George Mahon bust dedicated

By Ray Mayo

George Mahon was described as a man of power, a man of dedication, and as a man whose shoes can never be filled as a bronze bust of the late congress-

man was unveiled Friday at the Mitchell County courthouse.

A host of Texas and United States congressmen and other officials were on hand to pay tribute to Mahon and his widow, Helen, at a noon luncheon at the Civic Center and then at the dedication of the bust.

Mahon, a native of Mitchell County, was a member of the U.S. House of Representatives from November, 1934, when he was elected to the 74th Congress, until his retirement in 1978. Mahon died November 19, 1985.

The bust, made possible through contributions and sponsored by the Mitchell County Historical Commission, was sculptured by Juan Dell of Santa Fe, N.M., who also has been commissioned for busts of congressmen Omar Burleson and W. R. Foage. Burleson was in attendance Friday at the Mahon bust dedication.

J. J. (Jake) Pickle, congressman from the 30th Congressional District, was main speaker at the luncheon which drew almost three hundred persons.

Pickle is chairman of the Congressional Oversight Subcommittee and is the ranking Democrat on the Ways and

Means Committee.

Pickle, first elected to Congress in 1963, said that when he thinks of a definition for statesman, he thinks of George Mahon.

Pickle described Mahon as a rare type of Washington politician, one who "shunned the bright lights."

"George Mahon was a great man, a gentle man and at one time one of the most powerful leaders of our nation," said Pickle.

Pickle told a number of amusing stories and anecdotes about Mahon, telling the audience that whenever Mahon was alone in an elevator, he would do exercises or jog in place while the elevator made its way to its destination.

He said it was also common for Mahon to sing in the car when he was driving alone.

"Can't you imagine what those people in Washington thought when they saw this Texan wearing a cowboy hat and driving down the street and singing at the top of his voice?" asked Pickle.

However, "George Mahon knew how to play hardball when he needed to," said Pickle.

Pickle explained that Mahon was one of only six congressmen who knew the secret of the Manhattan Project which developed the atom bomb. It was Mahon and his five colleagues who told President Truman about the existence of the bomb.

"To me that is a revealing story of the depth and the patriotism of George Mahon,"

A BUST OF THE late Congressman George Mahon was unveiled Friday at the Mitchell county courthouse by the congressman's daughter, Daphne Mahon Holt, left, and his widow, Helen, at right. The plaque reads: "Reared in Mitchell County, First United States Congressman Elected to 19th District (Elected to 22 Terms, 1934-1978). Chairman, Appropriations Committee (1964-1978). Mitchell County Attorney (1926-1927). 32nd Judicial District Attorney (1927-1934). A Statesman."

said Pickle.

A number of other dignitaries made remarks at the luncheon including U.S. Congressman Charles Stenholm of the 17th District, Stenholm, now in his fourth term, has gained national prominence and respect for his knowledge of agriculture and his endeavors to encourage fiscal responsibility.

Stenholm reminded the audience that "Helen (Mrs. Mahon),

we're here today for you, too. We're here today to say thank you and certainly never forget."

State Senator Ray Farabee of the 30th Senatorial District, has been chairman of the State Affairs Committee since 1981. He also is a member of the Senate's Finance Committee, Criminal Justice Committee and Administrative Commission.

Farabee noted that "no one can fill the shoes of George

Mahon."

Farabee said that through the example set by Mahon, "all of us in public office...will all do a better job. He (Mahon) set an example of leadership and integrity."

State Representative Dick Burnett of the 68th District told the luncheon audience that "we are here to honor the memory of

Retiring appraisal members honored

Curtis Latimer and Jay Craddock, retiring members of the board of directors of the Mitchell County Appraisal District, were honored Thursday night during the board's regular meeting.

Ronald Bruce, who later was elected chairman of the board, presented plaques of appreciation to Craddock and Latimer for their years of service on the board. They were two of the original members of the board, said Bruce.

Frank Brownfield and Kathy Bassham are the new members of the board. They join Bruce, Dickie White, William Conaway, Ronnie Feaster and Elmer Martin who all took the oath of office. Mrs. Bassham was not present.

Other officers elected include Conaway, vice president, and

White, secretary.

The board approved a resolution concerning changes in the Texas County and District Retirement program in which appraisal district employees participate. The changes included 10 years vested interest instead of 12, explained chief appraiser C. C. (Mike) Burt.

