

Deferred Grazing

As ranchers and stock farmers we might do well to begin thinking about some things we can do this year to start that poor or fair condition range on the road to higher production. With the singing of birds and a bit of spring in the air one might know that spring is actually on its way and before we know it the grass will be green again.

We should begin now making plans to help nature do her work more efficiently. A good rain helps but it takes grass to make rain count. Grass on rangeland makes a little rain go a long way as it helps water soak into the ground more rapidly and prevents evaporation. In a section of the country that receives no more rainfall than this one we would profit more in dollars and cents if we would abide by these laws of nature.

A quick way of getting range improvement is by deferred grazing. What does it mean? If all the livestock are taken out of one pasture for certain months, the practice is called "Deferred Grazing."

In thinking about deferrals we might wonder what rest will do to a pasture. Any rangeland, which was originally good will benefit from complete rest. Some of us have a tendency to get excited over the fact that numerous weeds come in on pastures given a rest, but this is a good sign on rangeland. It means nature is getting the land ready for the grasses. The better grasses will eventually push the weeds out if managed properly along with seasonal deferrals.

Quite often a pasture is rested except for a few livestock. Of course it's handier to keep some horses, heifers, sick cows or rams in the deferred pasture, but this has two effects: parts of the pasture needing rest the most do not get it, and the best grasses, the kinds that need rest the most do not get it for they are kept grazed down about as much with five head as with a hundred. These better grasses are scattered over the entire pasture, but if they were all put in one place they wouldn't cover more than an acre or so in a section. Two head of stock in a poor pasture cover it often enough to keep the most palatable grasses from increasing.

It is a certainty in range management that at the proper times complete rests improve poor and fair ranges. Surveys show that 80% of Texas rangeland is in poor and fair condition which brings to the fact that we should begin to do something about getting our rangeland into higher production. It is natural that nature would constantly try to reestablish the kind of vegetation each soil originally had. This is the natural law of plant succession which eventually brings about the original grasses—called climax vegetation. Long rests usually bring about better kinds of grasses, while short rests result only in better growth of the kinds already present.

The season of deferment must be based on the needs of certain grasses rather than a certain number of months. Pastures with different key grasses require different seasons of rest for improvement. Each pasture is an individual proposition and should be surveyed to determine its particular needs.

Immediate benefits from rests in greater livestock gains is a common misunderstanding. The benefits in gains per acre usually show up when better kinds of plants on the range have increased. The increase in good plants does not show up the first year, but must seed first, then their seedlings become established and crowd out weeds.

When very poor pastures with crusted soil are given a rest a mulch of weeds is provided which lets more rain enter the soil. The following year many of the same kinds of weeds grow as well as grasses, but much better and results in better livestock gains.

Most of the choice range plants, when allowed to develop maximum surface growth and mature seed by seasonal deferrals, produce deeper and more extensive root systems, enlarge at the base, and become generally more productive. The more palatable grasses are encouraged and enabled to compete with and crowd out less desirable grasses. The seasonal deferment practice not only builds up the vigor of the grasses but provides an excellent reserve of winter forage which reduces requirements for supplemental feeds.

Range Reseeding

"Grass" is the basic food source in the universe. Humans not only depend upon grass or the vegetable and animal products derived from it for food, but also for clothing, and sometimes for fuel, shelter, and power. Grass is widely used also in industry and is landscaping for the embellishment of man's habitat.

Range reseeding work on farms and ranches in the Eldorado-Divide Soil Conservation District stands a nice chance of being successful because of good moisture conditions.

Seed bed preparation for revegetation of cultivated land should be done far enough in advance to have a firm seedbed. Best results in grass planting has been in the middles of grain sorghum stubble as it provides a soil with mulch and

NUMBER 6

Highway Construction Under Way This Week

14 Years Study of Grasses Put Into Print By County Agent

Co. Agent W. G. Godwin

Characters Chosen, Rehearsals Begin For Senior Play

The cast of characters has been chosen and rehearsals are under way for the senior play, to be presented sometime in April, according to Miss Gloria Henshaw, senior sponsor.

Title of the play is "Miss Jimmy", a three-act comedy. It takes place in a college dormitory for women, and relates what happens when a fraternity pledge from the state university is required to break into the dormitory.

Characters include: Louise, sophomore at Brier Mountain College for Women—Kathryn Whitley

Florence, her roommate—Lilla Jean Ellington

Catherine, junior living across the hall—Joyce Burk

Doris, her freshman roommate—Nelva June Bolt

Harriet, a senior who lives next door—Mary Thompson

Droopy, colored man of all work—Earl Dean Clark

Miss Watkins, dean of the college—Jonnie Lee Dickens

Jimmy, stray junior from the state university—Billy Ray Jones

Prof. Frazier, Rhodes scholar and instructor in English—Lewis Wilson

Spring football training to begin in April.

Spring football training will begin about April 10, according to Coach Ted Kirby. The boys will work out for thirty days.

protection. Most popular in reseeding is King Ranch Bluestem. This grass is a native of India and Asia, but has been developed on experimental plots on the King Ranch and Soil Conservation Service nursery at San Antonio. It is very drought resistant and vigorous in low rainfall belts. K. R. Bluestem should be planted on well prepared, firm seedbed, about one-quarter of an inch deep. It does best if dropped on top of the soil and pressed in with packer wheels. Cultivation of grass seedlings is very important the first year to kill all competition, but second year it may be let alone to reseed middles and have a solid stand.

Another method of reseeding on rangeland that is badly depleted is pitting the land. This aids in penetration and water intake and is a more desirable seedbed for young grass seedlings.

Reseeding with K. R. Bluestem and Sideoats can also be done where cedar and small brush have been bulldozed. Seed should be put in holes and a small amount of dirt pushed over them. A pasture should be deferred where this has been done to get grass established. Once established on Rangeland, K. R. Bluestem spreads rapidly. The seed are easily windblown and waterborne. Hence the seed may spread uphill with wind currents and downhill with water from the same group of plants.

Time of planting is early spring or around March 1st where grass may get well established before hot, dry weather starts.

Grasses to be planted in Eldorado-Divide Soil Conservation District include King Ranch Bluestem, Sideoats grama (native), Boer's lovegrass, Lehmanns lovegrass, and Blue Panic.

Fourteen years of experience have gone into preparation of an eleven-page report and summary on native and introduced grasses of Schleicher County. W. G. Godwin, for 14 years county agent of Schleicher County, has prepared the report, utilizing the knowledge he has acquired during the fourteen years he has served farmers and ranchers of Schleicher County.

Godwin is working on an explanatory letter which will be clipped to the report; when this is completed, the treatise will be ready for general distribution. Godwin has mimeographed 1000 copies which will be available for any who call for them.

He has long been a student of Schleicher county grasses for, as he puts it, "It's our million dollar crop, and our biggest agricultural product—it's worth a lot of study." The opening paragraph of the report reads:

"The basic resources of range land are soil, water and vegetation. Conservation of soil and water is dependent upon the maintenance of cover. The vegetation of Schleicher county was originally mostly grasses, but today on thousands of acres are numerous species which are of low forage value such as brush, weeds, and poisonous plants. The primary causes of the breakdown in range in Schleicher county have been overstocking, poor distribution of livestock on the range, lack of water development, and lack of management plans. These causes, made the more serious by extreme fluctuations in weather, point the way to improved range conditions by proper management. The backbone of range management is knowledge concerning the kinds, ecology, physiology and grazing values of the forage plants which are primarily grasses. Browse and forb species supply additional forage but are used very little to measure range condition. Since their number and distribution is variable, these plants are not included in the descriptive list, but are mentioned."

Most important grasses in the county, according to the report, are Sideoats grama, Indiangrass, Little bluestem, Big bluestem, Pin-hole bluestem, Nealley grama, Buffalograss, Green sprangletop, Vase mesquite, Tall dropseed, Texas cupgrass, White thodia, and Wild ryes.

