## Eldorado Chosen For Next Year's District PTA Meeting

Sixth District of the Texas Congress of Parents and Teachers, in session early this week in McCombs, accepted Eldorado's invitation to be the host city next year. The invitation was formally extended to the group by Mrs. Marvin McAngus, president of the local unit, acting on authority granted her at a recent meeting of the PTA here. As this is the home unit of Mrs. Edwin Jackson, district president, the members had expressed the opinion that they were very anxious that the group meet here next year. It will probably be some time in March.

Attending the meeting in an official capacity were Mrs. McAngus, district parliamentarian, Mrs. J. C. Ratliff, corresponding secretary, and Mrs. Jess Walston, district publicity chairman. Others present were Mrs. W. J. Humphrey, Mrs. Arthur Mund, Mrs. James Williams, and Mr. and Mrs. Palmer West. Mr. West led the safety meetings.

Interest is reported to have been unusually good at this 1952 meeting — with outstanding messages from prominent men and women, and inspirational workshops led by competent PTA workers and others.

Mrs. Edwin Jackson, prominent club woman, and church and civic leader in Eldorado, has been in McCombs this week presiding over sessions of the district PTA meetings by virtue of her office as president of Sixth District.

National, state, regional, and district delegates from the 14-county district and its 54 units were in attendance. A pre-conference meeting of the district board of managers was held at 2:00 Tuesday afternoon in the McCombs Park building, and that night, beginning at 7:30, the McCombs Board of Education entertained the executive board at a formal banquet in the school cafeteria.

On Wednesday morning, Upton and Pecos bi-county Council of PTA served breakfast at the Bluebonnet Cafe. Registrations started Wednesday morning at 8:00 after the breakfast.

Using as its theme for the 21st annual conference "Safeguarding Our Freedom Through Responsible Citizenship," the meeting opened with a large crowd in attendance.

### The Program

Registration 8 a.m. to 12 noon, High School building, 50c.  
First Session, 9 to 12:15.  
Processional — District Board members and guests.  
Pledge to the Flag, Boy Scouts, Song, "America the Beautiful."  
Invocation, Rev. W. R. Tucker.  
Introduction of platform guests.

## Congressman Fisher To Address Men Here

An invitation, extended by C. L. Meador Jr., on behalf of Methodist Men to address a joint meeting here on April 21st, has been accepted by the Hon. O. C. Fisher, congressman from the 21st District.

Presbyterian and Methodist men were guests of the Baptist Brotherhood several months ago and at that time the Methodist group began making plans to return the favor. Date for the joint meeting was set for Monday, April 21st, and C. L. Meador, Jr., was appointed to contact the congressman as the principal speaker. Fisher's letter of acceptance, received this week, is as follows:

"Dear Friend:  
"I very much appreciate the invitation to address the joint meeting of the Baptist, Methodist and Presbyterian Men's Bible Classes at 7:30 p.m., on Monday, April 21st. I am delighted to be able to accept.

"It happens that during the preceding week the House will be in its usual Easter recess and I will be down there during that time. I can easily arrange to stay over Monday and return to Washington on Tuesday morning.

"This will be an excellent opportunity for me and I want you to know that I am deeply grateful to you.

"With my personal regards, I am—Sincerely yours, O. C. Fisher."

The organization known as "Methodist Men" was formed early last fall with Chuck Gary as president, and Jerry Pennington as vice president. Their charter was received recently.

## Seniors Present Annual Class Play Friday, Saturday

The Senior Class of 1952 will present "Our Miss Brooks," a comedy in three acts, Friday and Saturday nights, March 28-29, in the school auditorium. The curtain will be raised on this rousing comedy at 8:00 p. m., both nights.

The cast and their coach, Mrs. Charles Gary, have been working hard for some time to put on a production which will be a credit to themselves and the school, and those who have watched them at rehearsals are putting out excellent reports on their progress.

The class members hope to clear a good amount of cash for the class treasury, and they are conducting an advance ticket sale.

In the cast are: Lola Beth Ballew, Pansy Owens, John Phillips, Roger Sofge, Suzy Linthicum, Margaret Ellen Edmiston, Marianne Craig, Jimmy Morgan, Diane Thomerson.

High school students: Billy Joe Jeffrey, Grace Crosby, Ruthie Dee Harris, Marvin Gausemeier, Charlene Atkinson, Elizabeth Faulk, and Lawrence Dannheim.

### 4-H Club News

The Schleicher County 4-H Club held a meeting Tuesday night at 7:30 at the recreation building. The meeting was called to order, followed by roll call. Sonny Moore, secretary, read the minutes of the last meeting. There was then a discussion on the initiation of the new members. It was decided that two meetings would be set in order for those who were unable to come to the first one. The time set for the first meeting was Tuesday, April 8 at 7:00 p. m., at the recreation building.

Also there was another discussion on serving refreshments at meetings and the committee elected to take care of donations, and buying the refreshments, were Ronnie Mittel, Jim Steward, Tony Kerr, and Jack Steward.

The 4-H club will present a program to the Lions Club on April 9, consisting of eight boys appointed to give the program. Tony Kerr, Sonny Moore, Mike Moore, Billy Gene Edmiston, Bubba Alexander, Jim Thornton, Johnny Pauls, and Farris Nixon were appointed.

Keith Hillman announced the time for a meeting of 4-H boys concerning lamb money, then a show. Meeting adjourned. —Reporter, Jack Steward.

## BAPTISTS OPEN BIG REVIVAL NEXT SUNDAY

Sunday, March 30, is the opening date for the First Baptist Youth revival, to be conducted by three visiting young men with the assistance of the pastor and workers in the church.

Evening services at this revival, which will last through April 6, will start at 7:30. Bob Feather, who is well known to churchgoers in this area, will be in charge of the music, accompanied by R. B. Cooper, Jr., and John "Bubba" Woods will bring the messages of the evening.

Each morning at 7:00 there will be a youth breakfast.

