Simple Explanation of ERP in This Edition

For an easy to read, down-to-earth explanation of how the European Recovery program works, Herald editors strongly recommend that you read Kathryn Sharp's "A Panhandle Girl in Europe" in another section of this edition.

The Herald overseas representative's letter answers many of the questions concerning the Marshall Plan which often puzzle even well-informed followers of the European situation. For instance, "Do individual Europeans receive Eca aid as an outright gift from our government?" The answer to this and many other vital questions are answered in this week's letter from Europe.

Oliver King Is Named New City Policeman

Oliver King, school custodian, was appointed city policeman by the city council Tuesday night and was sworn in Wednesday afternoon.

He will enforce the law and protect the property around the school buildings and has the same power of arrest of any other officer.

Enrollment In Local Schools At Record High

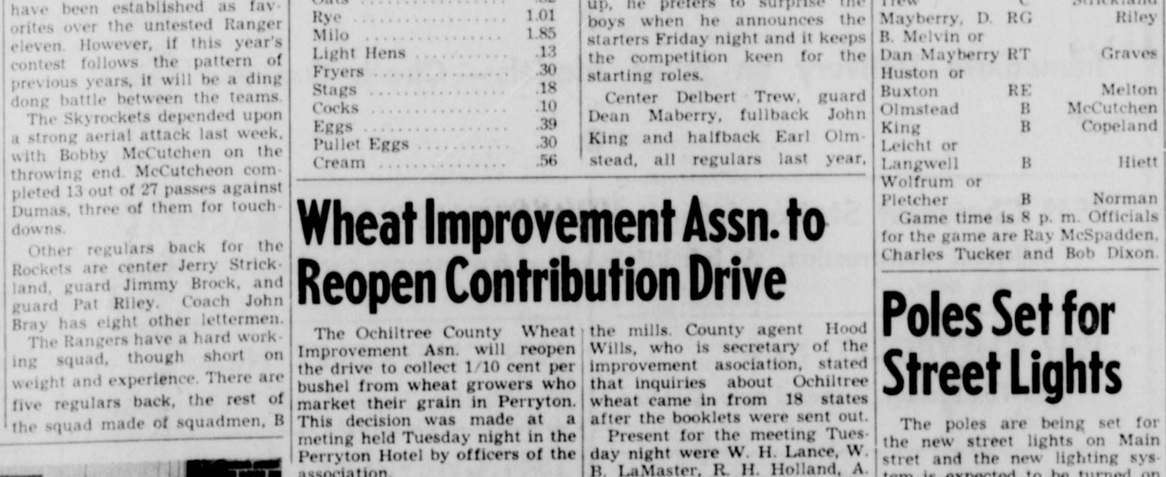

Enrollment in the Perryton school passed the 1,000 mark for the frst time and set another record high, beating last year's opening day" enrollment by 123 students.

The opening day enrollment was 1,061 students, and is incomplete, with a number of students yet to be enrolled in all three divisions, stated Gilbert Mize, superintendent.

There were 938 students on opening day last year and 904 in 1947.

The present enrollment figures show 576 pupils in elementary school, 229 in junior high

Rangers Open 1949 Football Season Friday Night at Ranger Field Against Wellington Skyrockets; Large Crowd Expected

The 1949 football season for the Perryton Rangers will open Friday night at Ranger Field when they engage the Wellington Skyrockets in one of the top contests of the area. Wellington will come to Perryton Friday night fresh from a 26-6 conquest over Dumas in the season opener last week.

On the basis of their showing a week ago, when they displayed mid-season form, the Skyrockets have been established as favorites over the untested Ranger eleven. However, if this year's contest follows the pattern of previous years, it will be a ding dong battle between the teams.

The Skyrockets depended upon a strong aerial attack last week, with Bobby McCutchen on the throwing end. McCutcheon completed 13 out of 27 passes against Dumas, three of them for touchdowns.

Other regulars back for the Rockets are center Jerry Strickland, guard Jimmy Brock, and guard Pat Riley. Coach John Bray has eight other lettermen.

The Rangers have a hard working squad, though short on weight and experience. There are five regulars back, the rest of the squad made of squadmen, B team graduates and freshmen.

The tentative lineup selected by coach Murry averages only 143 pounds in the line and 155 pounds in the backfield. This compares with an average of 160 pounds in the line for Wellington and 141 pounds in the backfield.

Although outweighed 17 pounds per man in the line, the Rangers will probably be meeting on as even terms as they will experience this season.

Coach Murry declined to state a definite starting lineup when queried Wednesday. Since there are only four positions on the team that seem definitely sewed up, he prefers to surprise the boys when he announces the starters Friday night and it keeps the competition keen for the starting roles.

Center Delbert Trew, guard Dean Maberry, fullback John King and halfback Earl Olmstead, all regulars last year, seem to have their spots cinched. Don Hedgepeth, letterman, is pretty sure of a starting tackle berth.

The starting lineup appears to be as follows:

Rangers		Rockets
Morgan or Lovett	LE	Ingram
Hedgepeth or Dietrich	LT	Kent
Carter or E. Melvin	LG	Brock
Trew	C	Strickland
Mayberry, D.	RG	Riley
B. Melvin or Dan Mayberry	RT	Graves
Huston or Buxton	RE	Melton
Olmstead	B	McCutchen
King	B	Copeland
Leicht or Langwell	B	Hiett
Wolfrum or Pletcher	B	Norman

Game time is 8 p. m. Officials for the game are Ray McSpadden, Charles Tucker and Bob Dixon.

Wheat Improvement Assn. to Reopen Contribution Drive

The Ochiltree County Wheat Improvement Asn. will reopen the drive to collect 1/10 cent per bushel from wheat growers who market their grain in Perryton. This decision was made at a meting held Tuesday night in the Perryton Hotel by officers of the association.

Letters are being sent out this week to wheat growers of the area asking for their contribution.

The money collected will be used to further advertise the premium quality of the wheat in this area, and special emphasis will be laid on informing the mills and other buyers of the quality of the local wheat.

It was pointed out that the market price in Perryton is higher than in many other wheat areas today, and that wheat grown in this area is given a premium. If the large buyers can be informed of the quality of the wheat, further premiums may be collected.

The wheat booklet distributed two years ago telling of the quality of wheat in this area was credited with great results from the mills. County agent Hood Wills, who is secretary of the improvement asociation, stated that inquiries about Ochiltree wheat came in from 18 states after the booklets were sent out.

Present for the meeting Tuesday night were W. H. Lance, W. B. LaMaster, R. H. Holland, A. L. Swink, J. H. Woodward, Ray Wright, Audie Conley, L. R. Conner, Luther Wade, Hood Wills, Roy Stollings, and Jack Atchison.

Local Members To Attend Farm Bureau Meeting

A delegation from Ochiltree county will attend the bi-district Farm Bureau meeting to be held in the Herring Hoteel in Amarillo on Monday, Sept. 12, announces Martin McCartor, president of the local organization.

County Farm Bureau directors, PMA secretaries and committeemen, veterans instructors and their classes, county and Home Demonstration agents and Farm Bureau service agents are especially invited, stated McCartor.

A highlight of the meeting will be the crowning of the Farm Bureau Queen for this district. Rep. Eugene Worley will make an address.

"Your congressman will judge the interest in agricultural legislation by the attendance at these meetings. Let's have a good sized delegation from Ochiltree county," said McCartor.

Anyone desiring transportation to the meeting should contact Fred Huston, Martin McCartor or Hood Wills by Satur-

Over Inch of Rain In Area Again This Week

For the second week in a row, more than an inch of rain has been recorded in the Perryton area. On Friday night, Sept. 2, 1.05 inches fell, another .03 inch came Saturday, and .23 inch fell Monday morning for a total of 1.31 inches during the week. The previous week, 1.32 inches of rain fell, bringing the total to 2.63 for the past two weeks. Conditions are excellent for wheat sowing.

Poles Set for Street Lights

The poles are being set for the new street lights on Main stret and the new lighting system is expected to be turned on sometime next week.

Thee steel street light poles on the west side of Main street are being replaced by creosoted pine poles, 26 feet high. The poles will be wrapped in galvanized sheet iron for six feet above the ground and the entire length of the pole will be painted with aluminum paint.

Each of the new street lights will be 10,000 lumens or approximately 500-watt size, furnishing about twice as much light on Main street as the old ones.

There will be 18 new lights installed on Main at this time, from Brillhart avenue to 9th avenue. Next year more lights will be added on the east side of Main stret, until there are 43 new street lights.

New Nazarene Pastor Arrives

Rev. Buford Burgner, new pastor of the Church of the Nazarene, preached his first sermon at the local church on Sunday, Sept. 4. Rev. Burgner accepted the Perryton pastorate after resigning at McKinney, Texas.

He had held pastorates at Goldthwaite and Houston and previous to serving as pastor of these churches, he traveled as evangelistic singer for several years.

Rev. and Mrs. Burgner have two sons, Jimmy, 12, and Dennis Lee, 2.

Spectacular Blaze Threatens Ellis Grain Elevator, Other Buildings, Before Controlled

Fire, thought to have occurred from a faulty switch, flashed out of the pump house by the gasoline storage tanks of the Nail Oil Co. on West Brillhart, exploded into flame Wednesday afternoon at 1:30 o'clock, and the most spectacular fire in over a year was on view in Perryton.

Perry Durham, tank truck driver from Borger, had just filled the upright storage tanks with gasoline and stepped into the small pump house to turn off the pump switch. As he pulled the switch, flames lashed out at him, searing his face before he could could back out of the pump house. Flames were roaring as he jumped into the truck and pulled it away from the tanks.

Taken to the Sanford hospital, he suffered from severe burns arbund the face, right arm and right leg. His clothing protected his body.

The fire alarm was turned in by Olen Smith and B. C. Campbell, employees at the station, and the fire truck arrived a few minutes later. Mr. and Mrs. Harry Nail were eating lunch uptown at the time the fire broke out.

The storage tanks, containing 18,000 gallons of gasoline, blazed out of control within a few minutes, and at firs' all the firemen could do was to try and protect the other buildings surrounding the fire. It appeared certain that the billowing flames, fed by the streams of raw gasoline, would catch the nearby Ellis grain elevator on fire, and calls were sent out to the Borger, Liberal, and Spearman fire departments for help. All three of these neigh-

Legion Post to Assist Veterans Insurance Refunds

The American Legion will assist all local veterans in applying for their National Service Life Insurance Dividends.

This was announced by Omar Truax, commander of the Pierce Johnson Post No. 254.

"Our post will have the necessary applications which veterans will have to make to the VA to get their NSLI dividends," Truax said. "Every veteran who held his NSLI policy for 90 days or more will have a refund coming to him. The VA expects to pay out approximately $2,800,000,000 in these refunds, and payments per veteran are expected to average about $175 according to the VA."

