Draft Lottery Staged, Two Million Involved

(AP WIREPHOTO)

GRABS FIRST CAPSULE — Joe Estep of Alabama makes the first capsule draw in the national draft lottery today. Others are Nancy Jones, left, and Betty Alexander, Selective Service employes.

Young Men Play 'Numbers Game'

WASHINGTON (AP) — Men born on July 9, 1951, will be the first called for the draft in 1971, under a national lottery conducted today.

That date and low number were the 11th set to be matched in the lottery drawing, assigning numbers and dates in a scrambled sequence.

The first drawing of the lottery assigned No. 139 to Sept. 16.

As the drawing continued No. 235 was assigned to April 27; then No. 185 to Jan. 18; No. 5 to Oct. 21; and No. 134 to Oct. 3.

The lottery is to assign numbers from one to 365, each to one date of the year, corresponding to the birthday of men born in 1951.

CAPSULES DRAWN

The selections were made by the drawing of capsules from two plexiglass drums, rotated between each call.

For each selection a red capsule containing a date was picked out and matched with the number from a green capsule drawn from the other drum.

The numbers and dates were drawn by delegates to a convention of the Selective Service Youth Advisory Committee.

The drum with green capsules broke down just before the lottery was to begin, causing a 15-minute delay until it was repaired.

BIRTH DATES

The drawing will determine the order in which men will be selected for military service next year. About two million 19-year-olds are involved in the lottery results. How many of these are called will depend on the Pentagon's manpower needs.

Men whose birth dates are matched with the lowest numbers will be drafted first. Draft boards will go as high as they need to fill their quotas.

Draft calls have been falling with the withdrawal of U.S. troops from Southeast Asia. Secretary of Defense Melvin Laird predicted Tuesday night substantial further draft reductions because of what he characterized as the success of the two-month U.S. raid into Cambodia.

PRIME POOL

Men who have already received draft sequence numbers in a similar lottery last December were not affected by today's drawing. They keep their December numbers permanently.

Each year, a new group of men becomes the prime draft pool—the first from which draftees are selected by lottery number.

If a man gets through his prime draft year in 1-A "available" status without being drafted, he cannot be inducted in following years unless the prime groups that follow are completely called.

Each man remains subject to the draft until he reaches age 26. But each year he steps down automatically into a progressively less vulnerable category.

BIASED

If a man is deferred or exempt, however, during his group's prime year, he must face a prime year of his own if and when he becomes 1-A, taking his place in line with his original lottery number.

Last December's lottery was followed by charges from some mathematicians that the dates that were drawn, in a simple one-two-three order, were insufficiently mixed. It was alleged that the result was biased against men with birthdays late in the year.

To avoid any such doubts this time, Selective Service officials took careful precautions to scramble both dates and numbers separately.

The lottery method was devised late last year after President Nixon received congressional approval.

"OLDEST FIRST"

Previously, men were called for the draft on an "oldest first" basis. Under that system, a man could face a long period of suspense wondering if he would be called before he reached age 26.

Nixon wanted to cut down what he termed this "agony of suspense."

Here's Draft Order Of Call

WASHINGTON (AP) — Here is the order of call, listing each birthdate with the number assigned to it, for the 1971 military draft as determined by the lottery drawing held today.

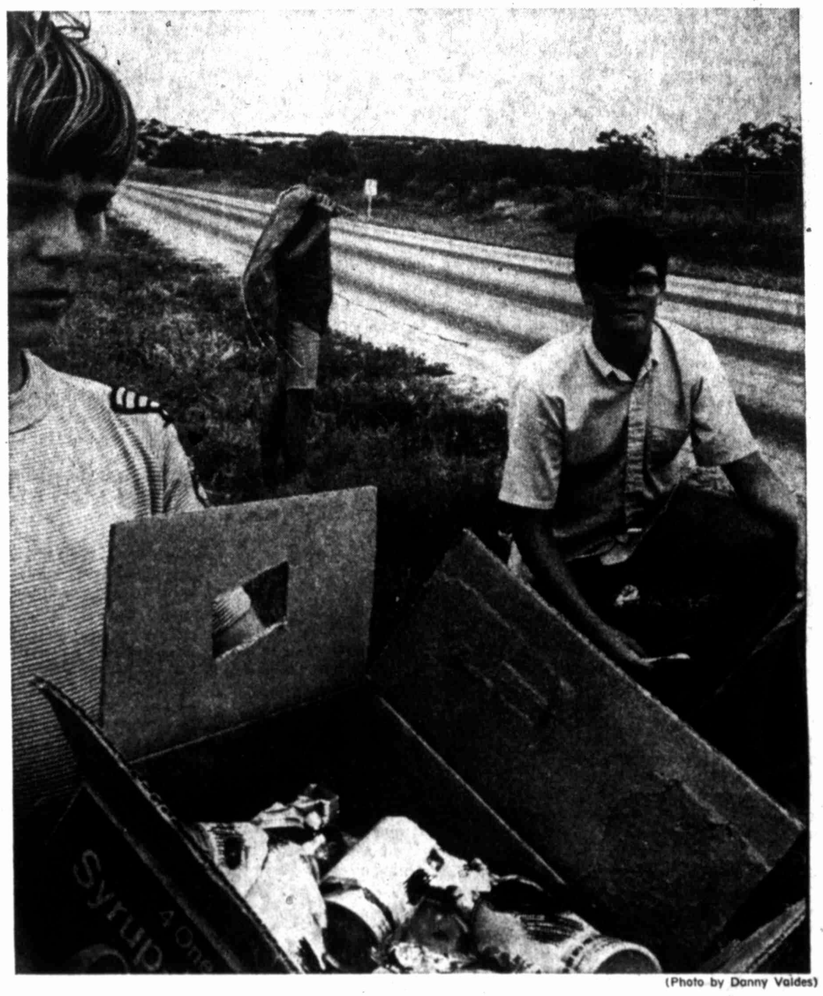

The first draftees will be those with the lowest numbers.

Draft boards, however, will go as high as necessary to fill the required military manpower needs.

The birth date and the order of call:

LITTER LIFTING — These boys may have an ulterior motive, but at least the roadsides will look better for it. Jay Holcomb, 11, foreground, carries a box of tin cans picked up by him, Archie Kountz, 15 (rear), and Steve Holcomb, 15. The youngsters sell the cans to make summer spending money. Archie said the boys cover approximately one mile per day and that many teens are finding this a good way to make pocket money.

Flood Waters Roll Into Big Bend Park

By The Associated Press

Torrential rains sent flood waters tumbling down the Rio Grande below Presidio in West Texas today, but later reports said there was no significant damage and the flood waters were dropping.

"The big rains have moved away from here," said the Weather Bureau in El Paso at mid-morning. "Everywhere the water is down considerably compared with yesterday."

EASED OFF

Acting Supt. Roy Allen reported from Big Bend National Park that the situation had eased off "and we have no concern now." Heavy local rain had dampened the enthusiasm of some of the camping tourists, he said, but they were in no danger and had not been warned to move.

The big rains came as result of hurricane which was dissipating after striking ashore south of Mazatlan on Mexico's Pacific coast.

Thunderstorms and heavy showers fell elsewhere from the Panhandle southward into extreme Southwest Texas, with lighter activity continuing into this morning.

It was clear to partly cloudy, hot and dry over the rest of the state.

FOUR INCHES OF RAIN

Official observers measured four inches of rain at Presidio before midnight. They said word trickling in from south of the border indicated deluges of five to six inches, and possibly more.

Although the Rio Grande gauge reached the 13-foot flood stage at Presidio, the sheriff's office said the stream still had not overflowed approaches to the international bridge there as it sometimes does during high water.

Much of the rise was attributed to a heavy inflow from the Rio Conchos, which courses northward from Mexico to join the Rio Grande near Presidio.

The flood crest headed through a wild and remote section where little or no damage was expected, officials said.

North of the Big Bend park in the West Texas mountains, rainfall measurements dwindled to .53 inch at Marfa and .41 at Alpine.

Hot weather, hanging on as June gave way to July, sent thermometers as high Tuesday afternoon as 99 degrees at Wichita Falls. The mercury reached 98 at Mineral Wells, 97 at Cotulla and Texarkana, 96 at Lufkin and 95 at Austin, Beaumont, College Station, Dallas, Fort Worth, Laredo, Port Arthur and Waco.

BEASTLY WEATHER — As temperatures soared into the high nineties yesterday, Nick the polar bear suffered from a bad case of the blahs — as indicated here. Nick is but one of several furry creatures at the Detroit Zoo who suffered through the beastly heat.

Senate Overrides Hospital Bill Veto

Vote Enhances Project Chance

"We were pleased that the veto was overridden," Norman Knox, administrator of Medical Center Memorial Hospital, said this morning concerning recent Congressional action on the Hill-Burton Act for hospital construction.

An application for funds for Howard County Hospital Authority, which will be given the Medical Center assets, for hospital construction has been submitted.

"Our application is in and will be considered in September by the State Board of Health, provided Congress makes appropriations by that time," Knox said.

Knox said plans for the local construction program have been approved by the Division of Planning and Coordination of Gov. Preston Smith's office. He was optimistic about the application's chances for approval.

WASHINGTON (AP) — Congress has overridden a presidential veto of a politically popular $2.76 billion hospital construction bill, adding new fuel to the election year debate over inflation.

By a 76-19 vote, the Senate Tuesday night completed congressional action on the first veto override in 10 years and rejected a presidential scolding about fiscal responsibility.

'POLITICAL DANCE'

There was no comment from the White House but a leading administration supporter in the Senate said the whole debate was just part of a "tiresome political dance."

"It is an attempt to wear down the President by making him fight inflation and the party that started the inflation at the same time," said Sen. Gordon Allott, R-Colo.

Senate action came just five days after the House voted 279 to 98 to repass the measure authorizing further construction under the Hill-Burton Act.

Sixty-seven Republicans joined 212 Democrats in that override, 27 more than the required two-thirds of those voting.

The Senate cleared the required two-thirds margin by 12 votes without a single Democrat lining up for Nixon, even though the Southern wing of the party generally has backed the President. Twenty-three Republicans, including GOP Leader Hugh Scott, joined 53 Democrats in the Senate override.

GUARANTEED LOANS

The Nixon administration has been trying to phase out the Hill-Burton program of direct grants and replace it with a program of guaranteed loans.

But the bill Congress has enacted over Nixon's opposition authorizes $1.26 billion in grants over the next three years, some $350 million over budget requests.

It does include a provision for $1.5 billion in guaranteed loans but for the first time it requires the President to spend the grant money.

This prevents him from just ignoring it, which past chief executives had done.

When he vetoed the bill last week, Nixon said the measure is "a long step down the road of fiscal irresponsibility and we should not take that road."

He called on the Democratic-controlled Congress in his veto message to "join me" in holding down federal spending.

Democrats, however, assailed the President's priorities.

Jet Diverted To Havana

MIAMI (AP) — A San Francisco to Miami National Airlines jet was diverted to Cuba today with 39 persons aboard, including two crew members who are veterans of forced flights to Havana.

Details of the apparent hijacking were sketchy said a National spokesman.

"Eleven minutes after takeoff from New Orleans the pilot radioed: "On way to Havana. Request Havana weather,' " the spokesman said.

The pilot's report came at 9:26 a.m. EDT. A safe landing at Havana's Jose Marti International Airport was reported shortly after 11 a.m.

The National spokesman said Flight No. 28 carried 32 passengers and a crew of seven.

Six Perish In Flames

NEWARK (AP) — Six persons, including four children in one family, died early today when a fire of suspicious origin ripped through two three-story frame buildings in Newark, officials said.

Six brothers and sisters of the dead children were injured, along with four other residents and two firemen.

The youngsters were the sons and daughters of Marcos Meneses, 43.

Deputy Fire Chief Thomas O'Boyle said investigators believed the fire was set by arsonists. He said gasoline cans were found where the fire started in the front stairway and halls of the gutted buildings.

CLOUDY

Cloudy to partly cloudy and warm through Thursday. Slight chance of afternoon and evening thundershowers. High this afternoon in the mid 90's, low tonight in mid to upper 60's, high Thursday in the upper 90's.

Herald Offers Fine World Map

A handsomely crafted and brilliantly detailed new world map is now being distributed — in limited number — by The Herald, in conjunction with The Associated Press.

The map is over four feet wide and nearly three feet deep, and details are printed in full color on a durable, plasticized finish.

This map puts you and your family where the action is . . . and it is up to date; an excellent teaching aid and information guide. It's an attractive addition for your home, office or classroom. Ordinarily it would sell for up to $4.95.

It is offered as a public service at The Herald for just $1.65. Or you may order by mail, adding 20¢ for postage.

ALOHA TO DEPOT — The historic Texas & Pacific depot and former division headquarters building has been reduced to a pile of rubble by demolition crews. Only the remnants of walls remain as Terry Loehman, Big Spring, left, and Jim Boyd, Gail, separate salvagable items from the wreckage. The building, raised more than three score years ago, is being removed because the railroad no longer has use for it.

Integration Order Pushed In Houston

HOUSTON (AP)—The school integration order for the Houston School District was set in motion Tuesday in an order signed by U.S. Dist. Judge Ben Connally.

Connally had ruled June 1 that the district, the nation's sixth-largest, must throw out its freedom of choice integration plan and substitute an equidistant zoning plan requiring pupils to attend the school nearest his home, regardless of race.

Tuesday Connally set Aug. 31 as the day the plan will go into effect. A pupil will have to attend the school nearest to the home he was living in on that date for the rest of the school year under the plan.

The only exceptions would be for pupils who wish to transfer to a school where their race is in a minority and for those taking special education courses.

The school district had hoped that graduating seniors might be allowed to graduate this year at the school where they had been attending, but Connally did not exempt them.

The judge also ruled that the district must set all staff assignments by Aug. 24 so that the racial mix among teachers in all schools would not vary more than 5 per cent from the 68 per cent white, 32 per cent Negro ratio of teachers and administrators employed by the district.

The NAACP Legal Defense Fund, the plaintiff in the action, is appealing Connally's order, saying it doesn't go far enough to promote integration.

Traffic Deaths

CHICAGO (AP) — Traffic deaths for the first five months of 1970 were down two per cent from the corresponding 1969 period, the National Safety Council reports.

The toll from January through May this year was 20,500, compared with 20,860 a year ago, the Council said Monday.

More Colorful Fireworks To Move At Faster Pace

The Chamber of Commerce is working with the Special Services division from Webb AFB to make Webb's 4th of July fireworks display more thrilling and spectacular than ever.

Instead of being held at Webb as in past years, the site has been changed to the Texas National Guard training field and the Big Spring State Park area.

To increase the excitement and eliminate unnecessary waiting intervals in the show, the performance will be only 30 minutes instead of last year's hour.

A demolitions expert is coming in from Enid, Okla., to direct the show, and oversee the ignition of $700 of fireworks.

Capt. Joe Maratta of special services has received the shipment of 600 rounds of fireworks, containing over 150 different types of skyrockets, chrysanthemum bursts, and noise-producing "echo" charges. All the explosives are being stored in a Webb munitions depot until Saturday.

Capt. Maratta is also putting together the nine 8-inch mortars necessary to launch the flares. Each of these has a special base at the end of a 24-inch length of pipe and will be partially buried in the ground at the proper angle.

The show will be visible from the area in front of the National Guard Armory, or an eye-level view may be gained by watching from Scenic Mountain inside the state park. Park Superintendent Butch Wisenbaker has agreed to leave the park open until after the show.

The show's finale around 10 o'clock will be the a stationary fireworks display of the United States flag.

Split Expected

WASHINGTON (AP) — Texas' senators split their vote Tuesday on the Cooper-Church amendment to restrict future U.S. military operations in Cambodia.

The split was predictable from the known positions of the senators.

Sen. John Tower, Republican, voted against the amendment. Sen. Ralph Yarborough, Democrat, voted for it.

More Time To Fix Air Pollution

CORPUS CHRISTI, Tex. (AP) —The Texas Air Control Board Tuesday approved one-year variance extensions for three West Texas firms accused of polluting the air but granted only a 90-day extension to an El Paso company.

