YOUTHS STEAL PATTERSON'S PLANE, CRASH IN FIELD

Two youths who gave their ages as 16 were picked up following the crash of their airplane near Fredericksburg Wednesday, and were turned over to local authorities when it was learned that the plane belonged to W. M. Patterson and had been stolen from the Eldorado airport at dawn Wednesday. The boys gave their names as J. C. Davis of Lamesa and John Gossett of Sinto n.

They explained to arresting officers that they had been attempting to hitchhike but had trouble getting a ride and decided instead to steal the plane. They broke the lock on the hangar to gain access to the plane.

They were hospitalized for minor injuries and one was released to Eldorado officials Wednesday afternoon, while the other remained in the hospital. They told officers that they had been living with relatives near Houston.

Girl Scout Officer To Conduct School For Local Leaders

Miss Mary Ellen Moorehead of San Angelo will conduct a training meeting for Girl Scout leaders Thursday, April 21. The meeting will begin at 9:00 a. m. at the Memorial building and will include a cook-out and other out door training.

All Girl Scout leaders, troop committee members, and any other interested adults are urged to attend this meeting. The meeting will be over by about 2:00 p. m.

NO JURY!

Sheriff Sweatt was busy yesterday morning notifying some 36 local men who were to appear as petit jurors next Monday morning.

Later in the day District Judge May informed the sheriff's office there was no need for a jury after all (case settled out of court or something) — so Sheriff Sweatt "un-summoned" the same 36 men yesterday afternoon.

Caravan Of The Blind To Be Here Saturday, Sponsored By Lions

The "Caravan of the Blind" truck will be in Eldorado all day Saturday, April 16. This truck will be parked near the bank and will sell merchandise manufactured by Texas blind workmen in Blind Shops or Lighthouses.

The Caravan is sponsored in Eldorado by the Lions Club and their portion of the proceeds will be used for worthwhile community projects. Zone captains are Palmer West No. 1, C. C. McLaughlin No. 2, Jerry Pennington No. 3, and Skeet Mace No. 4.

There will be a house to house canvass throughout the residential section of town. From the truck are sold ironing board covers and pads, brooms, door mats, mops and other items, all made by the blind.

PTA TO MEET

There will be a PTA meeting next Tuesday evening at 7:30 in the high school auditorium. New officers will be installed at this meeting. The public is invited and PTA members are urged to attend.

Commissioners Vote To Employ Co. Home Demonstration Agent

PECOS PETE SMOKY SKY

Meeting with a group of interested Schleicher County women, and acting in response to popular demand, the Commissioners' Court Monday approved the employing of a county home demonstration agent, and voted to pay \$3000 annually toward her salary.

Securing of an agent for the county will be contingent upon locating a qualified woman who is available for the position, there being an acute shortage of demonstration agents at this time.

The commissioners considered this project from every angle, and talked over the problems with 26 Schleicher County women and the district representative, Miss Thelma Casey, who attended the meeting.

The group discussed the project in detail, including such questions as the salary which would be a fair one to offer the agent. The amount of \$3,000 was agreed upon by the commissioners as the county's part, and the federal government will pay as much in addition as is necessary to bring the salary up to a required total.

It was explained that the salary must be at least equal to that paid to teachers, as any demonstration agent is qualified to teach, and would be on the job only nine months a year if she were a teacher, as compared with twelve in demonstration work.

The fact that there is shortage of agents was stressed, and the district representative expressed the opinion that it would be at least some time in May before one could be found.

A major problem confronting commissioners has been finding office space for the demonstration agent. The court decided that for the time, until better facilities can be provided, she would have her office in the second floor room along with County Agent W. G. Godwin.

Schleicher County had previously maintained a demonstration agent for many years, and there were active clubs in Eldorado, Bailey Ranch, Reynolds and other communities, and also strong 4-H organizations during that time. During World War II, the demonstration agent remained on the job, but the county voted in 1946 to discontinue the office, due to shortage of agents and funds.

At the meeting here Monday, four charter members of the first clubs were present, including Mrs. L. D. Christian and Miss Ruth Baker, Eldorado Club; Mrs. Lester Henderson of Bailey Ranch, and Mrs. Buster Dickens of Reynolds. Among others present were Mrs. George Draper, a former 4-H club member; Mrs. Reginald Atkinson of Irion County, who is interested in joining a home demonstration club, and Mrs. R. C. Edmiston, president of the Rankin Home Demonstration Club.

Circulation of a petition asking for a home demonstration agent started the chain of events which resulted in the court's favorable action at Monday's meeting.