In other business, the board:

-ratified contracts signed by the previous board;

-reviewed bids for the bank depository and named City National Bank the depository after reviewing its bid and the bid of First National Bank;

-discussed, but took no action, on liability insurance for the board, and;

-agreed to re-appoint Fleta Lewis and Delmar McDaniel to the appraisal review board subject to their approval.

RONALD BRUCE, right, presents Mitchell County Appraisal District retiring board members Jay Craddock, left, and Curtis Latimer, plaques of appreciation for their service to the district. Craddock and Latimer were two of the original members of the board. Latimer was serving as chairman and Craddock as secretary.

County candidates file for May primary

Preston announces candidacy

Mitchell County Precinct Four Commissioner Billy H. Preston has announced for re-election.

Preston, seeking his third term to the office, states that he is running again because of the "desire and obligation to serve the people of Mitchell County."

Preston is a lifelong resident of Mitchell County and Precinct Four. He was born May 23, 1940 in Johnson Hospital in Loraine and has lived in Loraine since.

Preston says that he has "seven years of service to the people of Mitchell County" and has enjoyed "having been a part of

Billy H. Preston
the team that has kept Mitchell County financially sound."

Shackelford will seek re-election

Mitchell County Precinct Two Commissioner Johnny Shackelford has announced for re-election to the post.

Shackelford will be seeking his fourth term to the county commissioner's court.

"I would like to continue to serve the people of Precincts Two and Seven in Mitchell County in the conservative manner in which I have done in the past," he said.

"I have enjoyed being a part of the Mitchell County Commissioner's Court during which time we've been able to main-

 this great servant."
 Burnett said that the bust, "which will always face east, should serve as a reminder to our youth that there is a nation out there awaiting their help, awaiting their service, needing their talents and sometimes even their blood and lives."
 "In a humble way, we are bringing George Mahon back to our courthouse square," said Burnett, adding that the bust will help serve as a reminder for "our youth to serve our nation."
 Dr. Don Newbury, president of Howard Payne College in Brownwood and former president of Western Texas College in Snyder, characterized Mahon as "what a giant, what a shadow, what a voice."
 Newbury said Mahon was dedicated to both church and to education and that he "never forgot the people he loved."
 "How much more we are because we knew him," said Newbury.
 County Judge Bill Carter welcomed those present at the luncheon, noting that the citizens of Mitchell County "cared enough back in 1984 to send the very best when they sent George Mahon to the U.S. Congress."
 "Our only regret is that George is not able to be here with us," said Carter.
 Eldon Mahon, federal judge of the Northern District of Texas, and a nephew to Mahon, accepted the bust on behalf of the Mahon family.
 "This is a great day for the Mahon family," said Mahon as he addressed a large gathering on the courthouse lawn. "The Mahon family is indebted to the people of Mitchell County for making this occasion possible."
 Mahon said George Mahon was one of eight children of the J. K. Mahon family which moved to Loraine in 1908 from Louisiana.
 Mahon told how ancestors moved to Loraine from Louisi-

Tests measure skills

Part in a Series
TEST. It's a loaded word. Important...something to care about...something that can mean so much we get apprehensive thinking about it.

Tests are important, especially to schoolchildren. A test may measure a basic skill. It can affect a year's grade. Or, if it measures the ability to learn, it can affect a child's placement in school. So it's important to do well on tests.

Besides, the ability to do well on tests can help throughout life in such things as getting a driver's license, trying out for sports, or getting a job. Without this ability, a person can be severely handicapped.

Your child can develop this ability. And you can help the child do it.

It's helpful for a child to understand why schools give tests. And to know the different kinds of tests.

HELPING YOUR CHILD

Tests are a yardstick. Schools use them to measure, and then improve, education. Some tell schools that they need to strengthen courses or change teaching techniques. Other tests compare students by schools, school districts, or cities. All tests determine how well your child is doing. And that's very important.

Most of the tests your child will take are "teacher-made." That is, teachers design them. These tests are associated with the grades on report cards. They help measure a student's progress—telling the teacher and the student whether he or she is keeping up with the class, needs extra help, or, perhaps, is far

ahead of other students.

Now and then your child will take "standardized" tests. These use the same standards to measure student performance across the country. Everyone takes the same test according to the same rules. This makes it possible to measure each student's performance against that of others. The group with whom a student's performance is compared is a "norm group" and consists of many students of the same age or grade who took the same test.

