LYNN FARMERS FAVOR LONG PLAN

Phone Rate Cut Sought By City

FORMAL REQUEST MADE IN LETTER FROM W. H. RODGERS

Formal request for reduction of the rates charged for telephone service in the city of Lubbock has been made by Acting City Manager W. H. Rodgers to the Southwestern Bell Telephone company.

A letter, notifying T. A. White, local manager, of the city commission's action regarding a reduction in rates was mailed to Mr. White on Tuesday, Mr. Rodgers said today.

To Compile Data

Mr. White stated recently that he was of the opinion his company "would not be able to reduce rates at this time" and said as soon as the request was made, the company would start compiling data to show that their rates were not too high for the service given Lubbock.

It is likely that the matter will be taken up in Thursday's regular meeting of the commission, along with matters pertaining to the gas schedule officials indicated today.

The letter to Mr. White follows:

Mr. T. A. White, Manager,
Southwestern Bell Telephone Company,
Lubbock, Texas.

Dear sir:

At a meeting of the city commission of August 13th, by unanimous vote, the city commission asked that you confer with your company in regard to a reduction in the telephone rates in the city of Lubbock.

Will ask that you kindly take this matter up with the reduction in view, advising us at your earliest convenience as to your findings in the matter.

Yours very truly,
W. H. Rodgers,
Acting City Manager.

Gandhi Agrees To Attend Conference

SIMLA, India, Aug. 26 (AP)—Mahatma Gandhi has agreed to take part in the second round table conference and will sail for England next Saturday, it was officially announced today.

The announcement that Gandhi would attend the conference came after a talk he had with Viceroy Willingdon this morning. It was said to have been highly satisfactory. Gandhi is leaving at once for Bombay.

The mahatma previously had said he would not attend the conference unless the viceroy appointed an impartial arbitration board to hear his charges that duress had been used in collecting revenue taxes from peasants.

GANG SLAYING SPURS DRIVE

ANOTHER VICTIM SHOT DOWN IN NEW YORK; SCORES ARRESTED

(By The Associated Press)

NEW YORK, Aug. 26—A gang killing while scores of crooks and suspects were being rounded up stirred the police and others to new activity today.

Three men invaded an establishment on East 148th street, Bronx last night, strode over to a table where Theodore Naddi, 29, was playing cards with two companions and shot him dead. Naddi's two companions and the gunmen were gone when detectives arrived. The police regard the place as a speakeasy.

Federal agents dealing with internal revenue, narcotics, prohibition and other matters have conferred with Federal Attorneys Amell of Brooklyn and Medalie of New York. It is the purpose of federal officials to aid in the drive against crime by obtaining indictments before special grand juries.

Most of the 100 men arrested in the police drive yesterday were allowed to depart after brief formalities. None had guns. Another batch was brought in today.

SPEAKS TONIGHT

* * *

Dean T. U. Taylor, "the grand old man of the engineering school" of the University of Texas, will make the address at the first night commencement exercises of Texas Technological college tonight. The exercises, to be held on the lawn south of the administration building, will begin at 8 o'clock. Degrees will be conferred on 112 students. This is Dean Taylor's first visit to Texas Tech.

CROWDS FIGHT FOR GLIMPSE OF LINDYS

HUGE OVATION GIVEN FLIERS WHEN THEY REACH TOKYO

TOKYO, Aug. 26—Men, women and children fought the police here today in a wild scramble to get a glimpse of Colonel and Mrs. Charles A. Lindbergh.

The famous couple entered Tokyo by train this evening after landing at Gasumigaura naval base, 50 miles from the capital, the official terminus of their 7,132 mile flight from New York.

Crowd Unmanageable

At Ueno station the Lindberghs encountered probably the most dense crowd in their experience. Several times while the fliers and their official party were being seated in limousines the crowd became unmanageable and for a time it looked as though the Lindbergh automobile would be overrun.

Completing the last lap of their long flight, the Lindberghs arrived at Gasumigaura at 209 p. m. (1:09 p. m. C.S.T. Tuesday) after a 613 mile flight from Nemuro. They were received by Admiral Abo, minister of the navy; W. Cameron Forbes, American ambassador, and other notables while a crowd cheered.

Fliers Praised

Admiral Abo, in uttering the initial welcome, praised both the Colonel and Mrs. Lindbergh for their flight across the Pacific and hailed them as messengers of peace, tending to strengthen the friendly relations between Japan and the United States.

Lindbergh, in responding, stressed his appreciation of the hospitality extended from all quarters and said he and Mrs. Lindbergh were "looking forward with great anticipation to spending a short time in Japan and having the opportunity of meeting and knowing more of your people."

The Lindberghs left New York July 29.

Airplane Aids In Catching Fugitive

TULSA, Okla., Aug. 26 (AP)—An airplane aided in the capture of Roy Wrone, fugitive Washington county prisoner, near here today.

A five mile automobile chase, punctuated by machine gun firing, preceded the aerial search. Wrone was wounded slightly but escaped into a corn field.

The plane, piloted by George Heywood, was sent up at the request of Sheriff J. C. Tucker of Washington county. It swooped low over the field, and the fugitive ran from his hiding place, surrendering to waiting officers.

PIONEER DIES

BAIRD, Aug. 26 (AP)—One of the veterans of the cattle country, Early B. Hart, 71, died yesterday several hours after members of his family found him unconscious at the Hart ranch, nine miles northeast of Baird. He had gone to hitch up a team to plow.

Lubbock School Tax Reduced Six Cents

CUT IS VOTED AT MEETING TUESDAY

TRUSTEES SLASH TAX TO 86 CENTS; TO MEAN SAVING

A reduction of six cents in the 1931 tax rate of the Lubbock Independent school district was voted by the board of trustees in a meeting Tuesday evening, Dr. J. T. Hutchinson, president of the board, announced this morning. The cut in the rate places the levy at 86 cents for the coming year.

The former rate was 92 cents.

"The school board has been working for some time, cutting expenses where it could in order to effect some tax relief," Dr. Hutchinson said. "The number of teachers has been reduced, more work given those now employed and all supervisors were cut out and put to teaching in making possible this saving."

Above Old Rate

"The tax rate before we built the new high school was 80 cents," Dr. Hutchinson added. "So under the new rate we have only an increase of six cents over the 1928 rate though we have built the new building."

The reduction in the school tax rate and the slash in city taxes announced recently will make a considerable reduction in taxes for 1931 over last year.

No teachers were discharged from the schools faculty, Dr. Hutchinson pointed out, explaining that the reductions in the staff were made possible by resignations from posts to which no new teachers were employed. Several teachers elected for the coming year have resigned to take places elsewhere, it was said.

No reductions were made in teachers salaries, it was also learned from school officials.

Suffocating Gas Takes Two Lives

DUDLEY, Iowa, Aug. 26 (AP)—Choke damp, heavy suffocating gas in the stagnant air of an unventilated mine shaft, had claimed the lives of two brothers and their nephew, whom they sought to rescue today.

The dead were: Glenn Hanson, 33; Harold Hanson, 31, and their nephew, Ernest Redburn, 18.

PLAN TO MAKE TRADE TRIPS

FAIR DIRECTORS HOLD MEETING TODAY TO OUTLINE PLANS

Customary pre-fair trade trips will be made this year, a committee will be appointed to work with city and county authorities in policing the fair grounds, and two more tiers of pens will be built in the new hog barn, the Panhandle-South Plains fair board of directors decided this morning at chamber of commerce offices here.

Tuesday, September 29, will be Lubbock day; Wednesday will be school day, and Friday will be college students' day, it was decided. Every school child will be admitted free Wednesday, tickets being distributed for them when the trade trips are made and schools visited. Any student at any college will be admitted free Friday.

Lubbock merchants usually close shop half a day in recognition of Lubbock day and to give employes an opportunity to visit the fair.

Ten or 12 Lubbock county community exhibits have been arranged for and two East Texas counties, Hunt and Collin, have entered county displays, the directors were told.

Season tickets will be changed slightly.

Home-Town Boy Of Lubbock Makes Good In The Big City

WOODROW RAMPY MAKES CHICAGOANS THINK ALPHONSE CAPONE IS ON TRIAL AS SIRENS SCREECH OUT WELCOME TO 17-YEAR-OLD WITNESS

* *

(By The Associated Press)

CHICAGO, Aug. 26—A 17-year-old Texan caused a lot of persons to wonder yesterday if Alphonse Capone was on trial, so great was the crowd that assembled at the entrance to the federal building to watch him enter.

He was Woodrow Rampy, of Lubbock, Tex., who came to Chicago to testify against Wayne Rogers, of Sweetwater, Tex., also 17, who is charged with renting an automobile from the Rampy automobile agency and driving it out of the state, in violation of the Dyer act.

Doesn't Like Gangsters

"Just tell me a hotel to put up at where they won't be any gangsters," Rampy said to Robert Dawes Ross, nephew of Ambassador Charles G. Dawes, who was named by United States Attorney George E. O. Johnson to prosecute the case. "I don't need any special looking after."

Escorts And All

His remarks gave Ross an idea. He called up the office of City Greeter George D. Daw. Daw was away on a vacation, but his secretary called George Brumlik, assistant hotel manager and friend of Daw, who furnished a big automobile for the young Texan. So Rampy rode from a hotel to the Federal building, escorted by three motorcycle policemen with their sirens screeching.

All the noise gave pedestrians the idea that Capone must be on trial.

Incidentally Ross explained that "the motorcycle escort was not to protect our witness from gangsters, but was merely to facilitate getting through traffic."

Young Rampy is the son of Mr. and Mrs. A. L. Rampy, 2109 Twenty-third street. He left Lubbock Saturday for Chicago to testify in the Rogers case.

This is the first time the youth has been any great distance from home by himself, his father said this morning. Fort Worth is the largest city he had ever visited befort this trip, Mr. Rampy said. He had lived on a ranch all his life near Lovington, N. M., until four years ago when the family moved to Lubbock.

A quiet and unassuming lad, despite his six feet, two inches and 185 pounds, the boy works in his father's station, driving taxies and doing odd jobs. He is a senior in Lubbock High school.

BROOKS TALKS TO ROTARY

DISTRICT GOVERNOR IS HEARD AT CLUB LUNCHEON TODAY

Declaring that the challenges to Rotary clubs of the world were never more numerous than today and urging members to "maintain and strengthen" their order, Dr. T. D. Brooks of Waco, governor of the 41st district of Rotary International, spoke to members of the Lubbock club at Lubbock Hotel today noon.

"Rotary must be maintained and strengthened because of what the world expects of Rotary," Dr. Brooks said as he described scenes in the international convention at Vienna, Austria, this summer. "There is a desperate fear psychology, high tension feeling all over Europe today and many prominent figures say war is in prospect by 1935," he continued. "They're looking to Rotary as the agency that can go above the diplomats in their efforts for international peace and promote mutual understanding and tolerance which will erase the threat of war. They feel if there is any agency that can do this it is Rotary."

Influence Cited

He told of various incidents in the convention which brought out the importance of Rotarism as an

Three Being Held In Fatal Beating

LONGVIEW, Aug. 26 (AP)—A man giving the name of Smoky Smith and two girls who said they were his companions on an automobile trip during which a hitch-hiker was fatally beaten near Borger several weeks ago were held here today for Sheriff J. W. McCormick, who has felony warrants for the three. Officers said one of the girls said she saw the man beaten.

Poor Farm Is Too Broke To Operate

BENTON, Ill., Aug. 26 (AP)—Franklin county is so poverty stricken the poor farm may have to be abandoned.

Byron Neal, superintendent of the farm, said yesterday it would be necessary to discharge the 40 inmates and close the institution unless the county board of supervisors obtained financial aid.

DEGREES WILL BE AWARDED

EXERCISES AT TECH TONIGHT WILL END SUMMER SESSION

Degrees will be conferred on 112 students tonight in the first night commencement exercises of Texas Technological college. The exercises close the most successful summer session the college has experienced.

Ceremonies will be on the lawn just south of the administration building and will begin at 8 o'clock.

Dean T. U. Taylor of the school of engineering of the University of Texas will address the graduates after the various deans will award the degrees.

Twenty-one master of arts degrees will be given. The class represents the largest number ever graduated in a summer session.

Seats have been arranged to care for a large crowd, college officials have announced.

Death Of Famous Author Announced

NEW YORK, Aug. 26 (AP).—Simon and Schuster, publishers, received a cable from Nice, France, today announcing the death of Frank Harris, noted author. The cable was from Mrs. Nellie Harris and merely said Harris had died in his sleep.

Harris was 75 years old. He has been living in France since 1922 when he sold his interest in Pearson's magazine, of which he was editor.

The "Life of Oscar Wilde" is probably Harris' best known work. A latter work, "My Life and Loves" attracted more attention, however, being banned in many countries, including the United States.

Drowning Victim Is Sent To New York

SAN ANGELO, Aug. 26 (AP)—The body of J. T. Tower 34, New York, who was drowned in Santa Helena canyon in the Big Bend country Sunday, was to be sent to New York today from Alpine. Tower was drowned while he and another mining engineer, John Weller, and a Mexican guide were exploring the canyon.

RATE HEARING UNDER WAY

SOUTH PLAINS GROUP SEEKS REDUCTION IN COTTON RATE

Following a session at which reports of Arthur P. Duggan of Littlefield and A. B. Davis of Lubbock were heard on an informal inquiry in Dallas in connection with recently established freight rates on South Plains cotton, the executive committee of the South Plains Freight Rate association adjourned its meeting until early this afternoon.

The group attended the Rotary club luncheon at the Lubbock hotel after conferring from 11 o'clock until noon at chamber of commerce offices. Persuant to instructions of the executive committee, which met here early last week, Davis and Duggan went to Dallas to find means of obtaining relief for the South Plains from cotton freight rates authorized by the interstate commerce commission as effective June 15. Carrier rates from Lubbock to gulf points was increased from 93 1-2 to 95 cents a hundred pounds.

Those attending the executive committee sessions here are, in addition to Davis and Duggan:

Maury Hopkins, assistant manager of the West Texas Chamber of Commerce, of Plainview; Doss H. Berry, traffic manager of the regional chamber, of San Angelo; Frank Perkins and H. B. Adams, both of Lockney; W. A. Wilson and W. W. Evans, both of Lamesa; R. M. Kendrick, of Brownfield, Glenn A. Smith of Plainview, and Percy Ralls of Ralls.

SCOUTS TO PICNIC

SLATON, Aug. 26—(Special)—Boy Scouts of Slaton's two troops, No. 31 and No. 37, and members of their families will attend a picnic and campfire court of honor here tonight.

ONE-THIRD OF GUARDSMEN REMOVED

ECONOMY MOVE TAKEN ON SUGGESTION OF GOV. STERLING

KILGORE, Aug. 26—The East Texas oil field "army of occupation" was cut to two-thirds its original strength today.

Although no unit was being removed entirely, those affected were reduced in strength and 483 men were being demobilized to evacuate the oil field area at noon, leaving 709 officers and men to enforce the general production shutdown order.

Brig. Gen. Jacob F. Wolters, commandant in the martial law area, said the action was advised by Governor Ross S. Sterling but the reduction was even greater than the executive suggested.

Some of the men released were needed at home, the general added, but the motive mainly was to "economize in the expedition." Camp construction work has been completed and the territory has been organized.

The area was quiet last night and there was no recurrence of incendiary fires which began here Sunday.

Likewise, it was said at brigade headquarters there was little prospect of any attempt to violate the general order against mass meetings in the military district to protest the martial law shutdown.

The movement of troops, it was learned, did not mean immediate and complete evacuation was in near prospect. It was pointed out that militiamen probably would be kept in the area until the state railroad commission completes and puts into execution regulations designed to eliminate waste and overproduction in the unruly oil field.

TWO MORE DEATHS IN FOREST FIRES

BOISE, Idaho, Aug. 26 (AP)—Fire sweeping through the forests of central Idaho has added to its toll of destruction a valuable gold mine, a dozen homes and the lives of two fire fighters.

The bodies of Nolan Warner, 28, Fillmore, Utah, and Howard Harvey, Boise, were found on a ridge between Pioneerville and the south fork of the Payette river late last night. Reports said the men were trapped between the main fire and a spot fire which broke out behind them.

Earlier in the evening the wall of flame raging on a 20-mile front broke through trenches on both sides of Grimes Pass, first sweeping the $250,000 Golden Age mine and several residences. The fighters fled. Nearby, homes around the Mineral Mining company mine were destroyed.

