## New Wildcats and New Field Discoveries Keep Schleicher In Spotlight

Special from James Watson  
Midland, Texas

Three more deep wildcat operations have been staked in Schleicher County, one of the "hottest" oil exploration areas in Texas, as one important discovery was being tested and shows reported from another important wildcat.

Roco Oil Company of Ft Worth staked location for its No. 1 R. M. Thomson, Jr., and others as a 7000-foot Ellenburger wildcat in the south central portion of the county. Combination tools will be used to drill the test. Location is 660 feet from north and west lines of section 70, block A, HE&WT survey. The prospector is five miles west and slightly south of Carter and Carter No. 1 Davis estate, a dry hole at 7015 feet. It also is three and three-quarter miles north of the Brushy Top field of Sutton County which produces at a shallow depth.

Roco also will dig No. 1 C. D. and C. L. Adkins as an 8000 foot Ellenburger wildcat in south central Schleicher.

Operator staked site nine miles southwest of Eldorado and 4 1/2 miles southeast of Humble Oil & Refining No. 1 Spencer, active wildcat which reported recent shows in the Strawn. Site is at the center of the northwest quarter of the southwest quarter of section 118, block A, HE&WT survey. The test will be dug on a farmout from Sinclair Oil & Gas Company.

Humble spotted location for No. 1 S. L. Stanford 5 1/2 miles southwest of Eldorado and in west central Schleicher. Location is 1980 feet from south and 660 feet from east lines of section 196, block A, HE&WT survey. Drilling to 8,000 feet to explore the Ellenburger is to start immediately.

Humble No. 1 Stanford is to be five miles north of the same concern's No. 1 Spencer which has developed some interesting shows in the Pennsylvanian. Drillstem test was taken from 6838 to 6863 feet. Tool was open 1 1/2 hours. Gas surfaced in four minutes at the estimated rate of 200,000 cubic

feet daily. Recovery was 2 feet of distillate-cut mud and no formation water. Location of No. 1 Spencer is 1980 feet from north and 660 feet from east lines of section 176, block A, HE&WT survey.

Phillips Petroleum Company has staked location for an offset to the east to the Canyon sand discovery of the Butler field of northeast Schleicher County. Location is at the center of the northwest quarter of section 72, block H, GH&SA survey. It will be drilled to approximately 5500 feet with rotary tools

Robert W. Berry and others No. 1 A. B. Thomerson and others, wildcat and indicated discovery in northeast Schleicher, flowed gas with a spray of distillate at an estimated 15 million cubic feet daily through perforations between 5270 and 5285 feet. The section had been perforated with four jet shots per foot. Operator swabbed gas, mud-oil emulsion, some oil and some water, which was not believed to be formation water.

The above perforations were being squeezed off and operator will perforate approximately 10 feet lower in the hole and test. Location of No. 1 Thomerson is 660 feet from north and east lines of section 65, block H, GH&SA survey and two and seven-eighths miles northeast of the Butler (Canyon) field.

Delta Gulf spotted location for No. 3 Mary F. McClatchey and others in the Huldale (Pennsylvanian) field of north Schleicher County. Site is 351 feet from the most southerly north line and 1240 feet from west line of section 83, block L, TC survey and eight miles northeast of Eldorado. It is slated for a 6000-foot bottom.

Sinclair Oil & Gas Company No. 1 Thompson, wildcat in southeast Schleicher County, has been plugged and abandoned after unsuccessful attempts to develop production in the Ellenburger, Pennsylvanian and Wolfcamp.

Sinclair's well on University is on production and flowing at the rate of 190 barrels a day.

## 2-Inch Rain Brings New Hope To County

The biggest general soaking the county has had in over two years has given the entire area a new lease on life!

Every acre in Schleicher County had some rain—the largest amount reported was three inches, the smallest, one inch.

It fell so gently that the parched soil absorbed every drop.

Much of the county received the rain Sunday night, with some reporting showers during that day, and much of the county receiving additional light showers Tuesday and again Wednesday.

While the rain is not enough to put the county over during the spring season, it is a good start, and everyone expresses hope that there will be more moisture at intervals during the growing season.

Ranchers report that a few weeds will soon be of nibbling size for sheep, and expect the grass to grow rapidly for all of their stock as warmer weather comes.

Plowed soil absorbed the rain without loss, and grains will be benefitted by the precipitation.

The rain was general throughout West Texas, and was heavier in some areas, especially in and near San Angelo, which now has an adequate supply of water again.

## Sonora Lions To Be Hosts For Joint Meeting Of Clubs Tuesday Night

JACK B. WRIGHT

District Governor Jack B. Wright, of District 2-A, Lions International, will be speaker when the Sonora and Eldorado Lions and their ladies hold a joint meeting next Tuesday night in Sonora.

The meeting will be held in the Sonora school cafeteria and will start with at 7:00 with a supper. Palmer West, president of the Eldorado club, and others, expect a good turnout from Eldorado.

Others who have been invited include H. V. Stokes, International Counciler; T. C. Lucas, Deputy District Governor, and the Zone Chairman.

Next Tuesday's meeting will take the place of the regular Lions club meeting on Wednesday.

E. B. Gordon, Sinclair district office employee, and his wife and daughter, moved here Monday from Midland and are occupying the Chester Biggs house.

## All Quiet On Local Election Front

The Saturday deadline came and went and no other aspiring candidates came forward to enter the city's race for Aldermen or Mayor, according to information from the city secretary Monday. The ticket will go to the voters in a regular election on Tuesday, April 7, with the following candidates running unopposed:

For Mayor: Eldon Calk.  
For Aldermen: Jerry Pennington, Gus Love and C. C. Henderson

**For School Board**  
As stated last week, there will be two places to fill on the school board, and prospective candidates have until March 24 to turn in their names to Secretary Leslie Baker. As of this date, there are three names on file—Gene Edmiston, Henry Moore, and Dr. Wm. Lindsey.

## Roads in Schleicher Receive Attention During This Spring

One important piece of road construction has been finished in this county and another is under way, as commissioners continue with their project of improving the county's network of roads.

Unhampered by a single day of rain or sleet, Commissioner A. J. Halbert went straight through with his re-working of the road leading from the depot out into the McIntosh neighborhood.

This road has been caliche again, and at one place on Thomson's it has been widened. Halbert now has the equipment out in the Bailey Ranch community where a six-mile strip is being re-worked. The Jackson road will also probably receive attention soon.

## Record Employment This Year For Schleicher Wage Earners

A busy spring and summer for Eldorado looms, with work in the offering for all able-bodied men who want employment.

Increased drilling activities in the county have been giving employment to hundreds of men, some of whom are drouth victims, some young men just starting out on their own, and others newcomers who have moved here from other places—with a smattering of ranchers and farmers who are keeping the home places going while they wait out the drouth by roughnecking.

On the agenda is building of the oilfield road into Huldale, on which work must start soon if contract is to be filled on schedule.