It could be useful for you to know the school's policies and practices on giving standardized tests and the use of test scores. Ask your child's teacher or guidance counselor about the kinds of tests your child will take during the year—and the schedule for testing.

One other thing: some schools give students practice in taking tests. This helps to make sure that they are familiar with directions and test format. Find out whether your child's school gives "test-taking practice" on a regular basis or will provide such practice if your child needs it.

THE FIRST BABY of the year born at Root Memorial Hospital was Christopher Lee Whitley, son of Mr. and Mrs. Howard Whitley of Colorado City. The new arrival was born January 6 at 8:45 p.m. and weighed 6 pounds, 9 ounces. He will be welcomed home by a sister, Laura Ruth, 2.

NOW SEE THIS!

Presby—What?

If your eye doctor tells you that you are presbyopic — don't panic. He is simply telling you about a very common vision condition.

The word "presbyopia" is Greek in origin and means "old man's eyes." Presbyopia usually comes to all of us if we live long enough. It's part of the aging process.

Presbyopia is a condition that exists when vision at reading distances becomes difficult and blurry due to a gradual decrease in the focusing ability of the lens of the eye. Presbyopia usually occurs between 40 and 45 years of age and often appears to come on suddenly. It is characterized by a need to hold reading matter farther away ("if my arm was only longer"), better close vision with brighter light, and symptoms of eye strain and headaches.

Presbyopia is a normal aging process and, as of today, cannot be prevented. However, properly prescribed reading glasses or bifocal glasses or contact lenses will correct for the progressive loss in near-focusing power and make reading at normal distances clear, sharp and comfortable.

If you are having difficulty reading printed matter, don't put off an eye examination. It's a simple procedure and can make reading and close vision work a pleasure again instead of a strain I should know. I'm presbyopic, too!

HEALTH Through Chiropractic

WITH
 Dr. Rick Schaffer

DON'T OVEREXERCISE

One of the secrets of exercise is to maintain moderation. Too much can be detrimental to the body's bone and nerve structure. For example, each vertebrae of the spinal column is held in place by a pair of muscles, one on each side. Exercise in sudden spurts, when the body is unaccustomed, can strain the muscles and pull the vertebrae out of place, causing serious nerve pressure. The vertebrae must then be returned to normal position through chiropractic adjustment.

Before starting any strenuous exercise program, visit your Chiropractor for thorough examination.

Telephone directory artwork on display

The artwork selected for the Sesquicentennial cover of Southwestern Bell Telephone directories in Texas will be on display until February 1986 in the rotunda of the state capitol in Austin. Arlington artist Bill Hall's work, "Texas Retrospect-1836-1986," was selected as the cover art from more than 500 paintings entered in Southwestern Bell Telephone's Sesquicentennial Directory Cover Contest. The art is an oil wash montage which captures the spirit of 150 years of rich Texas history.

The painting, which will appear on the covers of nine million Southwestern Bell Telephone directories to be distributed throughout Texas in 1986, features illustrations of people, places and events that helped shape the 150-year history of Texas, including:

Sam Houston, hero of the Battle of San Jacinto and second president of the Texas Republic; Lyndon B. Johnson, 36th U.S. President; the Alamo, "The Shrine of Texas Liberty"; Lone Star, the Texas state flag; Kick-

ing Bird, the Kiowa Indian who attempted to bring peace between the white man and the Indian; Henry O. Flipper, a Texas resident who was the first black to graduate from West Point; and Spindletop, the gusher near Beaumont that shot up in January 1901 marking the beginning of the modern petroleum industry.

Cook's Corner

Freeman has been cooking a while

"I have been cooking practically all my life," says Joe Freeman. "My mother was a florist and my father was a contractor so I really cooked out of necessity. My mother taught my two brothers and myself how to cook and we did alot of the cooking because of my parents jobs."

"I cook for my four year old daughter, Jacoy, while my wife Jamerce attends various church functions such as salad suppers for the women. When she returns home I have had cooked our meal and the kitchen is always cleaned up. I like to cook

sometimes, but I don't enjoy the clean up but I do it anyway.

"We have lived in Colorado City for about three and a half years coming here from Matador, Texas."

"When I was still living at home I was supposed to cook the steaks out on the barbecue grill for our meal. When I put the steaks out on the grill, I forgot to close the lid and guess what happened to the steaks? They were burned to a crisp and my family actually let me barbecue again after that!"

He is sharing some of his recipes with RECORD readers today that he often prepares.

