Board OK's $8,500 Bid For New Band Uniforms

B(R)AND NEW FINERY--Jerry Caddel tries for size a new band uniform approved by the school board this week. Dark blue with white trim, the new uniform features white spats and a removeable frontpiece.

SAME UNIFORM, DIFFERENT LOOK--Jerry Caddel removes the tunic and frontpiece on the model of the new Olton Mustang Band uniform and finds a blazer complete with black tie suitable for concert performances.

Principals Get New Contracts

New uniforms for the Olton Mustang Band will become a reality next August as a result of action taken by the school board at a regular meeting Monday night.

Trustees selected a low bid of $85.12 per uniform, authorizing a total expenditure of $8,512 for 100 uniforms which will be delivered no later than Aug. 1.

The Fruhauf Co., Wichita, Kans., was low bidder among five firms. The bids ranged from the $85.12 each to $91.36.

In other activity at the session, the board approved new contracts for the principals and heard progress reports on employment of new coaches, the remedial reading program, attendance, and delinquent taxes.

Of the $8,500 to be spent on band uniforms, about $6,000 is available from a band fund which came largely from student rental of uniforms in previous years.

The school normally spends about $2,500 each year in purchase of new equipment and instruments, but next year that amount will be added to the $6,000 to cover the purchase of uniforms.

In making the decision to buy the uniforms, the board specified that all future student uniform rentals go into a band uniform replacement fund.

In that manner, money can be raised each year for replacement of the uniforms in the future.

AND ON THE BACK--The back of the new band uniform will feature a fighting Mustang to further improve the look of the musical group during marching activities.

Turning to contracts for the principals, the board authorized new two-year contracts for Joe Turner, high school; Carl McClure, junior high; and Fred Gordon, elementary.

Supt. Schultz reported that he had interview almost all of 25 applicants for the head football coaching job, and that the original list had been reduced to about a half dozen still under consideration.

"We should be able to make a decision in about two weeks," he told the board.

Schultz said he believes most of the football coach applications are in, but that he expects several more for the basketball coach opening.

Otis Holliday resigned about three weeks ago as football mentor and Cecil Todd is leaving his post as basketball coach. Both resignations are effective at the end of the school year.

The board employed Mrs. Charlotte Schultz as a remedial reading teacher and Mrs. Delmer Givens and Mrs. Tom Sluder as teacher aides for the reading program.

Schultz said that approximately 340 children are being helped daily in the remedial reading program. Five different classrooms are being used each period during the school day, four at H.P. Webb Elementary and a fifth at Bohner.

The program is designed to help youngsters in grades 1-8 improve in their ability to read.

Reporting on attendance, Schultz told the board that the total had slipped from a peak of 1,456 students on Nov. 8, 1965, to a total of 1,314 on Feb. 14.

The drop is experienced each year as farm laborers finish the harvest, but the decline is a little greater this year than in the past.

Schultz said he believes enrollment has now steadied, and that 1,300 students probably will be the average for the district between now and the end of school.

Business manager Elmer Moore reported on taxes, noting that $250,517 had been paid in 1965 taxes as of Feb. 1. Total assessment was $265,086.

Delinquent taxes for the years 1930 to 1964 total $23,448 according to Moore.

Collection of 1965 yaxes between now and Aug. 1 is anticipated at $12,000, which would leave the delinquent tax roll at about $26,000 at that time.

Awards Given At FHA Meet

Two seniors took top honors at the annual Olton Future Homemakers Banquet held Saturday night,

Belva Jean Howard, 17, daughter of Mr. and Mrs. L. W. Howard, was named winner of the Betty Crocker Homemaker of Tomorrow award, while Iva Tanner, 17, daughter of Mr. and Mrs. C. D. Tanner, was picked as the Outstanding Homemaker of the chapter.

The girls turned around and made another pair of awards at the same banquet, but the two went to a pair of Olton High male students.

Charles Church was picked as Prince Charming on a vote by members of the senior chapter, while Steve Burleson was named Best Beau by the junior chapter.

Seven girls were presented to the audience as winners of different degrees in the Homemaking organization.

Junior degree winners were Donna Smith, Kay Schultz and Laura Wheeler.

Chapter degrees were awarded to Debra Sherry, Mary Aigaki, Miss Smith, Miss Schultz and Miss Wheeler.

Both degree awards were made on accomplishments during the last school year.

Also recognized as scheduled to complete State degree requirements this year were Kathy Kidd, Carolyn Carlisle, Miss Tanner and Miss Schultz.

The Outstanding Homemaker award is presented each year to a girl selected by the homemaking teachers as best typifying the ideals of homemaking.

The Betty Crocker award is based on a written test given in the fall each year in some 14,714 schools throughout the country.

Olton homemakers took the test Dec. 7 and Miss Howard is now eligible for state and national scholarship awards ranging from $500 to $5,000.

