Chamber Office Labor Center During Harvest

The Chamber of Commerce office is being used as a harvest labor office, and manager John Mayfield said that calls for harvest hands and machinery are increasing each day, although harvest is two weeks away from full swing.

Farmers who need men or machines are asked to inquire at the Chamber of Commerce office as those looking for work are reporting in at that office each day.

In another week or so, a representative of the Texas Employment Commission is expected to arrive to assist with harvest labor problems, but Chamber manager Mayfield is performing this service at present.

Mayfield said farmers from Balko and Booker have secured help this week as harvest opened in those areas. Biggest need at present is for truck drivers and tractor drivers, although there is no help shortage of any sort.

Report Shows Blue Sox Have Two .500 Hitters

While the Perryton Blue Sox are at the bottom of the ladder in team hitting in the Tri-State League with a mark of .255, two Blue Sox players are batting over .500 and five are over the .300 mark, according to figures released this week by R. A. Hickey of Liberal, official league scorer.

Bill Rigby of Guymon leads the league with an average of .583, followed by Jack Crowe of Perryton with .555, Corley of Hooker, .545, and Melvin Williams of Perryton, .526.

Bob Gibson has an average of .440; Howard Carter, .312; Cooper, .300 to take places in the top of the batting averages for the league.

Other Blue Sox batting averages are Childress, .250; Rock, .217; Gilchrist, .143; Smith, .133; Duff, .125; Faries, .117; Philley, .111; Drake, .062.

Perryton has no winning pitcher, with Dan Faries and Wayne Gyger both posting 12 records for a .333 percentage.

Pearson to Head Red Cross Unit Another Year

Dr. D. B. Pearson, Jr. will head the Ochiltree County Chapter of American Red Cross and Omar Truax was named vice chairman at the Red Cross annual meeting Tuesday evening, Mrs. J. F. Cox, executive secretary reported.

Mrs. Clifford Phelps was re-elected as treasurer and Miss Leola Jennrich will serve another term as secretary of the organization. Directors are: Robert Barlow, Charles Pyles, Harold Malone and Paul Loftin.

Ike Burnett, general field representative from the St. Louis office with headquarters at Amarillo, was a special guest of the group. He told the representatives that "Ochiltree chapter is known throughout the St. Louis area as one of the top units in the entire organization."

Reports from the more than 20 Red Cross committees indicated that the local chapter was doing more work this year than at any other time except the war years. More than 20 committee chairmen were present.

Biggest single item of expense was home service. Dr. Pearson pointed out that more than $900 had been spent to assist needy families of the county. This figure does not include service to members of the armed forces and veterans, he said.

Burnett told the group that Ochiltree county led the entire 22-county division in raising more money over-quota than any other county.

Summer Arrives With Typical Heat Wave

There was little doubt Monday that summer had arrived—on the date which the calendars say summer officially begins the temperature stood at 100 degrees in Perryton. The thermometer hovered around the 100 degree mark again on Tuesday and the prospects were good for continued hot weather during the next few days. The hot weather and winds have damaged some of the wheat and have dried out the top soil of fields recently planted to grain sorghums, although there is plenty of moisture underneath the top soil.

City Sprayers Fight Insects

The city has sprayed the lake south of town, mowed weeds on vacant lots and sprayed the alleys in an effort to control the swarms of mosquitoes in the south part of town, reports city manager J. B. Whigham.

There have been swarms of small irrigation ditch mosquit- which are different from other varieties, in the south part of town during the past week. The insects have been so thick at night across the city lake that motorists have had to stop and clean windshields before being able to proceed.

These mosquitoes spend the day in tall weeds, grass or shrubs, and come out at night. Whigham said that any control program, to be effective, would have to include the spraying around houses and fences by each property owner.

Daniel Tests In Ellenburger

Tests of the Ellenburger formation continued Saturday at the Texas Company No. 1-A Sophie Pearson Daniel south of Waka.

The project yielded 28 barrels of acid water, with a scum of oil, in 23 hours of swabbing through perforations from 9,992 to 10,040 feet after treating the Ellenburger with 4,000 gallons of acid.

Casing then was reperforated from 10,052 to 10,084 feet and swabbing resumed after reacidizing with 5,000 gallons.

Morrow sand gas production was assured on drillstem tests at 7,431 to 7,443 feet and 7,554 to 7,573 feet while the well was being drilled to 10,187 feet in the Ellenburger, topped at 9,983 feet.

This well is causing considerable interest in oil circles as it is reported to be the first well with any oil show from the deep Ellenburger formation.

Wheat Harvest Expected to Be In Full Swing Next Week

Early Wheat Being Cut In Some Sections

Wheat harvest in the Perryton area is under way in scattered sections of this area, but there are many fields where wheat is too green for harvesting at this time.

Local elevators report receiving some new wheat, but most elevator men look for another week or ten days before the harvest is in full swing.

June 16 has been declared official harvest day in Ochiltree, Hansford and Lipscomb counties, meaning that farmers with government wheat insurance could go ahead and plant grain sorghums without penalty, after that date.

The hot weather and winds of the past few days have damaged the wheat, with some fields having shriveled grain as a result of the hot wind coming at this time.

Ochiltree county has been forecast for about 1,000,000 bushels of wheat this harvest, far below normal. The area to the north and west of Peryton, in Beaver county, has much good wheat, as does an area to the east and northeast.

The Texas Employment Commission reports in its latest Wheat Harvest Bulletin that harvest in Ochiltree county is 5 per cent complete, with yields ranging from 8 to 12 bushels per acre.

County Wheat Allotment Is Expected Soon

Ochiltree county wheat growers will know within the next week or ten days their 1955 allotment, certain to be lower than this year's figure. Secretary of Agriculture Benson Tuesday ordered a further cutback of 13 per cent in wheat planting for the 1955 crop and called a grower referendum for July 23 to approve rigid marketing quotas to enforce planting goals.

Ochiltree county this year had an allotment of 255,588 acres, later increased by 6,283 acres for a total of 261,871 acres. The 13 per cent decrease would put the allotment figure down to around 228,000 acres in the county.

Elliott Lee, county ASC secretary, said this week that Ochiltree county wheat allotment figures are expected to be mailed out by July 10, before the marketing quota referendum on July 23.

The national reduction in wheat acreage puts the figure at 55,000,000 acres, minimum allowed under present laws. The Texas allotment this year was 4,818,377 acres.

There has been considerable

YARD WINNER—The home of Mr. and Mrs. Irvin Hergert, 701 SW 9th avenue, was declared first place winner in the yard contest judged by the Perryton Garden Club and Chamber of Commerce this week. The Hergert home features a large back yard bordered by flower beds and covered with a thick turft of African Bermuda grass.

Hergert Home Is Winner In Yard Beautification Contest

Winner in the second judging of the yard beautification contest for Perryton is the home of Mr. and Mrs. Irvin Hergert, 701 SW 9th avenue. Mrs. Luther Wade, 721 S. Colgate, was second and the home of Mr. and Mrs. Bruce Baumann, 1401 S. Drake placed third in the judging.

Committees judged the yards and homes in five different categories and the winners were decided by the total number of points received.

Mr. and Mrs. O. A. Schuster, 718 S. Grinnell, actually had the most number of points, but Mrs. Schuster withdrew because she did not want to take an award while she was chairman of the beautification committee.

This contest is sponsored by the Perryton Garden Club and the Chamber of Commerce. One judging has been done, and there will be two more to determine a grand prize winner for the year.

Winners in the first judging were Mrs. O. A. Cox, Mr. and Mrs. A. S. Brillhart and Mr. and Mrs. J. H. Neufeld. These were not eligible to win in the second judging.

The following homes received honorable mention:

General Appearance: A. S. Brillhart, O. O. Cox, G. T. Leatherman, W. H. Lackey, Drew Ellis, Lawson Flowers, Bud Fuller, Norman Crum, Clarence Neufeld, Mrs. J. O. Wooten, Mrs. T. M. Wright, H. C. Sanford, J. S. Slaughter, J. S. Talley, Sam Hill, D. R. Gaither, Phillip Carroll.

