Pioneer Gathering System Men Working On Right-Of-Way

J. M. Weymouth and E. E. Smith have been working in Schleicher County this week arranging for right-of-way for the proposed gas lines which will run through this county and Sutton and Val Verde.

The men are with the right-of-way and land department of Pioneer Gathering System, Inc., of Amarillo, who were recently granted a permit by the Federal Power Commission to establish the system in this area.

According to Mr. Weymouth the company expects to start surveying for the lines next week. Contractors later will use a crew of about 200 men to dig the trenches and lay the lines.

The first line to be laid will be from Huldale on west to a point about two miles north of the old Reynolds school, where Pioneer will deliver their gas to a Permian compressor station.

Pioneer's other line will start at that point and go south—through the western part of Schleicher—through Sutton and into Val Verde county.

The entire set-up will eventually be a big tax item for this county, and will also provide employment for many people in this area.

Right-of-way difficulties were slowing down the project early

this week, but it is hoped that land owners will co-operate so that construction can get under way without undue delay.

A booster station at Huldale is another item that will be established by Pioneer.

MINISTER SAYS NO

The pulpit committee of the First Baptist Church announce that the minister to whom they had issued a call, Rev. Chas. Gilbert of Hamilton, did not accept.

The committee members have been investigating other possible candidates, and hope soon to make another recommendation to the congregation. Archie Mittel is chairman of the pulpit committee.

MOVING SUNDAY

Mr. and Mrs. W. A. Algood report that they expect to move their household goods this Sunday to Hillsboro, where he has accepted a position as coach in the school system. They report that they have located a house in Hillsboro, and plan to go on a trip to Colorado before school starts. The family have been renting the DeLong Estate house, across from the school building here.

Boy Scouts Spending Week At Camp Fawcett

A group of eight Eldorado Boy Scouts, with their Scoutmaster Claude King, are spending this week at beautiful Camp Fawcett, located on the Nueces river near Barksdale, Texas.

The group met Sunday morning at the Memorial Building, and left for camp after a service conducted by Rev. James Spencer, representing the Ministerial Alliance of Eldorado.

After reaching camp about noon and having lunch, the troop spent the remainder of the day setting up their camp.

Activities in camp during the week included swimming, hiking, archery, handicrafts, and other Scouting activities.

Tonight, Thursday, is parents' visiting night, and several from here plan to visit the camp. The night campfire program will feature skits by the various troops in attendance.

Tomorrow night the Order of the Arrow calling out campfire will be held.

In addition to the Eldorado unit, others are in camp from Batesville, Del Rio, Eagle Pass, Crystal City, Brady and Rocksprings. This is the third week that the camp has been in operation.

This is the Eldorado unit's first time in four years to go to Camp Fawcett, Clovis Taylor having accompanied about a dozen Eldorado Scouts there in 1953.

Free Barbecue To Feature Luedecke Day On July 4th

General Alvin Luedecke Day in Eldorado July 4 had a major change in plans last week with the announcement from the central committee that the noon-day barbecue will be free to all comers.

Tickets previously sold at \$1 each were being refunded this week. While the barbecue and trimmings and Cokes and Dr. Peppers will be free, it was stated that cakes and pies will be sold by the women of the various churches.

The morning parade, which will leave from the street by the school-house during the morning and come down Divide street and circle the courthouse block, has about been worked out, with Joe M. Christian in charge. A flight of jets will pass over Eldorado promptly at 10:30 to launch the parade.

The business houses will be decorated with bunting and work on this will start Monday.

The Air Force mobile unit from Goodfellow will be here, complete with public address system. It will maintain radio contact with aircraft passing overhead and will broadcast two-way conversation with the pilot over the PA.

Arrangements for the landing of a helicopter were indefinite, early this week.

Olin Teague is expected to come to West Texas in a T33 T-Bird from Washington.

An air review of B47's has been proposed, also indefinite.

Gen. Stratmeyer has sent his regrets that he will be unable to attend. Goodfellow AFB will send a photographer, and newspapers from San Antonio and San Angelo, and probably others, will send re-

porters and photographers.

