TIME TO RENEW

It's the time of the year when most Spearman Reporter subscribers and Amarillo News-Globe subscriptions become due. Will Miller of the Reporter represents the Amarillo News-Globe and several other daily papers in this area. He will greatly appreciate receiving renewals for the daily publications.

Due to the fact that the Reporter has reduced the price of subscription from \$2.00 to \$1.50 regular price, we do not feel justified in making bargain rates for subscriptions. The cost of production has gone up considerably during the past few years. Taxes alone for your local paper have mounted near \$150.00 per year which add to cost of production. It will be impossible to retain names on the subscription list that are not in good standing. Renew NOW.

Judge Al Barkley Pays Fine At Club Meeting Tuesday

Judge Al Barkley, program leader for the Tuesday noon meeting of the Spearman Lions Club was the first member of the club to receive an expensive lesson in memory. Mr. Barkley forgot about the program, and in a 17 minute talk of apology to the club admitted he did not have a program, and asked that he be given another chance, declaring he would provide a program twice as good as the one he was supposed to present Tuesday. A hasty analysis brought forth the conclusion that the next meeting would be a 34 minute program of apology, and the Boss Lion decided to fine Judge Barkley and let him make his arrangements for program with chairman Fred Hoskins. Members present discussed the coming Red Cross drive and the Boy Scout movement for Hansford county.

DON'T MAKE YOUR POSTMASTER LAUGH

If you think Marvin Chambers, local postmaster is kinda solemn and sad these days, don't jump to the conclusion that the Republican gain in the general election is the cause. Marvin just can't afford to laugh, sneeze or cough. He has a rib broken loose from its mooring and it absolutely makes plenty of trouble for him when he indulges in any of the normal habits except breathing. Marvin nursed the broken rib 2 days before he discovered the seriousness of a recent encounter. He was casually strolling along in front of Bur's cafe and rounded the corner just in time to block a member of the town football gang. He successfully killed a possible pass interception, but two days later Dr. Gibner informed him he had received a healthy jolt that loosened one of his ribs.

CHAIRMAN NAMES COMMITTEE FOR RED CROSS DRIVE

Chairman Bruce Sheets of the Hansford County Red Cross Roll Call Drive has named committeemen to work over the county beginning Armistice Day Nov. 11th. The committeemen named are as follows:

Morse, Mrs. Durham and Walter Gillispie.

Oslo, Miss Inga Reinertsen and Mr. Stejle. Gruver, Mr. Gross chairman who will name his committeemen. Bruce Sheets will name a committee of 6 ladies to canvas Spearman and immediate territory.

This year only fifty cents of each membership, whether one dollar or more, will be sent to the National Red Cross headquarters. The remainder will be kept by the local officers for Red Cross work during the year. Red Cross work is brought closer home to West Texans through relief operations carried on during and after the Colorado river flood last July in San Saba, McCulloch, Menard, Travis and Lampasas counties. The Red Cross not only worked untiringly to save lives and provide shelter for homeless families during the flood, but carried on their activities after the danger had subsided, assisting hundreds of families to rebuild their homes and taking care of the sick and injured.

Last year the American Red Cross assisted sufferers in 174 disasters throughout the U. S. and its insular possessions, extending over a wide geographical range of 41 states and 247 counties.

ARMISTICE DAY PLANS ARE COMPLETED

All plans for the Armistice Day program, both in the morning at the school auditorium, 10:30 p. m. and the afternoon for the ball game between Perryton and Spearman have been completed.

Dr. Joe Jones, former Captain in the World War, a legionnaire of Gruver, Texas will deliver the welcome address at the morning program. Judge Jack Allen of Perryton, will give the response, and Judge Curtis Douglas of Panhandle will deliver the principal address for the morning program. Mrs. Ed Rafferty has been asked to sing as part of the morning program. The football game begins promptly at 2:30 p. m.

N'T
ME IT
J. MILLER

Advice to the many, many who take this column is to disregard the aphs that were printed week regarding 44 points Perryton. Naturally I only cared that sort of comment up space and kinda brag the game. I do not bet football games, and you could not. Aside from the right and wrong of the affair, it is extremely dangerous to risk any sort of wager on the Perryton-Spearman contest. Chances are you will have an opportunity to bet with 30 to 40 points, if you have the spirit you are tempted to take on such odds. However, just remember that we only won from Canadian one point and Perryton took contest with a much improved Canadian team 47-6.