Originality of Plant Material to Home: Tom Waugh, J. D. Maberry, Rolland Shearer, Irvin Hergert, I. R. Buchanan, Norman Crum, F. E. Battin, H. C. Dodson, W. L. Herndon, Jr.

Alleys: Mrs. F. C. Spencer, Jack Allen, G. T. Leatherman, Mrs. C. B. Rogers, A. S. Brillhart, J. W. Bennett, Mrs. M. M. Cudd,

Police Chief Warns Against 'Cracker Noise

City policeman Rolland Shearer reports there have been increasing complaints about boys shooting firecrackers in Perryton and he asks parents to see that their youngsters are more considerate.

"We have answered calls from people who say boys have thrown firecrackers around the hospitals in yards of people with sick members of the family, and there have been a number of complaints about firecrackers being thrown from automobiles into yards where there are small children," Shearer said.

It is a violation of a city ordinance to sell or shoot firecrackers within the city limits, the city policeman pointed out.

Christian Church Round Up Is Set July 4-9

Plans are rapidly nearing completion for the beginning of the Summer Round Up, to be held at the First Christian Church in Perryton, July 4-9. The Round Up team which will direct the activities of the week are Danny Hensley and Miss Judy Crow, both students of Texas Christian University of Ft. Worth.

Local leaders are Mrs. Claude Schell, Mrs. C. E. Presnall, Elaine Clack, Janice Miller, and the minister, W. O. Harmon.

Hensley is a graduate of Texas Christian University and will enter Brite College of the Bible in September. Danny is a member of the First Christian Church in Miami, Oklahoma, and is the son of Mr. and Mrs. Dan Hensley of Miami. During his student days at TCU, Danny has been active in campus affairs and has held many important offices in student organizations. He is a Life Scout, and is a past Master Counselor of the order of DeMolay.

Student Reunion Planned Again On August 21

Date for the second annual ex-student reunion of Perryton high school students has been set for Saturday night, August 21, report W. H. Lance and Mrs. Max Boyer, co-chairmen of the ex-student association.

The event will be held at Ranger Field, as was the first event last year. Class secretaries are requested to contact all members of their class and invite them to the reunion.

A meeting of all class secretaries will be held in the next few weeks to make plans for the reunion.

Last year's event was a big success, with hundreds of ex-students attending from a wide area. Several families even planned their vacation trips in order to be in Perryton during the ex-student reunion.

Salvation Army Makes Plans for Fund Campaign

The Salvation Army Service Unit met Tuesday night to lay plans for the fund campaign to begin on June 29. Meeting with the local unit was Jack Sharkey, field representative of the Salvation Army.

Members of the committee will serve as drive captains and will meet again in the district courtroom on Monday night, June 28.

Committee members are J. D. Maberry, chairman, Gale Rogers, treasurer, Rolland Shearer, H. R. Slaughter, Coke Harlow, Tom Davis, Mrs. Ida Garrett and Mrs. Ann Suitor.

Quota for the 1954 fund drive is $2,500 for the county.

This drive will replace the tambourine collections that the Salvation Army has been making in Perryton during the past years. There will be only one fund drive for the Salvation Army each year and funds collected will be prorated between the local unit and the state agencies.

State agencies use funds for disaster units, homes for unmarried mothers, summer camp for boys, prison parole system, men's service centers in cities, and Evangeline Home for working girls in large cities.

The local committee will serve in an emergency relief capacity

A. You will be permitted to resume your GI Bill training when you return from your trip. VA considers such a temporary interruption as one caused by a "valid reason", so long as it doesn't last for more than four months. If it did last longer, you would be required to show VA that you couldn't possibly have resumed your training earlier.

Q. Does the August 20, 1954 deadline for starting Korean GI Bill training apply to all Korean veterans?

A. No. The August 20 cut-off date applies only to veterans separated from service before August 20, 1952. Veterans separated after that date have two years from separation to begin Korean GI Bill training.

Dogs Save Purses

NEW YORK (AP)—Police with purse-snatching problems might look to London's Hyde Park police for a hint, the Dog Welfare Guild says.

In 1948, the Guild says, Hyde Park officers had 214 purse snatchings to contend with. After adding dogs trained for police work to the park staff, the number of cases dropped to 18 in 1952.

Albino Defies Foes

DES MOINES (AP)—For the past four years, a rare albino robin has spent the spring and summer months in the same residential neighborhood of Des Moines. Wild life experts say it is unusual for an albino wild bird to survive for long as its white coloring makes it easy prey for natural enemies.

A fire boat can pump as much water as about 20 fire truck pumpers.

Porch Box Placed At Hassell Home

The Therapy Chairman of the Perryton Garden Club, Mrs. Fred Huston, with the aid of Mrs. A. S. Brillhart, placed a five foot handmade porch box at the Hassell Rest Home, Tuesday.

Boxwell Brothers Floral Company donated the plants and prepared soil for the box.

Glen McGibbon
"... for 25 Years of Service and Company Association!"

Phillips 66

Twenty-five years ago this month, Glen McGibbon started "giving that good Phillips 66 service" at the old OK Service Station. The OK Station was located in about the same location that oday houses the McGibbon Oil Co. and the Collingsworth Motor Co.

For 25 years we have been singing the praises of Phillips 66 products and now we're ready to sing the second verse and chorus: "Phillips 66 products just can't be beat."

Last week Phillips Petroleum honored McGibbon for his 25 years of service by giving him an engraved 21-jewel wrist watch. Dick Cobb, right, assistant division manager of Amarillo made the presentation to McGibbon.

Legion Team Wins Pair of Cage Games

The Perryton Legion team defeated the Guymon Legion by a score of 13-1 Friday and added another victory Sunday by trimming Dumas, 10-7.

In the Guymon game, Shorty Dear pitched six innings, striking out 7 men. He was relieved by Devers in the seventh.

Leading hitter was Sam Wilbanks with a single and double in four times at bat.

In the Dumas game, Bill Farrington marked up a single and home run in four trips to the plate to lead Perryton batters.

Language Detour

HONG KONG (AP)—When 73-year-old Yugoslav priest, Francis Alexis Benigar, was expelled from China recently he presented a problem to American priest, Paul J. Duchesne, who met him at the Hong Kong border.

There was a bit of difficulty about Father Benigar's ancient passoprt. He went into China 30 years ago and has been there ever since. His Yugoslav passport, issued by King Alexander I (1921-34), was so out-of-date and battered the customs guards were suspicious. Suspicion was allayed after lingual detours.

Father Benigar speaks seven languages — Yugoslav, Polish, Russian, German, Chinese Mandarin, Italian and Latin. Father Duchesne speaks four, English, French, Chinese Cantonese (which has no similarity to Chinese Mandarin) and Latin.

The old passport was explained in the language of the Caesars to Duchesne and in English to the border guards.

Father Benigar is now in a Hong Kong hospital recovering from general exhaustion.

State Fair to Open October 9, Big Deal Set

FORT WORTH—Opening day of the 1954 State Fair of Texas, Saturday, Oct. 9, has been designated as Press, Radio and Television Day, it was announced here at the annual convention of the Texas Press Association.

More than 2,000 newspaper publishers and radio and TV executives with their families are expected for Press, Radio and TV Day this year.

The opening day program of the fair will be highlighted by the Texas-Oklahoma football classic in the Cotton Bowl.

The Pan-American Livestock Exposition, one of the major features of the fair, will be in full swing on Press Day and the barns will be crowded with champions representing all the major breeds of beef and dairy cattle, swine, sheep, Angora goats. There will be judging of quarter horses in the roping and cutting divisions in the morning and afternoon.

Heading the entertainment program of the 1954 fair will be "The King and I", Broadway hit musical which will be staged in State Fair Auditorium. The show is only one of a host of varied attractions to be presented by the nation's largest annual exposition, which last year drew 2,382,712 visitors in 16 days.

