May 24	Commencement

Operations Under Way On New Wildcat Northeast Of Eldorado

Operations are now under way on the Vinson wildcat about 1 1/2 miles northeast of Eldorado.

The 223-acre lease was taken some time ago by R. H. Murray, but the well is being drilled as the Otto D. Moore No. 1 Vinson. Pool and Gerlich of San Angelo have the drilling contract, which calls for a 7,400-foot test.

Equipment was moved to Eldorado about a week ago, but was delayed in town on account of heavy rains. The rig was finally set up during the past week and the surface hole dug. Surface casing was set Tuesday at 555 feet, and operations will probably proceed steadily from now on.

Location is 2,960 feet from the north and 660 feet from the east lines of 77-LL survey. It is 2 1/4 miles east-northeast from Murray's 2-well shallow Mozelle field on the C. C. West section adjoining Eldorado.

Pits have been dug for one or more offsets on the C. C. West section, and operations there are expected to be resumed following the Vinson job.

Interest has picked up in leases

and royalty in the area since the start of the new wildcat.

Some of the crew men for Pool and Gerlich are occupying trailers at Doc's Court.

Otto Williams Strike

Ashmun & Hilliard No. 2 Ltd. of Midland and Fortune Drilling Corp. of San Angelo No. 1-A E. Otto Williams, Schleicher County Harkey sand discovery located 16 miles northeast of Eldorado, flowed 30 barrels of oil in 24 hours. Flow was through a 20/64-inch choke and perforations between 4619-27 feet. The project has been shut in for storage.

Mr. and Mrs. D. C. O. Wilson spent Sunday in San Angelo with their son-in-law and daughter, Mr. and Mrs. Walter Pope, who moved recently from the ranch here to Midland, where Mr. Pope, a geologist, is employed by El Paso Natural Gas. Their place on the ranch has been taken by Mr. and Mrs. A. A. Everett, formerly of Burnett, who have moved to the house vacated by the Papes.

Bitterweed Pulling Coming Up Saturday

The annual bitterweed pulling sponsored by the Lions club each year for the past 12 years, has been set for Saturday morning of this week, and all interested people are invited to participate, according to members of the committee who made up their plans yesterday.

All are asked to meet at the Memorial Building at 9:00 a.m., Saturday. The crowd will be divided into teams, and the town divided into sections—and everyone takes off in a whirlwind campaign.

YOUNG ISSUES STATEMENT

V. G. Young, district agent of the Texas A&M Extension service, of San Angelo, has issued the following statement:

"The Texas A&M Extension service is very grateful to the people of Schleicher county for their help given W. G. Godwin, your county agent, while he is hospitalized. We are trying to secure some temporary help for the county agent's office while Godwin is in the hospital.

"The county judge's office will handle requests for wool preparation work and anyone who needs this help please contact Judge Bearce's office and we will get someone to assist in this program.

"The county agent's office will be open during the day for those of you needing bulletins."

LIONS CLUB NEWS

The guest speaker at the Lions club luncheon yesterday was V. G. Young of San Angelo, district agent of the Texas A&M Extension service. Slides were shown.

There will be no program next Wednesday. Election of officers for the next year will be held, after which Lion Ernest Hill will conduct a business session, consisting of reports on plans and preparations for the observance on July 4 of General Alvin Lueddecke day.

Wallace and Pat Joiner recently received the motor for their irrigation well, and have been pumping into the storage tank, an old caliche pit.

What To Do In a Tornado

- People in open country can view the approach of a tornado and move at right angles to its path. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.
- In towns or cities, seek shelter inside, preferably in a substantial building. Stay away from windows.
- The southwest corner of the basement of a frame house is safer than in a brick or stone house. If there is no basement, lie down on the first floor under a table or bed (preferably in the southwest corner).
- Urban schools: Stay inside, away from windows; remain near an inside wall on a lower floor. Avoid auditoriums and gymnasiums.
- Rural schools of frame construction: Teachers should remove children to a ravine or ditch if storm shelter is not available.

Post Script

An unusual "money tree" planter is on display this week in the lobby of the First National Bank here. Blossoming out all over with shiny new pennies in recognition of the Eldorado bank's 20 years of service, the planter was a gift from the Mercantile National Bank in Dallas, which is the local bank's Dallas correspondent.

Yesterday, which was the first day of May and the actual birthday of the bank, the lobby suddenly became filled with gorgeous floral tributes from a number of city banks. Along with the flowers came cards extending congratulations from the following institutions:

- First National Bank, Ft. Worth;
- First National Bank, Kansas City;
- Central National, San Angelo;
- San Angelo National, San Angelo;
- First National, San Angelo.

Damage to roads, water gaps and fences in spots has been reported as a result of the weekend rains, especially those of Friday, though the damage is negligible as compared with the good done by the rains.

Most severe damage was done to the Mertzow highway, No. 915, where there is some loss of paving, out near the county line. This is one of the newer FM roads.

Some damage was done to the San Angelo Highway, especially in the locality of Meckel's draw and Christoval, and some to the Menard Highway. The low spots in the Huldale road were badly washed.

Farm and ranch people in affected areas have been busy repairing and replacing water gaps and fences, and some of the Santa Fe Railway's fences were washed away and are being replaced.

Planting will be general when the land dries.

Motorists suffered considerable inconvenience, as for a time Friday all of the 5 highways into Eldorado were closed. Meckel's draw, a sheet of tumbling water flooding the highway, was responsible for closing the Angelo Highway, and many tourists and Eldoradoans were marooned there for 8 hours or more.

At Christoval several houses in the lowlands were threatened and some furniture removed as high waters of the Concho raged and spread out between the two bridges near the park. Four motorists were swept against a post and all were rescued, with a large number of interested Christoval residents and stranded tourists looking on.

At Eldorado the mail man had to spend the night with friends and two soft drink men and two bread men spent the night with the Hollis McCormicks at their store. (The Coke man lost 11 cases of Cokes from his truck parked outside). At Christoval obliging townsmen took in tourists after the hotel had rented its last room.

The people over the county are delighted with the rains, the best received in many years.

P. S. Faithful highway employees have lost some sleep lately in order to carry out their jobs as state highway workers. For example, C. O. Neff had only two hours' sleep from Thursday morning to 9:00 Saturday evening.

Hanusch Brothers are rigging up to drill another irrigation well on Gene Moore's land, near his tank, in Reynolds community. Another one on Leonard Lloyd's has the hole completed with prospects looking good.

People are still jubilant over their nice rain totals, and the country is beginning to look lush and green again. Victor Sauer has had 8 1/2 inches in a month. Josh Ewing has had 7 inches since April 11, with little damage, as it all fell slowly.

