THURSDAY, JULY 25, 1957

NUMBER 30

Little League Program To Close Next Week

The Little League ball season is rolling merrily along toward its close, which will take place in about 10 days from now.

The following schedule shows the play-off will be held Saturday, August 3.

LEAGUE SCHEDULE—2nd HALF
Thursday, July 25—White Sox, Yankees
Friday, July 26—Tigers, Indians
Monday, July 29—Red Sox, Yankees
Tuesday, July 30—Indians, White Sox
Thursday, Aug. 1—Red Sox, Tigers
Friday, Aug. 2—White Sox, Tigers
Saturday, August 3—Play Off
One game, two top teams.

TEAM STANDINGS	
White Sox	3½ ½
Tigers	3½ 1½
Indians	2 2
Yankees	4 4
Red Sox	0 5

TOP HITTERS	
Larry Blair	.800
Danny Clayton	.750
Larry Donaldson	.667
Bill Lester	.667
Jackey Mackey	.500

The White Sox, behind fine pitching and great hitting defeated the Red Sox 22-2 last week. Every White Sox got a hit and a run. They increased their lead while pushing the Red Sox further into the cellar.

John McGregor had two home runs and Bill Lester one.

The umpires were Byrl Clayton, Jack Halbert and Ralph Waldron.

In the most lopsided game of the season at Legion Field the Tigers defeated the Yanks 37-2 last Friday night. The game was called after 4 innings because of the 9:30 curfew. There were no home runs but the Tigers had 5 triples, two by McAngus. Buzz McCormick had the only run for the Yanks.

The umpires were Carroll Ratliff, Bob Page and Albert McGinnes.

TEEN CLUB
As part of the summer recreation program, the Teen Club has been having meetings every Monday night at the Corral starting at 7:30. Amusements include ping-pong, checkers and other games, and are under the direction of Mr. and Mrs. Byrl Clayton.

Mr. and Mrs. Willard Bruton and two children, Terry Lynn and Debra of Dallas, visited briefly Thursday afternoon with their grandmother Mrs. Mattie Bruton and aunt Mary.

The Indians again with great hitting and pitching and good fielding defeated the Rex Sox 23 to 1 on Tuesday night of this week. The Red Sox played good ball for 2 innings, then their fielding fell apart at the seams. Chili Childers got 2 home runs and Jim McDonald had one for the Indians. Phil Edmiston had the only run for the losers.

The umpires were Carroll Ratliff, Bob Page and Ralph Waldron.

J. S. Hudson Dies

J. S. Hudson, father of Mrs. Ruth Finnigan of Eldorado, died yesterday afternoon at about 5:30 in Memorial Hospital in San Angelo.

He was 85 in January and he and Mrs. Hudson made their home here with their daughter.

Funeral arrangements were incomplete at 8:30 this morning, but it was stated the funeral would be held here, with interment in the Eldorado cemetery.

Other survivors of Mr. Hudson in addition to Mrs. Finnigan include the widow; another daughter, Mrs. Jerry Thompson of Buchanan Dam; and a son, Ira Hudson of Lubbock. There is also a brother, Jim Hudson, of Childress.

Marcus Fury Dies In Fort Stockton

Funeral arrangements were pending today for Marcus Fury of Fort Stockton, a son of Mrs. Fannie Fury and a brother of Mrs. Frank Van Horn of Eldorado, who died Tuesday morning in a Fort Stockton hospital. He was a taxicab operator and was 58 years old.

Mr. Fury had been ill for some time and died of a heart condition.

Survivors in addition to his mother and sister include two brothers, Boyd Fury of Garden Grove, California, and Willie Neal Fury of Chandler, Arizona.

NEW MINISTER AT ROCK CHURCH OF CHRIST

Price Bankhead arrived in Eldorado this week to become the new resident minister of the Rock Church of Christ. Minister Bankhead and his wife moved here from Leonard, Texas. The couple have no children.

FREAK RAIN

A workman from the Sinclair gasoline plant reported that they had had a heavy rain out at the plant yesterday. "But when I come out to the highway everything was as dry as could be!"

BACK FROM TRIP

Mrs. E. H. Nimitz has returned from a two-weeks' trip to the West Coast, where she visited her sister in Long Beach, California, and also saw Mary Martin in "South Pacific" in Los Angeles. She made the trip out on the train and returned by bus.

Mrs. Nimitz is a teacher in the local school system.

DESK SIZE blotting paper—yellow, red, blue, brown, green. Twenty cents.—Eldorado Success.

Success in Schleicher County, \$2 year—elsewhere \$3 year.

RIDING CLUB MEMBERS PREPARE TO MOVE THEIR CLUB HOUSE OUT

Members of the Eldorado Riding Club met Monday night at the arena to run the foundation for their clubhouse. The club purchased the old Calvary Baptist church building a while back to move to the arena where it will be converted into a clubhouse. It was stated that the building will be moved to its foundation this week.

At Monday night's work session, members and their families also had a picnic supper.

A Jack Pot Roping is scheduled for this Sunday afternoon.

Tonight, Thursday, the polo team will play the San Angelo team in two practice games. Two other games will be played with the Angelo team in August.

Post Script

The rains that came the first of this week, were fine for those who received them. Eldorado didn't get much more than about 3-tenths of an inch, but there were reports of 1½ inches falling in scattered places.

Those with irrigation set-ups are apparently running their pumps night and day, and are glad they've got them. Among those we have heard mentioned, that are doing well with irrigation operations are: Claude Meador, Clyde Keeney, Jno. Mayo, Joiner Bros., Perry Mittel, Victor Sauer, Henry Moore, Nick Jurecek, Ray Bruton, Billy Jack and Bob Reynolds. And there may be others.

