

Farmers and ranchers of the Reynolds community attended a Soil Conservation meeting at the Reynolds school house 20 miles north-west of Eldorado Thursday night of last week.

A soil conservation film entitled, "My Country" was shown to the group. The film showed that everywhere in the United States there are soil conservation problems. Although all farmers and ranchers of America have a common problem of soil conservation, the problems in different locations are not always the same. Some place have the problem of getting the water off the land without taking the soil with it, other localities have the problem of holding the water where it falls and hold the soil with it. Other localities have the problem of draining the water off the land so it can be cultivated or used for pasture. These are some of the problems that can be taken care of by mechanical structures. Other practices such as: contour farming, crop residue management, crop rotation, cover crops, and range management are equally as important to conserve the soil and moisture and keep the land permanently productive.

The film showed that farmers and ranchers all over the United States have realized that something was happening to their land and have set up Soil Conservation Districts to carry out a well rounded soil and water conservation program. Soil conservation service technicians are assisting the Soil Conservation Districts in carrying out their program.

The film also showed that some farmers and ranchers realize that their land is not as productive as it used to be but are not doing anything about it, and that soil conservation should be practiced on every acre to keep our agricultural land permanently productive.

The soil conservation practices applicable in the Eldorado-Divide Soil Conservation District were pointed out by Lloyd B. Johnson of the Soil Conservation Service. Their importance in a well rounded soil and water conservation plan was explained. Johnson also gave a summary of the accomplishments of the Eldorado-Divide Soil Conservation District since its beginning.

Conservation crop rotation was explained by Gerald B. Hartgraves of the Soil Conservation Service. Hartgraves pointed out that different classes of land need a different crop rotation to treat them according to their needs to keep them productive.

Local Men Attend Val Verde Lamb Show

County Agent W. G. Godwin, John Williams and C. O. Bruton attended the Val Verde 4-H lamb show Saturday. Of especial interest to the local men was the registered Rambouillet show, which had sheep entered by a number of prominent breeders.

Mr. Bruton entered three rams fed by Bobby Rust. They won the reserve champion, second place group of two rams, and fourth and seventh in singles.

Fundamental Baptist Church Calls Pastor

Rev. Clarence Smith of San Angelo has accepted a call to become pastor of the Fundamental Baptist church, replacing Rev. Alvin Marsden, who has resigned.

Rev. Marsden plans to go to Japan as a missionary, and with his wife and baby is making a tour of the United States before leaving. His resignation was received by the local church last Sunday.

Rev. Smith has been pastor of the East Side Bible Baptist Church in San Angelo. He is well known to the local congregation, who have invited him to speak here several times.

Rev. Smith and his mother plan to move here soon, and will occupy the house vacated by the Marsdens.

Services Sunday

Special services will be held at the church Sunday. Luther Osborne of San Antonio, who has been in charge of a mission in Mexico, will be the speaker for the day. He will preach and will show films taken at his mission.

Sunday school is at 10:00, preaching service at 11:00 and the night service at 7:30.

Rev. Smith will be present to begin his new duties as pastor of the church.

Members are urged to be present and visitors are cordially invited to attend the services, to meet the new minister and hear the visiting missionary.

ATTEND REA MEETING

Ford Oglesby, Forrest Runge and Joe Edens, S-W Texas Electric Co-Op directors, and Don McCormick, manager, spent the day Monday at Merkel attending an REA meeting.

RAINS REPORTED

Rains reported in Schleicher county during the week end included over an inch at the Earl Cathey place, and about half an inch at the Mrs. F. B. Gunn ranch.

NUMBER 7

Eldorado-Junction To Meet On Neutral Court To Decide District Championship Sat.

The deciding basketball game for the championship of district 16-B will be held in Rooksprings Saturday night at 8:00, according to announcement made this week by officials at the local school. Eldorado and Junction, the winners of their respective halves of the district, have competed in two games during the past week, with each team winning one game.

The game will be played in Rooksprings because it is a neutral point.

Since the district winner must win two out of three games, the coming game Saturday night will decide the district championship. Admission of 50c and 25c will be charged, and all local fans are urged to attend and support the team.

District Games

In the first play-off game for the district championship, Eldorado and Junction played in the local gymnasium last Friday night. The Eldorado B team beat Junction 25-18, with Joe Ed Spencer making 7 points and Jack Mund making 6. The A team beat Junction 45-23, with Chester Biggs high point man with 20 points.

For the second play-off game, held Tuesday night in Junction, the Eldorado team was without the services of Chester Biggs, high-scoring man of the previous game, who was ill with mumps. Junction defeated Eldorado by five points, 37-32. Gerald Hicks and Bill Jones were high point men with 9 and 7 points respectively.

New License Plates Now Being Issued

Drivers of motor vehicles in Schleicher county are beginning to buy their 1950 license plates, and up to this morning about 50 had been issued. Some delay is occasioned, according to assessor's report, by failure of the owner to bring along his title and 1949 registration receipt. These are necessary for office records and the plates cannot be handed over the counter unless these figures are provided by the owners.

The new plates can be put on the car at any time, and must be on before April 1st.

If pipeline and other additional work in Schleicher county is still under way through March, an unusually large number of licenses will be issued here, as there are now many company and private vehicles in use here, all of which must have new license plates before April 1.

Public Library Open Three Days Weekly

Beginning this week, the Eldorado Public Library will be open three afternoons weekly instead of two, according to Miss Ruth Baker, librarian. Library hours will be from 1:00 to 5:00 on Tuesday, Friday and Saturday afternoons.

THOMPSONS TO MOVE

Mr. and Mrs. Jess Thompson have rented their large new residence to C. C. (Shorty) Henderson, who will move there with his family about March 1. Mr. Thompson has accepted the foremanship of the Jim and Grace O'Harrow ranch near Rankin and will move there soon. Their youngest daughter Mary will complete her senior year in the Eldorado high school, and will stay with her sister Mrs. B. L. Blakeway until graduation is over. Mr. Thompson plans to run stock of his own in addition to being foreman of the place. The couple have lived in this county most of their married life. The O'Harrow ranch is located in mountainous country near Rankin.

BUILDING REPAIRED

In preparation for the opening of his new furniture store in Eldorado, J. L. Ratliff is working on the building recently vacated by the West Texas Cafe, and states that he will be ready for business in a week or two. Workmen are painting and repairing the interior, and stock for the store will arrive as soon as the building is ready. This will be the first furniture store the city has had in a number of years.

PTA TO MEET

The PTA will meet the third Tuesday, Feb. 21, at the school. Mrs. S. D. Harper and Mrs. Payne Robinson will have charge of the Founders' Day program.

SCHLEICHER CO. MAKES LEASES ON SCHOOL LAND

Schleicher County, acting by and through its Commissioners' Court, has recently executed oil and gas leases on its school lands as follows:

Our ½ interest in Labors 25 and east ½ of 16, League 283, for a period of one year, bonus payment of \$10 per acre and an annual delay rental of 50 cents per acre. Total consideration \$1375.00.

Our full interest in Labors 4 and 5, League 283, for a period of ten years, bonus payment of \$10.00 per acre and delay rental at 50 cents per acre. Total consideration \$3542.40.

Our full interest in Labors 15 and west ½ of 16, League 283, for a period of 10 years, bonus payment of \$10.00 per acre and delay rental at 50 cents per acre. Total consideration \$2656.80.

Our ¼ interest in Labors 2, 3, 8 and 9, League 285 for a period of 10 years, bonus payment of \$25.00 per acre, and delay rentals at \$1.00 per acre. Total consideration \$8,856.00.

All of the above described lands containing a full mineral interest were recovered by the county in 1944 through foreclosure proceedings, wherein the County Judge and his successors in office act as trustee, this land being held up to the date of the above sale on account of the possibility of oil development in and around this land.

The policy of the Commissioners' Court in reserving one half the minerals when these lands were recovered and resold has paid off, as the permanent school fund of this county has been increased from \$3,000.00 on Jan. 1, 1939, to \$5,000.00 to date, including the above sales. These lands were originally sold for \$6.50 per acre with no mineral reservation.

SINGING SUNDAY

The regular community singing will be held Sunday afternoon at the memorial building from 2:00 to 4:00. Everyone is invited to attend.

School Board Elects Teachers & Awards Bids

Re-election of teachers, the awarding of bids for school furnishings, and the improvement of the football field were among subjects discussed when the school board met Monday afternoon and evening.

The two principals and two coaches were re-elected for the 1950-51 school year. They are Gordon Griggs, high school principal; Wyndell Hall, grade school principal; Ted Kirby, football coach; and Bud Hopkins, basketball coach.

