Q. Why doesn't the fountain at Kiwanis Park work? A. Kenneth Rogers, president of Kiwanis Club, said an electrical short is being experienced in the underground wiring, which they have not yet been able to locate. As a result neither the water fountain pump nor the flood lights are working at the present time.

Drunk drives headon into Dallas family

Mitchell County recorded its first fatal traffic accident for the year last Saturday when six people died in a head-on collision on Interstate 20 near Westbrook. Five members of a Dallas family traveling to Midland for the July 4th weekend perished. The driver of the other vehicle, Ronnie Wayne Thompson, 38, of Coahoma, was also killed. The accident occurred about 12:15 a.m. Saturday when Thompson's vehicle crossed the center median of the interstate and collided with the westbound car driven by Santiago Sobrevilla, 60, of Dallas, six miles west of Westbrook, according to local DPS trooper Tom Johnson. Both were driving 1984 Dodge Ram Chargers.

The drivers of both vehicles were apparently killed instantly along with four other members of the Sobrevilla family. The others killed in the accident were the Sobrevilla's wife Marcia, 39; and three of their children, Claudia, 17; Manuela, 16; and Ruth, 5. The only survivor was Monica Sobrevilla, 12, who was transferred by Flight for Live helicopter from Mitchell County Hospital to St. Mary's of the Plains Hospital in Lubbock. She was listed in very critical condition, suffering massive head and spinal injuries. Sobrevilla worked at a Dallas auto parts store and his wife was employed at a school cafeteria in Dallas.

Thompson was a dispatcher at Hardin and Darding Well Service in Coahoma. Trooper Johnson reported that investigating officers were told Thompson had been drinking heavily Friday night and left home for Big Spring about 11:30 a.m. A short time after leaving, Thompson apparently was involved in a minor hit-and-run accident near Coahoma, which wasn't reported until Saturday morning. Soon after that Thompson's vehicle had been observed crossing the median on IH 20 and went

Local contestants place in rodeo

Young cowboys and cowgirls from Colorado City and Loraine fared well in competition with over 200 contestants in the AJRA rodeo events held here last week. Monty Cox of Colorado City took first place with a score of 61 and was the only contestant in the 13-15 Boys Jr. Bull riding event to get a qualified ride. Justin Herrington of Loraine took third place in the 12 and under Boys Ribbon Roping with a time of 18.61. In the girls' events Marcia Cawthorn placed second with a time of 4.31 in the 13-15 Girls Breakaway Roping and Krista Moore placed third in the event with a time of 5.10. Both contestants are from Colorado City. Also Marcia Cawthorn of Colorado City was second in the

13-15 Girls Ribbon Roping with a time of 10.75. Exceptionally good performances were turned in by the rodeo contestants and good crowds were on hand the watch each of the four-night performances. Under the second year of sponsorship by the Business and Professional Womens' Club, the AJRA Rodeo proved to be another successful event. RESULTS The top three winners of each of the events were as follows: Girls 12 and Under Barrel Racing—1. Cheyenne Dunn, 16.70, Seminole; 2. Christi Collier, 16.86, Marble Falls; 3. Mary Peril, 16.96, Marble Falls. Pole Bending—1. Shasta Brooks, 20.99, Sweetwater; 2. Jill Voss, 21.07, Gail; 3. Angela Heller, 21.13, Montague. Breakaway Roping—1. 26th annual fly-in draws big crowd

One of the best and biggest fly-ins ever was enjoyed at Colorado City's Municipal Airport Monday morning, July 4. The 26th annual event drew 57 aircraft and breakfast was cooked and served to more than 340 people, who consumed some 54 dozen eggs and 40 pounds of bacon along with all the other trimmings. Included were 91 pilots and passengers who flew in and were served free by the local pilots group, and many local people turned out for the breakfast, to watch the aircraft arrive and depart, a skyjump demonstration, and to take airplane rides. Handsome trophy awards offered in several categories were presented by Nancy Robertson, aviation columnist for the Abilene Reporter-News: Oldest Pilot award for the fourth time went to G. "Doodle" Milton of Floydada, a 73 year old pilot and instructor, who flew in in a Bellanca Viking. Winning the youngest pilot trophy for the second consecutive year was 16-year-old Tex Edwards of Big Spring who flew a 180 hp Piper Super Cub. Coming the farthest distance for the fly-in was John Stewart, who flew his 1951 Navion from Farwell, Texas. In a very close contest, the oldest aircraft flown in was a 1941 SNJ, early WWII trainer, owned and piloted by Bill and George Coombes of Odessa. Nancy Robertson and partner's BM 13, proved to be manufactured only 6 months later than the SNJ. The most unusual aircraft arriving was a 1944 PBY Catalina Flying Boat. The large aircraft that drew the others, won Connie Edwards of Big Spring the trophy for the second consecutive year. Last year Edwards flew in the Grumman Goose, which unfortunately crashed on the return trip. Those attending enjoyed a parachute jump performed by Bruce Harrington of Amarillo. Local pilots and aircraft owners gave numerous sight-seeing airplane rides throughout the morning activities. The traditional July the Fourth event continues to be a popular and well-known annual with many of the same coming year-after-year.

