New Bonds For Water & Sewer Voted In Election Here Tuesday

The city bond election proceeded to its climax Tuesday in a quiet and orderly manner—only 210 voters turned out to express their preference on a proposition which called for \$175,000 worth of new indebtedness.

Voting for the bonds were 117, while 93 were against—a margin of 22.

The vote gives authority to the city council to refund \$87,000 worth of old bonds and to create \$175,000 in new bonds—all of which will be revenue bonds. The money will be used for sewer and water line extensions and new water storage facilities.

Officials yesterday estimated that it would be about 90 days before dirt starts moving—that much time being necessary to call in old bonds and issue and sell new ones.

Demos Prepare Primary Ballot Also Select Judges and Clerks

The Schleicher County Democratic executive committee met Monday of this week and approved copy for the Democratic Primary ballot, for the election July 28. Names of candidates for the various offices were drawn to determine their order on the ballot.

Copy for the ballot has been delivered to Success printers. The ballots are to be delivered by July 8, the date absentee voting begins.

Some voting boxes have been combined, so that the county now has six voting places, instead of nine as in previous years.

POLO TEAM DOWNS COLEMAN PLAYERS; ARE STILL ON TOP

The Polo team played Coleman here Sunday afternoon, and won the game 15-4. This was a game previously scheduled for Friday of last week, but postponed to Sunday because some of the Coleman boys could not come on Friday.

Roping practice followed the game, some of the team participating.

The committee also selected election judges and clerks for the first primary. These were announced by Edwin Jackson, county Democratic chairman, as follows:

Precinct 1, Memorial Building: Robert L. McWhorter, judge; Jo Ed Hill, associate judge; clerks: L. E. McCalla, Mrs. Elizabeth Ballew, Mrs. Elizabeth Powell, Mrs. Ray Boyer, Mrs. Jerry Pennington, Mrs. W. H. Graves, Mrs. Roy Phelps, Mrs. Ray Sproul, Jack Montgomery, Joe Andrews, Grover Lee Johnson.

Precinct 2, Page Oil Field office: Mrs. R. A. Friske, judge; Hal Whitten, associate judge; Mrs. Tucker Clark, Mrs. Arch Ory.

Precinct 3-A, county barn: E. H. Nimitz, judge; Mrs. E. H. Nimitz, associate judge; C. C. Townsend, Mrs. C. C. Townsend.

Precinct 3-B, Adams school: Otto Williams, Mrs. Otto Williams, L. L. Watson, Mrs. L. L. Watson.

Precinct 4-A, Draper: Jimmy West, Mrs. John Mayo, Mrs. George Draper, Edgar Sauer.

Precinct 4-B, Reynolds: Buck Davis, Mrs. Victor Sauer, Mrs. Buck Davis, A. P. Thigpen.

Post Script

Quite a lot of things are going on or are about to start—work on the Harkey Humble Station is well under way, with large storage tanks being put into place this week, in preparation for laying of new driveway, remodeling and enlarging of the building, etc. The excavation for the county swimming pool is nearing contract depth, so building forms for the concrete may be in the offing for the immediate future.

The First National Bank has a crew on the job putting in a new metal front door.

In the business district, Ratliff's Store is announcing in this issue their annual summer sale—their page ad is on page three of this issue. Cameron Manager Paris Burnham has prepared a quarter page ad (page 4) carrying sale prices—this is a post-inventory sale. James Williams is now open with his car business, beside the Success office.

—ps—

Several women who will be moving here soon when their husbands start on their jobs at the new Sinclair plant, have been in the Eldorado business district in the past few days inquiring about rent houses. Their visits are reminders that it won't be too long before the plant is completed.

It looks like the families are coming at an excellent time for them—there are houses available, at reasonable rents and they should be able to find living quarters without any trouble.

The ones we talked with Tuesday wanted two-bedroom unfurnished houses, and one yesterday wanted a three-bedroom house, unfurnished. All of these were women whose husbands are working at Midway Lane and who expect to bid on jobs on the new Sinclair plant here.

It is our guess that there will be some families who will want to buy homes—they will be located here as fairly permanent residents.

—ps—

People moving, buying, renting: L. B. Kersey has bought the Otto Mund house on the Angelo Highway, and has moved there from the Oliver apartment.