He lists secondary grasses as these: Texas wintergrass, Fall witchgrass, Slim triodia, Tobosa, Sand dropseed, Perennial three-awns, Texas grama, Curly mesquite, Hairy grama, Halls panic.

Included in low value grasses and other plants, which should be replaced with better ones, are: Red grama, Hairy triodia, Tumblegrass, Windmillgrass, Ear mully, All annual grasses, Mesquite, Cedar, Prickly pear, Catclaw, Perennial broomweed, Queens delight, Goat weed, Western bitterweed, Mealy cuspate (Blue saliva), Buffalo bur, Blue thistle (Eryngo), Milkweeds.

Forbs and browse supplying additional forage, but affecting range condition very little are: Live oak, Shin oak, Sage wort, Gaura, Bush sunflower, Krameria, Suncas, Mexican sagewort (Dusty miller) Engelmanns daisy, Tallow weed (Plantain), Texas filaree, California filaree, Peavine, Texas bluebonnet, Vetch (Leavenworth), Evening primrose.

A page of illustrations points out in pictures the value of a good grass crop, well used, and the inefficiency of an overgrazed crop.

A page of definitions helps the reader to understand the terminology of the report, and a page of illustrations explains many of the words used in referring to the grasses.

The treatise concludes with five explanatory pages on the grasses, giving description, value, listing as annual or perennial, season, method of spread, and effect of grazing.

Friends of County Agent Godwin predict that this report will be gratefully received by farmers and ranchers, and that it will do much to improve the quality of the grass crop of the county.

Dates for the 1950 Texas 4-H Club Round Up and the annual Extension Conference have been set for the week of June 12-16.

Dr. and Mrs. Chester Summers and daughter Susan of San Angelo visited in the Ferrin and Mickey Holcomb homes Sunday.

Methodist Church Hosts At Meeting Of Ministers, Laymen

The Eldorado Methodist church will be hosts when ministers and one layman from each church in the San Angelo district gather here next Thursday and Friday for their annual meeting.

The general public is cordially invited to the preaching service on Thursday night, Feb. 16. Rev. Ray Johnson of San Angelo will deliver the sermon, and there will be special music by a preachers' choir. The service will begin at 7:00.

Thursday at 2:00 registration will be held. There will be two afternoon study sessions, followed by the evening meal at 6:00 served by the women of the local church.

Friday, the morning schedule will include business and discussion, and two study periods, followed by the closing dedication service at 11:30 a. m.

Ministers and one layman from each church in this district have been invited to be present.

Students Begin Work On Interscholastic League Events

Work is under way at the local school on interscholastic league events.

H. C. Dupont has three students enrolled for a class in slide rule, which meets after school. They are Iretta Faye Mace, Elizabeth Faulk, and Lewis Wilson.

Miss Gloria Henshaw is in charge of junior and senior declamation and one act play, work for which will begin soon.

Laura Clark, Gretchen Mund, Fern Cheatham, and Peggy McAnus are entering high school spelling, and Jonnie Lee Dickens is entering essay writing. Miss Jewel Shelton is sponsoring these two divisions.

Mrs. H. C. Dupont is coaching shorthand and typing. Bud Hopkins is coaching boys' playground ball, for the seventh and eighth grades and the high school junior age group. Mrs. Troy Erwin has the same divisions for the girls.

Coach Ted Kirby is in charge of track events. Among those coming out for the first work-out Monday were Winfield Fry, Durwood Rutland, Roger Sofge, Derl Griffin, Pinkney Craig, O. T. Conner, Jimmy Conner, Bobby Galbreath, Sammie Whitten, Truman Biggs and John Phillips. After basketball season is over there will be others working out.

Interscholastic meet will be held the first part of April, in Ozona.

YOUTH CANTEN IS DISCUSSED AT LIONS' CLUB

Further discussion of the major Lions' club project, equipping of the other basement room in the recreational building for a youth canteen, was led Wednesday at the regular meeting by Carrol Radliff.

The problem of finding a qualified director was brought up, and handling of this problem in other towns was discussed.

It was generally agreed that purchasing of the equipment was easier to carry out as a project than finding of a qualified manager.

Robert Russ, Lakeview school superintendent, talked on the Boys' Ranch, and several other guests were introduced. Present also were several of the new members.

MRS. EDWIN JACKSON'S FATHER DIES AT BERTRAM

Mr. and Mrs. Edwin Jackson were called to Bertram Monday morning, because of the death that morning of Mrs. Jackson's father, E. S. Barnett. Funeral services were held Wednesday afternoon in the Cumberland Presbyterian Church of Bertram, of which he was a member, and interment was made there. He was in his seventies at the time of his death. A number of relatives and friends from Eldorado attended the funeral.

NEW BABIES

Mr. and Mrs. Vestal Askew of Sonora are the parents of a son, their first child, born Tuesday night of last week in a San Angelo hospital. Grandparents are Mr. and Mrs. Henry Wyatt of Sonora and Mr. and Mrs. V. Askew of Del Rio. Mrs. Askew has been dance instructor here for several years.

The west highway for Schleicher County seems to be assured with actual construction starting this week, and arrival in Eldorado of the construction superintendent.

Work this week includes working over all of the culverts, which must be widened to comply with the new specifications, moving in of part of the equipment, and grading of the right-of-way. Actual work started Monday, with several local men already employed, in addition to others who are moving here. Machinery is being moved here from a project in Kimble County.

The construction superintendent is Tom Hardeman, who with his wife and baby has rented the garage apartment at the Ernest Hill place.

Preliminaries must be disposed of before the work is in full swing, which will probably be next week. The REA have practically completed their job of moving back their poles, and the telephone company is moving back poles at the rate of a mile or two a day, and will probably be moving out their crew by the end of the week.

It is expected that the highway designation when completed will be No. 151, from Mason to Big Lake, though the road has another number during construction.

Because topping is a warm weather job, it is expected that it cannot be done until after April 1. The entire project of eight miles would normally require about two months of time, with an average crew and average weather conditions.

First Dist. Play-Off Game Here Friday Night With Junction

LOCAL MAN IN WASHINGTON FOR S&G ASS'N

John T. Williams of Sanderson and J. E. Hill of Eldorado, chairman and vice-chairman respectively of the warehousing and marketing committee of the Texas Sheep and Goat Raisers' Association, left early Wednesday for Washington, D. C.

They will attend a conference with officials of the U. S. Department of Agriculture concerning details of operation of the 1950 Wool Program provided for in the Branran bill enacted by the last Congress, becoming effective April 1st.

The Texans went by air lines and expect to return on the week end.

COMMITTEEMEN TAKE COLLECTION FOR CEMETERY

A special collection is being taken for the benefit of the Eldorado Cemetery Association, which is behind with Association bills. S. L. Stamford and Fred Watson are making a canvass of the county in an attempt to put the Association back in the black. They ask that all who have not donated do so at once, by seeing either of them personally or mailing a check to one of them.

The Cemetery Association are anxious to maintain the cemetery in first-class condition, and to do so must have adequate funds for maintenance. The fact that a paved highway will soon be completed leading to the cemetery will make it more useable in all kinds of weather, and will add to the attractiveness of the place.

NOTE TO OUR SUBSCRIBERS—

If you want to know when your subscription expires you can find out by looking at the name on your paper. After your name there are numbers. All new subscriptions are marked to the end of the month, a policy we carry out to make our bookkeeping a little easier. If your number reads 2-50 it means your Success expires at the end of February, 1950; if it reads 11-50 it expires at the end of November, 1950, etc.

We make this explanation because subscribers sometimes ask us about their subscriptions. We do not, however, expect our readers to keep up with expiration dates, and we mail out notices around the 20th, to remind subscribers that their Success expires at the end of the month.