FROM THE SCRIPTURES—"For everything its season, and for every activity under heaven its time: ...a time to scatter and a time to gather." Ecclesiastes: 3:1-5

I'm just about reunited-out. Last week we drove to Indiana to attend my wife's family reunion. Forty-four hours of travel time and 2,300 miles later, we returned soon enough to attend the 60th anniversary homecoming and reunion of Wink High School last weekend. And we still have the local Dom Reunion coming up. Among the more than 1,000 exes on hand for the WHS reunion, was former Wolves' Coach Truman Nix, who now resides in Waco. Truman was also a successful coach of the Wink Wildcats. While visiting with him, I mentioned the Answer Line question about when and why baseball was discontinued at Colorado High. I was told he wanted baseball dropped because it interfered with track. He said, "that was not true. Actually, that year, we were the only baseball team in the district. We had a 12-game season—10 non-district games. The first 'district' game was bi-district and as far as

we could go then was to regional." So to set the record straight, baseball was dropped because there was no district competition.

THE LONE WOLF SAYS, "Some people are so addicted to exaggeration, they can't tell the truth without lying."

During the vacation trip, I heard the following story, which I have already related to the Lions: A widow woman, hired two men to work for her. One was straight and the other one was gay. After a week, the "straight guy" quit. The "gay guy" said, "I'll keep working for you, but I need a weekend in town." She agreed.

The first thing Monday morning, the widow called the "gay guy" into the house and told him, "Take off my dress!" So he did. Then she told him, "Take off my bra!" So he did. "Now, take off my panties," she said. And he did. "Now, young man," she said, "the next time you go to town, you wear your own clothes!"

DID YOU KNOW? In the statement "once in a blue moon", the blue moon is the rare occasion when there is a second full moon in a single month.

26th annual fly-in draws big crowd

One of the best and biggest fly-ins ever was enjoyed at Colorado City's Municipal Airport Monday morning, July 4.

The 26th annual event drew 57 aircraft and breakfast was cooked and served to more than 340 people, who consumed some 54 dozen eggs and 40 pounds of bacon along with all the other trimmings. Included were 91 pilots and passengers who flew in and were served free by the local pilots' group, and many local people turned out for the breakfast, to watch the aircraft arrive and depart, a skyjump demonstration, and to take airplane rides.

Handsome trophy awards offered in several categories were presented by Nancy Robertson, aviation columnist for the Abilene Reporter-News.

Oldest-Pilot award for the fourth time went to G. "Doodle" Milton of Floydada, a 73 year old pilot and instructor, who flew in in a Bellanca Viking.

Winning the youngest pilot trophy for the second consecutive year was 16-year-old Tex Edwards of Big Spring who flew a 180 hp Piper Super Cub.

Coming the farthest dis-

tance for the fly-in was John Stewart, who flew his 1951 Navion from Farwell, Texas.

In a very close contest, the oldest aircraft flown in was a 1941 SNJ, early WWII trainer, owned and piloted by Bill and George Coombes of Odessa. Nancy Robertson and partner's BM 13, proved to be manufactured only 6 months later than the SNJ.

Ariaz presents B&PW program

Vince Ariaz of the Colorado City Police Department presented to the Business Women's Organization a two-part program on sexual assault.

The officer reviewed home safety, safety tips while driving, and safety tips while walking. Officer Ariaz told the group that the Police Department of Colorado City offered a home inspection survey to advise citizens of methods of protecting their home and family against burglary and assault.