"The VA estimates that some 16,000,000 veterans are entitled to NSLI refunds," Truax said. "Actually today the VA has the home address of only six milions of eligible veterans."

The application forms are available at the post office, county service office or through the VFW and American Legion posts.

Nationalization Loses Out in Australia

SYDNEY—(AP)—Australia's Labor Government is doing little about nationalization. It hasn't the power. The Australian Constitution says: "Trade, commerce and intercourse among the states, whether by means of internal carriage or ocean navigation shall be absolutely free."

That sentence, in Section 92, has been the wrecker of Labor Party dreams of nationalization. There have been 40 High Court cases and two Privy Council cases in which judges and lords have decided how section 92 applied in certain cases.

Today the general legal view is that Section 92 cuts right across plans for nationalization — transport, banks, coal mines, breweries, or almost anything else that has business in more than one state. Latest defeat of a nationalization plan was in the Banking Case. The Privy Council, in London ruled the Australian Government has NO power to make a law to nationalize private trading banks.

Postman Finds Dogs Friendly

DAYTONA BEACH, Fla.—(AP)—Postman Johnny Jones, who has been carrying the mail 14 years, has a few observations on dogs:

"I have no trouble with big ones. People are just scared of their size. It's the little ones that are yappiest and which will chase you.

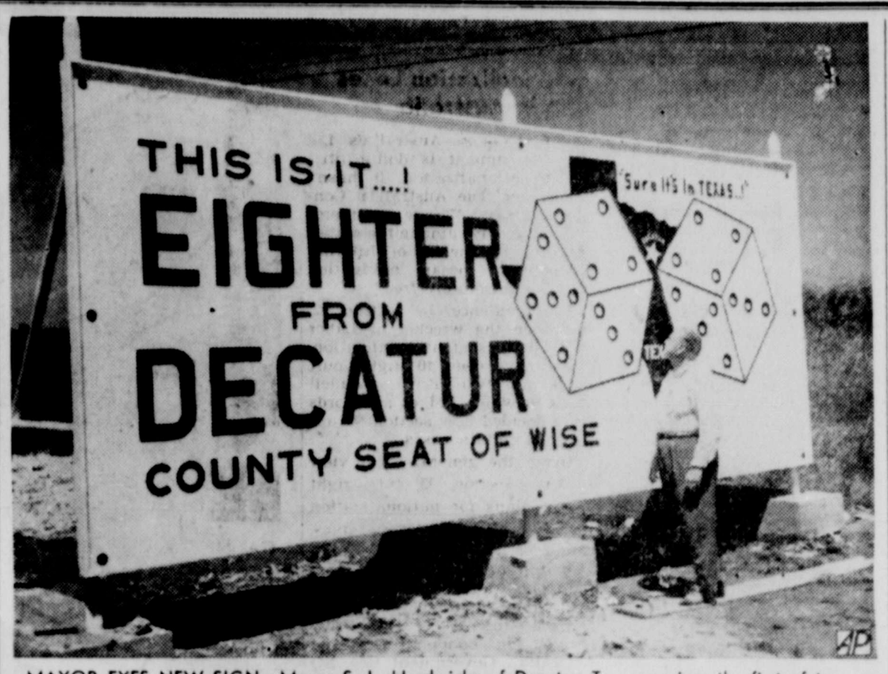

"Ninety per cent of the dogs I've met are friendly: the others are the reserved type, not necessarily mean but stand-offish. First thing I do when I meet a new dog is whistle and talk to him in a friendly voice. The thing to do is be friendly, but don't push it.

"If you're riding a bicycle, remember it's the bike the dog is barking at. Get off and walk until the animal gets to know you. Never act afraid; don't threaten a dog. Don't pick up a stick because you may startle him into attacking you. Troubles with dogs are mostly caused by humans, anyway. Handle a dog right and he'll respond in a friendly way.

Suit Prices Go Down

FRANKFURT—(AP)— Complete men's suits are being offered in Frankfurt for $6.00 and even less these days. Street peddlers are buying them and have a roaring trade selling them in the outskirts of the city.

Two months ago the same suits were priced at $33.00 to $36.00. The prices fell when stores accumulated surplus quantities of summer-weight suits. The peddlers bought them up almost for nothing.

THE TEXAS POLL:

Idea Of Drive-In Church Does Not Appeal to Texas Residents

By Joe Belden
Director, The Texas Poll

AUSTIN, Texas — The idea of a drive-in church which is being tried in parts of California and at least one Texas city does not please most adults in this state.

Six out of every ten adults interviewed in a recent statewide survey by The Texas Poll disapproved of the innovation.

A majority of every religion voiced opposition to this type of church. Disapproval was especialy strong among Catholics, who explained they could not participate in Mass while sitting in a car.

Public opinion was sounded out with this question, which was put to a cross section of adults in all parts of Texas:

"What do you think of the idea of a drive-in church, where families can sit in their cars and worship — at night-time services? Would you say this is a good idea or not such a good idea?"

Not such good idea	60%
Good idea	33
No opinion	7
	100%

Many people who favor a drive-in church feel it would help solve the baby-sitting problem. This is typified by the housewife in Bryson who said: "That's a fine idea — then I could take my children."

The drive-in also appeals to some people who think their clothes aren't good enough to wear in a regular church. A cotton chopper near Winters explained their viewpoint. "A drive-in," he said, would be good for big families and poor people who don't have clothes to meet the public."

Opposition to the idea comes not only from persons who believe a drive-in would be impractical for their form of worship. Many others seem to think it would detract from the reverance that people should feel for their church.

"It would be too much like a picnic," explained a Dallas business woman. "That would be too informal."

"You can't worship in a car," opined a student pilot at Lubbock. "A car is more for pleasure."

A farmer in Harris county thought "there wouldn't be that get-together feeling churches should have." And a Wichita county farmer feared "too many spooners would go."

As for making people comfortable in their traditional churches, most Texans are for that. For example, two out of every three questioned in this survey said they did not believe men should have to wear coats in church during summer months.

Greatest acceptance for the going to church in shirt sleeves is found among rural residents. Here is the breakdown showing opinion in cities over 50,000 towns under 50,000, and on farms and ranches.

"Do you think men should have to wear coats when they attend church — in the summer?"

	Over 50,000	Under 50,000	Farm Ranch
Yes	37%	23%	13%
No	53	69	76
Depends on church	9	6	11
No opinion	1	2	2
	100%	100%	100%

A majority of the persons questioned were of the opinion church attendance would be increased if men were invited to come in their shirt sleeves.

SLAIN SECRETARY—Miss Carolyn Schofield, 20, Dallas, Tex., secretary, (above) was shot to death in a down-town office building in Dallas. Police said Kaith Petersen, 21, junior journalism student at Southern Methodist University surrendered after the shooting and said he shot her after she told him that she was going to mary another man. Museum to House Bonn Government Office

BONN, Germany—(AP)— Some officials of the new German Federal Republic will have stuffed lions, pre-historic mammoths and rare butterflies as neighbors. They'll all be together in the Alexander Koenig museum in this first capital city of Western Germany.

Bomb-battered Bonn is woefully short of office space. New buildings are blossoming amid the war ruins. But it will be years before enough space is available to house the ministries of the infant republic, if they stay here permanently. So one ministry probably will settle in the museum. It will have one wing — the relics of the past will have what's left.

The Mojave Desert in southeastern California is an area of about 15,000 square miles.

Salvation Army Worker to be In Perryton

Major Bernice Lyons, newly appointed field representative for the Salvation Army in Texas, will make her first visit to Perryton and Ochiltree county very soon to continue the work of W. D. Pedigo who recently retired.

Among the projects of interest to citizens all over the state are the Salvation Army's home and hospital in San Antonio for unwed mothers, the work of the Army in prisons and jails, its missing persons service, its relief work in time of disaster and its welfare work in the more than 50 Texas communities which have Community Service Units of their own under local leadership.

Although there are "drifters" who solicit funds in this area from time to time, wearing uniforms similar to the Salvation Army the genuine Salvation Army worker is announced well ahead of time and presents proper credentials.

Shirley Will Head Chevrolet Firm's Commercial Dept.

T. R. Shirley, former owner of an automotive supply store in Spearman, has been named sales manager of the Perryton Motor Company commercial department, A. J. Kelly, owner announced today.

As head of this department, Mr. Shirley will be in charge of sales of new and used trucks, pickups and various commercial units, Mr. Kelly reported.

Shirley moved to Perryton last week from Spearman. At one time he was manager of the Spearman Equity and has been associated with the Enid Equity.

He served two different terms as president of the Spearman Chamber of Commerce and is active in Lions club work. He is a member of the Baptist church.

Mr. and Mrs. Shirley have purchased a home at 818 S. Drake. Their daughter, Gwendolyn, is a sophomore at Wayland College.

Jimmy Lee returned Tuesday of last week from Oklahoma City, where he visited with his daughter, Miss Kathleen Lee, who is a student nurse at St. Anthony's Hospital.

BALKO News

Miss Geraldine Pugh

The 1949-50 school term is now under way at Balko with 124 enrolled in the elementary grades and 52 enrolled in high school.

The tenth grade is the largest high school class with sixteen enrolled, and the senior class is the smallest with ten members. Members of this year's senior class are Elvena Morris, Florence Murray, Wanda Nichols, Mary Ann Penner, Geraldine Pugh, Ouida Saunders, Marie Thomason, LeRoy Penner and Galen Sargent.

Faculty qualifications at Balko are unusually high this year with two master's degrees and six bachelor degrees represented. Each member of the faculty has state approval in the subjects he instructs. All members of the faculty have had previous teaching experience.

The motion picture "Nevada," a modern western film, was shown in the school auditorium Friday and proceeds will go to the student activity fund.

Classes will be dismissed at Balko Friday for the county teachers meeting to be held in Beaver.

The Balko schools will have an exhibit at the Beaver county fair to be held in Beaver September 14-17. The exhibits were prepared during the last school term.

The first edition of the Balko school newspaper was published Friday under the direction of Mr. Boyer. The paper will be published throughout the term by members of the journalism class.

Organization of the Balko band started with the opening day of school under the direction of J. D. Westfall who has directed the Balko band for the last several years.

A baseball game is scheduled for Thursday against Bethany. Members of the Balko team have been working out under the direction of Coach Tom Palmer who is also coaching the high school girl's softball team.

Mrs. Ora Williams, Pampa, and G. N. McMillen, Wichita Falls, were guests the first of the week in the home of their brother, Mr. and Mrs. W. E. McMillen. On Saturday, Mr. and Mrs. McMillen went to Pampa after Mrs. Williams, and then Sunday, all of them drove to Amarillo to meet G. N. McMillen, who had been visiting in Albuquerque, N. M. On Monday, the McMillens and their guests drove to Liberal, Kans., and returned through Forgan and Beaver, Okla.

