

SOME DOMESTICS NOW COVERED BY SOCIAL SECURITY

"Do you have a maid?" Not so very many households these days can answer yes, but those who do have a maid or any other household worker will need a copy of a brief booklet bearing that question as a title. George Clark, manager of the San Angelo social security office has begun distribution of this booklet. This colorful leaflet sets out, in a few sentences, just how the lady of the house, or any employer of domestic help in or around the house, may tell whether or not the worker is brought under the new social security law which becomes effective on January 1.

The work of those regularly employed in private homes will be credited to social security and the employer will be responsible for reporting wages, along with social security taxes, to the collector of internal revenue.

A simple test in the booklet, in terms of amount of wages paid and regularity of employment will tell whether a maid or cook or laundress will get the protection of social security—and whether the housewife should start making reports next year. If so, there's a postage-paid postal card in the government-issued booklet which the housewife should mail in for instructions.

For the domestic worker's own information about her new social security protection, a special leaflet is available at the social security office, San Angelo. Mr. Clark pointed out that regularly employed domestic workers will need a social security account number card after January 1, 1951.

The "Do You Have a Maid?" booklet does not apply to domestic work on farms operated for profit. Such work is covered by other provisions in the new social security law.

Mrs. S. P. Harris

Mrs. S. P. Harris, age 80, died at 3:00 a.m. Nov. 7, 1950, at the home of her daughter, Mrs. Ivy R. Dean, 2213 W. Ave. L, San Angelo.

Mrs. Harris had been critically ill since Aug. 27.

She is survived by her husband, S. P. Harris, Christoval; four daughters, Mrs. Dean, Mrs. W. F. Adams, Skelleytown, Mrs. J. W. Suggs, Thackerville, Okla., and Mrs. Joe Hobbs, Bennington, Okla.; four sons, Odie Harris, Eldorado, D. C. Harris, Wichita Falls, O. D. Harris, Paris, and Preston Harris, Marietta, Okla.; 21 grandchildren and 11 great-grandchildren.

Pallbearers were grandsons: Lester Suggs, George Suggs, Morris Pilcher, Clarence Walden, Elton Harris and Harold Suggs.

Work Under Way On Big Lake Road

An Eldoradoan who wants to go to Big Lake next April may have no fear of what the April showers will do to the roads—there'll be paving straight through from Eldorado to Big Lake by April.

Such is the opinion of officials who are watching with interest the rapid progress being made on the remaining strip of new highway in Schleicher County.

"They just unloaded—and the first thing we knew they'd plowed that road bed through practically to the University land," states one flabbergasted citizen.

And that is the way it looks to outsiders. Two road camps have been set up, quantities of machinery have been unloaded and put to work, and the project is moving along so rapidly that it is authoritatively stated that the strip will be completed except for topping by January 1!

The grading job has moved ahead rapidly, with plenty of heavy machinery for that type of work, and favorable weather to provide good working conditions. Some men have been moved in with the machinery, and some local men have been employed. Two road camps make it easy to get larger pieces of equipment on the job easily and without delay.

The contractor is Ruby Barnes. The local foreman is O. E. Tucker of Comanche, who has rented an apartment at the Ora Davis residence.

To eliminate long water hauls, a deep well, with 8-inch hole has been dug on the Henry Speck ranch. As water application sometimes delays work because of long water hauls, this has helped to push the work through more rapidly.

While the Schleicher County is one involving contract only to the county line, the other sections of the road are also being prepared, so that the entire road may be surfaced as soon as the weather permits in the spring. It is understood that the preliminaries will all be completed early this winter and that the topping will all be done at the same time, probably in April, on all new strips from near Eldorado to Big Lake.

Crossing To Be Improved

Material is on the ground for the county's part in straightening the highway route as it crosses the track at the T. K. Jones railroad crossing. The project was okayed long with the highway project on the east-west road, and will probably receive attention before the crew moves away from this county.

Long considered a dangerous crossing, this has been the scene of many accidents. Only the fact that there is light traffic on the railroad has kept the figures down as low as they are, according to those who have studied the problem. Many of the accidents also have been caused by the sharpness of the turn, which is often approached, especially by strangers, at too high a rate of speed.

It is not known at this time whether this will be handled by the state or by contract, but it is due to receive early attention.

NUMBER 46

SOME SICKNESS AMONG STUDENTS IS REPORTED

There has been quite a lot of sickness in the school, including a number of pupils, and two faculty members, Miss Jewel Shelton who missed a week from school, and Charles Gary, who was away from his classroom a day.

Thanksgiving holidays have been set for November 23 and 24.

The Senior home ec students attended a style show in San Angelo Tuesday night. Retha Nell Lloyd entered a suit in the Sew It With Wool contest. The home ec girls also had a hayride and wiener roast Saturday night, sponsored by the H. A. Belks.

Mrs. Ted Kirby, who has been teaching third grade since school opened, has resigned, and Mrs. Ray Tisdale has started work this week in her place.

Routine business was conducted Monday night at the regular school board meeting.

The new cafeteria equipment has been delivered at the school, and is being unpacked this week. It is planned to take care of installations during the holidays. As some of the installations were previously made, it is hoped to complete the work during the weekend.

The Eldorado Student Council will be represented at the West Texas Forum of student councils at Big Springs high school November 28. Attending from here will be Joe Ed Spencer, vice president, Glenn Biggs, president, Trudy Gaynor, Wilson Humphrey, and Mary Sproul, students, and Jack Black and C. A. Reynolds as faculty sponsors.

Mr. and Mrs. C. N. Shaw and Mrs. Dee Love and Kenneth spent the week end in Temple, and Mr. Shaw attended the Baylor-Texas U game at Austin.

—The Eldorado Success, \$2.00 year.

L. R. Mickey Dies; Funeral Today At Rock Church of Christ

Luke Ross Mickey, retired druggist, prominent layman in the Church of Christ, and son-in-law of Dr. H. Z. Pennington, died in Eldorado at 7:20 Wednesday morning, November 15, 1950.

After several years of failing health, he sustained a stroke at about 2:00 Tuesday afternoon from which he did not rally.