Bids were awarded on several items for the school building project. Venetian blinds will be installed in the entire school plant, in both the new buildings and the present elementary school, by the Ventolite Company of San Angelo. This job was awarded on their low bid of \$2725, or 38c a square foot. The quoted price is for the complete job, including installation. These venetian blinds are of the highest quality throughout: the slats are manufactured of flexible aluminum, and top grade hardware will be used. Board members expressed themselves as being very well pleased with the bid, which was lower than they had expected.

A revised bid from the library division of the Remington Rand Company was accepted for high school library equipment. Remington Rand will completely furnish the high school library, including tables, chairs, shelving, card catalogues, newspaper files, checking desk, and other equipment.

The board voted to finance the building of a two-inch water line to the football field so that there will be enough pressure there to water the field and to use during any emergency. It was reported that J. E. Spencer, commissioner of precinct one, had put new topsoil on

Eldorado To Be Hosts To Firemen's Ass'n For August Meeting

Eldorado will be hosts to the Hill Country Firemen's Association for semi-annual meeting to be held in August, it was decided at the convention held Tuesday in Brady. The scheduled date for the coming meeting is the second Tuesday in August, which will be August 8.

Eldorado's entry won second place in the parade staged by the fire departments attending the convention.

In the hose races, Eldorado won a first, a second, and a third prize. W. F. Edmiston won the one-man hose race, and Elton McGinnes, Clifford Schooley and W. F. Edmiston won second place in the three-man hose race. The third prize for the six-man race was won by A. G. Clark, H. W. Scott, Elton McGinnes, Clifford Schooley, Bob McWhorter and W. F. Edmiston.

Those attending the convention from Eldorado were: Bob McWhorter, W. F. Edmiston, Mr. and Mrs. Roy Andrews, Tony Kerr, H. W. Scott, A. G. Clark, Mr. and Mrs. Clifford Schooley, Elton McGinnes, and Rev. and Mrs. Jim Hays.

Farmers, Ranchers Start Spring Work

Farmers and ranchers of Schleicher county are going through a between-season period, but will soon be out in full force on spring work.

A few ranchers are lambing, but only those with brush protection for young lambs. Farmers and ranchers had started on planting of spring oats when the recent rains and cooler weather stopped activities along that line; early planters find their oats already up to a good stand, but others have had to stop until another warm spell of weather provided favorable planting conditions.

DATES SET FOR FIRST BAPTIST REVIVAL

Dates for the spring revival at the First Baptist Church have been set for the week of April 16 to 23rd, inclusive. Preaching will be done by Rev. Milton Cunningham and music will be in charge of Bob Feather, both of Waco. These are the same men who led a meeting here a year ago.

The above dates are one week later than was originally planned.

SQUARE DANCE NOTICE

The square dance club will meet at the memorial building Friday night, Feb. 17, at 7:30.

Three Jobs Open; Applications Invited

Census Enumerators To Be Engaged For Schleicher County

Ralph Trolinger, district supervisor of the Bureau of Census, with offices in the post office building at San Angelo, was in Eldorado this week making plans for the Schleicher county census.

The first task in preparation for the census here will be the employment of three (3) enumerators. Mr. Trolinger left a handful of application blanks at the Success and those who may be interested in this work may secure an application blank at this office.

The applicant is required to fill out the blank in his own handwriting, in ink, and mail it to the San Angelo office in envelopes provided for that purpose. From the applications received three will be selected to take the census in Eldorado and Schleicher county.

Age limit for enumerators is from 21 to 65. Pay runs from \$7.50 to \$10.00 a day, the work being done on a "piece" basis. Duration of the job is from two to five weeks. Car mileage allowance is provided for enumerators who are obliged to use a car in their work.

The actual work of counting will begin on April 1st. Prior to that day a two-day school for enumerators will be held in San Angelo, and they will be given detailed instructions on how to carry out their work.

According to Mr. Trolinger, the city of Eldorado has been divided into two enumerator districts and the rest of the county has been divided on Justice precinct lines. Enumerators will be assigned to work one district at a time.

If you are interested in the job of census-taker you should fill out your application and mail it in without delay. Remember, the blanks are available at the Success office.

Junior Class Play To Be Presented Here Friday Night

"The Charming Intruder," a three-act comedy, will be presented by the junior class at the school auditorium tomorrow (Friday) night, directed by Miss Jewel Shelton, class sponsor. Curtain time is 7:47.

Admission will be 75c, 35c and 15c. An advance ticket sale is being conducted.

The cast includes: "Grandma" Little—Myrta Bob Harper

Martin Cunningham, the son-in-law—Glenn Biggs

Consuelo Cunningham, the daughter—Mary Sproul

Richard Cunningham, the son—Durwood Rutland

Priscilla (Sanderson) Cunningham, his second wife—Iretta Faye Mace

Hortense Smith, maid of all work at "Grandma's"—Ebba Jean Blaylock

John Harris, the handy man at "Grandma's"—Jack Mund

Bruce Bishop, Consuelo's fiancé—James Alexander

Mary Elizabeth Spilman, Consuelo's friend—Rita Ann Elder

Herbert Sanderson, Priscilla's father—Joe Ed Spencer

Loftin-Rudd Road Is Under Construction

County Commissioner Carroll White is supervising construction of a new calched road, connecting the Loftin road to the Rudd road. The road, which is about 2½ miles long, leads through the Dr. Womack and the Otto Williams pastures. The route of this road follows section lines, and straightens out the sharp turns which were in the old road.

The county is also improving the old Cheek road, by grading and calching it from the intersection with the Sonora Highway to a point two or three miles out.

South American Ex-Schleicherite Dies At Age of 60

The Associated Press reports the death of George Lohman, 60, fabulously wealthy cattle king, a former Schleicher county cowboy, Feb. 10, at Asuncion, Paraguay.

At the time of his death he was reported to have had 80,000 cattle on a ¼ million acres.

He left Eldorado with Tex Rickard, sports promoter, in 1912 on a South American trip and remarried there though Rickard returned to the states.

He was an employee of the late Will Davis while living in this county.

Edwin Childers has received delivery on a new Ford Tudor.

Johnson To Speak At Meeting Tonight At Methodist Church

The public is cordially invited to hear Rev. Ray Johnson, pastor of the First Methodist church in San Angelo, preach at a service to be held tonight at the local Methodist church, beginning at 7:00. The service is part of the two-day annual meeting of pastors in the San Angelo district now in progress at the church, with one layman from each church also having been invited.

Events scheduled for the pastors and laymen today included two study sessions in the afternoon, and the preaching service in the evening. Friday morning business will be conducted and two more study sessions will be held, followed by the closing dedication service at 11:30 a. m.

Soil Conservationist Gets Training In Local District

Harry C. Lawson, Jr., range conservationist, is temporarily stationed at Eldorado for training and experience before being permanently assigned to a Soil Conservation Service headquarters.

Lawson was reared in Bexar county and graduated from Texas A&M College with a major in Range Management. He served 3 years in the U. S. Army, part of the time in the Pacific.

He is rooming at the home of Mrs. Frances Mund.

Post Story Features Wealth Of Ozona

The Saturday Evening Post has been at a premium in Eldorado, as it probably is in other neighboring towns, because of a several-page spread on the city of Ozona, which is this week's lead story.

The story features the city's activities—its rodeos, square dances, and its mode of living. Especially interesting to Eldoradoans was the picture of a calf roping barbecue, with Jimmy Danford and Bubba Wade in the foreground.

The story is well written, and provides unusually good reading to residents of neighboring towns, such as Eldorado and Sonora.

FIRST VET LAND LOAN GOES TO PARKER MEN

The first Veterans' Land Poard loan has been made in Schleicher county. Pete and Glenn Parker have bought Section 202 from Mrs. Mary Davis Coupe, handling part of the transaction through the Veterans' Land Board. The land joins the Pete Parker farm.

J. H. Wagley bought a new Pontiac 4-door sedan from the Eldorado Motor Co., this week.

Give The Pecan Tree A Good Start

College Station.—The pecan tree you set out now can become a monument to you 50 years from now, that is, if you give it the start in life it needs. After transplanting, the pecan tree develops new roots very slowly and the top of the tree must be reduced in size to balance this root system, says J. E. Hutchison, associate extension horticulturist of Texas A. & M. College. This usually means removing about a third of the top growth of the transplanted seedling.

During the first growing season, a vital factor in the growth of the tree is plenty of moisture. The soil around the tree should never be allowed to become dry and if the season is dry, Hutchison recommends soaking the ground around the tree, to the full depth of the root system, once every two weeks.