Iron Curtain Breech Makes Money

LUEBECK—(AP)—A young German girl refugee from the Soviet zone succeeded in piercing the iron curtain and making money from it. In the British zone resort of Travemuende on the Baltic, she set up a former Wehrmacht artillery range finder. For the equivalent of a nickel you may peep through and try to find out what goes on in the nearby Soviet Zone.

WESTERN EUROPE CAPITOL—Strasbourg, chosen new "capitol" of Western European Union, has long claimed to be a symbolic link between two civilizations—Latin and Anglo-Saxon. Battered during the war, it has now been largely rebuilt. It has belonged to Germany and was returned to France after WW I.

Gayle Ferguson took the train at Liberal, Kansas, Monday for Booneville, Mo., where he is a senior at Kemper Military Institute. His parents, Mr. and Mrs. Frank L. Ferguson, and his uncle and aunt, Mr. and Mrs. R. W. Leatherman accompanied him to Liberal.

Thai Women Assails Polgamy

BANGKOK—(AP) — How can Thai (Siamese) women be considered as having equality with men when the males are permitted to have more than one wife? So asked Nang Nantaka Suprabhatanand, former chairman of the Women's Law Association, amid the cheers of the Thia Women's Association.

The woman attorney said Thai women legally have equal rights but nature and tradition militate against attainment of of this equality. She said it probably would be impossible to pass a law to change the marital situation, but it was fortunate that the cost of living these days obstructs most men from having more than one wife.

The law recognizes three types of Thai wives: legally registered, semi-wife and servant wife. Women have the right of divorce, she commented, but she did not favor use of this legal weapon except in extreme cases. Nan Nantaka also criticized the law that gives the husband power to handle his wife's property. She said women who had their own careers outside the home should be allowed to manage their own property.

Mrs. Tom Murry returned Tuesday of last week from Oklahoma City, where she visited her son and her sister and family.

Farmers Turn to Winter Legumes On Local Fields

With the coming of acreage allotments, many local wheat growers are turning to winter legumes for soil improvement on diverted acres, reports county agent Hood Wills.

There are about 25 farmers in the county who are sowing hairy vetch and Austrian winter peas this fall. About 600 acres are being put into winter legumes.

These winter legumes afford good pasture for livestock during the winter months, and when turned under next spring, will enrich the soil for wheat sowing, Wills pointed out.

Conditions are excellent just now for sowing of hairy vetch and Austrian winter peas, the county agent says, because of the abundant moisture. The winter legumes will come up in about ten days and will be ready for grazing within a short time.

Mrs. Minnie Rich returned Tuesday of last week from Kansas City and Booneville, Mo., where she visited a sister and two brothers. She has been there since June. Her nephew, his wife and twin daughters, Nelson Lewis, returned with Mrs. Rich from Kansas City.

Several Football Rule Changes In Effect This Year

Several new football rule changes are in effect this year, only a few of which will be apparent to the spectators.

Under the substitution change, substitutes may be sent into the game only when the ball is dead. This means that only when the ball changes, an incomplete pass is made, or time out is taken, may new men be sent into the game. Any number of substitutions may be sent in at these times.

A pass rule is in effect which makes the ball available to any member of the offensive team who catches it, even if deflected from one of his own teammates. Formerly, when a pass was deflected by a receiver, it had to be touched by a defender before another member of the offensive team could catch it.

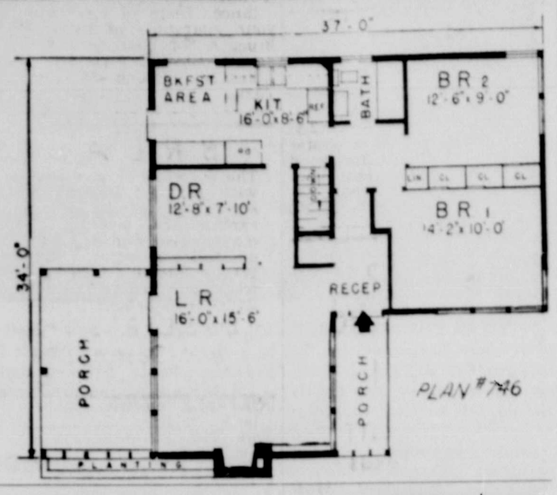

The offensive man who stands close enough to the center to receive the ball on a hand off, that is, the short man in the T formation, is not eligible to receive a pass.

This year, the clipping rule has been modified. Players can be blocked from behind, from the waist up. Formerly, any player blocked from behind was clipped, and the opponents were penalized 15 yards.

On the kickoff, when the kick goes out of bounds twice, it is put in play on the 50 yard line. Last year it was put in play on the kicking team's 40 yard line.

Seed Cleaning, Pays Dividends Experts Say

COLLEGE STATION — Planting time for winter grain crops is just around the corner and now is the time to get the seed ready. It is important to plant good seed and of the right varieties. E. A. Miller, extension agronomist of Texas A & M College, suggests that you check with your local county agent on the varieties that are best adapted to your particular section of the state.

If the seed you intend to plant are mixed with weed seed, they should be cleaned and treated chemically as a safeguard againt losses from grain smuts, seed rots and seedling blights, says Miller.

Stinking smut is the most serious wheat disease. If there are smut pores on the seed, they will grow up with the wheat plant. Stinking smut is hard to detect in the field, says Miller. If the infestation is severe, you may notice a foul odor and the heads will take on a darker green color. At heading time, the heads will have masses of smut spores where the kernels should be and during combining operations these smut balls break open and scatter millions of black spores over the healthy seed.

Oats and barley are often attacked by smut but here it is easily detected by the black barren stalks in the field.

An effective method of control for these smuts is to treat each bushel of seed with ⅓ ounce of new improved ceresan or with a like amount of the new chemical called ceresan M.

Loose smut is something else. It causes the grainless black heads that you have probably seen in your wheat field, says Miller. It cannot be controlled by chemical treatment — only by a difficult hot water treatment — and for that reason Miller says it is best to get seed from growers who do not have the disease in their fields.

The same chemical treatment can be used on oats and it will also help control the new disease called helminthosporium blight to which Victoria oat crosses including Fultex, Ranger, Rustler, and Victoria Grain are susceptible. One symtom of this disease is weakening of the stalks which cause lodging.

Miller says that treating grain seed is good insurance against losses in yields due to smuts and other seed borne diseases and against dockage losses when you sell. Your local county agent will be glad to supply you with additional information on seed treatment methods and he can also furnish plans for making the seed treating equipment, adds Miller.

Mud Is Studied For Army

ITHACA, N. Y.—(AP)—A team of Cornell scientists is studying mud for the U. S. Army. They have found some hitherto unrecognized forces at work in common dirt. The purpose is to learn to strengthen soil without tons of cement or other mixtures. Ever since men used mud to make dwellings most everyone, including engineers, believed that soils made of particles of the same sizes, acted about the same. But clay soils with particles of exactly the same sizes may behave differently.

In some clays the tiny particles are held in position by forces that act at a distance. These forces presumably are electrical. Recently a similar force acting between living particles has been discovered by biologists.

Differences in mineral composition affect the behavior of clay particles. Many forces originate at the surface between a particle and water around it. Through these forces, fine clays may have a large influence on the solidification of a mixture. Clays also can change their strength according to what contaminates their surfaces.

Bill Stephenson had as his guests last week two classmates from Texas A & M College, Bob Curry of Belton and Wesley Nelson of Katy, Texas. The three spent several days in Colorado Springs on a short vacation trip.

Most Veterans Have Applied for Insurance Refunds

The rush for GI insurance refunds is about over, with the great majority of Ochiltree county veterans having their application forms already in the mail.

A check at the post office and with county service officers Tom Davis reveals that approximately 500 insurance refund applications have been distributed in Perryton. There are over 600 veterans in the county, indicating that most of the vets have wasted no time in applying for the refunds.

The VA estimates that the average refund payment will be $175, meaning a tidy bit of change for the local veteran population. Refunds will be made after January 1, 1950.

boring cities sent their trucks, but luckily, the fire was under control when they arrived. Canadian sent a crew of trained firemen to assist in the fire fighting.

The wind was blowing slightly from the south when the fire started, but quickly changed to the northeast, blowing the flames away from the grain elevator. Firemen were then able to get behind the Ellis warehouse and the Nail building and play streams of water on the elevator, preventing it from igniting.

Huge black billows of smoke puffed hundreds of feet into the air and the yellow flames leaped high as the bursting tanks lent fuel to the fire. A stack of gasoline drums located just north of the upright storage tanks puffed out from the heat, and several exploded, adding to the spectacular nature of the fire.

A small frame building just west, behind the blazing gasoline tanks, owned by the Equity and containing thousands of feed sacks, soon succumbed to the hungry flames.

The heat from the blaze scorched the faces of the firemen who kept playing hoses on it from all directions. In fact, spectators were kept a block away down wind from the fire by the intense heat.

A tractor parked across the street, by the Phillips One-Stop station, became so hot from the flames that the right rear tire burs into flames, as did some old tires lying on the ground outside the McBryde Machine Shop across the street.

The intense heat did ignite a portion of the south wall of the Ellis grain elevator, and the scorched wheat in this elevator was damaged. It will be impossible to tell how much this wheat damage is until it is moved out and inspected, stated J. H. Woodward, manager. Some observers believe the wheat damage will be nearly as much as the loss to the oil company, however.

The office of the Nail Oil Co. suffered considerable damage on the west wall and roof, along with water damage inside. All of the records, cash register and most of the furniture was moved out of the office soon after the fire started.

Nail stated Wednesday afternoon that he could not estimate the damage until he had a chance to check on the damage to all the property. It appeared to be about $20,000 or more from preliminary examination.

Mr. and Mrs. Andrew Caldwell of Sulphur, Okla. spent a few days this week looking after business in Perryton, and visiting with their children and families, A. W. Caldwell, Gray, Okla., Paul Caldwell, Booker, and Victoria Rose, Liberal, Kansas.

Foote and Burk To Sponsor All Game Broadcasts

Two Perryton firms have agreed to sponsor broadcasts of every football game on the 1949 Ranger schedule. This arrangement includes games away from home and those to be played at Ranger Field, I. R. Buchanan, KEYE station manager reported.

The firms, Foote Truck-Tractor Company and Burke Drug, have been boosters of the Perryton Rangers and said that they were doing this as a public service in order that everyone might keep up with the Rangers while away from home.

Announcers for these contests have not been named.

