ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, OCTOBER 27, 1955

NUMBER 43

Petition Is Being Circulated To Build Old People's Home

A petition calling for a county wide bond election for the purpose of building and equipping a nursing home for old people, was being circulated in Eldorado last week. The petition read as follows:

"We, the undersigned persons, citizens and qualified property tax-paying voters of Schleicher County, Texas, hereby petition the County Judge and Commissioners Court of

Schleicher County, Texas, to call a bond election for the purposes of building and equipping an old age home. Said election to call for \$35,000.00 in bonds.

Proposed location of this facility is somewhere on the courthouse block. It is understood that the home would care only for the old people in good health, and the county would be responsible for providing the staff.

New Oil Field Looms For Schleicher County

A flowing Harkey sand discovery has been assured in Schleicher County, and a discovery outpost staked in the same vicinity.

Discovery well Ashmun & Hilliard, Inc., of Midland and Fortune Drilling Corp. of San Angelo, No. 1 R. Wilbur Brown, in 70-H-GH&SA, 17 miles northeast of Eldorado, was flowing oil at the rate of 24.9 barrels per hour early this week.

Flow was through a 1/2-inch choke and perforations between 4,808-4,818 feet.

Operator washed through perforations with 500 gallons of mud acid and swabbed back the load and some gas and some oil. Perforations were then fractured with 3,000 gallons. The project flowed back the load and was flowing at the above gauge.

Cosden Petroleum Corp. of Big

Spring and Fortune Drilling Corp. of San Angelo have announced location for a 1/2-mile east outpost to Ashmun & Hilliard, Ltd., of Midland and Fortune No. 1 Mrs. Grace O'Harrow, opener and lone producer in the O'Harrow Strawn sand and reef gas field of Schleicher County, 17 miles northeast of Eldorado. It will be the No. 1 Jim O'Harrow-Shell.

The project will be drilled to 5,500 feet with a Fortune Drilling Corp. rig. Operations are to begin immediately.

Location is 467 feet from the south and west lines of the northeast quarter of 69-H-GH&SA.

The discovery was finalized in April. It gauged 4,200,000 cubic feet of gas daily plus 15 barrels of distillate per million cubic feet of gas.

KICK-OFF BREAKFAST LAUNCHES BOY SCOUT FINANCE CAMPAIGN

Workers on the Boy Scout fund drive, which is being held in the Concho Valley Council, held a kick-off breakfast Tuesday morning at 7:00 in the Memorial Building. Ed Meador, as general chairman of the drive for Schleicher county, presided. Arrangements for the breakfast were made by W. R. Bearce.

The meeting was opened with a pledge to the flag, led by Cub Scout Buz McCormick. Rev. James Spencer gave the invocation.

Main speaker for the morning was E. A. Brodhead, superintendent of the Sonora school system. He spoke on the need of the \$83,000 budget, purposes for which it would be used, and pointed out need of investing time, energies, and enthusiasm, as well as money, in the Boy Scout program.

Ed Meador then introduced Ernest K. Nimitz, son of Mr. and Mrs. E. H. Nimitz of Schleicher County, who told about his trip he took with a group of Explorer Scouts from the council to Philmont Scout Ranch, in northern New Mexico. He is also one of two Scouts from Eldorado who attended the Third National Jamboree in 1953. In behalf of all Scouts in Eldorado he thanked the Lions for sponsoring them.

W. R. Bearce reported that the first solicitor bringing in his completed list would be given a prize of a suit of clothes, given by an anonymous donor. The second prize would be a year's supply of eggs.

Fred Watson spoke on the need for increasing the sustaining list of contributors to the Council.

SINCLAIR RUNS PIPE IN HULLDALE TEST

Early this week Sinclair Oil & Gas Co. was running 5 1/2-inch casing to 5,626 feet, the total depth, for completion at the No. 7 Davis Estate, in 55-M-GH&SA, assured east extension to the Hulldale (Pennsylvanian) field of Schleicher County, nine miles northeast of Eldorado.

Production was assured with the flowing of 99.27 barrels of 39.4 corrected gravity oil in three hours on a drillstem test between 5,576-5,626 feet.

Success sent anywhere, \$2 yr.

STATE ENGINEERS INSPECT CITY FOR FIRE RATING

Engineers from the State Fire Insurance Division were here recently to check fire trucks and inspect fire fighting equipment and water mains, and seemed favorably impressed with Eldorado's facilities for fighting fire.

The men who did the testing were Bob Barrett and Bevo Ratliff. This is a routine test to determine needs of the city.

It is understood that the condition of the city's streets is taken into consideration on their report, and city fathers hope that the caliche project under way may give the town a better credit rating. The formal report has not been received.

WORLD COMMUNITY DAY DESIGNATED FOR NOVEMBER 4

The Presbyterian Church will provide the meeting place for the World Community Day, to be presented and observed by the United Church Women November 4 at 4:00 p.m. The theme will be "Building Lasting Peace," and will stress parcels for peace. The offering will support the Church World Service program of Share our Surplus.

Mrs. Edwin Jackson, program chairman, is in charge of the program, and she will be assisted by others from the Presbyterian, Methodist, Episcopal and other churches which participate.

Boxes of good used clothing will be packed, and there will be gifts of money to be used for food packages for the underprivileged of the world.

The gifts will be used to help the victims of war who cannot be self-supporting, encourage self-respect in those fleeing from Iron Curtain lands who must rebuild their homes in new countries, and continue the program for lasting peace.

World Community Day is a spiritual undertaking through which ten million church women rededicate themselves to building life, friendship and lasting peace. The group believes that prayer, study and action are one. It provides opportunity for spiritual growth, community study and group service to the needy of the world.

1956 Quotas, Allotments Given For Upland Cotton

College Station. A national marketing quota of 10 million bales and a national acreage allotment of 17,391,304 acres for the 1956 crop of upland cotton has been proclaimed by Secretary of Agriculture Ezra Benson.

Announced for the same time was the date for a referendum, December 13, on cotton marketing quotas for both upland and extra long staple cottons. The quota for extra long staple cotton was set at 35,300 bales and the acreage allotment at 45,305 acres for the 1956 crop. At least two-thirds of the cotton farmers voting in the referendum must approve marketing quotas if they are to be effective. Last year 92 per cent of the voting upland growers approved marketing quotas and 92.8 per cent of the voting extra long staple growers favored quotas.

The marketing quotas and acreage allotments for both types of cotton are the minimum provided by law. The national acreage allotment is the acreage required, based on averages for the past five years, to produce the national marketing quota of 10 million bales.

According to the latest statistics, the total supply of upland cotton for the 1955-56 marketing year is estimated at 24.4 million bales and is second only to the record supply of 24.6 million bales in 1939-40. Supplies have increased yearly for five consecutive years and a new record in cotton yields per acre has been set in each of the past three years.

If growers approve quotas in the referendum, price support on the 1956 crop of upland cotton will be made available to eligible growers at the full level of the effective supports. If quotas are turned down, support to eligible growers will drop to 50 per cent of parity.

Hearing Is Scheduled On Santa Fe Service Thursday In San Angelo

A hearing on an application by Santa Fe to discontinue passenger service on the San Angelo to Sonora line is scheduled to be held in the court house in San Angelo at 10 a.m. next Thursday, Nov. 3, it was stated here this week.

If approved, the action would cause probable curtailment of the freight and express service on the line, since the trains would not be required to run on schedule, it was pointed out.

At present Santa Fe runs a train each day to Sonora, and back, over the line which was constructed in 1930.

Judy Jones Injured In Car Accident

Judy Jones, 16, daughter of Mrs. Jim Finley of Kirtland, New Mexico, was seriously injured in a car wreck Saturday near Gallup, and is a patient in the hospital at Farmington, New Mexico.

She and two other girls and two youths were returning home from a football game when the accident occurred. All of the girls were hurt.

Judy is a high school student at Kirtland. She is the granddaughter of Mr. and Mrs. Tom Jones of this county.

GOOD CROWD IN ATTENDANCE AT CUB HARVEST CARNIVAL

An unusually good turnout at the Cub Scout Harvest Carnival Thursday night resulted in a net of \$93 for the Cub Scout pack, and a good time for hundreds of Schleicher County people.

All of the booths were well supported. The boys were assisted by their mothers and the Cubmaster, Dick Preston, who was in general charge of the affair.

Judges for the various contests were County Judge Dick Bearce, Ex-County Judge C. L. Meador, and Ed Hill.

The bean judging contest was won by H. Ray Boyer, with Mrs. Hollis McCormick second and Julian Morehouse third.

Hung Jury Outcome Of Jamison Suit

The case of N. G. Jamison vs Oliver G. Morgan, tried in the 51st District Court last week, resulted in a hung jury. This was a damage suit for \$315,000 for injuries received in an oil field accident in 1952. Whether the case will be settled out of court or will be tried again is not known at this time.