Funeral services are being held from the Rock Church of Christ at 4:00 this afternoon, Thursday, conducted by Minister Marshall Davis. The body will be taken overland by Ratliff, Friday, to Seymour, where the deceased formerly lived. Services in the Seymour Church of Christ Friday afternoon will be followed by interment in the Seymour Cemetery.

L. R. Mickey was born March 18, 1889, in Bosque County, near Waco, to George and Sarah Smith Mickey. When he was six years old he moved with the family to Plains, and later to Lockney where he received his education in the public school system of that city, graduating from Lockney High.

He went to Lockney Christian College in his early manhood. In 1912, after a number of years of experience in drug stores, and completion of correspondence courses in pharmacy, he passed the state pharmaceutical examinations in Austin, and since 1912 has been a registered druggist.

He met Clara Pennington, daughter of Dr. and Mrs. H. Z. Pennington of Claude, while they were students at Lockney Christian College, and the couple were married April 11, 1909. For a time he worked in the Pennington Drug Store. His business experience includes periods of employment in drug stores at Claude, Lockney, Plainview, and Hale Center.

He owned and operated a drug store at Panhandle nine years, then moved to Seymour, where he lived 25 years, working for a time in a drug store which he later bought. In February, 1948 he moved to Eldorado, bought the Dr. Pennington home place, and worked for a year at Hoover Drug, retiring last year because of failing health.

At the age of 16 he was baptized in the Church of Christ, and was faithful to his church all of his life, serving as elder for about 30 years at Panhandle and Seymour. Three of his four sons are ministers, and the fourth is a college instructor.

His friends and business associates knew him as a consistent Christian, kind to his family and friends and honest in his dealings with the public.

He is survived by his wife, four children, George H. of Evanston, Ill., Leslie of El Paso, Wesley of Fort Worth, and Wayne of Rochester, Minn., and eight grandchildren. A sister preceded him in death, and there are four surviving brothers, G. F. of El Paso, and Everett, Lewis, and C. Smith, of Plainview.

ATTENDS A MEETING

E. H. Topliffe, W. M. Patterson and Lum Burk represented the City of Eldorado at the monthly meeting of the Ft. Concho Water Association at Hotel Cactus. Martin Wukaseh of the State Health Dept. was speaker for the evening on what to do in case of attack.

LIONS CLUB

The Lions decided at yesterday's meeting to decorate the courthouse with Santa Claus and his reindeer, as has been done the past several years.

Two films were shown to the group.

Mr. and Mrs. Jack Foxworth of Dallas visited J. H. Mace and others at the Foxworth-Galbraith Lumber Co., here yesterday, and were guests at the noon meeting of the Lions Club.

Eagles Defeat Owls 32-7; Meet Junction Tomorrow

The Eldorado Eagles handed the Big Lake Owls the losing end of a topheavy 32-7 score last Friday night before a crowd of chilled fans, in a game which brought the spectators to their feet many times with the Eagles' capable plays.

Most of the fumbling in the Owl-Eagle game was committed in the first quarter. Five minutes deep in the first quarter Hicks plowed, stiff armed, and plunged through the Owl line for the Eagles' first tally. Midway in the first quarter Nixon fired a rifle pass to Hicks that accounted for the Eagles' second tally. The quarter ended with the Eagles leading 13-0.

In the second quarter the Eagles combined their running game with an air attack that moved the ball downfield where Hicks got loose for his third touchdown for the night. Late in the quarter the Owls got a drive under way that carried to the Eagles' five-yard line, but were unable to punch across the goal line before the half ended, with the Eagles leading 19-0.

The Eagles were still point hungry as the third quarter opened and they wasted no time in heading for the promised land. A series of passes and ground plays carried the ball to the ten yard line, Nixon taking a handoff and ran over about three would be tacklers for the touchdown. Late in the quarter the Owls gathered enough steam for their lone score of the game.

In the fourth quarter James Logan took a pass from Nixon and outran several Owl players for the Eagles' final tally. This ended the scoring for the night with the Eagles on top by 32-7.

Caliche Continues On Streets of City

More streets have been surfaced with caliche than were paved, according to count of city blocks. The caliche project, which has been under way several weeks continues, with probability that it will be completed next week in view of the fact that county equipment is needed soon on county roads.

The work has been carried out under general direction of Edgar Spencer, commissioner of this precinct, assisted by the city officials using city equipment.

New Families Here

Among the new families in Eldorado are:

Tom Young, renting the Gus Graves house known as the Calvin Bounds residence.

A. E. Atkinson, moved to one of the Burleson houses from a ranch in this county.

R. W. Jenkins, in Marvin McDonald rent house.

J. M. Mince, in Mercer apartment.

J. H. Horn of Crosbyton, water man on the new highway project in Schleicher County, and now working on a Ft. McKavett paving project.

Firemen were called out Monday to put out a grass fire near the West Texas Woolen Mills.

Parking Planned

The game will start at 7:30. The gates will be opened and people will be allowed to park their cars in designated areas. According to the plans announced today, there will be parking lines, and drivers are urged to conserve space by parking vehicles close together for maximum use of the parking area. Because a large crowd is expected plans are being made to handle the cars with the minimum of delay.

JUDGE MEADOR ATTENDS COURT IN SEMINOLE

County Judge C. L. Meador, Jr., left Eldorado Wednesday afternoon for Seminole, to attend court in a case involving Schleicher County school land.

The suit is styled C. L. Hudgens et al vs. Schleicher County, and will be tried in district court at the Gaines County courthouse. The suit involves shortage in acreage in the land grant from the State of Texas to Schleicher County for the benefit of permanent school fund.

If the case goes to the higher courts it will set a precedent in suits of this type. The case has been pending for some time.

As the suit is explained, the county holds the land in trust for the schools. If there is shortage in acreage in such land received from the state, and a purchaser may discover such shortage, the county has no authority to reimburse anyone.

The case will be watched with interest as it sets a precedent.

County Judge Meador, who has had considerable experience in affairs involving the school land, will represent the county at the trial, and will probably be away from his office for a number of days while the suit is in progress.

City Council Again Warns Against Use of Fireworks

Meeting in regular session Tuesday night, the City Council reaffirmed its stand against the use of fireworks in the city, and ordered the re-publication of the ordinance dealing with this subject. The ordinance appears on page three of this issue of the Success, and readers' attention is directed to the provisions which have been in force since 1939.