The officer displayed security deadlocks and stated that "police and sheriff's officers are concerned about citizen safety and

will advise the homeowner what locks and other equipment is needed to make the home as safe and secure as possible." Ariaz also stressed the importance of the Neighborhood Watch Program.

Officer Ariaz presented a video outlining safety tips for rape prevention. A handbook on prevention and handling assault was provided to the group. Officer Ariaz said that a "common sense approach to safety is imperative. Be aware of the people around you. Never take anything

or any situation for granted." The Crime Prevention officer explained that sexual assault is an act of violence and reviewed the "Rape Trauma Syndrome" and the importance of rape crisis centers. Ariaz again encouraged the members to contact the police department for a home security survey.

The Business Women's Organization meets every Wednesday at 12 noon at Lujan's. Glenna Garrett, president of the group, encourages other working women of the community to attend.

Heredia named to honor list

Barbara A. Heredia, a junior psychology major from Colorado City, has been named to the "Distinguished Students" list at Texas A&M University for the 1988 spring semester.

In order to be named a "Distinguished Student", a student must be registered for 15 or more semester hours and earn at least 3.25 grade point ratio, out of a possible 4.0, during the most recent grading period.

The Record salutes ...

June, the first month of summer, was truly a busy month in Colorado City, with many activities, events and accomplishments occurring. *The Record* would like to pay tribute to some of the persons who gained honors and special recognitions with a salute to:

- Ray Mason for being elected to the state-wide Texas Hospital Association Board of Trustees. His election is obviously recognition of his hospital administrative abilities and interest in the small, rural hospitals, as well as state-wide notoriety for Colorado City and Mitchell County.

- Gary Parker, a very active citizen, for being elected Chief of the Colorado City Volunteer Fire Department, one of the best and most vital organizations in our city.

- Sister's Resale, a new business and Colorado Floral, under new management, who had grand openings and ribbons cuttings in June. New businesses always demonstrate the continued faith in the present and future prosperity of Colorado City.

- The newly-elected slate of officers of Colorado City Business and Professional Woman's Club and the Noon Lions Club. These organizations provide much needed community services to our city and surely will continue to do so under the directions of the new officers.

- Mae Dunn, who has retired after almost 25 years of service in the Farmers Home Administration office. She has, been of great service over those many years, to the local people who utilize the FmHA programs.

No doubt, there are many others who also deserve special thanks, and *The Record* wants you to know that you are appreciated.

Colorado City
AT WORK
BY BRENDA HAMMOND
CITY MANAGER

In the last few weeks, most of the citizens of Colorado City have been contacted by telephone asking them to purchase water softener units or reverse osmosis units.

As a homeowner, you are required to be sure that these installers are bonded, licensed with the City and have obtained a permit to install these units at your home. Failure to do so is subject to a \$1,000 fine.

The City is not opposed to these units, but we must require that all hazards are removed that jeopardizes the water system and safe drinking water for all. The main hazard imposed by these installers is a "cross connection". This is a physical connection between a safe and an unknown water supply. This can and will contaminate the entire water system if installed improperly. The reason for a permit is to insure the homeowner of quality installation and public safety. These installations require a licensed, bonded plumber.

WATER is precious! Please do your part to insure safe water.

The average amount of water per person per day has been recorded by engineers and water utility officials over a long period of time. This average is constantly increasing as we improve our standard of living and require water for new uses. The Texas Board of Fire Insurance Commissioners requires a minimum amount of 130 gallons per person per day to be available for all purposes including fire fighting. Our formula would be 5400 (population) x 130=702,000 gallons. Colorado City maintains over 2,000,000 gallons in storage at all times. Our daily average usage during the peak summer season is 2,900,000 gallons.

Westbrook residents meet to discuss town issues

Some sixty residents of Westbrook met at the Golden Age Club Monday night to decide on some issues concerning their town.

It was agreed that all dogs and cats should be vaccinated or they would be picked up.

They also decided to have a clean-up day on July 16 with a covered dish luncheon at the Golden Age Club.

Those unable to work and

clean their lots would get help from volunteers.

There will be a pit dug to put the trash in.

Everyone was very cooperative and enthusiastic about getting their town cleaned up.

There will be more town meetings in the future to help the people get the things they want.