All three of the firms granted the one-year extensions produce carbon black. A witness testified before the board that the carbon black "blackened the lung but did no real damage."

The three firms getting the 12-month reprieve from all compliance with the TACB's regulation included the Sid Richardson Carbon Co. near Odessa; the Columbia Division of Cities Service Oil Co. near Seagraves and the Cabot Corp. of Skellytown.

American Smelting and Refining Co. of El Paso was granted a 90-day extension instead of the one-year variance it asked. The company emits sulphur dioxide, a noxious gas, from an 828-foot stack, but it was reported in the hearing that the firm periodically allows emission to exceed the broader limits permitted under a variance.

Other variances granted included:

B&W Engineering Manufacturing Co., San Angelo, to Dec. 1, 1970.

Temple Industries of Diboll to July 30, 1970.

Trinity Portland Cement of Fort Worth to June 30, 1971.

Hooker Chemical Co. of Dallas to Aug. 17, 1970.

Phosphate Chemicals Inc. of Houston to Sept. 30, 1970.

Two Attending Bar Meeting

City Attorney Herb Prouty and Corporation Court Judge John Burgess will be among the lawyers attending the annual convention of the Texas Bar Association in San Antonio today through Friday.

U. S. Atty. Gen. John Mitchell and Texas Atty. Gen. Crawford Martin are scheduled to speak at the meeting in the HemisFair Convention Center.

Loss Of Two Warplanes In Raids Told

TEL AVIV (AP) — Israel admitted the loss of two of its warplanes in bombing raids Tuesday along the Suez Canal, and a senior army officer said Russian SAM2 missiles probably brought them down.

The Jerusalem Post said the planes might have been downed by the more advanced SAM3 missiles the Soviets have installed in Egypt, but the Israeli officer said the Egyptians fired a "rash" of SAM2s during the raid.

The officer said the SAM2 sites are generally manned by Egyptians with Soviet advisers. SAM3s are deployed in the Nile Valley, but there have been no reports to date of any in the canal zone, presumably because they are manned by Soviet crews and the Russians don't want to expose their men to Israeli attack.

'ROUND-THE-CLOCK'

Israeli pilots have reported seeing sites for SAM2's under construction along the Egyptian side of the canal, and these sites are one of the main objectives in the round-the-clock bombing raids now being carried out by Israel against Egypt's canal defenses.

This was the first time Israel has admitted losing any planes over Egypt since June 1, when the constant bombing raids began. The officer said the only other Israeli plane brought down by a SAM2 was a Piper Cub spotter downed in March, 1969, as it flew over the Israeli side of the canal.

No Israeli planes have been reported downed by SAM3s.

The two planes lost Tuesday went down in the central sector of the waterway, the officer said. He said three crewmen bailed out.

A military spokesman in Cairo claimed the Egyptians shot down four Israeli planes and captured three of the pilots. He reported that two of the planes were Phantom jets and two were Skyhawks, all American made, and he said one of the captives was being treated for broken arms and slight burns.

Base To Have Open House

In conjunction with the Air Force Association's Texas convention to be held here, Webb AFB will conduct an open house from 2 p.m.-6 p.m., July 18.

Along with static aircraft displays, mock-ups of aircraft and a Titan II missile, a parachuting display, cargo drops, drill team marching and sentry dog performances, numerous flyovers by Air Force aircraft will be conducted.

Five different types of aircraft are scheduled to make flyovers. They are: The Lockheed C-130 Hercules with a cargo drop, the Lockheed C-5A Galaxie, four McDonald-Douglas F-4 Phantom IIs, two Convair F-102 Delta Daggers, four Cessna R-37s and four Northrop T-38 Talons. The latter two will be from Webb.

For the static displays, 14 aircraft are scheduled for public viewing. They will be the: Lockheed C-141 Starlifter, the C-130 Hercules, Boeing KC-135 Stratotanker, Martin EB-57 Canberra, F-102s, Republic F-105 Thunderchief, OV-10 Bronco, F-4s, two helicopters, the T-37, T-38 and the T-41 and a rescue helicopter.

For musical and other entertainment, the public will be able to see the Jody Drill Team from Lowry AFB, Colo., security police sentry dogs from Lackland AFB, a parachute demonstration by the parachute club from Fort Sam Houston. The Keesler AFB band will provide the music.

The Civil Air Patrol from Odessa also will display its Beech T-34 Mentor and a rescue communications station.

NATIONAL BUILDING CENTERS

OPEN SATURDAY 'TIL 4 P.M.

2nd and Johnson 267-5261

DEAR ABBY: Tonight was the Senior Prom and a lot of nice girls sat home wondering why they didn't get asked. I am a nice boy who went, and now I wish I hadn't and I'll tell you why. It cost me over $50. Not for the prom itself, but on all the junk that went with it.

My girl already had tickets to the prom and she said, "It won't cost much — let's go." So I said, "Sure."

At first she said she would wear her old formal and I could wear my suit. Next thing I knew she started talking about the gorgeous formal she was making, and I felt like a heel not to rent a tux to match, so I did. She said she didn't need a corsage — a nosegay would be nice. Well, that was $10. She said she would fix something to eat at her house after the prom, but that night she didn't say a word about it. I guess she forgot so we went to the restaurant all the kids go to. Another $20.

Abby, that evening cost me two week's wages. And for what?

SADDER BUT WISER, BREMERTON, WASH.

DEAR SADDER: The way I see it, you could have gone to the prom without all the frills and saved a few bucks. Your mistake was getting roped into a more costly deal than you originally bargained for. But don't blame the girl. You could have held your ground. (P.S. And you'd better learn how to say NO or you'll wind up with a wife who will put you in the poorhouse.)

* * *

DEAR ABBY: I need your assistance. When your son's wife calls you up and says, "My family is coming to dinner to celebrate Andrea's birthday. Come if you want to," should I refuse or accept?

Andrea is my little grandchild, and I love her dearly, but what kind of an invitation do you call that? And what should I do! HURT

DEAR HURT: I call it a pretty shabby invitation. But don't stay away in order to "punish" your daughter-in-law. You would only be punishing yourself.

* * *

DEAR ABBY: I want to tell that 14-year-old, signed "NOT CONCEITED," that I am a woman past 80 years old, I live alone and have a full length mirror near my front door. There I always pause befoe going out, to take a good look at myself. How else would I know if my petticoat was hanging? Of couse endless primping is a waste of time, but a little last minute glimpse is reasurring.

NOT CONCEITED, JUST CONCERNED

* * *

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Calif., 90069. For a personal reply enclose stamped, addressed envelope.

'Dallas Notes' Decision Delay

WASHINGTON (AP) — The Supreme Court has delayed until fall a decision on an obscenity case involving "Dallas Notes," an underground newspaper.

The case was argued earlier this year but the court called for further arguments.

The delay may indicate that the court was divided 4-4 on the issue.

Public Records

FILED IN COUNTY COURT

Jimmy Branch, 17, 904 Douglas, aggravated assault.

James David Felts Jr., 18, of 3911 Hamilton, threatening serious bodily injury.

Luxemburgers Hail 'Madam'

LUXEMBOURG (AP) — Perle Mesta, former U.S. ambassador and famed hostess, made a triumphant return to Luxembourg after an absence of 15 years.

"I spent in this country the five happiest years of my life," she said, almost in tears.

Luxemburgers who saw her applauded. They stopped others to tell them "Perle Mesta is back."

Mrs. Mesta served as ambassador here from 1950 to 1955. Her swinging style and lavish parties became famous in the diplomatic world and inspired the Broadway musical "Call Me Madam."

'Good' Whisky

CHARLOTTE, N.C. (AP) — The county gave Charlotte Memorial Hospital 96 pints of confiscated liquor Monday. A hospital spokesman said the whisky will be used to make "bismuth and bourbon," which he described as the world's best bedsore lotion.

Many Take Advantage Of GI Training Opportunity

June marked the fourth anniversary of the current GI Bill and training program. Figures on the number of servicemen and veterans enrolled in the program have been released by Jack Coker, director of the Waco Veterans Administration Regional Office.

Record enrollment in Texas for the VA program was reached this spring with more than 22,420 veterans and 1,984 servicemen in the program. The VA office added that more than 15,246 veterans and servicemen were studying in Texas colleges and universities, while 6,298 veterans and 1,732 servicemen pursued below college-level training.

A total of 876 veterans took on-the-job training in Texas this spring. Servicemen, according to Coker, are not eligible for on-the-job training.

More than 50,952 veterans and 4,717 servicemen have furthered their education and training under the program during the four years it has been operating.

Aceording to Coker, 1,652,537 veterans and 132,695 servicemen across the nation have trained under the GI Bill education and training program between the dates June 1, 1966 and April 30, 1970.

To be eligible for education and training assistance under the current GI Bill, a veteran must have at least 181 days of service, with some part after Jan. 31, 1955, said Coker. An eligible veteran receives one-and-one-half months of educational assistance for each month in service.

According to Coker, there is a maximum of 36 months entitlement to education and training assistance except for veterans eligible for assistance under two or more VA programs. These veterans are entitled to a maximum of 48 months of training.

Monthly payments under the present GI Bill range from $175 or more, depending on the number of dependants, for full-time institutional training, to payment of only the actual cost of approved correspondence courses, siad Coker.

Post-Korean and Vietnam era veterans in Texas must complete their education-training under the bill by May 31, 1974, or eight years after separation from service, whichever is later.

Information On Arthritis Offered

Three pamphlets designed to give facts about arthritis are now available on request from the West Texas Chapter of the Arthritis Foundation, Mrs. Bill Johnson, publicity chairman, said Tuesday.

Released to counteract a current flood of bogus information on arthritis, the booklets provide answers to basic questions about symptoms treatment and medication for arthritics, Mrs. Johnson said. They are published by the national headquarters of the foundation in New York City.

All three may be obtained by writing the local chapter at 512 Highland, Big Spring.

God created man in his own image, in the image of God he created him; male and female he created them. (Genesis 1:27, RSV)

PRAYER: Gracious Father, may we never forget that even the social outcasts are human beings created in Your image. Amen.

(From the 'Upper Room')

Nixon's Strategy For Entire Nation

Observers of President Nixon's so-called "Southern Strategy" have made much of the difficulties presented by the election of George Wallace as governor of Alabama. In the process the woods tend to be obscured by the trees.

President Nixon's Southern Strategy would probably be the same even if there were no George Wallace. Wallace, as a potential leader in 1972 of another third-party run for the presidency, only serves to expose that strategy more clearly for the nation as a whole.

The President and Republican party officials generally are well aware that they cannot hope to gain more than a tiny percentage of the Negro vote in the South. They also know that they cannot attract the votes of Southern liberals. But this still leaves the majority of the vote uncommitted.

The "forgotten man" and the "silent majority" (now not so silent) are the targets of the Republican drive. They include the well-to-do conservatives, who yearn for a maintenance of the status quo and the middle class Americans who feel threatened by the rising militance of Negroes and students. This is generally a "law-and-order" group, one that is ready-made for conversion to the Republican cause.

Perhaps the appeal being made to the groups who feel their way of life threatened is not as meritorious and high minded as some would wish. But the facts of political life are usually cold facts. The aim is to win. The aim is to create a coalition, in much the same manner as Franklin D. Roosevelt did in the 1930s, that will turn out a winning vote.

But do not be misled. This strategy is not being confined to Alabama or the South. It is a strategy that will be applied nationwide in the quest for re-election in 1972 and beyond.

Will We Kill 46 Fellow Texans?

Millions of words are written, scores of campaigns are launched, every possible angle is approached — all in an effort to stem the carnage on the highways.

The tempo of the appeals is stepped up preceding each major holiday, particularly when a holiday period makes for a long weekend.

Such is the case this weekend, as so many people take advantage of the July Fourth leisure time.

And a new appeal has come forward, inaugurated in the Governor's office and being broadcast over Texas — "Drive Friendly."

The estimate is (and traffic death estimates always are grimly close to reality) that 46 Texans will lose their lives in traffic accidents over the weekend. Do they have to? Don't they deserve to be alive on Monday?

There are so many steps to be taken for traffic safety: A safe car first; a sane, sober, and sensible driver next. There are suggestions, too, if they will be but followed: Don't speed, don't drink when driving, don't exhaust yourself at the wheel, obey all the traffic laws, plan your travel at the right hours.

The Governor's Committee on Traffic Safety sums it up: "Maintain a friendly attitude toward the other families who also are enjoying the holiday."

We all have our good intentions. May they be put into alert and watchful practice. Most of the six million Texas drivers will be on the road some time this holiday. If every driver makes an effort, 46 Texans can live.

Texans In Politics

Still Waiting For That Summer Lull

By GARTH JONES
Associated Press Writer

Texas voters are still waiting for that summer lull in political campaigning, which apparently will be missing this year.

The defeat of Sen. Ralph Yarborough, D-Tex., started the senatorial campaign all over again with the surviving candidates, Democrat Lloyd Bentsen and Republican George Bush, campaigning as hard or harder than before the primaries.

Still in the flush of victory, Bentsen remarked that he planned to get off the campaign trail until Labor Day, Sept. 7, even taking down some of his billboards to conserve funds.

HOWEVER, Bentsen does not look like a candidate resting on his laurels these days. Last week in a three-day swing through South Texas he made coffee and luncheon appearances in 13 cities, plus a major convention speech. This week he visits 14 cities. On July 1, Bentsen's campaign headquarters in Austin will be expanded with particular attention to better and faster facilities for campaign news distribution.

Bush travels were about the same the past week, 10 speeches and news conferences in seven cities in less than four days.

"THE WORDS of Yarborough are ringing in my ears when he said he did not spend enough time campaigning in Texas," Bush told a news conference. "I've spent almost every weekend since the election in Texas and will be here almost all this week and after Labor Day I'll be in Texas all the time."

Also stirring up interest in the Senate race is the newly organized "Democratic Rebuilding Commiteee" — a retread of the 1966 committee that claims credit for helping elect Sen. John Tower, R-Tex., over Democrat Waggoner Carr. "Sometimes party loyalty asks too much," is their motto, borrowing a quote from John Kennedy.

BENTSEN claims Yarborough's supporters will support him because they stand to benefit more under a unified Democratic stand.

Bush says Democratic splinter forces, such as the rebuilding committee, will provide him a victory margin.

And in the midst of it all, most every candidate is cussing the long gap between the May 2 primary and the Nov. 3 general election.

"It's too long a time to have to campaign, too long a time to hold the voters' attention," said Rep. Russell Cummings of Houston at a House committee hearing studying possible improvements in state election laws. Cummings suggests that voter registration, which ends now on Jan. 31, be left open until midsummer with the party primaries in September, the runoffs in October and the general election in November.

Texas' political primaries originally were held in July with runoffs in August until 1960 when the legislature changed the dates to suit Lyndon Johnson, then a senator, who wanted to be sure his senatorial nomination was sewed up before he tried for the 1960 Democratic presidential nomination.

CHANGES IN election dates have been proposed frequently since 1960 but none has passed the legislature principally because of its rural domination. The 1971 legislature with a decided more metropolitan flavor and the 1973 legislature with a guaranteed urban majority because of redistricting may change the viewpoints.

"Being from a rural area, I have always liked the spring primary," said Rep. James Cole of Greenville, another election study committee member. "But having my first Republican opponent, I can now see the other side of the picture. It is going to be difficult to stir my voters up again as I had them stirred up in May."

Billy Graham

I know that my life should be different than it is, but I don't know how to change it. L.Y.

Deep within every heart (which has not yet been yielded to Christ) is the cry, "I ought not be the way I am." There is a divine unrest in everyone until they find rest in Christ. Even the Apostle Paul, a man who had achieved learning, religious stature, as a member of the sect of the Pharisees, and coveted citizenship in the great Roman Empire, wrote: "The good that I would do, I do not, but the evil which I would not, that I do."