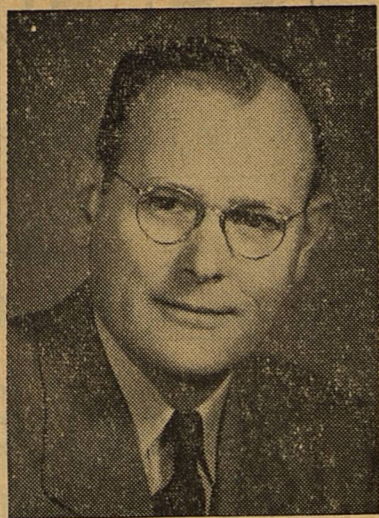

He says newly planted pecan trees that are making little growth are likely to sunscald at the ground line unless protected. He points out that it is best not to water during the heat of the day. The wet soil should be covered with dry soil or a straw mulch. A straw mulch helps to conserve moisture and also to cool the soil. Sunscald can also be prevented by loosely wrapping the lower part of the trunk with burlap or paper soon after transplanting.

Mrs. Dameron is a new employee at the Holcomb Clinic.

Mr. and Mrs. Billy Edmiston of Lovington, N. Mex. spent the week end here with the latter's parents, Mr. and Mrs. J. B. Montgomery.

A guest in the home of Mrs. Carson West during the past two weeks has been her mother, Mrs. G. R. Hannon of Sonora, who is improving after breaking a rib in a recent fall. She returned home Sunday.

Sales Manager

CLIFFORD RHODEN

Abilene.—Appointment of Clifford Rhoden, of San Angelo, as sales manager of the feed department of the Western Cottonoil Co., Southwest division, was announced here by W. A. Williams, vice president of the Western Cottonoil Co. in charge of the feed department.

Appointment of Rhoden further broadens the distribution, sales and sales promotion program of Paymaster Formula Feeds which are produced by Western Cottonoil Co.

High Per Acre Yields Made In Many Texas Counties During 1949

College Station.—You don't have to leave Texas to see corn and grain sorghum that will produce well over 100 bushels per acre or wheat that will run from 50 to more than 90 bushels per acre. Such yields were produced by a number of Texas farmers in 1949.

According to the reports from county agricultural agents, E. A. Miller, extension agronomist of Texas A. & M. College, says 16 counties reported that corn yields of 100 bushels or more per acre were made on one or more farms. These counties were Upshur, Franklin, Wood, Bailey, Hopkins, Houston, Henderson, Wise, Red River, Brazos, Shelby, Panola, Castro, Deaf Smith, Swisher and Hale. Individual cases of yields in excess of 90 bushels were reported from 20 counties and 41 other counties reported yields of 75 bushels or more per acre. Miller says these outstanding corn yields show what can be done when good seed and cultural practices are used and with favorable weather conditions.

He says most of the high yields were made on land that had been enriched with fertilized and inoculated legumes. County-wide corn production contests played a big part by stimulating more interest in higher yields. In Upshur county, four 4-H boys and three adults produced more than 100 bushels per acre. Lee Roy Bartlett, a 4-H boy, made 149 bushels to lead the list and the high adult demonstration was conducted by Roy Williford, 133 bushels per acre. These yields were made with corn hybrids on land that had been in lespedeza meadows for several years.

Six 4-H boys and one adult in Franklin county produced 100 bushels or more per acre. H. L. Bridges in Woody county reported a yield of 142 bushels per acre. The highest yield in the state comes from Bailey county in West Texas, a small test plot under irrigation, was figured at 162 bushels per acre. Miller says all of these outstanding yields were made with corn hybrids.

Grain sorghum yields were good too. In Swisher county, Weldon McClung, a 4-H boy, reported a yield of 130 bushels per acre. Schlab Brothers in Parmer came up with 125 bushels; Bill Cluttie in Deaf Smith county checked in with 107 bushels; Harold Shearheart, Castro county 102 bushels and Deb Turner of Hale county made an even 100 bushels per acre. All of these yields were made under irrigation. Four of these counties also reported corn yields of 100 bushels or more per acre and it too was produced under irrigation.

The highest reported wheat yield ever made in Texas, says Miller, came from Deaf Smith county. John Paetzold checked in with 92.5 bushels per acre on a two acre irrigated plot. Jack Renfro and Gus Schlab in the same county reported yields of 60.5 and 52 bushels per acre respectively. E. M. Carter, Sale county with 60 bushels; Raymond Barth, Dallam county with 57; Jay Boston and the Hunter Brothers in Castro county with 56 and W. T. Bailey of Bailey county with 55 bushels per acre were farmers who reported unusually good per acre yields on wheat. Miller says many other wheat farmers made yields of 40 bushels or more per acre which is considered very good wheat in any state.

In conclusion, Miller says 1949 production records were outstanding, however new and improved varieties, better cultural methods, management, the use of legumes and fertilizers and irrigation may see new high marks set almost annually.

Mr. and Mrs. Ralph McMillan have returned from a week end visit in Winters with the former's brother and his wife, Mr. and Mrs. T. A. McMillan, and his nephew and his wife, Mr. and Mrs. L. O. McMillan.

Fishing Regulations Reviewed For Texans

The Executive Secretary suggests it is that time of the year again for Texans—when they checkup on any new state laws. The statewide fish license law has been in effect since late last summer but it might stand a refresher by sportsmen.

Its primary purpose is to provide one master license for fishermen at a cost of \$1.65, thus doing away with the various special county licenses. One conspicuous provision is to permit Texans to fish free in their home counties, providing they do not use artificial bait, and to permit them to fish without license in counties adjacent to their own home counties, providing they do not use either artificial bait or live bait.

Game Storage

The Executive Secretary suggested that sportsmen check their food lockers containing game. He pointed out that the 90-day federal limit for storing migratory birds, as applied to mourning doves, expired February 12, but that the 90-day deadline for ducks and geese is not due until April 7. There is no state limit to storing deer, wild turkey or quail, but locker plants are required by law to keep a record of persons keeping game in storage.

Bass Fry Available

The Chief Aquatic Biologist urges Texans interested in obtaining bass fry this spring to promptly write the Commission. They will be sent cards for filling out as a basis for making their formal requests and for delivery of the fry.

It is pointed out that the public waters of the state receive approximately ninety per cent of the fry and that the remaining ten per cent is consigned to private lakes, streams and ponds so that fishing facilities are extended to the maximum degree. The ten per cent allotted to private waters is not intended for recently stocked places.

WEDNESDAY BRIDGE CLUB

Mrs. Pat Finley entertained the Wednesday Bridge Club last week. Mrs. Jimmie West won high and Mrs. Charlie Trigg won the bingo. A salad plate was served to fourteen members, Mrs. H. T. Finley was a tea guest.

42 CLUB MEETS WITH MRS. ARTHUR MUND

The Merry Makers 42 Club met last Thursday afternoon, with Mrs. Arthur Mund as hostess. There were nine members and three guests, Mrs. Bert Page, Mrs. R. A. King, and Mrs. L. D. Ochsner, present. A salad plate was served, and the Valentine motif was carried out in decorations and refreshments.

Social Security Card Applications On Hand At Local Post Office

"During the last three months, 130 persons needlessly wrote letters to our office for applications for social security cards," stated George Clark, manager of the San Angelo social security field office. "These persons were evidently unaware that an application blank could have been obtained right from their home town post office. The post offices, as a service to the people, carry these blanks and are ready and willing to hand them out to all who ask for them."

"By obtaining this application at the post office," Clark continued, "the individual can save himself wasted effort and loss of time, since there is no need to write a letter asking for one. As soon as the completed application is mailed to us, we will issue a social security card. Doing this will save the person two or three days in getting his card, and now with most employers insisting on the worker showing his social security card before being employed, it may also save time in getting started on a new job."

"All completed application blanks," Clark concluded, "should be mailed to the Social Security Administration, Federal Building, San Angelo, Texas."

KOYS IN NEW MEXICO

Gene Koy, in sending the Success his new address, writes that the weather in Roswell, N. M. has been just like spring the past two weeks, and sends regards to all his Eldorado friends.

Mrs. A. R. Parker was among old friends who attended the funeral of Sam Harkey in Mertzson last week.

Mr. and Mrs. Howard Belcher spent the day Sunday at Abilene with Mrs. Geneva Johnson who has been on the sick list.

Mr. and Mrs. A. J. Roach have returned from a several-day visit with friends and relatives in their old home neighborhoods. They visited at Gatesville where Mrs. Roach was born and reared, and on their way stopped at Starr to visit Mrs. Roach's 93-year-old aunt. They state that they enjoyed their visit but that heavy rains fell all of the time they were away from home. They accompanied their son Eldred who visited his daughters in Houston and attended the rodeo. All returned home Sunday.

Mrs. Myrtle Williams drove to Baylor recently and brought home her daughter Betty Sue, and also Jane Mund, who spent the week end here.

Dorr Scherz of Sonora has been spending several days here with his grandparents, Mr. and Mrs. L. D. Ochsner, while the baby's mother, Mrs. Harold Scherz, has been on the sick list.