A few nice rain totals not elsewhere reported: D.C.O. Wilson, for month—7.17 Thad Thomson, for year—11.10 (5.35 of it in April)

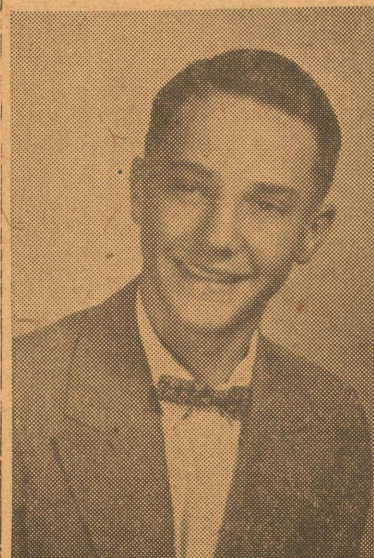

Orval Edmiston, since 22nd—7.00 Henry Speck Jr., since 22nd—6.50 Camilla Raggio, since 19th—6.25

Men working on the Vinson well are living here. Gus Love reports all of his units full except one.

Miss Williams, Jimmie Whitten Place High In Senior Class

JIMMIE DELL WILLIAMS

JIMMIE WHITTEN

Announced as valedictorian and salutatorian of the 1957 Senior Class by school officials this week were Jimmie Dell Williams and Jimmie Whitten.

Jimmie Dell, daughter of Mr. and Mrs. James Williams, has a four-year average of 95.87, while Jimmie, son of Mr. and Mrs. Chan Whitten, has a four-year average of 94.87.

Baccalaureate services for the class will be held on Sunday, May 19, and graduation exercises will be on the following Friday, May 24, which is also the closing day of school.

Both honor students have been very active and popular with the students and faculty during their high school days.

Jimmie Dell Williams has been a member of the Student Council, National Honor society, band, Talon staff, Dramatics club, and the Choral club. She has participated in basketball, volleyball, track, and the Junior and Senior plays. She has been elected Miss EHS, Talon duchess, football sweetheart, most courteous girl, and cheer leader. Outside of school activities, Jimmie Dell has been elected queen of the Blue Bonnet Belle relays, Miss Spirit of Christmas, and winner of the San Angelo Elks club youth leadership contest. Jimmie Dell plans to enter the University of Texas and major in elementary education.

Jimmie Whitten has participated in football and track, and FFA activities, serving as president two years. He has been class secretary and treasurer, most popular boy, and the Lions club honorary citizen. He won the boy's scholarship medal during his Sophomore and Junior years and was elected to the National Honor society. Jimmie is a star chapter farmer, 4-H club Gold Star award winner, and member of the State 4-H Club council. He was a member of the four judging teams that placed second in state competition and has been awarded the Danforth award and the Soil and Water conservation award. He plans to enroll in Texas A&M and study entomology.

School News

Twirling try outs were held last Thursday afternoon and the results are as follows:

- Genelle McCalla, drum major;
- Sandra Hall, assistant drum major;
- Emma Lou Menees, Margo Mittel, Janis Sofge, Judy Wyatt, Linda Love, Kaye Thomerson, and Judy Nixon, twirlers.
- Arnie Lee Westbrook, feature twieler.

The photographer for the Talon made the pictures of the Track boys, tennis and volleyball players Monday afternoon.

The "E" Club has elected the following boys as outstanding in sports for the past year: Bob Steward in football and Herman Phillips in basketball. Curtis Stockton, George Sofge, Bob Steward and Joe Stanford were named outstanding in Track. These boys' names will be engraved on the "E" Club trophy.

Herman Phillips was elected to receive the Most Valuable Player award in football. Herman received this award in 1955. This award was presented to the school by Mr. and Mrs. Bud Hall.

Frank Dawkins, Halliburton employee here three years, former field man, has been transferred to Snyder. The family have a son in college and two children in the Eldorado school system. Mr. Dawkins is already on the job at Snyder, where he will be joined by the family when school closes. They have been renting the Ernest Finnigan rent house.

District 4-H Meeting Held In San Angelo

All 22 counties of district 7 and eight counties of district 6 were represented at the 4-H contests held in San Angelo last Saturday. Judge W. R. Bearce arranged for the boys and girls from Schleicher to attend.

There were approximately 450 boys and girls participating in the various contests, which were held at San Angelo college.

In the Seniors Boys' division the grass judging team won first in two districts, and will represent the district at the 4-H round-up at College Station in June. Members of the team were Ernest K. Nimitz, Farris Nixon and Dwayne Sauer. Ernest K. had a perfect score of 250 on scoring and grading 50 kinds of grasses.

Henry Batjer of West Texas Utilities presented awards in the auditorium after lunch.

Verna Lux and Kathy Sauer won second place out of 10 teams in their presentation of an electrical demonstration.

Judy Hext and Patricia Enochs were entrants in the Share and Fun contest.

Pool Opens June 1st; Brownings Manager

Schleicher County commissioners have announced that the recently completed swimming pool in western Eldorado will open on June 1st, and that Jack Browning, a coach in the local school system, will be manager.

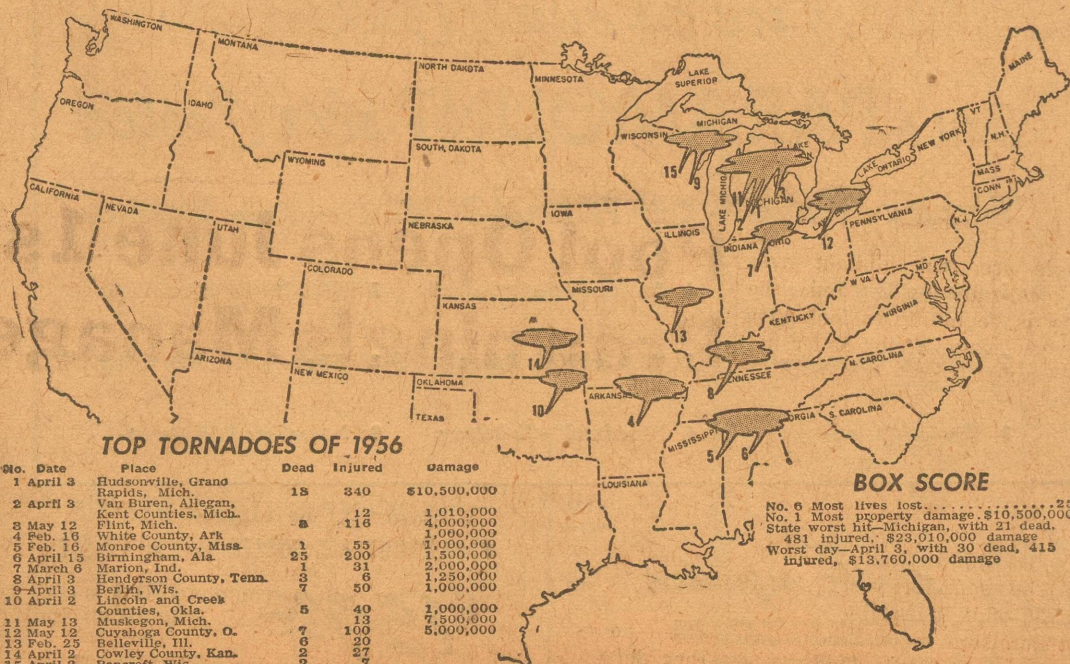

Pool hours, admission fees, and other personnel employed at the pool will be announced later, it was stated.