In view of the increasing number of grass fires both in the city and county, it is of vital importance that the use of fireworks be confined to carefully defined limits, and the city authorities state emphatically that they are going to enforce the ordinance as it now stands.

Undefeated Eldorado meets undefeated Junction here tomorrow night to decide the champion of 10-B. This championship game is expected to draw an unusually large crowd.

Game time is 7:30 and Supt. C. A. Reynolds says that all is in readiness except seating space. Tickets go on sale shortly before the game.

Both contenedrs have perfect records, although Eldorado lost an earlier game to Menard and was awarded the game because of the ineligibility of one of the Menard players.

Eldorado and Junction have both beaten Class A teams in non-conference play. The Eagles defeated Del Rio by a score of 27-7. Junction romped over the Llano Yellow Jackets that had already won district 22-A. The winner of tomorrow night's game will be undisputed champs of 10-B and will play the champs of 9-B.

Junction pins their hopes (so we have heard) on a couple of backs by the name of Horsefly Murr and Jack Crumley and a line that has at least four boys in the 230-pound bracket.

The Eldorado line is not nearly so heavy as Junction's, but boasts some stellar performers in 200-pound Truman Biggs, a Junior center, John Phillips and Co-Capt. Joe Ed Spencer, 180-pound tackles, and 155-pound end Roger Sofge. These boys are getting a lot of help from some very capable second string boys.

Completion of the new grandstand has been delayed because of a shipment of faulty wood. About 700 can be accommodated in the new stands; 400 can go into other seats, and about 400 can see the game from parked cars, it was stated.

McGill-Klein Wedding Held Armistice Day

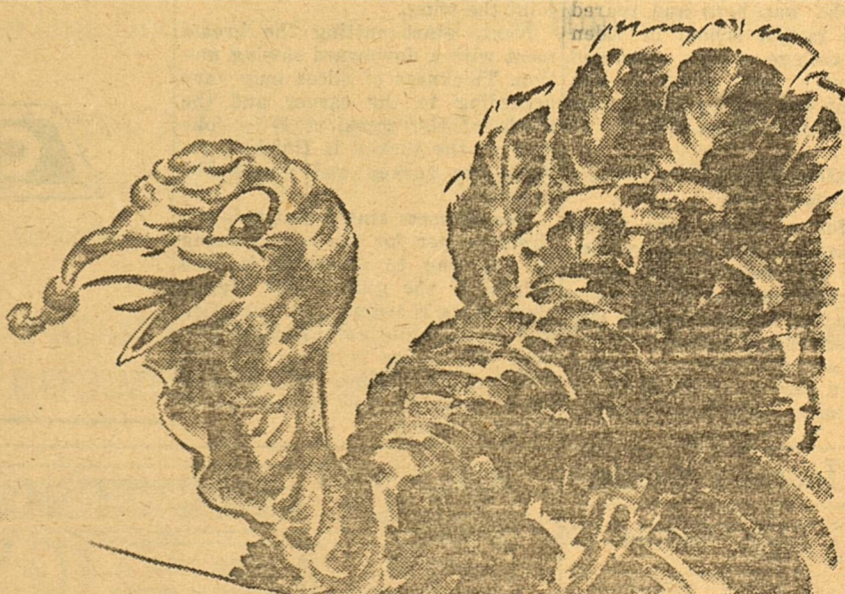

Tom McGill of Eldorado and Katherine Klein of Bay City were married on November 11 in the chapel of the Travis Street Methodist Church at San Antonio, the Rev. Locke of New York City officiating. About 15 relatives and close friends of the couple were present at the ceremony, and at the reception in the Plaza Hotel for the wedding party.

For the wedding the bride wore a Dressmaker suit of gray and brown, imported Irish lace trimming the blouse. She also wore a mink fur piece, hat with flamingo trim, and her corsage was of white gardenias.

The bride, the daughter of Mrs. M. C. Klein of Bay City, has been employed as clerk with the corps of Engineers in the Bay City Field Office.

The groom is an engineer with Shell and has been making his home here a number of years. The couple are now in Eldorado after a brief honeymoon trip, and are at home in the Crosby apartments.

Mrs. W. H. McClatchy has been on the sick list this week.

Eldorado Thanksgiving November 23

Most of the business houses in Eldorado will be closed Thursday, the 23rd, in observance of Thanksgiving Day. It is understood that the town will, in the main, ignore the Thanksgiving Day of the 30th.

Eldorado business houses chose the first Thanksgiving Day in view of the fact that the schools

will be out for the long weekend on the 23rd, and it simplifies plans which families make if the county observes the same Thanksgiving.

A few business houses may be open, but the majority will be closed for the entire day, reopening Friday.

News From Our Neighbors

Band Bus Wrecked

The driver suffered a minor cut on the head and one band instrument was damaged when the band bus overturned Saturday morning, Oct. 28 about 12:30 o'clock enroute home from the Ozona-Junction game played in Ozona.

Robert L. Dodd, driver, said he lost control of the vehicle when it hit a guard post on the right shoulder of the road, leaving the pavement, when his attention was distracted by one of the students in the bus.

T. P. Jones, highway patrolman, who investigated the accident, made no estimate of the damage. Supt. John A. Long said last week it will be impossible to repair the body of the vehicle.—Junction Eagle.

Ozona 4-H Boys To Attend Chicago Livestock Show

Seven outstanding 4-H Club boys from Ozona will leave the latter part of this month on an all-expense-paid trip to the International Livestock Exposition in Chicago.

Expenses of the group will be paid out of funds realized from re-sale of livestock donated by business firms and individuals at the last county show. Such donations were made and earmarked for the Chicago trip during the auction sale following the January show.

The Chicago International Exposition is the world's largest livestock show and the Crockett county delegation has room reservations at the Stevens Hotel.—Ozona Stockman.

New Road Proposed From Bronte To Winters

Prospects for an all-weather road from Bronte to Winters appeared brighter this week than ever before. State highway officials told the Coke County commissioners court they would recommend that the Coke section of the road be included in this county's program of farm to market road building during the next two years. A group from Bronte and from the area which will be served by the road met with a civic group at Winters last week to discuss the possibilities of building the road.—Bronte Enterprise.

