ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, APRIL 10, 1952

NUMBER 15

DISTRICT COURT CONVENES AGAIN NEXT MONDAY

In district court here Monday, the case of Corinne Russell Judkins vs Dan Adams for debt, was dismissed on motion of the plaintiff.

Mrs. Emma Wootton was granted a divorce from Archie Lee Wootton, custody of the three children, and child support of \$60 per month.

Frances Madeline Ottaberry was granted divorce from Jack Ottaberry.

The seven other divorce cases on the docket were either dismissed, or continued for service, with the exception of one which may come up next week.

Jim Tom Roach, previously divorced from his wife Polly Roach, was given custody of their two children with right for the mother to visit them, reversing decree of original divorce, in which the mother was granted custody and the father right to visit them.

Case involving sale of royalty in the Huldale Oil Field, continued by agreement of counsel.

The three cases in the matter of Ralph Bates vs Paul Haley, as next friend for his children—cases combined into one, and probably to be tried next Monday when Court re-convenes. Three other jury cases involving damages are also on the docket.

Old Board Members Returned To Office; Turn-Out Is Good

With four in the race, the two school board members who were up for re-election were returned to office, in an election Saturday which brought out a vote of 257.

Here is how they placed:

Jack Hext	84
Thos. Richard Jones	84
Henry Speck	174
Jim O'Harrow	175

Horace Linthicum was returned to the county board unopposed. There were a few write-ins.

High School Jr. Girls Win Dist. In Softball

High School junior girls' softball team, under the direction of Mrs. Wayne Griffin, won district championship from Junction Saturday by 23 to 12. They received a trophy as an award.

The nine-member team consisted of: Barbara West; Juanita Phillips; Colleen Hicks; Joan Trentham; Beth Shilling; Ann Williams; Martha Dell Williams; Jean Kuykendall and Sherry Atkinson. Substitutes were Dorothy Carroll and Donna Beth McCormick.

Easter Holidays Are Set For This Weekend

School will be out this Friday and Monday for Easter holidays. Supt. T. E. Holcomb said this week, adding that the school board had recently approved the change in plans. Easter holidays had previously been set as Thursday and Friday, April 10 and 11.

OPERETTA IS SUCCESS FRIDAY AT SCHOOL

"A smooth and enjoyable performance" was the verdict of the hundreds of friends of the school who attended the operetta presented Friday night under direction of Miss Lucille Farmer and Mrs. Wayne Griffin.

Most of the pupils of the fourth, fifth and sixth grades participated, and there were numerous group songs and folk dances, dialogue and solos to bring out the story of the operetta.

TWO FROM HERE PLACE IN LITERARY EVENTS

Barbara West placed second in girls' junior division of declamation, and Glenna Edmondson was fourth in senior girls' declamation, in Interscholastic League literary events Friday at Menard. Mrs. Carl Ratliff directed debate and Miss Jewel Shelton had charge of declamation.

LIONS CLUB MEETS

"Plant Foods" was the program given yesterday for the Lions club by the Schleicher County 4-H club. Keith Hillman, assistant county agent, introduced eight 4-H boys: Ronnie Mittel, Bubba Alexander, Farris Nixon, Sonny Moore, Mike Moore, Billy Gene Edmiston, Jim Thornton, and Johnny Faulk. Each discussed one of the plant foods and its importance to agriculture. Hillman was introduced by Rev. Roy Shilling, program chairman.

Gerald Harris, student at North Texas, Denton, is spending the Easter holidays here.

Schleicher County Oil News

Standard Oil & Gas Company this week extended the producing limits of the Neva West-Strawn field of Central-North Schleicher County one-quarter mile to the north with the completion of its No. 3-1 Lulalee Wilson.

Operator reported a daily flowing potential of 792 barrels of oil. The potential was based on an actual eight-hour flow of 264 barrels through a 16/64-inch tubing choke. Completion was from pay at 6,342-6,352 feet after the section had been washed with 500 gallons of mud acid.

Skelly Oil Company No. 2 Davis, located at the east side of the Huldale-Strawn field, was at plugged back total depth of 5,657 feet in lime, with operator preparing to make swabbing tests through perforations at 5,611-12 feet.

Skelly No. 3 Davis, located in the same area, was at total depth of 583 feet in lime and shale, preparing to continue drilling with rotary equipment.

Standard Oil Company No. 2-1 Fowler, project in the Huldale-Strawn field, was still installing pumping equipment in order to take potential test. This project has shown that it would make an oil well in the Strawn.

Cities Service Oil Company No. 1 Robison, wildcat in Northeast Schleicher County, was drilling rat hole at 533 feet. This prospector, 14 miles northeast of Eldorado, will be drilled to around 6,500 feet for tests of the Ellenburger.

Delta Gulf Drilling Company No. 1 Boyd, Northeast Schleicher county wildcat, is preparing to install a pump and complete as a discovery from a sand in the upper Pennsylvanian at 4,416-36 feet.

The well swabbed out 20 barrels of new oil in five and one-half hours from that interval after it had been fractured with 1,500 gallons and with 2,700 gallons.

No shows of formation water were reported. Location is at the center of the northwest quarter of the northeast quarter of section 944, AB&M survey. It is on a lease secured by Delta Gulf in a farm-out deal with Southern Production Company.

The wildcat drilled to total depth of 5,256 feet in barren Ellenburger. It plugged back to 4,683 feet in the Pennsylvanian and cemented 5 1/2-inch casing at that point.

The testing which has been done is through perforations in that pipe.

Humble Oil and Refining Company No. 1 Henderson, wildcat in Northwest Schleicher county and indicated discovery from the Wolfcamp, took a drillstem test in the Ellenburger from 7,465 to 7,500 feet. With tool open 30 minutes, recovery was 50 feet of drilling mud with a trace of oil. It was on total depth of 7,510 feet at last report preparing to take another drillstem test.

The Pure Oil Company No. 2 J. S. Roach, wildcat in northwest Schleicher County was drilling below 6640 feet in Pennsylvania sand after taking a drillstem test. Tool was open two and one-half hours. Gas surfaced in one hour and 40 minutes at the estimated rate of 4,000 cubic feet per day. Recovery was 120 feet of oil and gas cut mud, 2,200 feet of drilling mud with a streak of clean oil in that mud. No estimate was made on the amount of oil in the recovery.

Operator then deepened to 6634 feet and took a drill stem test to total depth with packer set at 6618 feet. Tool was open four hours. Recovery was 110 feet of slightly gas-cut mud, 1,000 feet of free gas and no oil.

Stanolind Oil & Gas Company No. 1 Mrs. C. C. West, wildcat one mile west of the city of Eldorado, was on total depth of 8,055 feet attempting to free stuck drillpipe.

P. T. A. MEETING COMING UP

The next meeting of the P. T. A. will be held Tuesday, April 15 at 7:30 p. m.

Miss Francis Barton and the girls from her home economics classes will present a style show. There will be no admission charge and all parents are urged to attend.

There will also be an election of officers for the coming year. Please come and make up the quorum needed to conduct this election of officers. There will also be an executive officers' meeting prior to the general assembly at 7:00.

Mr. and Mrs. Tom McGill are spending two days this week in San Angelo.

ED HILL CHOSEN NEW PRESIDENT OF LOCAL BANK

At the regular monthly meeting of the Board of Directors of The First National Bank of Eldorado on Tuesday of this week, J. E. Hill was elected president of that institution succeeding J. B. Christian, whose death occurred on the 15th of March.

Hill is not a stranger to business and financial circles of the area, having been associated with the bank for 34 years and has served as active vice-president for 24 years. In addition to his banking activity, he is also owner and operator of the Eldorado Wool Company, and has been closely allied with the livestock and agricultural enterprises of Schleicher County for many years. He is a native Texan, born in Bosque county in 1895 and came to Schleicher County in 1901.

Other officers of the bank are: W. O. Alexander, vice-president; Leslie L. Baker, cashier, and Danell McCormack, assistant cashier.

Eagles Place Fourth In District Track Meet

Eldorado Eagles placed fourth with 17 points in the district track meet held Saturday in Junction. Junction, Menard, and Sonora won first, second, and third respectively.

Frank Edmiston won third on the 440-yard dash, and fourth in broad jump.

Pinkney Craig took second in 880-yard dash and Billy Gene Edmiston was second in mile run. The mile relay team won first and the 440-yard relay team took third.

Jack Stanford, Wilson Humphrey, and Lynn Griffin were the others participating from here. They were accompanied by Corch Waldrum, W. J. Fraker and Wayne Griffin.

Coach Waldrum said that Pinkney Craig's injury, incurred Monday in football scrimmage, would seriously impair the team's chances in the regional track meet set for April 19 in Brownwood. Craig was one of the relay runners.

BANQUET POSTPONED

Date of the Junior-Senior banquet has been moved from April 19th to April 26th, because of conflict with the Regional Track meet at Brownwood, school officials announced this week.