Following county voters' approval of a bond issue last year for a swimming pool, the county pur-

chased all of Block 6 in the West addition of Eldorado for a park location, as well as the pool site.

The pool is modern in every respect, having a filtering system to constantly circulate the water, diving boards, and dressing rooms. It was completed this spring by Hayden Sales of Junction, the contractor.

Legion Field is in the process of being moved to the new park block, where it will again be the scene of Little League ball in the summer.

TOP TORNADOES OF 1956

No.	Date	Place	Dead	Injured	Damage
1	April 3	Rudownville, Grand Rapids, Mich.	18	340	\$10,500,000

15	April 2	Bancroft, Wis.	0	27	1,000,000

BOX SCORE

No. 1 Most lives lost—23
No. 1 Most property damage—\$15,500,000
State worst hit—Michigan, with 21 dead, 481 injured, \$33,010,000 damage
Worst day—April 3, with 30 dead, 415 injured, \$13,700,000 damage

MAJOR TORNADOES OF 1956, as compiled from preliminary Weather Bureau data, clearly point to Spring as a time for special watchfulness by residents of the central United States—the world's most dangerous tornado area. Civil defense units are on special call throughout this vast region for

possible rescue work. In addition, if a tornado-hit locality is declared a major disaster area by the President, as happened in Numbers 1, 3, 6, and 10 above, the Federal Civil Defense Administration can provide funds to aid communities in temporary repair of public facilities. (FCDA Photo)

SHEEP FIELD DAY SET FOR SATURDAY AT SONORA

Sonora.—The annual "Sheep Field Day" at the Texas Agricultural Experiment Station at Sonora is scheduled for Saturday, May 4, Dr. W. T. Hardy, station superintendent, announced. The event will begin at 10 a.m.

Walter F. Hodde, Marketing Specialist of the Farmer Cooperative Service, USDA, Washington, will be principal speaker, Dr. Hardy said. His discussion of "Some Good Opportunities in Wool Marketing" will be followed with a question and answer session.

Other speakers on the program will be Dr. R. D. Turk, head of Texas A&M's Department of Veterinary Parasitology; Dr. Charles W. Livingston, assistant veterinarian at the Sonora Station who will discuss "Immunization of Lambs Against Bluetongue"; and Maurice Shelton, assistant animal husbandman who will discuss performance of lambs on test at the station.

The morning activity will include visits to the pens where lambs have been on a 224-day performance test. A barbecue dinner will be served.

News From Our Neighbors

New Warehouse

Expansion of the Devils River Feed Co., into Devil's River Feed Wool & Mohair Co. and a new wool and mohair warehousing firm in Ozona has been announced by James Baggett, Crockett county ranchman, owner and manager of the firm. —Ozona Stockman.

Ranch Brings \$600,000

Mrs. Marris McLean, San Antonio oil operator and financier, has purchased the Ray W. Willoughby ranch 12 miles south of Alpine. The price was \$600,000 or approximately \$33 per acre. No livestock was involved in the deal. Final papers in the trade were signed this week. The Willoughby Ranch is well improved and has 15,686 acres. It has a modern ranch home. —Alpine Avalanche.

Store Enlarged

Evans Food-Way will complete their renovation program Thursday and will be open for business at that time. The store has been enlarged by including the portion of the Hallum Building formerly occupied by the Sonora Package store. Devil's River News, Sonora.

New Industry For Area

Something new for this area—that of a quail farm—is becoming a profitable hobby for Mr. and Mrs. Melvin Pfluger, on their place southwest of town in the Live Oak community. —Eden Echo.

Dial Phones In Use

At 10 p.m. Tuesday, the necessary switches were pulled to dial Bronte's phone system over to central operation. The change-over, which took only a few seconds, was the climax of many months of work and years of planning. —Bronte Enterprise.

Colt Is Sold For \$6,000

Sale of a quarter horse colt for \$6,000 to Clyde Bauer of Victoria, was announced last week by Alvin Harper. The colt was Royal Fleet, who was three years old on Feb. 27, and was out of Royal King and Fleeter, the sire tracing back to Old King, of Rockspring, and Fleeter to Sonny Kimble. Fleeter is owned by Mr. Harper. —Mason County News.

Mertzon Barbecue

About a hundred Mertzon and surrounding county sheep men gathered at the Mertzon Park Friday night of last week to eat barbecue, hot biscuits, frijole beans, salads and honey. The affair was sponsored by the West Texas Wool & Mohair Association of Mertzon. —Mertzon Star.

Hospital Site Committee Named

A committee of members from the different precincts to recommend a site for the Kimble County hospital was appointed at a special meeting of Commissioners Court Monday afternoon, according to Thelma Schrier, clerk. —Junction Eagle.

GRADING LAW PROPOSED

Waco.—Texas housewives can be assured of buying quality eggs is a proposed grading and labeling law is passed by the Legislature, according to J. Walter Hammond, president of the Texas Farm Bureau. Hammond also said that the egg producers of the state would be protected from unfair competition by low-grade, culled eggs from other states if the pending egg legislation is enacted.

The bill would regulate the handling and sale of eggs in this state by establishing standards of size and quality and providing for grading and labeling regulations.

Hammond said that producers selling from their own flocks would be exempt from regulations as long as they did not claim a grade for their eggs.

Blight Resistant Seed Available To Cotton Growers Next Year

College Station.—Texas cotton growers looking for a blight-resistant, open boll cotton may obtain Austin variety commercial seed in 1958, according to Plant Pathologist Luther Bird. It is recommended for areas of the state where an inch staple is desired.

Austin is highly resistant to Texas' most damaging race of bacterial blight and tolerant to the number two race. Resistance is highest where adequate soil moisture and available nitrogen are present. Under blight-free conditions, Austin will yield as much as other open boll varieties grown in Texas. It will prevent 5 to 100% of yield losses under blight conditions depending on the degree of infection.

Tests conducted under Fusarium wilt-nematode conditions showed Austin with a 10% yield reduction while susceptible strains suffered a 50% reduction.

The new variety has performed exceptionally well under irrigated and normal rainfall conditions. Although it yields satisfactorily under drought conditions, the open boll may be extremely loose. Its fiber is suitable for yarn production and staple length is 30/32 to 33/32 inch. The boll is larger than Deltapine types but is smaller than Empire. Austin seed are satisfactory for cottonseed products and the variety's normal lint percent is 36 to 40.

Foundation seed are now available to individuals who wish to produce certified seed from the Foundation Seed Section, of A&M. Commercial seed will be available next year.