Test papers of all school winners in the state are being judged competitively. From them, the state Homemaker of Tomorrow will be named.

She will receive a $1,500 scholarship and her school will receive a set of encyclopeadias.

The winner will then be eligible for a national contest held in Washington, D. C.

FILLIES END YEAR WITH WIN

Olton's Fillies closed out their season with a 58-59 decision over Lockney, while the male quintet dropped their last chance for a district win to Lockney, 69-42.

The win by the Fillies left them with an unhappy 5-5 district mark, but a respectable 21-8 season record.

In addition to winning 21 games, the Fillies picked up the champion's trophy at Farwell's tournament, and brought back a second from Abernathy and a third from Kress.

The boys wound up with an 0-10 district won-lost record, and a 2-22 season mark.

Preceeding the varsity contest, the B-team girls took a 39-37 win from Lockney's reserve group. The win gave Olton a 14-2 season record.

Sherry Caddel and Karen Hipp, leading scorers for the Fillies all season, ended up the season in fitting fashion, as both gathered in 24 points.

Miss Hipp was also the leading rebounder with 12, followed by Francine Struve with 10.

Point Of View

Two men had just finished a plentiful lunch at their favorite club. "I'm going home, I feel sick at heart," said one. "The news today has been all bad -- war, pestilence, inflation, political chicanery. What's our country coming to?"

"Sorry I can't join you," volunteered the other, "but I'm getting the contract for my new building this afternoon, just before I kick off the Salvation Army fund-raising drive, and then I have a Boys' Club dinner meeting, so I won't be going home until late."

The two men were of an age, both looking out at the same world. But what a difference in outlook!

One typifies the pessimist who complains, "The cup is half empty," while the other cheerfully exclaims, "The cup is half full!" It's the same cup -- but what a difference in view point.

It's easy to be burdened with the wave of pessimism that flows from the day's news --news that most of us can do little to change, but which angers, depresses, distracts, and crushes -- if we let it. Perhaps it is best to remember that, "Those whom God would destroy, He first makes mad," then go about our business.

The person who is getting ahead in a world of distractions is an active, happy, confident, optimistic and growing individual who accepts the fact that blight exists in the world about him. While his opposites concede defeat and run for cover, he sees opportunity and challenge -- to do something now.

What is the shpere within which any person can work to bring about improvement? Propagandists think in terms of "the masses" -- of changing the course of a movement, or of society, or of civilization. Yet few can lay claim to such fame. Rather, most of us can be effective only by improving our own personal thinking, willing, and doing-- a form of growth that elevates, if only slightly, all with whom we come in contact. If our own attitude is a reflection of happiness, confidence, and optimism we will exercise an attractive influence wherever we are.

On the other hand, the individual who gains a reputation as a consistent pessimist rarely influences many people. People avoid him. Without contacts, he loses any influence he might otherwise have had.

Rep. Clayton Discusses Voting Bill

State representative Billy Clayton notified the Enterprise this week that under the voter registration bill proposed by Gov. John Connally, persons who did not pay their poll tax this year would have a special 15-day period in March in which to register.

Clayton said the bill provides for annual voter registration with the time of registration to be the same as the time poll taxes are paid, but without a fee.

Clayton said Connally addressed the special joint session of the legislature Monday, and indicated he did not wish to call other legislation.

The bill was introduced by Rep. Gene Fondern and co-sponsored by 84 other members the the house.

The bill was referred to the State Affairs Committee, of which Clayton is a member.

It would take a 2/3 majority vote in both house and senate to approve the bill, and Clayton said a poll of the house members showed 104-105 members in favor of the bill, enough to gain house approval.

Clayton said the committee hopes to report the bill back to the house by Thursday or Friday, and if the senate has the necessary 2/3 vote, finish the special session by the week-, end.

Nine Accidents Investigated In County During January

The Texas Highway Patrol investigated nine accidents on rural highways in Lamb County during January, according to Sergeant Thurman Hoffer, highway patrol supervisor.

These crashes resulted in two deaths, one injury and an estimated property damage of $4,845.00.

Hoffer also reports that April 15 is the deadline to have your motor vehicle inspected. During the past 5 1/2 months only 2,000,000, or 40% of the approximately 5,000,000 registered vehicles in Texas have been inspected. This leaves 3,000,000 vehicles to be inspected in approximately two months.

If the number of uninspected vehicles were divided evenly among the 5,200 official inspection stations in Texas each would have approximately 577 vehicles to inspect in about 40 working days, or about 15 vehicles per day. The inspection stations in heavily populated areas will have more than this average number to inspect. In areas where there are only a few inspection stations you may have many miles to travel to get your vehicle inspected.

The Sergeant urges motorists to have their vehicles inspected without delay to avoid the inconvenience of waiting lines.

