Charles C. Green and Oceanic Oil Co., both of Midland, have set location for a new wildcat in Southwest Borden County.

It is their No. 1 Sue Alice Slaughter, 660 feet from north and west lines of section 24-33-t3n-T&P. It is one mile north and one mile west of Vealmoor and one and one-half miles west of the northwest side of the Vealmoor field.

It will drill to 8,500 feet, testing through the Pennsylvanian. If it makes production in that section it will stop, and if it does not it will go on to Ellenburger.

KENT COMPLETION

Chapman & McFarlin has completed its No. 17-B-A Cogdell in the Cogdell San Andres field of Kent County for a daily pumping potential of 69.26 barrels of 37.9-gravity oil. It made no water on the test.

Gas - oil ratio was 345-1. Top of pay was found at 1,565 feet, casing was cemented at 1,564 feet, and total depth was 1,596 feet. The open hole was treated with 6,000 gallons of acid.

It is 467 feet from north and 2,266 feet from east lines of section 72-97-H&TC.

DRILLING REPORTS

El Capitan No. 1 Dixon, Southwest Mitchell wildcat, is now drilling below 6,855 feet in shale and lime. When it was at 6,760 feet at the top of the Strawn it took electric log surveys but no drill-stem test, as was originally planned.

Sunray No. 1 Mitchell in Stonewall County perforated casing at 6,230-248 feet in the Caddo section of the Pennsylvanian and will acidize with 1,000 gallons and test. It had shows of possible production in that section.

Study Meeting With Russians

BONN (AP)—Allied officials today studied a Soviet suggestion for a British-Russian conference aimed at avoiding air clashes along the East-West border in Germany. British sources described the Red reply to a Western protest as somewhat conciliatory but there was no reaction from American or French quarters.

The suggestion was made last night by Gen. Vassily Chuikov, Soviet commander in Germany, in otherwise rejecting a joint protest from the Western occupation powers against hostile action by Soviet fighter planes toward three British aircraft last week.

Chukov proposed a conference of "competent" British and Soviet military representatives "to work out adequate measures" in order to "avoid such disagreeable air incidents," the Soviet news agency ADN reported.

SEEK TRIPLE DAMAGES

Kentucky Coach, Costello Named In Suit On Gambling

LEXINGTON, Ky. (AP)—University of Kentucky basketball Coach Adolph Rupp, Ed Curd and Frank Costello today were named co-defendants in a federal court suit seeking triple damages of $573,257.79 for alleged gambling losses.

The suit was brought by Mrs. Lucille Chumbley Bradberry, Athens, Ga. She is the sister of George Chumbley, no address given, one of the alleged losers in gambling operations the suit said were conducted by "Curd and his co-conspirators."

The amount asked is three times the total of the losses alleged in the suit. How many others besides Chumbley figured in the claimed loss of $191,085.93 was not stipulated.

FRAUD CHARGED

Curd, Rupp and Costello, the suit alleged, "concocted a fraudulent and debasing scheme of gambling in schools, colleges and university sports and athletics," and "seduced student leaders and players to betray their institutions and devotees of the institutions and college sports."

Costello was a key figure during the Senate Crime Committee investigation. He is now in the Federal Correctional Institution at Milan, Mich., serving 18 months for contempt of Congress. He also is under indictment for income tax evasion.

Curd, of Lexington, is now in Canada, according to federal authorities who have charged him with federal income tax evasion.

OPERATIONS CLAIMED

One of the group's methods of operation, the suit said, involved "manipulation and fakement" of point spreads in basketball games.

Three University of Kentucky basketball players pleaded guilty last year in New York to keeping down the scores in fixed games after being paid by gamblers. Two others admitted to a New York grand jury that they manipulated the scores in games played outside New York.

The petition contends that Curd, Rupp and Costello "organized and are members and participants" in a scheme "to set up and maintain gambling operations and places" in Kentucky, Canada, Florida and "certain islands off the coast of Florida."

STATE PAY RAISE

AUSTIN (AP)—Bevo, the steer mascot of the Texas Longhorns, got a pay raise from the House yesterday even if the professor didn't.

In a jocular mood, the House formally voted to increase Bevo's rations by one bale of hay a year.

Iran Rejects Another Plan For Settlement

TEHRAN, Iran (AP) — Premier Mohammed Mossadegh rejected Britain's month-old latest proposal for settlement of the British-Iranian oil controversy today but coupled his turn-down with a hope the two nations would renew diplomatic relations.

Elated with the recent Italian court victory over the British-owned Anglo - Iranian Oil Co. (AIOC), Mossadegh said in a radio address he believed his government now could sell enough oil abroad to operate the Abadan Refinery at full capacity—17½ million gallons of petroleum products daily.

Although he offered no counter-proposal, the aged Nationalist premier insisted he was leaving the door open for further negotiations in the dispute over compensation to the AIOC for Iran's nationalization of its vast properties in the country.

(In London, a Foreign Office spokesman said Mossadegh had misconstrued the British-American proposals and so "rejected a fair and equitable settlement."

Action Takes Until Early In Morning

AUSTIN (AP)—The House economy block today rammed its stand-pat, no-tax budget through to final passage, drawing protests from opponents that it was a "lobbyist's delight."

The hard-fighting, stubborn and often angry liberal faction resisted inch by inch and came startlingly close in the final hour of debate to winning a major victory.

As finally written and sent to the Senate, the bill for general state services carried only $1,202,700 more than the economy-minded House Appropriations Committee recommended.