There may be a movie photographer here from Washington to make movies for the Air Force, it was stated.

Pictures to be given General Luedecke have to be made locally, and Eldon Calk has been put in charge of arranging for movies and slides.

Guests of importance, in addition to General Luedecke and his wife and mother, will be in the reviewing stand for the parade.

Capt. Charles A. Smith will write a report on L-Day for Flight Times, the Goodfellow AFB paper, and will also send a report in to the Air Force Times.

Texas In Review have stated that they intend to send a photographer who will make pictures for subsequent showing on their T-V show.

Eulogies will be read from Charles E. Wilson and the Joint Chiefs of Staff.

No Class Breakfast

It was planned at first that Luedecke Day would be launched with a breakfast for the 13 members of the EHS class of 1928, but this has been changed to a coffee to be held at the Memorial building from 8:00 to 9:30 in the morning. The classmen will be hosts and all friends of Gen. Luedecke and other classmen of the period have been invited to attend.

Jimmy West has been in charge of contacting the '28 classmen in regard to L-Day.

About Gen. Luedecke

Gen. Luedecke, holder of the Distinguished Service Medal, Leg-

ALVIN R. LUEDECKE
Major General, U. S. Air Force

ion of Merit and Bronze Star, went into military service in 1932 following graduation from Texas A&M. His career has spanned two services and a multitude of assignments. He first was an officer in the field artillery, later switched to pilot training in the Army, and rose to his present rank through the Air Force.

Commissioned a second lieutenant in May, 1932, on graduation from Texas A&M college, Luedecke completed his flying training in February 1934. He served for more than three years with the 7th Bombardment Group. Subsequently he was assigned to a heavy bombardment group in the Canal Zone and then served as assistant military attache in several Central and South American countries. He was awarded the Cruz de Boyaca of the Republic of Colombia.

He has seen service throughout Texas, in the Canal Zone and elsewhere in Central and South America, in the India-Burma theater during World War II, and at the Pentagon in Washington.

In 1944 Col. Luedecke was nominated for promotion to the rank of brigadier general by the late President Franklin D. Roosevelt, and this was confirmed by the Senate. At 33, Luedecke was one of the service's youngest generals.

Taylor Wright To Attend

Capt. Taylor Wright is in Eldorado and states that he expects to be on hand for Luedecke Day. He is the other member of the EHS Class of '28 who has gone to a high position in the military. He and Alvin Luedecke roomed together while they and their new baby were visiting her parents at Dimmitt, Texas. It was stated that gas formed in a septic tank exploded and killed Mrs. Warnock's sister. The family were injured in getting everyone out of the house.

Warnock is employed as mechanic at Wagley Motors here.

C. N. Shaw Sells Out His Drug Store Here

C. N. Shaw announced the sale this week of his drug store to Tony Kerr. The new owner is already in charge of the business, and he announces that the name of the store is now Tony's Drug.

Kerr is a graduate of Eldorado High school and he attended schools at Memphis and Beaumont. He is married to the former Kathy Hemphill, daughter of Mrs. C. T. Waller.

The Shaws have not yet announced their plans.

INVOLVED IN EXPLOSION

Mr. and Mrs. Charles Warnock and baby were involved in an explosion while they and their new baby were visiting her parents at Dimmitt, Texas.

It was stated that gas formed in a septic tank exploded and killed Mrs. Warnock's sister. The family were injured in getting everyone out of the house.

Warnock is employed as mechanic at Wagley Motors here.

MOORES SELL ANGUS CATTLE

Moore Bros. of Eldorado recently sold a purebred Angus bull and 25 purebred Angus cows to Pedro Albin of Mexico.

Lions Club Installs New Officers Wednesday

Ernest C. Hill was installing officer of the slate of officers for the new club year at yesterday's Lions club meeting. Jimmy West was marshal. Officers installed were Charlie Trigg, president; Charles Hahn, secretary; Ed Meador, 1st vice; Joe Andrews, 2nd vice; Dick Preston, 3rd vice; Geo. Cales, Lion Tamer; Roy Phelps, Tail Twister.