Also on the calendar is letting of contract for the new Merton highway—if this contract is awarded this spring, the building of at least part of this road may well be a 1953 project. In any case, it

will be done in the next year or two. Pencing is proceeding satisfactorily, with only a few miles to go, which means that the county's part in this project will be completed ahead of the construction work.

Then—and this is of growing importance as building increases in Eldorado—it looks as though this is the year the city goes on a big building spree to take care of increasing demand for business property and residences, and all carpenters will continue to be in great demand.

Each post-war year has been a year of some growth in Eldorado, but the prospect is that 1953 will provide more employment for contractors and carpenters than has any single year in the history of the town.

(Readers of this article will remember other projects not mentioned above.)

## Three Accidents Friday Cause Damage, Injuries

### Public School Week Closes Friday Night With Assembly Program

A one-act play and several musical selections were received with appreciation, when Public Schools Week closed Friday night with an assembly at the school auditorium.

The program opened with words of appreciation from Supt. T. E. Holcomb, after which the band played several selections and Miss Lucille Farmer's grade school chorus presented two-part arrangements of "Lead on, America" and "If You Should Go to Venice," with Mrs. J. M. Christian as accompanist.

Miss Waldine Midgett, speech teacher, introduced the cast of the one act play. Included in the list of characters were Jack Stanford, Helen Morgan, Donna Beth McCormick, Fay Davis, Patsy Smith, L. Edmiston, Betty Hunt, James Conner, Frank Edmiston, Jean Kuykendall and Jerry Perry.

A good crowd attended.

### Workers For Red Cross Fund Drive Announced

The annual Red Cross fund drive is under way here this month, and workers have been announced by Buster Hale, general chairman.

These are as follows:

W. M. Patterson, Jr., secretary-treasurer;  
Bill Gunstead, publicity;

L. V. Newport, Eldorado business district, with Morris Isabel and Edward Meador assistants;

Mrs. Gus Love, residential district, to work from school house south on west side of highway;

Lawrence Steen, to work north of school house on west side of highway;

Mrs. James Page, to work from Halbert station north on east side of highway;

Mrs. Fred Gillaspay, to work from Halbert Station south on east side of highway.

Letters are being sent out to Schleicher County ranchers and farmers this week, and also to oil company operators.

"This year the Red Cross needs 93 million dollars to do its job. It also must collect five million pints of blood—for the armed services, for civil defense, for civilian sick and injured—for the most precious civilians of all—our children. For now the Red Cross joins in the fight against infantile paralysis by providing gamma globulin, which helps prevent the crippling effect of polio."

The above is a quotation from President Eisenhower, issued a few days ago. He also points out that what people do through the Red Cross, they do in the spirit of free men and women.

### Area F. H. A. Meeting Is Held In Brownwood

Our local FHA attended the meeting of Area II in Midland on March 6 and 7. The Eldorado chapter were represented by Jonnie Rae Whitten, Shirley Faulk, and Retha Nell Lloyd. Jonnie Rae Whitten was the voting delegate who attended the House of Delegates meeting on Friday night.

At the meeting Shirley Faulk was elected to be treasurer of the area. The Area consists of 77 chapters or schools with an approximate membership of 3600 girls. It has been some years since Eldorado has held an Area office.

The main event in the morning was a group participation, "How Bright Does Your Chapter Shine?" Retha Nell Lloyd helped in the organization of the groups. In the afternoon each chapter had a model which made up a style show of clothes made by the girls. Retha Nell Lloyd modeled a white dress of sylvina cloth. —Reporter.

### MARGARINE PRODUCTION UP

Margarine production increased approximately 23 per cent in 1952 over 1951, the National Cotton Council reports.

Americans ate more margarine than ever before in history. Average use per person was 7.7 pounds per person, as compared with 6.5 pounds per person in 1951.

Dewey Gordy of Benton, Ark., was an overnight visitor Wednesday night in the home of his brother-in-law, E. H. Coulter.

Three separate car accidents kept Sheriff E. H. Sweatt and his deputy Van McCormick busy Friday night.

Herman Graham, of Herman Graham Drilling Company of Midland, apparently went to sleep at the wheel while driving alone and missed the V nine miles west of Eldorado on the new highway. His car, a late model Ford, turned over several times, and came to rest against a tree. The driver was brought to Eldorado for medical attention, but was able to walk into the doctor's office, and is seemingly not seriously injured.

His car was brought in to Trigg's for storage but it seemed to be a total wreck and past salvaging. Mrs. Graham of San Angelo was called and drove down after him during the evening. Mr. Graham has his offices in the McBurnett Building in San Angelo and was in Schleicher in the interest of moving in a rig to a Sinclair test.

### Spurgers In Accident

At ten o'clock James Spurgers, son of Mrs. Nettie Spurgers, was driving north on the San Angelo Highway when a truck passed him going north also, causing him to lose control of his car, hit the soft shoulder of the highway and go into a tail spin.

He was taken to a doctor in Sonora because of elbow cuts inflicted by broken glass.

His Plymouth convertible turned over once, came to a stop on its wheels facing toward Eldorado. The top was torn in the accident and the body was crushed in places. This accident occurred just below the roadside park.

The Spurgers and Graham car accidents involved only one car each.

### Byrd White In Accident

Ernest Vaughn, Christoval contractor, and Byrd White, Eldorado oilfield contractor, had a collision that evening when White's 1952 Ford crashed into the side of Vaughn's pickup.

White was driving out on the highway from the Huldale Oil Field, and Vaughn had completed his day's work on the new C. N. Shaw station here and was returning home. In the accident the pickup was badly damaged, and the Ford also has a damaged front, though it is understood that the men were not injured.

### Shugart Apartments Open House Is Set For Sunday Afternoon

The public is invited to attend the Open House which Jack Shugart is holding Sunday afternoon from 2:00 to 6:00 at his new apartment house in Glendale.

Laid out diagonally on the lots, the building measures 33 by 85. Mexican brick provides the exterior finish. The interior finish is tinted textone, and the kitchen is finished in mahogany. The apartments will be heated with floor furnaces.

The building will house four families and provides two additional bachelor apartments with separate baths. The units will be completely furnished with the exception of cooking utensils and linens.

Jack Shugart, the proprietor, states that he expects to have the entire project completed by Sunday with the exception of the landscaping, which will be a spring project for the proprietor.

He invites the public to note the hours during which the doors of the apartments will be thrown open to visitors and states that he hopes the entire county can find time to stop and inspect the place during the calling hours.

Shugart states that some of the units are already rented.

### HAY PROGRAM CLOSES

The last car of drought emergency hay for Schleicher County was received March 6th. Since the program started last September 235 cars, approximately three thousand tons of all classes have been received at a total cost of 95 thousand dollars to ranchers.

This hay was shipped from Iowa, Wisconsin, Minnesota, and Michigan. Farmers were paid \$16 to \$24 per ton for the hay, and it was sold to ranchers for \$28 to \$36 per ton.

