Audit Report Made, Uniforms Discussed

Routine matters and special concerns have claimed the attention of Olton School board of trustees during the week.

In a regular meeting of that body Monday night minutes were approved, September accounts approved and paid and audit report was made by Jack Hysinger for Williams, Faver and Sudduth of Muleshoe.

Other action by the board included the employment of Tony Cabrera as custodian, and the allowance of $500 per year for lease on a pickup truck to be used by David Maxey.

Statement to the board by Joe Turner, superintendent, indicated the attendance figure of 1001 at last report had dropped to 981. Turner also gave reports on lunch room operations and adult education classes.

In further action by the board, Turner was requested to get bids for new band uniforms. Meeting time for the board was changed to 7 p.m. effective in November.

Tuesday, the Board of Trustees accompanied Turner in a trip to Lubbock Christian College, Lubbock, for a study of school finance.

They heard questions of school finance to be considered in State legislature in January, discussed by a panel of experts. Comprising the panel were R.B. McAllister, State representative; Bob Pierce, superintendent of Jayton schools; a representative for TSTA; and the president of Dallas schools.

Wednesday, Oct. 16, the board met in called session at 1 p.m. and approved a contract to be extended to Mrs. Dale Cary as first grade teacher.

Mrs. Cary will be given overflow from other first grade classes to alleviate the crowded conditions existing in that elementary department.

Little Store Fills Big Needs

Tracing its ancestry back to a small fruit market which sold fresh produce, Crowder Grocery is perhaps the biggest little store in Olton. The small grocery store, east of the "square," is in the same location today as it was back in 1955 when it was opened as "Bob's Fruit Market."

Bob Coker, a routemen for Cloverlake Foods of Plainview, owned the small marketplace which also offered space for a limited supply of dairy products plus an ice house.

Abbie Crowder recalls it was June 15, 1961 when she and her uncle, Dick (Pee Wee) Marshall, bought the store from the Porter Brothers. Ownership of the small business may have made other changes between the mid-fifties and the time the Porters purchased it.

In 1968, Abbie purchased Pee Wee's interest and four years later, sold the business to her father, L.H. Marshall although Abbie and Pee Wee continue to operate the busy little store.

Abbie does not recall when the space was enlarged although the little store is perhaps twice as large as it once was. Space does not allow them a wide variety of items but they do stock basic food supplies and some sundry items.

Open seven days a week, the store is closed during church service hours each Sunday. Abbie and Pee Wee have worked out a schedule so that neither must be at the store all the time.

Abbie and her husband, Hoover, open at 7:30 a.m. When Abbie leaves for lunch, Pee Wee's turn begins. Closing time comes about 9 p.m.

Olton youngsters are important customers at Crowder Grocery and have affectionately dubbed the store as "Abbie's" or "Pee Wee's" and recognize the business by no other name.

Pops and ice cream confections are big sellers for the young crowd and the store has a wide array of candies. Five cent candy bars have been replaced by the same confection at ten cents and almost immediately by the fifteen cent bar. Today, high cost of ingredients and inflation, have brought about 20 cent price labels for the same brand candy bar that did sell for a nickel.

Penny candy has also gone by the way with inflation and the small bite-sized treats are now two cents.

"About the only thing that hasn't changed," says Abbie, "is the penny gum machine." Balloons too, she says, have not increased in cost.

So many different candies are available today that it would be impossible for the small store to begin to stock all that's offered. Still a popular candy after many, many years are the popular "Baby Ruth" and "Butterfingers" and the well-loved "Double Bubble" gum.

Candy companies, Abbie notes, are constantly coming up with new items and many reflect current fads or popular television shows. A new candy, received this week, plays on the new TV show, "Planet of the Apes." The space age is noted in "Astro Pops." A new item, already in demand, is "bubble yum."

Sky-rocketing prices has, of course, affected their business, Abbie says. More people, she's noted, are buying "just what's needed."

Discussing that subject with a customer, Abbie says the woman answered, "We have learned we can do without."

New stock was received this week including the brown jersey work gloves. Inquiring how much they would sell for, the salesman informed Abbie this shipment was 98 cents per pair. "Leather ones are out of sight," he said.

