

HARDEMAN ASKS
FOR RE-ELECTION
AS STATE SENATOR

Dorsey Hardeman

Dorsey B. Hardeman of San Angelo has announced for re-election as Senator for the 25th District.

Hardeman was first elected Senator in 1946 following his return from some 3½ years spent in military service.

Senator and Mrs. Hardeman reside in San Angelo with their two young sons, Mark and Bryan.

Hardeman is engaged in the practice of law with Judge Carl Runge under the firm name of Runge and Hardeman. The firm maintains offices in The McBurren Building, San Angelo.

Senator Hardeman served as Mayor of San Angelo for two years and was then elected State Representative without an opponent. He was re-elected in 1940 and again in 1942 to the House of Representatives. Hardeman resigned from the Legislature and enlisted as a private in the Army. After several months enlisted service he was sent to Officer Candidate School and received a commission in the Judge Advocate General's Department. He was honorably discharged as a Captain in February, 1946.

In the Senate, Hardeman is considered a leader for constitutional government. He is a member of the powerful Finance and State Affairs Committees and is Chairman of the Constitutional Amendments Committee and Vice-Chairman of Civil Jurisprudence Committee. Hardeman also held membership in several other standing Senate committees.

In addition, Senator Hardeman is a member of the powerful Senate General Investigating Committee and is a member of the Legislative Budget Committee.

Mr. Hardeman said that he expected to make an active campaign in an effort to visit with as many citizens of the District as possible.

The 25th Senatorial District embraces 16 counties, namely, Brown, Coke, Coleman, Comanche, Concho, Gillespie, Irion, Kimble, Mason, McCulloch, Menard, Mills, Runnels, Schleicher, Sterling, and Tom Green.

In his formal announcement, Senator Hardeman said: "Four years have elapsed since I submitted my candidacy for the office of State Senator, to which I was elected. For the help and support given me in that campaign and subsequently, I am grateful.

"Two regular sessions and one special session of the Legislature have come and gone. They are now history and the records thus made must stand.

"It has been my purpose to represent this district and the State within the terms of the Constitution and the principles of sound governmental practices. In so doing, I have not hesitated to oppose those measures and proposals which I believed were violative of either of these. Such course will be mine in the future.

"It is upon this basis that I offer for re-election as a candidate for a second term as Senator from the 25th Senatorial District.

"I have sponsored or supported such constructive legislation as establishing an adjunct of A&M College at Junction; the Legislative Budget Board; the soil conservation bill; the rural telephone bill; farm-to-market road program; and numerous other measures designed to serve the general welfare.

"I have been conservative in expenditures of public funds and have opposed discriminatory and unconstitutional appropriations.

"Limited space suggests that I not discuss in detail my legislative record at this time. I expect to conduct an active campaign for re-election and will visit each of the 16 counties of the District in an effort to see as many of the citizens as is possible and to discuss the various issues with them.

"I earnestly solicit your active support and your vote in the forthcoming election on July 22, 1950."

R. A. EVANS DIES FRIDAY AT HOME; BURIAL SATURDAY

Robert A. Evans, 83, resident of Schleicher County for nearly half a century, pioneer real estate dealer and cowboy, died at his home in Eldorado, Friday, March 31, 1950, after a year's illness.

Funeral services were held at the First Baptist church at 3:00 Saturday afternoon, the pastor, Rev. Jim Hays, officiating, assisted by Rev. Roy Shilling, Methodist pastor. Pall bearers were Don McCormick, Will Whitten, A. P. Thigpen, E. H. Sweatt, W. F. Meador, and Sam Chaney of Mertzon. Honorary pall bearers were West Texas friends.

Music, including two hymns, Amazing Grace and Beautiful Isle of Somewhere, was given by a men's quartet; Nolen McDonald, C. F. Jones, Ervin Mund, and W. M. Patterson. Interment was made in the Eldorado Cemetery.