Guests present at the meeting were Rev. Smith, interim pastor of the First Baptist church; A. T. Wright, and his son, Capt. Taylor Wright of the U.S. Navy. Captain Wright spoke briefly to the group.

Further plans of the July 4 Luedecke Day were discussed.

MINISTERIAL ALLIANCE TO MEET WEDNESDAY

The Eldorado Ministerial Alliance will meet Wednesday morning, July 3, at the First Baptist Church at 9:30 a. m. At that time election of officers for the new year will be held.

Guests of the Sam Nichols a few days are their daughter-in-law Mrs. L. E. Nichols and daughter Carol of San Antonio.

Little League Program Starts Off With a Bang

A large crowd converged on the new Legion Field Tuesday night for formal opening festivities of the Little League baseball program and for the third game of the season.

All teams were introduced, along with their managers and sponsors, after which the Rev. Russell Heaner gave a brief dedicatory address. This was followed by a prayer by the Rev. James Spencer.

County Judge W. R. Bearce threw the first ball, with Mayor Rance McDonald as catcher.

E. G. (Sandy) Donaldson, was winner of the suit of clothes. The drawing was held between the first and second innings.

Albert McGinnes from the West Texas Utilities and several linemen from the Co-Op put in some after-hours work Tuesday ahead of the 8:00 p. m. game time to get the lighting units hung and connected. All games from now on, will be held at 8:00 p. m.

First Game, June 21

YANKEES 6 INDIANS 5
In the opening game at Legion Field, the Yankees behind the stout relief pitching of Marion Heflin and a 2-run homer by Johnny Lawrence defeated the Indians 6-5.

Lynn Meador got credit for the win but had to have help in the last 2 innings. Danny Clayton went all the way for the losers. Oddly enough the Indians out-hit the Yankees, 11 hits to 7, but could not hit with men on base. Clayton

and Edmiston were the leading batters for the Tribe and Lawrence and Heflin were the batting leaders for the Yanks.

Carroll Ratliff and Skeet Mace were the umpires.

COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

Little advance warning is had before blue tongue strikes. Ordinarily it is characterized by lameness and severe loss of flesh by lambs, yearlings and older susceptible animals. It may be diagnosed by lesions on the lips, dental pad or gums; and a red or blue stripe parallel and about a 1/4 to 1/2 inch below the hair band of the hoof.

Bluetongue is thought to be transmitted by a small biting gnat which breeds in water much the same as mosquitoes. There is no known control of the gnat, but it is thought that frequent spraying of the sheep will help.

The only known control of the disease is to vaccinate yearling ewes and lambs. Re-vaccination is necessary about every second year, as the effects of the immunization are thought to wear off. Vaccine companies recommend annual vaccination, but as yet, the specific length of immunization is not known. It is thought that biennial vaccination may be satisfactory.

All lambs which are not sold and delivered immediately after weaning should be vaccinated as they are very susceptible. They should be vaccinated within two weeks after weaning as the natural immunity received from the ewe's milk expires during this period.

Treatment and control of stomach worms is a two-phase program.

1. In order to kill the existing worms it is necessary to drench the animals with phenothiazine drench. Drench eliminates the worms from the system.

2. Control and prevention of future worm build-ups is had by feeding the common phenothiazine and salt mix.

Either one or the other of the two steps above is not enough. The drench kills the stomach worms in the digestive tract and the salt mix prevents the stomach worm eggs from hatching. Both treatment and control measures are necessary to obtain the best results.

Due to the wet weather, it is likely that stomach worm infestations may be damaging to ewes and lambs this summer unless proper precautions are taken.

All producers of Schleicher County have enjoyed good rains, but good grasses need help to stage a comeback. Ranchers should now give serious consideration to a deferred and rotational program of range land if they have not done so. Grass is the rancher's crop and the management you give it now will largely determine the kind of plants you have in the future.

A special meeting will be held to discuss the recently passed egg marketing law in the Cotillion room of the Town House hotel in San Angelo at 1:30 p.m. July 11.

This is a co-operative meeting of the Texas Extension Service and State Department of Agriculture.