In the 4½ years we have published this paper, we have carried out this policy. We expect to remind our readers in advance, and routine procedure is to mail advance reminders out to everyone in this way. When subscriptions are in arrears, names are removed from the list.

OIL NEWS

The wildcat on the Frank Meador place is down to about 7400 in shale. They expect to enter the Strawn at any time.

The first in a series of play-off games to decide the championship of district 16-B will take place here tomorrow (Friday) night at the local gymnasium. Eldorado, the champion of the west half of the district, will play Junction, who defeated Menard to win the championship of the east half.

A teams will play at 7:00 and the B teams at 8:00. Admission will be 50c and 25c. A good game is promised the spectators.

This game will also be the last home game for the Eagles. The second game of the play-off will be held in Junction next Tuesday night. District championship will go to the winner of two out of three games. In case a third game is necessary, the time and location will be decided next Tuesday night after the game in Junction.

Feb. 24-25, the regional tournament will be held in a new location—the Howard Payne gymnasium in Brownwood.

The three Eagle teams defeated the three Ozona teams last Friday night in the Eldorado gymnasium. The Eldorado seventh-eighth grade team defeated Ozona 20-15. Billy Helms with 6 points and Jerry Perry with 5 points were high point men.

The Eagle B team beat Ozona 24-18. Wilson Humphrey was high point man with 6 points, followed by Jack Mund and George Ochsenner with 5 points each.

Eldorado A team defeated Ozona 31-20, with Jimmy Woodward making 8 points and Glenn Biggs making 7.

Former Resident Gets H. S. Honors

News of the honors won by Ann Williams, daughter of Rev. and Mrs. M. V. Williams, will be received with interest by Schleicherites, who knew the family when Rev. Williams was stationed here as Methodist pastor.

A clipping from an Ysleta paper reads:

"Spring Festival Queen of Ysleta High School will be Ann Williams, daughter of the Rev. M. V. Williams, pastor of the Ysleta Methodist Church, and Mrs. Williams.

The festival activities will be held the latter part of April. Her escort and other court members will be named next month.

A senior in Ysleta, Ann entered in September as a transfer from Kermit, Texas, where she was a popular student. At Kermit, she was a member of the annual staff, the Science Club, the K Band and the Choral Club.

She was elected Daisy Mae on Sadie Hawkins Day and later named the girl with the most beautiful hair.

Ann is a member of the annual staff, the Press Club and the band. She was entered in the school beauty contest in November as a representative from the Senior class.

Mrs. J. L. Neill, Mrs. R. L. Ballew, and Mrs. Lewis Ballew drove to Austin recently, and drove back with Patsy Ballew, university student, who spent a between-semester vacation here.

Boy Scouts Mark 40th Anniversary

"STRENGTHEN LIBERTY"

**40th Anniversary
1950
BOY SCOUTS OF AMERICA**

Official poster marking the 40th birthday.

The 40th anniversary of the Boy Scouts of America will be observed Feb. 6 to 12 in every part of the nation by more than 2,300,000 boys and adult leaders. "Strengthen Liberty" is the birthday theme. The Boy Scouts' "Crusade to Strengthen the Arm of Liberty" continues through 1950. During Boy Scout Week, Units will hold "Crusade Night" meetings when 1949 Crusade Awards will be presented. Representing the 12 Scout Regions, 12 outstanding Boy Scouts will make a "Re-

port to the Nation" at Washington, D.C., where the Movement was incorporated Feb. 8, 1910. They will also take part in an impressive ceremony at Independence Hall in Philadelphia. The highlight of 1950 will be the Second National Jamboree which will see 40,000 Scouts and Leaders camping together at Valley Forge, Pa., from June 30 to July 6, including Scouts of other lands. Since 1910 more than 16,500,000 boys and men have been identified with the Boy Scouts of America.

posed change would reduce that possibility. So the adoption of the Lodge-Gossett amendment will destroy the present fictitious importance attached to the bloc votes in the several pivotal States. The Communist element, which contains strong blocs in a few States, will lose their present political importance, now far out of proportion to their numerical strength.

The cotton acreage bill passed the House without amendment. It provides that no individual farmer can have his cotton acreage cut below 70% of the average amount of cotton and war crops he planted during the base years of 1946, 1947 and 1948. A second provision provides no farmer can be cut under 50% of what he planted in cotton and war crops in any one of those three years. A third provision is that no farmer can plant more than 40% of his cultivated land in cotton. Still another section gives county committees the right to reallocate within the county unused cotton allotments.

The House bill is not all that some of us wanted. But it was about the best compromise that could be obtained. This year 27,000,000 acres of cotton was planted. The acreage control law puts a ceiling of 21,000,000 acres for 1950. If the Government is to support cotton, there must be reduced acreage in accordance with consumption, with a normal carry-over. Heretofore the cotton program has worked very well because it has generally been on a sound basis. In fact, since the cotton program began 13 years ago, there has been a net profit to the Government of \$237,000,000. That has resulted from the Government buying cotton at 90% of parity from the farmers and then holding it until it was advantageous to sell. It is important that the program, if it is to be continued, be kept sound. If that is to be done, the surplus must be kept within reason.

The expensive potato support program has been a failure and entirely too costly. Only last week it was indicated that the Department of Agriculture may have to destroy around 50,000,000 bushels be-

cause of lack of markets and the commodity is perishable. The Government cannot afford to support such fantastic surpluses.

Mr. and Mrs. Kenneth Love and children are moving to Ft. Worth, and on their way were week end visitors in the H. W. Scott home. Mrs. Love and the children will remain here for about a week. Mr. Love is employed with a geophysical crew.

Mrs. A. M. Blakeway of San Angelo is a visitor this week in the homes of her children, Mrs. Jerry Pennington and B. L. Blakeway.

Mr. and Mrs. W. W. Sudduth and two children spent the week end in Kerrville with relatives and friends.

The J. Forrest Runge family spent Sunday in Eden visiting their cousin Fred Hall.

J. H. Bowder of Memphis, Tenn., husband of the former Ada West, spent the week end in Eldorado with Mrs. C. C. West, his mother-in-law. He was accompanied by Mrs. West's nephew, Ben Cecil Matthews.

Mr. and Mrs. Dick Lawhon of Marfa are spending the week here on the ranch.

Anita Runge and a college friend, Kathryn Jones of Kansas City, Mo., have returned to Austin where they are attending the University, after a between-semester visit on the J. Forrest Runge ranch in Schleicher county.

TOYA JO FINLEY IS PARTY HONOREE

Toya Jo Finley was honored on her second birthday when her mother, Mrs. Pat Finley, entertained with a party Friday afternoon in their home. Pictures were taken of the group by Bernard Carr, and balloons and valentine suckers were given as favors. Birthday cake and ice cream was served to the guests. There were about thirty children present, and several mothers also attended. Gifts were received from several children who were unable to attend.

The Vernon Ratliffs of Ozona visited relatives in Eldorado Sunday.

Gerald Harris, student at Sul Ross, spent the week end at home.

Eldorado, Texas

Cotton Acreage Law, Electoral Change Approved by Congress

By Congressman O. C. Fisher

There were two important developments on Capitol Hill last week:

1. The amendment to the cotton acreage control law, removing injustices to Texas cotton farmers, was passed by the House following three days of debate.

2. The Senate by vote of 63 to 28 — a bare three votes more than needed — approved a proposed amendment to the Constitution providing a new method of counting the electoral vote for President so that it will reflect the popular vote.

Since it is a Constitutional amendment it requires a two-thirds vote in both the House and Senate. The House has not yet acted but is expected to do so in the near future. The resolution, if passed by the House, will then have to be ratified by 36 states.