### DRILLING DEPTHS

Fryer-Hanson Drilling Co. No. 1 D. E. DeLong 5940 feet in shale and lime.

D. E. Vasser No. 1 Meador, 5061 feet in shale and lime streaks.

### Post Script

The Jack Elders are celebrating eight years in business, according to their advertisement in this issue of Success. They have stayed on the job steadily all of that time, with the same ownership and management, and in the same place with the exception of the move to their new building six years ago. Both are well known among the county's older families, and probably are as well known among the new oil families as any business people in Eldorado. They put in long hours and stick pretty close to their job.

The State Press Association obligingly sent us a list of March Special Days in time for last week's paper and we were glad to get it and publish it.

A couple of hours after the paper had gone to the post office, the phone rang. It was a Success reader, who had studied the list of special days and anniversaries, spotted "March 18, Midnight Ride of Paul Revere"—and wanted to know how come!

"Twas the 18th of April, '75, hardly a man is now alive," she quoted.

Is the poet wrong or could it be our press association? We can't imagine it could be either!

This is National 4-H Week and National Smile Week. No conflict there.

And Friday is the 13th!

March 15-22 is Korean Veterans Week, we learn—from publicity which came in too late to do much good. The American Legion is sponsoring the celebration which falls on the 35th birthday of the Legion.

Other Spring events:  
March 8-13, Presbyterian revival.

March 15-22, Rock Church of Christ revival.  
March 17, Joint Ladies' Night

meeting of Eldorado and Sonora Lions Clubs at Sonora.

March 20, Senior play.  
March 27, PTA District spring conference.

April 4, School Board election.  
April 5, Easter.  
Easter weekend, Senior trip.  
Easter holidays, April 3-6, Friday through Monday.

April 7, City election.  
April 13, District court.  
May 10, Soil and Soul Sunday.  
May 22, Graduation.

Jimmie Uzzle of Tahoka, apprentice operator at the Santa Fe was moved recently to Lubbock. He had attained the required speed for promotion and was moved to a better position, leaving L. D. Ochsen for the time without an operator.

It looks now as though there will be a last minute rush on car registrations at the office of the tax assessor-collector. People are slower than usual on registering their cars.

Soil conservation will be given emphasis this spring by designating May 10 as Soil and Soul Sunday, according to the local soil conservation force. There will be more information concerning this special day later.

A new business in Eldorado this week is Phillips Welding Service, which moved in Sunday. The manager, J. W. Pearson, who lives at Doc's Courts, has a wife and two children, one of whom, Jerry Wayne, enrolled in the third grade here Tuesday.

Readers of the Success will find that the Parker Foods advertisement is not in its customary location on the back page in this issue. The Parker store is "throwing a big one" this week, using a double-page spread in the center to carry their message to the people of the county. Among the attractions offered for Friday and Saturday are 20 free baskets of groceries—sounds like the good old days.

NEWS FROM THE  
**STATE CAPITOL**

By VERN SANFORD  
Texas Press Association

Austin, Texas.—It's either turn or tax, now!

Speaker Reuben Senterfitt stunned the House with word that the state had enough money in sight to maintain the present level of spending—"and no more."

He deviated from the usual by taking the floor himself to lay all cards on the table.

Said Senterfitt, "If any additional appropriations are made, the Legislature will have to pass home new tax bills."

The State Constitution prevents any appropriation bill from becoming law unless the money it spends is available. Comptroller Robert S. Calvert estimates how much revenue the state will receive and returns to the Legislature any bill authorizing expenditures in excess of anticipated income. The Legislature must then make the appropriation conform to income, or increase taxes to pay the cost, or let the bill die.

Max C. Smith of San Marcos, chairman of the House appropriations committee, said his group is planning a budget that calls for expenditure of about \$162 million from the general revenue fund during the next two years. According to Comptroller Calvert, that is the amount that the general revenue fund will receive by Aug. 31, 1955.

The state spends about a billion

and a quarter per biennium, but the greater part of the money comes out of special funds—not the general revenue fund. Appropriations made by the Legislature come out of the general revenue fund.

The difficulty now is there are strong demands for more spending. Powerful groups are calling for better roads, higher salaries for teachers, and more money for old age assistance.

Recommended by Rep. Joe Pyle of Ft. Worth, as his answer to the highway problem, is a toll road bill. It passed the House 122 to 8 and is now ready for Senate consideration. The bill would set up a Dallas-Ft. Worth Turnpike Authority which could issue revenue bonds and use the proceeds to build an expressway between the two cities.

Although the turnpike authority would be composed of three members of the state highway commission and three others appointed by the governor, the property would not belong to the state until after the bonds were paid off. A 35c per trip charge, or thereabouts, is anticipated for use of the 31-mile road, the total cost of which is estimated at \$30 million.

Rep. George T. Hinson of Mineola said the proposed management would give the toll road a state flavor without state jurisdiction. DeWitt C. Greer, state highway engineer, doubted the wisdom of the toll road proposition. He said that taking tolls from motorists, who already pay road user taxes, amounts to double taxation.

Some members of the legislature feel that if bonds were issued, the

Highway Department should be the authority to do it. These members reasoned that the Highway Department bonds would pay a low interest. Also the department could provide the roads quicker and better than a private agency. Then too, the roads would belong to the public and no tolls would have to be paid by the motorists for their use. Furthermore, private property holders would get the benefit of increased values along the right of way.

Representative Pyle contends that building the pay-as-you-ride thoroughfare would not diminish the state highway department's program in the area—that two free highways already connect the two cities—and that few residents would be displaced because the road would run mostly along the Trinity River — and that 90 per cent of the property along the right of way is owned by persons who live in Dallas and Ft. Worth.

Public school teachers want annual pay increases of \$600, and they are asking the Legislature to provide the money, which would have to come out of new taxation.

College and university teachers also want higher salaries, which would be appropriated from the state's general fund.

Dr. Logan Wilson, new president of the University of Texas, recommends that the state appropriate for the school's basic operations, and that the University's revenue from oil lands be used for expansion and to hire a better faculty and staff.

"Right now," said Dr. Wilson, "based on average salaries, we are near the bottom among state universities belonging to the Association of American Universities."

Other institutions of higher learning also are having trouble keeping their top professors and their troubles are complicated in that they have no revenue from oil.

Coke R. Stevenson Jr., Texas Liquor Control board administrator, is requesting a higher appropriation so that he can increase the number of his enforcement officers and cut down on liquor

violations in the state.

The liquor board pays its own way—plus a healthy profit to the general fund—in terms of alcoholic beverage taxes.

Stevenson assured a senate finance subcommittee that the added number of enforcement officers he requests would pay for themselves and then some by bringing in a greater amount of alcoholic tax revenue.

Due in the Legislature is a bill setting up a program for the treatment and rehabilitation of the state's 50,000 alcoholics. The bill was prepared by the governor's statewide committee on alcoholism and backed by Alcoholics Anonymous.