Each broadcast will start at 7:45 p. m. with pre-game color, lineups and weather conditions. KEYE broadcast one football game last year, the Phillips-Ranger scrap last November, on the day that KEYE, 1400 KC, took the air.

Marriage License Law Goes Into Effect October 5

The new marriage license law for Texas goes into effect on October 5, greatly changing the procedure for this state.

Under the new law, H. B. No. 588, both parties must have a blood test, including the standard test for syphillis, in a state approved laboratory before the county clerk can issue the license.

This blood test certificate must be signed by a medical doctor and the parties must be married within 15 days after the issuance of the certificate.

In the past, only the bridegroom had to secure a medical certificate, and this did not include a blood test. For persons living outside Texas who wish to be married in Texas, they must present a certificate that the blood test has been made, together with an affidavit from the the laboratory has been certified the larobatory has been certified by the state health department.

The county judge may, in exceptional cases, waive requirements regarding the medical tests upon joint application of the parties and can direct the county clerk to issue the marriage license.

Laymens League Plans Dinner And Program

The Laymen's League of the Christian Church will meet Thursday, Sept. 8, in the church dining room for a dinner and program.

The dinner will be prepared by the ladies of the church and will be followed by a program in the sanctuary at 8 o'clock.

Rev. Lomax of San Antonio will present "The Story of the Bible," with visual aids.

The public is cordially invited to attend the program at 8 o'clock, stated J. W. McKinney, minister of the church.

4-H Judging Team Will Go To State Fair

The Ochiltree county 4-H livestock judging team which placed in the regional contest at College Station will go to Dallas on Oct. 11 to compete in the state judging contest. Members of the team are Max Pearson, Dickie Hall, Myron McCartor and Dale Hoover.

There will be six livestock judging teams from the state, and the winner will receive an all-expense trip to the international show at Chicago.

Ochiltree Seed Wheat Still In Great Demand

For the third straight year, the demand for Ochiltree county seed wheat has shown an increase, inspite of the much larger amount of seed grown. This growing demand for seed wheat, certified and otherwise, refleects the widespread reputation of the county for producing premium milling varieties, says county agent Hood Wills.

Wills estimated that there have been over 150,000 bushels of seed wheat sold this year, although not all of it was certified seed, however. There were 3,800 acres of certified wheat in the county this year, producing 114,000 bushels of seed. Well over half of the certified seed has been sold, estimates the county agent.

Since this seed wheat sells above the market price, this means a nice extra income for county wheat growers.

Requests have been received from wheat producers in Oklahoma, Kansas, and all over the South Plains of Texas for Ochiltree county seed wheat.

Demand is heaviest for Triumph variety, with demand for Westar just about as strong. Wichita and Comanche are going well, although lagging behind Triumph and Westar.

The Ochiltree County Certified Wheat Growers Assn., sent a list of growers and bushels available to all the elevators in the wheat growing area. In addition, they have advertised in a number of newspapers, bringing in results from as far south as New Braunfels and Brady, Texas.

TO SPEAK AT GARDEN CLUB—Mrs. Guy Rogers of Wichita Falls, center, will speak at the Perryton Garden Club meeting to be held on Tuesday, Sept. 13. Mrs. Rogers is one of the nation's foremost flower growers and her husband is president of the American Iris Society. Shown above in a picture taken in the Rogers' iris garden last April are Guy Rogers, left, and Mrs. Rogers, with Harry Thomas, right, vice president of the American Iris Society for the Texas, Oklahoma and New Mexico region. These plants are valued at thousands of dollars.

Mrs. Guy Rogers of Wichita Falls, One of Nation's Top Flower Growers, to Speak Tuesday to Garden Club

Mrs. Guy Rogers of Wichita Falls, one of the foremost flower growers in the nation and owner of one of the four outstanding iris gardens in the nation will be principal speaker at a meeting of the Perryton Garden Club to be held in the Pertex Theatre on Tuesday, September 13.

A tea will be held in the Harvester Room of the Perryton Hotel after the meeting, honoring the distinguished visitors. With Mrs. Rogers will be Mrs. John Gill of Wichita Falls, also a flower grower of wide renoun.

Bith Mrs. Rogers and Mrs. Gill will be house guests of Mrs. A. S. Brillhart while in Perryton.

Approximately 100 persons are expected to attend the meeting. Clubs from neighboring Panhandle cities have been invited to attend.

Mrs. Rogers will accompany her talk with a series of colored slide pictures.

The Rogers iris gardens in Wichita Falls have attracted nation wide attention, and in the spring, there is always a snarl of traffic as motorists and pedestrians pause to observe the beauty of the Rogers gardens. They have developed several new iris varieties and one new iris has been namd "Alline Rogers" in honor of Mrs. Rogers. This new iris was developed by Dr. Klein Sorge, one of the nation's leading hybridizers.

The fame of Mr. and Mrs. Rogers' iris gardens has spread far and wide so that, each year, they have visitors from all parts of the nation.

Several years ago, they started keeping a guest log which now bears thousands of signatures.

Mrs. Rogers will be introduced by Mrs. Lawrence Elizey, president of the local club. Mrs. Ada Witt is in charge of the tea, with Mrs. Jessie Witt, Mrs. A. C. Witt, Mrs. Horace Glasgow and Mrs. C. W. King on the committee on arrangements for the tea.

This meeting will open the Garden Club Year.

Marriage Vows Exchanged August 28 By Colleen Milledge and Roy Johnson

In a beautiful ceremony on August 28 at 3 o'clock in the afternoon in the sanctuary of the First Christian church, Miss Colleen Milledge became the bride of Roy Johnson. Rev. J. W. McKinney officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. Andrew F. Milledge and Mr. Johnson is the son of Mr. and Mrs. Bob Johnson of Hardesty, Okla.

Trellises entwined with huckleberry, baskets of orchid asters and tall white tapers in candelabra formed the setting for the service. The bridal party advanced to the altar down the white carpeted center aisle, which was marked with white satin ribbons and bows.

Mrs. A. K. Wilson played a prelude of nuptial music and accompanied Miss Janice Miller, vocalist, whose number included "Because," and "With This Ring." At the close of the ceremony, she sang "The Lord's Prayer."

The traditional wedding marches were used for the processional and recessional.

Preceding the bride to the altar were her attendants. Miss Ruth Wade of Waco was maid of honor. Bridesmaids were Mrs. Don Gurley and Miss Camilla Kelley.

Miss Wade was attired in an off the shoulder dress of orchid taffeta fashioned with a fitted bodice, with yoke of marquisette and a bouffant skirt. She wore a shoulder length veeil of orchid net, and carried a bouquet of yellow gladioli.

The bridesmaids' frocks were of lime green taffeta styled like the honor attendants. They wore softly draped net crowns to match their frocks, and carried arm bouquets of pink gladioli.

The candles were lighted by Miss Gayla Faye Milledge, sister of the bride. Her dress was of yellow taffeta with a black velvet sash. She wore orchid asters in her hair. Flower girls were Marion Riley and Jo Nita Watson. Marion's dress was of blue taffeta and Jo Nita's was pink taffeta. They carried small baskets of rose petals.

Glade Johnson of Hardesty served as best man. Ushers were A. B. Johnson, brother of the groom, and Joe Cagle.

The bride, given in marriage by her father, chose a dress of white slipper satin. It was made with a fitted bodice, yoke of illusion and fitted tapering sleeves. The full skirt had three shirred drapes at the bottom caught up with tiny bows, and extended into a cathedral train.

Her finger tip veil of imported lace and illusion fell from a bonnet of ruffled illusion embroidered with seed pearls. She carried a fan shaped bouquet of satin loops centered with a orchid and showered with stephonotis and satin streamers.

Observing tradition the bride wore a lavalier, which was a gift from her father to her mother, a blue linen handkerchief belonging to her grandmother, and had a sixpence in her shoe.

For her daughter's wedding, Mrs. Milledge was dressed in an afternoon dress of forest green. Her accessories were black and her corsage was of American Beauty gladioli.

Mrs. Johnson, the bridegroom's mother, chose a dress of iridescent blue and wine taffeta. Her accessories were navy. She wore a corsage of dark red roses.

A reception was held in the home of Mr. and Mrs. C. L. Schell, 502 S. Colgate, following the ceremony. Baskets of asters, roses and greenery decorated the reception rooms.

Mrs. Gene Alexander, aunt of the bride and Miss Jewel Ann Morgan registered the guests.

Miss Colene Schell, pianist, played softly during the reception.

The bride's table was laid with a white hand-drawn linen cloth and was centered with a low crystal bowl of roses and table roses.

Crystal candelabra and lighted tapers were on either side of the centerpiece. Presiding at the crystal punch bowl was Mrs. Joe Watson. Opposite the punch service was a tiered wedding cake decorated in orchid and silver and framed in tube roses, which was served by Mrs. Mark Burton, sister of the groom.

Also in the house party were Mrs. C. L. Schell, Mrs. A. K. Wilson, Mrs. Debs Riley, Mrs. Jim Anderson, Mrs. Weldon Clack and Mrs. Neil Thompson.

The couple left following the reception for a wedding trip to points of interest in New Mexico. The bride traveled in a tan suit with forest green and cocoa accessories. Her corsage was an orchid.

The couple graduated from Perryton high school with the class of 1947.

Mrs. Johnson was a member of "Who's Who" and National Honor Society in high school. She graduated from Colorado Women's College in 1949 and is a member of Delta Tau Kappa sorority and La Tritonne, a music sorority. She is an accomplished musician and teaches music

The groom attended Panhandle A. & M. College. At present he is employed at the Triple Supply Co., and is engaged in farming with his father at Hardesty.

Out-of-town guests were C. E. Roble, Springfield, Colo., Mrs. I. W. Gray, Phoenix, Ariz., Miss Peggy Knowles, Galrea, Kans. Mr. and Mrs. Karl Selts and Karla, Hoisington, Kans., Mr. and Mrs. C. W. Trammell, Mr. and Mrs. Lee Trammell of Freedom, Okla., Mr. and Mrs. Gene Alexander and Judy, Mrs. L. F. Milledge, Waynoka, Okla., Mr. and Mrs. Dick Watson and Larry Joe Guymon, Mr. and Mrs. Tom Collingsworth, David and Bill, Hardesty, Rev. and Mrs. C. E. Boatman of Colby, Kansas.

Fish Fry Held Monday at Wagner Home

The back yard of the Allen Wagner home was the scene of a large gathering of friends and relatives on Monday evening, Sept. 5, who enjoyed a fish fry.

The dutch oven and skillets filled with fish, and the coffee pot were placed on the fire in the large outdoor fire place. While the cooking was being done, the tables were spread with plenty of good food to go with the fish.

The men enjoyed several games of croquet, while the swings and sand box provided amusement for the children.