But Paul, like you, conscious that his life needed to be "different", one day came into contact with Jesus. Yielding his will, he said, "Lord, what wilt thou have me to do?" Christ was made Lord of his life, and he experienced conversion—or, as you say, his life was changed, made different.

Every person has this consciousness of inadequacy, of the need of change.

Why?

We were made for God, and when we are alienated from Him, as we are because of sin, we are like homesick children who can only find rest by returning "home." Accept Christ and you will be "at home" spiritually. This doesn't mean that all your problems will be over. Just as children who are "at home" have problems, so will you, but your heavenly Father will be present to bear the brunt of the burden.

ANYBODY'S GUESS

John Cunniff

Surtax Failed In Its Aims?

NEW YORK (AP) — Twenty-seven months ago Americans began transferring a greater part of their pay to the federal government, thereby decreasing their own spending power and enhancing that of Uncle Sam.

The avowed purpose was to restrain inflation, but it was widely interpreted by others to have the purpose of financing a war.

As of today, all workers and corporations cease giving that little bit extra. The income tax surcharge, once 10 per cent and later 5 per cent, has ended.

But inflation continues, and so does the war. And so the question arises as to what happened to those billions of dollars taken out of the private economy?

It is perhaps too easy to say that the surtax failed in its aim, although inflation did continue unabated since April 1, 1968. But what would the rate have been without it?

In support of the surtax, it can be argued that it probably was the key to saving the economy during the past two years. Without it, would inflation have raged through the economy in a gigantic economic conflagration?

At the opposite pole of thinking, there are some who maintain that the tax simply gave more money to the government to spend and that, therefore, it contributed to inflation rather than restrained it.

It is dead, at any rate, which is one event that many forecasters would have bet against two years ago. "Temporary," they thought, never really means that; somehow it evolves into "permanent."

That this tax didn't in fact become permanent is noteworthy for several reasons. The government still needs the money, of course; it always does. Then there is the matter of continued inflation. There is still a war.

It was the war, ironically, that may have killed the surtax. To ask again that it be prolonged another year would obviously have aroused the feelings and politics of those opposed to the Indochina commitment.

It had, simply, become known as a war tax, and therefore was at variance with the stated purpose of the Nixon administration to bring the economy safely through a transition from wartime to a peacetime footing.

By permitting it to lapse, therefore, the administration in effect has said—as it has said in so many other ways—that the economic game plan is on schedule and evolving as expected. Certainly an optimistic view.

What are the brightest consequences of the cessation?

—It will put money into the pockets of families that have been feeling an increasing strain on their resources.

—It will give corporations some relief from liquidity problems.

—It could help shorten a recession.

But might it not also add to inflation by returning purchasing power to the private economy? It might.

Hal Boyle

Lib Bar Ain't The Place

By LOUISE COOK
(Substituting for Hal Boyle)

NEW YORK (AP) — You can lead me to McSorley's, but you can't make me drink.

Far be it from me to sneer at the efforts of those women who finally broke the 115-year-old sex barrier at McSorley's Old Ale House in Greenwich Village.

They've won the right to stand in the sawdust, belly up to the bar and quaff their ale with the men.

What puzzles me is why they'd want this somewhat dubious privilege.

Women are never really at their best in bars.

Try perching on a bar stool. Chances are your legs aren't long enough. Hoist yourself up anyway. With the midi there isn't too much peril to modesty.

Now find a place to put your purse. Before all you militants do away with that little feminine frippery you'll have to find a place to carry the money with which you'll independently pay for your own drinks.

Put the purse on the floor and you can't reach it. Put it on the bar and get a sneering, "Lady, I gotta serve drinks here. Move that thing." Put it in your lap and it falls into the sawdust.

The art of drinking isn't much easier. That hearty mug of ale —no fair cheating and ordering an apricot brandy sour— is designed for male mitts, not feminine fingers. And nothing looks sillier than a ale drinker who hoists the mug with two fists.

If you're looking for conversation, the bar ain't the place.

What about eavesdropping on those tales of woe poured out to the bartender, legendary amateur psychiatrist? Close your eyes, imagine the voices are an octave higher and you might as well be at the beauty parlor listening to Mrs. Jones regale her hairdresser.

Entertainment means television, preferably two sets, each tuned to a different sports event. Don't try to listen. Just grunt with the crowd.

If this is freedom to the feminists, they can have it. I'll slither off my stool remembering the words of Aesop: "Better beans and bacon in peace, than cakes and ale in fear." Or in a liberated saloon.

Hair Wool

NEW DELHI (AP) — Indian scientists at the Defense Research Labratory have developed a synthetic wool from human hair through a chemical process, according to an official report. The department said the new wool would be useful in making uniforms for soldiers posted in high altitudes.

To Your Good Health

Distressed By Her 'Beauty Marks'

By G. C. THOSTESON, M.D.

Dear Dr. Thosteson: I have been blessed with what are called "beauty marks." I am not happy with them. I have three on my face that I would like to have removed.

To be honest, I am scared. Will the removal leave scars? Can a general physician do this in his office? If so, what is the procedure?— Mrs. C.B.

I wish you'd told me your age and some more details, because "beauty marks" could be any of a number of things. Whatever they are, though, I don't think you ought to be scared at all.

If young, and these are marks that you've always had, most likely they are moles of one kind or another.

If you are in the upper years and these marks have developed gradually, they very likely are the small thickenings of the skin called keratoses (ker-a-TOE-seas).

If they are keratoses, they can be deftly removed by a dermatologist without a scar. If they are moles or other such blemishes, the size has a great deal to do with whether any visible scar will remain.

Since they are on the face, I would recommend that a dermatologist handle them. Under some circumstances he may even recoemmend a plastic surgeon, depending on size and location. For removal of such blemishes elsewhere, where a small scar may result, a general physician can handle the matter readily.

On the off chance that the marks might by potentially dangerous (some keratoses are pre-cancerous) removal is a health precaution as well.

* * *

Dear Dr. Thosteson: I am told that cataracts are being removed by cryosurgery. If this is true, where could I have this done?— I.L.P

Cryosurgery is still surgery, except that ultra-low temperature (from liquied nitrogen) is used to destroy tissue instead of using a scalpel to remove it.

It is in use primarily in the larger medical centers, and it remains to be determined which types of surgery will be enhanced by it and which ones won't.

In your case, I doubt that there would be enough difference to warrant the trouble of hunting for it, but you can ask you regular physician if it is being done close enough so travel expenses won't also be a consideration. Standard surgical procedures are still very effective.

* * *

How to get rid of leg cramps and foot pains? The answer may be simple. Write to Dr. Thosteson in care of The Herald for a copy of the bookleet, "How To Stop Leg Cramps and Foot Pains," enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Around The Rim

'Hats Off! The Flag Is Passing By!'

Perhaps we are indebted in a devious sort of way to that element in our society who have lost restraint and a sense of propriety and decency in a zeal to protest. That anyone has a right to protest, to speak freely, to be different and even infuriating to our own accepted codes I will agree and defend staunchly. But to be crude, to be ill mannered, to be disrespectful of things held dear to many if not most of us is taxing on the patience and painful to the heart.

NOTHING IS more painful than disrespect if not contempt for the flag, the symbol for our fatherland and its ideals of liberty and justice for all. And when some have stooped to burning or desecrating the flag, they have done us an ironic favor in stirring us to a new appreciation of what we treasure — in common with our forefathers — more than life itself.

IT WOULD BE sad if our new surge of feeling is only a conditioned reflex, or a flash of emotionalism to be cooled and forgotten when the crisis is past. Patriotism is a noble virtue when it is born of love and issues from the heart; when it is practiced in simple dignity and respect and revered as a precious heritage.

Love of country is something that must be lived as a matter of personal conscience and obligation and something which cannot be easily conjured by an occasional waving of a banner of the pompous beating of the breast. It is a deeply ingrained instinct which causes the pulse to quicken when the flag is proudly unfurled or the national anthem or hymns are played. It is something that combines unabashed pride with humble gratefulness for being allowed to be a part of this nation, imperfect and short of its total ideal but still the most wonderful country in the world.

AND SO IT is against this background of deep reverence and respect for my country that I thrill to the sight of the flag, not carelessly strung or cheaply used but given a place of pre-eminence and honor. I think of the lines of Henry Holcomb Bennett, used by elocution pupils so many years ago:

"HATS OFF! Along the street there comes A blare of bugles, a ruffle of drums, A flash of color beneath the sky; Hats off! The flag is passing by!

"Biue and crimson and white it shines, Over the steel-tipped, ordered lines. Hats off! The colors before us fly; But more than the flag is passing by.

"Sea-fights, and land-fights, grim and great; Fought to make and save the State; Weary marches and sinking ships; Cheers of victory on dying lips;

"DAYS OF PLENTY and years of peace; March of a strong land's swift increase; Equal justice, right and law, stately honor and reverend awe;

"Sign of a nation, great and strong, To ward her people from foreign wrong; Pride and glory and honor, — all Live in the colors to stand or fall.

"Hats off! Along the street there comes A blare of bugles, a ruffle of drums; And loyal hearts are beating high: Hats off! The flag is passing by!"

—JOE PICKLE

A Demonstration For 'Relief'

WASHINGTON — Admittedly, I find demonstrations, both for and against, distasteful, if only because they tend to be untidy and undignified. After all, our mighty United States has not yet deteriorated into a banana republic with color TV.

But a recent happening in Hell City is a reminder that we squares have a stronger case than that posed by the principles of good housekeeping. Demonstrations are unfair. They discriminate against us working stiffs whose time is too occupied with earning a hard buck to take to the streets.

THIS INEQUITY was emphasized again the other day when a mob of 500 welfare cases stormed Washington's welfare headquarters, demanding money to buy furniture. In the melee that followed, they smashed a heavy glass door, broke numerous windows, threw rocks and scuffled with police. Forty-four demonstrators were arrested during the brawl and 34 other protestors were arrested later when they occupied a welfare waiting room next door. Damage was estimated at $5,000.

THESE CATS do it right. The day-long happening was sponsored by something called the National Welfare Rights Organization, which chartered buses to transport the demonstrators. (You didn't expect them to walk, did you?) After the mini-riot, those who had escaped arrest retreated to a nearby park for a picnic lunch.

Naturally, no one was peremptorily arrested. An hour passed before welfare officials asked police to clear the building. Then — despite the damage the mob had wrought — the humane cops announced that the protesters would not be arrested if they left the building. About two-thirds of the demonstrators skedaddled, including one George Wiley, director of the NWRO. Wiley explained he left because "I wanted to keep the action going."

AS ONE OF this great nation's expoor people (I'm not so ruddy sure about that "ex"), I am sorry for the needy. But I found it hard to grieve for those demonstrators. All looked well-fed and most were dressed in the latest spectacular mod fashions. A newspaper photo of a youthful protester kicking out a glass door showed him nattily encased in habiliments I'm not sure I could afford.

Moreover, those chartered buses cost a small packet contributed by NWRO members, all of whom are presumed to be too poor to buy furniture. Apparently, no one suggested the buses be utilized to take the poor around town in search of work, although the Washington Post on that day carried 37 columns of Help Wanted ads.

THE D.C. Welfare Department has no funds to buy furniture for welfare cases. The protesters knew this, but for the past two weeks members of NWRO's local chapters had been visiting welfare branch offices demanding furniture, and their assault on welfare headquarters was described as a visit to pick up their checks.

Democratic Leader's Approach

WASHINGTON — Although the National Broadcasting Company granted "equal time" to Mike Mansfield of Montana, the Democratic majority leader in the Senate, for his nationwide talk on television about the economic problems of the country, it didn't attract the attention that President Nixon's did. Also, many of the people who listened had already forgotten several of the points made in the Nixon speech.

The Democratic leader nevertheless made a well-balanced set of comments. It was not in the nature of a political speech at all. There was no invective or irony or animosity in it. Mr. Mansfield admitted, as Mr. Nixon had said, that much of what is transpiring in the National Economy began during preceding administrations. The Democratic leader added:

"WE MAY REGRET it but we cannot undo it. To be sure, the basic strength of the American Economy promises a great deal. But that is for the future. What of today? What of the now?"

The Montana senator stressed the fact that inflation is still rising; that interest rates have climbed, and that unemployment is growing steadily. He then declared:

"CONGRESS SHARES the responsibility for correcting these discouraging economic trends. To be sure, the Congress has not concurred completely in the President's approach to them. Nor has the President responded to all of the actions of the Congress. That is, neither unprecedented nor undesirable. Each branch has its separate responsibilities even as each branch shares in a common oblibation to the people of the nation. When there are differences, insofar as the majority leadership is concerned, it will not waste time in political recriminations. It will concentrate, instead, on doing what can be done in the Congress."

MR. MANSFIELD pointed out that much of what can readily be initiated to improve the economic situation has been done. He stressed a number of laws passed, and promised that if Mr. Nixon wishes "to use the persuasion of the presidency" as a means of discouraging excessive price and wage increases, the President would get the support of Congress.

"CONGRESS HAS already given more authority to the President than he wishes, apparently, to use against the rise in prices. That is his option. I do not criticize his decisions. But the record should be clear. Congress has been ready and stands ready to cooperate with the President. We are prepared to move on any proposals which may be forthcoming from the administration to end the inflation and to check the slide into a deepening recession."

Other pledges of cooperation were cited to confirm the willingness of Congress to work with the President in order to "stop the downward drift in the economy."

IT WAS, on the whole, a non-partisan speech such as might well be expected from an opposition leader during wartime. But, unfortunately, it doen't reflect the behavior of many of the members of Mr. Mansfield's own party who have been carrying on campaigns that imply distrust in the President's statements that he will pull all American troops out of Cambodia by June 30. Many Democratic senators have backed resolutions designed to suspend the use of public funds in certain areas and curtail the powers of the commander-in-chief in handling the armed services of the nation during wartime. This could be a serious handicap to military operations if emergencies should arise.

Wedding Held In Brownfield

Mr. and Mrs. Kenneth William Peters, who are on a wedding trip to Colorado Springs and Denver, Colo., will reside in Lubbock where he is a finance major at Texas Tech and employed at the Collegiate Auction. Mrs. Peters, the former Patricia Lynn Herring, is an art mjaor at Texas Tech. She is the daughter of Mr. and Mrs. Joe W. Herring, Brownfield, and the granddaughter of Mr. and Mrs. Cecil G. Hull, Brownfield, formerly of Big Spring. Peters is the son of Mr. and Mrs. Carl Peters of Brownfield.

The ceremony was performed June 20 by the Rev. Ed Crow in the First Baptist Church at Brownfield where the organist, Jerry Gannaway, played "The Love Theme from Romeo and Juliet" and Mike Richardson, soloist, sang "Till the End of Time."

BEST MAN

Best man to the bridegroom was James Nicholas of Lubbock, his brother-in-law. Groomsmen were Buddy Briscoe, Mike Pyron of Lubbock and Tony Nicholas. Danny Herring, Bobby Herring and Rocky Herring, brothers of the bride, were ushers.

Candlelighters were Miss Jennifer Snow and Miss Tracy Snow of Lubbock, and ring bearer was David Fretag, also of Lubbock. Rene Smith of Andrews was flower girl.

The bridegroom's sister, Mrs. James Nicholas of Lubbock, was matron of honor, and the bridesmaids were Miss Holly Turnbow, Andrews; Miss Debra Szydloski and Miss Sally Darling of Childress.

The bride's formal gown of silk organza and Chantilly lace was styled with bateau neckline, long lace Bishop sleeves and an Empire bodice encrusted with pearl trim. The A-line skirt had a wide band of scalloped lace encircling the hemline, and the lace was repeated around the hemline of the circular train.

Her headpiece was a cluster of lace petals and pearls holding tiers of silk illusion, and she carried a cascade of white roses centered with a white orchid.