At the Fort Worth convention the famous golden, diamond-studded key to the Texas Treasure Chest was passed on by the retiring president of the Texas Press Association to his successor for the 16th time.

The key will be used in 1986, the fair's 100th anniversary year, to open the chest which was embedded in a monument to the founders of the fair in 1938. The chest contains historical documents and copies of more than 100 Texas newspapers. The key remains in the possession of the TPA president for safekeeping.

Aged Orange Tree Bears

OROVILLE, Calif. (AP) — The orange tree planted in 1856 at Bidwell's Bar on the Feather River near here still bears fruit. It was planted by Judge Joseph Lewis at the time when Bidwell's Bar was a rip roarin' gold town of 20,000 population. The ghost town site now is a part of Bidwell Bar State Park.

Polio Season Is Time to Take All Precautions

AUSTIN, Texas—This is the season of the year when an increase in poliomyelitis can be expected and Dr. Henry A. Holle, State Health Officer, is urging the public to cooperate in helping to prevent the spread of this crippling disease.

"Children should not visit homes where polimyelitis or symptoms of this disease are present. Promptness in diagnosing poliomyelitis is one of the most important factors in its control," Dr. Holle declared.

"Direct contact between persons is the chief factor in the spread of infantile paralysis and since carriers are difficult to determine, it is advisable to reduce to a minimum all human contacts during any outbreaks of this disease."

Dr. Holle stressed the fact that a rigid program of sanitation is advisable since it has been suspected that flies and other seasonal insects may convey the virus or germ of poliomyelitis. He added that insect transmission has not been scientifically demonstrated but pointed out that sanitation is always advisable in controlling disease and that filth is likely to prove dangerous.

Early symptoms of infantile paralysis are headache, fever, vomiting, unusual drowsiness, and irritability, followed by stiffness in the neck and back.

Children under five years are most susceptible and all children under twelve years should be watched for suspicious symptoms. Dr. Holle urged that a physician be called immediately if infantile paralysis is suspected. If the disease is definitely diagnosed, local health authorities should be contacted immediately and patients isolated for at least 21 days.

Trinity Title Confirmed

NEW YORK (AP)—It may now at last be said that Trinity Church, which has occupied a site in lower Manhattan's financial district for about 300 years, has a right to be there.

A legal suit, brought on behalf of Dorothy McClatchie and claiming ownership of the property through a 1642 grant to her ancestors, was recently thrown out of court—partly because of "the passage of time."

Bob Goff of New York City visited his parents, Mr. and Mrs. A. V. Goff, Saturday and Sunday. He was enroute to Denver on business.

CUSTOM NOTE: Twin-Turbine Dynaflow and Safety Power Steering are standard equipment on every Buick ROADMASTER at no extra cost.

It makes you feel like the man you are

You must know, of course, that a fine car is more than merely a means of fine travel.

It is, as the psychologists tell us, an extension of a man's own personality.

It reflects what you feel, what you like, what you are.

So we ask you to take the wheel of a Buick ROADMASTER like the one shown here—for it is, we have found, the automobile chosen more and more by those who are definitely moving ahead in the world.

You will find it a car that fairly breathes success.

From its size and its breadth and the magnificent modernity of its styling, you *know* it is a car of custom stature—and so does the watching world.

The wondrous windshield is a pride in itself. You don't just *see* the view—you *command* it.

You will find it, too, a car of luxurious obedience.

From the moment you ease your foot down on the pedal, you take immediate mastery of the road and of distance.

And you know it—in the silken whip of Twin-Turbine Dynaflow, the might of Buick's greatest horsepower, the magic cushioning of coil springs on all *four* wheels, the exhilarating ease of Buick Safety Power Steering at your hand.

But with all this, you buy with prudence when you buy a ROADMASTER.

For—though it is, and looks, custom production—*it sells for the lowest price-per-pound in the fine-car field.* And so wise an investment makes you feel even more like the man you are.

Drop in, or phone us this week, and we'll gladly arrange a demonstration.

BUICK SALES ARE SOARING!

Latest figures for the first four months of 1954 show Buick now outselling every other car in America except two of the so-called "low-price three." Better look into Buick if you want the beauty and the buy of the year.

BUG HUNTERS—These two gentlemen are not inspecting this city water well pump—they're inspecting a variety of small, winged insect which swarmed into Perryton this week. At the left is county agent Delbert Timmons and at the right is city manager J. B. Whigham, who wants to find out the living and breeding habits of the insects so a city control program can be put into effect. Timmons says the insects are irrigation ditch mosquitoes.

Chain Reaction

Atomic processes do not have a monopoly on chain reactions. The rumor mill here in Washington produced a political chain reaction last week. It started out with the rumor that Governor Dewey, of New York, would not seek reelection as Governor. Whether Tom Dewey intended it or not, the Washington rumor mill promptly handed him the Republican nomination for President.

Here is the way it was done. When the news leaked out that Dewey might not seek reelection as Governor of New York, it was promptly concluded by some that this meant a bid by him for the Presidency. Here is what was supposed to happen. One of the Supreme Court justices was to resign. This vacancy would be filled by President Eisenhower appointing the present Secretary of State, John Foster Dulles. This would leave the Secretary of State's position open, which would be filled by Governor Thomas Dewey.

He was to use his position as Secretary of State to get all of his fences mended and be ready to accept the Republican nomination for President in 1956. In the meantime, he was supposed to arrange for Senator Ives to succeed him as Governor of New York. Thus he would be assured of the electoral vote of New York State and have the inside track for the Presidency. Senator Ives promptly denied that he was a candidate for Governor of New York. In any event, this gives you an idea of how rumors start and what happens to them after they get to moving from one mouth to another.

Trade With Red Countries

The extension of the Reciprocal Trade Agreements Act for one year is very significant. In the first place, the supporters of reciprocal trade wanted an extension of not less than three years. President Eisenhower had said that he wanted a three-year extension.

However, there was some behind the scenes maneuvering that resulted in the White House compromising on a one-year extension. Secretary of Commerce Weeks said in effect that this would be ample time in which to study the entire situation and enable this country to decide whether or not it wanted to go further with the reciprocal trade agreements, and if so, how far. This sort of operation actually creates a situation of confusion between this country and the foreign countries with whom we trade. Many of these foreign countries are presently engaged in trading with Russia, China and the satellites of these two countries. Should this country announce the policy of refusing to trade with any country that was engaged in trade with any of the Red dominated countries, it could cause great confusion in the world markets. However, the possibility of creating confusion should not be an excuse for putting off until tomorrow decisions that should be made today.

Entomologists estimate there are as many as two million different kinds of insects.

For Big Families

KALAMAZOO, Mich. (AP) — A hospital in Kalamazoo is offering free medical care to prospective mothers if:

The child is the mother's fifth, sixth, seventh, or eighth and it is born in 1954.

The Sisters of St. Joseph, who operate the hospital, say it makes no difference where the prospective parents live as long as the child is delivered at the hospital.

The number of people who speak the major languages (in millions) is approximately: Chinese (all dialects) 450, English 250, Hindu-Urdu 160, Russian 140, Spanish 110, German 100, Japanese 80, French 75, Malay 60, Bengali 60, Portugese 55, Italian 55, and Arabic 50.

At the peak of the old time sailing ship whaling industry, about 70,000 men produced about 15 million gallons of whale oil a year compared to today's 13,000 men who produce more than 75 million gallons.

