#### 7th Grade ends season with win over Sonora

Eldorado's 7th Grade Eagles defeated Sonora 16-0 last Friday in the final game of the season. Chris Sanchez blocked a Sonora punt early in the 2nd quarter and Danny Sanchez recovered the ball in the endzone to give the Eagles the lead. Chris Sanchez ran in the 2-point conversion to make the score 8-0 Eldorado.

Late in the fourth quarter Danny Sanchez again found the endzone when he rumbled in from 15 yards out to cap a 97 yard drive. Scott Cawley crossed the goal line on the 2-point conversion to give the Eagles a 16-0 final margin of vic-

## Halloween Carnival...a great success

by Dorothy Dacy

Beta Sigma Phi's Halloween Carnival held on October 31st was a great success. Just ask all the little ghosts and goblins who came out to play the games and eat the goodies provided by the participants. Young and old alike enjoyed the festivities and fun. (See photos on Page 10)

Beta Sigma Phi would like to express their appreciation to all the organizations who sponsored a booth and helped us provide a safe atmosphere for the children in our community.

The council expressed little in-TxDOT will dramatically increase Mayor Nikolauk, council members terest in owning part of the Woolen Mill, however. Nance told the group that he would stay in touch with them about the project.

Next the council opened bids for a new pickup. The only bid received, that of I-10 Auto Ranch in Sonora, was rejected because the council had asked for bids for a diesel pickup. The pickup bid by the dealer had a gasoline engine.

The decided to re-bid the project and include several tradeins in the package.

Cindy Cawley then met with the council concerning funding for the State Water Development Board's Region F, of which Eldorado and Schleicher County are a part. Cawley noted the state was requiring the Region to raise \$160,000 of its administration expense from local governments. She told council that Schleicher County's portion

would total \$784. Cawley pointed out that future participation in State Water Development Board programs, including grants, would require the city to participate in the program. She asked the city to consider paying a portion of the \$784.

Discussion then turned to "financial assurance" or guarantees the city must have in place to operate a landfill. Mayor Nikolauk noted that the State only finalized the financial assurance plans recently and questioned how any city, especially one as small as Eldorado could be expected to meet State guidelines before they were published.

It was noted that work is about to begin on the streets around the school. Mayor Nikolauk addressed Success Editor Randy Mankin's concerns about Tax Anticipation Notes which city's may issue to raise funds without holding a public hearing.

Nikolauk said that the notes had not been issued yet and that a public hearing would be held before the notes were released.