Post Script

Shearing is just starting in scattered flocks in Schleicher county, and a little of the new clip is beginning to make its appearance at the Eldorado Wool Co. Sam McGinnes is one of the few who are shearing—he is on the Ray Willoughby place south of town, and started shearing Tuesday.

Some new lambs are kicking up their heels in dry Schleicher pastures—there'll be stepped-up activity in that line too.

Back on Copeland Ranch, after several months' absence, are Mr. and Mrs. John Ed Rogers and baby Lerama. They have been taking in the horse shows, at which Mr. Rogers showed the Copeland horses—and in the course of their travels they covered much of the United States. Mr. Rogers will continue to show the stock but the family will live on the ranch.

A few improvements in the business district: Renovation of the Masonic Hall, including sheet-rocking of the main room; new roof over cars in the Williams and McWhorter lot.

Mr. and Mrs. Truett Stanford and children and Mrs. A. E. Kent spent the week end in Melvin with a niece whose husband leaves soon for Korea.

The Eldorado Wool Company received this week and has in process of installation at its feed department in Eldorado, a 2-ton Kelly-Duplex feed mixer. The new machine will not only provide for doubling the present capacity output of the feed plant, but is of a design that will take care of a much greater variety of mixing operations. The new machine, installed, will cost around \$1,200.00.

T. P. Robinson Jr., chairman of the Red Cross fund drive in the county this year, reported yesterday that contributions totaled \$439.46. This amount is considerably below the \$900 quota which had been set.

Someone here is on Eisenhower's bandwagon: Ike got one write-in vote for a place on the county school board in Saturday's election.

Easter Calendar For Local Churches

Resume of Easter activities in local churches: (See pastors' announcements elsewhere in this paper).

Presbyterian: Thursday evening, 7:30, devotional; Easter morning, 8:00, worship service; 11:00 Easter message and music, baptism of infants.

Methodist: Sunday morning service at 10:55, Easter sermon and music, baptism of infants; 7:30 p.m. evening service, Rev. Fred Brucks, district superintendent preaching, quarterly conference following.

First Baptist: Sunday morning, 10:45, Easter worship service, with Easter cantata by choir, under direction of Miss Lucille Farmer.

Good Friday: Joint Good Friday service from 12:00 noon to 3:00 p.m. at Methodist church, sponsored by Ministerial Alliance, churches of city participating.

Fundamental Baptist: Easter services Sunday morning at 11:00. Sermon topic "The Two Resurrections," by Rev. F. H. Pryor, pastor; message at night service, "Three Hours of Darkness."

Catholic: Our Lady of Guadalupe Catholic Church announces Good Friday mass Friday afternoon, followed by stations of the cross. On Easter morning there will be the Easter mass at 11:00.

Annual Community Easter Egg Hunt Is Set For Sunday

One hundred pounds of Easter eggs will be hidden in three parts of town Sunday afternoon for Schleicher county children, when the annual Lions club Easter egg hunt is conducted. Joe M. Christian, general chairman, reported at yesterday's Lions meeting that plans are all set for the event.

Lions will be assisted by the Boy Scout troop in hiding the eggs. They will meet at the court house at 2:00 Sunday afternoon, and the hunt will start at 2:30. Children 10 and under will be eligible to participate.

White children will hunt eggs around the Court House and Memorial Building grounds. Those in charge of this phase of the hunt are Joe Christian, Joe Edens, Earl Parker, and L. V. Newport.

The eggs for Latin children will be hidden on the hill behind Rock Station No. 1, which is near the Latin community. W. M. Patterson, C. C. McLaughlin, and Roy Phelps will be in charge.

J. H. Mace, Bill Rountree, H. W. Scott, and Don McCormick will conduct the hunt in the Negro community.

Christian urged that as many Lions and Boy Scouts as could, report promptly at 2:00 to hide the eggs.

STORES TO CLOSE

Eldorado stores will close from 1:00 to 2:00 Friday afternoon, tomorrow, in observance of Good Friday. This is to enable storekeepers and employees to attend the special services at the Methodist church which will be sponsored by the Ministerial Alliance. In their meeting yesterday, the Eldorado Lions club voted to recommend this closing period.

Calendar of Events

Friday, April 11, Joint Good Friday service, Ministerial Alliance as sponsors, 12 Noon to 3:00 p.m.

Sunday, April 13, Easter.

Sunday, 2:30 p.m., Lions Club Easter egg hunt.

Monday, April 14, District Court.

Monday, April 21, Methodist Men entertain Brotherhoods of city. O. C. Fisher to be speaker.

Monday, May 5, Last day for candidates to file.

Coming in April and early May: Methodist ranch party for Seniors, Jr.-Sr. banquet, Sr. room mothers' barbecue for class, Presbyterian breakfast.

4-H Club News

The 4-H club held a meeting at the Memorial building Tuesday, April 8, at 7:30 p.m. for the initiation of new members. There were 28 boys initiated and 60 boys present at the meeting.

Eight boys gave a Lions club program Wednesday. They were: Sonny Moore, Jim Thornton, Ronnie Mittel, Bubba Alexander, Billy Gene Edmiston, Johnny Faulks, Mike Moore and Farris Nixon. The name of the program was Plant Foods demonstration.

Four boys, Truett Stanford, Ronnie Mittel, Jack Stanford, and Ken Love will be the Wool and Mohair judging team from Eldorado. They will go to San Angelo Saturday, April 12th, for the judging.

First Election-Year Meeting Held By County Democratic Committee

Range Notes

A tough break from the weather during the past 15 to 18 months has affected, rather adversely, the overall livestock situation in Texas. It is one time that other parts of the country have "more cattle on them than hills." But they never saw a drouth as tough as ours, though.

Livestock on Texas Farms

	Jan. 1, 1952 and a Year Ago		Chg
	Jan 1, 1951	1952	
All Cattle	8,765	8,940	+2
Milk Cows	1,132	1,053	-7
Hogs	1,732	1,645	-5
All Sheep	6,751	6,176	-10
Stock Sheep	6,746	6,071	-10
Goats	2,233	2,099	-6
Chickens	22,795	22,992	+1
Turkeys	508	549	+8

All cattle numbers for the United States showed a 7 per cent increase the past year against only 2 per cent for Texas. Drouth conditions and lack of range feed brought reduction of herds in the plateau, Trans-Pecos and Southern counties. For sheep numbers Texas showed a 10 per cent drop, while the nation had 4 per cent more sheep than a year ago.

Livestock numbers are sufficient to warrant full planning to produce maximum grain and forage output in 1952, in all areas in the U. S.

Feed Prices Now and a Year Ago

	At Retail Level	
	Feb. 15, '51	'52
Cottonseed Meal, Cut	\$4.80	\$5.10
Meat Scrap, Cut	6.30	6.40
Wheat Shorts, Cut	3.40	4.15
Corn, Cut	4.10	4.75
Mixed Feed (dairy) cut	4.55	4.90
Laying Mash, Cut	4.85	5.40
Scratch Grain, Cut	4.20	5.05
Average	\$4.60	\$5.05

Per cent change from a year ago, 10% increase.

Generally the prices of livestock and livestock products are lower than a year ago for the entire United States and for Texas. The index of prices received by farmers for all livestock has declined from 340 (Feb. 1951) to 317 (Feb. 1952)—a loss of 23 points.

It is already noted that feed prices are about 10 percent higher than last February. Prices of other items used in farm production besides feed have risen, also. For the same month (February), the index of prices paid by farmers moved up from 276 to 288, a jump of 12 points.

Hence, more efficiency in farm production must be sought by Texas producers and producers of the nation if returns comparable to last year are to be had.

A heavy output in grains and forage is needed this year. Unless the nation's crops are larger than harvested in 1951, substantial cutbacks in livestock may be necessary by 1953.

SHELL STATION NEWS

Two cars of brick for the Bailey Station power house were received here this week and have been unloaded on the site.

E. H. Sweatt Jr. is at Big Lake relieving Gorver Lee Johnson, who is on engineer duty while an employee is away on three weeks' vacation.

Fred Watson and his wife returned Wednesday from Luling where they spent several days conducting business.

Dell Boothe was back on the job Monday after his vacation.

ATTEND BRADY BANQUET

Among the 300 attending the Brady Chamber of Commerce banquet Friday night were several from here, relatives of Mrs. W. N. White, who was awarded a Distinguished Service plaque. She is a sister of Jim Willoughby. Among those in attendance were Mr. and Mrs. Jim Willoughby of Eldorado, the Ray and Ed Willoughbys of San Angelo, the Cal Estells, Dr. Joe White and the Shelton Barcesses of Ft. Worth and Mrs. F. M. Hardin of Weatherford.

NEW ELDORADO RESIDENT

A new permanent member of the W. H. Graves family is Sheila Harrison, age two, niece of Mrs. Graves (her brother's child) who accompanied them home from Uvalde Sunday evening. Sheila had been staying with her grandparents at Uvalde for some time, and will now make her home with the Graveses. Mrs. Graves has quit her job at the Eldorado Drug Store.

