ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, JUNE 13, 1957

NUMBER 24

Hamilton Man Elected New Superintendent of Eldorado School System

A. M. Whitis, superintendent of schools at Hamilton, Texas for the past eight years, was elected new superintendent of Schleicher County schools at a meeting of the school board here Tuesday night. The vote was unanimous.

The board's action came after they had considered all 45 applications for the job, and had narrowed the field down to three. Board members had visited the towns and schools of all three, where they reported that all were highly recommended, and that all three schools were considerably larger than Eldorado's.

Mr. Whitis will meet with the board tonight, Thursday to iron out details. His period of employment will start July 1, it was stated.

Hamilton is located about half way between Brownwood and Waco, and has a class AA school. The Texas Almanac gives the population of the town as 3500, and it is the county seat of Hamilton Co.

In other business, the board accepted the resignation of Charles E. Love as grade school principal. Mr. Love has announced plans for moving to Seminole. The board has not yet elected a replacement for Mr. Love.

Meat Donations Asked For Luedecke Barbecue

Anyone wishing to donate meat to the Luedecke Day barbecue should get in touch with Orland Harris, C. T. Waller, or Don McCormick, it was announced here this week.

Orland Harris has a pen available, and goats can be picked up, it was stated.

The barbecue will be held at noon on July 4, and it was asked that meat donations be in by June 25th. Don McCormick is chairman of the barbecue committee and he is enlisting the help of the American Legion post as well as the Lions club.

COMMISSIONERS MEET

At their meeting Monday, Schleicher county commissioners voted to pay half the expense of the lease on the airport, payable to the West Estate, for the year 1957. The city pays the other half.

They also voted to pay road employees time and one-half for labor performed on three extra days in May.

The court approved holidays as follows: New Year's, Memorial day, Independence day, Labor day, Thanksgiving day, and Christmas. Holidays which fall on Sunday will be observed on Monday.

The court approved season ticket rates for the swimming pool, and these are discussed elsewhere in this issue.

IN MAGAZINE

Coach W. A. (Monk) Algood and his son are pictured in the current June issue of Popular Mechanics. They are shown on page 77 in connection with an article on an eight-sided fishing platform at Lake Buchanan.

Post Script

The low spot on the Big Lake Highway is in the process of being repaired, now that the State Highway Dept. has drained the lake low enough to expose the damaged road bed, which is being raised six inches.

The Highway crew are back on their 9-hour schedule, after putting in great deal of overtime during the rains. They stopped the draining project Friday and have been hauling caliche.

A number of Eldoradoans were interested in hearing the Roy Phelps family appear on the Don McNeill breakfast club over the radio yesterday morning. The Phelps have been on vacation the past week, and the breakfast club program originated in Chicago.

A miniature "El Dorado" woolen blanket was presented the master of ceremonies by the Eldorado people.

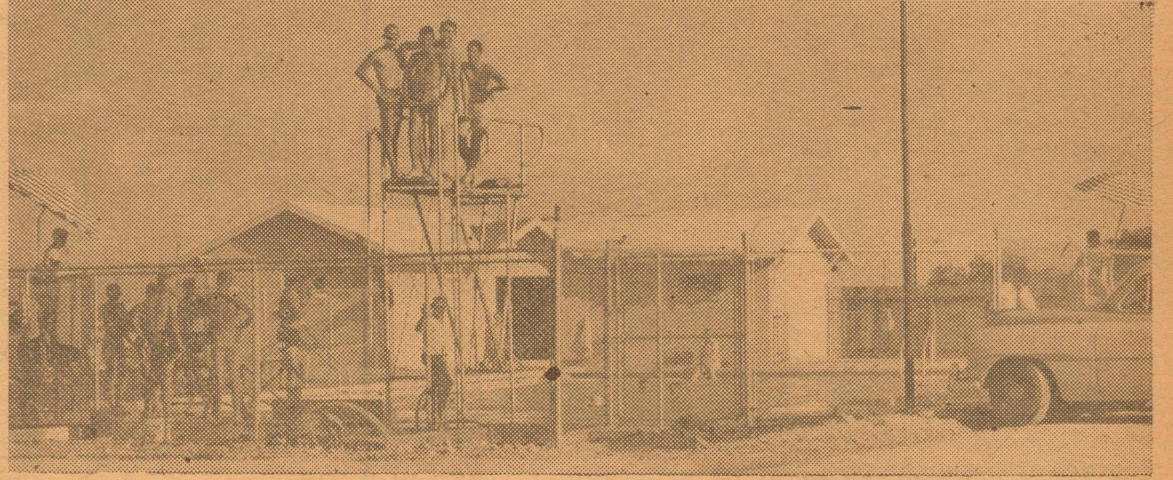

Farmers were hard at work in the fields this week and the ranchers were pulling bitter weed when another small rain fell Wednesday.

Here are a few totals:

New permanent employees at McKavett Humble are M. M. Caldwell of Crane and Wm. Landrum of Odessa, who moved to company houses. Two more permanent men will arrive soon and take up residence in the other two houses. Here on temporary assignment is B. B. Wagon, who formerly lived here, and who has rented a Gus Love house.

ALREADY POPULAR RECREATION SPOT

ALREADY being put to good use, Schleicher county's new swimming pool has been attracting large crowds during the recent hot days, as this photo shows. There was unseasonably cool weather the first week the pool was in operation. This is the first

year for the pool to be in use, and it will be the scene of a formal opening the afternoon of July 4, Luedecke Day. A bathing review and contests are expected to attract contestants from surrounding towns, as well as from Eldorado.

Formal Opening of Pool To Be Held On July 4th

LIONS CLUB

The program at the Lions club made up in Washington by the Special Weapons Project in the Pentagon especially for our use during General Alvin Luedecke Day. It depicts the explosion of atomic and hydrogen bombs and gives a good picture of the extensive responsibilities over which General Luedecke has command. Although General Luedecke does not appear in any of the scenes, he is in charge of the entire stockpile of atomic bombs and will command the tri-service Task Force Seven, which is scheduled to explode another hydrogen bomb in the area of the Pacific Ocean. The motion picture will be shown at the Sorora Lions Club on Tuesday, June 25. It is available to any groups who would like to see it.

The picture was shown on the new Kodak 16 mm. projector of the Southwest Electric Co-Op. Don McCormick has the film and can be contacted by any groups that would like to use it.