Another case on the docket last week—O. H. Luedcke vs Texas

Polo Team Plays at Roby In Contest With Spur Sunday

The Eldorado polo team will go to Roby Sunday October 30 to play off the tie for state championship with Spur on the Roby field, which will be neutral ground for the contestants. The game starts at 2:30.

Since the tie game of two weeks ago, the players have been at work improving their game, and have big hopes of winning the contest Sunday.

New in the club is Howard Westfall of near Sonora, who has joined the Eldorado Polo Club and will go to Roby with the group. Skeet Mace will go along again as referee.

On display at Bauer Jewelry is a trophy which Horace Linthicum, club captain, received on behalf of the club for winning the district championship.

Eagles Take On Tough Ozona Lions There Tomorrow Night

New Babies

Mr. and Mrs. Glenn Parker are parents of a new son, Robert William, born Monday in the Huds-peth Memorial Hospital in Sonora. He weighed eight pounds and 13 ounces. He has one brother, David, age five, and three grandparents, Mr. and Mrs. W. T. Huber and Mrs. Emma Parker, all of Eldorado.

Eldorado fans saw some interesting football games last Friday night when they visited neighboring towns for District 6-A opening games.

Ozona, playing on their home grounds, battled the favored Sonora Bronchos to a 6-6 tie; while over at Menard the Junction Eagles scored what was described as an upset, by defeating the Yellowjackets 20-7.

It was an open night for the Eldorado Eagles.

Tomorrow night Junction plays at Sonora and Eldorado plays at Ozona, and since it has started to be a year of upsets it may be a good time for Eldorado to upset the overconfident Lions.

For the next four weeks the 6-A conference schedule is as follows:

October 28
Eldorado at Ozona
Junction at Sonora.

November 4
Menard at Sonora
Eldorado at Junction.

November 11
Menard at Eldorado
Ozona at Junction.

November 18
Ozona at Menard
Sonora at Eldorado.

P. T. A. CARNIVAL IS SCHEDULED FOR MONDAY NIGHT

The Annual PTA Carnival will be held Monday October 31 at the Memorial Building. The Carnival will begin at 7:30 and every one is urged to attend. There will be chili sandwiches, pie, cake, coffee, cold drinks, and other food for sale so everyone can come to the carnival for supper.

There will be entertainment for all with games, fishing ponds, fortune telling, country store and many other booths and shows in progress.

Keeney Irrigation Well Doing Its Stuff

There was an abundance of water—maybe 1000 GPM—coming out of the Keeney well last week when this picture was snapped. Back

in operation after some trouble several weeks ago, Clyde's well seemed to be doing better than ever and was being used to pre-

pare his field for sowing winter grain. The above picture shows the Mexican bracero who was looking after the borders.

Range Management Methods Given For 4-H

College Station. "Because the responsibility for keeping the grasslands productive and Texas a leading livestock producing state will in a few years be shifted to the youth of today," Garlyn Hoffman, extension range specialist suggests that 4-H club members take advantage of the training programs offered in the fields of range management.

Grass, he says, produced on the ranges of the state, especially native grass, is Texas' greatest crop. The livestock produced on this crop should be considered as nothing more than harvesters of the grass. But the kinds and quality of the grass crop depends upon the management practices which are carried out on the range, says Hoffman.

For a beginning, the specialist suggests that 4-H members consider making a collection of all the native range plants in their area. They should be classified as to grazing value and the season of growth. Knowing the range vegetation, he says, is the first step in developing a good range management program.

The next step is to carry out a deferred grazing demonstration. Take two pastures of equal size and condition and defer one during the growing season and note what happens, suggests Hoffman. The deferred pasture will show

how much forage can be produced if the livestock are grazed on sudan or other pasture grasses during the growing season. The deferred pasture could then be used for the winter hay supply with the livestock doing the hay baling.

Hoffman suggests that brush control be practiced on a small area. Defer grazing and watch what happens. The water formerly used to grow trees and brush will grow grass and lots of it.

Then as experience is gained tackle the range management demonstration. It is designed to give training in stocking rates, soil and water conservation and other practices related to keeping the range producing at a top rate. Local county agents can supply additional information on 4-H range management programs.

Mr. and Mrs. Ben Hext spent the weekend at LaMarque with Mr. and Mrs. Joe Turner Hext and family. The group attended the Houston University - Texas Tech ball game at Houston and visited with friends in Austin.

Mrs. A. E. Kent has returned home from Melvin where she spent three weeks with her daughter, Mrs. Waldrip, who is ill.

Mr. and Mrs. Lloyd Huntley and family of San Angelo visited Sunday with Mr. and Mrs. E. T. Turnbow.

Mr. and Mrs. Don McCormick, Mike Stephenson and Larry Boyer spent Saturday at Austin where they visited Donna Beth McCormick and attended a ball game.

Girl Scout troop 2 met Saturday morning at the Memorial Building. Mrs. Curtis Short, troop leader, and Mary Jo Parker, senior Scout, met with the girls and gave a demonstration on copper tooling.

Weekend guests in the home of Mrs. L. Moore were Dr. and Mrs. Arch Carson and Judy and Linda Woodall of Big Spring.

Mr. and Mrs. Roy Briggs visited over the weekend with her mother, Mrs. Martha Jo Morgan. They were moving from Washington to California. Other guests who visited with Mrs. Morgan, who is making her home with Mr. and Mrs. Vernon Hazelwood, were Mr. and Mrs. Lilburn Hazelwood and children of Temple and Mr. and Mrs. Jimmy Morgan and baby of San Angelo.

Lewis H. Runge left last Thursday to return to his home in Galveston following a two weeks' visit with his brother, Forrest Runge and family. Mrs. Henry Harrison returned to her home in Austin Thursday following a week's visit with her sister, Mrs. Forrest Runge and family.

Mrs. M. C. Stearns gave the final lesson on American Indians when the Dorcas, and Pioneer Circles met Monday afternoon at the First Methodist Church. There were 12 members present.

Mr. and Mrs. Andy Nixon, Mrs. Mary Coupe, Mr. and Mrs. Robert Nixon, Mr. and Mrs. Henry Speck, Possum Speck and Bob Whitley returned home last weekend from a 12-day hunting trip at Lake City, Colorado. They report a good trip and five deer killed by the group.

First Baptist News

Monday, October 24

The Budget committee, composed of heads of departments in the church and three others nominated by the church, met Monday evening to propose a budget to present to the church for their consideration.

Tuesday, October 25

The Monthly Sunday School meeting was held Tuesday evening at 7:00 at the church. A covered dish supper was enjoyed by all, after which a very inspiring program was presented.

Wednesday, October 26

Following Youth Fellowship at 5:00, Teachers' and Officers' meeting at 6:45 and prayer meeting at 7:30, the choir began practicing for their Christmas Cantata, under direction of Lavelle Meckel, director. In addition to this cantata, the choir will present a Thanksgiving program at the church in the near future.

Saturday, October 29

All Intermediates and Young People of First Baptist Church are invited to the monthly meeting of the Concho Valley Youth Association, meeting at Lakeview Baptist Church in San Angelo Saturday night. We will leave Eldorado about 6:00 p.m. Saturday. The Mission Band from Howard Payne college will present a playlet for our enjoyment. David Kuykendall, our new Associational Young People's president, will take charge of the activities Saturday night, for the first time. You will miss a blessing if you miss this trip.

Our Pastor and family left early Monday morning for the State Baptist Convention meeting in Houston, Texas. They will return to Eldorado sometime Friday.

I thought For The Week
Ministerial Alliance

By PERRY COX

Nothing is more wonderful or as miraculous as the regeneration of a soul. Regeneration is the work of the Holy Spirit in the instant one repents and believes on the Lord Jesus Christ as Savior. An average life may be 70 years of 840 months, 3,640 weeks, 24,568 days, 613,632 hours, 36,817,920 minutes, 2,209,075,200 seconds. In one of those seconds, a spiritual miracle, there can come from God a flash of new insight into life giving possibilities that implants a new nature, making possible the beginning of a new life. We do not have to create the new life, we have but to believe God and receive it from Him.

"But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name." (John 1:12)

Is Life Meaningless?

Life is not meaningless to those thousands of people who in recent years joined the Episcopal Church. Statisticians tell us that membership in all churches has never been so high. What is the reason? Life becomes meaningful when lived in obedience to Christ's invitation to follow Him.

The Episcopal Church strives to convince its members that we have, as the Prayer Book puts it, a "bounden duty"—"to follow Christ, to worship God every Sunday in His church, and to work and pray and give for the spread of His kingdom."