The committee's original suggestion called for spending of 162 million dollars in the next two years for state departments, the courts, state colleges, hospitals and special schools and junior colleges.

MILLION DOLLARS ADDED

The bill goes to the Senate at approximately $163,202,700.

The House cut $750,000 from the Health Department budget. It added $1,400,000 to the committee's recommendation for junior colleges; $460,000 for Texas Western College at El Paso; $92,700 for insect control work.

That last item prompted Rep. Maury Maverick of San Antonio, one of the liberal-spending faction, to say:

"The bill was a lobbyist's delight. We appropriated money to kill pink boll weevils, but we neglected our state colleges, our state employes and state hospitals."

Backers of the bill as originally written, led by Chairman Max Smith of the Appropriations Committee and Rep. H. A. (Salty) Hull, Fort Worth, told the House time after time that the state could spend only what it had money for. They said many increases were desirable, but not now possible.

UNDER SENATE FIGURE

The House bill is still considerably under the Senate Finance Committee's recommendations, which included some raises for state employes. The House turned down the pay raises. After the Senate acts, both measures will go to a joint House-Senate committee to iron out the differences.

House passage of the session's first must big-money measure brought the Legislature closer to a showdown on the issue of taxation. Any major additions, or appropriations for new state projects, would demand additional taxes.

The House locked itself in to hold a quorum at 2 p.m. yesterday. It stayed in continuous session for nearly 11 hours of bitter argument before finally voting, 92-45, to send the bill to the Senate.

Economy forces had held firm control most of the way.

The liberals—who denied they were liberal and affirmed they just wanted reasonable, humanitarian spending—came close to adding 14 million in pay raises for state workers in the last weary hours of wrangling.

LIBERALS WIN VOTE

They won, 73-57, on the economy block's effort to table the amendment. But on direct vote on the question, the no-tax faction rallied and beat the increase down by a squeaky 12-vote margin—71-59.

Those backing the pay raise begged the House to increase salaries of state workers—such as some in the hospitals that make only $65 a month plus some benefits. But Hull and Smith and other members of their team advised the House to wait and see how much the comptroller finally figures will be available for spending.

Pioneer Officials Hurrying To Washington To Plead Funds

WASHINGTON (AP)—Pioneer Airlines' top officers descended on Washington today in the wake of a flood of letters and telegrams backing them up in their hassle with the Civil Aeronautics Board.

The board took note of the protests by issuing an extraordinary 900-word statement yesterday declaring it is confident Pioneer can keep on operating in Texas and New Mexico.

Before leaving Dallas by plane for Washington, Pioneer President Robert J. Smith said again the line may have to go out of business unless the CAB backtracks on its refusal to grant the line higher mail pay.

With Smith came Pioneer Board Chairman William F. Long. They left Dallas yesterday shortly after the Chamber of Commerce there pledged its support to the air line's fight. The Dallas Chamber also sent telegrams to the more than 20 cities served by Pioneer urging them to do likewise.

TALK TO CONGRESSMEN

Smith and Long planned to talk not only to the CAB but also to Texas and New Mexico Congressmen, many of whom have lined up behind the air line.

In its 900-word statement, the CAB promised "expeditious consideration" of any definite plans Pioneer might present for future operations. It said, however, that in any event it intends to "take such appropriate emergency action as will assure continuation of required services" to cities on Pioneer lines.

The CAB statement explaining and defending its refusal to boost Pioneer's mail pay was issued an hour and a half after the board's normal closing time in answer to a flood of protesting letters and telegrams. Earlier the board had declined to comment beyond referring to its original order.

SAYS DC-3 SERVICE FINE

"The board believes that it is possible for Pioneer to continue to provide adequate service," the statement said. "The service performed by Pioneer with DC3 aircraft over many years had constituted a high standard and valuable service."

Pioneer had asked the higher mail pay after exchanging its DC3 fleet, which it called slow and old, for the faster but more expensive Martin 202s.

The CAB said Pioneer had not given it sufficient notice of the change in equipment and that last May 7 four weeks before inauguration of the Martin 202 Pacemasters, the board told Smith it was deeply concerned over the "possible lack of adaptability" of the Pacemasters to local-service air line use.

SAID SMITH WARNED

The letter to Smith warned that any cost increase "should not be underwritten with mail pay but (should be) undertaken as a risk of management," the statement added.

"Despite the plain wording of this letter, in June, 1952, Pioneer placed the Martin 202 in operation," the statement said. The board said it had determined that operation of DC3s over Pioneer's system would require $1,000,500 in mail pay for 1953, against $2,222,455 claimed by Pioneer for Martin 202 operations this year.

Tito Is Ending England Trip

LONDON (AP) — Reported well-pleased with results of his defense talks with British leaders, Yugoslav President Tito faced a final round of social functions today as his five-day official visit here neared its end.

Sometime tomorrow morning, the anti-Soviet Communist dictator will board a launch and travel down the Thames River to join the Yugoslav training ship Galeb for his return voyage home.

Although no details of Tito's program were disclosed—for security reasons—it was reported he would be a guest of Queen Elizabeth II at scenic Windsor Castle, just outside London, much of today.

The Yugoslav strong man also arranged to attend a dinner being given tonight for him at the House of Commons by the National Executive of the opposition Labor party.

Tito outlined for Prime Minister Churchill and top British economic and military officials yesterday a Yugoslav plan to block Soviet aggression in the Eastern Mediterranean.

Although no exact details were disclosed, informed sources said the plan involved increased British economic aid to Yugoslavia and the supply by Britain of powerful new weapons, including jet planes and heavy tanks, to Tito's military and naval forces.