A County Democratic committee meeting was held at the court house Saturday to make preliminary plans for the coming conventions and primary elections. Present were E. C. Hill, county chairman, and six of the precinct committeemen as follows: Joe Edens, Marvin McDonald, Arch Edmiston, Otto Williams, Oran Enochs and J. W. (Buck) Davis.

Conventions

The first part of the meeting was taken up with a discussion of the various Democratic party conventions. The State Convention will be held in San Antonio on May 27th. The county convention will be held on May 6th for the purpose of selecting delegates to go to the State. But the first conventions of all—the very grassroots of political activity—will be the precinct conventions which are scheduled to be held on Saturday, May 3. The committeemen were provided with detailed instructions on holding precinct conventions, where the chief business is to elect a delegate to the county. The committeeman in each of the nine voting precincts was charged with the responsibility of rounding up voters, holding his convention and making a formal report to the county chairman. Because a good attendance is desired in each of the precinct meetings, we list below the location of each of the precinct conventions, and by whom it will be held.

Voting Precincts

- No. 1—held by Joe Edens at the court house.
- No. 1A—By Marvin McDonald at the school house.
- No. 2—By Arch Edmiston at the W. A. Edmiston home.
- No. 3—By Otto Williams at the Adams school house.
- No. 4—By Oran Enochs at his home.
- No. 5—By Merlin Rogers at his home.
- No. 6—By Ralph Fowler at the home of Milton Faught.
- No. 7—By Forrest Runge at his home.
- No. 9—By Buck Davis at the Reynolds school house.

The number of delegates that each precinct is entitled to send to the county convention is determined by the number of votes it cast in the last general election. (One delegate for each 25 voters or less who voted in the general election for Governor.)

Primary Elections

Some changes have been made in the manner of holding primary elections. There will be a new style of ballot and a new system of handling absentee ballots. These were discussed by the committeemen, and the primary election judges were appointed for each of the voting boxes as follows:

- 1—Joe Edens.
- 1A—W. M. Ramsey.
- 2—Arch Edmiston.
- 3—Otto Williams.
- 4—Bob Anderson.
- 5—Merlin Rogers.
- 6—Milton Faught.
- 7—Forrest Runge.
- 9—Buck Davis.

Each election judge is required to select at least three assistants to hold the election (the two larger boxes have twice that many).

A new wrinkle is the establishment of a voting box for absentee ballots, for which a separate "election judge" is to be provided. The committee voted Joe Muller Christian as their choice for this new job.

Two vacancies were filled by vote of the county committee: Merlin Rogers was appointed as committeeman in voting precinct No. 5, and Mrs. N. G. Hodges was appointed as secretary to the county chairman.

Scratch or "X"

It was reported that a new style of ballot is to be provided for this year's primary. There will be a small square after the candidate's name, and the voter may use the "check" system of marking, or he may continue to scratch 'em—if he prefers.

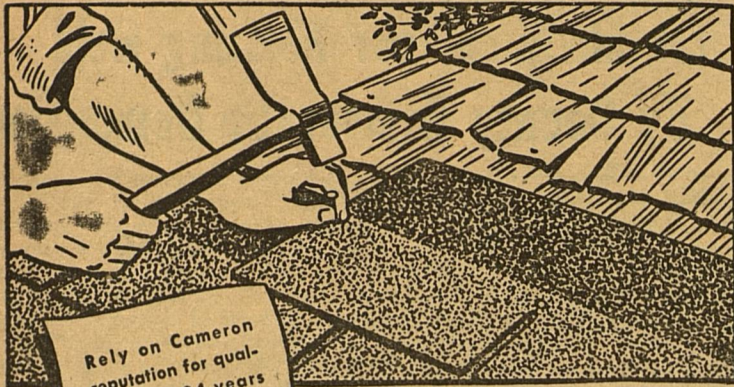

There will be a meeting just before the first primary for election judges and their helpers at which time the new voting procedure will be explained.

TO SPONSOR TEAM

Hank Mund's Gulf station will sponsor a high school football team with Coach Waldrum as manager, it was announced here this week. Tryouts are being held today at school.

Good Friday Services Scheduled Tomorrow

Good Friday services, sponsored by the Ministerial Alliance, will be held in the Methodist church April 11, with ministers and members of the churches participating in the three-hour program. Commencing at 12 Noon, the program will be given in intervals until 3:00 p.m. Worshipers may come and go during musical interludes, attending any part or all of the service.

Following is the program:
The Prelude, Organ Music, The Methodist church.

The first word: "The Word of Intercession," 12 Noon: "Father forgive them, for they know not what they do." Luke 23:32-38.

Music, The Scripture Lesson, A Prayer.

Meditation, Rev. Roy Shilling. Silent Prayer.

Organ Music, Methodist church.

The Second Word, "The Word of Authority," 12:30 p.m. "Verily I say unto thee, today shalt thou be with me in paradise." Luke 23:39-43.

Music, The Scripture Lesson, A Prayer.

A Meditation, Rev. Charles G. Bruce. Silent Prayer.

Organ Music, The First Baptist church.

The Third Word, "The Word of Remembrance," 1 p.m. "Woman behold thy son, behold thy mother." John: 25-27.

Music, The Scripture Lesson, A Prayer.

A Meditation, Rev. Clifford Nelson. Silent Prayer.

Organ Music, The First Baptist church.

Fourth word "The Word of Loneliness," 1:25 p.m. "My God, my God, why hast thou forsaken me?" Mark 15, 33-34.

Music, Scripture Lesson, Prayer. A Meditation, Rev. Charles G. Bruce.

Silent Prayer. Organ Music, First Baptist church.

Fifth word, "The Word of Suffering," 1:55 p.m. "I thirst." John 19:28-29.

Music, The Scripture Lesson, A Prayer.

A Meditation, Rev. Roy Shilling. Silent Prayer.

Organ Music, First Presbyterian church.

The Sixth Word, "The Word of Victory," 2:15 p.m. "It is finished," John 19:30.

Music, The Scripture Lesson, A Prayer.

A Meditation, Rev. Clifford Nelson. Silent Prayer.

Organ Music, First Presbyterian church.

The Seventh Word, "The Word of Refuge," 2:40 until 3:00 p.m.

"Father into thy hands I commend my spirit." Luke 23:44-49.

Music, Scripture Lesson, A Prayer.

A Meditation, Rev. Charles G. Bruce. Silent Prayer, Dedication to our Tasks. Hymn.

Mrs. Lizzie McAngus leaves this week to visit her daughter, Mrs. James Manning, in Kansas.

Mr. and Mrs. Gerald Jones and daughter Jane arrived here Sunday for a two-day visit with their grandmother and great grandmother, Mrs. A. H. Green.

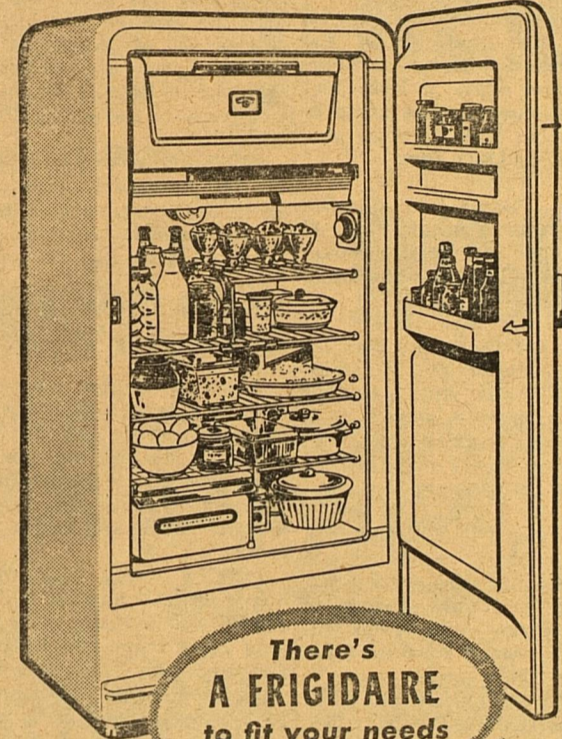

Mrs. Orlis Hight and sons and a friend of Christoval visited recently with Mr. and Mrs. Wiley Hight. The men are cousins.

Mr. and Mrs. Ed Hill and grandson Mike McCravy spent the week end in San Antonio with Mr. Hill's father J. W. Hill.

West Texas Utilities Company

Want a lot of mileage for your money?

WE'LL admit that the price tags of automobiles—all automobiles—are what they used to be.

But it's just as true today as ever before that some price tags are lower than others, and some cars cost less to own than others.

So let's see how a Buick SPECIAL fits into the picture.

Take first cost. If you put the price tag of this Buick against price tags of cars that have always been tagged as belonging in "the low-priced field"—you'll find that, in actual dollars, a Buick's surprisingly close to these cars of lesser size and horsepower.