COMMITTEE MEETS

The convention committee of the American Business club met Tuesday night at the Hilton hotel to determine whether plans for the Texas-Oklahoma A. B. C. convention here September 7 and 8 were being carried out satisfactorily. Bert Pinson, president of the local club, presided.

"RABBIT FOOT" FAILS TO WORK FOR PARACHUTE JUMPER; TO CARRY KNIFE

(By The Associated Press)

CORSICANA, Aug. 26 — Thurston Carlisle, 22-year-old Giddings, Tex., parachute jumper, may carry a knife with him when he goes parachuting next time.

Carlisle's "rabbit foot" failed him last night, as did his parachute, when he went aloft with Bill Stewart, Corsicana pilot, to make a night jump.

As a result, Carlisle was bounced along at the end of an unopened parachute for 45 minutes, making vain attempts to reach the rip cord of the emergency bag he carried.

When the plane's gasoline supply was exhausted, Stewart landed, "cracking up" to avoid crushing Carlisle.

Carlisle received numerous cuts and bruises.

On all occasions Carlisle declined to carry a knife with him, stating his "rabbit foot" would turn the "trick."

AILING TONSILS ADDED TO LIST OF REASONS OF JACK-ESTELLE BATTLE

(By The Associated Press)

KANSAS CITY, Aug. 26.—A case of ailing tonsils has been added to the list of purported reasons for the fight between Jack Dempsey, former heavyweight boxing champion, and Estelle Taylor.

This angle was revealed here last night by Miss Taylor in discussing her husband's divorce suit in which he stated she had such a desire for a career in opera that he no longer wished to stand in her way.

In the actress' own words her operatic aspirations and their connection with her tonsils came about in this way:

"I never had sung in my life. Then I got a sore throat and the doctor took out my tonsils. He looked in my throat when it was healing and told me I would have to take vocal exercises or my throat would be stiff.

"So I went to a teacher and he had me sing. That was how I found that I had a voice."

LAWS FOR BAN ON COTTON FAVORED

LOCAL FARMERS HOLD MEETING TODAY TO VOTE SENTIMENTS

(By The Associated Press)

TAHOKA, Aug. 26.—Cotton farmers in mass meeting here today approved the plan of Gov. Huey P. Long of Louisiana, to prohibit cotton growing in the south in 1932. They also went on record as being in favor of permanent regulation of acreage.

A formal vote, taken to learn the sentiment of the group, was 56 to 7 in favor of Long's plan and acreage regulation. The farmers notified Gov. Ross Sterling of their action.

MASS MEETING IS UNDER WAY HERE

A mass meeting of cotton farmers of Lubbock county and adjoining territory is under way this afternoon at the courthouse to consider propcsals of reducing cotton acreage or making cotton planting taboo in 1932. F. C. Adams, spokesman for a group of farmers, called the meeting.

Following the session, a pre-delivery membership meeting of the Texas Cotton Cooperative association will be held at the courthouse. Lubbock officials of the association said. Members of the cooperative agency met Tuesday at Tahoka and Post in this district.

Bankers For Regulation

Members of the South Plains Clearing House association at a bi-monthly meeting here Tuesday night expressed opposition to a proposed special session of the Texas legislature to regulate on cotton production. The banking group was to appoint a committee to draft a resolution expressing its sentiments to Governor Ross Sterling.

Two thousand farmers were expected to attend this afternoon's mass meeting, Adams said. Two state legislators, Senator Pink L. Parrish and Representative G. E. Lockhart, both of Lubbock, were invited to attend and this morning were reported in the city.

The meeting was called in response to Governor Ross Sterling's

ROOSEVELT TO BE OPPOSED

TAMMANY LEADERS AND N. Y. GOVERNOR REACH PARTING OF WAYS

(By The Associated Press)

ALBANY, N. Y., Aug. 26—Franklin D. Roosevelt, Democratic governor of New York, and Tammany Hall have reached the parting of the ways.

Angered because the governor yesterday refused their request for an investigation of alleged graft and corruption in Republican controlled cities upstate, Senator John J. Dunnigan and Assemblyman Irwin Steincut, Democratic leaders, said they would "fight to the last ditch" Roosevelt's recommendation that the Hofstadter committee investigating New York be empowered to grant immunity to witnesses.

The governor, in his message at the opening of the special session yesterday, confined his recommendations to the broadening of the power of the Hofstadter committee, thus closing the door to any effort by the Democratic minority to introduce bills looking toward investigations of upstate communities. Under the provisions of the state constitution only such matters as may be recommended by the governor may be considered at extraordinary sessions of the legislature.

Former Premier Of Japan Dies Today

TOKYO, Aug. 26 (AP)—Yuko Hamaguchi, former premier of Japan, who won the appellation "warrior for peace," by his espousal of the London naval treaty despite opposition of influential groups of extreme patriots and militarists, died here today. He was 61 years old.

Heading the government during the negotiations at London, Hamaguchi succeeded in obtaining Japan's adherence to the naval treaty only by a strenuous fight which incurred the displeasure of the ultra-patriots and advocates of a strong navy.

DO-X TAKES OFF

CHARLESTON, S. C., Aug. 26 (AP)—The DO-X, the world's largest air liner, left at 7:35 a. m. today for Norfolk on her way to New York where she is due tonight. The DO-X spent the night here after flying from Miami yesterday.

Dance For Amarillo Visitor Is Large Event In Series For Younger People

Lawn Parties Are Popular; Group Will Picnic This Evening At Canyon Ranch

In a series of parties for children and young people here during the early week, a dance given for Miss Mary Kathryn Norman of Amarillo was outstanding. Hostesses on this occasion were Misses Evelyn and and Annie Byrd Spaulding at their home on 19th street.

Other events included several parties for children and adolescents during the afternoon and evening Tuesday.

Mrs. M. C. Overton and Mrs. C. E. Maedgen gave an afternoon party at the Overton residence, 1812 Broadway, for their daughters, Ruth Overton and Mary Alice Maedgen. Guests played for a while in the park and returned to the Overton home for refreshments.

Those who attended were Marilyn Riggs, Buddy Woods, Nell Arnett Johnson, Ophelia Mae Beall, Julia Ellen Warner, Willis Bledsoe, Charlie Drexel, Carrie and Marjorie Ann May, Barbara Ann Read, Dorothy and Billy Wright and La Nelle Hurlbut.

Mrs. G. M. Pearson, 1723 27th street, entertained Tuesday evening with a birthday party for her daughter, Melba Dawn, on the latter's 13th birthday.

Games were played and Jack Herring won a prize in a contest. Mrs. Pearson was assisted in serving by Mrs. Val Canon.

Guests were Lucile Carter, Eudora Trice, Marian Rogers, Heleneire Reynolds, Sammy Bass, Richard Darby, Edwin Weaver, Jack Herring, James Ray and Max Rutledge.

Leona Ruth Gardner, 2319 Main street, entertained Tuesday evening with a lawn party at her home, having as her guests Kathryn Davies, Lorene McCreary, Pearl Peak, Katie Lee Allen, Geneva Allen, Valeria Ratliff, Ann Smith, Fern Hollar, Thomas McMillan, Joe Selbold, Maston Jones, Gus Niblack, Frank Cundy, Kendrick Green, Jack Niblack, Joe Nelson, Fred McFarland, Alton Peak and Melvin Green.

Several young people are planning to go to the Yellowhouse Canyon ranch house this evening for a picnic. The party will be accompanied by Miss Bonnie Lee Cook and Preston Lee.

Those who are to attend are Bowlen Johnson, Jimmie Hamilton, Frank Skinner, Dick Cook, Truman Hutson, G. C. Barrier, Billy Dykes, Tol Terrell, Dub Copeland, Billy Murray, Piser Middleton, Nancy Ruth Leaverton, Mary Geniece Hardberger, Lucy Gene Cook, Perry McFarland, Ethel Murray, Julia Blackwell and Madeline Neves.

Mrs. Svensen Will Be Honored Today

Mrs. Carl Svensen, who was Miss Ruth Rix before her recent marriage, will be honored this afternoon when members of St. Paul's Episcopal auxiliary entertain with a five o'clock seated tea at the home of Mrs. F. R. Friend, 2005 Broadway.

The rooms are to be decked with golden glow and phlox.

The guest list will include Mesdames Svensen, Homer Grant, Wallace Rix, E. L. Dohoney, Thad Thomas, Bradner Moore, G. E. McCelvey, Roscoe Wilson, Edgar Lewis, Guy Johnston, J. N. Michie, John F. Bacon, Jed A. Rix, Guy Victory, Thomas West, F. W. Zachary, Jerome Smith, Harvey Williamson, W. B. Powell and Friend.

Mrs. Svensen is district president of Episcopal auxiliaries.

IMPROVED PROCESS GIVES BEWITCHING FLAVOR TO COFFEE

Controlled Roasting Creates Flavor No Other Coffee Has

It is a pleasure to breathe the fragrance that drifts from a cup of Hills Bros. Coffee. But wait till you drink it! Here is flavor no other coffee has — flavor none can equal! Hills Bros., alone, roast by the patented process — Controlled Roasting—that gives you all the bewitching flavor of the coffee berry . . . *all the time.*

As the accuracy of the hour-glass depends upon an even, continuous flow . . . a little at a time . . . so the marvelous, uniform flavor of Hills Bros. Coffee is produced by this patented process that roasts evenly, continuously . . . *a little at a time.* No wonder the flavor is superior to that of bulk-roasted coffee. Bulk-roasting requires guesswork, whereas Hills Bros. Coffee is under automatic control. No berry is underdone nor overdone. Perfect, unvarying flavor is positively assured!

Every pound of Hills Bros. Coffee is strictly fresh too. For air, which destroys the flavor of coffee, is removed and kept out of the vacuum cans. Even ordinary, "air-tight" cans won't keep coffee fresh. Order Hills Bros. Coffee today. Ask for it by name, and look for the Arab trade-mark on the can.

Hills Bros. Coffee, Inc., Kansas City, Missouri. © 1931

Mrs. Chester Hubbard will resume classes in art, including clay modeling, in her studio at 1819 Avenue K, Sept. 1st.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D. Head Division Parental Education Cleveland College, Western Reserve University

FIRST SCHOOLDAY

Few adults realize the emotional ordeal many a little child must pass through when his mother leaves him with the teacher for the first time.

Needless to say, it is no easy task for the teacher, either particularly for the kindergarten teacher, to help this little child to adjust himself to the very new experience he must meet at school. Nor is her problem limited to the child. Sometimes the mother is much harder to handle than the child. She may be so much wrapped in in him, so fearful lest no teacher can be entrusted with him, and so anxious lest he might cry after her, as to resort to all kinds of curious behavior. Unawares, she no doubt wants the child to weep after her. His doing so makes her feel indespensable to him; it enlarges her sense of self-importance. His failure to beg her to stay with him, or to cry when she leaves him may, indeed, be disappointing to her.

• • •

The successful teacher does share some of the child's affection which formerly had been limited partially or wholly to his mother. Sometimes the teacher has his strongest love, particularly if her sympathy and understanding of the child surpass those of the mother. But when there is a scene, as the mother leaves the child at school, the problem for all concerned is pretty large. Not so large for the teacher if the mother goes, but stupendous if she stays or lingers.

The child rarely makes normal adaptation to the other children while his mother is present; and the teacher feels the ill effect thereof, being considerably annoyed. The very fact that the mother had lingered betrays the child's dependence upon her and his lack of normal play with many other children of his age. If this child had attended Sunday school his mother probably had stayed with him there.

Much as you, my fellow teachers may be vexed by such a situation, you are not going to be too hard on that mother. She is to be pitied, for, although she probably knows what she ought to do, she is encumbered by tremendous emotional conflicts and anxieties. Heart-touching sounds and pictures of her child when she will have deserted him, rise up before her. Although you very well know that you will be able to help the child forget his mother shortly after she is out of sight, the mother doesn't believe you will even when you tell her so.

To be sure, you can coldly order the mother to leave at once. For the child's immediate welfare and for your immediate success, such an order might be excellent, since in almost every instance it would be obeyed; yet it would not be the wise thing to do, as a rule.

Your success as a teacher will depend pretty largely upon the co-operation you can get from the home. Now we do not get co-operation by demanding it; we get it by a kind of personality salesmanship. Parents co-operate with teachers when they feel like doing so. Your mission is to cultivate this feeling. How tactfully you handle the mother on that first contact with her will be a measure of her readiness to accept your advice and suggestions in respect to her child during the succeeding days and weeks and months. This discussion will be continued tomorrow.

EDITOR'S NOTE. Two pamphlets by Dr. Myers may be obtained by sending 10 cents a coin, for each, and a self-addressed, stamped envelope to Dr. Garry C. Myers, in care of this paper, or Central Press Association, 1405 East Twelfth street, Cleveland, O. The pamphlets are "Punishments and Rewards" and "Fear."

Little Girl's Dresses Are Designed To Meet Her Needs

Reading from left to right, cotton tweed jumper frock; raincoat of rubberized cotton tweed; plaid gingham frock; right, navy and blue dotted cotton skirt, smocked white broadcloth blouse.

BY MME. LISBETH

IN A RECENTLY published leaflet by Clarice Louisa Scott of the bureau of home economics of the United States department of agriculture, it is said:

"Dresses for the little girl of today are designed to meet her own particular needs. They are comfortable, convenient, simple and sturdy, not only because these qualities are practical, but also because they are appropriate and in good taste.

"Simple foundation dresses that hang straight from the shoulders . . . are always becoming and they may be varied in innumerable ways by details of design, colors and materials."

These remarks were intended to pertain particularly to the very small girl of pre-school age, but they are also applicable to the other child. Nothing fitting the body tightly or in any way cramping the movements of the active youngster should be tolerated in the way of dress.

Washable materials such as wash silk, cottons, linens and woolens are always best for the youngster, so that when the inevitable accidents occur—grease and grass spots from the playground, something upset at mealtime—there need be no scoldings or heartaches because of a spoiled dress.

Some new and chic little frocks of cotton materials are pictured. They are modish and will ease the pain of returning to school for the small daughter who dreads having her freedom curtailed when holidays end.

At the extreme left is a cotton tweed jumper frock in brown and white. Narrow inverted pleats add a little fullness to the skirt; there is a narrow brown leather belt, and the swagger collar and cuffs of the blouse are made of tan linene.

There are always many rainy days in the autumn, and it's a good idea to teach the children early in life that reasonably bad weather is never an excuse for staying inside if in normal health. A jaunty rubberized outfit which sheds rain like the proverbial water off a duck's back makes the rainy day something for the little girl to look forward to. This new coat of a cotton tweed in chevron weave is rubberized and is warm enough to be worn on stormy days without another coat.

Plaid gingham enters the smart school wardrobe in the third frock of rose and blue gingham. A pleated skirt is attached to the yoked top, while the tailored collar and cuffs are made of white pique.

Navy blue with white dots is as popular a color scheme for the schoolgirl frock as for that of the business girl. And here, extreme right, it is shown in the modern version of the shirtwaist frock. Navy dotted cotton makes the little pleated skirt which buttons to the smocked white broadcloth waist, putting the weight of the dress on the shoulders, where it belongs. The final touch to the frock is the smocking done in red stitchings.

Allowing a little girl to help choose her own dresses is advocated in Miss Scott's leaflet. Even though she is very young she has a distinct personality with certain likes and dislikes that deserve respect. Her color choice will at first be a bit primitive but with guidance it can be directed to the ones which are best. The satisfaction of having a part in choosing her own clothes will develop in the child a wholesome pride and interest in attire.

Party Is Given At Studio For Society

Sans Souci Alumnae club members and several guests were entertained Tuesday afternoon at 6 o'clock by Miss Grace Jennings on the lawn at Mrs. Earl Hunt's studio. After a series of bridge games, guests were served a supper.

Ace Hi Bridge Party Is Outdoor Fete

Ace Hi bridge club members attended a sunrise breakfast at City park this morning and enjoyed games of bridge after the meal. Those who attended were Mesdames Dick Abbott, M. S. Cole, V. R. Plummer, C. A. Nowlin, J. D. Shaw, Nolan Whitlow, Allen Webb and Lola Shuey.

Alathean Party Will Be Postponed

A party that was scheduled for members of the First Baptist Alathean class on Thursday has been indefinitely postponed, it was announced this morning by Mrs. C. A. Paulger.