### OIL WORKER INJURED

H. J. Wren, employed with Tucker Drilling Co., in Schleicher Co., was brought to the Maginot Clinic Tuesday afternoon for treatment and hospitalization. He sustained head injuries when a pipe fell on him, and is still in the clinic receiving hospital and medical care.

### BIBLE CLASS

Tom Rathoff of Sonora will be speaker at the Business Men's Bible class on Sunday at 9:45 at the Memorial building. All men not in Sunday School are cordially invited.

By yesterday morning, about 40 cars of 24-inch pipe had been received here, for the new Ranch line. This is the last shipment from the east; beginning next week stepped-up delivery is expected, and that pipe will come from California.

## Ellenberger Oil Showing In Dove Creek Area

Humble Oil & Refining Company is drilling ahead below 6785 feet in the Ellenberger after finding shows of oil on a drillstem tests in that formation at 6670-6683 feet. This project, which already has shown as a possible discovery from the Wolfcamp and Pennsylvanian formations is located 15 miles north and slightly west of Eldorado. Tool was open 1½ hours on the above Ellenberger drillstem test. Recovery was 90 feet of drilling mud and 120 feet of oil and gas-cut mud. No formation water was present.

Delta Gulf Drilling Co. No. 1 Blair M. Boyd, C NE NW 9-H GH&SA, near the boundaries of Tom Green and Menard Counties cemented 5½-inch casing at 4,683 feet with 175 sacks. It had plugged back to that point after logging no fluid in the Ellenberger in drilling to 5,256 feet and making no tests in that formation.

Casing cemented at 4,683 feet will be perforated probably late in the week opposite lower Canyon sand, shown by the electric log to be from 4,412-40 feet. On a two-hour drillstem test two weeks ago from 4,420-33 feet. No. 1 Boyd recovered 810 feet of oil and 220 feet of heavily oil and gas-cut mud. Initial open flowing bottomhole pressure was 625 pounds, final pressure 750 pounds. No shut-in pressure was obtained.

### 451-Barreler

Delta Gulf, which opened the Huldale field in October, 1950, has recorded the latest completed producer in that pool. Its No. 1-D H. F. Thomson estate, on the southeast side, flowed naturally 451 barrels of 40.2 gravity oil in 24 hours. Gas-oil ratio was 501-1.

Production was through a 20/64-inch tubing choke and 20 perforations from 5,760-65 feet, 16 perforations from 5,752-56 and eight perforations from 5,742-44 feet in 5½-inch casing cemented at 5,774 feet, one foot off bottom. With derrick floor elevation 2,325 feet, the well topped the Strawn at 5,511 feet and the porosity at 5,668. It is 1,753 from the most southeasterly south line, 467 feet from the most easterly west line of section 82-TT-TCRR.

Delta Gulf No. 1 Mrs. Viola McWhorter was rigging up rotary. Delta Gulf No. 2-C H. F. Thomson estate cemented 9 5/8 inch casing

on bottom at 530 feet in lime and caliche with 1,000 sacks and was standing.

Taylor Refining No. 1-B Mittel, southeast offset to the Neva West discovery, set a cement plug up to 4,000 feet, drilled out to 4,174 and was conditioning mud to clean the hole before setting a whipstock at 4,174. It is scheduled to redrill the Strawn.

Skelly Oil Company, Monarch and Southland Royalty No. 2 W. A. Davis Estate, project and indicated producer on the east side of the Huldale-Strawn field in north central Schleicher county, was at total depth of 5657 feet in lime testing after drilling plug on seven-inch casing cemented at 5667 feet. No gauges have been reported on this expected producer.

Standard Oil Company of Texas No. 1 Mittel-Wilson one location north of production in the Neva West Strawn field of north central Schleicher county, was at total depth of 6360 feet in lime preparing to take a drillstem test.

Standard No. 3-1 Lulalee Wilson, another project in the Neva West pool, was drilling below 5665 feet in shale.

Standard No. 2-1 Fowler, project at the northwest side of the Huldale-Strawn field, was being drilled below 5762 feet in lime.

Skelly No. 3 Davis, another Huldale prospector was drilling below 472 feet in lime.

Cities Service Oil Company No. 1 Robinson, Ellenberger wildcat in northeast Schleicher county, was drilling below 105 feet in lime. It is 14 miles northeast of Eldorado.

Pure Oil Company No. 2 Roach, wildcat in northwest Schleicher (Dove Creek area) was drilling below 2507 feet in black shale and brown lime.

Stanolid No. 1 West, the wildcat one mile west of Eldorado, resumed drilling early this week after being held up for six days with tool stuck in the hole. A drillstem test was taken Monday night with the total depth of 7700 feet, recovering nothing but drilling mud. Drilling was resumed Tuesday.

Still in the Ellenberger, the procedure has been to drill 100 feet and test. It is slated to continue through the Ellenberger and the Hickory sand of the Cambrian — probably another 500 feet. The depth last night was 7800 feet and another routine drill stem test was under way.

Several crew members for the Guy Mabey Drilling Co., are moving into Eldorado this week. The company has contract for drilling a well somewhere east of Eldorado.

### SCHOOL SOFTBALL

Four softball games were played Monday with different age groups from Eldorado, Sonora, and Ozona participating.

Eldorado Junior High boys dropped a 12 to 4 score to Sonora. Sonora elementary boys also handed Eldorado the losing end of a 9 to 4 score.

Junior High girls from Ozona won by 37 to 9 over Eldorado, followed by Ozona elementary girls who took 17 to 2 over Eldorado.

In Senior boys' tennis singles Sonora won 6 to 0 and 6 to 4.

## SOUTHWEST'S TALLEST BUILDING INCREASED IN SIZE

Two additional floors have been added to the Republic National Bank Building, now being erected in Dallas. The floors have increased the section facing Pacific and Ervay Streets to seven stories and have resulted in the floor space of the building being increased to 822,000 square feet. Certain other changes have been made in the exterior of the building base, all of which add materially to the appearance of the building and further enhances its place in the already impressive Dallas skyline. This 40-floor building — tallest in the Southwest — will rise 593 feet above the ground and will incorporate every modern convenience.