Among those who have served as home demonstration agents in the past are Lora Fornsworth, Mabel Howell, Francis Bowin, Margaret Stewart, Virginia Ryan, and Mary Lewis.

Plans For Administering of Polio Vaccine Being Pushed

Local officials are setting the ball rolling for administering of the Salk Vaccine for polio prevention, following release Tuesday of the official results of the mass inoculation last year, showing that the vaccine is from 80 to 90 per cent effective and also perfectly safe.

Mrs. W. H. Hale, school health nurse, has completed the survey of first and second graders whose parents signed requests for the vaccine, and all is in readiness for administering it. The 90 per cent of these 1st and 2nd grade children whose parents replied in the affirmative will receive the vaccine entirely free.

The date cannot be set until Dr. W. H. Lindsey, county health officer, is notified of the time of the arrival of the vaccine here.

The vaccine has been released on the open market, and Dr. Lindsey and his partner, Dr. Jack L. Mowrey, city health officer, proprietors of the Eldorado Clinic Hospital, have placed orders for an amount expected to be sufficient for the needs of the county. They will administer it in accordance with recommendations of the Foundation.

It is anticipated that the demand for the Salk Vaccine will exceed the immediate supply. To provide the most adequate protection to the most susceptible population, the following priority system has been established:

1. Grades 1 and 2 (provided by the foundation if requested by parents.)
2. Ages 4 to 9, other than priority 1. This includes the susceptible age groups.
3. Ages 1 to 3.
4. Ages 10 to 14.
5. Pregnant women.
6. Ages 16 and above.

BAND PRESENTS PROGRAM AT LIONS MEETING

John Brown and the high school band presented the program at the regular Lions Club meeting yesterday noon at the Memorial building.

The club had one guest, Paris D. Burnham, new manager of the local Wm. Cameron & Co. yard.

Plans were made for club members to assist with the Caravan of the Blind truck which will be in Eldorado Saturday.

CRUSADERS TAKE TRIP TO SEE PAGEANT

Mr. and Mrs. Edwin Jackson and Mrs. Jack Hext went to Fredericksburg Saturday with the Crusaders, a children's organization from the Presbyterian Church, to see the pageant and the Easter fires.

Children in the group included Jim Runge, Pam Calk, Jackie Shugart, Linda Jones, Carol Tisdale, Judy Hext, Sammie Mayo, Francis Lancaster, Debbie Sue Dacy.

METHODIST MEN'S FISHING TRIP STARTS APRIL 22

Arrangements are practically completed for the Methodist Men's annual fishing trip, April 22-23.

The finance committee, members of which are Jerry Pennington, L. V. Newport, Jim Martin, Bill Brooks and Doyle Morton, state that the food fee of \$2.50 should be paid by Monday. Each man attending will take care of his own fishing expenses, but the above fee will be used to purchase the food.

This fishing trip is an annual event, held under sponsorship of the Methodist Men, and attended by Methodists and many from other denominations.

FIRE DAMAGES UTILITY ROOM AT KENO'S COURT

A fire which did some damage to the utility room at Keno's Courts was discovered Monday afternoon by the proprietor, Keno Ogden, who heard a popping sound caused by exploding light bulbs, investigated, and located the blaze. Prompt action on the part of the firemen in answering the call and extinguishing the blaze, and the fact that the utility room is separated from the other units, probably prevented further damage.

The cause of the fire has not been determined. Smoke and water did some damage to the interior of the utility and store room. One of the principal losses was a supply of new blankets, spreads, and mattress pads which had been stored in the original cardboard containers. Some other linens used in the courts were also lost.

A west door was badly burned also, and other damage from smoke and fire was done to the west wall.

DUDLEY BUYS FARM

P. S. Dudley, retired oil employee who with Mrs. Dudley, makes his home here, has bought 80 acres of Joe Edens' land east of Eldorado, and is completing a new water well there. He has also leased 160 acres from Mr. Edens, and Lloyd Johnson will continue to work all of it.

Mr. Dudley is undecided as to whether to build a new residence on his land, or to buy a lot in Eldorado and build here. He plans to put up a five-room brick veneer home.

Mrs. George Skornicki and two children arrived Wednesday night from New York City for a visit with her parents, Mr. and Mrs. W. F. Parrent.

Oil News

Sinclair Oil & Gas has filed application to drill its No. 6-A Dwight McClatchey one location south of production in the Huldale field, seven miles northeast of Eldorado. The project will be drilled with rotary to 5,800 feet. Location is 467 feet from the south and west lines of 31-A-GH&SA survey.

