FIRST BALE - Mitchell County Gin in Loraine ginned the first bale of cotton in the county on Monday, Oct. 1. The bale weighed 530 pounds and was ginned from cotton produced by Mark Cornutt, second from right, on land owned by A.J. Barron, right. Joe Condarco, second from right, was the ginner. Mike Gage, left, owns the gin. The cotton had a 2267 turnout with 1379 Holland seed. Cornutt said the cotton is producing about a bale per acre.

Junell: water vital issue facing Texas

State Rep. Rob Junell (D-San Angelo) said Tuesday that one of the most important issues facing Texas is the protection of the state's water resources.

During remarks at the 35th annual convention of the Mitchell County Farm Bureau, Junell said that those counties which preserve their water quality and quantity are the ones which will grow and prosper.

He said he is opposed to state regulation of underground water.

"Local control of water is best control," he said.

Junell, who is seeking his second term in office unopposed, said there are four ways to help judge political candidates:

1. Does the politician hold the public's interest ahead of his or her own?

2. Has the politician extended some intellectual effort in deciding how government should operate?

3. Would I trust this person with my life?

4. Does the politician have a sense of humor, especially when it extends to himself?

Although a Democrat, Junell said he is supporting Republican

Rick Perry for Commissioner of Agriculture. Perry is opposing incumbent Jim Hightower in the November 6 general election.

"I have dealt face to face with Jim Hightower, and I personally know Jim Hightower cheated out this state hundreds of thousands of dollars," said Junell.

"It's time we have an agriculture person in the department of agriculture," he said.

Perry is a fifth generation rancher from Haskell and has served as state representative.

In other business, David Stubblefield, local Farm Bureau president, presented Colorado City firefighter Linda Mathis with a check and certificate for having attended the Texas Firemen Training School at Texas A&M

University. The Farm Bureau paid Mathis' way to the school.

Mitchell County Farm Bureau charter members Ross Hargrove, Linden Solomon and Royce Mahon were presented with caps by Travis Turner. Other surviving charter members who were unable to attend are Tom Moore, James Barr and Gwan Strange.

Incinerator protest group said making progress

Peggy Maddox, chairperson of Texans Against Pollution (TAP), a Mitchell County-based group, said the group is making progress in its fight against a proposed hazardous waste facility and incinerator in Mitchell County.

"People call us constantly wanting information and offering help," she said at a meeting Monday night at the civic center attended by about 75 persons.

"However, the county judge and the commissioners court are still very much in favor of the project," she said.

She reported that a group of Westbrook area landowners has

organized in opposition to the project.

During a recent organization meeting, J.W. Schlee said there were about 125 farming and ranching families in attendance, "better than 90 percent of the people who own land in and around Westbrook."

"We feel the county commissioners have gambled with our land and sold it to the cheapest bidder," said Schlee.

Maddox said TAP hopes that the county commissioners will respond to the will of the people.

Physician closing office here

Colorado City physician Frank Kretsinger has announced that he will be closing his office here and moving to Muleshoe.

Kretsinger, who opened his practice here about a year ago, said that he will resign from the staff of Mitchell County Hospital effective

Oct. 16. He is asking that his patients obtain an alternate source of medical care prior to Oct. 16.

"The people here are wonderful and it tears me up to leave," said Kretsinger, adding that his decision to leave was "a family decision made for my family."

Russell wins football contest

Winning first place in the Jackpot Football contest was Pee Wee Russell for the weekend of September 28-30.

Russell missed four games, but also missing four games and placing second was Jessica Vidal. Russell's tie breaker prediction was closer than that of Vidal's which gave him first place. Missing five games and taking third place was Randy Anderson who predicted the exact score of the Dallas vs Giants tie breaker, 31-17.

Russell will be awarded \$25 in football bucks, Vidal - \$15, and Anderson - \$10.

This week's Jackpot Football contest can be found on page 6.

Want agreement rescinded

Landowners protest proposed incinerator

A group of Westbrook area landowners asked the Mitchell County Commissioners Court Tuesday morning to rescind its host agreement with National Waste & Energy Development which has proposed building a hazardous waste incinerator in southwest Mitchell County.

The group, known as the Farmers and Ranchers Association of Westbrook, filled the county court chambers.

J.W. Schlee, spokesman for the group, said "none of these people want what you have placed upon us."

Schlee said some of the land in the area has been in the same families for generations and that "you are jeopardizing it" by the proposed incinerator which will burn hazardous waste.

Schlee read a resolution in

opposition to the incinerator signed by some 100-125 families.

"These people don't want what you have given to them," he said.

Schlee said that the incinerator would pose a hazard to the land, water and air by the chemicals and hazardous materials which would be burned.