Whether you are an Episcopalian or not, if you profess to be a Christian, you have that "bounden duty." Then life becomes meaningful and purposeful.

If you're not attending church regularly, if you haven't found in any church the answer to your spiritual needs, we invite you to worship with us—today—in the Episcopal Church near you.

You owe it to yourself to learn more about the Episcopal Church. Send the coupon for a copy of "The Episcopal Church, Some Essential Facts." No obligation.

The week of October 23-29 has been nationally designated as Farm-City Week. This week has been set aside for the various groups and organizations of farm and city people to endeavor to reach a better understanding of each other's problems.

The supervisors of the Eldorado-Divide Soil Conservation District are taking this opportunity to acquaint the people of Schleicher County with the Soil Conservation program and the need for greater progress in Soil and Water Conservation.

Since the turn of this century a recognition of the need for conserving our soils and other natural resources had been growing. Little attention had been given to the needless waste of our soil until public recognition of the dangers of exploitation of soil resources caused the establishment of Soil Erosion Experiment Stations in the late 1920's. These were followed by the establishment of the Soil Erosion Service. This organization was the immediate predecessor of the present Soil Conservation Service. In the beginning the govern-

ment set up experimental and demonstration plots on farms and ranches. They later set up complete soil conservation programs on farms and ranches. All technical supervision, material and the labor was furnished by the government.

At this time it was recognized that to carry out such a program on each farm and ranch would not only be costly but far too time consuming. A means was then sought whereby the federal government could furnish "on the farm technical assistance" to each individual farmer and rancher as they saw the need.

This gave rise to the present soil conservation district program. A program where federal soil conservation technicians would work with local organizations in getting the locally sponsored program established. Congress, in turn, passed a Soil Conservation Act authorizing the federal government to furnish technical assistance to each district organized under its respective state law. Each state has since passed laws enabling the establishment of soil conservation

districts. A soil conservation district is, like a school district, a legal subdivision of a state. It has no power to assess taxes.

The state soil conservation district enabling act authorizes any group of landowners to set in action the machinery necessary to the formation of a district by submitting a petition to their secretary of state asking that an election on this proposal be held.

Upon being voted into existence an election is then held to select five district supervisors. The supervisors of a soil conservation district are all landowner farmers and ranchers. They are the ones that represent the landowner in administering district business.

Under the state laws giving them the authority to carry out their responsibilities they are assuming a responsibility to the land and to the people who live by the land.

The most appealing feature of soil conservation districts is that they are run by farmers and ranchers themselves. No program formulated by outsiders is imposed upon them. It is the landowners' own program. It does not place the district or any cooperator in obligation to the government. It merely furnishes the assistance necessary for the district to carry out its program.

This is the landowner's own program; brought into existence and run by him.

SENIOR NEWS

The Senior Class has bought two Toni walking dolls, and the room mothers and Senior girls are making beautiful little dresses for them. The dolls and their clothes will be displayed in the Eldorado Drug window the week of Nov. 14. An auction will be held on Saturday, November the 19th, to sell them to the highest bidders, with profit going toward the Senior trip. It would be impossible to buy a doll with such a large and beautiful wardrobe at any store.

Woman's Club Holds Federation Program

The Woman's Club met Tuesday for a Federation Day program, with Mrs. E. H. Nimitz, president, in charge.

Mrs. Jess Walston discussed World Position of Federated Women, and Mrs. Keno Ogden talked on Women in the United Nations. The U. N. is now ten years old.

Twenty members were present, and two guests, Mrs. M. C. Stearns of Eldorado, and Mrs. Goens of Dallas. Mrs. W. N. Ramsay and Mrs. L. D. Christian were hostesses.

Mrs. Ramsay, as chairman of legislation, gave a report. The meeting was closed with the Club Collect.

The next meeting will be held Tuesday, November 8, in the home of Mrs. P. K. McIntosh, with Mrs. Joe Edens as co-hostess.

GOOD NEIGHBORS H. D. CLUB

Mrs. Weldon Davis was hostess to the Good Neighbors Home Demonstration Club Wednesday, Oct. 19 at her home. Roll call was answered by giving maiden name. After the business meeting the group did copper tooling, assisted by Mrs. Thomas Baker.

Refreshments were served carrying out the Halloween theme, to nine members, two guests, Mrs. Perry Mittel and Mrs. L. D. Christian.

The next meeting will be at the home of Mrs. B. E. Moore Tuesday, Nov. 1, at 2:30, and refinishing of old furniture will be demonstrated.

P.Y.F. AT FAIR

Mrs. Marvin McAngus and Mrs. O. B. Bradshaw took nine members of the Presbyterian Youth Fellowship class to Dallas to the Fair last Thursday. Those making the trip were: Cecil Mac Walston, Willie Luedecke, Ann Ballew, Tommie Jones, Judy Nixon, Janice Sofge, Jeanie Mund, Beckie McAngus, and Monetta Bradshaw. The group returned home Saturday night.

"State Farm has saved me money year after year"

writes car owner James C. Dunlap of Dallas, Texas

"In addition, my claims have been promptly, fairly and courteously handled. I have always felt that you have been representing Me and not just merely handling a business transaction."

More car owners insure with State Farm Mutual than with any other company. Here in Texas, State Farm has paid substantial dividends to policyholders for the last 20 years. For full details on State Farm's "careful driver insurance," simply give me a call:

News From Our Neighbors

New Cafeteria

First meals from Ozona's new school cafeteria, one of the finest equipped of its kind in the state, were served to from 400 to 500 students of all grades at noon Tuesday when the cafeteria opened its doors for the first time. —Ozona Stockman.

Sanderson Incorporation?

A move is being discussed on the streets with the idea of having a mass meeting in the near future to see what the public thinks about the possibility of incorporating the town of Sanderson.

One of the most active citizens to bring this question to the people of Sanderson is Buddy Sudduth. He says that he has had the endorsement for such a meeting by a large number of citizens. Mr. Sudduth pointed out that there are advantages and disadvantages, and it is the purpose of this proposed meeting to discuss both sides and see what the people think will be best for the community. —Sanderson Times.

New Auditor Takes Over

An important change took place among county officials this week when Weldon Fikes resigned as County and District Clerk to accept an appointment as County Auditor.

Deputy Sheriff J. L. (Chilly) Tinkler was appointed to succeed Mr. Fikes as County Clerk. The appointments became effective Thursday of this week when official bonds were approved and both men took over their new duties.

Coke County has not had an auditor in the past, but a new state law provides that a county with more than \$15,000,000 assessed valuation or with a population of 35,000 must have an auditor. Coke's valuation is nearly \$30 million.

The law also specifies that county auditors are to be appointed by the district judge for two-year terms. Judge Joe L. Mays selected Mr. Fikes from among several likely applicants. The appointment also had the approval of the Commissioners Court and the salary was fixed at \$5,400 per year, the same as the clerk's office pays. —Robert Lee Observer.

Turks Study Quarterhorses

Wednesday morning at 8:30 o'clock, County Agent Vernon Jones said goodbye to the eleven Turks and their interpreter and a USDA official to whom he had played the role of host since Monday evening, assisted by business men and ranchers.

The delegation was here to learn as much as possible about quarterhorses. —Junction Eagle.

Getting Tough With Speeders

Councilman Maburn Harris stated that the City Corporation Judge and the City Police Department had been instructed to "get tough" on traffic violators.

"We are tired of them using the streets as speedways," Councilman Harris stated. "We have tried to go all the way in being considerate, but our previous leniency has been taken too lightly. We have told the City Judge to get tough; we are going to stop these drag races and speeding," the Councilman added. —McCamey News.

Artist To Attend Ceremony

Peter Hurd, nationally known artist and portrayer of the West, will be a guest of the Fort Stockton Historical Society on Sunday, November 20, at the formal acceptance from the Riggs Estate heirs of the old Riggs Hotel as a memorial museum for the community. —Ft. Stockton Pioneer.

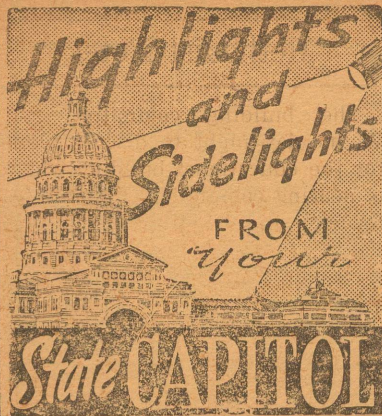

Richard Preston had adenoid surgery in Clinic Hospital in San Angelo Saturday morning. He is home and doing fine.

Mr. and Mrs. Lester McMillan and Velva Ann, Linda and Larry of Crane, and Mrs. Milton Doyle and family of Roby spent Sunday with Mr. and Mrs. Kenneth Doyle.

