

## Schleicher County Oil News

Special from James C. Watson Midland, Texas

American Republics Corporation No. 1 H. F. Thomson, southeast offset to the Huldale-Strawn field of North-Central Schleicher County, has indicated as a discovery from a Pennsylvania sand.

Operator ran a drillstem test from 4,910 to 4,943 feet. Tool was open for one hour. Recovery was 280 feet of clean oil, and 184 feet of oil and gas-cut mud. Flowing pressure was zero and shut in pressure after 20 minutes was 950 pounds. The prospector topped the sand section at 4,928 feet. No elevation reported.

The Huldale field produces from the Strawn 5,751 to 5,803 feet. It is expected that the No. 1 H. F. Thomson will be drilled on down to test that pay section.

The drillsite is 467 feet from north and west lines of section 82, block TT, TCRR survey.

Hiawatha No. 1 J. Forrest Runge, latest Pennsylvania discovery in northern Schleicher County, has been given a daily allowable of 120 barrels of oil, the Railroad Commission advised its District 7-C office Tuesday. The allowable is retroactive to Feb. 1 and the well is exempt from shutdown days.

Hiawatha Oil & Gas Company and G. W. Strake have each staked an offset to the Hiawatha No. 1 Runge, Pennsylvania lime discovery in North Schleicher County.

Hiawatha is drilling its No. 2 Runge as a northeast offset, 330 feet from south and west lines of the northeast quarter of the southwest quarter of section 66, block M, GH&SA survey. They were preparing to set surface casing this week.

Strake will drill a northwest offset, 330 feet from west and 1,650 feet from south lines of section 66, block M, GH&SA survey. Both tests are projected to 5,700 feet with rotary tools.

The Ohio Oil Company No. 1 P. McIntosh 7,200-foot Ellenburger wildcat in South-Central Schleicher County and about 10 miles southeast of Eldorado, is drilling below 5,588 feet in sand and shale. Operator has not reported any shows of petroleum in the prospector. It is being drilled 660 feet from north and 1,980 feet from west lines of section 22, block 9, TW&NG survey.

Ohio Oil Co. No. 1 Thad Thomson, east offset to the opener of the Huldale field, is drilling below 3,620 feet in shale and lime.

Cooper Gas Company of San Angelo and Shell Oil Company No. 1 Will Loveless, wildcat in Central Schleicher County, three miles northwest of the Page field, is progressing below 2,410 in lime and shale.

### Jr. Club Style Show Plans Are Announced

Wearing apparel, from tiny tot's to matron's, will be modeled by attractive teenagers, children, young marrieds and matrons at the annual Junior Club Style Show which will be presented beginning at 8:00 p. m., in the school auditorium, on the night of February 22.

Jewelry for the show has been furnished by Stigler and Bauer of this city, and wearing apparel by Ratliff and Coulters of Eldorado and Barnes, Martha and Florence of San Angelo.

Pianist for the evening will be Mrs. James Page. Mrs. Carl Stevens will be commentator. The school sextette, composed of Helen Morgan, Lola Beth Ballew, Sue Shilling, Margaret Ellen Edmiston, Myrta Bob Harper and Carolyn Ratliff, and a Barbershop Quartet, composed of Nolen McDonald, Hank Mund, Walter McGregor, and Joe Muller Christian, will sing.

Adult models will be: Mrs. Bud Hopkins, Mrs. Ray Hudgens, Mrs. Marvin McAngus, Mrs. Horace Linthicum, Mrs. Bob Page, Mrs. L. Steen, Mrs. Jess Walston, Mrs. Archie Mittel, Mrs. Luke Thompson, Mrs. R. L. Blakeway, Mrs. Bud Davidson, Mrs. Jack Hext, Mrs. Edward Meador, Mrs. Jack Montgomery, Mrs. C. A. Reynolds, Mrs. Charlie Trigg, Mrs. Walter McGregor, Ebba Ann Finley, Mrs. Carroll White, Mrs. Tom Jones, Mrs. Frank Meador, Mrs. Clara Lloyd Shertz of Sonora, Mrs. Joe Ed Hill, Mrs. Betty Jones, Susie Linthicum, Laura Clark, Mrs. Dee Love.

Child models will be: Dorr Shertz, Kirk Jones, Martha Sue Page, Mary Ann Page, Susie Edmiston, Toya Jo Finley, Paula Jo Mace, Judy Kay Belcher, Kay Peters, Pamela Jones, Tissie Enochs, Carol Tidale, Rose Ann Reynolds, Jackie Shugart, Judy Hext, Sandra Holcomb, B. McAngus, Prissy Linthicum, Margo Mittel, Peggy Spencer, Mack McAngus, Lynn Meador, Marcia Hopkins, Terry Phelps, Johnnie Stigler, Jerry Stigler, Ann Ballew, Nancy Jo Jackson, Gene Mund, Martha Ellen Topliffe, Myrta Ann Topliffe, Judy McGregor, Micky Phelps.

## TEACHERS ELECTED MONDAY

At a meeting of the Eldorado school board Monday afternoon, teachers were reelected and important business concerning school affairs was transacted. Here is a list of faculty members who were reelected at this meeting (no superintendent elected as yet to take the place of C. A. Reynolds, who goes to Brady.)

Jack Black, high school prin. Wyndell Hall, grade principal. Mrs. Imogene Newport. Mrs. Nancy Thompson. Mrs. D. C. Royster. Thelma Ellington. Janie Poppell. Mrs. Payne Robinson. Ina Mae Lightsey. Mrs. Wallace Price. Mrs. Jimmie Lou Taylor. Lucille Farmer. Wallace Price. Patricia Keffer. Pauline Martin. John Waldrum. Charles Gary. Mrs. Charles Gary. Jewel Shelton. Je anette Sikes. Mrs. Virginia Howard. Ralph Pauley. Wayne Griffin. Mrs. Mary Lou Griffin. Herman Hopkins. Bertha Mae Miles, colored.

Betty Hyatt, 1st, Mrs. Reynolds. 2nd, Mrs. Ray Tisdale, 3rd, Coach Ted Kirby, head coach, asked not to be considered for next year.

The resignation of the school dietician, formerly Miss McMahon, who was recently married, was accepted. She will remain until a successor has been found.

The board authorized the purchase of new shop equipment, and the sealing off of a room to make a dust-proof paint room.

The board voted to eliminate the traditional 8th grade graduation exercises, because of the fact that the school operated on a 6-6 schedule. Those completing 8th grade work will receive diplomas but there will be no formal exercises.

Band trips to Brady and Del Rio festivals were approved for this spring.

Contract was signed for high cyclone fencing around the school yard facing the highway, for protection of school children. This will include also the half block adjoining the Schrank property and will close off the street. The fence will be 637 feet in length.

The school decided to accept bids on Maier school No. 1, in the east part of the county.

Election of a school superintendent will be held at a later date in the spring, after the board has had time to consider applications.

The board ordered a trustee election for the first Saturday in April, at the courthouse; W. N. Ramsay as election judge.

### Mrs. S. M. Oglesby, Sr. Dies On Tuesday

Mrs. S. M. Oglesby, Senior, 79, of Mertzon, died Tuesday after suffering a heart attack the preceding Saturday. Funeral services were held at the First Methodist Church in San Angelo Thursday afternoon, today, at 2:00, the Rev. Lynn McAden, pastor of the Mertzon Methodist Church, officiating, assisted by the Rev. Ray Johnson of San Angelo.

She was born June 1, 1871, at Versailles, Mo. She was married to Sam Oglesby 63 years ago, in Old Runnels City, a frontier town, and attended school in San Angelo.

Survivors include her husband, three sisters, a brother, and eight children: Mrs. J. L. Mitchell, Chihuahua, Mex.; S. M., Jr., Eldorado; E. O., San Angelo; J. F., Dallas; Rev. J. C., Ennis; P. H., Dallas; R. L., Austin; and B. W., San Angelo. A large number of friends from this county are attending the funeral.

### Delinquent Taxes Total Is 12 Per Cent

According to the County Tax Collector's office, 88 percent of the taxes on the 1950 tax rolls were paid on or before January 31st. This means that the remaining 12 percent went on the delinquent list. This is a slightly higher rate of delinquency than in the past few years.

Mr. and Mrs. Claude Dittmore of Tennyson spent Friday night with their daughter Mrs. Elton McGinnis and her family, and the McGinnises accompanied them home to spend the week end.

### Lots of Activity In Brushy Top Area

While the daily papers are giving considerable space to Schleicher County oil news from the Huldale and Runge area in the north part of the county, we are informed that no less than five rigs are now running in the Brushy Top area of south Schleicher and north Sutton counties.