Equipment Ordered For Stockton Radio Station

Orders for \$12,000 worth of equipment have been placed by Fort Stockton Broadcasting Corp., for use in Station KFTS, and blueprints are expected to be ready next week on the studios and control rooms planned for the station on the Marathon highway.

This was information received by telegram Monday from Big Spring by Paul Counts, manager of the Pecos County Chamber of Commerce.

Letting of a contract for a combined studio and control building, as well as for the transmitter tower, are due for letting in the next few weeks.—Ft. Stockton Pioneer.

Passengers on the west-bound train Sunday morning were transferred around the derailment from Sanderson to Marfa by busses called out from Marfa. Other trains were routed over the TP until the track was clear.—Sanderson Times.

Interest In Eden Election Centers On Local Race

Probably the heaviest vote ever cast in a general election in Concho County in an "off-year" was cast on Tuesday. The total ran over 1000, as around 975 are accounted for and Doole, Salt Gap and Dry Hollow boxes were unreported as of Wednesday.

Centering the interest, apparently, was the vigorous and successful campaign for County Attorney conducted by John M. Harrod as a write-in candidate opposing James M. Simpson, Sr., incumbent and nominee in the July primary. Harrod who was born and reared here, and taught school in Eden between college years, returned here to enter law practice last spring, but too late to file on the primary ballot.—Eden Echo.

Sonora Safety Group To Zone School Area

Plans for a school zone speed limit, crosswalks and a safety contest were discussed Tuesday night at the second meeting of the community safety council in the elementary school auditorium.

Boyd Lovelace served as chairman in the absence of Hugh Shaw, and officially opened the meeting

by stressing the great need of cooperation in the community between the parent, child and school.—Devil's River News.

Oil Well Being Drilled Within Mile of Robert Lee

Union Oil Co. of California will drill for oil on property owned by the City of Robert Lee, a mile southeast of the city limits.

The property is a tract of 240 acres which the city purchased 20 years ago in connection with its water works expansion program.

A location for the test was to have been staked Thursday. Morgan Drilling Co. rotary rig will be used. The equipment is expected to be released within a few days from the Daisy McCutcheon field, five miles east of Robert Lee.—Robert Lee Observer.

Barnhart Hydrocarbon Plant Adding Improvements

The Barnhart Hydrocarbon Corporation, operator of the natural gasoline plant and carbon plant in the Barnhart Field east of Big Lake announces the installation of burner equipment to enable a more efficient utilization of all the gas which is presently available in the field, according to J. M. Sappington, general manager. The burner equipment was removed from the company's Oklahoma Panhandle plant.

Actual construction work has been started on the grading and the dismantling and it is expected that the additional equipment will be completely installed in early 1951, Mr. Sappington stated.—Big Lake Wildcat.

Deer Hunters Converge On Big Bend Area

Hunters flocked into the Big Bend-Davis mountains area, as usual, for the opening of the season on black tail deer which started Monday.

The hunters got a break in a change of weather which came last week-end, following several days of summer-like temperatures. A cold snap blew in last Friday night which sent temperatures down to the freezing point with considerable ice noted. This was followed by gradually moderating temperatures which brought more warmth until Wednesday night when another cool wave moved in and more ice was reported.

A total of 157 deer had been placed on storage at the West Texas Ice Co. and Nelson Locker plants up to yesterday morning.—Alpine Avalanche.

Carving Turkey Not So Difficult

COLLEGE STATION—Carving turkey at Thanksgiving or Christmas is really quite easy when a few simple rules are followed, says F. Z. Beanblossom, poultry marketing specialist for the Texas A&M College Extension Service. He has several suggestions for making the job easy.

First, Beanblossom advises using a sharp knife. Nothing is more discouraging than to saw away at a roasted turkey with a dull carving knife.

Place the turkey on its back with the legs facing the carver. Pieces of apple or bread cut in wedge shapes and placed along the back of the turkey will form a cradle and hold the bird in position.

Hold the end of the drumstick with the left hand and cut down between the body and thigh. A little pressure applied with the left hand on the drumstick away from the body will help locate the hip joint and make the removal of the leg easier.

To carve the drumstick and thigh, first separate them at the joint. Next lay them flat on the platter and place the fork astride the bone and cut parallel to the bone.

After the necessary amount of dark meat has been carved, return to the bird and place the fork astride the breastbone and cut into the wing joint. Press down to disjoint the wing.

Next, start cutting the breast meat with a downward sawing motion. Thickness of slices may vary according to the carver and the needs of the occasion. When one side of the turkey is finished, reverse the turkey and repeat the process.

Beanblossom states that it is entirely proper for the person doing the carving to stand. It is also helpful if the guests will engage themselves in ordinary conversation and occasionally comment on how well the carver is doing his job. This helps to relieve the tension of those inexperienced in the art of carving turkey.

Personal News Items

Mr. and Mrs. Roy Davidson and Mrs. George Williams spent the weekend at Pearsall, where they visited Mr. and Mrs. Buster Gunn, and saw Bobo play on the team which won district championship. Mrs. Williams went on to San Antonio to visit her sons George and Albert, and the women returned to Eldorado Sunday evening.

Mr. and Mrs. Eugene Otis of the Shell Station at Kerrville, visited her sister Mrs. Fred Watson here, and all went on to Kilgore to visit the women's mother.

Mr. and Mrs. Rance McDonald and Lum Davis drove to La Ferria Friday to visit Mrs. Davis, who has been there over three weeks with her mother who is ill. They returned home Sunday evening. Mrs. Davis' mother is improving but she and Jan remained with her for a longer visit.

L. Kent and his daughter Mrs. Fred Gillaspie went to Christoval Monday afternoon, to visit Mrs. Kent who is undergoing treatment there at one of the hospitals.

In a deal closed Saturday, Bert Page bought the Jimmie West residence, and will make his home there, moving with Mrs. Page from the home place in Eldorado. The house has been rented by the Charlie Triggs for several years.

Mrs. Tom Henderson has had as her guests this week her aunt and uncle, Mr. and Mrs. L. L. Wilkins of Oklahoma.

Miss Edith Nixon of Eden visited a day last week with her sister, Mrs. Ralph McMillan and others in Eldorado.

Mr. and Mrs. Sam Carroll and Mr. and Mrs. Houston Thigpen attended the game at Big Lake Friday and were accompanied home by their nephew, Frank Crawford, and Mrs. Crawford.