Mr. and Mrs. Leslie Baker and Mr. and Mrs. Seth Ramsey spent the week end in Fort Stockton.

Rev. and Mrs. J. C. Hancock and daughter are in Houston this week attending sessions of the Baptist General Convention.

Mr. and Mrs. Audrey Turnbow and Mrs. W. E. Turnbow spent last Wednesday in San Antonio. Mr. and Mrs. Audrey Turnbow returned to their home at Andrews last Thursday after spending their vacation here with his parents, Mr. and Mrs. W. E. Turnbow.

Austin. Speculation is running high that both Gov. Allan Shivers and U. S. Sen. Lyndon B. Johnson will have leading roles in the selection of the next Democratic presidential nominee.

Both have denied participation in any movement for a Southern coalition to block re-nomination of Adlai Stevenson.

Johnson denies that he is heading up a coalition. Nomination is up to the delegates, he said, and he will support whoever wins out. And, he is not a "conservative," the senator stressed, but a "moderate."

Johnson, before his heart attack last summer, was considered a likely future contender for presidential nomination. Some believe, should he regain his health sufficiently, he again will enter the picture.

Gov. Shivers, at the conclusion of the Southern Governors Conference, took a slightly different approach. He said he will vote for the presidential candidate "I think is best for the future of my country, and I hope the Democrats can produce that man." He also said he knew nothing of a drive for Southern control.

DAC vs DSE

Texas has two Democratic organization drives, highly competitive, under way. Selection of Lt. Gov. Ben Ramsey as a harmony-united choice for Democratic State Committeeman so far has not reduced the competition.

Leaders of the Texas Democratic Advisory Council, set up by Speaker Sam Rayburn, say they plan to carry on organizational and money raising efforts. This liberal group, organized to "carry on the functions of national committeeman" during the years Wright Morrow was barred from the seat, has raised money the past four years for the national party. It now is busy organizing for control of presidential conventions next year.

On the other side of the picture is the Democratic State Executive Committee, conservative pro-Shivers organization. DSE also is carrying on organizational and money-raising efforts and has no intention of stopping, according to State Chairman George W. Sandlin.

A DAC meeting is scheduled for Nov. 4, to select a leader to replace Navarro County Judge Jim Sewell.

Outside observers have suggested a connection between the resignation of Sewell from the liberal group and the ousting by conservatives of Wright Morrow. It is part of an over-all effort, they hint, to rid both groups of extreme left and right-wingers and merge Democratic party factions for a strong voice in national affairs.

Third Shot Necessary

Officials of the State Health Department have declared that three Salk polio shots are necessary for maximum protection against crippling effects of polio.

Children who have had two shots should have the third "booster shot" early in the Spring of 1956, the Department urged.

In answer to a series of questions, the Health Department explained that it is not known at present exactly how long protection from three Salk shots will last.

Experts now estimate protection at about two and one-half years. Perhaps after that time, booster shots again will be advised.

Persons who already have recovered from polio also should have the shots, the Department said. There are three types of polio. Having a case of one type will not set up immunity against the other two. The Salk vaccine is aimed at giving immunity to all three types.

Only nine Texas children have been stricken with paralytic polio despite Salk inoculations, Dr. Henry A. Holle, state health commissioner announced. The nine cases were among 473,830 vaccinated children.

UT Entrance Exam Approved

Beginning next fall the University of Texas will admit students on the basis of aptitude test scores. Tests are to be given probably three times a year, without cost to the applicant, at centers throughout the state.

Rapidly increasing enrollment necessitated tests to eliminate students who will be unsuccessful, the Board of Regents stated.

WRIGHT'S COUPON HEADQUARTERS

RELATIVES ATTEND DIAMOND WEDDING CELEBRATION

Mr. and Mrs. Sam McGinnes, Mr. and Mrs. Albert McGinnes and children and Mr. and Mrs. Elton McGinnes and children attended the 60th Wedding anniversary celebration of Mr. and Mrs. Sam Lowe at Menard Sunday.

Mrs. Albert McGinnes and Mrs. Elton McGinnes were among the granddaughters who helped serve cake and punch to the guests. The serving table was covered with a lace cloth and centered with an arrangement of white carnations and a bride's cake.

The guests, who came from Texas, Arkansas, and California, included the Lowes' ten children and their wives and husbands and all but five of the grandchildren.

McCoy Hughes Wedding Is Held Saturday

Peggie McCoy, daughter of Mr. and Mrs. J. C. McCoy, and Lewis Hughes of San Angelo were married Saturday, October 22, in the home of Rev. Dee Cox in Eldorado.

The bride wore a two-piece turquoise dress with black accessories. She carried a white Bible topped with an arrangement of pink gladiolus.

Following the wedding ceremony a reception was held in the home of Mr. and Mrs. Travis Little. Melba Dewey and Naomi McCoy served cake and Juanice Williams served punch from a table covered with a lace cloth and centered with an arrangement of roses and a miniature bride and groom.

Out of town guests attending the wedding included Mrs. J. A. McCoy and Grace Nell of Brady, Mr. and Mrs. Milton Holloway and Kathleen of Brownwood and Mr. Arthur Jennings of San Angelo.

The couple are at home in San Angelo where the groom is employed.

WAYNE IS FOUR

Wayne Doyle was entertained on his fourth birthday with a party at the home of his parents, Mr. and Mrs. Kenneth Doyle, Saturday, the 22nd, from four until five o'clock. The Halloween theme was carried out.

Five little girls acted as hostesses: Joan Doyle, Mickie Phelps, Marilyn and Karen Wilson, and Vicki Shore. About 20 were present.

BOY SCOUT WORKERS TO MEET

Committeemen and others interested in Boy Scout work will meet for a planning session Tuesday night at 7:30 in the Memorial Building. Reorganization of the new year's work is under way with committeemen and unit leaders yet to be definitely assigned.

TUESDAY BRIDGE

Mrs. A. G. McCormack entertained the Tuesday Bridge Club at her home October 25. Mrs. Gerald Hartgraves won high; Mrs. Wilson Page, bingo; and Mrs. Paul Page, low. Mrs. Leslie Baker was the only club guest.

Mr. and Mrs. M. J. Miller of San Angelo visited here during the weekend with Mr. and Mrs. J. Tom Williams.

Home, Oil, and You

Mention oil fields to the average woman and she probably will think of roughnecks, drills, rigs, and maybe a thick, sticky fluid which, by some magic, scientists manage to convert into "gas and oil" for the car.

But the average woman in the United States today depends far more than that on petroleum and its myriad products. Before reading the list below (which is only a partial one) try to answer this question: How many of the things you use in your everyday life are made from oil or oil derivatives?

Write your answers on a sheet of paper and then compare them with the following listing:

Lipsticks, nylon stockings, dresses, lingerie, and umbrellas, any "Dacron" garment, plastic containers (that squeeze bottle you used this morning), thermos bottles, plastic sheets for wrapping meats and vegetables in freezers, cold cream, baby oil, bath lotions, suntan oil, bath salts, cologne, detergents, paper cups, any waxed paper, matches, and fountain pens.

Also: plastic phonograph records, crayons, shoe polish, galoshes, tooth brushes, sun glasses, garment bags, the comb in your pocketbook, and thousands of other things.

All of these items are made from oil or oil derivatives.

HENRY MOORE STARTING SECOND IRRIGATION WELL

As reported last week Henry Moore completed his water well for a tested flow of 450 gallons per minute from the Edwards lime at 400 feet. Following this the drillers reamed out the hole down into the Queen Sand (below 500) and water from both zones is now coming up in the well. No test has been made since that time and the owner does not know how much this improved the well.

The rig has been moved three-quarters of a mile north and digging is under way on a second well.

"Jackets For Jesus" To Preach Sunday At Eastside Church

In charge of both services Sunday at the Eastside Baptist Church will be Howard Payne's "Jackets for Jesus," a group of football players from the college who are on scholarships.

The young men will have charge of the 11:00 a.m. service and the 7:30 p.m. evening service. They will furnish the instrumental and vocal music and do the preaching.

The public is invited to these services, which will be outstanding.

JOAN CELEBRATES BIRTHDAY

Joan Sutton of San Angelo and four of her girl friends were weekend guests of her grandparents, Mr. and Mrs. Josh Ewing. Saturday was Joan's ninth birthday and she celebrated with a slumber party Saturday night. Her mother spent Sunday with Mr. and Mrs. Ewing and took the girls home Sunday afternoon.

BUSINESS WOMEN MEET

Mrs. Robert Sproul was hostess to the Business Women's Circle at her home in Eldorado, seven members attending. Mrs. Bernard Carr reviewed the mission book, "A World Within a World," a study of the Moslem religion.