Those enjoying the fun and feast were Mr. and Mrs. Chuck Waller and Jerry; Mr. and Mrs Lee Edge and Linda; Mr. and Mrs. Byrl Hardy; Mr. and Mrs Bill Pletcher and family; Mr. and Mrs. Earl Schwalk and family; Mr. and Mrs. Noah Pletcher and family; Mrs. S. P. Whippo and Ruth; Mrs. Worley Adair and J. T.; Mr. and Mrs. B. R. Pletcher and family; Mr. and Mrs. Buck Reitz and family; Mrs. Lynda Estes of Oklahma City; Janice Miller, Jean Delano, Laurel Lovett, Marie Evans and the Wagner family.

Sallie Holcomb Resigns as Head Of B& PW Club

The Business and Professional Women's Club met in the Harvester Room of the Perryton Hotel for their regular meeting, with 14 members present.

A letter was read from Mrs. Sallie B. Holcomb, offering her resignation, since she will not return to her position on the Perryton school faculty. Her resignation was accepted and Mrs. Frances Ferguson, who was president last year, was again elected.

Mrs. Odessa Edwards gave a report from her committee, investigating the possibility of organizing a Girl Scout troop in Perryton.

A board of directors meeting was arranged for Friday night to plan the new year book and appoint members to serve on committees.

Ochiltree Club Studies Holders For Flowers

"The container for flowers depends on the size of the flower," stated Mrs. Mary W. Jones at the meeting of the Ochiltree Home Demonstration Club, Friday, in the home of Mrs. Kirt Williams. "Plain vases or containers are best to bring out the beauty of the flowers," further stated Mrs. Jones.

Mrs. Hutton received the "guess what." Plans for the exhibit were made at this meeting.

Refreshments were served to Mesdames Bob Drake, Delbert Davis, Jack Dodson, Bob Chase, Oscar Blank, Ancil McClung, N. R. Hutton and a visitor, Mrs. Elt Symons.

The next meeting will be September 17 in the home of Mrs. Delbert Davis.

Bill Allen and Johnye Meador Wed In Double-Ring Ceremony at McGregor

A Saturday evening candlelight ceremony, August 27, at the First Methodist church, McGregor ,united in marriage Miss Johnye Meador, daughter of Mr. and Mrs. W. M. Meador, McGregor, and Mr. Bill H. Allen, son of Judge and Mrs. Jack Allen, Perryton. Rev. Henry Price read the impressive double-ring ceremony at 7 o'clock, and nupital music was given by Mr. Irvin Warren, Waco, organist. Mrs. James Cooper, Lorena sang "At Dawning," and "O Perfect Love."

The church was beautifully decorated with fern trees of woodwardia; columns of huckleberry and fern banks and fan type arrangements of white gladioli and white asters. Pew candles were used and were decorated wit white gladioli and satin. Satin rope designated the family pews.

Mr. Meador gave his daughter in marriage. She was lovely in a gown of lustrous ivory satin, the simplicity of which was accentuated by the delicate tracery of seed pearls in a leaf motif appliqued on the low oval yoke of marquisette. The fitted basque bodice was fastened down the back with tiny satin buttons and had long fitted sleeves tapering into petal points at her hands. The satin skirt was gathered to the bodice and fell in a graceful flare to a catherdal length train. From a seed pearl tiara fell her full length imported illusion veil with rose point medallions. She carried a spray type bouquet of stephanotis and white orchid with satin streamers.

The bride's attendants wore dresses of pink marquisette and satin, trimmed with Chantilly lace, pink hats made of net and taffeta, and carried spray type bouquets of pink amaryllis and pink sweetheart roses.

The attendants were Miss Elizabeth Meador, maid of honor and sister of the bride, Miss Rita Isbill, San Antonio, cousin of the bride, Mrs. Gene Kerley, San Angelo, cousin of the bride, and Mrs. W. J. Stegall, Conroe.

Little Gail Grantham, daughter of Mr. and Mrs. John R. Grantham, Jr., was the flower girl, who was dressed like the bridesmaids wearing a garland of pink sweetheart roses in her hair and carrying a small white basket of rose petals with a garland of pink sweetheart buds across the handle with pink satin streamers.

Jack M. Allen, Austin, brother of the groom, served as best man. Ushers were Bill Meador, brother of the bride; Fred Jones, Bonhan, and Bill Herndon, Perryton.

The bride's mother wore a gray lace dinner dress with throat corsage of pink sweetheart roses. The groom's mother wore a periwinkle blue lace dress with a shoulder corsage of dark pink carnations.

Both the bride and groom attended the University of Texas and will continue their studies there this fall where he is in mid-year law school, having received his BBA degree last June.

The bride is a member of Delta Delta Delta sorority and the groom is a member of Delta Tau Delta fraternity. Before entering the University, the groom attended West Texas State College one year and served in the Navy.

For a weedding trip to Mexico City and Acapulco, the bride chose a gray menswear suit with winter pink hat and black suede accessories. Her corsage was an orchid.

Immediately following the ceremony a reception was held in the Meador home and on the lawn. Cake and punch were served by Mrs. Douglas Henson, Houston, sister of the bride, and Mrs. A. A. Briggs, Dallas, cousin of the bride, and the guests were registered by Mrs. Jack M. Allen, sister-in-law of the groom.

The bride's table held an arrangement of white roses with tricitine wedding bells extending to the table with a wreath of bouvardia aroundthe punch bowl. Gladioli arrangements were used in the living room and in the room where gifts were displayed was an arrangement of pink asters.

Out-of-town guests from Perryton attending were Judge and Mrs. Jack Allen, Mr. and Mrs. Jack M. Allen, Mr. and Mrs. G. K. Rupprecht, Mr. and Mrs. W. C. Herndon, Mr. and Mrs. Dan G. Ellis and Bill Herndon.

Junior class officers are President, Donald Neufeld; vice president, Edward McDonald; secretary, Dorothy Lee Cornell; and reporter, Marolyn McGlamery. Principal Jack Humphrey is the class faculty sponsor.

Sophomore class officers are: President, Bill Morland; vice president, Derrel Joe Kerns; secretary-treasurer, Cleo Saunders; and reporter, Donald Pugh. Bob Meisnor is the faculty sponsor.

Freshman officers are: President, Jo Rene Sargent; vice president, Alberta Pearson; and secretary-treasuref, Rheta Faye Kates. Class sponsor is Mr. Boyer.

Old Timers Will Be Honored at Lipscomb Fair

LIPSCOMB — Old timers will be honored at the annual Lipscomb county fair September 22-23, and prizes will be awarded the man and woman with the longest residence in the county.

Registration of old settlers will be at the county fair building, and all pioneer residents are urged to register.

The program for old timers is part of an effort to provide recognition and entertainment for every age group. The fair will open with a baby contest, and the awarding of prizes to old timers will be the concluding event.

The average rainfall of the Mojave Desert is five to six inches a year and the temperature there in summer frequently reaches 120 degrees.

District 1 Six Man Grid Schedule Set

n Teams rticipate Season

District 1 six-man footle was formulated Satcoker by coaches and cials representing the s who will participate an game this season. Brotherton, superind coach at Gruver, was District 1 chairman, Tenette, Booker superand coach was elected an. Don Ward, assistat Gruver, was elected easurer.

the meeting were r Frazier of Follett, R. Craig of Miami, Herber and Coach A. of Darrouzett, Coach ansdown of Sunray, n Ellison and Supt. Pack of Morse, and Alvin Lee of Booker. ams which participatrict 1 play last year e six man teams this year. They are Higgins, Mobeetie, and Kelton. Withdrawal of these three teams leaves a short schedule for each of the remaining seven teams since there are no six-man teams outside the district close enough to fill open dates with non-conference games.

Each team will play a six-game schedule with the district championship decided on a percentage basis with play-offs in case of ties.

At the meeting Coach Teeter reported on the annual six-man football coaching school held in Big Sprilg last August. He praised highly the showing made by each of the four high school athletes who represented thi district in all-star games played in connection with the coaching school.

A number of coaches attending the meeting voiced dissatisfaction with the officiating of last year's games, and a meeting was scheduled to clarfy the rules and to instruct officials. The meeting will be held in the Perryton Chamber of Commerce office Wednesday, September 14 at 8 p. m. Each coach will bring prospective officials from his town for the meeting, and all high school football officials interested in calling six-man games are urged to attend the meeting. Difficulty in securing officials was experienced by a number of the teams last year.

Mr. and Mrs. Robert Powers and small daughter of Austin are visiting this week with his mother, Mrs. Mamie Powers. Robert is a graduate student at Texas University.

Mrs. A. V. Goff is visiting her son and family, Mr. and Mrs. Bob Goff and Robbie of Midland.

Darrouzett to Play Booker in Opening 6-Man Tilt Sept. 16

DARROUZETT—Only one week more of practice remains for Coach A. C. Teeter's Darrouzett Longhorns, bi-district champions last year, before they play host to Booker in one of the season's headline contests in District 1 six-man football.

Although the Longhorns will miss the services of the mighty Pendergraft and Altmiller, a sizeable roster of lettermen are on hand to build what appears to be one of the district's top clubs. Seven returning lettermen include Gene Deeds, end; R. T. Laurie, end; Earl Wheatley, end; J. P. Rogers, back; Joe Travis, center; Everett Hill, center; and E. J. Tarbox, back. Other likely prospects are Lee Herber, back; Chubby Smith, end; Helmut Doebesk, back; Frankie Parks, and Van Cope. Two freshmen with possibilities for service this season are Buddy Meier and Richard Born.

Darrouzett won the district last season with one loss to Booker, and won over Petit in the bi-district championship game. Although the Darrouzett mentor is reluctant to even hint at championship possibilities this season, he and the club are overjoyed that this year will be a six-man regional playoff.

Mr. and Mrs. Earl Waggoner of Nebraska were week end guests of Mr. and Mrs. E. S. Lyell at the Archer Apartments.

Grid Prospects Looking Up for Sunray Squad

SUNRAY — With six lettermen back from last year's squad, things are looking up this year for Sunray's six-man club which spent most of last season in the cellar with one victory and seven losses.

Back from last year's club are Kenneth Griffin, back; D. S. Shaw, back; Keith Reynolds, back; Tom Brzell, end; and J. A. Layton, eend.

Sunray's first game is against Morse on the home field on Setp. 16.

Only Green Material For Morse 6-Man Ttam

MORSE — Coach Glen Ellison of Morse will have to start from scratch to form this year's team. There are no returning lettermen, and all candidates are new material.

Last year Morse won three out of seven. They will play their opening game Friday, September 16 against Sunray on their opponent's field.

Six Lettermen Back at Miami

MIAMI — Six lettermen from Coach F. R. Craig's 1948 squad are back for this year's campaigns at Miami.