MOORE WELL

Continental No. 1 L. Moore estate ran logs after recovering gas-cut mud and salt water in the Cambrian. They stopped at a depth of 8622, and plan to develop an earlier sand producing oil and distillate. Testing will require several days.

The Ellenburger gas-distillate prospect is in 29-A-GC&SF, 12 miles west of this city.

Tom Enochs Honored With Birthday Party

Tom W. Enochs, an employee of Mud Control Laboratories of Midland and son of Mr. and Mrs. J. A. Enochs of Eldorado, was honored guest at a surprise birthday party given by Jo Carrigan in Terminal Sunday afternoon.

After the gifts were opened by the honoree, a beautifully decorated birthday cake and coffee was served to about thirty guests, including Mud Control employees and their families from Odessa, Midland and Terminal. Attending the party from Eldorado were Mr. and Mrs. J. A. Enochs, Rex Enochs, Ethel and Eddy Etheredge and Sylvia Ann Enochs of San Angelo.

Henry Mittel Jr., son of Henry Mittel of this county, and Ray Long, son of Mr. and Mrs. George Long, spent the Easter weekend here with home folks. Henry is stationed at Austin and Ray is a University student.

Mr. and Mrs. William Sauer and son Paul of Van Horn spent from Friday to Monday morning with their parents, Mr. and Mrs. Otto Sauer and Mr. and Mrs. Fred Gundstead and other relatives in the county.

Sunday guests in the Alvin Farris home were Mr. and Mrs. Weldon Holland and children, Mr. and Mrs. D. L. Gray and girls, Mrs. Mark Holland, and Mr. and Mrs. Lester Smith and son all of San Angelo.

Among the visitors in the Otto Sauer home over the week end were Mr. and Mrs. William Sauer and Paul of Van Horn, the Harvey Dannheim family of San Angelo, and Mr. and Mrs. Clyde Perkins and daughter of Dumas.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth.—The accent was again on "quality" in the cattle trade at Fort Worth on this week's opening session. Higher grades moved rather readily at generally steady prices, while the less attractive kinds were on the weak side.

Packers took a bearish stand on most cattle on the early rounds, but salesmen were able to get largely steady prices for fed steers, yearlings and heifers. Cows were weak, and packers complain that many of the cows are either off grain pasture or clover or other lush growth and are washy and low in the yield and grade, a seasonal development.

Probably the most significant point in the condition of these cows is that it indicates that movement from the eastern third of Texas, as well as the East Texas bordering states is somewhat earlier than usual this year in some cases.

High grade slaughter and high grade stocker calves sell readily at firm prices in the \$18 to \$22 field, while most slaughter kinds except a few fancy heavies check in at \$21.50 down. Medium and lower grades were steady to weak. "Green" calves and yearlings are a problem for the slaughter buyers right now, they say. Bulls steady.

Good and choice fed steers and yearlings topped at \$23.50 and \$23.75 at Fort Worth Monday, a load of experimentally fed steers from the Spur station brought in by Paul Marion at \$23.50, and two loads of fed steers from a commercial feeder drew \$23.75, both these sales were above any made here last week when \$23 was the practical top.

Monday's trade in the sheep barns at Fort Worth saw spring lambs and yearlings or older sheep sell steady. However, old crop shorn lambs were still under some pressure and no better than barely steady with last week's low close at best.

Packers are still bearish about heavyweight old crop lambs and when weights get around 100 lbs or more on these, the price is definitely lower again.

Mrs. Bert Page is seriously ill in a hospital at Galveston, and several of the members of the family are with her most of the time.

Bobby Galbreath and a friend, who have been working with a seismograph crew at Merizon, called briefly at the home of Bobby's mother, Mrs. H. L. Galbreath Sunday. They were moving to the McCamey area.

SEWER EXTENSION IS SHAPING UP FOR TWO BLOCKS

The project of extending the city sewer system to serve blocks 47 and 48 in the northwest part of Eldorado, is shaping up well, with property owners signing up and plans being outlined for starting of the construction.

Property owners who will pay for the project are Jack Shugart, who will bring in the sewer for his new development which includes all of Block 48, and Morris Whitten, Edgar Spencer, the Sprouls, Dwight Wiedenmann, and Edith Nixon of Eden, for Block 47.

FEED PROGRAM REOPENED

The government drought feed program is back for several West Texas counties. The local FHA committee has been notified to accept applications for emergency feed through April 29. No changes have been made in the operation of the program. Applications will be made for feed through May 15. The ASC office, now located in the Wiedenmann building west of the courthouse, will accept applications for FHA in Schleicher Co.