Farm Program To Stay Same

HOUSTON (AP)—An Eisenhower administration farm official told cotton growers today farm programs held over from Democratic administrations will be kept until better ones are found.

John H. Davis, president of the Agriculture Department's Commodity Credit Corp., said the GOP regime expects to build on the experience of the past to make the future more secure and more prosperous.

He said the new administration is not ready yet to announce what kind of programs it will advocate.

"But we shall not scrap the present programs until we have something better," he said in a speech prepared for an annual convention of the Texas Cotton Assn.

He appealed to cotton growers to hold down production this year to avoid creation of a surplus that might undermine the stability of the cotton industry for the years immediately ahead. He said a 1953 crop approaching the size of last year's would get the industry into serious surplus troubles probably requiring use of rigid production and marketing controls in 1954.

Man To Die In Chair Tonight For Rape

AUSTIN (AP)—The Pardons Board said today it had no plans to interfere in the execution of Samuel Gasway scheduled for shortly after midnight.

Gasway received the death sentence for the rape of a 9-year-old girl in Amarillo. She had been delivering newspapers for a friend when she was forced into a car and attacked June 25, 1951.

Press And Radio May Be Next On McCarthy's Probing List

WASHINGTON (AP)—Rep. Eberharter (D-Pa) said today he wouldn't be surprised if Congress should decide to investigate radio commentators, newspaper columnists and newspaper editors who disagree with congressional committees.

Eberharter made the remark in a speech to a meeting of the National Civil Liberties Clearing House.

This is the way Eberharter put it:

"I would not be surprised if the next proposal to come along would be for the investigation of radio commentators, newspaper columnists and newspaper editors who do not express agreement with practices and procedures of a committee.

"The sky is the limit."

Eberharter, a longtime critic of the House Un-American Activities Committee, said he feels the main purpose of congressional investigations—to find facts so that it's easier to legislate—has been forgotten.

"It seems to me," Eberharter said, "that most of them start out with preconceived notions and are aimed directly to either propagandize some idea or to publicize the members individual or to create a scandal for political purposes."

Last night President George N. Shuster of Hunter College told the Civil Liberties group he thinks the time has come for universities to investigate Sen. McCarthy (R-Wis) and report their findings to the people.

Turks Dig Out Disaster Dead

BALIKESIR, Turkey (AP)—Rescue workers dragged additional bodies of earthquake victims from the debris of villages and towns in Western Turkey today. The official death count thus far in Wednesday night's disaster stands at 455 but unofficial estimates say the total will reach 1,000.

Army, Red Crescent (Red Cross) and civilian volunteers gave aid to more than 1,000 injured and 15,000 homeless in the rich farming and mining region southwest of Istanbul and across the sea of Marmara from that big port. Between 3,000 and 4,000 homes were destroyed or damaged.

Yenice, a farm community of 5,000, was the center of the quake. Interior Ministry figures listed 420 dead there and 35 more at nearby Gonen, a town of 12,000 population.

Open Race To Replace Lie As UN Head

UNITED NATIONS, N. Y. (AP)—The race for a new United Nations secretary general was wide open again today with Russia's latest candidate, Mrs. Vijaya Lakshmi Pandit of India, beaten in her first bid before the Security Council.

In a gruelling five-hour secret session yesterday, the 11-nation council turned down Mrs. Pandit, sister of India's Prime Minister Nehru, and then called again on the Big Five permanent members to try to iron out the deadlock before their next meeting, scheduled for March 24.

In the drawn-out maneuvering over a successor for Trygve Lie, which promises to continue for some time, only Lebanon was said to have voted with Russia in the secret ballot on Mrs. Pandit. Eight nations, including the United States reportedly abstained and Nationalist China, it was indicated, cast the one vote against her.

India's petite, grey-haired chief delegate, still in the running despite yesterday's defeat, has insisted she would take the $40,000-a-year job only if everyone agrees on her. Her Indian colleagues indicate she would prefer not to be tagged as the candidate of either Russia or the West.

Day No. 1,000 In Korean War

SEOUL (AP)—South Korean infantrymen hurled back two sharp attacks by some 100 Chinese on the muddy Western Korean Front today—the 1,000th day of the stalemated struggle on this Asiatic peninsula.

The Eighth Army reported troops of the Republic of Korea First Division smashed assaults by more than two platoons of Communists in a driving rainstorm near Little Nori Hill, west-northwest of Yonchon.

The heavy rains — up to two inches in some sectors — and a thick haze covered the battlefront. Sporadic patrol clashes were reported on the central and eastern sectors.

Allied fighter-bombers for the second day were hampered in their blows against Communist troops and supply facilities. However, a few found holes in the clouds on the extreme Western Front and reported hitting a dozen trucks in the Haeju area.

85-Degree High Here

German House Gives Approval To Europe Army, Peace Plan

BONN, Germany (AP)—Disarmed West Germany emerged today as the first nation to meet America's demand for "clear and visible" progress toward creation of a two million man European army to include German troops.

By the sizable margin of 224-165, the Bundestag (lower house) of the West German Parliament finally approved the treaty last night. Its companion Allied-Bonn Peace Contract was okayed 226-164.

Although the treaties still face stiff legislative and court tests in Germany, the Bundestag was the first European legislative chamber to act on the army pact authorizing recruitment of 500,000 Germans for service with the projected six - nation, one - uniform Western defense force.

The action laid down a clear challenge to other West European nations, especially France, to get on with ratification of the treaty in their own parliaments.

