ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, APRIL 25, 1957

NUMBER 17

Several Rains Combine To Soak Whole County

The drought situation is looking definitely upward, following spotted heavy rains last Friday and general good rains over the county Monday night.

Last Friday's rain was torrential in the Powell, Derrick and D.C.O. Wilson country, filling draws which closed the Menard Highway to traffic for several hours.

The D.C.O. Wilsons, with from 1 to 3.18 inches of rain Friday, fared well, and are delighted over their ranch prospects, as there was not too much washing and they have a good pasture cover.

At Fort McKavett there was 4.25, on Powells' 4.25, and on Derrick's 4.20.

The Derricks especially report heavy washing of fences and other improvements.

The lake at Wilsons, head of the San Saba, was fuller than it had been since 1933.

Other rains last Friday included:

Pat Martin	3.90
Jimmie Martin	3.70
Earl Cathey	.40
Josh Ewing	.80
Mrs. Ethel Gunn	.50
Gay Copeland	4.00
City Eldorado	.50
W. J. Burrus	1.50

Much of the county did not receive enough rain Friday to be of benefit and the above all had more rain Monday.

MONDAY NIGHT IT POURED!

Monday night's rain was a bigger story. Enthusiastic reports have come in from all over the county concerning the heavy down-pour. The Huldale oilfield road was impassable three hours Tuesday morning. The Menard highway was also closed to traffic several hours. Frogs were croaking in lakes long dry all over the county.

Called the first completely general rain in years, the precipitation brings hope that the long drought is beginning to break.

THEY WIN BIG PRIZE

Mr. and Mrs. Jim Lucas are in a quandary. They recently won a big prize in a General Electric contest, and have their choice of a complete new General Electric kitchen or an all-expense-paid trip to Paris! They can't make up their minds.

Mrs. Lucas is the former Paddy Jones. The family live in Midland.

Kenneth Menees drove to Vian, Okla., with Mrs. Thelma Cox, who had been visiting here a week. They were accompanied by Bill Hall who stopped in Ft. Smith.

MORE

The above figures do not include a nice rain which came Wednesday (yesterday) morning, and which averaged about .25 of an inch well over the county.

Methodist Men In Regular Meet Monday

The Methodist Men met in regular session Monday night at the educational building, with Wesley Hayhurst and Bill Gunstead serving coffee and cake. Meeting was opened in regular order by Dick Bearce, president, and Albert McGinnes gave a 5-minute devotional. Officers for the coming year were elected as follows:

Everett Warren	president
Buster Hale	vice pres.
Wesley Hayhurst	secretary
Sandy Donaldson	treasurer
Fred Gunstead	reporter

New officers will be installed in the June meeting.

During the rest of the session the members discussed the job of Sunday ushering, which the group will take on as a project, and also made plans for the May meeting barbecue.

Ground Observers Alert Set Sunday

There will be an alert for all Ground Observer Corps members on Sunday, April 28, from 2:00 until 6:00 o'clock, unless the weather is such that it cannot be held. Please be on time, and the post will be at the telephone booth by the side of the court house lawn.

The following persons are asked to be at their posts for the period of time indicated. If every member of the G. O. C. will cooperate and be in attendance at the times indicated it will not work a hardship on anyone, and each person will have only a 30-minute watch time:

2:00 to 2:30: Elizabeth Ballev, Mrs. Clyde Keeney and Donny Lee Smith.
2:30 to 3:00: Fred Gillaspay, C. C. McLaughlin, Kenneth Hicks and Jesse Hixson.
3:00 to 3:30: Mrs. E. N. Edmiston, W. R. Bearce, Bryan Edmiston and C. F. Dacy.
3:30 to 4:00: James Williams, Eldon Calk, James Sallee and David Kuykendall.
4:00 to 4:30: G. F. Cales, Jewel Hodges, Jimmy Wayne Harris and Voy J. Mitchell.
4:30 to 5:00: Gus Love, Bill Gunstead, Jimmie Dell Williams and Margo Mittel.
5:00 to 5:30: Dwight Wiedemann, Larry Boyer, Edward Boatler, and Willie Luedecke.
5:30 to 6:00: Mrs. R. N. McDonald, Joe Charles Christian, Dean Williams and Walter Ray Donaldson.

We still need more volunteers for Ground Observers. If you are interested in helping in this important phase of civil defense please call Mrs. R. N. McDonald, telephone no. 22931.

LIONS CLUB NEWS

The Rev. Bill Thorn, pastor of Calvary Baptist church in Lubbock, was the speaker at the luncheon meeting of the Eldorado Lions club yesterday.

The speaker next week will be V. G. Young of San Angelo, District Agent of the Extension Service.

BAND TRIP SET

As it has for several years, the Eldorado school band will take part in Fiesta activities in San Antonio. The band will be in San Antonio Saturday and Sunday with approximately 50 band members and their sponsor, John Brown, attending.

Visitors in the Lilburn Hazelwood home at Temple on Easter were Mr. and Mrs. Tom Carroll and Vicki of Ozona, Mr. and Mrs. Vernon Hazelwood and Mr. and Mrs. Laman Hazelwood. On their return they visited briefly at Buchanan with Mr. and Mrs. Marvin McDonald.

Cong. Methodist Church To Start Revival Monday

REV. A. M. McLAIN

The Congregational Methodist church carries an advertisement on page 7 of this paper, announcing a revival which will start Monday, April 29, and continue thru May 12.

Rev. A. M. McLain of Dallas will do the preaching and services will start at 7:45 each evening.

The evangelist is chairman of the General Mission Board of the Congregational Methodist church.

Rev. S. W. Harralson is pastor of the church here.

Local Women's Father Is Buried In Brady

Funeral services for Albert R. Stoepler, 71, of near Eden, father of Mrs. Ray Boyer and Mrs. Victor Kent of this county, were held Sunday afternoon at 3:00 in Main & Bryan Church of Christ in Eden. He died in Eden Hospital at 2:00 Friday afternoon after a long illness. Burial was made in Rest Haven Cemetery in Brady.