**First Baptist News**

Tonight at 7:30 we will be privileged to hear Bro. Boris Bessmertny of Paris, France, who will speak on the subject, "God's Deadline In Europe." Brother Bessmertny is a powerful voice for the Lord in Europe. You will want to come hear this man and to invite and bring your neighbors with you.

Our youth revival will begin this Sunday morning. John "Bubba" Woods of Baylor University will bring our messages. Bob Feather of Southwestern Seminary will be in charge of the song services. R. B. Cooper Jr. will be at the piano. Youth breakfast will be served each morning at 7:00 by the ladies of the church, except Saturday. The men of the church will prepare and serve breakfast Saturday morning. We welcome each young person in our city to be in each of these services.

Calling all officers and teachers! Don't forget this important meeting this coming Friday evening: our first workers' conference for Sunday School. Come and bring a covered dish. Supper will be served at 7:00 p.m. This is one of our very most important meetings and it will be successful only as each of our people who are interested in our Sunday school work come and participate. This is not just for officers and teachers; it is for every member of the church who is interested in the growth and work.

This coming Sunday is a significant day for us: our youth revival begins. At the noon hour dinner will be served in the banquet room of the church. All are invited to stay with us for this meal. After lunch our preacher for the revival wishes a meeting with all the young people to present his plans for prayer and for visitation for the revival. This should be one of our very best days. Will you plan now to be present and to help make it a great day for us?

We certainly regret to lose many of our people who are being transferred to other locations. We hope you have found a blessing by worshipping with us, and may the future hold that you will be with us again. We trust that you will remember us in your prayers and carry us fondly in your minds as you leave us. Many of you have added much to our church life and we will miss you in our Sunday School, choir, and worship services.

We were still at the bottom in Sunday School Sunday. We had only 150 present and 67 present at Training Union. The orchids went to the Beginner department with a grade of 60. Onions went to the Adults with a grade of 42. We are

falling alarmingly far below our goals in every department. We urge each departmental superintendent to keep their departmental goal before the teachers and classes. Let us begin to reach our goals and exceed.

Don't forget the noon meal at the church Sunday. Come and bring a covered dish and stay with us for the fellowship of the meal. Let us make this a good day for ourselves and for the Lord. We trust that we will have a large attendance in the Sunday School hour and a large group of people to hear Bubba Woods in his very first message of our youth revival. Plan to come, plan to bring someone, plan to win someone, plan to pray every day, plan to have a great revival in your own heart.

**ANNUAL CONVENTION OF FWC TO BE HELD IN CISCO**

The annual convention of Sixth District Federation of Women's clubs will convene in Cisco March 31 through April 2. Mrs. Hubert W. Baker Smith, Sixth District president, states the convention will be "What Price Freedom." Mrs. Ruby Miller of Cisco is general chairman of the convention and Mrs. L. C. Heltzel, also of Cisco is reservation chairman. Hostesses are members of the federated clubs of Cisco. Mrs. A. J. Olson, local art chairman, will receive the pictures to be entered in the exhibits and contests. Niss Udora Hawkins, district program chairman and her committee, with the Cisco committee and Mrs. Baker, district president, have planned interesting programs and social features to make this convention pleasant and effectual.

Among the speakers of the three-day event will be Mrs. Van Hook Stubs of Wortham, state president of Tfwc; Jude Houston Smith of Crockett County; Cal Campbell, director of Gonzales Warm Springs Foundation; Mrs. J. Howard Hodges, past president of TFWC, chairman GFWC nominating committee; Mrs. Joseph M. Perkins, trustee, Austin headquarters, GFWC chairman, music; Miss Ethel Foster, GFWC chairman of budget; Mrs. John J. Perry, GFWC chairman of Extension; Jack Cox, state representative of Breckenridge; Mmes. W. E. Cantrell and A. J. House, regional vice president; Benny Butler; Lindsey Hawkins, attorney of Breckenridge; Mrs. L. E. Dudley, state vice president and district president, Mrs. Hubert Baker.

The formal opening of the convention will be at 8:00 p.m. Monday, March 31, at the Methodist church where all the sessions will be held.

Rev. C. V. Cooper of Abilene filled his regular appointment as mission pastor at the Latin American Baptist church last weekend, and was entertained in the home of Mr. and Mrs. J. H. Wagley.

**SALVATION**

"That we should be to the praise of his glory, who just trusted in Christ. In whom ye also trusted. After that ye heard the word of truth, the Gospel of your salvation in whom also after ye believed, ye were sealed with that Holy Spirit of promise." —Ephesians 1:12-13.

Here are some of the most wonderful words that were ever spoken to man from the word of God. They tell forth some of the things that accompany salvation. They also tell how to be saved.

Notice in the twelfth verse "Who first trusted in Christ." When you trust in Him for your entrance into heaven you will be there. Notice how salvation comes, "In whom we trusted after we heard the word of truth."

So you must hear the word preached and my friend not all churches are preaching the whole word of God. Some merely preach from the Bible and that not rightly divided. Notice sinner friend you must hear the word, trust the word of God, believe the word of God and then "ye were sealed" this means that God the Holy Spirit seals you forever and guarantees that you will be in heaven and that there is no power on earth, heaven or hell that can break or disarm that seal. Thank God for salvation.

Is this redemption yours? Have you trusted in the Mediator Christ Jesus? Do you have the Spirit in your soul or body? You may have all this just for coming into the Lord. Come to church. Visit us. Bring your Bible if you are going to church keep going and make your pastor a good man. Help hold up his hands. —Rev. F. H. Pryor.