The Henry Mittle place at Huldale had their spectacular sprinkler system in operation the other day when we passed Huldale.

Delbert Taylor and Sam Gausemeier who farm two places in the Bailey Ranch area, reported an inch of rain on farm and 1½ inches on the other. One of the places is called the Gene Parker place and the other is near by.

We had a subscription renewal this week from Rev. and Mrs. J. C. Hancock, who are now at home at 133 Fauna, Houston 17, Texas. He is now pastor of the Garden Villas Baptist church in Houston, and was formerly pastor of the First Baptist church in Eldorado.

The Hancock's write: "Enclosed is check for a year's subscription to The Success. We look forward to it each week and I believe we read it more closely than when we lived in Eldorado. Give our regards to everybody and we extend to one and all an invitation to come visit with us—BUT not all at once!—Sincerely, J. Clifton Hancock."

LIONS CLUB MEETS

Edward Meador presided at yesterday's meeting of the Lions club. W. O. Alexander, treasurer of the Luedecke Day fund, reported that about \$2500 had been received and disbursed, with about \$170 balance in the fund. A few bills in connection with the Day are still to be settled, including the telephone bill.

The program consisted of a film on Old Mexico which W. T. Whitten showed.

Guests included Jim Herridge, the new head football coach in the school.

State Still Favors Iraan Road Project

The state highway department is in favor of construction of a farm to market road across central Crockett county from Iraan east, but nobody has come up with a plan to pay for fencing the road.

That is the gist of a Monday meeting in Austin between officials of Pecos and Schleicher counties, the Iraan city council and Fort Stockton chamber of commerce officials.

The group has arranged to discuss the matter with the highway commission in an attempt to speed construction of approximately 28 miles of a proposed road that would connect Iraan and Eldorado. The road would run almost due east from Iraan to a point of intersection with FM 33 approximately 20 miles northwest of Ozona.

Fort Stockton, Pecos County and Schleicher County officials have gone on record in favor of the proposed road, which the Crockett County commissioners court turned down early this year. The Crockett commissioners said at that time that they could see no benefit to their county from such a road.

NEWLYWEDS HONORED

A bar-be-q supper honoring Mr. and Mrs. Fred Butler, newlyweds, was held at the Memorial building Monday night by the crew and families of the Southwest Texas Electric Co-operative. Barbecued goat and all the trimmings were served.

Mr. and Mrs. Butler were presented with a bed lamp, a waffle iron and a radio.

Special guests were Mrs. Palmer, mother of the bride, from Del Rio; Mr. Buster Britte, Del Rio; Terry Farley, McCamey and Mr. and Mrs. J. A. Butler, parents of the groom. There were 71 present.

Coming Monday—A New Reporter

A new voice will be heard on the Success telephone beginning next Monday, when Mrs. Jack Elder will tackle the job of being local news reporter.

The present tentative arrangement calls for her employment on Monday, Tuesday and Wednesday, the first three days of the week, when all local news is gathered.

Mrs. Elder is well known over the county and will appreciate the co-operation of her friends in turning in their items.

NIXON CLASS SOCIAL

The members of the Nixon Sunday School class of the First Baptist church entertained their husbands and children with a backyard supper at the home of Mr. and Mrs. George Cales. Sandwiches, potato chips, pickles and iced tea was served, followed by homemade ice cream and cake.

Mr. and Mrs. Whittis were guests and there were 25 present.

O.E.S. PICNIC SET

A Robert Morris picnic will be held Monday, August 5th, at the courthouse lawn beginning at 7:00 o'clock, it was announced this week. All O.E.S. members and their families and guests are to bring a covered dish, it was stated.

The John Stigler family have returned from a trip through northern New Mexico and Colorado. They arrived back in Eldorado Sunday.

Mr. and Mrs. G. R. Dunning of Fort Worth visited the Walter Ramsays en route to Mexico City. Mr. Dunning is a cousin of Mrs. Ramsay.

Rites Held Yesterday For Veteran Physician

MRS. GUNSTEAD IN HOSPITAL AFTER THURSDAY STROKE

Mrs. Fred Gunstead, editor of the Eldorado Success, has been in Shannon hospital in San Angelo the past week after she was stricken with a sudden cerebral hemorrhage at her home last Thursday about 7:00 p. m.

She was taken by ambulance to the hospital and spent the first two days under an oxygen tent. While her condition is now not so critical, doctors report that her left side will probably remain paralyzed.

Early this spring Mrs. Gunstead was confined in the hospital in Sonora following a heart attack, and she had been confined to her home and bed much of the time since. The Gunsteads have been operating the Eldorado Success since purchasing it 12 years ago.

Luedecke Expresses Thanks For Day Here

ALVIN R. LUEDECKE
Major General, USAF

The following letter was received recently by Ernest C. Hill from General Alvin R. Luedecke:

Headquarters
Joint Task Force Seven
Office of the Commander
Washington 25, D.C.
18 July 1957

Mr. E. C. Hill
Chairman, Central Committee
"General Alvin Luedecke Day"
Eldorado, Texas
Dear Mr. Hill:

It is my hope that I may express through you, as Chairman of the Central Committee, my deep appreciation and gratitude to the committee chairmen and other committee members, and to the people of Schleicher County for the honors, the many courtesies and kind considerations rendered to me and to the members of my family on the occasion of your Fourth of July celebration.

The completely successful accomplishment of a task of this nature and magnitude required a great deal of time, energy, resources, imagination, and resolution on the part of each individual involved and the closest cooperation of all.