Brighten

dull, heavy Eyes in this safe, sure way

Without the aid of belladonna or other harmful drugs, *Murine* imparts new life and lustre to the dullest Eyes. Use this long-trusted lotion for a week or two and note how much better your Eyes look and feel. At all drug stores.

MURINE FOR YOUR EYES

Church People Are Guests For Picnic

Young people in the First Presbyterian church attended a picnic and watermelon feast at the Country club on Tuesday evening. There were about 25 in the party and they were accompanied by Mr. and Mrs. Charles Galbreath, Mrs. N. L. Peters and Mrs. Jack M. Lewis.

This group is meeting tonight at 8 o'clock with Mrs. Peters, the assistant superintendent, in a council meeting.

MISS SOPHIE SPROULE
WILL REOPEN HER SCHOOL OF DANCING
SEPTEMBER 9, 1931
REGISTRATION AT HOTEL LUBBOCK

Parties Are Given For Corene Ratliff

Miss Corene Ratliff, who is leaving today for Apache Creek, N. M., to teach during the winter, was honored twice Tuesday at parties.

During the afternoon, a bridge party was given by Miss Murvel Rankin on the lawn of her home at 1507 Avenue N for members of Les Cigales club, complimenting Miss Ratliff. In the evening, Mrs. C. W. Ratliff entertained with bridge in her home at 2118 27th street as an honor to Miss Ratliff.

These Are Guests

Nasturtiums were plate favors with the refreshment course at Miss Rankin's party. Guests for the games included Misses Ratliff, Mildred Harris, Mary Evelyn Gordon, Lola Thompson, Ruby Hutton of Snyder, Virginia Campbell, Charles Cox, Alyne Odom, Marjorie Drake, Winnell McCoy, Imogene Gordon, Dorothy Rylander, Florence Lawson, Ruth Mildred Rylander, Elizabeth Adams, George Drake, Coleta Baker, Ferry McFarland and Mesdames Weldon Snodgrass and Raymond Burford. Tea guests were Mrs. Ethridge W. Eagan, Mrs. Hal Yoder of Snyder and Miss Grace Rankin.

Miss Margaret Turner scored high in bridge at the evening party. She and Miss Ratliff received favors.

Other guests were Misses Winnell McCoy, Dorothy Rylander, Murvel Rankin, Lola Thompson, Mildred Harris, Maude Edison, Sallye Bean, Mrs. Raymond Burford and Mrs. Erle Thompson.

Miss Ratliff is to be accompanied to New Mexico by her mother, Mrs. Pebble Talley.

Mrs. E. B. Harris Is Hostess To Club

Jolly Dozen club members were guests Tuesday afternoon of Mrs. E. B. Harris in her home at 2207 14th street for games of forty-two. Members who attended were Mesdames Dick Abbott, J. G. Oslin, W. H. Trice, J. G. Biffle, Frazier McCrummen, R. L. Goad and J. W. Branch. Guests were Mesdames G. N. Atkinson, Homer Bartlett, A. B. Ellis, J. C. Levens and G. W. Scott.

Michael Alton, aged sixteen, of St. Paul's School, London, has the distinction of being the first competitor at Bisley to obtain the highest possible score with a service rifle.

Breakfast Is Served To S. S. Class

Mesdames B. E. Needles and T. H. McKissack served breakfast to a group of girls Tuesday morning in the park at Shallowater. The girls are in a First Methodist Sunday school class of which Mrs. Needles is the teacher.

Those who attended were Jewel and Hazel Henson, Johnnie Mae Thompson, Marilyn Riggs, Virginia Cook, Lucile Brown, Aline Stubbs, Joyce Wheelock and Johnnie Mae Ellison.

Miss F. Lawson Feted Tuesday Night

Misses Martha Bell and Zula Mae Logan entertained Tuesday with an overnight party in their home at 2119 15th street complimenting Miss Florence Lawson who is to teach in Waco this winter. Other guests were Miss Lilah Gaye Rodgers, Ruby and Loydell Hill and Ethel Lawson.

Baptist Party Is At Country Club

Officers and teachers in the junior department at First Baptist church attended a picnic at the Country club on Tuesday evening. Those who attended were Misses Madge Smith of Dallas, Pauline Carnes, Marie Jackson, Lois Ford, Naomi Holder, Etoile McLeod, Juna Irene Carroll, Anna Margaret Lamb, Messrs. and Mesdames J. D. Carroll, N. J. Ballard, N. M. Gosdin, T. C. Lamb, Mrs. O. A. Tyner, Mrs. W. L. Fridge, Mrs. Claude Gray, Mrs. R. C. Campbell, Mrs. F. G. Sewell and Marion Gosdin.

Juliette Merrill, 9, Is Given Party

Mrs. M. E. Merrill, 1419 10th street, entertained Monday afternoon with a birthday party for her 9-year-old granddaughter, Juliette, in her home. She was assisted in entertaining by Mrs. E. P. Norwood and Mrs. G. C. Peck of Plainview.

Guests were Ophelia Mae Beall, Sarah Starnes, Darlene Jons, Theola and Ophelia Bertram, Virginia Lee Barr, Dorothy Wright, Corrina Abney, O. W. Moore, Bobbie Campbell and Owen Gray.

Visitor Receiving Social Courtesies

Mrs. Allen Trussell of Fort Worth, who is visiting her parents, Mr. and Mrs. J. A. Pressley, 808 Avenue O, is being extended a number of social courtesies during her stay here.

Mrs. R. D. Holmes, 1320 13th street, is planning a bridge party for 3 o'clock Thursday afternoon in her home. Mrs. J. B. Jackson, 2811 21st street, is entertaining a few friends with bridge this afternoon, complimenting Mrs. Trussell, and Mrs. Clayton Gammill, 2218 8th street, entertained Tuesday morning with a bridge-breakfast in her honor.

Mrs. Trussell and her sister, Miss Kate Pressley, are to leave Friday for Fort Worth.

listen and taste!

YOU'VE never known such a cereal. Rice Krispies are so crisp you can hear them crackle in milk or cream.

Toasted rice bubbles. Golden crisp. Wonderful for breakfast or lunch. Fine for the children's supper. So easy to digest. Use Rice Krispies in macaroons, candies. On ice cream. At grocers. Oven-fresh. Made by Kellogg in Battle Creek.

SMOKE PURE-TOBACCO

OLD GOLDS

It isn't good tobacco that spoils the perfect evening . . . by clouding your breath with the odor of stale cigarettes. Lingering and unpleasant cigarette breath comes from the fumes of greasy, ARTIFICIAL flavorings.

OLD GOLD contains no such added substances. It is a PURE-TOBACCO cigarette . . . free of those oily, foreign flavorings that burn into clinging, staining, breath-tainting vapors.

Whether you are a heavy smoker or a light one, you'll like the Nature-flavored OLD GOLDS. Their clean, sun-ripened tobaccos are like honey to your throat . . . And they leave no objectionable odors either on your breath, your clothing, or in the room.

NOT A COUGH IN A CARLOAD

KEEP KISSABLE . . . NO "ARTIFICIAL FLAVORS" TO TAINT THE BREATH . . . OR STAIN THE TEETH

OVER SEVEN THOUSAND CARS ON COUNTY HIGHWAYS DAILY

OFFICIAL COUNT MADE IN JULY RELEASED BY ENGINEER

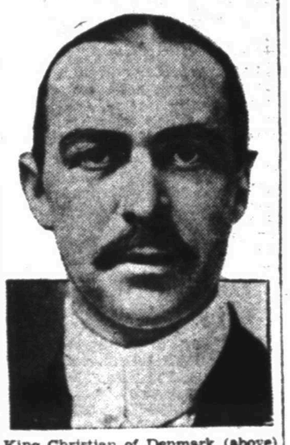

An average of more than 7,100 motor cars per day and 25 horse-drawn vehicles, use the four state highways in Lubbock county, the official check made in July by the state highway department shows, according to Joe H. Caldwell, division maintenance engineer.

Nine counting places were used in the four-way count. They were as follows: Highway No. 7, three miles northwest, three miles southeast and at the Lubbock-Lynn county line, southeast of Slaton; highway No. 9, five miles north of Lubbock, three miles south and at the Lynn-Lubbock county line, 12 miles south; highway 24, five miles northeast of Lubbock and at the junction of No. 137-24 southwest; No. 137, at the junction with No. 24.

The count showed an average of 6,266 passenger cars used the highways daily; 866 trucks and 25 horse-drawn vehicles. Passenger cars were divided into classifications: out of the state, 319; local, 3,400 and other state cars, 2,547. Trucks had the same classifications: out of the state, 52; local, 470 and others, 344.

Highway No. 7 had the largest amount of traffic, 3,041 cars per day. Highway No. 9 had an average of 2,228 cars and No. 24 and average of 1,272. No. 137 has 716 cars per day.

Balks Norway

King Christian of Denmark (above) is disputing the right of Norway to claim the land in eastern Greenland lying between 75.40 and 73.30 degrees north laditude. Norway bases its claim, supported by formal proclamation of King Haakon, on the expedition of Norse youths who planted their country's flag in the disputed territory. Denmark plans to put the matter before The Hague.

MEXICAN IN TEXAS IS STAMPED LAW ABIDING CITIZEN BY COMMISSIONERS

WASHINGTON, Aug. 26. (AP)—The latest Wickersham commission's report has stamped the Mexican in Texas as a law abiding citizen.

Dr. Max S. Handman, professor of economics at the University of Texas, who made a special study for the commission's report on "crime and the foreign born," said the Mexican in Texas did not seem "to run afoul of the law any more than anyone else."

"It is a remarkable thing that the Mexican is as well behaved as the community in the midst of which he lives," Dr. Handman stated.

Dr. Handman based his report on conditions in San Antonio, the largest Mexican center in Texas; Eagle Pass, a border town with a population of between 60 and 75 per cent Mexican, and Waco, with a Mexican population of about three per cent.

Based on the last census, he said, there were approximately 110,000 Mexicans in these three centers as compared to the total population of about 400,000.

"This seems to indicate that Mexican children are either better behaved than non-Mexican children or that their mischieveousness is carried on under such conditions as not to bring them to the attention of the law," Dr. Handman stated.

Juvenile court records showed but 45 per cent of delinquency cases among Mexican boys, and 35 per cent among girls, the report pointed out.

"There is no evidence that Mexicans run afoul of the law any more than anyone else, and if the complete fact were known they would most likely show that he is far less delinquent in Texas than the non-Mexican population of the same community," the report stated.

Americans say that if they could get back beer, unemployment would be solved and I have heard Englishmen say that if they could be quit of beer there would be no unemployment."

S O S is but a signal and stands for no words

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

(By The Associated Press)

Prevents Wreck

BERLIN, Md.—Thanks to James Clark, a farmer, who waved a pole with two red sweaters hanging from it, 81 passengers have escaped the trials of a railroad wreck. He stopped a train at a washout.

Patience At End

HAVERSTRAW, N. Y.—The patience of Richard W. Oldfield is at an end. For 22 years he has lived near the railroad. Thousands of locomotives have passed near his home. Now he is complaining about the noise of whistles and the village trustees are investigating.

To Probe Cats

NEW YORK—Comes the international cat investigating society. Its purpose is war on strays which it thinks carry germs and destroy bird life. It seeks legislation compelling all cats to be licensed.

To Dedicate Room

MONTICELLO, Va.—A room in commemoration of the freedom of the press is to be opened at the home of an early American champion of that right, Thomas Jefferson. It will be dedicated Oct. 20.

For Prohibition

NEW YORK—Americans are advised by the Rev. Dr. J. Ernest James of London, to retain prohibition. At Riverside church he said: "I have heard many

BEWARE!

If You're Told Some Other Preparation Is the Same as GENUINE BAYER ASPIRIN

WATCH OUT

THIS warning is printed to put the public on guard against a deception which may be practised against those who seek genuine Bayer Aspirin for pain, headaches or colds.

We take this means of warning you, so you may be able to protect yourself and family against results of such deception.

BEWARE!

Other preparations, we are informed, have been offered at times to those who ask for Bayer Aspirin; and even represented in some cases as being "the same as Bayer Aspirin."

Watch Out! Remember that years ago doctors warned the public against "headache remedies," some of which are heart depressants and unsafe for many people to take.

Then remember how Genuine Bayer Aspirin came. And was acclaimed the world over by leading men of science as SAFE relief for pain, and was prescribed without hesitation by eminent physicians. *For genuine Bayer Aspirin does not harm the heart.*

What folly, then, in the light of these things, to dose yourself with drugs of which you know nothing. Don't gamble—KNOW.

The genuine Bayer Aspirin tablets are made by a special process, under careful supervision of scientists, in the Bayer Laboratories, with over 25 years of highly specialized experience.

So when you want SAFE relief for pain, cold or headache, ask for BAYER ASPIRIN. You have a perfect right to ask for what you want. And an equal right to get what you ask for.

Lobk for the name BAYER on the package. And the word Genuine in red. Insist on Genuine Bayer Aspirin and refuse to accept a substitute.

DOES NOT HARM THE HEART

Why pay *toll* to Oxygen the coffee Racketeer?

New

VITA-FRESH PROCESS

delivers full-flavor coffee every time!

OXYGEN is a racketeer that costs the housewives of America millions of dollars every year.

It is a hijacker that attacks coffee as soon as it comes from the roaster stealing its strength, robbing it of flavor.

Just read these amazing facts established in the laboratories of a leading Eastern University:

(1) ***Loose or bag coffee loses 65% of its flavor in 9 days after roasting.***

(2) ***Coffee in old-fashioned cans loses 45% of its flavor in 9 days after roasting.***

All due to the attack of Oxygen!

Think of it! 45% to 65% of the flavor gone from 9-day-old coffee. Even vacuum packing, a definite improvement over old-fashioned methods, removes only part of the air from the can, leaving sealed in enough Oxygen to cause flavor loss and deterioration.

The new Vita-Fresh Process removes the air so *completely* that the most rigid chemical analysis reveals *no trace of Oxygen in the Vita-Fresh can after packing.*

***Remember—Oxygen* is the destroyer of coffee freshness and flavor. The Vita-Fresh Process *alone* gives full protection to coffee goodness. Maxwell House and Maxwell House *only* gives you this guarantee of full flavor, full value in every pound.**

Try* fresh *coffee* once *and you'll drink it always

Thousands of coffee lovers everywhere are now enjoying really *fresh* coffee for the first time in their lives, thanks to the new Vita-Fresh Process. Order a pound of Vita-Fresh Maxwell House Coffee from your grocer today and give yourself a new taste treat. It's a flavor revelation.

Try it at our risk

After trying Vita-Fresh Maxwell House Coffee, if you and your family do not agree that it is the finest coffee you have ever tasted—simply return the can with unused portion to the grocer from whom you bought it and he will gladly return the full purchase price.

HUBBERS MEET LAMESA HERE TONIGHT

LEVELLAND IS DOWNED BY LUBBOCK

TAHOKA BULLDOGS TO PLAY SERIES HERE SATURDAY, SUNDAY

Pleased with the turn of events which has given them a new business manager and relieved Team Manager Dirty Waller from the heavier responsibilities, the Lubbock Hubbers joined hands in almost full force last night to bank out a 11 to 6 victory over the reasonably strong Levelland Bearkats.

The Hubbers promise to stick together from now on, and this is necessary if local baseball enthusiasts hope to compete with the visiting teams who come here this week. Tonight finds Gus Ragsdale and his Lamesa Loboes storming the Hubber gates after a period of several weeks of inaction against the locals.

Play Tahoka Today

The Lamesans are playing this week at the Brownfield tournament, scheduled to meet Tahoka this afternoon in a game that will eliminate one of the clubs. They will report here in time for the game tonight to start on time.

On Saturday night and Sunday afternoon the Hubbers are in a series with the Tahoka Bulldogs. The latter team has been strengthened recently by the return of Lefty "Art Shires" Squires, the portsider who was outstanding in the South Plains League last summer for Tahoka and who has been pjaying in the Valley League this season. He is scheduled to pitch one of the games here this week-end.

Last night found Greer Dickey, the Hubber pace-changer, on the mound and he allowed the Levelland Kats every advantage of nine hits, most of them scattered, while three-error support let in half the enemy runs. The long distance clouting of Ed Hambright, the steady punching of Lefty Bettes and the hitting of Evo Marshall played important parts in the victory.