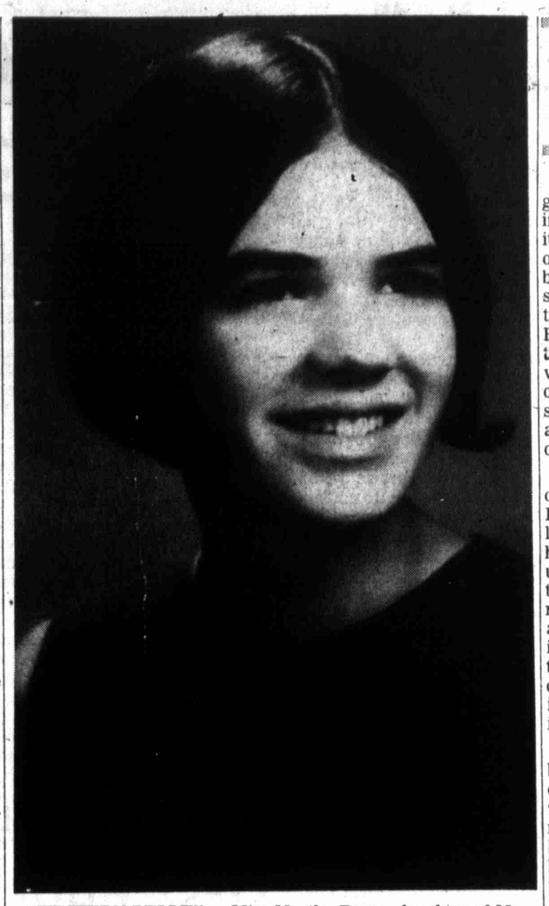

YELLOW GOWNS

The feminine attendants were attired in formal yellow gowns designed with Empire bodices, scoop necklines and brief trains. They carried white feathered carnations with yellow ribbon streamers, and each wore a headpiece of yellow ribbons and fresh carnations.

The couple was honored with a reception in the fellowship hall of the church where guests were registered at a table covered with white satin and accented with yellow rose buds and net rice bags.

The bride's table was covered with white satin and appointed with crystal and silver. Centering the table was a silver candelabrum arranged with yellow tapers, roses, daisies and carnations. The tiered cake was topped with lace wedding balls.

A yellow cloth covered the bridegroom's table where a silver coffee service was placed near a silver vase holding yellow and tangerine mums. A chocolate cake was served.

"WESTERN BELLE" — Miss Martha Perry, daughter of Mr. and Mrs. Ken W. Perry, 802 Highland, was one of the Western Belles at the Golden Girl pageant held Wednesday evening at Pecos. Miss Perry, who is the granddaughter of Mrs. W. W. Dean of Pecos, was one of 21 girls who were members of the queen's court for the annual event.

Bride-Elect Is Honored

An informal coffee honoring Miss Lanelle Etchison, Ackerly, bride-elect of Chris Boyd, Lamesa, was given Saturday morning in the home of Mrs. J. C. Ingram. Mrs. Randy Hambrick assisted her mother as cohostess.

The honoree wore a white knit dress with navy blue accessories.

Refreshments were served from a table covered with white lace and centered with a candelabra holding six teal blue tapers. Milk glass and silver appointments were used.

Guests included Mrs. Bill Etchison, mother of the honoree; Mrs. Wright G. Boyd, Lamesa, mother of the prospective bridegroom; Mrs. Odessa Boyd and Mrs. Lena Gambill, both of Lamesa, grandmothers of the prospective bridegroom; Mrs. Waymon Etchison and Miss Gaylene Etchison, both of Lomax; Mrs. Steve Wilkes, Lamesa; and Mrs. Bill Hambrick. Gifts were presented to Miss Etchison.

The couple plans to marry Aug. 22 in the First Baptist Church of Lamesa.

Leaves Thursday To Join Husband

Mrs. Amelia O. Torres, wife of S. Sgt. Valentin Torres Jr., will leave here Thursday with their children, Debra Jane, Rocky, Ricky and Valentin III to join Sgt. Torres in Germany.

Sgt. Torres is with the H.H.B. 36th Artillery Group in Bebenhausen, Germany, on a three-year assignment. He is the son of Mr. and Mrs. Valentin Torres of Garden City. Mrs. Torres is the daughter of Mr. and Mrs. Gus Ochotorena of Big Spring.

Rebekahs Name New Committee

Mrs. E. V. Cockerham, noble grand of Big Spring Rebekah Lodge 284, named the July refreshment committee at Tuesday's meeting in the IOOF Hall. Those to serve are Mrs. W. N. Wood, Mrs. D. W. Adkins, Mrs. Lee Burklow, Mrs. Joe Jacobs and Mrs. Sarah Johnson. The 39 attending reported 90 visits to the sick.

TOPS Rebels Hold Contest Auction

Secret pals were revealed and a gift auction held by TOPS Pound Rebels Tuesday in the YMCA. Mrs. Allen McClinton was in charge of the auction. The 18 attending recorded a 19-pound weight loss. Members are to bring gifts for a new auction contest next Tuesday. New teams and secret pals will also be chosen.

Lodge 153 Names July Committees

Mrs. Grady C. Beck, noble grand of John A. Kee Rebekah Lodge 153, presided Tuesday night as committees were named for July.

The program committee members are Mrs. M. R. Ray, Mrs. W. W. Grant and Miss Juanita Hamlin. Refreshment committee members are Mr. and Mrs. John Cate, Mrs. Grant, Mrs. W. C. Cole and Mrs. J. C Pye.

Mrs. K. C. Webb reported on the banquet at Hotel Settles for Mrs. Margaret Ayres, Texas Rebekah Assembly president. The 18 present reported 17 visits to the sick. The next meeting will be Tuesday.

Program Tells Origin Of Holiday

A Fourth of July program was given by Mrs. A. D. Greenfield at the TOPS Slender Benders meeting Tuesday in Midway School. She told how the holiday began and that each state had voted it a holiday, although it was never declared a national holiday by Congress. She added a work of caution to mothers of small children, warning of the danger in fireworks.

Mrs. Lindell Newton was welcomed as a new member. The club discussed a "back to school" style show they will present with a luncheon at 11 a.m. Aug. 4 in Coahoma First Presbyterian Church fellowship hall. Tickets may be purchased from Slender Benders beginning July 15. The next meeting will be Tuesday.

Wins Prize At Club Meeting

Mrs. George MacConnell won a bowl of fruit at the Inch Pinchers meeting Monday. Mrs. R. P. Morton, 2303 Austin, was the hostess. Mrs. Leroy Dolan led exercises. The next meeting will be in the MacConnell home, 1804 Hearn.

Versatile Cotton Proved For Fall-Winter Clothes

Time was when a cotton dress was something you wore in the summertime only. The seasons haven't changed — but cotton certainly has.

While cotton has always been the most comfortable fabric to wear in the sticky hot days of summer, it's also become the most comfortable thing you can don during the brisk days of fall as well as the steam-heated days of winter.

New weaves and heavier constructions of cotton fabric have been a factor in bringing this about. The double-wovens especially have given cotton its new year-round status.

A double-woven cotton is just what it sounds like — a fabric woven in two thicknesses, back to back, resulting in a reversible pattern.

Besides giving the fabric a handsome three-dimensional look, the double weave is an insulating factor, keeping you warm in cool weather — and because it's "breathable" cotton — keeping you comfortable in warm weather.

As for fashion appeal, double-woven cottons have taken the fancy of fashion designers. They like the fabric's body and its rich sculptured-looking surface.

Patterns are woven into these cottons, and they all seem to have a timeless, any-season appeal. Checks, plaids, sharp defined blocks of color, mosaic and tile patterns, diagonal criss-cross stripes, squares and circles — anything geometric, in fact, looks especially attractive in double-woven cotton.

A fabric with body and dimension of pattern, double-woven cotton is still light and comfortable. Because of this combination of qualities, it's extensively used for belted shirtdresses with full skirts, for coatdresses, jacket and dress combinations, and handsome coat and dress ensembles.

The color palette of double-wovens leans to the any-season basics, like black and white, brown, beige, and white, or navy, red and white.

COSDEN SLATES HOLIDAY DANCE

Cosden Country Club is sponsoring a free dance for members and their guests Saturday evening in observance of Independence Day. Music will be by "The Executives" of Midland. Dress will be casual, and the patriotism theme will be carried out with red, white and blue decor. Dancing will begin at 9 p.m.

Baptist Training Is Progressive

Study of the book, "A Dynamic Church," was concluded Tuesday by the Women's Missionary Society at Westside Baptist Church. Mrs. J. W. Trantham presided.

The final chapters of the book summarized the training programs, library projects and expanded recreation offered to keep pace with changing times. It was noted that "speed is important in all things." New curriculum changes called for more printed and audio-visual resources and exchanging of materials between the churches.

Mrs. Leroy Minchew and Mrs. Sallie Sanders led prayers. The next meeting will be Tuesday.

'ROUND TOWN

BY LUCILLE PICKLE

"How nice you look" sounds good to almost everyone I know, if one doesn't expect it, and it seems to be said in kindness or true appreciation of one's before-hand work. And it would sound good over a telephone, too, if one were dressed for it. But it occurs to me that, if the new picture phones get into very wide use all that luxury of being at home in a complete state of relaxation . . . clothes and all, those words might take on a different meaning.

I see by the papers that some of the devices are being used, I hope experimentally, in the larger cities, and some hope to have them perfected for wider use. In most offices it is hoped that the secretaries are always ready for a personal appearance when the phone rings, but if my life at home is any criteria of other housewives I say don't do it Mr. Bell Telephone, if you're the one that's doing it.

How many times have I blessed the day that those who-called couldn't see through the wires to my domicile. No one really knows how messed up a housewife can get but another housewife. No house husband would ever admit to getting into the situations the house wife finds herself in. Such as a broken washer that is spewing hot, sudsy water all over the kitchen or laundry room, and the head of the house picks that time to call to say he's bringing company for lunch in an hour. Of course he can't see the wife blanch and get a tight hold on the phone to keep from exploding because she knows she can't make a loud noise because the company is standing at his elbow. He's saved from her wrath because he didn't know. This is only a temporary save, however. Then there's the inevitable call that comes not just before or right after getting into the tub . . . it's always just after one gets into the tub. A picture phone in the bathroom will not solve this problem.

There are any number of good reasons why it will not be a good thing for homes to have picture phones but need I go on?

I'm sure all the Jaycees who attended the national convention in St. Louis last week had a good time but few of them, if any, had any idea what a specially good time one of the viewers had watching their parade.

PAT BUCHANAN, who moved to Big Spring with his family when he was four years of age, was one of the thousands who watched the parade that took three hours to complete. Pat, who has lived in St. Louis the past five years, wrote his sister, MRS. D. D. CRAWFORD, that he was pleased to see all the Jaycees from Texas with a map of the state on their costume backs and also the name of their cities. Not only did he enjoy seeing Big Spring but he cheered for Dallas where he made his home for 28 years, also Fort Worth, where he resided two years before going to St. Louis. He is with Missouri Pacific Railroad in the office of the mechanical supervisor.

In the newspaper coverage of the convention, mention was made of the big Texas party where fried rattlesnake meat was served and all 800 pounds of it was furnished by Big Spring Jaycees.

Mrs. Crawford returned Sunday night from Abilene where she visited her sister, MRS. V. Z. (Sally) MATTHEWS and to attend Bob Hope's Eisenhower benefit.

* * *

Can you believe that come Sunday DR. R. GAGE LLOYD of the First Presbyterian Church will be officially retired from the ministry of that church? He's got to be such a part of that pulpit it will be hard to put him in the congregation. Planning to be here for his last Sunday in the pulpit are his daughter and her family, the W. W. HARRELL JRS., of Morristown, Tenn., and also Mrs. Lloyd's sister and her husband, DR. and MRS. GORDON BUTLER of Denver, Colo. Others who have been in his congregation who hope to be here are the BERNIE FREEMANS of Fort Worth and the 'CHOP' VAN PELTS of Odessa.

Correction Made In Pickle Recipe

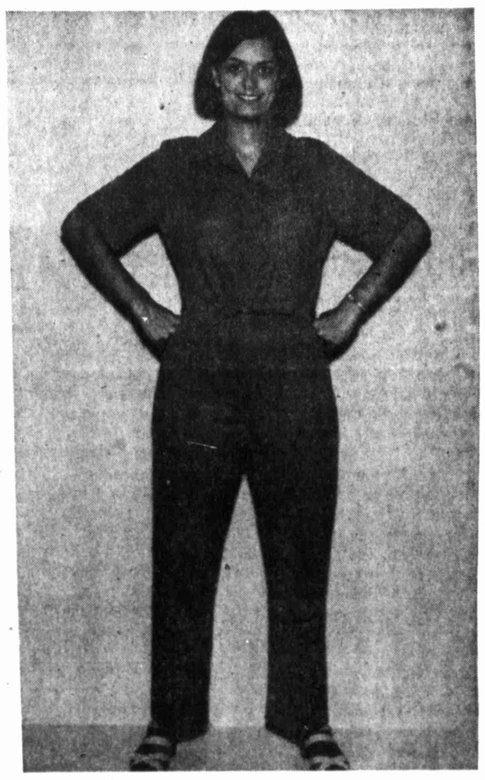

Mrs. Troy A. Wylie has given a correction in a recipe for Ice Box Pickles printed recently in The Herald. Ingredients are 2 quarts whole sour pickles, 2½ teaspoons pickling spices, 2 cups sugar and 3 tablespoons salad oil.

Pour juice off pickles and slice pickles into a large bowl. Add spices, sugar and oil. Let set in bowl in refrigerator for three days to get crisp. Repack in jars.

City Cemetery Hit By Vandals

Summer has brought a new rash of vadalism to Mt. Olive Cemetery, Assistant City Manager Roy Anderson said this morning.

The increase in destructive acts seems to parallel seasonal activity at the baseball parks near the city cemetery, he said.

In recent weeks, vandals have overturned monuments, left water faucets on full-flow and comandeered a city tractor for a ride around the cemetery grounds, Anderson said.

Much of the damage appears to be caused by children who slip away from the ball parks and under the cemetery fence during the night games and use the graveyard as a playground, he said.

Other evidence indicates an older crowd occasionally uses the cemetery as a secluded place for beer parties. Anderson said beer cans have been found strewn about the graves on more than several occasions.

Ordinary carelessness also contributes to the damage, he said. Often persons using the cemetery as a short-cut unthinkingly cross over graves leaving their tracks as they pass.

(AP WIREPHOTO)

DON'T FORGET THE RYE BREAD — Actually they're just a couple of grocery shoppers — 14-month-old Aggey and a young boy — exchanging greetings in the aisle. Aggey's seems to be the heartiest. Her trainer takes her home nights to hand feed her, and their shopping trips also have become part of the itinerary away from Children's Zoo in Pittsburgh.

Adult DE Course Starts Monday

Adults who want to learn how to drive were reminded today by HCJC officials of a course for them starting July 6.

The organizational meeting will be held at 7 p.m. Monday in Room 83 at the college, and all persons interested are urged to be present. In the meantime, those who desire to register may do so at the college business office. Charge for the course leading to licensing of drivers is $30. This includes classroom as well as driving instruction.

He spoke on law enforcement on plans he as for the Stanton department. Nineteen members and a guest, Glenn L. Brown, were present, and Charles Elmore, president, was in charge.

City Authorizes Moss Lake Spillway Request

By TERRY STARK

The city commission this morning authorized representatives of the Colorado River Municipal Water District to go ahead with plans to build a new spillway and raise the dam at Moss Creek Lake.

Meeting in called session, the commissioners heard CRMWD General Manager O. H. Ivie say that "even 20 years from now with these improvements, even under the most adverse conditions, we will not have to pull Moss Creek Lake down further than it is today."

Ivie's official request at the meeting was that the city fathers authorize the water district to represent the city before the Texas Water Rights Commission to obtain an ammended permit to go ahead with the half-million dollar project. Ivie said CRMWD will be responsible for the full cost of the project.

He said the improvements, which include constructing of a weir-type spillway and raising the dam 10 feet, would benefit the city in three ways: first, increasing the capacity of the lake by some 1,700 acre-feet and reducing the cost of piping water to the reservoir; second by eliminating the necessity to install a larger pipeline to the lake which would in turn reduce cost of pumping the water; third by increasing the recreational facilities at the lake.