LETTERS FROM READERS

Dear Sir: You will find \$2.00 for my good old Eldorado Success for another year. We are having too much rain in this county and wish all of my good friends in Eldorado could get some of it. It has rained over 20 inches since Christmas. Give all my regards to everyone in Eldorado—Carl Farrar 609 West Ttate St., Senatobia, Miss

CLINIC NEWS

Mrs. D. E. DeLong was a medical patient in the local clinic April 8 to 10.

Dick Runge received emergency treatment in the clinic Saturday night and was dismissed Sunday morning.

W. F. Parrent entered the clinic Monday night. He is seriously ill with a heart ailment.

BETTER LOCATION OF FIRE WHISTLE IS PROPOSED

A special committee has been appointed by the fire department to investigate better location for the fire whistle, so that fire boys may hear it from all parts of town regardless of high winds.

Some of the firemen have been unable to hear the whistle if they were working in outlying parts of Eldorado, and the committee has been instructed to find a location from which the sound of the whistle will carry better.

One suggested location is the top of the tank on the courthouse roof.

Local PTA Members Attend 5-County Council

Mrs. Palmer West and Mrs. M. H. Woodward attended the PTA Five-County Council meeting in the English room of the Cactus hotel in San Angelo Saturday morning. Mrs. West is 5-county council president and Mrs. Woodward was acting secretary in the absence of the regular secretary.

Mrs. Edwin Brown of Christoval, council program chairman, introduced Sharon Rountree who gave a reading "The Easter Story" and Mrs. P. C. McGahee of College Hills Baptist Church who spoke on "How does responsible citizenship protect its value?"

Other guests were Sharon's mother, Mrs. Wiley Rountree of San Angelo and Mrs. Arlie Brooks, president of the San Angelo PTA city council.

The 5-county council is composed of representatives from 19 schools in five counties and meets three times a year to discuss the problems of individual PTA units. Seven units were represented at this meeting and reports were submitted from each of them. After the business meeting a luncheon was held in the hotel. The next meeting will be October 8 in San Angelo.

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

Seven "Film-Coated" Ingredients Offer Positive Relief

The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten, thanks to an exciting new laboratory discovery named Ar-Pan-Ex. Ar-Pan-Ex was perfected by a noted scientist of a world-famed university, working with all known facts about these crippling ailments. The result is a safe, easy to take tablet that promotes the fastest relief known from that stabbing agony. Ar-Pan-Ex is compounded of seven active ingredients including a special new medicine to help provide longer lasting relief. Ar-Pan-Ex is exclusively perfected to curb chronic, deep-seated pains.

Why AR-PAN-EX Helps

Ar-Pan-Ex does not dissolve uselessly in the stomach—avoids stomach distress. Ar-Pan-Ex is scientifically "Film-Coated" so that ALL

the powerful, pain-relieving medicine is released only in the small intestine where it can be quickly carried by the blood stream to every pain-wracked muscle joint and nerve. Swelling, stiffness and soreness may seem to be miraculously eased when Ar-Pan-Ex helps the system throw off excess Uric Acid that can also aggravate pains.

Nothing Like AR-PAN-EX

Nothing ever offered before can bring results faster, more effectively or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of usefulness and pleasure to millions.

Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is not of it, he will be glad to order it for you.

School News

The school board in a called meeting Wednesday evening, April 6, elected Guy Whitaker of Richland Springs as basketball coach and teacher in the Eldorado schools subject to satisfactory reports on incomplete investigations. The investigations have been completed and are satisfactory; thus validating the election of Mr. Whitaker. His acceptance was received Tuesday noon, April 12.

Mr. Whitaker has coached for two years at Richland Springs, winning 19 and losing 8 the first year; the second year winning 22 and losing 3; one of which was in regional play to Avoca who won state championship. Mr. Whitaker will need only a few hours having his masters by next September. Mrs. Whitaker will receive her master degree this summer in Elementary education. Mr. Whitaker, along with his coaching duties will have about a three-fourths teaching load.

Some comment as to the number of coaches being employed by the Eldorado school might be better explained by the following facts: Of the four men acting on the coaching staff, one is teaching 4 high school classes; one, 5 classes (3 elementary); one, 5 elementary; and one, 4 classes. This is to be compared with a full teaching load of 5 classes in high school and 7 classes in the elementary school.