This was the last program of the Lions Club year to be presented under the planning of the program chairman, Lion Rev. Heaner. The other luncheon sessions until Luedecke Day will be concerned with plans, reports, and preparations for the Fourth of July celebration.

In July the new program chairman will be the Rev. James L. Spencer. He will serve for the next twelve months.

Teen Club To Open Friday Night In Corral

Opening tomorrow night, Friday, will be the Teen Club in the Corral room of the Memorial Building, with Mr. and Mrs. Byrl Clayton as directors.

The club will be open from 7:30 to 10:30 and will be open to all who will be in grades 6 through 12 this coming school year.

At tomorrow night's meeting, those attending will be divided into Junior and Senior divisions and succeeding nights designated when each division will use the club.

The club will be open three nights a week with the Claytons in charge. The nights designated are Monday, Friday, and Saturday, 7:30 to 10:30.

On Sunday afternoons from 2:00 to 6:00 the room will also be open with parents in charge.

There will be games furnished, and refreshments will be for sale. The no-host idea is to be carried out in the program.

This is an enlargement of the school-sponsored summer program for youth, which in recent years has included the Little League baseball teams.

WILDCAT SPOTTED

Tucker Drilling Company, San Angelo, will drill a 5,000-foot wildcat 6½ miles northwest of the Tillery pool in Schleicher. It is No. 1 Wilson, 2,319 feet from south and 1,650 feet from east lines of section 14, block I, GH&SA survey.

'Day' Central Committee Maps Out Semi-Final Plans

Don McCormick presided in the absence of Ernest C. Hill at a meeting Monday night of the central committee of Luedecke Day, scheduled here for July 4. Committee members reported on various phases of the planning for the day.

Joe Christian reported that plans were progressing well on the parade which will start near the school house at 10:30 in the morning, come down Divide street, pass the reviewing stand in front of the courthouse, and go around the courthouse block.

Floats will depict the various periods of Gen. Luedecke's life. Christian has been assisted with planning the floats by George Cales.

An old airplane is still being sought for the parade, it was pointed out by Christian.

Visiting dignitaries in the parade will ride in open topped cars. F. V. (Turk) Everett will have charge of building the reviewing stand.

Orval Edmiston, as sheriff, has charge of law and order on the Day. Two highway patrol units will be on hand to direct through traffic around the business district during the parade.

Public address systems are being arranged for by Edwin Jackson.

A military speaker will give an address following the barbecue. Joe Andrews is in charge of procuring the speaker. Charlie Trigg has also been helping with this phase of the Day.

Special Invitations were reported on by Patton Enochs, who stated that the drill team from Connally Air Force base at Waco, expect to attend, as well as the Webb AFB band.

Decorations in the business district will be arranged for by Gus Love, who reported that a San Angelo firm was engaged in con-

nection with this. In addition to business houses, the speakers stand and banquet hall in the Memorial Building will be decorated.

In other ways effort is being made to beautify the town. Home Demonstration women set out some flowers on the island in front of the post office. Also some of the lots overgrown with weeds are to be mowed.

The all-important matter of finance was reported on by W. T. Whitten. He stated that the drive to sell the barbecue tickets was under way, and that a booth would be set up in the business district Friday and Saturday, June 21 and 22, to sell them at \$1 each. It is

hoped that goats will be donated for the barbecue.

The committee approved addition of a new event for Luedecke Day. Jack Browning will make plans for a formal opening of the new county swimming pool, which will include a beauty review and diving exhibition. It will be held following the afternoon military speaker.

Closing out the Day will be a banquet at 8:00 in the Memorial Building at which General Luedecke will be the speaker. Carroll Ratliff is in charge of the banquet. A San Angelo caterer will furnish a fried chicken supper, it was stated.

Little League Program To Start Next Monday; Opening Game June 21

Guy Whitaker will be director this summer of the Little League program which will be launched Monday morning, June 17, when all boys planning to play will report to him at 8:00 a.m. Those wanting to play Pony League will report at 1:00 o'clock the same day.

Girls who want to play tennis will report at 8:00 Tuesday morning, in front of the gym.

Games will be played at Legion Field which is now in its new location by the new swimming pool. Players were assigned to teams some time ago.

The first matched game will be

between the Yankees and the Indians and is scheduled for the night of Friday, June 21. This will be the big opening night for the public. Legion officials assure us that by that time the new field will be ready with lights, fences, bleachers and dug-outs.

A prominent county official will probably be called upon to throw out the first ball, and there will be a dedication of the new field and introduction of the players.

On that night, too, a drawing will be held for the \$100 suit which will be given away. A spirited ticket sale has been going on for several weeks and a big turn-out is expected.

Still another event has been added to the schedule of events set for July 4 in connection with Gen. Alvin Luedecke Day. A bathing review and diving contest to formally open the new Schleicher county swimming pool will be held at the pool site in western Eldorado. The Luedecke Day central committee approved this action at their meeting Tuesday night, at which the pool manager, Jack Browning, outlined his plans for the event.

It is planned to start the events at the pool during the afternoon.

All civic clubs and business men are invited and urged to sponsor entries in the bathing contests on the Fourth. A prize will be given the first three contestants in both events.

Entries should be turned in to Jack Browning as soon as possible, along with pictures, so they may be given publicity in the papers. These should be in not later than the 29th of June.

The new pool has already been in operation two weeks. The pool was completed this spring and is recognized as one of the most modern swimming pools in the area.

Other Pool News

Swimming weather has finally arrived in Eldorado. Friday, Saturday and Sunday there were a total

of 422 swimmers signed in, for an average of 140.5 for the three-day period. The average per day since the pool first opened is not available since a count was not taken until Friday, but it is estimated that the daily average is over 100 persons.

Swimming lessons were started Monday morning with 54 students. There is an adult class available for anyone wishing to take them, and there are already five adults enrolled.

Season Tickets On Sale

In a meeting with the commissioners court Monday, the manager was authorized to sell season tickets, and they are now available at the pool.

There are tickets for individuals, both 20c and 30c admissions, and the pool is also experimenting with a family season ticket plan.

Prices on season tickets were announced as follows:

Ind. child (reg. 20c)	\$.05
Ind. Adult (reg. 30c)	\$.13
Man and Wife	\$.18
Man, wife, 1 child	\$.18
Man, wife, 2 children	\$.22
Man, wife, and three or more children	\$.25

There will be no charge for additional children in the family after the first three are paid for on the family plan.