Born in DeWitt County, he came to Concho County in 1895, locating 15 miles southwest of Eden, where he spent the rest of his life. He was married to Gladys Bingham in Concho County on July 24, 1912.

Survivors include his wife, a son George of Blackwell; four daughters, the two mentioned above and Mrs. Rosie Lee Davenport of San Antonio and Mrs. Faye Hutchinson of Eden, two brothers and three sisters, and other relatives.

Among those attending the funeral from here were the Boyer family, the Kent family, Mrs. Marion Wade, the Sudduth families and others.

Mrs. Ray Boyer and Dannie are spending several days with Mrs. Stoepler before returning home.

Mr. and Mrs. Lynn Alexander spent from Sunday to Tuesday at Austin visiting relatives.

Future Farmers Hold Parent and Son Barbecue

Post Script

Highway department men have been busy all hours taking care of rain damage—mostly on the Menard highway where washing was heavy.

—ps—

The new irrigation project on the Claude Meador farm southwest of Eldorado was doing its stuff over the week-end, and was attracting a large number of visitors—including the writer.

The pump was delivering a stream of water that completely filled an 8-inch pipe, and it was calculated to be doing 1,000 gallons per minute.

A main ditch carried the water through the middle of a leveled field of over 75 acres. One or two Mexican hands were on the job attending to the siphon tubes and they were watering about 24 rows at a time.

The well itself is equipped with a Western pump, and powered with a 125 h.p. electric motor, which gets its "juice" from a 440-volt line from Southwest Texas Electric Co-Op. The pump is set at a depth of 410 feet according to Weldon Davis, who sold the pumping unit.

This new irrigated farm is to be operated by Russell Beach, son-in-law of Claude Meador.

—ps—

Johno Mayo is another operator who is following the electric motor route. Johnny is in charge of an irrigation project on the Luedecke place. The well is a "left-over" from the wildcat oil test which was abandoned early this year. It has been developed into a water well good for about 500 gallons per minute.

—ps—

Younger Construction men and equipment were on location Monday, digging slush pits and preparing location on the C. C. West section just west of town. We understood that the work was being done for Pool & Gerlich, drillers of San Angelo, who have a drilling contract with R. H. Murray for this new test. It is situated one location from wells No. 1 and 2 in a westerly direction.

—ps—

There is also renewed activity on the Vinson place northeast of town, where a spudder has been working and a pile of dirt excavated. Roads too muddy to encourage visitors. We hear P & G has the contract there, too—which is also a Murray lease.

—ps—

How does it add up? There have been several good rains lately, and there were also some good rains back in February. All told, they add up to bottom moisture that has a bearing on coming crop prospects.

Lloyd Johnson of the Soil Conservation service gathered this list from the following who had kept a running total of their rainfall so far this year:

Curtis Short	9.10 (year's total)
W. H. Joiner	5.85
A. J. Halbert	6.00
W. G. McAlpine	6.75
C. O. Bruton	6.30
J. W. Davis	7.00
J. F. Runge	7.00
Weatherly Kinser	5.50
Elizabeth Rae Powell	6.00
D. C. O. Wilson	8.79
Joe B. Edens	6.80

Bernice Sammons spent Easter in Midland with the Jim Lucas family and left Tuesday for Pennsylvania to visit other relatives.

The L. V. Newport family returned Sunday from a four-day visit in McAllen with Mrs. Newport's sister, Mrs. W. O. Donham and family, who live on a 20-acre irrigated farm. They report that harvest on green beans was just starting on the farm and that the Valley seemed to be suffering with drought.

Mr. and Mrs. W. J. Burrus had as Easter guests all of their children, James Burrus and wife of Mullen, John and family of Indian Gap, and Mr. and Mrs. O. H. Luedecke and family of this county.

Presentation of awards to various members and an address by Bill Williams of Sul Ross State college at Alpine were highlights of the parent-son barbecue which was held by the local Future Farmers of America chapter at the new show barn on the Sonora highway Tuesday night.

President Jimmie Whitten led the chapter officers in opening the meeting.

Oliver Burk, chapter advisor and VA teacher in the high school, presented the following awards: farm mechanic, Dick Runge; soil and water management, Jimmie Whitten; public speaking, Ernest K. Nimitz; star farmer of the chapter, Bobby Williams; and certificates of merit to Nimitz, Whitten, Bobby and Billy Williams, Dick Runge, and Farris Nixon.

The welcoming address was given by Rex Enoch as for which County Judge W. R. Bearce gave the response.

Joy Dodd, chapter sweetheart, was recognized.

The program closed with several selections given by a musical group from Sul Ross.

Menu consisted of barbecue, beans, potato salad, pickles, onions, bread, tea, coffee, and ice cream, with Orland Harris in charge.

A large crowd of chapter members, their parents, and other guests attended.

School News

After being treated to sandwiches and cold drinks Thursday night at the home of the R. L. Ballews, the seniors left for their four-day vacation in Galveston.

Twenty-five members of the class went, accompanied by Coach and Mrs. Whitaker, Mr. and Mrs. Burkart, Mr. Holcomb, and the bus driver Cotton Pyles.

Some of the activities of various members of the class were visiting the San Jacinto monument, swimming and fishing in the gulf, taking a sight-seeing tour, riding on a ferry, bowling, going to the movies, bicycle riding, visiting with Monty and Barbara Hill, and visiting the amusement park and carnival, Sunday morning the majority of the class attended sunrise services.

Monday night it was a tired but happy bunch of kids that returned to Eldorado. Everyone thoroughly enjoyed the trip, and they would like to express their sincere appreciation to everyone who helped make it possible.