Keeping store may sometimes get monotonous with day in-day out routine but Abbie says, "There's always something happening." And where folks congregate and people like their fellowmen, there's always something to make their labors worthwhile.

One little customer who adds spice to business is Abbie's little granddaughter, Tina, who's just reached the age when finding out what's in boxes and on shelves is wonderful fun.

With a sparkle in her eyes and a proud smile Abbie describes little Tina's reactions to a scolding "No, no."

"No, no," she answers back, Abbie says "and right on she goes with her looking."

Although the business first began with an "ice house," for many years since then ice was not sold. Two or three years ago, an ice chest was added and ice is now a big summer time item.

Not referring to the product's melting, Abbie says "We just couldn't keep it." Hopefully, she says, they will have larger storage when the season comes again for "homemade ice cream."

'Right To Read' Program Begun

Olton is one of seven regional schools involved this year in a "Right To Read" program. Begun last year as a pilot program in Levelland, Muleshoe and Lubbock Cooper, a program has been expanded to Meadow, Morton and Whiteface in addition to Olton.

Superintendent Joe Turner explains the National Right to Read Project is authorized and approved by the Texas State Board of Education but involves no federal funding.

"The project is solely ours," said H.P. Webb Principal Ray Kinnison. He serves as the local Right to Read director which involves grades two and three this year and will be expanded two more grades next year, two the next and high school the fourth year.

Not a program of remedial reading, the Right to Read project is designed to aid every child, "If we have a third grade child that reads at the seventh grade level, we'll push them," said Kinnison, as well as encouraging the student who needs help reading at his own level.

"The program will enable us to evaluate our progress throughout and then find our needs. We'll find out what is good or bad."

Kinnison stated that Olton schools were selected for participation because "our schools are known to be innovative. We're willing to step out on a limb and see what happens."

Eighty schools in Texas are participating in the project and were carefully chosen as exemplary schools and checked closely for accreditation and HEW acceptance.

Purpose of the project is, as the U.S. Commissioner of Education said, "That by the end of the 1970's the right to read shall be a reality for all - that no one shall be leaving our schools without the skill and desire necessary to read to the full limits of his or her capability."

Although Webb Elementary has a good reading program, this project is designed to improve all readers. They feel that they are succeeding with 75 percent of the pupils, but they will be looking for ways to reach the other 25 percent and also improve the above average.

"Nationally the Right to Read is not only a school project, but represents the cooperation of schools, industry and the community in joint efforts to eradicate illiteracy and improve reading for all," Superintendent Turner concludes.

Persons in the community will be contacted to serve on the advisory committee, Kinnison said. "And it will be a working committee not just a committee in name only. They will direct and advise."

Carl McClure, prinicipal of Olton Junior High, announces the honor roll for the first six weeks.

Eighth graders are Lori Barnett, Kelly Cox, Caleb McClure, Dent McGill, Chris Prentice, Leslie Sistrunk, Tim Watt, Jackie Fuentes, Genio Garcia, Kody Carson, Sheri Kay Kennedy, Dusty Kinnison, Sherilyn McGill, Susan Reed, Jimmie Kay Sanders, Jan Spain and Julie Staker.

Sixth graders are Tim Franks, David Smith, David LaDuke, Dwain DePrang Jana Mandrell, Melissa McFadden, Diana Graham, Tanya Brooks, Jesse Garza, Dana Houston, Kelly McNeely and Susan Williamson.

Four Grid Guessers Share Week's Prizes

Many contestants were credited with frustrating scores in last week's Enterprise football contest as they failed to go along with the Texas Aggies, Petersburg, Boys Ranch and New England Patriots. The Dallas Cowboys loss and the Nazareth-Amherst tie also added to the predicting woes.

Only three contestants were able to come with as few as four losses, Kathy Britton, Jim Curtsinger of Lubbock and John Carl Sudduth. Mrs. Britton and Curtsinger remained at a deadlock after the tie-breaker scores were tallied with each off nine points from the actual Mustangs-Idalou score. They will divide first and second place money equally. Sudduth will receive the third place winnings.

Gary Davis holds sway at the top of the season ladder but the gap narrowed this week as Jim Curtsinger and Charles Didway of Post edged within one point. Davis has 73 correct picks for the six weeks; Curtsinger and Didway, 72. Contestants with 66 or more correct guesses are listed elsewhere in this issue.

