Heaner Reappointed To Local Methodist Church

Returning to Eldorado for his second year as pastor of the First Methodist church is Russell Heaner, whose appointment was among those announced at the close of the 99th annual meeting in San Antonio last week of the South-west Texas Conference of the Methodist church.

Official delegate to the conference from the local church was Mrs. Frank Meador.

The Heaners have been welcomed back to the beginning of their second year by all the town, as well as by their church members. His first year was considered very successful by all. The period has seen the re-activation of the Methodist Men's organization, and there have been substantial increases in Sunday School and church attendance.

An active member of the Eldorado Lions Club during his first year here, Heaner has served as chairman of the program committee, as well as publicity chairman of the General Alvin Luedecke Day to be held the 4th of July.

A former Methodist missionary to India, Mrs. Heaner has been called on by the church here, and by community groups and other churches, to discuss her experiences as a missionary, during the past year. She has worked with the youth of the church and been active as a Sunday School teacher.

The Heaner family includes 10-month-old Sarah Dorothy.

A covered-dish supper was held last night in the educational building of the church to welcome the Heaners back. The Wesley class of the church had general charge of arrangements.

Other Appointments

A number of other appointments in the conference are of interest to Eldorado Methodists.

Henry Marshall, pastor of the Sonora Methodist church for the past nine years, exchanged pulpits with Doyle Morton who had been at Bishop for the past two years. Morton served the Eldorado church from 1952 to 1955.

Also in the San Angelo district, Robert M. Hinkelman went to Big Lake, Roy B. Shilling Jr. to Mertzon and Barnhart, Leroy Russell to Ozona, and Lynn H. McAden to Rankin.

Elsewhere in the conference, J. Troy Hickman went to Laredo, Roy B. Shilling returned to Mission, and Fred J. Brucks was appointed to El Campo. Grady Peters went to Oak Park church in Corpus Christi.

Another former Eldorado pastor, M. C. Stearns, has been appointed the state director of CROP, the Christian Rural Overseas Program. It is understood that he and Mrs. Stearns will live in Austin where the organization has an office, and that he will do extensive traveling over the state in connection with his new duties. Several other denominations, in addition to the Methodist, support CROP.

ATTEND SHAKE-DOWN CAMP

Jim Runge and Joel Tom Meador attended the shake-down camp at Camp Mayer last week-end of the Concho Valley contingent to the National Jamboree to be held in July at Valley Forge, Pa. Jim is a member of Eldorado's Troop 18, and Tom is an Eagle Scout in Ballinger's Troop 34.

The Jamboree Scouts got together to become familiar with their camping equipment and to learn about charcoal cooking. The Scouts will leave for Valley Forge on July 5 on a special train.

ERNEST HILL RETURNS

Ernest C. Hill was brought home yesterday from Shannon hospital where he had been confined for the past two weeks with stomach trouble. He is reported to be doing well, but will be confined to his bed for the present.

C. N. Shaw announces that a sale will start today, Thursday, at his drug store. More details are in his ad on page 3, this issue.

The Jimmie Martin family visited Sunday in Mason with Mrs. Martin's parents, Mr. and Mrs. Savola Bolt.

STATE EMPLOYEES ON HIGHWAY WORK GET NO HOLIDAYS

The five Eldorado state highway employees, C. O. Neff, foreman; Sam Carrell, M. H. Woodward, Jerry Ray Smith, and David Kuykendall, have been working 24 hours a day to repair damage done on the Big Lake highway near the Reynolds cut-off road.

They are pumping water into a draw over the hill, hoping to drain the lake enough so they can repair the road bed which has weakened.

By Friday they had lowered the lake, then came another rain to raise it again, and cover the road.

The men are working in shifts with no holidays.

All of the roads under their care, Eldorado to San Angelo, Eldorado to Sonora, Eldorado to Big Lake, Eldorado to Mertzon, and Eldorado to Menard, require watching, and all roads have been passable with the Big Lake highway causing most worry.

EXPLORATION CREW MOVES

Wet weather has caused moving of the Atlantic Exploration crew this week to Artesia, New Mexico. It is understood that another crew will be moved in when dry weather comes.

The crew has been here about six months and the families have established the reputation of being unusually good citizens.

ATTEND STATE MEET

Attending the State Archery Shoot in Austin last weekend were Mrs. Jess Walston and Pam, James Sallee and Cecil Mac Walston, who entered the Junior division, and Don Modley of San Angelo, who won in the Bowman's Class.

They left Eldorado Thursday and returned Sunday night.

LEGION MEETING TONIGHT

Further plans for the noon barbecue on Luedecke Day to be held July 4 will be discussed at the regular meeting tonight of the American Legion post in the Legion room of the Memorial Building.

All Legionnaires are urged to attend. Orland Harris is commander.

'Day' Ticket Sale Being Launched

A coffee held at 10 o'clock this Thursday morning is launching an intensified drive to sell tickets to the barbecue to be held at noon on Gen. Alvin Luedecke Day here July 4th.

W. T. Whitten, who is finance chairman of the Day, is being assisted with the coffee by W. R. Bearce and Patton Enochs. Tickets are being distributed for sale over the county. There are 500 families to be contacted, it was stated.

The ticket sale will be held during the next two weeks, closing June 20. The number of tickets sold will give the barbecue com-

Post Script

Along with its neighbor to the south, Schleicher county seems to be on the verge of a gas expansion program and all that seems to be holding things up is a permit from the Federal Power Commission.

Permian Basin Pipeline Co., and its affiliates propose to build an 83-mile 16-inch pipeline from Midland county to northwestern Schleicher county—which will include a 3,960 horsepower compressor station in this county.

Last week Permian took an option on a piece of land as a site for the compressor station. It will be on land in Section 36, Block A, GC&SF, about 12 miles northwest of Eldorado. The land is owned by A. R. Parker, who moved to Houston last year.

Permian's subsidiary, Pioneer Gathering System, proposes to build a line from the compressor to Huldale where they have a contract to buy residue gas from the Sinclair plant. In addition they propose to run other gathering lines through Schleicher and Sutton counties and on to Val Verde county—opening up capped gas wells on the way.

The other big gas development into the Eldorado-Sonora area is the one proposed by El Paso Natural, which also is waiting for its FPC permit.