This is the district where Lone Star Producing Co. brought in a producer at less than 1000 feet on the Thomson ranch a few weeks ago.

Since then two locations have been staked on the Steen ranch, and bulldozers have cleared away brush for about six other locations.

A report was going around Eldorado yesterday that one of the tests had encountered 50 feet of oil sand at 420-70 feet. This paper has no official report on any of these wells.

### Supervisors Meet, Make Plans For Co.

The Supervisors of the Eldorado Divide Soil Conservation District in their regular monthly meeting Friday, February 2, approved two well rounded soil and water conservation plans, and two amendments.

The well rounded soil and water conservation plans represent the intentions of the owners or operators to conserve as much soil and moisture as is possible, in an effort to produce the maximum pounds of beef, lambs and other food and fiber products. Each plan is based on the physical condition of the soil to treat each acre according to its needs and capability.

Each plan contains aerial maps showing fences, acreage by fields, amount of erosion, characteristics of soils and other factors which will help the operator analyze his place and apply proper conservation practices.

The well rounded soil and water conservation plans approved by the Supervisors were C. R. Keeney, 876 acres, and Weldon W. Davis, 648 acres.

The two amendments adding acreage to original conservation plans include Rex White, 30 acres, and Martin & Martin, 1,280 acres.

Harry Lawson, who has been in training with the Eldorado-Divide Soil Conservation District for the past year, is being transferred to Sterling City February 19. He will report there as Work Unit Conservator assisting the North Concho River Soil Conservation District.

A little snow, enough to lay the caliche dust, fell Tuesday night, and temperatures have been around 18 and 20—leaving streets icy and making driving hazardous. It's warming up this morning, promising pleasant weather.

### Schleicher County Commissioners In Regular Meeting

The Schleicher County Commissioners met in their regular monthly session Monday and transacted routine business. The new salary schedule which was proposed at the January meeting was confirmed and adopted, and provides for about a 25% increase in the salaries of county officials.

Election judges were appointed for the various voting boxes of the county for the next two years. Since the commissioners precinct lines were redrawn several months ago, providing each one with a corner in Eldorado, there now will be four voting boxes in the city instead of two as heretofore. In the list of voting boxes below, the first name is that of the election judge, and the second name is the alternate or assistant judge:

Court House box, Walter Ramsey, Thaxter Faught. Memorial Bldg. box, Joe Edens, John Williams.

Veterans Hall box, John Stigler, C. N. Shaw.

School House box, Sam Oglesby, James Williams.

Mayer School House box, W. A. Edmiston, Arch Crosby.

Tisdale School box, Marlin Rogers, P. L. White.

Adams School box, Robert Martin, Mack Jones.

Runge box, J. Forrest Runge, E. H. Nimitz.

Reynolds box, J. W. Davis, Dee Love.

The commissioners discussed the purchase of another DW-10 Carry-all and reported some road work going on in the various precincts. Some roads and cattle guards are being built in Belk's precinct, No. 4. In Halbert's precinct they are getting ready to work on the Bailey Ranch road. Along with other work it is planned to put in 14-foot cattle guards. The county officials report that they are ready to go to work anytime on the new Huldale oil field road, as soon as the oil companies say the word.

### School Dietician Weds A&M Senior

Mr. and Mrs. Howard McMahon of Abilene announce the marriage of their daughter, Patricia, to William Eugene Wilson, son of Mrs. Verna Oats Wilson of Rule, February 2 at Bryan.

The bride is a 1950 graduate of TSCW, where she majored in institutional management. She has been dietician at the Eldorado school lunchroom this year, from which position she is resigning as soon as another dietician can take her place, which will probably be about March 1.

The groom is a Senior petroleum engineering student at A&M.

A new case of measles is Johnnie Mayo, the son of the J. F. Mayo's.

## Iretta Faye Mace 1951 Winner of Coveted DAR Good Citizen Award

Miss Iretta Faye Mace

Miss Iretta Faye Mace, talented and popular daughter of Mr. and Mrs. J. H. Mace of this city, has been selected to receive the coveted DAR Good Citizen Award.

Miss Mace has been active in school affairs during her four years spent in EHS.

She is business manager this year for Talon, is cheer leader, and is also secretary of the Senior Class. She has been in the pep squad three years, in the band a year, member of the home ec club four years, member of the Talon Staff a year, member of the volleyball team three years, member of the Dramatic Club a year, and in choral club two years. In her sophomore year she was a Talon Duchess. She is now secretary of the home ec club and the dramatic club.

She has maintained a high scholastic standing during the four years she has been in high school, in addition to finding time for church work and social life of the community.

She is a member of the First Baptist Church, where she is active in Sunday School and BTU.

Selection of a student as a DAR good citizen is a distinct honor, since it means recognition by fellow students and faculty.

The Seniors each year vote for three girls whom they consider most fitted for the title, as possessing the qualifications requested by the DAR. These three names are given to the school faculty, who choose the winner by considering both scholastic standing and other qualifications at school, and the following as laid down by the DAR:

1. Dependability, which includes truthfulness, loyalty and punctuality.
2. Service, which includes co-operation, courtesy, and consideration of others.
3. Leadership, including personality, self-control, ability to assume responsibility.
4. Patriotism, unselfish interest in family, school, community, and nation.

The DAR will present Miss Mace with a special pin. Her name will be sent in to the area DAR office, and from the list of names compiled there from chapters over the area a winner will be selected by lot. The area winner goes to the state office, and the state winner is also chosen by lot. The state winner will receive a gift.

Winning of this Good Citizen Award is considered one of the most cherished honors which can be bestowed on a high school student.

Miss Mace will graduate from EHS in May. She expects later to major in home ec, but has not yet decided on a college.

## Supt. C. A. Reynolds Accepts Brady Job

C. A. Reynolds, superintendent of the Eldorado schools, has resigned his position here and has accepted the position of city superintendent of the Brady school system. He will have in his charge, a high school, a junior high, three elementary schools and a colored school. There are 55 teachers in the Brady school system, and a principal for each school.

Mr. Reynolds is completing his contract here, and when the new superintendent is free to come to Eldorado, he will go to Brady to take over his new duties.

Mrs. Reynolds, who has been teaching in the elementary grades, will have a place awaiting her there also if she decides to teach again.

Mr. Reynolds' new position comes to him as a distinct promotion, carrying with it a better salary, and more responsibility—also more prestige.

Reynolds was graduated from ACC in 1933, majoring in English. In 1946 he received his Master's from Sul Ross, majoring in education.

In 1933-34 he was Freshman basketball coach at ACC; from '34 to '39 he was principal and head basketball coach, and assistant football coach at Bowie. In 1939 he came to Eldorado, where he was elementary principal until 1942, when he was elected superintendent.

He is a member of the Texas State Teachers' Association, the Texas Association of School Administrators, past president of the local unit of the Texas State Teachers' Association, and past president of the Eldorado Lions Club, and active worker in that organization for many years.

As an undergraduate he was all-TIAA and Texas Conference forward on the basketball team in 1932-33, and led both conferences in scoring. In 1932 also he was Texas Conference champion in tennis. He was student representative on the athletic council. In Eldorado he was cub scoutmaster two years.

During the years he has been superintendent, the local school system has made steady growth. The size of the district has been increased from 600 square miles to a county unit system, containing 1331 square miles. The evaluation has increased from \$2,300,000 to \$7,842,000. A county-wide transportation system has been worked out and the school now operates nine busses.

The football field has been re-turfed and lighted, and modern restrooms built there, also a new steel grandstand, which is practically completed, has been purchased and erected. Also in conjunction with the Lions Club the school bought and maintains an activity bus, which has been in use several years—or since 1946.

The school has bought, built, or moved in teacherages to take care of five families.

A major accomplishment is completion of a \$475,000 building program, comprising a junior-senior high school, a six-room classroom addition, an office wing, dressing rooms, and other gym repairs, and many other phases of improvement—also purchasing and installing of much new equipment. At the present time a renovated and enlarged band hall is nearing completion.

The negro school has been increased from a six-month unaccredited school to a nine-month school, fully accredited. Development of a school-wide audio-visual educational program and increasing of health facilities through addition of audiometer and telebinocular has further improved school facilities.

The school lunch program has been worked out to take advantage of federal subsidies and surplus commodities. Free lunches have been served to all needy school children.

New courses have been added to the school curriculum, notably the shop course and the driver education course. Home ec has been increased from a nine-months course to 10.

The school carried on with the minimum of hindrances during the war. A number of years ago there was only one Masters degree among faculty members—now seven have their Masters' and all regular teachers have their BA's. The teacher in the negro school expects to get her degree this summer.