AUTHORITY GRANTED FOR GAS LINES CONSTRUCTION

Announced last week was the fact that the Federal Power Commission had granted authority to the Pioneer Gathering System to build gas lines in Schleicher, Sutton and Val Verde counties.

The Pioneer company of Amarillo has been making plans for months to enter this area with a natural gas gathering system. Last November they filed their application for the PFC permit, which was granted last week. It is understood that engineers from the company are now in the area making surveys for the proposed lines, and that construction is due to commence immediately. The gathering system will open up capped gas wells in the three counties named, and will eventually stimulate more drilling.

Included in the deal is a contract whereby Pioneer will take 12 million cubic feet of residue gas per day from Sinclair's Gas Products plant at Huldale.

To condition the residue gas for sale, Sinclair will install a desulfurizer and a dehydrator. Pioneer will install a gas compression station near the Huldale plant to boost pressure to 800 pounds for transmission.

All of the gas gathered in the area by Pioneer will be piped to a point in northwest Schleicher, where it will be sold to the Permian Basin Pipeline Co. This company is scheduled to build a 3,960 HP compressor station to boost the gas on toward Midland. Land owned by A. R. Parker about 12 miles northwest of Eldorado is understood to be the location for the proposed compressor station.

Luedecke Day Banquet Tickets Are Being Sold

Tickets to the banquet which will close out the July 4 Luedecke Day celebration are being sold under direction of Carroll Ratliff, chairman of arrangements for the banquet, which will start at 8:00 p.m.

The sale at present is restricted to Lions, firemen, Legionnaires, and women's club members. After next Wednesday the remainder of the 300 tickets will be sold to the general public.

The tickets cost \$2 each. Billy Sam Hale started Wednesday to work for Ohio Oil Co., for the summer.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

Dr. Seaman A. Knapp, father of the demonstration method of teaching, said, "Your value as an agent, lies not in what you can do but what what you can get others to do." And there, simply stated, lies the burden of responsibility which every educator and community leader must accept and try to carry out. It isn't what a teacher knows that makes him good—it's what his pupils know after he has taught them. It's not what an extension agent can do but what people will do and the effort they will put forth to try to make their homes and communities better after they have seen a demonstration given.

Goethe had this to say about youth and old age. I agree with him. "People always fancy that we must become old to become wise; but in truth as years advance it is hard to keep ourselves as wise as we were. Man becomes in the different stages of his life a different being, but he can not say a better one; in certain matters he is as likely to be right at twenty as at sixty."

Eat a good breakfast to start a good day. Want to test your breakfast? Here is a 3 point test.

It gives you materials for body building and repair and to help keep you healthy. It provides fuel for body energy. It tastes good.

What's in a good breakfast? Try these patterns on for size—they vary all the way from light to hearty.

Fruit—cereal or bread—milk to drink. Or other beverage is desired.

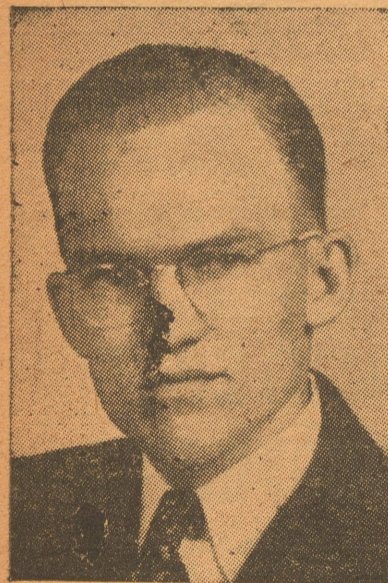

Fruit—bread, egg, beverage.

Fruit—cereal — eggs or meat such as ham, sausage, (bacon is classed as a fat, not a meat) bread and beverage. Fruit in every breakfast.

Summer is a good time to high point breakfast. Make it cheerful, make it taste good, change the pace, occasionally change the place for eating breakfast, add variety to the menu.

Pre-cooked sausages are now on the market in aluminum broil-type pan, oven wrapped with cellophane, ready to cook. Remove cellophane, add 2 tablespoons water and heat in oven or on top of stove.

learn some calorie arithmetic. Your body uses as fuel mainly starch, sugar, fat to give energy and keep you warm. The amount of fuel that foods provide is figured in calories. All foods give calories—some more than others. There are about 100 calories in each of these:—
1 large orange.
1 large apple.
1 banana.
3 large prunes
1 thick or two thin slices bread
1 medium sized potato
1-inch cube of butter or margarine.
1 ounce serving dry cereal
2/3 cup whole milk.
2 slices cooked bacon
1 1/3 eggs.
5 teaspoons sugar.

With the children at home for lunch this summer this chocolate pudding mix recipe might come in handy on busy days—or on days you don't want to be busy. Keep some on hand.

Chocolate Pudding Mix
1 1/2 cups sifted flour.
2 cups non-fat dry milk solids (powdered milk, any store)
2 teaspoons salt.
2 cups sugar.

Mix all ingredients thoroughly, and sift three times. Store in tightly covered container, a fruit jar might do. Use this mix for:

Pudding: To 1 cup mix add 1 1/2 cups water or sweet milk. Cook over-boiling water for 15 minutes, stirring constantly. (Flour will cook and lump if not stirred.) Add 1 tablespoon butter or margarine and 1/2 teaspoon vanilla after pudding is cooked. Serves 3 or 4.

Chocolate Sauce: To 1 cup mix, add 2 cups water or fluid milk and 1/4 cup sugar. Cook over boiling water 15 minutes, stirring constantly. Add 2 tablespoons butter or oleo and 1/2 teaspoon vanilla, after sauce is cooked. Makes 2 cups. Good on cake, ice cream

Roy, son of Mr. and Mrs. Cecil Williams, has gone to Snyder to work for the summer.

Miss Childers Engaged To Joe Wayne Phillips

Mr. and Mrs. Edwin Childers announce the engagement and approaching marriage of their daughter Penelope to Sp/3 Joe Wayne Phillips of Augsburg, Germany, son of Mr. and Mrs. Dale Phillips of Lovington, New Mexico.