Deborah Dienna, daughter of Mr. and Mrs. Charles Kellogg, has had measles.

CITATION BY PUBLICATION

The State of Texas
TO: M. B. Leonard, K. J. Schumacher and Company, their assigns and heirs, and their unknown heirs and assigns, and their legal representatives, and to all persons claiming an interest in all of Survey 12, Abstract No. 1105, Block M, GH&SA Railway Company lands, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court 51st Judicial District of Schleicher County at the Courthouse thereof, in Eldorado, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 17th day of June A. D., 1957, to Plaintiff's Petition filed in said court, on the 27 day of April A. D. 1957, in this cause, numbered 909 on the docket of said court and styled W. J. Burrus, et al, Plaintiffs, vs. M. B. Leonard, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Trespass to try title on the above described tract of land in Schleicher Co., Texas, being all of Survey 12, Abstract No. 1105, Block M, GH&SA Ry. Co. Lands, and specifically claiming title by adverse possession and pleading specifically the three, five, ten, fifteen, twenty, and twenty-five year statute of limitation as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Eldorado, Texas, this the 30 day of April A. D. 1957.

Attest: J. P. Enochs Clerk, (Seal) District Court Schleicher County, Texas. (May 2-9-16-23)

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

There has been a meeting for club women here in Eldorado this week that has had the undivided attention of the sixteen leaders who have attended. Women everywhere are just about agreed on the fact that in every household there is a certain amount of work that has to be done. But, in this work simplification training school they are finding out that from ¼ to ½ the effort, movement and energy in every job can be saved.

For instance a woman made a bed in the usually accepted way. A member of the watchers counted her steps alone. She took 69. Then Mrs. Eula Newman, home management specialist from A&M college, and conductor of the training school, made the same bed, simplifying the whole procedure, and took only 32 steps. Over half the walking saved! Other household jobs have been done and analyzed with an eye out to see how they may be cut down.

This very good definition for good management was given early in the morning of Tuesday's beginning session. "Good management is taking what you have and using it in a way to get what you want." When you think about it, it covers nearly every area of human activity.

Leaders for the various clubs of the county who have attended the two-day meeting are:

- Cooper Gas, Edna Ory;
- Good Neighbor, Mrs. E. N. Edmiston, Mrs. Farris Nixon;
- Rudd, Mrs. J. Forrest Runge, Anita Runge;
- Town & Country, Mrs. John Williams, Mrs. Gene McCalla, Mrs. Lloyd Johnson;
- Glendale, Auta Mae Bradshaw, Mrs. Rav Alexander;
- Reynolds, Mrs. Leonard Lloyd, Mrs. Earl Lloyd.

Club women over the county are indebted to Mrs. Carroll Ratliff, who invited the group to use her home for the Tuesday and Wednesday teaching and demonstration activity. Truly Dorothy exhibits the spirit of all the reasons for trying to have a home that gives out hospitality, cheer, and friendliness. She knows that the things in life that can be kept are the things that are shared with others. We thank her for her generous sharing.

It's National Home Demonstration week: teach a nonclub member one thing you have learned from a leader-or the agent.

Schleicher 4-H boys and girls made a wonderful showing in the district meet in San Angelo last Saturday. See other parts of the paper for details of their awards, but it was a fine moment for me

The State of Texas
TO: O. K. Stetler, his heirs and assigns, and his unknown heirs and assigns and to all persons claiming an interest in Subdivision C, Lot No. 1, Block Y, Original Town of Eldorado, Schleicher County, Texas, Defendants, Greeting:

You are hereby commanded to appear before Honorable District Court 51st Judicial District of Schleicher County at the Courthouse thereof, in Eldorado, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 17 day of June, A. D. 1957, to Plaintiff's Petition filed in said court, on the 3rd day of April A. D. 1957, in this cause numbered 906 on the docket of said court and styled Jack Elder, Plaintiff, vs. O. K. Stetler, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Trespass to try title to Subdivision C, Lot No. 1, Block Y, Original Town Eldorado, Texas and specifically claiming title by adverse possession and pleading specifically the ten year statute of limitation as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Eldorado, Texas, this the 30th day of April A. D. 1957.

Attest: J. P. Enochs, Clerk, (Seal) District Court Schleicher County, Texas. (May 2-9-16-23)

when those familiar names were called to the stage for recognition.

Come to a club meeting in May; we're just beginning on this business of work simplification. We are resolving not to be a putterer, a can't finder, a never-get-through-er, a carrier of the weight of all month's work, a putter-offer, an over-doer (and then slump), a nasty-nice housekeeper, or a martyr to our houses.

We're going to look this wonderful business of home making squarely in the face and do it the easiest, most satisfying way we can.

CHILD CELEBRATES BIRTHDAY AT HOME OF PARENTS

Judy, little daughter of Mr. and Mrs. R. L. Thurman, celebrated her 5th birthday on the 26th with a party at her parents' home.

The birthday cake, iced in white and decorated in rosebuds, was beside a doll, and favors were miniature dolls.

The eight girls who attended played games, watched T.V. and posed for movies. Ice cream and cake was served.

SENIORS HONORED

Mrs. John Williams and daughter Mrs. Jim Thornton of Lubbock, honored several Senior girls with a Coke party at the Williams ranch.

Present at this late afternoon party were Ann Ballew, Thomasine Jones, Jimmie Dell Williams, and Dale West Stockton, and their mothers.

Bridal Shower Honors Mrs. Joe Dee Cook

Hostesses of the Eastside Baptist Church feted Mrs. Joe Dee Cook, nee' Miss Barbara Kay Dosset, with a bridal shower Saturday. A white lace cutwork tablecloth on green satin covered the table. The centerpiece was red and pink roses cascading from a cut glass bowl over a glass reflector. Pink fruit punch and white cake squares decorated with pastel spring flowers were served.

Gifts were on display on a long table featuring a centerpiece of pink peonys and asters.

Miss Loretta Dossett, sister of the bride, served the cake. Miss Marie Turnbow served punch. Mrs. W. R. Davidson presided at the guestbook.

In the receiving line with the bride was her mother, Mrs. J. F. Dossett, and the groom's mother, Mrs. Cook of Sonora.

CONG. METHODIST NEWS

High interest and good attendance are reported in the revival going on this week at the Congregational Methodist church. The Rev. A. M. McLain is doing the preaching and Gene Bynum of Brownwood is doing special singing. There will also be other special singing, it was stated.

Special prayer meetings are being held each day from 12:00 to 1:00 o'clock, and each night from 7:15 to 7:45. Services start at 7:45 each night, and will be held through May 12th.

The pastor, S. W. Harralson, invites any and all to attend.

Mr. and Mrs. Fred Watson, on temporary duty at Katy, spent a few days at home at Rancho station recently.

CLUB MEETS

The Reynolds-Alexander Home Demonstration club met with Mrs. Bascom Hartgraves on April 23, at 2:00 o'clock p.m. The meeting was called to order by the president, Mrs. Cecil Williams had a short program for the members.