Mr. and Mrs. J. D. Parker spent the weekend in Talpa with their son and daughter, Mr. and Mrs. J. D. Parker Jr., and Mr. and Mrs. James C. Carroll.

Mr. and Mrs. Grover Lee Johnson and Mr. and Mrs. R. C. Edmiston attended the game at Dallas. They were accompanied by Mr. and Mrs. S. E. Cloud and daughter who visited relatives.

Mr. and Mrs. Harlan L. Graves of Greensburg, Kansas, are here for a visit of about ten days or two weeks with Mrs. Graves' mother, Mrs. Daisy Ford. Mrs. Graves is the former Oma Ford.

Mrs. Dena White has received word that her grandson Ralph Joseph of San Antonio was taking his physical for service Monday at San Antonio. He is 22 years old.

Dwight Wiedenmann underwent an appendectomy at a Lubbock hospital Thursday, and is reported to be doing well. Mrs. Wiedenmann joined him there, and the couple's daughter remained in Eldorado with her grandparents, Mr. and Mrs. Ralph McMillan.

Guests in the A. J. Stevens home were Mr. and Mrs. Phil Swatzell and children of Ft. Stockton.

LONE STAR THEATRE — ELDORADO

Warfarin, New Slow-Death Rat Poison

COLLEGE STATION—Warfarin, a new rat killer released by the University of Wisconsin Research Foundation, appears to be one of the most effective poisons available for the control of rats and mice.

The active ingredient of the new poison is coumarin, a compound found in sweetclover which affects the clotting of blood, says J. E. Poore, assistant district leader for the Rodent Control Service. Rats that have eaten warfarin baits for several days become less active, develop internal hemorrhages, and slowly bleed to death.

Poore says that one advantage of warfarin over many of the other rat poisons is that it is odorless and tasteless. Rats will continue to eat the bait until they die without detecting the presence of the poison. Another advantage lies in the safety with which it can be used on the farm. Warfarin is poisonous to all warm-blooded animals, but the amount recommended for controlling rats and mice is so small that there is little danger of farm animals or people being poisoned accidentally.

Even though warfarin is considered an extremely safe rodent poison, Poore warns that the usual precautions should be taken to prevent accidental poisonings on the farm.

For the poison to be effective, it is necessary for rats to eat warfarin baits over a period of five or more successive days. Grain or cereal type baits, which are not readily eaten by cats and dogs may be mixed with the poison, thus reducing the possible danger of poisoning these farm pets.

Warfarin is now on the market under the trade names of various chemical companies. Poore cautions that the warfarin baits should be mixed according to the manufacturer's instructions.

According to Poore, mixed bait can be secured in 100 pound lots from the Rodent Control Service at San Antonio. Rodent control service fieldmen and county agricultural agents and representatives of other public service organizations can order the new poison.

D. C. HILLS HOSPITALIZED

Mr. and Mrs. D. C. Hill are both reported to be improving after their stay in a hospital. Mrs. Hill is back from San Angelo, where she underwent a second eye operation last week, from which she is reported to be recovering. Mr. Hill has also been on the sick list, and undergoing treatment in the Holcomb Clinic in Eldorado.

Guests in the Hill home are a daughter, Miss Katherine Hill of Port Arthur, and a son, Jim Dan Hill. Mrs. Hill and the couple's daughter, Dana, of Superior, Wisconsin. Jim Dan Hill is president of the State Teachers College at Superior.

DORCAS CIRCLE MEETS

The Dorcas Circle met at the home of Mrs. Delbert Taylor Monday for a mission lesson which was presented by Mrs. Albert McGinnes and Mrs. Delbert Taylor. Present were eight members of the Methodist circle, two visitors, Mrs. Roy Shilling and Mrs. Johnnie Meador, and five children. Mrs. Clovis Taylor was hostess.

NEW BABY

Born to Mr. and Mrs. Ray Doyle, Sunday, the 12th, at a hospital in Odessa, a daughter, named Kathy Darlene. The young mother is the former Fay Kinsey, whose mother, Mrs. Ura Kinsey of this city is spending the week with her in Odessa. The baby's grandparents are Mr. and Mrs. Will Doyle and Mrs. Ura Kinsey, all of Eldorado.

Mr. and Mrs. Harold Amos and daughter Becky of Menard spent the day Sunday with Mr. and Mrs. L. B. Sheffield. Monday Mrs. G. A. Sheffield arrived here from Brady to visit her son L. B. and his family.

Guests in the W. C. Doyle home recently were M. J. Cunningham and Virgil Scott of Dallas, and Mrs. Doyle's brother-in-law and sister Mr. and Mrs. F. L. Powers and children of Independence, Kansas. The Powers family left for home Monday.

Paul Phillips and his family spent Armistice Day at Tankersley with Mr. and Mrs. Joe Sawyer. Other guests in the home were Mr. and Mrs. Eldredge Hobbs, and Mr. and Mrs. J. D. Hare of San Angelo. The women are sisters.

Mr. and Mrs. Clyde Vinson of San Angelo spent the day Sunday here with their son-in-law and daughter and their family, Mr. and Mrs. John S. Miller, who live in the C. F. Jones house.

**An ORDINANCE
REGULATING the SHOOTING
Of Fire Works!**

AN ORDINANCE REGULATING THE USE AND SHOOTING OF FIREWORKS WITHIN THE CITY OF ELDORADO, TEXAS, PROHIBITING THE SHOOTING OF FIREWORKS WITHIN THE FIRE LIMITS, DEFINING FIREWORKS AND PROVIDING A PENALTY FOR VIOLATION OF THIS ORDINANCE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ELDORADO, TEXAS

Section 1. Definition. The term "Fireworks" referred to in this ordinance shall include Toy pistol, toy gun, toy cannons, detonating canes, roman candles, sky-rockets, blank cartridges, firecrackers of any size and kind, or any substance of an explosive nature and device for discharging same.

Section 2. The shooting of fireworks prohibited. It shall be hereafter unlawful any person or persons to set off or shoot any fire works within the fire limits, of the city of Eldorado, as the same is now defined or may hereafter be defined.