I AM NO LONGER RESPONSIBLE FOR MY WIFE'S ACTIONS

(Since she got her new kind of Ford)

"If she is unbelievably happy at 7:00 A. M. every morning, I now hold her 1957 Ford responsible. If she is off for the day at 7:02 A. M., I suggest that it is the power of Ford's Thunderbird V-8 engine. If she appears vastly more style-conscious, it is the longer, lower lines of her new kind of Ford that have made her so.

"If she arrives home remarkably refreshed, I refer you to the lower, more comfortable seats, the wider wrap-around windshield and the other peace-of-mind features of her new "Inner Ford." If she's just a bit more spoiled, don't blame her. With optional power steering, power brakes, power windows and seat—who wouldn't be?"

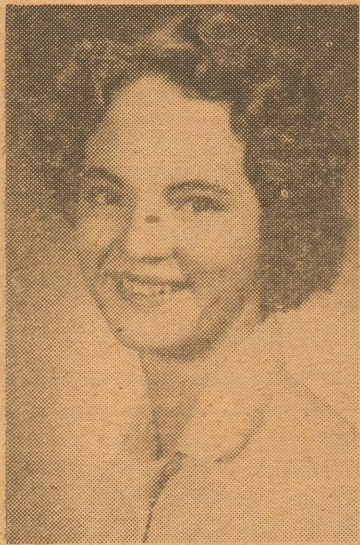

"And if she is constantly raving about the savings her new carbrings her, she's merely confirming what I've been telling her about Fords for years! Sure, we're a two-Ford family now. But even having one Ford in the family was more fun than you can imagine! Try a new '57 Ford at your house. It's Terrific!"

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

YOU. CITIZEN
Proud men and women, ancient and modern, who fought free of tyranny, have taken the name of citizen. Others may call themselves subjects, denizens, slaves, etc.

For the Greeks, with rare exceptions, citizenship came by blood. You had to be born a citizen's child.

But the Romans, like us, found ways to make citizens of those who came up to certain standards: As Gibbon said, the Romans sacrificed "vanity to ambition: and deemed it more prudent as well as honorable, to adopt virtue and merit for her own wherever found—among slaves, strangers, enemies or barbarians."

American citizenship is an office which carries power, privilege, and duties. Only citizens can do certain things—for example, teach in many schools and colleges, become lawyers, hold certain political or civil service offices.

You are a citizen if naturalized or born in the United States (subject to its jurisdiction); and in certain circumstances if born outside the United States to parents of whom one or both are American citizens.

As in ancient Greece, citizenship in most lands comes through blood, but American citizenship comes chiefly by place—where you were born.

(So dig out your birth certificates or naturalization papers if you can find them, and put them away safely; you may need them for many reasons, for example, to travel in foreign lands under U. S. protection.)

The Fourteenth Amendment holds that place of birth fixes native citizenship—all persons born in the United States. Your birth in this country automatically makes you a citizen unless you are not subject to U. S. jurisdiction, as in the case with diplomats' families and certain travelers.

In 1898 Chinese parents who themselves could then not become citizens, became parents in San Francisco of a son, Wong Kim Ark. Years later this fact settled the whole thing for the U. S. Supreme Court—he was a citizen. Nothing else mattered: not his parentage nor blood, nor his race, color, creed or ancestry.

Not all American Indians used to be citizens—only those whose tribal treaties with the federal government included citizenship. But in 1924 Congress made all American Indians, no matter what tribes, United States citizens.

CLIP BOARDS: Note size, letter size and legal size.—The Eldorado

Mike, little son of Mr. and Mrs. Pat McAlpine of San Angelo, is spending two weeks with his parents, Mr. and Mrs. W. G. McAlpine.

Mr. and Mrs. Henry Clark of Merton spent Sunday with the former's sister, Mrs. C. M. Reynolds and family.

Roy Crider and family stopped on their way home from a vacation trip to Huntingdon, Tenn. They were delayed in their return when Roy developed an arm infection. They report lots of rain on their trip.

Mr. and Mrs. John Parcell have returned from a fishing trip to Grand Lake and a visit with relatives in Oklahoma City. They were accompanied home Sunday by Mr. Parcell's mother Mrs. Bert Parcell of Oklahoma City. Other guests in the home have been Mr. and Mrs. Harold Bailey of Eldorado, Kansas. Next week all will go on a sight seeing trip to the Big Bend.

Guests in the L. D. Ochsner home were their son John and his wife and baby of Dallas who were here from Saturday to Wednesday. George of Midland, here for the weekend, and the Harold Scherzes and family of Sonora, here Sunday.

Billy Potter, one of the four Potter grandsons who have been staying on the Potter ranch, has been taken to a specialist at Brooks General Hospital in San Antonio where he had ear surgery and where other surgery will be performed later. He is staying with his maternal grandmother in San Antonio. He is 10 years old.

The Vernon Carrolls are still hard at work renovating the former Ben Isaacs house, which they have bought.

The L. C. Higgins family have returned from a month's vacation trip to Oklahoma City and other places.

O. L. Woodward broke bones in his hand when he caught it in the car door while working stock at the ranch.

Mr. and Mrs. W. J. Burrus visited Johnnie and his family at Indian Gap overnight.

A man stepped up to the cashier of a store, presented a \$5 bill, and asked for change. "Certainly," said the cashier, and opened his till. But a queer look came over his face. "I have \$14.19 in my till," he said, "but I cannot change your bill, sir."

"Then give me change for this dollar, if you please," requested the man, handing the cashier a dollar bill.

"Nor can I change your dollar," declared the cashier.

"I can get along if you will change this half-dollar, or this quarter," said the man.

"I am sorry," stammered the cashier, "but I cannot change those, either."

"Very well," said the patient man, "give me a couple of nickels, or pennies in change for this dime."

The cashier turned red in his face. "I cannot change your dime," he managed to exclaim; "the fact is—I cannot change anything!"

Now, what kind of money did the cashier have that he could not change anything out of the \$14.19 in the till?

Answer: The cashier had in his till a \$5 bill, four \$2 bills, a 50c piece, a 25c piece, four dimes and four pennies.

Gen. Luedecke Believed To Be Only Schleicherite Listed In 'Who's Who'

General Alvin Luedecke is believed to be the only citizen of Schleicher county who is listed in Who's Who in America. The latest edition, Volume 29, which covers the two years of 1956 and 1957, carries an account of his life.