A skit on civil defense was given by four members, Mrs. Earl Lloyd, Mrs. B. J. Reynolds, Mrs. J. Tom Williams, and Mrs. Cecil Williams. Mrs. Williams gave a demonstration on making fitted sheets. Mrs. L. Moore showed the correct way to fold the sheet.

There were nine members present and Mrs. Wayne Mikeska, a new member.

Next meeting will be with Mrs. Earl Lloyd on May 14 at 2:00 p.m. and it will be on "Simplify Your Work."

Awake refreshed

Don't let summer heat rob you of those precious hours of needed sleep. In addition to restful, relaxing sleep, the installation of a Paramount Air Cooler will provide cool, refreshing comfort all day long to make housework easier and entertaining a real pleasure.

National H. D. Week Set April 28 To May 4

Schleicher County Home Demonstration club women will join 6 1/2 million other such home makers in observing National Home Demonstration week from April 28 to May 4. The theme chosen by the Texas Home Demonstration Association is "Christian Homes; the Hope of the Nation."

The most important part of any national celebration is the part that occurs at home. Realizing this fact, the Schleicher County Home Demonstration Council discussed the coming celebration at its last meeting and chose these ways of marking the date here at home.

The Education, Exhibit and Expansion committee has planned and set up the "How to clean" exhibit in Eldorado Drug window. Mrs. Carrol White is county chairman of the Triple E committee and Mrs. John Williams is the works chairman for the current exhibit. Others helping Mrs. Williams are Mrs. Lloyd Johnson and Mrs. Jimmy West; all three of the Town and Country club.

Every home demonstration club member of the county is to invite one visitor to a club meeting during the week. And every member is to teach one non-club member at least one practice that she has learned from the agent or a subject-matter leader.

Subject matter leaders in Home Demonstration clubs are co-teachers with the Home Demonstration Agent. It is easily understood how one person could never present enough subject matter to cover all club meetings but with two competent leaders on each subject in every club the area of teaching becomes greatly enlarged.

Leaders are to be congratulated on their efforts and accomplishments. Living room improvement leaders who have had training and given demonstrations this year are: Good Neighbor Club, Mrs. Farris Nixon and Mrs. E. N. Edmiston; Reynolds, Mrs. L. E. Lloyd and Mrs. Earl Lloyd; Town and Country, Mrs. John Williams and Mrs. Lloyd Johnson; Rudd, Mrs. Jimmy Martin and Mrs. Forrest Runge; Coover Gas, Mrs. W. F. Wyatt and Mrs. Edwin Childers; Glendale, Mrs. Carrol Ratliff and Mrs. Clifton Hancock; and Earn and Learn, Mrs. Buster Gunn and Mrs. Bernard Carr.

Those 14 leaders will have given 21 demonstrations before the year is over. During the month of March the "How to Clean" demonstration was given and 112 club members and guests saw this demonstration. Nothing but excellent reports came from

these leader conducted meetings. And the nice part about the leaders is that they say they enjoy giving a demonstration very much.

Foods and nutrition leaders will present meetings on "Salads and how to make them," "Good things from Yeast Dough" and "Making Christmas Goodies" during the remainder of the year.

The greatest observance of National Home Demonstration week then in our county will be a realization on the part of all members that there is good in an effort nobly made and that working together is present the "Christian Home—Hope of the Nation" is the finest accomplishment of any life.

Methodist News

The Methodist Men started a new project last Sunday—furnishing ushers for the Sunday morning worship services. Ushers the first Sunday were Wesley Hayhurst, Luke Thompson Jr., and W. R. "Dick" Bearce. Ushers next Sunday will be Solon Boothe and Nelson R. Campbell.

Attendance last Sunday at Sunday school was 146, with 145 present at the morning preaching service. There were 80 present at the night service, which starts at 7:30 p.m.

The pastor and his family are out of town this week. Rev. Heaner is a member of the Conference Board of Education and Mrs. Heaner is a member of the Conference Board of Missions, which met in San Antonio. Also, they attended the preconference session at Laurel Heights Methodist church. Tomorrow and Saturday they will attend the homecoming at Southwestern University in Georgetown, of which Mrs. Heaner is an alumna.

There will be a Sunday school picnic on Sunday, May 19. Church school superintendent Bill Gunstead is in charge of arrangements, pursuant to action by the Commission on Education.

Our Vacation Church School will be held from Monday through Friday, June 3-7, with a picnic on Saturday, June 8, and a Vacation Church school program being presented at the evening worship hour on Sunday, June 9. Mrs. Lawrence V. Newport is director of the Vacation Church school, having been elected by the Commission on Education.

The F. B. Faust class will have an ice cream supper tomorrow night.

The Official Board voted to have a series of 5-minute talks by laymen at the morning services. Speakers thus far have been Chairman Ed Meador, Buster Hale, and Albert McGinnes. The speaker next Sunday morning will be Everett Warren.

Next Sunday we will observe Race Relations Day. The communion offering will go partly to Texas Alcohol Narcotic Education and partly to support our school for Negroes in Austin.

Pam, daughter of Mr. and Mrs. Eldon Calk, missed several days of school last week because of illness.

Alva Lee Harris is moving from Sanderson to Hobbs, N. Mex., according to report from his parents.

Austin.—Worst drought in Texas history is broken. After seven pinched years farmers look out over soggy fields and talk of "bumper crops." But the troublesome drought had a troublesome end. Tornadoes, cloudbursts, hail and floods brought loss of lives and property damage in the millions.

Spring planting is reported far behind schedule in many areas. In others, washed-out fields will have to be re-sown. And despite the deluge, some dry pockets were noted by agriculture officials, notably in far West and Southwest Texas.

But most reports reflect sober optimism. J. E. Sturrock, manager of the Texas Water Conservation Association, warned that the next drought, probably in 15 years, will be worse unless precautions are taken now. Water must not be allowed to race off into the Gulf, he said.

And Agriculture Commissioner John White issued a comment not heard in years. He said the fields "needed sunshine."

For Next Time

As rain fell in sheets and rivers boiled over into the bottoms, lawmakers debated how to build a bulwark against future dry spells. Water program sponsors contended an earlier conservation program might have prevented much of the flood devastation.

Plan for a \$200,000,000 fund to help local districts build conservation projects was approved by the House in final form. But Senate opposition slowed progress of another proposed bond issue which would allow state to buy storage space in federal reservoirs. It was cut from \$200,000,000 to \$100,000,000.

Segregation Fight Due

House-passed segregation bills moved forward in the Senate, but still face a filibuster threat. Five of the nine bills were sent from Senate State Affairs Committee to the floor. There two senators, Henry Gonzalez and Abraham Kazen Jr., say they'll fight as long as their breath holds out.