Known as the Lodge-Gossett amendment, the proposal is believed to be the most important attempt at government reform in modern times. It rewrites a 162-year law which gives presidential candidates all the electoral votes of the states they carry.

In other words, at present if one candidate leads other candidates by even one vote in a State, he gets ALL the electoral votes in that particular State. The effect of this has been to concentrate all interest by both major parties in half a dozen pivotal States, namely, New York, Pennsylvania, Michigan, Illinois, Ohio and Indiana. The votes in ordinary presidential contests in most of the other States become relatively unimportant, because most of the others are smaller, more pivotal, and they are often taken for granted by the contestants.

Under the Lodge-Gossett amendment, each candidate would receive credit in electoral votes in each State in exact proportion to the number of popular votes received by him in that State. In that way, every individual vote in the Nation would be worth exactly the same and would count the same. As it now is, both the Democrats and Republicans spend a hundred times more money and time in appealing for one vote in Harlem than they do for one vote in Texas. That is because New York is a pivotal State, and every vote counts. Often there is a difference of but from one to five per cent in the total popular vote of the two top candidates for President in New York.

Thus, the bloc votes in those pivotal States are much sought after in an attempt by both parties to get "over the hump", lead the ticket and thereby get ALL the electoral votes in such States. Unless a candidate leads, he gets no electoral votes at all there.

The result of this antiquated method of electing presidents has been to cause both parties to kowtow to pressure blocs—the labor bloc, the Negro bloc, certain foreign-born blocs, left-wing blocs, etc. And under the present system Presidents have been elected several times without receiving a majority of popular votes. The pro-

Fords won it again!

*The New York Fashion Academy
Gold Medal Award for the Fashion Car of the Year*

WHAT sterling is to silver, the Fashion Academy of New York is to the world of fashion—the last word! And again for 1950, as for 1949, it has selected the Ford Car to receive its distinguished gold medal award as "Fashion Car of the Year." There is, we believe, no greater proof of the beauty of the '50 Ford. And there's no greater proof of its fine performance than a 10-minute "test drive." Your Ford Dealer will be glad to arrange it.

The one fine car in the low-price field
See it...Test Drive it...at your Ford Dealer's Now!

COMPLETE LINE OF WELL-ROOTED

SHADE TREES

FRUIT TREES

SHRUBBERY

Chinese elm, sycamore, silver leaf maple, weeping willow, red bud.

SHRUBBERY—Wax leaf Ligustrum, ball-ed & burlapped, Golden Breckman Arborvitae, Golden Bonita, Italian Cypress, Arizona Cypress, Crepe Myrtle, Althea.

FRUIT TREES — Peaches, apples, plums, apricots, pecans, figs.

CHARLIE TRIGG MOTORS

Phone 25801 - Eldorado, Texas

About 250 were present at the community singing held Sunday in the memorial building. There were several present from out of town. The next meeting of the group will be Sunday, Feb. 19, at 2:00.

Mr. and Mrs. Frank Crawford and baby Carol of Big Lake spent the week end with Mr. and Mrs. Frank Crawford Sr.

Mr. and Mrs. Lum Burk had as week end guests Mr. and Mrs. C. A. Wright of Sonora.

The H. A. Belk family attended funeral services in Eden Sunday for W. A. Belk, a distant cousin of Mr. Belk's. They also visited his parents, Mr. and Mrs. J. B. Belk, at Miles. Mrs. J. B. Belk, who has been ill, is improving.

News From Our Neighbors

Rain for McCulloch

1949 was the wettest year in McCulloch county since 1944, according to figures furnished The Herald by the U. S. Department of Commerce weather bureau. The 28.05 inches of rain recorded was almost double the drouth year of 1948 when only 14.49 inches was gauged. —Brady Herald.

Drive-In Opens

An unusually large crowd attended the opening of the Mertzton Drive-In last Tuesday, opening night, after it had been closed down for repairs for the last month. —Mertzton Weekly Star.

Highway Repair Planned

Information was released this week that Highway No. 87, from Eden to the Tom Green County line, would be given additional surfacing and a seal coat, in sections totaling approximately 6 miles. The work will be done by the Maintenance Department under the direction of the State Highway Engineer, "in the most feasible and economical manner." The cost is estimated at \$12,000. —Eden Echo.

Hearings on Airline

A parade of witnesses from towns served by Trans-Texas Airlines told the story of the importance of the lines and their services in a public hearing Monday and Tuesday in Laredo before CAB examiner Jim Verner.

Fort Stockton representatives were optimistic on their return home Wednesday on possibilities of favorable CAB action on the Trans-Texas certificate's extension after May 1 of this year. —Ft. Stockton Pioneer.

County Plants Trees

Six pecan and four shade trees were set out last week on the court house square in Robert Lee. The planting was done by Cass Hamilton. All old trees have been removed from the area. Texans are uniting in a program of tree planting in observance of 1950 marking the halfway mark of the century. Special emphasis is being placed on starting pecan trees and all residents of the state are urged to join the movement. —Robert Lee Observer.

Fire Dept. Raises Funds

It was revealed this week that the Sanderson Volunteer Fire Department raised sufficient funds in their recent drive to pay off the indebtedness on the fire house and had money left to purchase 250 feet of much-needed 1 1/2-inch hose as equipment, pay for the foam that was ordered and leave enough in reserve to take care of expenses such as gas and oil and truck expenses for the coming year.

The fire chief, Albert Weigand, said that unless some unforeseen necessity arose, the fire department was taken care of for the present year as far as finances were concerned and joined all the firemen in expressing thanks to the local citizens for the financial support to maintain an efficient and well-equipped fire department. —Sanderson Times.

Baptist Pastor Is Artist

The local Baptist pastor, Rev. C. D. McEntire, has been commissioned to do an illustrated Bible strip for the Baptist Standard, the state organization's official paper.

Running serially, McEntire's strip will begin in about two weeks in the Texas publication, The Standard, with a circulation of 230,000 will run the illustrated strip each issue and offer it to the other Baptist State publications, it was said. There are 17 other state publications in the south.

McEntire, an artist of Bible illustrations, has done cartoons or pictures for publications before. He, this time, however, will do them in a continued form, just as in the daily funny papers.

One of his latest illustrations is a strip of the life of John the Baptist. —Sterling City News-Record.

Rail Hearing Postponed

Further hearing on the Santa Fe's plan to discontinue passenger service between San Angelo and Fort Stockton, originally scheduled for February 15, has been postponed until March 15, it has been announced by W. A. Hadden of Ft. Stockton. Mr. Hadden was chosen to represent the towns along the

Santa Fe which would be affected by the discontinuance of the service. The Santa Fe proposes to substitute freight service to handle the mail and express. —Big Lake Wildcat.

Record Cotton Crop

McCulloch county has completed the harvesting of the richest crop in its history—the 1949 cotton. The record 12,601 bales reported by Richard R. Faulkner, special agent, to have been ginned in the county during the current season, are valued by Gene Samuelson of the Brady Cotton Compress Co., at close to \$2,000,000.

Samuelson said the bales would average close to \$150 per bale.

The 1949 yield was about 13 times that of the 1948 crop when only 991 bales were ginned. —Brady Herald.

Crockett To Vote

Crockett County's voting strength in 1950 will be above 925.

That many had registered by paying 1949 poll taxes or securing under-age exemption certificates at the local tax collector's office by the deadline Tuesday night.

The voting total in the county will be swelled somewhat above the registered strength by reason of the over-age exemptions, certificates for which are not required in counties of under 10,000 population.

The vote registration zoomed upward sharply as the result of a last-day rush of the taxpaying office, according to Mrs. Gertrude Perry, office deputy. Poll tax payers swamped the office throughout the day and stragglers were accommodated until late in the night to get under the deadline wire. —Ozona Stockman.