Renters moving to new locations here: A. L. Casebeer to Lloyd Johnson house, Dale Little back in Eldorado and now a renter in the Eaton duplex, Gilbert Ortez in Sagester house, Pat McGalliard to Phillips rent house, Tommy Sessom to Otto Mund house, B. F. Hayes to Wallace Joiner house.

HUSBAND OF LOCAL WOMAN DIES IN SAN ANTONIO

Charles H. DeLongue, husband of the former Cora Sauer, died at midnight last night (Wednesday night) in a hospital in San Antonio where he had been a patient for some time. He was past 70 years of age. The Eldorado Success is without further information this morning.

Two cars of relatives are going to San Antonio today and at least one more tomorrow, to attend the funeral.

Mrs. John Griffin Dies This Morning

Mrs. Gertrude Griffin, widow of the late John Griffin, died quietly at her home at 7:00 this morning, Thursday, June 23. She had not been ill, and her death occurred suddenly when she was sitting in her chair at the family home.

Arrangements for the funeral had not been made as this paper goes to press at 9:00 today.

Gertrude McCartney was born February 15, 1886, in Kimble county, near Junction, one of the children of Mr. and Mrs. D. H. McCartney, early pioneer settlers in southwest Texas. When she was nine years old she came with the family to Schleicher County, the McCartneys settling here before the townsite for the city of Eldorado had been selected and laid out.

She received her schooling here and grew to womanhood in this locality.

In November, 1905, she was married to John Griffin, a rock mason, who died May 18, 1956.

The family spent all of their life here and in California. They had lived in Eldorado the past 18 years after their return from the West Coast.

Surviving are seven children, Joe and Jack of Eldorado, Charles Edward of San Antonio, Mrs. Byron Key of Del Monte, California, Mrs. James Burdett, Phoenix, Ariz., Mrs. Delwood Blair, Eldorado, and Miss Zelma Griffin, at home; a brother, Joseph McCartney, of Waco; three sisters, Mrs. C. B. Webb of Abilene, Mrs. W. L. Chaffin, Big Spring, and Mrs. Al Jones, Eldorado; 17 grandchildren and a number of greats, also four step children, Jim Griffin, Eldorado, Mrs. Ella Parrent, Eldorado, Mrs. Johnnie Lee Stovall, Farmersville, Calif., and Mrs. Elizabeth Stovall of Fresno, California.

The Griffins celebrated their 50th wedding anniversary in November, 1955, with all of their children present.

SINGING SCHEDULED

The regular first Sunday singing is scheduled for this Sunday afternoon at 2:00 in the Memorial building.

New Irrigation Brought In Last Week; Others Due To Test

E.H.S. HOMECOMING QUEEN'S RACE TO BE LAUNCHED

Plans are under way this week to start off the Homecoming Queen's race, which will close with an elaborate coronation service when the queen is chosen at Homecoming, July 14. The Junior Woman's Club is again in charge of this race, with Mrs. Billy McCravey chairman of the committee, assisted by Mrs. Charles Love and Mrs. Jerrold Sanders.

The committee members are contacting businesses this week, and before long it is expected that the race will be in full swing, with each business sponsoring a candidate.

Among new rules adopted by the Homecoming sponsors are these: Only ex-students will be eligible to enter the queen's race; there will be a run-off among the top five during the closing few days; a prize will be offered to the winner; a more elaborate coronation service than heretofore is planned; the contest will be on all next week and will close the final few days with a race among the top five.

Other plans are going ahead on schedule as previously announced. More details will be announced later.

M. H. Crabb, located on a farm about 6½ miles west of Eldorado, is probably the latest farmer to enter the irrigation business.

He dug a well on the north side of his place a few months ago and came up with a dry hole. He then moved the rig over near his house alongside the highway and dug a second well. Last Friday it was test-pumped and gave up an estimated 100 GPM. Treated with 2000 gallons of acid the volume jumped up to about 500 GPM, and was pumping at that rate all day Saturday. The flow completely filled a 6-in. pipe.

Hanusch Bros. have been digging two wells—one for Henry Moore and one for Nick Jurecek. We understand that both wells have reached bottom and that the Jurecek well was due to be tested today.

Lions Installation, Ladies Night Held

For his work with the boys of the county, Billy Frank Blaylock was awarded the annual Lions Club Good Citizen plaque at the Lions installation and Ladies' Night Tuesday. This award is given for work for community betterment outside of the regular occupation.