Galey Is Star

The visitors scored in the second inning to take a one-run lead after Lubbock tallied twice in the first. The inning was featured by the fine playing of big Galey at the plate, who cut off three runnres on forced plays as the sacks remained drunk for most of the stanza. One long hit to deep center brought in three runs but the hitter was caught as he tried to stretch it into a home run.

Hambright tripled and singled to bring in two runs and score himself on Marshall's hitting. Bettes singled three times, driving in three tallies for the homeboys.

SCHOOL GIRL AND SALESMAN WIN IN TRAPSHOOT EVENT

VANDALIA, O., Aug 26 (AP)—An 18-year-old Iowa school girl and a Detroit automobile salesman stood today at the head of the amateur trapshooting ranks of America.

Karl Maust, Detroit, shot his way out of a four-way tie to capture the men's North American clay target championship in the feature event yesterday of the thirty-second annual grand American trapshooting tournament of the Amateur Trapshooters association.

To Jeanette Jay, 18, of Waverly, Ia., went the North American women's crown after a shoot-off with Mrs. H. E. Grisby of Oklahoma City. Miss Jay shattered 191 pigeons out of a possible 200, and in the shoot-off ran 25 consecutive targets to out score Mrs. Grisby.

Rufus King, Wichita Falls, Texas, 15-year-old grand American handicap champion, placed third in the junior event when a fellow Texan, 16-year-old Tobe Parks of Houston, captured the junior title in a shoot-off with Ned Lilly of Stanton, Mich. Parks cracked 99 out of 100 targets and King 97. King was on crutches this year because of a broken right foot.

Would Serve Free At Special Session

ABILENE, Aug. 26 (AP)—Representative G. Y. Lee of Eden, Concho county, told a group of farmers and business men at mass meetings at Ballinger and Wingate yesterday that he would serve free and pay his own expenses at a special session of the legislature for relief of the cotton farmer. He urged other lawmakers to join him.

Sentiment throughout West Texas apparently has crystallized into a demand for some form of acreage reduction legislation, as farmers continue to gather in mass meetings to discuss the various plans. The only difference of opinion seems to be on the definite form legislation should take, and the amount of reduction.

Approximately 2,000 were in a series of mass meetings in this section yesterday, and were almost unanimously in favor of legislative reduction.

Negro Gets Three Years For Murder

FREDERICKSBURG, Aug. 26 (AP)—Leon Smith, 40, negro, was sentenced to three years in the penitentiary here today after he pleaded guilty to a charge of murdering Joe Garcia.

Garcia was shot to death in a fight during a gambling game at a road construction camp near here November 3, 1930.

ATHLETICS 14 GAMES AHEAD

BASEBALL TONIGHT, Lubbock Hubbahs vussus Lamesah Lobohs. Game starts at 8:30 o'clock.

• • •

WELDON CHAPMAN is going to write a story for the Morning Avalanche some morning in which he will set forth his ideas in his own way concerning the Lubbock Westerners of 1931 and his prospects for a pennant. Peter Willis Cawthon will write one along the same lines, taking the Tech Matadors as his subject, but he doesn't know it yet. The date for these publications is not definite, but be watching for them.

• • •

We went out to watch the Westerners warm up a bit yesterday afternoon and came away feeling not much better. They've got a lot to learn, but we believe they'll learn it. They are somewhat awkward, as might be expected in the first workouts, but they've got a world of pep and enthusiasm. The spirit is fine, and the frame of mind in which a gridster works is 50 per cent of his effectiveness, thinks we.

• • •

We've decided to change our prediction as to the outcome of the American and National league races. We're going to pick the Athletics to win the American league pennant and the Cardinals to cop the National. We just ain't been done right by, so far as the Brooklyn Robins and the Washington Senators are concerned.

• • •

The Hubbers, under new management, will meet "Packinghouse" Gus Ragsdale's Lamesa Loboes under the Merrill Park lights tonight. The game was first set for Thursday but a change has been made. The genial Gus has his team together again and Rose is back on the pitching staff.

• • •

The Tahoka Bulldogs will play a "serious" here Saturday night and Sunday afternoon. In looking about for worthy opponents, it would be hard for Manager Stanton to find more worthy teams than our own South Plains enemies. They draw good crowds, and the fans are seldom disappointed. Tahoka, Lamesa, Levelland, Littlefield, they're all tough when they're feeling right.

• • •

Here's news. Lefty Squires, the Tahoka ace of the South Plains league last season, is back with the Bulldogs after a more or less successful season in the Valley league. He pitched a game in the Brownfield tournament the other day and was sadly beaten, but Lefty is capable of tossing a good game. We hope he'll be here with the Lynn county crew in the week-end series.

• • •

Papa's cappin' bottles,
Sister's layin' bets,
Brother's helpin' mother
Malk th' family cigarettes.
—Uncle Jake.

• • •

So many screwy athletic rules are proposed by coaches and athletic officials that the public gets sick of them but sometimes there comes along a suggestion that has all the earmarks of intelligence. We speak of the one suggested by Chuck Collins, head coach at the University of North Carolina. Collins suggests that in the try for extra point after touchdown in a football game the ball be given to the offensive team on the 10-yard line. If goal is kicked, the usual one point may be awarded, but the team will have four downs in which to run or pass as in pre-touchdown scrimmage. If the team succeeds in getting the ball over in four downs, Collins **suggests that two points be awarded.**

• • •

The idea sounds good enough. It would eliminate a number of tie games, it appears to us, and put a bit more pepper in the game. The whole scoring system would not necessarily have to be changed, because the awarding of two points is not new. It comes with safeties and it could come as extra points without tearing down any football principles. Collins may try it in some of his practice games.

• • •

Here's the whole story of the Vernon baseball series here last week as carried by the Vernon Daily Record: "Saturday night and Sunday afternoon at Lubbock, Vernon turned in pitiful exhibitions, dropping th nocturnal contest by 4-10 and tossing the second game away by 2-9. Ten errors were made in the finale."

• • •

And we were informed by the Vernon manager and part of his team that "The Vernon Record will fix us up, all right. Just read it if you want to know all about the games at Lubbock, and the box scores, too. That's one paper that will do us right."

And they use bats to hit baseballs!

FOUR REGULAR PLAYERS ARE ON BENCH

WORLD CHAMPIONS WIN DESPITE INJURIES TO THEIR STARS

PHILADELPHIA, Aug. 26 (AP)—Despite injuries, the world champion Athletics are in front 14½ games. Down the home stretch they are playing with four regulars on the bench.

Mickey Cochrane, catcher, is the latest casualty. He returned home yesterday for a rest at the seashore suffering from dizzy spells which have been keeping him from sleep. His physician refused to disclose whether the ailment resulted from sinus trouble, which has bothered him, or from injuries received ten days ago when hit in the head with a pitch. Cochrane joined Al Simmons, George Haas and Joe Boley on the disability list.

Others Are Out

Jimmy Dykes, Max Bishop and Johnny Heving, Cochrane's understudy, also have been out of the game during the last month but are now back.

After the champions had been ailing during the early part of the season the boys got back in shape late in July. But Jimmy Dykes pulled up lame and Joe Boley joined him with a second charleyhorse.

Then Haas fractured a wrist and Max Bishop, at second, took down with the heat and was out for a week. Johnny Heving suffered a broken nose in an exhibition game and Bing Miller went to the bench with a bad leg.

Simmons Is Hurt

Two weeks ago Al Simmons, in the midst of a battle with Babe Ruth for batting honors of the American league, twisted one ankle and was unable to play left field.

George Earnshaw hasn't worked in the box for almost two weeks and some say his arm is sore. Connie Mack hasn't announced it.

Mack is giving his first stringers all the rest they need and want.

MRS. TYSON IS MATCH FAVORITE

HIGHLAND PARK, Ill., Aug 26 (AP)—Back on the game that carried her to the national title back in 127, Mrs. George Tyson of Kansas City today stood out not only as the defending titleholder but the one outstanding favorite to topple in the battle for the women's western golf championship.

She turned back her first opponent in match play, Mary Elizabeth Ford of Kansas City, 7 and 6. Her rival today was Ann Webster of Leavenworth, Kans., a shot maker accustomed to using about six more shots for 18 holes than Mrs. Tyson, who won the national open as Miriam Burns Horn.

With one exception, Mrs. Gregg Lifur of Los Angeles, all of the favorites remained in the championship picture today as the tussle entered the second 18-hole round stretch. Mrs. Lifur, finalist in 1923, was ejected from the race yesterday by Rena Nelson, 18-year-old Chicago girl.

Sinclair Will Sell His Famous Stable

SARATOGA SPRINGS, N. Y., Aug. 26. (AP)—Whether Harry F. Sinclair's retirement from thoroughbred racing would be a permanent or a temporary affair was a matter of much conjecture today. Sinclair's Rancocas stable is to pass from the picture Sept. 3, when the 25 horses in training will be sold.

Friends of the millionaire oilman and sportsman say, however, his green capped silks will be on the turf again next year and point to Sinclair's large breeding farm at Jobstown, N. J., where over 100 mares, yearlings and weanlings are quartered. Sinclair refused to discuss his future plans when he announced his retirement "because he was unable to give his stable proper attention" but his three great sires, Zev, Lucillite and Bud Lerner, will not be sold.

Sinclair achieved international fame as a sportsman when Zev defeated the English derby winner, Papyrus, in a $100,000 international race at Belmont park in 1923.

Mate Not To Be In Saratoga Cup Race

SARATOGA SPRINGS, N. Y., Aug. 26. (AP)—A. C. Bostwick, owner of the year's leading three-year-olds, announced yesterday that Mate would not start against Twenty Grand and Sun Beau in the Saratoga Cup race Sept. 5.

Mate, Bostwick said, evidently was cut by another horse in the running of the kenner a few days ago.

The scratching leaves Twenty Grand, the Kentucky derby winner which lost two out of three decisions to Mate, and Sun Beau, Willis Sharpe Kilmer's six-year-old veteran which has raced impressively this year to become the world's greatest money winning horse, as the leading contenders for the cup.

BEAUMONT, LOSER OF FIRST HALF TO HOUSTON, GETS REVENGE BY DOWNING BUFFALOES; McCABE WINS TWENTIETH

BY WILLIAM A. (BILL) PARKER
Associated Press Sports Writer

Beaumont, loser of the first half championship to Houston, got a bit of revenge yesterday by defeating Houston, 7 to 4. The Exporters were trailing 4 to 3 at the end of the seventh but in the last of the eighth they rampaged for four runs. Schuble started Beaumont's run stampede in the eighth with a double. His hit was followed by four singles and a triple steal.

Hitting Ferrell, Vincent and Pressnell timely and hard, Dallas opened a sixteen-game home stay by defeating Wichita Falls, 7 to 3. Lefty Minogue went the route for Dallas, registering his 13th victory this season.

Dick McCabe of Fort Worth has the honor of being the fourth pitcher in the Texas league this season to win 20 games. Dick turned the trick last night when he limited Shreveport to nine hits for a 12 to 5 decision. McCabe received loose support, but was never in serious danger.

In the series opener between Galveston and San Antonio, the Buccaneers gained a 2 to 0 verdict. Thornahlen held the Indians to five hits. He struck out seven and walked three.

Texas University Regents To Meet

AUSTIN, Aug. 26 (AP)—University of Texas regents will meet here Saturday, president H. Y. Benedict announced, to accept the newly-finished women's gymnasium, to plan construction of men's dormitories, the Waller Creek boulevard, the Littlefield Memorial gateway and campus buildings.

The regents also were to act on final divorce of the College of Mines, El Paso, for which a president, John B. Barry, was elected last month. Mr. Barry will be here to present college of mines matters.

A herd of 23 buffalo transported from Montana to Alaska in 1928 has increased to 29.

Track Meets To Liven Up Loops

CHAPMAN OUTFOOTS REYNOLDS AND THEN USES SPEED TO STEAL TWO BASES FOR YANKEES

BY GAYLE TALBOT,
Associated Press Sports Writer

Having pretty well settled the question of team supremacy in the two major leagues, the boys have hit on a new scheme to whet the interest of the fans. They're putting on track meets, and the possibilities are limitless.

When Ben Chapman, the Yankees' favorite speedster, outfooted Carl Reynolds of the White Sox in a special match race before yesterday's tilt at Chicago, something undoubtedly was started.

After beating Reynolds by some four yards in their special 100-yard dash, Chapman utilized his speed in the game that followed to steal his fiftieth and fifty-first bases of the year. The Yankees won, incidentally, 8 to 0, behind Herb Pennock's six-hit pitching.

Rommel hurled the Athletics to a 4 to 1 victory over St. Louis, allowing only six hits. Washington, so far back now it scarcely matters, thumped the Detroit Tigers, 5 to 1.

All set for second place in the National league, the Giants helped matters along by trimming the Chicago Cubs twice, 5 to 3 and 7 to 1, stretching their lead over the Hornsby clan to five games. Carl Hubbell's five-hit pitching and Mel Ott's homerun with two on featured the first. Jim Chaplin stopped the visitors in the second.

The Robins, likewise nursing second place ambitions, divided a pair with the Pittsburgh Pirates. A four-run splurge off Watson Clark in the eighth inning gave the pirates the opener, 5 to 3. Fred Heimach squared matters by winning the nightcap, 5 to 0.

Cincinnati and Philadelphia took turns applying the whitewash, the Reds winning the first, 8 to 0, behind Red Lucas's brilliant pitching and the Phils taking the second, 1 to 0, as Jim Elliott bested young Si Johnson in a tight duel.

Old Socks Seibold held the cardinals scoreless for eight innings, but they nicked him for one to tie the score in the ninth and then collected three more in the tenth to defeat the Boston Braves, 4 to 1.

SO THE PEOPLE MAY KNOW!

A Resolution Passed by the City Commission of Ralls, Texas August 12, 1931

RESOLUTION

Since the Texas Utilities Company built into Ralls in 1923 the rates affecting all classes of its utility service have been reduced ten different times. The lighting rate is now 31 per cent lower, the power rate is 48 per cent lower and all other of its rates are proportionately lower.

Service facilities have been considerably in excess of all demands and the service rendered has been very satisfactory to all users of light, power, etc

On August 7, 1931, the Texas Utilities Company, through Hon. I. R. Kelso and other representatives of said company has advised the governing body of the City of Ralls, and other civic bodies and interested citizens of its decision, voluntarily made, and as a donation to the said city and its taxpayers, and effective as of date August 1, 1931, and extending over a period of one year, to reduce the cost of the street lighting of said city to an amount equal to one-half of the rate previously prevailing, and has further voluntarily reduced the rate for service to the public schools of said city, amounting to approximately 75 per cent of the 1930 charge therefor.

The said company on said date further agreed with the Ralls City Commission, as a separate and distinct matter, not connected in any way with the street lighting, to reduce the cost of pumping the City's water supply, and did reduce the same to two cents per kilowatt hour, with the provision, however, that in event the Legislature of Texas, or other lawful taxing power or authority shall hereafter impose any tax on or affecting said service, and or increasing the cost of furnishing the same, the additional tax shall be added to and become a part of said rate and paid by the city, or by and under some other system to be then by the City Commission devised.

The savings realized by the City of Ralls in the matters above mentioned, amounts to $651.00 annually for street lighting; $370.72 for city pumping, and $59.20 annually for school purposes, aggregating for the public service departments of the city an annual saving of $1080.92.

This is the tenth substantial and voluntary reduction made by the above named company during the past six years. Other reductions have also been heretofore voluntarily made by the said company.

Now, Therefore, Be It Resolved by the City Commission of the City of Ralls, the Board of Trustees of the Ralls Independent School District, the Board of Directors of the Ralls Chamber of Commerce, and the other interested citizens of the City of Ralls, that the action of said company is hereby fully appreciated and is convincing to this community in general of the helpfulness and generous spirit of said company in its desire to serve this community at the lowest possible cost and to lessen the financial burden of its patrons during the time of financial and industrial depression. That we consider this company and its operation of its utility as a great asset to this city and community, and that it is leading in an undertaking that could well be followed by other public utility companies in this section of this State; and that we hereby pledge to said company and its president our friendly and mutual cooperations (so far as is consistent with our public duties) in all problems that affect and concern our mutual interests.

BE IT FURTHER RESOLVED that a copy of these resolutions be delivered to President I. R. Kelso, and a copy spread upon the minutes of the said City Commission, said Board of Trustees and said Board of Directors.