I can think of no finer example of wholesome community effort than that reflected in the events of the day. You have set an example which has been the subject of comment in neighboring communities as well as by many individuals who were your out-of-town guests for the day.

I consider that I was extended honors which few people are privileged to enjoy during their lifetime. I was further provided a rare opportunity to renew acquaintance with many friends whom I had not seen for twenty-five or thirty years.

Your acts and expressions of your understanding and appreciation of human qualities are deeply engraved in my memory. It will remain as one of my life's brightest days.

Very sincerely,
(signed)
A. R. LUEDECKE
Major General, USAF

Mr. and Mrs. Bud Davidson spent a short vacation in Del Rio last week.

Dr. H. Z. Pennington, 90, a physician in Eldorado for the past 26 years, died at 3:15 Tuesday morning in Memorial Hospital in San Angelo, after several months of failing health. He had practiced medicine in Texas for the past 60 years.

The doctor had been ailing since last fall. In November, members of his church, the West Side Church of Christ, assisted him with an open house in celebration of his 90th birthday. About 2 weeks ago he was taken to Sonora hospital and was transferred later to Memorials.

Funeral services were held at the West Side Church of Christ yesterday afternoon at 3:00, with Alva Johnson of Turkey, Texas, officiating.

Pall bearers were Dr. Charles Browne of Sonora, and L. M. Hoover, T. P. Robinson Jr., Lum Davis, Paul Phillips, and Clarence Johnson.

Interment was in the Eldorado cemetery beside the grave of his wife, who died July 31st, 1946.

Ratliff Funeral Home was in charge of arrangements.

Henry Zade Pennington was born November 4, 1866, in Collin county, Texas, where he spent his early years. On Dec. 6, 1888, he married Delia Maude Montgomery, in Fayburg, Texas. To this union were born 10 children, of whom nine survive: Mrs. Clara Mickey of Vernon; Jim Pennington, of Bard, New Mexico; Harvey Pennington of Lockney; Mrs. Myrtle Sorague of Greeley, Colo.; Foy Pennington of Borger; Roy Pennington of Wheatridge, Colorado; Walter Pennington of Oklahoma City; Mrs. Vera Freeman of Lubbock; and Joe Pennington of Sanderson. One daughter, Mrs. Lena Birehfield, preceded him in death in Floydada in 1932.

Other survivors include 17 grandchildren, 20 greats, and two great greats. Also surviving is one brother, John Pennington, of Farmersville.

He studied medicine in Tennessee and received his diploma there. During his early years of rearing a family he farmed and ran a drug and hardware store, in addition to practicing medicine, his family recall. The Penningtons lived at several Texas points, including Chico, Claude, Fayburg, Lockney, and Floydada, before coming to Eldorado in February, 1931.

He was county health officer here for a number of years.

Miss Stanberry Will Conduct Training Course

Miss Gene Stanberry, executive director of the Frontier Girl Scout Council, will be in Eldorado August 1-2 to give day camp counselor training to Girl Scout leaders and any others who would like to help with day camp.

Leaders will be notified time of day and locations of the meetings. Brownies and Girl Scouts, get out your camping skills and brush the rust off, so you can enjoy camp. Also get camping clothes ready, wear sturdy shoes, and wear shorts or jeans and shirts. No halters, please, or you will be saying, "Ouch, my back."

The day camp schedule will be announced at a later date.—Reporter.

Letters From THE PEOPLE

Eldorado Success:

Your "Letters from the People" in last week's paper carrying a letter signed A Fan, is good reading, conveys good sound principles, and around Eldorado there certainly are a few people who should let that "soak in."

The thought conveyed by that letter somewhat reminds this Fan of a verse I once saw framed and hanging on a wall in an office which said:

When the One Great Scorer comes to write opposite our name, We'll write not what we won or lost but how we played the game.

—Another Fan

Mr. and Mrs. Claude Doyle spent the weekend in Kerrville visiting relatives.

The Delbert Taylor family spent last week vacationing on the Gulf coast.

Capt. and Mrs. Dale Peterson of Lincoln, Nebraska, have been visiting here with her parents, Mr. and Mrs. E. H. Dannheim. Capt. Peterson has returned to duty but Mrs. Peterson and their small son Allen expects to be here for two more weeks.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

The owner, tenant, or operator who buys gasoline for use on a farm may claim a refund of two

cents a gallon on gasoline purchased after 1955 but prior to July 1, 1956, and three cents on each gallon purchased after July 1, '56.

Internal Revenue Service Form 2240 must be used—and nothing else. Send your form to District Director, Internal Revenue, Dallas 1, Texas.

This claim should be filed after June 30 but not later than September 30, 1957. The law does not permit late claims to be paid—only one claim may be filed for a 12-month period ended June 30, 1957.

The word "farm" includes stock, dairy, fruit, fur-bearing animal, truck, orchards, plantations, ranches, nurseries and greenhouses engaged primarily for the raising of agricultural or horticultural commodities.

Yes, a rancher is eligible. The law says, "Raising, shearing, feeding, caring for, training, and management of livestock."

If you do not have your Form 2240, ask your county agent or District Director of Internal Revenue to send you one.

Research finding on problems are having a tremendous impact on the beef cattle industry. August 12-14, a beef cattle short course at Texas A&M college will be held. Cattlemen of the county should attend if at all possible.

The home gardener faces this situation. The pace the last few years in the discovery of insecticides and fungicides has been very rapid. An insecticide used on cantaloupes, squash, cucumbers, watermelons, and other cucurbits may kill. This same insecticide may be recommended for bell peppers and other vegetables.