The hostess served refreshments to seven members.

GIRL SCOUT NEWS

The Second Grade Brownies met Wednesday afternoon at the Memorial Building. Mrs. Kenneth Doyle served refreshments to the 11 members and two leaders, Mrs. E. K. Bauer and assistant, Mrs. L. E. McCalla.

The Third Grade Brownies met last Thursday with their leader, Mrs. Pete McBurnett. There are 12 girls in this troop. Officers are: president, Marilyn Wilson; secretary, Lois Menees; and treasurer, Mary Ann Page. They will meet today at the Memorial Building and their leader and her assistant Mrs. R. L. Wilson, will take them to the road side park for a picnic.

Presbyterian News

Calendar For The Week

Sunday	
Sunday School	9:45
Morning Worship	11:00
Pioneer Fellowship	5:30
Senior Hi Fellowship	6:00
Evening Worship	7:00

Wednesday	
Crusaders	4:00
Choir Rehearsal	4:00
Church Council	5:15
Family Night Supper	6:00

Congregational business meeting following supper.

At the regular family night supper meeting the congregation will hold its annual election of ruling Elders and Deacons. Last year at this time the rotation plan of holding office was voted by the congregation and each year one third of the officers will automatically rotate out. New officers or the same until they have served a regular three year term, must be elected to fill the vacancies. For the rest of the year there will be a training class for these officers on Wednesday nights. The new ones will take over their duties on the first Sunday of 1956. Those who rotate out of office this year are T. K. Jones and W. M. Patterson, Jr., of the ruling Elders. Mr. Jones may be re-elected but since Mr. Patterson is not living in Eldorado there will have to be a replacement for him. Among the Deacons, those who rotate out of office are: Lum Burk, S. E. Jones, Jr. and Marvin McAngus. All may be re-elected as they have served only one year in the new plan.

At this meeting the congregation will also act on the budget for 1956. This will be presented by the Board of Deacons and the congregation may alter it as they see fit. All members of the church are urged to be present.

Methodist Notes

The building committee met Wednesday night to discuss plans for the educational building which is nearing completion. Committees for choosing furniture and decorating colors are at work.

District Conference will be held at Mason all day next Tuesday. Among those who may go are the general superintendent, W. A. Shuller, WSCS president, Mrs. Dwight Wiedenmann, delegates, Mr. and Mrs. Lawrence Steen and alternates Dick Preston and Mr. and Mrs. Jim Martin, in addition to the pastor, M. C. Stearns and his wife, and probably others.

Quiet Day was observed Wednesday during the Week of Prayer and Self Denial, and an offering of \$45 was made by those attending. The program was in charge of the Spiritual Life chairman, Mrs. V. G. Tisdale and Mrs. Luke Thompson. The sanctuary was the meeting place for those attending, and there were altar decorations of white candles and cross, flanking an arrangement of white mums and carnations.

Program numbers included Adoration and Awareness, led by Mrs. Albert McGinnes; Consecration and Commitment, Mrs. Roger Lueckenback; Bread and Belief, Mrs. M. C. Stearns; Communion administered by the pastor, Rev. Stearns. Business women of the town joined the WSCS members at the dinner which was served at noon. Rev. Stearns offering thanks, Mrs. Ida Neill thanking the WSCS for the dinner, and Mrs. Keno Ogden explaining the purpose of the offering and listing the special projects.

REYNOLDS-ALEXANDER H. D. CLUB MEETS

The Reynolds-Alexander Home Demonstration club met Tuesday afternoon in the home of Mrs. L. E. Lloyd with 11 members and three guests present. Following the business meeting the group had a parliamentary drill. Retha Nell Lloyd gave a report on the recreation program and the group in several games and songs.

Guests of the club were: Mrs. L. Moore, Mrs. Otto Sauer, and Retha Nell Lloyd. The next meeting will be November 8 in the home of Mrs. Billy Jack Reynolds with Mrs. Vida Kerklow as leader.

LIONS PLAN PANCAKE SUPPER

Plans are in the making for a pancake supper to be held the night of November 11 in Carroll Ratliff's building, next door to the Eldorado Success. This event will be the Fall money raising project of the Eldorado Lions Club. P. S. Dudley will be general chairman in charge of arrangements, with Lions members helping with cooking and serving. It is hoped that most or all materials will be donated.

November 11 will be the date for the first home conference football game, when Menard comes here to take on the Eldorado Eagles. The day is also Veterans' Day, which some businesses will observe as a holiday.

Dryer vs. Fresh Air

Not often can a machine outdo nature, but when the machine is a clothes dryer, it does, according to Harriet Brigham, Extension home management specialist.

Many women think fresh air is more sanitary. Actually, this is true only in the great open spaces, and not always there. In most communities the air is laden with tiny soot and dirt particles, which cling to the washing. A light breeze, which is nature's dryer, may blow dirt onto the clothes.

The heat of a dryer has some sterilizing properties. The tumbling action makes towels fluffier than the sun and wind. Unsanitary clothes pin marks on garments are eliminated. There is no problem of having to rush half dried clothes into the house because of a sudden shower or dust storm.

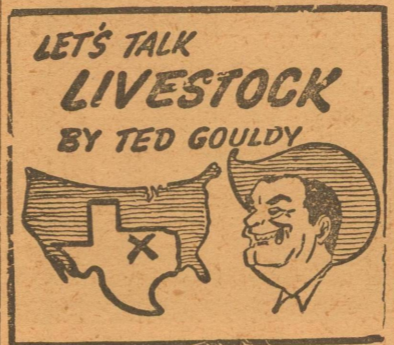

Research people say it is better to hang your clothes in the basement, if you do not have a dryer. Clothes are apt to fade out in the open, even if hung in a shaded area. If you own a dryer and have deprived yourself of its labor-saving feature just to take advantage of a sunny day and the gentle wind, take this tip: Automatic clothes dryers work faster, cleaner, safer and are easier on the back.

Guests of Mr. and Mrs. I. L. Zaleski two days were the former's parents, Mr. and Mrs. C. Zaleski and son Si of Lockhart.

Mr. and Mrs. D. C. O. Wilson have had as guests this week Mr. and Mrs. Lucian Jones of San Antonio.

WEDNESDAY BRIDGE

Mrs. Dick Bearee was hostess to the Wednesday Bridge Club at her home. Luncheon was served at noon, and the games followed at three tables. Mrs. Sam Oglesby won high and Mrs. Leslie Baker bingo.

Cattle Run Mon. Biggest of Season

Fort Worth. The twelve major markets of the nation Monday reported 163,000 cattle, the biggest run of the Fall season. The offering at Fort Worth was about the same size as a week ago, but the big numbers reported around the market circle put pressure on prices here as well as at other points.

Again the 12 markets reported over 100,000 hogs on Monday and this put pressure on butchers at all points as well as adding to the difficulties of beef cattle and calves.

The Fort Worth cattle and calves faced weak to 50 cents or more lower offers. Comparative prices included: good and choice steers and yearlings \$18-22; common and medium kinds \$12-17. Fat cows \$9.50-11.50; canners and cutters \$6.95-9; bulls \$9-13; good and choice slaughter calves \$16-17.50, few heavier higher; cull, common and medium kinds \$8-15; stocker steer calves \$21 down, heifers \$17.50 down; steer yearlings \$19 down; stocker cows \$8-12.50.

Sale Average \$96.09

The special Hereford Stocker and Feeder Sale held at Ft. Worth last Friday attracted 2,219 head that sold for a gross of \$213,22.90, or an average of \$96.09 per head. Top price was \$25.50 paid for a 20 lot from the League Ranch of Benjamin. Second high price was \$25 paid for an entry from Turner Greenwade of Clifton. Top heifers sold at \$22 and came from the John R. Black Estate Ranch of Granbury.

Numerous lots of heifers sold in the \$18 to \$20 bracket and numerous lots of steers sold in the \$19 to \$23 field. Average of the sale was easily \$1 to \$1.50 above current market prices on most of the calves and yearlings.

Hogs Sink To Lowest Since 1946

Butcher hogs opened weak to 25 cents lower at Fort Worth Monday, and topped at \$14.50 to \$14.75. This was the lowest figure for top hogs here since the final days of the OPA, which went out of existence July 1, 1946. Sows sold at \$11 to \$13.50.

Lambs Advance 50c

Fat lambs of good and choice kinds sold for \$18 to \$20 at Fort Worth Monday, on a strong to 50 cents higher market. They were the only class of livestock able to make an advance at the market that day. Feeders were strong at \$16.50 down. Old ewes drew \$4.50 to \$5.50, and aged wethers \$8 to \$12. Yearling muttons sold around \$12 to \$15.50, some culls below that.