IT'S NOT THE HEAT—IT'S EXAMS—The badly doctored Dr. Thaddeus J. Shag (with stethoscope) is explaining to his colleagues that the book must be right—he got his M. D. from it. And in only one year, yet. He received his doctorate in ceremonies brought on, not by the heat—not in Galveston, of course, but by the strain of final exams at the University of Texas Medical Branch in Galveston. He is helping a couple of sophomore friends, Dean Adams, left, of San Angelo, and Earl Griffey, Houston, right, while a graduate nurse, Miss Mary Corley of St. Mary's Infirmary, looks on. AD-A-LINE

by Paul Loftin

Glen McGibbon who still is celebrating his 25th anniversary with the Phillips Petroleum Co. says isn't it funny . . . that so many business men will get up in the morning, refresh themselves with a glass of advertised orange juice, clean their teeth with an advertised brand of toothpaste, and

DOLLAR DAY IS JULY 6!

Shave with a nationally advertised razor, wash with an advertised soap, put on advertised sox, shoes, shorts, shirt, trousers, eat an advertised breakfast food, drink advertised coffee, go to a service station in an advertised car, phillup with Phillips and then turns down a proposal to advertise on the ground that advertising doesn't pay.

DOLLAR DAY IS JULY 6!

Yep, Glen has a big ad in this issue telling all about his wonderful 25 years with Phillips.

DOLLAR DAY IS JULY 6!

Charley Hobbs observes that "Republicans keep forgetting their best issue—the fact that the voter's only alternative is the Democrats."

DOLLAR DAY IS JULY 6!

Besides Dollar Day on Tuesday, July 6, other promotion days: Monday is salad day; Tuesday beauty shops talk cooler hair styles; Wednesday, summer candy as a hostess gift; Thursday, starts picnic month; Friday, service stations get set for the holiday; and Saturday, everyone needs 4th of July items.

DOLLAR DAY IS JULY 6!

The Herald adman and his favorite blonde Lois, had the thrill of riding in a Bell Helicopter last Friday at the Bell Helicopter factory in Fort Worth. The ride was part of a tour of the big plant. The tour was arranged by Vern Sanford, manager of the Texas Press Association.

DOLLAR DAY IS JULY 6!

Members of the newspaper fraternity heard Mrs. Oveta Hobby, secretary of Health and Welfare of Pres. Ike's cabinet; Gov. Allan Shivers, as he asked for "more home help for criminals instead of prison"; and the famous author of Big D, Paul Crume, Dallas News columnist who said: "Actually, what makes business tick is all the families making $5,000 a year who are willing to live on $10,000."

DOLLAR DAY IS JULY 6!

Business is good in Perryton, just ask Ed Puls, co-owner of Pounds Home and Auto Store. Ed thinks business this fall will be rushing. He pointed out that any little inch rain in the next 8 days followed by another inch the last of July would do the trick.

DOLLAR DAY IS JULY 6!

Mrs. "Charley" J. F. Cox, chief cook, janitor, home worker, case worker and executive secretary of Ochiltree Red Cross, had a secret revealed in the annual meeting Tuesday night. The treasurers report showed that this "most gracious lady" had donated a full month's pay as her contribution during the Red Cross fund campaign.

DOLLAR DAY IS JULY 6!

The Good Lord has a special place for those who are loyal to their work, who boost their product, who think it's a privilege to work, and who give an honest days labor for whatever the pay may be.

Cub Scouts Go On Overnight Trip to Marvin

A group of Cub Scouts from Perryton, accompanied by their dads and other men, will leave Perryton Saturday afternoon for an overnight trip to Camp Ki-O-Wah, at Lake Marvin near Canadian.

The boys will participate in swimming, canoeing, archery, shooting rifles and hiking. There will be Cub Scouts there from over the Panhandle.

Each boy must be accompanied by a man. The registration cost is $2 each, and this includes meals. Each Cub Scout is asked to take toilet articles, swim trunks, old clothes, cot and bedding, and a flashlight.

Giltner LaMaster is in charge of transportation and will be glad to provide rides for men interested in going on the trip.

There will be Sunday School and church services at the camp.

Mrs. Dewey Bottoms of Pontiac, Mich. has been a guest of her sister, Mrs. Leila Webb, and her cousins, Mr. and Mrs. W. C. Sanders and Mr. and Mrs. R. P. Hurn for the past week. Mrs. Bottoms left Thursday for San Francisco, Calif. to visit a daughter.

Remember Want Ads Pay!

Sam Anderson of Mercer, Penn. arrived Tuesday to visit Mr. and Mrs. Jerry Ward and Mr. and Mrs. R. R. Ward.

Announcement was made of a new course for home nursing and mother-child care. Details and instructors will be announced the first week in September.

More than 65 persons received approved Red Cross first aid training 100 persons during the fall months, and plan to offer courses for instructors," Headlee explained.

A resolution was passed "commending Mrs. Cox for faithful service and devotion to duty." It was revealed that she had given more than a month's pay during the last Red Cross fund campaign.

Dr. Pearson expressed his appreciation to citizenship of Ochiltree and adjoining counties for their support of the local chapter. He reminded those present that "Success of this chapter is a reflection of the good taste enjoyed by persons in this trade area."

Danny worked in the Round Up program in Perryton last summer, and local Church leaders feel most fortunate in having him come here again. He will preach Sunday, July 4, and each evening during the week through Friday, July 9, and will direct local youth in their organizational activities.

Miss Crow is the daughter of Mr. and Mrs. Chester Crow of Ft. Worth. Her father is Executive Secretary of the Texas Christian Missionary Society. She is widely experienced in Youth work, and is at present serving as secretary of the Texas Youth Council.

Last summer she worked in nine Christian Youth Round Ups in Texas. She is an accomplished musician, and will direct all song services during the week, will lead in recreation, and will serve the Church as a resource person in organizational plans.

Serving locally as Chairmen of committees on arrangements are: Publicity, W. O. Harmon; Invitations, Mrs. Debs Riley; Letters, Mrs. C. E. Presnall; Telephone, Mrs. W. J. Miller; Meals and Homes, Mrs. G. E. Murphy; Refreshments, Mrs. Rex Clark; Music, Miss Janice Miller; Flowers, Miss Stacy Ellis; Responsibility list, Miss Elaine Clack. The public is invited to share this experience of a Youth-sponsored Revival, at the Christian Church.

Anniversary Grandchild Is 50th

SEATTLE (AP)—Mrs. P. J. Reader hustled across Puget Sound from Port Angeles the other day for the birth of a grandchild—just as though it were her first. It was her 50th.

The granddaughter's arrival seems especially noteworthy because this is the year Mr. and Mrs. Reader will observe their 50th wedding anniversary. The newest arrival was born to Mr. and Mrs. Joseph J. Gallagher.

Company Flights Scheduled

POUGHKEEPSIE, N. Y. (AP)—A big corporation here has put its privately owned airplane on a scheduled flight basis. A new twin engine seven-seater, makes twice a week flights carrying sky-hopping company officials to branch plants at Endicott, N. Y., and Boston, Mass. The plane also makes periodic trips to other points.

Lion Installation Set for Tuesday

New Lions Club officers will be installed Tuesday night, June 29, at a Ladies Night event to be held in the Hotel Coffee Shop.

Coke Harlow is the new president of the organization, succeeding Paul Loftin, who has served during the past year. The new president will attend the International Lions Club convention in New York City on July 7-10.

Other officers to be installed are W. H. Lance, first vice president; Irvin Hergert, second vice president; Rev. Alvin Klotz, third vice president; Don Thurman, Tail Twister; Elliott Lee, Lion Tamer; A. P. Spicer, secretary; Ray Phagan, Bob Gregg and Glen McGibbon, directors.

High Masonic Official Plans Follett Visit

Deputy Grand Master George Moffett of Chillicothe, will be the honored guest of the Follett Masonic Lodge, Thursday, July 15, according to Carl Fleming, district deputy grand master.

Moffett is scheduled to address the more than 150 visiting lodge members and will take part in conferring a master's degree.

Masons of Ochiltree Lodge No. 910 have been asked to contact Paul Loftin if they plan to attend.

Moffett visited the Perryton lodge two years ago. He is scheduled to be grand master of all Texas Masons next December.