FORK CHOPS & RICE
4-1/2 inch thick pork chops
1 tomato, sliced
1 onion, sliced
1 bell pepper
1 can consommé soup
Rice, regular long grain, amount desired
Thyme
Salt and pepper
Marjoram
Brown pork chops. In large stew pan, cover with rice (raw). Place chops on rice and salt and pepper each layer of tomato, onion and bell pepper. Then sprinkle with marjoram and thyme on top of each "pile." Then pour any drippings from skillet on to all of the onions, etc. Then pour one can of beef consommé soup over the entire mixture and cover with a lid. Place in a 350 degree oven for one hour. Serve with a tossed salad and green beans.

BETTER THAN NOTHING STEW
1 pound hamburger meat
2 medium potatoes
Small onion and small carrot
Salt and pepper
1 can of Veg-All
2 small cans of tomato sauce
Worcestershire sauce
Catsup
Season salt
"Clean out the refrigerator"

Any type of spice you like
Brown hamburger in large stew pan or pressure cooker. Drain off grease. Clean and dice potatoes, onions and carrots. Throw into pot. Add Veg-All, juice and all, tomato sauce (be sure to rinse out cans and add to pot). Add a dash or two of Worcestershire sauce, some catsup, a dash of salt and pepper (use as you like.) A dash of season salt and then any other spice that you might like. (I like to use barbecue powder, garlic salt, red pepper and cayenne pepper). Then go to the fridge and find any type of leftover vegetables. Add to pot and cook vegetables. Cover with enough water to have about 1/2 inch over the top of the vegetables. Add to pot and cook until the potatoes are done. This stew is best when it is a day or two old.

Bearcats beat Lady Wolves

By Tony Franco
 Sports Editor

The Colorado City Lady Wolves—the real ones—made a brief appearance for a district TAAA contest against Ballinger here at "The Pit" Tuesday night but not a sustained one as the Bearcats won 58-48.

Now 4-12 and 0-2, the Lady Wolves clearly come through with one of their better outings—just the third time for them to enjoy a home court advantage and only the second time to play in "The Pit."

"I thought we played well," said coach Will Gollihar. "At critical times we'd get a turnover or not block out and they'd get a cheap basket or the refs would call a foul."

"We were called for 21 fouls and Ballinger nine."

"We played aggressive and got steals, but got in a hurry and turned it right back. The ball just wouldn't go in the basket for us."

Comparing the game to the rest of the season, Gollihar said,

"our best of the season was against Snyder (third game of season, here November 25). It was still in doubt down to the wire. That or our double overtime victory against Jim Ned."

Twenty-one of 77 shooting from the floor, (27 percent), dampened the contest in which the Wolves improved in most areas—especially in defense where a press resulted in six steals for Sherry Fite and four for Jody Huff, Denise Jackson and Diane Gregory.

For the first quarter of play, it appeared the few Wolf fans in attendance would again suffer through another turnover ridden blowout like the 52 point drubbing at the hands of Crane two Fridays ago.

The Wolves turned the ball over eight times in the first quarter. Jackson, who had a team high 18 points, scored six of Colorado City's eight first period points. The other goal—by Kellie Beights—cut Ballinger's lead to 13-8 with 55 seconds left. The Bearcats put four more on the board for a final 17-9 first

quarter score, but the worst was behind the Wolves.

Colorado City outscored Ballinger by three in the second period while the Bearcats took the third period by one point and the final period by six.

Outscored 14-11 in the second period, Ballinger still held a 20-22 halftime lead, but temporarily lost the lead during the second period.

Gregory's rebound and shot began a 12-2 Colorado City run early in the period. Beights followed with a shot, then Gregory put in two free throws before Jackson put in six straight points to give the Wolves a 20-19 lead with 4:36 remaining in the half. For the rest of the period though, the Wolves only got a Jackson goal as the Bearcats beat the Wolves on a fast break to regain the lead for halftime.

After only four turnovers the second period, the Wolves had 10 in the third but Fite's six points and team defense by blocks and steals kept the Wolves within seven at 41-34 after three periods.

Poor fourth quarter Wolves rebounding gave Ballinger second and third shots and the Bearcats went to the free throw line six times to none for Colorado City.

Scoring were Jackson 18, Fite and Beights 8, Jennifer Monroe 6, Gregory 4 and Misty Strain 2. Rebounders were Fite 17, Jackson 14 and Huff 10. Blockers were Fite 7, Jackson 6 and Huff 4.