The Junior High 440 relay team of Arnie Westbrook, John Robledo, Joe Stanford, and Dan Mittel won first place in the district track meet in Sonora with a time of 51.3. Westbrook and Robledo placed 3rd and 4th respectively in the 100 yard dash. Walter Donaldson won first place in the high jump.

Junior High track lettermen are Westbrook, Robledo, Joe Stanford, Donaldson, and Mittel.

The senior team qualified five boys to enter the regional meet. These are Harold Lloyd in the mile and the mile relay team made up of Bob Ratliff, George Sofge, Curtis Stockton, and Jerry Pennington. A boy or team must place at least 3rd in the district meet to qualify for the regional. The regional meet will be held in Brownwood, April 23rd.—H. S. Reporters.

Mr. and Mrs. Bill McRae and children of Pecos spent Friday here with Mrs. McRae's parents, Mr. and Mrs. Lum Burk.

Mr. and Mrs. A. J. Burk of Odessa spent several days during the holidays with Mrs. Burk's mother Mrs. Way King and other local relatives.

Guests in the Arch Edmiston home during the Easter holidays were Mr. Edmiston's son L. E. Edmiston and his wife and daughters Sue, Kay and Gwen, all of Imperial.

Mr. and Mrs. Tony Queen of Ballinger, Mr. and Mrs. Roy Crider and two children of Irian, Mr. and Mrs. Wesley McAlpine and baby of Fort Stockton, and Mr. and Mrs. Pat McAlpine and Mike of San Angelo visited during the holidays with Mr. and Mrs. W. G. McAlpine. This week T. J. Burk of Merkel is visiting an old Navy buddy, Harlan McAlpine.

The story behind an April 1 Washington headline—"Car Tag Applications in D. C. Drop 10,000 below 1954 Figure": An exodus of the whites from the district to suburban areas due to the gradual penetration of neighborhoods by colored people. Every day up here you can hear of some one who wants to sell his home because of a colored family that has just moved into the block.

Colored population in the district is now estimated at a little under 40%. In Washington schools the proportion is 60% Negro and 40% white. Observers think that in another 20 years the ratio will be stabilized at about 80-20, in favor of colored.

Corrections in Wills

Changing and revoking wills has involved many an estate in litigation because the proper legal methods were not used and the statutes were not followed.

Take the case of Mr. S. Some time ago he went into his lawyer's office and laid in front of his attorney a will which had been prepared for him about a year previously. He said that he had made

a few changes in it and wanted to know whether his attorney thought the changes were all right.

Mr. S. was attempting to change two items of his will by drawing lines through certain words in these items and interlining, in his own handwriting, the changes he wanted. He was not attempting to revoke his entire will but merely trying to change these two items. If Mr. S. were to die with his will in that condition, the probate court would not recognize the changes that he had made, but would probably probate the will as it was originally written. Mr. S. was surprised to learn this and immediately requested that a new will be prepared.

After the will has been once executed, changes cannot be made legally by crossing out parts of a will and interlining corrections or additions. To change a will, an

entirely new will must be written and properly executed or an addition by way of a codicil should be executed.

Since a will does not take effect until the death of the person making it, the provisions of the will should be reviewed by the maker at least once a year to be sure that changing conditions and circumstances have not been such as to require a modification of the will. It is very easy to postpone doing a thing of this kind, but failure to do so may result in the intentions of the maker of the will being thwarted to a certain extent.

There are many changing circumstances which would be brought to his attention if a person would review his will at least once a year in the light of circumstances at the time. Such things as deaths among the legatees or devisees named in his will, births, marriages or di-

vores in the family, accidents or sickness among the close relatives which make it desirable to increase or decrease the amount given certain ones, substantial increase or decrease in the value of the estate of the person making the will, death of all witnesses to the will and many other factors, may cause a person to want to execute a new will or add a codicil to his old one.

A free pamphlet containing useful information on wills and related matters may be obtained by sending your name and address on a postcard to State Bar of Texas, Colorado at Fifteenth, Austin 1, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Date Is Revealed For Ochsner-Schmidt Summer Wedding

Mrs. L. D. Ochsner and her daughter, Mrs. Harold Scherz of Sonora, attended an announcement tea in Slaton April 8 at which the engagement of Miss Lena Schmidt to Lt. John D. Ochsner was announced. The tea was held in the Slaton club house from 7:30 to 9:00.

The bride-to-be, daughter of Mr. and Mrs. Fred Harry Schmidt of Slaton, is an art teacher in the Seminole school. She has a BS degree in home economics and major in applied arts from Texas Tech. She was president of Pi Beta Phi sorority, president of the Association of Women Students, a member of Forum and the most outstanding woman of the year for 1954.