Let us take an example. The insect giving trouble today is the cucumber beetle. For cantaloupes, squash, watermelons, your county agents recommend 5% Methoxychlor or 1% Rotenone or 25% Aldrin or 40% Cryolite. For this same cucumber beetle on peppers, and lettuce your county agents recommend 10% DDT or 20% Toxaphene. Why the change in recommendations? Because you should not use sulphur, DDT, Toxaphene, BHC or Chlordane on cucurbits. If you use the above on cucurbits, next morning dead or badly cucurbits.

This is generally what happens. Suppose for your cucumbers a 1% Rotenone dust has been recommended. You call for the dust and many times you are sold a 1% Rotenone dust but it also contains DDT, Sulphur and Chlordane. The cucumbers are dusted, the cucumber beetles are killed, so is the cucumber plant.

All insecticides are worked out for you for every garden vegetable, fruit tree or shrub, even your lawn. Call your county agent's office and this information will be mailed to you.

About as many mistakes are made in spending too little money as in spending too much.

Deferred grazing should be practiced even if it is getting dry. Good deep rooted grass will still make considerable growth on the subsoil moisture.

Mrs. Homer Wolfe and children of Dallas are visiting here with her parents, Mr. and Mrs. S. D. Harper.

David Hixson is attending camp at Camp Rio Vista at Ingram, Tex.

OVER the years we have sold a number of dating stamps which have 1957 as the latest year. Replace them now from our new stock of daters. They are still only \$1 at the Success office.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

Here is a clean dish camping trick that may come in handy on your next camping or fishing trip. Wash the dishes in suds, remove and put in a net, or other open material, sack, dip sack in boiling water and hang sack in the nearest tree and let stay until clean dishes are dry.

The Coke county home demonstration clubs year books has this rather nice recipe for a good vacation which sounds like it might be well to serve it on other occasions too.

Vacation
Half a cup of friendship and a cup of thoughtfulness, creamed together with a pinch of powdered tenderness. Beat very lightly into a bowl of loyalty with a cup each of faith, hope and charity. Don't forget to add a heaping spoonful of gaiety that sings and the same amount of the ability to laugh at little things. Moisten with the sudden tears of heartfelt sympathy and bake in a pan of good nature and serve and serve.

Corn, peas, tomatoes and green beans are the most popular canned vegetables; peaches, pineapple fruit cocktail and pears are the most popular canned fruits.

Other information about cans; and all from the biggest maker of cans in the world:

If you do not use the full can of food, cover and keep the remainder in the refrigerator right in the can. It's safe and it's sensible for baby foods too, because the can has been sterilized during the canning process. (The U. S. Department of Agriculture says the same thing.)

John Robert Powers is a man who makes charm his business. He has detected the quality of charm and then directed the course of the same for more models than possibly any man in the world today. These things he considers vital to a woman's total charm.

The way you walk—graceful carriage is one of woman's most subtle charms.

The way you sit—grace in repose is the outward manifestation of poise.

The way you figure—the lovely figure requires proper diet to adjust weight, and exercise to adjust contours.

The way you dress—know the lines and colors most flattering to your face and figure.

The way you make up—I call it "make down"—which means accenting, not exaggerating, your natural good looks.

The way you groom—gleaming hair, manicured nails, neatly pressed clothes, hose that fit slim and sleek—such things add to a lovely appearance as their opposites detract.

The way you smile—the brightness of your expression reveals your friendliness — says you are a person worth knowing.

The way you act—good manners are always in good taste.

The way you think—turn your thoughts outward, as well as inward, to broaden your interests and thus develop your mind.

The way you speak—a well modulated voice and unaffected manner are essential.

Mr. Powers, totally unaware of such a thing as a 4-H program, has outlined our summer's work. We are having club meetings every week on some of these very things.

A charming girl usually grows into a charming woman and thereby enriches the life of everyone who touches her path.

East Side Baptist

The WMU met at the church on Tuesday. There were six members present. Mrs. Jack Griffin led the lesson on Royal Service. We voted to have double lessons every two weeks for the rest of the summer.

Brother Bud Davidson led the singing services on Sunday and will work with the choir on Wednesday nights after prayer meeting.

Mr. and Mrs. Charles Young have returned from the funeral services for Mrs. Young's mother.

Mr. and Mrs. Bud Davidson are the new sponsors for the Young People's Training Union. Every young person not attending Training Union is invited to attend.

Mr. and Mrs. Santos Pena expect to leave tomorrow for Warm Springs at Gonzales to bring home their son, Santos Jr., who has been there two weeks for a check-up.

YOUTH FELLOWSHIP MEETS

The Young People's Fellowship of the First Baptist church had a get-together Sunday night after church at the George Cales home. Twenty-five gathered on the lawn for games.

Refreshments consisted of frosted cokes.

SUNBEAMS MEET

The Sunbeams of the First Baptist church met Monday afternoon at 3:00 in the home of Mrs. E. W. Mund and put on a short program for her.

There were nine children and three leaders present.

New Babies

A son weighing 8 pounds and 15½ ounces was born July 20th in Hudspeth hospital in Sonora to Mr. and Mrs. E. G. (Sandy) Donaldson. The new baby has three brothers, Walter Ray, 16; and Larry and Gary, 11.

Grandparents are Mrs. Way King of Eldorado and Mr. and Mrs. T. E. Donaldson of Calf Creek.

Thought For The Week
Ministerial Alliance

"Ye are the salt of the earth," thus spoke Jesus Christ.

Wars have been fought over salt. Salt is the one element that man has sought after in all ages. Here Jesus uses the similitude of salt as to the believer. Now first let us look to the thought of flavor, savour. Jesus points out that salt that has lost its savour is worthless. The same can well be said of the Christian that is not doing the work of Him who sent you. Think of the flavor if we may use the thought that way, of Christianity

in our country today. Without Christianity we would not have the great hospitals, schools of lower or higher education, the many social reforms that we have learned to love so well.