Mr. Reynolds' valuable experience in helping carry to completion a major building program, including selection of equipment, will be put to good account in Brady, which has an improvement program already under way.

The change in administration of the local school system will make little difference in closing out the current school year here, as Mr. Reynolds remains on the job until school is out and the vacation period is on.

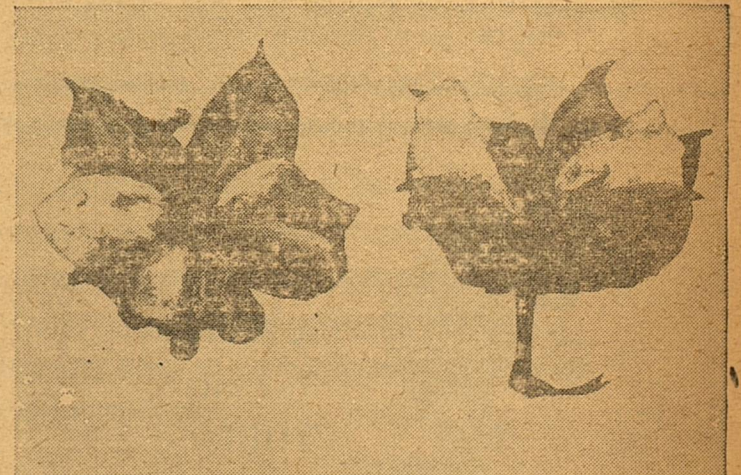

### Lions Pushing Ticket Sale For Concert

At Lions Club Wednesday members made plans for winding up their ticket sale for the concert, which will be held Friday, Feb. 23, at the high school auditorium. The concert will feature Joe Kreklow, pianist, and Eric Sorantin, violinist. The ticket sale up to this time is meeting with excellent success, and it is the intention of the Lions to fill the large, new auditorium for the event.

Through the courtesy of the Humble Company, a film was shown of the Texas-Tennessee Cotton Bowl game.

Mr. and Mrs. Clyde Biggs and Mrs. E. E. Bradford of San Angelo were here Sunday to attend the First Baptist Open House and to visit Mr. Biggs, sister, Mrs. W. G. McAlpine and her family.

## MORE and BETTER COTTON

ANTHRACNOSE boll rot can reduce the grade of your cotton

If you've had some points taken off by the grader for spotty cotton, you know what anthracnose, or pink boll rot, can cost you as a cotton grower. It is expensive and persistent; but it can be controlled now by measures that cost you little.

Anthracnose is a fungus disease, and is at its worst in times of heavy rainfall and where cotton grows rank. The fungus lives over the winter on diseased bolls and stalks left in the fields, and in or on the seeds from infected plants. Clean fall plowing and rotation of your crops helps to control it.

You will also find that treatment of your seed with an organic mercury dust before

planting helps a lot to kill off the anthracnose fungi. This treatment cuts off the disease at its source. Used with other control measures, it can practically wipe out the disease from an entire area in a few years. Mercury dust treatment will also control seed decay and damping-off (sore shin) organisms and reduce angular leaf spot.

The cost of the chemical amounts to less than 10¢ per acre. Treatment can be done on your farm or by many ginners and delinters. Ask your County Agent or Farm Extension Service about the value of seed treatment and about where the treaters are in this area.

**WOMEN OF ELDORADO CHURCHES HOLD WORLD DAY PRAYER PROGRAM; ORGANIZE NEW UNITED COUNCIL**

Churches of Eldorado observed the World Day of Prayer in joint session Friday afternoon at the Presbyterian Church. The program opened at 3:00 p.m. with Mrs. Edwin Jackson presiding officer.

Mrs. Alvin Ferris led the prayer. Mrs. Bert Page then pointed out the following concerning the World Day of Prayer:

Theme: "Perfect love casts out fear." I John 4:18.

Speak to Him, thou, for He hears And Spirit with spirit can meet— Closer is He than breathing, Nearer than hands and feet.

Alfred Tennyson.

CHRISTIANS, in this turbulent world of today, let us come humbly and unitedly to the altar of God—to PRAY. Let us worship and bow down before the Lord our Maker, whose love alone can cast out the fear in our hearts and minds.

**PRAYER CHANGES THINGS**

WE KNEEL, yearning for peace in our distraught minds, and peace among the nations; WE RISE, knowing each one must pay a price for Peace.

WE KNEEL, yearning for unity in the church—Christ's body; WE RISE with will to do the deed we left undone.

WE KNEEL, blinded with pride of race and culture; WE RISE, scales dropped from eyes, enabled to see strength and beauty in all.

WE KNEEL, wrapped about with personal grievances; WE RISE, filled with gratitude for gifts of God everywhere about us.

WE KNEEL, in fear; WE RISE, with faith.

Today at God's altar, let us take off the defeating robes of division and put on the shining garments of our oneness in Christ, the warp and woof of whose cloth are faith and love.

**Scope of Work**

It was explained during the program that in Christian communi-

ties in 93 countries, Christian people were observing the day, which is set each year on the first Friday in Lent. The Day is international, interracial and interdenominational.

Preparation of the program, on which the various countries take turns, was in charge of the women of Germany this year. Beginning in one community for protection of immigrants in the latter part of the last century, combining of groups has followed, until the World Day of prayer was started in 1927, since which time it has been observed every year, even during the war years.

Mrs. Edwin Jackson pointed out the necessity of adoration, penitence, assurances of salvation, and thanksgiving. Speaking on intercession, Mrs. Albert McGinnes asked that prayer be offered for our country, for the United Nations, for the dispossessed, for children and for each other.

Mrs. May Tisdale discussed World Day of Prayer projects: work among migrants, share croppers, foreign students, and in foreign lands through Christian college projects in India, China, and Japan.

Rev. W. E. Krueger, pastor of the Fundamental Baptist Church, closed the program with a brief address on the need of prayer, and the value of uniting Christians in their work, and he pronounced the benediction, closing the formal program.

**United Group Organizes**

Organization of a new church group for Eldorado, the United Council of Church Women, which functions under the Council of Churches of Christ of America, a national organization, followed the program, under the direction of Mrs. Eugene Bonham of San Angelo. Four other San Angelo women accompanied her to Eldorado

and attended the meeting. Mrs. Keno Ogden, who was pianist for the afternoon, introduced Mrs. Bonham to the group.

The visiting officer explained the purpose and history of the United Council, and showed charts on the work in the United States. She then installed the following officers for the new Eldorado council: Board members, Mrs. Bert Page, Mrs. Keno Ogden, Mrs. Edwin Jackson.

President, Mrs. Luke Thompson. Secretary, Mrs. Wilson Page. Vice President, Mrs. Albert McGinnes.

Mrs. Roy Shilling, as a pastor's wife, was also installed with the officers.

The local unit will probably function with the required minimum of four meetings for the year: World Day of Prayer, May Fellowship, (first Friday in May); World Community Day, (first Friday in November), and an annual business meeting. To these meetings, every woman of every church in town is invited.

Further local organization will probably take place at the May meeting.

Everyone is urged to watch for the dates of these meetings and attend if possible—IN THE INTEREST OF COMMUNITY AND WORLD BETTERMENT.

**Fundamentalists Hear Guest Pastor**

Rev. Paul Burke of San Antonio was guest speaker Sunday at the Fundamental Baptist Church. In the afternoon, Rev. Burke, Rev. W. E. Krueger and his family, Mrs. Arch Posey and Linda, Nancy and Sherrill, Jerome Mitchell and three children and Mr. and Mrs. Alvin Ferris attended services at the East Side Bible Baptist Church in San Angelo. Rev. Burke also preached at that service.

**CATHOLIC CHURCH**

Lenten services have begun at the Our Lady of Guadalupe Catholic Church in Eldorado. Mass Sunday morning opened the Lenten season here; there will be mass again next Sunday morning at 8:00.

—Eldorado Success, \$2 per year.

Nolen McDonald began work last week on the foundation of a new rent house.

Mrs. A. J. Roach reports that Mrs. Ruth Roach has had bronchial pneumonia, and has been in a hospital in Houston, where she is improving.

Mr. and Mrs. Grover Lee Johnson visited the former's sister and her family in San Antonio last weekend.

Mr. and Mrs. Otto Sauer spent the day Sunday in San Angelo, visiting their daughter Gertrude, and attending church there.

Desmond King's new house has arrived in Eldorado, and is on location in the northeast part of town, in the Newlin Ray addition.

Fay Williams, lab technician in a doctor's office in San Angelo, spent the weekend with her parents, Mr. and Mrs. Cecil Williams.