Blaylock, a veteran, has been working with the Boy Scouts of the county a number of years, is active in the Bowmen's Club, and in many ways not known to the public, has benefitted the youth of the community.

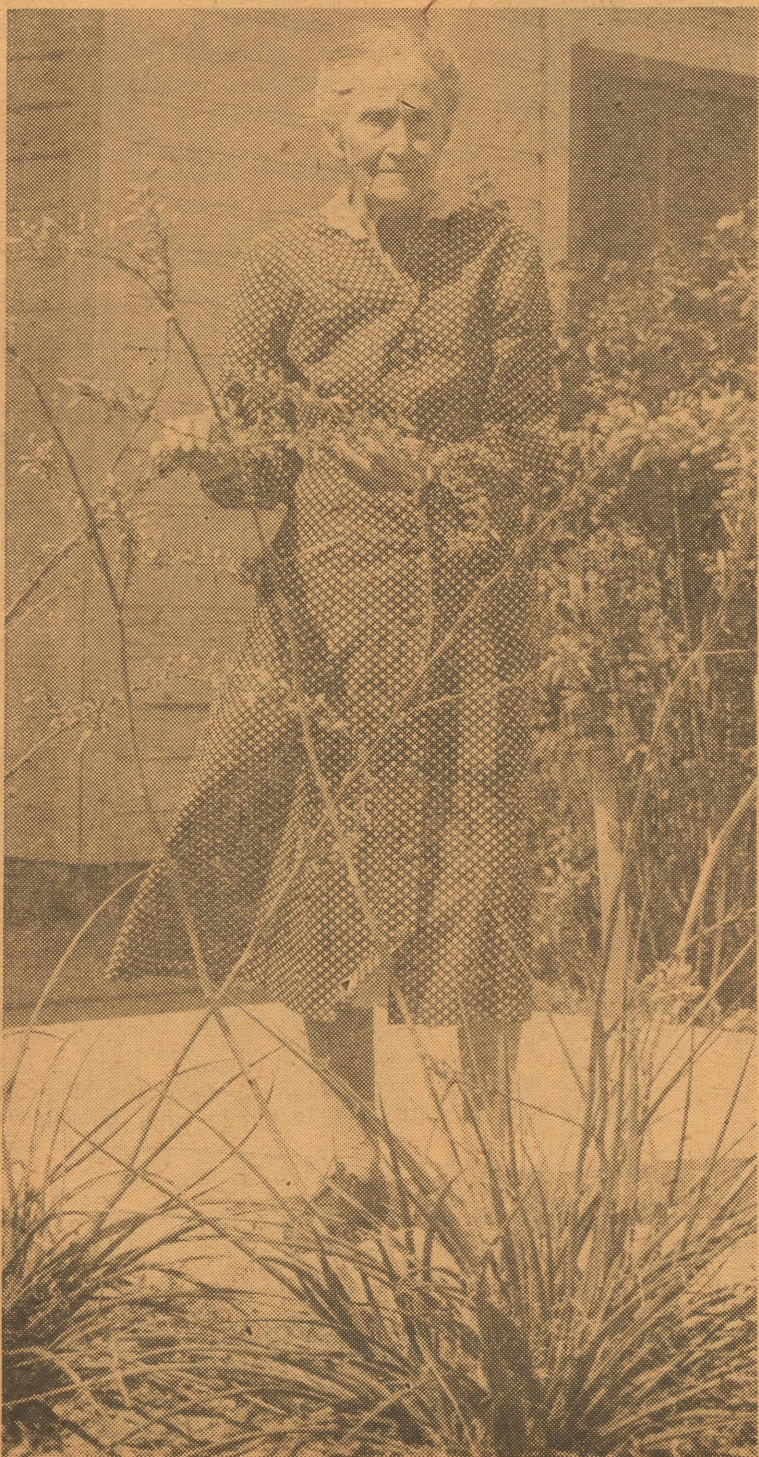

Previous winners have been Gus Love, Palmer West, Edwin Jackson, and Doctors Jack I. Mowrey and Bill Lindsey.

The principal speaker for the evening was Rev. Russell Heaner, pastor of the Methodist Church. He based his talk on Danforth's "I Dare You," a book written by a man instrumental in founding the Purina business, with its business symbol of the four-sided checkers. The four sides, the minister pointed out, represent four needs in the life of the well-rounded individual: work, play, love and worship.