All egg buyers, processors and producers in the county who might be interested are invited to attend.

Schleicher County was allotted 9,695 acres of cotton for 1957, according to Economic Facts and Opinions, a publication relating to Texas Agriculture. The total acres put in the acreage reserve were 4,619 leaving 5,076 acres available for planting. The payment for cotton acres in the Reserve is \$108,942.00.

There were 7,536,529 acres of cotton allotted to Texas with 1,130,582 acres being put in the Reserve by Texas cotton farmers. Texas will have over six million acres in cotton again.

Smith-Doxey services of cotton classing to cotton producers have been completed and returned to Abilene for approval by the District cotton classing office. Mr. Payne Robinson and Mr. Mikeska are local officers of the CIA.

Mrs. L. T. Dannheim accompanied her son Harvey and family of San Angelo and grandson Lawrence and his wife of Ozona on an 1800 mile trip to Colorado. They visited Mr. and Mrs. Robert Hirst at Colorado Springs and Bernard Williams and family on their ranch and other relatives in the state. They also did some sight seeing at the Garden of the Gods, the Royal Gorge and Grand Canyon. They were away from home a week.

The Cecil Mackey family have returned from Grand Saline where they attended the funeral of "Preacher" Bellamy, Mrs. Mackey's brother-in-law, who died of a heart attack.

Mrs. Redford Honored

Honoring Mrs. T. S. Redford, her daughter, who has been visiting here, Mrs. John Luedecke entertained Wednesday night of last week with a surprise get-together of Mrs. Redford's old friends.

News From Our Neighbors

Plans For Hospital

An architectural sketch of the Kimble County hospital to be built on North Main St., is being prepared by John Linn Scott, county employed architect of Austin to be presented to the State Department of Health for approval, Judge W. W. Leamons reported. —Junction Eagle.

Where the Tall Weeds Grow

Tall weeds bring tall tales. We read about a fellow who was hoeing cotton and hung his water jug on a big sunflower at the end of the row. When he had hoed a round and started to get his jug, the weed had grown so much he had to climb the stalk to reach it. Sounds a whole lot like the weeds in the alley behind our house. —Bronte Enterprise.

Bigger Stadium

Seating capacity of Lions Stadium, where Ozona football fans hope the 1957 Ozona High school Lions will romp to a district championship, is to be increased by nearly 1,000 seats by the time the football season opens in September, Supt. L. B. T. Sikes announced this week following action by the school board to provide the additions to the present facilities. —Ozona Stockman.

Fire At Sterling City

A fire, presumably started in a rat's nest in the ceiling, burned a small hole in the roof at the Williams Feed Store about ten o'clock Wednesday night. Smoke and water damaged affected the rest of the ceiling and store. Damage was not extensive. —Sterling City News-Record.

250 Acres Sweet Potatoes

Planting of approximately 250 acres of sweet potatoes has been completed under the supervision of Marvin Stahl, of the Rio Vegetable Company. This project of the recently organized Mason County Truck Growers Association, is expected to pay off—if the farmers take care of them. —Mason County News.

Big Lake Being Stocked

Fishing in the big lake south of town is expected to be really good in a few months. Approximately 20,000 fish, including bass, crappie and perch have been placed in the lake this week, according to Blanton, city secretary. He said the city council authorized two city employees to use a city truck and equipment to bring the fish from ponds near Eden. Two trips were made to get the fish.

It is estimated that the water in the lake will remain for several years. In the deepest places it is thought to be at least 17 or 18 feet deep, and the water covers a larger area than it has in the past 20 years. —Big Lake Wildcat.

Road Work

The extension of Farm-Market Road 2092 east of Menard was opened to traffic this week, and completion of construction work on State Highway 29 and U. S. Highway 83 between Menard and Hext was expected in about three weeks. —The Menard News.

Crack Down On Speeding

At least seven have paid fines the past two weeks for speeding in Robert Lee. Offenders were first warned by Constable O. L. Roe, and on second offense were given a ticket to appear before Justice Emory Davis. —Robert Lee Observer.