Week end guests in the Sam Oglesby home were Mr. Oglesby's parents, Mr. and Mrs. S. M. Oglesby of Mertzson, and Mrs. Oglesby's brother and sister-in-law, Mr. and Mrs. W. M. Holland of San Angelo.

Battle With John L. Lewis Occupies Time Of Administration

By Congressman O. C. Fisher
While major legislation lagged, the hydrogen bomb and the coal strike claimed the headlines in Washington last week. Old John L. was at it again. After dilly-dallying along with slow-downs, walk-outs and three-day weeks for several months in order that the nation's surplus of coal could dwindle, Lewis decided the cupboard was about bare and the time ripe for the new heavy blow.

Observers say he may have had several motives behind his strategy. First, his lust for personal power; second, his hatred for Pres. Truman, who put him in his place a couple of years ago by using the Taft-Hartley Act when Lewis defied an injunction and the sovereignty of the United States government. Thirdly, his pretended concern over what he claimed in a letter to Mr. Truman was inadequate wages for his miners.

The latter is not believed to be of importance to Lewis, since the mine worker is the highest paid of any major group in the country, according to the Bureau of Labor Statistics. The average income of a miner—part-time and full-time—was \$3774 two years ago. And there has been an increase since then.

For several months President Truman has refused to admit what was generally known, that the fast disappearing coal supplies created a national emergency. Now he is faced with a dilemma: if Lewis' maneuvering has made the Taft-Hartley law ineffective, then the President may have to face the politically explosive choice of asking Congress for a stronger law to cope with the situation.

So, if the strike goes on the Nation will pay the price in suffering. If it happens, it should cause the President to see the light. It may be enough to convince him at last that laws, stronger laws, are needed to strip from union leaders like Mr. Lewis the power to run roughshod over the public interest in furtherance of their own unjust and reckless aims.

Mr. P. H. Walser of the Soil Conservation Service in Texas dropped in to see us the other day. He said there are now 18 soil conservation districts in our congressional district. Out of a total of 17,465 farms and ranches, 4,174 now have active conservation plans in operation. Most of the others have plans pending. Mr. Walser estimates that by the end of the next fiscal year there will be only seven or eight Texas counties not in organized soil conservation districts.

Mr. and Mrs. J. H. Bowder of Memphis, Tenn., and Ben Hutto, also of that city, have been visiting Mrs. Bowder's mother and Mr. Hutto's aunt, Mrs. C. C. West, and other relatives here.

Week end guests in the home of Mr. and Mrs. B. E. Moore were Mr. and Mrs. John Michalski of College Station, Mr. and Mrs. J. T. Mounts and two children of McCamey and W. R. Lewis of Brownwood. Mrs. Michalski is a daughter of the Moores, Mrs. Mounts is Mrs. Moore's niece and Mr. Lewis is Mrs. Moore's brother.

"THE BROTHERHOOD OF MAN under the Fatherhood of God is our only guarantee of the preservation of the blessings of Democracy," Governor Allan Shivers says in an official memorandum designating February 19-26 as Brotherhood Week in Texas. Governor Shivers, far right, issued the memorandum at the request of Protestant, Catholic and Jewish leaders. Shown with the Governor from left to right are W. F. McNamara, Joe C. Carrington and Dr. H. J. Ettlinger, Austin leaders of the National Conference of Christians and Jews, sponsors of the 17th annual national observance of Brotherhood Week. In issuing the call to observe Brotherhood Week Governor Shivers urged all to rededicate themselves to that principle of our government that recognizes "the dignity and worth of every citizen" and guarantees these rights through the Declaration of Independence and the Bill of Rights.

News of the Sick

Gay Nell Dickens, daughter of Mr. and Mrs. Buster Dickens, has been ill with pneumonia but is improving.

Judy Hext, daughter of Mr. and Mrs. Jack Hext, was quite ill last week in San Angelo.

E. L. Smith, an oil field worker staying at the home of Mrs. A. K. Bailey, has had flu.

Jerry Dan, son of Mr. and Mrs. E. W. Perry, has missed school ten days because of a virus infection.

Mrs. H. F. Webb has been on the sick list.

Mrs. Ray Alexander is ill with mumps.

Ralph Fowler has been ill this week.

G. C. Joiner of San Angelo spent Saturday night and Sunday morning with Ray Boyer and family.

Jack Ratliff and family visited the Vernon Ratliffs in Ozona Sunday.

J. L. Ratliff spent Sunday in San Angelo with his daughter, Mrs. Curtis Smith and family.

Mrs. Mabel Parker and Mrs. E. H. Topliffe and children visited Mrs. Parker's mother and other relatives in Robert Lee Sunday.

Mr. and Mrs. W. W. Newlin and son Danny of Austin spent the week end with relatives in Schleicher county.

Mrs. John Deaton of Comstock has been on the sick list, and her daughter, Mrs. L. T. Wilson, has returned this week from a visit with her. Mrs. Wilson accompanied Mrs. L. T. Wilson, and Corrinne and Lewis Wilson, who returned home Sunday.

RODEO TEAMS TO MEET AT SUL ROSS, ALPINE.

Twenty-nine colleges and universities representing ten western states are scheduled to send rodeo teams to the Second Annual Sul Ross Inter-Collegiate Rodeo to be staged at Sul Ross State College on March 9, 10 and 11. The four big performances will be given on Jackson Field on Thursday, Friday and Saturday nights and Saturday afternoon. Appropriate rodeo prizes amounting to several hundred dollars will be offered the contestants.

Charles Jurecek of Eola, Lilly and Charles Jurecek of Garden City, and the Nick Jurecek family and Oreltha Powell of Eldorado were fishing Sunday at Buchanan Dam.

Mr. and Mrs. Alvis Waldrip of Melvin visited relatives here over the week end. On Sunday, the Waldrips, Mrs. A. E. Kent and Mrs. Truett Stanford visited in Monahans, returning Monday.

Edgar Sauer went to San Antonio this week for a checkup at Brooks General Hospital.

Rev. Clarence Smith and his mother, J. E. Strain, Mrs. Hook and daughter Betty, and Virgil Farris, all of San Angelo, and Mr. and Mrs. Alvin Farris, were Sunday dinner guests in the Marvin Logan home.

Guests Sunday in the home of Mr. and Mrs. Forrest Runge were Mr. and Mrs. Ernest Cooper of San Angelo, Mrs. Tom Atwood and Nancy Salmon of San Angelo, and Carolyn Ratliff and Curtis Stockton Jr. of Eldorado. All were served a picnic dinner on the Runge place.

Nearly Same Portion Of Texas Tax Dollar Expended On Schools

Austin.—Texas' rapidly growing public school system is costing only one-twelfth more of every tax PENNY than the total expended ten years ago.

The surprisingly small increase in apportionment of the total tax dollar in the decade starting with the 1939-40 school year is due to several factors, Charles H. Tennyson, director of public relations of the Texas State Teachers Association, pointed out here recently.

The total government cost for all purposes has increased tremendously in the decade, Tennyson noted, but said that the percentage of total government cost for public schools jumped only from 30.31 percent in 1939-40 to 30.43 percent for the present school year.

Public schools this year will cost an estimated total of \$155,213,552 in revenue derived from state and federal funds. The total cost of all governmental services including education is estimated at \$510,000,000. During 1939-40, which was the last normal year prior to World War II, Texas had 1,073,847 children attending school. This year there are, preliminary reports show 1,181,103, an increase of 107,256 pupils.

"That huge added enrollment, plus better school facilities and more capable teachers, account for a great part of the added cost of operating our schools," Tennyson said. "In addition the dollar of today has a 1939 purchasing value of 59 cents."

"Texans indicated their desire for better schools when they approved the Gilmer-Aiken bills which re-organized our school system and set higher standards, but I am pleased that the increased cost takes so little more of the total tax dollar than it did ten years ago."

"The most important factors in this seem to be, our statistical reports disclose, first, that the number of pupils attending school and the number of teachers declined from 1939-40 to 1947-48. As a result, the total cost of public schools did not increase as rapidly as other government services."

"Secondly, the state has expanded services of other kinds to its citizens more rapidly than the public school program has been expanded."

"By 1948-49 the pupil attendance and the number of teachers had passed the pre-war level of 1939-40, yet the proportionate part of total government expense was not going to the schools. In fact, the position of the schools on the tax dollar scale declined from 30.31 percent to 27.49 percent."

"But to sum it up, Texans now has a vastly improved school system, which makes for better citizens and a more prosperous state, at a total increase in cost of only a little more than one mill, a twelfth part of every tax penny. That amounts to a twelfth part of the cost of the average cigarette."

Mr. and Mrs. Gordon Griggs and C. F. Jones attended a Mid-Texas teachers' meeting at Coleman Monday night.