PS: By the way, a humorous incident occurred Saturday night when one member of the class suddenly found himself in the hotel hall locked out of his room. Apparently he had been walking in his sleep. The embarrassing part was that he only had on his shorts.

"Let Me Out of Here," is the three-act comedy which the Junior class of EHS will present Tuesday, April 30, at 8:00 p.m. in the high school auditorium.

Gifford Morton.....Tim Argo
Marshall Ward.....Bobby Williams

This play is under the direction of Mr. Jim Hancock. If the tickets are bought in advance the prices are 50c for adults and 25c for children; the prices to be charged at the door are 60c for adults and 30c for children. Contact any member of the Junior class if you want an advance ticket. Be sure to come.

W. G. GODWIN MOVED TO HUDSPETH HOSPITAL, SONORA

W. G. Godwin arrived Friday night at Hudspeth Memorial hospital, Sonora, where quite a few friends from here have been visiting him. He was moved from the hospital at Granbury.

Mrs. Godwin returned here previously from Granbury, and has been driving to see Mr. Godwin each day this week. She reports him much improved.

First National Bank Observes Fifty Years of Service to Eldorado and Schleicher Co.

In a page advertisement elsewhere in this issue, the officers and directors of the First National bank point to the completion of 50 years of service to Eldorado and the surrounding area.

Records of the bank disclose that the first steps of organization were taken December 29, 1906, with Dr. C. H. Murphy, R. W. Murchison, Abe Mayer, and Wm. Bevans as the organization committee.

The formal Certificate of Organization dated January 19, 1907, subscribed by the above named committee, provided that the title of the institution be The First National Bank of Eldorado with a capital of \$30,000. By comparison it is interesting to note that the capital structure of the bank today exceeds \$300,000, embracing capital stock of \$75,000, surplus \$75,000, and undivided profits and reserves in excess of \$150,000.

On the list of the original 24 shareholders, none of whom are living today, appear such well known names as Sol Mayer, M. B. McKnight, A. S. Adams, R. W. Murchison (grandfather of Mrs. Ed Hill), H. M. Mills, B. E. Earle, C. H. Murphy, C. L. Meador, C. C. Doty, J. B. Christian, John F. Isaacs, Tom W. Palmer, S. I. Nicks, John Rae, and others.

The bank officially opened for

business on May 1, 1907, in a temporary frame structure about where Rance McDonald's barber shop is now located, and on completion of the stone building across the street, moved to that location where it did business until June, 1942, when the present building was completed and occupied.

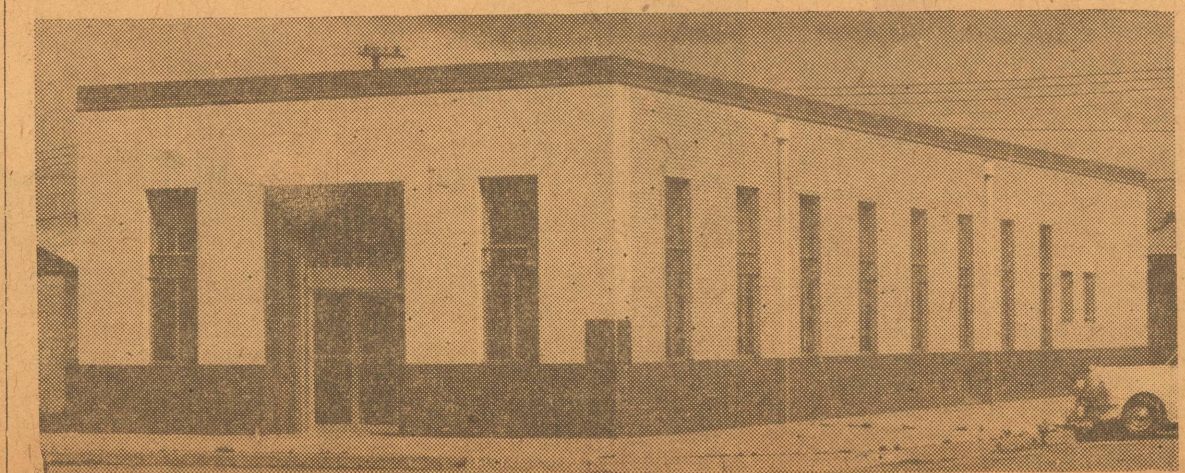

The first statement of condition made to the Comptroller of the Currency on August 22, 1907, show-

ed cash and securities of \$34,203.06 in contrast with the \$2,432,368.72 on the statement as of the close of business March 14, 1957.

Only four presidents have served the bank, M. B. McKnight, W. B. Silliman, J. B. Christian, and J. E. Hill, in that order. Of the present officers, W. O. Alexander who is now vice-president became associated with the bank in September, 1907; J. E. Hill, now presi-

dent, entered the employ of the bank in August, 1918, and Leslie L. Baker, now cashier, came to the bank as bookkeeper in July, 1924.

Oldest in point of service on the present board of directors is Sam E. Jones who was elected to a directorship on January 9, 1918. Present directors including Mr. Jones, are J. E. Hill, W. O. Alexander, George R. Long, and V. H. Humphrey.

Completed and occupied in 1942, the building housing the First National Bank of Eldorado is still recognized as one of the town's most

modern buildings. While construction was under way during wartime, following the attack on Pearl Harbor on Dec 7, 1941, only

wartime restriction experienced in completing the building was a delay in the installation of a central heating system.

Girl Scout Council Has Meeting Here

The Frontier council of Girl Scouts met Sunday p. m. April 14 in Eldorado for their second quarterly meeting. There were 37 members present from the following counties: Tom Green, Kimble, Mason, Menard, Sonora, Reagan and Schleicher. Irion, Ozona and Concho were the only counties not represented.

The president, Jack Cooper of San Angelo, presided over the business session.