Preaches In Court

TRENTON, Tex. (AP) — Thomas Reece, 73, has retired as a Baptist minister after 48 years. But he hasn't quit preaching. Now he directs his sermons to offenders brought before him in his capacity of justice of the peace.

"My little talks help," Reece said. "They know I can do something about it if they don't heed my advice.

"The first time a drunk comes into court I talk to him and try to help him mend his ways. After that, I give him the limit. There's no excuse in the world for getting drunk."

Reece is also pretty rough on speeding offenders.

"Everybody is in such a hurry to get somewhere," he said. There are some people who drive too fast if they're just going out for a ride."

The number of franchised new car dealers in the United States who handled two or more makes of cars declined from 7,142 in 1953 to 6,950 in 1954.

California produces between 85 and 90 per cent of U. S. wines.

Falk Longhorns Going Strong In Baseball Race

Texas wound up its baseball season more prematurely than usual as the Longhorns took two drubbings from Oklahoma A&M in the NCAA playoffs but there still isn't a college baseball coach in the country who can touch the record of Bibb Augustus Falk.

The noted advocate of sarcastic repartee is well on the way to running up a record to equal or surpass his illustrious predecessor and teacher, Billy Disch.

In 12 years as coach of the Longhorns, the Bibber has won nine Southwest Conference championships and tied for two. He also has twice won the national collegiate championship and gone to the finals on another occasion. And in the years when he didn't go to the NCAA finals—two times Texas passed up even playing in the NCAA—the Longhorns lost to the team that eventually won the championship.

Of course it will be a long time before Falk can equal the record set by the famed Billy Disch, who won 21 championships out of 26, but the years will take care of that unless Bibb loses his touch, which doesn't appear likely.

He's a great teacher and loved by his players although he tells them all the time they couldn't play in the Epworth League on the basis of their ability. Just to show you how these boys actually treasure the sarcastic attributes from their coach, one of the teams got together one year and presented Bibb with a cigarette lighter on which was inscribed: "From the Goons and the Mullets." It was after Texas had gone to the finals of the 1953 NCAA.

Veterans Forum

Q. My husband, a World War II veteran died recently. Would I be eligible for VA death pension if my yearly income falls below the $2,700 limit? I have a young child.

A. You would be eligible only if your husband had a service-connected disability at the time of his death. His disability, however, need not have been the cause of his death.

Q. I am a disabled Korean veteran, and I'm planning to take on-the-job training under Public Law 16. Will VA furnish me with supplies I need to pursue my training?

A. Yes, within limits. The kind, quality and amount of supplies will be limited to those commonly required to be owned personally by non-veterans taking the same training. If your disability warrants it, you may be issued special equipment to help you do your job.

Q. I am a Korean veteran who was totally disabled in service. I intend to apply for the special GI permanent-plan insurance available to disabled Korean veterans. Would it be possible to have my premiums waived because of my total disability?

A. Yes. You should apply for a waiver of premiums at the same time you apply for your application, and be sure to continue to pay premiums until VA tells you your waiver has been granted. If it is granted, you will get a refund of premiums paid under waiver.

Q. If I get a GI business loan, will I have to operate the business myself? Or could I turn it over to someone else to run?

A. You will be required to devote your personal labor or supervision to the business, either on a full-time or part-time basis.

MR. and MRS. JAMES LUTHER LEHMAN

Christian Church at Buffalo, Oklahoma Is Setting for Rohrer-Lehman Wedding

The First Christian Church at Buffalo, Okla. was the setting Sunday afternoon, June 6, for the marriage of Miss Henrietta Rohrer and James Luther Lehman.

The bride is the daughter of Mr. and Mrs. Charles J. Rohrer of Buffalo and Mr. Lehman is the son of Mr. and Mrs. L. J. Lehman of Booker.

Dr. Tom B. Clark read the double-ring service at 2:30 o'clock before an archway entwined with pink roses and greenery, flanked with baskets of pink roses and cathedral candles in branched candelabra.

Miss Roberta Carmen played a medley of nuptial music while the guests assembled and accompanied Victor Rohrer, cousin of the bride, who sang "Always," "Because" and "The Lord's Prayer." The traditional wedding marches were used for the processional and recessional.

Given in marriage by her father, the bride was attired in a gown of white brocaded satin. The satin was brought by the bridegroom from Japan. The fitted bodice was designed with a low scooped neckline and long fitted sleeves which tapered to points over her hands. The neckline and points over her hands were outlined with seed pearls. The bouffant satin skirt, with nylon net overskirt, swept into a cathedral train.

Her finger-tip illusion veil fell from a satin Juliet cap edged with seed pearls and she carried a white prayer book topped with a white orchid and stephonotis. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Miss Charlene Rohrer attended her sister as maid of honor. She wore a floor-length pastel blue taffeta gown with nylon net overskirt and carried a colonial bouquet of pink roses.

Bridesmaids were Mrs. Elbert Walters and Mrs. Joe Hogan of Oklahoma City, sisters of the bride, Miss Bette Muller of Springfield, Ill. and Miss Winnie Grover of Liberty, Mo. They wore floor-length lavender and yellow taffeta dresses with net overskirts and carried colonial bouquets of pink roses.

Donnie Walters, nephew of the bride, and Billy Lehman of Booker, cousin of the bridegroom, lighted the candles.

Lana Jo Rohrer, a cousin of the bride, was flower girl. She wore a pink taffeta dress with pink net overskirt.

The bride's nephew, Rickey Walters, was ring bearer.

Russell Wilson of Oklahoma City was best man. Ushers were C. V. Rohrer, the bride's brother and Larry Rohrer, her cousin of Buffalo, Ross Lehman of Red Oak, Iowa and Milt Topping of Sunflower, Kansas, cousins of the bridegroom.

For her daughter's wedding Mrs. Rohrer wore a light blue lace dress with navy and white accessories. Mrs. Lehman, the bridegroom's mother, wore a mauve silk dress with mauve and white accessories. Their corsages were of pink roses.

Following the ceremony the bride's parents were hosts for a reception in the church basement.

Mrs. Rotha Phillips of Oklahoma City kept the guest book.

The bride's table was laid with a lace cloth and decorated with an arrangement of pink roses and stock.

Included in the house party were Mrs. Bill Brown of Buffalo, Miss Suzanne McKerman of Downers Grove, Ill. and Miss Roberta Carmen of Buffalo.

For her going away costume the bride chose a beige suit with matching accessories and a white orchid corsage. After a wedding trip to Santa Fe, New Mexico, the couple will make their home at 1013 Sixty-second street, Galveston, Texas.

Out of town wedding guests included Ross and Harvey Lehman of Red Oak, Iowa, Mr. and Mrs. L. L. Toping and family of Sunflower, Kansas, Mrs. H. B. Toping of Kansas City, Mo., Mr. and Mrs. Walter Lehman and Mr. and Mrs. Wendell Lehman of Protection, Kansas, Mr. and Mrs. Basil Duke and Mr. and Mrs. Bob Duke of Darrouzett, Mr. and Mrs. Glen Lemon of Stillwater, Okla.

Local Students Attend Methodist Youth Assembly

ABILENE (Spl.)—Four Perryton students were among the 441 young people who attended the 38th annual Methodist Youth Fellowship assembly of the Northwest Texas Conference last week at McMurry College.

They were Frank Bell, Kent Apple, Sarah Cockrell, and Fae Marie Beck.

Miss Beck was re-elected as Christian fellowship chairman of the assembly for the coming year. She has served as secretary of the district MYF group, and as president of Wesley Foundation at Canyon.

Bell, son of Mr. and Mrs. Orlan Bell, is in the band, choir, golf team, tennis team, and National Honor Society at Perryton High School.

The son of Mr. and Mrs. Vance Apple, Kent is also in the PHS band and plays basketball. He is a sophomore.

Miss Cockrell, daughter of the Rev. and Mrs. A. B. Cockrell, is also a sophomore in high school, and takes part in FHA, Pep Squad, and volleyball.