Everyone is urged to be present at the morning Armistice program Friday. Perryton plans to bring 50 families of ex-service men to the program. We should show our neighbors that we are anxious to entertain them on this occasion.

Here's a prediction. Perryton will win from White Deer and Abilington, when White Deer has the football contest from Panhandle.

A statement in the Canyon paper gives us the information that the government plans to build 12 lakes in the Panhandle area next year. This writer has fairly dependable information to the effect that Hansford county heads the list of counties to receive Federal appropriations for the first lake. This of course when and if the appropriation is made.

This writer discussed the situation of lakes with Congressman Jones and Senator Tom Connally at Canyon some 12 days ago. Every comment was very favorable. Just confidentially, it will be rather embarrassing to this writer if the government wraps up a nice large lake and asks for a delivery location, and we Hansfordites cannot find a place to put the lake.

Ole Tack has promised to train me up in the art of apologizing, when and if we get a lake and have no place to put it. I can just imagine how funny it will be to John McCarthy, Carlinton et al, when I have to get down on me bended knees and say in substance I HOLLERED loud and often for a lake, and now that you are ready to serve this county, it becomes my duty to tell you I am sorry that I ever called you what you aint. Our neighbors over at Perryton that have listened to me lambast them for hogging everything in the nation, will get quite a chuckle when it comes time to crawlfish out of a lake because we do not have a place to put one. Alhart who I have accused of everything from mehem (what ever that is) to outright thievery will get a big laugh, and Hutchison county who came over to our rescue and brought some real relief to the picture will be a bit cautious about making a deal with us next time—if there ever is a NEXT TIME.

Football is in the air. Everyone is at a white heat this week waiting for their favorite game tomorrow on Armistice Day.

It may be that Borger fans, our best neighbors south, are cooled down a bit by now, but a thousand fans and perhaps a football coach and football team were sizzling warm last Saturday when some rather close decisions went against the Borger team.

Not having been at the game and not knowing a great deal about the affair other than an impression gained from the announcer over the radio, this writer believes it the best part of wisdom to withhold comments pro or con on the fairness of official rulings.

However, this writer, like perhaps hundred of other newspaper men over the Panhandle will immediately disagree with Jerry Mahlin on his sermonizing in "Well What of It" column in Monday's Amarillo News-Globe. That holier than thou attitude assumed by Jerry, and the constant reference to the code of ethics of the Newspaper fraternity won't work. If the newspaper has any obligation to the public, it is to present facts, regardless of where the chips fall. No one yet has set up the assumption that football officials are perfect. They are subject to error, mainly if a newspaper

ARMISTICE
 An armistice is a general suspension of military operations in time of war either by the whole or a large part of the forces engaged.

It is more often the result of an agreement by the government of the nations at war as a preliminary to negotiations for peace or from some high religious or political motives.

Armistice Day is the date on which the actual fighting ceases in the World War. The Armistice was signed by the Allies and Germany Nov. 11, 1918. On this day each year in the allied countries some commemoration is made. The ceremonies usually include a period of silence at 11 o'clock in the morning (the hour at which the hostilities were ended) and services in the memory of those who were killed. In the U. S. Armistice Day is now a legal holiday.

Book of the Week

—G. Sheets
 "A Lantern in Her Hand" by Bess Streeter Aldrich, tells the story of a brave pioneer woman who had the courage to leave her home and chances for social betterment in Iowa and go with her husband to unsettled Nebraska. Abbie Deal gave up the training of her own talented voice and her art when she left Iowa but she found her reward in being able to secure for her children those things that she had most enjoyed. With a lantern in her hand she went forth to light the way for future generations. If you have not read this story, put it on your "must read" list.

Lynx Lose Close Game To Mobeetie

The Spearman Lynx went down fighting against Mobeetie losing by a score of 13-0. Mobeetie made their first touchdown in the second quarter with a series of off-tackle smashes and line bucks. The half ended Mobeetie 6 Spearman 0.

Neither team scored in the third quarter. In this quarter the Lynx brought the stands to their feet with a passing attack that carried them about 60 yards, but they failed to score. In the fourth quarter Mobeetie made their final touchdown on an off-tackle smash for 30 yards. In spite of the score, the Lynx made a good showing against the Mobeetie team.