ELDORADO, TEXAS

**21-Voice Choir Gives Program at Church**

A high point in the day's events at the First Baptist Church Sunday was a musical program, presented by a 21-voice choir from the church directed by Lavelle Meckel. Congregational singing of the stately and beautiful Great Redeemer We Adore Thee led by the choir opened the afternoon's program in a worshipful mood. The choir presented seven numbers, with Mrs. Cecil Townsend as soloist, Mrs. James Page as guest organist, and Mrs. Kenneth Cheek as pianist. All numbers were well chosen and well rendered. The singers, who wear choir robes at regular services and who practice regularly, showed the results of careful training and faithful practice.

A large number from out of town joined with local churchgoers in attending morning services Sunday, and a large number were present for dinner. Dr. A. J. Quinn brought the message for the morning hour, using as his subject The Eternities of Life, and spoke again in the afternoon on Facing Realities. Dr. Quinn, now of Amarillo, is a former Eldorado pastor. Lavelle Meckel was soloist at the morning service.

At night, the sermon, selections by the congregation and choir, and a baptismal service closed the day's program.

Visitors were shown through the building throughout the day and many of them spent the weekend here visiting friends. Baskets of flowers decorated the church. The baptistry painting, which Mrs. Elder recently completed, was shown for the first time. The all-day meeting Sunday was an Open House—not dedication. When the last dollar is paid on the church building indebtedness, the annex will be dedicated, as is customary.

While it was impossible to obtain a complete list of out-of-town people who were present at First Baptist Open House Sunday, the following names are on the register:

San Angelo: Mrs. Jeanette Willis, Mrs. G. L. Lewis, Anna Ludeckne, Louise Green, Mrs. Floyd Spurgers and children.

Robert Lee: Mr. and Mrs. L. Pitcock and boys.

Eden: Mr. and Mrs. G. B. Green, J. Wiley Green, Robert Green.

Sonora: Mr. and Mrs. Ben Meckel.

Ft. Stockton: Mr. and Mrs. J. R. Alexander.

Menard: Mr. and Mrs. Ben Isaacs, Jr., and children, Mr. and Mrs. J. W. Emerick and Harry, Mrs. J. L. Thompson, Mr. and Mrs. H. L. McDonald.

Melvin: Mr. and Mrs. A. T. Waldrip.

Abilene: Mr. and Mrs. R. M. Murray.

Ozona: Chas. Ratliff.

Van Horn: Mrs. J. D. Sammons.

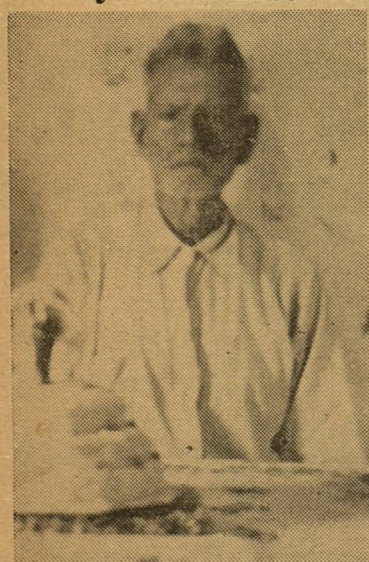

About 250 registered and many more attended. Bailey Ranch Baptist Church turned out for the services, and members of other churches were also in attendance.

Norman Faught of Snyder is spending the week with his cousin, Milton Faught and his family.

Mr. and Mrs. Fred Furr spent the week end at Del Rio with an aunt, Mrs. John Palmer.

Mr. and Mrs. Tom Whiteley moved Monday from the Albert Thigpen house to Reynolds Ranch.

**Ninety-and-Nine!**

J. E. ESTES

The figures ninety and nine mean something to J. E. Estes—since February 10 he is 99 years old.

For the past several years more and more attention has been given his birthday, as he approaches closer to the century mark with the passing of each milestone.

The family served birthday dinner Sunday in his honor. A daughter baked his favorite lemon cake, Mrs. O. L. Woodward presented him with a beautiful bouquet of glads from her nursery, and friends called.

Present Sunday at the dinner were Mr. and Mrs. S. L. Stanford, Mr. and Mrs. Martin Estes, and Mr. and Mrs. Clyde Estes and O. C. of Sterling City, in addition to his wife and others.

Mr. Estes has spent a good winter, considering his advanced age; he is able to be around the house and he knows callers who visit him at his home. He has also retained his faculties remarkably well.

**MRS. J. M. HAYS COMPLETES PAINTING OF 83-PIECE SET OF CHINA; MUCH OF IT IS GIVEN HER BY FRIENDS**

She said she had no talent for that sort of thing, and that she just couldn't do it—

But when Mrs. Jim Hays left Eldorado today for her new home at Brookshire, she took with her an 83-piece set of dinnerware, which she had painted herself!

"Now I'm making a hobby of china painting," said Mrs. Hays recently, proudly surveying the results of her work. "And I have Mrs. Robert Milligan to thank for it all—she was so sure I could do it, and showed me how to go about it."

Mrs. Hays started out by buying twelve dinner-size plates in plain American Ivory china. She chose a design that she liked—a pattern in which pink roses predominate, with touches of green and blue, and bands of gold.

Friends, who knew of her aim to complete a set, bought a large number of pieces of the dinnerware, and presented them to the couple on their 25th wedding anniversary last May. Since then she has been doing the painting in her spare time, as relaxation from her busy life as a minister's wife.

The complete service for 12 includes 12 dinner plates, cups, saucers, bread and butter plates, soups and soup plates, also a number of other pieces, such as salt and pepper, sugar and creamer, platters

Mr. and Mrs. J. R. Alexander of Ft. Stockton, and Mr. and Mrs. Earl Pitcock of Sanco, former Eldorado residents, visited Mrs. George Williams during the week-end and attended the Open House at the First Baptist Church Sunday.

Bobbie Fry, age seven, daughter of Mr. and Mrs. Owen Fry, is ill with measles.

Mr. and Mrs. Al Groehl of San Angelo visited last week end with their son-in-law and daughter, Mr. and Mrs. Howard Derrick.

(sizes 12 and 14 inch), covered tureen (gift of fire department), oval vegetable, and others.

Mrs. Hays has been rushing through her work on the last pieces of her set, and Mrs. Milligan was firing a number of pieces for her as late as last Saturday—and the completed set was carefully packed for the trip to Brookshire this week.

Mrs. Hays states that she has found the china painting not only a relaxation, but also an answer to a real need in the household set-up of a minister's wife, who entertains often and who has a steady need of attractive table appointments. She expects to use her china often in her new home.

Mrs. Hays explains that she has done all of the pieces free hand—that she decided to do so when she found that the stenciled designs seemed too precise—and that the freehand designs were more artistic.

To go with her hand-painted china, Mrs. Hays has a set of Imperial Candlewick crystal, service for 12, the gift of friends at the Anniversary last May; a combination radio and record player and an electric blanket, the gift of church members and friends at Christmas; as well as other remembrances Eldorado friends have left at the parsonage during the 9½ years the Jim Hayses have occupied it.

Mrs. George Williams has gone to San Angelo to take care of her sister, Mrs. W. T. Green, who has been dismissed from the hospital after having major surgery, and who is now at home at 505 Pulliam St. Mrs. Green formerly lived here.

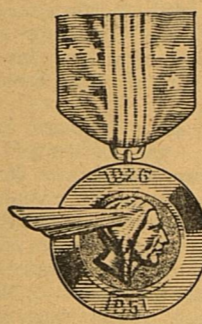

Mrs. Joe Sawyer of Tankersley is here visiting her daughter Mrs. Paul Phillips and her family, and assisting with the care of Patricia, Joe and Mollie Phillips, who have measles.

Marjorie, daughter of Mr. and Mrs. J. B. Swain, has measles.

Mrs. Hattie Blaylock spent the week end in Robert Lee with her children, Bert Blaylock, Mrs. Aubrey Lackey and Mrs. Vernon Copple.

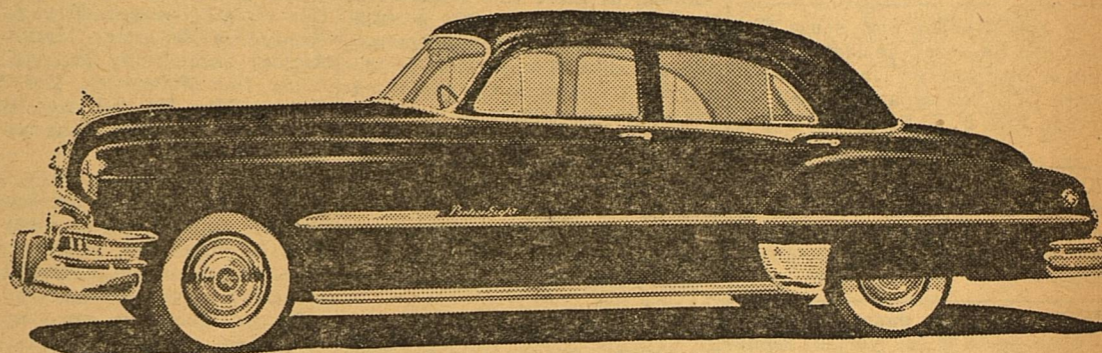

Mr. and Mrs. T. P. Robinson, Jr., visited relatives, Mr. and Mrs. W. A. Newton and Miss Kay Mitchell, in Waco, last weekend, returning home Sunday evening.