Mrs. Clifford Beck of Perryton served as couselor for one of the girls' dormitories at McMurry College during the meeting, and taught a class in Choosing a Vocation.

The Rev. Frank Peery, pastor of Amarillo's Trinity Methodist Church, served as dean of the MYF assembly. Dr. Marvin L. Boyd, pastor of the First Methodist Church of Midland, was the main speaker, delivering a message each evening on the assembly theme, "Finding Life in the Will of God."

Local Student Is Featured In HSU Production

ABILENE (Spl.)—Mrs. J. T. Campbell, Jr., Hardin-Simmons University senior, formerly from Perryton, is featured in the cast of the summer production of Shakespeare's "Taming of the Shrew," Monday, June 28, at 8:00 p. m.

Mrs. Campbell, the former Bettie Lawrence, is the daughter of Mrs. Mae Belle Lawrence, 410 5th Avenue, Perryton.

The drama, which will be staged in an open-air playing area on the H-SU campus, is directed by Dr. Katharine Boyd, professor of speech and chairman of the department. The play consists of a prologue and a play within the play. Mrs. Campbell is in the play within the play.

Formalized scenery is of the Italianate renaissance style. Costumes for the prologue are of the Elizabethan period, and the play within the play features the Italian renaissance dress.

Parade of the strolling players, music of the Elizabethan period by a string quartet and tumbling feats will highlight the summer production.

Mrs. Campbell, a candidate for August graduation, has been a member of Cowgirls, service organization; Players Club, Future Teachers of America and Sigma Tau Delta, national professional English fraternity.

Mrs. F. C. Spencer, Mrs. L. M. Davis of Borger, Mrs. J. L. Darnell of Amarillo and Grace Spencer returned home last Thursday evening from Malvern, Ark., where they visited their daughter and sister and her family, Mr. and Mrs. Glen Tindle, Kate and Joyce, for a week.

Our Own Resources

The Chamber of Commerce is completing an industrial survey, listing all the factors that would be of interest to a new industry or any new business concern interested in locating in Perryton. This is a good beginning towards an organized effort to attract new business and new payrolls and is something that has not been done previously.

Certainly Perryton has many advantages to offer, enough, we think, to overcome the disadvantages. We wonder, however, if Perryton is in the category mentioned by John Ben Shepperd in an address at Jacksboro recently when he said:

Chambers of Commerce all over Texas are dreaming visions of great industry and smokestacks on the horizon, but don't see their greatest asset—young people—walking past them with packed suitcases. They're sending promotion experts to New York to bring back factories, and on the same train with them are the young people of the town leaving because they couldn't get ahead."

Someone has pointed out that Perryton's growth is not matching the number in the senior graduation class each year which could indicate that our graduates are not staying here to establish homes.

If so, perhaps the Chamber of Commerce should next think of a survey designed to keep our young folks at home as well as a plan to attract new industry.

As John Ben Sheppard points out, the people of a community are that community's greatest asset and too often these people are the same community's most neglected asset.

A Milling Crisis

"Kansas grows the best wheat in the world" used to be a popular slogan. Now, in all accuracy, it must be changed to "Kansas grows the most wheat in the world." And, at the present rate, Kansas soon will be pressed to find a market for its chief grain product. The honor of leading wheat state will become an empty one.

Flour mills are closing all over the state. The latest is at Lindsborg, where a long-established mill announced only last week it soon would cease operations. Kansas flour mills, dependent upon Kansas wheat, can no longer compete with mills elsewhere grinding higher quality wheat. Costs of importing the better wheat for milling in Kansas and exporting the flour are prohibitive. The only choice confronting the mills is to close, as they have done.

It is a sad situation in many ways. At a time when Kansas is attempting to industrialize to offset a decline in farm population, it is losing one of its most "natural" industries. The lessening demand for Kansas wheat certainly will be reflected sooner or later in the price the farmers receive for it, unless government subsidy is to be a permanent fixture in the economy. The results will be felt throughout the state's economic structure, from the working man to the merchant on Main Street, the town banker, and the corner filling station operator.

The state's wheat producers hold the key to solution. Unless they change, and soon, to an emphasis on quality instead of quantity, they are inviting economic trouble for themselves and the rest of the state too. Markets lost to other states closer to the nation's economic centers, where most of the flour is consumed, will not be easily recovered.—Parsons Sun.

Down at Grand Prairie, near Dallas, they have an annual celebration called Prairie Trails where the citizens grow beards and they throw a parade, dance, barbecue, etc. After this year's show was over, the Grand Prairie Texan headlined, "Prairie Trails Successful But Loses Chamber of Commerce $4,614.50."

Which caused Paul Crume of the Dallas News to comment, "Another such victory and we are undone."

Senator Lyndon Johnson commented in his news letter recently about Social Security, stating that study by Congressional committees was necessary to make new changes in the Social Security law. A case in point was cited by the senator, who pointed out that at one time, the measure blanketed doctors within its provisions. "It became obvious," says Sen. Johnson, "That the doctors do not want to be covered. Therefore, they will not be forced into the Social Security System against their will."

And who, may we ask, questioned the rest of us whether or not we wish to be covered by Social Security? The government may not realize it, but a great many persons have been forced into the Social Security program against their will. In fact, until we heard from Lyndon Johnson, we supposed that a person or group's wishes had very little to do with being included in Social Security coverage. Apparently doctors are cut from a different brand of cloth.

We owe a great deal to our government. The question is, how are we ever going to get the money to pay it?

We saw a couple of kids walking on home made stilts the other day, first time in years we have beheld such a sight. Which leads us to wonder what happened to the amusements popular when we were younger. As far as we can learn, spiking tops and the skilled "bull ring" type of marbles are not played any longer around here. Haven't seen a game of washers lately. Maybe it isn't stylish any more for youngsters to provide their own recreation. At any rate, the cry is for more and more "recreational facilities" which usually include a paid director and organized activity.

A federal bureau has critized the practice of fining or jailing parents for the delinquent acts of their children. This report urged effective discipline and an end to the idea that the child's every whim should be satisfied. Children should be held accountable for their acts, the report pointed out, adding "To treat them otherwise would be to do them disservice, since marriage, job and family all will require accountability. To permit the indulgence of every whim is merely building the child up for a setback in the future."

The only person less popular than a wise guy is a wise guy who is right.

We picked this up from an insurance magazine and have seen it reprinted several times lately, so it must be good. "WHY WORRY? There are only two reasons for worry: Either you are successful, or you are not successful. If you are successful, there are only two things to worry about. Your health is either good or you are sick. If your health is good, there is nothing to worry about. If you are sick, there are only two things to worry about. You are either going to get well, or you are going to die; if you are going to get well, there is nothing to worry about; if you are going to die, there are only two things to worry about. You are either going to Heaven, or you are not going to Heaven; and if you are going to Heaven there is nothing to worry about; if you are going to the other place, you'll be so busy shaking hands with old friends you won't have time to worry, so WHY WORRY?"

Why is it that the wrong number on a telephone is never busy when you call?

We attended the Texas Press Association convention in Fort Worth last week end, hearing a number of dignitaries, including Governor Allan Shivers and Mrs. Oveta Culp Hobby, among others. We enjoyed a talk by Paul Crume of Dallas, author of the front page "Big D" column, more than anyone else. Crume says he has the softest job in the world, wandering around gathering column material, while the actual writing of his column takes only 30-45 minutes each day. Anyone who has read it knows that it is full of sharp wit and quite enjoyable reading.

Crume said, "People ask me where I got the idea for the column. Well, one day, the publisher, managing editor and executive vice president called me in and said 'Crume, write a column.' Right there I got the idea for a column." He says the hardest part about his job is drinking 20-30 cups of coffee a day. However, this job is ideal says Crume, because it means he gets paid for doing something he would be doing anyway if he were out of a job.

If you don't think the dollar's worth anything today, just try to collect some that are owed you.

OH, BABY!