None should give up their battle for the grand prize since it is possible yet that any could be the winner. And even first time enterers can be winners for the week.

The contest is fun. Try your ability to pick the winners. Enter the contest today.

Entry blanks should be deposited with any of the sponsoring merchants. While you're there, purchase something. You'll find the finest merchandise of any stores at our own local business. They care about your business and they care about you.

Everything But The Kitchen Sink

By Mozelle Trotter

I've just been refreshing my memory with all those gems of good advice - "Everyone loves a good loser," "Be a good sport, even if it kills you," "Can't you take a joke?" and so on and so on and SO ON!"

Practicing the preaching is what I've been trying to do but it's an awfully big bite to swallow when your own team (yea, I'm "fer da bums"!) gets beat out of the World Series (even by the team I yelled for the past two World Series - - they weren't playing the Dodgers THEN!)

Being a good loser is not so difficult if you have your own teeth to grit (I do but at this rate I may not long) and your tongue doesn't come in two while you're biting it (and that might be the best solution yet.) BUT, when your football team comes through with an important win and That Talented Cartoonist from the Hub City (And I do give him lots of credit for talent) keeps poking fun at my Aggies, my gray hair 'most turns fiery red!

Grin and bear it is what I've been doing for some time now and my "bearings" are 'bout worn out! Even Anti-Aggies have commented, "I'm not an Aggie but if I were, I'd resent that cartoon" - - and that's about every other cartoon of the two-a-week "punnies."

Then there's that little gem I read a year or so ago that "Uncle D" REALLY likes the Aggies, that's why he pokes fun at them because one doesn't make fun of someone they don't like. "Bah! Humbug!" to quote Scrooge. If that's the case, I'd prefer a touch less liking!

There's not enough room in this publication for me to really get started on the merits of Texas A & M University - - but I can!! (And I don't know the half of it - or the quarter - or the eighth!) Have no doubt, though, it's one of the finest universities that can be found. And it's existed 99 years so you'll find a few folks that agree with me! Oh, yes, a student is NEVER an ex-Aggie! Oh, no! But there are lots and lots of Former Students.

There'll be letters in Uncle Dirk's mail box next week. I may not be one of the writers but he'll hear from some of the Aggie fans over Friday's cartoon when he depicted the woe-be-gone little fella from TAMU reminding folks that "not only am I big and dumb . . . I'm ignerent too!" THAT'S TOO MUCH!

"Laugh and the world laughs with you" and "It takes a big man (or woman) to laugh at himself (or herself)." WELL, go ahead and laugh World - I don't think it's funny. And I don't care what the scales and tape measure say. I'm 'lil un ya bedder quit runnin' over me, Pixyur Man, or I'll tel them 'lil fellers on tha Aggie awfenzive lion to cum sea ya!

As for the Dodgers, just wait till next year!

MRS. LARRY DALE TRIMBLE

Candlelight Ceremony Unites Couple Saturday

Wedding vows for Miss Kathy Lynette Kennedy of Hart and Larry Dale Trimble of Plainview were recited Friday evening in the Church of Christ in Hart.

Parents of the couple are Mr. and Mrs. James Kennedy of Hart and Mr. and Mrs. G.E. Trimble of Bowie. Mr. and Mrs. L.B. Kennedy are grandparents of the bride.

A chorus from Olton provided traditional wedding marches. Jerry Jansa sang "The Wedding Song."

Presented in marriage by her father, the bride wore a formal gown of satin peau embellished with re-embroidered Venice lace and hand-sewn pearls. Fashioned in Victorian style, the gown featured a wedding ring collar, long full sleeves with wide, petal point cuffs and a fitted bodice and A-line skirt. Appliques of lace were sprinkled on the sleeves and skirt which swept to a chapel length train. A wide band of lace encircled the hemline.

Her tiered veil of silk illusion was held by a pearl encrusted petal headpiece. She carried a bouquet of white carnations and baby's breath atop a white Bible belonging to the late "Susie" McLain.

Keeping traditions, the bride carried for "something old" the wedding rings of her grandmothers. Her gown was "new" and she "borrowed" the Bible. She wore the traditional blue garter.