Who's Who was founded in 1897 and has been published continuously since 1899 by the Marquis Company in Chicago. It is a biographical dictionary of the outstanding living men and women of the United States.

The article about General Luedecke in Who's Who is as follows: "LUEDECKE, Alvin Roubal, U.S.A.F. officer; born in Eldorado, Texas, Oct. 1, 1910; son of John Herbert and Lizzie Octavia (Smith) Luedecke; B. S. in Chemical Engineering, Texas Agricultural and Mechanical College, 1932; graduate of the Air Corps Flying School, 1934; married Gussie Lee Calhoun, Dec. 22, 1935; children—Jan Lee, Miriam Adair, Alvin Roubal. Commissioned Second Lieutenant, Air Corps, 1938, advancing through the grades to brigadier general in 1944; served with 7th Bomb Group, U. S. Air Force, 1935-37; operations officer 6th Bomb Group, France Field, Canal Zone, 1937-39; assistant military attaché for air, American legations of Guatemala, Honduras, El Salvador, Nicaragua, Costa Rica, Panama and Colombia, 1939-42; chief of air section, American Intelligence Service, Miami Beach, Florida, 1942-43; deputy chief of air staff to commanding general, Army Air Forces, China-Burma-India Theater, July 1943-46; in charge of strategic plans of the joint chiefs of staff, 1946-49; executive secretary of the military liaison committee of the Atomic Energy Commission, 1949-51; chief of the Armed Forces Special Weapons Project, 1951-53. Decorated with the Distinguished Service Medal, the Legion of Merit (United States), Cruz de Boyaca (Colombia). Home: 6035 Wooten Drive, Falls Church, Virginia. Office: Armed Forces Special Weapons Project, The Pentagon, Washington, D. C."

Luedecke Day—July 4

RUSSELL HEANER

Promotion of publicity on Luedecke Day has been under the direction of Russell Heaner, who was recently appointed to the pastorate of the Methodist church here for his second year.

Several news stories have been sent out over the wire services and been picked up by far-away dailies.

It is believed that a cameraman will be here on the Fourth to take movies which will subsequently be shown on Humble's T-V program, Texas in Review.

Distinctive red, white, and blue bumper strips are in evidence on many vehicles in Schleicher county, and distinctive buttons proclaiming the Day were ordered for distribution. They are already being worn by many citizens.

Serving with Heaner on the publicity committee are Bill Gunstead, Fred Gunstead, and Edwin Jackson.

ERNEST C. HILL

Since plans first got under way some months back for Luedecke Day, Ernest C. Hill has served as chairman of the central committee. The central committee has coordinated plans for the various events which will take place on the day. During Mr. Hill's recent illness, Don McCormick has been acting as chairman.

Mr. and Mrs. W. H. Hale have returned from a vacation trip to California. They visited Mrs. Hale's mother and brother at Orange, a brother at Santa Ana, and were met there by plane by Mrs. Hale's brother and wife, Mr. and Mrs. W. H. Vaughn of Rogers, Ark., who accompanied them home for a few days. They all did some sight seeing while gone. They report the desert cool, with rains near Phoenix and on into New Mexico, and they encountered their first hot weather at Van Horn and Fort Stockton. They left home June 1.

O. E. S. members attending a meeting and barbecue at Fort McKavett Tuesday night were Mrs. J. D. Ashmore, Mrs. W. T. Whitten, Mrs. W. T. Huber, Mrs. Jud Brannan, Mrs. Ben Hext and Miss Nettie Isaacs. At the installation services in the afternoon Mrs. Ashmore and Mrs. Brannan were installing officers. After the barbecue the Masons held their meeting which a number from here attended.

Arriving here Tuesday on a week's vacation were Captain and Mrs. R. N. McDonald and son Paul who visited the Nolan McDonalds. On Wednesday all went fishing at Granite Shoals. The family are from Tucson, Ariz., AFB.

Major G. A. Henderson and family of Amarillo have been visiting Mr. and Mrs. C. C. Henderson, the major's parents. They are going on to Victoria to visit Mrs. Henderson's parents.

Visitors in the home of Mr. and Mrs. Levis Kinser last week end were their daughter and family, Mr. and Mrs. Chas. Collins and baby of Dallas.

NEW HIGHWAY MAPS FOR 1957 NOW GOING OUT

Austin.—The official highway travel map of Texas, completely redrawn to include 450 towns not shown in previous years, has just been released by the Texas Highway Department. These maps are being dispatched as rapidly as possible to fill a backlog of thousands of requests, according to D. C. Greer, state highway engineer.

Inch for inch, the map, which is possibly one of the most widely known travelogues of the state, gives more travel guidance about the largest state in the Union than any comparable printed matter of such handy size. A new cartographic system employed to produce the 1957 map made possible the addition of thirty per cent more information. Multi-lane highways, farm-to-market highways and state and federal highways are indicated. Key altitudes also are noted, and roadside parks as well as state parks are indicated. The new map contains more detailed information than its predecessors.

All streams and public lakes of major size are shown, and cities with a population of fifty thousand or more are mapped as a city inset. Color photographs on the back side of the map picture Texas' recreational, industrial and landscape attractions. A running account of Texas history and the state's natural resources, climate, size, recreational facilities and industries are included in the back side information.

Greer estimated that approximately one-half of the map requests each year come from prospective out-of-state tourists. "Maps are available free," the State Highway Engineer commented, "and they be secured either by writing direct to the Texas Highway Department, Austin, or to any of the Department's district offices or to the Travel Information Bureaus maintained by the state."

News From Our Neighbors

Oats Crop Gone

The oats crop in this area which loomed so promising until about a week ago, has been given up as practically a complete loss. Farmers report that the kernels in the sheath of the heads have "disappeared" because of too much rain. —Eden Echo.

Auction Ring Reopens

Ranchers' Commission Company will reopen under management of Roy Robbins and Asa Murr with the first sale at 1:00 p. m., Thursday, June 20. —Junction Eagle.

Fort Stockton Boom

Construction work in Fort Stockton appears certain to set an all-time record during 1957. Permits for work issued by the city, and other projects for which permits either were not necessary or have not been issued, show a whopping total of \$859,148 for the first five months of the year. Leading the permits for houses are one Shugart is building for himself at a listed cost of \$35,000 and one being erected for rancher Conoly Brooks for \$30,000. — The Fort Stockton Pioneer.