Bill Vines of San Angelo, deputy district governor, was installing officer for the evening. Will Whitten, outgoing president, when presented with an ex-president's pin, addressed the group on the importance of Lionism and thanked the Eldorado club members for their cooperation. Incoming president W. G. Godwin appealed to the club for continued cooperation and expressed his thanks for the honor

Mrs. Bruton Is 90

MRS. MATTIE BRUTON is shown at her home Monday, which was her 90th birthday. The red flowering yucca are among the many flowers and trees which she tends in her yard.

Observes 90th Birthday Here Monday

Mrs. Mattie Bruton, resident of the county 40 years, mother of 14 children, 12 of whom are living, celebrated her 90th birthday Monday at her home in Eldorado. There was no formal celebration, and she spent the day doing household tasks and routine work indoors and out of doors.

She is in good health, considering her age. She has spent considerable time in her yard, in which she has unusual varieties of flowers and flowering shrubs growing. While she has never resigned herself to the loss of her farm home by fire a number of years ago, she has adapted herself well to town life and enjoys being near neighbors and friends, and the First Baptist Church, of which she is a life-long member.

One of her chief interests is piecing of quilts, her friends saving their quilt scraps for her—she spends many hours during the week at this pastime.

She is able to get away from the house quite often, her daughter Mary driving the family car to the Eldorado business district, to the church which she attends faithfully Sunday and Wednesday nights, and to the homes of friends. She enjoys having visitors—"People have been mighty good to me,"

she says. Eight of her 12 children are sons: Elmer and Claude of Schleicher County, Alf, Edward and Fred, San Angelo; Arthur of Grandview; John of Big Spring, and Lewis of Waco. The daughters are Mrs. Estelle Ballew of Hillsboro, Ruthie Donohoe, Floresville; Vera Word of San Antonio and Miss Mary, at home.

Early Childhood

Mattie Orsbourne was born in Bradley County, Arkansas, near Little Rock, 90 years ago, to the Rev. and Mrs. James Orsbourne. When she was under three years of age, the family moved to Texas, making the trip by ox wagon. Because the oxen set a slow pace, the children, Mattie and the other five, enjoyed getting out and walking at various times during the trip.

The family located at first near Irene, in Hill County and a few months later they moved to the Emmett Community in Navarro County, where the young child Mattie was destined to live until she was about 50. Rev. Orsbourne bought a 300-acre farm, and preached during his active years, carrying on his farm work as a sideline.

Her father exerted a strong in-

fluence over his young daughter Mattie. When she was ten years old, she was converted and baptized by her pastor-father.

Mrs. Bruton remembers that facilities for schooling were inadequate, a succession of teachers in the one-room school providing all that was offered—with standards low and the school term short, it was not much.

With other things, Mrs. Bruton thanks her parents for chances of a long life—her father was 94 when he died, and her mother was nearly 94.

On December 23, 1882, Mattie Orsbourne and John Bruton were married, the ceremony taking place in the bride's family home, with a neighboring pastor, Rev. H. G. Sears, officiating. The couple went to housekeeping in their home community.

All of the 14 children born to the couple were brought into the world at the Navarro home place—two of the babies died in infancy.

In 1916 the Brutons sold their farm and moved to Schleicher County where they bought a farm a few miles south of Eldorado. Ten years later Mr. Bruton died. The farm has been rented out until recently, when it was placed on the market.

Edmiston-Kempsky Wedding Solemnized In Home Ceremony

Mr. and Mrs. John August Kempsky will be at home on their farm near Lometa following a short wedding trip. The bride is the former Mrs. Mary Edmiston, daughter of Will Cloud of San Angelo. The bridegroom is the son of the late Mr. and Mrs. Paul Kempsky of Lometa.

The couple were married Saturday night, June 23, in the home of Mr. Kempsky's aunt, Mrs. A. J. Roach, in Eldorado. The double ring ceremony was performed by candle light before an archway of white gladioli and greenery. Baskets of flowers were arranged on either side. Recorded nuptial music was provided during the ceremony.