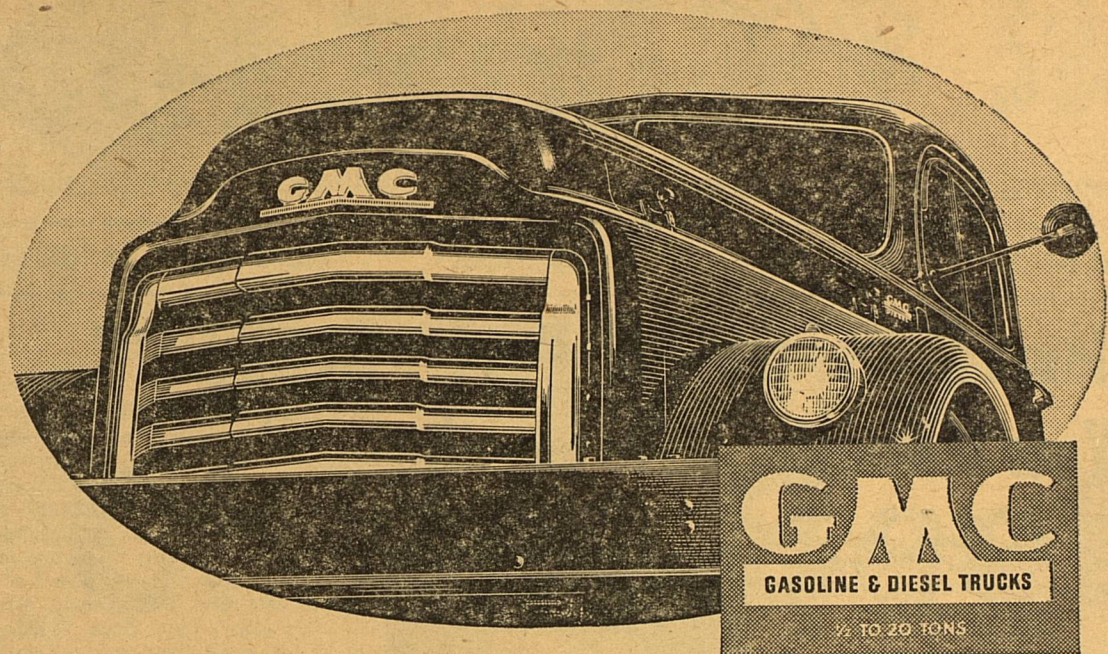

**ENTERTAINS AT BRIDGE**

Mrs. R. A. Knouse entertained Saturday with a bridge luncheon at the home of Mrs. Weatherly Kinser. The decorations carried out the Easter motif. Mrs. Leslie Baker won high, Mrs. Carrol Rattliff traveling, and Mrs. Oliver Teal bingo. There were eight tables of players.

Mrs. Lester Early returned Sunday night from Temple, where she underwent surgery, and is staying for the time with the J. N. Earlys. Lester and Gene drove after her Sunday.

Mr. and Mrs. E. H. Topliffe and daughters Myrta Ann and Martha Ellen were Del Rio and Via Acuna visitors Sunday.

Mr. and Mrs. John Zentner and children of Rowena were weekend visitors in the home of Mr. and Mrs. Frank Valis.

**OVER THE ROAD or OVER THE ROUGH - you can't beat a GMC!**

KNOW why, more and more, GMC's are becoming first choice of so many cost-watching truck operators in every type of hauling?

One of the big reasons, they will tell you, is they can always get a GMC that's exactly "engined" for their particular kind of work.

There is no need for a GMC owner to strain away to an underpowered truck—or lose profit to a gas eater unsuited to its job.

That's because GMC builds the widest range of truck engines in the industry—GMC famed valve-in-head gasoline engines from 100 to 200 H.P.—GMC

exclusive 2-cycle Diesels from 110 to 225 H.P.

And it's the kind of power you don't have to pamper!

Each GMC engine is specially lubricated against wear, specially ventilated against acid-forming fumes even when idling—specially designed for truck duty!

Why not let us recommend the GMC truck, tractor or six-wheeler perfectly powered for your job? It will be a real truck all the way—exactly the right combination of engine, axle, transmission and frame blended by the world's largest exclusive manufacturer of commercial vehicles!

**Tribute to a neighbor**

We'd like you to meet a neighbor on whom both of us depend. He's the man who operates the service station in your neighborhood. You depend on him to take care of your car, to supply you with products of high quality at reasonable prices. You expect, and get, from him more free service than from any other merchant with whom you do business: whatever you spend, he cheerfully cleans your windshield, checks your oil and tires, furnishes you with free battery water, and renders special services as you need them.

The oil companies depend on him as the independent merchant who distributes their products. He demands, and receives, continuously improved products with which to compete with his business rivals. He insists on reasonable prices that will move his merchandise in volume. His progressive attitude is one of the chief reasons why the oil industry has supplied you with better products at about the same prices over a long period of years.

It's a pleasure to pay this tribute to a neighbor, to thank him publicly for being such a friendly, dependable contact between the oil industry and its millions of customers. He is not on our payroll, but we couldn't do business without him.

**Irrigation Water Cost Is Figured**

COLLEGE STATION—It costs between \$4,000 and \$5,000 to develop and equip a new irrigation well on the High Plains of Texas, according to a study just published by the Texas Agricultural Experiment Station.

These averages are based on installation and operation costs reported during 1947, 1948 and 1949 in a study of a yearly average of 176 wells in Lubbock, Hockley, Hale, Floyd and Swisher counties. Present costs may be somewhat higher than during the period of the study.

Installation costs included the drilling, casing an dspillway for the well, which averaged \$1,272. Purchase and operating costs are given for four types of power units used to pump irrigation wells. These were electric engines, small and large automobile engines and industrial engines. Respective initial costs during the period of this study were \$720, \$485, \$782 and \$1,320.

An average of 126 acre-feet of water was pumped per well each year of the study. The cost per acre-foot varied with the type of power used and whether the unit was operated with electricity, butane, gasoline or natural gas. Price ranges are shown for each kind of fuel.

The study, reported in Bulletin 745, briefs the historical development of irrigation from wells on the Texas High Plains. About 1,860,000 acres of Plains land were irrigated in 1950 from about 14,000 wells. Most of this development has taken place since 1934, with the greatest expansion since 1945. Well drilling continued at a rapid rate during 1951.

Cooperating in the study were the Department of Agricultural Economics and Sociology of the Texas Station and the Bureau of Agricultural Economics of the U. S. Department of Agriculture.