El Paso will build a 176-mile 20-inch pipeline from Hobbs, N. M., to Sutton county, crossing the western part of Schleicher. It would bring into production some capped wells in Schleicher and cause a drilling campaign.

The Riding club has called off the polo tournament scheduled to take place in San Angelo, and will set a new date when, or if, the weather clears.

Mr. and Mrs. Lavelle Meckel have been drying out their ranch house and furnishings, hoping eventually to get back to normal after Meckel Draw flooded the place. Also fences are temporarily repaired, work going on between rains. Since the last of April the Meckels had 26 inches of rain. Now it takes only an inch or less to bring the draw up bank full.

Typical ranch troubles have been encountered by O. L. Woodward. He managed to get to his ranch, but he has 15 lakes on his place, some of them over his private roads. One lake covers 40 acres. He managed to get his shearing done, but that night, lost five ewes. His cotton is doing well but the feed has to be re-planted.

Shearing is late all over Schleicher county. Some compare this year with 1919, also a wet year.

Some who have oats ripening are afraid they will lose some of their crop.

Sign of the times: a motorboat was seen on one of the lakes near Eldorado recently!

A second mechanic was added to the mechanical staff of Fambrough Chevrolet Co., when Lester Horton from Abilene went to work this week. The new man has 18 years of Ford and Chevrolet experience. He says his wife and daughter will come later.

New wheel balancing equipment has been added; more on this on page 5.

Three Explorer Scouts At Angelo Encampment

Three members of the Explorer Scout crew of Eldorado's Troop 18 are among the Explorers from over the Concho Valley council attending the Air Encampment and Citizens Now conference in San Angelo this week. Those from here are Charles West, Willie Luedecke, and Kenneth Hicks.

The Air Encampment started Sunday afternoon at Goodfellow Air base, and the program during the week was to include tours of the parachute loft, jet hangar, weather station, control tower, link trainer, survival demonstration inspection, inspection of different aircraft, altitude chamber, and a flight in a C-47.

In addition there have been swims, mo-skeet shooting, baseball, movies, volleyball, and campfire programs.

At Goodfellow, the Explorers have been housed in barracks and taking their meals in the officers mess.

The Air Encampment was to close today, Thursday, after which those attending will be transferred by bus to San Angelo college for the Citizens Now conference, where the program is to include speeches, panel discussions, coed social and field sports. The conference is scheduled to close at 2:00 p.m. this Saturday.

Directing the Air Encampment was Assistant Scout Executive J. B. Morris, and Scout Commissioner John Slover will direct the Citizens Now conference.

It is reported that a total of 45 Explorers from over the 23½ counties of Concho Valley Council are in attendance.

Explorer Scouts are those 14 and older.

New Swimming Pool Is Now In Operation

The swimming pool opened as scheduled last Saturday, but due to weather conditions prevailing over the area, a large crowd has not been in swimming as yet, but those who have visited the pool have thoroughly enjoyed themselves.

The condition of the pool last Friday made it very doubtful as to whether it would be ready in time to open Saturday. At 12:30 p. m., Saturday, the engineer, Lawrence Hans of San Antonio, decided it would be all right to open the pool. The water still was not as clean as it should have been but with the addition of chemicals in the water, it was perfectly safe to swim in.

Swimming lessons will be given starting next Monday, weather permitting. In the event the weather does not clear up, the swimming lessons will be postponed for a week. Registration will be this week at the pool. See Mr. or Mrs. Jack Browning in order to register. Information regarding any previous lessons by the child will be appreciated.

Mrs. Jewel Davis Schwoble of Fort Worth will be the instructor for the lessons. The charge will be \$5.00 for a ten day course. Classes for different age groups will be set up and hours of instruction will be given parents at that time. Mrs. Schwoble states that children three years of age are capable of taking swimming lessons. Three to six are the years when the child learns to lose fear of water, she says.

Several high school students were qualified by the American Red Cross following the senior life saving course given by Bob Burkhardt and Joan Fudge. Those qualifying were: Tim Argo, Billy Van Dusen, Walter Van Dusen, Ann Ballew, David Kuykendall, Jimmie Whitten, Judge Whitten, Arnie Lee Westbrook, Terry Carlman and Ernest K. Nimitz. These lifeguards will be rotated at intervals so that all may serve as life guards at the pool.

A formal opening will be scheduled at a later date. At that time the pool will be dedicated. Also there will be a bathing beauty contest and diving exhibition. All persons interested in entering are asked to see Coach Browning as soon as possible.

Mrs. W. L. McWhorter is in Hot Springs, Ark., where she will spend a number of weeks taking treatments at the springs. She is accompanied by her son Bob, who will devote the time to resting.

Off To Explorer Scout Camp

EXPLORER SCOUTS Charles West and Willie Luedecke are shown loading their gear Sunday before they left for a week of camping in San Angelo, which included the Air Encampment at Goodfellow Air Base, and the Citizens Now Conference at San Angelo College. Also attending from Eldorado was Kenneth Hicks.

Huge Job Is Facing County Road Crew

The county road crew is confronted with many problems in an attempt to keep the roads of the county open. Bad or impassable places get first attention, and many of these on only a temporary basis.

Assisting the regular crew are three new road hands, Pete Finley, O. B. Singleton, and Odis Harris, who will work until the rains stop and repairs are made. All are working Saturdays and holidays.

A major problem is the road near H. A. Belk's. The mail route runs through a lake there covering 100 acres. The county crew considered a detour road, but found

it would be rough, with numerous low spots.

Now they have been working on access to a cave nearby, which may provide the run-off needed. Showers keep slowing down this work. If it doesn't prove practical something else will be tried.

The two graders are both at work full time. A bad place between Thomerson's and O'Harrow's had to be repaired; several bad places on the McIntosh road were repaired. The road men had just put caliche on a bad place in the Station A road to help traffic through when another rain came and washed half of the caliche away.

Addresses Lions Club

SHANNON RATLIFF

The Constitution of the United States was discussed by Shannon Ratliff of Sonora at yesterday's Lions club meeting.

Ratliff will represent Texas at their re-enactment this summer in Philadelphia of the Constitutional convention, which is being held in observance of the 200th anniversary of the birth of Alexander Hamilton.

Alanson Brown introduced Shannon Ratliff, who is the son of Mr. and Mrs. Tom Ratliff, and a grandson of J. L. Ratliff of Eldorado. He is a '57 graduate of the Sonora high school and will enter Texas University this fall.