J. L. (Bill) Rees is mayor and David Petty and Buck Parker are the councilmen.

"But I'm not looking for a go-getter, Fred. I'm looking for an already-getter."

Treasurer Richards touted for VP

AUSTIN—When it became official that state Treasurer Ann Richards will deliver the keynote speech to the National Democratic Convention, the Capitol gristmill immediately began to link her future to the White House.

The feisty Texas lady who keeps state money safe and drawing interest would be an excellent vice presidential nominee, her supporters say. Some observers contend that after national delegates hear her speech, they'll think so, too.

Richards, who enjoys great support among Texas women, would naturally be expected to broaden that appeal to women voters in other states. Dead serious about women's issues, she smooths her approach with humor that can match Jim Hightower's.

She would also add a home-grown Texas element to counter Vice President George Bush's residency claim, as well as a Southern appeal to balance Mike Dukakis' Northern base.

Here in Texas, Richards appeals to many in the banking and business communities; she is a favorite among minority leaders.

Gubernatorial Option

So far, Richards has publicly expressed only her goal to run for governor in 1990.

The speculation regarding a place on the national ticket does not come from her office; it comes from Democrats who want a Texan in the White House.

They point out how New York's Mario Cuomo set the Democratic Party on fire with his stirring keynote in 1984, instantly creating for himself a sizeable degree of national popularity.

The Cuomo phenomenon may not easily be duplicated, but Richards was instantly elevated in the eyes of Texas Democrats in her quest for the governor's mansion.

Texas Connections

Certainly, her selection underscores how serious Dukakis considers Texas in the presidential sweepstakes. When Richards delivers her speech, the entire nation will realize the Texas connection.

Richards was an early Dukakis endorsee; her likely gubernatorial opponent in 1990, Attorney General Jim Mattox, only recently climbed on the late train.

The connection list continued to grow when Land Commissioner Garry Mauro was tapped to lead Texas on the platform national committee.

Once Dukakis and Jesse Jackson work out their relationship, then Hightower, who endorsed Jackson early on, will surely receive a starting lineup assignment.

She's A Tough Cookie

Most party leaders agree Ann Richards is a tough cookie who can play hardball with the big boys of Texas politics. In fact, she can probably reach as many diverse groups as any politician around.

A roomful of bankers feel comfortable with her as she moves among them. And she can move a lesbian-gay caucus to tears with a speech about AIDS support.

Why do women voters like her? Because she's dead serious about their issues, and not just the major ones. She rose out of the women's movement and continues to strengthen those ties.

Serious, Not Offensive

Unlike Geraldine Ferraro, or

how some perceived Ferraro, Richards knows when to soothe with softness and compassion, when to break the heaviness with comic relief.

She's serious, not overly offensive.

Does she have weaknesses? How will the rest of the nation accept her regional accent which some label a Texas drawl?

Maybe they'll like it. Perhaps they'll love it. Maybe they'll be offended. Richards is used to all three.

One thing is certain, the words she speaks will not be an apology for being Texan.

\$2 Billion School Boost

Education Commissioner W.N. Kirby last week unveiled a proposal calling for a \$2 billion per year boost in state funding for public schools and the use of state funds for the first time to construct new schools.

The plan was submitted to State Board of Education members as a potential alternative to a court ruling last year that the state's \$11 billion-a-year public school finance system is unconstitutional.

Kirby acknowledged that his "blue sky" proposal probably requires more money than lawmakers would be willing to spend. He said the plan "would go a long way toward meeting the requirements of the court order" by state District Judge Harley Clark.

The state has appealed Clark's decision to the 3rd Texas Court of Appeals, and the matter is expected to wind up before the state Supreme Court by year's end.

Staff Disciplined

Sen. Richard Anderson announced last week that one employee has left "by mutual agreement" and several others have been reprimanded in connection with reports that his office billed the state for hundreds of phone calls to campaign consultants.

The Marshall Democrat said that he has also taken other steps to "see that such a mistake is never repeated in my office."

Falls Fanfare

WICHITA FALLS—Falls Fanfare, featuring one of the most spectacular displays of musical entertainment and outdoor pageantry in North America, is coming to Memorial Stadium in Wichita Falls, Texas on Friday, August 12, beginning at 7:30 p.m.

Six of the top drum and bugle corps from the United States and Great Britain will bring their musical productions to life through the creative use of colors, choreography, costuming, props and intricate drill designs.