Mrs. Victor Sauer is in San Angelo today, to be with her mother, Mrs. J. J. Castello, who had an eye operation this morning. Mrs. Sauer will remain there a day or two.

**Now—How about  
traffic on the Santa Fe?**

With the cooperation of our officers, and of the employees who remained at work, Santa Fe managed to keep thousands of freight cars and all its passenger trains moving during the "outlaw strike" which began January 30th and which so severely crippled our country's rail transportation. Santa Fe could not, of course, operate at its top efficiency.

Now vital supplies, which have been piling up in freight terminals during the past several days, are starting to move.

**A complex situation**

There is one point, however, we know the public will understand. So complex a thing as America's transportation system cannot be turned off and on like a water faucet.

Thousands of "car days" were lost due to freight cars standing still. Even though cars are now moving it is bound to take a while before congestion

is relieved and delayed cars are unloaded at their destination.

Santa Fe was able to deliver more cars to other railroads than other railroads delivered to Santa Fe. Consequently, Santa Fe now has substantially less cars on its rails than when the "outlaw strike" began. Naturally, this will result in a shortage of cars until this complex situation has been cleared.

**A word to our shippers**

We are doing everything possible to speed up the return to normal. We ask, however, that shippers who now need cars bear with us during this period.

Santa Fe expresses its thanks to its shippers and passengers for their patience and understanding during the trying times we have all just passed through—and also to all our people who cooperated in this emergency, many of them responding beyond their normal call of duty.

CHARLIE TRIGG MOTORS

Ray Hudgens Chosen to Head Welfare Ass'n

Ray Hudgens was elected president of the Schleicher County Welfare Association at an enthusiastic and well-attended meeting of outgoing and incoming members Wednesday afternoon in the library room of the Recreational building.

Other new officers are Mrs. Roy Davidson, vice president, Mrs. S. D. Harper, secretary, and Mrs. Fred Watson treasurer. Appointed on the investigating committee are Lum Davis and Palmer West, who served on this important committee last year, and Mrs. E. W. Craig. Present at the meeting were Ray Hudgens, Mrs. Fred Watson, Mrs. Roy Davidson, Mrs. B. K. Cheek, Mrs. Edgar Spencer, Mrs. Arthur Mund, Mrs. Bert Page, Marvin McAngus, Lum Burk, Mrs. E. W. Craig, Don McCormick, Mrs. S. D. Harper, Mrs. Ed Hill, Mrs. Bailey Montgomery, Lloyd Johnson and Bill Rountree.

The out-of-town speaker scheduled for the program could not be present, so the group spent the time in discussing welfare problems, and plans for more efficient operating of the Association.

Several questions came up for discussion at this meeting, and should be understood by the general public. Money for welfare purposes in Schleicher County should be given to the Schleicher County Welfare Association, not to the San Angelo drive; the reason for this: San Angelo will not help Schleicher County cases, and refers charity requests from Schleicher people back to this county. Members of the Board stress the fact that the local organization will have to take care of local cases and needs the donations!

Another question discussed was collecting of used clothing, especially used clothing for school children and small children. More definite plans will probably be announced on this question soon.

The Association was organized two years ago, to meet the demand for charity. It is composed of 18 people, each member representing a club or church or other organization; eight retire each year.

It meets at least twice a year—and the group decided yesterday to meet oftener during 1951. It functions through use of an investigating committee, composed of three members, two of whom must agree on a case. Through its recommendations funds have been spent for various causes, ranging from purchase of a few gallons of gas for stranded needy transients, to aiding on the cost of an expensive operation. Not all cases under consideration are given aid—but all are carefully investigated before a decision is announced.

Here is the complete board: Incoming new members: Mrs. Fred Watson, Eastern Star Mrs. Roy Davidson, First Baptist Church Mrs. S. D. Harper, PTA Mrs. Bert Page, Woman's Club Mrs. E. W. Craig, Rock Church of Christ Lloyd Johnson, American Legion Mrs. Pat Enoch, Presbyterian Church Mrs. Martin Estes, Bailey Ranch Baptist Church. Holdovers: Mrs. Ed Hill, DAR Ray Hudgens, Lions Bill Rountree, Masonic Lodge Lum Davis, West Side Church of Christ Palmer West, Methodist Marvin McAngus, Fire Dept. Mrs. Grover Lee Johnson, Junior Woman's Club.

Discussion at the Wednesday meeting showed the fact that a surprisingly large list of worthy appeals had been answered, and that the Association is actively functioning at all times. All who have not donated to this cause, or who plan to give more to the local Community Chest may contact any of the above members, especially the elected officers, at any time.

Man Injured in Explosion  
John (Slim) Bunnell, employed on the Norsworthy No. 2 in the Brushy Top Field, Wesley Young driller, received three broken ribs, bruises and severe shock early Monday morning when butane gas which had accumulated in a shed near the well, exploded. The steel door on the shed struck Bunnell. He was brought to Sonora for treatment and is recovering at his home.

The well is located on the Thompson ranch. —Devil's River News.

Have you donated to your Welfare Association?  
Howard Derrick is making preparations to build a new 20x50 ft. barn on the ranch.

Mrs. G. M. Capps, daughter of the Browners, is staying in San Angelo awhile.

Mrs. Leon Younger of Snyder spent a day last week with her mother, Mrs. W. H. McClatchey, who is still on the sick list.

Mrs. Robert Milligan is starting her free painting lessons again at the courthouse each Saturday afternoon.

Community singing Sunday at 2:00 to 4:00. Memorial Building.

Weekend guests in the J. D. Parker home were Mr. and Mrs. James B. Carroll of Talpa.

Have you donated to your Welfare Association?

Mrs. May Tisdale New DAR Regent

The El Dorado Chapter of DAR elected Mrs. J. E. Tisdale regent at the regular meeting of the chapter Tuesday, February 6 at the home of Mrs. Carl McWhorter, with Mrs. Ernest Hill co-hostess.

Mrs. John Alexander, regent, opened the meeting, and Mrs. J. E. Tisdale, chaplain, read the day's lesson from the book of Deuteronomy, and offered prayer. Mrs. J. M. Hays led the group in the singing of the national anthem, after the salute to the flag was given.

During the business session, it was decided to change the regular meeting date to the third Thursday. New officers were then elected: Mrs. J. E. Tisdale, regent; first vice regent, Mrs. Ernest Hill; second vice, Mrs. V. G. Tisdale; chaplain, Mrs. John Luedecke, Sr.; secretary, Mrs. Carl McWhorter; treasurer, Mrs. Mary Davis Coupe; registrar, Mrs. L. M. Hoover; historian, Mrs. W. O. Alexander; librarian, Mrs. J. E. Hill.

Mrs. Cora Miller was elected to represent the chapter at the state meeting in Corpus Christi from March 7 to 10. Announcement was made of the selection of Iretta Faye Mace as DAR Good Citizen.

The program, on George Washington, followed the business session, and was led by Mrs. J. B. Montgomery. Mrs. J. M. Hays gave a talk on George Washington as a teenager. Reports of department chairmen followed.

The patriotic motif was carried out in the decorations and table appointments. Tall candles in red, white and blue, were the buffet decorations. The table was laid in maderia, and was centered with a cherry tree, composed of white candles and red cherries. A salad plate was served, and Miss Kitty Buchanan poured coffee and tea.

Present were Mmes. W. O. Alexander, J. M. Hays, V. G. Tisdale, Elizabeth Powell, Ed Hill, John Luedecke, J. E. Tisdale, J. B. Montgomery, Frank Meador, Luke Thompson, and Miss John Alexander, members; and Mrs. C. E. Gary, Mrs. Frank Clark, Mrs. W. McWhorter and Miss Kitty Buchanan, guests.

PTA NOTICE

Members of the Parent-Teacher Association announce their next meeting for Feb. 20 at 7:30 in the high school auditorium. A special Founder's Day program will be sponsored by Mrs. Kenneth Cheek and Mrs. C. A. Reynolds.

A social hour will follow the program, and will be given in the home ec reception rooms.