County Judge Mac Morris said "we gladly accept your petition" adding that the county "does not have any permitting or regulatory authority."

By signing the host agreement, Morris said, "we gave them (NWED) the right to pursue a permit."

Sonny Hollis of Westbrook, a member of the group, said "these people have a vital concern...you owe the people of Mitchell County

Alford named new hospital administrator

The Mitchell County Hospital District board of directors Tuesday hired Wendell Alford as administrator.

Alford, from San Saba, has extensive background in the health care business, having served as administrator of the 35-bed San Saba Hospital from 1986-89, and as director of pharmacy services of Doctors Hospital in Houston from 1984-86. He also has worked for Lifemark Corporation in Houston, M.D. Anderson Hospital in Houston and as director of pharmacy services for several nursing homes.

He currently is a regional consultant for American Hospital Association of Chicago, Ill.

Alford, who will begin his duties Nov. 1, is actually hired through Methodist Hospital in Lubbock which provides administrative services for the Mitchell County Hospital for \$5,000 a month which includes the administrator's salary. However, the local board has final authority in hiring.

Alford will replace Jim Bullard who has served as interim administrator for the past several months.

In other business, the board accepted the resignation of Dr. Frank Kretsinger from the staff of the hospital. Kretsinger is moving

OLD TIMERS SPEAKER - Earnest Porter, right, featured speaker at Saturday's Mitchell County Old Timers Reunion, visits with friends following his presentation.

'Old timers' gather for reunion

The annual Mitchell County Old Timers Reunion drew a capacity crowd Saturday at the Civic Center as residents and former residents gathered to reminisce and to rekindle friendships.

Guest speaker for the noon luncheon was Earnest Porter of Jackson, Miss.

Porter is the grandson of Mitchell County pioneers Mr. and Mrs. G.H. Earnest. He grew up in Colorado City and shared his remembrances with those present at the luncheon.

He graduated from Colorado High School in 1940, and he and

the others delighted one another by remembering their friends, neighbors and teachers such as his first grade teacher Inez Butler who always dressed in black.

Jim Baum was master of ceremonies for the event and he presented a number of awards including:

- Person who has lived in Mitchell County the longest, Fannie Cooper, since 1903;

- Couple married the longest, Mr. and Mrs. L.B. Elliott of Colorado City who have been married 71 years;

- Oldest person present, L.B.

Elliott, 93;

- Person coming the longest distance, Doris Doss Ramsey, from New Jersey, some 2,000 miles;

- Person with the most grandchildren, Jack Simons, the grandfather of 20;

- Youngest person in attendance, 7 1/2 month-old Clay Morrison of Midland;

- Person who moved away and came back the most times, Carol Boney, four times;

- Person with the baldest head, Harvey Hicks.

Arlene Morris was chairman of this year's Old Timers Reunion.

a right to voice their opinion."

Morris said that three town meetings conducted prior to the county signing the host agreement were designed to solicit public opinion on the project.

However, several at Tuesday's meeting said had they known what they know now about incineration, they would not have been in favor of the project at the initial public meetings.

Several members of the group Tuesday voiced opposition to the project, saying that they do not fully trust the regulatory agencies which would be regulating the hazardous waste landfill and hazardous waste incinerator.

Pct. 3 Commissioner Buddy Hertenberger said "what I'm trying to do is represent the people best I can."

Hertenberger said he visited Deer Park which has an incinerator and talked to people on the street. "I did not find 100 percent acceptance, but it was in the high 90s," he said.

Hertenberger said the Deer Park incinerator is located near the San Jacinto State Park. "From what I observe, if something was seriously wrong, the people at the San Jacinto State Park could get it shut down."

"We are continuing to study this thing because we took only one step, the host agreement," said Hertenberger.

Morris said if the county did rescind the host agreement, it wouldn't stop NWED from continuing with the permit applications.

However, Jim Cronin of NWED has said that his company will move on if it is not welcomed in Mitchell County.

"If the county rescinded the host agreement, it wouldn't stop the process," said Morris.

Morris estimated that it will be another year and half before the permit application begins.

Hollis asked that the county conduct a referendum and let the people decide whether or not the county should rescind the host agreement.

Morris said that just because the Westbrook group is against the project doesn't mean that there isn't as many people in favor of the

project as against it.

Morris said the county has talked with the attorney general's office to see if a non-binding referendum can be conducted and said the commissioners will study the possibility of conducting such a referendum.

Texans Against Pollution (TAP) is conducting a massive petition drive against the project and has already collected some 2,000 Mitchell County signatures. However, Morris said he would not be satisfied with petitions.

Morris said the county will continue to investigate the project.