Copies of Bulletin 745 may be obtained from the Publications Office, Texas Agricultural Experiment Station, College Station, Texas.

**Spring Season Critical Period For Ranges**

College Station.—Pasture plants in most sections of the state have taken a beating from the weather during the past several months. Rain and more rain is badly needed before the hard hit range plants can even begin their comeback. A. H. Walker, range specialist for the Texas Agricultural Extension Service, says even under normal conditions the spring season is the most critical period for range plans.

He says pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. He encourages livestock producers to graze supplemental pastures, if available, to give ranges a rest for a month or six weeks. This spring rest will give vigor to native drouth stunted and over-grazed plants. He points out that the usual practice, following a drouth, is to start grazing the range just as soon as the first plants appear and this is not good for the range vegetation.

Such practice may reduce annual forage production by as much as 40%, says the specialist. Such a reduction means that a ranchman could only run 60 head of cows instead of 100 head on an annual basis if he had used better management during the spring season.

Walker says he realizes that unless weather conditions change very materially in the near future, the spring growing season will just not happen on a lot of the state's range lands. But when the drouth is finally broken, he urges ranchmen to give the range vegetation a chance to become reestablished. The drouth has sapped their vigor and stopped root development.

A spring to fall deferment period may be needed in the most critical areas. Such a practice will give the plants a chance to make a seed crop that will be needed to insure a stand of the desirable species, says Walker.

A rotation plan for deferring different pastures on the ranch should be worked out and at least one pasture should be deferred each year. Walker points out that range demonstrators have proved that deferred grazing is not only an effective aid to a range recovery program but is also one of the best conservation practices that can be used on the range.

Mr. and Mrs. Leslie Thompson, here with Pure Oil Co., have moved to an apartment at the Crosby units. Mrs. Thompson is at present visiting in Jal. New Mexico. They formerly stayed at Keno's Courts.

A well drawn contract is designed to avoid the unfortunate disputes which are usually based on honest misunderstanding, and not to let one person take advantage of another. Lawyers agree that one of the most important functions served by the careful execution of a contract is the preservation of business friendship.

Nearly every day all of us are making agreements with our fellow citizens. We base our plans and decisions on the faith that such agreements will be carried out. The grocer delivers food to us, relying on our promise to pay at a later date. We go to work each day on the faith of our employer's agreement to pay at the end of the week or month. Our whole system of free enterprise and trade is based, to a large extent, upon mutual agreements or promises to do something in the future.

Oral or written, such agreements are usually contracts. Probably the great majority of contracts that we enter into are never put into written form. Generally speaking, you can enter into a verbal agreement that is just as binding as a written contract. The important thing for each party to remember is to make the agreement or understanding perfectly clear whether it is oral or written. Usually you will find that the best way to do this is to put it into a written contract. Exact terms of an oral contract may be difficult to establish if a disagreement arises.

It is easy enough to define a contract as an agreement between two or more people where each of the parties does something or promises to do something in return for the act or promise of the other. The real problem is to be actually certain what each party has agreed to do.

Suppose Mr. Householder has a piece of paper on which is written the heading "Proposal and which thereafter reads as follows:

"We will build a garage for you on your lot for the estimated price of \$800. work to be done in a workmanlike manner. All of our work is guaranteed to your satisfaction. Subject to the conditions printed on the reverse side."

This is signed by the XYZ Company. Under this signature is the word "Accepted" followed by a line for the signature of Mr. Householder. His question is, should he sign it?

Before he signs it there are some things he should consider. He should first remember that once he and the XYZ Company have both signed the agreement, no matter how informal it may appear, they have bound themselves to the terms as written and cannot later escape the obligations they have assumed.

With this in mind, here are some of the misunderstandings that might arise from such an agreement: The company has agreed to build a garage—yet nothing is said about the size or type of construction. It has not even been stated whether it is to be a single or double garage. There is no indication in the agreement as to where on the lot the garage will be built. It says nothing about when the work is to be finished. There is no agreement as to whether Mr. Householder is to pay in advance, in installments, or not until it is completed.

Further, they have not actually agreed upon a price. The agreement refers to an estimated price of \$800. They should be specific and make either a fixed price contract or an agreement whereby the builder is reimbursed for his expenses plus a definite profit percentage. Perhaps the XYZ Company feels that if their expenses are higher than anticipated, they will be able to charge more than the estimated \$800. On the other hand, Mr. Householder probably feels that \$800 is the maximum price he will have to pay.

The most important thing in a contract is to determine the essential elements of performance. This is not as difficult as it might seem. Here is a good rule to follow: As to the acts of each party determine what is to be done, when, where, and by whom. See that these essential parts are included in your agreement. In addition, remember that if a contract is worth signing, it is worth reading and understanding—all of it.

**PASTOR OUT OF TOWN**

Rev. F. H. Pryor is conducting a fellowship meeting this weekend at the Richmond Ave. Baptist church in San Antonio. He will return in time to conduct regular Sunday morning services at the Fundamental Baptist church here.

Mr. and Mrs. Elton Spencer and four children of Harper, Mr. and Mrs. Preston Brady and son of Big Lake and Mr. and Mrs. Jessie Bricker of Sonora, visited recently in the John West home.

**EDUCATION IS SUBJECT OF D. A. R. MEETING**

Education was the subject when the El Dorado Chapter, D. A. R., met Thursday in the home of the Regent, Mrs. J. E. Tisdale. For a devotional, Mrs. John Luedecke, Chaplain, read the 138th Psalm and stressed safety with God for the righteous; she led the Chapter in the regular opening.

Mrs. L. M. Hoover reported that the Commissioners' Court had complied with a request of a committee from the Chapter that a flag pole be erected in front of the Memorial Building. This is to be done soon. Mrs. Josh Ewing, Mrs. W. F. Meador Jr. and Mrs. C. D. Bruce were elected to membership in the Chapter, with papers pending approval of the National Board. The secretary read a report of the State Conference which recently met in Waco. A stone house has been purchased in Austin for a State Headquarters for the Texas Daughters. All members were urged to vote in elections this year and to inform themselves on political questions.