Joyce White, who is attending business college at Abilene was a recent visitor in the home of her parents, Mr. and Mrs. Byrd White.

Mr. and Mrs. Ovid Wade visited Sunday with Mr. and Mrs. Bill Wade and daughter, Vera, and Bud Wade.

Mr. and Mrs. O. L. Furr and children and Mr. and Mrs. W. A. Butterfield and Claudia have returned from a fishing trip.

Mr. and Mrs. Harry Mercer and children of Rankin spent the weekend with Mrs. Mercer's sister, Mrs. Roy Shilling and her family.

New Idea in Dishwashing!

Operating on a "revolutionary" principle of automatic dishwashing, this new Youngstown Kitchens dishwasher will do the family's dishes in less than 10 minutes. The young lady holds the partially filled upper basket to show how cups, glasses and silverware are positioned. A lower basket holds plates, larger dishes and pans. The machine will hold table service for six people. The tube in the middle of the tub is a jet tower which spins and throws powerful streams of water which shear food particles off dishes. Water at 180 degrees is delivered from a booster heater tank in the machine.

Foxworth-Galbraith Lbr. Co.

★ **AL-TRUISMS**

—By Al G.

In the February issue of Country Gentleman appeared an article entitled, Does Butter Have a Future? In this article the writer states that butter producing states are reporting trouble, which may become so serious as to squeeze butter out of the dairying industry.

The article gave figures on per capita butter consumption, as compared with margarine, in three designated years:

1940, Butter, 16.9 lbs. Margarine, 2.4.

1945, Butter, 10.9 lbs. Margarine, 4 lbs.

1950, Butter, 10.5 lbs. Margarine, 6.1 lbs.

We were astonished when we studied these figures—we'd thought that margarine was way ahead in that field—and from observing grocery prices and people's buying habits over the years we thought a lot more margarine than butter was used here.

So, we did a little inquiring, and found we were right—that in Eldorado merchants sell possibly five times as much margarine as butter. And that isn't anything new here either.

Why margarine forges ahead is easy to understand—it's good, it's uniform in quality, it keeps well, and it is a lot cheaper than butter. Many of us use it most of the time.

The article mentions something else we hadn't thought of—the combined total per capita consumption of butter and margarine is less than that for butter alone in pre-war years.

We're trying to explain that maybe we learned during the war that we could do with less fats; or maybe we're getting waistline conscious; or we've lost our taste for fats—oh, you explain it.

But that still doesn't account for our buying one pound of butter to five of margarine here—merchants can get all the butter we'll buy, and will sell us what we ask for. But we don't follow the national average.

Back in Eldorado and shaking hands with old friends and getting acquainted all over again with their grandchildren are Mr. and Mrs. Lewis Yaseen, of Niagara Falls. They attended Mardi Gras at New Orleans, and are on their way to Los Angeles to visit friends. Their son-in-law met them in Del Rio and brought them here for a visit. They are staying at Keno's Courts while visiting in this city.

Mrs. Thad Thomson is wintering in Florida, at least during the month of February. She is spending

about four weeks at Winter Park, Fla., with her step mother, Mrs. Richard Newton, and her aunt, Mrs. Upperco Paul, who expect to accompany her home for a visit on the ranch here, about March 1.

The Ralph Fowlers have had company again out at their ranch. Mrs. C. W. Young is spending the week there. Last weekend Lieutenant and Mrs. George Welborn and their children of California, stopped at the ranch for a visit on their way to Shepperson Field, where he will take a six-weeks' course. Lt. Welborn, who is in the Army, and his family, spent a day and a night at the ranch.

Lige and Mrs. Chrestman (he's with Republic) have found old friends up in this part of the state—Methodist Pastor Rev. and Mrs. Deckard, now of Eden. The Chrestmans knew them when both families were living at Port Lavaca. The Chrestmans visited them at Eden Monday and invited Mrs. Deckard to come along and stay at their home, when the pastors' retreat is on at the local Methodist Church—and the invitation was accepted, of course. The Chrestmans went through the new Eden Methodist Church while there Monday.

The V. H. Humphreys have had guests—Mrs. Humphrey's sisters, who live a long distance from southwest Texas. Included in the group of visitors were Col. and Mrs. Harry Lumpkin of Washington, D. C., and Mrs. Temple Holland, whose husband is also a colonel, of New York—also cousins Mr. and Mrs. Mark Lackey of San Angelo.

There's a new family out at the Cooper Gas lease, succeeding the Pete Ringles who have moved away. The new Cooper employee is Alvin McGilvary who has moved here with his family from San Angelo, where he has been a rancher. The family consists of Mr. and Mrs. McGilvary, their daughter Jessie, 20, former student at Abilene Christian College, now a stenographer for the City of San Angelo, and Araminta, 18, former SAC student, now an employee at the Central National Bank in San Angelo. This is Mr. McGilvary's first job with Cooper. They moved in last weekend, occupying one of the lease houses—"and we're still moving"—says Mrs. McGilvary today.

★ **The Military** ★

Reporting Friday, Feb. 16, (tomorrow) at Sonora to go for their physicals are the following 35 young men from this district:

Sutton County: Esequiel Garza Duran, John Wesley Joy, Henry Berlanga, Juan Noriega Reyna, Rudy Bittel Jr., Miguel C. Ibarra Jr., Charles Edwin Montgomery, Joseph G. T. DeBerry, Jose Guadalupe Sandoval, Abelino Castro Sanchez Jr., Ralls Royce Regeon, Felipe Soliz Gonzales, Ramon C. Santos, James Albert Yancy.

Schleicher County: Gordon Wesley Hamm, Reuben Neill Dickens, Ivan Hilton Herron, Andres Pena Villarreal, Patton Randall O'Harrow.

Crockett County: Ernesto Tijerina Martinez Jr., Isaias Longoria Rios, Pedro Gonzales Vargas, Alfredo C. Delgado, Charles Manuel Cunningham, Alan Lee Armentrout, Richard Chelsea Kirby Jr.

Edwards County: Beauford Hue Lackey, Rex Hayden Long, Joe Lynn Whittley.

Kimble County: Billy Joe Frazier, Carl Edward Baker, Ray Curtis Jr., Richard Weldon Bradshaw, Billy Joe Davis, Robert William Davis.

CAMP COOKE, Cal.—What happens to the nation's defense estab-

lishment when the sovereign state of Texas answers a call to arms?

The 40th Infantry Division, which is as California-ish as the sunshine for which its native state is noted, came up with one answer recently.

When the last of 4,000 new draftees from all parts of the country have passed through the 40th Replacement Company, one out of every eight will hail from the Lone Star State. Exactly 496 Texans passed through for processing last week.

The Texans figured the eight-to-one odds were about equal. Eldorado has two boys at Camp Cooke, Olge Halbert and William Spurgers.

Mrs. Frank Bradley has heard recently from both of her boys who are in service. Pancho landed in England, where he is in a bomber squadron. Tom is with the fleet at Sasebo, Japan.

Fort Sam Houston.—Albert R. Thigpen, son of Mr and Mrs. Albert Thigpen of Eldorado, began processing this week at the Fort Sam Houston reception center.

Along with other men, he will spend his first five days taking shots, watching orientation films, practicing close-order drill and completing questionnaires.

Have you donated to your Welfare Association?

**POST - SCRIPT**

Again Nick Jurecek is the last to gather his cotton. He's still picking, with prospects of a remaining total of 20 bales. Last year he was also a late picker, his final bale coming out of the gin on March 20.

Cotton farmers of Schleicher County are among the cotton growers of Texas who are watching with interest the discussion of importation of bracero labor into the States. Mexico seems to want to keep some of its labor at home and asks for termination of its present agreement with the United States by July 1. It seems the U. S. needs 133,000 Mexican laborers in cotton, citrus, and sugar beet areas, and Mexico wants this country to have only 55,000 in addition to the 30,000 already here. Negotiations concerning the number of braceros sent here and the terms under which they come are being worked out. Schleicher County employs braceros during the cotton picking season especially.

We borrowed this one, said to be a verbatim account of questions and answers when a young lady applied for a driver's license.

How old are you?

Over 18.

What is the first rule of the road?

Watch out for motor cops.

What is the second rule of the road?

Don't let anything run into you or pass you.

What would you do if the steering gear broke?

Drive to the nearest garage and have it fixed.

What would you do if the battery runs out?

Try to put it back.

What is the accelerator?

The name of something you put your foot on that has something to do with something inside the car.

What is the charging indicator?

The bill you get from the garage.

What is meant by "short circuit"?

Going somewhere by the shortest way.

What furnishes the motive power of the car?

My husband.