In other business, the

commissioners:

- approved the payment of an out-of-date insurance claim by a county employee;

- approved a right of way easement requested by Chevron which wants to bore under county road 234;

- amended the annual budget for the juvenile probation department in the amount of \$1,000;

- accepted the annual audit report as presented by CPA Joe Morren, and;

- accepted a petition asking that the county accept as a county road a half-mile stretch of road in precinct one between land owned by Travis Turner and Albert Martinez.

TAP

From Page 1

Maddox said that some TAP members attended a statewide rally in front of the Texas Water Commission offices in Austin recently. The rally was organized by Texans United.

Darlene Hines of Westbrook who attended the rally said that Texas Agriculture Commissioner Jim Hightower criticized TWC chairman Buck Wynne III for the Sept. 11 approval of an incinerator in LaPorte which was reportedly opposed by Harris County officials, the chamber of commerce, various communities and the TWC hearing examiner.

John Crump of Texans United was at Monday night's meeting and said that his organization is fighting "these kinds of projects all over Texas."

Crump said that the "health and well-being" of LaPorte was sold

"down the drain".

"You need to do everything you can before the permitting process," said Crump, adding that the regulatory agencies are not going to protect the citizens.

Maddox said even if the Mitchell County project gets to the permitting stage, "we're still going to fight it all the way."

Maddox said that TAP is continuing its petition drive and that a door-to-door drive is scheduled for Oct. 8. She said 2,000 Mitchell County signatures opposing the project have already been collected.

Molly Bruce said "there are still signatures out there we can get," adding that the group will target precinct three during the petition drive.

Maddox said 3,000 signatures have been collected from Scurry County residents.

his practice to Muleshoe.

Since Lubbock Methodist has a management agreement with the Muleshoe hospital, Bullard said Methodist will pay all the expenses incurred by the local hospital in recruiting a physician to replace Kretsinger.

Kretsinger's resignation is effective Oct. 16 and will leave the hospital with only one full-time

physician, Dr. Dee Roach.

Administrator of the Muleshoe hospital is Richard Murphy, former administrator of Mitchell County Hospital.

Class of '35 has reunion

The senior class of 1935 of Colorado High School celebrated its 55 years with a reunion dinner and an afternoon of visiting on Friday, Sept. 28, at the state park dining hall.

Buster Aycock, master of ceremonies, gave tribute to the memory of Christine Hammond Du Bose and to Robert Coffman, an esteemed teacher and class sponsor.

Robert William Coffman was born Nov. 6, 1906 in Taylor County near Abilene. He graduated

from Abilene Christian University with a B.A. degree and later in 1939 earned an M.A. degree from George Peabody. While there he met and married Louise Timmerman, also a teacher. They have four children: two girls, Virginia and Nancy, and two boys, James and David. The girls both followed the career of teaching as did their parents; James is retired from a career in the Air Force while James is a forensic chemist in Florida. Mr. Coffman devoted 36 years to his educational career and was active in his church and community affairs. He taught mathematics and coached the girl's

basketball teams at Colorado High from 1934-38. He enjoyed his time in Colorado City which he classified as "the best".

Those attending the reunion were Don and Lucille Blasingame, J.B. and Margaret Marshall, Floy and Reynolds Brown, Charlye and Billie Smith, Lenabelle Smith, Ruth and Joe Barnett, Buster and Betsy Aycock, Homer and Florence Bodine, Mirl and Henry Springfield, Aldred and Sefton Pickens, Charles and Florence Walker, Rush and Puddy Neff, Romaine and Johnnie Hammond, Madrine Hammond Glenn and Bunk Girvin.

Godina named to honor list

Tomas Godina of Colorado City has been named to the President's Honor Roll for the recently completed summer term at Texas State Technical Institute (TSTI) in Sweetwater.

Students must maintain a 4.0 grade point average to be selected for the President's Honor Roll.

...by Debra Miller

The Ruth Sunday School Class met last Tuesday night for their annual elections. Several plans were made for the coming months.

Secret pals were chosen. Snacks were served with iced tea.

Those attending were Peggy Manning, Judy Moore, Becky Manning, Marlena Rice, Debra Miller and Debbie King.

Mary and Jane Miller, LaVern Moore, and Lila Golden went on a trip this past week to Arkansas and Oklahoma. The ladies went to visit relatives.

Laurie and Sam Miller were in Snyder over the weekend to visit their grandparents, Mr. and Mrs. James Quinney.

Mr. and Mrs. Roy Petty and Jenny were in Sweetwater Saturday for the American Quarterhorse Show. Sara showed Liza's buck in Amateur Aged Stallions and took first place and reserve in Amateur Stallions.