Named for his father, Acquilla Evans, and for Robert Lee, Robert A. Evans was born in Princeton, Kentucky, October 6, 1867. In 1874 he accompanied the family to McClenan County, Texas, settling at Old Perry, a community now called Moody, 22 miles southeast of Waco. Before moving to Texas the Evanses lived in Springfield, Mo., and then in Wichita, Kansas, leaving Kansas when grasshoppers destroyed a complete crop.

When R. A. Evans was 21 the family moved to West Texas and purchased a ranch near what is now Christoval. There his mother built a hotel and operated it two years after the death of her husband. Lumber unloaded for building of this hotel was the first unloaded in that community.

In 1892 he began working for the Half Circle 6, at that time the largest stock ranch south of the state of Colorado, located on Dove Creek. As there was little fencing in that locality, the cowhands spent their days herding stock, from the head of Dove Creek to the Rio Grande.

Horse trading as a full-time job was a natural step for him to take. Buying and selling for W. B. Silliman and for himself, he roamed over West Texas and South Texas. In Harris County he met and married Lula McClellan, the wedding taking place Nov. 27, 1898. The couple moved to West Texas and started housekeeping at Christoval.

In 1901 he bought a ranch in Schleicher County, and in 1904 joined Mr. Silliman and J. Campbell in operation of a real estate office in Eldorado. He built a residence in Eldorado and the family lived here while the children attended the local schools.

Mr. Evans' real estate dealings were many and varied, and included buying and selling of several ranches before he bought 10,000 acres of Gonzales school land and leased 32 sections of University land, near Mertzon, operating these places for twelve years before he sold out and returned to Eldorado.

Until shortly before his death he operated his own real estate office in the business district of Eldorado. During his years of trading, he made deals in Arkansas, Canada, the Texas plains, Louisiana, New Mexico and south to the Rio Grande.

Last year, his health failing, he closed his office in Eldorado, and retired from active business. An ardent booster of Schleicher county and West Texas, he always enjoyed talking over old times with his friends, and enjoyed visiting with them at his home when he could no longer make his regular trips to the business district.

He is survived by his widow, a son, R. A. Evans Jr., of Eldorado, two daughters, Mrs. L. P. Haynes of Brookshire and Mrs. R. O. Smith of San Angelo, and two grandchildren, Suzanne Evans and Dale Haynes. The couple lost an 18-year-old daughter, Louise, in 1930.

Music, which is in charge of Wyndell Hall, will be sung by a quartet, members of which will probably be Clyde Keeney, Minister Hayhurst, and Mr. and Mrs. Hall; the songs will be Mrs. Boothe's favorite hymns.

Mrs. Boothe was born in Knob-noster, Missouri, October 16, 1868. She was married to John H. Boothe at Hollister, California, May 13, 1890. The couple moved to Schleicher county in 1906, purchased a small ranch three miles west of Eldorado and lived here continuously after that time. Mr. Boothe died May 31, 1927.

Milton Cunningham of Baylor University, who is shown in the above picture, will preach when the First Baptists hold their spring revival from April 16 to April 23 in Eldorado.

In charge of the song services will be Bob Feather, also of Baylor, experienced evangelistic song leader.

Both of these young men were here last year to assist Rev. Jim Hays, pastor of the church, with similar services, and because of their popularity with churchgoers at that time, they were invited to return this year.

All residents of this area, who are within driving distance of Eldorado are urged to remember the dates for the revival and to attend as many services as possible.

Automobile Injures High School Student, Son Of Ochsners

George Ochsner, 16-year-old son of Mr. and Mrs. L. D. Ochsner, was badly injured when he was struck by a car when he was riding his bicycle on the highway near Clark's Texaco Thursday evening.

George was riding his bicycle north, when he was struck by a Packard convertible driven by J. C. Whitefield, who was returning home from Sonora. The boy was dragged along the highway to a point near the Eldorado feed store, and bystanders expressed the opinion that he miraculously escaped death.

He is undergoing treatment in the local clinic. His injuries include several broken vertebrae, and bruises over practically all of his body. He was in a semi-conscious condition two or three days, but is now much improved.