Shirley Flippo was maid of honor. She wore a formal gown of royal blue crepe fashioned with fitted bodice and slightly gathered skirt. She carried a nosegay of blue and white carnations.

Candles were lighted by Karin Kennedy of Olton, cousin of the bride, and Terry Beavers. Miss Kennedy wore a dress of aqua crepe fashioned similar to the maid of honor's.

Jimmy Kennedy, brother of the bride, was best man. Guests were seated by Darwin W. Barer of Plainview, uncle of the bride, and Tom Bunch of Lubbock, nephew of the groom.

For her daughter's wedding, Mrs. Kennedy wore a formal length dress of navy dacron crepe with dacron lace jacket and white carnation corsage. Mrs. Timble chose a dress of aqua with white carnation corsage.

A reception was held following the ceremony in the L.C. McLain home. The bride's table was laid with white linen and centered with the bridal bouquet and blue tapers. Appointments were gold and crystal.

Mmes. George Sweet and Billy Harmon and Miss Sherry Wilson served punch and the traditional tiered wedding cake. Guests were registered by Miss Kathy Nix, a college roommate of the bride.

Members of the houseparty were Mmes. McLain, Tom Benton, J.C. Jackson, Dwight Miller, Monty Upton, Kenneth Covington and Wayne Beavers.

For a wedding trip to New Mexico, the bride chose a preincess dress of off-white knit and matching accessories.

The newlyweds are at home at 1213 Lexington Street, Plainview.

A graduate of Hart High School, the bride attended Lubbock Christian College two years. She was a member of Meta Moe Social Club.

Trimble graduated from Floydada High School and is employed with Occidental Chemical Company in Plainview.

Out of town guests included Mrs. Tom Bunch, Gail Bunch, Ellen Berman, Sherry Wilson, Sherree Lemons, Phillis Friday, Susan Tabor, Sam Roberson, Mr. and Mrs. Tony Kite, Danny Welch, Dennis Grossman, Beverly Heath and Barbara Buckel, of Lubbock; Mr. and Mrs. T.C. Kennedy and family, Mr. and Mrs. L.B. Kennedy, Mr. and Mrs. Meredith Crawford, Mrs. Milton Caraway, Mrs. Bill Langford, Mrs. Mick McGill, Mr. and Mrs. Glen Exter, Mrs. Jack Edwards, Billy Davis, Cecil Smith, Mrs. Nell Wood, Mr. and Mrs. L.B. Kennedy Jr. and Sheri, Sue Cannon, Mildred Howell and Hope Loveless, all of Olton; and Mr. and Mrs. Billy Harmon of Dimmitt.

MRS. JIM OWEN

Cook Of The Week

A resident of Olton only a few months, Mrs. Jim Owen shares recipes for foods that have become favorities of her family and earned compliments of friends.

Sharlene and Jim moved to Olton the latter part of February from Midland. Pastor of the local Assembly of God, Jim had commuted for a month prior to the family's move here. They are parents of two sons and a daughter.

Mike is a seventh grader; Karri, sixth grade and Jeff is in the third grade. The young Owens and their parents have grown to love Olton.

Living in Midland nine years has helped the family appreciate small towns. Sharlene says they like living where "people know one another."

Reading is a favorite pastime of Sharlene's and she also likes to sew when she can find enough time. She recalls having lots of time for sewing when Jim was in school, combining classwork, studying and work.

Growing pot plants is another hobby and Sharlene has been busy bringing indoors plants which have been thriving outside. Bringing in her pretty coleus and Jacob's Coat was a necessity she regrets since they will no longer have the vivid colors they wore outdoors. Of special pride to Sharlene is a large and beautiful angel begonia which she's had since it was only a three-leaf plant.

Jim, she says, teases her about her "jungle."

Cover and simmer over low heat 25-30 minutes or until rice is tender. Stir with fork, add ¼ c. water if rice is too dry. Fluff rice with fork and stir in cheese. Makes 4 to 6 servings.