Families driving to and from Austin to visit J. T. Jackson, Sr., include Mr. and Mrs. Curtis Stockton, who are with him this week; Mrs. J. T. Jackson Jr., Nancy Jo Jackson and Edwin Jackson, who spent the weekend there; Edwin Jackson who returned to Austin Wednesday after a few days at home.

Sinclair To Continue Operations On Powell

Sinclair Oil & Gas Co. will drill its No. 4-B V. J. and J. D. Powell as a ½-mile west outpost to its No. 5-A Virgil J. Powell, Schleicher County upper Canyon and Strawn gas discovery located 3½ miles northwest of Fort McKavett.

The project will be drilled to 4,400 feet with rotary with operations beginning when permit is approved. Elevation is 2,120 feet.

Location is 330 feet from the north and 1,650 feet from the east lines of 4-Indianola Railway survey, Abst. 878.

The No. 5-A Powell was finished in May for 5 million cubic feet of gas per day through Strawn perforations between 3,873-82 feet and for 10,750,000 cubic feet of gas per day through upper Canyon perforations between 3,391-3,401 feet.

The project is also ½-mile east and very slightly north of Canyon oil production in the Tillery field, but separated by a 3,610-foot Canyon failure, the firm's No. 2 Powell.

ATTEND O.E.S. MEETING AT FORT MCKAVETT

Four members of the Eastern Star were in Fort McKavett Tuesday to attend the installation of Mr. and Mrs. George Burlison as worthy matron and worthy patron of the Ft. McKavett O.E.S. Mrs. Merlin Rogers was installed as chaplain and Mrs. W. T. McConnell as organist. Mrs. J. D. Ashmore was installing officer and Mrs. Palmer West installing marshal. Two others from here, Mrs. Jud Brannan and Mrs. J. H. Luedecke, filled stations.

Billy Edmiston drove to Eldorado and took his wife and children back to Lovington, after their visit here during Mrs. J. B. Montgomery's illness.

Mr. and Mrs. O. L. Woodward spent two days last week in Brownwood visiting the latter's father O. P. MacMullen, who is critically ill in a hospital there. He is 95 years old.

Mr. and Mrs. W. T. Whitten visited from Thursday to Saturday with Mr. and Mrs. P. S. Dudley, former Eldoradoans, and were dinner guests of Mr. and Mrs. W. M. Patterson.

CITATION BY PUBLICATION

The State of Texas
To: Mrs. Stella Brauer, Mrs. Audry Finn, Tiffin Hall, Byron Matthews, Ronald Aultman, W. G. Jordan, and Mary G. Welch

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

Today is a good time to remember the blinding, debilitating helplessness brought on by a big dust storm.

Try a roll of the new rubber shelf liner. Widths vary from 12 to 22 inches. It comes in colors and does wonders to create a quiet kitchen.

Remember that Vitamin C is not stored in the body but like the water we drink must be added daily. Eat a whole orange or 1/2 grapefruit. Vitamin C insures healthy gums and other soft tissues.

Do a good deed for a stranger. Take it easy, save energy in doing household jobs.

Put an everyday rug or carpet protector in front of the T-V set to keep from wearing thin spots before you know it.

Try This Orange GG A Quickie For Breakfast

If you have a little trouble getting everybody in the family to eat an egg at breakfast, this may be your answer.

Simply beat one egg thoroughly. Mix well with a cup of fresh or frozen orange juice and serve immediately in frosted glasses.

Leaders in work saving techniques have done a wonderful job in Home Demonstration clubs this month. Mrs. E. N. Edmiston and Mrs. Farris Nixon not only gave two excellent demonstrations to their Good Neighbor club but came into town and presented the demonstrations to members of the Earn and Learn club. This club has a membership of women who have daytime jobs and could not go to the training meetings. Mrs. Lloyd Johnson and Mrs. L. E. McCalla from the Town and Country club did the same thing for the "night club."

As Mrs. Edmiston says, "Until you have taught someone how to do a thing you really don't know yourself."

Mrs. Victor Sauer says that she is more than pleased with the Reynolds club's acceptance of the new thinking given them through Mrs. Leonard Lloyd and Mrs. Mrs. Earl Lloyd's demonstrations on work simplification.

Other clubs over the county have had the same meetings but I have not had a chance to see the presidents or leaders yet to find out how they got along.

The work simplification programs covered the easy way to make a bed, how to hang clothes to save time and the clothes, how to check on whether we are saving steps and energy on doing any household work, how to sprinkle clothes to make ironing easier and how to iron a shirt the correct and easy way. I've forgotten who said it but some honest one said "I thought I knew all about those jobs that I've been doing for 35 years but I've decided that one is never too old to learn and that my way doesn't necessarily have to be right."

Mrs. Mabel Parker generously contributed this recipe for lemon cups which I have tried and found delicious.

Lemon Cups

- 1 cup sugar
- 1/4 cup flour
- 1/8 teaspoon salt
- 2 tablespoons butter
- 5 tablespoons lemon juice and grated rind of 1 lemon
- 3 well beaten egg yolks
- 1 1/2 cups milk, scalded
- 3 stiffly beaten egg whites.

Combine sugar, flour, salt and butter; add lemon juice and peel. Combine egg yolks and milk. Add first mixture to yolks and milk. Mix and fold in egg whites. Pour into greased custard cups or a greased baking dish. Put cups or casserole in a pan of hot water and bake in moderate oven (325) for 45 minutes. When baked, each dessert will have custard on the bottom and sponge cake on top. Serves 8 polite people or four hungry ones.

Help all you can on General Luedcke Day. There is a job for everybody!

Miss Jewel Shelton has a severe case of asthma and is a patient in the hospital in Sonora.

Mrs. Ethel Etheredge had as guests Wednesday through Sunday her son S. E. and his wife of Midland.

Mrs. Everett Lovelace and family had as weekend guests at their home in Brownwood her parents, Mr. and Mrs. Sam Oglesby of Eldorado.

Mr. and Mrs. J. L. Ratliff have returned from San Angelo where they attended the SAC graduation of Mrs. Ratliff's son Odie Faulk. Odie and his wife left Monday for Lubbock where he will enroll in summer school at Tech.

Albert Thigpen reports 22.10 inches of rain this year, and says his place is wet.