Manual Training Class Progressing

The Manual Training Classes have no new projects this week, but they are adding the finishing touches to several of their projects of last week. Several of the boys are making doughboards as gifts for their mothers, while others are finishing benches.

This is the first opportunity for many of the high school students to take manual training, and the boys report this class to be the best offered this year.

The Lynx meet the Perryton Rangers this Friday for the championship of this district. The Lynx are decidedly the underdogs, but many a good team has been surprised. This is the game we all look forward to from year to year. Perryton beat the Lynx last year by a score of 44 to 0, and the football boys are determined that they won't do it this year. If you come to see the game Friday you will see Spearman play the ball game of the season. It seems to be a question in the starting line-up for the Lynx, but everyone will be there fighting for all he is worth no matter who starts the game.

Home Ec. III Girls Tour Amarillo

—Fran Schubert
 Last Friday, November 4, the Home Economics 3 class went to Amarillo for its annual tour of the city.

Upon arriving we went through the Great West Flour Mills. We learned many interesting things about how flour was made. When we came out we looked as if we had either fallen in a flour barrel or had been through a snow storm.

After a nice ride up through town (our teacher didn't know where the Meat Packing Co. was), we arrived south of the Flour Mills about a block to go through the Pickney Meat Packing Co. I believe Thora Jean Edwards enjoyed going through the Packing company, or was it the young man who showed us through?

The next thing we visited was the Children's Home, which is north of Amarillo. There are 39 children in the Home, and 32 make the daily trip to school in town every day. There are seven pre-school age children. We were shown through all the rooms, which are kept by children who are nine, eleven, thirteen, 15 years and even older.

We listened to the "Man on the Street," and Julia Kern was interviewed. Did she ever show her intelligence? Well, anyway she got a free pass to the State Theatre so Miss McLain sent her back to Spearman and used the pass herself.

We visited Cal Farley's and saw them broadcast their Flying Dutchman program. A number was dedicated to the Spearman girls and football boys.

We visited the Herring Hotel which was very interesting. We were shown all through the basement and the kitchen. We went up on top of the roof and viewed the fair city of Amarillo. Next we were shown through several suites, and really it is a shame that Estelle can't put Herring Hotel blankets in her pockets.

On the 14th floor I, the writer, and several others had heart failure, which I think was due to the appearance of several United States Navy Band members. Did they ever tip their hats?

We visited St. Anthony's hospital and saw many interesting things. We were shown through the operating room, emergency room, X-Ray department, an ordinary hospital room, the laboratory, where we saw a human brain, the nursery and the kitchen.

We all enjoyed going through Borden's Creamery. The man gave us a very interesting discussion. There are probably a number of people that could see no special reason for us to enjoy going through a creamery, but possibly it was the ice cream treats or the good looking guide.

We went to Coco Cola Bottling plant, but we decided we would rather go to KGNC and hear the Sons of the West broadcast.

Four of the girls came home Friday night, and the rest of us and Miss McLain stayed all night and came home Saturday.

Sixth Grade

The sixth grade pupils are studying about coyotes and bats in English class. Many interesting things have been learned about these two common animals.

The attendance record made by the sixth grade during the second month of school is one of which any class might be proud. Only four and one-half days of absence were charged against the class during the month of

The juniors are working hard this week in English as they are writing long reference themes based on books which they have read.

Mr. L. A. Smith from Hereford, talked to the Juniors about their jewelry for next year. He will be back next spring and have some rings made for samples and then we can go ahead and pay one dollar and the rings will be made. When the rings come there will be a pin for the girls and tie clasps or belt buckles for the boys as a premium; the pins, and belt buckles will be sent immediately. Mr. Smith has some really good looking rings which can be ordered in any shape or form.

The juniors made \$4.35 last Friday with their stand, at the football field.

The junior boys are really going to work hard this week in football and see that Perryton learns that Canadian was not their last conference game, as was stated in the Amarillo paper. Ann Davidson is a new member of the class. We are glad to have her back with us.

Seventh Grade

The seventh grade will have charge of the chapel program Friday. They are studying very hard on "Evangeline" and are still keeping history note books. They can't report any more news, as the reporter for this grade, as well as the rest of the girls in this class are very busy playing basketball.

BAND NEWS

Last Friday the Spearman Hi Band enjoyed immensely a trip to Amarillo to hear the United States Navy Band. This band gave an afternoon concert which lasted about two hours and every bit of it was good. All the trip was good, especially the part coming back that night, agreed most of the band members.