CARAMEL LAYER CHOCO-SQUARES

⅓ c. evaporated milk
1 pkg. German chocolate cake mix
1 T. water
½ c. butter or margarine, softened
1 c. chopped nuts
6 oz. pkg. (1 c.) semi-sweet chocolate chips

Preheat oven 350° degrees. Grease and flour 13 x 9 pan. Combine in heavy saucepan first two ingredients and cook over low heat, stirring constantly, until caramels are melted. Keep warm. Combine in large bowl remaining ingredients, except chocolate chips. Stir with fork until dough is crumbly but holds together. Press ½ of dough into prepared pan; reserve remaining dough for topping. Bake in 350° oven six minutes. Sprinkle chocolate pieces over baked crust. Spread caramel mixture over all. Top with reserved dough over caramel mixture. Bake 14-20 minutes. Cool completely. Makes about 3 doz. bars.

State HD Convention Highlights Shared

Mrs. V.O. Harrod was Hostess Tuesday afternoon for the regular meeting of the Home Demonstration Club. Presiding was Mrs. Alva Kersh, president.

Psalms 63 was the basis for a devotional presented by Mrs. Melvin Souter. She also gave excerpts from a book by Dale Evans Rogers, along the theme, 'Living One Day at a Time With God."

Mmes. Kersh and V.J. Trusty attended the recent two day State THDA Convention in the Hilton Inn in Amarillo. Mrs. Trusty reported 825 Home Demonstration members attended the meet. She gave a report of the meeting and highlights of two workshops she attended, 4-H Club work and safety.

A key message of the 4-H workshop Mrs. Trusty reported was "Today is the tomorrow you worried about yesterday and it hasn't happened yet."

Theme of the annual meeting, the ladies reported, was "Home, a Beacon Light."

Refreshments of cold drinks, apple bread and pumpkin bread were served to one new member, Mrs. Richard Cook and young son Tommy and to members, Mmes. Trusty, Kersh, Souter, Ray Gabehart, Ross Carty, Homer Curry, O.T. Crosby and Lester Kennedy.

Dorothy Powell, Lamb County Extension Agent, will present a program, "Select Appliances, How and Why" at the Nov. 5 meeting in the home of Mrs. Ray Gabehart.

Mustangs Stomp Wildcats

The Olton Mustangs overcame a scrappy Idalou team and a few flag happy referees en route to a 34-7 victory over the Wildcats last Friday night. The contest was the last warm-up game for the Mustangs who start District play next week.

Idalou won the toos of the coin and elected to receive. Scott got off a good kick and the aggressive kick-off unit made the tackle around the Wildcat 16 yard line. Two plays later, Clarence Johnson picked up an Idalou fumble and raced in for an apparent touchdown, but the ball had touched the ground first, so it was a dead ball and the Mustangs had the ball on Idalou's 10 yard line. On his very first play from scrimmage, Quarterback Jimmy Parker ran outside all the way for Olton's first touchdown. The try for two failed. In the second quarter, Parker scored again form six yards out. Joe Alcorta ran for the two point conversion, and the score at half time was 14-0; in favor of Olton.

The Mustangs got off to a quick second-half start. On the first play from scrimmage, Jimmy Parker fired a 55 yard pass to Scott Roberson, who just missed a touchdown by three yards. Glenn Johnson ran the rest of the way, and Parker made the two point conversion to make the score 22-0.

Olton's other scores, we see that Dimmitt trounced Lockeny, 40-15; Friona whipped Dalhart, 29-2; Roosevelt stomped Littlefield 32-0; and Muleshoe beat Morton 16-6.

This week's action finds Dimmitt at Littlefield where the Bobcats should take their first district win in as many games. Friona takes on Abernathy in a non-district game, and Olton takes on Morton.

A Look At District 3-AA

By Bill Ellis

District 3-AA teams with the exception of Friona, get down to the business of family warfare this week, and from all appearances it will be an interesting race.

The district has ammassed an impressive record against non-league foes, standing 20 wins, eight losses and a tie, a winning percentage of .707. Friona will be out to boost that percentage a few points Friday when the Chiefs visit Abernathy in the last non-league outing for 3-AA.

Otherwise, Dimmitt and the Mayberry Express will visit three-time champion Littlefield Friday, while Olton hosts Morton in the first district encounters of the season.

In the Dimmitt-Littlefield clash, two of the district's top rushers will meet head-on, in the persons of Dimmitt's Robert Mayberry and Littlefield's Bill Turner.