Clean-Up Campaign

Frank M. Weigand, commissioner of Precinct 1, has hired several boys of high school age to work this summer in cleaning up the drainage ditches and other property in Sanderson. The precinct crew has also been very busy in keeping trash barrels emptied regularly to help keep down flies and mosquitoes. —Sanderson Times.

Race Meet a Success

The Sonora Park and Horse Show Association's annual race meet was unanimously declared a success, drawing top racing horses from all sections. Good crowds were in attendance all three days with Sunday afternoon events drawing the greatest crowd. —Devil's River News, Sonora.

Among recent guests of the P. K. McIntoshes were Mrs. Grace Jarvis of Shreveport and Mrs. Winnie Smith and Mrs. Ben Oswald of San Angelo.

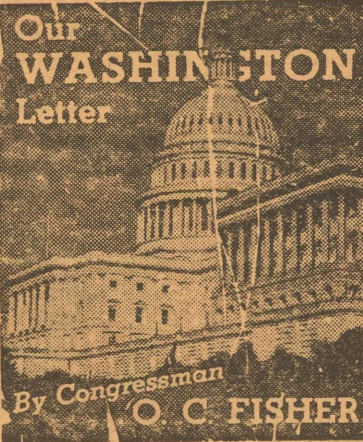

Mr. and Mrs. O. C. James and Newlin and Mr. and Mrs. J. A. Cooper of Big Spring visited their parents, the E. E. Newlins and all went fishing on Devils River.

Driving Tips Given For A Safe Fourth of July

As millions of fun-seeking motorists head for the lakes, mountains, or beaches over the Fourth of July holiday, safety experts are hopeful that extra care and caution will keep the highway accident toll at an all-time low.

To help achieve this goal, Jeanne Smith, Dodge safety consultant, has prepared this list of driving tips.

1. Control your temper behind the wheel. Highways are crowded and travel is slow; don't "blow-up" and take unnecessary chances.
2. Start early, expect frequent delays and leave for home early, preferably during daylight.
3. Watch out for careless drivers who are over-anxious to reach their destinations.
4. Slow down, to allow passing cars extra room to get back into the right lane ahead of you.
5. Always give the other driver more than his share of the road.
6. Get into the proper lane well in advance of turning—and always signal your intention to turn or stop.
7. Pull your car entirely off the road when stopping for sightseeing or a roadside picnic.
8. Check traffic in all directions, especially to the rear, before pulling out of a parking spot onto the highway.
9. Reduce speed at sundown and drive within the range of your headlights.
10. Concentrate on your driving—it's a full time job.

The Supreme Court captured the headlines last week with three decisions that (1) restored John Stewart Service to a job in the State Department from which he was fired in 1951 for security reasons, (2) relieved witnesses before Congressional investigations of the obligation to answer questions unless they are "pertinent" to a definite legislative purpose, and (3) all told, reversed convictions of 14 communists.

The decisions were so sweeping that the full impact of their effect on the drive for exposure and conviction of subversives may be equally far-reaching. The work and usefulness of the Un-American Activities Committee is evidently retarded and the future justification for the Committee is brought into doubt.

This serves to bring the present Supreme Court into further public criticism, particularly when the recent decisions are added to a score of others that have had the effect of making it increasingly difficult for communists and other subversives to be exposed and convicted.

Observers trace much of this trend to the period since Wassen was made Chief Justice nearly four years ago.

This all calls for a new look to see what can be done to improve the caliber of the Supreme Court. Some have even suggested the court be elected, rather than appointed, in order that the people may have a means of redress against judicial abuses.

Something certainly needs to be done. Autocratic power whether wittingly or unwittingly exercised, can all but change the form of a government and impair freedom and security of people. History teaches us that.

President Asks Business, Labor to Help Government Keep Prices Down!

Sir—I'll Buy That!

Yes, sir, Mr. President! As the Electric Servant, my average hourly residential wage has been going down steadily, right along!