Wolf Creek Philosopher

Is Ready to Control Weather

(Ed. note: The Wolf Creek Philosopher must need a rain, his letter implies. On the other hand, he may just be talking.)

Dear editar:

Me and a neighbor were talking the other afternoon about an article he'd read in a magazine which claimed in 50 years man will be able to control the weather, start a rain when he wants to, stop one when he wants to etc.

I thought this sounded like a good idea, but he was opposed to it, on the grounds it would take all the guess-work out of farmin and make life too dull.

"If you can sit down at the first of the year, pick out the days you want it to rain during the next 12 months, draw up a farmin program to fit the schedule, and proceed to follow it without any guess-work or doubt, life is sure gonna get dull," he argued.

This strikes me as backward nonsense. I ain't noticed any irrigation farmer with an endless supply of water gettin bored to death with good crops every year and money in the bank all the time.

The trouble with that fellow is that he has mighty limited notions of what produces entertainment in this world. I'll admit that if you took all the guess-work out of everything, life might get too dull to handle, but if scientists are smart enough to take it out of the weather, I say go ahead, there'll still be other things left to stump 'em.

For example, I doubt if scientists will ever get far enough advanced to take the guess work out of Congress. They may be able to stabilize the weather, but stabilizing Congress is a job not even the dreamiest scientist has the willingness to theorize about. And there are other things besides Congress you can put in that category, for example, women, or when your car will have it's next flat tire, or the cattle market.

A man who's worried about not having anything to worry about is pretty hard up. I don't know whether man will ever control the weather or not, but if he does I'm in favor of it, and I'd like to have it started not later than next week.

Yours fairly,
J. A.

Carter Wins Scholarship to Oklahoma A & M

ANTHONY — Howard Carter, son of Mr. and Mrs. Carl Carter of the Anthony community, has been awarded a four year athletic scholarship in football at Oklahoma A & M College in Stillwater.

Carter attended the Perryton schools for five years, then moved to the Anthony community and continued his education in the Beaver school system, graduating this spring.

He was center and captain of the football team, and was also a regular on the basketball and baseball teams.

He was sworn into the Naval Reserve Unit at Amarillo on June 14 and will attend classes there each Monday through the summer, when he will be transferred to the unit at Stillwater, where he will attend college.

Howard is now working at the Gray booster station during the summer and plays with the Perryton Blue Sox.

This is the first college scholarship to be awarded to a Beaver county boy in many years.

Mr. and Mrs. Lawrence Good are in Weirton, W. Va., where they were called because of the illness of her father, Matt Saari. The Goods left Perryton Tuesday morning.