Then there is the thought of preservation. By this we mean that society would not stand as we know it today, but for the preservation of Christianity. Therefore it has its effect on all of us whether we notice it or not. This goes for the Christian man or woman as well. It is well to note that the infidel when seeking a place for his home always goes to a place where the salt of Christianity has had its effect. And never will he build a home in the fellowship of people like himself.

Not only is the thought here of preserving, that is for a time but also there is the thought of saving for all time. Jesus said that the Son of Man was come to seek and to save that which was lost. Then if we are the likeness of salt we must be used as such.

Lastly we note that Jesus pointed out that if the salt had lost its savour it was worthless and was good for nothing, but to be cast out. The Christian life that is not working towards the glory of God and Jesus Christ is as salt that has lost its savour, it is worthless and fit only for destruction. So let our light shine, and the salt of the earth which is Christianity in us so flavor that the Kingdom of God will come quickly. —J. D. Dossett.

MARRIAGE ANNOUNCED

Mr. Claud Slone and Mrs. Ruby Dickens were married Tuesday, July 16, in San Angelo.

Attending the wedding were Mr. and Mrs. Pat McAlpine and Miss Mignonne Dickens. After a small reception at the home of the attendants, the couple left for San Antonio and Houston. They will live in Eldorado.

One look, one ride, and you'll find more to be proud of in a Chevrolet. No other low-priced car quite comes up to it for fine finishing touches—and sweet, smooth and sassy performance.

This one *wants* you to get choosy! The fussier you are, the more Chevy can show what it's got inside, outside and in performance.

Take the solid way a Chevy is built. It's the only car in its field with Body by Fisher—sturdily put together, with a look of sub-