A large but orderly crowd attended the committee hearing. House sponsors and a spokesman for Former Gov. Allan Shivers' advisory committee on school segregation spoke on behalf of the bills. Representatives of various church groups, organized labor and several Negroes spoke against them.

Short Snort: Toppled by Senate committee was the bill to prevent "loss leader" advertising by retailers. Small grocers had pushed the measure to ban limited sales of below-cost items.

Sheep Face Covering Measured In Dollars

Sonora.—Face covering has long been an important selection factor in breeding fine wool Rambouillet sheep! Now, Animal Husbandmen at the Sonora Experiment Station affix definite values up to \$5 a head for sheep with medium face covering over those with near-complete coverings which pose serious wool-blindness threats.

Proper selection of ewes with an intermediate amount of wool-covering on the face can mean a difference of 5 to 9 pounds more lamb weight than either those heavily-covered or open-faced. The extra weight is due almost entirely to a higher percentage of weaned lamb crop.

Ewes with an excessive amount of wool on the face also tend to be much more susceptible to screw-worm strikes in lachrymal pits below the eyes. It's a good management practice, therefore, to cull potentially wool-blind sheep at birth or as found in the flock.

While specialists believe it may be possible to develop a sheep which will breed true for an intermediate amount of face covering, present recommendations center around culling out potential wool-blindness and selecting open-faced animals on the basis of individual production records.

Mrs. Ben Biggs has returned from a weekend visit with Glenn and his wife and new son at Abilene and reports them doing well. Truman was a holiday visitor in the Biggs home and has returned to his college work at Hardin-Simmons.

Crew Leaders', Farmers' Social Security Problems Explained in New Leaflet

A new leaflet, "Social Security Information for Crew Leaders and Farmers" explains how to tell whether the farmer or the leader of a farm labor crew is the employer of the workers in the crew for social security purposes, according to Floyd B. Ellington, social security district manager in San Angelo.

Farm operators who use labor crews to pick cotton or harvest fruits, vegetables or other farm commodities have questions about the effect of the recent social security amendments he said.

Cash wages paid to members of a farm labor crew are covered by the social security law under the same rules that apply to other farm workers. The farm worker's cash wages are covered if an employer pays him \$150 or more in a calendar year, or if he works for an employer on 20 or more days in a calendar year for cash wages figured on a time basis.

Under the 1956 amendments to the social security law, the crew leader is the employer of the crew members if he both furnishes them to the farmer and pays them (regardless of whether he pays them on his own behalf or for the farmer), unless the crew leader and the farmer have a written agreement which shows that the crew leader is the farmer's employee.

If the farm operator and the crew leader have a written agreement which shows that the crew leader himself is the farmer's employee, then the crew members also are the farmer's employees. If there is no written agreement and the crew leader does not pay the crew members, then whoever has the final right to control the work is the employer.

Farm operators or crew leaders who have any questions about their status should ask for a decision from the District of Internal Revenue. Farm employees should address any questions about their status to the local social security office, Mr. Ellington said. In further comment on the new leaflet "Social Security for Crew Leaders and Farmers," he pointed out that this publication also contains an application form which farmers and the crew leaders can use to obtain an employer identification number—a requirement for every employer whose employees' work is covered by the social security law. These leaflets are available for the asking at the social security

district office, located 307 Federal Building, San Angelo.

New Babies

Mr. and Mrs. E. J. Cockrell, here with Halliburton, have a 9-pound 2-ounce daughter, Karen Sue, born Tuesday of last week in San Angelo. On Thursday Mrs. Cockrell had surgery to remove a clot, and the family are now at home and doing well. The three other children are Ralph, age 7; Jeanette, 6; and Linda Nell, 2. Grand parents are Mr. and Mrs. Ervin Cockrell of Corrigan and Mr. and Mrs. Niels Carlsen of Palacios. A great is Mrs. Lancaster of Houston.

When school is out the family will move to Big Spring where Mr. Cockrell has been transferred. They have been living in the Virge Tisdale rent house on the ranch near Eldorado.

DEMONSTRATION CLUB MEETS FOR BREAKFAST DEMONSTRATION

The Cooper Gas club met at the home of Mrs. Edwin Childers for a lesson on breakfasts, given by the agent, Mrs. Vida Kreklow.

Six attended. Entertainment included a grab bag for which each brought a gift.

CIRCLE MEETS

The Pioneer Circle of the Methodist WSCS met in regular session Monday, Mrs. W. T. Huber presiding, and Mrs. Luke Thompson presenting the study on the letters of Paul.

A box was packed for a mission home. Plans were made for the barbecue which the church will give for the Seniors May 9. Eight attended.

5th GRADE PICNIC

The 5th grades, taught by Mrs. Whitaker and Mrs. Willie Gosch, held their annual picnic at the Memorial building, 50 children and the 12 room mothers attending.

Games were played indoors after the noon picnic dinner, and ice cream and cake was served in the afternoon.

Three Explorer Scouts so far from Eldorado's Troop 13 have applied for the Explorer Air Encampment and Citizens Now conference, to be held in San Angelo June 2 through 8. The three from here are Kenneth Hicks, James Don Holden, and Charles West.

Attracting Explorer Scouts, those 14 and older, from all over the Concho Valley council, the Air Encampment will be held the first part of the week at Goodfellow Air base, and on Thursday all in attendance move across town to San Angelo college for the Citizens Now conference.

Air Encampments have been held in the council previously, but the Citizens Now conference will be the first ever held here.

Assistant Scout Executive J. B. Morris of San Angelo stopped in Eldorado Monday evening. He said he would visit the local troop at their May 12 meeting.

M. W. Jones is back home after a week's hospitalization in Sonora. Mrs. Jones' sister, Mrs. L. T. Caves of Eden, is staying with the couple.

Mr. and Mrs. T. J. Bailey of Ozona visited Sunday with Mrs. A. J. Roach and other local relatives.

Mr. and Mrs. Chas. Morris of Del Rio visited Friday with Mr. and Mrs. Jud Brannan and Bill Word on their way to Littlefield.

Betsy Bruton accompanied her grand parents Mr. and Mrs. B. L. Hughes of Brady to San Antonio to attend the Fiesta.

Mr. and Mrs. R. J. Alexander and Gerald Wayne of Vinson spent the week end with Mr. and Mrs. T. H. Alexander and other relatives in the county. They were accompanied by Mr. and Mrs. W. C. Parks who visited the W. C. Parks Jr., family.

The O. Sudduths had as guests Thursday afternoon Mrs. Will McKee of Christoval and Mrs. Willard Stephens of San Angelo.

Harold Rutland, Atlantic employee, is ill this week with mumps at the home of his mother, Mrs. Irene Rutland. He was one of the men working in the high waters at Christoval Friday.

Charles Clark, Sinclair plant superintendent, and his boss, Fred C. Rogers of Midland, returned during Friday's rains from a trip to Houston, and had some trouble reaching the Clark home in Huddale because of high water. Mr. Rogers returned home Saturday.