John, son of Mr. and Mrs. L. D. Ochsner of Eldorado, is a lieutenant in the Signal Corps and stationed at Fort Hood. He has a BS in petroleum engineering from Texas Tech, where he was vice president of Kappa Sigma fraternity and a member of AIME.

The couple will be married July 7 at 8:00 p. m. in the First Methodist Church in Slaton.

Mr. Ochsner accompanied Mrs. Ochsner and Mrs. Scherz to Slaton and drove to Crosbyton where he visited his twin brother. They returned home Saturday.

Clean Up Premises For Safety, Health Advises Committee

College Station, April 14. — Now is the time to get rid of the winter's accumulation of trash and junk. Nature is replacing winter's bleak landscape with the soft green of renewing life of spring and needs your cooperation to complete the job.

If every farm family would conduct a cleanup campaign at home—inside and out—it would help eliminate fire and accident hazards, make home a safer place to live, and result in happier and more productive workdays, says the Texas Farm and Ranch Safety Committee.

Farm fires take a heavy toll of life and property each year in the nation, about 3,000 lives and \$139,000,000 worth of property. Both figures could be reduced, believes the committee, with good "house-keeping." Cleaner farms will mean fewer fires.

Inspection, they say, is the first step in fire prevention. Remove the hazards which may cause fires and accidents and ask the neighbors to cooperate in a community cleanup campaign.

Secondly, points out the committee, stop taking fire risks. Careless smoking habits and the misuse of matches are major causes of fire. Too, kerosene, gasoline or other flammable liquid should never be used for starting or boosting fires in stoves, ranges or fireplaces. Be sure flammable liquids are safely stored and away from farm buildings.

During the cleanup campaign if trash is burned, pick a still, damp day for burning and have help and equipment handy in case it is needed. Then be sure the fire is out before leaving it unattended.

The committee believes the dollars spent for fire extinguishers and other needed fire fighting equipment is a mighty good investment and would like to see every Texas farm family trained in their use. Finally, they say, give everything a place and then keep it there—that's good "housekeeping."

Mr. and Mrs. Eldon Calk and children spent Sunday in Coleman visiting his sister, Mr. and Mrs. A. A. Kohler who are preparing to leave for overseas assignment soon.

Mr. and Mrs. Harold Pryor are visiting in McGregor and Laredo.

Terminal For Alpine

Texas and New Orleans Railroad officials this week were completing plans for the construction of a new freight terminal in Alpine. Work is expected to begin this summer. The go-ahead signal for construction of the \$930,000 terminal was received from the Texas Railroad Commission last Friday. The commission authorized the railroad to discontinue terminals at Sanderson and Valentine and to establish the new freight terminal in Alpine. At the hearing last July, officials said about 68 workers would be brought to Alpine when the new terminal facilities are completed.—Alpine Avaianche.

Right of Way Talked

The widening of Highway 29 from Menard to one mile west of Hext and Menard's continuing search for a solution to its water problems were discussed at the April meeting of the Menard County Chamber of Commerce Monday night.

Perry Hartgraves urged the organization's officers and members to get behind an effort to secure right-of-way from the Junction intersection south of Menard east to one mile this side of Hext—Menard News.

Attend Funeral

Mr. and Mrs. N. C. Packer returned last Wednesday from Lufkin where they went to attend the funeral services of W. F. Deal, 83, the only brother of Dr. E. O. Deal of Mertzon, who was unable to attend. Mr. Deal died Monday, March 28, in Lufkin and funeral services were conducted from the Lufkin funeral home Tuesday afternoon.—Mertzon Weekly Star.

Coke Is Building

Public works projects in Coke County are going ahead at a rapid pace this spring. More than a million dollars will be spent in the various construction programs which include the \$300,000 court house, \$245,000 for road, bridges and paving in Precinct 1, a \$250,000 school house at Bronte, \$160-

000 for paving and bridge and road work in Precinct 2, and the new Farm to Market road to Water Valley. The latter project is financed from state funds and will cost \$140,000.—Bronte Enterprise.

Phone Rate Refused

Another session and another failure to reach an agreement were the main happenings at a meeting of the city council Friday night.

The phone company offered a compromise rate to the members of the council which was considerably lower than the originally proposed increase. However, the council rejected the offer and offered a counter proposal to representatives of the phone company. This offer was rejected by the company.—Bronte Enterprise.