Mr. and Mrs. Joe Sockwell of Corpus Christi visited in the O. Sudduth home and Mrs. Sockwell remained for a longer visit. Other visitors in the home were Mr. and Mrs. Clifford Taylor, who visited here Friday.

Mr. and Mrs. Ward Parks, who live at Big Spring, came in for a weekend visit, and moved their household goods. They were accompanied home by Gary Parks.

Mr. and Mrs. Jimmie West have had as guests their brother-in-law Phillip Pring and his wife and two boys, who are moving to Midland. Mr. Pring is leaving the immigration service to become C A agent in Midland. The boys will be here three weeks.

Mrs. Jessie Jenkins of Dallas accompanied her husband to Eldorado, and remained here for a month's visit with her parents, Mr. and Mrs. J. R. Trentham.

Mrs. Paul Hamby and children Keith, Ann and Brenda, arrived here Sunday for a visit of a week or two with Mrs. Hamby's parents, Mr. and Mrs. Jess Thompson, while Mr. Hamby attends a company convention in Chicago.

Mr. and Mrs. I. V. Huichuman and daughter Karen Ann of Andrews were weekend guests of Mrs. Huichuman's parents, Mr. and Mrs. J. D. Holden.

The Solon Boothe family are vacationing in California.

Mr. and Mrs. Fred Watson were in Coke county last week where they visited the Floyd Spurgers family. Mrs. Spurgers and the boys accompanied them home and Mr. Spurgers came after them Sunday. Other guests in the home were Mrs. Travis Perry and daughters who arrived Sunday for a several day visit.

Mrs. Virge Tisdale has as guests her daughter Mrs. W. H. Paff and her husband and daughter Virgie, who arrived Sunday night for a visit of a week or ten days. They left their home at Covington, Ohio, Saturday morning and arrived here Sunday night. The Paffs' other daughter is working in New York City and did not accompany the family here.

Mrs. O. L. Woodward drove Monday to Sonora with her son Jimmie, Sul Ross student, who is to attend summer school.

Mr. and Mrs. Martin Estes of Dyers, Ark., visited recently in the Mrs. J. E. Estes and Odis Harris homes.

Billy Oglesby and family have been visiting in Amarillo with Mrs. Oglesby's brother, Gerald Henderson and family.

Ernest Hill has been quite ill in Shannon Hospital, San Angelo.

Mr. and Mrs. Joe Edens had as guests Monday the former's brother and sister-in-law Mr. and Mrs. Frank Edens of Buchanan Dam. The Edens recently returned from San Antonio where they attended the high school graduation of the daughter of Rev. and Mrs. Noel Wilkerson, former Eldoradoans, and visited Mrs. Edens' sisters. The Edens report a good rain Monday on their place.

Bill Bearce of Texas Tech is visiting his parents Mr. and Mrs. Dick Bearce between semesters.

Mrs. Ray Boyer is doing well after her recent surgery and is at home.

Mr. and Mrs. Chas. Orr of Brownwood spent the weekend with Mr. and Mrs. George Williams.

Moves out in a single sweep of motion

... Chevrolet with Turboglide!

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

When you see a steep downhill stretch ahead, you set the selector at "GR" (Grade retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

SHOWER HONORS BRIDE-TO-BE AT McLAUGHLIN'S

A miscellaneous shower was held Saturday afternoon at the C. C. McLaughlin home honoring Burnell Doyle, bride-elect of Billy Jack Etheredge. Sixty called during the reception hours.

In the reception line were Miss Doyle, her mother Mrs. Claude Doyle, her grandmother, Mrs. Will Doyle, and her fiancée's mother, Mrs. Jack Etheredge. Barbara Faught registered guests and Jan Davis directed callers to the displays of gifts.

Spring flowers decorated the reception rooms, and roses centered the serving table. Mrs. S. E. Etheredge of Midland and Mrs. Jerry Perry of Ozona served from 3:00 to 4:00, and Charleen Logan and Mrs. Edwin Martin Jackson Jr. the second hour. Rhonda Sproul gave two readings.

Hostesses were: Mmes. C. N. Shaw, R. L. Ballew, Oran Enochs, H. A. Belk, C. B. Sudduth, Rance McDonald, John Williams, Lavelle Meckel, Lum Davis, Leslie Baker, W. C. Doyle, C. C. McLaughlin, and Miss Chris Enochs.

The garden wedding will take place at the ranch home of the bride's parents on Thomson T Circle Ranch Saturday evening and the couple will make their home for the summer in Ozona where Billy Jack is employed by Conoco. He will return to college for the fall term.

COUNCIL MEETS

The Home Demonstration club women of Schleicher county have chosen June 21, 1957, as the date of the second Market Day Sale.

The first sale was held on Democratic Primary day in 1956 in Eldorado and was a big success from the view point of the club women.

Mrs. M. H. Woodward, county council chairman, and Mrs. Forrest Runge, finance chairman, have begun preparations for the sale by appointing committees to handle the various jobs connected with the sale and all other club women of the county have started planning to have a bigger and better sale than last year.

The 4-H club girls are planning to help with this sale and the general public is invited to attend.

Anyone wishing a special cake or other product may order them now for delivery June 21 at the sale. Mail orders or phone orders will be accepted by any h. d. club woman.

JUNIOR WOMAN'S CLUB

At the final meeting of the year, officers for the Junior Woman's club were installed. Mrs. Carl Stevens conducted the simple but impressive ceremony. Mrs. Clifford Schooley presided over a short business meeting. Minutes of the previous meeting were read and approved.

Mrs. Schooley was appointed to represent the club on the Welfare Board. The members entertained their husbands with an ice cream supper after the meeting. Nine members and eight guests were present. —Reporter.

ANNOUNCEMENT TEA HELD

An announcement tea for Barbara Rutland, bride-elect of Bill Hall, was held Tuesday afternoon in the Bernard Carr home, with Mrs. Carr, Mrs. Weldon Davis, and Mrs. Lavelle Meckel as hostesses.

Guests included girls from this past year's Senior class, girls from the Baptist Sunday School, and others.

The centerpiece had a miniature bride and groom under an arch, with sweetheart roses, and the inscription, "Barbara and Bill, June 10."