Once again Southwest Texas has broken into the Saturday Evening Post. This time it was Sul Ross College—cowboy students appearing in color pictures in an article entitled "Cowboys on the Campus," Feb. 10 issue. Quite a national plug for the College!

Not to be outdone by a neon sign at Keno's Courts, Dr. M. G. Holcomb has put up a neon bar behind the clinic's block letter sign. It's on the main drag, and looks fine, right beside Keno's new sign.

4-H boys and 4-H sheep are in San Antonio at the Stock Show, which is now under way. They got off Wednesday; County Agent W. G. Godwin, Edgar Spencer, who were adult sponsors accompanying the club boys, Jack Stanford, Jack Mund, David Powell, Truett Stanford, and James and Bubba Alexander. Quite a few more boys will go Friday, also many parents and friends, who will go for a day or two at a time. Sponsor Godwin will stay through the show until next Wednesday, and the boys will take turns staying with the stock so they don't miss much school. Actual showing of the stock will take place Saturday, which will be a big day on the grounds.

Very nice—the publicity which Schleicher County's oil play is getting in dailies of the state. Steady and timely news items concerning current developments have been appearing in the San Angelo Standard—also the Ft. Worth Star Telegram—to mention two of them.

The center of interest is the new Huldale field, to which Republic expects soon to lay a six-inch pipe line, material for which is available, and which will give the field an outlet for its oil, now being trucked out to the Republic Pump Station at Huldale.

Included in the list of judges for the San Angelo Fat Stock show is the name of John Williams, of Eldorado, for the Boys' Breeding Sheep Division. A total of 100 are entering the Breeding Sheep show.

March of Dimes contributions are still coming in. The total up to 9:00 this morning was \$861.71. Everyone should contribute!

Just this week dailies of the state printed a story about a goat having quads, and mentioned the fact that this is unusual. Now this morning, Paul Phillips goes out to his barn and finds his nanny with quads—three nannies and a billie. It will be remembered that a goat owned by Phillips had quads two years ago—the sire of the new quads is from that prolific family.

And speaking of the proud mother this a.m., Phillips says, "She doesn't act as though she thought she'd done anything unusual."

Mr. and Mrs. Clifton Henderson and Mr. and Mrs. Gordon McDonald spent from Thursday to Sunday fishing near Del Rio.

**Visiting Musicians Are Well Received In Program Tuesday**

Playing to an appreciative audience, Mrs. Roy Clary and Mrs. Wayne Davenport presented two-piano arrangements of classical and semi-classical numbers, at the Methodist Church Tuesday afternoon, at an open meeting of the Woman's Club of this city.

Appearing on the program with the talented San Angelo musicians were local singers, Mrs. Wilson Page, with Mrs. James Page as accompanist, and the High School Girls' sextette, (coached and accompanied by Miss Lucille Farmer) who sang two numbers. The personnel of the sextette is: Myrta Bob Harper, Margaret Ellen Edmiston, Sue Shilling, Helen Morgan, Carolyn Ratliff, and Lola Beth Ballew.

At the silver tea which followed in the church reception rooms, the valentine motif was carried out in the centerpiece on the lace covered table, an arrangement of valentines red candles and angel hair. Mrs. James Page played during the tea hour, and Mrs. Edwin Jackson and Mrs. Edgar Spencer poured. The tea was in charge of the social committee, Mmes. Harper, Meador and Stevens.

White glads and carnations were the auditorium decorations, and pot plants brightened the reception rooms. Over 50 attended the program and tea.

Among those on the sick list are Mrs. N. M. Bearce, Mrs. E. W. Brooks, Mrs. L. M. Hoover, Bud Davidson, Jack Hext.

Betty Sue Williams of Waco spent the week end at home.

**Boy Scout News**

A troop committee, with Jack Black as chairman, was set up at a meeting Tuesday night to work with Troop 18, Eldorado, and assist Scoutmasters Bill Gunstead and T. P. Robinson, Jr. Committee members were assigned jobs as follows: Joe Christian, secretary-treasurer; John Miller, institutional representative; E. W. Perry, outdoorsman; and Clovis Taylor, advancement. J. B. Morris, executive from San Angelo, met with the committee to discuss responsibilities pertaining to each job.

Plans were discussed for starting an Explorer Post, for Scouts 14 and above.

Some of these Scouters plan to attend a leadership training course this weekend at Camp Farr near Mertzon.

Grover Lee Johnson reports that the Cub Scouts are planning a Blue and Gold Banquet for the latter part of this month. He says that about five boys will be ready soon to enter the Scouts. The Cubs meet once a month.

The Pack Committee is composed of Roy Shilling, chairman; Ray Boyer, F. O. Prochaska, and John Stigler. Institutional representative is W. R. Bearce.

Den Mothers are Mrs. Jess Walston and Mrs. J. F. Runge.

**OES MEETS FEB. 12**

Special guests of the Eastern Star at their regular meeting Feb. 12 were the men. A special program was given for them, which was preceded by the usual program in the charge of Mrs. Thelma Childers, worthy matron. Edwin Childers and Marvin McDonald were hosts.

**Hayses Entertain Fire Department**

Tuesday of last week regular meeting night for the Eldorado firemen, was the night chosen for a social evening at the home of the firemen's chaplain, Rev. Jim Hays, who has served the group in that capacity since 1944.

The men gathered at the fire station for a business meeting, during which they discussed plans for attendance at the Hill Country Meet the following Tuesday at Balinger.

Later in the evening they were joined by the ladies, and, at the invitation of Rev. and Mrs. Jim Hays, gathered at the Baptist parsonage for cake and coffee, and a social evening with the couple, who are leaving this week for Brookshire.

During the evening, the group visited and sang old favorites, led by Ray Hudgens and Lum Davis, with Mrs. Jim Hays, Mrs. Roy Andrews and Mrs. B. L. Blakeway at the piano.

The firemen and their wives presented Rev. and Mrs. Hays with a gift certificate, the gift to be sent them when it arrives. Rev. Hays has been chaplain since 1944, and was the department's first chaplain. He was also Hill Country Chaplain last year. A successor will be chosen later, probably at the next regular meeting of the department.

Thirty attended the Tuesday social.

Mr. and Mrs. Alvis Waldrip of Melvin visited Mrs. A. E. Kent last week end.

The Allen Kuykendall family attended the symphony at San Angelo recently.

A. J. ROACH

The above is not too recent a picture of A. J. Roach, and the cut has not been very well preserved, but it appears in this issue of Success because of the fact that he celebrated his 80th birthday recently.

Honoring Mr. Roach, also Father Ronnin of Sonora, and Mrs. Alma Oberkamps of Ozona, whose birthdays fell near that time, Mrs. Roach entertained on February 4 with a turkey dinner at the Roach home. Present in addition to the three who were celebrating their birthdays were Mr. and Mrs. T. J. Bailey and two children of Ozona, Jim Tom Roach and Tommy Joe and Henry, Eldred Roach, and Mrs. Gaston Brock of Snyder.

Mr. and Mrs. C. C. Henderson spent the day Sunday in Abilene with relatives, and were joined there by Mrs. Henderson's brother of Crosby County. The children gathered there because of the very serious illness of Mrs. Henderson's father, age nearly 73.

Guests of Mr. and Mrs. Charlie Trigg last weekend were Mr. and Mrs. J. T. Crews and Carol and Joan of Mertzson, and Mrs. D. E. Hughes and Mrs. Jackson Hughes, of San Angelo.

**CUBS AT RUNGES**  
The Cub Scouts and two other mothers, Mrs. Curtis Short and Mrs. Cecil Townsend, met with Mrs. Runge at Runge Ranch Saturday. They took a hike and worked on their Lion Achievements.