Let's look at the record of my hourly wage in homes across West Texas:

In 1937 (20 years ago) it averaged . . . 4 2/10¢ an hour

In 1947 (10 years ago) it averaged . . . 4¢ an hour

In 1952 (When you became President) it averaged 3 3/4¢ an hour

In 1957 (Today) it averages ONLY . . . 3 1/4¢ an hour

Can anything else that you know of match that matchless record?

S. S. PAYMENTS ARE AVAILABLE FOR THE DISABLED

All persons who have had to stop work because of severe and long-lasting disabilities, have a new type of protection under the Social Security Act, but according to Floyd E. Ellington, San Angelo District Manager of the Social Security Administration, some such workers who have not yet applied for the disability benefits, should do so before the end of June to avoid a possible loss.

"Those who are over 50 may be eligible for monthly disability insurance payments beginning with July. The social security office has been accepting applications for the disability freeze from disabled workers of all ages since January 1, 1955. The important thing is," Mr. Ellington said, "that some eligible persons have not yet applied. Under the present law, some workers will lose valuable rights if they do not make inquiry before June 30. This applies to both the person under 50 as well as those over 50 years old. Those who become disabled in the future should apply after their disablement has lasted six months if the impairment is expected to continue indefinitely."

There are certain work requirements that must be met before a period of disability can be established. The disabled person must have credit for social security work for at least 5 out of the 10 years just before he became disabled, and at least a year and a half of the work must have been in the three years just before the disability began.

Mrs. C. S. Chick of Winters, Mrs. H. R. Leach, Mrs. W. R. Hord and daughter Sally, and Sandy Gorcynski of Abilene visited Mrs. W. E. Baker and Ruth Tuesday and Wednesday of last week.

L. M. Hoover visited his brother E. H. at Brady Hospital Sunday, and other brothers near Brady.

JOE R. ANDREWS

Arrangements for a military speaker to give an address immediately following the noon-day barbecue has been under direction of Joe R. Andrews, assisted by Charlie Trigg.

Claude Nall of Eola Dies In San Angelo

Funeral services for Claude Nall 64, Eola stock farmer, were held Wednesday morning in San Angelo conducted by the Rev. Joe Cruse of Eola and the Rev. Taylor Henley of San Angelo Immanuel Baptist Church. Graveside rites were held at 3:00 Wednesday afternoon at Pontotoc.

Mr. Nall's death occurred at 12:30 Tuesday afternoon in a San Angelo hospital where he had been a patient several days.

He was born Oct. 3, 1892, in Mason County. He was married to Lou Rena Adams Nov. 24, 1912, in Eden. Before moving to Eola he had lived in Goldthwaite and Zephyr, and from 1920 to 1943 in Melvin.

He was a past master of the Melvin Masonic Lodge No. 1122 and a member of the Zephyr OES.

He is survived by his wife; three sons, D. D. of San Angelo, Carl T. of Corpus Christi, and C. W. of Lubbock; his mother, Mrs. Robert Nall, San Angelo; a brother George H. of Seagoville; three sisters; and seven grandchildren.

Mrs. Russell Donaldson of this city is the deceased's sister-in-law, and members of the family attended the funeral. The Carl T. Nall family of Corpus Christi stopped at the Muncie Potter's before going on to San Angelo Tuesday.

Mrs. Joab Campbell and Miss John Alexander have returned from the hospital in Sonora, where they were patients several days.

Fred Butler Weds Del Rio Girl June 19

Fred Butler, for a number of years an employee of the Southwest Texas Electric Co-Op., was married June 19 in California to Sue Palmer, daughter of Mrs. John Palmer of Del Rio. Mr. Butler is the son of Mr. and Mrs. A. J. Butler, and has spent most of his life here.

The bride is a graduate of Comstock High school, and of a business school, and until a year ago was an employee of First National Bank, Del Rio.

After a wedding trip the couple will make their home in Eldorado. The bride is a cousin of Fred Furr of this city.

Root Plowing

Getting back to high forage production with high quality grass is one of the problems facing land owners and operators in the district at this time. A suitable solution can only be found by trying some of the different methods available and studying the results. With this in mind the Eldorado-Divide Soil Conservation District is sponsoring a trial in root plowing and range seeding in cooperation with Wm. K. Holt Machinery Co. of San Antonio. The trial work is to be done on the Howard C. Derrick ranch 22 miles east of Eldorado (on hwy. 29) on Friday, July 12.

