WEATHER IS MARVELOUS_ NO ONE WANTS IT CHANGED! Schleicherites may have their

pet gripes, but the 1949-50 winter weather couldn't be one of them.

Failure of many scheduled northers to reach Schleicher County has resulted in an unusually mild and pleasant season. Though there have been a few "spells of weather," the winter on the whole has been the pleasantest the county has had in many years.

Early flowers and shrubs have been blooming for two weeks, and it is feared that the fruit trees, blossoming prematurely, will be nipped by late winter freezes.

A welcome rain, measuring from a half inch to nearly an inch, fell in Schleicher County Tuesday night, providing much needed moisture for winter grasses and weeds and winter grain.

(The Eldorado Success submits the above weather report for the benefit of out-of-town readers who might like a weather report from "back home.")

Evans Etheridge

Evans Etheridge, 43, resident of Schleicher county for 17 years, and relative of several families in this locality, died of a heart attack at is home near McCamey, Monday, January 30, 1950.

Funeral services were held in the Eldorado First Baptist Church. conducted by the pastor, Rev. Jim Hays, assisted by Rev. F. E. King, of Christ.

The church choir rendered music under direction of Lavelle Meckel. with Mrs. Jim Hays at the organ. Pall bearers were Ernest Finnigan, Billy Frank Meador, Jack Jones and Rex White of Eldorado, and Phillip Robbins, Red Jones, Quinn Sharp and T. L. George of Mc-

which are not paved.

The citizens of Eden, at the instigation and planning of the Chamber of Commerce, are lumping their energies and efforts toward raising the money for these purposes into one master plan in which everyone can have a part.

This plan is to hold a huge public auction, on the square, at 1:30, Saturday, February 4th. First of all, donations of livestock, poultry, baked goods and an infinite variety of merchandise are solicited at auction items, and then a huge crowd will be sought as bidders and buyers. Every penny of the proceeds will go into health and charity work. -Eden Echo.

School To Open

It is the plan of A&M College to pen the school here on August 1, 1950, and to accept bids and let contracts for construction during the month of March, Judge M. C. Slackburn has been told by colleg officials. Codie Wells, A&M contract engineer, gave the information to Judge Blackburn while here last week on a preliminary examination of the site. Chancellor Gib Gilchrist received the deeds and abstracts to the property last week. The college is drilling test wells to explore for water on the Rieck tract where the building site has been located. Other officials here last week to look over the location were T. R. Spence, manager of physical plants and Norton and Mayfield, architects. _Junction Eagle.

Reagan Votes 700

Reagan County will probably have a voting strength of around 700 this year. Up until Wednesday 520 had paid their poll taxes and others were expected before the deadline Tuesday. Eleven coming 21-year-olds have registered and it is estimated that there are approximately 100 in the county who have attained the age of 60 and who are exempt from poll tax payment but otherwise eligible to vote. City poll taxes paid by Wednesday amounted to 121.—Big Lake Wildcat.

Mr. and Mrs. August Mund and Mr. and Mrs. Paul Cornehl of Fredericksburg visited Mrs. Cornelia Mund Sunday, at the home of Mr. and Mrs. Jack Faught.

Mr. and Mrs. George Fry spent Sunday at the Owen Fry ranch. The James Carters of the Ewing ranch were other guests of the Frys.

A Premium Won't Break You . . a Loss May! **JACK RATLIFF** GENERAL INSURANCE

spend approximately 90 cents of every State dollar on just three items: education, roads, public welfare. If a Texas citizen paid \$100, directly and indirectly, in State taxes for this year, his donation would e spent approximately as follows: For expenses and pay of the Legislature, six cents, For courts and judicial expenses, 60 cents. For state executive and administrative departments, 95 cents. For protection of persons and property, \$1.17. For regulation of business and industry, 81 cents. For conservation of health and anitation, \$1.35. For development and conser-vation of natural resources, 92 cents. For eleemosynary and correctional institutions, \$3.96. For state parks and monuments, 10 cents. For payment of public debts, eight cents. For common school education \$34.48. For higher education, \$5.54. For eleemosynary education, 16 cents. (Total for education, \$40.18.) For public welfare, pensions, benefits and retirements, \$23.94. For highway construction and maintenance and payment of road debt, \$25.83. For other miscellaneous purposes, three cents. Total, \$100. From this breakdown of the State's spending, it is easy to each two conclusions: 1. The eleemosynary institutions, getting less than 4 per cent of the total, are probably not receiving their share of the money, and 2. In order to make any really large reductions in state expenditures, it would be necessary to cut the State's contribution to schools, roads and public welfare-items in which the public has consistently demanded increases. The final article in this series next week will discuss suggested plans for emergency financing of the state hospital program.