Congratulations Priscilla Duran for winning the reading contest in Mrs. Sheet's second grade class.

Mr. and Mrs. Charles Walker of Odessa, Mrs. Geraldine Holtkort and Mrs. Agnes D. Robertson of Lubbock and Mr. and Mrs. Kay McCauley Jr. of Colorado City visited Mr. and Mrs. W. A. Bell during the weekend. The group attended the Old Timers Reunion in Colorado City on Saturday.

Mrs. Barclay hosts extension homemakers

The Looney Extension Homemakers Club met in the Lone Wolf Medallion Room on Sept. 26 at 2:30 p.m. with Mrs. Eddie Barclay as hostess.

Lou Ella Hall called the meeting to order. The club prayer was led by Lonie Pruitt. Roll call was answered with "My Favorite Accessory".

Minutes of the previous meeting were read and approved. Etta Lee Gibson had charge of recreation. Lonie Pruitt gave the council report. The club made final plans for the members to work during the fair.

Lou Ella Hall gave a health program on an article entitled "My Sister's Legacy". The story tells of how the Susan Komer Foundation was started with \$200 and has now grown to over \$7 million. The foundation helps cancer victims find places that they can go for treatment.

The hostess served sandwiches, chips, cookies and snacks to Lou Ella Hall, Corrine Barnett, Ruth Myers, Etta Lee Gibson and Lonie Pruitt.

The next meeting will be Oct. 30.

Lorraine boosters donate money to projects

The Lorraine Sports Booster Club has donated money to the Lorraine ISD to be used at the school's discretion.

The school chose to use the money in ways that would benefit all students in the following ways:

- Ultra-sound machine to aid in the recovery of athletic injuries;
- New carpet in the high school boy's and girl's locker rooms;
- Help toward the purchase of new football and basketball scoreboards;
- Help paint the mascot on the water tower;
- Help pay for meals on out of town football games;
- Help pay for cheerleaders meals on out of town games;
- Help defray expenses for junior high and high school cheerleaders;
- Help purchase 35mm camera for annual staff.

The main goal of the Lorraine Sports Booster Club is to include as many students as possible in our efforts. We support all sports and the cheerleaders through this organization.

We urge all parents of students participating in these activities to please join the Booster Club and to especially come out and support the students at their games.

County Oil & Gas Report

A trio of new producers has been brought on line in Mitchell County's portion of the East Howard-Iatan Field with Mobil Producing of Midland as the operator.

The wells include the Nos. 259, 262 and 265 Mary Foster, all located about 3.5 miles southwest of Iatan. They showed ability to pump 111 combined barrels of oil per day from the Clear Fork Formation.

Pay intervals range from 2,362 to 3,369 feet into the wellbore.

The No. 265 was the stronger of the three wells, making 55 BOPD. The 259 and 262 made 31 and 25 BOPD, respectively. Oil tested at 29-gravity.

Water production ranged from 77 to 348 barrels per day.

Chevron U.S.A. of Midland has completed three new wells for secondary oil recovery by water injection methods in the Westbrook

Field, Mitchell County, four miles north of Westbrook. The wells will be known as the Nos. 6926, 6927 and 7024 North Westbrook Unit "W".

They are in a 7,979-acre lease in the T&PRR Survey Section 22 Block 28. Total depths range from 3,213 to 3,217 feet into the wellbores.

Location has been staked for the No. 262 Mary Foster in Mitchell County's sector of the East Howard-Iatan Field, 3.5 miles southwest of the Iatan townsite. Mobil producing of Midland is the operator. Carrying permit for 3,600 feet of hole, the well is in a 3,840-acre lease assembly in the T&PRR Survey Section 7 Block 29.

Letters to the editor

Thanks

TO THE EDITOR: I would like to thank Keith Ruddick and Renee Culpepper for judging the entries at the Pet Show (at the fair). This is a tough job, and I appreciate their help.

Thank you also to the parents and kids who brought their pets and participated.

Thanks to all of these, the show was a success.

Thank you,
Brenda Eades

thank the ladies of the B&PW Club for putting on the Bake-Off again this year. I know how much work is involved in organizing such events, and I appreciate their time and effort. I realize this is a fund raiser for them, but that doesn't make the work involved any less demanding. I also appreciate those businesses and individuals who supported them in the auction.

Thank you,

TO THE EDITOR: After listening to comments over the

CHIEF LONE WOLF

Why are Wolves called Wolves? For the answer, let's go back to the year 1924. It was the first year of compulsory school attendance in Texas. Professor E. F. King was beginning his eighth and final year as superintendent in Colorado City. (He would leave here and take a job with the Amarillo school district).