Done at Ralls, Texas, this August 12, 1931.

THE ASSOCIATED PRESS

FORTY years ago, a group of courageous, far-seeing publishers determined to insure that the daily reports of world events in their newspapers would be ever free from partisanship or bias. They were united firmly in the belief that facts, and facts only, are the proper subject matter of news.

They formed THE ASSOCIATED PRESS, as now constituted, a non-profit-making, cooperative organization, directly controlled by its member newspapers as trustees for the public interest.

Today, with the high ideals of its founders preserved intact, THE ASSOCIATED PRESS continues to function solely to gather and distribute the news of the world, accurately, speedily and interestingly.

ATES ARE SET FOR REUNION

NUAL OLD SETTLERS MEET TO BE HELD SEPTEMBER 6, 7

unday and Monday, September 6 7, have been fixed as dates for much postponed third annual Settlers reunion and rodeo at nston's ranch, 12 miles southeast Lubbock, Jim Johnston, promo- has announced.

Due to the delay in holding the ebration, the sponsors have been e to gather several new attrac- ns and will be able to stage a ch better program than would ve been possible last month, nston said.

"Hackberry Slim" Here

"Hackberry Slim" Johnson, who s been working rodeos in New xico, arrived yesterday to aid in king arrangements for the event. ackberry Slim" said he brought carload of good horses back with n and had obtained promises m some of New Mexico's best ers to attend the Old Settlers' nion.

Rodeo performances will be held ch day of the jubilee, he said. lf and steer roping will be among e items included on the rodeo gram, the promoters said.

Music Is Promised

Old fiddlers' contests will be held ch day, with money prizes for e winners. Additional music will furnished by bands from Anton d Post.

One of the new features will be "hobo" automobile race. In this ent no machine worth more than 5 may compete for the cash izes, Johnston said. A race for ock cars also will be held.

A grand terrapin derby will be ld each day. Every paid admis- on will be allowed to enter a ter- pin in the race. The entries being rnished by the sponsors of the ow. More than 700 potential ter- pin race-horses are now in train- g at Johnston's barn, he said.

A prize of $2.50 will be given to e oldest settler attending the cel- bration, the management an- ounced.

Special entertainment will be fur- shed by a carnival.

ORMER CO-ED IS NAMED IN CHARGE

HARLAN, Ky., Aug. 26 (AP)—Mrs. sie London Wakefield, former niversity of Washington co-ed, as named yesterday as one of ose accused of criminal syndical- m in the Harlan coal fields dis- rders by a grand jury which re- rned a total of 36 indictments.

Four more murder indictments re returned and formal order was ued by Circuit Judge Jones for ansfer on a change of venue of other murder cases to Clark and ontgomery counties to be tried at e September and November terms circuit court.

The change of venue was ordered motion of the commonwealth ttorney and over protest of de- nse attorneys that trials in Clark nd Montgomery counties, 180 miles way from the coal fields, would ork a hardship on the defendants ho will have to bear the traveling xpenses of witnesses.

Secretary Mellon Back From Vacation

WASHINGTON, Aug. 26 (AP)—fter a vacation trip that involved ore work than rest, Secretary ellon has returned to the treasury nd plunged into problems that ac- umulated in his absence.

He reached his office summoned nder-Secretary Mills attended he regular meeting of the cabinet nd then continued his conference ith the under-secretary.

He maintained his usual silence, eclining to comment on conditions t home or on the European sit- ation in which he played a promi- ent part as one of America's en- oys at the moratorium conferences Paris and at the later ministers' onference in London.

A homing pigeon flies as straight s does one of "Babe" Ruth's or "Hack" Wilson's thrown balls.

MUSSOLINI IS DESPAIR TO HIS TAILORS BECAUSE HE DICTATES OWN GARB; PREFERS TO BE COMFORTABLE

Mussolini often dresses to suit himself, as witness the top hat, correct overcoat and black shirt at left. His favorite costume is the fascist uniform in which he is shown (lower right) addressing his legions. When he gets into formal morning coat (upper right) he is correct to the last detail.

BY HAMILTON WHITMAN

ROME (AP)—Mussolini is the despair of his tailor because he won't be bound by sartorial regulations. He can be brilliantly correct in dress when necessary, but usually he prefers to be comfortable.

Many a visitor accustomed to the punctilious formality of costume sacred to European diplomacy has had a tailor-made shock at the Palazzo Venezia.

Instead of the black coat and striped trousers which are almost a uniform for European statesmen, the Duce meets his interviewers in the most informal of attire.

When the American Secretary of State called on him recently the leader of fascism wore a white flannel suit crumpled by the day's work and a soft blue shirt. It is his favorite hot weather costume.

Likes Yachting Cap

At other times he shows up at his office in riding breeches and boots. As a gesture toward convention he often combines this with a wing collar and a dark jacket.

At other times he affects a small Basque beret and sport clothes cut something after the English mode.

Another favorite embellishment is a white yachting cap. He was recently photographed at 5:30 a. m. as he started the round Italy air race wearing white trousers, dark coat and white topped yachting cap.

Like many Italians he prefers his coats double breasted.

Has State Uniform

Despite this liking for various combinations that sometimes seem strange to non-Italian visitors, Mussolini can and does suppress his sartorial enthusiasms when the cares of state demand.

As prime minister he is entitled to wear a highly ornamental uniform at state functions. He often turns out in it, with plumed hat, braided tunic and sabre. At other times the "tight and cylinder," as the morning coat and silk hat are known here, meet his fancy.

His favorite dress, however, is his uniform as honorary corporal in the fascist militia.

Symbol Of Power

Cut of grey-green cloth it consists of riding breeches and an open collared tunic with patch pockets worn over the famous black shirt. Black boots and the black felt fez, folded to form a small cap something like the over-seas cap U. S. doughboys used to wear, complete the uniform.

In it the Duce reviews his black-shirt cohorts, exhorts them from the balcony of the Venezia Palace or rewards them for outstanding deeds in the service of fascism.

It is a symbol of the force which led him to his present place and he seems to have a fondness for it above all other costumes in his wardrobe.

Reduction of crime subsequent to the clearing of the slums at Isleworth, England, has rendered the police station unnecessary, and it has just been closed.

Drilling In East Texas Unaffected

DALLAS, Aug. 26 (AP)—Field scout reports from the four counties under martial law regime in the East Texas oil fields revealed drilling activities virtually were unaffected by the shutdown.

While the number of wells completed dropped from 89 last week to 78 this week, there were 88 new locations made compared to 83 of the week before.

The reports showed 331 wells were being drilled, an increase of six over last week's figure.

The first monoplanes to be on British air lines have been put into service on the London-Brussels-Cologne route.

"NO GARDEN, NO JOB" IS EDICT OF HENRY FORD FOR FAMILY EMPLOYES

IRON MOUNTAIN, Mich., Aug. 26 (AP)—An edict that family men employed by the Ford Motor company will either have to go in for gardening or give up their jobs, has been issued by Henry Ford, Detroit automobile manufacturer.

He has announced his "no garden, no job" plans would be put into effect next year as a means of alleviating temporary business depression, and expressed the belief that if they proved successful other companies throughout the country would take similar steps.

"When the people of our country learn to help themselves they will be benefited far greater than they would be by unemployment insurance as is being suggested in congress," Ford said. "If our agricultural plans are adopted throughout the country such a thing as the dole system need never be thought of."

Family men who have no available space for gardening, Ford said would be supplied with land by the company, which would provide expert advice for those not familiar with garden work.

"Next year every man with a family who is employed at the plant will be required to have a garden of sufficient size to supply his family with at least a part of his winter's vegetables or he will find himself without a job," Ford said.

LITTLE DAMAGE IN CHINA STORM

SHANGHAI, Aug. 26 (AP)—The flooded Wuhan area, comprising the central China cities of Hankow, Wuchang and Hanyang, survived yesterday's typhoon, one of the worst since 1908, without great additional damage, it was learned today, although high winds swept turbulent waters through Hankow, causing many walls to collapse.

Although the Yangtse river continued to subside, its boiling torrent still carried away its daily quota of more than 1000 corpses from the Wuhan area.

Since authorities were unable to check accurately the mortalities, all estimates still were mere guesswork. These varied from 25,000 to 200,000 in Hupeh province since the floods began.

MRS. COWLES DIES

HARTFORD, Conn., Aug. 26 (AP)—Mrs. Anna Roosevelt Cowles, 76, sister of the late President Theodore Roosevelt and widow of Rear Admiral William Sheffield Cowles, died at her home, Old Gate, Farmington, last night.

QUININE AND IRON

Build New Vigor

It is vital that your blood be pure and maintain its full count of red corpuscles—the source of health and vigor.

Take Grove's Tasteless Chill Tonic—the standard tonic and malaria treatment of the "Solid South" for over fifty years—the correct combination of Quinine and Iron for eliminating impurities and multiplying red blood corpuscles.

Get a bottle today . . . pleasant to the taste . . . you will be surprised how quickly appetite and vigor return.

AMERICANS BEATING PATH TO CENSUS BUREAU IN A SEARCH FOR ANCESTORS

BY BESS FURMAN

WASHINGTON, Aug. 26 (AP)—There's a well-beaten path to the census bureau, traveled daily by America in search of its ancestry.

From June 1, 1930, to June 1, 1931 the lineage-seekers numbered 5,767 an average of 480 per month. Even humid July added 385 to the list, and August to date has brought 208.

At a desk close to the record-vault, these pilgrims find Miss Mary L. Oursler, for 22 years keeper of the ancient census volumes.

Give her a ticklish problem in great-grand-papas, and her eyes light with geneological joy. She'll tell how to trace them into old Pennsylvania counties and New England towns.

Most important to those seeking kindship to revolutionary heroes is the first census of all, 1790, tally of the actual founders of this republic.

Reverently she brings out the worn old volumes. She shows where Thomas Jefferson and Edmund Randolph were signed in Philadelphia, seat of the continental congress. George Washington hasn't and his entire native state of Virginia is missing.

The 1931 seeker need not be surprised if his ancestral trail should lead him to a name which now sounds ludicrous. Thirty per cent of the families in three states were found appearing as parts of speech in every-day conversation, and 9.4 of the entire 27,337 were derived from words connoting food, drink, clothing, and even ailments.

Those were the days of the Messrs. Soup, Goodbread, Vinegar, Waffle, Grog, Grapewine, Petticoat, High Hoes, Gushing, Dumb, Looney, Crampessy, Patyouwant, Hornbuckle, and Turnipseed. But the vast array of too-descriptive names had a tendency to disappear down the years.

Ludicrous Combination

Nor did the 1790 custom of ludicrous combinations—Agreen Crabtree, Sarah Simpers, Barbary Staggers, Truelove Sparks, River Jordan, Sermon Coffin, Hardy Baptist, Silliah Jester—survive.

A 1931 census customer should not show surprise at any spelling of his name he happens to find. Reynolds was spelled 34 ways in 1790; Kennedy and McLaughlin in 32; Campbell and McClanahan in 27; Jeffery, Humphrey, Pearsall and Dougherty 25; Fitzgerald, 24; Reinhart 21.

SAY, FRIEND!

HERE'S THE WAY THOUSANDS OF MEN GET A FISTFUL OF SMOKES FOR A DIME!

Roll your own—Save money—SEE what you smoke!

"YOU can't go wrong on Target, buddy. For one thin dime you get enough tobacco to make about a couple of packs of ready-made cigarettes. No wonder the smart boys are turning to Target!

"Target's made of fine Virginia, Burley, and Turkish tobaccos, blended just like the ready-mades. *Better*, in fact! What a bargain! A big package of fine tobacco for 10¢—and two packs of gummed-edge papers free.

"Buy a package of Target; open the moistureproof Cellophane wrap and take a sniff of the best tobacco ever put out for a dime. Then take a gummed-edge paper and roll yourself a cigarette. And if you like your 'fags' as perfect as factory-mades, trade six bits for a Target Roller and it'll pay for itself in no time. From then on, boy, you're rolling 'em on velvet!

"Man! oh man! what a smoke!"

AND GET THIS!

The United States Government tax on 20 cigarettes amounts to 6c. On 20 cigarettes you roll from Target Tobacco the tax is just about 1c. No wonder you get such value for a dime!

BROWN & WILLIAMSON TOBACCO CORP., *Louisville, Ky.*

ROLL 'EM BETTER THAN READY-MADES!

Your dealer will demonstrate this Target Roller. It is the most practical device for rolling perfect cigarettes. It is guaranteed by the makers to work to your satisfaction.

ROLL 'EM BETTER THE GOOD OLD WAY!

Shake a little Target tobacco on a Target cigarette paper. Target's *long cut*. It rolls even the full length of the cigarette. Tuck in the paper and roll with both thumbs toward the gummed edge.

Thought For Today

I can do all things through Christ which strengtheneth me.—Philippians 4:13.

* * *

Faith is to believe what we do not see; and the reward of this faith is to see what we believe.—St. Augustine.

Airplane vs. Train

Railroad passenger business has declined enough in the past decade to cause many gray hairs to sprout on the aching heads of railway executives. Now comes Captain Frank Hawks to add a few more to the crop.

Flying from Chicago to New York in three hours and 49 minutes, Captain Hawks knocked 16 hours off the fastest scheduled railway running time between the two cities.

Of course, Captain Hawks in a crack speed plane is a great deal faster than a large passenger-carrying airplane. But his trip shows the possibilities of aviation. If and when the time comes that airplane companies offer regular four-hour service between New York and Chicago at rates no higher than railroad rates, the railroad men will find themselves with a new and extraordinarily difficult problem on their hands.

Speedy Justice

The speed with which the state of Michigan caught, sentenced and imprisoned the three wretches who robbed and murdered an auto party of two young girls and their escorts ought to be a model to law enforcement agencies all over the country.

A few hours after they had been arrested the three criminals were on their way to the penitentiary—to stay there for life. Here is one case in which justice moved with encouraging speed and precision.

If the law moved that way regularly our "crime waves" would diminish to gentle ripples. The criminal does not fear severity of punishment half as much as speed and certainty. Contrast the Michigan case with the ordinary one, in which months elapse between arrest and trial and more months elapse between conviction and imprisonment.

Bombing No Snap

Apparently sinking a ship at sea by means of bombs dropped from an airplane is not quite so simple a process as some aviation enthusiasts have tried to make us believe.

The army recently sent a squadron of bombers out to sink the hulk of an obsolete steamship off the Virginia capes. The bombers tried twice. The first time they went astray in the fog; the second time they rained bombs all around the ship but it refused to sink. In the end the Coast Guards had to demolish it with shells to keep it from becoming a menace to navigation.

This tends to bear out the navy's claim that aerial coast defense work is a job for the navy rather than for the army. Bombing a ship, evidently, is a job that takes a good deal of practice. It can be done, as previous experiments have shown, but it isn't as simple a task as it might be.

Noble Possibility

Prime Minister Ramsay MacDonald of England is determined to balance the British budget for the coming year. To do it, he proposes to reduce expenditures rather than to increase taxes—which, considering the load the British taxpayer bears, is fair enough—and it is his hope that no less than $500,000,000 can be lopped from the proposed expenditures.

A half-billion-dollar reduction is a big one; and how any government is to accomplish it is a puzzling question. Obviously, the easiest way to do it is to cut military expenses; and since other nations besides Britain are looking for ways of reducing expenses, the pending armament limitation conference ought to start with an excellent chance of success.

Those wheat growers will probably be willing to give the country back to the Indians on Thanksgiving Day

That Girl on Broadway says our colleges are full of young men who think girls' dormitories are pet shops.

* * *

Just because he never gambles with anything but the firm's money is no reason for calling a man 'conservative'.

* * *

LOOK out for the 'gyp' artists! They'll be coming this way soon if they aren't already here. Times are hard and smooth-talking confidence men are inventing new tricks to work on the unsuspecting. Don't let 'em "make" you for any of your hard earned money!

* * *

Here's a tip for people suffering with eye trouble—particularly cataracts: If you want to have your eyes taken care of, go to a reputable optometrist or optician for treatment and advice—don't depend on the fellows who travel from town to town. If they were as good as they claim they wouldn't be trailing through the country—and there's at least two men on the road who have been working a terrible skin game.

* * *

UP in the Panhandle recently, scores of honest people were tricked by two traveling 'eye doctors' who claim to have a wonderful preparation for removing cataracts and improving the eyes generally. They drop some medicine into the eye of the unsuspecting patient and collect a fat fee, promising to be back next day to continue treatment.