Jimmie Woodward, who has been employed with a seismograph crew at Park Haven, Mississippi, spent the weekend with his parents, Mr. and Mrs. O. L. Woodward and is leaving for new assignment near Corpus Christi.

Mrs. E. F. Gibson of San Antonio and Mrs. H. L. McDonald of Menard are here visiting their sister Mrs. H. F. Webb, who is recovering from major surgery.

Mrs. Paul Matthees and Louise Harkins of Hutton and Mrs. H. W. Jennings of Dallas are here this week visiting Mrs. Matthees' sister, Mrs. C. C. West.

A guest last week in the A. T. Wright home was Mr. Wright's brother A. D. Wright of Kingsville.

The ELDORADO SUCCESS

Post Script

James Alexander served five days last week on the federal jury in San Angelo, and is believed to be the youngest man ever called for this county for that job. He is 23 years old.

—ps—

A little more activity is under way in the new addition which Howard Derrick and Paul Page are opening on the new Mertzson Highway. The city laid off the streets and alleys and the proprietors employed men with equipment to prepare the streets for the surfacing.

More work, such as bringing in of water and sewer, remains to be done before the lots are ready to be used as building sites. The development will provide location for new homes in a restricted area.

—ps—

Moving equipment was brought in Monday and on Tuesday morning men started work on jacking up the Gulf Station building near the schoolhouse, to move it to Consignee Ernest Finnegan's ranch where it will be used as a barn. The old station building has been empty many months. Mrs. Dora Oliver owns the lot, which is adjacent to her residential property.

—ps—

Kelly Coppege of Odessa has contract for two houses which Sinclair is putting up for gasoline plant employees on their acreage in Huldale. The foundations of the two two-bedroom houses have been run and walls were going up Tuesday. We don't know when work on the plant will start—soon, we hope. A small warehouse has been moved to the location, and the grounds have been cleared.

—ps—

The gin here reported 139 bales of cotton late yesterday afternoon. According to the opinion of the gin officials the freeze of this week did not badly hurt the cotton—it killed the leaves but did not injure the bolls. The fact that it was a dry freeze helped too. It is understood that the feed was not hurt.

—ps—

Nothing more has been heard from the Humble official who was here attempting to line up 21 houses for a drilling crew. Part of the men had located in Sonora, but the houses are here waiting for them if they choose to move in.

Mrs. Joe Tisdale of San Angelo spent the week end with Mrs. Virge Tisdale.

Mrs. Ruby Dameron visited over the weekend in Ballinger with Mrs. George S. Robinson and attended a wedding shower for Mr. and Mrs. Chester Dameron while there.

Mr. and Mrs. Earl Yates and children visited Sunday in San Angelo with the Harold Yates family.

Mrs. John Box and Miss Grace Johnston of San Angelo visited Sunday with Mr. and Mrs. Buck Davis. Mr. and Mrs. J. W. Davis left Sunday for their home in Austin following a visit here with his parents.

The Junior Woman's Club will meet tonight at the club room with Mrs. B. L. Blakeway and Mrs. Eldon Calk as hostesses.

Ray Charles Edmiston and Sammy Gladden of Odessa spent the week end with Mr. and Mrs. Arch Edmiston on their ranch.

The E. B. Jordan family spent last weekend at H D Ranch at Blanco.

Mrs. J. B. Swain and children visited Sunday with her brother Leo Ivy and his family at Sheffield

Ed Hicks, who has been carpentering near Midland, has moved back to Eldorado with his family and re-opened his residence.

Mrs. Milton Doyle and children of Roby visited Sunday with Mr. and Mrs. Will Doyle.

Jean Kuykendall spent the weekend with her parents, Mr. and Mrs. Allen Kuykendall, returning to Brownwood Sunday.

Mr. and Mrs. Clemens Sauer and children spent Sunday at Fort McKavett with her parents.

Mrs. Harold Pryor and Terry and Gregg of McGregor are visiting with her sister, Mrs. R. L. Wilson, and family and other relatives.

Mr. and Mrs. Jerry Ray Smith have moved into the Jim Simpson house. They have been living in Sheffield for several months.

Mrs. Jerroll Sanders and girls spent last weekend in Silver with her parents, Mr. and Mrs. R. B. Allen.

Mrs. J. D. Ashmore and Mrs. Edwin Childers are attending Eastern Star Grand Chapter at San Antonio this week. Mrs. Childers is Deputy Grand Matron and Mrs. Ashmore is Worthy Matron of the Local Chapter. They left last Saturday and plan to return this Friday.

Bible Records Oil Use 6,000 Years Ago

Petroleum has been called the "bloodstream of modern life."

While it remained for the American system of free enterprise to perfect the uses of petroleum, oil has been known—and used—since cavemen first employed the scum of a salt pool in their sacrificial rites.

The first recorded use of a petroleum product is found in the Bible where, we read, the Lord commanded Noah: "Make an ark of gopher wood . . . and thou shalt pitch it within, and without with pitch." This pitch was petroleum asphalt, still found abundantly in Mesopotamia where Noah lived.

Other mentions of petroleum products in history are:

4000 B. C. Asphalt mortar used in constructing temples, palaces, and walls of the cities of Ninevah, Babylon, and Ur.

2220 B. C. Bitumen selling in Ur of the Chaldees at the equivalent of \$30 a ton for top grade.

1900 B. C. Natural gas is used for illumination in China.

1200 B. C. The infant Moses set adrift in a basket waterproofed with oil pitch.

1000 B. C. Oil used for lighting purposes in China.

900 B. C. Egyptians send troops to protect workers at asphalt fishery in the Red Sea.

615 B. C. Oil discovered in Japan.

580 B. C. King Nebuchadnezzar orders Shadrach, Meschach, and Abednego thrown into a furnace fed with crude oil obtained from a well near Kirkuk, in Iraq.

450 B. C. Refinery, using oil collected from salt water springs, opened at Susa, Persia.

38 B. C. Mark Antony captures Dead Sea and gives asphalt fishery there to Cleopatra as a present. She leases it to Malthus the Nabataean for 200 talents a year.

495 A. D. Norse reports native tribes of Vineland (probably American Indians) used "oil springs" to treat burns, cuts, and sores.

941 A. D. Byzantines defeat Russians at Constantinople by using Greek Fire—a mixture of petroleum naphtha and quicklime.

1200 A. D. Marco Polo reports oil well in the Caucasian Mountains producing at rate of 100 shiploads a day.

1400 A. D. Oil used for illumination in Italy.

1703 A. D. Peter the Great builds refinery at Baku.

1775 A. D. George Washington buys land at Burning Spring, Va., because of a spring on it yielding a liquid "so inflammable as to burn as freely as spirits and nearly as difficult to extinguish."

1933 A. D. Oil found in Pennsylvania salt wells.

1848 A. D. Oil from two salt wells near Pittsburgh bottled and sold as "Kiers Petroleum or Rock Oil, a Liquid of Wonderful Medical Values."

1854 A. D. Kerosine discovered, produced from refined coal oil.

1859 A. D. Colonel Drake brings in oil well at Titusville, Pa., with an initial production of 25 gallons a day. Beginning of modern American oil business.

1866 A. D. First Texas oil well.

1876 A. D. First petroleum asphalt paving in the United States.

1901 A. D. The Spindletop Gusher, inaugurating modern oil age.

1913 A. D. Burton cracking process makes sufficient gasoline available to power the automotive era.

1917 A. D. First home oil burner.

1955 A. D. Oil Progress Week begins October 9th; estimated petroleum production in the United States this year: 2,386,000,000 barrels.

Eldorado Success

School News

At the last meeting of the Masqueraders, Eldorado High School drama club, the election of officers was completed. New officers are: President, Nancy Elder; vice-president, Herman Early; sec., Becky Mund; treasurer, Joy Dodd; state manager, Herman Early; publicity chairman, Bill Gaynor; art director, Helen Kaye Taylor. The meeting was held in the high school auditorium Thursday night, Oct. 20. The members were entertained by a very clever stage pantomime of "Hansel and Gretel," presented by Carolyn Hall, Barbara Spenser, Herman Early, Jerry Caldwell, H. L. Turnbow, and Kathy Hemphill.

The completed cast of Charles Dickens' "A Christmas Carol" has been announced by Mrs. Dick Wynne, who will direct the play. The cast is as follows: Ebenezer Scrooge, Charles McLaughlin; Fred is Bill Gaynor; Bob Cratchett, Willie Luedecke; Mrs. Cratchett, Becky Mund; Martha Cratchett, Helen Kaye Taylor; First Gentleman, H. L. Turnbow; Lady, Kathy Hemphill; Scrooge's housekeeper, Nancy Elder; Ghost of Jacob Marley, Bob Ratliff; Ghost of Christmas Past, Yvonne Logan; Young Scrooge, Herman Early; Fezziwig, Sherrill Dannheim; Mrs. Fezziwig, Burnell Doyle; the two Misses Fezziwig, Jerry Caldwell and Monetta Bradshaw; Scrooge's Sweetheart, Gainell Belk; Sweetheart's husband, Ralph Taylor.