Prior to classes beginning that year, however, Prof. King called on heads of families to discourage "all parties and social functions on the evenings of Monday, Tuesday, Wednesday and Thursday of each week." And, it was strongly recommended that students attend the full nine months of classes if they wanted to be promoted.

"Several bright students," the superintendent said, "were prevented from making their grades last year by being kept out of school two or three months, to work."

When school bells rang that September of 1924, the CHS senior class had thirty students. It was the largest graduating class at Colorado High, up 'til then. But the most notable event of 1924 was the launching of a football program in Colorado. Although young men from the high school made up the team, it was not a school function, as such.

Colorado businessmen, feeling the football team would be good advertising for their town, bought those first uniforms. And, the coaches, John M. Prude and Ed Grant, were not faculty members. They worked for a local paving company. One other thing; no team nickname, such as "Wolves," is mentioned in any of the Colorado Record news stories.

Mike Smith, now a spry 82 year old resident of Colorado City, played as a freshman on that first CHS squad. He doesn't remember who Colorado played their first game against, but he knows his team lost.

"It was pretty bad," Smith recalls. "The game was stopped after about thirty minutes." Then after a few more minutes of reflecting on that day 66 years ago, Smith added, "It wasn't too bad. Maybe 13-6, or something like that."

Game Two: Midland 13 Colorado 0
"A number of unlucky breaks," the Colorado Record stated.
Game Three: Roscoe 12 Colorado 0
"The team is not doing well," wrote Herbie Pass.
Game Four: Big Spring 57 Colorado 0
"The Steers registered more weight than the locals," Colorado Record.
Game Five: Snyder 7 Colorado 6
"Coach Prude has thrown down the gauntlet through the declaration that his team will beat Rotan," Colorado Record.
Game Six: Rotan 44 Colorado 0
"It was evident from the start that Colorado was outclassed from the start," Colorado Record.
(Next week: Game seven.....v-i-c-t-o-r-y).

radio about the water scare, I'm even more concerned about our water. I'm the mother of the child that was admitted to the hospital here for several days and later transferred to Scott and White in Temple. My son is nine years of age, and I feel that he is past the stage of playing in dirt, which it was stated by our city manager, this is where the pt. might have contracted the bug.

After being told by four doctors to notify the Dept. of Health about my son's illness, because this could only come from bad water. My Doctor here was also notified once they found the cause. Tuesday, a note was left on my door from the health Dept., noted that samples of the water in my yard were being tested for Histocytosis.

My son was Dx. as having Blastocystis Hominis - a parasite found in bad water. It took them three days of culturing every stool to find this bug, but it only the dept. of health a matter of hours to return a report, this parasite is not easily found; in fact some samples can give a false negative report. I wonder who tested the water when it comes from our faucets the color of mud, and who tested the water when it smells like the sewage, and if samples were taken did the reports come back labeled the Best Water in Texas.

Moms, some of the symptoms of this illness is: stomach cramps, diarrhea, fever, headache and nausea and vomiting. My son also started expelling bloody mucus stools. This parasite causes very severe stomach pain, of if you are not in the habit of checking your child stool (diarrhea) take a look and also keep count, children can easily become dehydrated and other problems can arise.

We were asked several times if we had traveled out of state, or out of the country. We have not traveled anywhere, no swam in any creeks. Our address is on 16th Street, the north side of the city. We did drink city water, but from now on we will either boil the water before drinking in which we were instructed to do so or BUY IT.

Free enterprise

TO THE EDITOR: Although the fair is over, the actions of the city council remain in the atmosphere. The BIG THING these days is the growth of Colorado City. In order to grow, the people and organizations must have a "one for all and all for one" attitude.

Competition is the life-blood of free enterprise, and free enterprise is the only method by which an economy can grow. A city will not grow if the city council promotes exclusion. They are defeating their purpose.

'Good S' American'
TO THE EDITOR: On Sept. 21, it was one of those days it rained. We pushed our "other car" which had a dead battery, from under the carport, so the rain could wash off several layers of dust that had accumulated. It did not stop where we wanted it but rolled out, blocking about half of the street. My husband and I were trying to push it forward to clear the street. One of two cars went around it; then a very nice lady also went around, but seeing the situation, stopped, backed up and got out to assist. She and my husband decided the task could best be accomplished by using her car to push ours forward enough to clear the street. She was in and out of her car, in the rain, several times, checking to be certain her bumper would strike our bumper at a place where neither car would be damaged. My husband guided our car and stopped it short of the carport. He thanked her, to which she responded, as she drove away, with: "Have a nice day."

It may be that we are acquainted with this "Good S' American" but if so, we failed to recognize her at the time. We appreciate you, dear lady and ask God's blessings upon you.