One important decision made at the meeting was that the Frontier Council will not be able to have camping for our girls this summer, due to the fact that we do not have a camp site, a camp director, or a water front director. Miss Mary Ella Moorhead, who was our field and camp director for three years, has resigned to become an executive director in Oklahoma, and to date we have not been able to replace her. Application will be made by Miss Gerene Stanberry, our executive director, to place our girls in camps of other councils in West Texas as there are several excellent ones not too far away. It was also brought up that there is financial aid for any girl who would like to go to camp but who is financially unable to do so.

The council discussed and voted on the recommendations made by the council structure study group in February. Miss Virginia Burgess of Dallas, who helped with the structure study was also present Sunday to explain the contents of the study.

Some of the recommendations adopted by the board were:

1. To change the meeting time and place from Eldorado on the third Sunday afternoon four times a year, to San Angelo on the third Saturday.

2. To obtain a charter.

3. To publicize Girl Scouting more, educate the people more as to the meaning of Girl Scouting, and to obtain sponsoring civic groups for troops. (One town in our council has a civic club sponsoring the town committee and then a sponsoring group for each troop. Eldorado Girl Scouts do not have a single sponsor.)

4. To furnish more training for board members.

5. To elect officers in January instead of October, thus extending present board members' terms four months locally. This affects terms of Mrs. Roy Phelps, our town chairman; and Mrs. Jerrold Sanders, secretary of the Frontier council.

Members of our town committee serving as hostesses for the meeting were Mrs. Wesley Hayhurst, Mrs. Bennie Harkey, Mrs. Eldon Calk, Mrs. Jack Mowrey, Mrs. Sanders and Mrs. Phelps. —Reporter.

Guests of the E. R. Bryants several days were Kara Lynn, Kathie Jo and Bob Rogge, their grandchildren, whose mother Mrs. R. Rogge of Sonora, picked them up Tuesday. Mrs. W. E. Sorrels and son Jerry of Rule spent Easter here also. The women are sisters.

Mrs. Earl Cathey spent the Easter weekend in Brady with a sister, Mrs. I. V. Pearson and family and brother Harvey Sutton and his wife.

Mrs. Hattie Blaylock had as Easter guests two daughters, Mrs. V. L. Cople and three children of Post and Mrs. Ira Cople and two sons of Concan.

J. E. Garvin who has been seriously ill in Clinic hospital in San Angelo for over a week, is reported better. He may be moved to the home of his daughter Mrs. Robert Schafer in San Angelo this week. He is a brother of Mrs. Rosa Owens of Eldorado.

Mrs. Edgar Spencer and two children and Mrs. J. D. Ashmore visited from Friday to Monday with Mr. and Mrs. Monty Hill and Mrs. W. E. Terry at Austin. Mrs. Terry recently moved to Austin. They report rain all the way and the country very beautiful.

Tom Buchanan has gone to College Station to be at the bedside of his brother, A. F. Buchanan, who has suffered another stroke.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

Home demonstration clubs have been doing quite a bit of thinking and talking lately about breakfasts. Everybody is agreed on one thing. Everybody says that we should eat a good nutritional breakfast every day, that it should be a pleasant meal and that it should be as far as possible unhurried and free of frantic rushing around.

Every woman present has been asked to look carefully to the pattern her family is working out regarding breakfast. In fact, the roll calls were suggestions or tried and proven ways to start the day more cheerfully. The suggestions ran something like this: leave the kitchen clean and straight every night, get up and have coffee with husband before children are called, get up 20 minutes earlier, meditate on the best things in life for a few minutes before getting up, play an especially enjoyable record while getting breakfast, try very hard to make breakfast a cheerful time for the whole family.

I was very pleased to find on asking club members about it that at least 95% of their teen-agers have a good breakfast before going to school. This is more important than many think. Ask any school teacher and she will tell you that the hungry child is listless, disinterested, and in general does much poorer work than he is really capable of.

What is a good breakfast? One that furnishes from 1/3 to 1/4 of the daily calories. One that furnishes vitamins, animal proteins and enough carbohydrates for energy. All citrus fruits and tomatoes are excellent sources of vitamin C. Milk and eggs are body building proteins.

One of the forms of quick bread prepared at club meetings are these pan cakes. They were served buffet style right off the griddle to the guests.

Pan Cakes

- 1 1/2 cups flour
- 1/2 teaspoon salt
- 3 1/2 teaspoons baking powder
- 2 tablespoons powdered sugar
- Mix and sift these together.
- 1 1/4 cup milk (may be slightly less)

- 1 whole egg
- 4 tablespoons oil or melted fat (butter, oleo, bacon fat).

Slightly beat the egg, add milk and melted fat. Add the milk mixture to dry ingredients. Stir enough to mix but don't over do it. The batter can be toughened this way.

Now about the cooking. More good pancakes and griddle cakes have been ruined at the stove than in using the wrong ingredients. Preheat the heavy skillet or griddle, slowly. Don't add grease. In fact, start the heat under the griddle before the pancakes are mixed. When a drop of water bounces and spatters on being dropped on the heated skillet, it's the right temperature. When the bubbles which form on top of the cake are nearly ready to burst, turn them. Turn only once. Delicately browned cakes are tender; burned cakes or ones which have been cooked too long are tough. The powdered sugar helps them to brown. Serve with orange sauce.

Orange Sauce

- 1/4 cup oleo or butter
- 1 box powdered sugar
- Dash salt
- Grated rind of 1 orange
- Juice of same orange and juice of one lemon, mixed together.

Cream thoroughly butter, slowly add some of the sugar. Mix well. Add juice and rind alternately with sugar and salt. If all of the juice is added at once the sauce has a chance to look curdled. More or less juice may be added. Let it be thick enough to spoon out instead of being poured.

This sauce is very good on pan cakes, waffles, biscuits, toast, muffins or any hot bread as for that. Having basically the same ingredients, it takes the place of butter and syrup. When using butter and syrup try heating the two together; it keeps the hot cakes hot longer.