Park Bonds In Reagan

Resident, qualified taxpaying voters in Reagan County are to decide on Saturday, June 22, whether the Commissioners Court of the county be authorized to levy, have assessed and collected an ad valorem tax, not to exceed five cents of the \$100 valuation, for the purpose of providing and improving lands to be used as county parks. —Big Lake Wildcat.

Valuations Up In Crockett

Representatives of oil companies operating in Crockett county met with the Commissioners Court sitting as a board of tax equalization here Monday and agreements were reached which will result in a rise in Crockett county's tax valuations for this year. County Judge Houston Smith reports. Just how much the raise will be will not be known until the county's tax auditors have completed their evaluation figures, the judge said, but he estimated that the valuation would show some increase from last year. —The Ozona Stockman.

Ballplayers In Wreck

Eight baseball players of Clovis, N. M., were in a 1957 Chevrolet station wagon that overturned at the Garden City Y at noon Wednesday. As the car made the turn toward Garden City from Highway 80 the car skidded and overturned, said deputy sheriff Jake Martin. Four of the players were hurt, one with a back injury, and

the other with cuts and bruises. The car had a little one-wheel trailer containing luggage behind. — Sterling City News-Record.

Oil Venture Dry Hole

Menard County's latest oil venture this week was plugged and abandoned as a dry hole. Tucker Drilling Co. of San Angelo quit the No. 1 R. A. Tisdale, wildcat located 15 miles north of Ft. McKavett, at 4,860 feet. It was the third dry hole drilled in the county in the last year. —Menard News.

Irion Problems

Tyson Gentry was asking the other day if we had any plans that some of the hay farmers could use in mounting a mower, rake, and baler on a boat. If you have any ideas they would appreciate knowing about them. —Mertzon Weekly Star.

Crops Being Planted

Clear skies this week were welcomed by farmers anxious to get on with field work after a month of nearly continuous rainy weather.

Some crops are up and need plowing, but most feed crops and cotton are yet to be planted. There is plenty of time for planting, June is regarded as cotton planting month in West Texas, while feed crops can be put in most any time during the summer. —Robert Lee Observer.

Don't We All

The City of Bronte has a serious problem on its hands this year. Luxuriant growth of weeds and puddles of water standing around in all sections of the city are causing flies and mosquitoes to breed at an alarming rate. In fact, the whole town is full of the critters. Perhaps when the city council meets tonight something can be worked out to alleviate this situation. We hope so anyway. —Bronte Enterprise.

can jurisprudence: it deprives a citizen of the right of trial by jury for certain alleged violations of existing laws, and makes him subject to trial by a Federal judge who would make the final decision of guilt or innocence.

That is proposed by a rather clever gimmick injected into the bill, making the United States a party to all lawsuits concerning any alleged violations of the law if enacted. When the U. S., even technically, is a party to a suit, then under existing law the right of trial by jury is automatically denied to a citizen who it is contended has violated an injunction issued by a Federal Judge. If, on the other hand, the United States were not a party to the suit, then the right of trial by jury would remain inviolate.

Thus, in an appeal for colored votes, the Attorney General, who drafted that bill, would deprive a citizen of rights which are as dear to him as any civil right ever conceived.

Inside story on the Formosa riot, which say the American flag ripped from its staff and Americans reviled and spat upon by a howling mob, connects that anti-American uprising to Chiang Kai-shek's son, General Chiang Ching-Kuo. The latter, in charge of police and internal security, was educated in Moscow and is married to a Russian woman.

issimo was chased from the mainland 8 years ago. Kuo has organized a youth movement, including many students. At their meetings many unkind things have been said about the U. S. and about Americans.

Thus, sentiment was ripe for the outburst, and resentment to the acquittal of an American sergeant for slaying a Chinese peeping tom served to trigger the explosion. Kuo's hasty denial that his youth members were anti-American was very unconvincing to insiders. In fact, while it has not been paraded in the press the blame that has fallen on Kuo is such that his trusting father, the Generalissimo, is planning to send his son to America to "study" in an effort to placate the critics.

We are not blameless. We simply have too many Americans in Formosa. The 10,000, including dependents, is at least 9,000 too many. The Free World, and the U. S. in particular, has a vital stake in keeping Formosa free, but the Seventh Fleet can handle that situation. Too many Americans concentrated in a small place, with living standards much higher than natives enjoy, cause a natural resentment. After visiting Formosa two years ago I protested the over-staffing there with waste and extravagance evident on every hand. A proper military mission is essential, but everybody—bureaucrats and all—just had to get into the act. The government has just announced its intention to re-examine the situation with the view of pulling some of these people out and bringing them home. That move is overdue.

MISS WOOL CONTEST GETTING UNDER WAY

Seven junior chambers of commerce from leading cities in Texas have agreed to furnish entries in the 1957 Miss Wool Pageant which will be held the last week in August in San Angelo.

Eleven finalists will be chosen from these and dozens of other applicants from all over Texas. These eleven will be the guests of the San Angelo Board of City Development for a week of entertainment and, of course, the series of contests that will decide the 1958 Miss Wool, the queen of the wool industry. The finalists will arrive in San Angelo on Sunday, August 25, and will remain through Friday for the pageant the night of the 30th.

Capt. and Mrs. R. N. McDonald and son Paul of Tucson, Arizona, arrived Tuesday for a visit with his parents, Mr. and Mrs. Nolan McDonald.

Mrs. James Williams and children Jimmie Dell and Keith, have been visiting relatives in Dallas. Jimmie remained to work on a summer job as typist.

Mr. and Mrs. Gene Reichenau of Baytown and daughter Gena, and niece Carla Catherine Seeley, were overnight guests in the Camilla Raggio home.

There has been no W. M. U. the last two weeks as most of the ladies have been busy with vacation Bible school. Our regular monthly conference preceded the prayer meeting Wednesday night. Vacation Bible school was the most outstanding we have ever had. We are very grateful for the opportunity of working with all these children.

Refreshments were served to all the younger classes at Training Union Sunday night. They spent the hour outside playing games.