Mrs. John Rodgers and Ann have returned from a visit in Ft. Worth with Mrs. Rodgers' mother and sister.

Virge Tisdale sold an Aberdeen-Angus bull calf to T. L. Whitley of Barksdale and one to Tobe Whitley of Montel.

Mrs. Zella Gaynor, who has been visiting her son, Stanley Gaynor and family here for several weeks, has gone to Shreveport, La., to visit another son.

Mr. and Mrs. Luke Thompson of Lubbock spent the week end here with his mother, Mrs. Luke Thompson and his sister, Mrs. E. C. Peters and family.

Personal News Items

Ray Jones has sold his rent house across the street from his own residence to Mr. and Mrs. W. A. Schuller.

Arthur Montgomery, who moved some time ago to Van Horn, where he is employed as a highway patrolman, has sold his Eldorado residence in the east part of town to Slick Nolen, who will move there in about a month with his family. The deal includes furniture also.

James Williams returned Friday from a business trip to Dallas.

Mr. and Mrs. Freeman Yardley and Frieda visited last week in Paint Rock, where they were joined by Mrs. Yardley's parents, Mr. and Mrs. W. C. Haynes of Stephenville.

Mr. and Mrs. Sam Oglesby left at noon today, Thursday, for College Station, to visit their son and daughter-in-law, Mr. and Mrs. Bobby Oglesby.

Now is the time to get the farm tractor in shape for the busy days ahead.

"Eldorado" Day Named At Stock Show In San Angelo

Saturday, March 4, has been designated as "Eldorado" Day at San Angelo's 1950 Fat Stock Show and Rodeo, scheduled for March 2 through 5.

Already breaking all previous records for the number of livestock entries in its show division, the 17th annual event is expected to be the largest in San Angelo's history. It is also the first year that cities and towns in West Texas have been honored with a special day at the rodeo.

Some 2,000 entries have been entered in the livestock division, Pat H. Jackson, general chairman for the show, announced last week. This compares with some 1,250 entered in the 1949 show.

The rodeo will be staged by Everett Colborn, world famous producer from Dublin, Texas. Performances will be held at 2 p. m. daily.

Several nationally known trick and fancy riders will perform along with the Curtiss Six Pony Hitch, a fast-stepping exhibition of teamwork. Byron and Lee Hendricks, the flying twins, will also perform their Roman riding act without strapping their horses together.

A downtown parade will proceed the first performance of the rodeo on Thursday. In the show division, judging will begin on opening day with the Fat Lamb Show, the Fat Pig Show and Hereford Cattle.

On Friday, March 3, the Fat Steer Show, Breeding Sheep Show, and Aberdeen Angus Cattle Show will be judged. The Boys' Fat Stock Sale will be held Saturday morning at 9:30 a. m.

A parade of champions will proceed the performance of the rodeo on Saturday and Sunday, March 4 and 5.

Tickets for the rodeo are \$60 for a box of six for four performances. Reserved seats in the grandstand are \$2.50; bleacher seats, \$2.00. Tickets may be obtained by writing the San Angelo Fat Stock Show and Rodeo, Box 712, San Angelo, Texas.

LEAVE your car here for a good washing and greasing. Phone 22101 and we'll set the time for delivery.—Shaw's Gulf.

FRANK MEADOR TEST IS DRILLING AHEAD

The first drillstem test in the Abercrombie no. 1 E. M. Wahlenmaier and Frank Meador wildcat was taken Tuesday night after drilling had continued through Pennsylvania lime 52 feet, and then 41 feet in Ellenburger.

The top of the Ellenburger was encountered at 7579 and at 7620 the drillstem test was made.

The test recovered 35 feet of drilling mud, with no oil. Drilling has proceeded steadily since then, toward contract depth of 8500.

The wildcat is 11 miles northwest of Eldorado.

Wahlenmaier and Morgan Aikman and Co. no. 1 Pat and Wren Jackson, in northeast Schleicher, is drilling ahead and nearing depth of 4800.

IT'S planting time! We can supply you with trees or shrubbery you need. Also see us for cut flowers and pot plants. New shipment pansy plants.—Eldorado Flower Shop.

MRS. McCOY'S FATHER BURIED IN BROWNWOOD

Mrs. Jake McCoy and family attended funeral services in Brownwood over the week end for her father, Sam Holloway, who died in a Brownwood hospital Saturday morning at 6:00.

Birthday Party

Mrs. Joe Wagley entertained last Friday afternoon at the memorial building honoring her son, Jody, who was two years old, and her daughter, Jan, who was one year old. There were 26 children and 17 mothers present.

The valentine theme was carried out in decorations and refreshments. Ice cream, a valentine birthday cake, and mints were served, and balloons and whistles were given as favors.

REA MAGAZINE ARTICLE CITED BY MCCORMICK

Southwest Texas Electric Coop Manager Don McCormick calls special attention to an article in the February issue of Rural Electrification Magazine, entitled "Death Stalks in Faulty Wiring."

Pointing out the value of electricity as an agency for general home use, the author calls attention to the need of regular inspection, and care in its use, in order that accidents may be prevented.

The author states that the owner has his premises inspected at the time the juice is turned on for the first time, not realizing that the appliances accumulate over the years, thus overloading a system that was not intended to carry such a heavy load; the result, overheated wires.

The article carries a picture of a row of prize cattle which met their death when they took a drink of water pumped by a new electric pump which had not been grounded.

MEN HAVE PROGRAM FOR OES MEETING

The men were in charge of the program and the refreshments when the Order of the Eastern Star met Monday night for the regular monthly meeting.

R. J. Alexander was program chairman. The men, who were dressed in women's clothes, gave a humorous version of an OES meeting.

Palmer West, W. G. Godwin and W. T. Whitten were on the refreshment committee. They served cookies, punch and coffee.

JONES BUYS STATION

Noel Jones, resident of the county more than twelve years, has bought the former Cooper Station and is operating it as Jones Magnolia Station.

Mr. Jones and his family lived on a ranch until about four years ago, when they moved to Eldorado, and since that time Mr. Jones has been employed in filling stations here. He took over operation of the business this week.

SLAM BRIDGE CLUB HAS SUPPER, PARTY

Mr. and Mrs. Patton Enochs entertained members of the Slam Bridge Club and their husbands Wednesday night in their home with supper and games of bridge. There were 16 present.

Mr. and Mrs. Jack Hext won high, and Mrs. Jack Jones and A. G. McCormack won bingo.

DAVIDSONS ENTERTAIN

Mr. and Mrs. Bud Davidson were hosts at a covered dish luncheon Sunday noon, with the Training Union as guests. During the afternoon the group gave a program and made plans for future activities.

The 1949 Texas cotton crop was the largest ever produced in the state—5,900,000 bales. The per acre yield was the best since 1894—264 pounds per acre.

REGULAR care and regular servicing with Gulf products will prolong the life of your car. For better service try Shaw's Gulf Station.

Census Will Secure Much Information On Farmers, Ranchers

The 1950 farm census will provide much information about operators, states W. G. Godwin, who has received literature on the taking of the rural census.

Not only will the 1950 census of agriculture, conducted during April in Schleicher county, obtain information about farm and ranch production, but it will also provide information about the age of farm operators and the number of hours worked on last week's farm or ranch chores.

The 1950 census of agriculture which will be taken in April, and for which farmers and ranchers supply figures, will be confidential and cannot be used for taxation, investigation and regulation.

Briefly here are some of the subjects covered in the census:

The value of farm and ranch buildings.

Selling price of land and buildings.

Data on farm and ranch size.

Change in size of farm or ranch.

Information on part-time farmers and ranchers.

All crops in the county as well as inquiries on livestock, livestock products, poultry, poultry production, and dairy products.

Value of vegetables grown in the county.

Number of fruit trees and production as well as berries.

Number of pecan trees.

Number of livestock on the farm or ranch.

Number of cattle, hogs or lambs slaughtered for home consumption.

Sale of dairy products.

Number of poultry on farm.

Number of horses, mules and tractors on the farm.

Progress of mechanization on the farm.

Questions on farm electricity such as pumps, water heaters and the average bill for service.

Amount of cash to operate the farm.

Amount paid hired hands.

Amount spent for feed for livestock.

Expenditures on motor oil and fuel.

Expenditures on seed, bulbs and plants.

Farm mortgage debt.

Real estate taxes (paid or levied).

The above will be broken down into 13 different sections. Produc-

ers will supply the answers in the appropriate space provided in the questionnaire.

The Girl Scouts met at the Scout Hall Saturday afternoon at 4:00, for a Valentine party given by Jeanette Wheeler. The girls sanded a table which they expect to paint for use in the Girl Scout hut, and played games. Present were Jimmie Dell Williams, Sue Kinser, Thomasine Jones, Charlene Logan, Ann Ballew, Dale West, Mary Tisdale, Doris Dickens, and Ellen Wheeler.