Kathy Sauer and Verna Lux are going to represent the Reynolds Busy Bee 4-H club in the district

4-H contests in San Angelo on Saturday. These two club girls are to give a demonstration showing the different effects in a room that may be created by using 3 or 4 differently colored light bulbs. Kathy is now president of her club and Verna is a past president.

Tissy Enochs and Judy Hext are going to present piano music, singly and as a duet, as they represent the Eldorado 4-H club in the Share the Fun contest at the same district meeting. Some may wonder why only the Junior girls are entering this meet. For the ones over 14 a Senior classification is used and a Senior contestant must have been a club girl for three years. 4-H club work is just over a year and one-half old in Schleicher county, so the Seniors will have to wait until next year.

The buildings and campus of San Angelo college will be swarming with 4-H boys and girls from 22 counties this next Saturday, the 27th. Over 300 4-H ers will represent District Seven and will compete for over 60 ribbons which will be presented at the awards assembly to be held at 1:30 p.m. in the San Angelo college auditorium.

A 4-H girl or boy is taught that the entering is more important than the winning. They are taught that it takes more grace to win than to lose. 4-H contests are conducted not to find out who is the best, but to enable everyone who enters to be better.

EL DORADO CHAPTER D.A.R. OBSERVES SAN JACINTO DAY

At a meeting of the El Dorado Chapter, D.A.R., last Thursday the chaplain chose for the Bible reading, the story of the Resurrection of Jesus as recorded in Luke 24, as a reminder of the Easter season.

In the business session letters of thanks were read from Mrs. Felix Erwin, State Regent of Texas, expressing her thanks for the part El Dorado chapter had in helping to make the state meeting a success.

The Regent presented a white ribbon to Mrs. J. B. Montgomery which was awarded to her by the State Society for outstanding work during Constitution week. Mrs. Montgomery gave her report on National Defense.

An auditing committee was appointed, composed of Mrs. Hoover, Mrs. Mabel Parker and Mrs. Montgomery.

Miss Charleen Logan and her mother were present as guests of the chapter. Miss Logan was winner from Eldorado High school, of the Good Citizen award. The medal was given her at the meeting, and the certificate will be awarded to her at the assembly program on April 29th. Each year a girl is selected from the Senior class making the highest grades and who is outstanding in the following four points:

1. Dependability, which includes truthfulness, loyalty and punctuality.
2. Service, which includes cooperation, courtesy, and consideration of others.
3. Leadership, which includes personality, self-control, and ability to assume responsibility.
4. Patriotism, which includes unselfish interest in family, school, community, and nation.

In observance of San Jacinto day, a program was planned on "Historical Events in Texas," with Mrs. Mabel Parker as leader.

Mrs. C. M. McWhorter read a paper on The Fall of the Alamo and Mrs. Montgomery gave a paper on Historic Spots in Texas, in which she told of Old Forts and Missions, Treaties and News Papers, also of early schools and colleges. She stated that Baylor university was the oldest school in Texas in continuous operation.

A color scheme of red, white, and blue was carried out in the decorations. The hostesses, Mrs. Duard Archer, Mrs. Josh Ewing, and Mrs. J. O. Willoughby, served refreshments of ice cream and angelfood cake.

JUNIOR WOMAN'S CLUB MEETS

The Junior Woman's club met in the home of Mrs. Guy Whitaker. Mrs. Clifford Schooley presided. The minutes of the previous meeting were read and approved.

Mrs. Dan Brown was asked to write a special thank-you letter to Hemphill-Wells Company for giving the club most of the decorations which were used at the style show. Mrs. Schooley and Mrs. Algood were asked to check on the prices of trees which would be suitable to plant in the park.

Mrs. W. A. Algood presented an interesting program on France. There were 11 members present.

Mrs. Irene Rutland visited last week with her son Durward and family in San Angelo.

Shell To Design, Construct and Operate Four Corners Pipeline

Deliveries of more than 600 miles of pipe for the new crude oil line from the Four Corners area to the West Coast will start during the last week in April, it was announced yesterday by R. G. McIntyre, president of the Four Corners Pipe Line Company.

First shipment of the 16-inch pipe will arrive by rail at Seligman, Arizona, and will be followed in a few days by a delivery at Farmington, New Mexico.

In the coming months, additional pipe will be received at the following towns along the line's route: Gallup, New Mexico; Flagstaff Williams, Ash Fork, Hackberry, Kingman and Topock, all in Arizona, and at several California points yet to be designated.

Work on the Four Corners Line is progressing on schedule, said Mr. McIntyre, and the 13 survey parties now in the field have completed approximately 40% of the alignment survey.

The Four Corners Pipe Line Company was formed in February, 1957, and field work began in early March. The new company is owned by Continental Pipe Line Company, Gulf Oil Corporation, Richfield Oil Corporation, Shell Oil Company, Standard Oil Company of California and The Superior Oil Company. Shell Pipe Line Corporation will design, construct and operate the line.

The complete Four Corners crude line system will total some 750 miles, including 12- and 8-inch feeder lines to the Aneth and other fields in Utah, and the Bisti Field in New Mexico. The main truck line will originate on the Navajo Indian Reservation in the Southeast corner of Utah and terminate at refineries in the Los Angeles area. Initial capacity will be 60,000 barrels per day.

Bob Bradley and family of Midland spent the Easter weekend with their parents, Mrs. Frank Bradley and Mr. and Mrs. C. A. Graves.

Mr. and Mrs. John Nikolauk and son of Waco spent Easter with Mrs. Nikolauk's parents, Mr. and Mrs. W. A. Blaylock and other relatives here.

At . . COULTER'S

Mrs. Ben Hext returned Friday from LaMarque where she visited her son Joe and family. She reports that her daughter-in-law is recovering from surgery.