Soft Water Possibility

The people of Reagan County will have the opportunity of obtaining an adequate supply of soft water if proposed plans of a group of interested citizens can be put into effect. In furtherance of these plans, bills to create the Reagan County Water Supply District were introduced in the Texas Legislature on Tuesday of this week, and the bills have been referred to the Water Control Committees of the House of Representatives and the Senate for consideration.—Big Lake Wildcat.

Rate Controversy On

General Telephone's request for temporary injunction has been denied... and General has since given notice that the case will be carried on to the Court of Civil Appeals at Austin.

From here on the case could become a lengthy one. Suit is over the enforcement of an ordinance passed here in September, 1952, by the City Council, setting telephone rates for the City of Eden.

The phone people received a 30 per cent rate hike about three years ago and in the present action are asking up to 100 per cent increase.—Eden Echo.

Paving Bond Fails

Voters rejected the \$496,000 paving bond issue last Saturday, in an election that saw the two communities of the county split. Rankin overwhelmingly favored the

proposal, but concentrated opposition in McCamey defeated the issue. Absentee voting favored the multi-thousand paving issue by a vote of 20 to 8.—McCamey News

Wins State Contest

Jan Keng, freshman high school student and daughter of Mr. and Mrs. E. B. Keng of Sonora, was informed this week that she won the state soil conservation essay contest sponsored by the Fort Worth Press. Miss Keng is the second winner of the state contest, Miss Jackie Gwen Wardlaw, having been state winner several years ago.—Devils River News.

Hospital Bonds

Circulation of a petition to the Commissioners Court asking that body to call an election in Crockett county on the question of issuing \$200,000 in county bonds for the purpose of building a new county hospital was scheduled to start this week. The Ozona Woman's Club has agreed to circulate the petition. The proposed structure will be modeled after a 24-bed hospital at Spur, Texas. The cost

estimate has been placed at \$200,000.—Ozona Stockman.

Allotment Is Low

Cotton allotment for new acreage in Pecos County is a fraction under 10% on the basis of individual grower figures mailed last week by the Pecos County ASC, and the chance of any substantial increase is remote, believes Mrs. Ruth Minear, Pecos County ASC secretary.

The state allocated 3,213 acres for new growers and the county had an additional 321 acres to supplement the allotment for distribution among growers planning to put in nearly 33,000 acres of new land.—Ft. Stockton Pioneer.

Mrs. R. A. Evans, Mr. and Mrs. L. P. Haynes and son and Jerry Don Johnson of Eldorado, and Mr. and Mrs. Royce Smith of San Angelo spent the Easter holidays at their hunting camp near Mason.

Mrs. R. A. King returned home this week after spending the winter in Austin.

New Babies

Mr. and Mrs. Charles D. Mapes are the parents of a baby girl, Teresa Lynn, born April 5 in San Angelo. Mrs. Mapes and baby are visiting in Ballinger for a few days before returning home. Mr. Mapes is a Halliburton employee.

Mr. and Mrs. John Barrows of San Angelo are the parents of a son born April 4 at 9:05 p. m., in Shannon Hospital. The infant, who weighed 6 lbs 13 1/2 oz., has been named Kenneth Lee. He has one brother, Robert Lynn, age 4. Mrs. Barrows is the former Jonnie Lee Dickens. Mrs. G. A. Neill of Eldorado is the maternal great grandmother.

Bill Cheek and Mary Margaret Neason of Waco spent the week end with Mr. and Mrs. Kenneth Cheek.

Mr. and Mrs. Oliver Burk spent from Friday to Monday in Henderson with Mrs. Burk's parents.

No gasoline—no, not a single one—has higher octane than New 1955 GULF NO-NOX

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

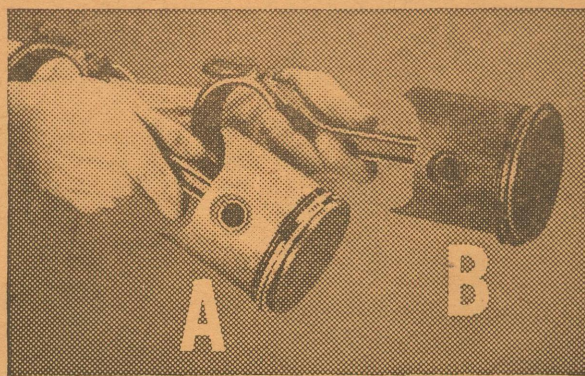

This lamp test shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX. Just see how clean new NO-NOX burns.

but octane alone is not enough...