He said that although the present spillway is strong, water rights commission standards have been raised since its construction, making it unsatisfactory by today's standards. The new spillway will have to meet current standards, he said.

The spillway will cost an estimated $290,000 and the heightening of the dam another $210,000. The spillway will take about 46 months to construct, he said.

He requested city authorization at this time, he said, because "in order for us to do anything to alter conditions at Moss Creek Lake, we must apply to the Texas Water Rights Commision." Approval of the project could be some time coming, Ivie said, and the sooner the effort is begun, the sooner a decision can be obtained.

The commission approved the authorization unanimously with Wade Choate the only member absent.

Following action on the Moss Creek Lake project, Eddie Acri asked that the commission take some action soon on finding a permanent director of public works. Bo Anderson has served as acting director since Earnest Lillard left the position in January. The commission tentatively agreed to dicuss recommendations from City Manager Larry Crow at a special meeting previously scheduled for next Tuesday.

Tax Stamp Deadline Past

Tuesday was the deadline for purchasing Federal occupation tax stamps, required of business establishments involved with certain federally regulated commodities and services.

Administrative officer Joe Gordon of the local Internal Revenue Office says there are usually some businessmen who forget to purchase the tax stamp certificate, and they are in violation of the excise tax laws until they do so.

Businesses involving gaming devices, wagering, narcotics, marijuana, distilled spirits, wines, beers, or firearms are required to purchase these location tax certificates.

The stamp is good for one fiscal year, in this case from July 1, 1970, to June 30, 1971.

Occupational tax stamps are not transferable. For example, a package store owner who opens a new store at a different location must buy a separate tax stamp before opening up for business.

Vatican Holiday

ROME (AP) — Vatican employes got the day off when Pope Paul VI marked the seventh anniversary of his coronation by canceling or postponing all private audiences Tuesday.

A spokesman said there were hundreds of congratulatory messages from all over the world.

Palsy Drive Leads To Formation Of A Chapter

Big Spring's Cerebral Palsy fund drive which ended Tuesday night prompts the formation for the first time of a local chapter to fight the malady.

'Now a committee will be chosen to determine the use of funds locally to aid cerebral palsy victims," said Lloyd Cannon, coordinator for the drive which was conducted Monday and Tuesday nights.

About $700 had been collected by this morning, but since envelopes are still coming in, Cannon did not have a final total.

Split of funds will see 70 per cent remaining in Big Spring to aid cerebral palsy victims here. The national foundation receives 25 per cent for research. Another five per cent goes into a state fund to aid areas which do not have a cerebral palsy chapter.

Cannon cited a recent case whereby local funds were used to transport a patient to the Moody Clinic in Galveston.

This is the first concentrated drive to be conducted by local marchers. About 300 went door to door to solicit funds.

In the past Big Spring worked with the United Cerebral Palsy Foundation out of Odessa. A local committee will now be needed to determine the use of locally retained funds.

Anyone not contacted may still contribute by calling Cannon at the Birdwell Lane Church of Christ or Bob Taylor at KBST.

Closing For Independence Day Due To Begin Friday

Saturday is the Fourth of July, but many Howard County residents will be celebrating Friday with a day off from work.

The county courthouse will be closed except for the sheriff's office, and city hall offices will be closed. Most Webb AFB. personnel will observe a holiday Friday.

The banks will be open, and the post office will provide window service from 8:30 a.m. until noon. Mail will be delivered on city and rural routes. There will be no delivery Saturday except in lock boxes and special delivery service.

"We will be a full strength during the July 4th holiday and as many men as possible will be out in the cars patrolling the highways," said Sheriff A. N. Standard. Office secretaries will be off.

ANTIWAR SENATORS

Ought To Be 'Shot Between The Eyes'

WASHINGTON (AP) — The Justice Department today ordered an FBI investigation of a recorded telephone message suggesting that antiwar senators ought to be "shot between the eyes."

The American Nazi Party, now the National Socialist White Peoples Party, lists Sens. George McGovern, D-S.D., J. W. Fulbright, D-Ark., and Mark O. Hatfield, R-Ore., as the vanguard of treason and says in the recorded message they should all be shot.

"McGovern, Fulbright, Hatfield, the whole rotten bunch, need a bullet right between the eyes," says the "white power message" available to those who dial a number at the party's headquarters in nearby Arlington, Va.

The Justice Department said McGovern had asked it to investigate.

Department sources said use of the recorded message may violate a federal law against use of interstate commerce facilities to transmit a threat.

A federal law imposes a maximum penalty of five years imprisonment and a fine of $1,000 for "whoever transmits in interstate commerce any communication containing any threat to kidnap any person or any threat to injure the person of another..."

A spokesman for the U.S. attorney's office in Alexandria, Va., said his office had not yet seen a transcript of the message.

State Board To Auction Surplus

AUSTIN — For the second time in the state's history, a new approach to disposing of surplus property from state agencies — the public auction — will be used at 10 a..m. Saturday, July 25, in Austin's City Coliseum, according to Homer A. Foerster, executive director of the State Board of Control.

Foerster said that prior to a similar public auction held in Austin April 25, all surplus property has been sold on a sealed bid basis.

"Included in the upcoming sale on July 25 will be automobiles, outboard motors, boats, trailers, pickups, office equipment and two-way radios," he said.

He added that the equipment will be available for inspection beginning at 8 a.m. on the date, with the auction scheduled to start at 10:00 a.m.

HCJC Second Term Signup On July 13

Little more than one week remains in the first session of the summer school at HCJC.

Registration for the second six-weeks will be held on July 13, Leslie Lewis, registrar, announced today.

The signup will be in the college library at 8 a.m. to 12 noon, from 1 p.m. to 4:30 p.m., and from 6:30 p.m. to 8:30 p.m.

The regular academic offerings will be available, and in the vocational-technical division computer and law enforcement technology will be offered. The term ends Aug. 20.

MISHAPS

Second and Gregg: Jackie L. Herrick, Ackerly, and Thomas H. Myers, 2409 Cheyenne; 2:09 p.m.

Highland South parking lot: Louise Gilstrap, 610 Young, and a driver who left the scene; 4:36 p.m.

West Fifth and San Jacinto: Helen E. Johnson, 311 W. 12th, and Prentice Y. Tate, 1000 W. 3rd; 5:37 p.m.

Fourth and Birdwell: parked, Everette C. Baker, 105 W. 6th, and Robert P. Hoelzel, Midland; 15:38 p.m.

FM 700 and Birdwell: Mary W. Wright, 2715 Ann, and Gerald Cockrell, Big Spring; 11 p.m.

Legion Meeting

The American Legion's Howard County Post 355 will have a business meeting Thursday at the home. Vietnam vets who are not members of the Legion are invited to attend the meeting.

Postal Pay Bill Clears Big Hurdle

WASHINGTON (AP) — The Senate agreed today to fatten every mailman's wallet and create an independent agency to take over operation of the ancient and deficit-plagued Post Office Department.

The postal reform bill, passed 76 to 10 in a post-midnight vote, now goes to a conference committee to resolve differences with a similar bill previously passed by the House.

A U.S. Postal Service would replace the present Cabinet-level Post Office Department under the sweeping reorganization plan that, in its broad outlines, carries out recommendations of President Nixon.

Postal workers also will receive an eight per cent pay raise.

The new agency, run by a board of governors appointed by the President and subject to Senate confirmation, would have control over postal rates, negotiate pay scales with employe unions, and could issue up to $10 billion in bonds for modernization of post offices and equipment.

The Senate bill, unlike the House bill, would not give Congress a veto over increases in postal rates.

The eight per cent pay raise, initially costing $645 million, is part of an egreement worked out by Postmaster General Winton M. Blount last April to end a strike by postal workers.

It is on top of a six per cent pay increase for all federal employes voted by Congress earlier in the year. The Senate adopted, 73 to 14, an amendment by Sen. Jacob K. Javits, R-N.Y., to make it retroactive to April 16 as in the House bill.

J. I. Suggs Gets SHD Citation

An official State Health Department citation for work proficiency has been awarded to J. I. Suggs, assistant superintendent for the Big Spring water and sewage treatment department.

Signed by the State Health Commissioner and authorities of the Texas Water Utilities Association, the certificate of competency is awarded only to those utility plant operators who have successfully demonstrated their skill and knowledge in modern principles of plant management.

The engineers said the attainment is evidence of Suggs' efforts to better prepare himself for the duties of his position.

CRMWD Pilot Well Makes Hole

Drilling is underway on a pilot well for the Colorado River Municipal Water District project to develop well supplies of salty water for the SACROC unit in Scurry County.

O. H. Ivie, general manager, said that the hole was nearing the 300 foot depth, and that formation samples are being taken at regular intervals. Production is due to come from the Santa Rosa and if it is in sufficient volume, four other wells will be drilled and pipelines laid.

WEATHER

NORTHWEST TEXAS: Clear to partly cloudy tonight and Thursday. A few afternoon and evening thunderstorms, mainly in extreme west. A little warmer Thursday, high 90 to 101, low tonight 64 to 74.

SOUTHWEST TEXAS: Partly cloudy and warm through Thursday with a few scattered afternoon and evening thundershowers in northwest. High Thursday 90 to 102. Low tonight 65 to 75.

WEST OF THE PECOS: Partly cloudy and warm through Thursday with scattered mostly afternoon and evening thundershowers. High Thursday 84 to 98. Low tonight 58 to 72.

WEATHER FORECAST — Rain is forecast Wednesday for the Great Lakes states, the Rocky Mountain states and the Pacific Northwest. Showers are expected in the Southwest. There will be cooler weather in the Great Plains states, warm weather in the Midwest and cool weather in the East.

Grape Gripe Grips Growers

LOS ANGELES (AP) — California table grape growers who have withstood a five-year worldwide boycott by organized labor are ready to deal with unions, spokesmen say.

The spokesmen outlined their position at a news conference Tuesday at which they supported Gov. Ronald Reagan's recent call for mediation in the labor dispute. They said they represented more than 50 per cent of the state's table grape growers.

The growers said they were moving to avert disaster to the San Joaquin Valley harvest, due to begin in 10 days, which represents nearly 90 per cent of the nation's table grapes.

The growers conceded they are being badly squeezed by the table grape boycott pushed by the AFL-CIO United Farm Workers Organizing Committee, headed by Cesar Chavez.

The growers called for a moratorium on the boycott while the workers are conducting union elections and rules for negotiating are being set up. They called for cooperation from the union and the Roman Catholic Church bishops who have supported organizing among the 70,000 grape pickers in the state.

Chavez and union sources wouldn't comment, saying they wanted to study the proposals further.

Chavez' union has signed contracts almost daily the past week with other growers who had held out for years. The union estimates it now has 17 per cent of California's 78,000 acres of table grapes under contract, covering about 10,000 union members. A year ago the union had no table grape contracts.

The union has held about 15 per cent of the 200,000 odd acres of California wine grapes under contract for several years.

OIL

H-G Pool Outpost Gains Extension

The Howard - Glasscock multipay field of extreme southeast Howard County gained its second middle Clearfork well and a ⅞-mile south and slightly west extention to that pay with completion of Wood, McShane & Thams, No. 1 E. W. Douthit, one mile east of Chalk townsite.

It was finaled on the pump for 86 barrels of 23-gravity oil and 354 barrels of water per day, through perforations at 3-537-3,754 feet which had been acidized with 750 gallons and fractured with 40,000 gallons and 64,000 pounds. Drilled to 4,150 feet and plugged back to 3,993 feet, 5½-inch pipe was cemented at 4,135 feet.

Location is 550 feet from north and 2,040 feet from east lines of section 123, block 29, W&N W survey.

The discovery, the firm's No. 18 G. O. Chalk, was completed Feb. 2 to pump 45 barrels of 23-gravity oil, and 136 barrels of water per day, through perforations at 3-280-3,705 feet.

Two Billed By Grand Jury

Howard County grand jurors Tuesday returned two indictments and then resumed deliberation on 10 other cases involving 11 defendants.

Indictments for theft over $50 were returned against Allen Quincy Taylor, 41, Rt. 4, Box 432, Fort Worth, and Richard Monroe Smith, 64, Canton, in connection with an allegedly fraudulent real estate deal Jan. 9.

Taylor was released on $5,000 bond for Howard County, set by Judge R. W. Caton, and $5,000 bond set in Midland County. Smith was returned to Midland this morning by Deputy A. G. Mitchell. He had not posted $7,500 bond set in Howard County by Judge Caton.

Shortly before noon grand jurors had three cases remaining and were expected to return indictments late today.

Drug Handbooks Ready For School

AUSTIN — Three handbooks pinpointing the need-to-know details of crime and drug education for Texas parents, teachers, and students will be distributed throughout the state early in the 1970-71 school year by the Texas Education Agency.

First draft copy for the handbooks, each tailored to the needs of its special audience, was completed in Austin last Thursday by a 29-member task force drawn from student, parent, teacher, and other concerned groups.

The booklets will form a base for both classroom and community study and group discussion concerning drugs, narcotics, and the crimes their abuse may generate among young people and adults, Dr. L. Harlan Ford, Agency assistant commissioner for teacher education and instructional services, points out.

Pioneer Gets Hike In West Texas Rate

AUSTIN (AP) — The Texas Railroad Commission has granted Pioneer Natural Gas Co., which serves 61 West Texas cities, 4 cents of the 6.43-cent rate increase it sought.

The commission approved a new "gate rate" of 32.0 cents per thousand cubic feet Tuesday, effective today.

The increase must be approved by individual city councils before it can take effect.

Representatives of the cities fought the proposed increase—from 28 to 34.43 cents—at several hearings held by the commission after Pioneer filed its application last Oct. 9.

Pioneer said gas suppliers charge 20 per cent more than they did in 1962, when Pioneer got its last increase.

The cities contended that Pioneer overvalued its assets, which accounted for the company's claim that it isn't getting enough of a return on its investment.

Pioneer asked for a rate that would give it an 8 per cent return on its investment. The cities said the rate should be 7¼ per cent. The commission concluded that 7.375 per cent "is reasonable."

* * *

Big Spring Not In Rate Increase

Big Spring is not included in the 61-city West Texas area approved for rate increases for Pioneer Natural Gas Co., Dearl Pittman, district manager, said this morning.

Cities affected by the 4-cent increase approved Tuesday by the Texas Railroad Commission are to the west and north of Big Spring, including Midland, Odessa and Lubbock.

"There will not be any immediate increase in this area," Pittman said. Big Spring city commissioners last fall approved a rate increase for Pioneer.

District Clerk Attends Meeting

M. Fern Cox, district clerk, will be in Amarillo Thursday and Friday for the second quarterly meeting of the board of directors of the Texas County and District Retirement System.

The board contains nine people representing Texas counties. Cox was appointed to the board Jan. 1 by Gov. Preston Smith.

FOR SENDING TROOPS INTO CAMBODIA

Senators Rebuke Nixon

WASHINGTON (AP) — Antiwar senators have rebuked President Nixon for sending troops into Cambodia with a surprisingly large vote to curtail future U.S. troop operations in the Southeast Asian nation.

By a 58-37 vote, the Senate approved the controversial Cooper-Church amendment Tuesday following eight weeks of heated debate. The measure, however, faces another long fight and possible modification when conferees seek to resolve differences between the versions passed by the House and Senate.

WRONG AGAIN

At the Western White House, press secretary Ronald L. Ziegler said the President didn't consider the action a rebuff.

"I think the Senate has clearly recognized the constitutional power and responsibility of the commander-in-chief," he said. On the other hand, the White House had maintained constant opposition to the amendment, sponsored by Sens. John Sherman Cooper, R-Ky., and Frank Church, D-Idaho.

The vote came several hours after Nixon termed the Cambodian incursion a success, officially announced all U.S. elements had been withdrawn and vowed to make new efforts for a negotiated peace settlement for all of Indochina.

He said in a written statement from the California White House the attack would save American and allied lives in the future and assure the orderly withdrawal of U.S. troops from Vietnam.