The bride wore a navy blue tailored shantung suit designed with three-quarter length sleeves cuffed in white linen. Her short veil was attached to a white lace hat, and she wore white accessories with corsage of white carnations. For something old, Mrs. Kempsky wore an antique gold pin set in

pearls which belonged to the groom's great grandmother and is estimated to be 200 years old. Mr. and Mrs. Earl Yates were the couple's only attendants.

Mrs. Kempsky is a graduate of Eldorado High school and attended San Angelo Business college and Sul Ross college. Mr. Kempsky attended school in Lometa and served in the armed forces, taking part in the Italian campaign.

Attending from out of town were Mrs. Cary Owens of Goldthwaite, Mr. and Mrs. Emmitt Blodgett of Lometa, Mr. and Mrs. T. J. Bailey from Ozona, and Mr. and Mrs. Eldred Roach.

Following the ceremony, a reception was held in the Roach home. The table was covered with a lace cloth which came from Ireland and pink and white decorations were used. Assisting in the serving were Mrs. Bailey, Mrs. Blodgett and Mrs. Yates.

Mrs. Horace Linthicum, accompanied by Mack McAngus and Robbie Williams, his guest, visited Prissy Linthicum, who is attending summer camp at Camp Mystic, near Hunt.

FAMILY GET-TOGETHER

The Leonard Wilsons entertained with a family gathering Saturday night at their home, 25 attending. Present in addition to the local relatives were Mr. and Mrs. Oran Lee Furr and four children of Houston, and the Jack Smiths and two children of San Angelo.

RUDD CLUB MEETS

Mrs. C. C. Townsend was hostess to the Rudd Home Demonstration Club, eight members and Mrs. Townsend's guests attending. The home demonstration agent gave a demonstration of a freezer meal.

The next meeting will be with Mrs. Jim O'Harrow.

Forrest Alexander and his wife and three children of Amarillo and Lewell Alexander and daughter of San Angelo have returned to their homes after visiting the W. O. Alexanders.

HAS OPERATION

Mrs. Frances Mund underwent a major operation on Wednesday of last week at the Sonora hospital. On Saturday she was brought to the home of her daughter, Mrs. Orval Edmiston, where she is now convalescing rapidly.

Weekend visitors in the home were Mr. and Mrs. Chas. Mund of New Braunfels and Mr. and Mrs. Wendell Yates of San Angelo.

Mrs. Bill Whitehead and daughter Letha were visitors recently in the home of Mrs. Whitehead's sister, Mrs. S. E. Jones Jr. They live in Del Rio.

Guests of Mrs. Elizabeth Powell during the weekend were her daughter Mrs. George Graham of Big Lake and David of Texas Tech.

D. C. Royster has been on the sick list this week.

PICNIC AT PHELPS

The Roy Phelps home was the gathering place for members of the First Baptist Bykota Class at a family social and picnic Friday night. The group brought picnic baskets and the picnic supper was served in the back yard of the Phelps residence.

Mr. and Mrs. George Caies returned Sunday from Lubbock, where they have been visiting their son and his family. They were accompanied by their daughter-in-law Mrs. James G. Morris and children, Jim, Craig and Ann, who returned home Tuesday.

Mrs. Ruby Damron and daughter of Ballinger have returned from Galveston, where they took Mrs. Damron's granddaughter Jenell Robinson, for a check-up at John Sealy Hospital. The child is suffering from an incurable ailment.

BRADY RACES UNDER WAY NEXT WEEK

Stock car races under the new lights have been added to Brady Jubilee's entertainment program. The big three-day celebration will close here with the thrilling races Wednesday night, July 4th. The Sunday afternoon races have proved very popular during the spring and summer months. However, with the installation of the new lights at the track, Director Jack Wootan is of the opinion that the cars will run faster after dark and it will be a more convenient time for the people to enjoy the races.

The Sunday afternoon races have been eliminated and starting Saturday night, July 14, the races will be reeled off every Saturday night at the new lighted track.

Mr. and Mrs. Tom Carroll and Vicki of Ozona spent Sunday with the Laman Hazelwoods.

COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

Many species of ants are pests in the home. They infest food supplies, flower beds and lawns. The worker ants normally seen busily traveling in and out of the nests collect and carry food into the nests to feed queens and young. Killing the workers outside the nest merely weakens the colony unless enough workers are killed to seriously reduce the food supply for queens and young. It is essential therefore to locate and destroy the nests in order to kill the queens and young.