Governor Shivers made two bills law by signing them—bills to provide two new state hospitals for tuberculars. One bill appropriated \$3,225,000 to build new hospitals at Harlingen and San Antonio. The other bill authorizes the removal of patients to other quarters while the new hospitals are being constructed.

The Senate did a quick turnabout in the matter of admitting

female students to Texas A & M College. First the senators approved the proposition presented by Sen. W. T. Moore of Bryan. Then when they began receiving hot messages from the folks back home they voted the bill down, 27-1. It was the fastest about-face of the session!

The retirement of two generals brought about changes in the command of the 36th Division, Texas National Guard. Going out of active service were General H. Miller Ainsworth of Luling, the division's commander, and General A. B. Crowther of San Antonio, artillery commander.

General Ainsworth was replaced by General Carl L. Phinney of Dallas, who had been assistant commander.

Colonel James E. Taylor of Kerens and Austin was promoted to brigadier general and assigned to the artillery command. General Taylor is well known around the capital—he had served in both House and Senate and is now executive director of Texas Motor Transportation Association.

Also promoted from colonel to brigadier general was Robert M.

Ives, who moved into General Phinney's place as deputy division commander.

Short Shorts: The University of Texas Bureau of Business Research reports that business in this state hit an all-time high in January of this year—Also in January, Texas traffic deaths decreased by 18 per cent as compared with figures from the same month a year ago, says the Texas Department of Public Safety—Juvenile delinquency is on the increase in Texas, says the State Youth Development Council, noting that authorities handled more than 15,000 cases last year. Average age of the offenders was 15.7 years—In the Senate is a bill approved by the House, to give longer prison terms—up to life—for selling narcotics to minors.

Cloakroom Comment: "If you're half a mind to go into politics—that's enuf."

Mr. and Mrs. Charles Newton of Brownwood have returned home after visiting their daughter Mrs. W. A. Menees and family. Another guest in the home was Albert Stone of San Antonio.

From where I sit... by Joe Marsh

**A Difficult "Situation"**

Did you see that "Classified Ad" last week? The one that wanted a farmhand who had to be "an expert agriculturist, sheep herder, tractor driver, bridge player," plus being "an authority on chemistry and mathematics"?

Slim Thomas, who ran that ad more or less as a joke, called and said, "I got 23 answers and almost every one claimed they could meet all those qualifications! That means I want to keep the man I have—'Handy' Peters.

"He was thinking of quitting but now I've got to talk him into staying. Handy never pretends to be an expert, he's just a good all-around hired hand."

From where I sit, Slim's smart to be wary of people who consider themselves to be all-around "experts." Some folks will "expert" on anything—from the clothes a man should wear to whether he ought to drink beer or buttermilk. Personally I don't want to "classify" myself as knowing all the right answers.

**Hop Cheatham Dies At Family Residence Following Long Illness**

Samuel Hopson (Hop) Cheatham, 73, prominent cotton farmer in this county, died at his home near Eldorado Saturday night, March 7, at 9:00 p.m., after a long illness.

Afflicted with asthma for years, he became seriously ill last spring, and in May entered a hospital for a long period of treatment; since that time he had been confined to his bed much of the time, re-entering the hospital several times.

**Funeral Monday**

Funeral services were held Sunday afternoon at 3:00 at the First Baptist Church, the pastor, Rev. Clifford Nelson assisting the Fundamental pastor, Rev. Cliff McDougal, in conducting these services.

A combined choir from the two churches sang three request hymns, with Mrs. John Stigler playing the organ for the songs and during the intervals before and after the funeral services. Rev. Nelson offered prayer, and read the scripture and the obituary, and Rev. McDougal delivered the funeral sermon on the subject of the Resurrection.

Ratliff was in charge of arrangements. Interment was made in the Eldorado cemetery.

**Native of Brown County**

S. H. Cheatham was born in Brown County, May 18, 1879, the son of Richard Manoh Cheatham and Alta Batton Cheatham. He was reared in Brown and Coleman counties, and received his education in the schools of those communities. His father built the first flour mill in this part of the state, at Trickham, using the first flour sacks seen in that locality in packaging his product for the market.

When he was 18 he went to Oklahoma to work as a cowboy, remaining there for three years. He then returned to Coleman county and was married to Mattie Virginia Harrison, daughter of Mr. and Mrs. J. B. Harrison, December 2, 1900, in a home ceremony at the residence of the bride's parents in Rockwood. The couple went to Oklahoma on a wedding trip, then returned to Rockwood to establish their first home.

He purchased a farm in Coleman County and the family lived there for awhile, then later bought a place at Millersview, where they lived two years, selling this farm to return to Coleman County; there the Cheathams lived until 1924 when they moved to Schleicher County.

He first lived on the Pflueger place, then the Tom Henderson ranch, 13 years ago moving to the John Boothe farm near Eldorado. Well acquainted with the farm and farming problems, he was known as a successful grower of cotton and various feeds. He had been a member of the Baptist Church since 1900, having his membership in the Fundamental Baptist church of Eldorado.

**Relatives Who Survive**

He is survived by his wife, two children, R. E. Cheatham of Eldorado and Mrs. Alta Taylor of Salinas, California; seven grandchildren, Tony Cheatham and Mrs. Ouita Smith of Eldorado and Mrs. Fern Glascock of Sonora; and Mrs. Kay Bailey, Mrs. Betty Johnson, Kenneth Hughes and Sharon Taylor of Salinas, California; five great grandchildren; a brother, Dr. A. B. Cheatham of Millersview; two sisters, Mrs. Maggie Johnson of Rockwood, and Mrs. Ada Bradley of Fife; and 22 nieces and nephews. A sister and two brothers preceded him in death.

**Here From Out Of Town**

Among the out of town people who attended the funeral were: from Lubbock, Mr. and Mrs. Henry E. Cheatham and Jan; from Big Lake, Alex Cheatham; from Ozona, Mr. and Mrs. E. C. Trotter; and from San Angelo, Mrs. Bill McSwain, Mrs. Laura Kegans, Mrs. Etta Ferguson, Mrs. Veral Hillyer, Mrs. Betty Pentecost; from Fife; Mr. and Mrs. Tom Bradley; from Millersview, Mr. and Mrs. Floyd Franke and Dr. and Mrs. A. B. Cheatham; from Ballinger, Mr. and Mrs. Leon Russell; from Rockwood, Uless Maness, Boss Estes, Nat Buttry; from Sonora, Mr. and Mrs. R. B. Glascock and baby.

Mrs. Houston Thigpen has as a guest for two or three months her sister Mrs. Lilly May Hinkel of San Antonio.

Mrs. Ben Ewing and daughter of San Antonio have been visiting Mr. and Mrs. Josh Ewing in Schleicher County, and they were joined Saturday evening by Mr. and Mrs. John F. Sutton Jr. and two children of San Angelo, who were supper guests.