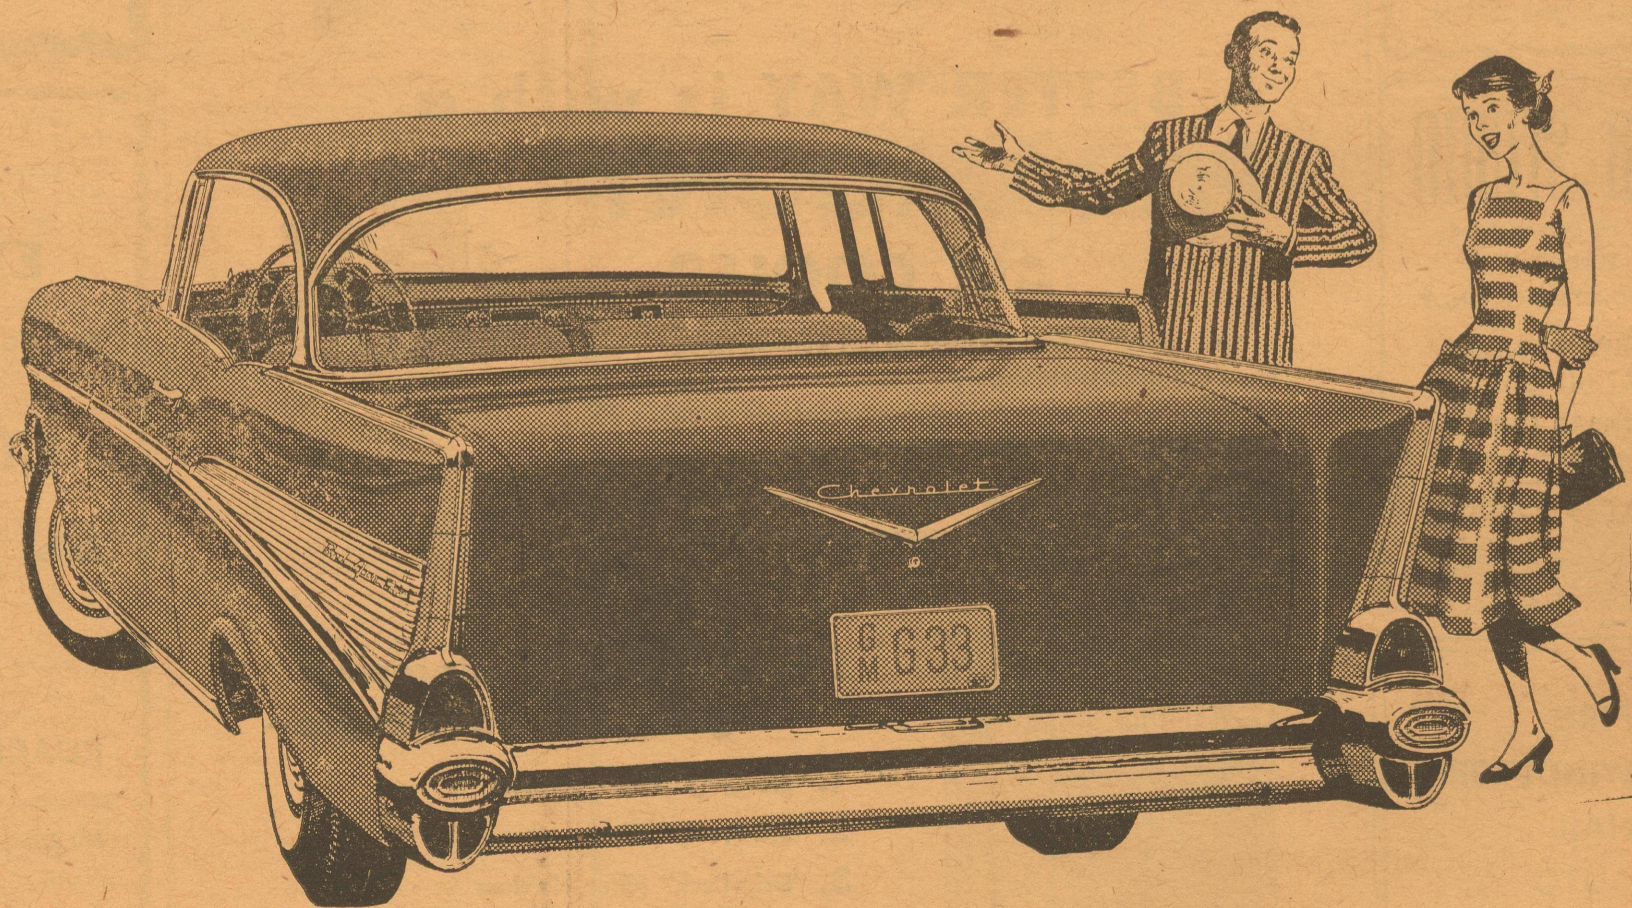

stance other cars in its price class haven't quite captured. Everywhere you look, fine finishing touches confirm the craftsmanship that goes into a Chevrolet.

Chevrolet's response and performance are pretty special, too. There's a well-what-are-we-waiting-for spirit in the engine, especially when you show a Chevrolet a mountain. And you'll do a lot of looking to find comparable smoothness, steadiness and nimbleness on the road. If you do find them, you'll be in the high-altitude prices—for sure. See a Chevrolet at your dealer's now.

Early Application Urged For Birth Certificates

Austin.—"School days, school days, all around the state," may stray somewhat from the original song, but it means that come September, around 263,000 little Texans will be going off to school for the first time.

In anticipation of this the Bureau of Vital Statistics of the Texas State Department of Health is girding itself for the annual last minute onslaught of thousands of requests for birth certificate photostats.

It seems that each year the situation repeats itself. Most school districts require proof of birth in the form of a birth certificate or photostat for students entering school for the first time in the first grade.

Harried mothers all too often forget about this requirement until middle August. By then the Bureau of Vital Statistics is flooded with thousands of similar requests for photostat copies resulting in a delay in the receiving of the copy for two weeks or more.

In efforts to speed up the process, the bureau each year hired extra help and works overtime, in addition to using certain speed-up techniques to aid in the location of the original certificates kept on permanent file at the Department of Health.

Most of the requests will be for six-year-old children. Knowing this, vital statistics personnel arrange the record books containing the 217,470 certificates of birth for the year 1951 and part of the "stacks" for 1950 so that access will be easier and quicker.

The removal and replacement of the certificates for photostating is done at the "stacks" by the extra personnel instead of at the photostat machine by the technicians in the usual manner. In this way a staggering pile-up of record books is avoided and the issuance of birth certificate photostats is greatly speeded. State Registrar Don Carrol asks that requests for photostat copies be made as soon as possible to avoid the rush. Contact your local health department or send the request to the Bureau of Vital Statistics, Austin.

Be certain to include the child's name, name of both parents, and the date and place of birth. Enclose one dollar with your request. Cash is requested.

Hot Weather — Versus Overweight

College Station. — Those extra pounds may add up to discomfort during the hot weather months ahead. Some careful planning now plus lots of will power will lighten one load a bit.

There is no safe way to get rid of excess weight overnight. Extension foods and nutrition specialists remind us that there are some important factors to consider in starting a weight reducing campaign. First, check with your doctor before starting any plan to lose weight. Many factors play a part in whether a person should reduce and how fast he should lose weight.

Studies have shown that the most effective weight reduction diets are low calorie, high protein and low carbohydrate. However, a variety and a balance of essential foods is still needed by the body.

Nutritionists point out also that it's easier for a person to stay on a reducing diet which includes a variety of foods as well as foods which are familiar to the individual.

A good breakfast is always important, even in a reducing diet. Each day's food intake should include two to three cups of milk (may be skim milk), one of more servings of meat, fish or poultry, one egg (or at least four or five a week), two servings of vegetables (one dark green or yellow), two or three servings of fruit including one citrus, at least one tablespoon of butter and two or three servings of bread or cereal.

If you're really concerned about losing weight, get a calorie chart and start counting your calories. Remember that you can reduce the number of calories amazingly by omitting rich desserts, like pie, cake and doughnuts.

Irrigation Continues To Expand On Plains

College Station.—Almost a quarter of a million acres was added to the total acreage being irrigated in the High Plains area of Texas during the past year. Water to take care of the additional acreage and to permit a better job of irrigating existing lands came from an additional 5,653 wells.

These facts are revealed in the annual survey or irrigation of the High Plains recently released by D. W. Sherrill, irrigation agent for the Texas Agricultural Extension Service with headquarters in Lubbock. Sherrill's report covered irrigation activities in 42 counties.

Information in the survey was obtained from data supplied by

the agricultural agents in the counties concerned, and points up the great importance of irrigation to the Plain's agricultural industry.

The report shows that 18,344 farms in the 42 counties are irrigated. The total acreage under irrigation now stands at 4,568,890 acres and the number of wells at 42,225. Hale county farmers are now irrigating 500,000 acres and lead the area in that respect. Lubbock and Hockley counties have the largest number of irrigated farms and number of wells. Seven counties in the area, Deaf Smith, Parmer, Castro, Swisher, Lamb, Hale and Lubbock, are listed as having in excess of 300,000 acres each under irrigation.