To control ants in the home, it is advisable to spray 2% chlordane household spray. The spray should be applied to the baseboards, window or door facings, and water or

gas fittings. This control measure provides only temporary relief. A 5 or 10% dust may be applied around the house several feet out from the house.

Colonies that are widely scattered over the lawn should be dusted with a 2% dieldrin dust. Sprinkle the lawn after applying the dust. Dieldrin is for use only outside the home.

The Agricultural Situation is a monthly publication of the Agricultural Marketing Service, United States Department of Agriculture, Washington, D. C. This monthly publication is available to every rancher and farmer in America for 5c the copy or 50c per year. It gives livestock and crop reports on every single agricultural commodity grown, the foreign trade, amount of surplus, and expected price in the immediate future. It is an excellent guide for feeders as well as row crop farmers in planning operations. Then too, it is important that we know as individuals for instance on crops the acreage, yield, and production in the U. S., on livestock numbers, production, slaughter, on prices—prices paid and received by farmers, or the parity ratio on the product we grow as well as overall parity indexes.

Order from Superintendent of Documents, U. S. Government Printing office, Washington, D. C.

The month of July will be used by novice, Junior, and Senior boys for training for the range conservation contest to be held in August. These divisions are by age limits: novice, 9 years of age and under; juniors, 9-14 years old; seniors, 14 and older. There will be three divisions plant identification, range conditions and treatment and range plot placings. The Senior boys will also study soils.

Aphids or plant lice are soft bodied, sucking insects that cause leaves to curl. Aphids vary in color: yellow, green, bluish green, reddish brown and black.

Lindane, malathion, or nicotine used as a spray or dust should be applied to the underside of the leaves of the plant.

Junior Gets "Pinned" Down

Junior Baker and friends are all set for their circus. Look for their advertisements on neighborhood trees.

The kids have had problems in staging the event. The biggest was the admission fee. Junior wanted to charge five cents, Mrs. Baker thought it would be much nicer if they charged five pins.

So Junior held a meeting with his Directors—then told his mother they'd taken her advice. The ads now read: Giant Circus in Baker's Backyard. ADMISSION FIVE PINS PLUS FIVE CENTS TAX.

Bethel Jeffrey and his boys visited last week on the Plains. They stopped at Snyder, Post, Plainview, Dickens, and others places.

Mrs. E. D. Otis of Kilgore arrived here Sunday to visit her brother-in-law and sister, Mr. and Mrs. Fred Watson. On Wednesday all went to San Angelo to visit the Travis Perry family.

Mrs. Oscar Tate and children Juanel and Jerry are here from Grand Junction, Colorado, to visit the Alfonse Orsaks. Next Sunday there will be a family reunion in San Angelo at the home of the parents, Mr. and Mrs. W. L. Pringle, all of the five children and their families planning to attend. They had not been together in several years.

A family reunion was held at the home of the Nick Jurecek's during the past week end. Present for the occasion were Mr. and Mrs. W. E. Manley of Melvin, Mrs. Jurecek's parents, her brothers, R. O. Manley and W. M. Manley and their families of Fort Worth, a sister, Mrs. Rita Phillips and daughter of Fort Worth, and Mr. and Mrs. Glenn Carpenter and children of Clarkston, Washington.

Mrs. Otis Jeffrey had surgery Tuesday morning in Sonora.

Mrs. Roy Boyer of Uvalde visited from Sunday to Tuesday with her parents Mr. and Mrs. Ovid Wade, and went to San Angelo for her routine check-up. On Sunday Mrs. Selman and Richard of Sonora visited in the Wade home.

James Clark, son of Mr. and Mrs. Charles Clark, and Junior McLaughlin, son of Mr. and Mrs. C. C. McLaughlin, have returned from Alpine where they visited Sul Ross College. Both are 1956 High School graduates, and expect to attend college this fall.

Mrs. Ralph Murray and Mrs. Effie Higgins of San Angelo visited Monday with Mrs. Frank Van Horn and Mrs. Fannie Fury.

Mr. and Mrs. Josh Ewing have returned from a vacation trip to California to visit a son. They

Highlights and Sidelights FROM "Your State CAPITOL"

Austin.—A court battle seems imminent to decide if counties must put the states rights referendum questions on the Democratic primary ballots.

Two "liberal stronghold" counties—Harris and Bexar—have said they will not. County committees denounced the referendum as "appealing to Ku Kluxism for a campaign of hate."