In Washington, Secretary of State Dulles hailed the Bundestag's action as "a truly significant step forward." In a statement issued a few hours after the legislative balloting, the secretary said:

"There is now increasing likelihood that the European Defense Community will become a reality."

Dulles had warned European leaders during his February tour of the continent that the American Congress might balk at voting big-scale funds for foreign military aid unless the army project gets rolling by April.

Under the companion pact — The Peace Contract—the Big Three Western powers renounce most of their postwar occupation rights and grant West Germany near sovereignty. Britain and the U. S. already have ratified this, leaving only France and West Germany to complete action.

In Paris, an official French spokesman was quick to point out that the army treaty "still has to go through the upper house (of the German Parliament) where the vote will be a lot closer and then through the German Supreme Court where Socialists are attacking the proposal as unconstitutional."

The anti-rearmament Socialists claim the pact would alter the nations' Constitution and therefore requires a two-thirds vote for parliamentary approval. The margin in the lower house balloting yesterday was little better than 57 per cent. The German Supreme Court has said it won't rule on this point until after both houses ratify the treaty.

State Attempts To Link Sapet, Cervantes In Alice Murder

BROWNWOOD (AP)—The state today tried to link the mysterious and long-sought Alfred Cervantes and Mario (El Turko) Sapet, on trial here for a slaying the victim's father called a bungled political assassination.

One witness quoted Cervantes as saying, the last time she saw him, that he "had a job to do."

Cervantes, charged originally with murder in the fatal shooting of Jacob S. (Buddy) Floyd Jr., was labelled by a grand jury that investigated the case "as a man who could clear up many angles" of the shooting in Alice Sept. 8.

The state called three witnesses and for the first time injected the name of Cervantes into the case. It was his picture and his name that was conspicuously shown witnesses yesterday with no reference as to his identity.

NOT SEEN TOGETHER

The three witnesses today testified they had last seen Cervantes in San Antonio on the night of Sept. 7 and the morning of Sept. 8. They had seen him previously in a saloon in Nuevo Laredo, Mexico, on Labor Day, 1952 (Sept. 1). They also said Sapet was in the same bar the same day, but each of the three denied ever seeing the two men together.

The Golden Horn Barn in San Antonio figured prominently. Andrew Garcia, San Antonio, said he had seen Cervantes at the Golden Horn between 10 p.m. and midnight Sept. 7. The owner, Encarnacion Mendez, and his wife, Inez, testified Cervantes stayed at the bar helping to clean up until 2 a.m. Sept. 8, then spent the remainder of the night in a room he had rented at a house owned by Mrs. Mendez.

DEFENSE OBJECTS

Mrs. Mendez said she saw Cervantes the morning of Sept. 8 in San Antonio. Cervantes has not been seen in San Antonio since.

Over bitter objections of defense attorneys, Dist. Atty. Bill Allcorn asked Mrs. Mendez when was the last time she saw Cervantes.

She answered about 10:30 or 11 a.m., Sept. 8.

Allcorn asked if Cervantes said he was going to see anybody. Mrs. Mendez said, "He said he was going to see Turko."

Allcorn asked if Cervantes said he was going to do anything.

Mrs. Mendez said, "He told me he had a job to do. If he did it, I would never see him again. If he didn't, he would be back in a week."

WAS HANDYMAN

Garcia gave for the first time a description of Cervantes and he described him as a sort of handyman, a bartender in Nuevo Laredo and San Antonio, and a poultry house worker. "Everybody wanted to help him out," Garcia said.

Cervantes was described as having dark hair, light complexion, and about 5 feet 8, 165-170 pounds. Garcia said Cervantes never wore a suit.

Labor Day fiesta activities in Nuevo Laredo drew the three witnesses, Sapet, Cervantes and others to Nuevo Laredo last Labor Day, testimony showed.

Garcia said Cervantes was acting as a bartender.

Man Held Here In Stabbing Says He Is Prison Parolee

A Negro victim of a stabbing here Wednesday night is recuperating in the Battenfield Hospital, where attendants this morning reported his condition as fair and much improved, and another Negro remained today in the county jail pending release on bond in connection with the incident.

Appearance bond for Henry H. House, about 28, charged in county criminal court with assault with a deadly weapon, was set yesterday at $2,500 when he pleaded innocent before Edgar Taylor, county judge.

Homer Whisnand, sheriff, and Howard Gibbons and L. E. Haynes, deputies, said House told them he was a parolee from the state prison, having recently completed 18 months of a five-year sentence assessed him for murder by knife in Lubbock. Whisnand said, however, his department had not yet received verification of this.

Hospitalized with a knife wound in the right side of his abdomen, for which an emergency operation was performed shortly after the stabbing, is Frank D. James, Jr., 20. The stabbing occurred about 11:30 o'clock Wednesday night in a trailer house occupied by three Negro women, Mercedee Smith, Bessie Mae Britt, and Idralean Britt, who said they were sisters. The two Britt women said they had married brothers, and the Smith woman said she was not married.

The three women told officers they witnessed the stabbing, as also did a Negro man arrested as H. H. Ovell on a disturbance charge. Ovell told officers this morning his name was Ovell Buster and not H. H. Ovell, as reported by several of his acquaintance. Another man, James Sneed, Negro, said he also witnessed the assault. He gave Gibbons the knife he said was used by House.

House was arrested shortly after the incident occurred by Haynes and Gibbons.

House, who has been working temporarily in Midland, said he was a former shoe-shine man here and that he came here from Texarkana.