At least two more debates over U.S. policy in Southeast Asia are expected in the Senate in coming weeks. One will come on a resolution to repeal the 1964 Gulf of Tonkin resolution, even though such action was included in the Cooper-Church amendment.

END THE WAR

The second will come when a bipartisan team of senators headed by Democrat George S. McGovern of South Dakota and Republican Mark O. Hatfield of Oregon try to amend the upcoming military procurement bill with their "Amendment to End the War" by requiring withdrawal of all American forces from Indochina by next July 1.

It is considered much more drastic—and its chances for passage considerably less—than the Cooper-Church measure, which limits funds for U.S. activities in Cambodia.

Use of U.S. ground combat troops in Laos or Thailand was barred by an amendment passed last year to the defense appropriations bill.

After the approval of Cooper-Church, the Senate voted 75 to 20 to pass the military sales bill which had served as the vehicle for the debate. The measure restricts the program under which surplus U.S. military equipment is sold to foreign countries at bargain rates.

BILL OF GOODS

Rep. Thomas E. Morgan, D-Pa., chairman of the House Foreign Affairs Committee and likely head of his house's conferees, said, "I don't think we'll be in any hurry to go to conference. But eventually we will have to have a military sales bill."

Sen. Church, cosponsor of the amendment and a likely Senate conferee, said he is opposed to the military sales bill unless his proposal is retained.

The passage of Cooper-Church on the last day of the current U.S. operation in Cambodia reflected the view of the majority of senators that Nixon should have consulted with Congress before undertaking the venture and should do so in the future, except in the case of extreme emergency requiring immediate action.

Antiwar senators launched the drive to show their displeasure soon after Nixon announced the Cambodian operation.

FIVE CHARGES

The amendment, which sponsors said retains its substance despite five changes during the weeks of debate, bars funds starting today for retaining U.S. forces in Cambodia, for advisers, for paying mercenaries from other Asian nations and for air strikes in support of Cambodian forces.

An amendment by Sen. Henry M. Jackson, D-Wash., adopted 69 to 27 just before the final vote, permits air strikes in support of South Vietnamese and Thai forces.

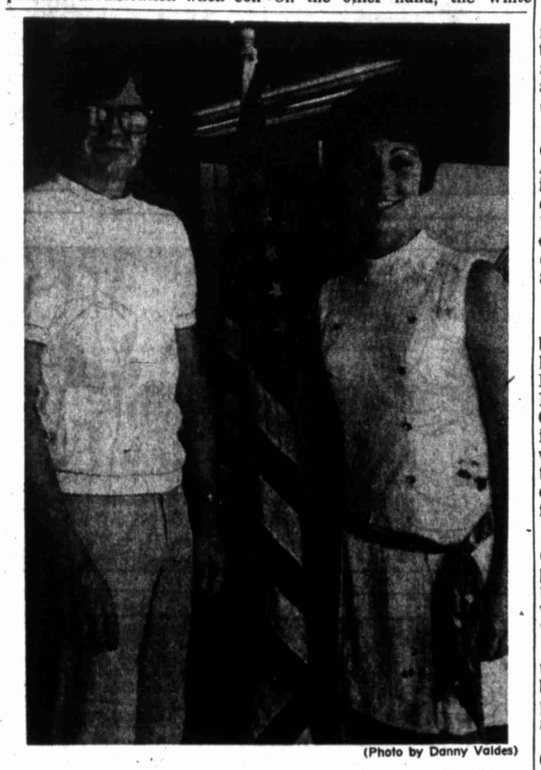

Moments earlier, the Nixon administration lost by 50 to 45 an effort to amend Cooper-Church to permit financial support of troops and advisers from other Asian nations, especially Thailand.

Besides Jackson's amendment, the primary changes made in the amendment during the debate spell out that nothing in the measure would impugn the President's constitutional power, including protection of American troops wherever deployed, or Congress' constitutional power to declare war and regulate the armed forces.

Sen. Robert J. Dole, R-Kan., said the net result is the Senate has sent the President "another weak message that Congress doesn't want to get involved in a war in Cambodia for Cambodia. That's all there is."

But Church said "for the life of me, I don't see how the amendment has been watered down." He added its essence was a limitation on funds and "that hasn't been changed at all."

Besides the Cooper-Church amendment, the bill authorizes spending $250 million in cash and extending $300 million in credits for the military sales program in each of two years—the one that ended at midnight Tuesday and the one starting today.

CIVITAN CITIZENS — Steve Smith and Sharon Cook Friday spoke to Civitans on the Citizenship Seminar they attended recently in Longview. The seminar was sponsored by the Civitan Clubs of Texas. Grady Ray, who also attended the seminar, was unable to attend the luncheon.

Airport Development Funds Slated To Flow

WASHINGTON (AP) — The Federal Aviation Administration promises an unprecedented stream of funds for airport development aid starting today.

FAA Administrator John H. Shaffer said up to $15 billion in federal, state and local money would be made available for improvement of the nation's airports and airways over the next 10 years.

"We will have a flow of resources into the non-vehicle part of aviation—the airports and airways—that they never before have had," Shaffer told the Aero Club of Washington Tuesday.

Shaffer said the new airport and airways development act taking effect today authorizes the Secretary of Transportation to approve $840 million in airport development grants over the next three fiscal years.

However, actual appropriations often are much less than such authorized ceilings.

Funding of air navigation facilities will total not less than $250 million a year through 1975, Shaffer said.

The law also authorizes $250 million a year for airports served primarily by airlines or for general-aviation airports which relieve congestion at other airports where traffic density is great, and $30 million a year airports not served by the airlines.

Another $15 million will be available annually in planning grants, to assist localities in preparing master plans for airports and aviation systems, he said.

Hogg Becomes Lord Second Time

LONDON (AP) — Quintin Hogg, who once surrendered a peerage because it was a political handicap, has become a lord for the second time.

He signed on at the House of Lords Tuesday as Lord Hailsham of St. Marylebone, a life title created for him by Queen Elizabeth II after the new Conservative government selected him as its lord chancellor, or head of the British judiciary.

Hailsham, now 62, gave up the hereditary title of Viscount Lord Hailsham in 1963 when he was trying to win the Conservative party leadership.

Eye Mercury In Crab Meat

NEW ORLEANS (AP)—Mercury in amounts above the federal danger level has been found in crab meat and fish taken from the inland waters south of Lake Charles, including Calcasieu Lake.

The Louisiana Department of Health and the New Orleans district of the U. S. Food and Drug Administration jointly announced Tuesday that mercury levels found in crab meat from that area ranged from .5 to 1.4 parts of mercury per million parts.

The area south of Lake Charles is the only one in Louisiana where the problem is known to exist.

In red fish, speckled trout, croaker and flounder from the area south of Lake Charles, the mercury level was found to range from .5 to one part per million.

Any mercury content above .5 parts per million is considered potentially poisonous under federal guidelines and fish containing that much cannot be shipped in interstate commerce.

No significant amounts of mercury were reported found in shrimp or oysters.

Nevis E. Cook, director of the FDA New Orleans district, said the mercury contamination was most likely the result of industrial pollution.

Como Pleased

LAS VEGAS, Nev. (AP) — Perry Como says he's highly pleased with his reception in his first night club appearance in 26 years.

The 58-year-old singer, who is drawing big crowds at the International Hotel, told newsmen:

"Oh, I was nervous and hesitant. It's been so long. I wondered. But I wanted to be active and prove I can still do it. I just never knew the response would be this ridiculously terrific."

Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN

Both vulnerable. South deals.

NORTH
♠ J 10 9 4
♡ Q 8
◇ K Q 5 4
♣ A 8 6

WEST
♠ K 5
♡ 10 5 4
◇ J 8 6 3
♣ Q J 9 2

EAST
♠ 6 3 2
♡ A J 9 2
◇ 10 7 2
♣ K 7 4

SOUTH
♠ A Q 8 7
♡ K 7 6 3
◇ A 9
♣ 10 5 3

The bidding:

South	West	North	East
1 ♠	Pass	3 ♠	Pass
4 ♠	Pass	Pass	Pass

Opening lead: Queen of ♣

South was in too great a hurry to draw trump in today's hand and he thereby provided the opposition with an opportunity to sink his four spade contract.

West opened the queen of clubs and the ace was played from dummy. Declarer found it necessary to dispose of a club loser without delay, he therefore cashed the ace of diamonds and continued with North's king and queen to discard the five of clubs from his hand.

The jack of spades was led next for a finesse. West won the trick with the king and alertly returned a trump, rather than attempt to cash any clubs. South was in his hand and rather belatedly, he led a heart and put up the queen. East played the ace and returned his last trump.

Declarer could ruff out only one heart loser, and in the end he was obliged to concede a heart and a club to the opposition for a one trick set on the deal.

After he has provided for one of his club losers, declarer can afford to give up a club, the ace of hearts and—if necessary—a spade trick, however he must take pains to assure himself of two heart ruffs in dummy, so that he does not lose a second trick in that suit.

After the third round of diamonds, South should lead the queen of hearts from dummy. East puts up the ace and may return a trump. Declarer can afford to take the finesse now, since he does not intend to surrender the lead again, until he has completed his washing. West is in with the king of spades and returns the suit.

South cashes the king of hearts and ruffs a heart. He returns to his hand by trumping a diamond and then ruffs his remaining heart. The ace of spades provides him with his 10th trick.

Bill Ordering Mandatory Jail Terms For Rioters

BELFAST, Northern Ireland (AP).— Pressured by the threat of Protestant demonstrations that could spark new violence tonight, Northern Ireland's parliament rushed through an emergency bill today ordering mandatory jail sentences for rioters.

The bill, approved after an all-night debate, takes away magistrates' discretionary powers and orders a minimum of six months in jail for riotous or disorderly behavior and at least 12 months for gasoline-bomb offenses.

In cases tried by jury, the minimum for a gasoline-bomb offense is two years in jail.

The bill was expected to receive approval from British Governor-General Lord Grey today, becoming law before five parades tonight planned by the military Protestant Orange Order. Orange parades often set off fighting between Protestants and Roman Catholics, and tonight's marches come after a weekend of Protestant-Catholic street fighting in which six persons were killed and more than 200 injured.

The Orange Order raised the threat of Protestant vigilantes, on the order of the B-Special Constabulary disbanded after last summer's religious warfare. In a warning today, the order said if security forces appear to lose control of the situation, "Ulstermen will rally again as they did in bygone days to maintain the welfare of the province and the welfare of their homes."

Two Choppers Shot Down, Killing Eight Americans

SAIGON (AP) — Two U.S. helicopters were shot down Tuesday night just inside South Vietnam's border with Cambodia, killing eight Americans and wounding five, the U.S. Command announced today.

A spokesman said it was not known what type of mission the two UH1 choppers were on when enemy fire brought them down one and two miles south of the border across which the last American combat troops in Cambodia had withdrawn the day before.

The U.S. and South Vietnamese commands reported a total of 86 Viet Cong and North Vietnamese killed in scattered fighting in South Vietnam, most of them by air attack.

MORTAR ATTACK

In Cambodia, more than 5,000 South Vietnamese troops were sweeping areas north of Phnom Penh, and 800 more U.S.-trained mercenaries arrived in the capital to bolster its defenses.

The South Vietnamese reported no contact with the enemy, and a Cambodian military spokesman here said the only significant actions reported in the country were probes against government positions at Siem Reap, in the northwest, and a mortar attack on Neak Luong, the Mekong River ferry crossing 35 miles southeast of Phnom Penh where the South Vietnamese have located a big new logistics base.

The mortar attack killed three civilians and wounded six, but there were neither casualties nor damage at the new base, the spokesman said.

Informants in Saigon said the South Vietnamese task force operating north of Phnom Penh was made up of nearly a full brigade of some 2,500 marines and about the same number of infantrymen supported by armored cavalry. Officials in Phnom Penh said the operation launched earlier this week had led to the collapse of enemy pressure in areas just beyond the capital.

The mercenaries are Cambodians living in South Vietnam who were trained by U.S. Green Berets. They arrived in Phnom Penh in a 40-truck convoy, joining more than 4,000 like them who are charged primarily with defending the capital.

Military experts said the lull in fighting after almost a month of enemy attacks indicated the Viet Cong and North Vietnamese had been thrown off balance by continuation of large-scale South Vietnamese drives. Enemy forces were believed pulling back into their base areas in Northern Cambodia to regroup and refit. But some observers pointed out that in South Vietnam periods of low activity are usually followed by renewed attacks.

Antipoverty Grants Top $1 Million

AUSTIN (AP) — More than $1 million in federal anti-poverty grants have been announced by Gov. Preston Smith. They include funds for family planning, Head Start and emergency food and medical services.

He announced $360,000 in emergency food and medical services grants, including $15,000 to Kleberg County Community Action Committee; $15,000 to the Community Action Council of Brooks, Jim Hogg and Zapata counties; $15,000 to Harrison-Panola Community Action Agency, Inc; $45,000 to Community Action Nacogdoches, Inc.; $100,000 to Economic Opportunities Development Corp. of San Antonio and Bexar County; $10,000 to Community Action Agency of Hays and Caldwell counties; $100,000 to Jefferson County Economic Opportunity Commission, Inc.; and $60,000 to El Paso Community action Program, Project Bravo, Inc.

The governor announced $336,605 in family planning grants, including $25,000 to Human Opportunities Corp. of Austin and Travis County; $63,720 to Galveston County Community Action Council, Inc.; $49,885 to Associated City-County Economic Development Corp. of Hidalgo County; $12,000 to Community Council of Bee County; $50,000 to Williamson-Burnet County Opportunities, Inc.; $20,000 to Community Action Program, Inc., of Taylor County; $25,000 to Hockley County Community Action Committee, Inc.; $10,000 to Community Action, Inc., of Hill County; $31,000 to Community Action Board in Lubbock County, Inc.; and $50,000 to Texas Panhandle Community Action Corp., Amarillo.

A $531,286 U.S. Office of Child Development grant was made to Cameron County Community Projects, Inc., Brownsville for Head Start programs.

Community action grants announced are $47,643 to Economic Opportunities Advancement Corp., Waco; $50,000 to Tom Green County Community Action council, San Angelo; and $2,250 to Bastrop County Community Action.

Von Braun Hailed

ATLANTA, Ga. (AP) — German-born rocket expert Wernher von Braun has received the Civitan International World Citizenship Award—previously presented only to Dwight D. Eisenhower and Winston Churchill.

ON THE FOURTH

Bring A Bell And Ring It

Everybody bring a bell.

That's the latest word on the Let Freedom Ring program from the Chamber of Commerce, whose cultural affairs committee is planning the event. People will not have to be in costume to participate, because everyone, young and old, is being asked to bring some type of handbell.

The College Baptist "Collegians" lead off with 10 minutes of music, followed by a trumpet call to colors.

The Rev. John Beard of First Christian Church will then come out with the color guard to lead the invocation.

The Town Crier, Jim Baum of KBYG, is to arrive with fife and drum musicians Paula Lemmons, Mona Boadle, and Kelly Carlile, to await the rider bringing news from Philadelphia.

A contingent of Minutemen is to arrive at the same time Sheriff Standard gallops in on horseback, dressed in buckskins, to hand the Town Crier a copy of the Declaration of Independence so it can be read to the assembled townspeople.

The program will close with the Star Spangled Banner, and the ringing of the bells by everyone present. A lot of work has been done to make this an extra special event with authentic costumes to recapture the spirit of the days when news traveled by bell and by horseback.

There will even be a scene with living actors showing Betsy Ross and her 13-star flag.

Surprisingly enough, the whole program will be compressed into 30 minutes, beginning at 8 p.m. Saturday, the 4th of July.

Job Opportunities

AUSTIN (AP)—Gov. Preston Smith announced approval Tuesday of an anti-poverty grant of $1,999 in federal funds to Val Verde County Community Action Agency in Del Rio.

The grant authorizes a youth development program for some 750 persons from age 7 to 14 through Nov. 30. The program is designed to provide recreational and job opportunities.