Miami came through last season with five wins, two losses, and one tie. The outlook for this year's club is good with Charles Gill and George Tolbert, who were full time regulars last year, heading the roster. Other returning lettermen are Gene Hodges, Willis Watson, Don Riddle, and Lawton Hoofer.

Miami's opening game will be at Gruver, Sept. 16.

Edna Lois Cone, junior in West Texas State College, is visiting between terms in the C. E. Cone home here.

Mr. and Mrs. George Pletcher left Wednesday to take Mr. and Mrs. Edwin Pletcher and Barbara to South Bend, Indiana, where Edwin attends Notre Dame university. Barbara will enter nurses training there.

One Letterman Back for 1949 Follett Team

FOLLETT — Although district 1 six-man coaches take the agonized groans of Coach Edgar Frazier with a grain of salt, the Follett club is short of experienced material this season, and only one letterman was on hand for the opening practice session Monday.

"I'll be lucky to win a single game," the suffering Follett mentor declares.

Follett came through last season with only one loss on the regular schedule which placed them in the district championship playoff with Darrouzett, bi-district winners.

The sole returning letterman is Bobby Swope who will combine with Donny Wynn, a regular last year, to form the nucelus for this year's club. Coach Frazier prefers to look beyond the current season because virtually all of the squad are freshmen and sophomores and there are no seniors.

Hopeful candidates from last year's junior high club include Vernon Bell, Boyd Russell, Doug Fishin, Lindon Imke, Norvell Bedell, and Franklin Hamilton.

Follett's first game will be September 23 against Darrouzett on the home field.

Mrs. Tom Slack and Sydney and Sherry spent last week end at the home of Mrs. Slack's parents in Canyon.

Senator William Blount of Tennessee was named in the first impeachment proceedings before the Senate — in 1798 — and the charges were dismissed for want of jurisdiction.

OKLAHOMA REPLACEMENT —Darrell Royal, triple threat signal caller for the OU Sooners, will replace Jack Mitchell as the key man in the Oklahoma offense this year. Royal is no newcomer to the team, having played an important role the past two seasons.

8 Lettermen Out for Gruver Six Man Squad

GRUVER — Coach Lawrence Brotherton's Gruver six-man team has the strongest aggregation of returning lettermen in district 1, and the Gruver mentor grudgingly admits that he should field a stronger club than last year's which won four and lost four.

Don Ward, new assistant coach at Gruver, may be called upon to take over the heim on the Gruver squad since Brotherton now divides time between his duties as coach and superintendent.

Ward is an all-around athlete from Southwestern Oklahoma State College at Weatherford where he was a standout in baseball and track.

Brotherton's returning lettermen are Marvin Andrews, Lynn Hart, Leslie Cator, Bob Fletcher, Fred Dahl, Jim Fox, Charles Broadhurst, Alvin Kauffman, and Spanky Shrader.

Gruver will entertain Miami in their opening game Sept. 16.

Oyster Farm Pays Off

PORT STEPHENS, Australia—(AP)—In a backwater near here 1,000 acres of brackish water last year produced 10,000,000 oysters worth $166,000. Started by ex-bullock driver Stan Phillips and a cousin during the depression years, this is now said to be the world's biggest oyster farm. Phillips began to cultivate oysters as a hobby.

Twenty Report For Booker Six-Man Team

BOOKER — Coach Ed Wienette's Booker Kiowas, with a squad of twenty hopefuls including four returning regulars, are already primed for their opening tilt Sept. 16 against Darrouzett, last year's bi-district champions.

The Booker club is still smarting from last year's third place in the district despite the fact they had beaten the powerful Darrouzett hali-dozen. Although Coach Weinette refrains from any rash early season predictions. the Kiowas are certain to give other top contenders a run for their money in this year's heated campaigns.

The four Booker regulars from last year are Max Comer, Wayne Hopper, Ray Lee, and Richard Sell. They are supplemented by Glen Lemon, Lewis Blau, and John Bartlett all of whom saw considerable service last season.

Lieut. and Mrs. H. D. Hern and children are guests of their parents, Mr. and Mrs. E. W. Hearn and family and Mrs. Ann Cartwright.

Socialism — American Variety

We received an extract from the Congressional Record the other day, containing a speech made in the House of Representatives by Ralph W. Gwinn, New York, which gives us food for thought. In his speech, Mr. Gwinn points out that socialism, in the United States, far from being one of those future threats or fears, is already with us.

While we are not sure of his facts and figures, they are revealing and should be studied by every American interested in preserving the freedom of the individual man. In rebuttal, it should be pointed out that the government "services" now provided were made available through popular demand and it will be a hard task, if not impossible, to get back to the so-called "free enterprise" system of a two decade ago.

"Every day of our lives, the government manages our money, credit, prices, farming, rents and housing, foreign trade, social security, production, transportation, communication and education," says Mr. Gwinn. "Government regulates, controls and taxes business almost to the point of extinction. When we die, inheritance taxes close the final chapter of exploitation."

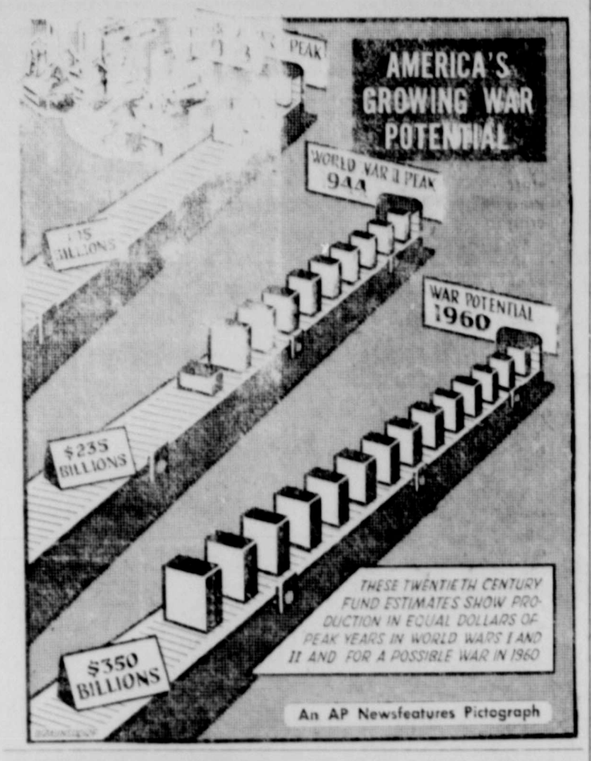

"The Federal, State, and local governments combined take one-third of everything we produce. That means that, as a people, we work for ourselves only 2 out of every 3 days. With a 40-hour work week, we have less than 27 hours, or about 3 1/3 days per week to produce our food, clothing and shelter, and to maintain our health and education. It cannot be done. So, as a consequence, the people cry out in increasing millions for the Government to do for them what they are unable to do for themselves in 3 1/3 days work per week. The only cure that Government proposes is that of extending Government management, increasing taxes, and thus reducing even further the number of days in which the people can work for themselves in the management of themselves, their property and their happiness."

"A country is socialist whenever the central government manages the economy of the people instead of the people managing themselves voluntarily without government compulsion."

"Government already owns one-fourth of all the land in the continental United States. It has also become the biggest employer in the world. It now has more than 2,000,000 civilian employees."

"Already one out of every six adult Americans receive checks regularly from Washington, either the the form of subsidies, pensions, or other types of payment."

"All of us are now liquidated to the extend of 33 1/3 per cent of all our annual income is taxes which are added to the price of everything we buy from bread to houses."

Wolf Creek Philosopher

Doesn't Worry Much About Cotton Picking

(Ed. note: The Wolf Creek Philosopher is hunting a long way off to find something to worry about this week, but we guess that's his privilege.)

Dear editar:

I was in town Saturday peddlin a couple of buckets of my wife's eggs, trying to get enough money to pay off a hand I had helpin me last week and while the price of eggs seems to be down, at least for the man that's tryin to sell em, and I didn't quite raise enough money to pay off, I did find a few newspapers on a cafe counter and since the pages was pretty well mixed up and since I didn't figure Jess would want the things anymore and since there ain't much politics stirrin now and wasn't much doin in town I took em home and sat on the front porch since my wife was visitin at the time and never even missed the eggs, and read where Marshal Tito and Yugoslavia was worryin over a pact he had with Russia.

I never did figure out what the pact was about, and I ain't sure where Yugoslavia is or whether the Democrats or the Republicans are in over there, but I can tell em they're wastin their time worryin over an agreement with Russia.

In fact, it has been my observation that makin an agreement with Russia is about like makin an agreement with my cow not to cross the fence and get in my neighbor's pasture. I can sign the thing in good faith, but will the cow live up to it? She might as long as I got plenty of grass, but let mine start gettin short and dry and the neighbor's look tender and green, and my cow will treat that pact like a Russian dictator lookin over into a helpless neighbor country.

I also read where cotton farmers throughout the country is havin trouble getting hands from Mexico, and some folks claim government officials has surrounded the enterprise with so much red tape very few farmers can swing a deal, but that may not be all the trouble. If somebody was wantin me to come pick his cotton, you couldn't put enough red tape around the thing to suit me. In fact, if they have any red tape left over, I'm figurin on gettin in a supply myself to confuse my wife with. Work is a fine thing, if you go in for it, but as far as I'm concerned, wheat farmin is about as hard a work as I'm gonna do, even if it does mean workin maybe six weeks a year.

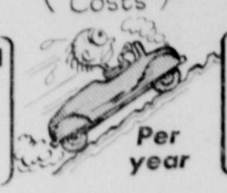

I hope every lock of cotton throughout the South gets picked this year, but if anybody is dependin on me to do it he could save time by just goin ahead and plowin it under now. And I think the same thing applies to you, too.

Yours faithfully,
J. A.

NOW! THE AMAZING NEW MASSEY-HARRIS "27" COMBINE GIVES YOU MORE OF EVERYTHING THAT MAKES HARVESTING

EASIER, FASTER, MORE PROFITABLE

★ Capacity is the answer! Capacity that covers more acres per day . . . capacity to separate faster, surer . . . capacity that gets all of your grain . . . and capacity that results in ease of operation because of many new convenient features.

And mighty important in the "27" is Balanced Separation . . . the amazing new Massey-Harris principle that assures full control of the grain and straw through every step of harvesting. There's balanced relation between every unit . . . in the cutting, feeding, elevating . . . in the complete threshing of the rasp bar cylinder . . . the open handling of the straw . . . the saving of more grain. Every job is done smoothly, evenly . . . no lazy units, no overworked units.

Those 24 controlled speeds are accomplished with only one change of gears. You can move at a crawl or up to 7½ miles per hour. It's a constant speed that helps you get your grain in on time.