Mrs. V. G. Tisdale served as leader in the program. Miss John Alexander reported on the phases of work covered by the National Defense Committee; and Mrs. Tisdale as chairman of the program committee said that 11 papers have been ordered through this source this year and that papers are available for any member to borrow from them at any time.

Mrs. Horace Linthicum presented "Our Colonial Collees" by showing their locations on a colored map of the original colonies. The oldest collee in the U. S. is Harvard which is at Cambridge, Mass. William and Marv, the next, is the one from which Gen. George Washington received his Surveyor's Commission. The first school which had a Medical Department was the University of Pennsylvania which was established in 1751 with Benjamin Franklin as the first president. She stressed the four beliefs of the early colonies as being fundamental in their character building. These were: Belief in the Supreme Being, Belief in their fellow man and themselves; Belief in Liberty; and Belief in Education.

Refreshments were served to one guest, Miss Kitty Buchanan, and the following members: Mesdames Elizabeth Powell, W. F. Meador,

Luke Thompson, Horace Linthicum, L. M. Hoover, John Luedecke, W. O. Alexander, E. C. Hill, V. G. Tisdale, C. M. McWhorter, J. E. Tisdale and Miss John Alexander.—Reporter.

Mr. and Mrs. Bud Russell and Kathie of Ozona spent the weekend here with Mrs. Ora Davis.

Mr. and Mrs. Billy Oglesby and baby spent the weekend with relatives in Brownwood.

Mr. and Mrs. Andy Nixon visited recently in Hobbs, New Mexico. They were accompanied by their house guests, Mrs. Charles Brittle and three children, of Hobbs, and Mrs. Robert Nixon who visited relatives there.

**SHERRY WIEDENMANN IS PARTY HONOREE**

Honoring her daughter Sherry on her second birthday, Mrs. Dwight Wiedenmann entertained with a party Thursday at the Memorial building. About 20 children attended.

Paper noise makers and balloons were the favors. Ice cream and birthday cake was served at the close of the afternoon. An out-of-town visitor at the party was Betty Ann Patrick, a cousin of Sherry's, who lives at Sonora.

Here from Uvalde, visiting in the Kenneth Cheek home, were Mrs. R. A. Rogers and daughter—and all visited in Mason, with the women's mother Mrs. T. F. Hoffman, who has been ill.

**MRS. SCHULLER HONORED WITH LAYETTE SHOWER**

Honoring Mrs. Winford Schuller and her infant son Winford, Jr., the Methodist Dorcas Circle sponsored a layette shower last week. Mrs. Elton McGinnes was in charge of the entertainment, and several women of the circle served refreshments to nine members and six guests; women whose husbands work for Ohio, with whom Mr. Schuller is employed. A nice assortment of gifts was presented to mother and babe.

Mr. and Mrs. Thomas Baker had as guests their son-in-law and daughter, Mr. and Mrs. L. O. Tomlinson, of San Angelo, who spent Saturday night and Sunday with them.

**Stands Are Painted**

Finishing touches are being made to the new grandstand at the Pecos County Sheriffs Posse rodeo arena this week as a coat of paint is being sprayed on the stands by the county, with the Posse standing the cost of the paint.

Completion of the painting will put the stands in shape for the All-Girl Rodeo which is scheduled to run April 18, 19 and 20.—Ft. Stockton Pioneer.

**Salaries Increased**

A new salary schedule adopted by the board to be effective with the new school year, will result in slight salary raises for a majority of the teachers.

The new schedule leaves the base pay at the same figure, \$2,800 for teachers with B. A. degrees and \$3,000 for those with Master's degrees, but raises from \$50 to \$60 a year the additional amount per year added for each year of experience a teacher has had, up to 12 years with B. A. degrees. Teachers with maximum experience in each category will be able to earn an additional \$720 a year in the case of B. A. degree holders and \$1,200 a year additional for those with masters. — Ozona Stockman.

**New Gas Plant**

The Lone Star Producing Company has completed plans for construction of a \$3 million gasoline plant which will process casing-head gas from the Fort Chadbourne oil field in West Texas, it was announced Thursday (March 20) by President D. A. Huley of Dallas. With construction to begin immediately, Mr. Huley said, the plant will be located at a point approximately ten miles north of Bronte and ten miles west of Winters. — Robert Lee Observer.

**Dust Tales**

Tall tales were related all week about sand storms and dust storms after the bout with the recent March winds. A salesman from Midland relates that you couldn't see three feet in front of you there. He was driving his car into the wind from downtown Midland to his home and had to creep along in low gear. Another man in Midland was driving a new pickup into the blowing sand and it took all the paint off where it hit. His insurance company gave him a complete new paint job.

And here in Big Lake the other evening when we had the shower it practically rained mud balls. Ten minutes after the shower the air was filled with dust drifting down from somewhere north of here.

Snipe Conley was over one morning telling about all his radishes just sticking up by the roots when the wind blew all the soil away. The next morning he went out and they were all covered again and he couldn't tell where they were. —Big Lake Wildcat.

**DAR STATE CONFERENCE IS HELD IN WACO**

The fifty-third annual DAR meeting was held March 10-13 in Waco. Mrs. Loretta Grim Thomas of Houston was elected State Regent; the retiring State Regent was named as a candidate for vice-president General of the National society. The National Conference will be held in April in Washington D. C., at the society's headquarters.

A total of over 500 net gain in membership was reported. It was voted to purchase a building in Austin which will be used for State headquarters. A marker has been placed on the Cambridge Elm on the State capitol grounds through the work of the DAR. A total of \$3,250 was spent last year for approved schools and boxes valued at \$7,573 were sent to schools. The State Good Citizen was awarded \$100 and was present and introduced as Miss Sammie Krohbiel of Canadian. Miss Suzy Linthicum was the candidate from the Eldorado high school.