Mr. and Mrs. Frank Moore of Houston visited their parents in this locality, Mr. and Mrs. Freeman Yardley of Eldorado and Mr. and Mrs. Mike Moore of Sonora.

Mr. and Mrs. Tommy Sessom and daughter Cynthia have moved to Ozona where Tommy is employed in a new filling station.

Bert Page is visiting in Galveston.

Mr. and Mrs. George Williams spent Sunday in San Angelo visiting the former's sister Mrs. Agnes Wallace.

Mr. and Mrs. Rance McDonald, and E. B. McCowan of Abilene spent Sunday with the Aaron Stewards.

As the result of a check-up at Gonzales Warm Springs Foundation last week, Dwight Wiedenmann and Carroll Sproul taking their daughters on the 22nd, Rhonda Sproul age 7 will return to Gonzales on June 11 for a 6 to 8 weeks' course, to strengthen her back muscles.

A visitor in the Carrol White home Sunday was Carrol's brother Damon, of Carrizo Springs.

Mr. and Mrs. E. H. Speir and son of Lake Jackson left Monday after a several-day visit with Mrs. Speir's parents, Mr. and Mrs. Jess Thompson. Their daughter Debra, who had been here three weeks, accompanied them home.

Jess Thompson has been on the sick list.

Miss Yvonne Meadors returned Wednesday to her home at Amarillo after a visit with her sister, Mrs. Billy Ray Tisdale and new baby, Yvonne's namesake.

Pat McAlpine and family of San Angelo spent the weekend with relatives here.

Mr. and Mrs. Aubrey Williams drove to Odessa and met there Mrs. Williams' brother & sister-in-law, Mr. and Mrs. Wayne Smith of San Diego, Calif., and her parents, Mr. and Mrs. Hugh Smith, brother Cecil Glenn Smith, and Mrs. Margaret Roan, all of Robert Lee.

Mrs. Gerald Hartgraves returned Tuesday from San Angelo where she spent a day in a hospital and had minor surgery.

A visitor in the J. R. Trentham home is the couple's grand daughter, Carolyn Mae Uherek of Lovington, New Mexico.

Chester Wheeler of San Angelo spent Saturday with his mother, Mrs. L. Wheeler.

Danger In The Home

College Station.—Not many housewives would put a DANGER sign over their front door! Yet, unless more people suddenly become "safety-conscious" that sign wouldn't be a bad idea at all. Home accidents, can kill! Carelessness and negligence in the home cause a death every 16 minutes and produce some disability every four minutes, reports the Texas Farm and Ranch Safety Council.

Falls are the home's greatest hazard, claiming a total of 14,000 lives annually. Burns are next in the grim order and about 5,400 die yearly as a result of them. Poisoning and carelessness with firearms each cause slightly over 1,000 deaths a year, and almost 6,500 people annually succumb to list of varied causes.

More children under 14 are killed by home accidents than by any single disease. Here's how to minimize the dangers to children in your home. Label all medicines and store them out of children's reach; make sure all firearms are unloaded and stored safely; keep matches and knives out of reach; and don't leave scissors, pins, and sharp tools within children's grasp.

How safe is your home? Check yourself on these questions asked by the safety council. Are too many electric appliances running from any one outlet? Are rugs kept from curling and slipping? Do you immediately wipe up water or grease spilled on the floor? Do you have a safe can opener such as the swine-away wall type? Is there a non-slip floor in the shower? Are all flammable liquids labeled and sealed?

The line of the Minutemen

*"Stand your ground.
Don't fire unless fired upon.
But if they mean to have a war,
let it begin here."*

Captain Parker

On Lexington Green, 182 years ago this month, the first shot of the Revolution was fired. And the men who stood against the organized army of the Redcoats became immortal in American history as the Minutemen.

For they were the core of the army which gave birth to a nation—a civilian army in which every man fought first for the security of his home and family and thus tapped incredible reserves of strength and fortitude.

The Minuteman was chosen as the symbol of the Savings Bond program of the U. S. Government because he represents the strength that is America—the security of each individual American family.

And it is this strength of 170,000,000 Americans which is behind every Savings Bond you buy. Your Government guarantees the principal of your Bonds *safe*—up to any amount—guarantees *sure* the rate of interest you receive.

What more fitting way to honor the Minuteman of the Revolution than to build your family's security on the security of America—as he did? You do that when you save regularly with U. S. Savings Bonds. Start today either through the Payroll Savings Plan where you work or by buying a Bond a month where you bank.

*Part of Every American's
Savings Belongs in
U. S. Savings Bonds*

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U. S. SAVINGS BONDS

Sinclair Reports Unusual Accident Record For '56

Tulsa.—Sinclair Oil & Gas Company had the best accident experience in the history of the company in 1956, President H. B. Smith reported this week.

Sinclair employees worked 7,743,840 hours with only 35 injuries that caused loss of time from work, for an accident frequency of 4.52 for each million hours of work.

"I am pleased to report that the year of 1956 marked the best accident experience in the history of our company," Mr. Smith said.

The company's accident frequency has been reduced 94% in the past 32 years, according to company records.

Personnel department files revealed 278 Sinclair employees have worked 30 years or more and 507 have worked 25 years or more without disabling injuries.

Hadley H. Myers is in charge of safety and training for Sinclair's personnel department headed by H. W. Boggess.

East Side Baptist

The WMU met Tuesday at Mrs. J. T. Ottaberry's home. There were nine present. Mrs. E. T. Turnbow was leader and Mrs. Vernon Carroll gave the opening prayer. The program was Royal Service.

The Rev. J. F. Dossett was gone almost a week. He was in Houston on business for Shell.

We are very happy to have Mr. and Mrs. Ralph Meneses with us. They joined by moving their letter from Odessa.

Plans are going forward for Vacation Bible school which is to start June 10.

PARTY HONORS DAWKINS

Honoring the Frank Dawkins family, who have been here with Halliburton and who were being transferred to Snyder, local Halliburton employees gave a farewell party in the Memorial Building last Saturday night.

Attending were the Earl Yates and H. L. Thurman families, Charles Kellogg, E. J. Cockrell, W. D. Hubbell, Carroll Sproul, and the honorees.

Mrs. Jack Clark has been quite ill several days, but is now improving.

Mr. and Mrs. Rob McKee had as guests a day recently their son-in-law and daughter. Mr. and Mrs. Hugh Killbriew of Corpus Christi.

Keep Eye On Calendar Livestock Men Told

College Station.—While a livestock producer may lose his shirt by "watching the clock" too closely, Extension Economist Alvin Wooten strongly advises him to keep an eye on the calendar at all times. Livestock prices follow definite "cycles", he says, and the alert producer can cash in on these seasonal fluctuations.