The root plow with the attached seeder, which will be used, was purchased from Wm. K. Holt Machinery Co. by a contractor in Menard. Other type equipment to be used has not been decided on at this time.

Everyone is talking about root plowing and reseeded. A number have tried it with good results and there has been some failure. All types of land have been plowed and seeded ranging from deep blackland to gravelly ridges, with equally good results on all types. District supervisors want to find out, along with a number of land-owners and operators, what this kind of work will do in this dis-

trict. Howard Derrick agreed to furnish about 10 acres of deep soil infested with mesquite for the trial work.

The present plans are to use some 12 different kinds of grass seed for the reseeded work. They are to be locally adapted seed and introduced grasses which are expected to do well in this locality. These grass seed are to be furnished by the different grass seed companies of San Antonio.

Some things to think about in regard to root plowing:

Mesquite takes 1700 to 1900 lbs. of water to produce a pound of beans, leaves, etc.

Grass takes only 700 or 800 lbs. of water to produce a pound of forage.

Should we try to encourage and establish the most economical water user in this limited rainfall area?

Disturbed land makes the best seed bed for grass reseeded.

Root-plowing eliminates a big percentage if not all the mesquite, prepares a good seedbed for reseeded, and plants the seed all in one operation. Looks like it might be worth a trial on deep soil that has mesquite, but no seed source of the better grasses.

For best results deferred grazing along with proper use is a must.

Visitors at the home of Mr. and Mrs. W. C. Parks over the week end were: Mr. and Mrs. O. A. Turner, Gene Turner and Leo Bauguess of Whitney, and Mr. and Mrs. Jim Statham of Fort Worth.

According to word received by Mr. and Mrs. W. C. Parks, their son Donald Parks arrived at Camp Chaffee, Ark., on Sunday, June 16 and has started his 6 months active duty military training.

Calendar For The Week

Sunday

10:00 Sunday school.
 11:00 Morning Worship
 5:30 S. H. F.
 6:30 Evening Worship
 Monday—9:30 Executive Board
 Women of the Church.

Next Sunday morning at the morning worship there will be a business meeting of the congregation to elect two deacons to succeed Roy Collins who is moving to Midland and H. A. (Pete) Ringle who has moved to San Angelo. Ballots will be prepared with all the names of the eligible men and the members will check the two that they want to fill these unexpired terms.

The youth of the church are conducting the evening services with the pastor leading the Bible study. We are studying the Gospel according to Mark, paragraph by paragraph and this Sunday we will have the 4th chapter.

Next Monday the Women of the Church will meet in executive session at 9:30 and following there will be a work project in the kitchen. Also preparations are being made to have a church kitchen towel shower. Any members may participate in this project.

EASTSIDE BAPTIST CHURCH

The W. M. U. met at Mrs. L. B. Kersey's home. The lesson was Royal Service and was led by Mrs. E. T. Turnbow. There were ten members present. Mrs. W. T. Whitten and Mrs. A. J. Henry visited with us.

A short conference preceded the regular church program Sunday morning.

LIBRARY NEWS

"A Sand County Almanac" was given in memory of Mr. Tom Johnson by Mias Amigas this month.

Newest guild books are: "The Day Christ Died" and "John Muir, Father of Our National Parks."

Any of our readers who are stamp collectors will find a magazine in the library that will give them current information on philately. Our thanks to Mr. D. C. O. Wilson for a subscription to Weekly Philatelic Gossip and also for back issues for 1955, 1954, and some for 1953.

Genell McCalla is helping in the library part time this summer. We are taking inventory this month.—Reporter.

METHODIST MEN MEET

At their ladies night meeting Monday, the Methodist Men installed new officers for the year. L. W. Chrestman is president and W. H. Hale is vice president. E. C. Peters is secretary and E. G. Donaldson is treasurer. The Rev. Russell Heaner was installing officer, and the Rev. Doyle Morton of Sonora was guest speaker.