Wildcats For Sutton

C. L. Norsworthy, Jr., of Dallas, has applied for permits to drill two wildcats in Sutton County. Projected to 8,850 feet with rotary and beginning Wednesday Norsworthy No. 1 will be 660 feet from south, 1,980 feet from the west lines of section 105-B-HE&WT. It is 2 1/2 miles northwest of Sonora. The project will be on a Sinclair farmout.

Norsworthy No. 1 O. W. Cardwell, projected to 4,800 feet with rotary, 33 miles southwest of Sonora, will be 660 from north, 1,980 feet from east line of section 69, SPRR survey. Beginning by February 15, it will be three miles south of Taylor Refining Company No. 1 J. Patterson which was drilled to 4,367 feet in the Ellenberger and abandoned August 24, 1948.

No. 1 Cardwell will also be two miles northeast of H. L. Hunt No. 1-Bundy which was drilled to 4,800 feet in the Ellenberger and abandoned in 1947. It is on a Shell farmout. —Devils River News.

Halbert Hereford Wins

R. A. Halbert of Sonora showed the champion Polled Hereford female, HHR Miss DW 59, that was first prize winner in the summer heifer class, at the Southwestern Exposition and Fat Stock Show at Fort Worth. Reserve champion Polled Hereford female was GF Advance Diminette 7, shown by Graceland Farm, Memphis, Tenn. —Devils River News.

Betty Lou Crawford has been ill with flu.

Mrs. Bert Blaylock and two children of Robert Lee visited last week with Mrs. Hattie Blaylock.

Howard Faul and family visited several days in Sheffield with the Leo Ivy family.

Roy Shilling Jr., son of Rev. and Mrs. Roy Shilling of Eldorado, was among students listed at McMurry College whose scholastic average ranked in the upper ten per cent.

J. C. Whiteley has been quite sick during the past ten days, but was able to return to work Monday morning, Mrs. Whiteley has been on the sick list also.

Mrs. Bob Richardson of Alpine visited last week with her sister, Mrs. B. F. Blaylock.

Jerry Blaylock, student at Sul Ross, spent the week end at home.

O. B. Bradshaw left Wednesday for Sanitorium where he will stay for several months.

Mr. and Mrs. W. R. Duncan and Sherrell and Dan of Calf Creek spent the week end with their daughter and aunt, Mrs. O. B. Bradshaw.

Mr. and Mrs. Jesse Hight and son Bill of London were week end guests in the Roy Andrews home. Mrs. Hight is Mr. Andrews' sister.

R. C. Edmiston of Terminal visited Saturday night with his mother, Mrs. W. F. Edmiston.

Wanda Dannheim of San Angelo spent the week end with her parents, Mr. and Mrs. E. H. Dannheim.

Mrs. Otto Sauer has returned from a several weeks visit with her mother, Mrs. Henry Baethge, at Doss. Mrs. Baethge accompanied her home and will visit here for a week or so.

Mrs. Minnie Gage of San Angelo spent the week end with her sister, Mrs. L. T. Dannheim.

Mrs. E. R. Bryant visited from Wednesday to Saturday with her daughter, Mrs. Sid Rogge and family in Sonora.

Capt. Paul Davis and family of San Angelo were guests Sunday in the home of his sister, Mrs. W. C. Doyle.

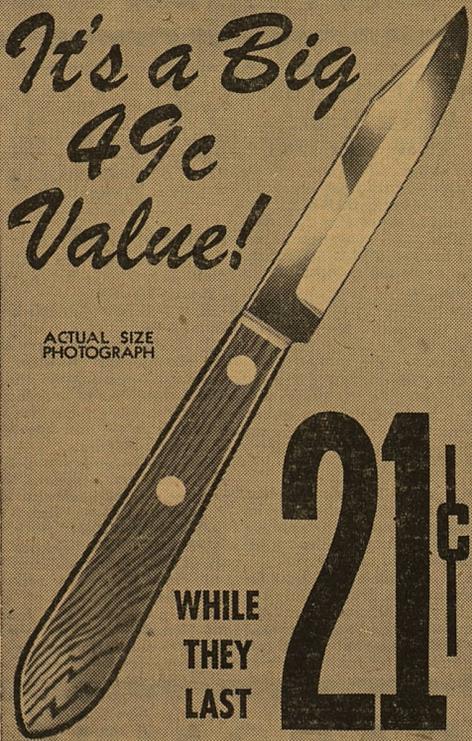

Congratulations, Boy Scouts

We heartily join with other thinking Americans in congratulating the great Boy Scout organization on their fortieth anniversary.

We also want to express appreciation of the local organization and of the present and past leaders who have unselfishly given time and thought to the building of the right kind of citizenship through the Boy Scout organization.

JOHN STIGLER JEWELER

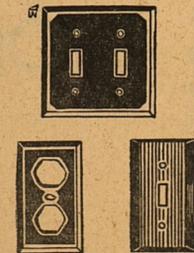

From where I sit... by Joe Marsh "Left-Handed Compliment"

See where a bank in Denver is putting in left-handed checkbooks. They figure their southpaw depositors deserve just as much consideration as the right handers. Time was when it was believed that left-handed people had no right to exist at all. If a youngster showed signs of using his left hand, his parents were supposed to break him of the habit—to force him to use his right. But today most doctors will tell you that changing a child's natural left-handed tendency usually causes more harm than good.

MISS ALEXANDER TO HEAD DAR AS NEW REGENT

New officers for the coming year were elected when the Eldorado chapter of the DAR met Tuesday at the home of Mrs. J. E. Hill with Mrs. Luke Thompson as assisting hostess. Miss John Alexander was re-elected as regent of the local chapter.

Other officers elected include: first vice-regent, Mrs. Ernest Hill; second vice-regent, Mrs. Ed Hill; Chaplain, Mrs. J. E. Tisdale; secretary, Mrs. V. G. Tisdale; treasurer, Mrs. Joe B. Edens; registrar, Mrs. L. M. Hoover; historian, Mrs. W. O. Alexander; and library representative, Mrs. Mary Coupe.

Mrs. Mae Tisdale, chaplain, opened the meeting with a scripture reading, followed by prayer. The salute to the flag was given and the national anthem sung.

Mrs. V. G. Tisdale was leader for the program on Projects of the DAR. Mrs. W. O. Alexander discussed "What the Daughters Do." The hostesses served pie and coffee to Mrs. W. O. Alexander, Miss John Alexander, Mrs. Joab Campbell, Mrs. L. M. Hoover, Mrs. Mary Coupe, Mrs. Joe B. Edens, Mrs. John Lueddecke, Mrs. J. E. Tisdale, Mrs. V. G. Tisdale, Mrs. Ed Hill and Mrs. Luke Thompson.

News of the Sick

Mrs. J. H. Mace was in the local clinic several days last week with a throat infection.

Mrs. J. C. Whiteley has been on the sick list.

J. W. Hawkins, small son of Mr. and Mrs. Johnny Hawkins, was dismissed recently from the local clinic, where he was ill with double pneumonia. He is doing fine.

Mrs. Muncie Potter has been ill in the local hospital.

Phil and Buzzie McCormick, sons of Mr. and Mrs. Hollis McCormick, had their tonsils removed Saturday and are doing nicely.

Other hospital patients include: R. W. King; Mrs. Selentina Baladez, of the Ray Eruton place; Joyce and Gail Woodward, dismissed Wednesday.

Born, a daughter, Feb. 5, to Mr. and Mrs. Bennie Wall, who are here with a construction crew.

Federal Spending Discussed By Fisher

By Congressman O. C. Fisher
 Chances for a reduction in Federal spending and for needed economies during this session of Congress were dealt a heavy blow last week when the House Rules Committee voted 215 to 183 against amending the House rules to allow the House Rules Committee to screen all spending and other legislation.