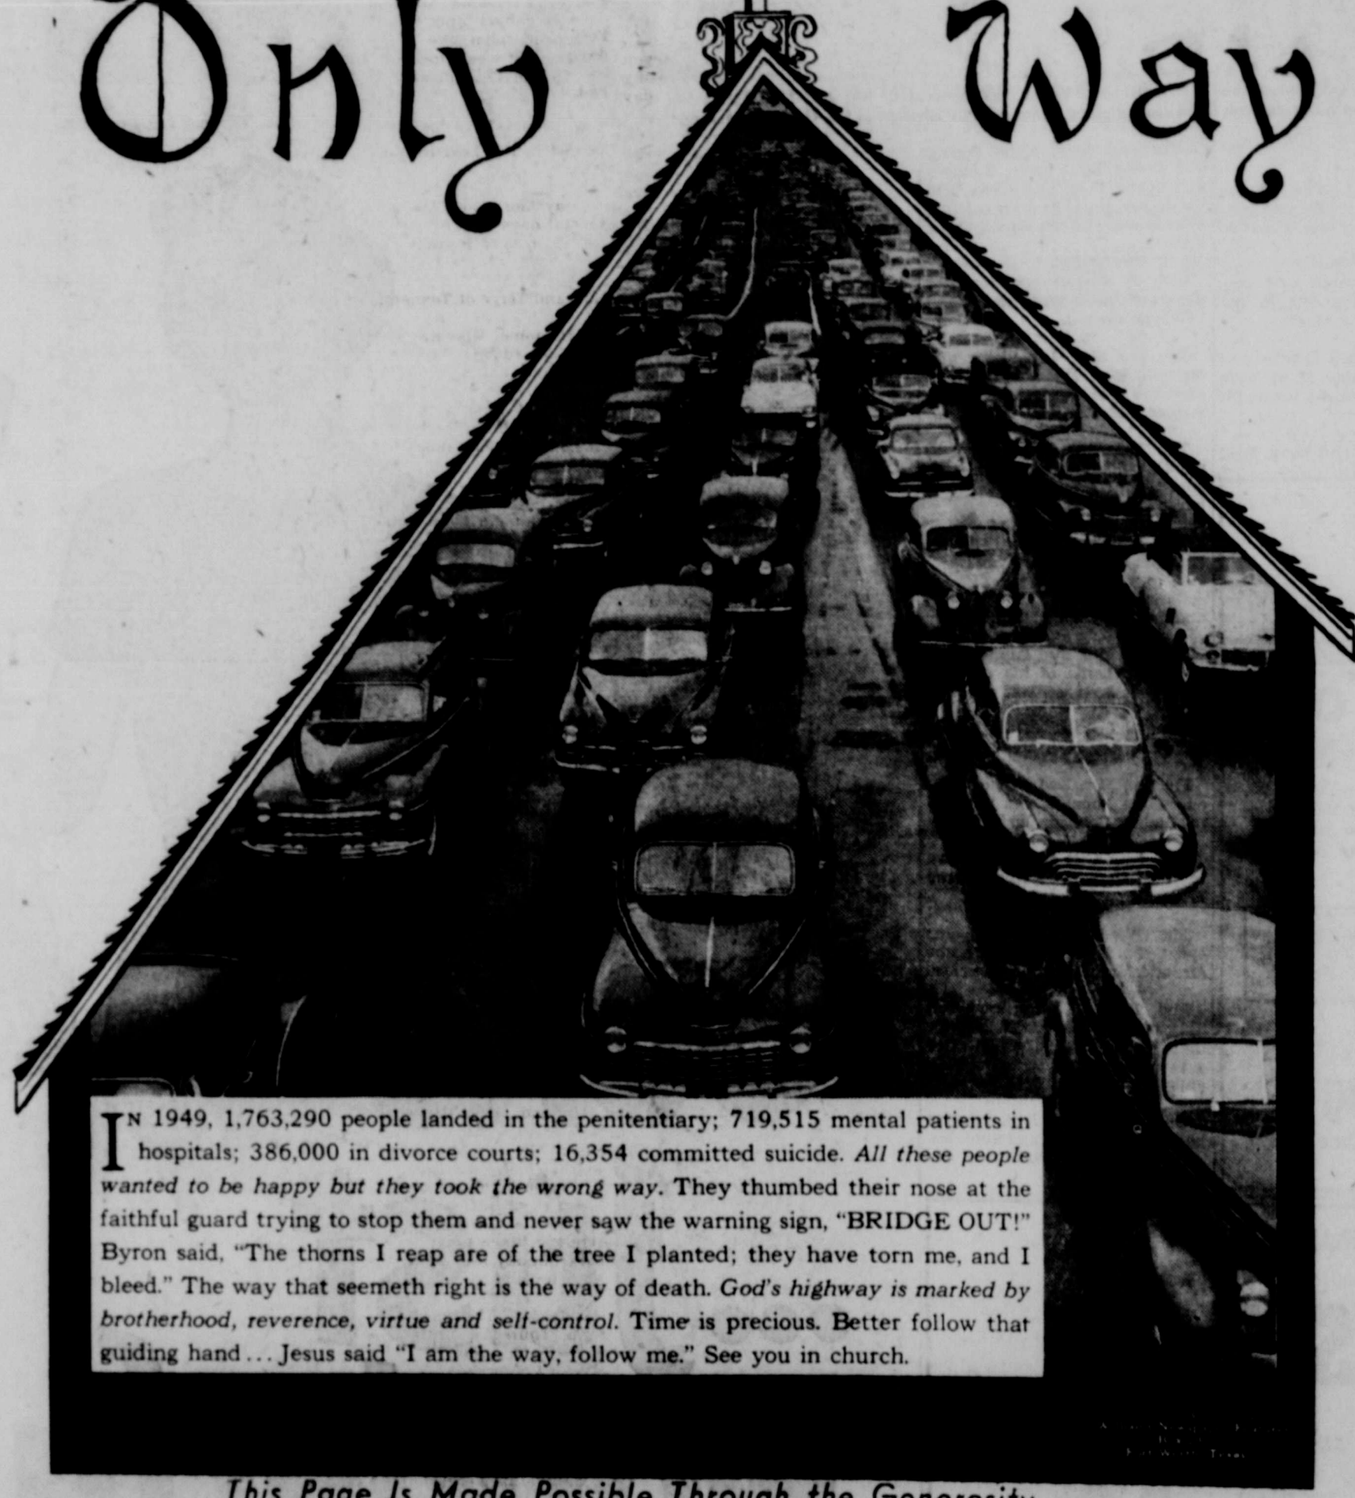
There's One Only Way



IN 1949, 1,763,290 people landed in the penitentiary; 719,515 mental patients in hospitals; 386,000 in divorce courts; 16,354 committed suicide. *All these people wanted to be happy but they took the wrong way.* They thumbed their nose at the faithful guard trying to stop them and never saw the warning sign, "BRIDGE OUT!" Byron said, "The thorns I reap are of the tree I planted; they have torn me, and I bleed." The way that seemeth right is the way of death. *God's highway is marked by brotherhood, reverence, virtue and self-control.* Time is precious. Better follow that guiding hand... Jesus said "I am the way, follow me." See you in church.

HEAVILY ARMED, Irving Bacon and Joel McCrea prepare to set out after the villians who ambushed Race Gentry, being comforted here by Mari Blanchard in a scene from "Black Horse Canyon" that opens at the Ellis Theatre Tuesday, June 29.

Call For Help

GRAND RAPIDS, Mich. (AP)—A resident summoned police to his home late at night, saying there was trouble and he wanted to register a complaint. Two patrolmen found David Bylsma, 5, had a dispute with his teen-age baby sitter.

Mr. and Mrs. Tom Johnson and Sandra of Portales, New Mexico visited over the week end in the home of his mother, Mrs. Texie Ann Johnson, 309 S. Birch.

'Black Horse Canyon' Stirs The Emotions

A stirring and satisfying picture is "Black Horse Canyon" which comes to the Ellis Theatre on Tuesday-Thursday, June 29-July 1, starring Joel McCrea and Mari Blanchard.

McCrea, an easy-going 'saddle-tramp," and Gentry are partners in homesteading a horse-ranch. Miss Blanchard, their hot-tempered neighbor, first fights them, then invites them to join her in capturing the outlaw stallion who has escaped her corral and who periodically raids the place for mares to add to his mountain harem. Another neighbor, Murvyn Vye, decides to get into the act, too and uses every brutal trick in his repertoire to cheat them out of the wild horse, creating in the process one of the meanest villians the screen has seen in many seasons.

Mr. and Mrs. Russell Revis and Scott of White Face were guests of her parents, Mr. and Mrs. Joe Juliusson, last week end.

Scandal, Terror Keynote Picture

A romantic suspense story dealing with the disappearance of a 17-year-old girl who is infatuated with a middle-aged school master is the theme of "Personal Affair," which comes to the Ellis Theatre on Sunday and Monday.

The picture stars Leo Genn, Gene Tierney and Glynis Johns, with Pamela Brown and Walter Fitzgerald in supporting roles. Gem plays the role of the school master, Gene Tierney is his wife and Glynis Johns is the lovelorn pupil.

As a woman hounted by fears that she may lose her husband's love, Miss Tierney gives one of the outstanding performances of her distinguished career. Genn, as the husband who is under suspicion of having murdered the teen-age pupil, never once strikes a false note. His performance throughout has the power of disciplined restraint. And Glynis Johns, as the schoolgirl, evokes a portrait that captures to the nth degree all the tangled emotions of adolescence.

Language Barrier

DETROIT (AP) — Seventy-three-year-old Mrs. Eva Bundardiene wandered Detroit's streets for 30 hours without food or water after she became lost. The Lithuanian grandmother, who speaks no English, started by going to an early mass at a church seven blocks from her home. Losing her way, she walked all day and night before boarding a bus.

All she could say to the driver was, "Lithuanian." The driver found a passenger who spoke the language. Police took Mrs. Bundardiene home.

It was just like the eight years she wandered around Germany, homeless and destitute after she lost her husband and home in a bombing, she said.

Ancien. Meter Works

GRANFIELD, Okla. (AP)—Walter Dodson, city water serviceman, discovered a water meter which had been buried for more than 30 years. He cleaned it up and reported it was as good as new.

Mrs. Pauline Foster and Miss Glenda Foster visited relatives in Holdenville, Okla. last week.

By VERN SANFORD

AUSTIN, Texas—It will not take long to cast your ballot in the Democratic primaries on July 24.

There are only six contested races, as certified by the State Democratic Executive Committee, making up one of the party's shortest ballots. There are but 26 names on the ballots for 14 statewide elective offices.

Governor's Race

Governor Allan Shivers, running for re-election, designated Ralph Yarborough and his backers as "dreamers" who see as a solution of all our ills centralization of our government in Washington.

As an example of his meaning, Shivers said his opponents were blaming him for supporting the Republican nominee for President in 1952.

"They say I'm a traitor," Shivers commented. 'If getting the tidelands back for our school children means I'm a traitor, then I plead guilty." The governor added:

"Our opposition paid lip service to the tidelands. This two-time loser's biggest backers said the tidelands belonged to the federal government . . ."

Yarborough had hurled the charge of disloyalty at Shivers because of the latter's support of Eisenhower.

Yarborough also struck out against Shivers' bid for a third elective term, saying, "Texas tradition condemns a third term. We approved the Twenty-second Amendment which forbids a third term for President."

Women in Politics

Two Texas women took over prominent spots in the state's political show last week.

Mrs. Pat Dougherty will manage the campaign of her husband, Dudley T. Dougherty, for the United States senate. Mrs. Charles Devall of Kilgore, whose husband is publisher of the Kilgore News Herald, was appointed state chairman of Texas Democratic Women for Shivers.

Mr. and Mrs. Cecil Sager and Dewayne, Mr. and Mrs. A. W. Caldwell and Aubrey, Mr. and Mrs. Delbert Sager, Mr. and Mrs. Dick Naylor and children, Mrs. Velma Shufelberger and Sandy, Mrs. Effie Christopher and Mrs. Rhoda Brake.

* * *

Mr. and Mrs. Buel Morris and girls of Stratford, Texas visited in the John Morris and S. S. Cook homes Monday.

* * *

O'lene Ferguson spent Sunday with her grandparents, Mr. and Mrs. Levi Blosser.

Guests in the Sheldon Wilson home last Tuesday were her cousin and family, Mr. and Mrs. David L. Green of Mineral Wells.

Right in front of Granny White's beautiful old house on Maple Avenue there's a brand-new sign: "Antiques. Inquire Within."

Now—don't get excited. Granny explained it all the other night—after we settled down in her parlor, me with my temperate beer, Granny with her tea.

I asked her if she was really going in the antique business. "Oh, no," says Granny, "I wouldn't *sell* anything. I put that sign up so folks would come in and talk—and look around. If they insist on a price, I tell them some outrageous figure! I guess I just like people," she said.

From where I sit Granny can be excused for her little ruse. She may be in her eighties, but her mind is young—and open. She's the kind of person who's made this town so wonderful. Granny not only likes people—but she respects them and their preferences and opinions. Come to think of it, "liking" and "respecting" mean much the same thing, don't they?