Thought For The Week
Ministerial Alliance

The Feast of Pentecost brings to the Apostles as the Holy Spirit descended and dwelt among them. It seems to have been the case of a group of individuals of different lands who suddenly saw each other as God's creatures for the first time. Through their experience of Jesus they understood who they were. Can we not say then that that for the first time they saw each other as whole men who were holy in God's sight? This is certainly one aspect of the experience

of Pentecost.

There is a great lesson here for us as we go about each day seeing and speaking or not speaking to one another. How do we see each other? Do we look with the divine eyes and see whole men who are holy in God's sight or do we look with our critical eyes and see broken men who do not measure up to our standards of behavior?

When we see our neighbors with the divine eye we see first a child of the Almighty who values each of us the same. Then we can see that this or that child of God has some need that I in some way may be able to fulfill. Also we see that others, like ourselves, are strangers in a strange world and may not respond to our offered help as we think they should.

Dr. Albert Schweitzer illustrates how it is possible to see men whole and as holy unto God. Seeing men as whole men holy unto God, he sought those whom he felt had the greatest needs and set about doing something about those needs. He has brought medical help to some native African people and he knows that like himself these Africans are strangers in a strange world and that they may or may not be grateful for what he does for them. But Dr. Schweitzer persists and has given his life to and for these people following the example of his Lord, Jesus the Christ.

Ask yourself, "How do I see other men?"—Alanson Brown.

The vacation church school program was presented at 8 p. m., last Sunday evening, with all of the boys and girls of the VCS attending. The director of the VCS, Mrs. Lawrence Newport, was

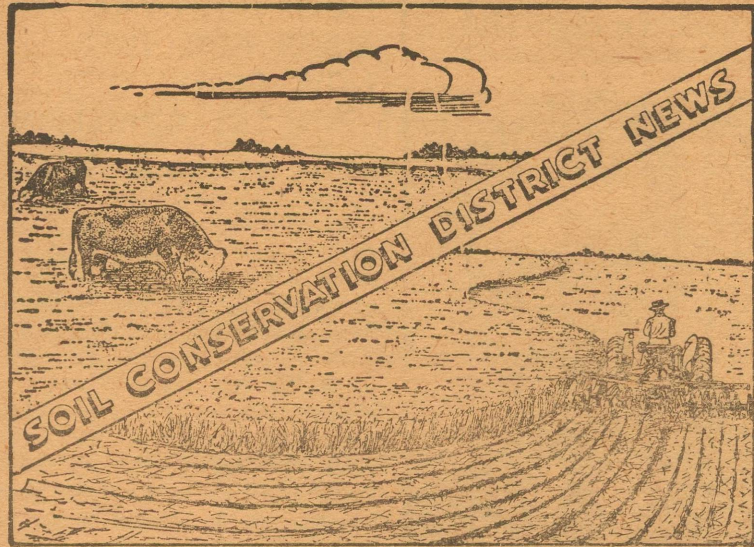

out of town. In her absence, the program was under the direction of Mrs. Albert McGinnes.

Rev. and Mrs. R. R. Heaner are in Kerrville this week, where they are both working in the Senior Assembly. The Assembly includes 11th and 12th grade students from the San Angelo, San Antonio, and Kerrville districts. Rev. Heaner is the Dean, in charge of the assembly. Mrs. Heaner is teaching a course on "Missions: U. S. A." In case of any emergency, the pastor can be contacted at Mount Wesley, Kerrville. He will return to Eldorado on Saturday from Mount Wesley, after the senior assembly is over.

Mrs. Dena White is at the home of her daughter. She can be sent letters and get-well cards to this address: Mrs. Dena White, % Mrs. Marian Baker, 1006 Robin Rest, San Antonio, Texas. Let us remember our ill and shut-ins in our prayers. Our other known sick at this time are Miss Jewel Shelton and Mr. Ernest C. Hill.

The choir practices every Wednesday evening at 7:30.

The district planning conference will be held on Monday, June 17, from 9:30 a. m. until 3:30 p. m., at the First Methodist Church in San Angelo, with the district superintendent, Dr. L. Eugene Harris, presiding. The noon meal will be served at the church at one dollar per plate. Those who should attend are: District Steward, five chairmen of the commissions, members of the District Board of Missions, Church lay leader, director of Stewardship, president of the MYF, the church director of radio and TV ministry, director of Young Adult work, and the members of the district board of Hospitals and Homes.

The Board of Supervisors of the Eldorado Divide Soil Conservation District in their regular monthly meeting Friday, June 7, approved conservation plans on 11 farms and ranches totaling 11,412 acres.

Some of the plans were progressive and some were basic. By progressive we mean only one or a few conservation practices are planned by the land owner for the farm or ranch. A basic plan means that all the needed conservation practices are planned for the farm or ranch.

It is important to remember that these plans whether progressive or basic are the landowner's or operator's plans of the things he wants to do to save his soil, hold his water runoff to a minimum, and improve his place in general.

District supervisors in their regular monthly meeting voted to sponsor a trial root-plowing and reseeded job on Tuesday, July 9. Watch this column for more exact details. As yet the exact location has not been determined. This trial is planned especially for heavy infestation of mesquite. This work will be done in conjunction with Wm. K. Holt Machinery Co.

Brush control (mesquite) and reseeded are two of the more important problems facing us at this time. We can find a suitable solution only by trying the different methods available and studying the results.

Looks like all those undesirable weed seeds have come up with the increase in moisture we have been having. All these plants have been going to seed each year for the past several years and in this per-

iod of time they have produced lots of seeds. Unless we have deferred our pastures during these years, we generally have had enough stock in our pastures to make the rounds and see to it that the high producing and highly palatable plants did not make seed. It's no trouble for an undesirable plant to make seed in most pastures. Mr. Wilson, of Ft. McKavett, said the other day he could see a decided decrease of mealycup sage on his ranges due to deferments and allowing better plants to go to seed.

Deferring in Pasture
In order that the district might arrive at almost an exact total of acres being deferred this year for the Schleicher county part of the district please report any pasture you might be deferring to your district supervisors or the Eldorado work unit office. This should include pastures that are deferred at least two months or longer.

Guests of Mr. and Mrs. O. Sudduth were Mr. and Mrs. Arlie Hughes of Corpus Christi, former teachers here, Mr. and Mrs. Lonnie Sockwell of Eden who were here Sunday, Mr. and Mrs. Charlie Barrett of Harper, who visited Mrs. C. A. Spencer in the Sudduth home, and the Elton Spencer family, and the Elton Spencer family of Harper, who were here Monday.