In other news, Coahoma has the inside tracks after beating pre-season favorites Crane and Sonora for a 2-0 record. Crane, Sonora, Ballinger and Ozona are at 1-1.

Letter to the Editor

to the editor:
The Helping Hand would like to take this opportunity to thank the people of Mitchell County for their show of love and caring for those in need during the Christmas season.

Approximately 71 families were helped with food baskets and approximately 190 children were provided with Christmas gifts.

We want to thank each person who "adopted" a family and each person who donated money that The Helping Hand could

provide food baskets. We also want to thank all organizations and churches that supported this project by taking families. We especially want to thank the Opti-Ms. Club for its help in providing toys for most of these families and the Community Action for the use of their building and their van to deliver the food baskets. We also want to especially thank the girls at the light office and Mary Petty for their "knowledge."

We will attempt to list those who received blessings, how-

ever, if your name is omitted, please be assured that your help was greatly appreciated and the information just didn't get back to us. Also, all of those who donated anonymously, we appreciate you, also.

Obituaries

Wyatt

Graveside services for Denise "Dee" Wyatt, 72, were at 2 p.m. Thursday at Colorado City Cemetery with the Rev. Fred Smith officiating, directed by Kiker-Seale Funeral Home.

Wyatt died Wednesday morning at his residence.

A Mitchell County native, he was a retired oil field construction employee. He was a veteran of World War II.

Survivors include a sister, Ruby Bryant of Colorado City and two brothers, Raymond Wyatt of Ontario, California and Lloyd Wyatt of Mont Clair, California.

Lowrance

Services for Melinda Lynne Lowrance, 24, were at 10:30 a.m. Friday at Calvary Baptist Church.

Burial was at Goree Cemetery with the Rev. Glenn Roenfeldt, officiating, directed by Kiker-Seale Funeral Home.

Ms. Lowrance died Tuesday morning at Houston's M.D. Anderson Hospital.

A San Francisco native, she was a resident of Colorado City for 10 years. She was a 1979 graduate of Colorado High School. She was a member of the Highland Baptist Church in Lub-

bock.

Survivors include her father, John Lowrance of Colorado City; her mother, Margaret Bartlett of Uvalde; a sister, Denise Lowrance of Colorado City and a brother, Galen Lowrance of Co-

lorado City; paternal grandmother, Lana Mae Lowrance of Goree; maternal grandmother, Ellen Clowdis of Littlefield; paternal great-grandmother, Mrs. W. R. Couch of Goree. Pallbearers were Donny Low-

rance, Johnny Lowrance, Ronny Lowrance, John Byers, Britt Barnes and Steve Barnes. Memorials may be made to Human Resources Development Foundation, Box 25213, Houston, Texas, 77265.

MITCHELL COUNTY librarian, Nancy Mayo left, accepts a complimentary set of Dale Carnegie's classic books from Ron Lowe, area supervisor who will be instructing a Dale Carnegie course beginning soon in Colorado City. The set of books includes "How to Win Friends and Influence People."

Men lose weight faster

By Debbie Christian
County Extension Agent

It's especially frustrating to go on a diet with your spouse only to discover that he or she is losing weight quickly while you are not.

Before the battle of the bulge turns into the battle of the sexes in your household, consider these facts about male and female weight loss:

-Men can often lose weight faster because they have a larger proportion of muscle tissue which burns more calories than fat tissue.

-Men tend to put on weight around the abdomen. Added weight in this area can influence the metabolism. So it's a type of weight that's easier to lose, but associated with higher medical risk.

-Women tend to gain weight primarily in the lower body, where it exerts little influence on the metabolism. This weight is harder to get off, but medically less risky.

-Women tend to eat a wider variety of foods, while men prefer to eat the same things over and over. Many men also gravitate toward heavier foods and bulk.

-Women tend to look inward for the solution to problems such as emotional eating, but men tend to place the blame on outside factors like stress, time schedule, or work.

-Men seem to have more confidence that they can effect change to achieve weight loss. And women are more likely to have tried more diets, lost weight, and then have gained it back.

-Women tend to count calories and be conscientious about meal planning while men use exercise as a means to maintain their weight more frequently than women.

Losing weight can be a cooperative rather than a competitive venture in any household. Men can learn about meal planning and balancing diets, while women can learn to incorporate exercise into their lives and have more confidence that they can actually lose weight.