Natural gas is being for fuel on 19,644 wells, butane on 16,266 and electricity on 5,840 wells. The lift on 12,307 wells was listed as under 125 feet and over 125 feet on 29,918 wells.

Sherrill reports that grain sorghums, cotton and wheat were the major crops irrigated last year with a combined acreage total of just over 4 million. Other crops irrigated included sudan, barley, corn, legumes, pastures, vegetables and other specialty crops.

Copies of the report may be obtained from Sherrill's office which is located in the Agricultural building on the Texas Tech campus at Lubbock.

Presbyterian Notes Calendar For The Week

Sunday
10:00 — Sunday School
11:00 — Morning Worship
5:30 — S.H.F.
6:30 — Evening Worship
Rev. Spencer is conducting Sixth Grade camp this week at Camp Cisco. He expects to return Saturday.

New members of the church are Mr. and Mrs. Jim Herridge. He was elected recently to be head coach in the school system, and also to teach math.

CARD OF THANKS
We wish to thank our new friends in this county for their prayers in our behalf during the recent loss of our loved one in Oklahoma. And also on our return for the food, flowers, and cards. Although we have been residents here but a few months, your kindness to us has been overwhelming.
Mr. and Mrs. Charles Young 1c

LUTHERAN SERVICES

The Rev. Luther Roehrs, pastor of Trinity Lutheran church, Eden, will bring the message at the Worship Service of Hope Lutheran Church meeting at St. John's Episcopal church in Sonora at 4:00 p.m. this coming Sunday afternoon. He has chosen as his theme: "The Righteousness That Saves," on the basis of the Gospel for the Sixth Sunday after Trinity, Matt. 5:20-26.

Sunday School and Bible Class for all age groups will meet at 5:00 p.m. at which time the members of the Sunday School will learn another lesson from God's holy word and how to use it in every-day life. The members of the Bible class will continue their study of "God's Will and I", studying specifically what God says in Commandments 1-3 which deal with the action of man toward God.

At 6:00 p.m. coffee and cookies will be served in the parish hall of St. John's at which time future plans of the congregation will be discussed. Also more definite plans

pertaining to the week of Evangelism Services which are planned for early fall will be laid.

Pastor Roehrs will remain in Sonora Sunday evening so that he might make calls on Monday morning in Sonora; he plans to spend the greater portion of the day in Ozona and will visit some in Eldorado either Monday evening or Tuesday morning. If anyone has any spiritual problem and has no one to advise him, Pastor Roehrs will be happy to serve. You can leave word for him to call by contacting the Western Motel in Sonora or addressing a card or letter to him at Box 245, Eden, Tex.

Paid Ahead of Time

Retirement of ten long-term bonds before their maturity has been approved by the Mason school district board, effecting a saving of \$400 on the principal and \$5,100 in interest. This action was taken Monday night during a regular board meeting. —Mason County News.

Young People Return From P.Y.F. Retreat

Immediately following Sunday School the fourteenth of July, the following seven young people, accompanied by Mr. and Mrs. Jack Hext, left Eldorado for a five-day retreat to New Mexico: Janis Sofge, Nancy Jo Jackson, Sammie Mayo, Linda Jones, Judy Hext, Peggy Spencer, and Ernest Nimitz.

Arriving in Midland in the early afternoon, the group had a short visit with the Roy Collins family, ex-sponsors of the PYF. They were unable to make the rest of the trip, as had been planned, and the local Youth Fellowship had disbanded for the summer, so the group continued on to New Mexico Sunday afternoon.

After a good night's rest in the cool climate of Ruidosa, a day of horseback riding, shopping, and sight-seeing followed on Monday. Highlights of the day were a ride on the ski-lift to the top of a mountain near Ruidosa, and a tour of the largest privately owned museum in the United States.

Everyone agreed that the climax of the whole trip came when the group gathered after a picnic supper at the very summit of Mount Monjeau, elev. 10,000 feet, for an evening devotional. Overlooking the surrounding valleys and lakes, program leaders Nancy Jackson and Ernest Nimitz conducted the simple but impressive service, in which each young person took part. An evening of skating and bowling followed.

Tuesday morning the group left for Carlsbad, via the White Sands at Cloudcroft. That afternoon's activities included a tour of Carlsbad Caverns, swimming, picnic supper

and an evening at the amusement park.

After spending the night at Carlsbad with friends, the party left for Hobbs, where Sammie Mayo visited her relatives, Mr. and Mrs. Art Pruet, and where Ernest Nimitz was left to visit several days with relatives in Jal. Continuing on, the group arrived back in Midland in the early afternoon, where baths and a few good hours of rest was enjoyed by all. That evening, the Ray Hudgenses treated the young folks with a swim at the Country Club, dinner, and miniature golf. Linda Jones visited her aunt, Mrs. Jim Lucas, while there.

Thursday noon, a group of tired but very happy Presbyterian young people returned to Eldorado. All agree that it was a week they will never forget. —Nancy Jo Jackson, president.

News From Our Neighbors

Road Nearing Completion

Two local highway projects should be completed within the next couple of months.

One is the new construction between here and Eldorado, which will reroute noisy trucks around the main street of Sonora. All pavement is completed, and only final work on the two bridges, one over the Devil's River and the other over Meckel draw, remains. This should be done by the middle of August. The entire project stretches ten miles from Sonora to the Schleicher County line.

The other stretch, which is to be completed about the same time, is the new Fort McKavett road (Farm Road 864). —Devil's River News, Sonora.

Rattlesnake Bite

Billy Everett, 7-year-old son of Mr. and Mrs. Tom Everett, who ranch in the Pumpville area, was dismissed this week from the Crockett County Hospital, after recovering from the bite of a rattlesnake on his hand.