The action of the House not only meant more and more spending, but also cleared the way for FEPC and other civil rights bills to be brought to the floor. And it enhanced the chances for the advancement of such federal measures as socialized medicine, etc.

Using this test vote as a barometer, it can be assumed that if the FEPC measure is brought to a vote in the House it will be passed by about the same margin. It begins to look like we must depend on the Senate to save us from FEPC.

Most of the Texas Members voted to curb deficit spending and to block FEPC and other socialistic measures. I was among 13 from our State who voted that way. Seven from Texas, however, voted the other way.

The other action by the House last week was the defeat by a close margin of a bill to provide \$120 million for aid to Korea and to commit ourselves to an additional expenditure there of \$200,000,000. I voted against the Korean aid measure.

Many of us became convinced that, as matters now stand, this spending would be plain waste and would add very little if anything to the security of this country. Our State Department has drawn a line from the Aleutians through Japan and Okinawa to the Philippines and has announced that we will not defend anything on the other side of that line. Korea and Formosa are both on the other side of the line. In other words, the State Department is willing to pour several hundred millions into Korea but is not willing to turn a hand toward its defense in the event of attack, and does not consider it militarily important to our security.

Texans gathered last week in Washington to pay tribute to Justice Tom Clark, the first Texan to gain a place on the Supreme Court of the United States. The event was sponsored by the Texas State

Society. Aside from the State Society, there is also an association of ex-students of Texas University who now reside in the nation's capitol. This group meets annually, on March 2nd, Independence Day, and talks Texas from away back.

New Highway Map Available To Public

Austin, Jan. 21.—Want to know the best route from Boca Chica to Texline?
 Motorists may have the latest official Texas Highway map just for the asking.

D. C. Greer, state highway engineer, states that the 1950 map is the best ever published. Anyone desiring a free copy should contact the Texas Highway Department.

The new map has been brought up to date to show all of the recent changes in the principal highways of the state. Complete mileage tables are shown.

Twenty-five full color pictures show points of interest in Texas and along the Pan-American highway in Mexico.

The highway department distributed three hundred thousand copies of the 1949 edition. An even larger demand for the new map is anticipated.

Special effort has been made to incorporate and depict those features which are informative and of special interest to the motoring public. The backside of the map is devoted to pictorial material in full color of outstanding scenes found in both Texas and Mexico along with a small United States map and a complete mileage table. The other side of the map is also in full color and is designed for information and travel guidance. The current map reflects over 8% increase in additional paved highway miles that were added to the system during the past year.

BUSINESS FAILURES ON INCREASE

Business failures in Texas totaled 200 in 1949, reports from Dun and Bradstreet to the University of Texas Bureau of Business Research showed.

This figure compares with 85 fatalities in 1948 and 55 in 1947. Liabilities per failure averaged \$33,000 in 1949, \$52,000 in 1948, and \$91,000 in 1947.

LEAVE your car here for a good washing and greasing. Phone 22101 and we'll set the time for delivery. —Shaw's Gulf.

That's Where The Money Goes!

BY ALLAN SHIVERS
 Governor of Texas

(NOTE: This is the last of three articles by the Governor of Texas, outlining the eleemosynary needs and the financial problems of the State.)

The Texas Legislature, now in special session at the Governor's call, is showing a laudable inclination to pitch in and solve the state hospital problem.

Legislators differ, of course, as to the best way to do it. That is natural, and a desirable feature of our democratic system. The important thing is to arrive at a solution so the state hospitals and other institutions for sick and handicapped Texans will not suffer from lack of funds.

As explained in earlier articles, the Legislature must (1) appropriate operating funds for the fiscal year starting Sept. 1, 1950, (2) make some start on a badly needed building program at these institutions and (3) find the money with which to do these necessary things. Cost is estimated at \$26,000,000.

I have explained that an anticipated \$26,000,000 deficit in the General Fund makes it impossible to appropriate from that fund at this time. It also casts great doubt upon the possibility that the Legislature can cut enough out of current expenditures to make up the deficit and free any money for hospitals. And under the Constitution, the deficit would have to be covered before any money from General Revenue could be spent on the hospital program.

As explained in the second article, we now spend 90 cents of each state dollar on three things: schools, roads, public welfare. It would be impossible to cut back present spending to the required point without dipping heavily into some or all of those three appropriations. The question then is, do the people of Texas want the school, rural road and old age assistance programs curtailed?

Assuming that they do not, the Legislature would have to supply additional revenue to foot the hospital bills.

The only other possibility would be to vote, by four-fifths majority in each House, to let another \$26,000,000 be added to the deficit we are expected to face next year. The Legislature has indicated no definite desire to do that.

My own views on the emergency and the most practical solution were given to the Legislature in part as follows:

"Having called this emergency session, I think I ought to have the courage to share with you the responsibility for resolving the emergency.

"Therefore, I earnestly recommend to you the following program:

"1. That you give immediate and sympathetic consideration to these requests for funds to operate our state hospitals, special schools and correctional institutions and to start the building program, making adequate appropriations for these purposes; and that you finance these appropriations by levying a special additional tax upon the broad base that now provides revenues for the so-called omnibus tax fund. The tax to raise the operating funds should be a temporary tax expiring with the emergency. This would mean an additional levy upon such items as oil and gas, sulphur and whiskey, beer and wine, cosmetics and playing cards, automobiles and cigarettes, carbon black, radios and cement, insurance companies, telephone companies and utilities.

"2. That you give the same urgent consideration to the Board's recommendation for a long-range building program.

"3. That the income from these special levies be placed in a special fund or funds, to be used for the sole and exclusive purpose of financing these necessary programs.

"The tax proposed is a broad-based tax which spreads as widely and as fairly as possible the common burden of our common problem and common duty. Obviously I think it is the most practical and desirable plan under the circumstances or I would not recommend it to you. Frankly, I can think of no other cause or purpose for which I would suggest the levying of additional taxes at this time.

"I have given you my idea. I welcome yours. Let's work together with wholehearted application to the problem. . .

"Quick action on this emergency matter will have another desirable effect—it will leave us time, perhaps, to re-examine our financial commitments and effect any economies that the Legislature, in its wisdom, might deem possible. Our first duty is to those who are under our care and our conscience. When that duty has been discharged, we can and should consider every reasonable possibility of achieving economy. I want to stress again that such savings will decrease the General Fund deficit but, because of that deficit, can hardly be expected to benefit the hospital program.

"Time is precious. This is a 30-day session, and the people of Texas will rightfully expect us to take appropriate final action within that period."

Of one thing, I am very sure—the people of Texas want their friends and neighbors cared for properly and cured if possible when they are so unfortunate as to have to be placed in a mental or other state institution.

BUILDING PERMITS RISE 30 PER CENT

Texas building permits issued in December rose 30 per cent from a year earlier, the University of Texas Bureau of Business Research reported.

Building permits were more than doubled from November to December in Kenedy, Kerrville, Longview, and Wichita Falls. Smaller gains ranged from a 5-per-cent increase in San Angelo to a 98-per-cent jump in Lockhart.

LEAVE your car here for a good washing and greasing. Phone 22101 and we'll set the time for delivery. —Shaw's Gulf.

SCOUT WEEK CLOSURE WITH SUNDAY SERVICE

Concluding National Boy Scout Week, there will be a special service at the Methodist Church Sunday night, beginning at 7:15, with the Boy Scouts of Eldorado in charge. All Scouts and their parents and troop committeemen are urged to attend, and everyone is cordially invited.

DON'T let these balmy days fool you. There may be cold weather ahead and we'd like to sell you those winter driving accessories. —Shaw's Gulf.

The Girl Scouts met Saturday at 4:00 for their regular meeting. They danced and sang songs, and worked on their scrap book. Present were Ellen Wheeler, Thomsine Jones, Ann Ballew, and Dale West, and the leader, Mrs. Chester Wheeler. Dale West served refreshments.