Dinner guests in the home of Mr. and Mrs. Burl Woodward on Sunday were Mr. and Mrs. Grosshans of Miles, also relatives from Eldorado: Mr. and Mrs. Pat McAlpine, Mr. and Mrs. Olge Halbert, Mr. and Mrs. M. H. Woodward, Mrs. Jim Smith Smith and Mr. and Mrs. O. L. Woodward.

Mr. and Mrs. J. B. Turner and three children of Ballinger spent the weekend with Mr. and Mrs. O. V. Doty.

Patricia Elder of San Angelo and Mrs. Jack Elder and youngest daughter Nancy Jo were in Austin last weekend, visiting Rita Ann at the University, and Dr. and Mrs. R. H. Montgomery in Austin.

Miss Frances Clark, teacher in Eldorado High School, had as weekend guests her parents of Fort Worth, and her brother John, a graduate student at North Texas, Denton.

**FORMER RESIDENT MRS. STEVE WRIGHT DIES AT FT. WORTH**

Mrs. Steve L. Wright of Fort Worth, age 69, former Eldorado resident, and member of the Methodist church of this city, died at 3:30 Monday afternoon at the home of her sister at Fort Worth.

The body was brought to Eldorado Wednesday for funeral services and burial in the Eldorado Cemetery beside her husband.

Pallbearers at the funeral were W. R. Bearce, Edward Meador, Walter Ramsey, Joe Edens, Sam Oglesby, and Palmer West.

She had been in failing health for several years, and had been seriously ill for six months; since Christmas she had been confined to her bed.

Louise Branch was born near Georgetown, the daughter of Mr. and Mrs. Nicholas Branch. In her early childhood the family moved to Sherwood, where she was reared. She received her education in the Sherwood schools, and graduated from high school there, later working as clerk in stores at Sherwood and Mertzon.

On October 20, 1924, she was married here to Steve Wright, Eldorado carpenter. The couple spent the years of their married life in this city, until Mr. Wright's death in March, 1930.

Mrs. Wright, who had been employed at Leman's Dry Goods Store, moved back to Mertzon after her husband's death, and two years later sold the family home in Eldorado. After a period of employment at Hargrove's, she moved ten years ago to the home of her sister Mrs. S. F. Ollis near Weatherford, all moving recently to Rendon, a Fort Worth suburb, where her death occurred.

A lifelong Methodist, she joined the Eldorado Methodist Church after her marriage, and she kept her membership in the local church until her death.

Survivors include two brothers, O. J. Branch of Fort Worth and J. W. Branch of Harrison, Arkansas; a sister Mrs. S. F. Ollis of Fort Worth; and several nieces and nephews.

Rev. Doyle Morton, pastor of the Eldorado Methodist Church, conducted the funeral services at the church here beginning at 2:00 Wednesday afternoon. The Methodist choir and several from other churches sang Amazing Grace and My Faith Looks Up to Thee.

The minister read the Scripture, offered prayer, and read the 23rd Psalm, then preached the funeral sermon on the theme "Wait Upon the Lord, be of good courage, and he will strengthen thine heart."

**SIXTH DISTRICT P-TA SPRING CONFERENCE TO BE HELD HERE**

Mrs. Edwin Jackson will be presiding officer and the Eldorado Parent Teacher Association will be hosts to the Sixth District annual spring conference, in Eldorado Thursday and Friday, March 26-27.

Mrs. H. G. Stinnett, state president, of Plainview, will be an honored guest, along with other visitors from Texas.

The planning committee has been at work for some time on the program and schedule of events. Because of scarcity of rooms visitors who are in Eldorado Thursday night will probably be entertained in private homes, and local members are making arrangements to that end.

On Thursday afternoon the executive board will meet with Mrs. Jackson, and this will be followed with a banquet in the school cafeteria.

On Friday morning there will be registration of visitors and a full morning's program, followed by a barbecue at the Memorial building at noon, the price of which will be \$1.50 per plate. This barbecue will be served by Orland Harris and is open to the general public as well as to the visiting delegation and local PTA members.

Mrs. Jackson seeks the cooperation of the entire county in holding of this important meeting, and states that the program will be well worth while and should be well attended.

Other information, as well as program details, will be available for publication next week.

**CLASS SOCIAL WEDNESDAY**

The Bykota Class of the First Baptist Church held their regular monthly social and luncheon Wednesday noon at the home of Mrs. Joe Wagley. Devotionals were led by Mrs. Roy Phelps.

Mr. and Mrs. Clovis Taylor have had as visitors in their home Mrs. R. E. Johnson of Rockwood, Mr. and Mrs. Joe Will Fowler of Austin, Mrs. Tom Bradley of Fife, and Mr. and Mrs. Leon Russell of Ballinger.

E. R. Rowan is a new renter in the Eaton apartment.

Billy Wilton of Fort Sumner has been visiting several days with his sister Mrs. James Page and her family.

**School News**

The Eldorado Eagle track team entered the Comanche Relays at Ft. Stockton Saturday along with twenty other West Texas teams. The Eagles showed up fairly well in coming in sixth in the meet. Boys who ran in the meet were: Pinkney Craig, Billy Edmiston, Frank Estes, Lynn Griffin, Raymond Mittel, Bob Ratliff, Jack Stanford, Bill Holcomb, and Jerry Pennington. The mile relay team composed of Griffin, Pennington, Stanford, and Estes ran a good race with a time of 3.45.5 but failed to place due to four other record breaking times.

Pinkney Craig was outstanding for the Eagles in scoring 8 of their 9 points. He ran the low hurdles in 21.2 which was one second over the record set by Bill Pete Huddleston of Iran. He also ran a very good 880-yard dash in two minutes 7 and 5 seconds. He was beaten by 5 of a second for first place. His time did break the old 880 record of 2.9.5. He was tied for second place high point man with 8 points, which was only two points under high point man.

Bill Edmiston ran a 5.12 mile to place fourth and account for one point.

The Eagles will be idle this week end and the following week will enter the Ozona meet at Ozona.

The Eldorado Volleyball team was victorious in their first game of the season last Thursday night. They beat Ozona 2 out of 3 games by a score of 15-8, 3-15, and 15-11.

Wednesday afternoon the girls meet Sonora in the Eagle gym at 3:00 p. m. This is Sonora's first game of the season.

Tuesday night the girls go to Ozona for the 2nd half of the play off. That game will be played at 7:30 and they would appreciate the attendance of all who can go.

**The Military**

Barbara West was high point girl in the game Thursday night with Fae Davis, captain, a close second. Simmons was high point girl for Ozona.

YOKOSUKA, Japan—Serving in the Ship Repair Facility at the U. S. Fleet Activities here is Kenneth A. Menees, torpedoman's mate seaman, USN, son of Mr. and Mrs. William A. Menees of Eldorado. He works in the torpedo work-shop. Menees, who attended Tyler Jun-

ior College, entered the Naval service in January, 1951.

The facility is comprised of a highly technical and skilled group of trained mechanics. These men, totaling more than 300 Naval enlisted sailors, are responsible for repairing and maintaining all ships operating in the Far East in support of United Nations action in Korea.