ANIMAL HEALTH PHARMACY

Austin.—Better pharmaceutical service for veterinarians and livestockmen is the goal of a new course to be offered next September by the University of Texas College of Pharmacy.

The senior elective course, "Animal Health Pharmacy," will give students background in the pharmacology of veterinary drugs used in the care and treatment of domestic animals.

Students will learn the veterinarian's specialized needs, animal health products and their therapeutic uses, and veterinary health appliances.

Mr. and Mrs. Tom Jones, Mrs. Jess Walston and Mr. and Mrs. Edwin Jackson and son Edwin Martin have returned from Bertram where they attended the funeral of Mrs. Jackson's father, E. S. Barnett.

Don't let these balmy days fool you. There may be cold weather ahead and we'd like to sell you those winter driving accessories. —Shaw's Gulf.

Bill Sproul was an Eldorado visitor Tuesday. Bill, who moved to Menard a few years ago, remarked on the many new names appearing in the news columns of the Eldorado Success.

Eggs are an excellent protein food. They are rich in vitamins A and D and also contain vitamin E. They supply iron and phosphorus. Both are needed to build strong teeth and bones.

Younger Students To Have Their Own Declamation Contest

Students of the sixth, seventh and eighth grades are preparing entries this month for a sub-junior declamation contest, judging for which will be held the middle of March.

Since students in these grades are not eligible to enter Interscholastic League competition, the interschool contest is designed to give them practice in speaking in public. A loving cup will be presented to the winner of the boys' division and the girls' division, and medals will be presented to the second and third place winners of both divisions.

The contest is being held under the supervision of Grade Principal Wyndell Hall. Miss Knowla Stewart has charge of the eighth grade contestants, C. F. Jones the seventh grade, and Mrs. Gordon Griggs the sixth. All of the students in each grade are learning a poem as part of their reading classes, and the best two boys and two girls in each grade will be chosen to enter the finals.

Rules for the declamation contest will be the same as those for Interscholastic competition. The maximum length is 5½ minutes, and there is no minimum length. Only poems may be used.

Finals for the contest will be held about the middle of March. It is planned to have a program at night in the school auditorium, to which the public will be invited, during which the contestants will recite their poems and awards will be made. C. F. Jones will present one number by his hand students.

In addition to giving the students training in speaking in public, school officials hope to stimulate interest in the Interscholastic work

IT'S planting time! We can supply you with trees or shrubbery you need. Also see us for cut flowers and pot plants. New shipment pansy plants. —Eldorado Flower Shop.

Johnny Hawkins drove to San Angelo Wednesday morning and met his sister, Mrs. Roy Glenn Stone, who is visiting in the state and in Eldorado for the first time. Mrs. Stone, who lives in Lichfield, Ill., accompanied her husband to Hot Springs, Ark., and came on by bus to San Angelo. She expects to spend several days with the Hawkins family.

JONES MAGNOLIA STATION

(former Cooper Station)

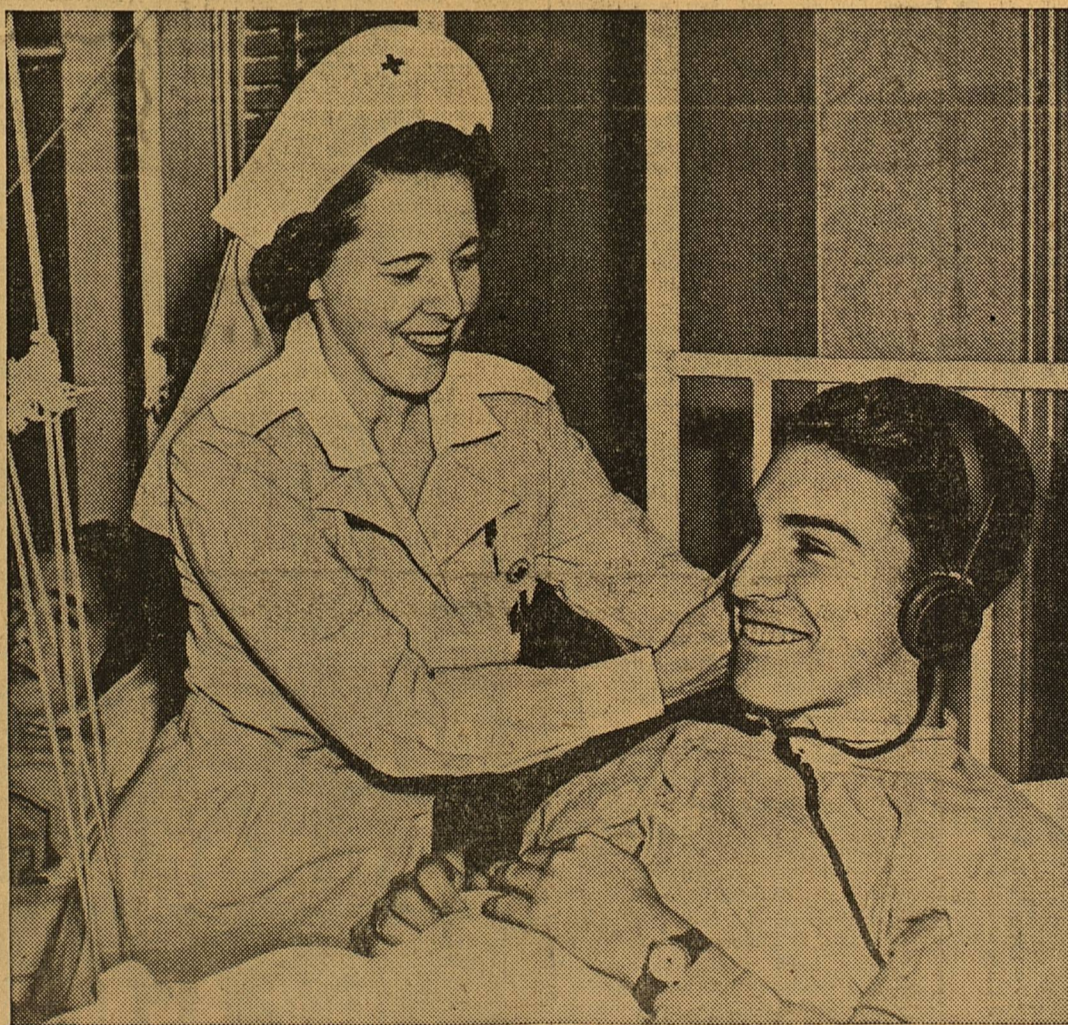

Located South of Woolen Mill

As new proprietors of this station we welcome you as old or new customers and earnestly solicit your patronage.

We'll fix flats, wash and grease your car, sell you your Magnolia products, Mobil tires, tubes and accessories.

We appreciate your business.

Noel Jones

Money can't buy a laugh like this... but it helps!

The important thing is—the outside world remembers. Your way of saying this is through the Red Cross worker who every day visits military as well as veterans' hospitals throughout the country.

The Red Cross provides the magic that makes the best of medical care even more effective—a friendly face, a pleasant word, a new book to read.

These are little things, yes, but mighty big things, too—especially when you've been in a hospital for five years, as many have. Money alone can't buy the cheering effect of a Red Cross worker's visit. But money does help to make this visit possible.

During the next 365 days, your Red Cross contribution says, "Thanks for the job you did—I haven't forgotten."

You, too, can help through Your RED CROSS **GIVE NOW!**

Cut Cotton Costs By Planting Delinted Seed

Cutting the costs of producing cotton in 1950 is one way that cotton farmers can increase their income from growing cotton and that is a mighty important consideration. Lower selling prices and continued high fixed production costs have started farmers searching for ways to cut costs and Fred C. Elliott, extension cotton work specialist of Texas A&M College, says planting delinted cottonseed is a money saver.

He says many gin communities have installed the necessary equipment and are performing this service on a community basis and he cites the work done in Childress county as an outstanding example. Farmers in Childress county estimate their savings at more than \$2.38 per acre and here is how they figure it.

One bushel of delinted seed will plant 3 1/2 acres while a bushel of fuzzy seed will plant up to two acres. The delinted seed can be planted with a 5 hole corn plate rather than the regular cotton plate and this gives an even spacing of the seed and saves many hours of hand hoeing or chopping. On a 100 acres, Elliott says, 50 bushels or more of fuzzy seed are required for the planting operation against 27 bushels of delinted seed.

At \$3.50 per bushel, the 27 bushels cost \$94.50. Delinting costs and seed treatment bring the total to \$106.16. The fuzzy seed will cost \$175. Then add a conservative \$10 for loss of time for stopping to refill the old type planter box and another \$150 for a necessary extra chopping and thinning and the total is \$325. Subtract and you have a difference of \$228.24 in favor of the delinted seed on the 100 acres. Elliott says that is what the farmers in Childress county figure they saved last year on a 100 acres of cotton by planting mechanically delinted and treated cottonseed.