The Ghost of Christmas Present, Ralph Taylor; Fred's wife, Sandra Nixon; Ghost of Christmas Future, Billy Parker; two gossipers, Yvonne Logan and D'ann Hallmark; Pawnbroker, Sherrill Dannheim; Scrooge's laundress,

Burnell Doyle; and the Turkey Boy, Joy Dodd.

Barbara Spenser will read the Prologue and serve as assistant director, with Herman Early as the stage manager, and Helen Kaye Taylor serving as costume director. "The Christmas Carol" will be presented on the night of December 15 by the Masqueraders.

Promptly at 11:45 next Monday night, Halloween, some strange and weird visitors will descend on Eldorado, and everyone is advised to be prepared to meet them. To be exact, these creatures from another world will be at the Eagle Drive-In Theater; and it is fervently hoped that they will all be confined to the screen, in a thrilling and chilling epic entitled, "The Mummy's Curse!" This frightening collection of ghosts, madmen, mummies, and innocent, screaming bystanders will be presented by the Senior Class of Eldorado High School, all of whom will be on hand at the drive-in by 11:30 to take tickets, escort cars, hold fainting viewers' hands, administer smelling salts, soothe the hysterical, and escort those who just can't stand the excitement to the exit and point the way home. The seniors also promise to join in the moans and screams of fright, for those who need help in getting in the proper frame of mind for "The Mummy's Curse." The price of admission is 40 cents for all over the age of 12 and 10 cents for children. The seniors have been selling advance tickets, and will continue to sell them through Monday afternoon. Tickets may also be purchased at the ticket office. All proceeds above the cost of the film, and the cost of the smelling salts which will be provided, will go to the Senior Class fund. Everyone is invited to join in the fun at the midnight show!

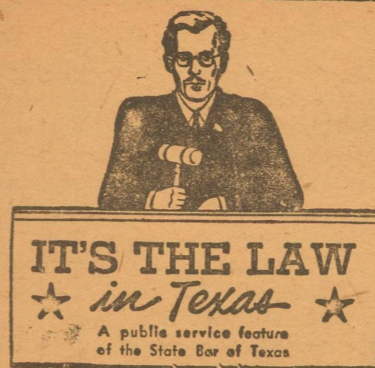

THE GASCAS

Leo and Josephine Gasca, famous circus and television stars, are members of the well-known Gasca family. Their act has been featured in many leading circuses in the United States, Mexico, South America and Europe. They will be at the Eldorado School assembly program Wednesday, Nov. 2, at the school auditorium at 1:00. Admission will be 15c and 25c.

In an action packed, spectacular and graceful performance, the Gascas present the One-Hand Stand on Two Rubber Balls, Walking Upside Down on Crutches, Head Stand on Trapeze, Spinning Hoops, Novelty and Precision Balancing, and other examples of unique and highly developed artistry.

These Latin-American Novel-teers use specially designed apparatus to present a sensational balancing, acrobatic and equilibristic act. It is a presentation of remarkable dexterity and unbelievable skill by two outstanding artists.

Life Insurance Policy May Be Community Property

Many people fail to think of a policy of life insurance as being property in the same way they think of real estate or jewelry or automobiles. But the Texas Community Property laws governing the rights and duties and ownership of all forms of property are similarly applicable to life insurance policies. Under our community property system, one-half of all wages earned by either spouse during the marriage belongs to the other. If the husband pays all the premiums on his life insurance policy from his salary, he is using community property funds to do so. Thus the cash surrender value of the policy is community property, belonging half to the husband and half to the wife.

When a marriage is dissolved by divorce or death the community estate is likewise dissolved. In the case of divorce, the community estate is distributed in accordance with the terms of the divorce decree. The decree usually provides for division of the community real estate, automobiles, stocks and bonds, and money. Many times, however, the plaintiff fails to think of the cash surrender value of the insurance policy or forgets to tell his attorney about it. As a result, the divorce decree divides all the property except the cash value of the policy.

Suppose the insured later takes his or her policy to the insurance company to surrender it for its cash value or to obtain a policy loan. The insurance company, upon learning of the divorce, cannot grant the request. The ex-spouse still has a community interest in the cash surrender value of the policy for which the divorce failed to provide.

It then becomes necessary for the insured to obtain from the divorced spouse a release or assignment of his or her community interest in the policy. Frequently this is difficult or impossible. If the ex-spouse refuses to sign a release, it is sometimes necessary to bring a new lawsuit to reform the original decree.

If the insured does not file a new suit, he or she will occasionally discontinue premium payments. The equity in the policy is then normally used for some form of continued insurance. Even if the premium payments are continued, the insured can never deal freely with the policy, nor can he enjoy its full benefits, until the divorced spouse's community interest is extinguished.

The moral of the story is this: A great deal of trouble and expense can be avoided in divorce cases if the plaintiff will advise his or her attorney about life insurance policies owned by either spouse. By doing so, provision for the disposition of the cash value can be made in the property settlement and in the divorce decree.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

D.A.R. Meets In Ozona With Mrs. Steve Perner

The El Dorado Chapter, Daughters of the American Revolution, met Thursday, October 20, in Ozona, at the home of Mrs. Stephen Perner, with Mrs. John Bailey and Mrs. Bascomb Cox as co-hostesses.

The Chapter was opened in regular form with the First Vice-Regent, Mrs. W. F. Meador, Sr., presiding.

Mrs. Luke Thompson Sr., chaplain, gave as her scripture the 10th chapter of Luke, 27th verse. She led in prayer. The salute to the flag was given and the National Anthem sung.

The treasurer, Mrs. J. H. Luedecke, reported a balance of \$387.61.

Mrs. J. O. Willoughby read the twelve requirements for the National Honor Roll and found this chapter can meet the requirements.

The program topic for the day "What the Daughters Do," was led by Mrs. J. E. Hill, and Mrs. Elizabeth R. Powell presented the D. A. R. Objectives. Mrs. W. F. Meador further explained D. A. R. work in "All About Us."

Following the program Mrs.

H. A. BELK — MANAGER

John Bailey presided at the tea service where a beautiful tea was served.

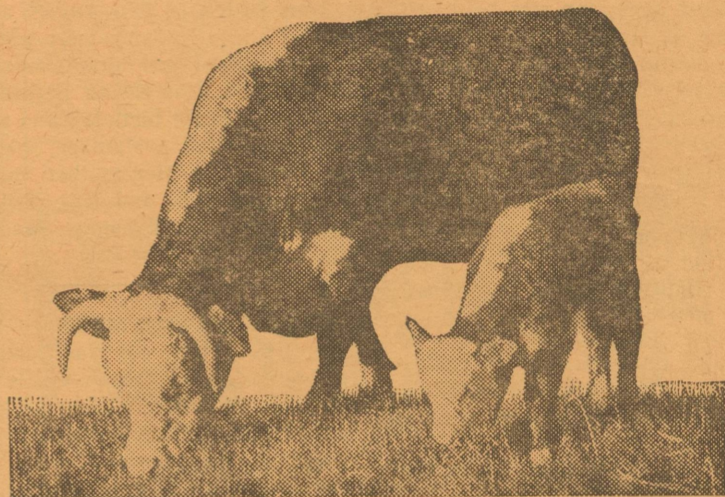

Harold Rutland, who has been with a geophysical crew in Mississippi, has been visiting his mother, Mrs. Irene Rutland.

Mrs. Laura Terrell of San Angelo visited recently with Mr. and Mrs. Bernard Carr.

Jessie Trentham spent the week end in Dallas.

Mr. and Mrs. Phil Olson and Mr. and Mrs. P. S. Dudley spent Tuesday and Wednesday in San Antonio where they consulted a specialist concerning the crippled condition of Patti Lou's foot. The limbs were placed in braces and the baby will be taken back to the doctor in a month to determine the effectiveness of the treatment.

Mr. and Mrs. A. F. Uherek and family of Lovington, New Mexico, spent the weekend with her parents Mr. and Mrs. J. R. Trentham.

calves on the ground are like **MONEY IN THE BANK**

It costs a lot of money to keep a cow. A lot of that money is lost if she fails to settle or drops small, weak calves that die or develop into "tail-enders."

BIG CROPS of husky calves are a must, if a fellow is going to make money ranching. This is especially true when the price of cattle is off.

Your range needs help. It takes more than grass alone to give your cows what they need to grow and drop the kind of calves that will bring top prices next fall.