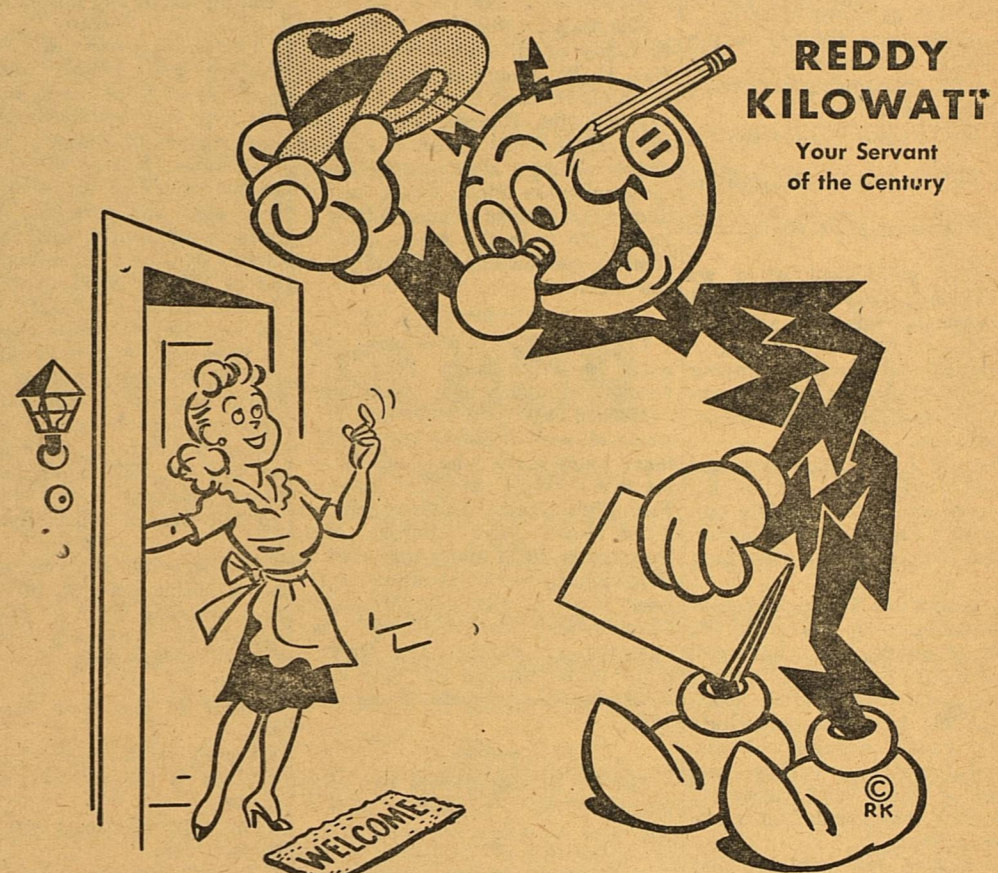

Guests of Mrs. John West last week end were Mr. and Mrs. Elton Spencer and children, John, Charlie Joe and Kay, of Harper.

As Monday was a holiday, Mr. and Mrs. J. B. Christian spent the day at Camp San Saba with relatives.

Mrs. Edwin Childers has been informed of the death Sunday of her grandmother, Mrs. Lum Cooke, 79, at Globe, Ariz.

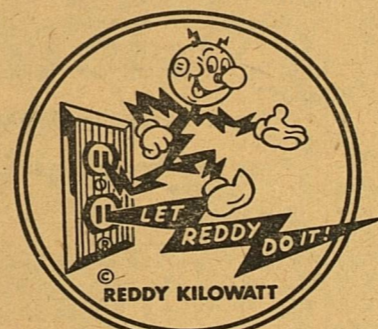

Mrs. Robert McElroy and daughter of San Angelo spent the day Monday with Mrs. McElroy's parents, Mr. and Mrs. Ben Biggs.

Mr. and Mrs. Milton Faught and Carol Jane spent the day Sunday in San Angelo with Mr. and Mrs. Bob Alexander.

**REDDY KILOWATT**  
Your Servant of the Century

Who helps with the work in **YOUR** house?

West Texas Utilities Company is a business-managed company with thousands of Texas stockholders.

If you say "Reddy Kilowatt," you score 100! Reddy, your electric servant, is always ready to take over your household work at the flip of a switch. He's fast, clean, dependable, and willing. He's good at other jobs, too—all around the town—in the factories, stores, and on the farms.

You pay him about 3¢ an hour, on the average—just think of all the work he does for you!

That's Reddy Kilowatt Power for you!

### JAVA MONKEY AMUSES VISITORS AT ELDER STATION; PUTS ON ONE-MAN SHOW FOR HIS HUMAN AUDIENCES

Junior is doing well. He is popular in the Eldorado business district—he is interesting to watch—he entertains just by being his own sweet self—and he causes no trouble intentionally.

Junior is a Java monkey who belongs to Mr. and Mrs. Jack Elder, and who spends his waking hours at their filling station.

He arrived in Eldorado by express, in a crate, on December 23. The Elders learn that he came from a pet shop in Brownsville, but when they tried to do a little detective work on who the donor was, they were informed that this was a cash deal and the clerks did not remember.

As monkeys sell for \$50 to \$100, Junior is worth something. But the Elders don't know whom to thank.

Junior weighed three pounds when he arrived in Eldorado and is now about a year old. He will weigh about 12 pounds when he is grown which will be in five years. He was quite wild but is now tame.

The Elders are constantly talking about how intelligent Junior is, and from the stories they tell of his reactions to particular situations, he must be a bright youngster. For instance, he had made a run to the oil field about four times with Jack, riding in the cab with his master. One day last week Jack missed his regular turn, and it was the chattering of the monkey that caused him to realize his mistake! He spotted the fire Friday in the Albert Bailey pasture, from Elder's east window—and again chattered excitedly until someone came to look.

The Elders are afraid to leave the engine going in the car, and leave him in it alone, for fear he will turn something on. He runs around in the station at the end of a long chain, which he can unwind regardless of what he catches it on. He eats ants and catches flies, but knows enough to let a wasp alone. He begs customers for a swig from their coke bottles.

For food he lives mostly on raw vegetables and fruits, with a decided preference for raw sweet potatoes. He refuses to overeat or to eat anything that won't agree with him.

An admirer gave him a metal mirror which amuses him by the hour. He gazes at himself long and intently, then reaches around to touch the monkey on the other side, or moves it around so that he can see others in the mirror.

He is well housed and well dressed. At night he sleeps in his own cage at the Elder home, where the temperature is kept warm for him. He also has quite a wardrobe of sweaters, jeans, hat and winter coat.

When handed a stick of gum in a wrapper, he gets the wrapper off in record time, puts the gum in his mouth and chews it until the flavor is gone. He can open a sack as fast as a human can, and likes to open packages.

He likes children, but just endures the family dog.

Wednesday night, when Mrs. Elder left him in the car while she worked on the baptistry painting at the First Baptist Church, Junior got out, and it took 20 people in the neighborhood to find him.

Schleicherites may be surprised to learn that there are two other monkeys in Schleicher County besides Junior—a spider monkey owned by Laura Clark, and a cinnamon ring-tail, owned by the Lavel Meckels.

### FEW SENT TO PRISON FROM SCHLEICHER COUNTY

Special to Eldorado Success  
HUNTSVILLE, Feb. 14.—In 1950, as in ten other years out of 22, there were no persons committed to the Texas prison system from Schleicher county. The county has sent only four persons in the last ten years to the prison.

This was revealed by Dr. Rupert Koeninger, director of classifications at the prison and head of the sociology department at Sam Houston State Teachers college. His advanced students aided in the survey which dates back to 1928.

The county's highest number sent to the walls in the past 22 years was in the depression year of 1934 when three were committed. Since that time less than one person yearly has been committed.

Relatives from here who have been visiting Mrs. Leo Ivy after her operation in San Angelo state that she is doing well.

### STUDENT GET CHOICE OF SERVICE WHEN DRAFTED

College students who have received draft summons and had them postponed, and those who will receive them during the school year and be entitled to have them postponed, will now be able to choose their branch of service just as they would if they enlisted before the summons arrived, according to information received last week.

Previously a notice to report for physical examination meant voluntary enlistment was impossible and the student was obliged to enter the army as a draftee. The new policy is designed to encourage students to continue college to the end of their academic year and at the same time preserve their right to indicate the service they prefer.

According to Earl J. McGrath, U. S. Commissioner of Education, this policy will prevent damage to the educational system by eliminating the uncertainty and large scale enlistments that have prevailed on almost every campus in the country.

**New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!**

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the

Standard equipment, accessories and trim illustrated are subject to change without notice.

When better automobiles are built BUICK will build them

thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflo Drive.\*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road.

\*Standard on ROADMASTER, optional at extra cost on other Series.

That title in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

**RECIPE OF THE WEEK**

*By Mary Lee Taylor*

**Cherry Cream Pie**

**Broadcast: February 17, 1951**  
No. 2 can pitted cherries  
1 package vanilla pudding powder  
½ cup sugar  
2 eggs, separated  
¼ cup Pet Milk  
¼ cup water  
1½ teaspoons vanilla

Drain cherries well. Put pudding powder and ¼ cup sugar into saucepan. Stir in mixture of slightly beaten egg yolks, milk and water. Bring to a boil over low heat, stirring all the time. Cook and stir 30 seconds. Stir in vanilla. Cover and cool thoroughly. Then fold in well-drained cherries. Put into cold 9-in. baked pastry shell made with pie crust mix. Beat egg whites stiff; slowly beat in ¼ cup sugar. Put on custard, spreading to edge of crust to seal in filling. Bake in slow oven (325°) 15 min., or until light brown. Cool before serving.