Albert Bailey, who has been in Tucson, Ariz., recently, has been admitted as a patient in the hospital at Sonora.

The Richard Cheathams spent Easter in Seminole with their daughter Mrs. R. B. Glasscock and family. They were joined there by another daughter Mrs. Clayton Sanders of Grandfalls.

Jim Willoughby broke his arm Monday in a fall from a horse, and is a patient at Hudspeth Memorial hospital, Sonora.

Mr. and Mrs. Tony Cheatham arrived here Saturday for a vacation visit with his parents, Mr. and Mrs. Richard Cheatham, and are now fishing on the Llano.

Mrs. L. T. Dannheim has returned from San Angelo where she attended the funeral of August Piper, a brother, who died the preceding Wednesday. He was 71 years old.

Mr. and Mrs. John Brown spent the Easter holidays in Lubbock with relatives. They were accompanied by Carol Higgins.

Fay Davis returned Monday to her school work at the University.

Mrs. Bud Russell and family of Ozona spent Easter with her mother, Mrs. Ora Davis.

1957

On the eve of our 50th Birthday

We are deeply grateful for the opportunity to greet you, the people of Eldorado, of Schleicher County, of Southwest Texas and elsewhere, whom it has been a pleasure to serve and do business with all these years.

50 YEARS IS A LONG TIME—and it is with abiding appreciation that we express to you, our customers and friends over this great and resourceful area, sincere gratitude for a half century of pleasant relations and for the support and confidence which has resulted in our steady growth and unabated progress.

On that May 1st morning in 1907, this bank opened for business as a small institution with barely \$100,000.00 in resources and a mere handful of customers. Today, we have grown to over 2 3-4 millions in resources with customers throughout the nation and some in foreign countries.

Indeed it has been a pleasure to serve our customers and to go along hand in hand participating in the vigorous growth, steady progress and vast development of Southwest Texas into the empire that it is now.

AT THIS TURN OF OUR FIRST HALF CENTURY—we rededicate ourselves to a continuation of DEPENDABLE SERVICE and sound policies,

and to the creed that in order to justify a charter and occupy a place of leadership in any community, a bank shall—

1. Provide and vigilantly maintain a safe depository for its customers' funds;
2. Service the reasonable and legitimate credit requirements of the territory it serves;
3. Endeavor to assist people to create wealth and economic independence, and to get out of debt as well as into it;
4. Supply sound and seasoned business counsel and maintain operating policies on a plane compatible with good banking practices;
5. Be progressive and provide support and cooperation toward development and progress.

WITH THAT PLEDGE TO OUR CUSTOMERS—OLD AND NEW—WE ENTER OUR NEXT HALF CENTURY WITH CONFIDENCE AND WITH THE FAITH, THAT AS THE PAST HAS BEEN ABUNDANT IN SUCCESS AND SEASONED EXPERIENCE, THE FUTURE HOLDS UNLIMITED POSSIBILITIES.

Woman's Club Has Safety Meeting Tuesday

The official board of The Woman's club entertained with a luncheon at the home of Mrs. Palmer West Tuesday noon honoring Mrs. J. Howard Hodge of Midland, who is General Federation of Women's clubs, chairman of public affairs and Texas Federation chairman of budget committee. Present were local officers, Mrs. Hodge and Mrs. Melvin Arman of Midland.

At the regular meeting of the club at 2:30 that afternoon, Mrs. Hodge was guest speaker, her subject being safe driving. Mrs. West as local safety chairman was program leader and introduced the speaker. She gave an urgent message to club members to keep working for passage of bills introduced in our government that will be helpful in reducing the number of fatalities and injured in car wrecks. Just as we have worked for and obtained driver education in our schools. She noted various factors that contribute to wrecks, such as drinking, old age, youth, etc., but emphasized that speed is the greatest cause of trouble. No one thing is altogether to blame. She recommends that we be law abiding drivers and observe state regulations for traffic as one big help.

The program was followed by a reception where Mrs. Carrol White served at the silver tea service. The table was covered with a lace cloth. The centerpiece was an arrangement of red roses and blue-bonnets.

Present were 12 members, and 12 guests, nine women and three men, and Mrs. Hodge and Arman.

SENIORS ENTERTAINED

Mrs. R. L. Ballew and Ann served a sandwich supper to the Senior class Thursday night at 11:00 o'clock just before the Seniors left on a trip to Galveston. Guests in addition to the members of the class were Mr. and Mrs. Guy Whitaker, Mr. and Mrs. T. E. Holcomb, and Mr. and Mrs. Bob Burkart.

Visitors in the P. K. McIntosh home Sunday were Mrs. Loretta Carrol of Middleberry, Conn., and Clara Thompson, Harriet Knapp and Elise Ruffin of San Angelo.

CELEBRATES BIRTHDAY

Mrs. George Faught of Lampasas received a number of cards from Eldorado people on her 92nd birthday recently which were much appreciated, her daughter Mrs. Bud Kerr learned here.

Two Millionth Ford Reported By Company

A major milestone in the history of Texas commerce and industry was reached this week, when the 2,000,000th Ford vehicle came off the assembly line at Ford's Texas assembly plant in Dallas.

George Humphrey said the milestone car was built at 7:30 p.m. The Dallas assembly plant's production schedules are so carefully regulated that the company was able to predict the exact hour when the 2,000,000th unit was finished.

Ford Motor Company first became a business and industrial citizen of Texas in 1909 with establishment of a sales, service and parts headquarters in Dallas. Assembly operations on a limited basis started in 1913 and in 1914 Ford completed Texas' first automobile assembly plant in Dallas. The present plant in Dallas was opened in 1925.

"We are proud of the fact that our Ford cars and trucks are built in a plant located right in our own state," Mr. Humphrey explained. "This means that 3,400 Texans earn more than \$15,900,000 a year building and distributing the cars we sell."