Bootlegger Is Charged Again

William D. (Red) Lawhon, 36-year-old Snyder bootlegger and operator of a "closed" eating and drinking establishment known as Allene's Ranch, Allene's Foot-Long Hot Dog Stand, and Allene's Drive-In, on the Lubbock highway, is in the county jail again, charged with possession of liquor for purpose of sale.

Lawhon, convicted of bootlegging here several times, was arrested at midnight last night when Bill Love, chief deputy sheriff, found several bottles of liquor in a false bottom of a dresser drawer during a raid by officers of the sheriff's department. Lawhon remained in jail this morning pending release on bond set at $1,500.

About a week ago, three charges against Lawhon were dismissed when an agent of the liquor control board told the court he had made an error in filing the charges against Lawhon, whom he said was not the man from which he purchased whisky. The man who he said sold him whisky at Allene's had been pointed out to him as Lawhon by Lawhon's acquaintances, he said. Lawhon's wife, however, paid a fine on a similar charge filed against her at the same time.

Lawhon served a 30-day jail sentence here for bootlegging last summer.

UNITY

"Jesus, our Lord, prayed that His disciples might be one (John 17th. chap.). When men believe, practice and teach what the New Testament says, they are one with the Lord.

The apostles taught and practiced unity. The "apostles' doctrine" is recorded in the New Testament. Observe what the aspostle Paul says in Ephesians 4:4-6.

"There is one body." This is unity of organization (Eph.4:4). Paul had just taught that the body is the church (Eph. 1:22,23). Christ has but one body—one church. Christ is the head of His church "both in heaven and on earth" (Matt. 28:18).

"There is one Spirit." This is unity of life (Eph. 4:4). This "one Spirit" is the Holy Spirit. The Holy Spirit of God animates the "body" of Christ similarly as the spirit of a man animates his body. The Holy Spirit of God revealed to Christ and his apostles the will of the Father in heaven. This will is recorded in the New Testament. If and when the church departs from the New Testament, the Spirit is gone—the church is dead! But, let there be life!!

"There is one hope." This is unity of purpose (Eph.4:4). This hope is the desire for a life after death. The crude philosophies of men relative to a physical life after death are not to be compared to the beauty, glory and majesty of the heavenly home revealed in Revelation 21:1-22:5.

"There is one Lord." This is unity of authority (Eph. 4:5). All power (authority) both in heaven and on earth belongs to Christ (Matt 28:18). Men must practice and teach in religion that which is authorized by Christ; otherwise, it is vain religion (Matt. 15:8,9).

"There is one faith." This is unity of teaching (Eph.4:5). When all teachers and preachers teach all the New Testament says on one particular subject, they all teach the same thing. It is when teachers and preachers leave out a portion or when they injects ideas of their own, that cause differences in religious doctrine.

"There is one baptism." This is unity of practice (Eph. 4:5). By observing the teaching and practice recorded in the New Testament, that baptism was immersion in the name of the Father and of the Son and of the Holy Spirit.

"There is one God. This is unity of worship (Eph 4:6). When men worship the same God as He directs in the New Testament, they worship alike.

Nineteen hundred years ago, the church of Christ was established! Today, it has the same worship, organization, and doctrine!!

Alvin Dark And Durocher Are Fighting Over Shortstop Spot

SAN FRANCISCO (AP)—An argument is festering between Leo Durocher, who manages the New York Giants, and Alvin Dark, his infielder and team captain, which could lead to something really spectacular.

Unless it is straightened out soon, you could wake up some morning to learn that Dark, who recently signed a two-year contract for more than $30,000 per season after a stubborn holdout, no longer is a member of the Giants. This is not fooling.

Durocher, who is working on a one-year contract himself, wants Dark to shift from shortstop to second base so Daryl Spencer, a great fielding rookie from Minneapolis, can be installed at short. Durocher said all winter that was his master plan.

Dark at least had implied that he would go along with it.

But up to this point in the exhibition schedule, he has shown no sign of co-operating with Leo. The dandy little manager is fed up to his teeth.

The blowoff came here. Durocher, who had been away two days with the Giants' second team, was told that Dark, in a losing game against the Cleveland Indians, continued to wave at ground balls and had shown no interest in cutting off throws from the outfield.

"Very interesting," Leo commented acidly. "Maybe a little fine here and there is what this ball club needs."

Leo was reminded that Dark is his team captain, and was asked if he would fine such a personality.

'You can bet I'll fine him if I think he isn't giving me all he's got," Durocher said. "He isn't any different from anybody else on this ball club. The reason I appointed him team captain was to give him a little added incentive."

Leo feels he has to make a change in his infield if the Giants are to overtake Brooklyn. He didn't win with Dark at shortstop and Davey Williams at second last year. He thinks he can win if Dark, an established .300 hitter but no fielder of especial note, will move over to second and permit Spencer to exhibit his talents in the big job at short.

Dark seems to feel that he will lose in the long run if he consents to the shift. He played second a few games, then asked Durocher to put him back in his former spot.

'Is it possible," Durocher was asked, 'That if you have to start the season with Dark at shortstop, that Spencer will succeed him before very long?"

'There is a very good chance that will happen," he replied grimly.

So, as matters stand, Leo is compelled to play Spencer at second and permit Dark to play short It is an uncomfortable position for a manager of Leo's talents. Something will have to give soon.

Girl Star May Not Be Able To Play Again

WHITESBORO (AP)—Whitesboro's all-state girl forward, Billie Earl, returned home from the hospital yesterday — doubtful she'll ever play basketball again.