FRESHMAN SCHOLARSHIPS OFFERED BY U. OF TEXAS

Austin.—More than \$5,000 in Wilbur S. Davidson freshman scholarships for the 1950-51 long session at the University of Texas will be awarded to 50 worthy 1950 high school graduates.

Each scholarship usually is for \$100. Occasionally more than that amount is granted, but in no case does it exceed \$200.

Letters explaining the scholarships are being sent to nearly 1,000 Texas high school principals with the request that they pass the information along to their senior students. Sample application blanks accompany the letters. Additional blanks may be obtained from the Dean of Student Life, University Station, Austin.

To be eligible, a high school senior must be graduated in the top half of his class and must furnish evidence of good character. Preference is given to Texas high school graduates.

Scholarship funds come from a bequest by the late Wilbur S. Davidson of Houston. The scholarships were offered for the first time in 1948.

Legumes and grasses are two of nature's best tools for building and maintaining soil fertility.

REGULAR care and regular servicing with Gulf products will prolong the life of your car. For better service try Shaw's Gulf

THE PEOPLE SPEAK — When Governor Allan Shivers invited the people of Texas to express their views on his program to improve the State Hospitals (termed by one survey group the worst in the nation), his mail picked up sharply. In this picture he is shown reading some of the letters, seeking ideas for the message he delivered to the Special Session of the Legislature this week. Virtually all the letters urged immediate action to improve these rundown institutions, the Governor reported.

Mrs. S. D. Stephens Is Shower Honoree

The 3-H class of the First Baptist church were hostesses at a shower Saturday afternoon in the church parlors honoring Mrs. S. D. Stephens, the former Doris Calcote, whose marriage took place several weeks ago at the family home here.

Mrs. A. G. McCormack cut the cake, and Mrs. Jim Hays poured coffee and tea. Miss Vera Fay Biggs of Abilene presided at the guest register.

The table was centered with an arrangement of white flowers and greenery, and other flowers and ferns were used as decorations throughout the room.

The honoree received gifts from about 100.

THREE BIRTHDAYS CELEBRATED

Honoring three on their birthdays, Mrs. A. J. Roach entertained with a family turkey dinner at the Roach home Sunday. Those honored were Mr. Roach, 79, Mrs. Alma Oberkamp of Ozona and the Rev. Ronnie Einhaus of Sonora. Attending were members of the family.

Mrs. J. H. Minyard of Snyder arrived here Tuesday for a visit with her parents, Mr. and Mrs. F. B. Calcote. Her daughter Celia Ann, who has been visiting her grandparents for three weeks, returned home today with her mother.

ALL CIRCLES MEET IN JOINT SESSION

All circles of the Methodist WSCS met Monday at the church, for a yearbook lesson, led by Mrs. W. T. Huber. Mrs. Huber was assisted by Mrs. Glenn Parker, Mrs. S. D. Harper, and Mrs. Luke Thompson. Mrs. A. T. Wright and Mrs. Frank Van Horn, hostesses, served refreshments to the 17 members present.

METHODIST MEN'S MEETING

The brotherhood of the Methodist church will meet next Wednesday night, Feb. 15, at the church. Supper will be served at 7:00 p. m. A group from Alcoholics Anonymous in San Angelo will be in charge of the program. All men are invited to attend.

METHODIST NEWS

The Lydia circle of the WSCS met last Thursday afternoon in the home of Mrs. W. T. Huber. Mrs. D. E. DeLong gave the devotional. Mrs. S. D. Harper was in charge of the study, assisted by Mrs. Stanley Gayner, Mrs. L. Steen, Mrs. Mae Tisdale, Mrs. Frank Van Horn and Mrs. Jerry Pennington. There were eight members and two guests, Mrs. Mae Tisdale and Mrs. Zella Gaynor, present.

Mrs. F. G. Clark has been in failing health recently, and has gone to Mineral Wells this week for treatment. She made the trip by bus.

Bride Honored With Gift Tea

Mrs. Lynn Alexander, recent bride, was honored at a gift tea in the Methodist church parlors, with circle one of the Methodist WSCS as hostesses.

Mrs. R. J. Alexander presided at the register. Mrs. Fred Watson and Mrs. W. C. Parks served during the first hour and Mrs. Claude Alexander and Mrs. N. G. Hodges during the second hour. The color scheme of yellow and white was carried out in the decorations and table appointments, and the white cake was iced in yellow and flanked with white tapers.

Mrs. Alexander is the former Flossie Curry of Austin, whose marriage to Lynn Alexander occurred at the Grace Methodist Church in Austin, Dec. 23.

FIRST BAPTIST NEWS

The brotherhood of the First Baptist Church met Monday night for a program stressing evangelistic emphasis during the weeks preceding the spring revival. J. C. Linsley, president, was in charge of the business session.

Circle 1 of the WMU met with Mrs. A. M. Nixon Monday. Mrs. Joe T. Logan gave the lesson from the book, "The Prophet of Little Cane Creek." The group discussed furnishing toys for the nursery in the church, and discussed sending toys and clothes to Buckner's Orphan's Home. There were 9 members and 6 children present.

Circle 3 met in the home of Mrs. J. M. Hays. There were 9 members and 2 visitors, Mrs. Lawrence Wright of Wall and Mrs. Weldon Davis, president of the WMU, attending. The group studied the book, "The Prophet of Little Cane Creek."

Circle 4 met in the home of Mrs. Carrol Ratliff for a Royal Service program led by Mrs. J. D. Ashmore. The group voted to help furnish crib sheets and toys for the nursery. There were 5 members and 2 children present.

Circle 2 met at the home of Mrs. John Stigler with Mrs. L. T. Hillson as hostess. There were five members and one new member, Mrs. Kenneth Cheek, present. Mrs. Stigler gave the review on the book, "The Prophet of Little Cane Creek."

Circle 5 met with Mrs. Rex McCormick. The meeting was opened with prayer by Mrs. Wagley, followed by Bible quotations from the members, Mrs. W. N. Ramsay discussed the missionary lesson.

OES NOTICE

The regular meeting of the OES will be held Monday night at 7:00.

Renovations under way on the D. C. Hill house include the building of a new foundation. When this is completed the house will be repapered.

RUPTURE

SHIELD-EXPERT, H. L. HOFFMAN of Minneapolis, Minn., will demonstrate, without charge his "Rupture Shields" IN SAN ANGELO, HOTEL NAYLOR, THURSDAY, FEB. 16 From 10 A. M. to 3 P. M. Please come early. Mr. Hoffman says: "I have specialized in the field of Rupture Correction since 1923 and personally fitted well over ten thousand cases. When skillfully done most Rupture openings will contract in a short time. Above all you can go to work immediately without fear or pain. There are many of my satisfied customers right here in this community."

"Special lady attendant for WOMEN and CHILDREN. Ask for Mrs. Hoffman."

CAUTION: If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains. People having large ruptures, which have returned after surgical operations or injection treatments, are especially invited. "If you want it done right, don't experiment. See HOFFMAN." If unable to see him at this time address:

WARM HER HEART ON VALENTINE'S DAY
FEB. 14th

with an **Electrical Gift**

This Valentine's Day give your wife or mother or sweetheart an exciting electrical gift—one that will make her kitchen tasks easier all year long. Women know and appreciate the enduring beauty and dependable service of lovely electrical appliances... that is because of the lasting satisfaction they are giving in millions of homes—every day, year in, year out.

ELECTRIC FOOD MIXER
Saves time, arm work. Puts extra deliciousness, extra success into cooking and baking. Mixes, mashes, whips, beats, stirs, blends, etc. Additional attachments also available.

AUTOMATIC WAFFLE BAKER
Automatically makes four delicious good-sized waffles at one time. No confusion, waiting or delay between waffles—serves four people with one baking. Indicator can be set for light, dark, or medium waffle.