Section 3. It shall hereafter be unlawful any person or persons to set off or shoot any fire works anywhere, within the city limits, of the City of Eldorado between Midnight and 6 A. M. of any Day of the Year.

Section 4. It shall be hereafter unlawful for any person or persons to set or shoot any fireworks within 300 yards of any hospital, school or any other public building; in any street or public park; or within 300 yards of any stand or store where fireworks are kept or sold.

Section 5. All ordinances or part of ordinances inconsistent herewith are hereby repealed.

Section 6. Any person violating any provision of this ordinance, shall be guilty of misdemeanor, and upon conviction thereof shall be punished by a fine of not less than One Dollar nor more than One Hundred Dollars.

Section 7. This ordinance shall take effect and be in force from and after its passage and publication according to law.

PASSED AND APPROVED THIS THE 4TH DAY OF DECEMBER A. D. 1939.

A. J. Atkins
City Secretary

Leslie L. Baker
Mayor City of Edorado

There will be an important meeting of the Mias Amigas Club Monday night of next week beginning at 7:00 at the Memorial Building. All members are urged to attend.

P. T. A. TO MEET TUESDAY

The PTA will meet Tuesday, Nov. 21st, at 7:30 p.m., in the new high school auditorium. An out-of-town speaker will be present who will talk on "Teen-age Standards and Problems."

New Roads Talked

County commissioners, assisted by other interested citizens, are at work to complete plans for two new roads in Schleicher County.

One is a proposed new road from the Thompson producer near Huldale, to shorten the route to Eldorado by tying in with the San Angelo highway near the Blaylock residence.

This would give oil field workers a much shorter route to Eldorado.

There has been no question of the need of such a road, but delay is occasioned by time needed to work out the route.

The other road would lead from the new Humble pump station south of Ft. McKavett out to the highway, thus providing a better road to Eldorado.

Both proposed roads are still in the planning stage and are receiving the hearty endorsement of Eldorado citizens.

Mr. and Mrs. Will Finlay and Mrs. Eugenia Howsley, of Monroe, Oregon, were guests of Mrs. F. M. Bradley and Mr. and Mrs. Will Isaacs, Sunday evening and Monday. Mr. Finlay is a cousin of Mrs. Bradley and Mrs. Isaacs.

Mrs. Reynolds Honors Son on Birthday

Mrs. C. A. Reynolds entertained a large group of children with a birthday party at the Memorial Building Tuesday afternoon, honoring her son Charles, who was seven years old.

Included in the guest list were 37 children, and four adults, Mrs. W. J. Humphrey, Mrs. Jack Shugart, Mrs. Lloyd Johnson, and Mrs. McCoy.

After the games, refreshments were served, including a cake decorated in the Thanksgiving motif, and hot chocolate. Favors were plastic bubbles, suckers, and gum.

D. A. R. Meets

The D. A. R. met Friday, Nov. 10th in the home of Mrs. J. E. Tisdale, with Mrs. Prugel and Mrs. Tisdale as hostesses.

A patriotic program was the theme, and a paper, The History of the Purple Heart, was read by Mrs. Hoover; and The Heritage of American Institutions, was given by Mrs. John Luedecke. Several medals and the Purple Heart were passed for inspection, these belonging to local boys.

Mrs. Jenrich and Mrs. Prugel of Sonora gave a musical selection. Mrs. Hoover, Miss John Alexander and Mrs. Ed Hill reported on the regional meeting they attended in San Angelo.

Pie and coffee was served to Mrs. Harlan Graves, Mrs. C. M. McWhorter, Miss John Alexander, Mrs. John Luedecke, Mrs. Bailey Montgomery, Mrs. L. M. Hoover, Mrs. V. G. Tisdale, Mrs. Ed Hill, Mrs. J. E. Tisdale, and Mrs. Prugel, members, and Mrs. M. E. Jenrich of Sonora.

GA'S MEET

The GA's of the First Baptist Church presented their mission study in the form of a playlet in which seven took part, representing nurses. Thanksgiving boxes for the orphanage at San Antonio were planned. Sponsors for the afternoon were Mrs. Lawson and Mrs. Perry and those serving refreshments were Mrs. Joe Wagley and Mrs. E. W. Mund.

Mr. and Mrs. Punk Bridgeman and the latter's mother, Mrs. Jeffie Edmiston, went to Dallas during the past weekend for Mrs. Edmiston's routine monthly checkup.

Guests of Mrs. Grace O'Harrow and Jim O'Harrow and his family this week are George Parker and son and daughter-in-law, Mr. and Mrs. Jim Parker of Sonora.

SUB-DISTRICT MEETING IS HELD AT MERTZON

The regular subdistrict meeting of the Methodist Youth Fellowship was held Sunday afternoon at Mertzton, and was attended by 75 from the district, including 15 from Eldorado. Ray Johnson of San Angelo was the principal speaker. Two Eldorado young people had part on the program: Sue Shilling talked on the MYF fund, and John Thomas Alexander led the responsive reading.

Refreshments were served after the social hour. The next meeting will be at Trinity, in San Angelo.

Mrs. Eddie Peel is up today after several days' illness.

Mr. and Mrs. J. L. Neill have returned from a weekend visit in Pontotoc, with Mrs. Neill's sister, Mrs. John McCloud.

Mr. and Mrs. Arthur Mund spent the weekend in Dallas visiting Mr. and Mrs. J. D. Priest.

C. C. Newlin has returned to his home in Minneapolis after visiting his parents, Mr. and Mrs. E. E. Newlin and other Eldorado relatives.

Mr. and Mrs. L. D. Ochsner and son George left Friday afternoon for a visit with relatives. They spent Friday night with Mrs. Ochsner's mother, Mrs. R. P. Shelton at Afton, Saturday with Mr. Ochsner's twin brother L. C. and his family at Crosbyton, and Sunday at Lubbock with John Ochsner who is attending Tech.

M-Sgt. Frank M. Bradley of Walker Air Force Base, Roswell, N. M., was visiting his mother last week end.

Mr. and Mrs. G. J. King have had as guests Mr. King's mother, Mrs. Gus King of Abilene, who spent the weekend here.

ATTEND FUNERAL

Mr. and Mrs. B. E. Moore were called to San Antonio Monday because of the death of Mr. Moore's mother, Mrs. B. E. Moore, age 81, who died at 11:00 Monday morning. Ten children survive. She was buried at Newburg, the old family home, near Comanche.