In addition to working on battle-scarred veterans such as the attack aircraft carrier USS Boxer, the minesweeper USS Wexbill and the destroyer USS Small, the men have worked on vessels from foreign countries.

CAMP PICKETT, Va.—Pvt. Roy D. Williams, son of Mr. and Mrs. Cecil Williams, Route 1, Eldorado, Texas, completed basic training recently at the Medical Replacement Training Center here.

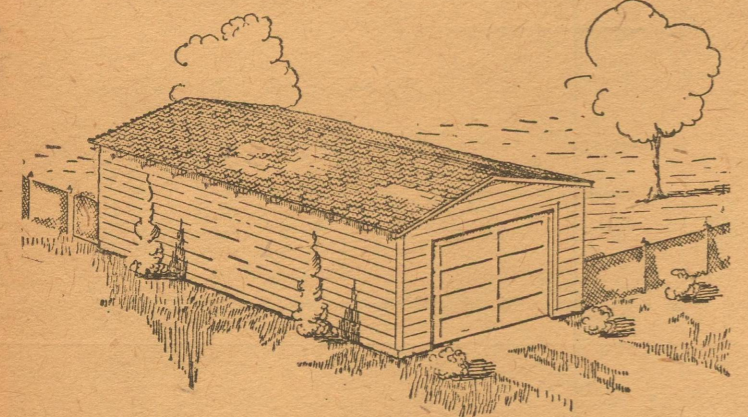

At MRTC, the Army's basic training school for medical enlisted men, he has received eight weeks of basic infantry training and eight weeks of medical training.

The infantry training covered subjects given to all new soldiers. Medical subjects studied included: Anatomy, physiology, military sanitation, method of evacuation, emergency medical treatment, administration of medicines, ward management, hypodermic injection, and operating room technique.

Sammie Calcote has completed his basic training at Camp Chaffee, Arkansas, and has been ordered to report to Washington for future assignment. He and his bride have been visiting in the home of their parents, Mr. and Mrs. Buster Calcote, of Eldorado, and Nat Henderson, San Angelo. On a recent visit to Eldorado they were accompanied by David Hill of Mertzon. Sammie's wife has been staying with her father in San Angelo while her husband has been in service.

Pvt E2 Grover Lee Johnson and his wife drove in Tuesday afternoon from Fort Belvoir, Virginia, where he recently completed a special training course. He and 19 others from his class of 25 have been assigned to duty at Camp Wolters, Mineral Wells, and the couple will drive to that camp in time for Grover Lee to report for duty Friday. He will be mechanic on heavy equipment. The Johnsons took the southern route to Eldorado to avoid the snows with their trailer, and drove night and day on traveling time, so they could have a short visit here.

Everyone is rejoicing over the blessings they received by being present in our services Sunday. Brother Jack Looney spoke in both services and everyone was blessed and concerned as he told of the work in the upper Amazon region. Our prayers are that God will call many young men and women and that they will answer the call to go to the regions beyond with the gospel of Christ.

The Lord is continuing to bless as the Bible school attendance is increasing each Lord's day. May every one of us stay humble and pray that many souls will be brought to the saving knowledge of Jesus Christ.

There is a warm welcome to all of our visitors and we are happy to have you worship with us.

Schedule of our services include: Sunday: Bible school 10:00 a.m. We are studying the third chapter of Genesis in our Bible school. Bring your Bibles and let us study God's word together.

Preaching service 11:00 a. m. Y. P. Meeting 6:30 p. m. Evening service 7:30 p. m. Wednesday prayer meeting and Bible study at 7:30 p. m.

Don't forget our Youth Fellowship Friday, 13th at Southside Baptist Church, Colorado City, Texas.—Pastor.

**PRESBYTERIAN MEETING**

Circles one and two of the Presbyterian Women of the Church met in joint session Monday afternoon with Mrs. F. B. Gunn as hostess. Present were 13 circle members.

Mr. and Mrs. Lynn Alexander have had as guests Bill Curry and family and Mr. McMillan, all of Austin.

**MARCH 15 EVERY DAY ?**

In a way, every day is tax day, because of hidden taxes on everyday purchases.

For instance, if you are a family of three with an income of \$3,500 a year, you pay almost three times as much in other taxes (most of them hidden) as in income tax!

Now, we all know taxes are necessary. (This company pays out in taxes 23% of all the money it collects from the sale of electric service.)

But in return, all of us should see to it that our government spends our tax dollars carefully. And it should never spend taxes for those things that people and businesses can do for themselves.

"Electric Service is STILL the biggest bargain in your Budget!" R. K.

# 8th ANNIVERSARY - ELDER OIL CO.

Eight years ago the Elder Oil Co. was established in Eldorado, and six years ago we put up the tile building which still houses our wholesale and retail oil business.

We have endeavored through the years to improve and expand our services, as the area we serve has changed and grown. Whatever modest degree of success we have achieved is due to the loyalty of the residents of this county and the patronage of the motoring public.

May we express our thanks to you, our customers, some of whom have been with us only a few days or weeks, and many of whom we have served eight years. We appreciate your loyalty.

Our greasing facilities are tops. Let us drain and refill your crankcase with our new Phillips Heavy Duty Premium Oil! It's the only oil with money-back guarantee of satisfaction.

**Bank Robber Caught**

A long chase ended Wednesday morning in Las Vegas, Nevada as FBI agents arrested Scottie Ray Muckelrath, 25, of Cayuga, Texas, and Byron Ralph Moore, 25, of East Alton, Illinois. The pair is charged with the armed robbery of the First National Bank in Bronte on January 27. The arrest of the pair is also expected to clear up a number of other burglaries and robberies in Texas and Louisiana. They are also under a federal charge of stealing a 1952 Mercury in Raleigh, N. C., last Dec. 24. —Bronte Enterprise.

**Coach For Mason**

A new football coach for Mason High School has been employed in the person of Bill Tittle, assistant coach at Colorado City. Mr. Tittle is a product of Texas Western College, El Paso, where he was co-captain of the team in his senior year. He is 29 years old, is six feet two and weighs 220 pounds. He played tackle and center in college.

Mr. Tittle succeeds John Albers but both he and Mrs. Albers will finish out their contracts this year at their present locations. —Mason County News.

**To Collect Back Taxes**

Announcement was made this week of the employment of Pete Williams, Jr., as attorney to prosecute the delinquent tax suits for Irion County. The action was taken by the Irion County Commissioners' Court. Williams will receive the usual fee of 15% of all taxes collected; this fee is set by the Texas Legislature. Mertzon Weekly Star.

**Accident Is Fatal**

Funeral services were held here at 4:30 Sunday afternoon for Miss Elsie Isabel Bingham, 21, who died at 9 p.m. Saturday evening in a Brady hospital following the accidental discharge of a .253 Savage rifle at their home here Saturday afternoon.