AUTOMATIC TOASTER
Automatic beyond belief—all you do is drop in the bread. Bread lowers itself automatically. Toast raises itself, silently without popping or banging. Moist bread or dry, thick slices or thin—always the same uniform toasting.

LIGHTWEIGHT IRONS
Lightweight irons—2½ lbs. and 4 lbs.—with thumb-tip regulator in handle heat quicker, stay hotter, iron faster. Hot in 30 seconds. Takes much of the work out of hand ironing.

AUTOMATIC COFFEE MAKER
Thrill the whole family with an electric coffee maker. It's automatic—you can't miss. Perfect coffee every time. No watching, no worry. It's an ideal gift.

N. Wooley.

RECEIVES DEGREE

College Station.—Glen Wilson of Eldorado received his Bachelor of Science degree in Range and Forestry, School of Agriculture, Texas A. and M. College, at the January graduation.

SPECIAL SERVICE SUNDAY AT METHODIST CHURCH

Special services have been announced for Sunday at the Methodist church, honoring all members who have joined the church in the last 21 months. New members are urged to be present at the 11:00 hour.

The United States and Christian flags have been received and will be on display for the first time Sunday.

Volley Ball Team Will Participate In Two Tournaments

The Eagle volley ball team will participate in two tournaments in the coming two weeks. District volley ball play is scheduled to begin February 24.

This Saturday, the girls will go to Eola to participate in the tournament there. They will play their first game with Rochelle, at 11:30. Next Saturday, the group goes to Big Lake for another tournament.

District play gets under way Feb. 24, with Sonora there. Other district games include Big Lake here Feb. 28; Ozona there March 3; Sonora here March 7; Big Lake there March 10; Ozona here March 14.

Mrs. Troy Erwin is volley ball coach.

J. L. Ratliff has moved to the new residence he has built, adjoining the Jo Ed Hill residence.

Mr. and Mrs. A. W. Keys visited his mother, Mrs. J. L. Keys, in San Angelo Monday.

Bill Mund of Livingston visited his wife and mother here this week end.

Cynthia Ann Flores of Dallas is visiting here with her uncle and aunt, Mr. and Mrs. W. G. Godwin, for several months. She is attending A. and M. College, at the January graduation.

Eldorado Band Hosts To Junction At Band Clinic

Eldorado was host Saturday to the Junction band at an all-day band clinic, held in the memorial building. Clayton Dodd, director of the Junction band, brought 55 members, his first band, and this group was supplemented by the Eldorado high school band and first-chair players from the grade school band, to make a total of 100 pieces.

During the day the band members covered all required numbers for contest, plus other marches, overtures and popular numbers.

Gordon Griggs welcomed the visiting group to Eldorado. Others present in addition to Clayton Dodd, director of the Junction band, and C. F. Jones, director of the Eldorado band, were A. C. White, who is associated with Houston-Clary Music Co. and is violist with the San Angelo Symphony; Savell Lea Sharp, conductor of the San Angelo Junior College Band and first oboist with the San Angelo Symphony; and Miss Knowla Stewart, who assisted with the French horn section.

Directors were agreed that the outstanding section of the group was the trombone section, with the basses making a close second.

Band students and their directors were unanimous in their opinion that the practice together and the exchange of ideas would prove to be mutually helpful. Director Jones, in commenting on the unusually cooperative attitude of the Junction students, stated that he had never seen a more polite and courteous group.

Junction will be hosts to the Eldorado band at an exchange visit some Saturday as soon as a date can be arranged.

ON LIONS PROGRAM AT GLENWOOD, ARK.

From the Glenwood (Ark.) Herald comes news of a recent meeting of the Lions Club of that city. Among those having a prominent place on the program was R. S. Sample, who gave an inspirational talk and also performed the duties of tail twister. R. L. Sample lived in Eldorado about 20 years ago, and is a brother of Mrs. W. M. Ramsey and Mrs. T. W. Johnson.

The Stanley Gaynor family spent Sunday in Iraan.

CHANGE OF OFFICE HOURS FOR CREDIT BUREAU

The directors of the Credit Bureau of Eldorado held a called meeting on Monday, January 30, at the office of the Credit Bureau at 2:00. The meeting was called to order by President Earl Parker with the following present: Jerry Pennington, Ray Tisdale, Ray Hudson and Ernestine Hext.

Discussion was held on effects of the wage and hour law on the Eldorado Association. A motion was made by Ray Hudgens that it hereby be ordered and decreed that on and after the date hereof, the office of the Association shall be open for business from one o'clock until three o'clock on Tuesday and Saturday afternoons, and from one o'clock until four o'clock on Monday, Wednesday, Thursday and Friday afternoons; and that duties required of and furnished by any clerical help of the association shall not be in excess of 66 hours per month, or 16 hours per week. The motion carried. There being no further business, the meeting adjourned.

Mrs. Clayton Dodd and children of Junction were dinner guests Saturday in the C. F. Jones home.

MAKES OFFICIAL VISIT

Mrs. Nan A. Montgomery of Eldorado, deputy grand matron of district five, section two, made her official visit to the Fort McKavett chapter of the Order of the Eastern Star Saturday afternoon. Other members from the Eldorado chapter accompanying her were Mrs. Mabel Parker, Miss John Alexander, Mrs. C. C. West, Mrs. Edwin Childers, Mrs. J. A. Neill, Mrs. Fred Watson, and Mrs. Edgar Spencer.

Virge Tisdale has contracted 600 aged ewes to Gerald Nicks at Marfa at \$20 per head, to be delivered after lambing.

TELEPHONE TALK and TAXES

In spite of its day-in-day-out usefulness, the Federal Government insists on taxing telephone service as much as 25%. This is higher than the 20% tax on luxuries.

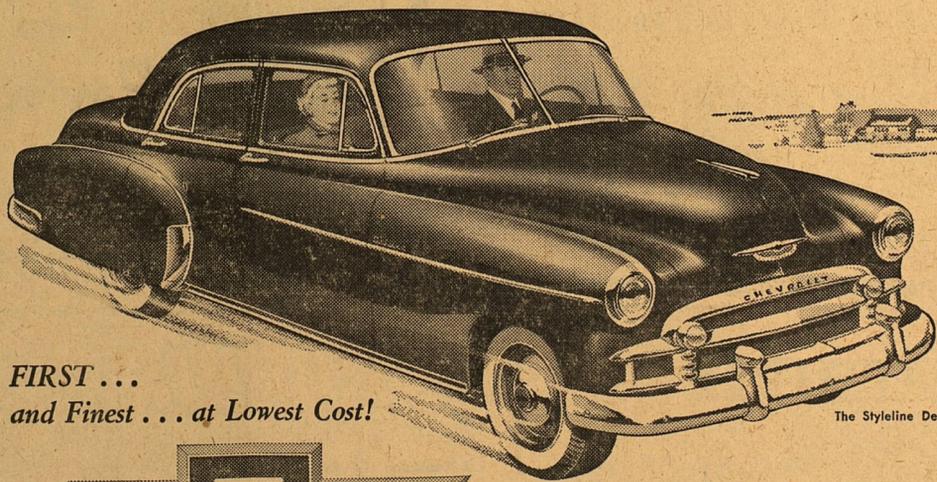

Long distance calls costing 25c or over are taxed 25%. The Federal tax increases the cost of local service by 15%. Other forms of telephone service are taxed from 8% to 25%. This excise tax is imposed directly upon you. Your telephone company, at its own expense, acts as a tax collector.

These excise taxes are in addition to corporation income taxes and other taxes which the company pays to the Federal Government either directly or indirectly.

We are sure that your Senators and Representatives in Congress would welcome your views on this continued peacetime tax of a necessity.