Mr. and Mrs. W. R. Lewis, of Brownwood, Mrs. Moore's brother and sister-in-law, stayed at the Moore farm during their several days' absence.

Woman's Club Hears Guest In Book Review

The Eldorado Woman's Club entertained the Junior Woman's Club as well as numerous guests with a book review and tea Tuesday, the 14th, at 2:30 in the reception rooms of the Methodist Church.

Mrs. Glee Munro of San Angelo reviewed "The Home Place," by Fred Gipson. As the author had lived near Menard and had laid this story in the Menard locale, it proved most interesting to all who heard the review.

The tea table was laid with ecru cutwork, centered with an arrange-

ment of orange berries and pampas grass. Included with the list of 36 who attended was one out-of-town guest besides the reviewer, Mrs. Harry Krist of San Angelo.

John Stigler and his family returned Wednesday night from a vacation trip to New Mexico. They visited a brother of Mr. Stigler's at Hobbs, N. M., and spent some time sightseeing.

Mr. and Mrs. Frank Newman of Marfa, and daughter Frances spent several days with Mrs. W. H. McClatchy.

BURDENS HERE ON WAY TO DEER HUNTING
 Oscar R. Burden and son Jack Burden of Wichita Falls spent the night here at the Tom Johnson home this week, and left for Mason County to hunt deer. Mr. Burden operates the Burden Construction Company with offices at Wichita Falls, Tulsa and Shreveport, employing from 400 to 1,000 men. Mr. Burden is a son-in-law of the Johnsons; Jack is a grandson.

O. E. S. MEETING
 The Order of the Eastern Star met Monday, Nov. 13, in a regular meeting. Mr. and Mrs. Jess Ashmore were initiated into the Order. A short Thanksgiving program was given under the direction of Mrs. W. G. Godwin, and Mrs. Edwin Childers gave a report on the recent grand chapter meeting. The refreshment committee was: Mrs. W. T. Parker, Mrs. Will Isaacs and Mrs. Tom Alexander.

Recipe of the Week

Kolacky
 1 recipe basic sweet yeast dough;
 Fruit filling;
 2 tablespoons melted butter or margarine;
 Confectioner's sugar.
 When basic sweet dough is light, punch down. Let rest 10 minutes. Divide into pieces the size of a walnut. Shape each piece into balls. Place 2 inches apart on greased baking sheets. Let rise 15 minutes. With fingertip press down center of each roll to make hollow. Brush with butter or margarine. Fill hollows with fruit filling and let rise until doubled—about 30 minutes. Bake in 350 degree oven 20 minutes. Sprinkle with confectioner's sugar. About 4 dozen kolacky.

Fruit Filling
 1½ cups chopped cooked prunes or apricots;
 ¼ cup prune juice or apricot juice;
 ½ cup sugar;
 1 tablespoon lemon juice;
 ¼ teaspoon cinnamon;
 ¼ teaspoon cloves.
 Combine all ingredients and mix well.

Basic Sweet Dough
 2 packages yeast;
 ¼ cup warm water;
 1 cup milk;
 ½ cup sugar;
 ¼ cup shortening;
 2 eggs;
 1 teaspoon grated lemon rind (if desired);
 2 teaspoons salt.
 Soften yeast in luke warm water. Scald milk, add sugar, salt, and shortening. Cool to lukewarm. Add flour to make a thick batter. Mix well. Add softened yeast and eggs. Beat well. Add enough flour to make a soft dough. Turn out on a lightly floured board and knead until smooth and satiny. Place in greased bowl, cover and let rise in warm place until doubled (about 1½ hours). When light, punch down. Continue with directions for kolacky.

HOLCOMB CLINIC PATIENTS
 Mrs. George Fry, major surgery Tuesday evening.
 Mary Tisdale, daughter of Mr. and Mrs. Ray Tisdale, virus pneumonia.
 Mrs. W. F. Davis, ear infection.
 D. C. Hill
 Vernie Humphrey

Mr. and Mrs. Billy Edmiston of Slaton drove here to visit Mr. and Mrs. J. B. Montgomery, and Mrs. Edmiston remained here to visit until after the holidays.

Tour of Mesquite Control Tests

COLLEGE STATION — Visits were made recently to 16 of the 26 ranches in Texas on which field tests for controlling mesquite are being conducted. The off-station tests are being carried on by the ranchers under the direction of C. E. Fisher, superintendent of the Spur Experiment Station, and Dale W. Young, assistant agronomist with the Bureau of Plant Industry, and with the assistance of local county agents and PMA.

The group making the tour, which was led by Fisher, included representatives of the Production and Marketing Administration, the Agricultural Experiment Station, the Extension Service, chemical research men, and airplane operators.

From observations made on the tour, the ester of 2, 4, 5-T still appears to be the best chemical for the control of mesquite. Three-fourths pound acid of 2, 4, 5-T in three gallons of water and one gallon of diesel oil gave the most consistent and promising results in all the tests studied. Included were sprouts, seedlings, and small and large trees.

Mesquite on the ranches visited was sprayed by airplane during the spring of 1950. A. H. Walker, range specialist for the Texas A&M Extension Service and one of the group making the tour, says that, although it is too soon to determine the final results of the spraying, the work definitely looks promising.

Walker reminds ranchmen that the present goal of this experimental work is to find a practical method of mesquite control, rather than mesquite eradication. A mesquite kill of 100% is not expected.

The immediate objective is to find a low cost method of control which stockmen can afford. For the method to be practical, the increased carrying capacity of the grazing land plus the ease of handling livestock must pay the cost of applying the control. Application costs for the ester of 2, 4, 5-T runs about \$3.50 per acre for both material and flying.

Spraying with an airplane is the best method of applying the chemical mixture for controlling mesquite when there is no danger of damaging field crops. However, Fisher and Young caution that airplane operators should be experienced in brush control spraying and the airplanes should be properly equipped. Apparently the coarser the droplet size of the chemical, the better the results will be. To be most effective, the chemical should be applied at tree-top height.