Mr. and Mrs. Riley Mitchell and daughter of San Angelo visited Mr. and Mrs. Deward Awalt Sunday.

News From Our Neighbors

Water Works Completed
The new water works for the City of Menard has been completed. In fact it started operating Tuesday of this week. Mayor John Winslow states that "As soon as we get all the grounds clean, we are going to hold open house." This is a project the whole city should be proud of. It is the best money can buy. —Menard News.

Ozona Bonds Passed
One of the most hotly contested elections in Crockett County history was decided by a five-vote margin Tuesday when voters approved by that margin a park bond issue of \$85,000 for the purpose of building a swimming pool and recreation center on water works hill. —Ozona Stockman.

Street Marking Begins
Work on putting up posts for street markers was started the first of the week by the Junior Chamber of Commerce under supervision of Pete Jacoby, president.

After the posts are installed, probably next week sometime, street name plates will be put on and house numbers will be put up. The project proposed last fall includes the installation of cross arms signs at the corners of about 400 blocks in the city and the numbering of more than 800 houses.

Popular because of its wide civic benefits, the project has been given assistance by other organizations and individuals, but weight of the responsibility is being carried by the Jaycees under the leadership of Jacoby and the immediate past president, Julius Murr. —Junction Eagle.

Road Work Planned
Seal coat topping of 10.3 miles of Highway 27 between Ingram and Mt. Home and 14.1 on Highway 41 in Edwards Co. between Rocksprings and Del Rio is included in the 1950 asphalt program of the State Highway Department.

The topping on the Kerrville road will cost \$12,500. Work orders

have also been received on another strip of Kerr County road, 11.2 miles between Mt. Home and the intersection of Highway 83, extending from the Real County line to a point 12 miles west of Mt. Home, to cost \$13,000. —Junction Eagle.

Road Contract to Be Let
The final gap in U. S. Highway 285—from Fort Stockton southeast 18.9 miles—is scheduled for letting Feb. 15 in Austin as a part of the February program.

The Sanderson end of the highway already has been let, with more than half already completed in the center of the route between the two towns. Construction on the Pecos county project will be under supervision of the Fort Stockton office under Resident Engineer W. W. Grief.

Ten contractors already have inspected the route of the construction and have indicated interest in the project. —Ft. Stockton Pioneer.

Ozona Burglaries
Three business places in Ozona were burglarized Sunday night with losses ranging from a few dollars to \$64 taken from one establishment.

Biggest loser in the night of prowling was the Miller Firestone Service Station, where the burglars took \$64 from the cash register. A few dollars in cash and an undetermined amount of merchandise was taken from the Foxworth-Galbraith Lumber Company, and the Ozona Boot and Saddlery. A leather billfold and belt buckle set were missing at the saddle shop in addition to a small amount of change left in the cash register. —Ozona Stockman.

Ozona Gets Boost
Ozona receives nationwide attention in this week's issue of the Saturday Evening Post.

Harold H. Martin writes of Ozona and Crockett county in an article entitled "Millionaires Town" Photographs and word pictures of persons and places familiar to all West Texans make up the story wound around oil and ranch wealth. —San Angelo Standard.

Sonora Seniors Plan Trip
In an assembly Monday the senior class of Sonora high school discussed plans for their trip in May. After much discussion, it was decided to go to Galveston this year rather than Denver, which was the other place under consideration. —Devils River News.

New Baptist Church
Prospects look promising for work to start soon on the Big Lake First Baptist Church's proposed building. Before a crowded auditorium at the morning services last Sunday, Gordon E. Roach, spokesman for the building committee, presented plans for a campaign to raise funds to augment those on hand so that the construction on the building, once started, would not be suspended for lack of money. Mr. Roach stated that the building will cost approximately \$72,000, of which more than one-third is on hand. He explained that if another third is raised, the remainder could be secured on a long-time loan. —Big Lake Wildcat.

Auction Brings Over \$2600
A little more than \$2,617 was paid in at the auction—\$2500 had been the maximum hoped for—under the skillful, witty, enlivening auctioneering of Nelson Johnson, of San Angelo, justly famous as the leading man in his line in West Texas.

Of this amount, slightly more than 2 thousand dollars is earmarked for the county's March of Dimes quota. Most of the remainder will go into the Eden Community Chest, which is now pretty well depleted. —Eden Echo.

Bridge Contracts Let
Contracts will be let Tuesday, Feb. 14 for the three bridges on the Robert Lee-Edith highway. A 150-foot bridge across Mess Box creek, 3,225-foot bridge across Paint creek and a 590-foot bridge across the Colorado river will be built in the seven-mile stretch between Robert Lee and Edith. When completed, an all-paved highway will be a reality between Robert Lee and Sterling City. Most people in the county think that completion of this highway will be a great help to business as it will provide a new route through this section to such points as Odessa and Midland on the west and Ballinger and Brownwood on the east. Much traffic which now travels U. S. Highway 80, to the north, is expected to travel the new route. —Bronte Enterprise.

Marshall Bailey of Midland spent the week end with his mother, Mrs. A. K. Bailey, who has been ill.

Mr. and Mrs. Robert McElroy and two daughters of Chicago have moved to Texas, and expect to locate in San Angelo. They are visiting for several days with Mrs. McElroy's parents, Mr. and Mrs. Ben Biggs. Mrs. McElroy is the former Earline Biggs.

Mr. and Mrs. Joe Stucke of Eden visited Sunday with his sister, Mrs. Ben Biggs and family.

Miss Lanelle West of San Saba spent from Friday to Monday with her sister, Mrs. Owen Fry.

Mr. and Mrs. H. T. Allmond and baby of Odessa visited Tuesday with Mrs. Allmond's parents, Mr. and Mrs. Buster Dickens.

Mr. and Mrs. C. C. Henderson and Jerry spent Saturday in Ballinger. Jerry remained for an overnight visit. Dickie and Virginia Cope brought her home Sunday and spent the day here.

Mrs. Ray Hudgens went to Midland Friday to visit Mr. and Mrs. W. L. Homan. Mr. Hudgens joined them Saturday, and they returned home Sunday.

Floyd Isaacs, who is working at Camp Hood, spent the week end with his grandparents, Mr. and Mrs. Will Isaacs.

Mr. and Mrs. Billy Galbreath and two daughters of Sonora visited his parents, Mr. and Mrs. Leslie Galbreath, Sunday.

Mr. and Mrs. Bob Bradley of Lubbock spent the week end here.

Those visiting Sunday with Carl Sutton of Menard, who is in a San Angelo hospital, were C. A. Graves and Mr. and Mrs. W. H. Graves.

Mr. and Mrs. Earl Cathey visited in Menard Sunday with Mrs. Cathey's parents, Mr. and Mrs. Albert Sutton.

Mrs. Deward Awalt spent last week in Winters, visiting Mr. and Mrs. Joe Awalt and Mr. and Mrs. Carl Baldwin.

Relatives from San Angelo visiting Mrs. Roy Davidson Sunday on her birthday were Mrs. George Davidson, Mr. and Mrs. Bill Johnston and Jimmie Sue, Mrs. John Bogart, Mrs. Rob Johnston, and Dutch Maier.

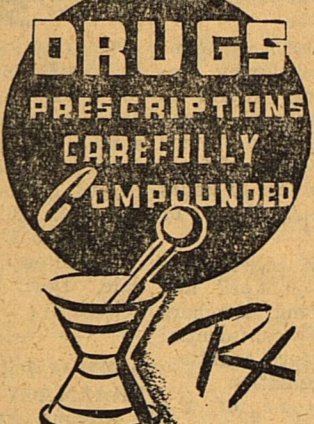

Mrs. E. L. Manogue of Vernon spent the day Friday with Mr. and Mrs. E. H. Coulter.

Week end guests in the E. H. Dannheim home were Mr. and Mrs. Don Farrington of San Angelo.

Judge C. R. Sutton of Uvalde spent Friday night with his sister, Mrs. C. A. Graves.

Mrs. L. H. Carruthers of Barnhart was a week end guest in the F. P. Green home.

1950's TRUCK "BUY" WORD

GMC
GASOLINE DIESEL
TRUCKS

The GMC "Triple Checked" used truck emblem is your guide to a better buy.

The word is spreading—and fast—that light-medium GMCs for 1950 are the best buys in the whole light-medium field! There are plenty of reasons why these new GMCs offer even better performance and greater economy than the quick-stepping, money-saving GMCs of the past. They're easier riding, easier driving... improved to provide more comfort for the driver, more profit for the owner on every score. Last, but far from least, they are products of the General Motors division that's the world's largest exclusive producer of commercial vehicles... that has, in addition to its own ultra-modern facilities, full access to the unparalleled GM research and proving operations that continually work to make "more and better things for more people."