But that's just the beginning.

What you're getting here is Buick quality—this SPECIAL comes down the

same assembly line as SUPERS and ROADMASTERS.

Its heft tells you it has extra sturdiness in frame and structure.

Its Fireball Engine delivers extra power. It is an eight, a valve-in-head, with high compression, and the miles you can get from a gallon of gas make it a thrifty performer.

You get Buick's Million Dollar Ride, which protects you—and the car—from jars and jolts.

Even the tires are bigger—which, any tire man will tell you, lengthens their wear.

And if you pay a bit extra for Dynaflo Drive* you're easing the strain on the engine, the rear end, the tires—and eliminating clutch repair bills.

So when we talk about "mileage for your money" we're talking about the miles you'll get from your car—including the unused miles that are what you have to sell when you trade it in.

Maybe that's why Buick's doing so well in the present market. Why not come in and see what a great car this is for you?

Equipment, accessories, trim and models are subject to change without notice. Wheel Crests standard on ROADMASTER, optional at extra cost on other Series. White sidewalls optional at extra cost when available. *Standard on ROADMASTER, optional at extra cost on other Series.

Sure is true for '52

Plan your telephone when you plan your house

If you are building or planning a new home, be sure to provide for built-in telephone facilities. Telephone conduits, inexpensive and easy to install during construction or remodeling, will conceal telephone wires within walls and carry them to neat handy outlets. We will be happy to suggest how you can "telephone condition" your home. Just call our business office.

The San Angelo TELEPHONE COMPANY

Our WASHINGTON Letter
By Congressman O. C. FISHER

FIRINGS, resignations, President Truman's decision, the pending steel strike, Tidelands, cherry blossoms, and the queen of Netherlands, all figured in Washington news last week.

Charles E. Wilson, the demobilized War Mobilizer, handed in his resignation in protest against the President's refusal to follow his advice to refuse WSB's proposed settlement of the steel argument. WSB had recommended 26c an hour increase for Phil Murray's union, and Wilson said this will adversely affect the nation's economy and would probably lead to another round of wage and price increases, hence more inflation.

Wilson, in his first public appearance following his resignation talked to the Texas delegation at our weekly lunch last week. He pulled no punches. He pointed out that while the cost of living index is dropping Phil Murray is demanding an increase that will reverse that trend "as sure as God made little apples."

He cautioned that if Murray's demands are continued, "the cost of that labor by 1960 will reach \$4 per hour and the cost of steel will jump to \$200 a ton!" Steel labor has had 5 raises in 5 years, not counting the ones they are now demanding.

"Phil Murray—and also one or two other union leaders—now has more power to control the fate of this Nation's economy than does the President of the United States," he reminded. "Murray can shut down the steel mills tomorrow, along with scores of other industries. But do you think the President of the United States has the power to start them up again the next day? Emphatically not."

Tidelands Texas—and the nation for that matter—scored a victory last week when the Senate passed our tidelands bill by a vote of 50 to 35, with 7 of the absent Senators being recorded as favoring the measure. One absentee, Senator Kefauver, had himself recorded as being opposed to it.

Since the bill is not on all fours with the House bill we passed last summer, it will have to be acted upon again in the House. That will be done soon. The House will be able to override a veto. It is a bit doubtful in the Senate, though there is a distinct possibility that a veto can be overridden by the Senators. Up to now it has been a major victory for Texas and for fundamental rights of the States.

Morris Gets Out When the President announced the appointment of Newbold Morris as a choice to ferret out any corruption in government—thus carrying out the pattern set by many members of Congress in exposing crime and corruption where it can be found—he was acclaimed by the exposing element on Capitol Hill. But it soon developed that Morris' law firm had been entangled in some big ship profits, which while legal at least raised a question with regard to his fitness for the clean-up job.

Then, last week the pay-off came. Attorney General McGrath said he had made a mistake in approving Morris' appointment, didn't like the way he was handling his job, and proceeded to fire him. A few hours later President Truman gave McGrath his walking papers. Thus, two months after the appointment of a clean-up man, it all fizzled. The total results: zero.

It can be assured, however, that the independent members of Congress will not retreat. Those of us who have supported the exposure drive during the past year or so will keep right on exposing and bringing to justice all who can be found betraying their public trust.

Keith Hillman, assistant county agent of Schleicher county, spent the weekend at San Antonio, visiting relatives. He was accompanied by Sonny Moore who visited his parents there.

Guests of Mr. and Mrs. Alvin Farris were Mr. Farris' parents, Mr. and Mrs. T. R. Farris, and his brother, Virgil of San Angelo.

RUPTURE Shield Expert Here

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Cactus Hotel, San Angelo, Tuesday and Wednesday only April 15 and 16 from 9 A. M. to 4 P. M.

Mr. Shevnan Says: The Zoetic Shield is a tremendous improvement over all former methods, affecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

MRS. JOE KREKLOW WINS AN AWARD FOR ART

Mrs. Joe Kreklow entered the Texas Art Show and contest at San Angelo recently, and won a blue ribbon as honorable mention for her entry.

Mrs. Kreklow is now taking lessons from Xavier Gonzales of New York City, a nationally known painter, who is teaching an art class in San Angelo. Mr. and Mrs. Gonzales are in San Angelo, where the painter is having a show in the art gallery. He recently put on a similar one-man art show in New York City.

Mrs. Kreklow's painting was done in casein. The subject is an abstract arrangement on a drawing board, and the painting is named "Trompe l'oeil," which may be translated into English idiom as "Fooling the Eye."

Judges for the contest were William Lester, of the Art Department at State U., and Mr. Gonzales. Of the more than 200 entries, 75 were selected for the show.

Motorists Urged To Have Cars Tested

Austin—"Get your vehicle inspected and avoid the delay and inconvenience of having to wait in line," said Chief G. W. Busby, Motor Vehicle Inspection Division, Department of Public Safety at Austin, Texas.

The 2700 official inspection stations licensed in Texas so far are inspecting some 50,000 cars per week and in order to inspect all the cars in this State by the deadline, September 6th, the number of cars inspected per week will have to be doubled.

There can be no further extension of the deadline and operators of vehicles not inspected on September 7th will be subject to arrest. The law provides a fine of not to exceed \$200.00 for any person guilty of operating a vehicle after September 7th when such vehicle has not been inspected and approved.

More and more stations are being licensed in Texas daily and the operators of these stations are waiting to faithfully and honestly inspect your car at your earliest convenience. Take your car to the inspection station of your choice and get your approval certificate while there is plenty of time and no waiting.

When you get your approval certificate on your car, you will take pride in knowing that your car is safe to operate and that you are helping to contribute to a safer Texas.

MISS SCHWIENING FETED WITH PARTIES

Mrs. H. B. Smith, Mrs. A. E. Prugel and Mrs. James Wilson entertained the members of the Eastern Star at a party honoring Miss Margaret Schwiening, bride-elect of Glen Green, on Tuesday evening, April 1, at the Episcopal Parish house in Sonora.

The colors of green and pink were used in decorations and spring flowers were placed at vantage points.

Mrs. W. J. Moore presided at the bride's book.

Those present were: Mes. Curt Schwiening, Alfred Schwiening Jr., Lee Patrick, O. C. Oden, O. G. Babcock, Maysie Brown, L. E. Johnson Sr., R. C. Vicars, Carl Cahill, A. E. Lowe, Dorothy Baker, Howard Kirby, Luther Thorp, Harvey Cooper, Dave Locklin, Jack Turney and Florrie Davis.

The L. W. Elliott School faculty entertained with a canasta party honoring Miss Schwiening on Wednesday evening, April 2, at the home of Mr. and Mrs. Ariel Newton.

A gift was presented to the honoree.

Ice cream and cake were served to Messrs. and Meses. Bill McGilvray, Jack Fry, Carl Jones, Misses Dorothy McClure and Wanda Glascock, Mrs. Raymond Cooper, Mrs. C. C. Scott, Mrs. Max Hargree, and Sandra Lou Newton.

Mrs. George Barrow was hostess to a forty-two and bridge party to the Firemen's Auxiliary, March 26, at the fire hall. Miss Schwiening was honored guest and was presented a gift by the hostess.

Mrs. John A. Martin Jr. won high in forty-two and Mrs. Wesley Granger won the traveling prize for forty-two. Mrs. Malcolm Bolinger won high in bridge and Mrs. Tom Darrow won high guest in bridge. Mrs. Bill McGilvray won bingo.

A sandwich plate and punch were served to those named and Meses Artie Joy, G. G. Bennett, Seth Lancaster and J. H. Brashier.

Cub Family Picnic

The Cubs and members of their families will have wienie roast Saturday, April 12. All are asked to meet at the Memorial building at 6:00 p. m. and go to the Tom Jones pasture. Everyone bring wienies, bread, marshmallows, etc. Drinks will be provided.