The band, according to reports, is scheduled to put on quite a show Armistice Day at the Lynx-Ranger game. The Perryton band will also be over so between the football teams and bands there should be a good time for everyone.

William (Bill) Brandt
 Bill (Curly) Brandt was born Aug. 10, 1921, at Spearman, Texas. He plans to go to Texas Tech at Lubbock and there major in business administration. His favorite class is Manual training and his favorite teacher is Tad Platt. His hobby is playing football. His weakness is showing off for the girls sake while playing football.

Ruby Jo Simmons
 Ruby Jo was born July 26, 1922 at Dallas, Texas. She wants to go to the Academy of Music in Amarillo and of course she will major in music. She is quite a musician now; maybe you heard her play last Monday night at the music recital. Her favorite class in high school is English and her favorite teacher is Mrs. Caldwell. Her hobby is reading and playing the piano. Her weakness is a musical type of post graduate boy with dark blue eyes.

The Senior Class finally got their rings. I believe they are fairly well satisfied with them although some of the boys can't seem to hang on to them very well because I notice several of them are missing from the fingers of our boys.

Friday Is Holiday

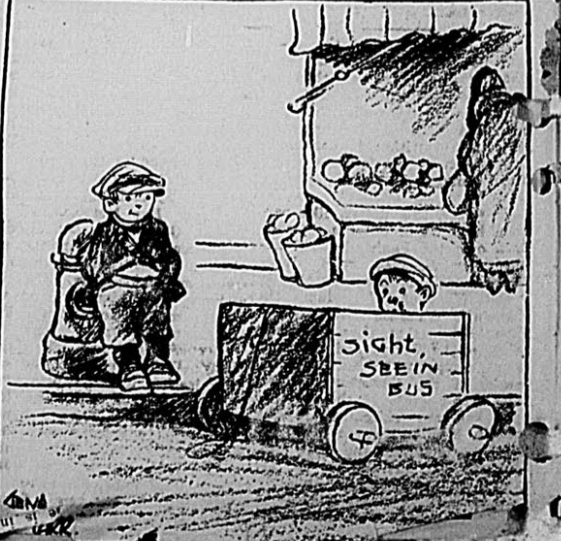

There will be no school Friday Nov. 11. A program sponsored by the American Legion will be given in the auditorium Friday morning at 10:30. The football game will begin at 2:00. It is hoped that all students will attend these events.

Girls Start Basketball

Approximately 30 girls reported for basketball practice Tuesday afternoon. Mr. Graves who will coach the girls this year announces that most of the time for the next few weeks will be spent on fundamentals. The girls are eager to get in shape for the Perryton Tournament, Dec. 1. Lettermen back this year are Janelle Womble, Julia Kern, Ida Mae McLeod, Beuna Vernon Norma Hall.

No, the little boy doesn't know

That boy's mother endured

Stop a minute and think.
Should you kill a child, how
could you face its parents? How
excuse yourself for killing their

Symptoms may be nagging headache,

Other signs of kidney or bladder dis-

OSLO NEWS

The following are my announcements for Sunday Nov. 13, 22nd Sunday after Trinity: Sunday School 10 a. m. morning worship 11 a. m. Sermon theme: "The Relation Between God's Forgiveness of Your Sins and Your Forgiveness of the Sins of Others Against You" Matt. 18:23-35.

The confirmation class will meet on Saturday at 9 a. m. at the parsonage. The Leadership Class will meet on Tuesday evening at 8 o'clock at the Matt Sogn home. The topic is "The Lutheran Church."

Unseasonably cold weather with a strong north wind caused considerable anxiety among the cattlemen of the Oslo Community last Saturday night and Sunday. The cold seemed to abate Sunday night to relieve the situation.

The Church Council of the Oslo Church met at the parsonage on Thursday afternoon to consider matters pertaining to the work of the congregation.

Some of the members of the Oslo Ladies' Aid met at the John O. Dahl home on Friday afternoon to tie a comfort in preparation for the Ladies' Aid Bazaar on Thanksgiving Day. A delightful lunch was served for the workers by the hostess.

Mr. and Mrs. John O. Dahl and Matt Sogn were in Amarillo on Friday.

Selma and Betsy Dahl returned to Amarillo on Monday to take up their work as students at a business college there. They have been at home for about a month.

