free distribution, and you are invited to let us know if you would like a copy. One chapter in the yearbook is entitled "Pointers on Making Good Lawns." This particular article is available in separate form, and we can supply all requests for it. There are doubtless many who are interested only in the care of their lawn and not in the entire volume, which covers the whole field of grassland agriculture.

**Mohair Research**

While the mohair market continues dull, the Department of Agriculture reports it is making progress in stepping up its program for the research and promotion of new uses for mohair.

Recently John Thompson was sent to College Station to confer with A&M officials and then with Ernest Williams, Fred Earwood, and others regarding plans for the future.

I have protested to the Federal Trade Commission the fact that labels on clothing do not indicate the amount of mohair content of fiber used. For example, a label taken from a palm beach suit contains this: "Wool 54%, Cotton 46%." The fact is that a part of the 54% of wool is actually mohair, though that fact is not indicated on the label. I want the manufacturers to designate the portion that is mohair, as well as the wool and cotton content. A lot of people wear clothing that contains a mohair blend, but never know it. The result is that mohair is not given the credit to which it is entitled.

Next year will be the centennial of Angora goats in America. A hundred years ago the Sultan of Turkey gave President Polk 9 of his best goats. They arrived in 1848 and that marked the beginning of a great industry that now totals around four million head. I have asked the Postmaster General to consider releasing an appropriate commemorative stamp early next year to do honor to the event. The idea was suggested to me by R. C. Jordan of the San Antonio Express.

### GIPSON WRITES BOOK

Fred Gipson of Mason, Texas, is enjoying the thrill of news from New York that his first novel has been selected months in advance of publication as reserve choice of the Book-of-the-Month Club. Harper will publish the book, which is an exciting story of rural life in Texas as seen through the eyes of an active teen-age boy. Title and publication date are to be announced later.

He has one earlier book to his credit, "Fabulous Empire," published in 1946, which told the story of Zack Miller and the 101 Ranch.

### Possibility Of Texas Votes Going To States' Rights

HOUSTON; —States' Rights leader, Palmer Bradley of Houston, veteran of World Wars I and II, said that the Presidential ticket of J. Strom Thurmond, Governor of South Carolina and Fielding L. Wright, Governor of Mississippi, had gained such strength that a determined effort will be made to carry Texas' 23 electoral votes for the States' Rights ticket.

"Loyal Texans who believe in the same principles that the 183 immortal heroes of the Alamo gave their lives for will join our cause," said Bradley. It is inconceivable that any Texan could favor Truman's Civil Rights program if he understood what it meant to his personal liberty and that of his children."

Bradley pointed out that the freedom won at the Alamo and later preserved by fighting two World Wars will be lost if Truman's Civil Rights program becomes the law of the land.

Truman's efforts to take the tidelands away from Texas was cited by Bradley as another attack on the rights of Texans.

"If Texas loses the tidelands as a result of Truman's efforts," said Bradley, "the school children of this state will suffer the loss of millions of dollars in revenue which will have to come out of the pocket of the taxpayers."

The basis on which the Trumanites are challenging the States' Rights is the fact that they did not take the pledge to support Harry Truman and his Civil Rights program. "We could not do this unless we were willing to sacrifice the principles we have fought for from the Alamo on down to Hitler and Stalin," Bradley pointed out.

Wallis Cozzens, who attends Texas Tech at Lubbock, is spending a few days here with his mother Mrs. Mattie Cozzens, before the fall term opens.

### Selective Service Registration Days

Remaining days when men will register in the different age groups are as follows:

Men born in 1926 will register on September 8 and 9

Men born in 1927 will register on September 10 and 11.

Men born in 1928 will register on September 13 and 14.

Men born in 1929 will register on September 15 and 16.

Men born in 1930 before September 19 will register on September 17 and 18.

Men born on or after September 19, 1930, will register on the day they are 18 years old or within five days thereafter. This means that men will register as they become 18. They will register with their local boards.