Twelve Scouts from Troop 18 took part in the annual West Ranch District camporee last weekend at Camp Sol Mayer, near Ft. McKavett. The group went over Friday, stayed overnight, and came back Saturday afternoon. Several passed advancement cooking by cooking their meals.

Contests were held between the Eldorado and Sonora troops to test skills in Scoutcraft. String burning and signalling were the main events. In addition all received instruction in tent pitching.

Those attending were: James Lee Swain, James Gillaspay, Donald Parks, Sherrill Dannheim, Noel Dannheim, Farris Nixon, Dick Runge, Dan Mittel, Cecil MacWalston, Voy J. Mitchell, Ralph Taylor, and Johnnie Ohlenburg. Adults accompanying the group were Jess Walston, committeeman, and Bill Gunstead, Scoutmaster.

—For Easter: Hydrangeas, Easter lilies, and other pot plants, also cut flowers for bouquets and corsages —and several bedding plants. Eldorado Flower Shop.

On Saturday evening Mrs. T. J. Bailey and Mrs. Oberkamf of Ozona were supper guests of Mr. and Mrs. A. J. Roach.

WITH THE 40TH INFANTRY

DIV. IN KOREA—Sgt. Olge F. Halbert, Eldorado, Texas, was recently awarded the Combat Infantryman badge, symbol of the front line fighting man, while with the 40th Infantry Division in Korea. The badge shows a miniature Revolutionary War flintlock rifle mounted against a blue rectangle. A silver wreath extends across the bottom and up the sides of the badge. The 40th, from Southern California, was the first National Guard division to arrive overseas after the start of the Korean war. The unit trained for 16 months in Japan before it was committed to Korea in January. Sgt. Halbert is a member of Headquarters Company in the division's second battalion.

Ralph Waldron, Shell employee called up last year as a reservist in the Navy, was due to go through the separation center at San Diego Monday, and is expected home at any time. His wife and son remained here during his period of service.

Undergoing recruit training at the U. S. Naval Training Center, San Diego, Calif., is David D. Griffin, seaman recruit, USN, son of Mr. and Mrs. J. A. Griffin of Box 204, Eldorado, Texas.

Griffin entered the Naval service Dec. 28, 1951. Before entering the Navy he worked for Delta Gulf Drilling Co.

This initial training includes instruction in such fields as seamanship, fire fighting, gunnery, signaling, and other courses designed to make the recruit well-versed in every phase of Navy life.

Upon completion of their 11-week training period at the training center, graduates are assigned to duty stations with the Fleet or at Navy shore stations, or are sent to service schools for advanced technical training.

MAGINOT CLINIC NEWS

The Cardonas have a son born to the couple at the Clinic Sunday morning.

Born, Monday at 3:50, a son, weighing seven pounds and seven ounces, to Mr. and Mrs. G. E. McCoy, here with Henson Drilling Co.

Pinkney Craig received a broken shoulder in spring football practice Monday afternoon.

Several were hurt and brought here for treatment when their car turned over Tuesday on the San Angelo highway about nine miles north of Eldorado. Mrs. G. R. Brown of Sonora, most seriously injured, was sent to a San Angelo hospital. Her daughter Mrs. Ward of San Angelo was less seriously hurt, and one daughter Beth broke her arm in the accident and the other had minor scratches and bruises. The driver lost control of the car causing it to turn over.

PARTY FOR CHILDREN AT ENGLERT HOME

There were 19 children in attendance when Mrs. Victor Englert entertained the group with a party at her home Saturday afternoon from 2:30 to 5:00.

Games were played, including a Bible game and others and cookies and punch were served at the close of the afternoon.

**Mrs. Munro Reviews
"My Cousin Rachel"**

The Woman's Club met Wednesday at the Presbyterian church in regular session, at which a book review by a popular San Angelo reviewer provided the principal part of the program.

During the business session, over which the president, Mrs. Edwin Jackson presided, Mrs. John Stigler reported concerning the district convention which she had attended, Mrs. Carl Stevens announced general plans for the club's art and hobby show, to be given later.

Mrs. Arthur Mund, member of the program committee, introduced Mrs. Glee Munro of San Angelo, who gave as a book review the much-talked-of popular mystery, Daphne DuMaurier's "My Cousin Rachel."

She won the complete attention of her 50 listeners from the very start of her story. Those who had not read the book were interested in the plot and character development—and those who had read the novel listened with complete attention to the review in its entirety and especially to her interpretation of the many controversial points concerning the plot and its principal characters.

She gave a very convincing dramatization of the many-sided Cousin Rachel whose wrecking of the lives of two good men provides the main plot of the story. She fed out the story bit by bit to provide the maximum of suspense throughout this tale of the havoc wrought by a woman's wiles—thus capturing the mood of the author herself—and left the audience to form their own conclusions, as the novelist has done.

Social Hour Follows
Following the book review the social committee, composed of Mrs. Marvin McAngus, Mrs. J. E. Spencer, and Mrs. Jess Walston were in charge of the serving of refreshments. An arrangement of yellow and purple spring flowers centered the table, from which Mrs. Edwin Jackson served the decorated cake squares and Mrs. Walston poured tea and coffee. Pianist during the tea hour was Mrs. James Page.

The next meeting will be with Mrs. S. D. Harper at her home on the fourth Tuesday.

Fifty women attended the meeting, including Mrs. Munro and Mrs. Guthrie of San Angelo as the only out-of-townners present.

**News From
Our Neighbors**

Funds For Conservation

A total of \$66,919 has been allocated to Concho County to be used in assisting farmers and ranchers in carrying out soil and water conservation practices under the 1952 Agricultural Conservation Program, Joe C. Brosig, chairman of the county PMA committee announced today. —Eden Echo.

Funeral For Attorney

Funeral services for the late G. S. Arnold, 80, highly respected Robert Lee attorney, were held at 10 a.m. Thursday of last week from the Methodist church. Burial was in the Robert Lee cemetery.

Judge Arnold had been a resident of Coke county the past 40 years and held many important offices, including county judge, county attorney, mayor, etc. —Robert Lee Observer.

Two Bond Elections

Two bond elections, totaling \$1,500,000, have been called for May 3 for the purpose of constructing a system of roads in Reagan County, and for improvements at the airport. Of that amount, \$1,475,000 will be used on the road project and \$25,000 on the airport. Each issue is to be voted on separately.

The proposed road system calls for the construction of seven different roads, totaling 74 miles. They are to be hard surfaced and comparable to secondary highways of the Texas State Highway De-

partment. The purpose to be served is to provide better transportation routes to present and prospective oil fields in and out of Reagan County, as well as to provide better routes for ranchers and school buses.

The different roads are designated by numbers. All except No. 1 form a network north and northwest of Big Lake. —Big Lake Wildcat.

Coke County Over Top

The American Red Cross Fund campaign is over the top according to County Chapter Chairman H. A. Springer. The county total was \$1,189.44. The east side of the county was responsible for \$616.84 and the west side donated \$572.60. —Bronte Enterprise.

Road To Be Re-Built

Reconstruction of U. S. 90 from Dryden east approximately ten miles is scheduled to begin this summer according to W. A. Davis, local highway engineer in charge of the proposed improvement. He added "Bids should be taken early this summer for this project, which is a part of a statewide program to preserve the roads, save the remaining investment, and improve the safety and travel conditions. —Sanderson Times.

Rain For Junction

Rainfall amounting to .68 inches last week gave Junction a total of 13.65 inches during the past 18 months, Cleve Stephen, official weather observer with the Department of Commerce, said.

Total precipitation for March was 1.11 inches. Highest temperature recorded was 94 degrees on March 20; lowest was 22 on March 24. In March last year the precipitation was 1.27 inches. —Junction Eagle.

Pines Are Paid

Three Big Lake men found deer meat a shade expensive in Crockett county this week.

The trio were arrested by Game Warden Henry Burkett of Sonora on the Hudspeh ranch south of Ozona Tuesday night. A deer found in possession of the hunters was confiscated by the game warden. —Ozona Stockman.

Over The Top

The 1952 Menard County Red Cross fund drive closed Monday with a total of \$839.50 contributed, according to an announcement Wednesday by Hulan Armstrong, county finance chairman. The county-wide goal was \$800.

In exceeding the assigned quota, Menard county residents thus maintained the perfect record in existence here—a record of always having met or exceeded the Red Cross goal. —Menard News.

Rains Total 1.39 In March

This Thursday, as last, Mason is getting a shower although the extent of today's rain is yet to be measured. Last Thursday the local measurement was .57 of an inch and that gave Mason a total for March of 1.39. Monday a "sleeper" shower fell in a small area three miles east of Fredonia where land owners reported from one to two inches. The area covered was small, however. —Mason County News.

\$1 1/2 Millions Gain In Tax Value

Increase of about 1 1/2 million dollars is seen for Pecos County tax valuations in 1952 on the basis of natural increase in number of oil wells and new construction, Pecos County commissioners were told Tuesday in an informal advance meeting with oil company tax agents and the county's valuation engineer, Thomas Y. Pickett of Dallas.