Billie had been in a Sherman hospital, suffering from a skull fracture she received in the Texas finals at Austin last week when Whitesboro was playing New Deal.

The injury may keep her from playing basketball anymore, her doctors said.

Bo Reid, the Whitesboro coach, said that Billie—who had a 25-points-a-game average this season—was driving for a basket when two opposing players intercepted her and the injury occurred. The back of her head struck the floor.

Billie returned to the game briefly after the injury, but had to be relieved because her vision was impaired. New Deal won the game and the state girls championship, 58-44.

Snyder All-Stars Battle Girl Professionals Here Tonight

Martha Evans, 17, is the youngest member of the Arkansas Travelers cage squad, who will meet the all-stars of the city league at 8 o'clock tonight at the high school gym. Miss Evans, 5-11, is from Sistersville, W. Va., and is serving on the team for her first year. The game is under sponsorship of the DeMolays.

The battle of the sexes will be featured tonight when Hazel Walker brings her Arkansas Travelers here for an 8 o'clock game against the all-stars of the city basketball league.

This is the second appearance of the Travelers, who played here two years ago, in Snyder.

Highlight of the game will be a free throw exhibition by Miss Walker, who has not been defeated in six years. She challanges any person in competition. No person has yet accepted the challenge, but there were rumors that Gene Gibson, high school coach, would compete with her. Gibson, ex-Texas Tech star, was free throw leader of the nation in his junior year. He will be a member of the all-star squad.

Miss Walker, All-American 11 times, organized her team three years ago. Since that time the squad had played more than 600 games in 45 states and Mexico.

Members of the Traveler squad are Pat Johnson, 5-11, who made honorable mention on the All-American team in 1951-52; Frances Garroutte, 5-11, All-American one year who averages about 45 points per game; Georgie Mullins, 6-0, who has been with the team since it was organized; Ethel LaNoue, 5-8; Jo Byers, 5-8; and Martha Evans, 5-11.

All-stars who will meet the fems on the floor are leaders of the various city league teams. They include Joe Burney and Jack Dillon of Chuck Wagon, Charlie White and Robert Minton of National Guard, Bobby Shipley, Miller Price, and Gibson of C & S Sporting Goods and Jack Medford and Bob Blake of Wade Pipkin Motors.

Tickets will be on sale at the gate for $1 for adults and 50 cents for children. The game is sponsored by the DeMolays. The DeMolay mothers' group will handle concessions.

The all-stars have played only one other game this year. That was when they were downed 76-56 by the Harlem Roadkings, comedy Negro pro squad.

SAN MARCOS (AP) — Eleven schools will have teams in the annual All-College Track and Field Meet here tomorrow with North Texas State a heavy favorite to take the championship.

Eugene Branscome of North Texas State should crack the discus throw record of 144 feet 2 inches. He did 148-5 last week. Howard Payne's sprint relay team did 42.8 seconds and the record here is 43.5. Walter Lindsey of North Texas State, who did the 440 in 48.6, should erase the record of 49.7 here.

Teams entered in the meet are North Texas State, East Texas State, Howard Payne, Southwest Texas State, Abilene Christian, Christian, Texas Lutheran, McMurry, University of Houston, Stephen F. Austin, Sam Houston State and St. Edwards.

If Jones can get Bratton mad, the Garden and television fight fans around the country are liable to see the better half of the In-and-Out Kid. The 9 p.m. (CST) tendounder will be broadcast (ABC) and telecast (NBC).

Quarterfinals In AAU Meet

DENVER (AP) — Three Pacific Coast clubs and the defending Champion Peoria, Ill., Diesel Cats scrambled through to victory last night in pressure-filled quarterfinal games of the 46th National AAU Basketball Tournament.

Tonight's semifinals match the champion Cats against a crew of keepaway artists from San Diego, Calif., and the Cinderella team of Oregon collegians from Eugene against the silk-smooth Los Alamitos Naval Air Station team of Long Beach, Calif.

Missing from the semifinals for the first time in 15 years are the Phillips 66ers of Bartlesville, Okla. They were sidelined in the second round, 66-52, by the Everybody's Drug team from Eugene, Ore.

Peoria's Cats needed all the savvy they could muster to subdue the Houston, Tex., Ada Oilers, 61-57. The Oilers piled up a 10 point lead in the first and second quarters on sensational long distance shooting by Johnny Sanich.

The fans got their biggest quarterfinal thrill in Los Alamitos' 58-56 triumph over the U. S. Air Force champion from Sampson Air Force Base, Geneva, N. H.

Looking weary after their hard game Wednesday with Phillips, the Oregon team outlasted an undermanned Carbondale, Ill., team of former Southern Illinois University players, 70-52.

The San Diego team, representing Grihalva Motors, turned back the Quantico, Va., Marines, 63-55, on a fine individual performance by Jim Hoverder, who canned 22 points.

Exhibitions By Texas League

(By The Associated Press)

Seven Texas League baseball teams—all but the Fort Worth Cats—take part in spring exhibition games Friday.

Five of the Texas League outfits saw action Thursday as the high-flying Eagles of Dallas took their fifth straight pre-season victory.

The Eagles, collecting 11 hits in a free-swinging battle, beat the Houston Buffs, 9-7, after taking their first four games of the spring from Oklahoma City.

In Alexandria, La., the Tulsa Oilers opened their spring exhibition schedule with a 6-4 decision over Shreveport's Sports. Tulsa broke a 4-4 tie in the seventh and added another run in the eighth for the margin.