Ask Amy

BY AMY ADAMS

Dear Amy:

My grandson is a bright boy who grasps things quickly. He's only 11. The other day when he visited me, he threw me a question that flipped me. He wanted to know that since we have a national holiday to commemorate the birthdays of Lincoln and Washington, why don't we honor the late President Kennedy the same way?

I told him I didn't know but that I would find out. What can I tell him? I don't want him to think his "Pop" is stupid.

Wayne's Grandpop

Dear Pop:

We honor Lincoln and Washington because they have performed significant contributions for our people and our country. It also took an Act of Congress to honor them by declaring their birthdates a national holiday.

If our late President Kennedy is to be so honored, only history will tell and an Act of Congress to perform.

* * * *

Dear Amy:

I am 16 years old and am going with a 16 year old boy. Recently he asked me to go roller skating. It was all right with my parents until they found out that my friend's boyfriend and girl were going and that she was driving. Then Mom said "No" and gave me the excuse that teenagers are inexperienced drivers.

We don't get along as it is so what can I do to get through to her that teen-agers are human, too?

G. J. T. 16

Dear G. J. T.:

Mother has very well lived through her teen-age years. Through her experiences, she "no's" what's best for you. Her decisions need not have stopped you and your friend from going roller skating though. To my knowledge; the automobile has not put public transportation out of service (and I doubt they ever will).

* * * *

Dear Amy:

How do you meet a boss or reach him when he has a private secretary who screens all contacts . . . and you wish to criticize her actions?

Jack H.

Dear Jack:

When contacting a man for an appointment through his secretary, speak clearly, firmly and gentlemanly. If she questions you about the nature of your call, and if you feel it is personal, tell her so!

* * * *

Dear Amy:

I am 20 and have met a young man 25 years old. During the 2 months that I have known him, we have grown very fond of each other. He gives me the feeling of security and loyalty. He respects my values and standards. He thinks of me, not in a 'going steady' relationship, but in a more mature nature basis . . . that of a life-long friendship.

No matter where I am, I feel that he will be close by. Is this puppy love or the beauty of real love joined with an ever-lasting friendship?

Curious

Dear Curious:

Friendship is impossible between a man and a woman because, unless he becomes more than a friend, she becomes less.

* * * *

Dear Amy:

This is the first time I ever had to ask anyone for any advice. I am in the middle of a very mixed up situation. This is my problem: I am engaged to be married, but my fiance is caught between two other girls. One, he likes; the other, he loves.

I want our marriage to work, so how can I help him decide?

Unhappy

Dear Unhappy:

Assuming that you are not the one he likes or loves, where do you fit in?

Until he decides who's who or what's what, bow out of this mixed up situation. Offer no help and make no decisions!

HANK WILLIAMS JR.

Hank Williams Jr. To Present Show In Plainview

Hank Williams Jr., along with Lamar Morris and all of the "Cheatin' Hearts" will appear at the Plainview High School Auditorium, Tuesday Feb. 22, at 8 p.m.

The two hour benefit show is being sponsored by the Plainview National Guard.

It's tough to stand in the shadow of a legend but Hank Williams Jr. has suddenly burst out of that shadow into the glowing national entertainment spotlight to become a start in his own right.

Hank Jr. was asked recently if he tried to imitate his late father and he replied, "I don't copy Hank Williams....I don't copy anybody. People say there is a resemblance, a similarity, and there might be. If I sing like my father, then it must be heredity because..... why shouldn't I sing like him? He was my father."

Admission to the show will be 50 cents for children, $1.25 for adults (advance) and $1.50 at the door.

FROM SPEARMAN

Charles Ray Ball of Spearman, formerly of Olton, spent the weekend visiting with his parents, Mr. and Mrs. Dewey Ball.

The junior leadership meeting date was announced to be Feb. 28 in Olton.

Archie May was in charge of the program, which was on dinosaurs, by Roscoe Thomas. He showed some slides and played a record explaining the film. He also displayed petrified bones from dinosaurs which he collected in Colorado.

KITCHEN KORNER

BY LELA GALLION

We usually try to eat some form of fish every week and it seems as though I usually come back to salmon as our choice.

I use red salmon. It seems higher when you buy it, but the flavor is so much better and what other meat can you purchase for the same price that will make enough for a whole meal.

SALMON PIE

1 can red salmon (drained and crumbled.)
1 303 size can English peas
2 c. medium white sauce
1 can biscuits or equal in home made biscuits

Put a layer of salmon in buttered baking dish. Cover with some white sauce, add a layer of English peas. Alternate in layers until you use all the ingredients. Top with the biscuits; bake at 400 degrees for 20 minutes or until golden brown.

CHERRY ICE BOX PUDDING

1 c. sugar
1 pkg. Cherry Jello
4 egg yolks
1 c. cold water plus juice from 1 c. red sour cherries.