Attorney General John Ben Shepperd ruled to Jefferson County officials that putting the matters on the ballot was mandatory, and that penalties were provided by law for failure or refusal.

State Executive Committee members certified placement after receiving a petition signed by 153,000 voters—more than required by law. Voter opinion is sought on three questions—school integration, intermarriage of Negroes and whites, and interposition.

State May Buy Road Rights

Relief is in sight for Texas cities and counties which have been unable to finance right-of-way for desired new highways.

For nearly 30 years the State Highway Commission has authorized use of state funds for highway construction only if the cities and counties purchased right-of-way. In populous areas cost of needed land frequently ran into millions. During the past year Dallas and Harris counties failed in financing attempts.

Now the commission has announced the state will start paying for right-of-way under the new federal highway aid bill. Final congressional approval will launch a multi-billion-dollar interstate road building program for which the federal government will pay 90% of the costs.

Commission Chairman E. H. Thornton Jr. predicted, however, that state right-of-way buying

would not begin for some time. First funds will be used for projects where road rights have already been secured by local agencies.

Final Turnpike Contract

Last contract needed to complete construction of the Dallas-Fort Worth toll road was awarded last week by the Texas Turnpike Authority.

It was for \$1,175,804 in paving. Unless a steel shortage develops, completion of the \$58 million road is expected on schedule by July, 1957. It will be Texas' first toll road.

Present plans are to charge passenger cars 50 cents and trucks \$1.25 for the 30-mile drive.

More Salk Shots

The U. S. Public Health Service released 229,599 shots of Salk polio vaccine for use in Texas.

Texas Health Commissioner Henry A. Holle advocated removal of the voluntary age restrictions on use of the vaccine. At present, vaccine is available only to children under 20 and to expectant mothers.

Hospital Contracts Let

Preliminary work on construction of the new Brewster County hospital is now under way by the W. D. Faulkner construction company of Pecos.

Bids on the \$442,000 project were opened in the district courtroom Tuesday afternoon and Faulkner, with a low bid of \$229,652, is expected to be awarded the general contract. Faulkner built the Alpine Community Center and is now building the Baptist Church addition.—Alpine Avalanche.

Bank To Erect \$50,000 Building

Contract for construction of the Robert Lee State Bank's new home was let Tuesday afternoon. Rutherford & Freeman of San Angelo was awarded the contract on their low bid of \$49,958.

It's a turn-key contract, said G. C. Allen, bank executive vice-president, and includes tearing down of the old building and a complete job with wiring, plumbing, year-around air conditioning and certain built-in fixtures.—Robert Lee Observer.

Readers of the Eldorado Success will be interested in the following news item concerning Comdr H. J. Morehouse, husband of the former Jettie Grace DeLong:

Jacksonville, Fla.—Heavy Attack Squadron Three, the second heavy attack unit to be formed here, was commissioned at NAS Jacksonville today at 10 a.m. as part of the Navy's fast-growing heavy attack program. Comdr. Harold J. Morehouse assumed command.

After reading his orders and officially placing the squadron in commission, Comdr. Morehouse addressed some 150 enlisted men and six officers which currently comprised the new unit. Expected strength will be 250 men and 30 officers.

Comdr. Morehouse is not a newcomer to Jacksonville. He was commissioned in 1941 following

graduation with the second class ever to take flight training here.

Ironically, his class utilized the same hangar now allotted his squadron. The flight training syllabus was subsequently shifted to Pensacola.

When the Navy's heavy attack program was launched in 1948, Comdr. Morehouse was a member of Composite Squadron Five, the initial heavy attack squadron. Then based at NAS Moffett Field, Cal., VC-5 later transferred to NAAS Sanford, Fla., where it was redesignated VAH-5 earlier this year.

A native of Dallas, Texas, he was navigator aboard the carrier USS Wasp preceding his new assignment. During World War II he served as a patrol bomber pilot, participating in several Pacific campaigns.

Until the arrival of A3D "Skywarriors," the largest and most powerful carrier-based jet bomber produced for the Navy, VAH-3 will fly P2V Neptune patrol bombers and share working spaces with VAH-1, its sister squadron.