Drum Corps is Broadway on a football field. Headlining this year's production is the number six ranked corps in the country, the Madison Scouts from Madison, Wisconsin. Also performing in this 1988 production will be the Velvet Knights, Anaheim, Calif; the Sky Ryders, Hutchinson, KS; the Freelancers, Sacramento, Calif; Black Gold, Tulsa, OK; and a very special guest, the British Crusaders from Rainham, England.

This second annual production of Falls Fanfare is sponsored by a joint affiliation of the three Wichita Falls High School Band Parent organizations. Hirschi, Rider and Wichita Falls High Schools have combined to become the WFISD Band Parents Association.

Tickets to this event are \$8.00 (reserved) and \$6.00 (general admission). Mail ticket orders to Falls Fanfare, Rt. 2, Box 344, Wichita Falls, TX 76701, or call 817-692-2803.

Falls Fanfare is one of 48 Drum Corps International events this summer leading up to the DCI World Championships, August 15-20 in Kansas City, Mo.

'How the Other Half Lives'

CISCO—Cisco Junior College continues its "sizzling" summer season with the hilarious comedy "How the Other Half Lives". This sophisticated comedy explores comedy from one end of the spectrum to the other—from high comedy of manners to near-slapstick farce.

The plot revolves around three couples all connected through the husbands' jobs. They are a mixture of types—the upper class Fosters, the trendy Phillips' and the nerdy Detweilers. The play, which is directed by Dr. Tom Soare, will be performed indoors at the Hilton Dinner Theatre complex.

Reservations are now being taken for the production which will run July 7-10 and July 13-16. Tickets are \$15 for the dinner performances and \$7.50 for dessert only. Call 442-2589 in Cisco for reservations.

Project Rio: Salvaging lives, saving taxes

COMMISSIONER
Mary Scott Nabers

Dear Commissioner Nabers: I recently heard that the Texas Employment Commission has a special employment program for parolees getting out of prison. In my opinion, tax dollars should not be spent to give offenders special treatment when there are plenty of law abiding people who have been laid off and need help finding jobs.

—N.C.

Dear N.C.: The program to which you refer is called Project Rio, which stands for Re-Integration of Offenders. It was designed to address in a practical way the fact that individuals coming out of prison with no money, no job, no prospects for a job, and nowhere to go are extremely likely to return to prison within six months. Recidivism in Texas is a huge problem and is extremely costly to all Texas taxpayers. Project Rio has been remarkably successful in helping ex-offenders find employment. During the first two years of operation, 4,460 parolees, 69% of Project Rio enrollment, obtained employment. This resulted in a savings to the State of Texas of over \$5 million in potential re-incarceration costs. This program is providing a critical outreach which is truly making a difference. We are not taking away assistance from other unemployed people; we are simply taking available federal funding and targeting a special risk group. I believe it is money well spent and an effort well made.

Dear Commissioner Nabers:

Is it correct that businesses can no longer do polygraph testing?

—C.W.

Buffalo Gap, Texas

Dear C. W.: If President Reagan does as expected and signs the Employee Polygraph Protection Act into law, private employers will be very restricted in their use of polygraph testing.

The law would bar almost all pre-employment testing with the limited exception of security guards and employees who would have direct access to controlled substances. The bill exempts drug companies and federal, state and local government from its provisions.

Concerning current employees, employers would be able to administer polygraph examinations to those reasonable suspected of workplace theft or other incidents causing the employer economic loss.

For purposes of employment insurance, the Texas Employment Commission has never considered failing a polygraph exam to be proof of work connected misconduct. This will not change. But whereas it previously could be considered misconduct to refuse to take a polygraph exam if this was a condition of employment, now whether such a refusal is misconduct will probably depend upon the employer's ability to show that the person tested was reasonably suspected of theft.

White Sox clinch

The VFW Post 9178 White Sox are the Junior Teenage League baseball champions for the fourth time in the last five years.

Left fielder Chris Sanchez' fifth inning double to right field scored the eventual winning run as the White Sox clinched the title with 10-6 win over the Colts at A.W. Phillips Field Saturday.

Coach Danny "Light" Rivera's White Sox have won or shared the regular season title each of Rivera's five seasons as head coach. The White Sox took the title three consecutive seasons beginning in 1984. That same year the White Sox advanced to the state tournament in Freeport.