Mix above and cook until slightly thick; cool.

While waiting for the above mixture to cool, crush 1/2 pkg. vanilla wafers. Beat 4 egg white. When the first mixture is cool, fold in cherries (which were drained) egg white and nuts if desired. In a layer pan put a layer of vanilla wafers and a layer of Jello mixture alternately until all are used; let stand in refrigerator at least 2 hours to chill. Serve with whipped topping or whipped cream.

If your family likes cherries, this is delicious.

When fixing your pudding or a casserole, why not fix it in two pans and share with a friend. This is what a friend did for me this week and my, how I enjoyed and appreciated it.

Mrs. Jerry Dennis is presently hospitalized in Methodist Hospital in Lubbock.

Layout Land To Be About 40 Per Cent

More than 40 percent of cultivated land in Lamb County will lie fallow this year according to figures released by the Agriculture Conservation and Stabilization office this week.

L. D. Aten, head of the Littlefield ASCS office said approximately 99 percent of farmers raising cotton this year elected to go the 35 percent diversion route, while almost 100 percent decided to let half of their feed grain allotment go unused.

Payments for the diverted acreage and price support payments will total more than $10 million dollars this year, according to Aten.

Aten said Lamb County has a total cotton allotment of 195,000 acres, and a 267,000 acre feed gain allowance.

If pecentages were exact, that would mean that 68,250 acres of cottonland would not be used this year, while 133,500 acres of feed ground would not be used.

Aten said 15 farmers had signed up under the Cropland Adjustment Act for diverted land for periods not less than five years or more than 10. He said the total ran to 2,500 acres, and payments would amount to about $45,000 this year.

He said cotton payments would be near $6.5 million, while feed payments would approach $4 million.

According to a soil survey taken by the ASCS office in 1962, Lamb has a total of 657,280 acres, with 486,865 in cultivation.

Of that total, either cotton or feed grain crops are grown on 462,000 acres.

Taking the total amount of land in the county, crops would be diverted on 31.1 percent.

On that land on which crops are grown, 41.9 percent of acreage would fall under the diversion payment category.

On diverted cotton acreage, farmers will receive 10.5 cents a pound times his previous three-year average.

Price support on cotton grown will be 9.42 cents per pound times the three-year average. Current prices on cotton without price support have average around 17 cents a pound for this area, so the total price would be approximately 26-27 cents a pound.

Loans increased from $2,185,174 to $3,613,407 or an increase of $1,428,233. This compared to an increase of approximately $1,000,000 in 1964, and approximately $900,000 in loans during the same year.

During 1965, total assets increased from $2,652,319 to $4,340,475.

Chit Chat

BY SANDEE GREGORY AND JANE ANN DUNCAN

The highlight of last week was, of course, the FHA banquet. The atmosphere was that of gaiety and excitement. Early Saturday morning, the girls, in rollers and slouchy slacks, were busy decorating the cafeteria. Entertainment was performed by a group called Kerry's Krowd. Kathy Kidd was mistress of ceremonies and she presented the Olton Enterprise Outstanding Homemaker award to Iva Tanner. The Betty Crocker Award was presented to Belva Howard. For their degree work, Laura Wheeler, Kay Schultz, Debra Sherry, Mary Aigaki, and Donna Smith were awarded pins. The "Best Beau" crown was bestowed upon Steve Burleson. Charles Church was chosen as "Prince Charming." The blue and white decorations made the "Swiss Holiday" FHA banquet just about the best one the girls have ever had!!!

Happiness at OHS this past week can be summed up in two words -- Football Jackets. If you haven't noticed lately, every football player -- regardless of the weather -- has worn his brand new jacket outdoors and indoors. The rewards were presented in assembly last week, beginning with the cheerleaders, the freshmen's sweaters, and the 'B' team's jackets ---ending with the varsity's jackets or blankets.

****

Don Mitchell: Can you keep a secret?

Joe Priest: I'll be as silent as a tomb.

Don: Well, the fact is, I need some money in a hurry.

Joe: Don't worry, I'll pretend I never heard you.

****

Mrs. Campbell: Give me a definition of home.

Stan Huckabee: Home is where part of the family waits until the other part is through with the car.

Jim Smith!! Was it cold Friday night changing your flat tire? By the way, we wonder WHO made it flat?!!

****

Ronnie Yandell: I say there, you in the automobile. Your tubular air container has lost it rotunidty.

Pat Bodkin: What?

Ronnie: The cylindrical apparatus which supports your vehicle is no longer symmetrical.

Pat: Who?

Ronnie: The elastic fabric surrounding the circular frame whose revolutions bear you onward in space has not retained its pristine rotundity.

Pat: Which?

Ronnie: Boy, you've got a flat tire!!!

****

Mr. Howton: How is your typing coming along?

Albert Key: Fine. I can type 20 mistakes a minute.