The group voted to appropriate money to send a member to the National Conference of Methodist Men to be held next month at Purdue University, at Lafayette, Indiana, provided a delegate could be found.

Two new members, Frank Meador and Jimmy Martin, were recognized.

Refreshments consisted of ice cream and cake.

Rev. Morton was accompanied here by Mrs. Morton and their two daughters. He is a former pastor of the Eldorado Methodist church.

Success in Schleicher County, \$2 year—elsewhere \$3 year.

NEIGHBORLY

is the word for Humble Service

That's the way Humble customers describe Humble service.
 It's the kind of service that takes a neighborly interest in your car . . . that has a neighborly understanding of the way you want things done . . . that's based on neighborly courtesy and neighborly friendliness.
 It's service that Texans like and appreciate . . . that makes you feel *at home* the minute you stop on a Humble dealer's driveway.
 Stop for service under your *neighbor's* Humble sign.

The Big Job is under way

Santa Fe is now loading thousands of cars of grain and grain products on its lines

Santa Fe has been serving agriculture since 1874, when we sponsored the migration of the Mennonite farmers who established the Kansas wheat belt, and brought with them from Europe the ancestors of the better varieties of wheat grown in America today.

During harvest time, Santa Fe has a big job to do.

At the country stations and terminal elevators along the line, as agriculture's "hired man," Santa Fe loads over 121,000 boxcars of grain a year—the total production of over 9,000,000 fertile acres. We also load over 34,000 cars of grain products on our line annually.

An important part of this job is done in advance by our own agriculture department, by collecting data on planted acreage, weather, crop damage and other factors that affect yield.

These statistics provide useful information for farmers, elevator operators and others interested in grain movements, and assist us in spotting grain-tight boxcars at strategic points at harvest time.

Our agriculture department works with the Federal and State agriculture departments, land grant colleges, and county agents in fighting destructive insects and plant diseases.

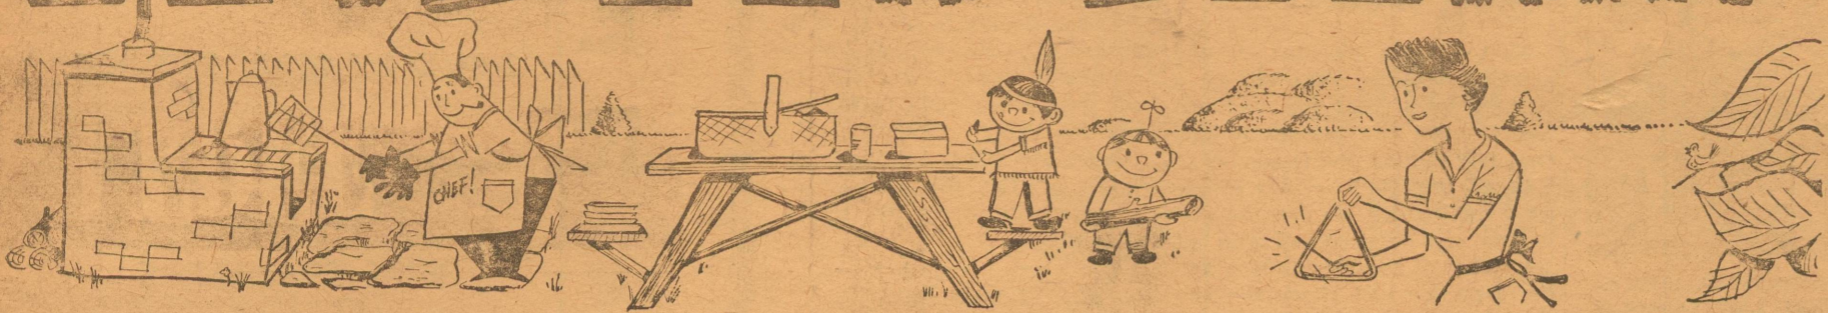

We are also privileged to award university scholarships annually to many farm youths in our territory.

We of the Santa Fe are proud of the part we have in serving the farmers of the West and Southwest in their essential task of feeding the Nation.