Of course, they are never seen again.

* * *

Here's another 'gyp' stunt that is being worked in West Texas:

A smooth talking young man approaches his victim, posing as a representative of some local church. He has with him a supply of stickers reading "Go To Sunday School" or "Go To Church".

He sells these stickers to the unsuspecting citizen, assuring him that a certain portion of the money thus collected goes to the church he is "representing". After working the town for several hours, the 'salesman' skips with the money and the citizens are rudely shaken when they discover later that the whole business is nothing but a confidence game.

* * *

BEWARE, also, of the firm that would hire you through the mail or through 'blind' classified advertisements in the newspapers, to do 'general soliciting' work, such as selling perfumes, needles, fancy sewing or something else. If the firm doing the 'employing' demands a cash deposit for the materials furnished the solicitor, check up on that firm.

There is a grave danger that the 'firm' may 'employe' a score of solicitors, collect from each a $5 'deposit' against $1.98 worth of goods, and move on to greener fields.

* * *

There are all kinds of these skin games going the rounds of the country. The Plainsman could fill a whole page, describing them, and then some smart fellow would drift into town with something brand new, not covered by this column's warning.

The safest thing to do is to "look before you leap" at any of these itinerant 'doctors' or 'merchants' who must have money right now to deal with you.

Money's too hard to get in this day and time to throw it to these wolves in sheep's clothing.

* * *

That Man on Avenue Q says tall people were invented so short people would have someone to sit in front of them at the theater.

* * *

VISIT to Lubbock today of Dr. T. D. Brooks, Baylor faculty member, recalls to mind remarks he made at a gathering of West and Central Texas Rotary officials in Breckenridge recently. As Governor of Rotary's 41st district, Doctor Brooks was addressing club presidents and secretaries and in the course of the speech mentioned his attendance at the annual convention of Rotary International, held sixty days ago in Vienna.

According to Doctor Brooks' remarks to the clubmen, it is apparent to the visitor to Europe that the entire continent is perched upon a powder keg. Citizens may be found on every hand who confess that preparations are being made for another war of world-wide dimensions; many of them estimate that hostilities will be declared by the year 1935. All in all, our neighbors across the Atlantic are living in perilous times, fraught with the dangers of warfare.

* * *

It is not a pretty picture to behold in the mind's eye but it is good to be warned by a sane, conservative thinker, such as Doctor Brooks, who can in no way be charged with being a jingo.

And the report again charges the United States with a serious responsibility in keeping the world peace—give us something to think about for the future.

* * *

John Gibson, of Meadow, Texas, sent this in:

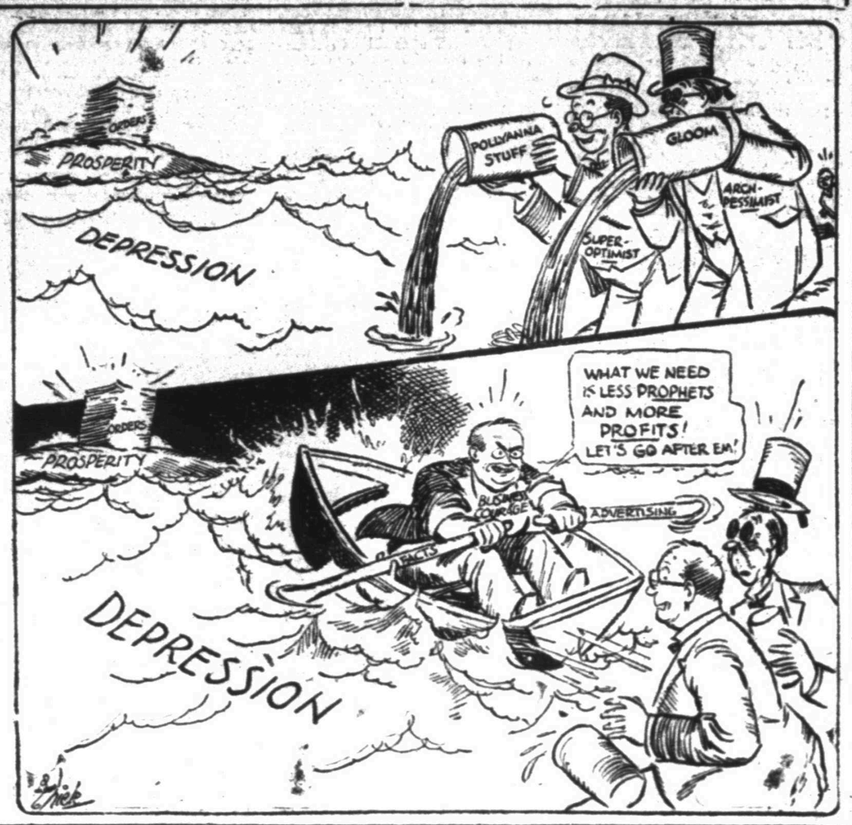

"Dear Noah: How long does it take the DeLuxe cleaner to clean a DeLuxe?"

You answer him.

* * *

The Plainsman would like to see what happens when a cannibal meets a girl who is sweet enough to eat!

Too Much Banana Oil On Troubled Waters!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Wickersham Sets Forth Startling Conditions In Reports But Unfortunately Depends On Politicians For Action

BY RODNTY DUTCHER
NEA Service Writer

WASHINGTON, Aug. 26—Senate investigating committees have been razzed for years with allegations of muckraking, but none of them ever went on such a long and protracted panning party as the National Commission on Law Observance and Enforcement.

DUTCHER

That's the Wickersham commission. It investigated and reported on a dozen or more aspects of observance, enforcement and the general administration of justice. And it found more things rotten than were ever discovered in Denmark.

Considering all the brains and effort that went into the reports, both from commission members and able research experts and investigators, it is not strange that they seem to be getting little attention from politicians who would have to act to make various changes the commission has urged. The commission was Herbert Hoover's baby, most widely ballyhooed of all the genuine Hoover commissions, but one learns at the White House that not even the President has been reading the reports since the commission got off to a bad start with its two prohibition reports—one forced from it as a political emergency and the other badly manhandled to conceal its import.

Nevertheless, the commission's fearlessness in its last nine or 10 reports has been almost as startling as some of its dicoveries.

It found there was no adequate observance or enforcement of prohibition, that there had been a steady increase in drinking and an unprecedented regime of corruption. Present enforcement, it said represented little more than local option. Seven of 11 members favored changing the laws and the rest were admittedly doubtful whether prohibition would ever be enforced.

A large proportion of police chiefs and their subordinates was reported to be mediocre, untrained and unfit, nearly always owing their jobs to politicians. The commission said that in large cites the alliance between criminals and corrupt politicians controlled in part where it did not entirely control the police forces.

Widespread, symtematised police brutality and cruelty has been charged and a wealth of proven evidence of third degree tortures detailed in the report on lawlessness in law enforcement. The police were found to disregard civil rights "very generally."

The federal government, according to the commission, has no adequate system of juvenile justice, classes child offenders with adult criminals, tries them with inadequate machinery, often keeps them in jails where "the situation of filth and misery is impossible to convey" and eventually incarcerates them in institutions where they are likely to be flogged, shackled and drenched with cold water.

The American prison system was reported to be inadequate and inefficient, its discipline often cruel and inhuman.

The report on prosecution held that the prosecuting system of the country was inefficient and easily adapted to misgovernment; that citizens were subject to hasty and unfounded prosecutions and that prosecutors, both state and federal, were too intimately connected with politics.

The federal deportation system was compared with the Inquisition and its methods described as often "unconstitutional, tyrannical and oppressive." After studying criminal procedure the commission decided we needed better judges, fewer political judges and fewer scandals in the lower courts. The report on causes of crime named specifically certain cities which have "infection areas" of crime.

The report on criminal statistics said that crime statistics, for any practical purpose, were non-existent and that the only statistics both adequate and comparable on a national scale were those of the federal decennial census on the populations of penal institutions.

Everyone has been attacked in these reports except the criminals. For in addition to either sharp or damning criticisms of judges, police, prosecutors, wardens and other officials, the commission has taken frequent slaps at the attitude of the general public.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1433 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining," "Feminine Hygiene", "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

PREVENTION OF HAY FEVER

A great deal of research work has been done during the past 15 or 20 years on the prevention of hay fever.

Dr. Clendening

The method most generally used is to give extracts of pollens of the plants responsible as a process of vaccination, beginning several weeks before the attack of hay fever is expected. The first lecture I heard on this subject before a medical society was in about 1912 (I am not absolutely certain of the date). The subject was new then, so the date represents about the period of time this research has been going on. In 1915 Cooke of New York reported on the preventive vaccine treatment in 144 patients who had hay fever.

The principle of the method depends first on finding exactly what plant causes hay fever in the particular case. In doing this the doctor can take advantage of the fact that the patient who is hypersensitive to any substance will show a reaction in the skin if that substance is introduced by a hypodermic needle into the skin. A red area soon shows up at the point if injection and grows to a considerable size, depending on how sensitive the patient is.

In this way the extracts of pollens of several plants which might possibly cause hay fever are introduced into the patient's skin. Whichever one, or ones, show the most violent reactions are considered the cause of this particular person's attacks. Extracts of these pollens are made either in salt solution or glycerine and beginning with very weak solutions gradually increasing amounts of the pollen extract are given hypodermically at intervals of several days. In this way an immunity to the effects of the pollens is supposed to be built up so that when the hay fever season starts the patient will not react to the irritant.

The results of this form of treatment are variously reported. There is no doubt that in some persons it works perfectly. I know of many instances in which a course of pollen extracts has completely prevented any symptoms of hay fever for that one season. The exact proportion of these fortunate ones is hard to say. Probably about 25 per cent—one out of four—who try the treatment get such complete relief. About an equal number get no relief at all. Of the rest—about 50 per cent of the total—there are varying degrees of relief. Some are relieved of asthma in connection with the attack of hay fever, which is a good deal.

It is impossible to say which people will be relieved. But it may be said with confidence that if a person is not relieved in any year it is useless to attempt the method again another year. And also those who obtain relief can be pretty well assured that they hay fever attacks can be prevented in the same way every year.

The immunity only lasts for one season. The vaccination process has to be repeated every year. No permanent cure has ever been proved, so far as I know, although some such claims have been made.

Muleshoe Boy Hurt In Fall From Truck

Thrown from an oil delivery truck when it was swerved to one side of the highway eight miles west of Levelland late Tuesday, 12-year-old Spencer Beavers suffered a compound fracture of the left ankle. He is a son of Mr. and Mrs. S. C. Beavers of Muleshoe. The truck was turned to miss an obstruction.

The boy was brought to the Lubbock sanitarium for treatment. Attending physicians said the ligaments were torn loose from the foot in addition to the fracture. Another boy, Jack Alridge who was riding on the side of the truck with young Beavers, also was thrown off of the machine, but escaped with minor injuries. The machine was being driven by S. C. Beavers, the injured boy's father.

Some good has come out of prohibition. Didn't those coast guards—trained in chasing rum runners—sink that ship after the army bombers muffed the job.

The Carnegie Foundation says college seniors know little more than freshmen. Probably they've hit the saturation point.

DAILY ALMANAC

Mild

WEST TEXAS: Generally fair tonight and Thursday.

EAST TEXAS: somewhat unsettled near the coast tonight and Thursday. Light to fresh southerly winds on the coast.

OKLAHOMA: Fair, warmer in extreme east portion tonight Thursday fair.

ARKANSAS: Partly cloudy, somewhat warmer in central and west portions tonight; Thursday generally fair, warmer in east portion.

IN NEW YORK with Gilbert Swan

NEW YORK, Aug. 26.—The nightmarish horror of children being mowed down in the streets by gang bullets has brought suddenly into the national limelight one of those sections of New York where the "melting pot" has failed to remove much of the old world's slag.

There are several such districts where dregs of ancient and unfamiliar cups may be found.

To all outward intents and purposes, the immigrant families are living in overcrowded, littered quarters like millions of other tenement dwellers. The slum belt in and about Third Avenue and 107th Street, scene of the recent outrage, is a replica of several other squalid areas.

But let some tragedy momentarily tear away the exteriors, and Manhattan learns that thousands of its people still suffer from ageold Sicilian chills and fevers. The shadow of the old Mafia, presumed to have been long since removed, still haunts the private lives of those who heard of its menace from a grandsire's knee. Old world fears have not been filtered from the blood. The Mafialike attitude of American gangdom has done much to keep them alive.

And so when the Law went out to revenge the shooting of babies, it met a tight-lipped neighborhood. Even the kin of one dead child had various seeming lapses of memory. The ancient Sicilian codes had suddenly been applied.

One mother of the district frankly admitted: "We are not brave enough to tell what we know. We are afraid."

They have learned this, as their fathers learned it—and as some of our own younger generation are learning it from mob threats.

* * *

RECENTLY I saw a motion picture which drove this point home. It was titled, "The Star Witness." The story had to do with a family that was quietly sitting at the dinner table when a commotion was heard outside. The various members rush to windows and doors to see what all the shooting's about and become eyewitness to a gang slaying.

Thereafter, all the well-known methods of intimidating witnesses are practiced upon them by the agents of the underworld. But there's an old whiskered grandpa, who fought in the Civil War, who is thoroughly Lincolnian and who remembers the foundations of his country.

He isn't going to be buffaloed by any mobsters! Nor is he. Nor can he understand what's getting into the rest of the people to stand for such goings on.

* * *

ALL of which is instructive fiction and quite worth heeding. But up in the Manhattan section where gang guys dared to point their guns on playing youngsters, tenement life is likely to go on quite the same for some time. Another generation may change it, but gangsterism is likely to have an important effect upon their lives.

During these sticky hot days they fairly pack pavements that are soggy from melted tar.

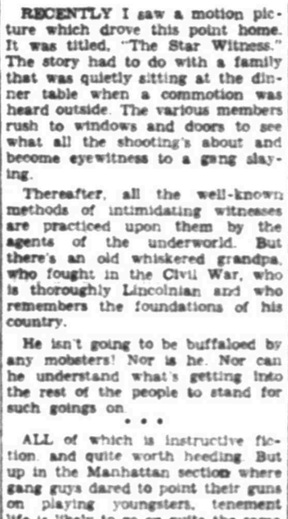

The hot days, too, carry unpleasant odors out of thousands of opened windows. The same is true of the East Side ghetto and the upper Bronx ghetto—wherever poor families thus congregate.

When the present indignation dies down, New York will forget all about this vast Sicilian and Italian section until something happens again. The men will continue to congregate in front of the "social clubs" and porches and sidewalks will go on being cluttered with mothers and their babies.

THE PLAINSMAN GETS SOME MAIL

LOCAL ATTORNEY ANSWERS EDITORIAL WHIC APPEARED IN JOURNAL OF RECENT DATE

FOR THE DEFENSE

In August 11th issue of The Journal, occurs a severe criticism of our court procedure in allowing a defendant to change his plea from guilty to not guilty, and also making the amazing statement that no innocent man ever pleads guilty.

The end and aim of law procedure should not be just a conviction or satisfying the personal hate of officers, and the egotism of some judge, but the administration of justice, the amount of punishment fitting the crime.

For that reason our law provides that when a defendant is arraigned in court he need not plead at all. After the state has made its case, he may plead either guilty, or not guilty. One reason of this is that in charity work, often a lawyer knows nothing about a case before being summoned by the judge to defend some destitute person. This provision gives him time to find out and determine what is best for the defendant. Sad to say, there are some judges who are so anxious to impress people with their dignity and importance, they refuse this right to a defendant. They will ask the defendant's lawyer, "What in Hell is the matter with you?" when he avails himself of this lawful procedure. The truth of the matter is these judges really show their pinhead capacity, not only as a lawyer, but a man, by doing so. Another great injustice practiced by some judges is that when sentencing a defendant who is not guilty, but whom from circumstantial evidence is entering a plea of guilty, they insult, denounce, and lecture not only the defendant, but his attorney. This is an abuse of power, and no judge, who is the right kind will do it. Sometimes when a defendant fights his case a judge becomes enraged, and unjustly incarcerates him on an insanity charge. This again is abuse of power to try and secure a guilty plea.