Thought For The Week Ministerial Alliance

No thinking man would build a home where he could not get to a church for worship. Wherever you build today it is not too far to church. Those who are building for eternity cannot build without the church. We are not concerned too much with denominations for that is not the important thing. The thing we must be concerned about is this: "—other foundations can no man lay than is laid, which is Jesus Christ." Yet there are so many people who feel that they are not at all responsible for or to the church. We know that from what we see. Actions speak, not only loudly but truthfully. Look around you and determine for yourself, and be awake to the opportunity that every American may enjoy but which will be taken away if we do not make use of it. —James Spencer.

Monday
3:15 Women of the Church will meet by Circles.

The Vacation Church School which began Monday will continue thru Saturday from 9:00 to 11:00 a. m.

Our church camping program is well under way with the college age at Camp Cisco this week. The 7th graders will be going from June 10-15 and 8th graders from 17-22. Those who hope to attend senior camp must register by June 17th.

Last Sunday evening at 6:30 the Young People started a period of Bible study for the membership. It proved to be very interesting as we began the study of the Gospel according to Mark. Those present expressed a deep interest and we will continue thru June and perhaps longer, depending upon the interest.

ENGAGEMENT ANNOUNCED

Mrs. Irene Rutland announces the engagement and approaching marriage of her daughter, Barbara, to Bill Hall, son of Mr. and Mrs. H. J. Hall of Arkansas.

The wedding is to be held the evening of June 10 in the First Baptist church, with Durward Rutland of San Angelo, brother of Miss Rutland, officiating.

The bride-to-be is the daughter of Mrs. Irene Rutland and the late Mr. Rutland. She graduated this spring from Eldorado High school.

Mr. Hall finished high school at Greenwood, Arkansas, and served four years in the Navy. He is employed here with Sinclair.

NEWS FROM THE CLARKES

Capt. and Mrs. Neville P. Clarke sent in a new address for their Success subscription recently. They are now at home at 262 Orimoco St., Dayton 3, Ohio.

Mrs. Clarke, who is the former Marcelaine Patterson, writes: "We have a new son, Lawrence Ross Clarke, born March 19 and weighed 8 lbs. and 8 oz. at the Wright-Patterson AFB hospital. May Clarke is visiting us now. Surely enjoy the paper and wish we could see all our friends there. The rains sound wonderful."

Farmers Advised To Be On The Alert For Grasshopper Increase

College Station.—Farmers and stockmen in many areas of Texas are advised by Extension Entomologists F. M. Fuller and C. F. Garner to be on the alert for possible damaging infestations of grasshoppers during this spring and summer.

Based on surveys made by the USDA, the entomologists say that infestations ranging from very severe to light are forecast for the Panhandle, with Dallam, Moore, Hartley and Potter counties in the very severe area. Threatening is the term used to describe an even larger area to the east. Possible severe infestations could occur in Knox, King, Dickens, Motley, Floyd, Briscoe and parts of Crosby, Swisher, Hall, Donley, Armstrong, Randall, Deaf Smith and Castro counties. Also in parts of Wichita, Clay, Sherman and Hansford counties.

Threatening to light infestations could occur in wide areas from the Red River south into deep central Texas. The situation at present, point out the entomologists, should be watched very carefully. The first nymphs, newly hatched 'hoppers, have been found in the Brazos River bottom and hatching will progress northward with favorable weather.

The time to do the most effective job of controlling 'hoppers, emphasize the specialists, is before the young leave the hatching grounds. Roadsides, field margins, ditch banks and idle lands bordering cropland should be watched carefully for the appearance of young hoppers. When numbers justify the use of control measures, several insecticides are readily available for doing the control job and include aldrin, dieldrin, heptachlor, toxaphene and chlordane.

The entomologists suggest that the local county agent be contacted for complete details on control measures and when and how they should be applied. The insecticides are poisonous to man and animals as well as grasshoppers and the manufacturers' directions should be followed closely, say Fuller and Garner.

BAPTIST W.M.U.

Circle No. 1 met in the home of Mrs. W. O. Alexander Monday, June 3. Meeting opened with scripture reading and prayer by Mrs. Bascomb Hartgraves.

Mrs. Luedecke led the lesson from Royal Service, assisted by Mrs. J. L. Ratliff, Mrs. Kuykendall, Mrs. J. F. Kinser, and Mrs. McAlpine. Mrs. Luedecke gave the closing prayer.

Refreshments were served to 10 members. —Reporter.

East Side Baptist

The WMU met at Mrs. Thad Dildine's home. There were eight members present. Mrs. L. B. Kersey brought the program on Bible study. The opening prayer was given by Mrs. Vernon Carroll and the closing prayer by Mrs. H. C. Higgins.

Bud Davidson brought the devotional at Wednesday night prayer meeting.

All those interested in the choir are urged to be there for practice every Wednesday night at 8:30. Ralph Menees is doing a splendid job leading and teaching the choir. There is a nursery.

Rutland Caldwell of San Angelo brought the sermon Sunday night.

Lewis Holt of Brownwood visited a little while Sunday with Rev. Dossett regarding our summer revival.

There has been a wonderful response to our Vacation Bible school. We had 74 the first day and believe we will have more. There is still a need for teachers and it is certainly not too late for the children to enroll. It will run through Wednesday and commencement will be Wednesday night at 7:30 instead of our regular prayer meeting. Everyone is invited to attend. —Reporter.

INSURANCE

Hundreds of years ago, insurance was often a one-man business: One man would insure a ship cargo, say, and in doing so he might lose his fortune. But in 1825 the British House of Commons looked into England's insurance business, and said this:

When there's a risk, the best way to guard against it is to join with others, so that each might lose a little, but no man can lose a lot. Spread the risk.

As a result, insurance today is a big business. We have millions of policies worth billions of dollars in force.

An insurance policy is a contract. The company promises to pay you a certain sum for loss or damage of the thing you insure—your life, your home, your health and the like. And you promise to pay a premium for this protection. Your policy sets out what you have both agreed to. Most of the rules of the law of contracts apply to insurance policies.

There are many types of policies. And individual policies may vary. Check each clause carefully. Then have the insurance man explain it. Be sure all details of the agreement are written into the policy. You and the company are, in general, bound by the written word. As a home owner, you have many risks, like fire, against which you can insure yourself. Other insurable risks are theft, wind-storm, hail, glass breakage, cloud-bursts, explosion, and the like.