PUMPKIN SQUASH

Pumpkin, sweetpotatoes, and squash may be kept through an entire year, or even longer by curing in a well ventilated room at a temperature of 85 to 90 degrees F for two weeks and then storing in a dry place.

Rev. and Mrs. H. C. Hjortholm drove to Tyrone, Okla., on Wednesday of last week to visit the Holcomb and Moson families there. On their way to Tyrone they called on Rev. and Mrs. H. W. Hartenberger at Hooker, Rev. Hartenberger has lately received a call from a congregation near Fort Wayne Ind.

where a temperature of 55 degrees can be maintained.

For homemakers who go to market, rather than to the store room for their winter supply of sweet potatoes, squash and pumpkin, here are some helpful hints.

The best sweetpotatoes are of medium size, plump, firm, and smooth skinned with rounded ends. They are free from bruises and decayed or blackened spots.

The best squash or pumpkins have a bright, clear color, they are neither the smallest nor the largest on the pile which the grocer shows you. The largest squash may be coarse and lack sweetness, and the smallest may be immature and lack flavor. The best pumpkin should be heavy for its size. There is not only more meat and less waste in

a heavy pumpkin or squash but the flesh is likely to be sweeter and less fibrous.

The yellow color of these vegetables points out one reason for their dietary success; they are all good sources of vitamin A. Yellow sweetpotatoes, yellow squash and pumpkins are a rich source of this vitamin. Many other foods supply vitamin A but few of them can be purchased for so small a cash outlay as members of this vegetable group. Besides vitamin A, squash, pumpkin and sweetpotatoes can be

counted upon to furnish at least some of vitamins B and G.

Pumpkin requires more cooking than squash or sweetpotatoes to improve its flavor and drive out some of the excess moisture. Sometimes pumpkin is dried for an extra hour or two in a double boiler after it is cooked. The flavor of top-milk and eggs is preferred to the natural water of the vegetable in pie making.

As a vegetable sweetpotatoes are especially good served in a combination with cured meats, ham and bacon or with roast

pork. Or they may be scalloped combined with fruits such as apples. Sweetpotatoes may be precooked in a tender stage. A better flavor if used in a pie. There's an excellent leftover pumpkin or squash is often overlooked. Half a or so of cooked mashed squash or pumpkin added to cornbread, makes a delicious moist cornbread.

can lambast the President of the U. S. and bemean him for every thing they can think of without breaking any of them sacred codes, or ethics then a newspaper writer can make the suggestion that an official erred without busting up those wonderful codes of ethics.

Taken from another course of reasoning, this writer believes there has been too much emphasis placed on the sacredness of official rulings. If there ever was a dictator, its a football official. A coach that spends his life with his team does not dare even question an official without he first bows down and gets the nod of recognition. In other words he signals HITLER can I come out and talk this matter over with you—and the official one graciously agrees, and while the coach puts up his best argument said official goes over in his mind his last golf game or

what not, and the coach walks off the field without winning an argument.

Is football played for the benefit of officials or for the young manhood that give their strength and heart to the game? Just wonder how the eleven men on the Borger team feel about the ruckus that has been stirred up.

This writer holds to the logic that nearly 3,000 people who witnessed the Borger game could not be entirely wrong. Certainly there was room for a bit of argument, and if there had not been a close decision to make, there would not have been an issue involved. If, as the Borger newspaper reported, the official nears the play stated the ball receiver, in one of the questioned plays, received the touch-down pass out of bounds, and a more influential official ruled inbounds, then such decisions are subjects for newspaper discussion, that facts may be presented, and errors corrected. The rules on a close play as outlined above give all the question of doubt to the other side. Briefly the rules state that even if a runner is on the boundary line at the time he is reaching for the ball above his head, the pass should be ruled incomplete. That's my information in the matter.

Fans all over the Panhandle will remember that Pampa was just about to win a game from Amarillo last year. A long hard fought gain to the 2 yard line was called back and Amarillo won the game from Pampa on Armistice Day.

Newspapers have an important obligation and it is to discuss anything that is of interest to the general public. If such discussion happens to reflect on the character of a football official it's too bad. It so happens that a whole generation of football lads are entitled to a square deal, and no official is so high and mighty but what his action can be questioned—if he is, then we had better abandon football, and quoting Jerry Mahlin, resort to tiddlerewinks, a game which seldom arouses folks to the extent they want to bash in each other's head.