There's balance in the construction of "27" itself. It's built low . . . streamlined . . . with the engine and grain tank counter-balancing one another. There's more stability, greater efficiency and safety on hillsides.

Here's a bonus advantage for difficult conditions—extra large traction wheels. You get sure footed performance because the "27" takes a good firm grip. Ground conditions are less of a problem.

Look into the sensational new Massey-Harris "27" Self-Propelled . . . own one and enjoy the easiest most successful harvest you've ever had.

Panhandle Girl In Europe

Marshall Plan

Probably don't think of George Marshall, former ...y of State, in connection ...icken soup with egg mac... but an unknown number ...pean (Dutch) housewives

...this is how I found out ...icken soup will be a part ...eat American's enduring

...k Zij Het Marshall Plan," ...black letters appear atop ... bill displaying a photo... of George Marshall which ...d of mine found at her ...e other day. Unfamiliar ...e language, I immediate... ...ed it was some vicious bit ...munist propaganda ... the European Recovery ...

...nks to the Marshall Plan ... bring you Pagnier's Am... Style Soup. Madam, we ...e pleasure to invite you ...e and taste a lovely bowl ...nier's Chicken Soup with ...acaroni. It is entirely dif... from anything you have ...sted until now, is manu... ...d by us according to an ...an recipe."

...e the good housewives are learning about chicken soup with egg macaroni, under the auspices of Mr. Marshall, soldier-statesman, can't tell you what all the new alphabetical abbreviations stand for — ERP, ECA, OEEC, OSR.

But the U. S. government seems to wonder whether she isn't more aware of this American effort to build a decent peace than many Americans who take chicken soup for granted.

So the Government has turned its back on diplomatic lingo and prepared a neat little pamphlet, with cartoons and questions and answers called, with dignity, "Information on the Marshall Plan for Americans Going Abroad."

To this pocket handbook I owe the following summary of this American program which has made George Marshall's face the feature of shop windows and ads all over Western Europe.

What is the Marshall Plan: It's a four-year (1948-1952) program to aid European recovery, with the European countries making the plans, subject to American approval, and the United States providing some of the products Europe needs to get on her feet. It works this way:

1. Congress appropriates dollars which the ECA — Economic Cooperation Administration — uses to pay for goods ordered by Marshall Plan countries. ECA doesn't work as a big purchasing agent. The dollars go from the American treasury to the tractor manufacturer, or the wheat grower or the carbon black producer.

2. The goods are shipped to the European country, where some farmer, baker or manufacturer has to pay for them, in his own money, francs, pounds, or lire, to his own government. The U. S. isn't giving machinery or raw materials or food to any individual foreigner.

3. So the foregoing government has a bank account of its own currency — the counterpart fund — which it has received for the Marshall Plan goods. But even this isn't exactly a free gift from the American taxpayer to the foreign government. This money can't be spent without the approval of the ECA, and it is being used for reconstruction and improvement projects — dams, land reclamation, rebuilding war damaged buildings and equipment.

This is how an ECA grant works. In addition there are ordinary loans. Some countries, like Ireland, Sweden and Turkey have received only loans.

Where is the Marshall Plan operating? Technically there are 19 members of the ERP — European Recovery Program — counting the two western zones of Germany separately and the Territory of Trieste.

But the big units, thinking of a map of Europe, are: Ireland, the United Kingdom, the three Scandinavian countries (Denmark, Sweden, and Norway), the Benelu countries (Belgium, the Netherlands, and Luxembourg), Austria, the Western Zones of Germany (British-American and French), France, Italy, Switzerland, Portugal, Greece, Turkey, and Iceland.

This is really a roll call of non-Communist Europe, which tells only part of the story; the Marshall Plan countries include 270 million people, about twice as many as live in the United States.

How much does the Marshall Plan cost? During the first year, the program cost more than five billion dollars. The request for 1949-50 is slightly lower, and it is expected that it will be lower each of the last two years.

The government's best guess is that the last three years will cost about twelve billion dollars — or a total of seventeen billion for the four years.

This is peanuts of course beside the wartime appropriations, but still an unbelievable sum of money representing a 100 dollars in federal taxes for every American family, or thirteen cents of each tax dollar.

The booklet makes two comments on the staggering cost of European aid. "Our assistance, important as it is, is only about five percent of the support of the 270 million people in the Marshall Plan countries."

"It's expensive and burdensome, but fire insurance in a high risk area is never cheap."

Who runs the Marshall Plan? The Marshall Plan countries are joined together in an organization called OEEC — The Organization for European Economic Recovery — with headquarters in Paris. Through OEEC, the European countries draw up a program for each year and list their requests for American aid.

This program is worked out with the American representatives of the ECA, headed in Washington by the former Studebaker president, Paul Hoffman.

The No. 2 man in ECA, and the man the Europeans see the most of, is W. Averill Harriman, of the Paris OSR — Office of the Ambassador-at-large, and head Special Representative, which works with OEEC and supervises the American missions in each Marshall Plan country.

A special ECA mission headed by a chief, with an American staff, works in each Marshall Plan country with the local governments.

Why is there a Marshall Plan? I heard a story the other day about an American tourist in Europe who took a quick look around, and said, "Why are we giving Europe aid? They seem to me to be cleaner, healthier, happier people than we are."

Whether this is true or not, and it seems to me to be silly to demand that people be dirty before we cooperate, it misses the point.

The government booklet puts the problem this way. Europe had lost most of its gold and dollars during the war, or spent their money right after the war for emergency needs. Furthermore, most European countries were in no position to earn dollars to rebuild so they could earn more dollars. It was a vicious circle, aggravated by the cold winter of 1946-47 and the drought in the summer of 1947.

The simplest answer to why there is a Marshall Plan is the negative one: to keep communism from covering Europe. The positive answer is tougher: to give Europe a chance to become prosperous and stable, so internal revolution won't have a chance, and so we and they can benefit from trade.

The first emergency seems to be over. Production outside of Germany is almost to prewar levels, in some instances above. The Communists are not winning more, but less, votes in elections.

But Europeans still aren't living as well as before the war. There is still a great gap in war damage and loss to be filled.

Only half of western Europe's imports are paid for by exports, the rest coming in through American aid.

Production is still thwarted in some countries by direct or indirect Communist opposition — strikes and sabotage — as the Communists still seek power through chaos and depression.

We may be out of the emergency phase of cold and hunger and desperation, but the next three years may be the hardest; increasing production, increasing trade, making different monies exchangeable, lowering tariff barriers.

These are complicated and dull and unglamorous, but upon them probably depends whether or not Mr. Marshall is remembered for something even more important than chicken soup; the survival of western Europe.

Rev. and Mrs. Raymond Campbell and Marilyn, Mr. and Mrs. R. B. Campbell, Wayne and Lynne of Waxahachie, Texas, visited in the Palo Duro Canyon this week end.

Mr. and Mrs. Clarence Neufeld are attending the annual gift show in Dallas.

Mr. and Mrs. O. P. McDonald and daughter, Betty Jo of Walla Walla, Wash., and John Doores are visiting their parents, Mr. and Mrs. Ed Doores.

A Lesson To Remember!

There is a lesson here for parents, too! No child can do his best at homework if eyestrain caused by poor light makes him drowsy and unable to concentrate. Make sure your child has plenty of good light at his study table. See that the lamp he uses for home study is equipped with bulbs totaling *at least 100 watts*, and that it is well shaded to eliminate glare. *Better light means better grades.!*

Here's Better Light for Home Study!

Homework's quickly done with a Better Sight Table Study Lamp like this. Its wide-angle shade and extra tall standard spread light over a wide area. Its white glass diffusing bowl sifts out harmful glare. Equipped with a 150-watt bulb it provides *plenty of light* and the *right kind of light* for safer, easier seeing.

YOUR KEY TO GREATER VALUE

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Only one word fits it —

Wonderful!

You know how it usually is—slow and steady is the rule in automotive progress.

But every now and then it happens. Along comes a car that's new all over—like this one—and headlines sing the news.

Take the styling of it—fresh and smart and really exciting from its non-locking bumper-guard grilles to the jet-plane look of its fenders.

Take the outward size of it—handy in traffic, easy to garage, actually more room and a sweeter ride in fewer over-all inches.

Step inside—and stretch yourself in the biggest interiors ever found in a Buick Special, with a full twelve inches added to rear-seat hiproom.

Try the power of big 110 or 120 hp high-compression Fireball engines—sample the restful levelness of a ride that sets the standard for the industry.

Check controls—and note really big news: *The luxury of Dynaflow Drive*—newest, simplest and smoothest of all modern transmissions—is optional equipment, available now at the lowest price level yet!*

*Optional at extra cost.

Finally, look at the price tag. Measure its figures against others—and see if any car, even in the lowest-price field, gives you so much of what you want for each dollar you invest.

Tops in style, tops in room, tops in lift and life and traveling ease, a trip to your Buick dealer will show you this is wonderful in value too!

For the biggest buy of this year—and many a year to come—better go now and get your order in!

TEN-STRIKE!

Only Buick SPECIAL has all these Features!

TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLOW DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORE AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 4.
"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 11.
The Golden Text is: "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit" (I Corinthians 2:9,10.)
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17.)
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God's thoughts are perfect and eternal, are substance and Life. Material and temporal thoughts are human, involving error, and since God, Spirit, is the only cause, they lack a divine cause" (page 286.)

Weekly Swing of hwest Farm Markets

thwest farm prices slightly higher to er compared to a U. S. Department s Production and dministration re-

d for eggs and poul-s steady. Candled old mainly from 50 dozen in the south-

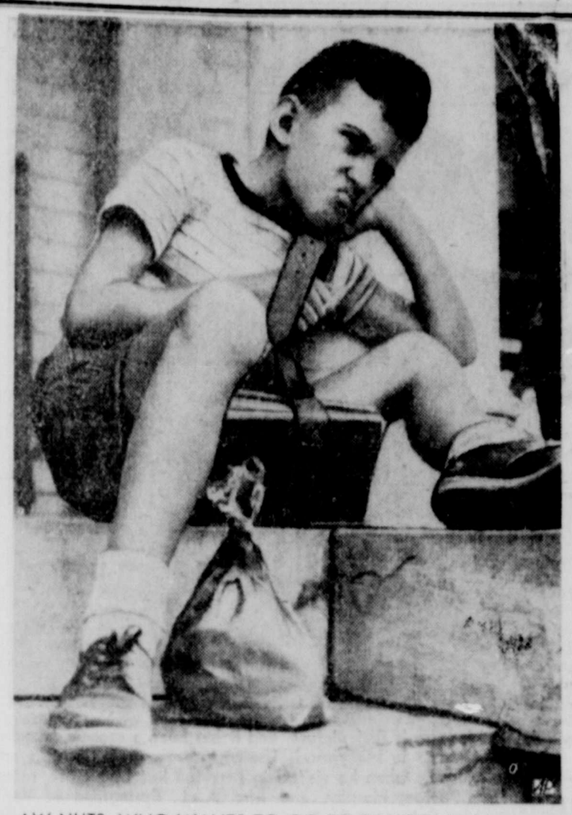

west, and mixed colors 45 t 50. Best fryers brought 20 to 24 cents a pound at Denver and 28 to 30 in North Texas.