PURINA RANGE CHECKERS have proved their worth in research tests and on thousands of ranches. This favorite range supplement has what it takes. Cattle love Checkers, do well on them. Cows stay up in good shape at calving time, have lots of milk for the calves, too.

Feed for big calf crops the Purina Way. Purina Range Checkers can help you keep your operation on the profit side of the ledger.

COME IN. We'll visit about Purina Range Checkers and profitable ranch management. Make it soon!

DESTROY STALKS IN COTTON FIELDS SOON AS POSSIBLE

With the early frost coming on late cotton, there is an abundance of feed left for the pink bollworm.

The pink bollworm is the only major cotton insect that passes the winter in the larval stage in the old bolls and locks left in the field or in seed cotton and seed taken from the field.

The early destruction of stalks and bolls stops the reproduction of pink bollworms and other cotton insects.

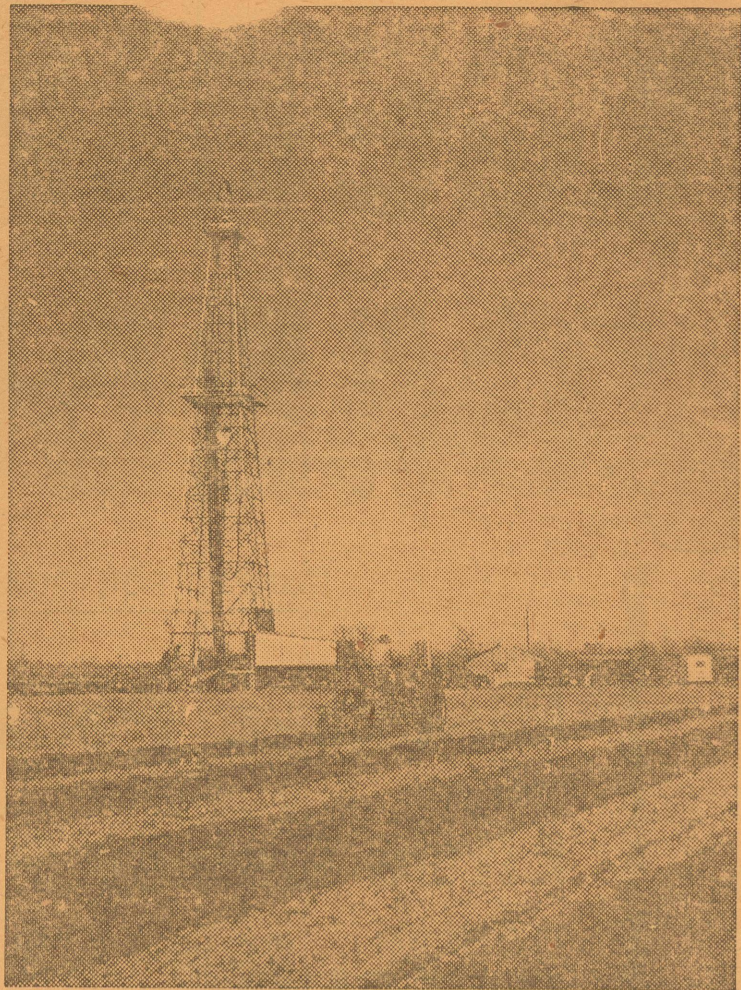

Tests show that certain power operated stalk cutters kill up to 70% of the larva during the shredding operation.

An alternate method is heavy grazing of cotton plants and then turn under.

These practices are especially important to every cotton producer in the county, Schleicher County being in a semi-arid rainfall belt.

L-219, ways to fight the pink bollworm, will be available at Mikeska's Gin and the county agent's office.

Oil Is Big Cash Crop For Farmers

In the above picture, a Texas farmer plows right up to a rig drilling for oil on his land.

produced by oil operators in the state. It is net profit for the landowner. In addition, there is unestimated amount of rental and bonus payments made each year to landowners.

R. J. Topliffe Dies; Is Buried In Houston

R. J. Topliffe, Sr., father of E. H. Topliffe of this city, died suddenly October 20 at his home at Marble Falls.

Born and reared in London, England, he came to Texas as a young man. He was employed by the Texas Company of Houston until he reached the retirement age; he moved to Marble Falls five years ago.

Mrs. Topliffe preceded him in death July 28, 1955. He was in Eldorado visiting the E. H. Topliffe family October 18 and 19.

Mr. and Mrs. Grover Lee Johnson returned Sunday from a five-day trip to Illinois where they visited Mr. and Mrs. Nolan Applegate, whom the Johnsons knew when the men were stationed at Mineral Wells.

Ronnie Mittel, Billy Sam Hale, Carey Frisby, Billy Jack Etheredge, Enid Dawkins, and Dean Alexander of Lovington, New Mexico, all students at Texas Tech at Lubbock, spent the weekend with home folks.

Mr. and Mrs. H. A. Belk and family and Mr. and Mrs. James Alexander and children visited Sunday in Lampasas with Will Faught who is ill at the home of his daughter, Mrs. Lloyd Lively.

Mr. and Mrs. Fred Gunstead spent the weekend at Van Horn with their son-in-law and daughter, Mr. and Mrs. Wm. Sauer, on their irrigated farm, and assisted Paul with the celebration of his first birthday anniversary.

Mr. and Mrs. Warren Nutter of Midland were weekend guests in the home of the latter's parents, Mr. and Mrs. S. W. Frisby.

Pat Bennett of Ardmore, Oklahoma, spent a few hours in Eldorado last week visiting old friends. He is a former employee on the Eldorado Success and the family formerly lived here.

COOPER GAS HOME DEM CLUB MEETS WITH MRS. WHITTEN

The Cooper Gas Home Demonstration Club met at the home of Mrs. Hal Whitten on October 19, five members attending.

The next meeting will be Nov. 2 at 2:00 p.m. with Mrs. Bob Skurlock.

Mr. and Mrs. J. F. Mayo and children spent the weekend at Sierra Blanca visiting Mr. and Mrs. Johnnie Luedecke.

The Military

Aubrey R. Jarrett is visiting with his brother, William, and family. He has just completed a 13-week course in Driving school in California.

EASTSIDE W.M.U. MEETS AT JOE DOSSETT HOME

Mrs. Joe Dossett was hostess to the WMU of the Eastside Baptist Church Tuesday afternoon, October 24, and a session on copper tooling was held after which a business meeting was called.

The GA meeting scheduled for the same afternoon, was postponed a week. Mrs. John Brown and Mrs. Herbert Craig are sponsors of the group.

Mr. and Mrs. Leslie Baker and Mr. and Mrs. Seth Ramsey spent the weekend in Fort Stockton with Mr. and Mrs. Sam Lloyd.

Mr. and Mrs. Paul McCormack and Danna of Tyler visited over the weekend with Mr. and Mrs. A. G. McCormack.

GIRL SCOUTS MEET

The Girl Scouts of Troop 10-3 met Tuesday afternoon, October 24, and a session on copper tooling was held after which a business meeting was called.

Mrs. Charlie Trigg and her mother Mrs. D. E. Hughes of San Angelo spent a week at Rochester, Minnesota with their brother and son Studley E. Hughes of San Angelo, who had major surgery at Mayo's Clinic.

Mrs. Oliver Burk and her sister from Pecos spent the week end visiting relatives at Henderson.

C. O. Bruton and son Robert drove to San Angelo Sunday and brought Mrs. Bruton home from the hospital. She is doing well after surgery.

Mrs. Zula Calcote and daughter Dolores visited Sunday in Sonora with Mr. and Mrs. Rayford Hull and new baby daughter. Mrs. Hull is the former Rowdy Roberts.

Mr. and Mrs. George Gandy visited relatives at Cleburne during the week end.

The Rev. and Mrs. James L. Spencer got a call from their son in Fort Bragg, N. C., last Thursday telling them that they have a new grandson, Stewart Dale Spencer.

Jimmie Dell Williams and Miss Joan Fudge spent the weekend at Dallas where they attended the Texas State Fair and visited relatives.

Mr. and Mrs. W. G. McAlpine had as guests for the week their daughter Fay, Mrs. Roy Crider and two children, of Iraan. Mr. Crider came after them Friday.

Mrs. Edwin Jackson has returned from Bertram where she visited her mother who is critically ill.

Mr. and Mrs. Vernon Carroll and Shirley went to Ozona Tuesday evening and were supper guests of Mr. and Mrs. Tom Carroll. Present also were an aunt and uncle, Mr. and Mrs. Dennis Parker, of Oklahoma City, whom Vernon Carroll had not seen in 30 years and whom Mrs. Carroll had never met.

The I. Zaleski family are moving this weekend from the Earl Parker rent house to the Fry place across the street.