For non-district play, Turner was the loop's leading rusher for total yardage, 751, with Mayberry third with 735 yards. Olton's Glenn Johnson wedged between the two with 745 yards.

However, where Turner and Johnson have each been the workhorse of their respective teams, Mayberry has carried the ball just 57 thimes on the balanced Dimmitt team, and has a remarkable 12.9 yards per carry average.

Mayberry had one of those nights that leave opposing coaches shaking their heads in Dimmitt's 40-15 win over Lockney last Friday. The Bobcat speedster scored five touchdowns, and averaged over 20 yards per carry, getting 123 yards on only six attempts.

In addition to scoring three times on runs from scrimmage, Mayberry also scored on a 78-yard pass play, and returned a punt for another marker.

Coach Dean Wright pointed out that Lockney actually controlled the ball more, having it for 86 plays to 38 for the Bobcats, and led in first downs and total yards. Unfortunately for the Longhorns, they just didn't keep the ball long enough.

In other league games, Friona remained unbeaten by thumping Dalhart, 19-2, and Olton powered past winless Idalou, 34-7. Littlefield ran into a potent Roosevelt team and lost, 30-0, and Morton fell victim to Muleshoe's first win of the season, 16-6.

Morton, still hurting by the loss of fullback Tony Soliz, had it's punting game go sour. Muleshoe blocked one punt and recovered it in the end zone of a TD, and took advantage of another punt that went straight up for a field goal that shot the Mules into a 10-0 lead.

Friona continued its good defensive record, but missed out on a fourth shutout win of the season when Dalhart scored a second-period safety.

ECONOMY

you get it all with

NATURAL ENERGY Gas Heating

Fresh, warm air gently circulating from floor to ceiling ... so nice to take for granted. Comfort is clean gas heat.

And that dependable comfort is such a bargain here in West Texas. Though gas energy costs a little more than it use to, gas furnaces still **cost less than one-third as much to operate** as similar electric furnaces.

And at the same time you're saving money with gas heating, you can also have a warm feeling knowing that you're helping conserve energy. Gas heating uses **only half as much energy** as an electric system doing the same job.

Comfort, efficiency, and economy . . . you get it all with natural energy gas heating.

Meeting Place Needed For Young Olton Boxers

Needed, a "Good Samaritan" who has ample space available and is willing to allow little boxers to use it for a work-out gym!

A good number of Olton's youngsters and youth are interested in the boxing program which has been conducted in the past through the generosity of just a few persons willing to work with the group and personally finance the program. The building so graciously provided in the past has been purchased and is the home of Olton's new industry, Pro-Sox, Incorporated and little boxers have no place now to meet. Until proper space is found, Dick Watson has opened his garage so the program could continue but a place is needed in town. Persons who have available space to provide for this worthwhile interest are asked to contact Watson, Wayne Phares, Bill Chaney or Gene Chaney.

Durwood Lynch of Lynch Row Harvestor has offered labor and most materials needed to built a portable boxing ring for Olton boxers if local people can raise about $400. The ring will be valued at$2,500 when completed. Contributions for this are also needed and will be appreciated.

THE FAMILY LAWYER

Mittens for Pickpocket

Not long ago a man found guilty of picking pockets was granted probation on the condition that he wear mittens whenever he went out in public during the following five years.

This order suggests the wide range of possibilities that may occur to a sentencing judge when he allows a convicted person to go free on probation. The idea, of course, is to keep the culprit from getting into trouble again.

As a matter of law, the judge has considerable leeway in setting conditions. Besides the usual requirements, such as avoiding association with criminals and keeping in touch with a probation officer, special limitations have also been held lawful.

Examples:

1) that a bookie should not have a telephone in his home;
2) that an assaulter should not go near a certain woman; and
3) that a labor "goon" should not be eligible for union office.

On the other hand, the law is leery of conditions that are too freakish (because they are hard to enforce) or too severe (because they are hard to live up to).

Also, there are constitutional limits that must not be transgressed.

In one case, a court granted a man probation on condition that he donate blood to the Red Cross. But this condition was thrown out on appeal because it called for "invading the physical person in an unwarranted manner."

Equally invalid was a condition in another case that the felon, who was a promising athlete, not play any college or professional basketball. The appellate court said that such a restriction, rather than keep him out of trouble, was more likely to get him back in.