Other household hazards also cause damage. But people don't expect them, and may not insure against them. For example, a tree may fall on your house; or near some crossroad, a car may crash into your home. Sometimes you can make the person who caused the damage pay. But if he has no money, and neither of you has insurance, you often must pay yourself. Suppose a guest slips and falls on your floor and breaks his arm, or your dog bites the postman. You could be liable. You can insure yourself against many of these risks under the contracts we call insurance policies.

Large Group Attends 4-H District Camp

The District 4-H camp at Camp Stewart, Hunt, Texas, last week was a big success. Schleicher county boys and girls who went were: Phil and Buzz McCormick, John McGregor, Kathy Sauer, Joyce Woodward, Genelle McCalla, Judy McGregor, Linda Jones, Ray Lewis Ballew, Gayle Woodward, and Martha Ellen Topliffe. Hollis McCormick was one of the distinguished in that he was one of three adult men leaders out of 22 counties who were able to attend camp.

Mrs. M. H. Woodward was the woman 4-H leader from this county, but she had more company from the other 17 4-H leaders from the various counties making up District 7. 225 people made a total attendance of 4-H members, agents and leaders.

The best way to find out about what went on in camp is to listen to what someone says who was there. John McGregor, who is president of the Eldorado Jr. Boys' 4-H club, gives his trimmed down version of the very interesting three days. Other versions will appear in later editions.

MY TRIP TO THE 4-H CONSERVATION CAMP
By John McGregor

To me the camp meant not just a place to go to study and play with other people, but a place to make new friends and to study and play with them. The camp was not like an ordinary camp; no, there was an air of joy, friendliness and a willingness to work and play together.

Next year I will be a seventh grader, I am president of the Eldorado 4-H club which has about 50 members. There are about 1,663 people in my community.

In wild life I learned how to tell a pit viper from a harmless snake. I learned how a snake swallows an animal which is larger than the snake's mouth. I learned about snake bites and how to treat them. I also learned about a few other animals.

In range conservation I learned how much of a grass to graze and some names of other grasses and where they grow.

In entomology I learned about a few insects that were harmful and about some which were good. I learned about many new insects and their habits. I learned how to collect insects and how to kill the harmful ones.

In 4-H Records and Awards division I learned how to keep a record of my achievements and awards. I learned what record forms are used and how to use them.

In swimming I learned how to dive off a diving board. I learned that in the morning of a cloudy day the water gets mighty cold.

At home I will pass my knowledge on to my family and other club members. My learnings in wild life, conservation and entomology will probably help my father who is a rancher. I can teach my brother first aid for snake bite.

To all the people in the different groups who made the camp possible I am deeply grateful. They made it possible for me to meet people and to have a lot of fun.

LUTHERAN SERVICES

The Lutherans of the area will hold their semi-monthly worship service this coming Sunday, June 9, at 4:00 p.m., at St. John's Episcopal church in Sonora.

The Rev. Luther Roehrs, pastor of Trinity Lutheran church, Eden, Texas, will bring the message on this Pentecost Sunday under the theme: "The Gift To The Faithful Christian." He has based his theme on Rev. 2:10.

Bible class and Sunday School will meet at 5:00 p.m. The classes have been set up for all age groups.

We extend a cordial invitation to citizens of the community to worship with us. This invitation is extended in particular to the un-churched of the area.

Some time during the evening a very important meeting will take place to discuss the budget of the congregation and a program of evangelism for early fall.

George Ochsner of Midland spent from Friday through Sunday in Eldorado with his parents Mr. and Mrs. L. D. Ochsner. Harold Scherz and family of Sonora joined them for the day Sunday.

Mr. and Mrs. Roy Phelps and four children left on a vacation trip of two weeks to visit relatives and friends in Abilene, Tulsa, St. Louis, Chicago, Pontiac, Mich., and other places.

Fae Davis, who is staying with her father during his serious illness in Houston, spent the week end at home on the farm. It is reported that her father, Buck Davis, is conscious but very weak, and in critical condition.

Mr. and Mrs. Palmer West brot home their son-in-law Curtis Stockton Jr., who is on crutches and doing well after his leg surgery performed at Santa Rosa hospital in San Antonio.

Mrs. Allen Kuykendall, Louise and David spent Saturday in Brownwood visiting with Jean and friends. Jean spent the week end in Dallas and will be home this week.

Bob Ratliff, who attended SMU last year, has enrolled at the U. of Texas for summer work.

Mrs. W. D. Rodgers has gone to San Angelo to visit her daughter Ann, Mrs. Derl Griffin, and her family. She left Eldorado Monday.

Mr. and Mrs. Roger Cameron, here with American Oil, have moved to Snyder, vacating Mrs. W. H. McClatchey's apartment.

Bill Holcomb, son of Mr. and Mrs. T. E. Holcomb, has returned to Dallas where he is an SMU student. He is entering the 3 weeks summer cooperative program as an employee of Collins Electronics, and is classified pre-Junior in his five year engineering course.

Mrs. A. J. Halbert and Mr. and Mrs. Dick Jones and daughter have returned from an overnight visit with the Marvin McDonalds at Buchanan.

Mr. and Mrs. L. M. Hoover visited Friday with Mr. Hoover's brother E. H. Hoover who is a patient in Brady hospital.

Mr. and Mrs. John West and Horace spent the day Sunday in Ozona with relatives.

Mr. and Mrs. B. E. Moore have as guests for two weeks or a month their daughter Mrs. John Michalski and children Michael and Kay. Mrs. Moore recently returned from Grand Prairie where she visited her brother, who has been very ill. Sonny Moore has returned from a weekend visit with his parents at San Antonio.

W. A. Menees and daughters were in San Antonio Sunday visiting his daughter Mrs. J. C. McMillan, and Emma Lou remained for a week's visit.

Mary Ann and Judy, children of Mr. and Mrs. Andy Nixon, are spending two weeks with their grandparents at Hobbs. The Nixons report that the several showers of the past week totaled two inches.

Mr. and Mrs. A. J. Burk and children of San Angelo visited relatives Sunday and Cynthia remained for a week's visit.

Mrs. Claude King and daughter have returned from a visit with her mother at Wichita Falls, and Mrs. King had surgery while there.

Wilma Jean Lloyd, who is working in San Angelo, and Retha Nell, who is employed in Austin, were both weekend visitors in the home of their parents, Mr. and Mrs. Leonard Lloyd.