In Eldorado, George Humphrey has been the Ford dealer since October, 1954. The company now has five workers. Its service department provides two full-time mechanics. There have been 304 Fords delivered by the dealership, Mr. Humphrey reported.

Junior Club Sponsors Annual 6th Grade Trip

The Junior Woman's club sponsored the annual Sixth grade trip to San Angelo April 12. They visited the Fort Concho museum, Mead's bakery, the San Angelo Standard-Times, and Gandy's creamery. Due to the weather they had to eat lunch at the Girl Scout cottage.

Members who were present were, Mrs. Clifford Schooley and Mrs. W. A. Algood. Mothers present were Mrs. L. L. Kinser and Mrs. Lum Davis. Teachers were Mrs. Byrl Clayton and Mrs. Dan Brown. The trip was enjoyed by all.

The H. A. Belk family report that Mr. Belk's mother Mrs. J. B. Belk of Miles, continues to improve after two weeks' illness.

Jape Mund of Corpus Christi spent Easter with her parents Mr. and Mrs. Ervin Mund.

Perry Johnson continues to improve at Memorial Hospital in San Angelo.

Mrs. Raymond Lynn of San Angelo spent the Easter weekend with her father, J. C. Johnson.

Mr. and Mrs. A. J. Halbert received a call from Olge stating that he is taking a 14-week special training course at Fort Belvoir. His family is still in Newfoundland and he will return there upon completion of the course.

The budgetarians—folks who are sticklers for budget figures and seem to think they are sacrosanct—are resting during the Easter recess, licking their wounds and girding themselves for the second phase of the battle in May.

With only \$15 billion of budget requests acted upon thus far, the budgetarians fought valiantly against every one of the cuts that have totalled \$1.1 billion thus far. That means the big battles are yet to be fought. The Senate has not yet acted on any appropriations.

President Eisenhower, following House prodding, came up with a \$2 billion suggestion for cuts. That's in addition to what the House has done thus far. So the outlook brightens, and despite the stubborn opposition, coming in the main from liberal Democrats, aided and abetted by such liberal columnists as Drew Pearson, it now looks like we will be able to trim the budget estimates by as much as \$5 billion—again assuming the Senate will go along with us.

Recent visitors have included Mrs. Jim Willoughby of Eldorado, and her niece, Miss Ann Cole of Tulsa, a student at George Washington university in the District.

New Babies

Born, March 28 in Corpus Christi a son, Pat, weight 6½ pounds, to Mr. and Mrs. Daniel O'Connor. The boy has three grandparents, Mr. and Mrs. Joe Faulk of this county and Mrs. Frank O'Connor of Washington, D. C. Mrs. Joe Faulk who has been visiting the family, has returned home.

Farmers of the Eldorado-Divide Soil Conservation district are taking advantage of the continued drouth by constructing level terraces on their cultivated land to hold the moisture when it does come.

Weatherly Kinser completed the construction of 16,818 feet of level closed end terraces on his farm last week. Weatherly used his farm equipment to construct the terraces. He moved the dirt into the base of the terrace with a grader blade attached to the footpieces of his planter. When the needed height and base width were reached the area from which the dirt was taken was broken with a disk plow. Kinser constructed 13,136 feet on his farm last year. The completion of the terraces last week completed all the terraces on his farm.

Kinser has also finished the construction of 12,120 feet of level closed end terraces on the Brown place which he leases.

The construction of terraces by the method used by Kinser overcomes some of the obstacles encountered when using other methods. Some of the advantages of constructing terraces by this method are: almost any size farm tractor can be used; the dirt can be moved from several feet from both sides of the terrace and very little barrow ditch is left, and terraces

CITATION BY PUBLICATION
 The State of Texas

TO: O. K. Stetler, his heirs and assigns, and his unknown heirs and assigns and to all persons claiming an interest in Subdivision E. Lot No. 1, Block Y, Original Town of Eldorado, Schleicher County, Texas, Defendants, Greeting:

You are hereby commanded to appear before Honorable District Court 51st Judicial District of Schleicher County at the Courthouse thereof, in Eldorado, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 20 day of May, A. D. 1957, to Plaintiff's Petition filed in said court, on the 3rd day of April A. D. 1957, in this cause numbered 906 on the docket of said court and styled Jack Elder, Plaintiff, vs. O. K. Stetler, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Trespass to try title to Subdivision E, Lot No. 1, Block Y, Original Town Eldorado, Texas and specifically claiming title by adverse possession and pleading specifically the ten year statute of limitation as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Eldorado, Texas, this the 6th day of April A. D. 1957.

Attest: J. P. Enochs, Clerk,

can be completed without waiting for the loose dirt to settle to permit more work on them, as sometimes occurs when using other types of equipment.

Farmers and contractors have used a number of different types of equipment to construct terraces in the district. It is to be expected that some of the terraces will be somewhat better than others. "The most important thing is to construct all the terraces needed to conserve the maximum amount of soil and water," states Lloyd B. Johnson of the Soil Conservation Service.

Terraces to do the most good must be constructed to the needed height and width and ends properly closed. They must also be run level and spaced correctly to do the maximum good. Either of these factors are as important as the other in attaining a good system of terraces. Just as important is the maintenance of the terraces after they are completed.

It is generally agreed that a little water goes a long way in Schleicher county. If conditions are such that a little water goes a long way from where it falls, then this is bad. On the other hand if soil and water conservation practices are applied to hold the rain as near as possible to where it falls, then a little can go a long way toward producing a crop.

"The land does not depend on man for the rain it receives, but the amount of rain held on the land is effected by man's use and treatment of the land."

Rainfall and Terraces

Good rains fell in Eldorado and vicinity on Monday night thru Tuesday morning. The amount received up to Tuesday night varied from 1.6 inches at J. W. (Buck) Davis to 2.25 at Jack Wades.