The White Sox tied for the title last season and lost in a one-game playoff but this year clinched the crown with two games left to play.

Junior Teenage League baseball ends today with a make-up game between the White Sox and Colts at 6:30 p.m. The White Sox and the second place Braves were to have played a make-up game Tuesday.

The White Sox, 7-1, jumped out to a 3-0 lead in the top half of the first inning against the Colts Saturday.

First baseman Gabriel Salazar singled to right field to score Bobby Silva, who had reached base on balls. Salazar scored on center fielder Johnny Martinez'

single between third and shortstop.

Sox shortstop Jesse Gonzalez made it three consecutive hits with a double to right that scored Martinez from second. Third baseman Mike Diaz also singled

in the inning.

The Colts, 1-8, answered with three runs of their own in the bottom half of the inning. Second baseman James Turner and

Richard is a lineman for TU Electric. And his job takes more than skill, it takes the character and tenacity to handle any emergency at a moment's notice. So whether it's high noon on a scorching summer's day, or four a.m. during a winter ice storm, Richard has the resolve to stay on the job until it's done. But he's not looking for a pat on the back. Because like so many of our employees, he sees this dedication as just another part of his job. **TUELECTRIC** Actually it's what A Commitment To Service is all about.

We've created new comfort for you.

Sox

From page 8

shortstop Doug Koch led off with bases on balls. Catcher Pete Rivera's single loaded the bases.

Danny Luera took a walk to score Turner. Pitcher Dustin Green singled to right field to score Koch and left fielder Trinity Borman walked to score Rivera.

The scored remained at 3-3 until the top of the fourth inning when Sox right fielder Jaime Rivera, who singled to right, scored on Silva's single to left.

The Colts again responded with one run in the bottom of the inning. Turner singled for the Colts and stole second and third. An attempt to throw Turner out at third resulted in an error and Turner advanced home.

Colts starter Green got a no-decision after being replaced by Chris Majors for the top of the fifth inning with the score 4-4. Majors walked Mike Humphrey then gave up an RBI single to

Gonzalez.

Sanchez' double mentioned earlier scored Gonzalez and Diaz for what proved to be the winning run. Sanchez scored on Rivera's ground out to second for an 8-4 lead.

The Colts threatened to keep pace in the bottom of the fifth. Sammy Luera's single on an error scored Borman. Luera stole home to make 8-6.

Another error and a walk gave the Colts two more baserunners

but the Sox's Silva threw Jeff Potter out at third on a steal attempt. Doug Koch singled to right to advance Turner to third. Turner attempted to score on the play but was thrown out by second baseman George Ramsey, who relayed right fielder Artie Rivera's throw to Silva at home plate.

The Sox ended the scoring in the top of the sixth on Ramsey's single to right on an error that scored Salazar and Humphrey.

ADVERTISEMENT FOR BIDS

The Sweetwater Independent School District Board of Trustees will accept bids for two relocatable classrooms until 1:30 p.m., July 18, 1988. Bids must be sealed and clearly marked "Portable Classrooms" and delivered to 207 Mustang Street, Sweetwater, Texas 79556. Specifications and plans may be obtained from the Architect, Huckabee and Donham, Architects and Planners, Drawer 611, Stephenville, Texas 76401, (817) 968-5588. The bidder acknowledges the right of the owner to reject any or all bids and to waive any informality or irregularity in any bid received.

Attention: Lake Colorado City Water Supply Customers: The United States Environmental Protection Agency (EPA) has adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate and inform consumers on this issue in light of the fact that your drinking water may be a potential source of lead exposure. This is being done even though YOUR WATER SYSTEM IS NOT IN VIOLATION OF THE CURRENT STANDARD. There are also other potential sources of lead contamination in the environment.

The following specific language is required by EPA in this notice: The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

1. If your home or water system has lead pipes, or
2. If your home has copper pipes with lead solder, and if the home is less than five years old, or if you have soft or acidic water, or if water sits in the pipes for several hours.