Sincerely,
Elizabeth Elliott

Lady Wolves host Snyder

The Junior High Lady Wolves hosted the Snyder Tigers on Monday, October 1 in volleyball.

The seventh grade B-team began the evening losing in two matches by scores of 10-15, 11-15. Haley Griffen served for 4 points in match one while Shelly Bryant had 6 points in match two.

The A-team also fell to the Tigers but in three matches. The Tigers took the first match, 3-15, but the Lady Wolves came back to win a close one, 15-12. Brandi Parker served for 6 points in the victory. Match three belonged to the Tigers winning by a large margin of 15-1.

The eighth grade B-team Lady Wolves were defeated in two games, by scores of 3-15, 4-15.

The A-team were the only victors of the night for the Wolves winning in three extremely close matches. The Tigers grabbed the first match, 12-15 in which Bethany Bridgford and Jeanette Ceballos combined for 9 points. The Wolves then played for a 15-10 victory with Amanda Alvarez and Bridgford serving for 6 points each. In the final match, Misty Hall served for 6 points while have great support from Kamie Lamb and Bridgford who served for 5 each in the 15-7 win.

Wolves host Wylie here Friday night

The Colorado City Wolves have one game prior to the district opener, but the Wolves better not look to far ahead.

The Wolves will play old "friend," Wylie. The Bulldogs currently have a record of 2-1-1 coming off a loss to Graham in a game which consisted of six field goal attempts. The difference, Graham won 3-0.

The Bulldogs have speed and size, not unusual to the Dogs of old, in this year's arsenal. Holding down the TB position is State runner-up in the 300 Hurdles, Eddie Parker. Parker finished last season with 270 yards in four games to earn him an all-district mention. Also returning is 6'6", 230 pound, Ken Blackman. Blackman was a two-way All-District performer a year ago, and is very well on his way to duplicating his efforts.

Colorado City could not quite put the Badgers away in Friday night's tie, but the Badgers did

manage to put the bite on the Wolves as the Wolves will go into the game with Wylie without three starters - LB Cade Proctor, WR Jeremy Strain, and DE Oliver Sosa. All three athletes suffered knee injuries. It is probable that Proctor and Strain will return, but Sosa will go under knee surgery later this season. The Wolves have been without the use of Chris Williams another LB who has been out due to a knee injury but will be back in a couple of weeks.

As for the Wolves tie game against Merkel, Coach Tom Ramsey felt that the Wolves, "brought out the best in Merkel."

"We were disappointed because we were ahead, and they came back to tie the score," said Ramsey. If one recalls, the Wolves had a chance to win in the last few minutes, but could not punch it in due to a turnover.

Friday night's game will start at 8 p.m. at Wolf Stadium.

KEEP YOUR EYES ON THE BALL - Wolf Jeremy Strain, #2, awaits a pass from QB George Ramsey in Friday night's tie with Merkel, 21-21.

CHS Lady Wolves host Miles Bulldogs

On September 25, the Colorado High Lady Wolves hosted the Miles Bulldogs in volleyball to continue the 1990 season.

The Freshmen Lady Wolves were the only Wolves to fall to the Bulldogs, but the young ladies played well.

The first match was the closest of the two as Lori Kay McElvany served for 5 points in the losing match, 15-12.

In match two, the Lady Wolves were defeated 15-10. Robin Walls served for 5 of her own points.

The Junior Varsity Lady Wolves did not have much problem with the Bulldogs as Tammy Ceballos served for the last seven points to defeat Miles 15-12 in match one.

In the second match, Miles tied the game up at 4-4, but that would be all the points the Lady Wolves would give up as Elaine McNight also served the last seven points, 15-4.

The Lady Wolves have defeated Miles twice this season, but during Tuesday's action, the Bulldogs made the Lady Wolves stretch for three matches.

In match one, both teams traded points back and forth until the Lady Wolves pulled through and won, 15-11.

Match two was almost identical, but Miles prevailed in the end to defeat the Lady Wolves by a score of 16-14.

In the third match, the Lady Wolves did not serve well, but did manage to jump out to a 5-0 lead one point at a time. The Bulldogs crept creeping back but could never quite muster enough offense to capture the lead as the Lady Wolves won, 15-13.

Angie Williams served for 5 points in match one, Tracy Hoover had 7 in match two, and Lisa Martinez gathered 5 in the final match.

Hunting tourney set

Beginning on November 3, 1990-January 6, 1991, the KWZD/Wizard 103.7 "Big Bucks Tournament" will be the biggest hunting tournament in West Texas history, with \$20,000 in cash prizes, including \$1,500 weekly.