D. E. DeLong, 84, Honored At Dinner

D. E. DeLong was honored on his 84th birthday when his wife entertained with a birthday dinner Sunday in their home. A number of gifts were presented to the honoree.

Those present were Mr. and Mrs. W. E. DeLong and son, and Mrs. Bob Campbell and son Bobby, of Big Spring; Mrs. Daisy Chappel and Mrs. J. H. DeLong of Christoval; Mrs. Jim Hal DeLong and baby of San Angelo; Mr. and Mrs. L. Steen and David, Mr. and Mrs. S. D. Harper and Myrta Bob, Mrs. Ralph Fowler, Mr. and Mrs. Claude Meador, and Mr. and Mrs. Edward Meador and two boys.

Pete Ringle and Savola Bolt are exchanging residences. The Ringles, who have been occupying the Galbraith rent house, are moving to the Cooper Gas lease house vacated by the Bolts, who will occupy the Galbraith house.

Mr. and Mrs. Claude Anderson of Eola spent the day recently with Mr. and Mrs. Eddie Peel.

Mr. and Mrs. Glenn Cox of Ozona spent the week end with Mr. and Mrs. J. A. Neill.

ATTEND SHOWER

Mrs. E. H. Coulter and Mrs. Jack Elder attended a luncheon and stork shower given in Odessa Tuesday for Mrs. Amon Justice and Mrs. J. D. Cox, both former Eldorado residents. There were about 35 guests present for the luncheon, which was held in the home of Mrs. J. D. Henderson.

A turkey dinner was served at noon, and "cokes" were served during the afternoon. The Valentine theme was carried out in decorations and favors.

Mrs. Justice lived in Eldorado for about three years, and Mrs. Cox was an Eldorado resident for several months. Mr. Justice and Mr. Cox are Western Drilling Co. employees. The guests were all connected with the Western Drilling Co., and came from all parts of West Texas for the occasion.

Woman's Club Meets With Mrs. Huber

The Woman's Club met with Mrs. W. T. Huber Tuesday, with 21 members and one guest, Mrs. T. B. Smith, present. The Valentine theme was carried out in decorations and refreshments.

Mrs. L. D. Ochsner was program leader, and those taking part were Mrs. Bert Page, Mrs. J. E. Tisdale, and Mrs. D. E. DeLong.

During the business session, the club made plans for a party to be held in the near future, and decided to sponsor a Fine Arts exhibit.

METHODIST NEWS

Circle one of the WSCS met Monday at the church, Mrs. J. E. Tisdale was in charge of the program. There were seven present.

The Dorcas circle met Monday at the church for a study on Japan. Mrs. W. A. Schuller, hostess, served refreshments to eight members.

The Wesleyan Guild met Monday night at the home of Mrs. Fred Gunstead, with five present. Mary Lee Gunstead led the program on women of the Old Testament.

Mrs. B. W. McIntyre and daughter Jana Lee of Pontiac, Mich., are here for a several weeks visit with the former's parents, Mr. and Mrs. Buster Calcote. Katherine Calcote plans to accompany her sister home for a visit.

Mr. and Mrs. L. T. Wilson received a welcome long-distance phone call Sunday from their daughter, Mrs. Mildred Deaton and her family, who live at Concord, Calif.

Barbara Ann West and her brother Charles attended a birthday party Friday evening at San Angelo for Betty Lou Lavender. The family formerly lived in this county.

Mr. and Mrs. Seth Ramsey have been visiting their daughter and her family in San Angelo, and Mr. Ramsey went on to Snyder to conduct business there several days.

Mrs. Jones Entertains Junior Woman's Club

Mrs. C. F. Jones was hostess when the Junior Woman's Club met last Thursday night in the club room in the memorial building.

During the business session, the group voted to help sponsor the Red Cross drive. Mrs. Grover Lee Johnson was appointed delegate from the club to the Schleicher County Welfare Association.

A program on health was given. Mrs. Joe Wagley gave a talk on heart diseases, and Mrs. Ray Hudgens discussed mental diseases.

Refreshments were served to about fifteen members.

Mr. and Mrs. Sam Trantham and son Larry of Mertzon visited Sunday with Mr. and Mrs. Elton McGinnis.

Honoring her sister, Mrs. John McLeod of Pontotoc, who with her husband have been visiting in the Neill home, Mrs. J. L. Neill entertained with open house Sunday afternoon, with about fifteen friends calling. The occasion was Mrs. McLeod's birthday.

Dr. and Mrs. A. B. Cheatham of Millersview were guests for several days in the home of Mr. and Mrs. Hop Cheatham. The men are brothers.

Mr. and Mrs. Nolen McDonald have received a letter this week from their daughter-in-law, stating that she and the baby had made the plane trip from California to Anchorage, Alaska, and were well located there. They had spent the time from October until last week end in Whittier, Calif., with relatives, while the McDonalds' son, Lt. R. N. McDonald, has been in Alaska, where he will be stationed for two years.

Mr. and Mrs. Sam McGinnes returned Monday evening from Lovington, N. M., where they visited their son Floyd and his wife, during the past week end.

Band To Attend Brady Band Festival

Among teams from this area participating in the Brady Heart O' Texas Band Festival will be the Eldorado high school Eagle band, according to C. F. Jones, director of the local band. The clinic will be held March 4.

The purpose of the festival is to promote interest in band work, and to help the bands prepare for the state contest.

Each band will play one march and one overture. Constructive criticism will be given by the judges. A bronze plaque will be presented to each participating band, and trophy will be awarded one outstanding band in each class.

Among the visiting teachers who plan to be present are Maurice McAdow, director of the NTSC band; Erving Driebodt, director of the Brackenridge high school band; Fred Hoey of San Antonio who will be in charge of the percussion clinic; and Miss Norma Kniffen of Hardin-Simmons University who will conduct the twirling clinic.

At the present time the band is working on numbers which they will play for the state contest. A baritone saxophone has been sent to the school on approval, and it is hoped it can be added to the list of school instruments.

Volley Ball Team Practice Game Scheduled Tonight

The local volley ball team will play Christoval tonight, Thursday, at 7:30 in the local gymnasium, for a practice game. There will be no admission charge.

Saturday the team will go to Big Lake to participate in a volley ball tournament there.

In the tournament held at Eola last week end, the girls played their first game with Rochelle, and were defeated 42-15. Jonnie Lee Dickens was high point man with five points. In their second game, with Eden, the Eldorado team was defeated 30-22. Jonnie Lee Dickens was again high point man with ten points.

An All Electric Kitchen saves you time, money and work

When a Kitchen is Practical and Pretty of Course, It's Electric!

When all of your appliances are electric it costs less to use them than when you have a combination of services. That's because each time you take another step towards an all-electric kitchen you also step down the cost of each unit of electric service. The more you use the lower the rate. Yes, an all-electric kitchen is easier, cleaner, cooler, and costs less!

West Texas Utilities Company

AN ALL ELECTRIC KITCHEN INCLUDES:

- Cooking Center:** The Electric Range automatically provides the exact cooking temperature needed. Surrounding work surfaces and storage cabinets keep cooking utensils and food supplies within arm's reach.
- Dishwashing Center:** Ample work space for stacking used dishes and cooking utensils. The Electric Dishwasher handles not only dishes and silver, but pots and pans as well — washes them shining clean, and dries them without wiping.
- Refrigeration Center:** The Electric Refrigerator provides ample food storage, and large freezing capacity. Adjacent work surfaces provide space for food preparation.
- Adequate Wiring:** This simply means: 1. Large enough electric wire. 2. Enough circuits. 3. Plenty of outlets and switches.

Recipe of the Week

Cherry Cream Pie

Broadcast: February 18, 1950

1 package vanilla pudding powder 3-4 Cup Pet Milk
1/2 cup sugar 3-4 cup water
2 large eggs, separated 1 1/2 teaspoons vanilla
No. 2 can sour pitted cherries*

Put pudding powder and 1/2 cup sugar into saucepan. Stir in mixture of slightly beaten egg yolks, milk and water. Bring to a boil over low heat, stirring constantly. Cook and stir 30 seconds. Stir in vanilla. Cover and cool thoroughly. Drain cherries well. Spread half of cooled custard in bottom of cold baked 9-in. pastry shell. Cover with drained cherries. Top with rest of custard. Beat egg whites stiff. Beat in slowly remaining 1/2 cup sugar. Arrange on custard, spreading to the edge of crust to seal in filling. Bake in slow oven (325 deg) 15 minutes, or until light brown. Cool thoroughly before cutting with a wet knife.
*Sweet or tart cherries also can be used.