Ways to avoid potential lead exposure are to "flush" faucets before use and to use cold water for drinking and cooking. You may wish to have your home tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing. If further information is needed, contact:

origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

Chiropractic for Health

By Dr. Hondo Whitmire
Doctor of Chiropratic

EARLY INJURIES - LATER PROBLEMS

Beginning with minor childhood injuries, the bones of the spinal column receive trauma that affect the quality of later life. A condition known as "vertebral subluxation complex" exists when a vertebra moves from its proper place and exerts pressure on a nerve. Nerve interference then manifests itself in various parts of the body as nerve impulses fail to reach their intended destination. This complex begins with improper motion or position of the spinal bones during the early years. Between ages 20 and 40, the condition may cause soft tissues and bone decay and abnormal levels of calcium salt deposits. Middle age sees these negative trends continuing, along with the initial stages of bone fusion at the site of the vertebral problem. Later, the patient may experience serious bone fusions, spinal collapse, and a degree of ill health.

As with all other health concerns, prevention as well as attention to existing problems is as necessary for young as it is for the young at heart. Chiropractic applications can afford such benefits to people of all ages. In addition, a prudent and periodic approach to one's own health goals should begin early.

At WHITMIRE CHIROPRACTIC CENTER, 2112 Hickory St., Colorado City, Texas, Dr. Hondo Whitmire is happy to answer your questions, discuss your needs and show you how chiropractic can serve your healthstyle and lifestyle. To better achieve your goals of tomorrow, come to WHITMIRE CHIROPRACTIC CENTER today and see how many of your aches and pains and concerns can be eliminated.

Chrystal Graham

Granddaughter departs on trip

Chrystal Graham, daughter of Carl and Mame Graham of Knob Noster, Missouri and granddaughter of Mr. and Mrs. Elwood Graham of Loraine, will be one of 20 youth and five adults departing on a 10 day cultural exchange with the Navajo Indians in Canoncito, New Mexico.

The group from the First Assembly of God in Warrensburg, Missouri, will minister to the Indians in a children's crusade. They departed June 20th and plan to return on the 9th of July.

Although this is the first major missions trip taken by the youth group it should help prepare them for future trips. They have been invited to Paraguay and hope to go there in the next year or two. The youth selected to go had to meet strict requirements in order to go. They had to pass a written and oral examination about Christian counseling and other matters related to the mission.

They also had to write two page reports on the Navajo and have had to meet on a weekly basis to prepare for the trip.

Money for the trip was raised (\$5,000) through sponsoring car washes, painting houses, performing odd jobs and working two weekends at World's of Fun in Kansas City.

During their stay they will be coordinating workshops, teaching puppetry, drama and story telling.

Chrystal will be working as a clown and as a puppeteer. She will be a freshman at Knob Noster High School this fall.

Lorraine Personals

...by Lois Phillips

Another 4th of July has come and gone, hope you enjoyed your day.

It is always nice to think about this great country we live in. We celebrate our holidays without asking permission from our government. We keep our churches open to whomever wishes to attend. We go on Sunday and need not ask anyone if we can nor do we have to hide our Bibles from anyone.

There are lots of countries who do not have this privilege. Yes, I am a flag waver and proud of it. I can disagree with the President if I want to and am not punished. We need to realize at least once a year how privileged we really are.

Big John and Betty had a cook out and invited several friends. We enjoyed it. They had all the regular 4th of July food including homemade ice cream. It was fun to get together with friends.

Herman and Penny Mitchell had the Hollis Mizes' over for a cook out. Also Henry and Brad Thompson and I guess Danny, had a cookout all their own as the women folk were still in Dallas for the flower shows.

Mr. and Mrs. Glen McMahan of Singleton, California visited with her sister, Mr. and Mrs. Elmer Rainey last week. On Saturday a nephew from Sweetwater visited the group. They are Mr. and Mrs. Steve Mercer and family.

We are sorry to hear Mrs. E. B. Stewart is back in the hospital. We wish the very best for her and hope she is soon well enough to go home.

Mrs. Tonya McMillan visited with the T. J. Blairs last Saturday.

Saw Margaret Brame's daughter Debbie with her in town Saturday. Debbie lives in Midland.

Rebecca Compton visited

Grandpa and Grandma, Shep and Sally Compton recently.

Chrystene Mearse and Billie Schroeder were in Midland last Thursday. Kendra Albus came home with them to visit with her grandparents a few days.

George and Brenda Martin moved their daughter and granddaughter to Fort Worth where her husband is stationed at Carswell Air Base. They are Mr. and Mrs. Ronnie Womack and daughter.