Each team used three pitchers as the Sports collected seven hits against nine for the winners.

Fort Worth, idle Friday, took a 9-5 decision over the Memphis Chicks of the Southern Association in a game at Vero Beach, Fla.

Runless stints by Rudy Paynick and Pete Mondorff, who hurled three innings each for the Cats, helped the Fort Worth cause along.

Dallas' victory at Port Arthur featured the stick work of stocky little Bob Bundy, fancy-fielding second baseman, who paced the Eagles with three hits and three RBI's in four times at bat.

Eddie Knoblauch, darling of the Eagle fans, went hitless in three official trips to the plate but managed to score two runs.

Homers for the day were contributed by Jim Baxes of Fort Worth and Catcher Jim Martin for Shreveport.

Friday's games pit Beaumont against Dallas at Port Arthur, Houston against Oklahoma City at Galveston, Shreveport against Tulsa at Alexandria, La., and San Antonio against Little Rock at Lakeland, Fla.

Australia had 1,236,000 telephones in 1951.

Tiger Trackmen To Odessa To Qualify For Meet Tomorrow

The Tiger track squad of 12 boys left this morning with coaches Jack Dillon and Horace Bostick for Odessa, where they were to attempt to qualify for events this afternoon in the annual West Texas Relays.

Entered in the meet with Snyder are at least 36 other schoolboy teams, along with a big lists of colleges and universities.

After qualifying rounds today, the teams will go into their semi-finals and finals tomorrow.

Favored in the high school division to win were teams like Olton, Andrews, and Odessa.

The relays will be the third meet in which the Tigers have participated this season. At Fort Worth meet, Keith Pitner took second in the halfmile run. At the Canyon reef Relays which Abilene won here last week, the medley relay squad took second place, while Reagan White took fourth in the 440-yard dash.

Entries of the Snyder team include Charles Osborne; Gerald Crawford, and Joe Baxter in the 120-yard high hurdles; Bernie Hagin and Gary Harris in the 180-yard low hurdles, Harris and Miles Davis on the discus throw, Deanie Floyd on high jump, and Osborne on the broad jump.

Relay teams entered are the sprint medley squad, made up of Crawford, Harris, White, and Pitner; half-mile relay team, composed of Crawford, White, Osborne, and Harris; and the mile relay four, which is made up of Grimmitt, Tommy Ivison, White, and Floyd.

Rich Race In Florida Set For Tomorrow

MIAMI, Fla. (AP)—Fourteen three-year-olds are expected to go postward tomorrow at Gulfstream Park in the mile-and-one-eighth Florida Derby, with a gross purse of $130,750.

Post time for the richest race ever run at the Seaside track and one of three $100,000 events in Florida this winter is 3:30 p.m. (CST). The race will be broadcast and televised.

The favorites probably will be Joe W. Brown's Matagorda, winner of the Louisiana Derby Saturday, and Bruce S. Campbell's Ram O' War, which captured a division of the recent Fountain of Youth Handicap at Gulfstream.

Matagorda will be carrying top weight of 126 pounds, with Ram O' War packing 123. Another high weight is Mr. and Mrs. T. M. Daniel's Ace Destroyer, also carrying 126 pounds. Weight is assigned on the basis of the thoroughbred's winnings.

Matagorda and Ram O' War were rated at 3-to-1 in the early line, with the G&G Stable's Money Broker third choice at 5-to-1 and Cain Hoy Stable's Dark Star at 6-to-1.

Texas Drops Baylor

WACO (AP)—Texas' Longhorns, perennial Southwest Conference baseball champs, hit in the pinches yesterday to beat Baylor, 10-5. It was the season opener for the Orange and White and Baylor's second loss in five starts.

The two teams play another non-conference game tomorrow in Austin.

Texas Leading SW Tankmen

HOUSTON (AP)—Texas had an unexpected lead today in the 1953 Southwest Conference swimming meet after Charlton Hadden set a new 1,500-yard swim mark last night.

The Longhorn tankmen took their 18-4 lead over favored Southern Methodist with the first three places and fifth place in the night's single event.

Hadden's mark of 20:00.8 broke the old mark, 20:25.8, set by Arnie Amerine of SMU in 1950.

Preliminaries were on tap today in one-meter diving, 50-yard free style, 200-yard back stroke, 400-yard free style relay, with finals in these events tonight.

Tomorrow's events in the three-day event include three-meter diving, 100-yard back stroke, 100-yard breast stroke, 100-yard free style, 440-yard free style, 150-yard individual medley and 300-yard medley relay.

Places last night included second by Albert Yriart, Texas, 21:16.7.

A&M Over Rice 7-6

COLLEGE STATION (AP)—Texas A&M opened its non-conference baseball season yesterday with a 7-6 decision over Rice's Owls.

Eric Miller singled with one out in the ninth to score the winning run. Jerry Robinett, coming in as a pinch-hitter in the fifth, knocked a grand-slam homer over the right field fence.

Mrs. Nona Cumbie, manager of the high school lunchroom, draws a cup of coffee from the cafeteria urn. The recipe she uses when making meat loaf is inexpensive and easy to fix, she said.

EATING WITH SNYDERITES

Meat Loaf Recipe Is Big Enough For Family Reunion

Mrs. Nona Cumbie of 2606 Avenue K has a recipe for meat loaf that can be used to serve a family reunion or about one-fifth of it may be cooked for the family.