Services were held at the First Baptist Church with Rev. Bob Harris officiating. Burial was in Eden Cemetery under the direction of Day-Loveless Funeral Home.

Following the accidental discharge of the gun, striking her right thigh, she was rushed to a Brady hospital by a Day-Loveless ambulance, where she succumbed from loss of blood. —Eden Echo.

**Silver Expansion Program**

When its newest 1,350 h. p. compressor is put into operation this month Sun Oil Company will have completed the first phase of a 1½ million dollar expansion program at the Jameson gasoline plant at Silver.

The new type Cooper-Bessmer compressor was installed in the east end of the building which houses a number of these giant machines which are used in processing natural gas produced from the Jameson field. Two more similar compressors are on order and will be located at the opposite end of the compressor battery. —Robert Lee Observer.

**Memorial Planned**

Work on the A. H. Murchison Memorial Junior Livestock Barn will start in about a week.

Mrs. Murchison notified Chamber of Commerce officials Monday evening that she wished to erect the barn as a memorial to her husband, a pioneer Menard county

rancher and businessman. She is also donating the necessary land, expected to be five or six acres, for erection of the barn and necessary parking space. It is to be erected on Murchison property just off Highway 88 on the Eldorado road. —Menard News.

**Big Oil Deal**

San Angelo and Houston interests have purchased 34 producing wells in the World field of Crockett county for 1½ million dollars.

Cliff Thomas of San Angelo, L. F. Oil Co. and W. Stewart Boyle, Houston, purchased the producers from L. H. Armer of Fort Worth and Armer & Armer of Wichita, Kansas.

The 34 wells, all pumpers, currently produce 27,000 barrels of oil per month. —Ozona Stockman.

**Highway Bid Asked**

The Texas Highway Dept. is asking for bids, in this issue of The Avalanche, for constructing the last 20-mile gap on State Highway 118 between Alpine and the Big Bend National park boundary.

The project still unpaved measures 20,459 miles, according to highway engineers, and starts at the end of the present paving, 60 miles south of Alpine. The National Park service has announced that it will build a road in the park area to connect with Highway 118 at the boundary near Study Butte, in the Terlingua area. —Alpine Avalanche.

Joyce D. Heard of Fort Stockton was sent here recently by his party chief to work with Gravity Meter for one week. He is staying with his father Jack D. Heard, who lives in the Dora Oliver apartment.

**SHOWER HONORS BRIDE-ELECT OF TART MUND**

Out of town guests joined with local relatives and friends in attendance at a miscellaneous shower Saturday afternoon at the First Baptist Church, honoring Miss Wallie Gerlich, bride-elect of Charles (Tart) Mund.

The receiving hours were from 3:00 to 5:00. In the receiving line were Mrs. Frances Mund, Tart's mother; Miss Gerlich, Tart, Mrs. W. H. Gerlich of New Braunfels, and Mrs. Wendell Yates of San Angelo.

Presiding at the register were Mrs. Jody Whitten and Mrs. Clifford Schooley, and at the serving table were Mrs. Carroll Sproul, Mrs. Clyde Reece, Miss Jane Mund of Taft, and Mrs. Louise McRae of Sierra Blanca.

The dining table was centered with an arrangement of tiny white spring flowers on a reflector, and green candles in candelabra. The white cake was iced in white with rosebud trim, and was served, with tea and coffee from a silver service to the large number of callers.

The program included songs by Mickey and Terry Phelps and Jeannie and Becky Mund, with Mrs. Roy Phelps at the piano.

Miss Gerlich and her mother and Miss Elizabeth Potts arrived here from New Braunfels Saturday to attend the shower and left for their home Sunday afternoon.

Another out of town guest for the afternoon was C. M. Mund of San Angelo, Tart's father.

Hostesses at the shower were Mrs. N. G. Hodges, Mrs. Dick Jackson and Mrs. Arthur Mund.

Miss Gerlich recently completed a business course at San Antonio,

and Tart is stationed at Randolph Field, with two more years of service scheduled. The couple will wed March 21 in a church at New Braunfels.

### First Baptist News

We were off in our attendance this past Sunday. We had 217 in our Sunday School and 68 in training union. The orchids went to the junior department with a grade of 64. The onions were won by the Adults with a grade of 50. Each department is still falling below their goal for attendance each Sunday. We trust that each department will contact their absentees and prospects each week that we may grow a great Sunday school for the glory of God.

Monday evening March 16. This is the time for our father and son banquet sponsored by our brotherhood. The supper will be served at 7:30 in the fellowship room. A fine program will follow that will be of interest to fathers and sons. Our goal is for 100 men and boys to be present for this fine program.

This Sunday will be Christian education day in our church. Our guest speaker at the morning worship hour will be Dr. Nat Tracey of the Bible department of Howard Payne college. A good service will be your reward for being in

this service. Dr. Tracey will be speaking for all of our Baptist schools. Special music for this service will be furnished by the college.

Brother Welsh is organizing a church orchestra among the young people and if you play an instrument we would invite you to come meet with this group. They will be meeting at 6:45 each Wednesday evening to practice. If any adult owns an instrument that you would lend to the church for some young person to play in the orchestra please call 23331 and let Brother Welsh know that it is available.

We welcome into the fellowship of our church the following: Mr. and Mrs. Lefty Haynes and son Dale. We had a good many visitors in our services Sunday. You will always find a warm welcome at the "Friendly church with the spiritual program." We have a class for every age and a place of service for all. If you are a Baptist we invite you to make our church your church home. If you have no church preference we extend a welcome to you to come and worship God with us each Lord's Day.

Certainly we are all grateful un-

to the Lord for the blessings in the form of rain that he sent upon our starved and parched fields and ranges over the weekend. Every Christian in Schleicher County should be in his church this Lord's Day to show their gratitude to God for this blessing. It will be interesting this Sunday just to see how many come into his house to thank him and how many just take it for granted.

If every member of the First Baptist church were to come Sunday we would have to bring chairs into the sanctuary, but we have them, so come on up to God's house. Whatever church you belong to, the pastor will be happy to see you Sunday. If you have no church membership you will find a glad welcome in any church of our city you would choose to worship in this Lord's Day. "Will see you at church Sunday."

Certainly our deepest sympathy and prayers go out to the family and loved ones of Mr. Hop Cheatham in this hour of their deep loss. In this experience that is common to us all, we find the spirit of love and prayer that is common to all. May God's Holy Spirit comfort each of the loved ones in their sorrow.

### More Livestock Sold But Gross Is Down

College Station.— Texas producers sold more livestock during 1952 than in 1951 but their gross receipts were down 13 per cent. The lower average price for cattle was a major cause; however, according to C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, other factors also helped cut the net returns to producers.

Feed supplies were short and the heavy expenditures for forage and concentrates "soaked-up" much of the \$970 million received for livestock and livestock products during the past year, says Bates. During recent years, he adds, about 62 per cent of the farmers' gross income has been spent for operating expenses and when prices for livestock and related items were high, these costs were less painful. But, it is a different story today.