Now, there is one tournament that encompasses the entire Big Country area. Tournament rules follow Texas Parks & Wildlife guidelines, with only Texas whitetail deer qualifying.

This tournament will be a first, taking weight of the deer into account as well as the rack. Area hunters are excited about this. Weight will be the totally dressed-out weight of the animal.

"Big Bucks" judging stations will be: Stephens Processing in Abilene, Ray's Grocery in Breckenridge, Trophy Taxidermy in Brownwood, Lake Gardens Processing in San Angelo, Swenson Meats in Stamford and

Texas Packing in Sweetwater.

There will be registration locations in 30 counties in the Big Country area, including KWZD/Wizard 103.7 at 3517 Grape Street in Abilene. In Colorado City, hunters can register at Wood's Boots on East I-20.

Weekly prizes include best rack, biggest by weight, total rack and weight and biggest doe.

No deer from game ranches or "canned" shoots will be allowed, and polygraph examinations will be required of all winners, as per tournament rules. Prior registration (to hunting deer, then registering) is mandatory.

Entry fee is \$25 per week on a weekly basis during the tournament.

For more information, call Sam Heller at (915) 676-2227 or call the KWZD Hunter's Hotline at (915) 695-3300, ext. 1030.

Loraine falls to Grady, 38-8

On Friday night, September 28, the Loraine Bulldogs suffered yet another defeat by the score of 38-8 to Grady.

"I thought the defense played one the best games of the season," said head coach Rob Loy. "We just need to get our offense going."

The Bulldogs' Anthony Williams had 15 carries for 122 yards and the single touchdown for Loraine.

"We had a chance for several touchdowns, but we had breakdowns that hurt us," he added.

"Billy Martinez played well," said an impressed Coach Loy. Martinez had an outstanding performance on defense.

The Bulldogs' next challenge

will be Panther Creek who returns a host of talent including QB Jamie Humphries who passed for 2,430 yards and rushed for 1,320 last season. "We'll have to controll Humphries because of we don't, he'll tear us apart," commented Coach Loy.

As for the Junior High Bulldogs they lost their first football game on Thursday, September 27, to Hermleigh by a score of 38-18.

Scoring for the Bulldogs were Andre Crawford and Joe Leija who had two touchdowns. "We did not play bad, but this week we're going back to tackling and blocking drills," commented Coach Loy. The JH Bulldogs are 2-1 on the season.

AIR TRACTOR: FARMING FROM THE SKY.

The long narrow wing minimizes tip vortex size, cutting drift and evaporation losses. Air Tractor's single low-wing configuration keeps the vortex center close to the ground, where the energy from the vortex can move spray droplets through

the crop, giving better coverage. Fully loaded, the Air Tractor weighs twice as much as lightweight ag plans in use. The extra weight pushes the swath through dense foliage down to the bottom leaf for complete coverage.

"Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap." Galatians 6:7. So let's be careful what we sow.

Problems are guidelines, not stop signs.

Dear God, grant me the serenity to accept the things I cannot change, courage to change the things I can and wisdom to know the difference.

Attention all exes. Loraine Homecoming will be October 12, opening with a ballgame at 7:30 p.m. at Johnson Field with Trent as

our visitors. We sincerely hope a large crowd will come for the game. We need your support.

Then Saturday morning, October 13, registration will start at 10 a.m. and visiting, get-togethers etc. will be until noon. After lunch we will have a business meeting with the class of 1955 in charge. There will be meetings for the different classes after that I am sure. You will find out that when you get here.

The class of '55 would like to invite the '53 and '54 classes to their get together. They will also tell you when and where once you are here and it has all been worked out.

There will also be a tail-gate

party at the County Club from 6 p.m. until whenever you want to leave. All exes are invited to this party and you may bring your company.

The Boosters Club had a booth at the fair, a car wash Saturday on Fullers parking lot. They report a very successful weekend. Several of the Loraine ball teams helped with this.

I have also been told that one of our newest families, the Slys are real good workers. Thanks for being so much a part of our school. We also want to thank the Raymond Fullers for letting us use their parking lot. We appreciate it.

Bonnie Ruth Duke House has moved her gift shop from Woods Boots complex to Crossroads at Roby. This move was for convenience sake as she and her partner live at Rotan.

She says she enjoyed being in Mitchell County but the driving was getting to be too much. She invites you to stop for a visit and a cup of coffee if you come through Roby.

Brian Butler is on crutches as a result of Thursday night's junior high ball game. Hope he is soon able to be back in the line-up.

We really hope both teams play well this week and can come out winners.