Harold Lloyd, who lives on the Lloyd irrigated farm at Batesville, brought in a load of stock to leave here. He reported 11 inches of rain on his place last week. His brother David accompanied him home, and his father Leonard Lloyd spent last week on the place there.

Mrs. Bernice Sammons of Van Horn is here for an extended visit with her parents, Mr. and Mrs. T. K. Jones.

Mrs. E. H. Sweatt is ill with flu.

'Thought For The Week
Ministerial Alliance

Soil Stewardship week, May 26 to June 2, reminds us once again of our dependence upon our Maker and of our responsibility to Him for the care of His gifts of soil, grass and water. Our responsibility has been clarified for us in a publication of the National Association of Soil Conservation Districts. They present four basic ideas for our prayerful consideration.

1. That soil and water are gifts of God.
2. That it is the moral responsibility of all people to care for and use wisely our soil and all our other natural resources.
3. That the man on the land has a particular moral responsibility, as a steward of the soil (a steward being a guardian and protector) in the conservation of the land he tills.
4. That he who contributes to the destruction of the soil sins against God and man. —Al Brown.

New Sonora Houses
Three new homes are under construction in Sonora. A residence for Mr. and Mrs. Henry Greenhill is being erected on Old Highway No. 290. Residences for Mr. and Mrs. A. E. Prugel and Mr. and Mrs. R. L. Hardgrave are under construction on Edgemont Drive in the Hightower addition. —Devil's River News, Sonora.

Eden Rainfall
Here in Eden 10.51 inches has been recorded by Weatherman G. H. Spiser for the total moisture to date (May 28th). Total moisture up to this time for the year is 21.23 inches. —Eden Echo.

Menard Rainfall
May rainfall in Menard totaled 4.97 inches, according to Harris Mohler, volunteer weather observer, making a total for the year of 12.99 inches. —The Menard News.

Tickets In Demand
A whopping big number of 1514 admission had enjoyed the swimming pool in the new County Park here through Wednesday night. This is an average of 79.68 persons per day who have used the pool.

Aubrey Denman, park caretaker, said the admissions have been made in the following manner: by season pass, 730; by adult tickets, 118; and by student tickets, 665. He said 90 season passes have been sold for \$5. —Bronte Enterprise.

Assistant Agent
Fred Campbell, who was county agent here for five years, has just received his master's degree in wool work at the University of Wyoming. He has been named associate agent for Schleicher county. Fred resigned here a year ago to work on his master's degree.

Campbell will assist W. G. (Tiny) Godwin, Schleicher agent, who is recovering from injuries received in a recent highway accident.

A native of Paint Rock, Campbell has always specialized in wool. He is a 1950 graduate of Texas A&M. Sterling City News-Record.

Courthouse Battle
A group of Rankin citizens have organized to finance legal defense of the \$410,000 Upton County Courthouse bond issue. John A. Menefee has been employed by the Rankin group as their defense attorney.

The Rankin citizens took the action after the Commissioners court voted 3 to 2 Monday against Upton county hiring an outside lawyer to defend the bond issue, but voted unanimously the following day to allow individual citizens to employ legal council to defend the validity of the bond election with the understanding the county was to share none of the cost or responsibility.

At a meeting Tuesday night the Rankin group collected over \$2,400 of their \$3,500 goal to finance the legal defense.

The \$410,000 bond issue has been contested by three McCamey businessmen, William Wolf, C. W. Brown and Lee Roy Grigsby, in the 112th District Court. —The McCamey News.

Armory Location

Seven men with the U. S. Army's site selection team and corps of engineers met with interested local persons here Friday to inspect locations available for the construction of an armory to serve the 830th EAB reserve unit.

First choice of the team was a plot of six lots in the Hightower Addition east of the Ka-Bar. —Devil's River News, Sonora.

Roy Shilling Jr., former Eldoradoan, received his Bachelor of Divinity degree in graduation exercises at Perkins School of Theology Monday night.

Mrs. E. H. Topliffe had major surgery Wednesday in San Angelo.

O.E.S. INSTALLATION NEW OFFICERS ON SATURDAY

Mrs. Edwin Childers was installing officer at the public installation of the Order of the Eastern Star Saturday night. Gifts were presented to the retiring worthy matron and worthy patron, Mrs. Geneva Wade and Fred Watson. Judy Hext played during the evening.

Those installed included Mrs. Ben Hext, worthy matron; Palmer West, worthy patron; Mrs. N. G. Hodges, assistant worthy matron, Grover Lee Johnson, assistant worthy patron; Mrs. J. H. Luedecke, conductress; Mrs. Joe Wagley, ass't conductress; Mrs. J. D. Ashmore, secretary; Mrs. Jud Brannan, treasurer; Mrs. Edgar Spencer, organist; Mrs. Geneva Wade, warder; Edw. Childress, sentinel; Mrs. Ben Hext, Adah; Mrs. G. L. Johnson, Esther; Mrs. Jewel Miller, Martha; Mrs. Leola Dildine, Electa.

Two were not present to be installed. Punch and cake was served.

BUSINESS WOMANS CIRCLE

The business womans circle met in the home of Mrs. Bernard Carr Monday night, June 3. The opening prayer was given by Miss Louise Kuykendall and the devotional by Mrs. C. N. Shaw. Minutes were read and approved.

The program, Fountain of Youth was prepared by the program chairman, Mrs. Bernard Carr. A beautiful center piece of a fountain, flowers, birds and ribbons leading from the fountain to each youth organization of the church, made it very impressive. The theme of the program was the importance of adults to work and encourage youth to follow Christ, in order for them to prepare themselves as Christians for the work of tomorrow.

Refreshments were served to 8 members and one visitor. The next meeting will be in the home of Mrs. Jess Thompson with Mrs. T. P. Robinson giving the Mission Book.

W.S.C.S. MEETS

Mrs. Ed Hill presided over the general meeting of the Methodist WSCS Tuesday afternoon, with the Pioneer Circle in charge. Among those on the program were Mrs. W. F. Meador, Mrs. Keno Ogden and Mrs. Russell Heaner, who assisted Mrs. Ben Hext, lesson leader.

Arrangements were made to serve the vacation church school. Punch and cake was served.