FUNDAMENTALISTS CALL ANGELO MAN TO BE NEW PASTOR

At a recent meeting, members of the Fundamental Baptist Church voted to call Rev. O. D. Heflin of San Angelo to be new pastor of the Fundamental Church in Eldorado. He will succeed Rev. J. W. Hunter, who recently resigned and has moved away.

Rev. Heflin will come to Eldorado for services both morning and night on Sundays, and again on Wednesday nights. He is a married man with four children. He is an employee of General Telephone Company and will continue to work and live in San Angelo.

Eldorado Students To Attend McMurry School

Abilene, (Sp)—Two Eldorado students and two others from Christoval and Fort McKavett have registered for McMurry College's eighth annual summer band and twirling school, to be held here on the McMurry campus July 15-28.

They are Arnie Lee Westbrook, son of Mr. and Mrs. A. L. Westbrook; and Kay Thomerson, daughter of Mr. and Mrs. A. B. Thomerson, both of Eldorado.

Also registered are Sandra Jane Hall, daughter of Mr. and Mrs. Emmett Hall, Jr., of Christoval; and Sunda Callan, daughter of Mr. and Mrs. M. H. Callan of Fort McKavett.

Raymond T. Bynum, professor of music and director of the Indian Band at McMurry, said that 274 students from 65 Texas towns and cities had registered for the two-week band clinic through June 22. Final registration is expected to top last summer's enrollment of 370, Bynum said.

The students will be housed in McMurry dormitories and will take their meals in the McMurry dining hall. They will receive instruction in solo, ensemble and concert band playing, music theory, twirling and drum majoring from a staff of 22 instrumental music and twirling teachers.

'Thought For The Week Ministerial Alliance

By PERRY COX

Because the summer months are usually a time for gaiety and fun, and Christian people are busy with vacations and trips, the work of the Lord Jesus Christ usually suffers, particularly at a time like this. This fact has already been made evident by the drop in church attendance which we are already experiencing in our town.

A church building had just burned to the ground. Standing beside the ruins was a man who was viewing the burning, slow-dying embers. The pastor of the church saw him, and walked over to where he was standing. "I believe this is the first time I've ever seen you, sir," the pastor said.

"Yes," replied the visitor, "and this is the first time I've ever seen this church on fire, too."

Each of us agrees that it is going to be a job, keeping our churches "on fire" during the next two months. However, if each of us will resolve to be "faithful unto death," and do our parts, the light of the Lord Jesus can and will be kept burning in our churches during the summer. May God help us as we do this only for His glory!

Congregational Church At Goulbusk Rally; No Services Held Here

Some of the members of the Congregational Methodist Church went to Goulbusk Sunday to attend a revival and fellowship meeting sponsored by the Goulbusk church, at the Tabernacle there.

There was dinner on the ground following the morning service, with a rally during the afternoon.

Attending from here were Rev. O. D. Cox, and his wife and son Wilburn, Mr. and Mrs. Earl Parker and two sons, Joy Dodd and Helen Kaye Taylor.

There were no services here, as the congregation had voted to dispense with their own services to enable several cars of members to attend the special services at Goulbusk.

The Roger Luckenbach family had as weekend guests Mr. Luckenbach's parents Mr. and Mrs. Ben Luckenbach of London and his brother-in-law and sister Mr. and Mrs. Nolen Donot of Mason. They were here to attend the christening of the Luckenbachs' daughter.

Mr. and Mrs. L. L. Kinser and daughter have returned from their vacation trip to Houston, Austin, and Galveston. On the first of July Mrs. Kinser will return to her work at the Eldorado Clinic Hospital after her month's vacation.

Weekend guests of Mr. and Mrs. Solon Boothe were a brother-in-law and sister Mr. and Mrs. Hoyt Townsley and children of Beuda, and a sister Mrs. Lloyd Johnson of Mason.

Harvey Dannheim of San Angelo and his family spent the day Sunday with his mother Mrs. L. T. Dannheim.

Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

They carry around fewer pounds for power they develop. That means you not only can haul bigger loads—you have more usable power to move them!

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

Weigh the facts... and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's! Chevrolet's truck V8's have a rugged yet remarkably compact cylinder block. Modern design cuts down engine weight.

More power per pound means more power for your payload! Less power is used up in moving engine weight, more is available for moving your payloads. You get hour-saving performance!

There's a modern V8 for every Chevrolet Task-Force truck! There's a V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195!