On March 31 Whitefield was charged with aggravated assault with an automobile, and the case is set for April 19 in county court.

DAR Meets Tuesday
In Tisdale Home

The DAR met in the home of Mrs. J. E. Tisdale Tuesday, with Mrs. Vester Hughes of Merton as assisting hostess. Miss John Alexander, regent presided.

Mrs. Leming, state registrar for Iowa, was a guest and gave the devotional. The national anthem was sung and the salute to the flag given.

Mrs. E. C. Hill was leader for a program on medicine in China. Roll call was answered with a noted doctor or surgeon, Mrs. F. M. Pool discussed "Early Attempts at Preventative Medicine" and Mrs. V. G. Tisdale discussed "News and Medicine."

Punch and cake was served to the following members: Mrs. L. M. Hoover, Mrs. Joab Campbell, Miss John Alexander, Mrs. Luke Thompson, Mrs. E. C. Hill, Mrs. V. G. Tisdale, Mrs. Joe Edens, Mrs. Bailey Montgomery, Mrs. Elizabeth Powell, Mrs. J. E. Tisdale, Mrs. F. M. Pool of San Angelo and Mrs. Vester Hughes of Merton; and the following guests: Mrs. M. E. Genrich of Sonora, her mother, Mrs. Leming of Iowa, and Mrs. Van McCormick of Eldorado.

Clap board joints should be sealed with paint to keep moisture from entering and if the house needs a new coat of paint, spring or early summer is a mighty good time to do the job.

Wooden cornices and window frames and trim should be checked for leaks and for loose nails, cracks, rot or warping. When repainting, set and putty each nail. Rotted wood should be replaced and all cracks filled with putty or caulking compound.

Don't forget to check the roof and gutters. Shingles should be checked for looseness, course by course, for misplaced shingles of any kind cause leaks. Renew split or badly warped wood shingles.

They should lay perfectly flat. Seal doubtful joints in a composition or asbestos roof with pitch or caulking compound and reset any shingles that are out of position and tighten saddle boards on the ridge. All metal flashing on dormers and chimneys should be checked for looseness, erosion, dust, and lack of paint.

All broken joints on gutters and downspouts should be resoldered and the insides of the gutters repainted with metallic paint. Loose nails and straps holding the gutters and downspouts should be replaced.

By following these maintenance rules, the farmer should enjoy more comfortable living and lower maintenance costs on the home and other farm buildings.

Soil Conservation
District News**

C. L. McMillan has been named the outstanding conservation rancher in the Eldorado-Divide Soil Conservation District. Supervisors of this district made the selection after considering McMillan's plan along with other District co-operators. McMillan was chosen because of his record of accomplishments and interest in putting his conservation plan into effect.

McMillan's name is entered in the Fort Worth Press "Save the Soil and Save Texas" conservation awards program in merit of having received this honor. Here he will be competing with outstanding conservation farmers and ranchers of other soil conservation districts in West Texas for the title of outstanding conservation rancher of West Texas.

With planting time drawing near farmers of the Eldorado-Divide Soil Conservation District are hoping for rain to give them enough good moisture to plant on. Most farmers of the District realize that they need to do more than hope for rain and are doing something to conserve all the moisture they can when it does come.

L. Moore and sons are having all the level terraces needed on 588 acres of their cultivated land constructed 20 miles north-west of Eldorado. The terraces are being built with an elevating grader and a big farm tractor. Joe Freeman of Ballinger is constructing the terraces for Moore. Freeman has constructed terraces in several of the adjoining Soil Conservation districts. The terraces are being constructed for \$80 per mile.

This is the first time that a terracing machine of this kind has been used in this part of the Eldorado-Divide Soil Conservation District.