RETURNS FROM TRIP

Mrs. Bernice Sammons, daughter of Mr. and Mrs. Tom Jones, has returned after a six weeks' trip through the Eastern states. She was a guest in the home of Mr. and Mrs. D. E. Kinnamon in Bradford, Pa. Mrs. Kinnamon is the former Lucille Page of Eldorado.

Among places of interest where she spent some time were New York City, Niagara Falls, West Point, Canada, Washington, D. C., and Annapolis, Md.

She returned by San Marcos to visit her son Lt. Tom J. Sammons, and Mrs. Sammons, and little daughter.

Bud Russell and family of Ozona spent the week end with Mrs. Ora Davis.

Among those attending a barbecue and dance given by Mr. and Mrs. Bryan Hunt at Sonora Saturday night were Mr. and Mrs. John Rae Powell and Mr. and Mrs. Howard Derrick.

Mr. and Mrs. Fred Campbell, here with the Extension Service, have rented the Marvin McAngus house, and the McAngus family have moved out to the house on the Geo. Williams Est. place which they own. Mr. Campbell is here to assist W. G. Godwin with his work for several months. Mr. Godwin is able now to be in his office, but is still on crutches.

Slats Adair drove in from Slaton and took home his wife and children who have been staying with her mother, Mrs. A. G. Clark, who had surgery.

An outstanding builder of homes tells you...

How Savings Bonds can help you build your DREAM HOME

"Maybe an American family starts with a dropped handkerchief. But somewhere along the line, even before the ring, the dreams start. One of the *big* things in those dreams is a house of your own, a house that's just the way you want it. And for more than a million American families a year, that dream comes beautifully true when they first cross the threshold of their wonderful new home.

Mr. George S. Goodyear,
President, National
Association of Home
Builders

"We've learned plenty from home buyers about what they want in houses and a little bit about how they save that first down payment. Many of the people with whom I've talked found the easiest and surest way to save was by regular investment in U. S. Series E Savings Bonds."

★ ★ ★

It's easy to understand why. By putting money in Bonds, people are less inclined to spend it until they've reached their goal. And Bonds are a safe, sure investment. The U. S. Government guarantees your principal in Savings Bonds—up to any amount—and the rate of interest you receive.

If you're saving for the home of your dreams, why not do it the easy way by regular investment in U. S. Savings Bonds? Start today either through the Payroll Savings Plan where you work or by buying Bonds often where you bank.

ELDORADO SUCCESS

YOUTH CENTER TO BE BUILT IN MISSOURI

A youth center dedicated to research with the feeding and handling of beef cattle, hogs, sheep and dairy cattle for farm boys and girls to help them with their livestock projects will be built at the Ralston Purina Research Farm near Gray Summit, Missouri, it has been announced by Donald Danforth, chairman of the company's board of directors.

The center will be called the Danforth Farm Youth center, in honor of the memory of the late William H. Danforth, founder of the Ralston Purina company. For many years prior to his death on Christmas Eve in 1955, Mr. Danforth devoted a great deal of his time and energy to causes of youth, especially farm youth.

DALLAS MAN NAMED LECTURER

Elbert R. Slaughter of Dallas was Monday named to the Christian Science Board of Lectureship at the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston.

Mr. Slaughter's appointment, which will take him throughout the United States and other countries to lecture to public audiences on Christian Science, was announced by The Christian Science Board of Directors.

COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

To be sure of your timing you should check the nut clusters at regular intervals for the appearance of casebearer eggs on pecans. If you find a white blueish egg on the tip of the blossom end of the pecan about one-third the size of a pinhead, it is casebearer eggs. They hatch in four or five days. After hatching, the worm moves down below the pecan cluster and feeds on the buds in the leaf axil. After four or five days of bud-feeding, the worm moves to the pecan cluster and bores in the base of the individual pecan.

Because of the short exposure of the worm, timing of control measures is of utmost importance.

Three-tenths pound of DDT to 100 gallons of water is recommended. 8-10 gallons of spray will wet a large pecan tree.

The casebearer is late making an appearance this year.

Face covering has long been an important selection factor in breeding fine wool Rambouillet sheep. Now, Animal Husbandmen at the Sonora Experiment Station affix definite values up to \$5.00 a head for sheep with medium face covering over those with near-complete coverings which pose serious wool-blindness threats.

Proper selection of ewes with an intermediate amount of wool-covering on the face can mean a difference of 5 to 9 pounds more lamb weight than either those heavily covered or open faced. The extra weight is due almost entirely to a higher percentage of weaned lamb crop.

Ewes with an excessive amount of wool on the face also tend to be more susceptible to screwworm strikes in lachrymal pits below the eyes. It's a good management practice, therefore, to cull potentially wool-blind sheep at birth or as found in the flock.

White specialists believe it may be possible to develop a sheep which will breed true for an intermediate amount of face covering, present recommendations center around culling out potential wool-blindness and selecting open-faced animals on the basis of individual

4-H club boys begin the study of wool and mohair under Fred Campbell, associate county agent, Tuesday. The state wool and mohair contest will be held Saturday, June 8, at San Angelo.

4-H and FFA boys will compete in the Ozona soil conservation district range judging contest to be held Wednesday, June 5, weather permitting. A good showing should be made by the boys. Schleicher county won the senior division in 1956.

Wet weather is good for pasture and excellent for survival of parasite larvae on pastures. Let this be a reminder that problems of sheep producers in your area are not over.

The common stomach worm is primarily a wet weather infection and is particularly important in young animals and old broken-mouthed ewes. It is primarily a blood sucker. If animals pick up a heavy infection, they may die without loss of body condition. They literally are bled to death. However, it is usually less acute than this. The first sign is an anemia or paleness of the skin and membranes of the mouth and eyes.

Phenothiazine is a very effective treatment for the common stomach worm. Phenothiazine-salt mixtures are useful as a prophylactic measure, but daily intake is essential. Phenothiazine-salt mixtures cannot be relied on for control of these parasites in wet seasons. However, periodic administration of full doses of phenothiazine supplemented by phenothiazine-salt mixture usually gives adequate control.

It is pointed out that May 10, the average American will serve theoretical "Last Day of Bondage" so far as 1957 taxes are concerned. What he has earned up to that time will just about cover his tax bill for the year.

What this means is that taxes in the U. S. currently takes about 36% of all our earned income.