Hill Withdraws From Tourney

LONDON, Ont. (AP) — Dave Hill, suffering from dizzy spells, low blood pressure and partial blindness in the right eye, pulled out of the $125,000 Canadian Open Golf tournament, further decimating an already star-starved field.

"There's no fooling around with what the doctor said," Hill told Canadian Open officials from his home in Evergreen, Colo. "He said that unless I had a complete rest, I'd be in the hospital for the rest of the year."

Hill, the stormy character who was the center of a blazing controversy at the U.S. Open, consulted Dr. Robert Dean of Denver early this week after finishing in a tie for fifth in the Cleveland Open Sunday.

"What worried Dr. Dean most," he said, "was that attack that put me out of play for a long time in 1963."

Hill said he "almost collapsed" in the final round Sunday and suffered from dizzy spells every time he bent over to put a tee in the ground. He had complained of being tired earlier in the week. His condition was diagnosed as exhaustion.

His absence left happy Homero Blancas as a likely candidate for the favorite's role in the 144-man field that begins the 72-hole test Thursday on the 7,168-yard, par 72 London Hunt and Country Club Course.

"I'm playing good enough to win," said Blancas, "and with Dave out, well, that's just one more I don't have to beat."

Blancas snapped a five-year victory famine in the Colonial National Invitational earlier this year, finished second to Hill at Memphis, was ninth last week at Cleveland and has eight finishes in the top 10 this year. He has won almost $73,000.

None of the top 10 money winners of the year, including last week's winner Bruce Devlin, Lee Trevino and Dick Lotz, are competing this week. Also among the missing are such attractions as Arnold Palmer, Jack Nicklaus, Gary Player and Billy Casper. Most are preparing for next week's British Open.

In fact, only seven tournament winners from this year are on hand. They include Blancas and Tommy Aaron, who won the Atlanta Classic and also this event a year ago. The others are Ron Cerrudo, Gibby Gilbert, Mike Hill, Hugh Royer and Pete Brown.

Hawks Wind Up Perfect Year

The Hawks closed out their American Little League season without the loss of a game Monday night when they outlasted Cabot, 8-5. The pace setters won 20 in a row.

Pat Carroll and Tommy Churchwell divided time on the pitching rubber, Carroll notching the win. Together they limited the Cabots to four hits, two of which were authored by Tony Lester.

The Hawks carried an 8-1 lead into the final innings, when the Cabots exploded for four runs. Churchwell helped the winners' cause with a circuit blast.

Montreal's Renko Is Winner Over Phils

By The Associated Press

Steve Renko believes in taking his milestones in a logical order. So he'll concentrate on getting his first major league shutout before he thinks about his first no-hitter.

Renko mowed down the first 19 batters in order before surrendering a hit Tuesday night and settled for a three-hitter, pitching Montreal to an 8-1 victory over Philadelphia.

"I was more disappointed at losing the shutout than the no-hitter," said the logical pitcher. "I haven't had a shutout in the major leagues."

If Renko was disappointed it was nothing compared to the 51,050 fans who packed Cincinnati's new Riverfront Stadium only to see Atlanta spoil the ballpark's debut by thumping the Reds 8-2.

Elsewhere in the National League Tuesday night, St. Louis tagged Chicago with its 12th straight loss, 5-4, New York hung on to edge Pittsburgh 7-6, San Diego nipped San Francisco 3-2 and Houston downed Los Angeles 6-2.

FINE ASSORTMENT

Renko, a hard-throwing right-hander, was perfect for 6 1-3 innings, overpowering Philadelphia with a mixture of fastballs and sliders.

The spell was broken by Oscar Gamble, who outlegged an infield hit to second baseman Marv Staehle.

LOOKING 'EM OVER

With Tommy Hart

Dr. Howard Schwarzenbach, one of the best "little" men ever to quarterback the Big Spring Steers, remembers the days when the provincials were queering the defensive stratagems of the opposition and confusing the officials with their trick plays.

Swatzy recalls that George Zarafonetis suggested the play wherein the guard took the ball from the center, grounded it out of sight of the arbiters until the enemy was duped into chasing a phantom carrier and then picked it up to go for downfield yardage.

The 'guard' in this instance was Henry Richbourg, a back who had been moved into the line by coach Obie Bristow for the slightly-illegal maneuver.

Big Spring tried the ploy twice against Sweetwater one year, according to Schwarzenbach, and Richbourg — possessed of some celerity while ambulatory — broke free on each occasion. Richbourg's one failing as a ball carrier was that he could run only in a straight line, no doubt reasoning that was the shortest distance between points.

Ney (Red) Sheridan, then a part of the Sweetwater armor, got the angle on Richbourg each time, however, and flagged him down before Henry could melt into the end zone.

Later, Obie resorted to some chicanery in a game against San Angelo in efforts to pierce the Bobcat mail. It was referee Les Cranfills who approached the Steer bench and told Bristow the officials were adrift in a sea of confusion and implored him to try something legit for a change or submit to post-game arbitration with the district committee.

Football may have taken on the appearances of a Chinese fire drill in those days. By the same token, it may have been more fun for everyone concerned.

* * * *

Does any sport generate as much good humor and inspire the common appeal it did three decades ago? I doubt it.

Professionalism has deleted something from sports that may never return. The Latins had a phrase for it — auri sacra famis. It means the "accursed craving for gold."

The golfing greybeard from the West Virginia mountain country, Sam Snead, sighed recently when he said that linksters today make more and more money, keep less of it and don't have as much fun as the hardy mercenaries of 20 and 30 years ago.

"Everybody's so serious and businesslike," the old hillbilly said. "There is none of the spirit of the old days. They move in pairs. They don't sit around the locker anymore, telling stories and laughing it up."

* * * *

Now fighting a losing battle with his 58th year on this earth, Snead recently played in his 27th National Open — a record. He's proud of that and the fact that he has won more than 100 tournaments in his time.

He is not impressed, however, by the escalating purses at today's tournaments.

"Okay, say, you win $200,000, he said, referring only to the rarities, "you can figure your expenses at $30,000. The government takes 72 per cent of the rest in taxes. You're lucky to keep $30,000 for yourself.

"We used to bum rides from tournament to tournament. We paid $4 a night for a room — a double with two guys. We got by on hamburgers and hot dogs but if we wanted to be fancy we had a steak with all the trimmings for $1.50.

"Now, you can't get a room for less than $30 single. I understand they wanted to charge Orville Moody $60 a night during the Open. A steak costs $8.50 and you blow $2 to have a pair of pants pressed. A shoe shine costs a dollar at the club.

"In 1937, I was second-leading money-winner with $10,000. I led the money list in 1938. It was under $19,000. But it didn't cost as much. Now the successful golfer has to have a business agent and a tax attorney.

"If you win a big tournament today, you have to give the caddie $1,000 or $1,500. That's almost as much as I made for winning my first one. It was at Oakland, Calif., in 1937. My first money was $2,500. I remember I gave my caddie $235. That looked like a fortune."

CRESTVIEW WINNER

Two Teams Tied For Loop Lead

Crestview Baptist moved into a deadlock for first place in Church Softball league standings by handing Immaculate Heart of Mary Catholic its first loss of the year Tuesday night in Comanche Trail Park, 21-2.

The two teams now boast identical 7-1 records and will probably meet in a post-season playoff for the coveted spot, in event the deadlock continues.

In other action, First Assembly of God decisioned Berea Baptist, 4-2.

Don Ritchey tamed Immaculate Heart for Crestview, scattering seven hits.

Phillips smashed a home run and a single for the winners while Daniels clouted a double and a single and Shaw a single. Tommy Arista drove out a two-baser for Immaculate Heart, one of three bingles he amassed.

Charles Williams hurled First Assembly to victory in the first game of the evening, setting Berea down with two hits.

Pruitt and Neves of First Assembly each drove out a double and a single.

Sabres Tied For Second

The Sabres nailed down a tie for second place in International Little League standings by defeating the T-Birds Tuesday night, 9-4.

The win was the 13th in 20 starts for the Sabres and Mike Moore did the honors from the hill, yelding only five hits to the losers.

The Sabres and the Starfighters likely will meet in a playoff game Thursday night to determine second place in the circuit.

Timmy Cain had two hits for the Sabres, as did Bobby Waters for the T-Birds. Steve Sledge also drove out two safeties for the winners.

Red Sox Win 8th Decision

The Red Sox made it eight wins in ten Sophomore league starts by edging the Giants, 5-4, Tuesday night.

Earl Reynolds pitched the win, surrendering four hits to the opposition.

Catcher Ducky Robertson saved the Red Sox' bacon when he tagged out a Giant for the final out of the game.

Robertson also pounded two hits for the winners, as did Jody Bennett for the losers.

Elks Stampede Firebird Club

The champion Elks of the American Minor Little League flattened the Farris Firebirds, 22-6, with a show of power Monday.

The Elks counted in every inning, plating five in the first and eight in the third. A. Partee had three of the winners' 13 hits.

Joe Baranik Has No-Hitter

The Rockets, limping along with a 7-5 record early in the season, finished with a rush.

The International Little League championship was wrapped up by the Rockets Tuesday night when they won over the Comets, 18-1. The victory was their 14th in 20 assignments and they wound up with eight consecutive wins.

The Rockets collected only eight hits off Comet hurling but walks and misplays on the part of the Comets opened the floodgates for the winners.

Joe Barnaik, on the hill for the Rockets, pitched hitless ball. He lost his shutout in the second, when Malone darted home. Baranik also had two hits for the champs, as did Tony Mann.

Locals Defeat Sterling City

STERLING CITY — The Big Spring Merchants won their fifth straight game by mauling Sterling City in a practice softball contest here Tuesday night, 16-8.

Two games had originally been scheduled but the managers decided against playing the second one.

The Merchants return to play at 6 p.m. Friday against the host team in the annual Webb AFB tournament.

Birds Retain Momentum In National Scramble

The Cardinals moved closer to the National Little League pennant by routing the Wildcats, 12-4, Tuesday evening.

The Red Birds can sew up the flag Wed a contest with the Yankees this evening.

Wade Cobb's grand slam home run in the opening round got the Cards off to a flying start. The first place team banked 12 runs in that round.

Phil Woods was the winning flinger. He yielded only six hits to the Cats.

Mike Warren, Phil Woods, Kerry Robinson and Jody Mathews each had two hits for the winners.

Bubba Stripling was a big gun for the desperate Cats, smashing three hits in four official trips.

The Cards led 12-1, going into the final inning when the Cats came alive for three tallies.

The win was the 15th in 19 starts for the Cards. The Cats dropped back to 11-9.

Angels Are No Fans Of Danny Walton

By The Associated Press

Danny Walton can't do enough for the left field bleacherites in Milwaukee's County Stadium but you won't find the California Angels among his fan club members.

Walton destroyed the Angels Tuesday night with a game-tying home run in the third inning and a tie-breaking two-run shot in the eighth that powered the Milwaukee Brewers to a 5-4 victory.

The Angels dropped four games behind Minnesota in the American League West when Rick Renick's pinch hit grand slam homer rallied the Twins to an 8-5 triumph over Kansas City.

Elsewhere in the AL, Baltimore downed Cleveland 4-2, Detroit prepped for Denny McLain's return tonight with a 5-3 victory over the New York Yankees, Washington beat Boston and Oakland edged the Chicago White Sox 4-3.

MAY IS VICTIM

Walton, Milwaukee's slugging left fielder, hadn't homered since June 13 and fouled out with the bases loaded in the first inning. But he stepped to the plate in the third and creamed a Rudy May pitch into a left field bleachers — Walton Country.

He connected again in the eighth following a leadoff walk to Dave May — same place — and Bob Humphreys put down a California threat in the ninth at the cost of one run.

Sandy Alomar's single, a double by Roger Repoz and Alex Johnson's two-run homer gave the Angels a quick 3-0 lead in the first inning. But the Brewers got two back in the bottom of the inning on Gerry McNertney's bases-loaded single . . . after Walton fouled out.

The Twins trailed the Royals and rookie Don O'Riley 5-1 in the sixth inning but Harmon Killebrew started a five-run uprising with his 21st homer and, following Jim Holt's single and two walks, Renick walloped his grand slam off reliever Bob Johnson. Holt tripled home two insurance runs in the seventh.

Bob Oliver and Paul Schaal homered for Kansas City.

Having suffered three straight late-inning losses to their expatsies, the Washington Senators, Baltimore found just the tonic it needed to snap a three-game losing streak — the Cleveland Indians.

POWELL GETS TWO

Boog Powell drove in three runs with a pair of homers and Don Buford also hit one out as Dave McNally breezed to his third win of the season over Cleveland and the Orioles' seventh without a loss.

Dave Pearson Not Happy At Track

DAYTONA BEACH, Fla. (AP) —Speed's the game at Daytona International Speedway. To graying David Pearson, speed is a money-making game. But the 35-year-old driving ace had rather do his 200-m.p.h. thing elsewhere.

Pearson clocked the second best time in Tuesday's opening trials for the Firecracker 400, scheduled for a 10 a.m. Saturday start.

Doing an average of 188.750 miles an hour isn't bad.

Yet, Pearson isn't at all happy on this steeply-banked course that covers 2.5 miles.

"Drivers don't like this race track," he said in an interview. "If any of them tell you the truth, they will say they don't like to run here."

"I'm not scared," Pearson added quickly. "If I have control of the throttle, I'm not going to be scared. And, I'm not going to drive if I'm scared."

He gets uneasy on the 31-degree banks at both ends of the speedway. Pearson says the Ford feels as though it's about to leave the ground when topping 180 miles an hour.

He looked at the entry list, which had some unfamiliar names, and liked things even less.

"It's bad enough," he said, "to move up from modified to Grand National on the short track. This is a bad race track to try in your first time."

Anyone not familiar with his record might be surprised that the 35-year-old Spartanburg, S.C., veteran won NASCAR's Grand National title, including 1968-69. He won the Firecracker 400 in 1961, has been no worse than fourth since 1967 and was second in last February's Daytona 500.

Adams Named Frosh Coach

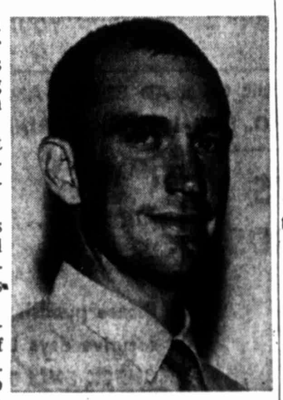

Tommy Eugene Adams, a teacher-coach at Goliad Junior High the past five years, has been elevated to the Big Spring High School staff as a freshman mentor.

Adams was head coach at Goliad the past season. He guided the Mavericks to a 5-3-2 record.

Born in Marshall, Adams played four years of high school ball under first James Alexander and then Bill Gunn. He was a tackle.

Injuries suffered in an automobile wreck deprived him of the chance to play in college. He attended Texas Tech for two years before transferring to Tarleton State University at Stephenville, from where he took his degree in 1965.

Once a resident of Big Spring, he returned here in September of that year to become a classroom teacher at Goliad. He started coaching on the seventh grade level the following year.

TOM ADAMS

He is married to the former Karen Walker. They make their home at 2510 Larry Drive. Tom has been teaching Driver's Ed this summer.

Carter Hurls 9-0 Triumph

David Carter pitched the Big Spring Hardware team to their tenth consecutive Hi-Junior league victory Tuesday night.

The Tigers tamed the Kiwanians, 9-0. Carter set the losers down with six hits, two of which caromed off the bat of Rickey Steen.

Contained fairly well through the first three innings, the Hardware team scored two runs in each inning thereafter.

Willie Williams and Tommy Brewer each had two safeties for the Tigers, who collected ten blows in all.

The defeat left the Kiwanians with a 3-6 record.

Big Spring Hardware is the only team in the league playing better than .500 ball.

Hull Handcuffs Colts, 10 To 0

N. Hull mesmerized the Colts in leading the Stars to a 10-0 American Little League victory here Tuesday night, parceling out only two hits to the losers.

The Stars made the most of six bingles, three of them off the bat of Mullins. No one else in the game had more than one blow.