The group adopted resolutions as follows: First: to redouble its efforts to teach real Americanism in school and to have all un-American teaching and text books removed; Second: Opposed federal aid to education; Third: Opposition to all forms of world government; Fourth: Necessity of maintaining a free press; Fifth: More drastic laws in control of narcotics sales; Sixth: Approval of the proposed constitutional amendment by Bricker; Seventh: For the preservation of free enterprise; Eighth: Opposition to the covenant of human rights; Ninth: Opposition to the Japanese Peace treaty; Tenth: Opposition to proposed treaty with Mexico; and the last one to ask that the President of the U. S. set aside the last Thursday in November, forever, to be Thanksgiving Day.

Mrs. E. Y. Payne, lecturer, spoke to the conference on "Only You Can Save America" stressing the responsibility of the individual in saving our country from communism and other evil forces.

**FLAG POLE TO BE ERRECTED AT MEMORIAL BUILDING**

A committee from the El Dorado chapter, D. A. R., met with the Commissioners' Court at the last regular meeting and petitioned them to place a flagpole in front of the Memorial Building. As the flag should be flown at all holidays and also when an election is being held, they readily consented to place the pole there at an early date. Mrs. J. E. Tisdale, Regent of the Chapter, has given the flag which was over the casket of her brother, Bev McCormick, who was killed during World War I and later reburied here. It is very appropriate that this flag will be the one to fly in front of the county's Memorial building. The chapter appreciates the response given by the Court in this matter. —Reporter.

Mrs. Ira McDonald has been quite ill, at the Ralls hospital in Christoval, but is a little improved at this time.

Rance McDonald and his sister Mrs. Lum Davis drove to LaFeria last week, on receiving word that their mother, Mrs. S. A. McDonald had had another stroke. Mr. McDonald returned to Eldorado and Mrs. Davis remained to stay with her mother at her home there. Jan is staying with an aunt, Mrs. W. C. Doyle here, and attending school

Mrs. Vester Hughes of Mertzon spent from Friday to Sunday with Mrs. J. E. Tisdale, and attended the Eastern Star meeting there, visiting her sister also while she was in Sonora.

Jack Mund, of Baylor U., son of Mr. and Mrs. E. W. Mund, and Joe Ed Spencer of SAC, son of Mr. and Mrs. Edgar Spencer, will be here for the weekend, and on Friday will celebrate their 18th birthdays with a party. This will be the 18th joint celebration for these youths.

Guests of Mr. and Mrs. Byrd White Saturday and Sunday were their daughter Mrs. J. N. Taylor and her family of Iraan.

Mr. and Mrs. Frank Crawford of Big Lake and Mr. and Mrs. O. R. Young of San Angelo were here Sunday visiting Mr. and Mrs. Houston Thigpen, and the Youngs brot Ruth Ann Thigpen home after a visit in San Angelo. Mr. Young has gone to Houston to receive a medical checkup at a hospital.

Mrs. W. H. Joiner has been ill this week with a throat ailment.

Guests in the Lester Nixon home last weekend were Mr. and Mrs. Reginald Lagow of Coleman.

Mr. and Mrs. D. C. O. Wilson and Mr. and Mrs. Walter Pope attended the wedding of Kathryn Berthier of Monterrey, a school friend of Mrs. Pope's, in San Antonio recently. The Papes were in the wedding, Mrs. Pope as matron of honor and Mr. Pope as usher. After the wedding the Wilsons went to Ft. Worth to attend the Cattlemen's Convention, and the Papes returned to the ranch.

Len (Tuffy) McCormick, son of Mr. and Mrs. Van McCormick, has accepted a position as city attorney for Midland, and is already on the job there. He was a weekend visitor in the home of his parents.

Mr. and Mrs. Raul Page and Mr. and Mrs. Wilson Page attended SMU Alumni Association meeting Monday in San Angelo.

Mrs. J. H. Minyard of Midland and children are here visiting her parents, Mr. and Mrs. F. B. Calcut. Her little son Howard was an over-night patient in the Sonora hospital, being treated for a respiratory trouble, thought to be caused by the dust and sand at Midland. Mrs. Minyard put Celia Ann in the first grade of the local school for the time, until Howard improves.

Mr. and Mrs. J. H. Mace and Paula Jo visited Sunday at Hedley with Mrs. Mace's mother, who has been ill.

Mr. and Mrs. Pete Ringle were San Angelo visitors Friday night and Saturday, visiting in the Wm. Gruber home.

Guests of Mr. and Mrs. W. H. Hale were Mrs. W. F. Hale and daughter Pauline, of Iraan, who spent the weekend here.

Mr. and Mrs. H. L. Galbreath visited recently with Mrs. Fred Smith and Mrs. J. B. Christian at San Angelo hospitals.

Because of surgery which Mrs. R. J. Alexander underwent, in Colorado City this week, Mr. and Mrs. T. H. Alexander, Mrs. Claude Alexander and Mrs. Ray Alexander visited her in the hospital Wednesday.

Mrs. Lynn Alexander had as guests her children, Mrs. Joy Willett and two children, Bill Currie and wife and children, and Bob Currie, who is now working for a wholesale meat company again. All are from Austin.

**ONE-ACT PLAY PLACES TWO ON ALL-STARS**

Eldorado did not place in the one-act play competition at Menard last night, but the group have been widely complimented on the production, and two girls placed on the all-star cast.

Five young people, Glenna Edmondson, Donne Beth McCormick, Roger Sofge, Lola Beth Ballew, and Helen Morgan, were the cast of Eldorado's entry, "The Day After Forever." Four girls were chosen for the all-star cast from the five plays competing, and on this cast Eldorado placed two, Lola Beth Ballew, who played a matron's part, and Helen Morgan, a bride.

Menard was awarded first place and Mason second. The judge was James Barton, professor of dramatics at Southwest Texas, San Marcos.

The large audience which heard the five plays were asked to remain for the critique, during which the judge gave constructive criticism of the individual plays and the entire program. The Eldorado group state that they received much benefit from their careful practice and from the competition as well as the critique. Mrs. Charles Gary was coach of this play, and a number of others from here were also in the audience. The judge especially commended the Eldorado cast for their make-up and their character portrayal.

Guests of Mr. and Mrs. Henry Moore last weekend were Mr. and Mrs. J. S. Johnson of Veribest.