Barbara McGee of Snyder and her mother Ruby Lee Small took a 10 day vacation trip recently. Their first stop was Fort Worth where Ruby Lee spent four days with her son Don Small and family.

Barbara caught a plane to New York City with some ladies from Snyder. They enjoyed plays and shows.

They spent four days in the Big Apple and enjoyed the sights and entertainment.

After they returned to Fort Worth Barbara and Ruby Lee went to Ponca City, Oklahoma to visit the former Joretta Hall and her family, Mr. and Mrs. Ed Gustafson and children.

They went from there to Eureka Springs, MO., where they enjoyed a Ray Stevens concert and the Passion Play and other entertainment.

While they were in Fort Worth, Janet Sue and Stanley Mearse came to visit. On the way home they went to Eastland on Sunday to visit Mr. and Mrs. Price Hall.

Aline Martha of Columbus, Georgia is visiting her mother Virginia Hallmark this week.

Bob and Jen Neely of Houston visited his mother, Mattie Neely

last week. Bob came to play golf with Woodrow but as you know, it rained most of the week.

I think they had only one day fit to play.

My friend Irene Kidd has bought the Olen Mayes home and is planning to move to town before the cold weather moves in. If this hot weather continues to hold on, Irene might not ever be a "city gal." Alas, we know winter always comes. Welcome to town Irene.

Punk Hale was moved from the nursing home into Mitchell County Hospital last week. Reports are that she is much better and will be back in her own room before long.

Her son and wife, Clovis and Jean Hale, came to visit her this weekend. They stayed with Jean's mother, Irene Kidd. The Hales live in the Austin area. Clovis is a coach at UT.

Matt and Ben Preston of Brownwood came in Thursday and played in the junior PGA golf tournament on Friday.

Matt won first in the 16-18 year group and Ben won fourth in the 13 year old group.

They returned home on Friday. I am very sure Grandma Iris was there for every ball played, but who wouldn't go to watch with both grandsons playing. They are sons of Harold Ray and Susan Preston.

Mr. and Mrs. Ross Snyder, Brandi and Ryan of Dallas visited with his parents Mr. and Mrs. Tony Snyder last week. Also visiting were Mrs. Tom Turk of Sweetwater, Mrs. Josephine Turk and Sonja Brana of San Antonio. Mrs. Tom Turk is Tony's sister.

On Saturday Joe Sanchez and

Peggy Scarbrough of Silver ate birthday cake with Mrs. Nannie Hallmark at the Loraine Nursing Center.

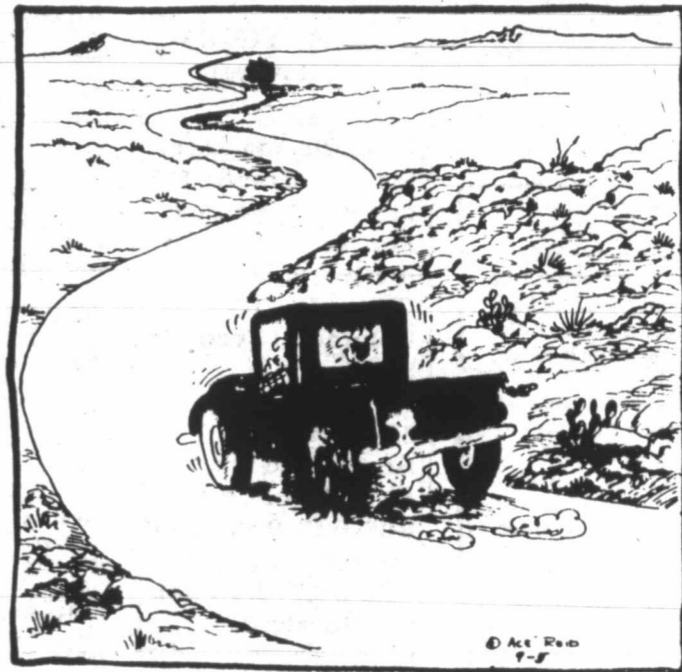

Mr. and Mrs. Bill Finch visited with his mother, Lola Finch recently.

T. J. and Ruth Blair spent Tuesday night in Abilene with their son and family Tommie and Vickie Blair and children.

They were there to watch a granddaughter, Cayce Blair, pitch in a girl's softball tournament. The Blairs came to Loraine Sunday and spent the night.