This would give the county a total valuation in excess of \$52,000,000, Judge Paul Counts said yesterday, without increasing the basis of valuations of individual properties. The final action of the Court on valuations will come at its official valuation hearing in June.

Pecos County, largely through oil development, has had an in-

crease of nearly \$10,000,000 in taxable valuations since 1946. —Fort Stockton Pioneer.

Student Honored

The Sonora High School Student Council, under the leadership of its president, Jack Ratliff, and its sponsor, Norman S. Davis, was elected President of the Texas Association of Student Councils at the Corpus Christi convention on March 27-29. Sonora was selected over two hundred other high school student councils throughout the state. The convention was attended by over 1500 student delegates.

Jack Ratliff was honored at the convention, and so honored Sonora High School, with his task of acting as secretary to the sponsor's business meeting. Jack also showed some of the many reasons why Sonora won the presidency by giving two speeches—one to 1,400 delegates at the general business session and the other as the speaker who gave response to the Mayor of Corpus Christi's welcoming speech. Jack spoke for the entire association in this response. —The Devils River News, Sonora.

**Never Too Late
To Learn**

COLLEGE STATION — Knowledge and skills can be acquired at all ages. People continue to learn when they develop habits of mental alertness and keep up with the times.

Eloise Johnson, specialist in family life education with the Texas Agricultural Extension Service, says investigations show that the ability to learn seems to reach its peak at about the age of 25. Then it drops slowly until at the age of 45 the ability to learn is about the same as it was at 18. After 40 the learning capacity drops slowly, about one per cent or less each year.

Older people do learn and can acquire skills as well as young people, but adults over 40 take longer to acquire new ideas. Mrs. Johnson says skills are learned in later life as easily as in adolescence. Within limits, ability, interest, energy and opportunity are more important factors in learning than age. The ability to solve problems often improves with age. Whenever knowledge of ways to do things is important, then the older person's experience is valuable.

People should be learning continually if they are to grow older gracefully. This means acquiring dignity, patience, unselfishness, tolerance and sympathetic understanding for others. It means building the kind of personality which is a source of strength to others as well as a source of strength to the inner self against stress and strain of living.

Mrs. Johnson says that older people have a contribution to make to society. They must be made to feel useful and to know they do have worthwhile contributions to make. As the world faces more and more serious problems, well-adjusted people with experience, knowledge and judgment are needed. People who continue to learn as they become older have these qualities and by example, give courage to others.

**Expect Grasshopper
Infestation Light**

COLLEGE STATION — Forecasts based on surveys and actual egg bed counts indicate that grasshoppers will not be a threat to crops and pastures in Texas this year. In only a few spots were enough eggs found to rate the areas as threatening, says Allen C. Gunter, entomologist for the Texas Agricultural Extension Service.

The areas are small and are found in the upper northwest Panhandle in the Trinity bottoms of Ellis and Kaufman counties; in Hill, Falls, Milam, Robertson and Washington counties along the Brazos River. In these areas farmers should watch for the early hatches and if the young hoppers show up in large numbers, they should be controlled before they leave the egg bed areas, says Gunter.

Other counties in these same general areas may expect light infestations and some damage is possible. Serious damage may develop in the fall if the weather is hot and dry.

Gunter advises farmers and ranchmen that control measures, if needed, should be used before the grasshoppers leave the egg beds and scatter. Wiping out this year's hatches will reduce the chances for major outbreaks next year, points out the specialist, and from this standpoint, the use of control measures is justified.

For information on the best insecticides to use, Gunter suggests that farmers contact their local county agents. They can also advise on whether control measures should be used.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

Court Rules Protect Rights and Insure Fair Trials

Many people regard rules of legal procedure as mere tools of delay, of concern only to lawyers and judges. Far from this, they are instruments of justice, and of real significance to all of us. Procedure is the lubricant which makes the machinery of uniform justice run smoothly.

The law is composed of two parts—the substantive and the adjective law. The substantive law defines rights, duties and remedies; it enforces contracts and rights wrongs; it describes crimes and sets up penalties. People can usually see the value of substantive law. Adjective law deals with legal procedure and describes the steps a person must take to invoke the substantive law.

Some of our most important rights are to be found in the body of procedural law. For example, as a people who want justice to prevail, we like to think that every man, rich or poor, shall have his day in court. This is an important right, for a day in court implies more than merely the right to have your say before a judge and jury.

Your day in court implies that you shall have the right to be properly represented, to have your case presented before an impartial jury and an unbiased judge, and to have a reasonable time to prepare for the trial. It holds that you shall have proper notice of the action against you; that the complaint or indictment shall state a clear cause of action. It means that you shall be confronted by your accusers; that you shall have the right to cross-examine them; that you shall be able to present evidence in your own behalf.

Much of our procedural law comes down from centuries of experience in the courts of other lands. It was inevitable that through the centuries some of the procedure would become cumbersome, obsolete and difficult. For this reason the history of procedure has been characterized by great periods of reform. In America we have experienced many advantageous changes in our laws governing the procedure of courts and administrative agencies. There is a growing custom in the United States of giving the courts the power to revise their rules in certain fields.

Our Texas rules of civil procedure are made by our state Supreme Court. The Court is constantly striving, with the recommendations of the practicing lawyer, to improve these rules. The aim of the Supreme Court is to provide a uniform and relatively simple set of rules for dispensing justice with a minimum of delay.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

**More Acres Of Grain
Feed Crops Needed**

COLLEGE STATION — The State Agricultural Mobilization Committee last week discussed the problem of getting more acres of feed grains planted. The situation was pointed up by figures recently released by the Crop Reporting Board of the USDA's Bureau of Agricultural Economics. These figures indicate that farmers' tentative planting plans for the nation will fall about nine million acres short of the 1952 goals for the principal feed grain crops. It was indicated that corn plantings alone would be more than five million acres below the goal level.

B. F. Vance, chairman of the State Committee, pointed out that Texas farmers have indicated they will plant about 92 per cent of the state's corn goal and only about 83 per cent of the grain sorghum goal.

In view of the large number of livestock and poultry on the farms and ranches of the state and nation, Vance said such curtailments in feed grain production pose a real problem in maintaining these herds and flocks. Information received by the committee on the national situation points out that with current feeding rates and last season's short production, feed grain stocks may be as much as one-third less by harvest time than one year ago. If the presently indicated corn acreage produces aver-

age yields, the reserve above normal working stocks could be virtually exhausted during the next 18 months.

Without plentiful supplies of feed grains, it will not be possible to maintain the production of meat, eggs and milk that will be needed by our increasing population, says the committee. They urge farmers to reexamine their planting schedules and where possible, make every effort to increase materially their plantings of feed grain crops. The committee fully realizes the seriousness of the drought situation in Texas but at the same time suggests that farmers obtain planting seed or at least line up prospective seed supplies of grain crops for immediate planting should rains come.

They also urge farmers to use the best known methods of production in order to save time and labor. The farm labor situation is expected to be tight especially during the harvest season. This is an item that farmers should consider before all planting is completed. Crops that can be machine produced and harvested may prove to be more profitable than those requiring lots of hand labor, believe the committee members. And they add, price supports have been announced for corn and grain sorghums.

They urge farmers who live in areas where fertilizers can be used to use them liberally to increase yields. And finally, they point out that local agency representatives are ready to assist farmers in every manner possible to help get more acres of feed grain crops planted.

E. E. Newlin was in San Angelo Sunday to visit his son Edward, who is doing well after ear and nose surgery.

Guests in the Andy Nixon home last weekend were Mrs. J. B. Heflin and daughter of Sonora.

Mrs. Johnnie Welsh Jr., the former Pat Humphrey, and Johnnie III, left Tuesday for El Paso by plane to visit Mr. Welsh's parents, and to join a house party going to Chihuahua for the holidays.

**POLIO CONTROL MEASURES
SUGGESTED BY COX**

AUSTIN—Dr. George W. Cox, State Health officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is always more prevalent during the summer months.

Until recently it was generally believed that this infection is transmitted by means of discharges from the respiratory tract. It is now believed that poliomyelitis is primarily another of the several gastrointestinal infections. Therefore, control measures must emphasize clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the housefly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made in institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate community sewage disposal systems are not available or feasible, it is important to build and properly maintain sanitary septic tanks. In the event a water carriage system of sewage disposal cannot be secured it is important that at least an approved pit type toilet be constructed and properly maintained.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth, and insects. All eating and food handling establishments can adhere strictly to the State law concerning the sterilization of dishes and utensils.

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Maintain in the home the same sanitary standards that are necessary in community life. Particular attention should be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

HE'S FIFTEEN NOW

About 20 friends surprised Tony Kerr when they came in a group to his birthday party, given by his mother, Mrs. Happy Kerr, at the home of Mr. and Mrs. Roy Andrews. The young folks had a sandwich supper at six o'clock, with a decorated birthday cake as dessert, and from there went to the Memorial building for an evening of games.