Since, says the specialist, feed purchases take a big chunk of the total income, this item may offer possibilities for savings. It is doubly important this year, he adds, because the cost of items used in production are not likely to drop in price.

#### NEW BABIES

Mr. and Mrs. Bobby L. Barber of San Angelo are the parents of a daughter born Sunday morning, March 8, at 4:05. She weighed six pounds at birth and has been named Ebba Vonciel. Grandparents are Mr. and Mrs. H. T. Finley of Eldorado and Mr. and Mrs. L. T. Barber of Alpine, and greats are Mr. and Mrs. Sam E. Jones and Mr. and Mrs. Archie Wright of Eldorado. A number of local relatives have been in San Angelo to visit the young mother, who is the former Ebba Ann Finley, and the new baby, whose birth occurred at Clinic Hospital.

Mr. and Mrs. Johnnie Scarborough are the parents of a new son born during weekend. The family are renters in Mrs. J. B. Christian's new house near Elder's.

#### NIGHT CLUB MEETS

The Night Bridge Club met Friday night at the home of Mr. and Mrs. H. T. Finley, three tables playing. Mr. and Mrs. Leslie Baker won high. Mrs. John Williams, women's bingo; Mrs. Robert Page high guest, and Jimmie West men's bingo.

The serving table was centered with an arrangement of pansies surrounding a pink candle, and flowers decorated the reception rooms. Pecan pie a la mode was served with coffee at the conclusion of the games.

#### DAR NOTICE

The DAR will meet with Mrs. John Bailey in Ozona, on March 10, with Mrs. Bailey, Mrs. Steve Perner, Mrs. L. B. Cox, Jr., and Mrs. Tom Owens as joint hostesses. The Eldorado group will meet at the Memorial Building at 1:00 that afternoon and go in a body to the meeting which will open at 3:00.

Mrs. Pat Finley returned home Wednesday from a San Angelo hospital where she had an operation.

### Missionary From Brazil

The Rev. Jack Looney left Wednesday afternoon after Lions' Club meeting, upon completing the last of a series of meetings at which he was principal speaker. Rev. Looney who is with the Association of Baptists for World Evangelism, is in the States on furlough from his work as missionary in Brazil.

On Sunday he spoke at both services at the Fundamental Baptist Church, and again addressed that congregation on Tuesday night. On Wednesday he discussed some of his experiences as missionary, pointing out the fact that primitive modes of transportation, illiteracy, and superstition among the Brazilian natives were problems to be overcome. He also talked to the high school students at the school assembly yesterday morning.

He gave a number of interesting talks in Eldorado, and showed some pictures which he and Mrs. Looney had made in Brazil.

After leaving Eldorado Wednesday he went to Coleman to address the Bible Baptist Church there.

#### Methodist Notes

The Methodist young people attended a sub-district meeting Sunday at Day Memorial Church in San Angelo, several adults accompanying them. During the business session, Mary Tisdale was elected chairman of the committee on Community Service. Miles was selected as the next meeting place, the meeting time to be the first Sunday in May.

On Sunday afternoon at 3:00 at the Methodist Church there will be a meeting of the Workers' Council, which members of the Board of Education and Sunday School officers and teachers will attend. All Sunday School workers are urged to attend this meeting.

#### GUILD MEETING

It has been announced that the Eldorado guild of St. John's Episcopal Church will meet Monday, March 16 with Mrs. Jim Willoughby.

Mr. and Mrs. Bill Lester have had as a guest an aunt, Mrs. J. B. Pritchett of Colorado City.

The Yearouts of New Mexico have been guests of their daughter, Mrs. Andy Nixon.

#### STOCK SHIPMENTS DOWN

Austin.—Only 2,427 carloads of livestock were shipped in Texas during January, compared with 5,965 in December, the University of Texas Bureau of Business Research reports. Hog shipments were down 96 per cent; cattle, 63 per cent; calves 25 per cent; and sheep, 3 per cent. Cattle shipments were still 14 per cent more than January, 1952, but hog shipments dropped 85 per cent; sheep, 40 per cent; and calves, 21 per cent.

### Presbyterians Conduct Evangelistic Campaign

Rev. Charles Bruce has been preaching at the special evangelistic services, conducted as a part of the Synod of Texas evangelistic campaign under way during the month of March.

As planned and as announced last week, Rev. Bruce is preaching at these services here, substituting for the scheduled speaker, Rev. O. L. Savage of Killeen, who was ill. The choir is bringing special music each evening, under direction of Mrs. James Page.

The services opened Sunday and will close with the Friday night service. All members are urged to attend and visitors are welcome.

According to plans worked out for the Presbyterian churches of the state, the Month of March was designated as the time to carry out a simultaneous evangelistic campaign throughout the Synod, pastor trading pulpits according to a pre-arranged plan.

### Sherl Gandy Honored On His 14th Birthday

Honoring Sherl Gandy of Calf Creek on his fourteenth birthday, Mrs. O. B. Bradshaw and daughter Monetta entertained with a party at the Corral Saturday night.

The young people spent the evening dancing and punch, cake, and candy was served at the close of the evening. Attending in addition to Sherl were his brother Dan, his grandparents Mr. and Mrs. W. R. Duncan, and Patricia Cavin, Billy Ross Cavin, and Fae Ray Blasdel, all of Calf Creek; also many from here.

### Two Children Honored With Birthday Party

Fifty children and adults attended when Sheila Harrison and Buddy Calk celebrated their birthdays with a joint party Saturday afternoon at the Memorial building.

Mrs. W. H. Graves, her aunt, entertained for Sheila, who was three years old, and Mrs. Eldon Calk was hostess for her son Buddy, who was two.

The children spent the afternoon playing and they were presented with favors, which were balloons, horns and hats. A large decorated birthday cake, iced in pink and white, was lettered with both names. Cake and ice cream was served.

Present from out of town for the occasion were Sheila's grandparents Mr. and Mrs. Floyd Harrison and her father, Floyd Harrison, Jr., all of Uvalde.

### Woman's Club Meets

The Woman's Club voted to reinstate the scholarship fund and took up an offering for the Red Cross, at the regular meeting of the club Tuesday afternoon at the new home of Mrs. Virge Tisdale.

Mrs. D. E. DeLong led the discussion of federal aid to education, and roll call was answered with arguments for or against this question.

The hostess served punch and cake squares from a lace-covered table, which was centered with spring flowers. Mrs. Arthur Mund laded the punch and Mrs. J. Page served the cake.

The next meeting will be with Mrs. E. W. Craig.

#### CARD OF THANKS

We want to thank our friends for their many kindnesses to us during the long illness and after the death of our loved one. We thank you for the flowers, letters, cards, inquiries and other expressions of friendship, and especially want to thank Dr. Wm. Lindsey and his assistant Mrs. Sybil Kinser, and Dr. Charles Browne for their faithful services.—The family of S. H. Cheatham.