The Stars struck for three runs in the first round, added five in the second and the other two in the third.

Dickens and Solis had the only hits off Hull.

Rosewall, Newcombe Win In Play At Wimbledon

WIMBLEDON, England (AP) — Ken Rosewall and John Newcombe were the only smiling contenders for the Wimbledon tennis title today as rain dripped off the ivy-clad walls of the All-England Club.

The two Australians were home and dry in the semifinals, with a day's rest from singles play ahead of them.

Their four remaining rivals were still locked in quarter-final combat and had to play again today, resuming rain-interrupted matches.

When the weather broke Tuesday night Roger Taylor of Britain led Clark Graebner of New York City, last hope of the United States, 6-3, 11-9, 8-7.

Andres Gimeno of Spain was ahead 6-1, 6-2, 1-2 against Australia's Bob "Nails" Carmichael.

But, however, the two interrupted quarter-finals finished, the winners had to face the extra strain of day-by-day tension, instead of getting the scheduled day's rest between matches.

As the rain began to fall on the center court, Graebner was on the brink of being eliminated from the tournament. He trailed 5-6 to Taylor in the third set and was 15-40 down on his service. But he saved the two match points and stayed alive.

The match continued in the rain until the score reached 8-7 in Taylor's favor. But Graebner serves first when the duel resumes today.

Earlier the center court fans saw Rosewall, 35, move a step nearer to winning his first Wimbledon title — 16 years after his first appearance in the final.

The little Australian, stroking the ball with pin-point accuracy, demolished Tony Roche, a fellow Australian ten years his junior 10-8, 6-1, 4-6, 6-2.

Newcombe, the 1967 champion, mastered Roy Emerson, winner of the title in 1964 and 1965, 6-1, 5-7, 3-6, 6-2, 11-9 in another all-Australian duel that lasted three hours, ten minutes.

Meanwhile, the women's semifinals were scheduled for today, and the chances swung heavily in favor of Mrs. Billie Jean King, of Long Beach, Calif., who is trying for her fourth crown in five years.

Her chief rival, Mrs. Margaret Court of Australia, rested Tuesday with injured ligaments in her left ankle. She pulled out of the doubles events.

(Photo by Danny Valdes)

CHAMPIONS IN NATIONAL PEEWEE LEAGUE — Pictured are members of the Sparks' club, which last week sewed up championship honors in the National PeeWee League here. The Sparks ripped off eight straight wins. First row, from the left, they are Joe Petty, David McFarland, Mark Warren, Dayton Berry and Ronnie Burleson. Second row, Ray Rhymes, Tony Womack, Clint Elliott, Donnie Burleson, Dale Earnest and John Pfeiffer. Third row, coach W. R. Cregar, Randy Cregar, Mark Knight, Gary Burgess, Mike Workman, David Timmins and manager John Workman.

WAR OVER DUMP

Complaints Head For City Council

HOUSTON (AP) — A two-day garbage war moves to the city council chambers today with a large delegation expected to protest the opening of a garbage dump on Houston's south side.

Nineteen persons were arrested Monday at the new dump on the Almeda-Genoa Road and 20 more were arrested Tuesday as they tried to block the entrance of garbage trucks.

All those taken into custody were released on $25 bonds after being charged with loitering.

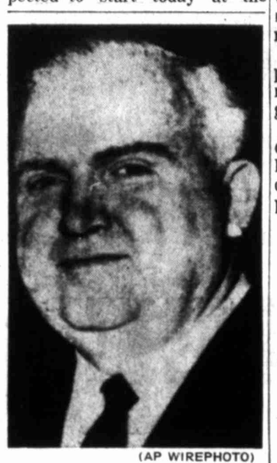

Full-scale unloading was expected to start today at the dump. City officials said as much as 6,000 tons of garbage will be placed there every day.

E. B. Cope, public works director, said the city would shut down today on Reed Road, and another dump on the old Holmes Road will be closed for lack of fresh dirt from the Reed Road dump for use in burying garbage.

Private garbage haulers also were expected to show up at the council meeting. They have said the closing of the city dumps will force them to turn to private dumps and raise costs so much they must go out of business.

They claim they perform a public service by collecting more than half of the city's garbage.

Protestors at the new city dump said the garbage will pollute the many wells in that area on which the householders depend for their water supply.

(AP WIREPHOTO)

INDICTED — President Paul Hall of the Seafarers International Union was one of the union's eight officers and employes indicted by a federal grand jury in Washington for alleged contributions to political campaigns of Democrats and Republicans in 1968. The union also was indicted for the same reason.

Spanish Live-In For Teachers

A Spanish live-in has been scheduled at Sul Ross University, in conjunction with the West Texas Education Center, for July 15-Aug. 14 for teachers and administrators.

The program calls for Spanish to be spoken at all times in order that the participants will learn better how to function more effectively with Spanish speaking pupils. Even at meals and during scheduled socials, Spanish will be spoken. Tuition is $53 and room and board $25 per week for the four-week program. Information may be had from Roberto J. Garza, Sul Ross in Alpine 79830, or Dr. John D. Damron of the Center at Midland 79701.

Jewels Stolen

LAS VEGAS, Nev. (AP) — Singer Teresa Brewer says somebody stole a diamond ring and a gold necklace worth $5,300 from her hotel suite.

Miss Brewer told the sheriff's office Tuesday she last saw the jewels in the suite at the Frontier Hotel, where she is appearing, on Sunday night.

'MYRA BRECKINRIDGE'

How Much Farther Can Movies Go?

HOLLYWOOD (AP) — How much farther can the movies go?

That question has been asked ever since the film companies started latching onto the sex revolution and throwing the self-censorship guidelines out the window. Each season has brought a new wave of what a Catholic critic has deploringly termed "moral brinkmanship."

"How can they get away with it?" puzzle movie goers who remember when married couples couldn't even share a bed in films.

'FUNNY SPOOF'

The question now seems useless. It is no longer a question of "getting away with it." The one-time Production Code appears reduced to the function of determining which films are too gamey to be seen by minors.

Consider the case of "Myra Breckinridge." One of the major scenes in the Gore Vidal novel depicted the sex-changing Myra committing an act of sodomy with a brawny actor.

"You can't film that," the scoffers said. But 20th Century-Fox did. With Raquel Welch. In living color.

Many other sexual acts between persons of varying sexes are displayed in the film. This is the movie that Jack Valenti, president of the Motion Picture Producers, gave an unprecedented endorsement. In handing "Myra Breckinridge" an X rating, he remarked:

"I personally found the film a very funny spoof, but a picture children should not see."

SEXPLOITATION

Other reviewers weren't as kind. Daily Variety's Arthur Murphy called the film "strictly sexploitation novelty material of dubious taste." The Los Angeles Times' Champlin called it "putrescence."

Producer Paul Monash of "Butch Cassidy and the Sundance Kid" jumped into the affair and said such films gave Hollywood the reputation of being a purveyor of "unredeemed filth." He called for Valenti's resignation "unless he can feel the need to exert some moral leadership in the industry."

Another 20th Century-Fox film was released in the same week, "Beyond the Valley of the Dolls." Critic Champlin called it "a treat for the emotionally retarded, sexually inadequate and dimwitted," adding:

"The Zanucks, man and boy, ought to have their studio washed out with soap."

Four Entered In Yard Event

Four yards have been officially entered in the Garden of the Month Contest for July, and judging will be completed sometime between July 2 and July 7.

The monthly entries in the contest must be in to the Chamber of Commerce by the first of the month either by phone or by mailed entry blank.

This month's contestants include two with "Entire Yard" entries, Mrs. Stanford L. Muse, 2908 Cherokee, and Dr. Jim Roberts, 2508 Allendale.

Also entered were Noel Morgan, 1011 Main, whose front yard and the area around a well is to be judged, and Mrs. Barney Fuqua, 800 Andree, who has entered her back yard.

The Garden of the Month project is one of the facets of the Pride People Task Force program dealing with beautification of residential areas of the city.

CARD OF THANKS

Our sincere thanks to the kind friends, neighbors, doctors and nurses for expressions of sympathy, beautiful flowers and other courtesies extended to us during our recent bereavement.

Multiple Listing Service

MULTIPLE LISTING SERVICE DOES SELL EQUITIES:

Some of the important advantages of a MULTIPLE LISTING SERVICE are: (1). BUYERS & SELLERS receive the benefit of cooperation between REALTORS rather than being restricted to the offerings of a single agent or series of agents. (2). NEGOTIATIONS ARE carried on under rules of procedure designed to assure ethical practice, thus furthering the interests of clients and the public, while extending adherence to high standards of practice. (3). CURRENT MARKET information which is readily available through Multiple Listing, means that REALTORS, their clients and the public are better served and informed.

BIRCHERS WIN SPECIAL ELECTION — State Sen. John Schmitz, left, and John Rousselot, both Republicans and members of the John Birch Society, were elected to Congress in a California Congressional special election Tuesday. Schmitz defeated David Hartman, college teacher, in the 35th District. Rousselot defeated Myrlie Evers, widow of slain civil rights leader Medgar Evers, in the 24th District.

AT BROWNWOOD TRIAL

Minister Defends 'Midnight Cowboy'

BROWNWOOD, Tex. (AP)—The obscenity trial of Floyd Allred, charged in connection with the showing of "The Midnight Cowboy" in the drive-in theatre he runs, continued today before a four-woman, two-man jury in county court.

The jury Tuesday heard the Rev. Frederick J. Howard, an Episcopal priest from Hereford, testify that the film is a great movie with "love in its truest sense as the dominant theme."

The Rev. Mr. Howard said he would like for every male high school student to see the film followed by a responsible discussion.

Allred was charged with displaying an obscene film on the complaint of a Brownwood man who said he took his family to see the movie believing that it was "just another Western."

David Echols, a Church of Christ minister in Brownwood, said in his opinion the film's theme was sex and that it displayed a morbid interest in the subject that had no artistic value

The manager of another Brownwood theater testified that he showed the film last winter to 1,537 patrons without a complaint. A director of advertising for United Artists, Buddy Young, testified as to awards "Midnight Cowboy" received in the United States and Britain.

'Massacre' Trial Snag

FT. HOOD, Tex. (AP)—a pretrial proceeding for S. Sgt. David Mitchell, charged in the alleged massacre in My Lai, Vietnam, has been postponed until July 15.

An Army spokesman said Tuesday that Mitchell's defense counsel asked the week's postponement of the pre-trial proceeding, originally set for July 7. He said a new date for Mitchbe set later.

Mitchell, 29, has said he is innocent. Heis charged with assault with intent to murder. He is accused of firing a rifle at a group of Vietnamese civilians on March 16, 1968.

He was a squad leader in a rifle company at the time of the alleged incident.

Planner To Give Details Of Traffic Aid Program

City planning consultant Marvin Springer of Dallas will meet with city officials here next Wednesday to discuss plans for Big Spring under the Traffic Operations Program to Increase Capacity and Safety (TOPICS).

City Manager Larry Crow said Springer, designer of the city's master plan, probably will meet with members of the city commission to relate the results of the recent discussions with representatives of the Texas Highway Department, the agency which with the U.S. Bureau of Public Roads administers TOPICS.

Some $44 million in state and federal funds have been earmarked for street and highway improvement in Texas under the program. Big Spring is the first non-metropolitan city to be included in TOPICS.

Springer is expected to bring some word of the findings of a traffic survey completed here this spring by the highway department. This study and others are preliminary to the start of any construction necessary to improve traffic patterns in the city.

Springer will also discuss methods of zoning for mobile home parks, Crow said. The city commission has expressed a willingness to set up well defined standards for such parks, and Springer has acted with other cities in the past to establish regulations for mobile homes.

Flag Raiser Sent To Jail

TITUSVILLE, Fla. (AP) — This city's court-appointed flag raiser wasn't able to get himself up—much less the flag—and was sent to jail.

John Deitz, an unemployed 19 year-old, was sentenced to 20 days in jail or a $100 fine on June 15 for wearing the U.S. flag as a vest and defacing the Stars and Stripes.

Deitz was given an alternate: raise the flag at Titusville City Hall for 10 days instead of the fine or jail sentence.

He accepted.

Last Tuesday was Deitz' first day as flag raiser. He overslept and was found in contempt of court by City Judge Ken Moran.

Deitz appeared before Moran again Monday and this time had only one choice: $200 or 40 days in jail, twice the previous sentence.

The young man was sent to jail.

Leaflets Slice Rank To Private

SAN ANTONIO, Tex. (AP) — Pfc. David Mann of Ft. Sam Houston was found guilty by an Army court martial Tuesday of distributing leaflets on the post without a permit.

The court martial board reduced his rank to private as his punishment.

A three-months prison sentence and a two-thirds reduction in pay for another 90 days was asked by the prosecution.

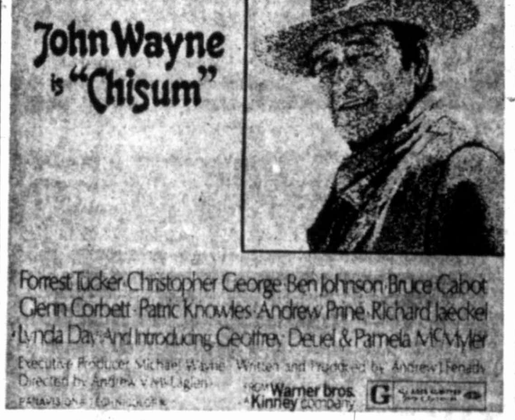

Mann was arrested last May 8 for distributing handbills advertising a downtown San Antonio march in protest of the Cambodia situation and the Kent State slayings.

TOMORROW

—CARROLL RIGHTER

GENERAL TENDENCIES: You are apt to feel you have been abused and very much put upon. Make a point to rise above personal feeling and put your efforts into avenues of accomplishment. Look at whatever faces you and solve without any sort of involvement of an intimate nature.

ARIES (March 21 to April 19) Try to profit by the criticism of a family tie who does it for your own good and don't fly off the handle. Use common sense in handling practical affairs. Avoid going off on some tangent.

TAURUS (April 20 to May 20) Be alert to danger in driving and avoid expense and pain, etc. Take care you do not make some comment that could sever important connections with others. Be wise.

GEMINI (May 21 to June 21) Show gratitude to those who have assisted you in financial and business matters. Cut down on expenses that are not absolutely necessary. Show that you have common sense. Be happy with mate in the evening.

MOON CHILDREN (June 22 to July 21) If you are not more objective, no matter what happens around you, you will develop a destructive feeling of self-pity. Use that smile more and show you have poise. Be kind with friends.

LEO (July 22 to Aug. 21) You have personal worries that are best kep from the public, or you can alienate others who could be helpful to you later. Assist those who are not as fortunate as you. Be clever.

VIRGO (Aug. 22 to Sept. 22) Avoid any situations that can lead to unpleasant arguments and could prove to be quite expensive. Forget new appeals and go after those tangible things that are so important to you now. Be wise.

LIBRA (Sept. 23 to Oct. 22) An influential person will give you an opportunity to state your ideas early and help you to gain your finest aims. Get into that civic matter that pleases you. Take it easy tonight.

SCORPIO (Oct. 23 to Nov. 21) You are highly inspired how to gain your finest aims, so be sure to follow through with your ideas. Study results tonight. Show that you are open-minded on all subjects.

SAGITTARIUS (Nov. 22 to Dec. 21) Try not to go off on any tangents and get right down to doing the work ahead of you. Interesting situations and conditions are coming up, but don't try to force anything. Show that you have wisdom.

CAPRICORN (Dec. 22 to Jan. 20) Morning is the best time to sit down with that emotional associate and come to a fine understanding, then get busy at important work. Wait until evening before you go out for fun. Get chores completed first.

AQUARIUS (Jan. 21 to Feb. 19) Get into those duties ahead of you early but don't disturb fellow workers in any way. Be sure to take the exercise you need later in the day. Get your health improved considerably.

PISCES (Feb. 20 to March 20) Make appointments early for the entertainment you want to enjoy later in the day. Do whatever will please the one you like and everything works out better for you. Be happy in the afternoon and evening.