That's why new Super-Refined Gulf NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference in lasting power. You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

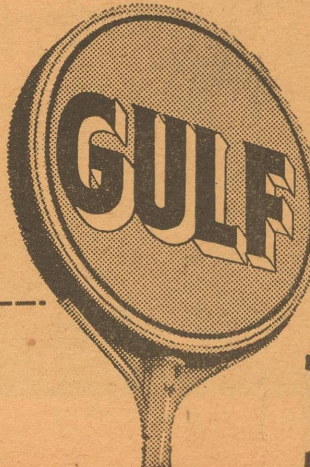

Compare clean piston "A" from engine using new NO-NOX with piston "B" from engine using the "dirty-burning tail-end" of gasoline that Gulf refines out. Both pistons shown here, from Gulf test engines, ran the same number of hours under the same conditions.

It's super-refined... to burn clean!
The '55 gasoline for all high-compression engines.

This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

From where I sit... by Joe Marsh

Learn How to Pull Together

Saw a kid go by the Clarion office on a brand-new coaster wagon yesterday—and it reminded me of when my brother and I were about forty years younger.

Our folks weren't poor, but there wasn't enough to buy two wagons for Christmas. We got one between us. Dad made a rule that we each could have it for a week—but the boy with the wagon was responsible for keeping the kitchen wood-box filled.

Seemed a bargain to Bud and me—at first. But soon we discovered it was no more fun playing

alone than working alone. It wasn't long before we were sharing the wagon in return for sharing the chores.

From where I sit, you can't enjoy a privilege yourself if you're going to deny it to others. There are some folks who want the right to enjoy their favorite beverage—but would deny me my right to an occasional glass of beer. I doubt if such people get their full "share" of happiness, though.

FORMER RESIDENT WEDS SUNDAY IN McCAMEY

Wanda Lee Perry became the bride of Claude Barnett at 3:00 p. m., Sunday, April 10 in the Presbyterian Church in McCamey.

Wanda Lee, given in marriage by her step father, Clifton Henderson, wore a street length dress of ice blue silk organdy. The white bible which she carried was topped with an arrangement of lilies of the valley, centered with a white orchid. Her only attendant was her sister, Ann, who wore a street length dress of champagne tan and carried a bouquet of bronze mums.

The ceremony was performed by the Presbyterian minister before an arch of greenery, flanked by baskets of calla lilies and double candleabra with lighted tapers.

A reception was held immediately after the ceremony at the home of the bride's parents, Mr. and Mrs. Clifton Henderson. Receiving the guests were the bride and groom, Mr. and Mrs. Henderson, and Mr. and Mrs. Barnett, parents of the groom.

Jeanie Mund and Mrs. Barnett, sister-in-law of the groom, served the tiered wedding cake. Monetta Bradshaw and Mrs. Ernestine Adair served punch.

Following a wedding trip to Corpus Christi the couple will be at home in McCamey.

Attending the wedding from Eldorado were Mr. and Mrs. Lester Henderson, Mrs. L. D. Mund and girls, Mrs. Norman Hodges, Mrs. J. S. Clark, Mrs. Calvin Henderson and children, Barbara Spencer, Monetta Bradshaw and Nancy Jo Elder.

WOMANS CLUB

The Woman's Club met in the Memorial building April 12 with 16 present, and Miss Stansberry of San Angelo, executive director of Girl Scouts, guest speaker. She named the 10 Girl Scout laws, stating that these laws are same in all countries. Pictures of Girl Scouts doing the many different tasks required of them, were shown, bringing out the thought that they were to first learn how to live with themselves, and also learn how to live with each other.

Mrs. Cox reported that this area, composed of ten counties, has 12 Girl Scout troops. Mmes. J. F. Runge, Jack Shugart, B. F. Cox, James Page, Jess Blaylock and J. D. Meador were named as Brownie and Intermediate leaders. Mrs. Gene McCalla and Mrs. Bill Wyatt are leaders for the older Intermediates. About 60 Girl Scouts with their leaders were also guests of the club, and the Scouts rendered a nice program of their work, thru charades, songs and marches.

In the business session Mrs. Carl Stevens offered a course of study for the new club year, and asked for other suggestions from club members. Mrs. Edgar Spencer presented some changes in the constitution and by-laws to be voted on at the next regular meeting.

Plans for the Woman's Club guest book review for April 26, includes invitations to the clubs of Mertzson, Sonora, Christoval and Junior Woman's Club of Eldorado, and others. An invitation to the Junior Woman's Club tea for Thursday, April 14, honoring Miss Foster, was read. During the tea hour, punch and cookies was served to the honor guests, guest speaker and members. The tea table was centered with a bowl of unique hand-made tulips.—Reporter.