More cattle and calves arrived at southwest and midwest markets last week than the week before. Price trends were very uneven but, in general, fed cattle were steady to higher and grassers somewhat lower. Calves ranged from weak to $1 lower, but other classes varied from weak to strong at the different markets. Most beef and veal sold steady to higher at Chicago, but lower grade steer beef weakened.

Butcher hogs and sows brought higher prices last week despite heavier receipts. Sows gained more than butchers, but pigs held about unchanged. Pork loins sold higher at Chicago, and most other cuts weak to lower.

Texas new crop supplies lowered corn prices as much as 3 cents a bushel for the week. Oats advanced 2 cents, wheat 4 to 5, and barley and grain sorghums 6 to 7. No. 2 white corn closed Friday at $1.50½ to $1.55½ in bulk carlots at Texas common points, and yellow corn $1.40½ to $1.43½. Milo brought $2.12 to $2.17 a hundred.

Norma Jo Boyd and Jackie Allen and Billy Jo Leiis of Brownfield, Texas visited over the week end with Mrs. Laura Elmore.

AW NUTS, WHO WANTS TO GO TO SCHOOL?—Many young Americans doubtless share this boy's viewpoint—the time has come for the annual back to school trek, and it'll be tough until they get used to it.

Lipscomb Fair to Feature Contests for Children

Among the highlights of the annual Lipscomb County Fair Sept. 22-23 will be a number of contests for children including a baby show, doll show, pet show, and beauty contest.

The baby show is scheduled for 11 o'clock September 22, and is open to children between the ages of six months and two years. Children from surrounding counties are eligible to compete for the prizes.

A doll show open to girls between the ages of two and ten is scheduled immediately following the baby show. First, second, and third prizes will be awarded in this event.

On September 23 at 11 a. m. a pet contest for little boys between the ages of two and ten years will be held, and immediately following this event will be a beauty contest for little girls from six to ten years.

Mrs. Ethyl Paine and Mrs. Opal Hill are in charge of the foregoing contests.

Children will not be required to register for these events before the day of the contests.

Deplores Deformed Feet Of Women

LIVERPOOL, England—(AP) — The president-elect of the British Medical Association said today 90 per cent of British women are deforming their feet by poor choice of shoes.

Professor R. P. McMurray told the Liverpool Rotary Club: "Nature intended woman's big toe to be on the inside of her foot. But she buys shoes in which the point of the shoe is in the middle of her foot."

"When husbands mention this they are told to mind their own business."

Mr. and Mrs. Dick McEver and children of Guymon visited Sunday in the H. J. LeMaster home.

asked to rally round and get some new members to the meeting. If pssible a speaker will be secured for the period after Sunday School which starts at 10 o'clock. Come one, come all, let's have a wonderful Lord's Day.

Mr. and Mrs. LeRoy Carter and family spent ne day last week visiting relatives in this neighborhood.

News From ANTHONY

By Mrs. Carl Carter

Yes, you're right, we're in the process of starting to school for another year, and the Anthony news items were completely forgotten in the rush last week. Oh! Yes, we have been going to school since August 29. Perhaps there will be more news from now on though with our home folks drifting back from vacation.

Among those returning are: Mr. and Mrs. Leon Morris and children, who were out west and up north as far as Canada; Mr. and Mrs. Ralph Bobbitt and children who visited in California and other points for a month's trip and Mr. and Mrs. Floyd Myers who have been on a tour of South Texas.

Callers in the Glen Myers home Saturday were: Mr. and Mrs. Don Plye of Cherokee, Oklahoma, Mrs. Frank Tervis and children of Fayetteville, Ark., and Mr. and Mrs. R. C. Pyle of Boyd. We are happy to report little Patricia improving.

In calling on the Floyd Vandeburgh's we find them moving into their new house since remodeling after their fire in July. Two of Mrs. Vandeburgh's aunts had accompanied her mother, Mrs. Ruby Spangler and granddaughters of Beaver out for a visit in the afternoon. They were Mrs. Edna Crossley of Oklahoma City, and Mrs. Chloe Wheeler of Beaver.

Anthony Club women were entertained in the back yard of the R. C. Pyle home Tuesday evening.

A wiener roast with salads, pie, and drinks was enjoyed by about fifteen of the women and their families.

An old fashioned charivari was enjoyed last Friday by the community well wishers. They called as a surprise on Mr. and Mrs. McCormick with noise makers and gifts. A jolly time was had by all.

Several from the Anthony community attended the annual horse show in Beaver. The grand champion quarter horse mare, owned by Don Venable, jumped from the trailer and was killed on the trip home from the show.

Miss Bettye Davis has enrolled in Panhandle A. & M. College as a sophomore.

Miss Loria Jo Brown is leaving for Alva, Oklahoma where she will enroll as a senior.

The Anthony Demonstration Club met at the school house for the September meeting which was on the subject of hobbies. Members answered roll call their individual reason for a hobby.

Following a discussion of "The How's and Why's of Hobbies," each member displayed an article of handicraft completed during the last year. The Demonstrator, Miss Grace Reynolds, then gave a demonstration of both fabric and glass painting.

The October meeting will be in the home of Ella Ray Carter.

Among those from Anthony attending the Woodward rodeo were Mr. and Mrs. Leon Morris, Mr. and Mrs. Joel Fogleman, Mr. and Mrs. Jim Wallace, Mr. and Mrs. Addison Vandeburgh, and Mr. and Mrs. Cecil Myers.

A basket lunch get-together is scheduled for rally day Sunday, Sept. 11 at Anthony Sunday School. All old members are

Audie Murphys First Picture To be at Ellis

"Bad Boy," starring war hero Audie Murphy, comes to the Ellis on Sun.-Mon., Sept. 11-12, and should prove especially interesting to theatre goers of this area.

The picture casts Murphy as a young criminal who finds rehabilitation at Boys Ranch, and the scenes were shot on the famed ranch location. Boys from the ranch were used as bit players, and an air of authenticity is shown throughout the picture.

Audie Murphy has been in Perryton a number of times, visiting his friends, Mr. and Mrs. Lake Patton and family, who have known him ever since he was a child. In Perryton last December, Murphy was interviewed by the Herald, had his picture taken, and appeared in 15-minute interview program over KEYE.

Since being brought to Hollywood in 1945 by James Cagney, Murphy has made a place for himself in film land. He has also written a successful book, "To Hell and Back," which has enjoyed an excellent sale.

Roy and Trigger Solve Crime and Help the Lady

Latest and tuneful and always entertaining western films featuring Roy Rogers and Trigger, is "Down Dakota Way," which comes to the Ellis on Fri.-Sat., Sept. 9-10.

The story tells how Roy, on a sentimental trip to the place of his childhood stumbles upon murder and treachery. It reveals the unscrupulous plans of a rancher, McKenzie, enacted by Roy Bancroft, to get his herd of cattle to market before it is known that they are afflicted with the dread hoof and mouth disease.

In league with the sheriff, Roy thwarts the ranchers plans and tracks down the murderer, only to discover that he os the stepson of Roy's old school teacher, Dolly, played by Elizabeth Risdon. The teacher, crushed by her dismissal from the school, now lives only for the love of the outlaw boy. Roy helps her face the tragic situation and clears up the injustices done her, makes for dramatic and heart-warming screen fare.

Rangoon Has Many Hunger Deaths

RANGOON—(AP)— Malnutrition was said officially to be the cause of 30 per cent of deaths in Rangoon. Official statistics show that the city's daily average death rate os 40 persons.

A newspaper investigation into living conditions showed that many wage-earners have as their daily diet boiled peas and rice. The paper reported that meat, fish, fruit and vegetables were beyond the means of most citizens.

The present population of Rangoon is estimated to be 750,000.

"BAD BOY" is the name of war hero Audie Murphey's first picture, and it has been a success, launching the young Texan on the road to fame and fortune in Hollywood. The picture comes to the Ellis on Sun.-Mon., Sept 11-12. Shown above is Audie Murphy when he visited in Perryton last December, soon after finishing this picture. Above are Mrs. Lake Patton, Hurphy, and Mrs. A. L. Springfield of Van Alystne, Texas, who was visiting her daughter, Mrs. Patton, at the time.

'Look for the Silver Lining' Is Story of Marilyn Miller

It was only some 25 years ago, just long enough for some of us to forget perhaps, that a golden-haired girl sang, danced and charmed her way into the accolade of "the toast of Broadway" during the era of the lavish and ornate Broadway musical comedies — that girl was Marilyn Miller.

And it is on Tues.-Thurs., of next week that the Ellis Theatre will bring to local moviegoers a picturization of the life of that fabulous musical comedy star in the film entitled "Look for the Silver Lining," a Warner Bros. film in Technicolor. June Haver plays the Miller role, Ray Bolger portrays dancing star Jack Donohue while Gordon MacRae plays Marilyn's husband.

Marilyn Miller got her first start as a singer-dancer in one of the great musical comedies of 1918. But she shot to stardom and a fabulous career cut short through death at 37. But while reigning, from a suite in a New York hotel, with chauffeurs and maids and many admirers dancing attendance, Marilyn Miller held court for famed and titled people from all over the world—a veritable queen.

In quick succession came the hits of the time—"Sally," "Sunny," "Rosalie," "Smiles," great hits all, and they included the greatest performers of the day, Fred Astaire, Eddie Foy, Jr., Tom Howard, Jack Donohue, W. C. Fields, Eddie Cantor and Will Rogers. The music for these shows was in the main composed by Jerome Kern, Irving Berlin, and Sigmund Romberg.

It is this flavor that Warner Bros. is reproducing in "Look For the Silver Lining" and which local fans will see Tues.-Thurs.

Mr. and Mrs. H. J. LeMaster and Mr. and Mrs. Ennis Dodd have been visiting Mr. and Mrs. Sam Dodd of Canon City, Colo. They returned Friday.

Back Home In Jail

FLENSBURG, Germany—(AP)—One man crossed the Danish-German border illegally for the 25th time and had to face a Flensburg court for the tenth time.

The court sentenced Burde to five months in jail.

When he entered his cell, he found that fellow-prisoners had decorated it with garlands.