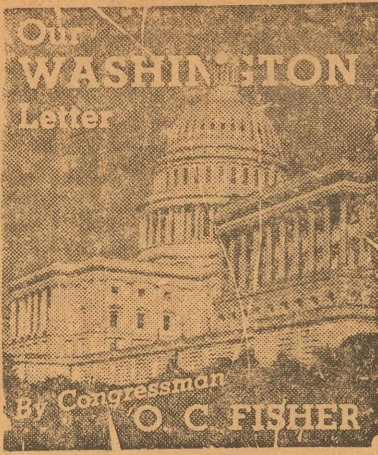

Little seasonal variation occurs in the amount of meat eaten by consumers, Wooten says, and the price "cycles" result primarily from changes in the quantity of livestock marketed. Breeding dates and weather, production costs and the amount of available feed and grass represent major causes for such quantity changes.

The seasonal price for hogs is probably established better than for any other type of livestock, says the specialist. Large hog supplies reduce fall prices when the spring pig crop is marketed and lowers them again in the spring with fall crop marketing. May, June and July are the "high" months for marketing 200-220 lb. swine while June, July and August are the "top" for those in the 160-180 pound class. November, December and January are the "low" months for both weight classes. Regulate farrowing dates of sows, advises Wooten, and use forced or delayed feeding for bringing hogs to market in the "high-priced" period.

Milk-fat calf prices begin an upward climb in March from their characteristic late summer and fall "lows" before reaching peak "highs" in May. Mid-spring is the best time to market grade Good or lower slaughter cattle. "Low" for these classes is in the fall months.

Although the demand for feeder cattle is good during the fall, Wooten says that large market numbers are sufficient to depress prices greatly. "High" periods for both Feeder and Stocker calves and steers is March. April and May. Avoid fall marketing when possible.

Fat lambs bring high prices in the spring. Wooten asserts, reaching a peak during May after fed-lamb marketings have fallen off and before spring lambs reach the market in volume. Most feeder lambs move to market during late summer and fall with depressed prices resulting in that period. See your county agent or write the Agricultural Information Office for details in bulletin L-333.

I saw it rain — in Texas! Not an unwilling, half-hearted effort, but the real McCoy. I saw it rain. It happened on Easter Sunday, in Kimble county. The thunder roared, the lightning flashed, and the rain poured. It was a frog strangler. At ten o'clock at night Mr. Hunsucker, with the State Highway department, (who doesn't observe the 8-hour day) came to my brother's house to use the 'phone. He was out inspecting roads, and now was reporting high water!

"Red Creek is up six to eight feet," I heard him say. "The road is flooded in front of the Waters ranch, and it's still raining."

At that point my brother got his flashlight and headed for the rain gauge on a nearby fence post. It had already rained 2 1/2 inches. And the whole world seemed to be engulfed in electric fire as flashes ripped through the clouded skies. It looked like the real thing.

I believe it was Longfellow who said: "How beautiful is the rain! After the dust and heat, in the broad and fiery street, and in the narrow lane; how beautiful is the rain!" Yes, sir; I saw it rain.

My Easter recess visit to the district was, of course, a most pleasant one. I was sorry I could not go into each county. I was in Lampasas where a watershed protection and flood prevention luncheon was held at the high school, with a large turn-out. H. C. Ballew, school superintendent, presided. Mr. Paul Walsler, State Soil Conservationist, was present, as was E. J. Hughes, Area Conservationist, stationed at Brownwood. Donald Howard, a high school senior, told of school projects. Other besides myself who spoke included V. P. Patrick, Mr. Walsler, Mr. Hughes; Everett Nichols, chairman of the local Soil Conservation board of supervisors; and Hon. J. V. Hammit, Lampasas attorney.

An inspection trip followed. We saw the site of one of the retarding structures on the Sulphur Creek project, on the Nash ranch, and also witnessed a deep root plowing and seeding demonstration at the same place. This was climaxed by a 2-inch rain that night.

DANCE RECITAL

Miss Janis Watson of Christoval will present her Eldorado dance pupils in a Spring Revue on Friday, May 10, at 8:00 p.m. at the high school auditorium. Her classes include:

Beginners' class, ballet and tap, ages 3 to 5: Peggy Jo Hill, Claudia Meador, Dale Montgomery, Bunny Lester, Tanya Yates, Judy Thurman, and Jeanette Mowrey.

School-Age class, ages 6 to 7: Sherry Yates, Barbara Thomerson, Maurine McCravey, Susan Hill, Connie Sue Speck, Marilyn Mowrey, Toddie Eierschwale, Shane Henderson.

Baton Twirling and Ballet: Pam Jones, Judy Deaton, Toya Jo Finley, and Kaye Harkey.

Tap: Toya Jo Finley, Kaye Harkey.

Toe, Tap, and Ballet: Pam Calk. Ballroom dancing.

Dances by these pupils will comprise the recital program. Guest dancers will be Butch and Gretchen Noelke of Menard. Miss Watson will also take part in the recital.

There will be no admission fee, it was stated, and the public is cordially invited to attend.

NO OVERSTUFFED CLOSETS FOR US THIS SUMMER!

OUR SANITONE MAN IS CLEANING AND STORING

ALL OUR WINTER CLOTHES

Think what a convenience. All those bulky winter things gone . . . scads of room in all your closets . . . and no worry about moth damage. Then, when cold weather's on the way again, back will come those winter duds as clean and perfectly pressed as only Sanitone Service can make them. But, remember . . . storage space is limited. Call on us now.

LET'S TALK LIVESTOCK BY TED GOULDY

Wet fleeces were a factor in the trade as buyers complained of the extra pounds of water and mud or sand in the pelts of most of the offerings.

Good and choice spring lambs sold from \$22 to \$23.50, and cull to medium Springers sold from \$15 to \$21, with some cull buck lambs down to \$12. Stocker and feeder spring lambs cashed at \$15 to \$18.

Fed Cattle Prices Ease

Fed steers and yearlings and some medium and lower grades of slaughter calves were weak to 50 cents lower. Choice fat calves, stocker cattle and calves ruled fully steady to strong. Cows were strong and bulls were steady to 50 cents higher as few individuals topped at \$15.50.

Good and choice fed yearlings and heifers sold from \$20 to \$23.50 and fed steers sold from \$22 down, and the stalemate was broken.

ings cleared at \$13 to \$19. Fat cows scored \$13 to \$15.25, and canners and cutters bulked at \$8.50 to \$13. Bulls sold from \$10 to \$15.50. Good and choice fat calves bulked at \$20 to \$23, with some fancy calves topped at \$24.25. Common and medium offerings sold from \$14 to \$19. Culls sold around \$11 to \$14. Stocker steer calves cashed at \$23 down, and stocker steer yearlings ranged from \$21 down. Replacement cows sold from \$10 to \$14.

Hogs Open Strong

Despite expanded receipts around the major marketing circle Monday, swine prices were 25 cents higher at Fort Worth due to good shipper and small packer demand. Good and choice butcher hogs topped at \$18.75 to \$19, and less desirable weights and kinds sold from \$15 to \$18.50.