Observations made following the rain indicated that much needed moisture was conserved for crop production. Fields having true contour cultivation and good level terraces held all or most all the water.

Two lakes in cropland southeast of Eldorado have very little water in them following the 2 inches of rain. A. J. Halbert states, "My lake did not get any water in it except what rained in it. The water that normally ran into the lake was held on the field by level closed end terraces constructed on my place and Mrs. L. T. Wilson's farm."

"Following a good rain is a good time to inspect old terraces and terrace end closures," states Lloyd B. Johnson of the Soil Conservation Service. By observing the height the water reached on the terrace and its end closure, it is easy to determine whether or not more height and width is needed. It is much easier and less costly to keep terraces up to the needed height and width, than to repair or build them back after they wash away.

Farmers of the Eldorado Divide Soil Conservation District may receive assistance in checking old terraces and layout on new terraces for construction, from SCS technicians assisting the district.

Major Nolan Potter and family are back in the States after a tour of duty in England. He and his wife have left Schleicher County for Little Rock, Ark., where he will be stationed. The couple's four sons, Tommy, Johnnie, Billy and Bobby are remaining with their grand parents Mr. and Mrs. M. L. Potter and will complete the school year in the Eldorado school.

Mr. and Mrs. E. H. Sweatt Jr. visited relatives at Sanderson and fished on the Rio Grande.

Easter guests in the A. T. Wright home were Bobby Barber and family, Mrs. Agnes Crosby, and Mrs. Mabel Dosse and Kit, all of San Angelo. Earlier in the week the Wrights' daughter Mrs. L. T. Barber of San Angelo visited here.

Fable of the Devil's Wedge
 Once upon a time Satan announced that he was going out of business. He said he expected to renounce the past and sell his tools at public auction. He considered that there were enough fools in the world to guarantee a good market.

On the day of the auction, a great concourse of people came to see the devil's stock of vices. There were malice, envy, jealousy, hatred, sensuality, anger, and scores of other gadgets. Apart from all the rest was a wedge-shaped device tagged with an unusually high price.

Satan was especially enthusiastic over this item. "It is called Discouragement," he said. "It is worth more in my business than anything else displayed here. Few people are aware that I have an exclusive patent on it, but I invented it and control it. You see, it is well worn. It has achieved the desired results in millions of cases. If I can but force this wedge within the consciousness of men, it drives him to the use of my other vices and successfully frustrates his Maker's plans for his life. What am I bid?"

But Satan never sold the wedge of discouragement. The price was far too high. He kept it and is making effective use of it today.

Moral: Never allow the devil to discourage you. Remember that gratitude will counteract discouragement. Whenever you are discouraged, count your blessings. Then the dark clouds will roll away, peace and courage will inspire your heart, and the victory will be yours by divine power. — Adapted by R. R. Heaner.

House guests of the J. L. Ratliffs recently have been Mr. and Mrs. Otie Faulk, their son and daughter-in-law, back from a honeymoon trip, of the University, and Mr. Ratliff's brother W. W. of Denton.

Mrs. Mabel Parker spent the Easter week end in Robert Lee with her mother and was joined there by Howard, who is employed in Odessa. All attended christening services at the Methodist Church for Mrs. Parker's great nephew on Easter morning.

Billy Tom Young was a guest of George Ochsner of Midland Saturday and Sunday in the L. D. Ochsner home. Other visitors were Mr. Ochsner's twin brother L. C. and wife and daughter Linda of Crosbyton, and Mr. and Mrs. Harold Scherz and sons of Sonora. The Ochsners attended Easter church services Sunday morning. All were Easter dinner guests of the Ochsners.

Jerry Donaldson and a friend, Jody Hill of Rankin, visited Monday evening with Jerry's parents, Mr. and Mrs. Russell Donaldson.

Postal Service Reported Back Nearly To Normal

A statement from Postmaster Waller says that business is back to "almost normal" again.

The only curtailment of service now in effect at the Eldorado post office is that window service will be on an eight and one-half hour basis until the first of July, and maybe after that time also. This means that windows will be open from 8:00 a.m. until 4:30 p.m. Monday through Friday and 8:00 a.m. until 1:00 p.m. Saturdays.

"What Has Caused All This Trouble?"

The question that is most often asked is, "What caused this need for extra money that the Post Office department asked for? Isn't there enough money taken in from the sale of stamps to run the post office?" The answer to this is, that first the money to run the Postal department comes from appropriations set up by Congress for each year beginning July 1st. Last July there was three billion appropriated for fiscal year 1957. At that time Congress was told that from estimates this would not cover the expenses of running the department. With the rapid expansion of cities caused from increased population it is very hard to estimate the number of extensions to delivery that will be necessary for any given length of time. Rapid expansion took place during the first three quarters and money was borrowed from the last quarter's allowance to take care of this expansion. The Budget bureau approved the borrowing at the time it was done. Now why couldn't we use the revenue that came in from sales to carry us through the June quarter. Simply because all revenue has to be turned over to the Treasury just as taxes are. The Post Office department is permitted to spend only the amount of money that Congress provides in the appropriations.

Is this same situation liable to happen again? Yes, maybe. The Post Office department is asking for three and a quarter billion dollars for the fiscal year ending June 30, 1958. If there is the present trend of expansion and Congress cuts the estimated amount needed to run the Post Office department, it is very apt to happen. The Post Office expects to handle 59.7 billion pieces of mail over the next year. This is an increase of 1.5% over last year. In the current year there was an expected rise of 2.8 per cent. Actually there was a 4% rise which explains some of the need for more money.

The answer to this situation seems to be a rise in the cost of mailing, it was stated. There has not been a rise in the cost of mailing a letter since 1932 while the cost of handling has more than doubled. There have been increases in other classes of mail since 1947 but still these have not kept up with rising costs of running the department. At the present time there are bills in Congress to increase rates which may solve much of the money problems, at least it is hoped so.