BAKED MEAT LOAF

15 pounds ground beef
1 box meat base
2 cups powdered eggs or 10 whole eggs
2 quarts powdered milk
3 cups carrots grated
2 cups raw cabbage shredded fine
2 cups onions chopped fine
¼ cup salt
2 tablespoons prepared mustard
1 cup Worcestershire sauce
1 quart uncooked rolled oats
1 No. 10 can tomatoes

Combine thoroughly eggs, milk, vegetables, seasoning, rolled oats and meat base which has been moistened with water. Add tomatoes. Mix with ground meat and place into greased pans. Bake in moderate oven for about one hour. It may be served plain or with a sauce. Serves 50 persons.

Mrs. Cumbie said green beans, a grated carrot and pineapple salad and cream potatoes may be served with the meat. Graham cracker pudding makes a suitable dessert, she added.

Mrs. Hodges Is Guest Reviewer For Cosmorama

Mrs. Joel Hodges was guest reviewer for Cosmorama Club Wednesday when Mrs. Robert Hargrove was hostess.

"Uncle Tom's Cabin," by Harriet Beecher Stowe was the book reviewed. Mrs. Hodges, a former club member, was introduced by Mrs. W. J. Bryant, president.

In the introduction to the review, Mrs. Hodges said the author was a house wife who wrote to supplement the family income. She sold a series of sketches to the "National Era," a Washington anti - slavery publication, which ran them in serial form, the reviewer explained. The sketches were later put together in the book, 'Uncle Tom's Cabin."

Twenty - three members attended. Guests were Mrs. Leon Huff and Mrs. Jack Shelley. A salad plate was served by the hostess.

Former Snyder School Is Described In Club Program

Texas was the program topic for Twentieth Century Club when Mrs. Ola B. Leath was hostess Tuesday.

Mrs. Leath was the only member who answered roll call by giving Snyder as her birthplace.

Mrs. I.W. Boren told of her school days in Scurry County. She told of boarding with a friend during the school term and living on a ranch in summer months. The four-room school she attended was located where the high school is on Twenty - sixth Street and was the center for community activities, she said.

In a discussion of cowboy ballads Mrs. John Hamblen distinguished between the types, which were either original or handed down as folk songs. She said two of the old-time songs are "Little Joe the Wrangler" and "Oh! Bury Me Not on the Lone Prairie," each of which has been sung for pleasure as well as for lullabies for restless cattle at night.

Mrs. Nelson Dunn, in a discussion of the cattle industry, said herds of longhorns descended from the stock of Coronado in 1541 and roamed the unfenced Southwest plains when Americans first arrived in Texas. She said cattle slowly replaced the buffalo and told of the fence cutting "wars" fought in the state in the early 1800's. She named major cattle trails, breeds and well-known ranches. She said the industry came into its own after the Civil War and quality of the herds is always being improved.

"Do Women Run Texas?" was Mrs. Stanley Hill's topic. She said women today, especially American women, have everything legally, socially, politically and economically that they have ever tried to get. "Housewife," she said, could be defined to mean business manager, cook, nurse, chauffeur, dressmaker, interior decorator, accountant, caterer, teacher, private secretary or philanthropist.

Mrs. R. E. Gray club president, presented Irish corsages to the 14 members present. Refreshments were served by the hostess.

In recipes calling for a "dash" of salt, pepper, or other seasoning I have wondered just what amount that means. My common sense tells me that it is a very small amount, but in some cases variations in amounts of seasonings could make quite a bit of difference. Mrs. M.

Usually a "dash" means less than ⅛ teaspoon.

Could you tell me how to make corn pone. This is my first time to live south of Michigan, and I assure you I don't know how to "ad lib" a recipe like this southern one. F. B. M.

Combine 2 cups white corn meal and 2 teaspoons salt with ½ teaspoon baking powder. Add 2 cups boiling water, stirring constantly. Drop by heaping spoonfuls into 4 tablespoons shortening, melted. Fry on both sides until golden brown. Mixture may be shaped into pones, placed on greased baking sheet and baked in hot oven (450 degrees) 20 to 30 minutes.

We recently painted several large areas in our home only to find that course cracks have developed. A friend who saw it called it "alligatoring." I am wondering what caused this? G. V. C.

This was caused by applying a hard paint over a soft undercoat. In the future, be certain that each coat has plenty of time to dry and that the undercoat is formulated so that it dries harder than any of the succeeding coats.

Mr. and Mrs. G. E. Jocoy, Big Spring Highway, have as guests their daughter, Mrs. Ted Shaikewitz and son of Vanderbilt, Tex.

CHURCH OF CHRIST
1800 AVENUE R

By His deeds, by His teachings, by His death upon the Cross, Christ demonstrated the duty and responsibility of Christians to share with their less fortunate fellowmen.

Today as we read our newspapers and listen to our radios, we sometimes tend to disregard the need and suffering in other parts of the world. Momentarily we may feel sorry, but it passes quickly as we return our thoughts to personal affairs.

To help us become more aware of our opportunity and responsibility for helping others, there has been instituted "One Great Hour of Sharing," a united effort by America's churches to assist overseas relief. Next Sunday tens of thousands of churches will simultaneously cooperate in this great plan at their Sabbath services.

Through "One Great Hour of Sharing" millions of destitute peoples will be aided and comforted. Millions will learn that because of the unselfish and understanding heart of America, there is for them hope of a brighter tomorrow.

And to America, "One Great Hour of Sharing" will bring the priceless blessing of spiritual enrichment that rewards those who have obeyed these words: "Go ye into all the world . . . to every creature."

Won't you go to your Church on Sunday, and join this great effort?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