The party was in celebration of Tony's fifteenth birthday.

GUILD TO MEET MONDAY

Members of the Eldorado Guild of St. John's Episcopal church at Sonora will meet this Monday, April 14th, with Mrs. Jack Moore, it was announced this week.

BIRTHDAY CELEBRATED

Honoring Mrs. Bertha Wilson on her birthday, Mrs. Cut Edmiston and daughter and Mrs. Samuel Cloud and daughter Elizabeth were here Sunday afternoon from San Angelo, bringing gifts and refreshments. The cake was decorated in cream colored icing, and trimmed with pink flowers and green leaves, and was served with ice cream. Several others remembered Mrs. Wilson with cards and gifts.

Mrs. Jimmie Lou Taylor and son and Mrs. L. R. Damron visited Sunday afternoon in San Angelo with Gordon Steele, who is hospitalized with a broken foot. His home is in Rankin, and he is Mrs. Taylor's brother-in-law.

Tidelands Bill For State Control Passes US Senate

by Sen. Tom Connally

Washington. — The Senate on April 2 passed the joint resolution confirming the titles of the states to the tidelands for a distance of three miles from shore and in the case of Texas a distance of 10 1/2 miles. The vote was 50 to 35.

Earlier, the Senate had adopted by a vote of 50 to 34 the states' rights substitute offered by Sen. Tom Connally of Texas, as modified by an amendment proposed by Senator Spessard Holland of Florida. The measure now goes to the House which passed a states' rights bill last year but which must now act on the Senate version.

The Senate action was milestone in a long and frequently confusing fight in which both sides have availed themselves of the complicated rules of the upper body of Congress. Here's what happened:

All bills which do not become law during the two-year life of a Congress die with that Congress, and the legislative process must be started from scratch in the next Congress. It was started in the Senate in the present (82nd) Congress on February 21, 1951, when Connally and 34 other Senators jointly introduced a bill confirming the titles of the states to the tidelands. This bill became popularly known as the Holland bill.

The next action of this Congress was in the House which on July 27, 1951 passed what was popularly known as the Walter bill. The Walter bill not only confirmed the titles of the states to the tidelands but also allotted the states 37 1/2 per cent of all revenues received from oil and other leases on the continental shelf, that is, the portion of the ocean bed seaward of the three-mile (or 10 1/2 miles for Texas) limit of the tidelands.

The Walter bill was referred in the Senate to the Committee on Interior and Insular Affairs, which considered various tidelands proposals but took no action.

On January 14, 1952, Senator Connally introduced in the Senate a resolution discharging the Interior Committee from further consideration of the Walter bill and placing that bill on the Senate calendar.

Before this resolution was acted on the Interior Committee, which was controlled by advocates of federal ownership, responded by voting on January 22, 1952, to report an interim joint resolution which postponed settling the question of title to the tidelands but which provided for federal management in the meantime.

When the interim joint resolution came before the Senate, Senator Connally offered, as a substitute for it, the text of the Walter bill.

Senator Holland at this point offered a modified version of the Holland bill as a substitute for the Connally substitute. The chief effect of the Holland substitute was to eliminate the provisions for the continental shelf from Connally's proposal.

The Holland amendment to the Connally substitute was agreed to by voice vote in the Senate, and the substitute as amended was agreed to by a vote of 50 to 34.

The joint resolution, which by then contained none of its original language, was passed by a vote of 50 to 35. When the showdown came, the Senate spoke emphatically—as it had once before in 1946—in favor of recognizing Texas' ownership of its tidelands.

R. B. Griffith of Penwell and H. B. Griffith of Goldsmith and their families have been here because of the illness of Mrs. C. F. Griffith, who was hospitalized at Sonora with pneumonia. She is still confined to her bed, but has returned home and is doing well.

Marv Nell Roach of SAC will spend the weekend here with her grandparents, Mr. and Mrs. A. J. Roach.

How To Prepare Pans For Baking

COLLEGE STATION — Success in baking depends a great deal on the proper preparation of the pan. Many times we are doubtful about whether to grease the pan, dust it with flour after greasing or line it with paper.

Maeona Cox, foods and nutrition specialist with the Texas Agricultural Extension Service, explains that the preparation of the pan depends on the ingredients in the food to be baked and the temperature of the oven. It is added insurance against sticking, says the specialist, to flour the pan after greasing, but this practice does have the disadvantage of forming a slight extra crust that many cooks dislike. Greased paper protects bread and cakes from sticking but unless it is pulled off immediately after baking, it may stick to the food. Then too, paper scorches easily and should be used only when baking in a slow oven.

For cakes and cookies that contain both fat and sugar, Miss Cox says either plain greasing or greasing plus dusting with flour may be used.

For quick breads, like muffins and quick loaf bread, and for hot rolls that are cooked at a high temperature greased pans but no paper are recommended.

On the other hand, heavy unglazed paper can be used successfully when baking macaroons which are mostly egg whites and are baked at a low heat. Miss Cox says this same type of paper, if greased, may be used for rich mixtures such as fruit cake, which burns easily and needs a long baking period.

Sponge and angel food cakes are something different. These cakes do not contain fat and the leavening agent is beaten in air. Therefore, states Miss Cox, use an ungreased pan. In a greased pan the cake batter cannot cling to the sides of the pan as it bakes and the cake does not reach its full height. Greasing also causes the cake to fall out of the pan when it cools, which makes a flat and soggy product.

Grease only the bottom of the pans when baking cakes. Leave the sides ungreased so the batter can cling as it rises.

Mr. and Mrs. Elton McGinnes had as guests Thursday and Friday the latter's parents, Mr. and Mrs. Claude Ditmore of Tennyson. Mrs. McGinnes and the children accompanied them home, returning to Eldorado Sunday.

Mr. and Mrs. George Williams had as guests Sunday Mr. and Mrs. Lee Goldman of San Angelo.

A family supper was held at the Claude Doyle home Saturday night, with the following attending: Mr. and Mrs. Milton Doyle and children of Roby, Mr. and Mrs. Kenneth Doyle and children, Mr. and Mrs. Will Doyle, Mr. and Mrs. J. C. Doyle and children, Mrs. Jimmy Lou Taylor and son, and Mrs. Ruby Damron.

Guests of Mr. and Mrs. Earl Parker and Mr. and Mrs. Walter Taylor were their Congregational Methodist pastor and his wife, Rev. and Mrs. Vern Cook of Gouldbusk, Mrs. A. F. Terrill and Mrs. Veal, all of whom returned to Gouldbusk Friday.

Mr. and Mrs. Henry Clark of Mertzton spent Sunday with Mr. Clark's sister, Mrs. C. M. Reynolds.

Mr. and Mrs. E. E. Newlin have as a guest Mrs. Newlin's mother, Mrs. Allah Morris of Temple, age nearly 92, who is here for a few weeks' visit.

CIRCLE MEETS

Mrs. W. G. McAlpine was hostess to the First Baptist WMU Circle 1 at her home Monday, Mrs. John Stigler presiding, and 14 attending. Mrs. Archie Mittel was in charge of the devotionals, and Mrs. Laveil Meckel reviewed the mission book "Tangled Threads."

Mr. and Mrs. Grover Lee Johnson left Friday for Gonzales, upon hearing that Mr. Johnson's father had had an emergency appendectomy. They visited there several days.

HERE AT SINGING

Included with the large number of local singers who attended the community singing at the Memorial Building Sunday afternoon were these from out of town:

Mr. and Mrs. Eldon Wright of San Angelo (she was pianist) Ollie Martin, London, Roy Tomerson, Menard, Mr. and Mrs. R. E. Rober-son, Lake View, and Mr. and Mrs. T. R. Chapple and two daughters and Mrs. Adams and daughters of Sonora.

Presbyterian News

The Eldorado Presbyterians will celebrate several occasions of the Easter season.

On Thursday evening at 7:30 we will celebrate the devotion built around the last fellowship of Christ and the Disciples. This is a part of our Spiritual Enrichment week.

The theme is that of Christ in his creative presence, his gracious leading and his in-living love. We cordially invite all of our friends to worship with us on this sacred occasion.

We will all cooperate in the Good Friday service at the Methodist church on Friday from the hours of 12 Noon to 3:00 p.m.

Our church will worship in an early morning service on Sunday at the hour of 8:00 o'clock. This will be a comparatively brief service with a definite worship motive. We not only desire our members to be present but will welcome our friends to help us celebrate the occasion in a dignified and worshipful manner. Our choir will bring a special number on this occasion.

At eleven o'clock we will have our usual Easter service. At this time the infants of the church will be presented for the rite of Baptism and the covenant vows of the parents.

We wish for all of our friends that they may prosper as their soul is prospered so that they may indeed partake of the true joys of the Easter season.

Methodist Notes

The Good Friday service will be held at the Methodist Church. Other ministers of the Ministerial Alliance will be taking active parts in the special service.