Mesquite spraying gives the best results when the chemical is applied in the spring at full leaf stage, which will be six to eight weeks after the first leaves appear. If ground moisture conditions are not favorable, the control results will probably be disappointing, apparently because the chemical is not transplanted properly so as to kill the roots. Fisher and Young suggest waiting another year if conditions are not favorable.

They warn against the danger of using 2, 4, 5-T in areas where susceptible crops are grown. This compound has been known to drift as far as eight miles in a high wind. Small droplets are carried easily in the wind, and applications made 20 to 30 feet above the tree-tops add to the drift danger. Although 2, 4, 5-T may do wonders when properly applied, Walker reminds stockmen that carelessness in applying may result in lawsuits and possibly outlawing of the chemical.

Grass will not kill mesquite but giving grass a chance to seed out on sprayed areas will materially reduce the number of sprouts and seedlings. If an operator can not rest the pasture the growing season following spraying, Walker advises to at least stock it lightly. Proper range management following mesquite spraying may double the length of time that the treatment is effective. This may be the difference between profit and loss on the operation.

He emphasizes that the work on chemical control of mesquite is still in the experimental stage. Results of the work are not conclusive enough for making overall recommendations, and the range specialists can go no further at the present time than to make suggestions.

Walker mentions the fact that control tests on other species of brush are also in progress, but they have not reached the advanced stage of mesquite research.

C. W. Collins returned home Thursday from a San Angelo hospital where he spent several days following an oil field accident in which he was injured, while working. He is the son of Marion Collins. He is able to be up most of the time.

Mrs. C. T. Loucks and Mrs. John Hall and girls of San Saba spent the weekend with their daughter and sister, Mrs. Ira Locklear.

Carol and Joan Crews of Mertzon spent the Armistice weekend here with their uncle and aunt, Mr. and Mrs. Charlie Trigg.

Mrs. T. Y. Roberson accompanied her son-in-law and daughter, Mr. and Mrs. C. W. Hinnant of San Angelo to Lamesa Friday to visit Mrs. Roberson's sister-in-law and her husband, Mr. and Mrs. H. D. DePriest.

From where I sit... by Joe Marsh

We Ask That "Fares" Play Fair

Judge Cunningham was telling about a taxi ride he took over to the County Seat last week. The cab was all littered with cigarette butts, plus candy and gum wrappers. This annoyed the Judge and he spoke to the driver about it.

To his surprise the cabman answered right back. "Don't blame me," he said "Fast as I clear this taxi out, the fares just mess it up again. I like a clean cab as well as anybody, but a man has to have some co-operation!"

Judge figures the fellow was in the right, and maybe we ought to

do a little campaigning with the public. I agree with him—that's why I'm writing this article.

From where I sit, it's important for us to remember the fellow who's going to get in the cab after we leave it. Because he pays the same as we do, he's got the same right to a clean, comfortable ride—just as he has the same right to enjoy the beverage of his choice (be it coffee, beer, lemonade, or what have you).

Joe Marsh

Personal News Items

A guest in the home of Mr. and Mrs. Thad Thomson last weekend was their son Thad III, of Houston, who came by plane. Other guests in the home recently were Mr. and Mrs. Claude Aikman of San Angelo.

Mr. and Mrs. John Koshak and son of San Angelo visited Saturday and Sunday with Mrs. Koshek's parents, Mr. and Mrs. Seth Ramsey, and her grandmother, Mrs. J. D. Ramsey.

Mr. and Mrs. Willie Bridgeman and family of Snyder have been visiting several days in the home of Mr. and Mrs. B. O. Bridgeman.

Mrs. W. A. Schuller and Susie, Mrs. Marvin McDonald and Mrs. B. F. Jones left Tuesday for Tolar, to visit Mrs. Jones' sister, Mrs. T. T. Curl several days.

Lots of children's Christmas photograph records. They're unbreakable. For 25 cents at City Variety Store.

Mr. and Mrs. John Hodges and son Terry of Seymour are here visiting Mrs. Hodges' parents, Mr. and Mrs. J. D. Ashmore and other relatives here.

Mr. and Mrs. Tom Whiteley and children and Mr. and Mrs. J. C. Whiteley visited Sunday in Odessa with Mr. and Mrs. W. H. Roys.

Mr. and Mrs. Henry Speck, Mr. and Mrs. Robert Nixon, Mr. and Mrs. Andy Nixon, and Mr. and Mrs. Jack Horton of Hobbs, N. M., returned Sunday evening from a hunting trip in New Mexico. They killed a nine-point, a six-point, and a four-point deer.

Among those on a hunting trip near Del Rio since Tuesday were Edgar Spencer, his brother-in-law, John T. Hodges of Seymour, Claude Meador, R. J. Page, Richard Jones, Grady Godwin, Winfred Schuller, and Marvin McDonald. They will return home Sunday or Monday.

Ray Boyer and his family spent the weekend in Eden with relatives and in Brady with Mrs. Boyer's grandmother, who is seriously ill.

Mr. and Mrs. Tom Whiteley, who recently sold their laundry, went on a trip to New Mexico recently, and also went to Temple where Mr. Whiteley went through a clinic. They are back in Eldorado and are staying with Mr. and Mrs. J. C. Whiteley.

Mr. and Mrs. Kenneth Stacy and Kay and Lynette of Boyce City have moved here, and are living in a trailer house at the Griffin rent house. Mr. Stacy is employed with Campbell Drilling Co. Mrs. Stacy is a niece of Mrs. Marion Collins.

Mr. and Mrs. R. J. Alexander and sons, and Mr. and Mrs. T. H. Alexander visited Saturday at Snyder.

Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

Time to buy trucks on something besides hearsay!

You can't afford to buy trucks by guess-work today. What you carry—how far and fast you carry it—under what road and traffic conditions—all must be considered in specifying the right truck for you in times like these.

That's our specialty as a GMC truck dealer—we are first and foremost transportation engineers. Our one aim is to recommend the exact combination of engine, frame, axles, transmission, cab and optional equipment that is best suited for your year-round hauling requirements.

Come in and see us—whether you want a 1/2-ton pickup or a giant Diesel 90,000 lb. GCW six-wheeler. We can give you exactly the right truck—designed for longer mileage with less maintenance expense—and it will be a real truck, engineered for your type of work.

That's why GMC sales are greater today than ever before. Truckers find they are best in the long haul. Let us show you why.