As to the statement that no in cent man ever pleads guilty, th a gross error as the facts a one-third of the guilty pleas criminal cases are from inno men. One reason for this is the average defendant does not h the high class of intelligence poss ed by the writer in The Jour They do not know what crime t have committed, and think they guilty of something when they not. A familiar case is where mountaineer came to town and guilty to shooting a man on mountain side. But an expert fire arms found he had not even the victim who was ambushed another enemy further back on hill. Our court records report nu erous mistakes where people h pled guilty to murder, and at a l date the supposed victims app sound and well.

A reference to the Wickersh reports will give an idea of h many innocent men confess crimes which they do not com That is why the law provides a c fession can only be used when tained under certain conditions, then often from a mistaken sens duty, officers get around that, roneously considering that th whole duty consists of getting a c fession from someone, some w They then break the law to enfe it. Numerous travelling men, pl guilty to some trivial charge cause their business demands th presence in another town at a c tain time, and they cannot affo to stay and fight the case. Oft when a cash bond is posted, and defendant does not appear, the bo is taken, and a plea of guilty ent ed on the record. This is error, a in violation of our statutes.

Luckily abuse of court proced has not yet hit the west. But the large eastern cities it is a seri menace.

MAX COLEMAN,
Lubbock.

UNDS SOUGHT BY BAPTISTS

HURCH LEADERS IN MEETING TODAY AT PLAINVIEW HOTEL

Leaders in the Baptist church in e Texas Panhandle assembled at e Hilton hotel at Plainview this orning to set up an organization the 53 Panhandle counties to list every Baptist's financial supt of his local church, in addi- on to missions, education, and neficence.

Dr. R. C. Campbell, pastor of e First Baptist church here and ganizer of Baptist district No. one of three in the Panhandle, as to attend the session at Plain- ew. Organizers of the other two stricts are Rev. E. T. Miller of emphis of No. 10 and Rev. Mc- inley Norman of Quanah of No.

Dr. J. Howard Williams, exe- utive secretary of the Baptist neral convention of Texas, of allas, was to direct the confer- nce. Baptist membership in Texas otals 506,328 persons. The group as set $6,350,000 as its monetary al this year to help missions, hools, hospitals, and orphanges, nd to pay local church expenses.

AMES TO SPEAK AT CO-OP CONFAB

RALLS, Aug. 26.—(Special)—A rmer director of the Texas Cotton operative association, W. H. ames of Crosbyton, will speak at meeting of Crosby county far- ers and cooperative association embers here Saturday afternoon. ames has been active in coopera- ive marketing circles on the South lains.

It is probable also that W. H. aperton, a former field worker for he T. C. C. A. and Paul Payne, ow field representative in the orth Panhandle will also speak.

Charles M. Davis, manager of the ubbock district office, will be one f the speakers. N. H. Payne, field an at Lubbock for this territory, s also expected to speak.

From Ralls the party will go to loydada where Mr. Caperton, Mr. Davis and Paul Payne are scheduled o speak at 8 p. m.

The local meeting will be held n the municipal auditorium at 2:00 'clock.

FIGHTS LAST NIGHT

(By The Associated Press)

MONTREAL—Panama Al Brown, world bantamweight champion, outpointed Pete Sanstol, Norway, (10).

CHICAGO—Henry Firpo, Louisville, outpointed Mickey Patrick, Chicago, (5).

MILWAUKEE — Tait Littman, Dudahy, Wis., outpointed Ham Jenkins, Denver, Colo., (10). Clyde Chastain, Dallas, Tex., outpointed Rudy Marshall, Greenwich, Conn., (10). Gorilla Jones, Akron, O., outpointed Tiger Thomas, Leiperville, Pa., (10).

SANDUSKY, O.—George Nichols, Buffalo, outpointed Jack McVey, New York, (10).

SAN JOSE, Calif.—Bobby Vincent, Tulsa, Okla., outpointed Pete Meyers, San Francisco, (10).

CAMPOLO, SCHAFF TO MEET TONIGHT

NEW YORK, Aug. 2 6 (AP)—Ponderous but powerful pugilism is in order at Ebbets field tonight as Victorio Campolo, the huge Argentine heavyweight, meets Ernie Schaaf, a slightly smaller battler from Boston, over the 12-round route.

The Argentine, one of Tex Rickard's last and least successful importations, is facing one of the strongest man he ever has met in the ring. Campolo is six feet, seven inches in height and weighs 240 pounds. Schaaf is well over the 200-pound mark and has, in addition, blossomed out as a strong puncher in his recent bouts. They have displayed one fault in common. Neither has shown much ability to think quickly in a crisis.

Two Lubbock Boys Injured In Mishap

Minor injuries were suffered on Tuesday night by Warren Smith, 19, of 1412 Avenue T, and Clifford Head, 19, of Camp Carson here, when a motorcycle they were riding collided with an automobile on state highway No. 7 near here.

Both of the youths suffered injuries to their ankles, cuts and bruises. Attending physicians said one of Smith's ankles possibly was fractured. They were treated at Lubbock sanitarium. The accident occurred at about 11 o'clock last night while the young men were enroute to Slaton. The occupants of the automobile figuring in the collision were not injured.

Complete Ban On Cotton Is Favored

RULF, Aug. 26, (AP)—A resolution favoring a complete ban on cotton production in 1932, and asking Governor Sterling to cal la special session of the legislature to pass a law prohibiting the planting of more than 50 per cent of present acreage to cotton thereafter, was adopted here yesterday at a mass meeting of approximately 1,000 farmers and business men from Haskell, Stonewall and Knox counties.

Governor Sterling was advised of the action by telegraph.

Teach Hindu Lore

Gayatri Devi (left), Brahmin priestress, is shown with a group of listeners at her colony at Cohasset, Mass., which is commonly known as "Ananda Ashrama," or peace retreat, where she and her uncle, Swami Paramananda, expound the principles of Hindu philosophy in a sylvan setting. Her interested audience is, left to right: Miss Etta F. Richardson, Dr. Belle S. Barnard and Miss Anna Johnson.

DAILY MARKETS

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 26 (AP)—The stock market developed a firm tone in extremely sluggish trading today.

The list sagged a little in the first hour but offerings were light and trading came almost to a standstill. Before midday, most of the losses were regained, and such issues as American Telephone, Radio, Westinghouse, General Motors, Consolidated Gas and General Electric showed fractional advances over last night's close. New Haven advanced 2 points, and Allied Chemical nearly as much.

U. S. Steel sold off 1 3-8, then recovered a point. In the rails, Norfolk and Western lost 4 points. Coppers were inclined to sag.

Call money renewed unchanged at 1 1-2 per cent.

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 26 (AP).—Cotton opened steady today 1 to 4 points higher on a moderate demand inspired by relatively steady Liverpool cables.

The buyers were supplied by over night selling orders and prices eased off after the call with December selling off from 7.23 to 7.16 and March from 7.32 to 7.45, or 2 to 4 points net lower. The buying continued, however, while there seemed to be some covering in anticipation of bullish features in the weekly report of the weather bureau. This was sufficient to steady the market up again and prices at the end of the first half hour were about net unchanged to 4 points higher.

Liverpool cables attributed the steadiness there to covering, trade calling and scarcity of contracts and said there was an improved inquiry for cotton cloths from the British home trade and India.

Trading continued rather quiet but prices held generally steady later in the morning, with the demand becoming a little more active after the publication of the weekly weather report which appeared to be more unfavorable than expected. Offerings were light and prices advanced readily on covering with December selling up to 7.35 and March to 7.46 by midday or about 14 to 17 points net higher.

NEW ORLEANS OPEN

NEW ORLEANS, Aug. 26 (AP) — The cotton market had a quiet opening today. Liverpool came in rather better than due and first trades here showed gains of 4 to 5 points. The market continued steady after the start owing to a liberal short covering. October trading at 7.02 and December at 7.35, or 5 points on both active months above yesterday's close. Later prices eased off 4 to 6 points in anticipation of a favorable weekly weather and crop summary. Near the end of the first hour the market was quiet and steady but at the lows.

The market ruled fairly steady all morning supported by a generally favorable weekly weather and crop summary and a little too much rain shown by the map in the eastern belt. Shorts covered and found contracts rather scarce as there was very little hedge selling on the market.

October finally traded up to 7.13 and December to 7.37, or 16 to 17 points above yesterday's close.

At mid-session the market was steady and within three points of the highs.

NEW ORLEANS OPEN

NEW ORLEANS, Aug. 26 (AP) — Cotton futures opened steady today. Oct. 7.02; Dec. 7.25; Jan. 7.34; March 7.53; May 7.66; July 7.85.

NEW YORK OPEN

NEW YORK, Aug. 26 (AP)—Cotton futures opened steady today. Oct. 7.00; Dec. 7.22; Jan. 7.32; March 7.51; May 7.69; July 7.86.

Grain Market

CHICAGO REPORT

CHICAO, Aug. 26 (AP).—Relative strength of Liverpool quotations and scattered buying held the Chicago wheat market generally steady at the start today. Trade was light and price changes only fractional. Corn also was fairly steady with trade mostly of a local character.

Wheat started unchanged to 3-8 cent higher show little change afterwards. Corn opened unchanged to 1-4 off and held near this range.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company, delivered Lubbock. Dairy Products—Bel Ice Cream company and Mistletoe Creameries. Grain — S E. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton—Bleeker Cotton company. All prices subject to change during day.

Sheep 1,200; fat lambs strong to 15 higher; practically no fat sheep offered; good sorted fat lambs at 5.50; sorts moved from 3.50-4.50.

KANSAS CITY REPORT

KANSAS CITY, Aug. 26 (AP)—(U. S. D. A.)—Hogs, 3,500; steady to 15 higher; top, 6.05 on 190-220 lbs.; packing sows, 275-500 lbs. 3.25-4.65; stock pigs, 70-130 lbs. 5.00-6.00.

Cattle 5,500; calves 1,000; weak to 25 lower; 617 lb. mixed yearlings 10.50; steers 600-1500 lbs. 7.25-10.50; heifers 550-850 lbs. 7.00-9.75; cows 3.50-5.75; vealers (milk-fed) 4.50-8.00; stocker and feeder steers 5.00-7.00.

Sheep, 9,000; killing classes generally steady; early top range lambs 7.50; lambs 90 lbs. down 6.50-7.50; ewes 150 lbs. down 1.00-1.75.

RALLS MAN FOUND DEAD ON TUESDAY

RALLS, Aug. 26.—(Special)—Death of John Stephens, 66, proprietor of the Hinson hotel, who was found dead at 6:30 a. m. Tuesday, was attributed to heart disease by physicians who reported to the investigating coroner. Stephens' body was found in the bathroom of his residence by his wife, who on awaking became alarmed at his absence.

Mr. Stephens had lived in Ralls for the last 11 years. He had been operating the Hinson hotel for several years. Prior to entering the hotel business, he was night watchman in Ralls.

He is survived by his widow, two daughters, Miss Emma Kate Stephens and Mrs. Dave Ramsuer, of Ralls, and a son, Bud Stephens of Pampa. Funeral arrangements had not been made late Tuesday, pending word from relatives in other states.

Lower Rates Given Late Vacationists

Reduced rates for late vacationists are being offered August 29-30 on round trip fares to Denver and Colorado Springs by the Fort Worth and Denver railway. Tickets will be good for a 15 day return limit and stopovers are to be allowed. The rates as announced by R. E. Stroup, general passenger agent of the railway company, are:

Roundtrip to Denver, $16.25; roundtrip to Colorado Springs, $14.25. The regular one-way fare to Denver is $21.63 and to Colorado Springs $18.99, while the regular roundtrip fare to the former city is $30.60 and to the latter $26.95. These rates are being offered at this time due to the popularity of the two Colorado cities as pleasure resorts, representatives of the railway company say.

NEW JUDGE QUALIFIES

AUSTIN, Aug. 26 (AP)—William F. Robertson, named Monday by Governor Ross Sterling, judge of the 126th district court, qualified for the new post late Tuesday.

HOPE TO RAISE LOCAL FUNDS

DATES ARE SET FOR CAMPAIGN TO AID UNEMPLOYED

(By The Associated Press)

WASHINGTON, Aug. 26—The administration hopes to be able to inform congress in December that relief funds raised locally throughout the country will be adequate to care for the unemployed during the winter months.

This was emphasized today by arrangements for completing a nationwide drive for relief funds two weeks before congress meets in regular session December 7.

Dates Selected

President Hoover's organization on unemployment relief, headed by Walter S. Gifford, selected the period from October 19 to November 25 for the appeal to obtain funds through city, state and county campaigns.

It was announced this period had been determined upon "because of the fact that a majority of the fund drives in past years have been conducted between those rates."

Gifford has emphasized the national organization is not planning to raise a fund, but will merely coordinate and encourage the raising of funds by political subdivisions. The campaign however, will be nation-wide with appeals sent from national headquarters by radio and press.

COTTON MEETINGS

(Continued from Page One)

request that farmers of Texas express their sentiment regarding the calling of a special session of the state legislature for the purpose of enacting laws tending to compel the reduction of cotton acreage.

To Offer Plans

Several suggestions for relieving present demoralizing conditions facing the cotton industry are expected to be presented at today's meeting. One of the proposals is to reach an agreement among farmers that no cotton will be planted on the South Plains next year, it was indicated yesterday. Other proposals will be that cotton acreage be reduced from 15 to 50 per cent.

Speakers on the banker's program last night included: Edd McLaughlin of Ralls, State Representative G. E. Lockhart, W. O. Stevens, O. L. Slaton, of Lubbock, and R. M. Kendrick of Brownfield.

Speakers at the T. C. C. A. meeting will be: M. S. Hudson, C. A. Barron, Charles M. Davis and N. H. Payne.

STERLING DECISION IS AWAITED TODAY

(By The Associated Press)

Governor Ross S. Sterling's decision on the question of convening the legislature in special session to consider cotton acreage reduction was awaited today.

J. E. McDonald, state commissioner of agriculture, told a mass meeting of Navarro county farmers at Corsicana yesterday the special session "probably will be called next week."

Demands Are Heard

Demands for legislative measures to limit cotton acreage, in the hope of raising cotton prices from their lowest level in many years, continued to emanate from mass meetings of farmers and business men in all sections of Texas.

Ellis county farmers petitioned Governor Sterling to call the legislature for a cotton conservation session after hearing an address last night by Commissioner McDonald.

The Corsicana meeting, which McDonald addressed in the afternoon, also adopted resolutions asking the governor to call a special session immediately and recommended that cotton planting in 1932 be prohibited by law.

Bankers Have Plan

At Dallas, a representative group of Texas bankers evolved a program calling for reduction of cotton acreage in 1932 to one-half the 1931 acreage and to one-third in 1933. They also recommended withholding every third bale of the 1931 crop from the market. T. H. Davis of Austin was named chairman of a committee to direct the program.

J. W. Hoopes, president of the Texas Bankers' association, said the Dallas meeting agreed unanimously that results could not be attained by legislative action or by declaration of the "cotton holiday" in 1932 proposed by Governor Huey P. Long of Louisiana.

COMMITTEE TAKES UP COTTON BILL

BATON ROUGE, La., Aug. 26 (AP) —The house committee on agriculture conferred today on a draft of Governor Huey P. Long's "no cotton" bill which would prohibit a 1932 cotton crop under penalty of fine or imprisonment.

Asking quickest legal adoption of the measure, Governor Long told the house and senate in joint session last night that the bill was offered as the sole salvation of the nation's cotton industry.

Together with Representative Horace Wilkinson, of West Baton Rouge parish and Senator Reuben T. Douglas, of Caddo parish, sponsors of the joint house-senate measure, the governor predicted its enactment into law by Sunday.

TWITTY RITES READ TODAY

RESIDENT OF LUBBOCK FOR 26 YEARS IS TAKEN BY DEATH

Funeral services for H. T. Twitty, 73, father of W. E. Twitty, chief of the Lubbock fire department, were to be conducted at 3 o'clock this afternoon at the family residence at 617 Sixteenth street by Rev. R. C. Campbell, pastor of the First Baptist church. Burial was to be in Lubbock cemetery by Bynum-Morgan Funeral home.

Some members of the fire department were to attend the rites for their chief's father, who died at 6:30 o'clock Tuesday afternoon at his home following a stroke of paralysis Saturday. Motorcycle patrolmen were to aid in directing the cortege.

The elder Twitty had resided in Lubbock 26 years. He came here in 1905 from Wise county. He was born at Joplin, Mo., December 22, 1857, coming to Texas when he was a small boy. During his active life here he was engaged in farming for several years and then was in the mercantile business. He had been retired from business for about eight or nine years.