Mary Coffee is supposed to be home from Dallas by the time you read this. Her daughter Mary Lee, will bring her home and stay several days until Mary is well enough to be on her own. She is doing nicely I am told.

Mavis and Truman Nix were in town last Friday on their way to Hamlin homecoming and on to Lubbock for the weekend with their son Randy and Wilma Nix and family.

They also visited in Loraine with her mother Inez Webb who has been sick for a week or so.

Truman Nix coached football in several West Texas schools until he retired.

Nancy Davenport of El Paso visited her aunt, Nannie Hallmark in the Loraine Nursing Home. She was accompanied by her aunt, Roxie Soules of Roscoe.

Miss Davenport is the granddaughter of Carl and Tinny Price, also of El Paso.

Mr. and Mrs. John Mercer of Straton, Oklahoma were guests of the Elmer Rainey's from Friday of last week until they left on Monday. They attended the First Baptist Church with Stella Sunday morning.

Mr. and Mrs. Jvon Gourley of Odessa spent Saturday with the Rainey's and Mercers.

The Rainey's came by this morning to show me a sweet potato that weighed eight pounds. It looked like a cluster of small potatoes, but it was all one yam.

Quinton Merket will be home this weekend to pick up his wife and baby who are visiting her parents in Colorado City.

They came home with granny Joan last week when she visited them in Ft. Knox, Kentucky.

I heard Liz Mayes mention her son Billie Sunday morning but I haven't had a chance to talk to her about him, except I do know that he was up for discharge in a few weeks, but has been told that there

will be no discharges because of world conditions and I am really sorry about it.

Saw Bob and Wanza Graham's oldest daughter Brenda of Roscoe in church with them Sunday morning. I believe she is to have some surgery soon. Hope the best for you Brenda.

We had a real nice musical program in our church Sunday night. I feel sure everyone enjoyed it. Our choir was just great, but then Danny does a good job, and sorry ladies, but we have the world's best pianist so that helps along with a group of good singers.

Donnie Cornutt and his daughter from Champion sang for us as did two men's quartets from Sweetwater, the Hackfeld sisters, Judy Stewart and her mother from Roscoe, Rev. and Mrs. Brantley's daughter also a Brantley granddaughter, our own quartet. I probably have skipped someone but I didn't intend to, my mind doesn't always work as well as it did a few years ago.

We are real happy all these folks came our way, we are better people for it. We hope they come again. Maybe next time Bro. Brantley will get someone to make his peanut butter ice cream for them.

Maxine Harris is home from Las Vegas where she spent three months with her son and family, Kenny Harris.

Clovis Hale was here to visit his mother, Punk Hale in the Valley Fair Lodge in Colorado City. He also visited d his mother-in-law, Irene Kidd of Loraine.

Paul D. Finn, a grandson-in-law came for Mrs. Walker Wednesday afternoon. Gordon Allbright brought her home Saturday.

While in Odessa she visited her brother Bruce Hart and wife, Mary and Martha Cianciulis, Mrs. Hart's daughter of Dallas who is in Odessa while Bruce is ill.

Jack Allbright is slowly improving from his five by-pass

PTO project slated

Dear PTO Members:

I hope your Aunt on your cousin's side is better!

Monday night, we made a lot of decisions and this is what we came up with. Everybody that wasn't there has to make 72 tiny little daisy cookies with each of our names on them! Not really.

We will be making black and gold windsocks to sell between October 12 and November 12.

The teachers set up speakers for

us to hear at each meeting that will be very informative for all.

The Fall Festival will be held at the Ag Barn by the baseball field, Saturday, October 27 at 6 p.m. The PTO will have the cake walk and possibly other booths to fill in empty booths if needed.

Please contact me or some of the other officers and make your commitment to the windsocks, making a cake or working a booth. Sharon

Mrs. Walker honored

September 26, Wednesday evening from 7-8 p.m., Mrs. Syble Walker was honored with a surprise 87th birthday party at the home of her daughter and son-in-law Mary Love and Jack Allbright in Odessa.

Peach colored silk flowers centered the table. A peach and light green on white decorated birthday cake was made by Mrs. Walker's granddaughter.

Jeanie Finn was served with fruit punch, tea and nuts.

Guests were Jeanie, Paul D. Finn, Jerrod and Melissa, Gordon, Mary Allbright, Brad, Elizabeth, and Mandy, Luther and Oneta Bitner, Cleo McNaull, Ouida Biggers, Polly Allbright, Charles and Florence Walker, Mose and Nita Alden, Knox and Louise Irwin, Rick, Linda Anderegg, Emmy and Tyler, "Butch" and Gloria Huddleston of Odessa and Dorothy and Homer Nance, Sara and Bryan Hall of Midland.