Virgie Tinning, who is a guest of her grandmother Mrs. Virge Tisdale, returned Wednesday from Hutto where she visited her grandmother Tinning.

Truett Stanford who had major surgery last month, had to return to the hospital for several days' treatment, and was back home Tuesday.

The best group of four fleeces were shown by Charles West, 2nd Jimmie Whitten, and 3rd was Joe Stanford.

A total of \$78.00 was given in premium money. Mr. Fred Campbell, associate county agent, was in charge of the show. Billy Kidd judged the show. Training in wool and mohair judging was given by Mr. Campbell and Kidd after the show.

Ernest Nimitz, Ferris Nixon, Judge Whitten and Dwain Sauer will represent District 7 in grass identification at College Station, at the 4-H Round-up June 11-13. This is the State contest and they will be competing against eleven of the best teams in the state.

The Rev. M. C. Stearns, former pastor of the First Methodist Church, Eldorado, has been named Texas CROP (Christian Rural Overseas Program) director effective June 1st.

A beautiful, well kept lawn adds to the material value of the home and is a basic requirement for an attractive yard. There is now available in the county agent's office and county home agent's office a very popular publication, B-203, Home Lawns.

The wool team of Jimmie Whitten, Ernest Nimitz, Bob Steward and Mike Moore competed in the state wool contest held in San Angelo June 9th. This team placed 5th. This contest was so hotly contested that only a few points separated 1st and 5th places. The highest scores overall in a state wool contest ever recorded, were made, according to J. A. Gray, sheep and goat specialist with the extension service.

Sixteen boys of four teams of different age groups represented Schleicher county in the Crockett County range contest. This range study was sponsored by the Crockett County Soil Conservation service.

Doyle-Etheredge Vows Read In Garden Wedding

Miss Burnell Doyle became the bride of Mr. Billy Jack Etheredge Saturday evening at 7:30 in a garden ceremony at the home of the bride's parents, Mr. and Mrs. Claude Doyle. The groom is the son of Mr. and Mrs. Jack Etheredge.

The double-ring ceremony, officiated by Rev. Durward Rutland of San Angelo, was performed before an arch of greenery, pink daisies, and pink gladioli.

The bride, given in marriage by her father, wore a dress of white brocaded taffeta styled on a princess-line with scalloped neckline. Her illusion was caught to a scalloped pearl tiara. She carried white gardenias in net and lace with showers of satin ribbon and stephanotis atop a white prayer book.

The bride's only attendant was Mrs. S. E. Etheredge, Midland, cousin of the groom. She was dressed in a pink brocaded cotton dress styled like that of the bride's, and she wore a black lace picture hat with black patent accessories. Her colonial bouquet was of green feathered carnations with white satin streamers.

Myrl Sudduth, cousin of the groom, was best man.

At a reception following the wedding, the guests were registered by Mrs. Ethel Etheredge. Punch was poured by Mrs. W. E. DeLong and the three-tiered wedding cake was served by Mrs. W. C. Doyle. Also in the house aparty were Mrs. A. H. Lindholm and Miss Mattie Yarbrough.

After a short wedding trip, the couple will be at home in Ozona where the groom is employed with Continental Oil Company.

Mrs. Etheredge is a graduate of Eldorado High school where she was cheerleader, Football Sweetheart, FFA Sweetheart, member of the National Honor Society, Student Council, and FHA club. She was also Homecoming Queen of Eldorado. She attended San Angelo Business College and has been employed in the First National Bank in Eldorado.

Mr. Etheredge is also a graduate of Eldorado High School where he was captain of the football team, member of the tennis team, Student Council, and was elected Most popular boy. He attended San Angelo College and completed his junior year at Texas Tech.

Out-of-town guests were: Mr. and Mrs. John Love, Luling; Mrs. W. E. DeLong, San Angelo; Mr. and Mrs. R. H. Lindholm, George West; Miss Mattie Yarbrough, San Antonio; Mr. and Mrs. D. N. Blackwell, Kerrville; James Griffin of Kerrville; Mr. and Mrs. Alford Sharp, Crane; Mr. and Mrs. H. E. Sharp, Odessa.

Rev. O. D. Heflin, pastor of the Fundamental Baptist church, of San Angelo, who has been serving the Fundamental Baptist church here, has moved to parsonage here with his family. He will commute to San Angelo to continue with his job with General Telephone.

 This evening some forty Presbyterians from Eldorado will go to Sonora to participate with the Presbyterians there first in a barbecue supper at 6:00 and at 7:30 a Commission of the Mid-Texas Presbytery will organize the Presbyterian Church of Sonora. One of the key figures in the process of preparing the ground for this action has been Mr. Pat Cooper. He has worked untiringly to bring about this forward step and will be one of the best workers as they go into action as a church. They along with about 8 more churches who are now members of the Mid-Texas Presbytery will become members of the Presbytery of the Southwest on January 1st, 1958.

Next Monday night the Board of Deacons will meet at 7 and at 7:30 the Presbyterian Men's Club will meet in the back lawn of Mr. and Mrs. A. G. (Mack) McCormack. Between the meetings a supper of barbecued hamburgers will be served along with other good things to eat.

The Senior-Hi Fellowship is sponsoring a special Bible study each Sunday evening at 6:30 in the sanctuary. The young people themselves have charge of all the program except the leading of the study which is done by the pastor. Keen interest is evidenced in the first two sessions and we feel that those who attend once will want to continue. We are studying the Gospel according to Mark.

"He sure knows how to pick 'em!"

Bridesmaid: You mean Lucille... or are you talking about their Oldsmobile?

Best Man: Both! But I was really looking at their car. What a beauty!

Bridesmaid: They sure are a lucky couple.

Best Man: And smart, too. That Olds costs less than you'd think. It has style that will stay in style. They get real comfort... a wonderful ride... and the big Rocket Engine...

Bridesmaid: She looked so lovely...

Best Man: They'll really find out how smart they are to own an Olds at trade-in time. Why, an Olds brings a better price than lots of the most expensive cars, even after a couple of years of use.

Bridesmaid: You know what I wish? I wish that someday...

Best Man: That you can own an Olds? Don't waste your wishes. Let's take a ride in my Golden Rocket 88. Maybe your dreams'll come true sooner than you expect.