Moore has farmed on the contour for several years to conserve soil and moisture. He stated that contour farming has benefited his crops by conserving soil and moisture but does not do an adequate job when used alone. He said his contour rows broke over during big rains where small gullies were forming and caused the gullies to become larger. Realizing that he needs to conserve all the moisture he does get as well as the soil, he is not depending on one conservation practice alone to do the job but is applying the practices needed in a well rounded soil and water conservation plan.

Moore also stated that farmers and ranchers are getting more conservation minded every day. He said it appears to him that all his neighbors are applying the conservation practices needed on their land about as fast as they can get to them as well as maintaining the ones already applied.

Other cooperators of the Eldorado Soil Conservation District who are constructing terraces or have recently completed the construction of terraces are Mrs. D. M. Powell, Ovid Wade, Milton Faught, W. V. Lux and Edgar Sauer.

The supervisors of all the Soil Conservation Districts of Texas have been asked by the commander of the Department of Texas Veterans of Foreign Wars of the United States, to assist the Post Commanders of the individual posts in selecting the outstanding G. I. Conservation Farmer in each of the Soil Conservation Districts.

The V. F. W. of the United States in the Department of Texas wish to recognize the outstanding G. I. Conservation Farmer of each district, each region, and the one outstanding G. I. farmer in the state of Texas. Appropriate awards will be made on each level of selection.

In checking pastures with C. L. McMillan and J. H. Wagley last week Range Conservationists assisting the Eldorado-Divide Soil Conservation District found that the grass came back as the rains came last year. This was especially true in pastures where the better grasses were given a chance.

Wagley and McMillan have been cooperating with the district program in that they worked up a range conservation plan with the assistance of range technicians. They have been following their conservation plans as evidenced by the kinds of grasses coming in and the cover on their pastures.

These two conservation ranchers have already made plans in regard to the pastures they are going to defer in order to get continued range improvement when the rains finally do come. Even in a limited rainfall year surprising results can be seen in a pasture which has been deferred during the growing season. This is the month to begin doing something about deferring that pasture to get range improvement.

Range technicians checking pastures with the above mentioned cooperators found numerous plants of little bluestem and silver bluestem out in the open. Side oats grama could be seen in abundance and as green as a wheat field. We noticed that the little bluestem was beginning its this year's growth. Heavy use was being made of plains lovegrass and white triodia at this time of the year.

These ranches have made considerable improvement as these proper range management practices are beginning to pay off with grass.

**Concho Valley Baptist
Workers' Conference
Held Here Tuesday**

The Concho Valley Workers' Conference was held in Eldorado Tuesday night, with the First Baptist Church as hostess church.

The supper was prepared by the WMU, of which Mrs. Weldon Davis is president. She with her committee prepared and served supper to

110 out-of-town guests.

The program gave evangelistic emphasis to the simultaneous revival which Baptist churches in six or eight states west of the Mississippi are conducting between the dates of April 9 to 23.

The worship service was led by Lowell Queen, of the First Baptist church in San Angelo. Scripture and prayer were in charge of Joe Self of the Park Heights Baptist Church of San Angelo. The choir of

the First Baptist Church in Eldorado, led by Lavell Meckel, gave special music. The evangelistic message, on Jesus' last words, was delivered by Dr. A. A. Brian of Brownwood, vice-president of Howard Payne. Two hundred people attended the night service.

Sul Ross students Wayne Estes and Joan Dodd are spending the week end with Mr. and Mrs. Martin Estes, Wayne's parents.

TELEPHONE TALK and TAXES

In spite of its day-in-day-out usefulness, the Federal Government insists on taxing telephone service as much as 25%. This is higher than the 20% tax on luxuries.

Long distance calls costing 25¢ or over are taxed 25%. The Federal tax increases the cost of local service by 15%. Other forms of telephone service are taxed from 8% to 25%. This excise tax is imposed directly upon you. Your telephone company, at its own expense, acts as a tax collector.

These excise taxes are in addition to corporation income taxes and other taxes which the company pays to the Federal Government either directly or indirectly.

We are sure that your Senators and Representatives in Congress would welcome your views on this continued peacetime tax of a necessity.