The public is invited to the service which will begin at 12 noon and continue until 3:00 p. m. There will be interludes of music in which the public may come and go. Programs will be posted in the entrance of the church and may be secured before entering the sanctuary.

Sunday services as usual. Sunday school at 10 a. m. and the morning worship begins at 10:55. There will be a special period for the dedication of infants early in the service. All parents wishing to present their infant for dedication are asked to be on hand a little early. The minister will bring the usual Easter message, which is the most wonderful message of all, "He Is Not Here, He Is Risen."

The evening service will be conducted by our District Superintendent. Rev. Fred J. Bruks. The public is invited to hear him. After the evening service has been dismissed, the church will be called for a regular session of fourth quarterly conference. This is the closing conference for this conference year. All officers are to be elected for the new year which will begin June 1. The church is urged to attend both the preaching service and to remain for the quarterly conference. This is the most important church conference of the year and a good attendance is expected. The evening service will begin at 7:30.—The Pastor.

APPROVED OF GOD

"Study to show thyself approved unto God. A workman that needeth not to be ashamed, rightly dividing the word of truth." II Timothy 2:15.

This should be a memory verse in every Christian heart. Let us examine it prayerfully. There are three things for us to do here.

1. "Study to show thyself approved unto God. First this verse is especially to Christians. A Christian is to study and unless you are studying the word of God you are like a man who never eats any food. You just gradually become weak and helpless. Studying is the only food that a Christian can grow on. I Peter 2:2. In our church we read three chapters on week days and five on Sundays, thereby reading the word of God through every year. Notice if you are not reading your Bible you are not approved of God, or God is not pleased with you.

2. "A workman that needeth not to be ashamed." This is wonderful here. Look at this word "workman," one who is busy about his Father's business. A workman means that He is employed. This workman must study. If this workman does not study he is ashamed although "He needeth not to be ashamed. Christian, are you ashamed of what you do not understand about God's word.

3. "Rightly dividing the word of truth." John 17:17 tells us what the truth is so there is no argument there. It says it needs dividing also. Now you say what does this mean. This is what it means. There are seven different dispensations in the word. They must be divided. Now if a preacher is preaching from the Bible and He does not let you know what dispensation he is preaching about, he can easily lead you astray though he be a honest preacher. There are yet future dispensations to be revealed. To know about the truth of this one is the most important of course to us. Many Christians don't know this truth. If you have no church to attend, visit us, but go to church.—F. H. Pryor, Fundamental Baptist church

First Baptist News

The Youth revival which closed Sunday night was very gratifying. In all, there were about 65 decisions.

We received into our church membership by baptism Herma B. Whitten, Dudley Calcote, and Eugene Bradshaw, and by letter Mr. and Mrs. J. I. Padgett and Dianna Padgett. Jack Stanford surrendered for the ministry and many of our fine young people surrendered for any special service the Lord would lead them into; also many of our adults came reconsecrating their lives to God. We feel that this Youth revival has made a lasting impression upon our church life and the people of Eldorado. I don't believe we could have found a better team than these three boys if we had looked all over Texas. They were each truly qualified and consecrated in their field. We wish to express our thanks to each person who had a part in helping make this meeting what it was.

We urge all of our people to attend the Good Friday service Friday at the First Methodist church. The program will begin at 12:00 Noon and close at 3:00 p.m. The program is based on the seven last words that Jesus spoke. This service is one to which you can come and go for any part. We trust that many of you will attend all of the service. Our pastor will speak on the third and sixth words, the words of remembrance and the words of victory. Mrs. Joe Muller Christian and Mrs. John Stigler will furnish music for part of this very inspiring service. Make your plans to attend.

Sunday was a wonderful day in the Lord. We had our peak attendance in Sunday school. We had 213 in our church Sunday school and 46 at the Mission. We didn't quite reach our goal at the church school, 234. The Beginner department won the orchids with a grade of 87—they have 23 on roll and had 22 present. The Juniors were second with a grade of 70. They have 46 enrolled and had 36 present. The Adults hit their peak attendance for the year with 73. Onions went to the nursery with a grade of 48. Let us go above the 200 mark in average attendance for April. We can do it.

The choir under the direction of Miss Lucille Farmer and accompanied by Mrs. Joe Muller Christian will present the Easter Story in Music this Sunday at the morning worship hour. We issue a very cordial invitation to each and all who will come and worship the risen Lord with us. Tell your friends, and come and enjoy this treat with us this Easter Sunday.

Tuesday evening at 5:00 p.m. the Concho Valley Baptist workers conference will meet with the First Baptist church of Christoval. A very interesting, informative and inspiring program is waiting for us. We trust that we will have a great group to attend from here. The board meeting and W. M. U. meeting will be held at 5:00 p.m. The supper will be served by host church at 6:00 p.m. The program will begin at 7:30.

We issue a warm invitation to our new men's Bible class. Our pastor is teaching the lesson to a fine group of young men each Sunday morning at 9:45. We had 14 present last Sunday. You will be receiving an invitation to attend this class. You can help us achieve our goal for this class, which is to overflow the Sunday school room and then, not hunt a bigger room, but divide and form two classes.

You can have a date with a fine group of fellows and with the Lord this Sunday morning at 9:45. Just come to the auditorium and follow the crowd of young men who will be on their way to the best class of young men in the church.

Our offerings to our budget for March was \$1,099.28. We appreciate the fine way in which many of our people are supporting our church in its financial program. We have a debt free church and a wonderful opportunity to grow for the Lord. If you are not having a worthy part in the financial program we trust that you will take inventory and see that you must also share in this blessing. One of the finest elements of our worship is the laying of our tithes and offerings upon God's altar on His day. The offering for our three fine young men was \$420. Divided three ways this was an offering of \$120 for each. Many of us who have been in school know that it was needed and will be a rich investment. The boys asked me to express their thanks to everyone who had a part in this rich offering.

Mrs. John Palmer and daughter Sue of Del Rio and Mr. and Mrs. Savola Bolt of Mason visited last weekend in the Fred Furr home.

The new district gauger for Pan American in the Huldale Oil Field is W. A. Menees, who has moved here from Quitman and is renting the McGill house. There is probability that he will be located here permanently. He has four daughters at home, three of whom are in school and two sons in the Navy overseas. The family are Baptists.

The E. R. Clinton family have moved to Sheffield, vacating a four room Gus Love house Monday. Mr. and Mrs. Jack McCutcheon have moved in from the adjoining Walter Taylor rent house.

Mr. and Mrs. O. L. Woodward visited the former's mother and brother in Brownwood Monday and brought back stock for their nursery here.

Attending a dinner Sunday given by Mr. and Mrs. Earl Yates were Mr. and Mrs. E. H. Sweatt, Ernest Sweatt Jr., and his wife, and Mr. and Mrs. J. W. Yates and daughter of San Angelo, who also visited in the H. W. Scott home.

Mr. and Mrs. Marvin McDonald Mr. and Mrs. Gordon McDonald and Dwight, Mrs. Roy Andrews, and Mrs. C. W. Collins and daughter were fishing on Upper Lake last week end.

Mrs. Joab Campbell has been improving since Monday noon, at the Sonora Hospital, to which she returned Sunday. She was placed under an oxygen tent and was given blood plasma.

Willie Isaacs and Clayton Hanna of Fife visited here Sunday.

Mr. and Mrs. Bill Whitehead of Del Rio announce the arrival of a daughter, weighing five pounds and 12 ounces, and named Dina Lesa. Mrs. Whitehead is a sister of Mrs. S. E. Jones Jr., of Schleicher County, and has visited here often.

An aunt, Mrs. Cannah Gebhard, and cousins, Mr. and Mrs. Sam Yeter of Ft. Worth are here for a few days' visit with the Clyde Keeneys.

Mrs. Clyde Baugness and children Clyde Jr. and Katy B. visited Sunday in Menard with Mr and Mrs. Albert Dale Alexander, Mrs. Baugness' son-in-law and daughter Frances Lee.

Among those attending the rodeo given by students of Daniel Baker, Howard Payne, and SAC at Brownwood were Mrs. Chester Biggs, Clyde Reece, and Vera Fae and Bonnie Biggs. Billy Ray Jones rode Brahmas; Bud Biggs entered the calf roping and goat milking events and won the calf roping Saturday night.

Mrs. G. Barry of Cisco has been here visiting her daughter Mrs. Horace Linthicum and her family. On Monday she left for Washington, D. C., to attend the national DAR meeting, making the trip through by car with two other DAR women.

Guests of Mr. and Mrs. Ray Bruton last week end were Mrs. Bruton's parents, Mr. and Mrs. B. L. Hughes of Brady.

Two of the children of Ralph Bates have recovered from whooping cough and have returned to school.

Mrs. Ray Bruton attended the funeral in Brady last week of A. H. Broad, who was buried there Wednesday.

Mrs. B. F. Jones is on the sick list this week, and her daughter Mrs. W. A. Schuller is staying with her.