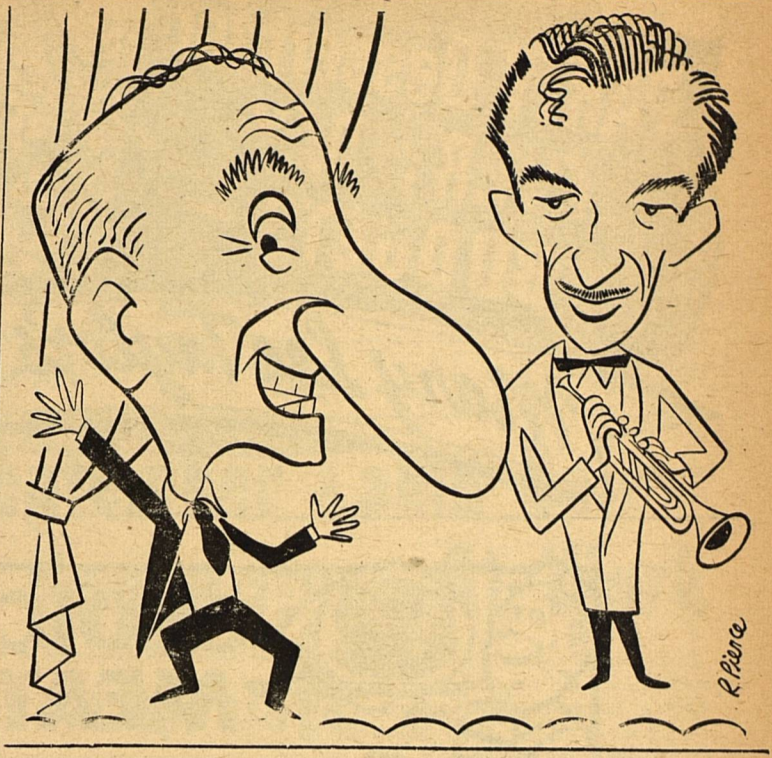

Hours of registration at the local board registration spots will be from 8 a. m. to 5 p. m.

Mrs. W. E. Humphrey left Tuesday to be with her mother, Mrs. Nannie Sellman at the home of her daughter, Mrs. Mae Henry in Rochelle. Mrs. Sellman, an invalid, received a bruised shoulder recently and was brought to the Brady hospital for x-ray pictures.

Bill Lewis Humphrey, son of the W. J. Humphreys, will spend this week end in El Paso where he will visit his grandparents, Mr. and Mrs. W. C. Wilson. He will enroll next week at NTSC, Denton.

Patton Enochs and Ernest Nimitz are instructors for a Vocational Agriculture Class which has been meeting each week for the past several months at Christoval. Among Eldoradoans who are taking the course are Jack Shugart, Farris Nixon, William Jarrett, Vernor Lux, Edgar Spencer, Milton Gault, Billy Jack and Bob Reynolds, Weatherly Kinser and Pete Finley.

The WMU met Monday afternoon at the First Baptist Church with Mrs. F. B. Calcote leading the Bible study. There were 25 present.

Mrs. A. K. Bailey's condition is improving at a San Angelo hospital where she has been since falling at her home here recently. Attending physicians state that she will probably be able to return home in a few days. Mrs. Mattie Cozzens visited with her Tuesday, and her son, Marshall Bailey, will return today (Thursday) to Lubbock where he attends Texas Tech. His wife returned last week end to her home where she is a teacher in the Lubbock schools.

Mrs. L. B. Burk returned home Wednesday from Miami, Fla., where she has been with her son-in-law and daughter, Mr. and Mrs. J. M. McWhirter, since the birth of their new daughter on August 22. Mrs. Burk was met in San Angelo by her husband and their daughter Louise.

O. V. Doty and Jeff Enochs have returned from a business trip to Del Rio.

### Jimmy Durante To Be Featured At Fair

The inimitable Jimmy Durante, longtime favorite of radio, screen, and the stage, will headline the 1948 Auditorium Show for the sixty-third annual State Fair of Texas, October 9-24.

The comedian will share honors in an elaborate revue-type stage show with Harry James and his Music Makers and a host of Broadway and Hollywood entertainers.

For Maestro James it will mark a return to the home state where he began playing in orchestras in Beaumont when only fifteen years old. Other entertainment attractions booked for the annual sixteen-day exposition in Dallas include the "Flying L" Rodeo with Jimmy Wakely, the cowboy star of many a horse opera, and the all-new 3rd edition of "Ice Cycles of 1948."

Broadcast: August 7, 1948

9-oz. can crushed pineapple	1 tablespoon lemon juice
1 package strawberry gelatin	½ cup Pet Milk
1½ cups powdered sugar	1 cup graham cracker crumbs
¼ teaspoon salt	¼ cup soft butter or margarine
	2 eggs, separated

Drain pineapple, saving juice. Add enough water to juice to make ¾ cup. Heat to boiling. Stir in gelatin until dissolved. Add pineapple, ¼ cup powdered sugar, the salt, and lemon juice. Chill until thoroughly cold; then stir in milk. Chill until syrupy. Meanwhile, grease a deep 9-in. pie pan. With back of spoon, press ¼ cup crumbs on bottom and sides of pan. Put butter into bowl; work remaining 1 cup of powdered sugar into butter. Beat in egg yolks. Spread carefully over crumbs in pan. Chill. Fold stiffly beaten egg whites into syrupy gelatin mixture. Pour into prepared pan. Sprinkle remaining ¼ cup crumbs over top. Chill until firm.