Services Set Today

He is survived by his widow, a son, W. E. Twitty, chief of the Lubbock fire department, of Lubbock; two sisters, Mrs. G. W. Marrs and Mrs. Frank Spessard of Hillsboro, and a granddaughter, Meda Craig Twitty of Lubbock.

Pallbearers were to be: Hal P. Bradley, O. R. Phillips, Roche Newton, W. C. Bryan, H. O. Walters and John Stanfill.

DERBY FLIERS TO AMARILLO TODAY

ROSWELL, N. M., Aug. 28. (AP)—Mrs. Gladys O'Donnell, Long Beach, Cal., led the women's Santa Monica-Cleveland air derby into Roswell this morning, making the flight from El Paso in 56 minutes and 30 seconds. She left El Paso at 9:01 a. m. and arrived at the Roswell field at 30 seconds past 10 o'clock.

EL PASO, Aug. 26. (AP)—Contestants in the Santa Monica to Cleveland air derby began leaving El Paso, night control point, at 9 a. m. (M.S.T.) today, for Roswell, N. M.

Mrs. Gladys O'Donnell, Long Beach, Calif., took off first and others followed at one minute intervals. Mrs. Phoebe Omlie, Memphis, was the second to leave, and Jean La Rene, Dallas, third.

The schedule called for lunch in Roswell and an overnight stop at Amarillo.

BRAKEMAN BADLY INJURED IN FALL

Suffering from shoulder and neck injuries, Claude Simmons, Santa Fe railway brakeman, of Slaton, was moved from Slaton to the railroad's hospital at Clovis, N. M., Tuesday. He was hurt when he fell from the top of a moving freight train Monday near Snyder. Cursory examination led attendants to consider his condition serious.

The train was en route to Sweetwater from Slaton. W. B. Montague, conductor in charge of the train, luckily saw Simmons fall and the train was backed to pick up the unconscious brakeman. Simmons received emergency treatment at Snyder and later at Slaton. He was to undergo x-ray photography at Clovis. Simmons was reported to have been watching a "hot box" when he toppled from the roof of a car. He is about 36 years old.

Ray Conner, freight conductor, of Slaton, suffered minor injuries while on another train Monday between Slaton and Sweetwater.

Cuban Insurgents Held In Prisons

HAVANA, Aug. 26 (AP)—Cabana fortress, crowded with some 200 captured rebels, received today 14 members of a filibustering expedition that lost to federal troops in the battle at Gibara.

Col. Lico Balan, the leader, and the insurgents laid down their arms yesterday in Oriente province. Julio Gaunaurd, publisher of the anti-government weekly magazine Arikato and Carlos Hevia, son of Col. Aurelio Hevia, one of six nationalist leaders, were included.

With many of the leaders of the movement in prison and the remainder in hiding, there has been no resumption of open warfare by the insurgents.

Walker Acquitted Of Murder Charge

WHEELER, Aug. 26 (AP)—A district court jury which deliberated his case but 40 minutes late yesterday acquitted Melvin "Bus" Walker, 22, of the slaying of John Bellflower.

Bellflower was shot to death on the streets here Aug. 1. Walker testified he fired when Bellflower made a move as if to draw a gun.

At the time of the shooting Bellflower was at liberty under $10,000 bond on a charge of slaying S. E. Walker, the defendant's father. The elder Walker was shot to death at Shamrock March 4.

W. T. Strange of Big Spring is in Lubbock on business this week.

Club Party Is To Be On Thursday

Mr. and Mrs. L. D. Casey, 2122 20th street, are entertaining the Maggie and Jiggs club on Thursday evening in their home. The club usually meets on Friday evenings.

Mississippi Names Conner Governor

JACKSON, Miss., Aug. 26 (AP) — Martin Sennett (Mike) Conner, 41-year-old Covington county lawyer-farmer, on the face of nearly complete returns from the Democratic primary run-off, was assured of the governorship of Mississippi today.

From the first hour of returns, Conner took the lead over Hugh L. White, 50-year-old millionaire lumberman, and his majority had increased to 17,880 votes in the returns from 1335 of the 1590 precincts. The vote stood 126,467 for Conner to 108,587 for White.

Wealthy Rancher Is Believed Kidnaped

SAN ANTONIO, Aug. 26 (AP)—W. P. Paulsen of San Francisco asked police assistance today in locating R. K. Mitchell, 50, reputed wealthy rancher and oil man of the west coast, who friends believe may have been kidnaped here Saturday.

FIRE LOSS LIGHT

Nearness of a gas stove to a wall in servants quarters at the rear of 2217 Seventeenth street resulted in wall-paper becoming ignited, firemen reported after answering an alarm received at 9:45 o'clock this morning. Damage was slight, they said. The servants quarters are back of Louis D Stevens' residence.

FIGHT FACING NEW CABINET

LABOR GOVERNMENT OF MACDONALD PASSES INTO HISTORY

(By The Associated Press)

LONDON, Aug. 26.—Ramsay MacDonald's second labor government passed into history today in the presence of King George and his first non-partisan ministry was formally launched on its mission of balancing Great Britain's books.

The king received the retiring ministers of the old regime at Buckingham palace and they handed over their seals of office. An hour later the tri-party members of the new cabinet called on him and he convened a privy council at which they were sworn in.

Prime Minister MacDonald started his day as usual with a walk in St. James park, accompanied by his daughter Sheila, and was back at his desk at No. 10 Downing street before 9 o'clock.

Having played his constitutional role in the nation's political drama, the king prepared to return to his castle at Balmoral, Scotland, from which he was summoned Sunday when the cabinet split on the question of finances.

Focussing its attention on the joint meeting of the leaders of the parliamentary labor party, the trades union congress and the independent labor party, the nation realized the magnitude of the opposition the emergency government must face in pushing its economy measures through parliament.

BROOKS TALK

(Continued from Page One)

international influence.

He said friendly spirit between club members was of the greatest importance.

He dealt with Rotary's business conscience, stating that it is the most essential thing in the organization and something that has brought about a revolution in the business world.

A large number of out-of-town Rotarians were present for the luncheon. They were: Malcolm Meek of Midland, C. E. Davis of Plainview; J. H. Spencer of Cisco; W. T. Strange of Big Spring, A. P. Duggan of Littlefield, Grady Shipp of Plainview, W. A. MacIntosh of Amarillo; Maury Hopking of Plainview, Sam Z. Hall of Spur, Nick Holland of Breckenridge and Doss H. Berry of San Angelo. The eleven members of the rates hearing committee in session here today were also guests.

SUSPECT HELD

The third person escorted to Lubbock from V. C. Crump's truck farm, three miles southeast of here, was received at the police station last night and held in theft of watermelons. His case was transferred to county jurisdiction. Several days ago, Crump brought two young men, whom he said had tried to steal vegetables from his place, to officers here.

How To Relieve Sick Headaches In 3 Minutes

When one of those sick, aching headaches come and you want three-minute relief, go to any drug store or soda fount and ask for a package or dose of "B-C" (10c and 25c) the wonderful new preparation of two North Carolina druggists that is guaranteed safe and speedy, without depression or bad after effects.

"B-C" relieves any kind of a headache, sciatic, neuralgic or female pain, because it contains several ingredients that function together for the relief of pain, regardless of its origin. The "B-C" formula is one of the most important medical discoveries of recent years, accomplishing in a few minutes what no one drug formula can do under 1 to 3 hours. (Adv.)

Missouri's Healthiest Pair

Selected as the healthiest boy and girl from their State, Frances Froman, 16-year-old high school girl, of Liberty, Mo., and Charles Gates of Ulrich, Mo., were both judged more than 99 per cent perfect. They won the titles at the recent 4-H Club roundup at the University of Missouri. Anyone looking at the above picture will agree that the judges know health when they see it.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

'Course Clowny was a proud young lad and 'twas no wonder he was glad to sit astride the winning horse. He smiled from ear to ear. The horse was just a bit tired out and very slowly walked about. The crowd up in the grandstand let out quite a rousing cheer.

The jockey then said, "Now it's best that my horse have a needed rest. I'll take him to the stable. You can ride right in with us. And, as they passed on through the crowd, wee Clowny tipped his hat and bowed. Thought he, is it the horse or me that's causing such a fuss?

He shouted to the Tinymites, "Hey, follow me! We'll see some sights." So to the stable they all went as quickly as they could. "Just look around," the jockey said. "Don't be afraid. Go right ahead!" The Tinies looked in every stall where fine race horses stood.

"That pretty black one," Scouty said, "is a Kentucky thoroughbred. I know because I rode upon a horse just like him once. In fact, that's when I learned to ride." And then another Tiny cried, "Why, I have been upon a horse that did real clever stunts."

The Travel Man walked in to say, "Come, boys, we must be on our way. There is a little shop in town I want you all to see. I'm sure the workman whom you'll meet will show you work he's done, real neat. I've called on him before. He's always busy as can be."

They reached the shop and walked inside. "A furniture factory," Carpy cried. "And look, the man is working now upon a rocking chair." The next thing that the Tinies knew brave Clowny said, "Can we watch you?" The man looked up and said, "Why, sure! I'm sure that I don't care."

(The Tinymites land in Peru in the next story.)

This Season You Buy a Lot of Quality at a Very Low Price

The adjustment of prices over the past few years have brought about a very unusual situation. You now find this a store that can still advertise "A QUALITY STORE" and in the same breath add, "ALSO A CHEAP STORE". The rapid downward revision of prices has brought quality merchandise into such low price ranges that now we are offering you the same high qualities at CHEAP STORE prices.

Consider These Prep Suits for Men From 16 to 20 Years

Fine all-wool worsteds—our regular VARSITY TOWN make—tailored in the finest of manner and with linings and fittings even richer than ever before. Suits the University Man and the smartly dressed high school student will approve—fine smart patterns in the seasons new colorings—ALL WITH TWO TROUSERS—suits that will hold their shape and give real service—the prices now are only

$18.50 and $20.00

Hart Schaffner & Marx Prep Suits, Too

New Hart, Schaffner & Marx Suits in Prep sizes—the finest materials and tailoring money can buy—suits that feature every new fall trend in coloring and design—suits that come to you at new CHEAP prices without one bit of sacrifice of quality—choose them now at these new prices

$25.00 $30.00 $32.50

Varsity Town Hats, Like Friendly Five Shoes, Are Now "$5.00 Across the Board"

$5.00

Incidentally New "Friendly Fives" Are Here

You can choose your new Friendly Fives, too, while you are thinking of saving—no bigger value anywhere—now wider range of shapes and leathers—no greater satisfaction in service. Shapes that will please both men and young men—"Across the Board" they are all priced

$5.00

Hemphill-Wells Co.

ASK APPROVAL FOR CAMPS

DISTRICT SANITARIAN TO RECOMMEND 11 CAMPS ARE OK

Approval of 11 Lubbock tourist camps will be recommended to Dr. J. C. Rollo, city health officer, as they will have met requirements of the state department of health, according to James R. Curtis, district sanitarian. Doctor Rollo's action will be final, Curtis said.

The district sanitarian recently completed the inspection of all of Lubbock's tourist camps. Only three of the 14 failed to meet the state department of health requirements. Possibly one or two of those not approved may obtain approval with the completion of improvements being planned, he said.

To Place Signs

Signs denoting approval of the camp will be placed at each camp accorded recognition and a list of the approved camps will be sent by the state health department to tourist bureaus and automobile clubs.

Lubbock camps found satisfactory, according to Curtis, are: Hub, 1931 Avenue H; Dixie, 2302 Avenue H; Texas, 2312 Avenue H; Camp Joy, Slaton highway; North Canyon; Camp Carson; Acuff, 102 Avenue H; Sunset, 105 Avenue H; Camp Comfort, 1926 Avenue H; Camp Marion, 603 College Avenue, and Tech, College Avenue and First Street. Tech tourist camp, however, will not be recommended until changes are completed there, Curtis said.

Requirements Listed

"One of the important functions of health officers is to see that tourist camps are constructed and maintained with as few health hazards as possible," Curtis said. "With the increase in automobile traffic in the state an increase in the number of tourist camps may be expected. Sanitation is assuming a place of more importance since the traveler demands the same protection at camps as is offered at hotels.

Failure of a camp at any time to conform to rules or recommendations of the state, county or city health officers will result in the suspension of approval.

Several Millions Left By A. M. Bruni

LAREDO, Aug. 26 (AP)—The will of A. M. Bruni, Webb county treasurer, ranch owner and political leader who died August 15, was filed for probate here today. His estate was estimated as being worth several million dollars.

The will, executed on July 23, 1928, named a son, Antonio H. Bruni, a son-in-law, Joe C. Martin, and his intimate friend, District Attorney John A. Valls, as executors and trustees.

After deducting certain bequests to public and private charities, the entire estate was bequeathed to the widow and seven children.

Al Capone's Prison And Warden

In this big dining room above, Al Capone, Chicago's Public Enemy No. 1, who pleaded guilty to income tax fraud and 5000 violations of the liquor laws, will soon be eating his meals. It is the mess hall of the federal penitentiary at Leavenworth, Kan., where the gangster chief must serve his term. Warden Thomas B. White, left.

Farmers In Favor Of Acreage Slash

WAXAHACHIE, Aug. 26 (AP)—More than 2,000 Ellis county farmers and business men in mass meeting here tonight petitioned Governor Ross S. Sterling to reconvene the Texas legislature for a cotton conservation session.

J. E. McDonald, commissioner of agriculture, a long time resident of Ellis county, asserted that unless the legislature passed a law curbing production, farmers in 1932 would not reduce their acreage.

"Bluebeard," the nursery tale, is printed in almost every language.

MAIZE FEEDING HELD PROFITABLE

Having turned a bunch of cows and young calves into a maize field early in the season last year and realized a net profit of $470 in seventy days as a result, Claude B. Hurlbut, Lubbock realtor, is convinced of the effectiveness of such feeding. He is repeating the procedure on an enlarged scale.

Last September, Mr. Hurlbut bought 30 head of cows, each with a young calf, and turned them into one of his maize fields. The calves averaged 175 pounds and the cows were poor when they were turned into the maize, which was not of good quality.

One Cow Died

In seventy days the calves averaged 462 pounds and the cows were fat. One cow died, but the stock when sold cleared $470 after all expenses were deducted.

This year Mr. Hurlbut is repeating the procedure with fifty head of cows, each with a young calf. The maize is of much better quality and considerably earlier than last year. It is Mr. Hurlbut's belief that the feeding value of the maize for cattle is materially better when it is in the dough. The green foliage provides additional feed.

With such feeding, of course, expensive heading is eliminated and Mr. Hurlbut believes the method offers unusual opportunities both for feeders and for the disposal of the wonderfully abundant, but cheap, feed crops being raised this season.

Preliminary Trial For Cash Is Set

HOUSTON, Aug. 26 (AP)—Preliminary hearing for Sam Cash, 27 charged in connection with the death of J. B. Wheeler, 17-year-old messenger boy who was injured fatally Thursday night in an automobile accident, will be held before Justice J. M. Ray at 2 p. m. Thursday.

Cash was at liberty today on $700 bond in connection with charges of negligent homicide and failing to stop and render aid filed following his arrest Monday night.

No Shortage H

While there's a shortage re in some parts of the giddy world, there's none here, eit clothes or action. American n's players, especially wome agitated over the report that nis shorts are the vogue. British women have introdu new style—by wear ng the r tion length trousers, made of flannel, and with sleeveless bl This leap was made at Londo

TALKS TO LIONS

Square this

with what you *hear*
. . . what you *read*
. . . what you *believe*

NOWADAYS you read and hear every kind of thing about cigarettes. But when you try to square some of it with your own common-sense and experience, a lot of it just doesn't "square"!

What smokers want to know about a cigarette is "How good is it?"

And when it comes to that, cigarettes are just as good and just as pure as the materials from which they're made.

In making Chesterfield, we use only riper, milder, sweeter-tasting tobaccos—the best that money can buy—and pure cigarette paper—the purest that can be made. Our chemists rigidly test for cleanliness and purity all materials used in the manufacture of Chesterfield. In our factories even the air is washed, and changed every 4½ minutes.

Everything that goes into Chesterfield is the best that money can buy or that science knows about.

"Good . . . they've got to be good," we say about CHESTERFIELD—and we mean it! And that's something you can square with everything you've ever read, or heard—or know—about this good cigarette!