Ebbagene Blaylock and an Illinois girl, Ann Wilson, both students at Waco, were weekend guests in the W. A. Blaylock home.

Mr. Maddox received delivery late last week on a three-bedroom ready-built, which will also be for rent.

**Transfer of Property After Death**

College Station.—Too few people know what would happen to their property in case of death. Florence Low, home management specialist with the Texas Agricultural Extension Service, says confusion can be avoided by thinking through plans for settlement of the property and disposing of it by a will.

The owner of any kind of real or personal property has three choices under Texas laws for transfer of property to heirs. He may let the estate be distributed to those specified by law, make a will or arrange for joint or single ownership of real or personal property. One procedure is to let property pass to heirs without making a will. This is called intestacy. Four things can happen to community property when no will is made.

If a man or woman dies leaving no children, all the property goes to the spouse. If a man or woman dies leaving a spouse and children, one half goes to the spouse and the remainder to the children. The law provides that the homestead shall not be divided among the heirs during the lifetime of the surviving husband or wife so long as the survivor elects to use or occupy it as a homestead. If a widow or widower is survived by children, the property is divided equally among them. If a single person, a widow or a widower dies without children, the property is divided equally between the parents. If only one parent is alive

one half goes to him and one-half goes to brothers and sisters, and so on down to the next of kin.

Another choice offered by law in the transfer of property to heirs is by a will. A will, to be valid in Texas, must be written and witnessed. To prevent possible delays and expenses in the settlement of estates, Mrs. Low says an attorney should be consulted before a will is made. The attorney can assist in the wording of the will so that it states plainly what disposition the testator desires for the property.

A third option in disposing of property is through joint ownership. There are three methods of owning property jointly. Joint tenancy is when two or more persons own any kind of property as "joint tenants" on the deed or bill of sale transferring property. Secondly there is "tenancy by the entirety" which is possible only for a wife and husband and applies only to real property. Then there is tenancy in common where two or more persons hold any kind of property as "tenants in common." The deed or bill of sale carries all the names and makes no reference to survivorship. Each of the three, joint ownership of property options carries its own method of disposing of the property which should be thoroughly understood.

Each property owner has a choice of any of the three methods of disposing of property.

Mrs. Bill Carter of Cooper is here for a week's visit with her sister Mrs. Otto Sauer. Mrs. G. W. Cartwright, a daughter of Mr. and Mrs. Sauer, is also here with her children Janet and Jonathan, from Camden, Ark., where Rev. Cartwright is Christian pastor. The Cartwrights came in Saturday with Mr. and Mrs. William Sauer from Big Spring, who returned home that night, and Miss Gertrude Sauer of San Angelo, who returned home Sunday.

Mrs. B. C. Thornton visited last weekend in San Angelo, and was accompanied home by her granddaughter, Shirley Brock, a student nurse at Shannon Hospital.

Mr. and Mrs. S. D. Harper and Mr. and Mrs. Palmer West were visitors Sunday in Santa Anna.

**Terraces For Outdoor Living Rooms**

College Station.—The terrace for outdoor living rooms should be located where summer breezes can be enjoyed and winter winds may be shut out. It should be in a spot which has shade during early afternoon says Sadie Hatfield, homestead improvement specialist with the Texas Agricultural Extension Service.

Miss Hatfield suggests the south or southwest side of the house for such a terrace. If the terrace is stone or concrete, she says grow trees for all day shade in the summer. Otherwise the outdoor living room or terrace cannot be used comfortably, even after sunset. But, points out the specialist, not all terraces can be placed next to the house, sometimes it is better to build them around a group of trees for shade.

The terrace may be covered with grass, native stones cemented together or it may be made of concrete or brick. Sand is used some times, but this is undesirable because the sand is tracked into the house. Many terraces are covered with grass but after a spring shower it may be several hours before it can be used.

Screen the terraces from the public and unattractive views. If the terrace is to be used in the winter, a windbreak is needed. On sunny winter days, such protection makes the terrace an enjoyable place for outdoor meals or sun bathing. Screen plantings can be a great variety of shrubs. Most of the plants should be evergreens for winter beauty. For all year color in the plantings, use flowering and berry producing shrubs. If there is an attractive view, such as a beautiful hill or a wide stretch of pasture or the flower garden, leave an opening in the screening so they may be enjoyed.

Miss Hatfield says the terrace should be planned for the comfort and convenience for family living and to add beauty to the homestead.

Mr. and Mrs. Noel Jones of Robert Lee spent Thursday afternoon and night with Mr. and Mrs. Frank Vais.

Mr. and Mrs. R. C. Lovelace and daughter Sharon of Rankin spent several days with the Buren Whitten family. The women are sisters.

Mr. and Mrs. W. W. Williams spent the weekend at Calf Creek with Mrs. Williams' parents, and in Brady with her brother-in-law and sister.

H. M. Alagood of Miles spent the day Sunday in Eldorado with his daughter, Mrs. Ray Tisdale, and her family.

Mr. and Mrs. G. I. Nixon, with the Delta Gulf office working out of Kilgore, are staying at Keno's Courts.

Mr. and Mrs. Joe Seay of Cross Plains and their daughter Betty have been in Eldorado visiting Mr. and Mrs. Leonard Wilson. The women are cousins.

Mr. and Mrs. O. Wilson, here with Wilson Drilling Co., moved Monday to the Nolan McDonald rent house.

Carl Bruce of Shreiner was a weekend visitor in the home of his parents, Rev. and Mrs. Charles Bruce.

Mrs. W. A. Butterfield returned last week from the hospital, and is doing well.

Mr. and Mrs. George Brown of Rocksprings who are working at the City Cafe, moved Monday to an apartment in the Roach business building.

Mrs. Maggie McCamey of Corpus Christi is here for a several days' visit with her cousin Mrs. Sam Oglesby.

Mr. and Mrs. C. F. Jones of San Angelo were here Sunday afternoon after their children, who had spent several days with their grandparents, Mr. and Mrs. Ray Jones.