The boy's bite by the snake was one of those one-in-a-million types of freak accidents. The lad and his mother were riding in the car toward Ozona when they heard what they thought was a deflating tire. The mother stopped the car and young Billy got out to see which tire was going down. He put his hand out to see if air was escaping from the valve of one of the tires and the rattler struck the hand. —Ozona Stockman.

Another Doctor For Bronte

After ten years of practicing medicine in Bronte, and being able to count all his days off on his fingers, Dr. John R. Harris has announced the association of Dr. Dean Adams with him in the practice. The association of Dr. Adams is just another one of the many signs that Bronte is progressing and that Bronte folks have faith in the future of the town. It's a good sign. —Bronte Enterprise.

Another Bond Election

A petition asking the Commissioners Court of Reagan County to call another election in which the voters are to say whether the court will be authorized to levy a tax for park improvements is being circulated.

The election held on June 22 failed to carry. There was a light turnout at the polls, and the 97 votes in favor of the proposal were not enough to make the two-thirds majority that was necessary for its passage. There were 62 votes cast in opposition. —Big Lake Wildcat.

Bond Election Called

No protests were presented Monday at the hearing set on the proposed \$75,000 road bond issue for Precinct 3, and the date of August 17 was set by the Commissioners' Court to present the proposal to the qualified tax-paying property owners of the precinct.

Also up for hearing Monday was a similar issue for Precinct 2, and County Judge Carl Peek reports no protests were issued on the \$30,000 proposal for the purchase of road machinery. Election date in this issue was also set for the same date. —Eden Echo.

Road Job Under Way

Relocating the fencing for the proposed construction on RM-2400 between U. S. 285 and Sheffield is under way through the Big Canyon Ranch country.

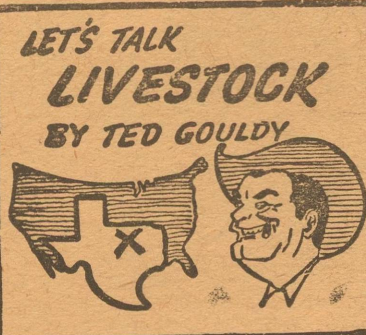

The contractors, Strain Bros., have not yet moved any equipment on location.

One hundred working days have been allocated for the job. —Sanderson Times.

HOLCOMBS ACCEPT JOBS AT LAKE VIEW SCHOOL

Four new teachers were hired Tuesday night by the Lake View school board, according to item in Wednesday's Evening Standard.

Mr. and Mrs. T. E. Holcomb of Eldorado were hired to teach in the elementary school. Holcomb, former Eldorado superintendent of schools, will be in the upper elementary and Mrs. Holcomb in the primary grades, according to the article.

Cows, Slaughter Calves Display Weakness

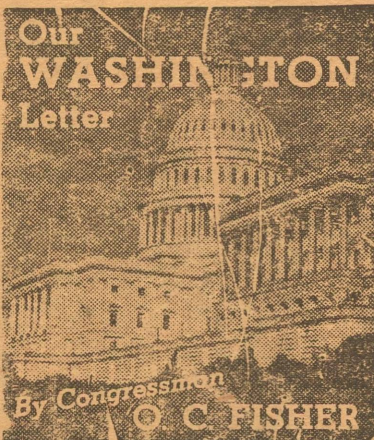

Fort Worth.—Trade developed unevenly on slaughter cows and slaughter calves at Fort Worth Monday. Early prices were steady but the later trade was 25 to 50 cents or more lower. Slaughter classes made up less than 40% of the day's receipts.

Stockers and feeders were again very active and at strong to unevenly higher prices. Slaughter steers, yearlings and bulls also cleared at fully steady to strong prices.

Very few fed cattle arrived, and high choice to prime cattle were lacking in the day's receipts. Good to choice slaughter steers and yearlings sold from \$20 to \$23, and common to medium sorts sold from \$13 to \$19. Fat cows sold from \$13 to \$15.50, and canners and cutters cashed at \$8.50 to \$13, a few strong cutters to \$13.50. Bulls sold from \$13 to \$17.

Good and choice slaughter calves cleared at \$19 to \$21.50 with a few higher. Common and medium sorts sold from \$14 to \$18, and culls sold from \$10 to \$13. Good and choice stocker steer calves cashed at \$20 to \$24, and heifer calves ranged from \$21.50 down.

Good to choice stocker and feeder steer yearlings sold from \$19 to \$22, and a few medium stocker cows sold from \$11 to \$14.

After trimming the foreign aid authorization by \$750 million, the House last week approved a \$3.1 billion bill, and left it to a Conference Committee to iron out the differences with the Senate.

I joined with all Texas Congressmen—except three—in voting against the bill on final passage. It contained too many spending items not vital or essential from the standpoint of our security or that of the Free World.

As a defense lawyer former prizefighter Joe Lewis proved last week in Washington that he carries quite a wallop. During the month-long trial here of Teamster Vice-President James R. Hoffa, Joe, idol of the colored populace, was very much in evidence in the courtroom. With 8 of the 12 jurors colored, the former champ was seen on more than one occasion back-slapping and in jovial conversation with the defendant in the presence of the jurors.

Hoffa allegedly delivered \$2,000 to an FBI agent, posing as an investigator for the McClellan racket investigation committee, as a bribe to obtain secret files and other help during a time Hoffa was being investigated. Well, it happened that an FBI movie camera concealed across the street snapped Hoffa in the act of delivering the envelope with the money. And so there followed an indictment for conspiracy, bribery and corruptly attempting to obstruct the operation of the Senate Committee.

But with the help of Joe Lewis, the verdict was: Not Guilty!
